

Wonder Doctor

Chapter 371

“Run! Why aren’t you running!”

As the two were talking, a group of men in black had rushed closer, and behind them was the corner, so the crowd blocked the three Lin Ran directly inside, with nowhere to run.

“Keep running! Didn’t you run fast just now! Why did you hit the corner blindly?”

In the crowd, a young man with long hair and a scar at the corner of his eye came out with a sneer of disdain.

The baseball bat in his hand was waved and he shouted at the side.

“Brother Nan, are they the ones?”

As the voice fell, a group of men in black consciously made way and followed Nan out of it.

“Yes, that’s them!”

Nan said as he walked away, while rubbing his face, still faintly sore from where he had just been hit by Lin Ran.

“What do you want!”

Qin Bing asked with anger and worry when she saw Nan.

“No what, I, Li Nan, am a very decent person, whoever hits me, just hit back!”

Li Nan rubbed his face, his eyes were full of disdain, at this time there was a group of people standing around him, and his aura could not help but be adequate.

At this moment, the passengers who had fallen asleep around him were all woken up again, and they all gathered around pointing and pointing, their faces full of sympathy, in their opinion Lin Ran and the two of them were blocked in here, obviously they could not escape, and they were afraid that they would have to be beaten up again later.

“Brother Nan, tell me! Who just hit you, let’s beat them back one by one!”

On the side, the young man with the scar said with a dejected look, he was a famous gangster in the area of the railway station, few people dared to mess with him, only no one knew that he could make his fortune here, in fact, behind the scenes was to rely on Li Nan’s monetary support.

“Just that little one!”

Li Nan pointed at Lin Ran, with anger in his eyes, and said in a cold voice.

“He’s the one who did it, drag him out and beat him up for me first!”

“Alright!”

The scarred man laughed strangely at his words, following which he looked at Lin Ran.

“What do you want! This is a train station!”

The reason why Lin Ran and Wang Yifeng were involved in this was because of her, and if the latter was beaten up at this moment, then I’m afraid that she would only feel even more sorry for herself.

“Don’t worry, it’s alright!”

Lin Ran patted Qin Bing’s shoulder and said with a smile of comfort.

Wang Yifeng, who was standing by the side, didn’t even care about the few punks on the other side and stood by himself watching the action.

“Fatty, protect Qin Bing!”

Lin Ran didn’t even look back and said.

“Don’t worry, with Master Fatty around, no one can get close to her!”

Fatty nodded, his face filled with disdain, not even putting the Scarred Man’s few people in his eyes.

“And! You’re still arrogant, don’t be in a hurry! Let’s play slowly one by one!”

The more people disdained him, the more excited he was. He loved to see people’s disdain and the panic on their faces after being beaten down, the contrast gave him an inexplicable excitement.

“Kid! You’re just called Lin Ran, right!”

The scarred man said as he turned his head to look at Lin Ran, following which he actually walked towards the latter step by step, seemingly completely unafraid that Lin Ran would suddenly strike.

“It’s me.”

Lin Ran looked at the other party, his face bland, unable to see a single emotional fluctuation.

“You can still pretend, I’ll see how long you can remain calm!”

The scarred man laughed coldly, then raised his hand as if he was about to slap him across the face.

“Lin Ran, be careful!”

However, Wang Yifeng did not take it seriously at all and opened his mouth.

“No need to be careful, don’t you know this kid yet? It’s alright at all!”

“You shut up!”

Qin Bing heard the words but anxiously glared at him, although he knew that Lin Ran was very good at fighting, but care is chaos at this time in her is the best proof, she did not care how Lin Ran’s hands, see by others to do her this heart could not help but seize up.

But what she didn’t expect was that the scarred man’s palm stopped when it was still a few centimeters from Lin Ran’s cheek and didn’t fall.

The burst of hair brought up by his palm blew Lin Ran’s hair slightly, but his whole person still stood in place, not even twitching his eyelids.

When the scarred man looked at Lin Ran's bashful appearance, he couldn't help but feel very unhappy in his heart, just now he wanted to scare him, but who knew that he wouldn't eat this at all, which couldn't help but make his face a little upset.

"You've got guts, I like that!"

The scarred man laughed coldly, while his eyes narrowed and he stuck out his tongue and licked his lips, then turned around and prepared to go back.

But the moment he had just turned around, a palm snapped up, followed by a turn and flung it at Lin Ran's face, and this time by the expression and force it was clear that it wasn't a test anymore, but a real move.

"Don't!"

Qin Bing's eyes were red with anxiety, and she couldn't help but cover her eyes with her hands, not daring to look.

Many of the surrounding onlookers had also covered their eyes at this point, and only a few were braver and dared to continue watching.

"Bang!"

Suddenly, a low voice sounded out, followed by a commotion ringing out from the surrounding crowd.

"It's blocked! It's actually blocked!"

Hearing this sound, Qin Bing and some of the others who had covered their eyes hurriedly looked over, and it was then that the crowd realised that just before the Scarred Man's palm was about to land on Lin Ran's cheek, a hand had been steadily jammed onto the Scarred Man's wrist.

At this moment, the scarred man's palm was only a few centimeters away from Lin Ran's cheek, if it was a bit later in the evening, I'm afraid this slap would have to be received solidly.

"You!"

Looking at Lin Ran's cheek that was light into the water, the scarred man was completely shocked this time, how could he have thought that even with such a fast speed of his strike, it could actually be blocked by Lin Ran, and it was even blocked so steadily, by such a small distance.

"Let go!"

The scarred man reacted and hurriedly chided, while raising his hand and preparing to pull his palm out, but only once he exerted force did he feel how strong Lin Ran was.

His own weight of over two hundred could not even pull his arm out in front of Lin Ran, and the latter's arm did not even move a bit.

"Let go of me!"

The scarred man cursed angrily, yet Lin Ran didn't move a muscle, he just looked at him indifferently.

"What are you looking at, I told you to let go, can't you fucking hear me!"

The scarred man cursed even harder, however, just as his words fell, Lin Ran's other hand directly lifted up, followed by a slap.

Lin Ran's movements were extremely fast, and the moment the scarred man saw it, the palm had almost reached his face, and the scarred man, who was too late to speak, was frozen in place, unable to utter a single word.

"Hoo!"

However, Lin Ran's palm brought up a strong wind, blowing directly across the Scarab's cheek, and then stopped steadily in front of the other man's cheek, not even hitting it, yet this strong wind alone already made the Scarab gag.

He had been out there for years, and if he could not see it, if this slap had hit him, I am afraid that half of his face would have swollen up at once.

Chapter 372

"You You dare to hit me!"

Scar man swallowed his spit, stiffened his head and rebuked, at this time, his many men behind him heard the movement and couldn't help but collapse a few steps forward, which made Scar man's heart suddenly have a bottom.

"I tell you, here are all Laozi's men, you dare to hit me, Laozi will get you killed!"

"O? Is that so? You want to try?"

Lin Ran finally spoke up at his words, his expression bland as he looked at him.

"Try? Don't you dare fucking touch me!"

The scarred man shouted, at this moment, he was standing with a group of people at his side, the other side only had three of them, and there was a woman among them, he really believed that Lin Ran dared to make a move on him.

Thinking of this, the scarred man's hanging heart settled down, and he sneered as he disdainfully glanced at Lin Ran.

"Why don't you make a move yet? Aren't you a bully, you hit me one to see, give you face!"

"Are you sure?"

Lin Ran asked, frowning at his words.

"Sure! If you have the guts, you can hit me, my face is here today, bring you just hit me one to see, don't dare to kneel down for me!"

The scarred man continued to shout, from the first time he opened his mouth to shout, Lin Ran did not make a move he had already expected that Lin Ran was not really beating himself, at this time could not help but completely relax his guard, a face of open wild.

However, the next moment Lin Ran's action was one that left him completely dumbfounded.

The palm of his hand, which was originally close to his cheek, suddenly flung away, "Slap!" Followed by a clear, crisp slap sound immediately came out.

The two of them rolled into a ball and rolled a long way before stopping.

"Brother Nan! Brother Knife!"

The two of them rolled on the ground and the hard ground made their faces bleed.

The most miserable is Li Nan, was smashed not to mention, at this time is knocked a large layer of skin, pain in that cover the face wailing.

"Fuck, what are you talking to him for, just go and fight!"

Li Nan cursed discontentedly, the scarred man also saw the situation is also anxious, busy to greet a group of people ready to go to do it, Li Nan is his wealthy master, if offended him I am afraid that his own way of wealth will be cut off.

"Go! Kill him for me!"

Li Nan cursed angrily, while he himself grabbed a baseball bat and lunged towards Lin Ran.

Just now, he had thought of teasing Lin Ran, but now he just wanted to quickly knock this bastard over.

"Lin Ran!"

At the back, Qin Bing's brow that had just been stretched out was now furrowed again, so many people were coming together she was really worried that Lin Ran might get hurt.

