

Wonder Doctor

Chapter 361

At the end of the sentence, Lin Ran and Luo Cheng had already walked in from outside.

At this time, it was already dawn outside, although there was no sunlight but still let the people present have some peace of mind, but at this time Lin Ran's words were originally a few relaxed atmosphere, suddenly became heavy again.

"Kid! What nonsense are you talking about!"

Seeing Lin Ran, Daoist Master Luo's face couldn't help but turn gloomy, it was because of this brat that he had ended up in this situation.

Even from the moment he ran into Lin at Jiang's house last night, he had been as unlucky as if he had been uncomfortable.

"Nonsense? That statement of mine is nonsense?"

Lin Ran stopped opposite Daoist Master Luo before looking at him with an icy gaze, which not only caused goosebumps to rise on his body.

However, Daoist Master Luo at least had many years of experience and had seen many big scenes, so after slightly adjusting his emotions, he immediately asked in a deep voice.

"You say the acupuncture points I chose are faulty and have harmed people, do you have any proof? What are you doing if you're not talking nonsense!"

"Evidence? The evidence is all here!"

Lin Ran swept his gaze over the people present before landing on Luo Cheng.

"When did you hurt your arm!"

"When the construction was underway!"

Luo Cheng replied with a difference.

"Did you hear that? During the construction!"

Lin Ran looked at Daoist Luo and spoke.

"Isn't it normal to have it on your hands during construction, what does it have to do with Laozi's choice of acupuncture point!"

Daoist Master Luo coldly rebuked.

"A bad ancestral grave will affect the fortune of future generations from a certain extent, this statement is fine with Daoist Master Luo, right!"

Lin Ran looked at him and continued.

"Dare I ask Luo Cheng, you may have been wounded before!"

“It doesn’t really seem like it!”

Luo Cheng said after a moment of contemplation.

“Haha! Jokes, if you blame the old man for choosing a bad acupuncture point just because you were injured once, then why don’t everyone in the Luo family just stop going out!”

Daoist Master Luo sneered disdainfully.

Luo Ming and the rest of the group couldn’t help but frown, what Daoist Master Luo said wasn’t unreasonable.

“You also said that feng shui points will affect the fortune of future generations to a certain extent, that is to a certain extent, can we say that the points were badly chosen just because something happened once? Is it possible that a well-chosen one will never get sick or injured in his life?”

Daoist Master Luo continued to pursue the question, his anger suddenly rising.

However, Lin Ran looked at him without any change in expression and spoke blandly.

“That’s very reasonable, but so what! Isn’t what happened to Luo Qiqi this time enough to say everything!”

With that said Lin Ran directly turned around and rushed over to the wall at one side.

The entire living room was wrapped up by the Luo family and seemed to have been used as a command post for grave removal before, and on the wall was hanging a topographical map of the area around Wan Ren Mountain.

Lin Ran stepped forward and ripped the topographical map off with one hand, before walking back again.

“First Luo Cheng was injured, yet successive rains and landslides eventually led to Luo Qiqi being in danger and almost dying here, all this had been foreshadowed long ago, and you? Did you realise?”

Saying this, Lin Ran unfolded the topographical map as soon as he could and placed it directly on the ground in front of Daoist Luo.

“Come! You explain to me why the Luo family’s ancestral tomb was chosen here!”

Lin Ran pointed to the location of the ancestral tomb on this topographical map and asked drily.

“You!”

Daoist Luo was so angry that his face turned blue, but at this moment, Luo Cheng and the others were all looking at him, and even Luo Ming, who was in the right seat, was looking over, so although he was furious in his heart, he had to explain.

“The location where the ancestral tomb is located, with space behind it against the front, is exactly in line with the conventional tenet of selecting a cave, and! The peaks on both sides are of the same height, like the two armrests of a seat, so it is said that if you sit in the middle, you will receive wealth and blessings!”

“What’s wrong with my choice of points? Or are you deliberately sowing discord because you are targeting the old man?”

Daoist Master Luo said, looking at Lin Ran with anger in his eyes.

“How nice to sit on the middle and righteous end and receive wealth and blessings all over the sky, have you been to the hill of your ancestral tomb yourself? Do you know what the actual situation is like there?”

Lin Jean asked drily.

“Nonsense, as the person who points out the entire relocation of the graves, how can I not go to the gravesite!”

Daoist Master Luo retorted in a cold voice.

“Then you’re really blind!”

Lin Ran disliked him directly, and then looked at Luo Ming and said.

“Master of the Luo family, do you know the location of your family’s ancestral tomb and what mountain is leaning behind it?”

“No. .... I don’t know, that mountain isn’t high, and it’s not an attraction, it doesn’t seem to have a name!”

Luo Ming said with a frown.

Lin Ran nodded at his words and followed.

“Good, then I’ll tell you what mountain you’re relying on!”

Said Lin Ran as he pointed his finger at the topographical map, and at once everyone’s eyes looked over, following which they all froze, because the mountain Lin Ran had pointed at was not at all the one that Daoist Master Luo had mentioned, but the Pill Pestle Mountain, which was some distance away!

“The ancestral tomb is backed by the Pillar and Mortar Mountain, and now that the Pillar and Mortar Mountain has revealed its true face, it is a sword mountain with a long sword hanging high like a sharp blade cutting off your head, can your family still be good!”

Lin Ran said, word by word, these words immediately shocked Luo Ming’s heart, even Luo Cheng at the side could not help but hear a chill in his heart, although they did not know feng shui, but this sentence long sword hanging high they heard it really.

Not to mention them, I am afraid that if anyone else heard that a sword was hanging above their ancestral tomb, they would die of anger.

“This is ridiculous!”

Daoist Master Luo couldn’t help but speak up and chide.

“The acupuncture point that I ordered is on this mountain, not on the Pillar and Mortar Mountain, so can you make up a better reason for picking a fight?”

“Yes, the Pillar and Mortar Mountain is far away from here, how can it be the Pillar and Mortar Mountain!”

“I think what Daoist Luo said makes sense!”

Next to them, some of the security guards who were watching couldn't help but express their opinions as well.

This caused Luo Cheng and Luo Ming to be a little confused, they also knew that Pill Pestle Mountain was indeed very far away from here, Lin Ran obviously knew this, but why did they still say that it was Pill Pestle Mountain that they were relying on.

“Little friend Lin Ran, this ....”

Luo Ming couldn't help but speak up.

Lin Ran sniffed and waved his hand, then but gave a colour to Wang Yifeng, the latter understood immediately got up and ran to the TV, actually turned the TV on.

“This ....”

Wang Yifeng's action immediately made the crowd a little confused, but Lin Ran was not anxious at all, just quietly waiting.

Time passed by minute by minute, and when the signal appeared on the TV, everyone's attention was drawn to it.

“According to the latest news from our station, in the early hours of last night, the police received a report that someone was trapped on Wan Ren Mountain, and the police sent several helicopters and nearly 100 searchers to Wan Ren Mountain overnight to search and rescue the person.”

“Unfortunately in the end they were unsuccessful in finding the trapped person, but rescued a dozen enthusiastic citizens, who are understood to have gone up the mountain to search for the trapped person!”

“When they were found, they were all near the Medicine Pestle Mountain and all the positioning systems and mobile phone walkie-talkies etc. on their bodies had been damaged, to which some experts said that the heavy rain last night caused the Medicine Pestle Mountain to partially collapse and that there might be a magnetic field problem, which is why the modern instruments were damaged!”

“He... How did they get to Mount Pillar and Mortar!”

Seeing the so-called enthusiastic citizens appearing on the TV screen, all those present froze at once.

They all knew these people, these so-called enthusiastic citizens were the very people the Luo family had sent out to look for Luo Qiqi.

Chapter 362

“Pillar Hill is at least a few dozen kilometres away from here, and it's still very late at night and raining, how could they have used less than eight hours to reach Pillar Hill!”

“It didn’t take eight hours, look at their state, do they look like people who have walked for eight hours overnight?”

The two bodyguards next to him said in surprise.

But their words were not without merit, everyone noticed that those people sent by the Luo family were all alive and well, although some of them had some fatigue on their faces, none of them looked to have any problems with their physical strength, this was definitely not the physical strength of someone who had done an eight-hour night walk, even if Lin Ran had used his true qi, he was afraid that it would be no more than that.

“What the hell is going on here!”

Luo Cheng and Luo Ming both looked at Lin Ran and Luo Daoist had the two of them, they were completely dumbfounded, they had no idea why this had happened.

“Fatty, you say!”

Lin Ran glanced at Wang Yifeng and spoke.

“Good!”

Wang Yifeng was not polite, and immediately turned off the television before speaking.

“There is one thing that Ranzi and I have never said, firstly because we didn’t have the chance, and secondly because it was too difficult to understand, so we have waited until now, and you have all seen the news just now, so it is more appropriate to say it now!”

The first of these is the fact that the company’s business is not only a business, but also a business.

