

Wonder Doctor

Chapter 411

“No No more talk, I’ll roll aside Roll to one side!”

Fatty was so frightened that he hurriedly said, while very well behaved and rolled over towards one side, really rolled over.

“This”

On the side, Mei looked full of embarrassment and surprise, Fatty’s reputation in the town was known to her, but she didn’t expect that someone had actually cured him today.

“What’s wrong boss year? You still have doubts?”

Lin Ran got up and looked at Mei and smiled.

“No No!”

Sister Mei waved her hand in a hurry, Lin Ran saw this and nodded in satisfaction, followed by asking.

“I need some desks and chairs, where are they?”

“That... Over there!”

Sister Mei hurriedly pointed inside, Lin Ran saw this and nodded, following which he walked in with Su Rou.

Only after the two of them had gone inside did Sister Mei rush off to serve Fatty up, busily saying.

“Fatty, this doesn’t concern my shop, you can’t drag me into it if you want to take revenge!”

“Get out of the way!”

Fatty was so angry that he pushed Mei out of the way, followed by a look inside, and without saying a word he ran straight out of the shop, while taking out his mobile phone and calling out.

“If you fucking dare to talk nonsense, be careful I’ll get you killed!”

After making the call, Fatty didn’t forget to stand at the door and threatened Mei, which scared Mei half a day, she was just a small shop owner’s wife, how could she withstand this revenge, anxiously she was on the verge of crying.

“Young man, young man, you go, I’m not selling anything, you go I’m begging you!”

Mei said as she hurriedly ran in.

Lin Ran and Su Rou looked at each other when they heard this, they didn’t need to think about it to know what was happening.

“Ranzi, or else we should...”

Su Rou was a bit worried and said, that Fatty was not an easy target, he had just been hammered by Lin Ran, I’m afraid even she wouldn’t believe him if he didn’t come back for trouble.

“It’s alright!”

However, Lin Ran waved his hand as if nothing was wrong and continued to pick out things, while saying blandly.

“Boss lady, you sell your stuff, this has nothing to do with you!”

“I”

Mei was so anxious that she didn’t know what to say, it was true that this matter had nothing to do with her, but at this moment Lin Ran and Su Rou were in their own shop, if there was a fight later, it would inevitably spill over to the fish in the pond, who would she find to reason with then.

“Young man, it’s not easy for me to run a business as a woman, just think about it for me, let’s go, okay?”

Sister Mei spoke up in the degree.

Lin Ran could not help but reveal a bitter smile at his words, daring to say that this problem could not be solved and he was not even allowed to buy anything.

“This is it!”

Next to him, Sister Mei kept pushing, and Lin Ran was really not in the mood to pick any further, so he chose a desk and chair that looked pretty good, and immediately said to Sister Mei.

“This one, give me a hundred sets, and send them to Lin Jiawan after New Year’s!”

“Okay no problem, then you now”

Sister Mei said busily, but before she finished one sentence, her whole body was suddenly stunned, she looked at Lin Ran and stammered.

“What did you say? A One hundred sets?”

The first thing you need to do is to get a set of student desks and chairs, but a set of four or five hundred dollars, a hundred sets of that is forty to fifty thousand, this money is not much, but say less is definitely not a small amount, Lin Ran opened his mouth and asked for a hundred sets, this is indeed too much for her to be surprised.

After all, Lin Ran’s clothes did not look like he could purchase a hundred sets at a time.

Seeing this, Lin Ran knew what sister Mei was thinking and smiled as he brought the bank card in his hand to the latter and said.

“There’s fifty thousand in the card, that’s enough!”

Sister Mei took the card, it was the same one that Lin Ran had taken out when he sent Fatty away just now, her heart was a bit drummed but it was a bastard not to earn money, not to mention that this was definitely a big deal years ago.

The company’s main business is to provide a wide range of products and services to the market.

Swiping the money away, following which Mei made a good receipt and invoice and hurriedly sent it to Lin Ran in exchange, then stood aside and didn't say anything, just had a very anxious face.

"Alright, let's go, don't make people upset here!"

Su Rou couldn't help but say.

Lin Ran smiled at his words and nodded, feeling a bit ridiculous, he was obviously a big customer, but he didn't expect to become like a plague because of Fatty himself, making people hate to send him away early.

The two of them had already reached the entrance of the shop, but just when they were about to walk out, suddenly there was a "drip" of a horn next to them, and at the same time a white BMW "bared" a sharp braking, directly blocking the entrance.

The door opened and a man jumped out of the car, Lin Ran looked up and smiled.

"What? Not happy?"

Looking at Fatty who got out of the car, Lin Ran laughed.

"Resigned to you, Lin Ran, right! You're a crazy kid!"

Brother Fatty said, lighting a cigarette, and then clapped his hands at the side, and immediately seven or eight punks holding steel pipes came out and stood directly next to Brother Fatty.

The situation immediately became tense, the two sides were separated by a BMW car, Lin Ran could not get out and Fatty and others could not get in.

"Kid, did you have a good fight just now? Either come out and kowtow to me ten times and leave your horse behind, or you won't get out of this mall today!"

Fatty said coldly, with anger and disdain in his eyes, just now in the shop he had to surrender and concede because of Lin Ran's might, but now that he had found an opportunity, he would not give up.