"This is great, this kid is afraid he's going to get beaten up!"

"Who isn't, he has to go up against so many people by himself, now he'll have to eat all the pain himself!"

The people around them couldn't help but make a regretful sound, just now when Lin Ran was teaching Li Nan a lesson, many of them saw it and knew that he was a good man.

They could only pray that Lin Ran would be beaten less, otherwise it would be really chilling to be beaten after being a good person.

"Beat me to death!"

At this moment, Scar had already led his men to Lin Ran and raised the baseball bat in his hand to greet him.

This scene scared Qin Bing and many others around him, who turned their heads away and dared not look.

"Bang!"

A muffled sound came out, hearing the hearts of all the people tremble, not daring to look.

"Bang, bang, bang!"

Followed by a second, and a third, the muffled movement was like a square dumb cannon, resounding one after another, along with a painful scream.

Someone soon couldn't help but look over in curiosity, and at this glance, they were stunned.

He saw Lin Ran with his arm stuck around a man's neck and his other hand firmly holding his arm, and he was swinging one by one, knocking all the people who rushed past him to the ground.

The scarred man, who originally had a dozen men, was suddenly surrounded by only himself, while all of the men he had brought with him actually fell to the ground.

Ao, not all of them there was one, that was the one who was tackled by Lin Ran, and it was by holding his arm that Lin Ran took down all of his companions.

"You Who the hell are you!"

Seeing this situation, the scarred man's heart could not help but balk, none of his own dozen people could hurt others, instead, except for himself and Li Nan and the one who was caught, the others were all taken down, I'm afraid this tactic and skill is not something they can mess with.

"You don't know? My name is Lin Ran!"

Lin Ran said, raising his hand and "snapping", the baseball bat hit the scarred man's arm firmly, causing him to jump up in place and hurriedly take several steps back.

"No! Don't fight, I think there must be some misunderstanding here!"

The scarred man was busy saying that there was no one on his side, how else could this fight be fought.

"Misunderstanding? There isn't one!"

Lin Ran said with a serious face, and then looked at the surrounding crowd and asked.

"Is there a misunderstanding? It was this kid himself who said that he wanted me to fight just now, right!"

"Right!"

Wang Yifeng laughed aloud from the back, and the people watching around really didn't mind shouting after him.

"Yes, yes! We all heard it!"

"Look!"

Lin Ran turned his head to look at the scarred man and said with a serious face

"I've never even seen such a strange request, since you asked for it, I naturally have to satisfy you!"

With that, Lin Ran raised his hand and smashed it directly into the Scarred Man's leg, the two blows instantly made one of his feet and one of his legs too painful to move, and he held onto the wall in front of him so that he didn't fall to the ground.

"No! Don't hit, I was just kidding!"

The scarred man screamed in agony and hurriedly opened his mouth to explain that if this beating continued, I was afraid he would really be ruined.

“Joking? It doesn’t seem like it, a man as serious as you would be joking?”

Lin Ran asked suspiciously, but his hand didn’t stop at all, and he struck the scarred man’s chest with another blow, causing him to fall to the ground and almost die.

“Brother Nan! Help, Brother Nan!”

The scarred man was really goaded and opened his mouth to shout.

However, at this moment, Li Nan saw that the situation was not right and turned around to run, where did he care about his life or death.

“Brother Nan! You can’t leave me behind!”

The scarred man got up from the ground with pain, but Lin Ran didn’t bother to pay attention to him, letting go of the man he was holding and turning around to return to Qin Bing.

The man who had just been tackled by Lin Ran was dumbfounded, as he watched one of his companions fall to the ground with a single swing, and even though he had been released by Lin Ran, he was still standing frozen in place, his baseball bat raised high in his hand.

Suddenly, just as the scarred man got up and was about to run after Li Nan, suddenly a commotion came from the distance, followed by a voice.

“Don’t move! Security! All stand where you are!”

Chapter 373

As the voice rang out, at once the scarred man’s face changed greatly and he turned around and was ready to run, but before he could take a step his whole body froze in place, only to see that Li Nan ahead of him had been twisted and dragged back.

“Brawl in the play now all go back with me!”

The leader of the security guards scolded, followed by a group of security guards who came forward and surrounded Li Nan, the scarred man and all of his men.

Seeing that Lin Ran, Wang Yifeng and Qin Bing were standing by, Li Nan was not happy and pointed at the former and shouted at the security chief.

“Why don’t you arrest them, they beat up the man, why don’t you arrest them!”

“Them? Do you think I’m blind? When we came here just now, we all saw with our own eyes that it was him with a stick in his hand!”

The security captain said in a cold voice, while pointing at the group of men who were still cold in their places.

When a group of them came over just now, they happened to see this henchman standing still with a baseball bat in his hands, while the scarred man was not far in front of him, and as for Lin Ran's three men, they were standing in the corner taking a look at the victimized masses.

"But it was really him who did it!"

Li Nan pointed at Lin Ran with undying determination and said to the head of security.

"Don't believe me, you can call him over and we can confront him!"

"Yes, yes! Captain, you probably can't let a bad guy off the hook, he really did beat us up just now!"

The scarred man also came over at this time and hurriedly said, as the arrest of themselves and others had become a foregone conclusion, they naturally had to drag one down if they could, not to mention that they were in their current situation because of Lin Ran, so how could they let Lin Ran go.

"All right! I can tell who the bad guys are, and none of you will be spared!"

The captain glared at Scar, but in order to find out the truth, he gestured for Lin Ran to come over.

"Ranzi!"

Wang Yifeng's eyes chilled at this and he came over.

"Relax, people have normal procedures, I have to cooperate! Don't forget we're all good citizens!"

Lin Ran laughed, while patting Wang Yifeng on the shoulder, signalling him to take it easy, and following that he walked over towards the other party.

"What's your name?"

The senior captain looked at Lin Ran and asked with a smile.

"Lin Ran."

Lin Ran didn't say any nonsense and gave his name straight away.

"Good! Now someone says you were involved in a brawl, what do you say!"

The senior captain said with an amplified voice, obviously meant for Li Nan and the others to hear.

"O? Who said that? I can confront him!"

Lin Ran laughed.

The captain was shocked at his words, he had just been in the surveillance room and had seen Lin Ran teach Li Nan a lesson, but at that time, Lin Ran had also acted in a righteous manner and the matter was not too big, so they did not take action.

But then Li Nan came back with his men to look for trouble and they rushed over as soon as they found out, so they didn't see who had beaten Li Nan and the others.

Originally he had wanted to help Lin Ran, after all, he couldn't let people who had seen the righteousness chill, but at this moment, when he heard Lin Ran's words, he was relieved, since people had a way out, he naturally wouldn't try to be brave.

"That's him!"

After bringing Lin Ran over, the first captain pointed at the scarred man and Li Nan and said.

"They're the ones who identified you as being involved in the brawl, and said that you beat all of their men down by yourself!"

"Right! It's you! Don't you try to run away, I saw it with my own eyes!"

The scarred man said in a hurry.

"Right! I saw it too! That's him!"

Li Nan also agreed, the two of them had to drag Lin Ran in with them at any rate, they would not let the latter go.

However, Lin Ran said with a bewildered and harmless face.

"I have no grudge against you two, why should I hit you? And do you have any evidence to prove that I did?"

"You!"

Li Nan gritted his teeth in anger at his words, and the scarred man on the side said in a hurry.

"What evidence or not, you did it, it's useless even if you don't admit it! There are so many of us watching!"

"Is that so? Then tell me how I beat you up?"

Lin Ran asked with a smile, his face still bland.

"You!"

The scarred man was so angry that his face turned blue and he was busy saying.

"You were hit with this baseball bat, if you don't believe me we can look at the bruises on your body, all of them were smashed out by this baseball bat! And the slap on my face was also from you!"

"What do you say?"

The senior captain looked at Lin Ran and said with a slight frown.

"Senior Captain, I said that I was wrongly accused!"

"Accused? You're still unjustly accused, you're the one who fucking beat him up!"

The scarred man was so angry that his foul language burst out, but as soon as the words left his mouth, a slap sounded.

Even some of the people around him were stunned, Lin Ran was hitting someone in front of the security chief, he was just looking for death!

“Why is he so impulsive!”

Qin Bing’s worried little hand clenched tightly, but Wang Yifeng laughed.

“Don’t worry, it’s alright!”

“It’s alright! It’s alright! You just know it’s alright, if something happens later, next time you get hurt again I’ll have to give you a special needle for raising pigs!”

Qin Bing said in exasperation.

“No, this”

Wang Yifeng was speechless and just wanted to explain but was swallowed back by a glare from Qin Bing.

“You!”

The senior captain looked at Lin Ran for a moment speechless not knowing what to say.

“See, see, that’s how he fought!”

The scarred man was overjoyed and shouted, just now he was worried that he couldn’t find any evidence, but he didn’t know that this kid had actually beaten himself up directly in public, this was just like putting himself in a hole.