“The route you provided would only take an hour to reach the cave, which is half of the whole journey, but we both walked for three hours without seeing the so-called cave, and then when we were ready to return, we accidentally discovered your family’s ancestral tomb!”

Speaking here, Wang Yifeng couldn’t help but glance at Luo Ming and said.

“At that time, I was too tired, so I sat on the ground to rest, and when I got up, I realized that I leaned on the tombstone of your family’s ancestral tomb, but I am not bad-hearted, although I crushed the tombstone of your family’s ancestral tomb, but in the end, I still recovered!”

Said the fatty, glancing at Luo Ming and Luo Cheng, and said.

“Then, you are not allowed to hold a grudge against Master Fatty for this, after all, Master Fatty did it to save your daughters!”

“Oh, who’s holding a grudge against you, keep going!”

Luo Cheng couldn’t help but urge him on as he listened.

“Then... That’s good!”

Wang Yifeng smiled at that, and then continued to speak.

“Later, when we were ready to leave, guess what we saw?”

“Saw what?”

Everyone’s eyes fell on Wang Yifeng, who sneered at Daoist Master Luo who was on the side, and followed.

“We saw the Pill Pestle Mountain, right on the hill behind your ancestral tomb!”

“How is that possible!”

Luo Cheng was instantly confused at his words, and even the other bodyguards who were listening at the side were also confused.

“How can this be possible, the Pill Pestle Mountain is a few dozen kilometres away from here at least, it’s hard to see it during the day, let alone at night and it’s raining!”

“That’s right, are you guys looking at it wrong!”

Some bodyguards expressed their disbelief.

Wang Yifeng was not angry and said with a smile.

“Whether it looked wrong or not I don’t know, but that thing was so huge that it looked like a sharp sword stuck in the hill next to it!”

“You can also not believe it, but you can go and find out what part of the Ten Thousand Ren Rengshan Mountain nowadays is shaped like a sharp sword.

The first time he said that, Wang Yifei’s cigarette was also finished, pinched off the butt of the cigarette and sat back in his chair, no longer talking.

“Little friend Lin Ran, I still don’t understand something!”

Luo Ming looked at Lin Ran, not hearing Wang Yifei say that he was still clear-headed, but after hearing it, he felt that he had become a muddle, not knowing what was going on in this matter.

Lin Ran saw this and said with a smile.

“To put it simply, there is something strange about the Ten Thousand Rengshan Mountains, or rather there is something about it that science cannot explain now!”

Said Lin Ran with a bland smile, before continuing.

“These unexplainable things are not the root of our pursuit this time, the focus of what we are going to say this time is the issue of the Luo family’s ancestral tomb.”

“Right, right!”

Luo Ming nodded his head repeatedly at his words, what problems the Wan Ren Mountain had had nothing to do with him at all in the end, he only wanted to know whether his family’s ancestral tomb should be relocated or not, and why it should be relocated, as long as he knew these two issues he would be satisfied.

“When it comes to this issue, that’s what Wang Yifeng talked about earlier, the problem of the sudden appearance of the Pill Pestle Mountain!”

Saying that, Lin Ran took out a pen and linked the Pill Pestle Mountain with the hill of the ancestral tomb, before looking at Daoist Master Luo who was at the side and said!

“Daoist Master Luo, the Ten Thousand Ren Mountains and the Ancestral Tomb as well as the mountain you mentioned are in a straight line, right!”

“That’s right!”

Daoist Master Luo’s face was ugly, but he still nodded his head.

“Then that’s right, as the saying goes, it is only when there is a backbone that the family is at peace, but what if this backbone cannot be relied upon? If you raise your gaze a little higher, and look through this leaning mountain, don’t you just happen to see the Ten Thousand Refugee Mountain!”

Lin Ran said.

“You! This is simply a strong word! Strong words!”

Daoist Master Luo was so angry that his face turned blue, yet Lin Ran simply ignored him and continued.

“Normally speaking, the mountain you lean on must be the mountain behind you, but if the mountain you are leaning on cannot be leaned on, then it can only be a higher mountain that will hold up the momentum!”

When he said this, Lin Ran pointed to the topographical map, and he was clearly referring to the Pillar and Mortar Mountain behind the ancestral tomb.

“Although it may sound mysterious to you, all the evidence proves one thing: there is something strange about the Ten Thousand Ren Mountains, and the terrain around the Luo family’s ancestral tomb rests on the Pill Pestle Mountain!”

Speaking here, Lin Ran once again looked at Daoist Luo and said.

“All these facts, you can take them out of context and think that I’m really a bunch of nonsense, but the people sent out last night, as well as the recent appearance of the Luo family’s siblings, and what happened to Fatty and I last night, all point to one result!”

“There’s something spooky about the Wan Ren Mountain, and the Luo family’s ancestral grave must be moved!”

At the end of his sentence, Lin Ran turned to look at Luo Ming and sighed.

“Human death is resistant to the cycle of heavenly justice, it is foolish to labor for an ancestral grave, and Daoist Master Luo has not yet learned his art, which has led to this absurdity, I hope the Luo family head can hang back and stop this!”

“I ...”

Luo Ming heard a coldness in his heart, he understood the meaning of Lin Ran's words, but who doesn't want to keep this family business forever, the ancestral tomb is just a kind of trust for them in the end.

"In life, what you respect is your heart, what you keep is your integrity, and what you live by is what you believe in before you can gain a foothold in society!"

"If we only pursue these mysterious and miraculous things, even the biggest families will sooner or later lose their fortunes! We must be respectful in all our endeavours, why bother when the dead are gone?"

After saying this, Lin Ran looked at Daoist Master Luo.

"Daoist Master Luo, I wonder if what I said makes sense!"

"Humph!"

With a cold cross voice, Daoist Master Luo immediately flung his hand and walked out, while this time neither Lin Ran nor Wang Yifeng was stopping.

The matter of moving the graves was clear enough, and if it wasn't for the fact that the Wan Ren Mountain was so bizarre, Lin Ran could even come up with more powerful evidence.

The corpse pit on Wan Ren Mountain and the distortion of the spatial location all pointed to the fact that Wan Ren Mountain was not simple, and he could not tell the people here about this, after all, they were just ordinary people, the more they knew the more they would only add to their troubles.

Chapter 363

That afternoon, Lin Ran returned to the clinic with Wang Yifeng and the three girls.

Although Luo Qiqi's condition was now stable, she still had nightmares and had some superficial injuries, so Lin Ran discussed with Luo Ming and Luo Cheng and temporarily settled Luo Qiqi at the clinic.

Of course, he would only stay at the clinic during the day, but at night he would go home with Song Nuan to live with her. After all, Wang Yifeng was staying at the clinic every day and it was impossible for him to protect Luo Qiqi.

Regarding Luo Qiqi's experience inside the cave that day, Lin Ran didn't ask, and Luo Qiqi didn't say anything, perhaps because he didn't want to be thinking back on that horrible experience.

When it was time to leave, Luo Ming did not say anything, but Luo Cheng did, hoping that Lin Ran could help find a good cave to relocate the ancestral grave.

Lin Ran understood that this was Luo Ming's intention, otherwise Luo Cheng would never have spoken to himself, after all, he had made his last words very clear.

"I will not look for a good cave, and you should also advise your father that the pattern is too small to stick to this path, and if you really want your family to flourish, you should have a sense of reverence, and if you do a good job, you will not be afraid of any risk!"

Lin Ran dropped a sentence and left.

For Lin Ran's approach, Luo Cheng did not say anything and passed on to Luo Ming one by one.

The two people might think that Lin Ran was a bit unkind, but to Lin Ran, this was already the most benevolent thing he could do.

The more one knows about feng shui, the greater the responsibility.

Which of the ancient emperors and generals did not spend their lives building excellent tombs for themselves from the moment they ascended the throne, but what happened in the end?

The world has always been told by time and history that those who get the right way will get more help and those who lose the right way will get less help, whether it's in the battlefield or the commercial battlefield.

.....

The first thing you need to do is to get a good idea of what you are getting into.

After several days of hectic life, it was finally time to calm down and Lin Ran was able to take a rare nap.

However, both he and Wang Yifeng knew that the current calm was only temporary, as the city of Tanjiang was now in an eventful period, with the hidden Langtian in the darkness not leaving, and the fake jadeite matter still existed even though it had been suppressed.

In the next few days, Lin Ran found a time to go to the Antique City with Wang Yifeng, after what happened with Lang Yue last time, he also saw the jade pendant even more.

In Wang Yifeng's words.

"You kid, now that you don't have magic weapons, prepare more of this jade pendant, you can't just go up and fight with your bare hands when you meet someone!"

At Wang Yifei's words, Lin Ran just laughed, it wasn't that he hadn't thought about magic weapons, but this kind of thing couldn't be rushed, you couldn't just deal with choosing one just to get a magic weapon, you were being irresponsible to yourself and to the magic weapon.

