

Wonder Doctor

Chapter 401

“Let’s go!”

Lin Ran turned around and greeted Su Rou, following the two of them as they slowly walked towards the bottom of the mountain.

“Calling me shit, you’re the fucking shit, you’ve been stepping on my head since I was a kid, if I don’t let you lose your name today, I’m not fucking Da Long!”

Climbing up from the snowy nest, Da Long managed to get on his feet and followed, running in the other direction of the village.

.....

“Hey! Why did you say he was Brother Erlong!”

On the way back to the village, Su Rou asked curiously, the other party was called Da Long, so he couldn’t really be Er Long’s big brother just because of his name.

“A nickname!”

Lin Ran laughed.

“This kid’s real name isn’t Big Dragon, it’s just that his name has the word Dragon in it, so when he was little we gave him a nickname, Big Dragon, saying he’s Erron’s brother!”

“Er”

Su Rou sniffed helplessly for a while, but soon she was relieved, it was common to give such nicknames when you didn’t know any better as a child.

“By the way, what the hell is wrong with that guy? How come he looks like he’s never seen a woman before!”

Su Rou couldn’t help but ask, although she was confident in her posture, she had never seen such a person who wanted to molest her at the first meeting.

Lin Ran smiled at her words and said.

“If he really raped you and then buried you, where would he find you in such a large, barren mountain?”

Lin Ran said.

“You!”

Su Rou was so frightened at his words that her little face turned pale and she was busy saying.

“Then I’m going back, if I’d known your village was so chaotic, I wouldn’t have come over, it doesn’t feel as safe as in the community!”

“It’s not as serious as you think!”

Lin Ran waved his hand and immediately told the story of what happened when Dalong had just returned, and concluded.

“You’re also unlucky to have bumped into him on your first day here, plus it’s normal for him to not be able to resist if you’re pretty!”

“Is that so?”

Su Rou’s heart was full of joy at her words, there was really no girl who didn’t like it when people crossed her pretty.

The girl’s heart was happy, Su Rou remembered that just now Lin Ran had arrived long ago, but only appeared at the end, her pretty face could not help but redden and questioned.

“Why didn’t you come out when you arrived early just now, were you peeking!”

“Uh This”

Lin Ran’s old face reddened as he followed and scratched his head.

“It’s not really peeking I was watching openly it seems!”

“You!”

Su Rou smiled and her pretty face turned even redder, raising her hand to hit Lin Ran, the latter saw this and hurriedly scattered and ran, while shouting.

“Hey, hey, hey! Aren’t you learning to dance just for people to watch, besides it’s not like you’ll lose a piece of meat if you look at you twice, don’t be so stingy!”

“I’m stingy? You bastard, you rascal, you have no shame!”

Su Rou was so angry that she raised her fist and went after him.

Following that a voice came to mind in the village.

“Grandpa Li is up!”

“Yes! Ranzi, is this your new girlfriend? How come it looks different from the last one!”

.....

“Wang Da Niang went out!”

“Yeah, hey Ranzi this little girl is so pretty, she’s your girlfriend, right!”

.....

“If you dare to say hello, I’ll strangle you to death!”

Su Rou could not hold back any longer, directly raised her hand and placed it on Lin Ran’s waist, as long as this guy did not obey, she would immediately give the latter a big “red packet”.

“Hey, hey! Rangzi, how come you don’t say anything when you see Big Sister Liu, now that you have a girlfriend, you don’t even dare to talk to me?”

A middle-aged woman in her forties walked by and joked with a smile.

“No Sister Liu, I’m not afraid of my wife!”

Lin Ran said awkwardly.

“Lin Ran you!”

Su Rou’s pretty face was already red to the base of her neck, how could she have thought that this guy would not explain at all along the way, making her a nice big girl to become, in the eyes of others, Lin Ran’s girlfriend and daughter-in-law in a blink of an eye

However this guy also said in a serious manner.

“I’m telling you, this matter can’t be explained, the more you explain the more messy it gets!”

“So you just don’t explain and keep taking advantage of me, do you!”

Su Rou was so angry that her pretty face turned scarlet and she wanted to slap Lin Ran to death.

Seeing this, Lin Ran was busy saying.

“Next time you see someone, just say “This is my Su Rou’s boyfriend Lin Ran”!

Su Rou was so furious that she raised her hand and struck Lin Ran, screaming at the same time.

“Lin Ran, I’ll kill you!”

.....

When he returned home it was already plenty of daylight, but this guy Wang Yifeng was actually still huffing and puffing, which made Lin Ran very helpless, and immediately shouted at the window.

“Fatty, a beautiful woman is coming!”

“Beauty? Where’s the pretty girl?”

Wang Yifei’s voice came from the room, followed by the door being opened, but when he saw what the guy was wearing, Lin Ran was speechless and copied a broom from the side and threw it over.

“Can you put on some clothes before you come out! You know what a beauty is! Pretty girl!”

“Lying to you again, Fat Master!”

Wang Yifeng hurriedly closed the door and ran back to put on his clothes.

At this time, Grandma had already made breakfast, and seeing the pure and natural local specialties, even Su Rou was not only filled with curiosity, many of the wild vegetables she had only seen on TV, but she didn’t expect to be able to eat them herself today.

“Let’s eat first, we won’t wait for him!”

Seeing that Wang Yifeng had not come out even after half a day of dawdling, Lin Ran greeted him directly.

Although the breakfast was not as sumptuous as that in the city, the taste was not bad at all, and many of the dishes were purely wild tasting not even worse than those in all five-star restaurants.

“It’s not bad!”

Su Rou gave Milk Year a thumbs up as she ate, obviously liking the meal very much.

“Hey hey, why are you all starting to eat, save some for me!”

Wang Yifei came out of his room and saw that no one was being polite, so he couldn’t help but quicken his pace and rushed off to wash up.

After the meal, Lin Ran was ready to take Wang Yiming and Su Rou up to the mountains for a walk.

The only good natural playground was the big mountain behind. In winter, rabbit trapping and pheasant catching were good options.

When they heard that they were going to play in the mountains, they were both excited.

But the sky was unpredictable, and before they could leave the door, there was a shout from outside.

“What’s going on here?”

Grandma saw that the situation outside was not right and was ready to go out to check, but Lin Ran pulled her back.

“Grandma I’ll go put it on!”

He had just taught Big Dragon a lesson in the back of the mountain, and he was worried that this kid would not be convinced and come over to make trouble, so he went out to check it out himself.

Only this after going out Da Long but did not see, but instead saw Liu widow.

“Sister Liu, are you in trouble?”

Looking at Widow Liu Lin Ran couldn’t help but frown slightly, he did run into her on the way back just now, but he left after exchanging a few pleasantries, how come he suddenly came looking for her now.

“Ranzi, Sister Liu wants to see you for something!”

Widow Liu seemed to be in a bad mood, her eyes were red, and there were even tears in the corners of her eyes.

“Sister Liu, you say!”

Usually, Widow Liu and her grandmother had a good relationship, so Lin Ran didn’t think much of it and asked directly.

However, who knew that Widow Liu was the one who pulled Lin Ran’s arm, followed by her whole body and pressed over.

“What are you doing, Sister Liu!”

Lin Ran frowned and took two steps back, but before he could stand still, Widow Liu pressed up again and spoke in a low voice.

“Ranzi, I’m sorry for you!”

Saying this, Widow Liu shouted out loud as she rushed outside.

“Molestation! The Lin family’s Lin Ran has molested my Liu widow, everyone come and judge! I won’t live! Ah!”

Chapter 402

“Sister Liu, what are you doing!”

Lin Ran’s face suddenly turned gloomy when he saw this, however, Liu widow was as determined as iron, ignoring the fact that she sat down directly on the ground and shouted to herself.

“What’s going on, Ranzi?”

The grandmother heard the commotion and hurried over, Wang Yifeng and Su Rou were afraid she would fall and both followed her.

“What’s wrong with Ranzi?”

Wang Yifeng was also busy asking.

“As soon as Sister Liu came over, she pulled me and said I molested her, what’s going on, I don’t know!”

Lin Ran shook his head.

“Sister Liu?”

Su Rou was stunned to see Widow Liu, they had met on the way back just now, seeing that the other party was quite enthusiastic, how could they come running to make such a scene in the blink of an eye.

“Hey hey! What’s the matter! Who’s molesting you in the morning?”

“That’s right, even Liu’s widow was molested, isn’t that too much!”

“I think we should just call the police!”

The noise made by Liu’s widow was so great that many villagers soon rushed over and surrounded the Lin family’s front door.

“Go out and talk!”

Lin Ran’s face sank as he dragged the widow from the ground and followed her out the front door, Wang Yifeng was very good at what he did and locked the door so that nothing would be taken away from the house.

“What the hell is going on!”

Throwing Liu’s widow to the ground, Lin Ran’s face was grim as he asked in a cold voice.

“Yes, what the hell is going on?”