“Grand Captain, what’s the problem?”

Lin Ran turned his head to look at the first captain with a serious face before saying.

“I, a law-abiding citizen, was framed by a bad guy for no reason, and just now he cursed my family, is it wrong for me to slap him there?”

“I

The senior captain was speechless for a moment, he found that Lin Ran this kid word for word simply does not give himself any reason to arrest people, even at this time the scarred man is a face of confusion.

“You’re the one who hit him, why don’t you believe me, Senior Captain!”

The scarred man shouted.

The senior captain was in a bit of a quandary, not knowing who to believe.

Lin Ran saw this but stretched his hand and laughed.

“You don’t have to be difficult, you can take them to the hospital to have their fingerprints scanned, if there are any of my fingerprints on them apart from the slap I just gave them, or evidence that I did it, I’ll go with you! But if there aren’t then I’ll have to claim for damage to my reputation for planting false accusations!”

“Besides, this friend claims that I hit them with a baseball bat, but where is my baseball bat? And in whose hands was the baseball bat when you guys came just now?”

Lin Ran said indifferently.

The words were not loud, but every word was clearly audible.

At the end Lin Ran even made a dawning expression of realization and said.

“O yes, I did slap him before, but that was at his strong request, if you don’t believe me, you can ask the surrounding travellers who are watching!”

“Is that so?”

The senior captain sniffed and turned to look around and asked.

“Just now this Lin Ran slapped him, did he strongly ask for it?”

“Yes!”

“I testify to this, he was the one who strongly requested it!”

Someone in the crowd immediately replied, everyone could see clearly that it was indeed the scarred man who had asked for it.

“I’ve never seen such a strange request in all my life, don’t you think it’s strange!”

Lin Ran looked at the captain and asked with a smile.

“Very strange indeed!”

The senior captain laughed too.

However the scarred man was crying.

“Why don’t you believe me, he’s the one who did it, for goodness sake why don’t you believe me!”

Chapter 374

“Good!”

After the scarred man and Li Nan were taken away, the entire waiting hall was reminded of thunderous applause, many of them were passengers who had been waiting for the train overnight and were aware of what had happened before, so they were all very impressed with Lin Ran’s ability to skillfully defuse this one.

The original three to four hour wait for the train was made a little more interesting because of these two incidents. Lin Ran helped Qin Bing check her luggage again, and then it was time to check the tickets.

“I’m off, then! See you again will be after the year!”

Qin Bing was a little reluctant to fall into Lin Ran’s arms, from the time she met at the end of summer to now for New Year’s Eve, she could finally cuddle with Lin Ran as well, although she had only broken through to this level tonight, she was already content.

“Go home in peace, see you after the New Year!”

Lin Ran smiled and embraced Qin Bing into his arms, there were times when he struggled with his feelings, Song Nuan, Qin Bing and Luo Qiqi were the three people surrounding him, making him afraid to reveal his feelings some times for fear of hurting the others.

But at this moment he really didn't want to suppress this emotion of his, perhaps because he felt sorry for Qin Bing, or because he felt guilty, they had experienced too much this night, especially when they fell at Guan Yang Bridge.

At that moment, not only did Lin Ran think through a lot, but Qin Bing also thought through a lot. A person only has the possibility to pursue happiness if they are alive, if their life is gone, what is the point of loving again?

That's why Qin Bing expressed her emotions during these four hours of waiting for the train, and Lin Ran did not gather.

People came and went at the station, and the two were beside each other as if no one was there. The kiss was the beginning of happiness, and the beginning of facing the problems of their own feelings.

“I go! Simply do not let people fire, no God! There's no justice!”

On the side, Wang Yifeng helplessly covered his eyes directly, as a single dog, he was a little heartbroken.

“Damn, I swear, I will find a daughter-in-law next year!”

Wang Yifeng couldn't help but shout, but this shout caused all the surrounding passengers who were preparing to check their tickets to look over, and he immediately looked so red in the face that he just wanted to find a crack in the ground.

Qin Bing was sent off by Lin Ran and Wang Yiming as she stepped on the train home.

Lin Ran never asked what the phrase the day before meant that there were strange people looking for him, he could vaguely guess something in his mind, but he didn't even open his mouth to ask the latter until it came.

.....

The next morning, when Wang Yifeng was still whistling on the first floor of the clinic, Lin Ran had already gotten up and opened the door to the clinic.

He made a cup of tea and quietly sat at the clinic table, looking out at the scene of people coming and going, Lin Ran's state of mind was rarely more peaceful.

Long Tian had run away and should have left Tanjiang City, and his tense string could finally be relaxed.

Qin Bing had gone back home and the clinic was less lively, but luckily there was still Li Zheng and the others, so it was quite cozy.

At half past eight, Li Zheng and the others came to work on time, but to their surprise, Lin Ran had already changed into a white coat, put on a mask and was sitting at the consultation table.

“Today, I am personally sitting in the clinic!”

Lin Ran looked at a kind of puzzled people and smiled.

“Personally sit in the clinic? My god, then I’m afraid the clinic’s business is going to explode today!”

Li Zheng laughed at his words, and Liu Wenjuan followed suit.

“Yes, usually everyone misses you, Director Lin, but you’re too busy and haven’t been sitting in, so I’m afraid many people will come here today.”

“You guys are exaggerating, I am indeed busy, but I will always sit in person whenever I am free, after all, the way of Chinese medicine is my pursuit and belief!”

Lin Ran laughed, he had never forgotten his mission to carry forward the way of Chinese medicine so that the medical skills of his ancestors would not be buried.

At first there weren’t many more patients as usual, but then when people found out that it was Lin Ran himself who was sitting in the clinic today, the number of patients exploded, so many that it was simply staggering, and some people who weren’t sick came over to have Lin Ran take a look and take precautions.

It was a rare situation for a small clinic to have a long queue outside its doors, but it really happened.

At eleven in the morning, the clinic was still full, but the number of people was much less than at the beginning, thanks to Lin Ran’s efficiency, he could see three or four patients a minute.

“No you’re like this, why don’t you go to the hospital and get bandaged up!”

Outside the clinic, a BMW car stopped, a man and a woman walked down from the car, the woman said at the man.

The man waved his hand and looked at the clinic and said.

“What hospital for this small injury, the clinic can just bandage it up!”

“I didn’t see that you were quite good at life!” The woman laughed, but there was a bit of happiness in her eyes.

If Lin Ran was here, he would have recognized that this woman was no other than his first love, Zhao Yu, when he was at Temperance University.

The two of them had fallen out of love after Wang Qiang was taught a good lesson by Lin Ran last time, and Wang Qiang’s family was so big that it was fine to play with Zhao Yu at school, but once he graduated, he couldn’t see her.

But Zhao Yu also has the ability to leave Wang Qiang and then climb the man in front of him, it is said that this man is also the president of a company, as for the size of the company is not as big as the Wang family, but is also at least an old president, say out also quite long face.

However, what Zhao Yu does not know is that this new boyfriend she found is actually also a scumbag, only that he hides it better.

“Let’s take this clinic, it’s quite crowded and should have good medical skills!”

The man said with a smile.

Zhao Yu smiled but frowned slightly, his face became a little ugly and said.

“Can’t you change to another one? I don’t like this clinic!”

The clinic was opened by Lin Ran, and now Lin Ran was a celebrity in the Temperance School, so opening a clinic here was something that almost everyone knew about, and Zhao Yu was naturally no exception.

“What is there to like or dislike about the clinic, let’s go in together, isn’t your father still bedridden, this place looks good, it is possible to pay for the doctor here to have a look!”

The man said.

Zhao Yu smiled at any time a little reluctant, but hearing that he was treating his own father, he had no choice but to nod.

In fact, she had also heard that many of the doctors at Lin Ran’s clinic had jumped over from the Temperance Hospital and were all very skilled in medicine, and had always wanted to come over to find a doctor to see her father, but just because of her relationship with Lin Ran had not come over.

The two of them were talking and laughing, and soon they entered the hospital.

However, there were too many people in front of them, and after only a short while, the man could not hold back any longer and ran straight to the front, shamelessly cutting in line.

However, Lin Ran could not possibly put up with it. With his mask on, he lowered his head to write his prescription, and when his afterimage saw someone cutting the queue, he directly chided.

“Line up at the back!”

The man = waiting in line was a bit angry, plus he had money, he directly said back in a cold voice.

“What queue, and not less than your money, no one else said anything, what do you say, just look at your illness!”

Said the man sitting on his butt in the chair, Lin Ran saw this and put down the pen in his hand, and then raised his head, when he saw the man for an instant, he couldn’t help but smile.

The man sitting in front of him was no other than Li Nan, whom he had met at the train station waiting hall only last night.

Lin Ran slowly sat up and looked at Li Nan, a smile appearing at the corner of his mouth behind his mask as he spoke.

“It’s only been a few hours since we’ve seen each other, but you’ve grown in temper!”

Chapter 375

“Hm?”

