

Wonder Doctor

Chapter 391

“How dare you fucking talk tough!”

Wang Yifeng saw this and lifted his foot towards Li Nan’s arm and kicked it. This guy didn’t know whether it was intentional or accidental, but he stepped on just the arm where the latter’s bone was broken, which immediately caused him to turn white into water and almost didn’t faint.

“Come on! Keep stepping on it! He’s still scum even if you get me killed today!”

Li Nan continued to shout.

Lin Ran shook his head at this, how could he care about Li Nan’s words when he didn’t even know what to do about his own emotional problems instead.

“Stop it!”

Suddenly, Song Nuan behind him was the one who spoke up.

She suddenly opened her mouth and instantly drew everyone’s attention, especially Zhao Yu.

Looking at Song Nuan’s cold face, Zhao Yu didn’t know what to say for a moment, she knew that Lin Ran and Song Nuan were now in the midst of a scandal, and she didn’t know what kind of relationship the two had, but it was likely that they were boyfriend and girlfriend, just like the rumours.

“Big Sister, what are you doing?”

Wang Yifeng saw this and wondered, Song Nuan usually behaved like a good girl, it was hard to imagine that such a gentle woman would actually get feisty.

Song Nuan ignored Wang Yifei and handed Zhao Yu to Luo Qiqi, followed by walking next to Lin Ran, looked at Li Nan lying on the ground and coldly scolded.

“Who are you to say he’s scum, are you comparable to him?”

“The same are exes, what has he done? And what have you done?”

“Haha! So you’re the one who’s the real deal, what! Just said that girl is his girlfriend, you’re jealous?”

Li Nan laughed coldly as he lay on the ground, but there was something in his heart that didn’t feel good, by now there were people fighting for Lin Ran, but what about him? No one dared to come forward to help him as he lay on the ground.

“Jealous? You’re pathetic!”

Song Nuan saw through Li Nan’s mind with a glance and spoke.

“Originally, you at least had someone who never left you, but you hurt her yourself and even used her to blackmail Lin Ran, an ex like you is simply too scum to even fit in the bin, not even the recycling bin will take you!”

“What about it! I have plenty of money, women are just playthings for me!”

Li Nan sneered, a Zhao Yu he did not even put in his eyes, heart that is not to mention.

“You’re pathetic!”

Song Nuan shook his head and said.

“I’m pathetic? At least I have money, what do you have? You’re just one of his many women, to put it bluntly I think you’re the most pathetic!”

Li Nan sneered, he couldn’t beat Lin Ran, but so what, he could still make his life miserable.

“Stupidity at its finest!”

Song Nuan said in a cold voice, followed by pointing at Luo Qiqi and the others behind him.

“We do all like him, so what! Liking him means he’s good enough, at least he’s not like you who would stab his girlfriend in the back!”

“Then I’ll testify to that, our Ranzi at least doesn’t do one thing on the surface and another behind his back, I saw you with my own eyes at the train station that night, you were chewing on each other with a pussy there, and in the blink of an eye you became Zhao Yu’s boyfriend the next day, you’re a real fucking slag!”

Wang Yifeng said from the side.

Song Nuan sniffed and gave him a look, following up.

“People are good enough so that they can attract others, he at least didn’t have everyone to mess with, everyone to stay, everyone to want to have for himself, that’s the difference between you and him!”

Song Nuan said and gave Lin Ran a meaningful glance, the latter’s heart sank, the bitterness in his heart had someone who could understand it, which made him very relieved.

“You’re scum, and he’s just a young man who hasn’t seen his future clearly yet!”

Saying this, Song Nuan turned around and went back to Luo Qiqi.

Lin Ran couldn’t help but feel sad in his heart, indeed, he had never figured out where his feelings would go in the future, there was no doubt that he really liked Song Nuan.

But what about Luo Qiqi and Qin Bing? He does not deny that he also has a good feeling, the human heart is long, who can really not be moved, but this problem is ultimately can not be solved for a while.

“Have you said enough?”

Lin Ran looked at Li Nan and opened his mouth to ask, some questions had no answers and he didn’t want to think about them, when the day came when he had to make a choice, he believed that everything naturally already had an answer.

“That’s enough!”

Li Nan said with a cold smile on his face and followed.

“Today planted in your hands, the old man has no topic to talk about, if you have the ability, you can get me killed, otherwise the old man will come back for you!”

“Hey! Damn you, you’re really not afraid of death!”

Wang Yifeng smiled and was about to make a move, but was stopped by Lin Ran on the side.

“You stay out of it.”

Lin Ran spoke indifferently, following which he turned around and brought three western knives, placing two of them aside before kicking Li Nan’s body.

“Ka ka ka.”

A crisp sound rang out, Huang Shan and the others couldn’t help but gag, this kick was afraid that several more bones had been broken.

“Ah!”

Li Nan let out a miserable cry and his entire body was directly kicked out, Lin Ran was quick with his eyes and flung it straight away! A western knife in his hand followed Li Nan and flew out.

“Ah!”

Huang Shan and the others couldn’t help but scream out as they watched this scene, while one by one they hurriedly covered their eyes for fear of seeing the next bloody scene.

However, the knife followed Li Nan all the way to the top of his head when he hit the wall with a thud.

A strand of clothing was penetrated by the knife, and the entire blade had sunk into the wall, while Li Nan was left hanging in mid-air by his clothes, his bones broken in many places throughout his body, leaving him dangling against the wall, unable to move.

“Kill me if you dare!”

Li Nan said angrily, his eyes filled with fear, his face twitching with fear.

“Killing you is just a matter of moving my hand for me!”

Lin Ran said indifferently, following which he picked up the napkin cloth on the table next to him and blindfolded his eyes, while picking up the two remaining western knives next to him.

“I don’t normally want to kill people, but if it’s really necessary, I don’t mind killing people!”

Lin Ran’s voice was calm, but every word seemed like a knife carved deep into Li Nan’s heart.

“Whoosh!”

Blindfolded, Lin Ran directly flung out two western knives, both of which were still glowing with a cold aura, and instantly flew towards Li Nan.

Huang Shan couldn’t hold back any longer as he watched, “Flop!” Some of the punks at the side couldn’t bear the huge pressure in their hearts, some of them directly passed out, while more of them also followed Huang Shan and “flopped!” They fell to their knees.

“Ah!”

Looking at the two Western-style knives flying straight towards his head, Li Nan finally shouted out in fear, while a bubble of urine ran down his thighs, he was only a human being after all, and his defences finally collapsed in the face of the situation.

“Bang Bang!”

Two crisp sounds rang out, and the crowd looked cautiously, fearing to see Li Nan’s head bursting and his brains spilling out in all directions.

However, when they did see it, they couldn’t help but sigh with relief, only to see two Western-style knives plunged against Li Nan’s two ears and into the wall.

The knives had already sunk into the wall, and only the two handles were still “buzzing”.

Li Nan’s mind went blank and he was completely incapable of thinking.

Lin Ran took off his napkin and looked at Li Nan and said indifferently.

“This is a warning, feel free to come to me if you don’t like it, but next time I’ll just take your life!”

After saying that, Lin Ran looked at Huang Shan and the others and said in a cold voice.

“Take him with you! Get the hell out of here immediately!”

Chapter 392

“Yes! Yes, get out immediately!”

Huang Shan was so frightened that he nodded his head, then greeted his men and rushed up to rescue Li Nan, but the knife was so far into the wall that they could not pull it out, so they simply tore Li Nan’s clothes and saved him.

The group didn’t dare to breathe a word as they saved Li Nan and ran out of the room, quickly disappearing into the night outside the hotel.

Lin Ran turned his head to look at Zhao Yu, at this time the latter’s emotions had calmed down a lot, seeing this, he bowed his head and said.

“I understand, I’ll just go!”

With that, he turned around and was about to leave.

“Wait!”

Lin Ran suddenly spoke.

“Hm?”

Zhao Yu turned her head, a trace of hope in her eyes, how she wanted Lin Ran to stop her and embrace her into his arms, and then tell her, I’m still waiting for you.

But the scene just now was already but a look that she didn’t dare to have that luxury.

“Where are your parents?”

Lin Ran asked, he was not only worried about Zhao Yu, after all, the latter was already an adult and still very young, completely able to adapt to the current society, what he was worried about was Zhao Yu’s parents, especially since the latter had been sick before.

“They’ve already gone back!”

Zhao Yu spoke up.

“Mm!”

Lin Ran nodded at his words and didn’t say much, which made Zhao Yu’s heart inevitably lose a little.

She looked at Lin Ran and seemed to have gathered a lot of courage in her heart as she fiercely gritted her teeth and spoke.

“Lin Ran, can we still go back in reverse to the past?”

As soon as these words left her mouth, Song Nuan and Luo Qiqi and the others all looked over, even Su Rou couldn’t help but look over, back then, Lin Ran and Zhao Yu’s affair had become a big deal at Temperance University, and as a teacher at Temperance University, she was aware of it too.