“You said Lin Ran molested you, what the hell is going on? Is there any evidence!”

The people watching nearby couldn't help but ask, yet Liu Widow was simply ignoring the crowd, still shouting to herself.

“Have you shouted enough!”

Lin Ran could not listen to this anymore, his voice was cold as he scolded, this shout really scared Liu's widow and her voice dropped.

However, just then, a voice came from the back of the crowd, followed by the crowd splitting down the middle, and the village headman stepped out from the middle.

“What are you doing crying and shouting in the morning!”

Widow Liu seemed to be waiting for the village chief, and when she saw the latter arrive, she immediately cried and crawled over to him, while complaining.

“I was cooking at home this morning when Lin Ran rushed in and tried to plot against me, but luckily I fought to the death before he succeeded!”

Liu's widow spoke with great emotion, as if she had been very serious about it.

“Village chief, you and the villagers know how I am, I'm so old, is it easy for me? He still comes to molest me, I don't want to live! I don't have the face to live!”

Widow Liu said and was about to get up and run towards a cliff, but fortunately the village headman was quick to stop her.

“Stop it! You didn't get away with it! What can't we talk about?”

The village chief was so angry that his face turned blue, and greeted two middle-aged men to keep an eye on Liu's widow, before finally rushing over to look at Lin Ran.

“Ranzi, what's going on?”

The village chief's face was very unpleasant, it was about to be the New Year and this kind of thing was happening in the village, this was not only adding to his problem as the village chief, but also to the hearts of the whole village.

Many people in the village only have daughters-in-law at home with their children, and many men are working outside the village. If this matter is not resolved, then I am afraid that the whole village will not have peace.

“There's nothing going on, she's lying!”

Lin Ran looked at the village chief and said blandly.

“Yes! She's lying, I've been with Lin Ran all morning, he definitely didn't go and molest Widow Liu!”

On the other side, Su Rou also said, Lin Ran went to look for her in the morning, and only met with Liu's widow when he came back in the middle of the morning, otherwise he wouldn't have even met her, so how could he talk about molestation?

“Widow Liu, I’ve treated you well. Everyone in the village knows what kind of character my son has, and you’ll be struck by lightning for doing such a bad thing!”

On the other side, the grandmother was so angry that she lost her breath and passed out.

“Grandma!”

Lin Ran was startled at the sight and rushed over to send a breath into Grandma’s body, who soon woke up, but her face turned very pale.

“Fatty, take care of grandma!”

Lin Ran’s heart was burning with anger, how he targeted himself was fine, but to have his grandmother almost go into a coma because of it, this had completely touched his bottom line.

He handed his grandmother over to Wang Yifeng, and then Lin Ran stood up from the ground and walked towards Liu’s widow.

“You! What are you doing? Don’t come any closer!”

Widow Liu was scared and hurriedly backed away, while covering her chest, looking like a victim.

“Ranzi don’t be impulsive!”

The village headman saw this and was busy persuading.

Lin Ran smiled but his face was icy cold and he said angrily.

“Impulsive? How old is my grandmother? I’ll take whatever she wants from me, but did she consider whether my grandmother could bear it when she did it?”

The most important thing for a village person is reputation, whether it is a scholarly family, a thrifty family, or a person of good character, these are the most important things for a village person.

All their lives, their reputation is their last dignity, and if they don’t even want to have a reputation in a village, how can they stand? They could only become the laughing stock of the whole village.

Lin Ran turned around and swept his gaze over the people present, his eyes so cold and frightening that even the widow Liu could not help but shiver at the sight.

“I don’t care who is behind this, you better pray that I don’t catch you, or else! This is what will happen to you!”

Lin Ran said and kicked the old tree next to him, there was a muffled “bang” sound, and a large amount of dry branches fell off the tree, if the ancient tree was not old and thick, I’m afraid this kick would have broken it.

“This”

This scene looked around the onlookers of the villagers, can not help but suck back a breath of cold air, this kick how the force they can not see there.

Even the widow Liu who was lying on the ground at the side couldn’t help but gag as she watched.

Lin Ran didn't say anything, he turned around and walked straight towards Liu's widow, followed by a tug on her collar and pulled her up.

"Say! Who told you to come and disgust me?"

"I ... I ..."

Widow Liu was as scared as death, stammering and unable to say a word for half a day, her gaze looked around, followed by a change of face, and she was busy saying.

"No... No one sent me! You're the one who molested me!"

Lin Ran frowned at his words, he could tell that Widow Liu was definitely coerced into setting herself up, but the person who coerced her seemed to be very tactful, and at this point she didn't even dare to admit it, which made Lin Ran's heart couldn't help but grow a few degrees colder.

"Brother Lin Ran, don't hurt my mother, she was also coerced!"

Suddenly, just as Lin Ran was calculating in his mind how to find out who was behind this, a figure in the crowd rushed out, and it was Liu Xiao, the only daughter of Widow Liu.

Liu Xiao rushed out of the crowd and ran in front of Lin Ran, crying out while pleading for mercy.

"Brother Lin Ran my mother was forced by Dalong, he was the one who blackmailed my mother, saying that if he didn't come to fix you, he would do it to me!"

"Liu Xiao!"

Liu widow's eyes turned red at the sound of her words, and she couldn't help the tears that flowed down her face.

Liu Xiao also cried when she saw this, but after all, she had studied and was now in high school in the town, so she could still tell right from wrong.

She immediately pointed to the side of the ancient tree and shouted.

"Brother Lin Ran, that guy Da Long is hiding behind the tree, it's all his doing! You can't fall into his trap!"

Chapter 403

"Little son of a bitch, you wait for me!"

As soon as Liu Xiao's voice fell, a curse sounded from behind the ancient tree, followed by Big Dragon really rushing out from behind, but running not in the direction of Lin Ran and the others, but outside the village.

"Want to leave?"

Seeing Big Dragon, Lin Ran's heart chilled as he kicked a stone out of the ground.

"Whoosh!"

The stone made an arc and smashed directly into the crook of Dalong's leg, and the latter let out a scream and fell to the ground in a doggy pile.

"Ranzi, let me do it!"

Wang Yifeng had already handed his grandmother over to Su Rou and sat on top of Big Dragon with a bang.

With his weight, it was already light enough that he didn't just sit on Big Dragon in two pieces.

"Throw him over to me!"

Lin Ran's face was icy cold as he scolded.

"Alright! You catch it!"

Wang Yifeng laughed at his words, and at the same time, he got up and kicked Big Dragon directly, before the latter had time to react, his entire body was directly thrown away.

Lin Ran saw the right moment and kicked Big Dragon in the buttocks, the latter's flying body stopped steadily and then hit the ground with a bang.

At this moment, the villagers around were all dumbfounded, these two kicks were like treating Big Dragon like a ball, if they didn't know Big Dragon, they would have thought that Lin Ran and his team were kicking a ball.

"Was that fun?"

Lin Ran grabbed Big Dragon by the collar of his shirt and yanked him up.

"Bah!"

Big Dragon spat out a mouthful of dirty blood, and despite the multiple scrapes on his body at this point, he still had a disdainful look on his face.

"Stealing Laozi's girl, if you have the guts to get me killed, or else Laozi will definitely not let you go!"

"Not letting me go?"

Lin Ran said in a cold voice, followed by a slap on the latter's face.

Lin Ran didn't hold back with this slap, and a bright red finger mark immediately appeared, while Big Dragon's entire body was directly thrown away.

"You!"

Big Dragon struggled to get up from the ground, covering his mouth and spitting out several teeth, his face filled with anger.

"Dog, you really dare to hit, do you know who the fuck I hang out with!"

Big Dragon cursed angrily.

"You don't seem to have a good memory, you said that this morning!"

Lin Ran looked at him indifferently while slowly walking over.

“Looks like you didn’t remember, I’m Bai Gou Village’s Brother Bai’s man, try touching me if you fucking dare!”

Big Dragon cursed angrily, he couldn’t beat Lin Ran himself he could only bring up his big brother.

However, he had overlooked the fact that Lin Ran had been studying away from home for many years, and now that he had graduated and stayed in Tanjiang City, how could he know who the so-called Brother Bai was?

“Try?”

The corner of Lin Ran’s mouth showed an evil smile, followed by a kick on Big Dragon’s chest, the latter immediately spurted out a mouthful of blood, the man flew out again in all directions towards the back.

“I’m really one of Brother Bai’s men, Brother Bai is a killer without blinking, try hitting me again if you dare!”

Big Dragon was so angry that his face turned green and he got up from the ground his whole body was a bit unstable, the severe pain in his body made his whole body stagger.

“Killing without blinking!”

Lin Ran’s expression remained bland as he slapped Big Dragon again, this time directly into the ancient book, causing the entire ancient tree to “bristle”.

“Ran-zi!”

He knew that Lin Ran was angry, but if the fight continued like this, he would have to kill the Great Dragon alive.

“Village Chief, I know the score!”