Li Nan frowned slightly at his words and couldn't help but take a look at the doctor in front of him, the more he looked at him the more familiar he felt, but the other party had a mask on he couldn't see his cheeks.

"Who are you!"

Li Nan asked with a frown.

"You tell me!"

Lin Ran laughed lightly.

On the side, Zhao Yu stayed very uncomfortable, she knew that this clinic was opened by Lin Ran, just now when she came in and did not see Lin Ran heart is still a little glad, after all, the former meeting also brought the current, that scene think of all feel awkward.

The first time she saw Li Nan in a bad mood, she seemed to know this doctor, and there was a conflict between them.

The thought crossed her mind, so Zhao Yu hurried up and pulled Li Nan's arm and said.

"Forget it, let's change clinics!"

"Forget it? Why should I forget about it? Why should I forget about it when I've paid for a doctor's appointment!"

Li Nan, however, shook off Zhao Yu's arm and then looked at Lin Ran and said in a cold voice.

"Double the consultation fee, see the doctor now!"

"Three times and no look, get out!"

Lin Ran looked at him indifferently and spoke.

"You!"

Li Nan's face turned blue with anger at his words, and he frowned and scolded.

"Kid, don't eat your wine with respect, I came to see a doctor but I spent money!"

He could tell by the haircut and eyebrows of the youth in front of him that the other party could not be too old, and the fact that someone who was probably even younger than himself dared to give him a scowl simply put him on the verge of a fit.

"It's only natural to pay for a visit to the doctor, either go to the back of the queue or you can get lost now!"

Lin Ran said, still blandly.

"Pah!"

Li Nan smiled and immediately slapped his head, he had inserted the queue he was a little uneasy in his own mind, afraid that some insensitive people would look for trouble, although he was not afraid of trouble, but this was after all unethical, in case it caused public anger he would not be able to end it.

So he kept emphasising that he was paying double the consultation fee and didn't mention anything about queue jumping, but this doctor in front of him was talking about queuing up and shutting up, which made him a bit annoyed in his heart.

"Why are you like this doctor, we are in a hurry, people in the queue are not saying anything, why are you still holding on to it!"

Zhao Yu saw the situation and said, at the same time stopped Li Nan, she really did not want things to get too big.

It was not a big deal, as long as the doctor in front of her turned a blind eye and saw the patient, it would be over, but the other party was simply too greasy.

"Yes! I'm just holding on to it. If you don't even know the basic etiquette of being a human being, do you still expect others to respect you?"

Lin Ran said as he stood up from his chair and glanced at the crowd still queuing up, before rushing at the two Zhao Yu.

"People know how to queue up for medical treatment, why can't you guys? Don't people have urgent matters? Or do you think that just because you have a few stinking dollars, you don't want to be above people or something?"

Lin Ran said and finally looked at Li Nan, his voice still calm, but the sarcasm in his words was just as obvious.

"You! Are you finished, we're not watching anymore!"

Zhao Yu's face turned red as she listened and pulled Li Nan to leave, however the latter broke away from her and looked at Lin Ran and said in a cold voice.

"I'm rich, so I'm superior to others! If you don't treat me, you won't be able to see any of the people behind me!"

With that, Li Nan once again sat down on the chair with his buttocks, acting as if he would not get up until he saw the doctor.

Lin Ran looked at him and laughed blandly.

"Are you sure you want to stay seated?"

"Yes! What can you do to me!"

Li Nan said disdainfully, he still didn't believe that this rash young man in front of him and his energy could outsmart himself, he had a company to sit here for ten days and half a month without worrying about money.

But the other side is a clinic, if a day or two without seeing a doctor, I'm afraid it will be closed down.

"Then I hope you can do it peacefully!"

Lin Ran laughed indifferently, following which he removed the mask from his face.

The moment the mask was removed, the people around clearly saw that the faces of both Li Nan and Zhao Yu changed instantly.

The former was filled with horror, while the latter was filled with embarrassment.

“You How is it you!”

Li Nan’s face was filled with shock, he had just sat down firmly in his chair, but at this moment he felt like there were countless nails under his buttocks, making him rush in to stand up.

Last night, he still had a vivid memory of being slapped by Lin Ran, and later on, he brought his own people to look for a fight, and that was the result.

If he hadn’t spent money to find connections in the end, I’m afraid he would still be in the bureau at this time.

“Lin Ran, how How come it’s you!”

On the side, Zhao Yu was also full of surprise, the moment she saw Lin Ran her whole brain just went blank, and it took a few moments before she gradually came to her senses.

“What, you two are surprised to see me?”

Lin Ran said as he looked at the two of them, before turning his head to look at Zhao Yu and saying in a flat tone.

“I didn’t expect you to leave not just school now, but also quality and upbringing! Even something like cutting in line can be done.”

Lin Ran shook his head as he spoke, but his face did not change much, not even a hint of disappointment could be seen.

The more he was like this, the more Zhao Yu’s heart was not feeling good. The two of them had been together in the end, and although she had a purpose in mind at that time, being together was being together, and this could not be changed.

The actual fact is that you can find a lot of people who have been in the business for a long time.

“I

Zhao Yu opened her mouth to explain, but after that she gave up, what kind of status she was now, and what reason did she have to explain this to Lin Ran.

“You guys know each other?”

It is said that men are a lower body animal, Li Nan was originally a little afraid of Lin Ran, afraid that he would strike again to teach you a lesson about yourself.

But when he heard Lin Ran and Zhao Yu’s conversation, the worry in his heart was gradually turned into vigilance, after all, Zhao Yu was now his girlfriend.

“Acquaintance!”

“Know!”

Lin Ran and Zhao Yu said almost simultaneously, which caused the latter’s pretty face to flush with some embarrassment.

However, Lin Ran did not have much of a ripple in his expression as he spoke.

“She’s my ex-girlfriend, congratulations, she’s your girlfriend now!”

“Good to know, it’s better for you to keep your mouth shut about Laozi’s woman!”

Li Nan said smugly at Lin Ran as he wrapped Zhao Yu in his arms.

Lin Ran laughed at this and shook his head, while remembering a scene he saw at the station last night, when Li Nan seemed to be seeing his friend off, only that the passionate kiss between the two when they left was still remembered.

He couldn’t help but glance at Zhao Yu, showing a hint of sympathy. He didn’t expect to leave Wang Shilong to find a new boyfriend who turned out to be a scumbag, and wondered if she was just attracted to such people, or if he was looking for a boyfriend with such a person in mind.

Seeing Lin Ran’s odd face, Li Nan couldn’t help but tighten the Zhao Yu in her arms, before sneering at the former.

“I say, Dr. Lin, if you’re not seeing me, it’s not because of Zhao Yu, is it? Why do you feel uncomfortable seeing her get better with me?”

Chapter 376

“You’re thinking too much.”

Lin Ran said calmly back, and then glanced outside and said.

“Go out if you’re fine, don’t delay me from seeing the doctor!”

After saying that, he was ready to sit back and continue working, however, Li Nan sneered and spoke.

“You are afraid, aren’t you, seeing that Zhao Yu is uncomfortable in my heart for following me, that’s why you are finding some excuse to make me stand in line!”

With that, Li Nan actually drew out a pile of hundred yuan bills directly and shouted at the people still in line behind him.

“As long as you change clinics to see a doctor, each of you can come to me to receive a hundred yuan!”

“What? Collect a hundred yuan!”

“Really!”

Hearing these words, the crowd at the back of the room burst into commotion; most of the people who came here to see the doctor were old men and women.

In those days, it was traditional for them to save money, and even though they had now entered a very affluent society, they still retained this tradition, and when they saw someone offering money for free, they were naturally very excited.

“What are you doing!”

Next to her, Zhao Yu hurriedly came together enough, her face worried Q&A, she really didn't want Li Nan to go up against Lin Ran, the previous Wang Qiang was a good example.

“You stay out of it!”

Li Nan sneered.

At this moment there was already an old man who couldn't resist the temptation of money and ran over, asking.

“Is it really paying?”

“Naturally, it's true, but you'll have to see another clinic!”

Li Nan laughed.

“Fine, no problem!”

The old man nodded repeatedly at his words, and then received a hundred yuan bill handed to him by Li Nan.

“Aiya really give money!”

The old man couldn't tell how excited he was to take the money, as if all the illnesses in his body had been cured, he took the money and left the clinic.

The crowd at the back, who were still watching, could not resist seeing this scene and crowded over one by one. In less than a few minutes, the line that was still waiting to see the doctor became empty.

“Can you see me now! Dr. Lin!”

Li Nan proudly slammed the remaining money in his hand onto the table with a “pop”, and then sat down in his chair once again, seemingly intentionally or unintentionally muttering to himself.

“Hey! It feels so good to have money, you can do whatever you want!”

Lin Ran revealed a disdainful smile when he saw this, while shaking his head, where he didn't understand what this Li Nan was up to.