Lin Ran looked at her and revealed a smile, while extending his hand and smiling.

“We’re still classmates and friends!”

“Classmates? Friends?”

These two people completely dashed the last shred of hope in Zhao Yu’s heart, even though she had long guessed that this would be the outcome, she still had some difficulty believing it when Lin Ran actually said it.

“Is it really out of the question?”

Zhao Yu was unwilling to give up, at first happiness was really close to her, but in the blink of an eye everything had been dashed, and it was buried by her own hands.

“Adjust well, after the New Year is a new beginning, there are still long days ahead!”

Lin Ran didn’t say more, smiling as he finished his speech and turned around to walk towards Song Nuan.

“Thank you!”

Zhao Yu really did not know what to say, wiped the tears from the corner of his eyes and slowly walked out of the private room, his back looked so helpless and desolate.

“I say Ranzi, will you be too desperate like this!”

On the side, Wang Yifeng looked a little heartbroken, at least she was a girl, and suffered from the kind of thing just now, how to say should also be more comforted at this time, but the result is that this guy did not even a little comfort, and even directly just let the other party leave.

“Desperate?”

Lin Ran glanced at Wang Yifeng and then asked the three women next to him.

“I think it’s a bit!”

Luo Qiqi couldn’t help but speak up, she was the youngest and the most easily moved, and at this moment she couldn’t help but feel a little sympathy for Zhao Yu.

“I don’t think so!”

Su Rou spoke up from the back, seeing everyone looking at her, she was busy speaking up and explaining.

“Missed is missed, a woman at this time is the most vulnerable time, you give her a little comfort, can provoke her good feelings, if it’s really over don’t mess with it!”

“I don’t think it’s a problem either!”

Song Nuan nodded her head in agreement.

“See?”

Lin Ran turned his head to look at Wang Yifei before saying.

“She’s already an adult and should learn to be independent, this society dislikes everyone the same, if she still puts her future hopes on marriage, then I can’t help her!”

“If this incident can make her completely situation, then I do think that my indifference is a good thing for her!”

“All right, you’re right about everything, who let you have a girlfriend, but I’m still a little heartbroken, hey! How come I’m such a warm man, but no girl has fallen for me!”

Wang Yifeng couldn’t help but lament.

“Warm your sister, hurry up and book a room, let’s go on and get high!”

Lin Ran gave Wang Yifei a butt lift, followed by greeting the crowd and leaving.

“Where else are we going to play?”

Song Nuan asked as she saw this.

“I’m going home tomorrow, so naturally I’m not going to get drunk tonight!”

Lin Ran laughed, following which he left the hotel with the crowd.

Outside the hotel the snow had lessened considerably, but it was still falling, the ground had long since turned white in a thick layer and the surrounding area was covered in silver.

The lively atmosphere inside the hotel and the coldness of the streets formed two great contrasts.

Thinking of Zhao Yu, Lin Ran couldn’t help but feel a tinge of sadness, half a year was not a long time, but not a short time either.

It was long enough to allow himself to change drastically, but also short enough that Zhao Yu was still standing still.

“One has to grow up after all, you don’t have to blame yourself!”

Song Nuan walked over and comforted, she could understand Lin Ran’s feelings.

“Do you think I’m a slag?”

Lin Ran suddenly stopped in his tracks and asked Song Nuan.

“Why do you ask that?”

Song Nuan looked at Lin Ran.

“There are times when I feel quite scummy too, but I really don’t want to hurt any of you, whether it’s you, or Qiqi, or Qin Bing!”

Lin Ran turned his head and looked ahead, Luo Qiqi was having fun playing in the snow with Su Rou and Wang Yifeng, as if none of these things had anything to do with her.

“I know all about it!”

Song Nuan opened her mouth, her eyes also a little complicated, and said after a moment of contemplation.

“So we never pushed you, but you had to make a choice, and maybe time will solve your confusion, and we you don’t have to worry about!”

Said Song Nuan, pointing to the crowd still lining up to eat on the side, laughing

“We are like people waiting to eat, even though the weather is cold, but we are still waiting, all because of nothing else, only because the food in this shop is good!”

“Likewise, just because you are excellent, so you don’t need to have any worries, if being excellent is a sin, then how come humans are still rushing to learn and progress?”

Lin Ran couldn’t help but smile at his words, he found that Song Nuan was more thorough than himself when it came to such issues.

“Bang!”

“Bang Bang!”

Suddenly, in the distance, I don’t know who set off the fireworks, the sky was filled with gorgeous and beautiful fireworks, causing Luo Qiqi and Su Rou to shout in awe, the teacher was not a teacher, the thousand gold was not a thousand gold, at this time, all were just children who appreciated the beautiful fireworks.

.....

The last bash a year ago ended at about 3 a.m. The three left the hotel and went to KTV again, which seems to have become a few important places for young people to entertain themselves.

The three women were so drunk that Lin Ran had to get two rooms in the hotel next door and settle them all in.

As for Wang Yifeng, this guy was no better, and when Lin Ran carried him back to his room, this guy's mouth kept chanting.

"Xiao Cui ah, Xiao Cui! What are you running for! Fat master me"

Chapter 393

The following morning, the sun shone on the ground on a rare occasion, and the snow on the road had been cleared away by the sanitation workers overnight so as not to affect the normal functioning of the city.

The graduation ceremony of Tamkang University was scheduled for noon, and since Lin Ran had to go home directly in the afternoon, the three of them got up in the morning, ate something at the hotel, and then drove back to their school father's neighbourhood.

However, just as the car drove into the community, Lin Ran and the others were baffled to see that the community, which should have been quiet, was actually having a lot of excavators working at this time, which made the people a bit baffled.

"It's the New Year's Eve, how come construction has suddenly started!"

Song Nuan wondered.

Lin Ran parked the car and everyone went down to check it out, and at this glance Song Nuan and Su Rou were confused.

They saw a notice posted on the wall to the side that the hot water pipes had to be repaired in the last three days due to deterioration, and that all the hot water pipes in the whole district would be replaced, which would take about half a month.

"During this period, the district will stop the water from time to time, security work will also be temporarily suspended, hope that everyone pay attention to the safety of their own property!"

At the end of reading Song Nuan could no longer read, and was busy turning her head to look at Su Rou at the side.

At this moment, Su Rou was also dumbfounded, standing at the same spot not knowing what expression to make.

"Sister Su, are you really not going to go back for New Year's Eve?"

Song Nuan asked awkwardly, originally thinking that Su Rou would not go back for New Year's Eve, but she could still come here to stay with her temporarily, but who would have thought that this kind of thing was happening in the community now.

"The water will stop from time to time, so I can save more. As for safety, I can't lock the doors and windows at night.

Su Rou pretended not to care, but Lin Ran could tell that there was a bit of worry and bitterness in her eyes.

“I don’t know why this girl didn’t go back for Chinese New Year, did she have a conflict with her family?”

Lin Ran’s heart was wondering, when he heard her say that she was not going home for the New Year, just saying that her family had gone on a trip, Lin Ran felt that something was wrong, at this time the community had run into this kind of thing, she still insisted on not going back, this made Lin Ran feel that there was more to it than simply going on a trip.

Just as the people were talking, next to them was walking past two old men, one of them said to the other with a sigh.

“Ai! What a nice girl, just to be spoiled!”

“Who says otherwise!”

The other sighed back in the same way.

“Hey hey! Grandpa what are you guys talking about?”

Lin Ran saw this and busily asked.

“Young man you still don’t know!”

Seeing that Lin Ran looked familiar and seemed to be a resident of the neighbourhood, the old man said a little more.

“Just last night, a female tenant on the east side of the district was trashed!”

“Huh?”

The crowd was shocked at the words, and Song Nuan was busy saying.

“Grandpa, this is an upscale neighborhood, how could such a thing happen!”

The grandfather sniffed and gave her a look, sighing.

“Little girl protect yourself, our neighborhood is close to the school many are bought to rent out for students to live, once the New Year students have gone home, the neighborhood is not many people!”

“In addition to this hot water pipeline construction, security guards have also gone home for the New Year, since yesterday no one shut down the community, the girl actually today also to go home for the New Year, who would have thought that last night is the kind of thing happened!”

“Who says it wasn’t?”

Another old man was busy agreeing, and then he couldn’t help but sigh.

“The girl had locked all her doors and windows, but someone broke into her house and got in.

“Hey! Forget it, let’s go shopping, my partner is still at home, I don’t feel safe!”

The two old men said and left.

At that moment, everyone looked at Su Rou, with worry in their eyes.

Su Rou stood in her place, embarrassed and a little overwhelmed at the same time.

Originally she had the courage to stay, but when she heard this, her courage instantly deflated like a ball and she didn't know where to run.

"Or else, you can come back to live with me at my home!"