As for Wang Yifei's divine dragon axe, Lin Ran had also paid special attention to some skilled craftsmen, but it was a great pity that all of them shook their heads directly when they saw his axe, saying that there was no way to repair it.

Some even said that they had never seen the material used for Wang Yifei's axe.

Helplessly, Lin Ran took the time to contact a laboratory unit to take some of the fragments of the divine Dragon Axe for laboratory testing, and eventually came to the conclusion that this divine Dragon Axe was actually made of meteorite iron.

This made Lin Ran look dumbfounded.

Meteorite iron was something he had only seen in ancient history, and the so-called King Yue Goujian Sword was said to be made of meteorite iron, but to say that this divine Dragon Axe was made of meteorite iron was a bit of a stretch.

After all, the sword of King Goujian had been as good as new for thousands of years, while the divine dragon axe had been corroded by the body fluids of the eight-eyed ghost spider, so the difference was a bit too big.

But no matter what, we know the material of this thing for the time being, so it's not too late to repair it when we have the chance to find a way to repair it in the future.

But for the time being, there is no way to play with it, if it is damaged once, I am afraid that the divine dragon axe will have to completely fall apart.

.....

The time passed day by day, and five days later, the New Year was getting closer and closer, and the streets of the entire city of Temperance were filled with the atmosphere of the New Year, with a joyful atmosphere.

Song Nuan's school will hold a holiday ceremony the day after tomorrow, but she was busy these two days and didn't show up, she was said to be rehearsing for the dance for the holiday ceremony.

On this day, Lin Ran sat alone on the first floor of the clinic, looking out of the window at the snowflakes, quietly staring at herself.

Wang Yifeng was upset and had arranged for some master blacksmiths to run out again to toss his divine dragon axe.

"Knock, knock, knock!"

Suddenly, there was a knock at the door of the room on the first floor, followed by a crisp voice coming in.

"Here's a delivery for you, did you buy anything?"

Opening the door, Qin Bing walked in and asked suspiciously.

"No."

Lin Ran shook his head to indicate that he hadn't bought anything, in fact, he hadn't bought anything online at all either, so this courier came somewhat inexplicably.

"Since it didn't, then it's probably a fraudulent courier, let's ignore it for now, let me tell you something!"

Qin Bing casually threw the courier on the coffee table to the side, and then looked at Lin Ran and said.

"What is it, you tell me!"

Lin Ran was a little curious, this ninny Qin Bing usually looked like an iceberg beauty, but in reality, she was very hot inside, but after coming here to help herself for so long, this was the first time she had taken the initiative to talk to herself about something.

"I'm going home tomorrow!"

Qin Bing hesitated for a moment before finally speaking.

“Then go back.”

Lin Ran asked in surprise, it wasn't normal to go home, her family lived nearby.

“I mean back to my parents' place!”

Qin Bing explained.

“The capital?”

Lin Ran asked with a sniff.

“Mmm!”

Qin Bing nodded at his words.

“Fine, it just so happens that it's also New Year's Eve, so let's go back early and consider it a New Year's holiday, Li Zheng and the others are all from Tanjiang City, so they can cover a few days!”

Lin Ran laughed.

In fact, he didn't have any strict rules about when the holiday had to be taken at all, but as a partner of the Temperance Hospital, it was a bit unreasonable to take the holiday too early.

“There's still something going on?”

Seeing that Qin Bing was late in leaving and her expression was a little unnatural, Lin Ran asked with a difference.

Suddenly, Lin Ran seemed to think of something and tapped his head in embarrassment.

“Hey, look at this brain of mine, I can't believe I forgot about this, wait a moment!”

Lin Ran laughed, followed by running to fetch a red envelope and handed it to Qin Bing.

“Happy New Year, here's the year-end bonus!”

“You!”

Qin Bing received the red envelope with some tears and laughter, but accepted it anyway.

“What? Something on your mind?”

Seeing that Qin Bing was distracted, Lin Ran couldn't help but ask.

Qin Bing pondered for a moment before finally gritting her teeth and saying.

“It's not a big deal, I just want to talk to you, you've been too tired lately, so if you can put off some things, just put them off!”

“Also, if there are any strange people looking for you, you'd better not go, and if someone gives you a hard time, you can just choose to call the police or something ....”

## Chapter 364

“Strange people looking for me?”

Lin Ran listened with a confused face, what strange people would look for him? Did he have a strange face? Do you have a strange face?

“No, don’t think about it, I’m just reminding you!”

Qin Bing hurriedly explained, but this explanation was the darker it got.

“What the hell is going on? Are you hiding something from me?”

Lin Ran asked with a frown, Qin Bing’s behaviour was so unusual that it could not help but give him a hint of suspicion.

“No, there’s really nothing! That I have to go pack my things, so I’ll leave first!”

Qin Bing turned and ran down the stairs straight after saying that, not giving Lin Ran the slightest chance to pursue the matter.

“Strange people looking for me? What kind of person is it exactly?”

After carefully recalling Qin Bing’s words just now, Lin Ran couldn’t help but feel a sudden surge in his heart, could it be that Qin Bing had recently encountered some kind of trouble? Or was it that she was in love?

“Impossible, this nee-san clearly likes me, how could she possibly be in love with someone else!”

Lin Ran said shamelessly, but it was also true, he was indeed a little unsure of what had happened to this nee-san for a while.

“Forget it, let’s see who sent the delivery first!”

He said, “If you can’t understand it, Lin Ran didn’t bother to think about it, so he opened the courier at once.

The courier was not very big, only the size of a deflated file bag, but on the cover of the courier was written the word expedited.

“How come this courier doesn’t have a delivery address!”

Lin Ran frowned, the current courier industry was developing rapidly, and the management was also very strict, generally speaking there would not be this kind of courier without a shipping address.

He did not open it immediately, but took out the phone and called the customer service hotline according to it.

A few moments later, the call was answered and Lin Ran asked his question directly, but the other party’s answer left him stunned.

“Sir, this package had a shipping address before, but we basically don’t record it on the computer now, only on the face sheet, I asked the recipient to fill it in at that time, can you take a closer look?”

Faced with the customer service answer, Lin Ran could not help but frown slightly, said thank you and then hung up the phone.

After the phone call was disconnected, Lin Ran found a card and hung it up in the shipping address field, and a few moments later, as he expected, a layer of white stuff came out of the card.

“Really careful, using this trick to send a courier, it seems to be sent from one of the lairs!”

Looking at the white stuff on the card, Lin Ran already had a vague guess of who it was in his mind.

In the Feng Shui way, there was a substance that could do this, and that was a pigment made from cow tears mixed with ink in combination with some special materials.

This kind of pigment spit on the paper can last for half an hour without fading, but after half an hour, it will gradually lose its colour as the water evaporates, and only a layer of white wax will remain in the end.

The only person who would send a courier to him in Tanjiang City and didn't want to reveal the shipping address was, I'm afraid, Long Tian.

“Is it finally coming?”

Lin Ran smiled lightly, followed by tearing off the cover of the courier with one hand, followed by taking out the contents inside.

The mail was empty inside, with only a very small card with a picture on it, and Lin Ran only took a glance at it before he recognised it as the jade flute that Wang Yi had lost.

He had seen the imprint left by the jade flute before, and when he actually saw it for the first time at this point, not only did his heart tremble, he also understood why Long Tian would rather die with them than return this jade flute.

The jade flute was white in colour and only about ten centimetres long, but it was carved with a very long number of hollows, all of which had been artistically processed and looked very exquisite.

On top of each of the hollows, there was a red gemstone of some kind, and the overall appearance was breathtakingly beautiful.

Even Lin Ran did not doubt that if Wang Yifeng took such a jade flute to chase a girl, I was afraid that even a big star could be picked up, because this jade flute was simply too beautiful and exquisite.

Turning over the photo, Lin Ran saw a line on the back, “Tell Wang Yifeng that I will be waiting for him at Guan Yang Bridge tomorrow night at ten o'clock, if you come late, you won't want the jade flute!”

“What a thief's heart!”

Seeing this line, Lin Ran couldn't help but shake his head and laugh.

If it was before, he and Wang Yifeng would have had a headache for a while, after all, this Long Tian was so strong that the two of them might not even be able to capture each other.

But now they had Lang Yue at their disposal, and although they didn't know their exact relationship yet, they were also from the Compulsion Pavilion, and both started with the word Lang, so if they were lucky, they might be able to use it to negotiate with Lang Tian.

Putting his things away, Lin Ran gathered his thoughts and followed them downstairs, the time was tomorrow night, so he was in no hurry.

Besides, Qin Bing was going back tomorrow, so a proper send-off was what he should do now.

After work in the afternoon, Lin Ran personally sent Qin Bing back to his nearby residence and repeatedly told him to be careful on the way home before returning to the clinic.

Li Zheng and the others had all gone home from work, while Song Nuan and Luo Qiqi were at the former's home and did not come over.