He was afraid of being beaten by himself before, and this time, he had run into him with his injustice, and didn't dare to use force with himself, so he could only use money to pretend to be rich, a typical villain's move.

But Li Nan liked this, in his opinion, Laozi is not as good as you, so let's change what you are good at to clean you up, aren't you a bully, I'll use money to humiliate you, I can't do it compared to my hands, but I have plenty of money.

“Doctor Lin, see the doctor, what are you still standing there for!”

Li Nan turned his head to look at Lin Ran and smiled smugly, at this moment he couldn't mention how happy he was in his heart.

“No more seeing, you can go now!”

Lin Ran faintly got up, looked at him and said, turning around and taking off the white lab coat he was wearing.

“No more watching? Is this the attitude you should have as a doctor?”

Li Nan couldn't help but sneer at this, the opportunity for revenge had come easily, so how would he let Lin Ran go.

“Is there a problem with my attitude?”

Lin Ran turned to look at Li Nan and asked with a smile.

“Of course there's a problem, a patient comes to see a doctor and you don't see him! What kind of hospital do you run? If you don't have the ability, close down and forget about it, don't waste my time here!”

Li Nan sneered.

Lin Ran smiled at his words but was not angry, and said with a smile.

“Fine, you want to see a doctor, right? The consultation fee is one thousand!”

“One”

When he heard this amount, even Li Nan frowned slightly, he only scratched his skin in the waiting room last night, and the medicine he prescribed was only a dozen dollars at most, but at this moment, Lin Ran proposed a consultation fee of one thousand dollars, this was simply asking for a price.

“Aren't you asking too much, the bruising medicine and wine is only worth a few dollars!”

On the side, Zhao Yu looked with a slight frown and spoke.

“Is it too high? I personally blended this medicinal wine, I think it's worth this price, you can go to someone else's house if you think it's too expensive!”

Lin Ran laughed lightly, he just didn't want to show it to Li Nan, just this kind of scum had one thing on the surface and one thing behind it, he didn't have any semblance of good feeling at all except disgust.

Especially when he thought of this guy kissing another woman last night while Zhao Yu was still kept in the dark, this was simply typical scum behaviour.

“It's not expensive! It's just a thousand dollars, I'll watch it! Who made me rich? Consider it a subsidy for poor children in the mountains!”

Li Nan said with a smile as he got up, a thousand yuan was really nothing to him, at this moment, he was still willing to spend this money in order to completely trample Lin Ran under his feet.

“Boss is quick!”

Lin Ran smiled at his words.

Li Nan also laughed along with him.

“Since you know that I’m cool, then why don’t you hurry up and give me the treatment!”

Li Nan dejectedly said, while doing it again, with the look of an old man with money being a master.

Lin Ran looked at him and smiled, then shouted at the inside.

“Li Zheng, come and apply some bruising medicine to this patient, the consultation fee is one thousand!”

“A thousand? Brother Ran, you’re not kidding! A thousand consultation fees for bruising medicine, this” |Lee

Li Zheng happened to come out from inside and was shocked to hear Lin Ran’s words.

However, before Li Zheng could come over, inside followed by another voice coming from inside.

“I cao a thousand to apply the bruising medicine? Such a good thing must be done by Fat Master me personally!”

With those words, a fat figure inside came running over, yet when Wang Yifeng ran out from inside and saw Li Nan, he couldn’t help but laugh.

“My Cao, how is it this kid, the fool who went out to see a thousand patients wouldn’t be you!”

“Damn fatty, it’s me, now I’m a guest, pay attention to what you say!”

He was a guest at the moment and was sure that Wang Yifeng wouldn’t dare to do anything to him, otherwise if word of this got out, the reputation of their clinic would be greatly damaged.

“This is how I behave, I want to apply medicine, I’ll serve you!”

As soon as Wang Yifeng picked up the bruising wine next to him, he followed and reached Li Nan, breaking the latter’s head over, picking up the medicine and starting to touch it without any further ado.

“Hey hey! What are you doing! I don’t want you to apply it!”

Li Nan was busy saying, however Wang Yifeng was not listening to him at all, and in three strokes he touched the bruising wine all over his entire face, and then put the medicinal wine on the table and laughed.

“Come on boss, pay up!”

“You!”

Li Nan was so angry that he almost didn’t smoke, he had wanted to spend a thousand yuan to let Lin Ran serve himself so that he could rub or sharpen his anger and get back the scene at the same time, but who knew that somehow a fat man would rush out and wipe the medicine away, what was this all about.

“What? You want to renege on your debt? You are afraid that you miss the fist of the fat master me again!”

Seeing Li Nan’s ugly face and not saying anything, Wang Yifeng immediately scolded.

“You!”

This time Li Nan was completely wilted, he could still pretend to spend money to beat his face, but if it came to fighting, I’m afraid ten of him would not be a match for one Wang Yifeng.

“Give, give, give!”

Li Nan’s face was ugly as he drew out a thousand dollars and put it on the table, with anger in his eyes, originally a good thing who knew that Lin Ran was coming up with a golden cicada, not only ran away from himself but also pitted him.

“Boss, take care!”

Wang Yifeng counted the money and was pleased with himself, he had made a thousand dollars just by wiping it up, this was really cool.

Looking at Wang Yifeng and Lin Ran and the others standing around talking and laughing, Li Nan became even angrier in his heart, and immediately gritted his teeth and shouted.

“Lin Ran, I need you to go out with me, the patient is Zhao Yu’s father, you dare to go!”

Chapter 377

“No go! Why should I?”

Before Lin Ran could say anything, Wang Yifeng, who was counting his money next to him, directly spoke back.

“I didn’t ask you!”

Li Nan glared at him with an ugly face and turned to look at Lin Ran.

“Zhao Yu is also your ex-girlfriend anyway, although you two have separated, but his father is now bedridden, so you refuse to even go and see him?”

Said Li Nan, revealing a cold smile and saying grimly.

“Or is it that you can never get over Zhao Yu and seeing her with me makes it hard in your heart so you don’t want to go?”

Hearing Li Nan’s words, Zhao Yu at the side couldn’t help but tense up, she actually wanted to know what kind of position she was in in Lin Ran’s heart right now.

“Unbearable? You’re afraid you’re a fool!”

To the side, Wang Yifeng placed the counted money on the table and looked at Li Nan and laughed.

“This kid is surrounded by beautiful women every day, each of them throwing themselves at him and sending him hugs, just last night he even shamelessly gave me dog food and kissed a beautiful woman passionately, you say he is uncomfortable, he is afraid he is living a better life than you!”

“Go! Go play aside!”

Lin Ran glared at him, at this moment, the clinic was crowded with people, so I’m afraid that Wang Yifeng would have to explain himself later.

If he explained clearly, he would be beaten up by Song Nuan and Luo Qiqi at most, but if he didn’t, I’m afraid he would have to prepare a coffin.

“Lin Ran!”

Suddenly, Zhao Yu, who was standing at a distance, spoke up, she had a difficult look on her face, but she also seemed to have made up her mind somehow and spoke.

“I know I was wrong about what happened before, but my father is really in a bad situation right now, if you can help go and take a look, I, Zhao Yu, am willing to be a cow for you”

“Stop!”

Zhao Yu didn’t finish a sentence before she was interrupted by Li Nan on the side, the latter embraced her into his arms, and then with a smug look in his eyes, he looked at Lin Ran and said.

“You go and see, I’ll pay, as for her being a cow and a horse you don’t think about it, you can’t make me spit out the woman that’s in Laozi’s hands!”

“O? Yeah? That’s not guaranteed, maybe sometimes she wants to run away herself!”

Lin Ran sneered, glancing at Wang Yifeng who happened to be making a pouting gesture, which caused Li Nan’s face to sink as he watched.

“What did you say! Cut the crap and just say whether you’re going or not!”

Li Nan coldly scolded, his heart vaguely worried, last night he sent his little honey away to drink some wine, in the waiting room did not hold back and nibbled, this matter is afraid that the two Lin Ran saw in the eyes.

“Lin Ran!”

Zhao Yu looked at Lin Ran worriedly, with longing on her face.

If she was afraid of embarrassment before she didn’t come to Lin Ran, then at this point since she was already too embarrassed to be embarrassed, she simply gave up, as long as she could treat her father, even if she was embarrassed she could endure it.

People are like that, they hesitate when something doesn’t start, but once it does start, they are willing to go out of their way.

“Yes!”

Lin Ran smiled and nodded his head.

Even if the other party was Zhao Yu, he still followed his heart, he couldn't watch Zhao Yu care so much about his father and still be indifferent.

As for Li Nan's provocation, he didn't care at all, he really didn't even bother to say a word to such people who didn't know their own surname or name when they had two stinking dollars.

"Yes! Count on you to carry the handle, let's go Dr. Lin my car is right outside!"

Li Nan smiled smugly, followed by taking out the car keys, and deliberately waved the badge in front of Lin Ran, it was a BMW.

"No need, I have my own car!"