Song Nuan spoke up, this was the place his father had let the two of them live in order for Lin Ran to protect himself at first, while Song Nuan's father and grandfather were living in their original home.

"It's not good, your house must have many people coming to your door for the New Year, how inconvenient for me to go!"

Su Rou was a little embarrassed, Song Nuan's father was after all Song Yujiang, the helmsman of the whole Temperance City, she could expect how lively the family's would be at New Year's Eve.

"You can go to my house, Sister Su!"

On the side, Luo Qiqi opened her mouth and laughed.

However, Su Rou also shook her head at her words.

"Kiki, thank you for your kindness, but I'm really not comfortable with the socializing in the business world!"

"Or else you could go stay at the clinic?"

Lin Ran spoke, he was very accurate in reading people, Su Rou and Luo Qiqi as well as Song Nuan had completely different personalities, one of the latter two came from a big business family and the other from a big career family, these two identities destined them to be different from ordinary people since they were young.

No matter what kind of people they come into contact with or socialise with, they can both handle it very well, which is the result of having been influenced by their childhood.

Being in contact with these people would make her feel uncomfortable, a feeling that exists for many people who are relatively introverted.

"The clinic is fine, but I'm a dance teacher, I don't know anything about what's inside, what if someone is in a hurry to buy medicine"

Su Rou hesitated, what she said is also indeed a problem, once or twice okay can say closed down, but a long time is not a matter, and in the end in the clinic is also a person living in her.

"Hey!"

Suddenly, the Song Nuan next to her seemed to remember something and spoke up.

"Doesn't your house have three rooms! If you and Wang Yifeng go back and you two live together, isn't there still one left!"

“I”

Seeing Song Nuan pointing at himself, Lin Ran was stunned, he went home for New Year's Eve taking Su Rou with him?

“No no you don't make a scene, last time I took you back, if I take Su Rou back this time, the village will still explode! And I'm afraid my reputation will be tarnished too!”

“What's wrong with bringing a friend home for Chinese New Year? Besides, you can even bring Wang Yifeng, aren't you afraid that the people in the village will think you're a Brokeback Mountain?”

Song Nuan said in disbelief.

“Yeah, if my old man hadn't arranged a New Year's trip for me, I'd want to go back with you and see the scenery in the mountains!”

On the side, Luo Qiqi said regretfully, from down living in the steel and concrete city, she did long for the leisurely life in the countryside.

“Who isn't, my old man has arranged a lot of things for me too, hey!”

Song Nuan was also full of regret at her words.

Lin Ran also couldn't help but sigh at the sight.

“My reputation is a small matter, but the key is that you have to see if people Su Rou is willing to do it, after all, going to a boy's house for New Year's Eve, this meaning is afraid that not every girl can accept it!”

It was true that going to a boy's house for New Year's Eve meant to a large extent going to meet the parents, so it was indeed a matter of careful consideration for Su Rou.

However, what Lin Ran never expected was that Su Rou, this girl, didn't know which of her tendons was wrong and actually agreed without thinking.

“Look, it's a deal then, you don't have a problem with it!”

Song Nuan saw this and was busy looking at Lin Ran, she knew the reason why Su Rou didn't want to go home, so she was eager to make this happen.

Lin Ran looked at the crowd with helpless faces and could only show his hands and said.

“Do I have a choice?”

Su Rou was instantly unhappy when she saw this.

“Hey! I'm at least a beautiful woman, going home with you for New Year's Eve is a way to make you look good, why do you still look like you're not happy about it!”

Chapter 394

“Haha! I say, Big Sister Su, don't mind, this kid has actually been happy in his heart for a long time, but he just doesn't dare to show it because Big Sister is here!”

On the side, Wang Yifeng said with a smile.

Seeing this, Lin Ran hurriedly changed the topic of conversation and said.

“That, we’d better hurry up, there’s a show later on and it’s not good to be late!”

He said he was the first to get into the car, the people saw this all smiled, then also got into the car.

He was used to packing light, so he only had a backpack to take home, and Su Rou didn’t feel like taking too much, so a suitcase and a backpack took care of it.

Wang Yifeng, not to mention, didn’t even have a backpack.

“I’m used to being free in the jungle, what luggage do I need, this axe is the only luggage I have in time!”

Wang Yifeng said and took the divine dragon axe out and gave it a fierce kiss.

The only thing Lin Ran had to take with him was the mermaid soul lamp he had brought from home, which was the most important thing he had now.

And every time he returned home and saw four small fish swimming happily, two of which were the souls of his own parents, Lin Ran could feel a little bit of solace.

“Qinghewan, Laozi Qingniu, the old man from that time!”

Seeing the mermaid soul lamp, Lin Ran couldn’t help but think of Qinghe Bay, all the clues had been broken by this point, but he knew it was just that the time had not yet come.

The old man that he had seen under the statue of Laozi Qingniu might have been the same Feng Shui master back then, only after that farewell, Lin Ran had never seen him again.

“I’ll have to go to Qinghe Bay again when I have the chance!”

Lin Ran secretly decided in his heart.

.....

The performance at noon was held as scheduled.

I’m afraid that this was the most lively carnival in Temperance City before the year.

As the most famous university in Tanjiang City, an institution of beauty, the performance of Tanjiang University always attracts many people to come and watch.

This time, Song Nuan was undoubtedly the most popular performer at the show.

But Lin Ran knew that this kind of popularity would not be available in the future, as Song Nuan would be graduating after the New Year, and the school beauty would be officially entering society by then.

The show came to an end amidst cheers and the time came to 3pm, so Lin Ran and the two of them had to leave.

Song Nuan drove Luo Qiqi and took the three of them to the station. Since the village was not connected to the bus, they still had to choose to go back by bus.

However, when they arrived at the station, to Lin Ran's great relief, the car that originally led to the town was actually marked with the words Linjiawan, and it was only after enquiring that he understood.

It turned out that after he returned from home this time, Linjiawan had been taken as a key village for poverty alleviation, and now the construction of a road had already begun, but the work had only just begun, and the road was also the most basic gravel road, and it only reached the bottom of the hill, and the later work would not continue until next year.

But this already made Lin Ran happy, at least the people who lived in the village could see hope too.

"We're off then! See you next year!"

Waving goodbye to Song Nuan and the others, the crowd couldn't help but have red eyes, the brief parting was a way to express all the reluctance in the hearts of the people.

In the sound of the driver's urging, Lin Ran's trio still got into the car and left.

Watching the car drive out of the station, Song Nuan could not help but say to himself.

"Next year! Waiting for you to come back!"

.....

The car started, Lin Ran put away the gifts he bought for his grandmother, and immediately the three of them found an empty seat and sat down, Su Rou being a girl naturally made it to the very inside, outside was Lin Ran, and as for Wang Yifeng ran to the very back, waiting for an opportunity to wait for no one to be able to occupy a row all to himself so he could sleep.

As the car drove on in an orderly manner, Lin Ran looked out of the window at the snowy scenery, his mind had long since flown to Linjiawan.

"Does your village have a beautiful view?"

Suddenly, Su Rou, who was sitting inside, opened her mouth and asked.

Lin Ran was first stunned and then laughed.

"It's beautiful!"

"How beautiful is very beautiful?"

Su Rou continued.

Lin Ran smiled lightly at his words, and then said.

"Beautiful to the extent that, after one look, you won't want to leave!"

"And! Don't brag!"

Su Rou expressed her disbelief, and Lin Ran was too lazy to say more, finally adding.

"If you don't believe me then you can see for yourself, say in advance, then don't like it too much to leave, the youth of our village don't like big ladies from the city like you!"

“Bah! Don’t be a fool! You’d better pay attention to me this time when you go to your house, if you dare to take advantage of me, I’ll definitely tell Song Nuan when I get back!”

Su Rou said defiantly.

Lin Ran originally did not want to fight with this nee-san, but when he heard this he could not help but also become interested, and immediately revealed a wicked smile and moved a few points closer to Su Rou.

“You... What do you want! This is the car!”

Su Rou’s pretty face instantly flushed and she shrank back.

Looking at her embarrassed look, Lin Ran couldn’t help but laugh.

“There’s no rush, when we get home, I have ten thousand ways to make you not dare to tell on Song Nuan, and if you have to do it by force, then I’ll just have to leave you in the village forever!”

“You! What else do you want to kill and silence!”

Su Rou was startled at her words, but Lin Ran laughed.

“No! Killing to silence you is too low, I will let you marry into our village and you can stay in the village forever just the same!”

Su Rou’s pretty face turned even redder at her words, and she glared directly at Lin Ran and said.

“Bah! You’re shameless, I won’t marry you!”

“Huh?”

Lin Ran was first stunned at his words, followed by a very helpless expression.

“Miss, I’m not the only man in our village, can’t you just find a man and marry him? Or is it that you want to marry me in your heart?”

“You!”

Su Rou’s face turned even redder as she smiled, and she wanted to find a crack in the ground.