Lin Ran returned directly, while ripping Big Dragon over with one hand, at this moment the latter’s face was ashen, his face was covered in blood and he looked dying.

“Want to know what I’ve learnt in the past few years?”

Lin Ran looked at Big Dragon, before clenching his palm into a fist and smashing it directly into the latter’s chest with a “bang”, there was a muffled sound, and Big Dragon’s eyes fiercely glared round, his originally moribund demeanour immediately recovering.

“I’ve learnt the art of healing these past few years, if I don’t want you to die, you can’t die!”

Said Lin Ran as he directly lifted Da Long to his feet, and then rushed to Liu Xiao who was standing at the side and asked.

“Little, how did he threaten your mother!”

Xiao Xiao was in high school in town, and although she was not very young, she already understood things and knew that even if she did not say anything, this Da Long would not let them go.

She knew that even if she didn't say anything, he wouldn't let them go. She might as well tell them so that everyone in the village knew what Dalong was like, and so that she could get the village chief to protect them.

"Brother Lin Ran, he threatened my mother this morning that if she didn't come to trouble you, he would do it to me!"

Tiny cried, her face full of fear and terror.

And when the people around them heard Little's words, they were all furious and their eyes were bloodshot.

How old was Tiny? She was in high school! A 16 or 17 year old girl, in her flowering season, and for Da Long to sell such a treacherous word was simply better than being an animal.

Originally, some of the villagers felt that Lin Ran had hit him a little too hard and had some sympathy for Dalong, after all, we are all from the same village.

But at this moment, when they heard the tiny words, the slightest bit of sympathy that these people had in their hearts turned into anger.

Threatening to lay hands on a little girl was something that only a beast could do.

"You're really a beast!"

Lin Ran's eyes were icy cold as he followed with a kick to Big Dragon, instantly sending him flying backwards.

"Get the hell out of the village!"

"Yes get out of the village!"

"You're not welcome in Lin Jia Wan!"

"Yes!"

Following that, many villagers standing on the side shouted, many people in the village knew Dalong and grew up watching him, but the boy never let anyone worry about him since he was young.

He had been naughty and mischievous since he was a child, and everyone just thought he didn't know any better, but now that he had been away for a few years and was back again, he was making a mess of the village, which really made the villagers feel disgusted with him.

"You guys!"

Da Long covered his chest and stood up, looking at the villagers who were pointing at him, with resentment and anger on his face.

"You get what you deserve and you don't! You've come to this day, all by your own doing!"

Lin Ran chided in a cold voice.

“Don’t pretend to be so fucking noble! I did it myself, you think you’re some kind of bird, but I heard you didn’t bring this girl with you last time!”

Big Dragon sneered, while pointing at Su Rou with disdain.

“This time you came back with someone else? You’re just fooling these idiots, I’ve seen what you’re like!”

“Hehe, what a rotten mess!”

Lin Ran didn’t bother to explain, and looked at Big Dragon and sneered.

“Either get lost now, or you don’t have to leave!”

“Big Dragon!”

Suddenly, the village chief who was standing on the side spoke up.

“Our village hasn’t treated you too badly, so go away! One day when you really understand, this will still be your home!”

“Home?”

Big Dragon smiled at his words, he swept his gaze over the crowd and finally landed on Lin Ran, sneering.

“Laozi never had a home, what you all did to Laozi is something I remember, especially you Lin Ran! You wait for me, I’ll make sure you don’t see the sun in the New Year, I said! We’ll see about that!”

With that, Big Dragon turned around and left the village.

Chapter 404

Big Dragon left and the village gradually quietened down, and soon Grandma woke up under Lin Ran’s care.

The village chief stayed for a while longer and then left with the other villagers.

“Hey, who’s this guy!”

Wang Yifeng asked as he came over after the crowd had left.

“A scumbag!”

Lin Ran was too lazy to explain and casually replied back, and immediately helped his grandmother back home.

Wang Yifeng didn’t ask too many questions, and Su Rou followed him back.

Originally, the three of them were going to go up to the mountains for a trip, but because of this incident, they didn’t go.

The grandmother’s condition was not bad, and after she woke up and learnt that the matter had been resolved, her emotions gradually subsided.

Lin Ran had wanted to let Grandma rest more, but the latter insisted on going out, saying.

“Ranzi, you don’t understand the situation, didn’t Lao Qi get locked up last time you came back! Ever since he left, I’ve been the only one left in this village to see to the big guys!”

“So later I have to go to the village head to see everyone!”

Grandma intoned.

“Hasn’t a doctor been sent from above?”

Lin Ran asked in surprise, now that the policy was so good it was reasonable to say that since Linjiawan had become a key poverty alleviation target, the doctors in the village should all be arranged to have them.

“Arrangements have been made, but they can’t come until after the New Year!”

Grandma said.

Lin Ran smiled and nodded, the resident doctor did not just come, after all, food, clothing, housing and transportation are all problems, after the New Year arrangements over can be considered.

“Grandma, you rest today, I’ll see to this illness!”

Lin Ran said with a smile.

“You’re going to see it? Can you do it?”

Grandma was a bit worried, she only knew that Lin Ran studied in a medical university, but she didn’t know that the latter was now a famous little miracle doctor in Tanjiang City.

“Don’t worry, you forgot that I gave you all the pharmacopoeia last time!”

Lin Ran laughed.

Grandmother nodded at her words, that pharmacopoeia last time had really benefited her, and as she knew Lin Ran’s character, she wouldn’t do anything that she wasn’t sure of, she agreed at once.

Deciding to go to see a doctor, Lin Ran immediately went to pack his things and left home with Wang Yifeng and Su Rou.

The medical conditions in the village were different from those in the hospitals outside, because the medical conditions were limited and there were not as many types of medicines, so when seeing a doctor, Lin Ran had to prescribe medicine in conjunction with the available medicines.

The place to see the doctor was set at the head of the village, not far from Lin Ran’s house. The three of them set up the table and soon people who wanted to see the doctor rushed over.

“Hey? Ranzi, where is your grandmother? Hasn’t her body recovered yet?”

The village headman was the first to run over, not sure if it was because he was worried about Lin Ran’s grandmother’s condition or if he really wasn’t feeling well.

“Yes, Ranzi, where’s your grandmother?”

The villagers following behind were also busy asking.

In recent times grandmother had become the only doctor in the village, and there were many people who sought her out, so at this time, when they saw Lin Ran's trio running to put on the table, they couldn't help but all ask.

"Fellow villagers, you all saw what happened this morning, my grandmother is not feeling well today, so today I will be the one to see you all for him!"

Lin Ran looked at the crowd and said aloud.

"You can see a doctor? Are you good at that?"

"Yes, have you learnt your grandmother's technique? Don't make a mistake! This is no small matter to see a doctor!"

"Right!"

The villagers couldn't help but mutter, seeing a doctor was different from buying groceries, if you bought the wrong one you could still get a refund, seeing the wrong doctor could be fatal, so they were all very worried.

"I've heard that Lin Ran studied to be a doctor at university, so let's see what he has to say first!"

The village chief was busy maintaining order.

"Good!"

"Let's see then!"

The other villagers all agreed with him, they were very happy to have a university student studying medicine in the village, after all, it was very precious to have a noble son from a poor village, let alone a doctor who could benefit the village.

Lin Ran saw this and smiled lightly, the villagers' simplicity made him feel very pleased, if it was placed outside, I am afraid those who saw the doctor would not even listen, they would just turn around and leave, this is the villagers' simple character, willing to give you the opportunity to speak.

"Dear folks, I have already graduated for half a year and now I am also engaged in the pharmaceutical industry, so you can rest assured, of course, after all, this is the first time that you are looking for me to see a doctor, so let's start without any further ado, let's start straight away, whether it is a mule or a horse let's pull it out!"

Lin Ran laughed and greeted the village chief, who was the first in line, so naturally he was the first to start.

"Village Chief, you look well, but your eyes are very red, you must have stayed up late recently!"

Lin Ran said directly.

"Yes, the New Year is coming up, and the village has to repair the road and the resident doctor's house, so there is indeed a lot going on!"

The village chief laughed, not really feeling anything, these observations could be seen.

“Then the village chief if I’m right, you should have had chest congestion recently, and the quality of your sleep is very bad, right!”

Lin Ran continued.

The village headman was stunned at his words and the gaze he gave Lin Ran changed, it was no longer the casual look he had before, instead it had a little more importance.

“Ranzi, your grandmother didn’t tell you what kind of illness I see, did she!”

The village chief asked busily.

“No!”

Lin Ran laughed.

“Then you’re a god, I just want to see the disease of chest congestion!”

The village chief exclaimed at once, the people in the village were simple, plus Lin Ran had always been a good boy in the eyes of the villagers, he didn’t believe that Lin Ran would lie.

“Is it that amazing?”

“That’s right, you can tell a disease just by looking at it? Don’t we even have to say the condition?”