For a while the whole clinic seemed a bit cold.

"When the matter at hand is taken care of, I should go home too!"

Lin Ran couldn't help but say to himself in his heart, the busy city still couldn't stop the longing for home, even if his grandmother was the only one left at home.

"Laozi Qingniu, what exactly is that feng shui man and his intentions?"

Thinking of home, Lin Ran inevitably thought of his parents, but the current clues in hand.

Qinghewan he still has to go, just no eyebrows at the moment, do not know which feng shui master back then in the end what is the intention, go and can not find each other, so he is not in a hurry.

"Hey, it's better to turn back and think about Qinghe Bay, the most urgent thing is to solve the trouble that is Long Tian!"

Lin Ran thought in his mind and immediately prepared to close the door and go home, he was going to meet Lang Tian tomorrow night, he still wanted to enjoy the peaceful life he had at the moment.

Only before this room door could be closed, a voice came from the side.

"Hey hey! What's up, wanting to make Fat Master me sleep rough!"

Followed by Wang Yifeng jumping out from the side.

"Why are you back again? I thought I wouldn't be here again tonight!"

Seeing Wang Yifei Lin Ran couldn't help but tease, this guy recently had nothing better to do than to run to the footbath shop next to him every day and stay all night long.

He said he had fallen asleep after a foot massage, but who knows what he had done, anyway, Lin Ran only saw that every time he came back, he had two black circles under his eyes.

"Fuck you, I'm a serious person, I want to show you something!"

Wang Yifeng said mysteriously, followed by pulling Lin Ran into the room, while taking out his divine Dragon Axe.

"I ... What have you done to it?"

Looking at the divine Dragon Axe that was as good as new in front of him, Lin Ran couldn't help but be taken aback, the divine Dragon Axe made of meteorite iron had actually been restored by this guy? This was simply too much bullshit.

"Hey, hey, I knew I could bluff you!"

Wang Yifeng smiled smugly, before saying.

"To tell you the truth, the Divine Dragon Axe was not restored, I just had the craftsman use iron to patch up the defective parts, after all, it's also iron and quite hard!"

"Moreover, it also looks good now isn't it, when fighting, it's better than taking a broken axe to have the momentum right!"

Chapter 365

"Fine fine, if you say it looks good, don't talk nonsense there is a courier on the first floor that is addressed to you, go and see for yourself, after you see what else you need, hurry up and get ready tomorrow, I will wait for you at the clinic tomorrow night at eight o'clock!"

Lin Ran said.

"Courier? What express?"

Wang Yifei looked bewildered, but ran on.

Lin Ran then left the clinic and went back home.

When Wang Yifeng arrived on the first floor and saw the express delivery, he was so angry that he gritted his teeth, especially when he looked at his jade flute, he was so angry that he wanted to directly flay Lang Tian alive.

But annoyed as he was, he was not stupid and knew that this opponent was not that easy to deal with, so he left the clinic overnight and ran off to get ready.

.....

The next morning, in Lin Ran Song Nuan and Luo Qiqi's farewell, Qin Bing embarked on the journey home, this Nina is driving back by herself, said that she can enjoy the scenery along the way, this Lin Ran they did not think much of it, after all, nowadays there are more and more people driving home.

Although the distance was a bit far, it was not an uncommon thing.

The doubts in Lin Ran's mind did not happen, and the strange person and strange things Qin Bing said did not come to him, all because this Neezi was going crazy.

....

The time soon arrived at eight o'clock in the evening, Wang Yifeng rushed back from outside on time, but as soon as he entered the clinic, Lin Ran looked frozen.

This guy was wearing a full body daoist robe, his hair was touched with Cheng Guang Hua Guang, and he was carrying a dozen of hanging strings on his chest that he was playing with, if it wasn't for the fact that the daoist robe was a bit out of place, Lin Ran would have thought that this guy was going on a blind date.

"How about this outfit of mine, I promise to beat that Lang Tian to his knees and beg for mercy tonight!"

"If you think it's good, it's good!"

Lin Ran shook his head helplessly and followed before getting up and walking out of the clinic.

Locking the door to the room, the two of them immediately got into the car and hurried towards Guan Yang Bridge in the night.

The Guan Yang Bridge is an iconic scenic spot in Tanjiang City and has been known as the gateway to Tanjiang City. It is an elevated bridge built at the end of the Niu Xin Mountain range and the end of the Wan Ren Mountain.

The bridge is made of classical wood and not a single nail was used, which is why Guan Yang Bridge, Wan Ren Mountain and Oxen Mountain are also known as the three most famous scenic spots in Tamagawa City.

The two of them drove to the scenic spot and followed on foot towards the Guangyang Bridge.

It was already after 9pm and the area around the scenic spot was dark, except for the Guangyang Bridge where there were still a few bright lights.

The two of them didn't say a word all the way, and after only half an hour they had arrived at Guan Yang Bridge.

"Right on time!"

As soon as the two settled down, a voice came from afar, followed by a figure dressed all in black robes on the opposite side of the bridge, it was none other than Compass Pavilion Langtian who stepped out.

"Where is the old man's jade flute!"

Wang Yifeng asked, shaking the many hanging strings on his chest with a "bristling" sound.

"The Jade Flute is naturally on me!"

Long Tian's voice was hoarse with a cold smile as he followed up with a rhetorical question.

"What exactly is the function of this jade flute? Tell me!"

"Do you think that's possible?"

Lin Ran's eyes narrowed slightly as he said in a cold voice.

"Is it possible? I think you should remove the last word!"

With that, Lang Tian flung his palm, and a piece of black cloth immediately fell off the edge of Guan Yang Bridge, revealing a figure underneath it at the same time.

The moment they saw this figure, Lin Ran and Wang Yifeng's whole body trembled, especially Lin Ran's eyes turned bloodshot instantly!

"Qin Bing! What have you done to her!"

Lin Ran asked angrily, his whole body couldn't help but tremble, he couldn't wait to rush over immediately, but he understood that if he moved without permission, the result that awaited him was something he couldn't bear.

"Don't worry, I ran into it on the way here and grabbed it in passing, how about this great gift you still like it!"

Long Tian's voice was hoarse as he laughed, his whole body slightly twisted.

"What the hell do you want!"

Lin Ran asked in a cold voice.

"What do you say? Tell me exactly what the Jade Flute is for, or else I'll strip her naked in front of you today, I'm sure that scene will be wonderful."

Long Tian's words reached Lin Ran's ears word for word, and he listened with his teeth bared and his eyes even bloodshot, on the verge of a rage.

Qin Bing's mouth was taped shut and she couldn't speak, she just kept shaking her head, but Lin Ran could see that there were crystal tears on her face.

"Speak up! There is a limit to my patience!"

Long Tian urged in a cold voice, while his palm was already close to Qin Bing's collar, as if he was ready to rip off his clothes the next moment.

"Stop it!"

Lin Ran held back the anger in his heart and chided.

"What? Ready to talk?"

Long Tian couldn't help but laugh at this, since ancient times, heroes were sad to see beauty, fighting the two of them openly he himself wasn't much sure, instead, this most crude method was always the most effective.

"Fatty! Let the man out!"

Lin Ran frowned tightly and spoke.

"Good!"

Wang Yifeng smiled without delay, and with a wave of his hand a figure also dressed in black robes appeared on the ground, none other than Long Yue.

"Hm?"

Seeing Long Yue, Long Tian was visibly stunned, followed by his eyes going icy cold.

“I said how I hadn’t contacted him for days, but he was actually caught by you two!”

Long Tian’s voice was icy cold as he looked at Long Yue on the ground from time to time.

The latter was currently lying motionless on the ground, not knowing whether he was unconscious or dead, only the dark sockets of his eyes could be seen through his cheeks, obviously he had been tormented enough by the old woman recently.

“Holy shit, the old woman is too ruthless, she’s screwed to death!”

Wang Yifeng couldn’t help but say, while stepping forward and kicking Lang Yue in the body, causing the latter to wake up in pain.

“Don’t! Don’t come over! Don’t come over ....”

Lang Yue woke up and ran backwards in fear, obviously tortured by the old woman.

“Come here for me!”

Wang Yifei took two steps forward and pulled the collar of Long Yue’s clothes and yanked her whole body up, Long Yue was now weak and weak, so she was no match for Wang Yifei and could only be carried by the latter in a strange manner.

Lin Ran glanced at Long Yue, then rushed to Long Tian in the distance and said.

“He should be one of yours, now that we’re even, how about a hostage exchange!”

Lang Tian didn’t say anything when he heard that, he just looked at Lang Yue with a bland gaze, and at that moment the latter also noticed Lang Tian and was instantly overjoyed, and busily shouted.

“Big brother! Save me!”

“Stupid!”

Lang Tian heard this and directly chided, his eyes full of anger, he had managed to capture a Qin Bing, but his own brother was caught by someone else.