“Rascal!”

Su Rou glared at Lin Ran in shame and anger, and then turned her head away from him, this girl found that the more she got acquainted with the latter, the less advantage she could take.

At first, she was able to beat him in a fight, but now she can’t even take advantage of him in a fight.

.....

The three of them soon fell asleep as the car drove on in an orderly fashion.

The original day’s drive was shortened to three or four hours because the road was repaired at Linjiawan. The car passed through the town for a short rest and then drove directly to Linjiawan, where it was already seven o’clock in the evening.

It was already seven o'clock in the evening. Outside, the silver dressing made the night a little brighter, and Lin let the three of them sleep in the dark, just waiting for the car to arrive at the station for the driver to call out.

But when they were less than ten minutes away from their destination, the car suddenly shook violently and then veered off to the side.

"What's going on?"

Lin Ran was the first to wake up, followed by Su Rou who woke up from the bumps.

"What's wrong?"

Su Rou was busy asking, but Lin Ran waved his hand to indicate to her not to speak.

There were not many people in the car at this time, and most of the families that had made it here were from the nearby villages.

As soon as it was quiet, Lin Ran immediately heard someone shouting something in front of him.

"Old man, what's wrong with you not fucking understanding me, if you don't follow my route, I'll fucking kill you!"

"You're crazy! I'm driving, don't you touch the steering wheel!"

Followed by the driver's angry roar.

"The steering wheel?"

Hearing the driver's words, Lin Ran immediately got up and rushed towards the front, the road leading to Lin Jia Wan had a deep ditch beside it, if he was not careful driving down I was afraid the whole car would be injured or even killed.

Chapter 395

Just two steps ahead, Lin Ran saw that a short-haired young man in a white down jacket was pulling the driver's collar with a fierce look on his face and cursing angrily.

"Old bastard, do you know who I am? If you don't divert your route today, I'll get you killed!"

"You're crazy! The operating vehicle is not your private car, you can't change lanes!"

The driver was busy saying, while someone next to him immediately whispered.

"Isn't this man from Baigou Village!"

"Yes, yes! I know him, he is the son of the chief of Bai Gou village, I think his name is Bai Cai!"

"Bai Cai?"

Lin Ran was stunned at his words, how could there be someone else with that kind of name, was there not enough cabbage at home for the New Year?

Just thinking, Bai Cai's hand but again fell to the steering wheel, at once the body was again a violent shaking, even Lin Ran and others can vaguely see outside from the deep ditch has become closer and closer.

"Ah! No!"

"Stop it!"

Some of the female passengers on the bus couldn't help themselves and shouted out one after another.

The situation was so desperate that Lin Ran didn't care about anything else and rushed towards Bai Cai with his hands on the seat.

"Old bastard, hurry up and divert your grandfather to me!"

Bai Cai was still wrestling with the driver, and as soon as Lin Ran got close to him he immediately smelt a strong smell of alcohol, and only then did he realise that this guy turned out to be drunk.

"Stop it!"

Lin Ran rushed to Bai Cai's side and raised his hand and put it on the latter's shoulder.

"Eh? Who is it!"

Bai Cai frowned and followed, turning his head to look over.

"Holy shit! How come he really looks like a cabbage!"

When he saw Bai Cai's proper face, Lin Ran couldn't help but venture out with these words.

This Bai Cai was big and thick, but his skin was very white, as white as a freshly thawed cabbage, and this guy had three or four very long wounds on his face, and with these wounds appearing on his already white skin, his entire cheek really looked a bit like a cabbage bladder.

"Kid, what did you say! Looking for death!"

Bai Cai happened to hear Lin Ran's muttering and his face instantly turned ugly, his white skin wasn't natural, but rather he had gotten a disease at a later stage, which was why his skin was very white.

Because of this disease, he had been ostracised by other people since he was a child, which made him feel very inferior.

He ended up in prison three years ago for a crime he committed and was just released from prison a few days ago.

"It's against the law to obstruct a driver from driving!"

Lin Ran looked at Bai Cai's voice and said flatly, at this time the latter and himself confronted, the driver also had time to stop the car to check the situation, is undoubtedly the most secure, if again let this Bai Cai crazy grab the steering wheel, I am afraid that then a car full of people will have to give him a burial.

"Breaking the law? Who the fuck are you? I need you to take care of my business?"

Bai Cai said in a cold voice, having lived in prison he was extremely sensitive to the word break the law, and when he heard Lin Ran mention it, he couldn't help but feel a hidden anger.

"You're joking with the lives of a busload of people, so naturally I need to take charge, if you want to die, no one will take charge, don't take a busload of people to bury you!"

Lin Ran remained bland, as long as he could drag Bai Cai so that he didn't go near the driver, he had all the patience in the world to fight slowly.

"I think you've got itchy fucking skin, you don't even ask around this Lin Jiawan, what are the consequences for anyone who dares to go against me, Bai Cai!"

Bai Cai sneered, followed by a cold laugh as he pointed to the deep ditch outside the window.

"Do you know how I got the scar on my face? I fell into a ditch in a fight with someone, do you know what happened to that person now?"

Said Bai Cai, wiping the corner of his mouth and sneering with a fierce look on his face.

"Now he's a pile of white bones!"

The words fell, Bai Cai immediately moved, he was full of alcohol stench figure is even more big and thick, but the speed of action is very fast, if it is ordinary people afraid really have to find his way.

"That's interesting."

Lin Ran's eyes lit up, this Bai Cai didn't look like much, but his speed was much better than Huang Shan's. He looked like a real gangster who had been beaten up a lot in his life.

With an arrow step, he met Bai Cai, and with a movement of his feet, Lin Ran threw a punch towards the latter.

"Playing with punches? I'm your ancestor!"

Bai Cai sneered at this, and followed with a similar punch.

"Bang!"

The two fists collided, and the whole carriage was immediately silenced. The driver had already parked the car aside, and seeing that the two were fighting at this moment, he did not dare to speak but just watched quietly.

Su Rou at the back was already watching in shock, at this time, seeing the two actually start to fight, she couldn't help but sweat for the other side, the previous scene in the hotel where Lin Ran beat up Li Nan violently, until this moment she felt gutted and scared.

"Hm?"

The wind of his fist was opposite each other, Bai Cai could not help but be stunned, normally his invulnerable fist, at this time hit Lin Ran's hand, the latter did not move at all, even his expression did not change too much.

"You fucking"

Bai Cai was just about to open his mouth, however suddenly a huge force was like a fierce dragon passing over his fist, followed by his whole person directly flying backwards and falling heavily on the door of the car in front of him for the next class, if the car door hadn't been open, I'm afraid he would have had to fall down instantly.

"You! Who the hell are you!"

Bai Cai had already sobered up a bit, got up and looked at Lin Ran with anger in his eyes, since he came out to be a gangster, except for the time when he was in the bureau, usually there is no one who can fight against himself, but today he did not present a casual ride and ran into someone who can beat him, which made him feel very stifled and angry.

"Lin Jia Wan, Lin Ran!"

Lin Ran said indifferently, and Bai Cai was stunned at his words.

"Lin Jiawan Lin Ran? I've never heard of you before, when did Lin Jiawan produce someone like you!"

Bai Cai's eyes narrowed slightly as his mind quickly pondered, certain that he had never heard of the name Lin Ran.

"You don't need to know, since you're only from Bai Gou Village and this isn't far from your village, either get out of the car yourself and go back, or I'll beat you back!"

Lin Ran said indifferently, seeing that he was almost home, he was too lazy to continue talking nonsense with this Bai Cai.

"Just by you? I wasn't ready just now, you really think you're so powerful!"

Bai Cai chided coldly, following which he charged towards Lin Ran.

"You don't see a coffin until you see a coffin!"

Lin Ran snorted coldly at this, followed by a side-step to directly avoid Bai Cai, before flying up and kicking the latter directly in the buttocks.

"Ai!"

Bai Cai stood unsteadily and his whole body directly lunged forward, and in front of him whole was the very last row where Wang Yifeng was whistling for sleep.

"Fatty! There's a pretty girl!"

Lin Ran saw this and shouted.

"A pretty girl? Where? Where?"

Wang Yifeng woke up as soon as he heard that, however, when he looked up to meet his face it was to see Bai Cai's proper face, and he was startled.

"My Cao! What the hell! Why is there such a big cabbage!"

Cursing, Wang Yifeng instinctively kicked up, and the Bai Cai that he had just pounced on was instantly kicked back to flying.

Lin Ran saw the right moment to follow and kicked Bai Cai directly in the chest, while shouting.

“Open the door!”

Bai Cai flew out through the car door and landed heavily on the snow with a thud, not getting up for half a day.

Chapter 396

“Fuck you! You seek death”

Struggling for a long time, Bai Cai only got up from the ground, at this time, the alcohol had completely sobered up, standing outside the car and screaming, but did not dare to go up, the few kicks he had just kicked had blinded his whole person, and he was somewhat unable to react for a while.