The others watching at the back were instantly interested, each one perking up their ears and waiting for Lin Ran’s answer.

Lin Ran couldn’t help but laugh at the situation and said.

“Qi is shaped in colour, the surface is created from within, a person’s Qi will reflect a person’s physical condition to a large extent, there’s nothing strange about that, if you don’t believe me, we can try it on!”

Lin Ran said as he lowered his head and took out a few herbs, handing them to the village chief and smiling.

“Decoct the medicine and take it, twice a day, for three days to ensure that the medicine gets rid of the disease!”

“Next!”

Lin Ran said directly.

At this moment, the crowd of villagers behind them had long been impatient, and immediately some of them came up to see whether Lin Ran’s skill in reading people’s illnesses was really spiritual or not.

“Grandpa Liu! You look good after a long time!”

When he saw the visitor, Lin Ran couldn’t help but smile.

Master Liu was in his early fifties, working as a farmer in the village, his body was very strong, and he was a very modest person, a famous good man.

“Ranzi, I don’t talk about any illnesses, if you can knock it out, I’ll serve you!”

Grand Master Liu laughed.

Lin Ran smiled at his words, and then his gaze glanced around the other party’s body before saying.

“Grand Master Liu has good energy, but his face is a bit less bloody, and the bags under his eyes are still a bit puffy, so he should be having some difficulty going to the toilet lately!”

“Huh! It’s really divine, so tell me, is it a big difficulty for me to go to the toilet, or a small one?”

Grandpa Liu continued to ask, while his eyes were filled with anticipation.

“Yes, yes! Keep talking keep talking!”

The other villagers behind them were also curious and came over, wanting to hear what was going on below.

Lin Ran saw this and laughed, then said.

“Naturally, it’s a small difficulty!”

After saying this, Lin Ran looked at Grand Master Liu and said in a serious tone.

“Grand Master Liu, you have to exercise moderation, it is good that your sword has not yet aged, but you cannot overindulge!”

“Haha!”

As soon as Lin Ran’s words fell, the sound of laughter from the other villagers rang out around them.

In the distance, Big Mother Liu said with embarrassment.

“You dead old man, I told you not to look, don’t look, now you’ve done it, let’s forget about the shame!”

Chapter 405

With the village headman and Grand Master Liu both seeing the patients, almost all the villagers at the back believed Lin Ran, and one by one they lined up and started seeing the patients.

None of the villagers’ illnesses were serious and Lin Ran settled the battle in just two hours, but what worried him the most was that after this visit he realised that the herbs his grandmother had prepared were very inadequate, even some of the herbs and western medicines bought from the city were extremely scarce.

“Hey, it looks like the village’s medical facilities will have to be improved somehow!”

Lin Ran mulled it over in his mind.

He had grown up in Linjiawan, and this place was his roots, now that he was capable he would naturally not forget his roots, and as he ran a clinic himself, he was just able to help his family.

“When the clinic opens next year, we’ll deliver a batch of medicine to the village every month!”

Lin Ran made up his mind, although they were also sold in the town, they were not supplied from the source after all, and the prices were too high for the villagers to afford, fortunately he had Li Wansan as a source, and could take the goods directly from the latter's factory, enabling the villagers to eat the factory-priced medicines.

"Since the resident doctor next year, there will be more drugs by then, and grandma will be able to relax a bit!"

Lin Ran couldn't help but smile at the thought in his mind.

The villagers all dispersed after seeing the doctor, there was no tomorrow left for the New Year's Eve, today was also all rather busy, Lin Ran and Wang Yifeng hurriedly collected the tables and headed back.

"Hey? Where's Su Rou?"

Halfway down the road, Lin Ran realized that Su Rou, the girl, didn't know where she had run off to.

"Nothing, she said she was going to the primary school to take a look, she just happened to pass by on the way here!"

Wang Yifeng said.

"Primary school?"

Lin Ran smiled and couldn't help but shake his head, he didn't expect that this nee-san still liked school.

The two of them arrived home soon after carrying their things, grandma was already making arrangements to start cooking lunch, today's lunch was early, thinking that they would start preparing the ingredients for the New Year in the afternoon, so grandma also cooked early.

"Ranzi, you two are back, I don't know what happened to Su Rou, she didn't look right after she came back, she went straight back to the house to rest, I didn't dare to ask her for fear of disturbing her!"

When she saw Lin Ran and the two of them coming back, her grandmother stopped what she was doing and went forward to say.

"Her face doesn't look right?"

Lin Ran frowned slightly at his words, and immediately walked towards Su Rou's room, when the three of them went to see the villagers in the morning this girl was quite normal, why did she suddenly look wrong.

"Creak!"

The door to the room was unlocked and was easily pushed open by Lin Ran, following which he walked in.

In the room, Su Rou was lying on the bed, wrapping herself in a quilt. Lin Ran could see from a distance that this girl's head was covered in cold sweat, as if she was going through something very unpleasant at the moment.

"What's wrong?"

Lin Ran asked in a low voice.

“Nothing... Nothing!”

Su Rou’s voice trembled, and Lin Ran noticed at this moment that this nee-san’s face was very pale, and her hands were covering her stomach as if her stomach was in great pain.

“Is your stomach uncomfortable?”

Lin Ran busily sat down at the edge of the bed, followed by taking Su Rou’s hands over and began to take her pulse.

“Mmm! My stomach hurts, it’s as if a knife is stirring inside!”

Su Rou said as she endured the pain.

Lin Ran nodded at his words, while a stream of true qi was already sent into the other party’s body along with her pulse.

“Is it any better!”

Lin Ran asked busily.

“Mmm!”

Su Rou nodded and opened her eyes at the same time, the location of her stomach did feel more comfortable after being given a pulse by Lin Ran, but it was still vaguely painful.

“You continue to rest, I’ll give you a massage!”

Lin Ran said, followed by lifting the quilt, which scared Su Rou busy said.

“Or else or Forget it!”

The fact that she had to lift the blanket for a tummy massage made her a little embarrassed to be alone with only two people.

“You’re already in pain and you’re still letting it go? Last time I massaged your ankle, I didn’t see you so shy!”

Lin Ran said helplessly.

“You”

Su Rou smiled and her pretty face reddened even more as she lowered her head and said.

“Then... Then be gentle!”

With that, she covered her head with the blanket, not daring to look at Lin Ran.

“Fatty, take these herbs and decoct them!”

Lin Ran got up and shouted at the door, followed by finding a few Chinese herbs and throwing them to Wang Yifeng, who hurriedly ran out with the herbs and went to work.

Lin Ran then knelt down at the side and gently lifted the blanket to prepare for the massage.

It was only once the blanket was lifted that he realized that Su Rou, the girl, was actually wearing pajamas at this time, which really surprised him.

“I have the habit of wearing pajamas when I sleep!”

Su Rou was a little embarrassed, this pajama was the same one she wore last night when she changed the light bulb, at this time Lin Ran looked at it, he couldn't help but remember what happened last night, his old face suddenly flushed.

“That, I'm starting!”

Lin Ran hurriedly changed the subject while putting his hands together and rubbing them together quickly, the human body's stomach as well as abdomen were extremely sensitive.

Especially in winter, imagine what kind of experience a pair of cold hands on the stomach would be.

Therefore, Lin Ran first rubbed his palms together to warm them up before placing them on Su Rou's abdomen and massaging it.

His hands were very hot, and with the infusion of true qi, a warm sensation flowed over Su Rou's belly in no time.

This warmth caused Su Rou's entire body to tense up at once, but followed by relaxation as the warmth quickly wrapped around the entire painful area, causing her to let out a muffled hum of comfort.

“Hmm?”

Wang Yifeng was better off decocting medicine at this moment and wanted to come over to ask if there was anything he could do to help, only to hear this muffled grunt just as he reached the door, and his whole body froze.

“What's wrong? Does it hurt?”

Lin Ran asked as he massaged.

“No, it's very comfortable!”

Su Rou said softly, the warmth coming from the small of her stomach made her entire body slightly warm and her body very comfortable.

“Does it still hurt now?”

Lin Ran continued to ask.

“No... It doesn't hurt anymore!”

Su Rou said softly.

“Mm!”

Lin Ran nodded at his words and was just about to speak when Wang Yifeng's voice came from outside the door.

“Cough cough! That this, the medicine has been decocted ah, what about you guys hurry up, half an hour is enough, right, fat master I will come back then, ah!”

Said Wang Yifeng turned around and left, Su Rou two people listened to the clouds, but at this time in the massage also did not pay attention to him.

“By the way, what exactly is this disease of mine?”

Su Rou suddenly asked, it was so painful before that she had forgotten to ask herself what condition it was.

“It’s a very common illness you have, relatives are here!”

Lin Ran laughed.

“Relatives are here?”

Su Rou was stunned at her words, somewhat unsure of what it meant.

Lin Ran laughed at the situation and said.

“Every woman commits a disease, what do you think it is?”