Lin Ran said indifferently, and then went to the car keys while admonishing Li Zheng and Wang Yifeng for a few words, and then walked out of the clinic.

Li Nan seemed to be waiting for Lin Ran to go out, and when he saw this, he hurriedly followed him.

At the door, next to a black SUV, Lin Ran opened the door, signalling that Li Nan and the others were ready to go.

However, Li Nan was in no hurry again at this point, his eyes glancing left and right at the car, and then he couldn't help but laugh.

"I say, Dr. Lin, doesn't it bother you to drive this car? And the paint is almost finished, those who don't know will think it's a car that's about to be scrapped!"

"What's it to do with you?"

Lin Ran said indifferently.

"It's definitely related, your car is in such a state of disrepair, and you're going out with me to see a doctor, if something happens to the car in the middle of the road, it's not a big deal if you bump into it, but if there's a car accident, who's going to take the blame?"

"Stop it!"

Zhao Yu said, but Li Nan did not listen to her at all, and waved his hand in a righteous manner.

"Why not, I'm doing this for Dr. Lin's safety, why don't you take my car?"

Li Nan said and pressed the key, followed by a rose-red BMW in front of him then flashed twice, as if to show off look at the old me is a BMW, where is yours? Broken off-road.

"Drip!"

Just as Lin Ran was about to open his mouth to refuse, suddenly, two loud and clear horn blasts sounded, followed by a Porsche driving over from afar.

"Hey hey! Get out of the way Porsche! It's very expensive!"

Seeing the Porsche, Li Nan was busy greeting Zhao Yu to dodge it, and then seeing Lin Ran still standing in place, don't sneer.

“Dr. Lin, I advise you to hurry up and move the car away, just this car Porsche, if accidentally rubbed, I’m afraid you can’t even afford to pay for this clinic if you sell it!”

Is talking, the Porsche is actually really rushing to the clinic’s location, and it seems good is looking at the parking space in front of Lin Ran SUV.

“Haha! This is great, the luxury car is parked in front, do you still have the guts to drive your SUV out?”

Li Nan couldn’t help but laugh, the broken off-road and Porsche were simply worlds apart, touching it I’m afraid you’d have to sell the off-road car to be able to afford it, in his opinion Lin Ran a poor doctor, it was good enough to have a car, if he really touched it with the Porsche, I’m afraid the clinic wouldn’t even be able to sell it to be able to afford it.

“It’s my car that’s parked in front of me, why are you so nervous?”

Lin Ran looked at Li Nan and smiled blandly.

Li Nan was stunned at his words and couldn’t help but feel a moment of embarrassment, just as he wanted to open his mouth to dislike him, suddenly the Porsche’s door opened, followed by two silhouettes jumping down from the car.

“They”

Seeing these two people, Zhao Yu immediately felt her cheeks burning, some hot and spicy feeling, although she didn’t open her mouth before, she was also somewhat looking down on Lin Ran for this broken off-road, however, at this moment, the person who came down from the Porsche was actually none other than Lin Ran’s current scandalous girlfriend, Song Nuan.

“Holy shit! Two of the best! If I can pick up one, it’s worth it even if I go bankrupt immediately!”

As he looked at Song Nuan and Luo Qiqi, Li Nan’s evil fire flared up, his two eyes glazed over and his mouth almost watered.

However, the next moment, he looked even more surprised, only to see that the two beauties came down and did not go to the clinic, but instead walked towards him.

“Hi beauties, my name is”

Looking at the two beauties getting closer and closer, Li Nan couldn’t help but to introduce himself.

However, the two beauties didn’t even look at him and walked straight past him, before stopping in front of Lin Ran.

One of them even gave Lin Ran a very intimate scrape on the tip of his nose and spoke.

“You didn’t tell us even after Sister Qin Bing left, the car is returned to you, we need to help out at the clinic this afternoon!”

“The car... Give it back to you? Return... Recognize!”

Seeing this scene, Li Nan’s entire body was suddenly confused, and the evil fire was immediately suppressed by the hot feeling on his cheeks.

Chapter 378

“She’s in a hurry so it’s rather urgent!”

Lin Ran said with a smile.

While the two Song Nuan nodded at his words, Luo Qiqi was curious and looked at the two Li Nan and asked.

“Who are these two people, you’re going out with them?”

“Well! Going out to the clinic.”

Lin Ran nodded, but Song Nuan was looking stunned, she knew Zhao Yu at this time seeing the latter couldn’t help but frown slightly.

“Well... It’s been a long time!”

Zhao Yu also recognised Song Nuan, her face as awkward as it could be.

“You know them?”

Li Nan asked with glowing eyes, he was worried that he didn’t have the chance to befriend the two beauties, but he didn’t think that his girlfriend actually knew them, it was like God was helping him.

“I know them, classmates!”

Zhao Yu returned awkwardly.

“Haha, it’s a classmate, I’m Zhao Yu’s boyfriend, my name is Li”

Li Nan then the topic rushed to do self-introduction, however Luo Qiqi and Song Nuan is simply not interested, before he finished his words, turned his head to look at Lin Ran, Luo Qiqi was very dissatisfied said.

“Just now when I came over to the car I was driving, I don’t know whose BMW suddenly flashed, causing me to almost use the accelerator as a brake, it really pissed me off, a broken BMW still flashed quite blindingly!”

“Eh!”

Hearing this, Lin Ran couldn’t help but be stunned, while the distant Li Nan hurriedly put away the car keys, the BMW that flashed just now was not his, and it was he himself who pressed the keys.

“That, this might be a misunderstanding!”

Li Nan said awkwardly.

“Misunderstanding? What misunderstanding? If the Porsche crashed, can you afford to pay for it? Luckily it’s not mine!”

Luo Qiqi laughed, followed by throwing the car keys to Lin Ran and pulling Song Nuan to laugh.

“Sister Nuan let’s go inside, he’ll be back later anyway!”

“Mmm!”

Song Nuan nodded, followed by the two of them smiling at Lin Ran and then swirled into the clinic.

Lin Ran shook his head helplessly and was ready to get into his car to go to the clinic, but only when he looked up did he see that Li Nan was frozen in place, staring blankly at the direction the two Song Nuan had left, his eyes nearly tuned out in awe, and his saliva was even dripping.

“Have you seen enough!”

On the side, Zhao Yu also couldn't look at it anymore, directly twisting on Li Nan's waist, followed by huffing and puffing towards the BMW.

“Eh! That, that you follow well! Don't lose him.”

Li Nan's old face turned red and he was busy running towards his BMW.

Lin Ran saw this and couldn't help but shout.

“Or else be mine, doesn't it hurt to sit in a BMW?”

“I ...”

Li Nan heard his face red, just now he was laughing at people's cars rubbish, but in the blink of an eye his own BMW car became equally rubbish, people turned out to have Porsche, which made his face feel hot and hot.

“He has such a nice car, why didn't you say so earlier, making me look like a fool just now!”

As soon as he got into the car, Li Nan couldn't help but complain.

“I know so well, and it's not like you've been enjoying showing off for a day or two!”

Zhao Yu said accusingly.

“Don't you like to show off too, you even blew with your friends last time.”

Li Nan couldn't help but retort, but Zhao Yu was unable to hear any more and hurriedly opened his mouth and shouted.

“Well, hurry up and drive!”

.....

The condition of Zhao Yu's family has been mentioned before, and Lin Ran's family is actually similar, both children from the countryside, but the good thing is that people are women, while Lin Ran is a man.

The first time you pursue Zhao Yu in order to please her, Li Nan even took out one of his properties and let Zhao Yu live there. Later, Zhao Yu's father became ill and came to see a doctor in Tanjiang City, and he could not see out of the hospital and simply lived in Zhao Yu.

This is a pretty good neighborhood, although not as upscale as a villa area, but also a lot more upscale than the average neighborhood.

Lin Ran parked his car and took a look at the community and found that it was a community that was a bit like a villa area, but different from it.

The houses in the district belonged to a mixture of high-rise and villa buildings, and this house that Li Nan had bought belonged to the villa type, but was within the buildings of the high-rise district.

“This house is not bad, right? It cost more than four million!”

As soon as he got out of the car, Li Nan blew up about his house, as if he was afraid that Lin Ran wouldn't be able to tell him how rich he was, and at the same time, he was also hinting to Lin Ran that a Porsche only cost how much, and that I could buy several of them with one house.

“Yeah.”

Lin Ran smiled blandly, not bothering to pay attention to him, and immediately followed Zhao Yu into the room.

The more he did this, the more the fire in Li Nan's heart grew,.

“Humph! Let's see how long you can pretend, sooner or later, I will trample you under my feet!”

Li Nan snorted coldly, following before entering the room.

The room was empty, and it was only after the three arrived in the living room that a middle-aged woman's voice came from the first floor.

“You're back, Mr Li, these two are your friends, right!”

Lin Ran looked up and found that it was a middle-aged woman in an apron, just over forty years old, not Zhao Yu's mother.