“Come to Lin Jia Wan to find me anytime you are not convinced, but you have to be prepared to pay the price!”

Lin Ran looked at him and blandly dropped a sentence, followed by turning around and greeting the driver to drive.

The journey was already not far, and ten minutes later the three of them got out of the car at the end of the road, which had also reached the foot of the mountain, and the rest of the way could only be walked on their own.

The driver left an eye out when he went back and saw that Bai Cai was no longer in the same place, so he hurriedly drove away.

.....

“It’s so dark, and there won’t be wolves in the mountains!”

There was no one around, looking at the dark mountain in front of her, Su Rou couldn’t help but be a little scared.

“Wolves? Hey if there is a wolf fat master will just chop it up, we can still eat wolf meat hot pot tonight!”

Wang Yifeng laughed without a care in the world, he was a man of great nerves.

“Come on, stop talking nonsense, it’s going to be hard to walk up the mountain with the snow, so watch out for broken feet!”

Lin Ran greeted.

“Difficult to walk? How difficult is it?”

At least there were no wolves, she didn’t care about the other difficulties.

At least there were no wolves, so she didn’t care about the other difficulties.

The mountains were sometimes quiet and sometimes wild at night, and as the three of them walked and listened to the movements inside the mountains, their moods were all different at once.

Lin Ran only had the excitement of being about to return home, while Wang Yifeng was so excited to hear the howling of the beasts that he could not wait to rush over and catch a couple of game to quench his thirst.

Su Rou, on the other hand, was so frightened that she followed closely behind the two of them, afraid that a wild wolf might suddenly rush out or something.

“Oops!”

Suddenly, Su Rou stopped in place and shouted.

“What’s going on! My foot is sinking in!”

“What’s going on!”

Lin Ran and Wang Yifeng rushed over to check, and it was only after this look that they realised that Su Rou’s foot had sunk into a puddle of mud and water.

“Big sister, it’s alright! It’s easy to sink your feet on this concrete road!”

Wang Yifeng laughed at this, and then raised his hand to pull Su Rou’s foot out.

“A concrete road? Which one of you saw that this is a concrete road? It’s obviously a dirt road!”

Su Rou said helplessly, she is a city girl is very clean, at this time the neck of her feet are bruised, let her very uncomfortable.

“Cement road cement in! Isn’t it just a road made up of water and mud!”

Wang Yifeng said with a serious face, which instantly made both of them laugh.

But before Lin Ran and Su Rou’s smiles could fall, at once the two of them noticed that Wang Yifeng’s face had changed.

“Fatty! What’s wrong?”

Lin Ran asked, there weren’t many situations where this guy’s nerves could make him show his face in fear!

“You guys are in shape! He has two eyes!”

Wang Yifeng forced down the fear in his heart and said with a trembling voice, Lin Ran could even feel the guy’s legs and stomach shaking.

“Eyes?”

Su Rou was so frightened that her face turned white, and she immediately screamed out with an “ah”.

“Don’t scream”

Lin Ran just wanted to speak to stop him, but it was already too late, so without saying a word he directly pounced Su Rou to the ground. At the same time he felt a gust of wind hit him above his head, and should have rushed Wang Yifeng to lunge.

“Ranzi! Help! You still fucking said there were no wolves on the mountain, what the hell is this!”

Wang Yifeng was instantly pounced on the ground, and froze with the big guy, while shouting in a rush.

“What? A wolf?”

Su Rou almost didn't faint from fear at his words, tugging Lin Ran's clothes playfully into the latter's arms with a deadly tug.

“Hey! If you drill your clothes, they'll be torn!”

Lin Ran was also helpless and hurriedly helped Su Rou to stand up, but the latter was too scared to turn her head back and buried her entire head into Lin Ran's arms.

“I ... I don't care! I don't dare to look!”

Su Rou was so frightened that she hurriedly said, leaning against Lin Ran's firm chest at this moment, but it calmed her down quite a bit, while her pretty face also followed suit and turned a few shades of red.

She found that this guy Lin Ran looked very thin, but his chest was still very strong, and there was an inexplicable sense of security when she leaned on him.

“No wonder he was able to pick up the school girl, it seems that this guy still has some capital!”

Su Rou couldn't help but think wildly in her heart, but following that she felt her pretty face blush and was busy saying.

“Yuck yuck! How can you think nonsense, what capital does this guy have, he's just a stinking rascal!”

While her mind was thinking, she heard Lin Ran speak.

“Hey! Big beauty Su, it was you who burrowed into my arms, I was taken advantage of by you, if you dare to sue me for being a rogue, then I can push you out right now!”

“You!”

Su Rou sniffed scared pretty white, there are wolves outside where she rushed to see, immediately embraced closer, also busy said.

“You don't talk nonsense, hurry up and fight the wolf ah, this cheap this lady let you take advantage of, if you continue to talk nonsense, I will really tell Xiao Nuan!”

Lin Ran smiled and didn't answer, he picked up the torch and shone it in front of him, and he really found a huge wolf-like thing lying on top of Wang Yifei.

The latter was so scared that he couldn't even speak, and was breathing heavily.

When he felt the light shining, Wang Yifeng shouted with all his might.

“Ranzi! If you don’t come to my rescue, I’ll be the one to serve the wine tonight! You won’t even have anyone to drink with you!”

Lin Ran smiled and not only did he not come forward to rescue him, but instead he shouted with a sigh.

“Shut up, you usually yell and shout, a dog can scare you into such a wimp!”

“A dog? Look at it fucking clearly, is this a dog? Your dog is this big!”

Wang Yifeng couldn’t help but curse, but then he heard Lin Ran shouting there.

“Er Long! Come here, don’t molest your fat brother!”

“Also Er Long, you son of a bitch, you are just jealous that Master Fat is more handsome than you, you are taking personal revenge you want to”

Wang Yifeng couldn’t help but curse, but only halfway through his sentence, the wolf lying on top of him jumped up and turned around and pounced towards Lin Ran.

“My cao? Is it really a dog?”

Wang Yifeng took a look and found out that it was really a dog, so he felt that he had lost his face and immediately changed his words.

“Holy shit! How come your village is so big even for a dog? Fortunately, I have more guts than anyone else, otherwise I would have really made a fool of myself at its hands today!”

“Come on, look at you, hurry up and pack up you’ll be home soon!”

Lin Ran greeted.

At this moment, Er Long directly jumped into Lin Ran’s arms, not caring at all that there was still a person lying in the latter’s arms, and it was a beauty.

“Er Long stop it, don’t grab the place with your sister!”

Lin Ran opened his mouth and shouted, Su Rou was so scared that she heard Lin Ran say that it was a dog and only then did she ease up a little, she was ready to turn around and come out, but Er Long was unlucky enough to pounce at this exact moment.

Two huge dog hooves directly on the body of Su Rou, and at this time Su Rou is still back to it, head is still in Lin Ran’s arms, feel the salty hand immediately on Lin Ran waist a fierce twist, ashamed said.

“Lin Ran you bastard, why are you touching me!”

Lin Ran sniffed and was immediately confused, rubbing the pain on his waist and said.

“Hey! Who touched you, was I wronged !!”

“It’s you, don’t think I don’t know that dogs can touch people!”

Su Rou wouldn’t let up, Lin Ran simply didn’t bother to explain, he raised his hand and hit Su Rou on the back, and then said.

“Fine, I admit I touched it, scold me, I’m going to get the name of a hooligan anyway, at least it’s not a loss!”

Chapter 397

“You bastard!”

Su Rou was so angry that her pretty face turned red and she hurriedly retreated from Lin Ran’s arms, stumbling two steps before she could stand still, but when she saw Er Long, who was as big as a bull and raging at the side, she was so scared that she jumped into Lin Ran’s arms again and shouted.

“Where is this dog, how can there be such a big dog!”

“Er It really is a dog!”

Lin Ran was helpless and had to wave his hand to indicate that Er Long should run away first, before slowly allowing Su Rou to regain her composure and gradually accept the fact.

A few moments later, there was an additional companion on the way home.

“Holy shit, this dog is going to become a spirit, if it wasn’t for the fact that it helped drag the luggage, I really couldn’t help but eat it, Fat Master!”

Wang Yifeng said as he walked along, yet no sooner had the words left his mouth than Erlong looked at him with a furious look, barking “ow” as if to express his displeasure.

“Watch what you say, Erron is very smart!”

Lin Ran reminded him, but Wang Yifeng didn’t care at all and laughed.

“Clever? A dog is just a dog, it can still be smart Hey hey! Don’t bite the butt, don’t bite the fat master’s butt!”

Before he finished his sentence, Wang Yifei immediately leapt out, while Er Long was chasing after him.

Watching this scene, Lin Ran couldn’t help but laugh, but it was Su Rou who was walking at the end of the line at this moment, angry and furious, with a hint of scarlet on her face.