“Every woman commits a disease?”

Su Rou smiled and suddenly dawned on her, but then she was puzzled again.

“What does that have to do with relatives coming over?”

Lin Ran smiled and was suddenly helpless, his hands massaging non-stop while laughing.

“When you’re sick, isn’t that when relatives come, and don’t you women like to call it your aunt? Then isn’t that just an aunt coming!”

“You!”

Su Rou smiled and suddenly her pretty face reddened, this guy knew just as well as he knew, why did he still say it so bluntly, he didn’t even have the heart to say it himself.

“Alright, alright, the medicine should be almost ready!”

Lin Ran was busy changing the subject and shouted outside.

“Fatty, bring the medicine in!”

“Huh?”

Outside the door, Wang Yifeng had just taken a couple of steps out and when he heard Lin Ran’s words, his two eyes darted around and he said with some embarrassment.

“Ranzi You’re a bit fast, Fat Master I said I’d give you half an hour!”

Chapter 406

“What half an hour, hurry up and get in!”

Lin Ran urged, Wang Yifeng saw this and was too embarrassed to say anything, and immediately ran in with the decocted medicine.

But when he went in this look, he froze.

“You guys Aren’t you guys having sex? Why are you massaging ah!”

Wang Yifeng couldn’t help but ask.

“Hey presto, what the hell is in your head!”

Lin Ran smiled and gave him a blank look, while taking the medicine and pouring the up out.

“What’s hey presto?”

On the bed, Su Rou listened in wonder, this was the first time she had heard this word.

“Don’t ask, come and drink the medicine!”

Lin Ran heard the old face blush and hurriedly changed the subject.

However, Su Rou had not forgotten a thing, and the first thing she did after drinking the medicine was to ask Wang Yifeng.

“What’s hehehe?”

Wang Yifeng smiled and scratched his head awkwardly, not knowing how to explain.

“Hey shoo is what it means!”

With that, he hurried out of the room.

“That, I still have something for you to rest first!”

Seeing the situation was not good, Lin Ran followed and also hurriedly picked up the medicine bowl and ran out.

“Why are you being so divine!”

Su Rou saw the situation and was a little puzzled, but soon her mind woke up and her pretty face went straight to the base of her neck as she shouted at the door.

“Fatty Wang, you pervert! You’re the one who’s having sex with Lin Ran!”

“Yes, yes, I’m perverted, but it’s impossible for me to have sex with him!”

Wang Yifeng’s shameless laughter came from outside the door.

....

Drinking the medicine, soon Su Rou fell asleep and didn’t even eat lunch, and slept until two o’clock in the afternoon, which is when she woke up.

And by now her stomach was no longer hurting and her whole complexion was much better.

“What are you doing?”

As soon as she left her room, Su Rou saw that Lin Ran was packing up his things as if he was going out, while Wang Yifeng was nowhere to be seen.

“I’m going to go to town with Old Li Tau next door later to purchase some New Year’s Eve goods, do you want to join me?”

“Yes, yes!”

Su Rou agreed without even thinking about it, she was bored in the village and she didn’t hesitate to go shopping at this time.

“Good, then you go and pack up, we’ll leave later!”

Lin Ran greeted, Su Rou nodded and instantly went back to change her clothes.

The speed of a woman changing clothes was like riding a rocket.

In just five minutes, Su Rou was standing side by side with Lin Ran at the front door, waiting for Old Li Tau.

“Where did Grandma and Wang Yifeng go?”

Su Rou asked.

“Grandma went to Yingzi’s house, while Fatty Wang went up the mountain to hunt with Yingzi’s husband, Shi!”

Lin Ran said, and then smiled as he saw Su Rou’s confusion and explained.

“There is a custom in our village that every family has to prepare New Year’s Eve goods, and the New Year’s Eve goods we are talking about here are not the kind you buy in the city, but the ones you make at home!”

“Here we call it “putting aside a pot”!”

In fact, a large pot is heated up and oil is poured over it to fry some of the food that is only eaten during the New Year, such as roast pork, rolls, balls, scallops and other delicacies.

Most people in the village are not well off, so in the past these dishes were only made during the New Year, but as the standard of living has improved in recent years, they can be seen on a regular basis.

However, it has become a habit for everyone to keep making food in pots for the New Year, as it is the only way to have the taste of the New Year.

“Grandma is too old to be busy on her own, so she goes to Yingzi’s house to do it together!”

Lin Ran said with a smile.

“That’s amazing, I’m getting hungry just talking about it!”

Su Rou listened with some hunger, eager to see if these delicacies were good or not.

As the two of them were talking, a white Wuling van drove over, the only van in the whole village, which also belonged to the village head's family.

"Ranzi, get in!"

Old Li Tau greeted as he sat in the car.

"Okay!"

Lin Ran greeted, and instantly got into the car with Su Rou.

.....

The only way to get into the village is to have a motorbike, which is rarely available in the village.

This is the only large vehicle in the village, not to mention motorcycles, as there are very few of them in the village. This is the Wuling van that the village chief has been saving up for years and bought for the convenience of the people in the village.

The road was rough, but Old Li drove very steadily.

Old Li is a middle-aged man over 40 years old, who has been working at home for many years and has dark skin, which is why he is nicknamed Old Li.

When he opens his mouth to smile, he reveals a mouth full of yellow teeth, which is somewhat disgusting but also characteristic.

"Old Uncle Li, can we make it back in time for the night?"

Lin Ran asked, sitting in the car, it was already 2:30 p.m., it would be almost dark at 6:00 p.m. in winter, and it would be unsafe to drive at night on rugged mountain roads.

"Don't worry, it's not like we're going to play, let's just hurry up!"

Old Uncle Li said.

Su Rou, who was at the side, remembered something and said.

"Right, can you turn around the office supplies market, I see the village primary school desks and chairs are almost broken, I want to buy some for the children!"

"That's fine, I didn't think you'd be so conscious!"

Lin Ran smiled at his words and said after him.

"Fine, then go on a trip, I'll buy some too, it's a good way to do something practical for the village!"

"Good!"

Old Li Tu smiled and naturally did not object, he was also very happy to be able to do some facts for the village, although Lin Jiawan was not large, the villagers were all very united, this also had to do with everyone's simple character.

As the three of them talked and hurried on, they soon got out of Linjiawan and onto the gravel road outside, which naturally got faster once the road got better.

However, in less than half an hour, before the car reached the town, it slowed down and stopped. When Lin Ran and the two of them looked up, they both frowned.

They saw that a bulldozer was blocking the road in front of them, making it impossible to pass the car on the already not wide road.

And at this time in the bulldozer aside, also squatting four or five youths, then smoking a cigarette and then there is talking about something.

“I’ll go down and take a look!”

Lin Ran immediately jumped down and walked over towards a few people.

But before he could take two steps, four or five people from the other side raised their heads, and at once their eyes met, both of them stunned.

“It’s you!”

“Da Long, Cabbage?”

Seeing these two people, Lin Ran instantly smiled, one was Dalong, who had just been driven out of the village this morning, while the other was Bai Cai, the one from Bai Jia Gou that he had met when he returned yesterday.

“My mother’s name is Bai Cai, not Bai Cai!”

Bai Cai stood up and looked at Lin Ran angrily, obviously still angry from last time.

“Brother Bai, that’s him! He was the one who drove my brother and I out of Lin Jia Wan this morning!”

To the side, Big Dragon said, with a wary look in his eyes, fearing that Lin Ran would make a move on him.

“That’s him?”

Bai Cai laughed at that, and looked at Lin Ran with a little more playfulness as he sneered.

“Last time I drank and fell into your hands, this time I’ll see what else you’re capable of!”

Said Bai Cai with a wave of his hand, four or five of his men immediately ran over next to him, he looked at Lin Ran with a sneer and sneered.

“Let’s settle old scores and new ones together today, I’ll play with you properly!”

Chapter 407

“Blaming drinking when you can’t fight, who is the wine going to talk to?”

Lin Ran looked at the two men and laughed.

“Quite a venomous mouth, I just don’t know if you’ll still be so arrogant when you’re beaten to the ground by Laozi later!”

Bai Cai sneered, he had never put Lin Ran in his eyes, believing that his last loss was entirely due to the fact that he hadn’t sobered up at the time, otherwise it would definitely be the other party under the pa.

As he said that, a group of people were already walking slowly towards Lin Ran, stepping closer and preparing to surround him together.

“Stop! What do you want!”

Suddenly, a voice came over from the side, and it turned out to be Su Rou who had jumped down from the car when she saw that the situation was not right.

“Dalong, Lin Ran is also from our village, why are you still helping outsiders!”

Old man Li saw that Su Rou had gone down, so naturally he didn’t have the heart to stay in the car and jumped down after him.

“An outsider? Bai Cai that’s my big brother! On the contrary, what is Lin Ran? He drove me out of the village this morning, so I’ve already given him face by not taking action directly!”

Big Dragon sneered.