This was great, the situation that he just had a little advantage was immediately moved back.

“Let go or not!”

Lin Ran looked at Lang Tian and chided in a cold voice.

However, who knew that Lang Tian was laughing coldly and followed.

“No release! A punk caught by you guys, and you want to blackmail me? You can kill or cut her as you like, but can you spare her?”

As Long Tian said that, he lifted Qin Bing up, and then put the latter outside the Guan Yang Bridge, while the cliff below was several dozen meters high.

If he fell, not to mention his life, it was hard to say if he could even find his bones.

“Stop!”

Seeing this scene, Lin Ran could no longer hold back, Long Tian could not care about Long Yue's life and death, but he could not possibly care about Qin Bing.

Chapter 366

"Speak up!"

Long Tian chided coldly, his patience clearly reaching its limit.

"The Spirit Mountain returns to the south, and ten thousand referees are revealed."

Lin Ran said word for word, and Wang Yifeng at the side listened with a tightened expression, busy speaking.

"Ranzi, you're crazy, how can you believe his words!"

"Do I have a choice!"

Lin Ran asked rhetorically.

Indeed he had no choice at all, Qin Bing was in the other party's hands at the moment, and Lang Tian didn't care at all if Lang Yue lived or died, and with every step he took, Lin Ran had no time to think of a countermeasure, what could he do if he didn't say the password!

But he wasn't stupid either, the catchphrase only said the first two sentences, but the last two were left unsaid.

"I've finished, don't let them go yet!"

Lin Ran opened his mouth and chided.

"How do I know if what you said is true or not, and whether you're hiding anything!"

Long Tian sneered, how could he fully believe Lin Ran without full proof.

"Then what else are you thinking!"

Lin Ran's face was ugly, his hands were clenched into fists, his nails were deeply embedded into his flesh, if Qin Bing wasn't in the other party's hands, I'm afraid he would have already rushed up and fought with Lang Tian to the death.

"What? Haha!"

Lang Tian laughed out loud at his words, followed by a cold laugh as he looked at the two Lin Ran.

"Naturally, catching you all back together will work best!"

After saying that, Lang Tian actually directly let go of his hand, following which Qin Bing's entire body directly fell down towards the bottom.

This scene caused a great shock in Lin Ran's heart, and his eyes turned red even more instantly in anxiety.

"Fatty, give me the axe!"

Lin Ran shouted angrily, followed by snatching the Divine Dragon Axe from Wang Yifeng's hand, and was instantly ready to go up and fight Lang Tian to the death.

But at that moment, the rope on Qin Bing's body, which was halfway down, inexplicably opened.

Long Tian had previously tied Qin Bing with the rope, and as soon as the rope opened Qin Bing immediately ripped the tape off his mouth and shouted.

"Lin Ran run! Don't mind me!"

"Qin Bing!"

Lin Ran's eyes turned red as he listened, and he couldn't stop the tears from flowing down his face.

"Don't move!"

Lin Ran suddenly had a bright idea and opened his mouth to shout, following which the divine Dragon Axe in his hand was instantly flung out, aiming precisely at Qin Bing's position.

"What's the matter? Can't save anyone and you're ready to do it yourself? Haha!"

The whole person moved and directly pounced on Wang Yifeng, Long Yue was his own brother, how could he not save him from death, just now he was just pretending to be calm and blowing up the Jade Flute first.

The two phrases are true or false, but the jade flute is in his hands after all, so he can go back and slowly understand it later, and saving his brother is the most crucial thing at this time.

The divine Dragon Axe drew an arc and flew steadily in the direction where Qin Bing had fallen.

At this moment, Wang Yifei and Lin Ran did not even dare to let out a breath, afraid that the sound might make the divine dragon axe run away.

But Wang Yifei did not understand what Lin Ran was trying to do by wielding the divine dragon axe at this moment.

As the two of them froze in place, while Long Tian was charging straight at Wang Yifei, the Divine Dragon Axe had already cut an arc and smashed into the wall behind them with a bang.

The entire axe body was embedded in the wall behind, while at the same time, Qin Bing's falling momentum gave a violent lurch and came to a halt.

"Ranzi!"

Seeing this scene, Wang Yifeng couldn't help but give a thumbs up.

This guy had actually saved Qin Bing with his divine Dragon Axe at such a dangerous moment.

It turned out that the rope on Qin Bing's body was only partially open, and the rope on his feet was still tied, so it was with the divine Dragon that Lin Ran stuck the rope, and then embedded it into the wall, which stopped Qin Bing's downward momentum.

"Quite a fancy game, later on I'll send your little lover to the Western Paradise!"

Not only did Long Tian reveal a cold smile when he saw this scene, he then continued to rush towards Wang Yifeng, who was by now only three or four metres away.

“Fatty! Hit me Langyue, hit me to death!”

Lin Ran’s eyes were bloodshot as he chided, following which his entire body lunged at Lang Tian.

“Beat up Long Yue?”

Wang Yifeng was stunned at first, but then reflected that Lin Ran must have had a purpose for arranging this, so without further thought, he waved his slap and swung it towards Lang Yue.

“Slap!”

A crisp sound rang out in the middle of the Guan Yang Bridge, Wang Yifeng had struck hard, each slap was so crisp and clear that it caused Long Yue to “Ouch!” He screamed.

“No! Stop hitting, brother, save me!”

Long Yue shouted in a hurry, hearing Long Tian’s face in the distance also turned gloomy.

“You’re looking for death!”

Lang Tian said angrily, by now Lin Ran had already reached him close and he could no longer get away from trying to save Lang Yue.

Moreover, Lin Ran was in a state of complete rage, completely disregarding his own comfort and playing hard to get at him, leaving him somewhat overwhelmed himself, let alone trying to save Lang Yue.

“Pah!”

“Snap!”

“Slap!”

The sound of a slap sounded like a rhythm, constantly ringing out. At first, Lang Yue could still shout and scream for help, but gradually he was beaten by Wang Yifeng’s slaps, so much so that he could not even speak out a little.

He gritted his teeth and shouted.

“Brother! I’m going to be killed, help me!”

“Save you? I won’t kill you today and ask your brother to save you? Do you see if he’s free?”

Wang Yifeng was furious and kicked Long Yue’s body. He was worried that he had no place to vent his anger after Long Tian stole his jade flute.

If he hadn’t seen him before, he wouldn’t have believed that he was his own brother.

“Stop it! Stop it!”

The two of them were at first ostracized after joining the compulsion pavilion, but they gradually rose to the status of messengers today.

“Stop? Why should you stop?”

Lin Ran blocked in front of Lang Tian, his face cold.

“You! Don’t you force me!”

It wasn’t that he hadn’t thought of holding Qin Bing hostage, but at this moment, Lin Ran was sticking to him like a dog’s skin, and if he wasn’t careful, he could perish himself, so he wouldn’t have time to go after Qin Bing.

“You don’t have much time left, either hand over the Jade Flute or watch your brother get killed and then we’ll kill each other!”

Lin Ran said in a cold voice, he didn’t care even if he fought Lang Tian to death as long as Qin Bing was alright.

“You!”

Lang Tian gritted his teeth, but there was simply no other choice he could make.

“Hand over the Jade Flute or not!”

Lin Ran asked in a cold voice.

Lang Tian didn’t answer, he just looked at him coldly, his gaze not still looking at Wang Yifeng as well as Lang Yue at the side.

At this moment, Long Yue had already completely fainted, and Wang Yifeng was so angry in his heart that he did not show any mercy.

Looking at Wang Yiming’s kicks on his brother, Lang Tian couldn’t hold back any longer and immediately scolded him.

“Stop it! I’ll hand it over!”

Chapter 367

“Hurry up!”

Lin Ran chided in a cold voice.

Long Tian glanced reluctantly at the distant Long Yue, followed by fumbling a piece of cloth from his arms and taking out the jade flute from inside.

“Hand it over quickly!”

Seeing his jade flute, Wang Yifeng couldn’t help but look busy chiding, while raising his foot again to squarely face Long Yue on the ground.

“Better not play tricks or I will definitely kill him with this kick!”

Wang Yifeng said in a cold voice.

“Don’t!”

He immediately wrapped the jade flute in a piece of cloth and threw it to Lin Ran.

Lin Ran took the jade flute and immediately threw it to Wang Yifei, who took the piece of cloth and hurriedly opened it, putting the jade flute in his hand.

But at that moment, Wang Yifei noticed that there was actually a black spot inside the jade flute where it had been hollowed out and free of any debris.

And just as he noticed the black dot, the black dot was rapidly enlarging and crawling out from the hollowed out part of the jade flute.

“What the hell!”

Wang Yifeng shouted, and then reached out to fling the black dot off the jade flute.

Only then did Wang Yifeng see clearly that the black dot was actually a worm that was wriggling.

“Not good! It’s a parasite!”