She blocked her clothes from her buttocks and looked at Lin Ran with unspeakable embarrassment.

Originally, there was only a dog’s paw print on her bottom, but then there was a man’s slap mark, and it had been stained with mud, so it was too late to get it off!

“Bastard! I’ll see how I’ll tell Xiao Nuan when I get back!”

Lin Ran naturally didn’t know what Su Rou was thinking, and thought she was not used to walking on this “concrete” road, so he greeted her as he walked.

“Don’t fall behind, we’ll be home soon!”

.....

Grandmother had been waiting at the entrance of the village for a long time, and even though it was still snowing lightly, she could not hide the expectation on her face, which was a tradition and a longing for her family.

“Ranzi! Over here!”

At last, seeing a beam of light shining through, Grandma shouted excitedly.

“Grandma!”

Lin Ran sniffed and ran, causing Su Rou to follow behind her. It was so dark around her that she would have cried if she had left herself behind.

“Grandma! Who’s dog is this? Can I eat it?”

Wang Yifeng also ran over at this time, followed by Erlong, but at this time Erlong was not chasing and biting him, because he already had a piece of rotten cloth in his mouth.

“Huh! You don’t look too young, why are you calling my grandmother without a big smile!”

Grandma looked for the sound and saw Wang Yifeng looking like a pagoda on the side, so she was busy speaking.

“Er Grandma, you’re wrong, I’m actually similar to Lin Ran!”

Wang Yifeng was speechless, and could not help but explain, and had to say awkwardly.

“I’m only a year or two older than your grandson, maybe I’m showing my age!”

“Hmm! Showing your age indeed!”

The grandmother was not polite, and directly agreed with Wang Yifeng’s point of view, which caused the latter to be speechless for a while, and he had no place to vent his anger.

“What’s old about old, go back later and wash your face to get rid of the mud, then you won’t be old!”

Lin Ran teased, just now he had been pounced on by Er Long and then chased after him, this guy’s body was not in a good place, all covered with mud.

“Grandma, let me introduce to you, this is Su Rou, Xiao Nuan’s dance teacher is also her friend!”

Lin Ran smiled as he pulled Su Rou over.

Grandma was stunned at first, then her eyes couldn’t help but glance at Lin Ran suspiciously, seeing that the latter’s gaze dodged and didn’t dare to meet his own, before she turned her head and said with a smile.

“Good! If you’re here, make yourself at home here, don’t be polite haha!”

Saying that, Grandma went forward and pulled Su Rou, while taking some of the things in Su Rou’s hand, and followed the group towards the home.

The only difference was that there were more herbs in the house. Lin Ran was not surprised by this, as every New Year’s Eve, his grandmother would go to the mountains to collect medicine for the New Year.

Lin Ran and Wang Yifeng were assigned to share a room together.

Su Rou, on the other hand, stayed in her own wedding room, the same room Song Nuan had stayed in the last time she came.

“Ranzi, you said this is your wedding room, so I’m afraid it’s not appropriate for you to let Su, the most beautiful woman, live in it! Or else I’ll commiserate and I’ll stay!”

Looking at his and Lin Ran’s room, Wang Yifeng couldn’t help but say.

“Don’t even think about it, thanks to you being a man!”

Su Rou hurriedly refused, so she could not afford to live in better conditions, how could she possibly change rooms with Wang Yifeng.

“Hey, this is someone’s wedding room, do you still want to marry Lin Ran ah!”

Wang Yifeng said reluctantly, but Su Rou was full of care at this moment.

“No need for you to care!”

At the same time the heart is muttered.

“Anyway, I’ve touched and kissed him, what difference does it make if I marry him or not? Stinking rascal!”

“Ah-choo!”

Lin Ran couldn’t help but sneeze and turned his head to look at Su Rou, before saying oh.

“Alright, it’s getting late, the hot water is all ready hurry up and wash up and go to bed!”

Said, he then greeted the people each went back to their respective rooms, then this came to the grandmother’s room, just returned when the grandmother kept looking at himself, he knew the latter something, this ran over.

“Lin Ran you come over here and do it!”

As soon as he entered the room, Grandma greeted Lin Ran and came over.

“What’s wrong?”

Lin Ran sat down and looked puzzled, this time when he came back he noticed that his grandmother seemed to have become a few years younger, her whole being was full of energy.

“Ranzi, tell grandma honestly, what do you mean by bringing two daughters back these two times?”

Grandma said seriously.

Lin Ran was stunned to hear this, and with a bitter smile, he hurriedly explained.

“Grandma, what are you thinking! Su Rou is really Xiao Nuan’s teacher, she didn’t go back this time because there was something going on at home during the New Year, so she happened to go back with me.

“Nonsense, you really think that grandma is old and confused!”

Grandmother serious, followed by also seems to be afraid of people heard, looked out to see no one, then said in a serious tone.

“Just come back, I have seen, people little girl so beautiful, you can not help is normal, can have to pay attention to the scale, our family family style still want!”

“Grandma, what are you talking about? How can I somehow not understand”

Lin Ran is even more puzzled, his own style seems to be no problem ah? He was indeed promoting Chinese medicine in the past six months without pimping ah, how come grandma was looking at himself as if he was pimping.

“You’re still pretending to be confused!”

Grandma glared at Lin Ran, followed by lowering her voice and said.

“Grandma I saw it all, those two handprints behind the little girl, it’s okay that Erlong doesn’t know how to behave, why don’t you know how to behave too, don’t blame grandma for not reminding you, I can recognize that handprint of yours from two miles away!”

“I”

Lin Ran was speechless, he was also forced to do nothing at that time, can’t take all the black pots and get nothing, right, after all, this rogue’s name is not everyone is willing to carry

Chapter 398

The two of them were chatting, but they didn’t notice that Su Rou had already stood outside the door of the room, listening to their conversation, this girl’s face had already turned red to the root of her neck, she didn’t expect that she had been so careful to cover up, but in the end, her grandmother still saw it.

“Bastard, now the reputation is all ruined!”

Su Rou was so ashamed and angry in her heart that she really wanted to grab Lin Ran and give him a good, violent beating to relieve herself of the hatred of being molested.

“Bam!”

In her anger, Su Rou didn’t pay attention to her feet and accidentally touched a porcelain basin, which made a loud bang.

“Lin Ran, come out, I need to talk to you!”

“What’s up at night? Do you need my help, Fat Brother!”

Wang Yifeng’s voice came from the room, Lin Ran saw this and smiled at his grandmother and said busily.

“Grandma, don’t worry, I have a plan in mind, I won’t mess around!”

With that, he hurried out of the room.

“What for? Not sleeping at night, running into the yard to kick flower pots for fun?”

As soon as he arrived in the courtyard, Lin Ran said straight away.

Su Rou was shocked and angry at this moment, and when she saw Lin Ran raise her hand and twist the latter’s waist without saying a word.

“You’re Sick!”

Lin Ran was in so much pain that he almost didn’t shout out, yet Su Rou was not the least bit flustered and came up close to Lin Ran and said.

“You deserve this, if you dare to touch me, I will immediately scream molestation, let’s see if grandma believes you or me!”

“You!”

Lin Ran was so angry that he was helpless, he had not brought a beautiful woman back, he had simply brought a tigress back, and this tigress was also very good at attacking the heart.

“You what you! Who told you to come back just now and take advantage of me first!”

Su Rou gave Lin Ran a blank look, followed by pointing to the room and deliberately amplifying her voice and said.

“The light bulb in the room is broken, go and change it for me!”

The voice sounded normal, with a hint of a little girl hot looking for a man’s help, without the slightest hint of the fierce energy that had just come out.

Lin Ran looked at her and nodded.

“You’re tough enough! It’s a shame you don’t become an actress!”

With that, he took a new light bulb from the side and turned around, then rubbed his back and walked towards the room.

“Hey? How come no one’s talking? Do you need my help, Fat Master!”

Wang Yifeng shouted at the top of his lungs when he saw that no one was paying attention to him.

“No need!”

Su Rou casually replied back, Wang Yifeng was displeased at his words and muttered.

“Humph! Must be jealous of Master Fatty I’m handsome! Or my Xiao Cui is better!”

Su Rou didn’t bother to pay him any mind and followed Lin Ran back to his room.

The room was pitch black, so Lin Ran took a torch and found two random chairs and stacked them on top of each other, and then prepared to go up.

But at this moment, suddenly there was a rustling sound in the room, which really scared Su Rou.

“What’s that!”

“Don’t make a fuss, it’s probably a rat!”

Lin Ran said back indifferently.

“What?”

Su Rou exploded at the sound, turning around and running towards the bed, but at that moment the room was dim, with only a torch in Lin Ran’s hand, she couldn’t see the way clearly at all and lunged towards a table all ahead.

“Hey! Why don’t you think about it!”