“Giving him face? You’re afraid you don’t dare to do anything, so you let this guy come over and use him as a gun!”

At the side, Su Rou said disdainfully, she had seen Big Dragon’s character clearly, he was simply the scum of scum, so scum that he wouldn’t even take care of bitches.

“You ugly bitch, if he hadn’t ruined my life this morning, you would have been my fucking woman long ago!”

Seeing Su Rou, Big Dragon couldn’t help but curse, while gulping down a spit, even though the woman in front of him was cursing him to make him angry, he couldn’t help but get an evil fire whenever he saw him, mainly because the woman in front of him was too damn pretty.

“Yoo-hoo? Such a beautiful beauty, I can’t believe that old man didn’t even know about it!”

On the side, Bai Cai couldn’t help but stop in his tracks while licking his tongue, he also thought he had played with many women, but those were all the rouge and vulgar powder from the nightclubs, compared to this one in front of him, it was a piece of shit.

“Big Dragon, you’re not interesting enough, you still want to take it all for yourself when you get the chance this morning!”

Bai Cai turned his head to look at Dalong, there was ice in his eyes, he, Bai Cai, was known for his love of beautiful women, this little brother of his obviously wasn’t prepared to give it to himself at that time ah.

“The first thing I wanted to do was to offer it to you after I captured it.”

Seeing this, Big Dragon was busy saying that he was overwhelmed with the feeling of flattery.

“That’s more like it!”

Bai Cai nodded at his words, obviously too lazy to bother with Big Dragon.

“You’re really a dog! A good dog!”

Lin Ran looked at Big Dragon and said indifferently, even the last trace of contempt in his eyes was gone, obviously he couldn’t bring up any interest in this Big Dragon at all, and couldn’t even produce a bit of emotion like contempt and hatred.

“You’re a bully, but when Brother Bai beats you down, I’ll see if you can still be a bully!”

Big Dragon sneered, while his eyes looked at Su Rou at the side and laughed.

“And, later on, Brother Bai will personally hurt your girlfriend, so by then I hope your face will still be as calm as it is now! Haha!”

“You’re a bastard!”

Su Rou said angrily, saying such words to a girl, this was simply a shameless act.

“Bastard or not, I don’t know, but a pretty girl as spirited as you is really rare, but I’m good at it!”

Bai Cai couldn’t help but laugh, while licking his lips, with an unconcealed greed in his eyes.

“Bastard, what do you want! I won’t let you get away with it today, even if I die!”

He could already see that there was no way this could be settled today, Su Rou was such a beautiful girl and a good person, if something happened to her here in their village, how could he bear it?

“Old thing, it’s none of your business, if you don’t want to be crippled, get lost!”

Bai Cai’s eyes flicked over and said in a cold voice.

“Uncle Li let’s get in the car!”

Su Rou was truly furious, pulling Old Li Tou straight into the car, shouting at Lin Ran before closing the door.

“You have to take this out for me, otherwise I’ll go back and find Xiao Nuan to sue!”

“I ...”

Lin Ran smelled a moment of helplessness, out of anger is out of anger, why also blackmail himself to sue, himself this is too difficult.

“Beauty, expect him to give you out of anger, you are afraid that you will be disappointed!”

In the distance, Bai Cai watched and laughed, but his eyes were still glancing at Su Rou.

“Scum!”

Su Rou was extremely uncomfortable by the look, and with a bang, she closed the car door.

Originally, he only wanted to play with Lin Ran and teach him a lesson.

But now his thoughts had changed, with a beautiful woman watching from the car, at this moment, whether it was him or the others, they all unconsciously straightened their backs, wanting to show their manliest side.

“Kid, do you want to roll to a piece and watch by yourself or let me do it and beat you down!”

Bai Cai didn't say any nonsense and spoke directly.

“I suggest you better get lost now, or it will be too late to run later!”

Lin Ran rolled up his sleeves, since he was going to help Su Rou out, he would have to use some strength, otherwise the latter would not be satisfied, and it would be himself who would suffer when he went back after the New Year.

“Your head is really iron, since you don't see the coffin, then I'll make it up to you today!”

Bai Cai said with a cold face, while a wave of his hand shouted at the men beside him.

“Go! Waste him for me! Take off your clothes in public!”

“Yes, big brother!”

The men around him had been waiting for a long time, and when they saw this, they all rolled up their arms and sleeves and rushed towards Lin Ran.

As the saying goes, a gun is a bird in the head, and this was no exception.

Lin Ran, without a word of caution, launched himself out with a kick, and then kicked the most aggressive of his men.

That kid didn't even see clearly when Lin Ran moved his hand, and his whole body already flew backwards.

“Bang Bang Bang!”

The crowd had just rushed in and everyone hadn't even scattered yet, when suddenly the foremost companion flew backwards, instantly smashing the string of people behind him as if they were wearing candy canes, falling to the ground.

“A bunch of rice buckets! I still have to fucking do it myself!”

Bai Cai's face chilled at this, and he grabbed a shovel from the side and lunged at Lin Ran.

The shovel was still covered with snowflakes, and as he flung it, it slid towards Lin Ran's neck with a little white light.

The shovel was a serious iron object, if it cut his neck, it could cut his aorta in an instant.

However, as soon as she got up this sweat, the situation outside suddenly changed.

Lin Ran bent down and dodged the shovel, then he kicked Bai Cai in the chest, and the latter let out a scream and flew backwards.

“Boss!”

A few of the punks around him had already stood up and were about to rush over when they saw their boss being beaten.

However, Lin Ran caught the fallen shovel and threw it at Bai Cai, who was getting up and ready to leave.

The shovel, with the snowflakes that had not yet fallen off, flew through the crowd with a “whoosh” and directly behind Bai Cai.

The snowflakes fell off and hit Bai Cai’s face with a “pop”, followed by the shovel flying past his cheek, cutting through his cheek and landing on the ground in front of him with a bang.

“I told you, if you didn’t get lost, you wouldn’t have a chance now! But you didn’t listen!”

Chapter 408

“I I”

Bai Cai was so scared that his whole body couldn’t stop shivering, he could feel the fire on his cheeks at this moment, and the snow on the ground beside him was stained red with blood.

“Don’t! Don’t kill me! Don’t kill me!”

Bai Cai stood still and didn’t dare to move, his mouth shouting uncontrollably, at the same time Lin Ran noticed that where this guy’s feet were standing, the snow was melting rapidly underneath his feet, and on closer inspection there was actually water running down the necks of his feet, this guy had actually been scared and pissed!

“Stand still!”

Lin Ran’s face suddenly sank and he scolded.

In the distance, Big Dragon, who had just run out of the room, dared not stand still, he had a long history of conflict with Lin Ran, if he stood still at this moment, he would be killed by the latter.

“Hey! Why are you so disobedient!”

Lin Ran shook his head helplessly, and then lifted his foot onto the other shovel that had fallen next to him, and immediately the shovel flew out with a whoosh, and then hit Big Dragon’s back with a bang.

With a muffled thud, Big Dragon fell to the ground with a dog’s paw, screaming in pain.

“Go and drag him over here!”

Lin Ran looked at the few remaining punks and said calmly.

“Yes”

A few people were so scared that they didn’t dare to breathe a word, and hurriedly ran to carry Big Dragon back.

Lin Ran didn’t pay any attention to Big Dragon, instead he looked at Bai Cai and asked.

“This bulldozer is yours? What do you want?”

“It’s... It’s ours. We are also running errands for others, a few rich kids want to play here and gave us some money to clear the snow!”

Bai Cai said busily, at this point his gaze at Lin Ran had long since lost its disdain, there was only horror.

“Have someone move the bulldozer out of the way and then get the hell out of my way, last chance, if you don’t leave you’ll stay forever!”

Lin Ran said blandly.

Bai Cai smiled as if he had received a great pardon and was busy shouting.

“Yes, yes, we’ll get lost right now! Get lost right now!”

Saying that, he hurriedly greeted his men and moved the bulldozer out of the way, and then drove it away without saying a word.

“Hey! Brother Bai you can’t leave me behind!”

Big Dragon was on the verge of tears when he saw this, he was following Bai Cai, but now the latter had absolutely no intention of taking him away, he obviously didn’t care about him anymore.

“This is your big brother, do you like it?”

Lin Ran squatted down, looked at Big Dragon and smiled blandly.

“Ran Ranzi, we’re from the same village, and we grew up together, you... You don’t want to do anything stupid!”

Da Long saw this and said busily, he was really afraid that Lin Ran would get him killed, he hadn’t lived long enough yet.

“You and Bai Cai are really the same kind of goods!”

Lin Ran said disdainfully.

However, not only did Dalong not get angry at his words, he even smiled and nodded his head and said.

“Yes, yes, Bai Cai and I are the same kind of goods, Brother Ran, please forgive me if you’re too kind, I was just joking with you about that misunderstanding this morning!”

“A joke? Then I’m joking with you too?”