“Yes.”

Li Nan returned in a salty voice, but it was Zhao Yu who was busy asking.

“Aunt Li, where is my mother?”

Aunt Li was the nanny here, and the one Li Nan paid to look after.

“Your mother has gone to buy vegetables! She said the food I bought was too expensive, so she went by herself, she should be back soon!”

Aunt Li laughed.

Zhao Yu smiled but was a little embarrassed, her mother was used to being frugal, and this was something she couldn't change.

Li Nan heard a slight frown and spoke.

“Aunt Li, you go ahead and get busy, I still have something to do with my friend!”

“Good!”

Aunt Li didn't dare to ask too many questions and immediately went about her business.

Li Nan turned his head to look at Lin Ran with a cold smile on the corner of his mouth and said.

“Doctor Lin, then please, Zhao Yu’s father is on the first floor!”

“That’s fine.”

Lin Ran smiled and nodded, and instantly a group of people went up to the first floor.

.....

At the main entrance, a brightly dressed middle-aged woman carried a basket of vegetables and smiled as she walked.

“The price of this vegetable cut is really low today!”

Said the woman, not to mention touching the clothes on her body, with a happy look in her eyes.

“Hey, it’s my daughter who has the ability to find this aunt who is not only rich but also generous, so I can also enjoy the blessing of being a mother in the future!”

The middle-aged woman was none other than Zhao Yu’s mother.

“Huh? The aunt has bought another car? Is it for Yul again?”

Looking at the two cars parked in front of the house, Zhao Yu’s mother could not help but reveal a satisfied smile, although she had never seen anything in the world, she knew just by looking at the shape of the cars that they must be worth a lot of money.

With this in mind, Zhao Yu’s mother hurried back home.

....

In a room on the first floor, Lin Ran was frowning as he took the pulse of the patient on the hospital bed in front of him.

The person lying on the bed is none other than Zhao Yu’s father, a middle-aged man in his forties, with white hair and wrinkles on his face, a crop duster who has worked all his life.

At this moment, his brow was furrowed and his face was very pale, and there were even signs of dryness and cracks on his lips.

“Called the little divine doctor of Temperance City, right? I want to see how much you are capable of today.”

Li Nan stood by the side with a cold smile on the corner of his mouth, he had just heard Zhao Yu mention on the road that he had learned that Lin Ran was actually the Little God Doctor of Tanjiang City, which made him feel even more upset.

But at the same time, he was also a bit happy.

Zhao Yu’s father’s illness had been seen by many experts in Tanjiang City, and he didn’t want to believe that a young boy who had just graduated could cure it.

“Just because you’re good doesn’t mean you’re good at medicine, I’m going to bring you into disrepute today!”

Chapter 379

“Phew!”

Half a long time later, Lin Ran sent his palm away, and instead of a relieved expression, his face was tinged with a hint of anger.

“How about it little divine doctor, have you seen the doorway?”

Li Nan looked at Lin Ran and spoke with a cold smile.

“What’s a doorway? I don’t look at doorways, I only look at diseases!”

Lin Ran’s voice was light as he replied back to him, then he turned his head to look at Zhao Yu.

“What has your father been eating in the last few days!”

“Huh?”

Zhao Yu was stunned at his words, and then said as he busily thought about it.

“Nothing much, just some home-cooked food, but he has been eating a lot of meat lately!”

Speaking here, Zhao Yu was a little embarrassed and said.

“As you know, my parents have been poor all their lives, so they can’t afford to come to me for a few days to enjoy the blessings, so they eat a lot of tonic!”

“That’s right!”

Lin Ran nodded at his words, having already roughly judged the cause of the condition.

“Wait! It’s right to ask what was eaten? Although Little Divine Doctor Zhao Yu and I are amateurs, but this is too unreliable of you to look at the illness!”

Li Nan said as he actually took out his mobile phone and took a picture of Lin Ran.

“It’s an internet society now, if you’re looking at doctors like this then I’ll have to expose you, what a little miracle doctor in Tanjiang City, I’m afraid you’re a fraud with a vain name!”

“Li Nan what are you doing!”

Zhao Yu saw the situation and was busy blocking.

“You spread out, is there such a doctor, ask what to eat and you’re done? Are you really stupid, or do you still have him in mind!”

Li Nan asked with a sullen face.

“You bastard!”

Zhao Yu was so angry at his words that he turned blue and raised his hand to hit, but she stopped just as her palm was raised.

“You hit it! Everything you have now is fucking given to you by me, try hitting it if you dare, I’ll let you and your parents get out of here now!”

Li Nan said coldly, his face full of fierce, in his heart Zhao Yu is just a plaything, now give her everything, when he is tired of waving his hand can take it back, Prince Charming and Cinderella story that is only a fairy tale, at least in his Li Nan can not exist.

“Li Nan you!”

Zhao Yu was so angry that tears flowed down her face, but at that moment, the door of the room was pushed open from the outside, followed by a middle-aged woman who walked in with her head in her hands, it was Zhao Yu’s mother.

“I didn’t disturb you, did I hear the nanny say that the aunt found a doctor to see her? How did it go?”

Zhao Yu’s mother asked in a soft voice, which made Zhao Yu’s heart sink and she hurriedly turned her head to wipe away her tears.

“Mum! Let’s talk outside!”

Zhao Yu didn’t pay any attention to Li Nan and turned around to pull her mother out of the room, Lin Ran gave a faint glance at Li Nan and followed suit.

“You guys!”

Li Nan’s face turned blue with anger at the situation, so she had to follow him out as well.

“How is your father anyway?”

In the living room, as soon as Lin Ran came out, he heard Zhao Yu’s mother asking there.

“I don’t know, Lin Ran has only just seen it, he just asked what father had eaten recently!”

Zhao Yu replied busily.

“Lin Ran? Why does that name sound so familiar!”

Zhao Yu’s mother did not frown slightly, then saw Lin Ran come out from inside, immediately remembered what, pointed to Lin Ran question and answer.

“You You’re the boyfriend that Xiao Yu talked to in college? That Lin Ran?”

“Uh”

Lin Ran heard a moment of embarrassment, but still nodded, the truth was the truth and he wouldn’t deny it.

“You’re even a doctor now, impressive! By the way which hospital are you working in now?”

Zhao Yu’s mother suddenly asked, which made Lin Ran listen to a moment of surprise, wasn’t he just asking about his condition, why did he suddenly bring it up to his work.

“I don’t work in a hospital, I work in a clinic.”

Puzzled in his heart, Lin Ran still smiled and said back.

“A clinic!”

Zhao Yu’s mother seemed a little disappointed at his words, frowning and shaking her head.

“A clinic is no good, there is no future, young man you are a boy, you have to work hard and struggle, otherwise when will you be able to afford such a big house!”

As he was talking, Li Nan came out of the room and smiled at his words.

“Yes, but auntie this house is not something you can afford just by struggling hard, some people may not be able to afford it even after a lifetime of struggling!”

“You’re right about that!”

Zhao Yu’s mother nodded her head in agreement, while looking at her son and daughter on the side with a smile on her face and said.

“I don’t know what good thing our little Yu did in her last life to find such a good man like you in this life!”

Speaking here, Zhao Yu’s mother seemed to feel a bit sorry for Lin Ran and was busy laughing.

“Thank you too, for helping our Xiaoyu in college, but this fate is so wonderful, now you can still be friends, I’m happy for Xiaoyu too!”

“Fate?”

Lin Ran wanted to laugh when he heard this, I’m afraid that having money can be destiny with anyone, and without money destiny can turn into inappropriateness, he had seen through all this long ago.

“Haha, yes! I have to thank you for Zhao Yu too!”

He had been holding back for half a day without finding a place to hit Lin Ran in the face, but he didn’t think it was Zhao Yu’s mother who had pointed it out.

“That’s enough! What are you talking about? Lin Ran is here to see his father!”

Zhao Yu’s eyes were red and she opened her mouth to scold, if she hadn’t had Li Nan’s words in the room earlier, she would have believed that the latter was a good man, but at this moment she couldn’t believe it anymore, the more her mother liked Li Nan, the harder it became in her heart.

“Yes, yes! Come to see a doctor! Then what’s wrong with Lin Ran Xiaoyu’s father?”

Zhao Yu’s mother reacted and hurriedly asked.

Lin Ran smiled lightly, not angry about what happened before, and spoke.

“It’s not a big deal, it’s just that the nutrition was too much all of a sudden, and the patient was a bit unable to adapt!”

“Too much nutrition? What kind of illness is this?”

Zhao Yu’s mother wondered, but Li Nan at the side seized the opportunity to sneer directly.

“Little miracle doctor, why do I hear something in your words? A few good meals and you’re over-supplementing, do you mean uncle is only fit to eat bran? Or does it mean that uncle is a poor fortune teller for life and can’t enjoy happiness?”

“Huh! That’s not right!”