Lin Ran saw this and hastily reached out and picked Su Rou up by the waist, while shining a light ahead of the latter who then saw a large table ahead.

“You put me down!”

The light was still on when she went back to her room, and she had just changed into her pajamas to get ready for bed when the light bulb suddenly went out.

Lin Ran was just ready to put her down, but this niece suddenly thought of the mouse, anxiously hugged Lin Ran again tightly busy said.

“No! Don’t put me down!”

“Do you want it or not?”

Lin Ran was speechless, wasn’t it just a rat? As for being scared like this?

“Don’t put it down!”

Su Rou hurriedly said, she had been most afraid of rats since she was a child, one look at that furry thing gave her goose bumps all over.

“Okay!”

Lin Ran smiled at the inspiration and said as he directly put Su Rou on the chair next to him.

“If you don’t want to come down, then you can change and I’ll hold the chair for you!”

Said Lin Ran and handed the light bulb to Su Rou.

“I’ll change it?”

Su Rou was stunned at her words, but then she was relieved, she would rather change the light bulb here than go play with the rats on the ground, at least after changing it Lin Ran could drive the rats out, then she would be most at ease when she came down.

“Then you hold on!”

Su Rou barked a word and immediately raised her head to change the light bulb, she first unscrewed the bad one and handed it to Lin Ran with her head down, but when she looked down she found that the nightgown she was wearing was a skirt, and the hem of the skirt was just located on Lin Ran’s head at this point in her standing position.

If this guy looks up, I'm afraid I'll have to cry, thinking of this, she hurriedly spoke.

"You watch the surroundings no raising your head!"

"No raising your head?"

Lin Ran was stunned at his words, but he agreed casually without thinking too much.

Su Rou got up and changed the new light bulb, but what she didn't expect was that she was in such a hurry that she had forgotten to turn the switch off, and as soon as the new light bulb was screwed on, the bright light immediately pierced her eyes, causing her to cover her eyes with a frightening "ah".

"What's wrong?"

Lin Ran was startled and hurriedly looked up, but the next moment he was stunned, and at the same time two lines of nosebleeds flowed down indefensibly.

Previously in Song Nuan's house, he also just looked fascinated, never had a nosebleed, but this time he was really unable to carry it, must instantly flowed down, however his whole person were looking dumbfounded, simply that did not go to wipe.

Su Rou came back to her senses, knew things were bad, hurriedly looked downwards, saw Lin Ran at this time with nosebleed eyes staring round, knew this guy must have seen it, ashamed pretty face instantly red to the root of her neck.

"Bastard! You're still looking! Close your eyes!"

Su Rou shouted and tried to cover her skirt at the same time, but she moved so much that the chair underneath fell off with a thud from the shaking.

"Ah!"

Su Rou was so frightened that she cried out in shock, and then she fell down.

"Be careful!"

Luckily, Lin Ran was quick and raised his hand to help Su Rou and wrapped her in his arms, otherwise if she fell on the ground, I'm afraid she would have been hurt, and the consequences would have been too great for a dance teacher.

"You bastard!"

Su Rou looked at Lin Ran, feeling the firm muscles on the latter's body, she couldn't help but blush even more.

"I I didn't mean to!"

Lin Ran said awkwardly, while hurriedly rubbing the nosebleed off and acting as harmless as possible.

"Not on purpose? Not on purpose and still looking so serious!"

Su Rou was so ashamed that she could hardly find a crack in the ground.

"It's not my fault, it's mainly because It's too... It's too cute!"

Lin Ran said awkwardly.

“Cute? What’s cute?”

Su Rou’s pretty face suddenly turned even redder, and she couldn’t help but give Lin Ran a fierce squeeze on his waist.

“Hey hey! Don’t twist, light bulbs are cute light bulbs are cute still!”

Lin Ran busy said, but this waist a bit is already eaten solid.

The two people this out of the commotion made a lot of noise, the grandmother is really no face to go, afraid to see what indecent picture, however, the other house of Wang Yi life is stood out, shouted.

“Still let no one sleep, the first day back to fancy abuse dog? Don’t I want my self-respect, Fat Master? Ah!”

Chapter 399

The night finally passed calmly.

The snow was falling heavier and heavier, and even at night, when Lin Jiawan was free from the hustle and bustle of the city, one could hear the sound of snow falling even when sleeping.

The next morning, Lin Ran got up early. As the host, he had no reason to sleep in.

“Grandma, where is Su Rou?”

When he saw Su Rou’s room door wide open, Lin Ran couldn’t help but ask.

“This girl went out for her morning exercise, she said it was a habit she had developed.

Grandma laughed as she cooked, her face full of happiness even though her words were scolding.

“Grandma, I’ll do it!”

Seeing that his grandmother was already old, Lin Ran couldn’t help but want to go forward to help, however the former was quick to wave her hand.

“No, you go find Su Rou, the village is not peaceful these days, be careful of anything happening to her!”

“Not peaceful? What’s wrong?”

Lin Ran asked with a difference, Lin Jiawan had always been peaceful, how come suddenly Grandma said it wasn’t peaceful.

“Ai!”

Grandma sighed and followed.

“Dalong is back, the village has lost a lot of things again recently, fortunately the village chief has talked to him a few times, this New Year’s Day has only subsided for a few days, but Su Rou is a girl from the city after all, you’d better go and look for her, so that nothing happens!”

“Mm!”

Lin Ran nodded at his words, followed by hurriedly washing up and putting on his clothes and leaving the door.

He was a village gangster, his age was the same as Lin Ran's, and the two of them had played together when they were young, but he was still too wild-hearted.

When Lin Ran was in high school, he heard that Dalong had killed his grandfather for fighting with someone outside.

When he went to university, Da Long disappeared. It was said that he had been arrested for committing an offence, but now he is back.

Lin Jia Wan is not big, there are only four streets in the whole village, the front is the road into the mountain, the back is next to the big mountain, from the back of the village to leave the village directly to the mountain.

Lin Ran was looking for Su Rou, but he could not find her, so he had no choice but to run to the back of the hill, but she was standing alone on the back of the hill practising her flexibility.

A dance teacher practicing flexibility, that movement! That body! That dance posture! It is definitely a great scenery on earth.

Especially since Su Rou was so young and pretty, and the surrounding area was snow-capped, she really looked like a fairy in the snow, making people unwilling to look away.

When Lin Ran was fascinated, a figure suddenly emerged from a nest of snow and walked towards Su Rou without saying a word.

At first Lin Ran thought it was some kind of game, but only after a closer look did he realise it was actually a person, and immediately got up and followed him.

"Who are you?"

When Su Rou saw someone coming, she hurriedly stopped moving and turned to look.

The other person was a young man about the same age as herself, but dressed in a very sloppy manner, with unkempt hair and unshaven beard, and carrying a bottle of wine in her hand, but the wine inside had long since frozen.

"Who am I? If you don't know who I am, you dare to come to Lin Jia Wan!"

The youth poured the bottle and found that the wine was frozen, and was immediately upset, throwing the bottle aside as soon as he could, while looking at Su Rou and pursing his lips, laughing.

"Remember, my brother's name is Big Dragon, the Big of Boss, the Dragon of the Dragon King!"

Said the youth, who had already reached a place four or five meters in front of Su Rou, but had no intention of stopping, still walking on his own.

"Don't you come over, I don't know you at all!"

Su Rou saw that the situation was not right and hurriedly took two steps backwards, wary.

“Know? Don’t we know each other now? Don’t be afraid, Brother Long I’m still single, you’re not at a disadvantage pretty girl!”

Big Dragon said with a roguish face, his eyes unconsciously glancing at Su Rou’s body, the more he looked at the evil fire in his heart, the more he could not suppress it.

Su Rou’s white sportswear was all tight-fitting, wrapping her figure in a delicate manner, and at that moment, in Big Dragon’s eyes, it was just like delicious prey, making him more and more unable to hold down the desire in his heart.

“The women from the city are really fucking beautiful, they are really not comparable to these goods in the village, I want to see if the ones from the city are better than Liu’s widow today!”

The woman from the city is not as pretty as these village girls.

Su Rou was so scared that her soul flew away and she hurriedly stepped back when her feet slipped, but she fell to the ground.

She had come back with Lin Ran to enjoy the countryside, but she didn’t want to be treated as a scenery on the first morning, to be admired.

Thinking of this, Su Rou’s eyes instantly burst into tears, while crying and cursing.

“Lin Ran you son of a bitch, I don’t like it here at all! You’re a liar!”

“What are you muttering about! Later Brother Dragon will give you a good time, it’s better to save your energy now!”

The more he watched, the harder it was to suppress the fire of desire in his heart, and at once his whole body was like a rabbit pouncing on food, rushing towards Su Rou.

But at this moment, a voice suddenly came from afar.

“Big Dragon!”

This voice was like a thunderbolt in the clear sky, immediately attracting Big Dragon’s gaze, but the moment he turned around, a green object flew over with a whoosh.