Wang Yifeng was shocked and hurriedly retreated towards the back, Lin Ran on the side saw this and also ran over, flying up and kicking the tiny worm out.

“Seeking death!”

The tiny worm had directly increased several times in mid-air, and was now the size of an adult’s head.

The insect was so fleshy and disgusting to look at that a pair of tentacle-like fangs grew on the outside and were incredibly sharp, which made Lin Ran’s heart flutter.

“Blow him up!”

Lin Ran chided, and the two of them immediately took out dozens of jade pearls from their pockets and threw them all at the bug.

“Bang bang bang!”

Dozens of jade pearls exploded at the same time, all of them infused with Lin Ran’s true qi, almost instantly shattering the ugly insects.

And going to look at Lang Tian again, by now the guy had already run out a dozen meters with Lang Yue in his arms and was about to rush across the Guan Yang Bridge.

“Stand still!”

Wang Yifeng shouted, and with a sharp dagger from his waist, he was ready to rush over.

But just then, Lang Tian stopped, gave a cold smile to these two men and spoke.

“Very old me play, play to your death!”

With that Lang Tian reached out with his palm and had an equally sharp dagger in his hand, following which he was ready to fling it out towards the side.

“Not good!”

Seeing this, Lin Ran's heart was shocked and he grabbed the dagger in Wang Yifeng's hand and took the first step to fling it out towards Lang Tian.

But with a distance of more than ten metres, even with the infusion of true qi, he was still a step too slow.

"Whoosh!"

The moment the dagger in Lang Tian's hand came out of his hand, the dagger Lin Ran threw out ruthlessly plunged into his arm, piercing through his entire arm, followed by an explosion of true qi contained within the dagger.

Long Tian's entire arm was instantly blown to pieces and blurred with flesh and blood.

"Bastard!"

Lang Tian cursed in anguish, but with the unconscious Long Yue in his arms, he dared not stay and rushed out of the Guan Yang Bridge, enduring the pain.

"I'll go after him!"

Wang Yifeng shouted and rushed out.

Lin Ran wanted to stop him, but at that moment, Qin Bing, who had fallen in mid-air, let out a scream.

Only then did Lin Ran notice that the dagger that Long Tian had just thrown out was aimed at Qin Bing, and the rope that had originally dropped Qin Bing in mid-air was about to break.

"Don't move!"

Lin Ran didn't care about anything else, he opened and shouted, following which his whole body rushed directly towards Qin Bing.

The Guan Yang Bridge was at least 20 to 30 metres above the ground, and below it was the work area left over from the construction of the bridge, and there were many strange rocks below, so I was afraid that if I fell down, I would fall to mush in an instant.

Lin Ran didn't dare to think about it, so he took three steps and rushed out of the Guan Yang Bridge, rushing towards Qin Bing.

But I don't know if it was a deliberate act of God, or if it was just a coincidence that the rope hanging Qin Bing made a crisp sound and snapped just as he stepped off the bridge.

"Lin Ran!"

Qin Bing let out an almost desperate shout, and then her whole body fell.

"No!"

Lin Ran's eyes were red as he watched, and he couldn't stop the tears from falling.

But at this moment, he was still at least one or two metres away from Qin Bing's topmost rope, so he could not reach it at all, and as he was also in mid-air at this moment, the result that awaited him was actually similar to Qin Bing's.

"Ranzi, catch the rope!"

Just when Lin Ran's heart was almost in despair, Wang Yifeng's voice came from the side.

Following this, he saw that a string of round things flew out from the side, followed by actually hitting the rope on Qin Bing's body.

When the rope was touched by that object, it actually did throw itself towards Lin Ran, and was grabbed into Lin Ran's hand just as the rope reached its ultimate height.

"Axe! The axe!"

Wang Yifeng shouted in a hurry next to him again, and only then did Lin Ran notice that he was clamping Wang Yifeng's Divine Dragon Axe on the mountain wall in front of him.

And at this moment the divine dragon axe was only one step away from his own emergency you.

"Give me over!"

Lin Ran poked out his arm and grabbed onto the axe handle, but the tremendous downward force was such that he yanked the axe straight out of the wall.

Luckily, he had already gotten hold of the Divine Dragon Axe by this time, and as he was about to fall, he used all his strength to nestle it into the mountain wall once again.

And this time, he and Qin Bing stopped their continued fall and saved their little lives.

"Don't move, I'll save you!"

Wang Yifeng also gave up on continuing to chase after Lang Tian at this time, and hurriedly ran to find a rope to save Qin Bing and Lin Ran one after another.

"Are you alright!"

As soon as he got on the bridge, Lin Ran came to Qin Bing's side, while the latter was with the aggression she had already held in her stomach, and when she saw him, she directly jumped into his arms and cried out in pain.

"This .... Not fat master how come I don't have this kind of treatment!"

Wang Yifeng looked at the side for a moment of helplessness, dare to say that after half a day of work, the hug is still someone else's!

"Come on, even saving a person can be sprinkled with dog food, you guys can do it too!"

Wang Yifeng sighed helplessly, followed by smoking a stuffy cigarette on the side of the runway.

Although the dog food was not good, but this time he found his family's jade flute, still made him very happy, with the thought in his mind he took it out and looked at it carefully.

As for Lang Tian, by now he had long since fled to nowhere with Lang Yue, who was unconscious, and he didn't dare to stop at all.

He did not know that Lin Ran and Wang Yifeng had already saved Qin Bing, and was afraid that if he stopped, these two would be desperate to fight for their lives.

Chapter 368

Lin Ran hugged Qin Bing and let the latter cry for a long time before her emotions calmed down.

"I'm sorry for getting you involved!"

Lin Ran said with an apology, he had tried very hard to keep the people around him from getting involved, but he had never thought that he would still end up letting Qin Bing get involved, fortunately it hadn't led to terrible consequences, otherwise he wouldn't have been able to get past the hurdle in his heart.

"It's alright, it's my bad luck!"

Qin Bing squeezed out a bitter smile, her emotions smoothed out, and she understood something, knowing why every time Lin Ran and Wang Yifeng came back, they were all carrying injuries.

"Let's go, I'll take you home first!"

Lin Ran got up and said.

"No need, I'll go straight to the train station and buy the nearest ticket home!"

Qin Bing said.

"Does it have to be so urgent?"

Lin Ran asked, frowning.

Qin Bing had said that she wanted to go home this time, which was a bit hasty in itself, and that incident had just happened, but she still insisted on going home just at this moment, and he was vaguely a bit uneasy in his heart.

"It is indeed very urgent, you can take me to the passenger station!"

Qin Bing said, this was perhaps the only time she could spend more time with Lin Ran now.

"Mhm!"

Lin Ran nodded his head and followed, greeting Wang Yifeng as he set off.

"What? To the passenger station? I mean, sister, you're not really a lump of ice, are you, you almost lost your life just now, and you still have the heart to go home at this point?"

When he heard that Qin Bing wanted to go home overnight, Wang Yifeng was also taken aback, who would be in a hurry to go home overnight after what a normal person had just gone through, finding a place to calm down first was the most urgent task.

"All right, she must have a reason for going back, so don't ask, focus on driving!"

Lin Ran interrupted Wang Yifei's words and the group rushed to the train station overnight.

As the New Year's Eve approached, the train station was terribly crowded, and it was almost a luxury to buy a recent ticket.

The distance between Tamagawa City and the capital was not close, so Lin Ran was afraid that Qin Bing would be in danger on the way, so he bought the nearest high-speed train ticket.

But even though it was the closest, it was already four in the morning, and it was only just after zero in the morning.

"Can you sit with me for a while?"

Walking in the crowded waiting hall, Qin Bing said.

"Mm!"

Lin Ran nodded, and then the two of them found a place to sit down.

The waiting hall was crowded in the early hours of the morning, some people were still sleeping on the floor, everyone had fatigue on their faces, but there was joy in their eyes, everyone who was going home on New Year's Eve had something to look forward to.

"Lin Ran, have you ever liked me?"

Suddenly, Qin Bing, who was sitting next to Lin Ran, asked in a low voice.

"Why .... suddenly ask this."

Lin Ran was a little embarrassed and scratched his head.

"There isn't one is there?"

Qin Bing asked with a hint of loss on her face.

"It's not that there isn't ...."

Lin Ran scratched his head and couldn't help but feel a little shy, discussing this in the waiting room in the middle of the night was really making him a little embarrassed.

"So there is?"

Qin Bing continued.

Lin Ran really didn't know how to answer instead, so he simply changed the subject and said.

"The moment the rope broke just now, it scared the hell out of me!"

A smile appeared at the corner of Qin Bing's mouth as she slowly leaned her head on Lin Ran's shoulder and said softly.

"Actually, I know that you have me in your heart, from the moment you jumped down to save me just now despite your own comfort, I already knew that in my heart!"

"I that ..... That ...."

Lin Ran also do not know how to explain, usually play the mouth to dip a small advantage he is okay, if really serious discussion of these things, he is a little do not know how to do.