Lin Ran said as he picked up Big Dragon and smashed him into the snow nest with a bang, instantly stuffing countless amounts of snow into Big Dragon’s nostrils.

By the time Lin Ran pulled him up, his face was already covered in snowflakes.

Lin Ran dragged him straight to the deep ditch next to him and pressed his head inside the deep ditch, and at once the huge drop below looked like the whole body of Big Dragon jumped up and hurriedly shouted.

“Ran Brother Ran, I’m really wrong, I really know I’m wrong, don’t let go, don’t let go ah!”

This deep ditch must be at least a dozen meters, the bottom is always running water and rocks, in addition to some shrubs, if you fall from here, lucky to fall into the river is just, but if you fall on the rocks, or shrubs which is afraid the consequences are not good.

“Now you know you’re wrong? What have you been doing?”

Lin Ran said in a cold voice.

If he hadn’t been so angry that his grandmother had passed out, he wouldn’t even have bothered with this Big Dragon, but the reason he continued to have trouble with him was because of this morning.

“Big Dragon listen to me carefully!”

Lin Ran turned Da Long’s face to look at himself and then said.

“How you bastard outside the old me lazy care, next time in the village back to wreak havoc on the folks, this ditch is your grave, I Lin Ran said do the road!”

“If you are not convinced, you can find me outside the village at any time, as long as you can afford the consequences, I am Lin Ran to accompany to low, but in the village, let me see you make trouble once more, you will prepare yourself to converge clothes!”

Although his voice was not loud, every word was like a needle’s point in Dalong’s heart, making his heart chill with fear.

“No... I don’t dare, I don’t dare.”

Big Dragon gulped and said with difficulty, at this moment his entire body was scared silly, Lin Ran’s gaze just now was simply colder than the snow around him, making his whole body stiffen as he looked at it.

“Get lost!”

Lin Ran raised his hand and reprimanded, scaring Big Dragon into hurriedly getting up from the ground and running off in the distance without daring to look back.

.....

“Keep hurrying!”

A few moments later back in the car, Lin Ran directly greeted.

The old Li head saw the situation and did not ask more questions, the time is not early immediately drove to the town.

“Those two guys won’t come back for revenge, will they?”

Su Rou asked, a little worried.

Lin Ran shook his head and said.

“I don’t think so, unless they still have a backer!”

In the end, Bai Cai and Da Long were just strong outsiders who dared to step on the soft ones, but they didn't even dare to say a word when they met Lin Ran, the hard ones.

However, Lin Ran was vaguely worried, after all, two people who had never even attended school and had spent a long time in the village, even if they were gangsters, they were just punks, how could they have been in jail for years?

The two of them seem to have a lot going on, and there might be someone else behind them.

Lin Ran thought to himself, but he couldn't figure it out, and the only thing he could surmise at the moment was what Bai Cai had said about the second generation of rich people.

The only thing that can be surmised at this point is that Bai Cai has said that he is a rich man, and that is why it is so interesting to see how a few of them can be friends with a rich man.

.....

The car was bumpy all the way to the town soon, said the town has actually developed a hint of a small city, just a little away from the real city.

The old Li head now drove the car to the town's largest office supplies market, much earlier than the supermarket this Li off work, so they came here first, ready to wait to buy desks and chairs after the supermarket.

Near the New Year, many shops in the office supplies market are closed, only a few local ones are still in business, but at this time is also very depressed.

The old head of Li couldn't help much, so only Lin Ran and Su Rou walked into the market. The two of them casually found a big shop and followed it in.

There were no customers in the shop, only a beautiful young woman sitting in front of her computer watching TV, not noticing Lin Ran and Su Rou walking in.

Lin Ran did not rush to shout at her, ready to see how the products were first, but just as the two were about to move, suddenly there was a sharp voice from behind.

"Get out of the way! You're blind! Don't be in my way!"

The voice fell, followed by a young man in a suit with tousled hair rushing in through the door, and he was too fast to stop.

"Watch out!"

Lin Ran saw this and hurriedly wrapped Su Rou into his arms, followed by a dodge which he managed to dodge.

However, while they both dodged, the fat man in the suit couldn't stop, and he directly crashed into the front counter with a bang, lying on the floor on all fours.

Chapter 409

"Who is this man?"

Su Rou asked in surprise, just now she saw nothing, instead of any panic, at this point followed as if nothing was wrong.

“Who is it! Who is it! Can’t you walk a little slower? My table hey!”

The boss’s wife behind the computer finally noticed the doorway and hurriedly got up and ran over, seeing that her front desk was undamaged, and only then did she breathe a sigh of relief.

“Sister Mei, it’s me!”

The young man in the suit who was lying on the floor said busily, seemingly afraid of messing up his shiny hair and wiping it before he climbed up.

“Damn it, what’s wrong with you two, why did you say dodge out of the way, causing me to hit the ground head first, look at my suit all dirty!”

The young man in the suit gasped from the ground and said with great displeasure, his gaze glancing around at the two of them Lin Ran, followed by a few moments of disdain.

Lin Ran and Su Rou were both dressed in general, especially the former, dressed even more like they were from the village, while in looking at himself he was dressed in a suit and had shiny hair, it was no wonder that he had disdain in his heart.

“Friend, just now it seems that you yourself were too fast and almost hit someone, right, we dodged out of the way and blamed us instead?”

Lin Ran looked at him and said blandly.

“What are you talking about? Do you fucking know who I am? Do you know how much this suit on me costs? Do you know how much this watch on my wrist is worth?”

The young man in the suit said and spat disdainfully, then said even harder.

“Just this fucking outfit of yours, I can buy dozens of them with one sleeve, you dirt bag!”

“What are you talking about? A little bit of stinking money is great, so you can just fool around!”

On the side, Su Rou couldn’t bear to hear this and was busy speaking up and scolding.

“Yo is still a”

The young man in the suit just wanted to speak, but the beautiful young woman boss lady Mei on the side opened her mouth to round up the situation.

“All right all right, are guests so big fire why? Come on all do all do!”

However, the young man in the suit was already impatient to speak as soon as Sister Mei’s words fell.

“I say, beautiful, is this your boyfriend? You should take a good look at your eyes, what kind of boyfriend do you want to find, you have to find a poor man and follow him to eat dirt together in the future!”

With that, the young man in the suit turned around and was ready to sit down and talk.

However, just as his buttocks puckered up, a black shadow flashed past, followed by a distinctive footprint on his buttocks, and he hit the reception desk in front of him at the same time.

Lin Ran's kick was well placed to make this guy hurt, but at the same time, he didn't break the table and pay for it.

"My head! Who the fuck did you kick!"

The young man in the suit covered his scratchy head and drank, his face filled with anger.

However, Lin Ran and Su Rou were looking at me and me at you, then shook their heads.

Followed by Lin Ran child a serious look at Mei who was next to him.

"Boss lady did you see someone kick?"

"No No!"

Sister Mei's head shook like a rattle, she really did not see clearly, just now only a black shadow flashed, followed by the young man in the suit hit the table, she was also wondering.

"Maybe he didn't stand still!"

Lin Ran said in a serious manner, while rushing to Su Rou at the side.

"Daughter-in-law, see, it's lucky you found me, if you found someone who was not physically fit and could hit the table with a pout, how could you be protected then!"

"Pfft!"

Su Rou couldn't hold back her laughter, even Mei who was looking on couldn't help but laugh, at the same time the look on Lin Ran's face was a bit more curious, this guy in front of him wasn't dressed well, but he was quite funny when he talked.

"Wait! You don't see that I have proof!"

The young man in the suit said and pointed to the mirror next to him, which was reflecting a clear footprint on his buttocks, it was like it was painted on, it couldn't be clearer.

"Boy! That's a man's footprint and you still don't admit it!"

The young man in the suit said and was ready to come over and lash out, yet not even two steps later, Lin Ran was helplessly spreading his hands, while lifting his paws up.

"It's really not me, look, I don't even have shoes on this foot!"

Lin Ran said with a straight face, there were really no shoes on his right foot at this moment.

"You!"

The young man in the suit was furious at this, but there was nothing he could do, that footprint on his own butt was the footprint of his right foot, while the other man's right foot was without any shoes at all.

“Hmm?”

Just when the young man in the suit was thinking about how to find the evidence, suddenly he stepped on something under his foot, and when he looked down he laughed.

“God has eyes, what the fuck else do you have to say!”

The young man in the suit looked down and picked up the fallen shoe, shouting at Lin Ran.

“This is my shoe, thanks a lot I said how I couldn’t find it!”

Lin Ran said with a straight face, while taking the shoes and putting them on his feet without ceremony, while trying them on to see if they fit.

“You’re fucking kidding me!”

The young man in the suit’s face instantly turned cold when he saw this, he couldn’t be so stupid that he couldn’t even see that someone was playing a trick on him.

“You’re not stupid yet!”

Lin Ran laughed.