Zhao Yu’s mother said, and at the same time the look on Lin Ran’s face became a little colder, she had never heard of this disease.

“Lin Ran are you sure there is such a disease?”

Zhao Yu said with a worried face, she had heard of Lin Ran’s deeds, so she still had a little faith in him.

“I’m sure!”

Lin Ran nodded his head.

“Sure? You’re really big on words, eating too much and still being sick, so are you going to say next that this illness doesn’t need to be taken care of and that you’ll wake up on your own after resting for a few days until the nutrients have been absorbed?”

Li Nan said gloomily beside him again, hearing Zhao Yu’s mother couldn’t help but blush a little more ugly.

“Theoretically speaking it is indeed true!”

Lin Ran laughed, following then adding.

“But I don’t recommend waiting, so I can let the patient wake up immediately!”

“Immediate awakening? With just you? What if you can’t do that!”

Li Nan’s eyes narrowed slightly, with an expression that was just waiting for Lin Ran to take the bait.

“If you’re not sure, you can do it yourself, so why call me?”

Lin Ran laughed indifferently and followed, turning around to leave.

“You!”

Seeing this, Li Nan’s face turned blue with anger and he said.

“You’re not going to run away if you can’t be cured, are you!”

Lin Ran stopped in his tracks at his words and turned his head to look at Li Nan.

“It’s not up to you to run or not, if I revive the patient, what do you say?”

Li Nan smiled and spoke directly without thinking and sneered.

“If you can make the patient wake up, I’ll jump straight down from the first floor!”

“But if you can’t cure him, you’ll have to admit to Laozi’s mobile phone, in public, that you’re a liar! The name of the little miracle doctor in Tamkang City is all a lie!”

“How dare you?”

Lin Ran smiled blandly at his words.

“Why wouldn’t you dare!”

Chapter 380

“Yes! Got guts!”

Li Nan clapped his hands at his words with a smug look on his face, as if he had already eaten up Lin Ran.

“Then please, Little Divine Doctor!”

“I’m available anytime, but I advise you to hurry up and get ready.”

Lin Ran laughed.

“Prepare for what? You can’t really cure waking up, haha

Li Nan laughed and leaned forward and back, not putting Lin Ran in his eyes at all, moreover expecting him to be bluffing.

The experts who treated Zhao Yu’s father before, which one is not a famous one in Tanjiang City, they are all helpless, let alone this hairy kid in front of him who is only in his early twenties?

“In that case, let’s go!”

Lin Jean was too lazy to say more, and immediately stepped back into the room, Zhao Yu and the rest of the party followed.

“Let’s get started little divine doctor, let’s all see how you can cure him!”

Li Nan said in a sinister manner, while he couldn’t help but lick his lips, as if he was looking forward to the embarrassment of Lin Ran’s failure to cure him later.

In response, Lin Ran didn’t care, turning his head and saying.

“I need a basin!”

“Good!”

Zhao Yu sniffed and ran to bring the basin and handed it to him.

Lin Ran placed the basin to one side and then raised his hand and stuck it around the patient’s throat, a scene that made both Zhao Yu and his mother nervous.

“Lin Ran, you You be careful!”

Zhao Yu couldn’t help but open her mouth to remind, the throat is one of the most vulnerable places of a person, and it was her father who was lying on the bed at this time, how could she not be nervous.

“Humph! I’d like to see how you can cure him!”

Li Nan coldly snorted and directly took out his mobile phone and filmed it, as long as Lin Ran would be helpless later then his evidence would be in hand, and when he turned around, as long as he put it on the internet, this little miracle doctor’s reputation would come to an end.

He might even become a rat in the street, and everyone would shout at him.

“Haha!”

Thinking of this, Li Nan couldn’t help but laugh out loud.

“What are you laughing at! Can’t you be quiet!”

On the side, Zhao Yu chided coldly, she and her own mother were worried to death, Li Nan actually had the mood to laugh, this was simply too ironic.

“Okay, okay, he is also happy for us!”

On the side, Zhao Yu’s mother even persuaded her, her daughter had easily found a golden tortoise son-in-law, she didn’t want to see any conflict between the two, in case this golden tortoise son-in-law ran away again, then she must regret to death.

Zhao Yu looked at her mother and did not say anything, but her heart was a little sour.

By the bedside, Lin Ran didn’t bother with the movement behind him and stuck himself in the patient’s throat, while his other hand kept squeezing the patient’s abdomen as if he was trying to squeeze something out.

And as he continued to move faster and faster, the patient’s expression soon became painful, his brow tightening every now and then, as if he wanted to vomit.

“Dad!”

Seeing this, Zhao Yu’s extremely mother couldn’t help but have a happy face, her brow furrowed which meant that she was about to wake up, although it was a very uncomfortable expression, it was at least a sign of wanting to wake up, which made them undoubtedly very excited.

“Hmm?”

Li Nan also noticed this and couldn’t help but frown slightly, muttering in his heart.

“This kid shouldn’t really be able to toss the old man back to sleep!”

With some drumming in his heart, Li Nan immediately chided.

“Stop it! You want to toss someone to death! You’re not here to remove his bones!”

Lin Ran didn’t pay any attention to him, this was a crucial moment in the treatment, he had no time to worry about Li Nan behind him.

“Didn’t I tell you to stop!”

At the same time, he also noticed that the old man's mouth had vaguely started to open and close, as if he wanted to speak, which made him even more nervous, if the old man woke up, then he would have to jump from the first floor.

Thinking of this, Li Nan could no longer hold back and instantly rushed towards Lin Ran, cursing under his breath.

"Laozi told you to stop, do you want to toss the old man to death!"

With that Li Nan was about to tug at Lin Ran's arm, however at that moment, or turned back with a fierce and gloomy face and rushed to say in a cold voice.

"Get lost!"

"You!"

Li Nan was so angry that his face was so blue that it could almost drip out of water, but remembering Lin Ran's skill from before, he couldn't help but shiver in his heart and didn't know what to do for a moment.

Lin Ran turned his head and continued his treatment. Seeing that the old man's eyes on the hospital bed were starting to roll under his eyelids and would wake up at any moment, Li Nan couldn't hold back any longer, he would rather be slapped by Lin Jean than jumping from the first floor.

After all, a slap would hurt for a day at most, but if he jumped from the first floor, he would have to be hospitalized for 10 days and half a month.

Thinking of this, Li Nan clenched his teeth and stomped his foot, and went to pull Lin Ran's arm, but at that moment, a black shadow lifted up from the ground, followed by a huge force that smashed directly into Li Nan's chest.

A scream was heard, and Li Nan flew backwards.

"Bang!" There was a loud bang, followed by the sound of breaking glass.

Lin Ran turned his head to look and couldn't help but be shocked by his own kick, only to see that Li Nan's whole body was stuck in the window at a forty-five degree angle, with his buttocks facing outwards and his head facing inwards.

The glass of the window had already broken all over the place, and some of the remaining glass fragments had even cut his trousers, and even cut the skin in a few places, with blood seeping out continuously.

"Ah! My butt, my butt!"

Li Nan's face was pale and his forehead was sweating, his whole body was stuck on the window and he didn't dare to move, as soon as he moved the glass fragments stuck deeper, causing him to scream in pain.

"Don't move if you don't want your ass to be ruined!"

Lin Ran said in a cold voice.

“You!”

Li Nan was so angry that his nose was crooked, but he could only do as he was told, as even talking at this point could cause severe pain in his buttocks.

Lin Ran turned his head away and didn't pay any attention to him, while Zhao Yu and her mother and daughter had no choice but to wait patiently.

At that moment, Lin Ran suddenly lifted the patient up from the bed, followed by aiming his head at the basin under the bed.

“Poof!”

The next moment, only to see the patient vomit out a large cloud of white sticky liquid for a good three or four minutes before he lay back on the bed again, and by now the patient had completely woken up.

“I ... Where am I!”

The patient's voice was dull.

“Dad, at my house, it's Yu!”

Zhao Yu was busy running over, and her mother rushed over to follow.

“The patient is fine, but her body is still a bit weak and needs to recuperate!”

Lin Ran reminded, followed by getting up to make way and then walking over towards Li Nan.

“Hurry! Quickly put me down!”

When he saw Lin Ran, Li Nan said as if he had seen a saviour.

However, Lin Ran looked at him but smiled blandly, followed by a shake of his head and said.

“It's so much trouble to put you down, I'd rather just send you down!”

“Sh... What do you mean!”

Li Nan's face suddenly went pale, remembering what he had bet earlier that if Lin Ran cured Zhao Yu's father, he would jump from the first floor.

“No No, Dr. Lin, I was joking with you, how could I not believe in your medical skills, you are too kind to forgive, don't”

Before Li Nan could finish a sentence, he was interrupted by Lin Ran.

“Sorry, I can take it seriously!”

With that said, Lin Ran lifted his foot and rushed at Li Nan's chest.

“Ah! Ao!”

Li Nan let out a terrified scream, followed by his entire body directly fainting.