In layman's terms, he was a strong-mouthed king who could only move his mouth, and once he really got serious, his white physique was exposed.

"You don't have to say it, I understand it all!"

Seeing that Lin Ran was stammering for half a day, Qin Bing directly extended his finger to block in front of his mouth.

Following that, with Lin Ran completely unprepared, Qin Bing's entire body directly pressed over, and the next moment her confused hair directly blocked Lin Ran's cheeks, as well as her own.

Behind the hair, both of them had their eyes closed, feeling the warmth on each other's lips as they lingered.

"Ka ka ka! Click!"

Across the room, Wang Yifeng's teeth clicked as he watched, also working most of the night, also coming to take the beautiful woman home, but the difference was that one was tasting Fang Ze in a tender place at the moment.

The other, on the other hand, was sitting next to the older woman, listening to the earth-shattering grunts.

"It's not fair! It's so damn unfair, this Lin Ran kid is simply an animal! Yes! Just a beast!"

Wang Yifeng couldn't help but curse, perhaps because he was too excited or too tired after working most of the night, and was just about to get up and go out for a bored cigarette.

But before he could do so, his feet slipped and he leaned towards the sleeping woman on one side.

"Hey, hey! Who is it! You're a hooligan!"

The old lady was awakened from her dream and felt that she was pressed against someone, so she hurriedly chided.

"Nope! No one is playing a hooligan, no one is playing!"

Wang Yifeng got up from her body and covered his face, and was about to run away, but she reacted quickly and grabbed Wang Yifeng's arm.

Just as she was about to speak, she saw Lin Ran, who was still hiding behind her hair and tangled up with her, directly opposite her.

Seeing this scene, the ama seemed to understand what was going on, and turned her head to look at Wang Yifei again. At this moment, Wang Yifei covered his face in embarrassment and did not dare to turn around at all, fearing that this ama would not stop talking about himself.

"Rascal, turn around!"

The big woman yanked Wang Yifeng and shouted, followed by dragging him to his seat with one hand, and then pointed at Lin Ran and the two of them and said.

“Stinky rascal, did you see people making out and itch yourself?”

“No .... No, absolutely not!”

Wang Yifeng said in a hurry, at this moment he could not wait to run out, this big mother in front of him was simply too extreme.

Wang Yifeng only looked at the other party before not daring to look again, but still in his mind from time to time, that mouthful of big yellow teeth, simply look at him almost did not faint.

“Still say no, no what are you rubbing blindly into old mother! I’m telling you, I’m a decent person, don’t you try to hit on me!”

Said the big mother and made a hair-raising motion, followed by saying.

“I was a beautiful woman when I was young, but now I am the mother of three children, you don’t stand a chance!”

The older woman’s words were so fenceless that even Lin Ran and Qin Bing, who were having a good time at the side, couldn’t help but look over and couldn’t help but both laugh when they saw Wang Yifeng being dragged by an older woman.

Wang Yifeng was also bitter in his heart, and when he saw that Lin Ran and the two of them were actually looking over, his face was even more embarrassed, and he immediately rushed to the big mother and said.

“Auntie, don’t talk nonsense, who isn’t a decent person? I haven’t even got a wife yet, if you slander me, I won’t be able to find a wife for the rest of my life!”

“Can’t find a daughter-in-law?”

The old lady was so frightened that she covered her chest and said.

“Don’t blackmail me, it’s your own business if you can’t find a wife, I’m not going to remarry!”

“Pfft!”

Hearing this, Lin Ran burst out laughing, even Qin Bing at the side couldn’t help but cover her mouth and laugh out.

Chapter 369

“I’ll go and help him! In case we invite the police in later!”

Lin Ran smiled at Qin Bing, then got up and ran to follow Wang Yifeng, rushing at the big lady awkwardly.

“Big Ma, you’ve misunderstood, this friend of mine has a bit of a brain problem, don’t be normal with him!”

“Problems with your brain? I told you, I’m so pretty, and he’s so crooked looking and still comes to molest me, he’s really got a brain problem!”

The old lady said as she let go of her hand, and then gave Lin Ran one more look, followed by actually taking out her mobile phone and laughing.

“Young man, how about scanning it? Add a friend?”

“Huh? Haha!”

This time it was Wang Yifeng’s turn to hold back his laughter, and he hurriedly moved aside so that Qin Bing, who was on the side, could also see.

Qin Bing took a glance at it and immediately couldn’t help but laugh as well.

“Er .... That ama, I’m poor at home and don’t have a mobile phone, that my friend needs to take her medicine, so I’ll leave first!”

Lin Ran said, directly pulling up Wang Yifeng towards the side and ran out, while giving Qin Bing a wink, asking her to follow too.

The three of them found a place to sit down again, and Wang Yifeng couldn’t help but go to the toilet to smoke a cigarette to suppress the shock, Lin Ran saw this and also followed him.

Fortunately, he ran away quickly, or else this friend would have been added to the list.

The two of them smoked a cigarette in the toilet, looked at the watch, it was only 1:00 a.m., and they had to stay up for three hours, so they bought some food and prepared to go back for a meal, after all, they had just had a big battle, and their stomachs were really hungry.

After buying some food, Lin Ran went to look for Qin Bing, but when they returned to the spot where the three of them were sitting just now, they didn’t see the latter, which made the two of them frown.

“It couldn’t be that Lang Tian guy who came with them!”

Wang Yifeng asked with a frown.

Lin Ran smiled and shook his head.

“No, there are so many people here, he couldn’t have asked for trouble, and now that Temperance City is so strictly investigated, he dares to ask us out, so he is obviously ready to leave, and since Long Yue was beaten you almost lost his life, he should have directly left Temperance City at this point!”

Lin Ran frowned and analyzed.

Just when the two were worried about Qin Bing’s safety, suddenly next to them was wearing Qin Bing’s voice.

“Apologize to her! Did you hear that!”

Hearing Qin Bing’s voice, the two couldn’t help but breathe a sigh of relief, and immediately walked towards the source of the voice.

There were many people gathered in front of them, so Lin Ran and the two of them walked over and managed to squeeze into the crowd before they could see what was going on inside.

They saw Qin Bing standing inside, and beside her was a little girl of about four or five years old, looking very cute and playful with two ponytails.

The man was dressed in a suit with a big back and shiny head, while the woman was heavily made up and dressed in clothes that were more revealing.

The man was currently holding the waist of the beautiful woman, disdainfully glanced at Qin Bing and sneered.

“Who are you? Do I know you? Nonsense!”

“Aiya, Brother Nan! My car will be leaving soon, if you don’t see me off, I’ll leave on my own!”

The pretty girl twisted her body and kept rubbing against the youth, not knowing whether she was being petulant or deliberately looking for excitement.

“Alright, alright, you go back first, this smelly bitch seems to be deliberately looking for trouble, I’ll call you when I’m done with it!”

The young man named Nan said with a smile.

“Okay!”

The pretty girl spat out her tongue and although she was a bit upset, she didn’t say anything else, following which the two of them actually kissed as if no one was watching in front of this public, before the female left in a frenzy.

“Well, I say, pretty girl, what the hell do you want!”

Sending his female companion away, Nan then turned his head and asked with a disdainful expression.

“I want you to apologise to her!”

Qin Bing waited until the end, and when she saw the other party ask her, she pointed to the little girl on the side and said.

“Apologise to her? On what grounds?”

Nan had a disdainful face, his Nan was at least the president of a company, asking him to apologize to a little girl? Was that possible?

“What do you mean by what, she just wanted to ask for something to eat, you don’t have to give it even if you don’t, why do you have to push her!”

Qin Bing said in a cold voice.

“I don’t want to give it, okay? Push her? Look how dirty her hands are, my clothes are very expensive, understand?”

When he said this, Nan raised his eyebrows and looked at Qin Bing and laughed.

“Of course, if instead you wanted to beg for something to eat, then this handsome brother would naturally be happy to eat whatever you want, even me you can eat!”

Nan said, his eyes still unconsciously glancing at Qin Bing, his gaze filled with greed.

“Shameless!”

Qin Bing was so angry that she clenched her silver teeth.

Yet Nan was laughing with a face that was not in hue.

“Right! I’m shameless, how about if you’re interested in playing with me, Brother Nan? How much you say, I have plenty of money!”

“Fuck off! I’m not interested in your money, now apologise to her immediately!”

Qin Bing pointed at the little girl on one side and scolded at Nan.

“I’ve got plenty of money if you want it, but apologies, sorry no! Of course, if you can give me a kiss, then I can consider giving her an apology!”

“You!”

Qin Bing was so angry that her face turned blue, she wanted to go up and slap the other party twice to relieve her hatred.

“How about thinking about it and giving her a kiss?”

Nan couldn’t help but laugh at the situation.

However, just as his words fell, a man’s voice rang out from the side following.

“You want a kiss so badly, come on Fat Master, I’ll give you a kiss!”