“You’re looking for death!”

The young man in the suit burst into a rage and raised his hand to hit someone.

Seeing this, Sister Mei hurriedly blocked the way.

“Fatty, what are you doing, you’re all guests give me face, stop it haha!”

“Spread out!”

Fatty heard that but coldly scolded, usually he did not less to take care of Mei’s business, mainly because the latter is beautiful and a person, if not because of this he would have changed places.

But business is business, damn it someone dared to tease him, this made him very angry.

“Kid, you don’t even bother to find out who your brother Fatty is, what happens to anyone who dares to fight me in this town, even you want to fight me!”

Fatty said as he broke away from Mei and punched Lin Ran.

“Dirtbag, I still like to fight with stupid pigs like you!”

Lin Ran laughed lightly and then raised his hand and slapped Fatty directly on the face.

This was a solid slap, and the moment Fatty flew backwards, almost everyone in the room could see that the flesh on this guy’s face had to shake, and his whole body smashed towards the table with a “bang” like a cannonball.

This time, the table did not give fat brother face, “boom” the table leg broke, then countless broken wood directly on the latter, a head of greasy hair immediately became a chicken nest.

A beautiful suit also instantly became a beggar’s suit, torn in several places.

“My clothes! My clothes!”

Fatty hurriedly got up from the ground, but what he was nervous about was not whether he was injured or not, instead he was distressed about the clothes he was wearing.

“Do you know how much I paid for this suit? Fifty thousand dollars! Can you fucking afford to pay for it!”

Fatty said and already got up from the ground, so angry that he gritted his teeth and walked back and forth indefinitely in place, wanting to go up and fight with Lin Ran, but he couldn't do it, but when he thought of the clothes he was wearing, his heart was dripping blood.

Suddenly, Fatty had a flash of light and pointed at Lin Ran, cursing angrily.

“You! You wait for me! I'll call someone right now! I'll call someone right now!”

Chapter 410

Fatty's phone was just about to call out when Mei, who was standing by, hastily stopped to make amends and smiled.

“Fatty, what are you doing? Give me face and let's talk properly, okay?”

At these words, Mei unconsciously rubbed herself against Fatty twice, but these two rubs immediately made the latter's anger half gone.

It was not easy for a woman to open a shop and support it.

She had to maintain the relationship with her old customers and entertain new ones, so it was not easy for a woman.

“All right, for your sake, I won't talk to him today, Fatty, but it's hard to escape from a deadly crime, and I have to pay for the damage I've done this time, especially the clothes I'm wearing.”

As he spoke, Fatty looked at the two Lin Ran and said disdainfully.

“Kid, old man this body clothes forty to fifty thousand, plus other miscellaneous old man give you a discount in, fifty thousand, take out fifty thousand today this matter old man as if it never happened!”

“Or else, you'll be thrown up the mountain and fed to the dogs!”

Fatty said with gritted teeth, obviously his hatred for Lin Ran was not less, but only for the sake of Mei's face did he not shout at anyone.

“You want to settle a score?”

Lin Ran looked at him, the expression on his face hadn't changed too much since the beginning.

“That's right, I just want to settle the score, are you going to pay for this money or not!”

Fatty chided, and Su Rou, who was at the side, couldn't bear to hear this and spoke up.

“Damn fatty, who are you fooling? Just this outfit you're wearing is a few hundred dollars at most, you obviously bought a fake, and you want us to pay you back according to the real thing, dream on!”

“Fakes? Open your fucking eyes and see clearly, the mark is right here!”

Fatty said and immediately pulled out the logo on the inside of the clothes, which was a well-known brand, and it was pricey at first glance.

“You’re obviously a fake! And you don’t even know it!”

Su Rou didn’t bother to pay attention to him and said directly.

Fatty smiled instead of getting angry at his words and looked at Su Rou and said.

“Beauty, you are afraid that you can’t afford to pay for it, that’s why you said that my clothes are fake, no need to snap, you fat brother I am the best at pitying the jade!”

Fatty said and couldn’t help stroking his chin and laughing.

“As long as you keep me company for one night, this 50,000 yuan will be your tip, I don’t want it!”

“How about that? Kid, think about it?”

Said Fatty and looked at Lin Ran provocatively with a lecherous smile.

“Ai!”

Lin Ran sighed and shook his head at the same time, following which he took out a bank card from his pocket and placed it on the table.

“Yoo-hoo, quite sensible, not bad old me counts you as a bandwagon!”

Fatty said as soon as he picked up the bank card, ready to stuff it into his own pocket.

However, just as his palm touched the bank card, it was pressed down by Lin Ran’s hand.

“What? Still want to back out? If you don’t pay then I’ll take your girlfriend to cover the bill!”

Fatty said, unable to stop his gaze from looking over Su Rou again, with a greedy smile at the corner of his mouth.

“What’s your hurry.”

Lin Ran spoke calmly

“Hm?”

Fatty couldn’t help but withdraw his gaze at his words, wanting to see what Lin Ran was planning to get up to.

“There’s fifty thousand on the card, just enough to pay for your clothes, but if you want to do the math, then let’s do it carefully so you don’t lose out!”

Lin Ran laughed.

“Yoo-hoo? You’re quite good at this, so fine you do the math, I’ll listen!”

As he said that, Fatty sat down on the chair next to him, his thighs crossed over his lap while lighting a cigarette, with the look of a grandfather.

“Then you can listen carefully!”

Lin Ran said with a smile.

“Ranzi, you’re crazy!”

On the side, Su Rou saw this and was busy stopping him, it would be too wishful if he gave this money.

“This guy is clearly blackmailing you, you can’t fall for it!”

Su Rou was busy saying, she was really afraid that Lin Ran would really have to give this guy money because of herself.

“Don’t worry!”

Lin Ran smiled at her, then turned to look at Fatty and said.

“You said your clothes are worth fifty thousand, fine! For the time being, regardless of whether it’s true or not, let’s say he’s worth 50,000!”

“Then when you came in just now, you almost bumped into my friend, how is this money going to be calculated?”

Lin Ran suddenly said.

Fatty’s face sank at that and he said in a cold voice.

“You said it yourself, you almost bumped into her, it’s not like you haven’t bumped into her yet! Even if Laozi did bump into her how much money could she be worth? The best nightclub headliner in this town only pays six thousand a night!”

Speaking here, Fatty couldn’t help but lick his lips as he continued.

“Even if this friend of yours is an outsider, old man in add four thousand but it’s only ten thousand, how much do you think it can be worth?”

Fatty couldn’t help but smile as he said, with a playful look in his eyes.

“No, no, no!”

Lin Ran smiled and shook his head before laughing.

“You’ve miscalculated, this friend of mine is worth more than ten thousand!”

“O? Then tell me, how much is she worth?”

Fatty laughed at his words.

“Lin Ran you!”

On the side, Su Rou listened with a very uncomfortable feeling in her heart, how she was able to measure herself in terms of money.

“Hear me out!”

Lin Ran gestured for Su Rou not to interrupt, followed by looking at Fatty and smiling.

“Your clothes are worth fifty thousand, I think my friend’s value minus your fifty thousand, you’ll have to find me nine thousand nine hundred and ninety five backwards!”

“To find you?”

Fatty didn’t react for a moment to his words, but then he did the math and stood up from his chair, pointing at Lin Ran and cursing angrily.

“You’re fucking playing with me, and this friend of yours is worth 100 million?”

“You’re half right!”

Lin Ran laughed, then looked at Su Rou and continued.

“I’m not playing you, this friend of mine is worth a hundred million, at least in my eyes she’s thousands of times more than you!”

“Lin Ran!”

Hearing Lin Ran’s words, Su Rou’s eyes instantly revealed a gentle glow, although these words still valorized her, she was not a fool, where she could not hear that Lin Ran meant that she had a high status in his heart.

“It’s alright!”

Lin Ran waved his hand, then looked at Fatty and smiled.

“Didn’t you want to settle the score? Alright, now that the account is settled, give the money!”

“I’ll give you paralysis!”

Fatty instantly became angry, slamming a cigarette in his hand onto the ground and taking out the phone to shout at someone.

When Lin Ran saw this, a smile appeared at the corner of his mouth, followed by an arrow step and rushed to Fatty’s side, without saying a word, he slapped the latter directly on the face.

He heard a scream of “ah” and then Fatty’s whole body spun in place and hit the ground with a “bang”.

The blow knocked him to the ground and he was unable to react for a long time.

Lin Ran slowly stepped forward and ripped him over, then looked at him and said with a smile.

“The score has been settled, either pay up and get it over with! Or get the hell out of the way and don’t give me any trouble, or you’ll be just like this chair beside you before your men arrive!”

“BOOM!”

Lin Ran said as he threw a punch at the chair next to him, and the solid wood chair shattered with a “bang!” It shattered with a loud bang.

“Goo dong!”

If this punch had hit his head instead of the chair, I’m afraid that his head would have exploded instantly.