Then there was a “bang!” It hit him on the head with an unmistakable thud and sent him flying backwards.

The bottle splattered down with a few traces of blood, staining the surrounding snow red.

“Who! Who the fuck is it! You’re looking for death, aren’t you!”

Big Dragon, who had at least been outside and was still very resistant to beatings, covered his head and got up from the snow, and immediately saw Lin Ran walking over from afar, with a few icy moments on his face.

“Who are you?”

Big Dragon didn’t recognise Lin Ran for a moment and looked on with a frown.

“Su Rou come here!”

Lin Ran didn't answer him, but looked at Su Rou.

“Why did you just come!”

Seeing Lin Ran Su Rou's desperate heart fell and she hid directly behind the latter, looking at him with a grumbling look.

“Actually, I came early, it's just that certain people's dance moves were too beautiful, so I enjoyed them for a little longer!”

Afraid that Su Rou hadn't slowed down yet, Lin Ran couldn't help but laugh and joked.

“Rascal, what time is it, still joking, who is he!”

Su Rou couldn't help but ask, that guy just now was not a good person, if Lin Ran hadn't arrived in time, I'm afraid today Lin Jiawan would have had another tragic case.

Lin Ran smiled and looked at the big dragon in front of him before laughing.

“You mean him, Er Long's big brother, Da Long!”

“Erlong's big brother?”

Su Rou was stunned at his words and couldn't help but recall the big wolf dog from last night, which was said to have been raised by Sister Yingzi's family next door and was named Er Long.

“Laozi is asking you! What's his name!”

Big Dragon couldn't feel Lin Ran's reality and was wary of being hit by a bottle of wine just now, so when he saw that Lin Ran wasn't paying attention to him, he couldn't help but chide him.

Lin Ran turned his head to look at Big Dragon, smiled blandly and spoke.

“Erlong it big brother, you haven't seen me for more than ten years and you don't recognize me? Back when you copied my homework as a child, your eyes seemed to be quite good!”

Chapter 400

“Hm?”

Big Dragon's face sank at his words, followed by a memory of his childhood, and he quickly recognised Lin Ran.

“It's you! Lin Ran!”

Big Dragon's face grew gloomier and gloomier, remembering his childhood playmate not only didn't make him show a look of excitement and happiness, but instead, his face grew harder and harder, obviously there should be some conflict between the two.

“I heard that you came back last time and solved the problem of medicinal materials for the town and our village, so it seems that you are doing well outside!”

With an ugly face, Da Long's mouth was still chilling with pleasantries.

"It's not bad, I'm not worried about food and clothing!"

Lin Ran said back indifferently.

"Hmph!"

Da Long snorted coldly at his words, this time he came back the village people were always in front of him, how people Lin Ran, in look how you are, this made him very upset in his heart.

When he was a child, he was from the same village, and when he did not do well in school, the teacher always compared him to Lin Ran, and even said.

"Lin Ran will be a great talent in the future, but you? You sleep all day long, but you don't know how to study, so you should stay in the village and work in the fields in the future!"

These things had accumulated in his heart since he was a child, and since his parents had forgotten about him, he dropped out of school and became a social worker.

Although he was later sent to the police because of some things, he thought he had seen a lot of the world, and this time he had wanted to come back to have a good time, but who knew that he would be overwhelmed by Lin Ran's affairs just after he came back.

"Lin Ran, there is no rush to settle our affairs, we have time to talk slowly, but today you robbed me, what is the meaning? Don't think that just because you've done something for the village, I don't dare to do anything to you, and don't go out and ask around, what I've been doing for the past few years!"

Big Dragon said with a grim face, while wiping the blood from his head, which had started to scar when the weather was cold and the blood had cooled.

"Your stuff? The wine bottle? I remember that you threw it away yourself!"

Lin Ran said indifferently, his face as calm as water, without the slightest ripple.

"Don't fucking pretend with me, I'm talking about that chick from the city! Who the hell told you about the bottle of wine!"

Big Dragon was so angry that he cursed angrily, the desire he had managed to raise just now had all been doused by Lin Ran at this point.

"You mean her?"

Lin Ran asked as he turned and pointed at Su Rou behind him.

"Yes! That's her! I was about to get my hands on her just now, what the fuck are you trying to do by coming out and grabbing her at this moment? Save the beauty by being a hero?"

Big Dragon said with a grim look on his face.

"If that's what you think, then so be it!"

Lin Ran's face remained bland.

“Sort of, right? What the fuck are you, a hero saving a beauty and saving my head, I think you’ve gone to school for a few years and your brain has gone stupid!”

Big Dragon said in a cold voice, while taking a step towards Lin Ran, saying as he walked.

“Now get the hell out of here right now, I’ll take this girl today, or I’ll beat you up too!”

“Is this all you’ve learnt in the past few years outside?”

Lin Ran looked at Big Dragon, his face still unchanged as he asked indifferently.

Big Dragon was stunned at his words, followed by his face becoming a few shades more gloomy.

“Don’t fucking yank your culture with me, I rely on my fists, either get lost yourself or I’ll beat you out of here, of course if you don’t want to go, for the sake of growing up together, I wouldn’t mind letting you watch the battle from the sidelines!”

Saying this, Big Dragon couldn’t help but lick his dry and cracked lips, his eyes full of greed seemed to have already crushed Su Rou under the mountain.

“But you’ll have to hold back, if you dare to come and interrupt when Laozi is enjoying himself, I’ll show you with your own eyes what Laozi has been learning out there these past few years!”

Lin Ran looked at Dalong, his eyes couldn’t help but be cold at this point, he wouldn’t care how the latter’s grudge with himself was settled, after all, Dalong was no different from a stink bug in his eyes.

But using Su Rou as blackmail, and even saying such unpleasant words, this had touched his bottom line.

“I’m not interested in what you’ve learnt, but I’ll let you know what I’ve learnt out there!”

Lin Ran snorted coldly, following which he charged towards Big Dragon with an arrow step.

“I’ll give you face!”

Seeing this, Big Dragon’s face turned ruthless as he rolled up his sleeves and swung his fist towards Lin Ran.

He had been fighting almost every day for the past few years, and hadn’t learned many other skills, but when it came to fighting, he really had never defeated anyone.

Back then, it was because of a fight that he hit too hard that he beat his opponent into a severe disability, and that’s how he ended up in jail.

As the saying goes, when enemies meet, they see each other in a different light.

The two of them had been at odds since they were young, one was a good student and the other was a poor student, so naturally they became enemies, which was not a big deal, but later on, because of Yingzi, the two of them were completely fucked.

“Bang!”

The two men’s fists clashed together, and at once they heard a “ka” sound, and Dalong’s whole body froze in place, his face full of disbelief.

His fists had chilled countless opponents outside these years, but now when he hit Lin Ran's fist, the latter didn't move at all.

"How could you possibly"

Big Dragon's face was filled with shock, how could he not believe that his strongest punch had failed to shake Lin Ran at all.

"Your strength is too weak! Is that all you've learned in the past few years?"

Lin Ran looked at him indifferently, following which he lifted his foot and kicked Big Dragon directly in the stomach, and immediately the latter's entire body flew backwards and went out.

"Lin Ran!"

At the back, Su Rou looked shocked, afraid that Lin Ran would hit him too hard and kill him.

"Don't worry!"

Lin Ran waved his hand to indicate that it was fine, and followed it towards Big Dragon.

The kick was solid, and because of the disrespectful remarks made by Big Dragon just now, Lin Ran also hit him a bit harder.

Lin Ran came to the side of Big Dragon and squatted down, then raised his hand to wipe away the snow on the latter's face and said indifferently.

"Back then, you plotted against Yingzi, this time this old habit still won't change, should I say that you can't change your ways or should I say that you're cheap and looking for a beating!"

Back then, when Yingzi had just turned 16, this guy, Dalong, once came back and saw that Yingzi was pretty, so he got greedy and later Lin Ran came back from school and stopped him.

I didn't expect to see him again today, but the situation was surprisingly similar.

"Cut the fucking crap, if you have the guts to kill me, or I will make you kneel in front of me sooner or later!"

Big Dragon spat out blood and cursed.

"Is that so? I'll be waiting for you anytime!"

Lin Ran got up and was about to leave, but suddenly Big Dragon shouted from behind him.

"Lin Ran, don't be too complacent, I am following the big brother of Bai Gou Village, you beat me up, this time I will definitely not let you go!"

Lin Ran smiled blandly at his words and turned around to say.

"You just follow the king of heaven to hang out, I don't care, a worm is still a worm, back then you were given the nickname Er Long it brother, you think you are really a dragon?"

Said Lin Ran turned to look at the village below the mountain, blandly said.

“Pissed off their own grandfather, not learning outside, live in prison, what slag you do, in my eyes you are a piece of shit, step on you I feel dirty!”