As the voice fell, Wang Yifeng squeezed into the crowd and came directly in front of Nan.

“Fuck off, I’m not interested in men!”

When he saw Wang Yifei, Nan scolded him.

Wang Yifeng smiled at that but laughed.

“Is that so? But I’m interested in you!”

The latter wanted to resist, but Wang Yifeng lashed out, and his shoulders were so painful that his whole body bowed.

“Here, apologise to my sister Bing first, and then to the little beauty, or else I’ll really book a room for the fat master!”

“But with this little body of yours, I’m afraid you’ll have to play it out before Master Fatty even starts tossing and turning!”

Wang Yifeng said, and actually picked up Nan directly to Qin Bing, making a gesture to make him apologize.

“Damn fatty, let go of me or I’ll kill you!”

Nan cursed angrily, as the boss of the company, he was used to being high and mighty in his daily life, where had he ever been so humiliated.

“I don’t know how to speak harshly, but I will hit you hard!”

Wang Yifeng said, and the force on his hand continued to increase, immediately causing Nan’s entire body to twist in pain.

“Damn fatty, you’re fucking looking for death! And you bitch, don’t think that just because you have a backer I’m afraid...”

Nan cursed angrily, but this time before he could finish his sentence, a black shadow floated over next to him, followed by a “slap!” A slap hit him on the face.

The force of the slap was so strong that the sound went far away, and Brother Nan was knocked out of his seat.

Lin Ran stretched out his hand and lifted Brother Nan’s face up, looking at him with an icy gaze as he said in one word.

“Give them both, an apology!”

“You!”

“You fucking dare to hit old ....”

Seeing a deadly flash of resentment and anger deep in Lin Ran Nan’s eyes, he couldn’t help but open his mouth to curse, but again, before he could finish a sentence.

“Pop!”

Then another crisp slap sound rang out.

Nan hurriedly covered the other half of his face in pain and looked towards Lin Ran, only to see that the latter’s gaze was still cold without a trace of temperature as he rushed towards himself and said blandly.

“Give them both, an apology!”

## Chapter 370

The atmosphere in the room was instantly quiet, and the many travellers around him all watched with rapt attention, no one said anything, they all wanted to see how this brightly dressed young man, who looked like a rich man, would react.

If his eyes could kill, I’m afraid Lin Ran would have been killed by him an unknown number of times already.

“Apologise!”

Lin Ran spoke once again, his voice cold without a trace of temperature, and his eyes even held a chill in them, sending chills down Nan’s spine as he looked at him.

“Do you know who I am!”

It was easy to apologize but he would lose face, so he didn't want to apologize at all until the end.

“Pah!”

Lin Ran didn't say anything at all, he raised his hand and slapped him again, and this time he increased the strength of the slap, at once Brother Nan's whole body directly let out a miserable scream, and then flew backwards.

“Bang!”

He fell heavily to the ground, and Nan cut for a long time before he got up from the ground with difficulty, at this time he had blood at the corner of his mouth, and his face was full of fierce.

“For the last time, apologise!”

Lin Ran's voice remained as usual, his face could not be seen to be happy or sad, only a hint of impatience in the depths of his eyes.

Nan's heart chilled as he watched, his whole body couldn't stop trembling, he didn't doubt for a second that if he spoke one more word of nonsense, he was afraid that the next moment would be ushered in by a heavy blow from the youth in front of him.

“Yes .... Sorry!”

Finally, Nan conceded and lowered his head and whispered, yet there was an angry killing intent in his eyes, he could not wait to rush up and dismantle Lin Ran at this moment.

“That's right, you have to apologise when you've done something wrong, alright you can go now!”

On the side, Wang Yifeng jumped out and teased, following which he picked up the little girl, dried the tears on the latter's face and laughed.

“Little sister, are you hungry? Go fat brother take you to eat something delicious!”

With that, Wang Yifeng picked up the little girl and walked towards the side.

Lin Ran glanced at Qin Bing and saw that her anger had subsided by now, so he didn't bother to bother with this Nan and turned his head and said coldly.

“Don't go away yet!”

“You!”

Nan was so angry that her face turned blue, but her hands were clenched into fists, clearly filled with hatred for Lin Ran.

“What's your name!”

Suddenly, Brother Nan opened his mouth and asked.

“Lin Ran!”

Lin Ran didn't say any nonsense and directly said his name, following which he turned around and left with Qin Bing.

"Lin Ran! Good Lin Ran, this isn't over tonight!"

Nan whispered angrily, following which he directly took out his mobile phone and walked out towards the outside of the train station.

.....

"Or else let's go!"

Back in his place, Qin Bing said with some concern.

"Go? Where to? There's still two hours before the bus leaves!"

To the side, Wang Yifeng asked in wonder, while giving the young girl a little of the snacks he had bought.

"I'm afraid that Nan won't give up, and if he comes back for trouble later, I'm afraid ....."

The company's main business is to provide a wide range of products and services to the public.

"It's okay, you eat first!"

Lin Ran's face was calm, without any ripples, handing a bag of snacks to Qin Bing.

"That's right, the soldiers are coming, Nan is coming Fat Master I Tun, just don't worry, just that little body of his Fat Master I'm one ass at a time, I guarantee to clean it up properly!"

Wang Yifeng patted his chest and assured him.

Lin Ran smiled at him and gave him a blank look and said.

"Alright, don't be poor, what's with this little girl?"

"I was waiting for you guys just now, she probably got lost with her family, so she asked that Nan for some food, and that's what happened ....."

Qin Bing said somewhat apologetically, if she hadn't been nosy, the two Lin Ran and wouldn't have gotten into trouble with Nan.

"Think what? You did the right thing!"

Seeing Qin Bing's thoughts, Lin Ran couldn't help but laugh, if there was no one left to defend justice, then how could society function properly.

The crowd ate, and then Wang Yifeng ran to find the station staff, and later found the little girl's family through the loud speaker.

The family naturally thanked Lin Ran and even took out a red packet to express their gratitude, but Lin Ran politely refused.

In the end, Wang Yifeng, a guy who saw that the little girl's mother was pretty, couldn't help but come over and say.

"That big sister, if you know any young girls who are waiting to get married or something, you can introduce me to them, you see I'm not too young, I have to find someone, don't worry, we are honest people, absolutely reliable!"

"Haha! Don't worry, I'll introduce you to someone suitable!"

The little girl's mother laughed.

Lin Ran, however, couldn't help but laugh at the side.

"Yes, this fatty is absolutely honest, but he's just too good at eating, you've seen Journey to the West, he's a match for the Second Brother up there!"

"You brat has tarnished the reputation of fat master me again, fat master me ....."

While fighting, the three left the station studio and returned to their seats, continuing to wait for the bus.

Lin Ran and Wang Yifeng did not feel anything, it was Qin Bing's heart was always a little uneasy, afraid that Nan was coming back for trouble.

Perhaps it was because this girl was thinking too much. As expected, after ten minutes, the waiting room, which had been quiet, actually became noisy again. Lin Ran and the three of them looked at the place where the noise was coming from, only to see a dozen young men in suits all holding baseball bats in their hands, each one aggressively looking for someone.

"Lin Ran!"

Seeing this scene, Qin Bing was instantly frightened and her pretty face turned pale, she didn't think she would cause so much trouble and couldn't help but feel a little guilty in her heart.

"It's alright!"

Lin Ran said calmly and comfortingly, following which he kicked Wang Yifeng who was whirring and sleeping next to him.

"Fatty, don't sleep, there's a bikini beauty coming over!"

"Pretty girl? Where is it? Where is it?"

As soon as he heard that there was a beautiful woman, Wang Yifeng immediately jumped up from the ground and rubbed his eyes to look around.

But the beautiful women were nowhere to be seen, instead he saw a group of aggressive people who also saw him and immediately rushed towards him one by one wielding baseball bats.

"Holy shit! Lin Ran, you brat is screwing me again!"

Wang Yifeng was so angry that he cursed, followed by rushing to look at Lin Ran and the two of them, however, only then did he realise that Lin Ran had actually run out a long way with Qin Bing.

“Hey! Wait for me, you two!”

Wang Yifeng shouted and hurriedly followed, but before he could run a few steps away, Lin Ran and Qin Bing actually stopped at a corner of the waiting hall.

“Run! Why did they stop?”

Wang Yifeng asked as he ran over.

“Why are you running?”

Lin Ran asked, looking at him with a frown.

“Weren’t you guys the ones who ran first?”

Wang Yifei asked rhetorically, having followed the two of them only after seeing them run first himself.

Lin Ran smiled at his words and shook his head.

“Coming here is only for Xiao Bing’s safety, just a few of them rookies do I have to run?”

“That’s true too!”

Wang Yifeng smiled and suddenly woke up, it was just a few punks, the punks he had solved before were not a thousand but eight hundred, how could he be afraid of these few rotten fish and prawns.