"Hey! What makes you think that I can't beat you up in the process?"

Lin Ran looked at Fatty and laughed blandly.

Fatty was stunned at first, and then laughed out loud while doing so.

"Beating me up? Are you blind? Can you see who's beside me? If you have the guts to touch me now, I'll obey you!"

Fatty sneered.

"Are you serious?"

Lin Ran laughed along with him at this.

"Haha! And I'm serious, come over here!"

Brother Fatty laughed disdainfully, and the seven or eight of his men to the side laughed along with him, clearly none of them putting Lin Ran in their eyes.

However, the laughter of a group of people appeared as quickly as it stopped.

The moment their laughter started, Lin Ran had already moved and kicked the BMW with a loud bang.

With the infusion of true qi, the entire BMW immediately slashed out and crashed directly towards Fatty and the rest of the group.

“Ah!”

“Ka-ching!”

“Bang!”

A series of miserable screams were like firecrackers set off for the New Year, and the originally arrogant Brother Fatty and the others instantly either fell to the ground or slumped to the ground, while Brother Fatty himself was even a dog eat shit on the ground in the distance, unable to stand up for a long time.

Lin Ran instructed Su Rou to go back to the car first, and then walked over towards Fatty himself, finally squatting down next to him.

“Pop!”

Lin Ran stretched out his hand and gently slapped Fatty on the face, before laughing.

“Do you believe me now?”

The moment he hit the ground just now, his teeth were shattered and his mouth was full of blood, so he couldn't speak at all.

Lin Ran laughed, then reached out and wiped his hand on Fatty's body and laughed.

“The first thing you need to do is to go home for the New Year.

At the end of his sentence, Lin Ran's eyes became very cold, and with just one look at Fatty, he was instantly scared to the point that he fainted with both eyes rolled over.

Chapter 412

The first time I saw a car, I couldn't help but cover my mouth, my eyes were full of surprise, she never thought that a car could actually be kicked away by a person, this power must be how terrifying ah.

When she thought of this, Sister Mei couldn't help but feel her pretty face flushed, she had just been trying to persuade people to leave, afraid that it would affect her, but now she thought that she was afraid that people didn't even put Fatty in their eyes, and her own behavior just now was just like a clown.

“Huh!”

Thinking about this, Mei felt her face burning hot, and then hurriedly ran towards Fatty and the others.

“Brother Fatty, are you alright!”

Helping Fatty up from the ground, he shook the latter before he woke up.

“Where am I?”

Fatty didn't react for a while, and only after seeing the mess around him did he come to his senses.

“Fatty, do you still want to take revenge?”

Mei asked worriedly, she didn't want to take care of Fatty, but they knew each other after all, and this guy had fallen in front of her shop, if she didn't take care of him, the latter would definitely come after her again.

“Revenge my ass, this kid is not even human, I still want to live a few more years!”

Fatty was so angry that he got up from the ground and rubbed his cheeks looking at the blood and teeth all over the ground, his heart was bitter.

.....

Rushing to the supermarket van, Su Rou asked worriedly.

“That guy won't still come back to retaliate ah!”

“Don't worry, he's a businessman, he won't do things that lose money twice, if he still dares to come back, it only means that he's a stupid businessman!”

Lin Ran leaned back in his seat and laughed blandly, not looking the least bit like he had just had a fight.

Su Rou looked at Lin Ran, her eyes dripping as if she was thinking about something, and the latter saw this and came over to ask.

“What are you thinking about? Your eyes are about to fall out!”

“Huh?”

Su Rou jumped at her words, followed by a pretty face that turned red.

“Why is your face still red? Is it because brother I was so handsome just now that you found yourself unable to stop yourself?”

Lin Ran laughed and teased.

However, Lin Ran's words fell, but instead of seeing Su Rou's normal cursing reaction, she instead smiled with a shy face and followed.

“It's still... It's alright!”

“Su big beauty, did you hit your head somewhere?”

Lin Ran asked in surprise, according to the usual habit of this nee-san would definitely dislike her straight back, how come she became so well behaved this time, and was actually shy.

“No No ah!”

Su Rou blushed shyly, then seemed to gather up the courage and opened her mouth to ask.

“That That just now, what you said in the shop is true?”

“What was said in the shop? What words?”

Lin Ran was stunned at the words, somewhat baffled, he was sure he hadn't touched Su Rou when he was fighting just now ah, how come this neezi was like a new person all of a sudden.

“You!”

Su Rou saw that Lin Ran had actually given forgotten about it, and immediately rose her small mouth very dissatisfied.

“It's okay, tell me, I'm responsible for whatever I say!”

Lin Ran said straightforwardly, a man's word is his word, since it was something he had said, how could he not admit it?

“You mean it?”

Su Rou's eyes lit up at his words and looked at Lin Ran.

“That's natural!”

Lin Ran nodded, how could he say that he was also a seven-foot man, he still didn't care to go back on his word about this point.

“Alright then, I'll ask you then!”

Su Rou said with a blush on her pretty face, and then said with a grit of her teeth.

“You were just in the shop, shouting daughter-in-law and girlfriend, was that serious?”

“Er

The bashful smile on Lin Ran's face instantly stiffened as he scratched his head somewhat awkwardly and said.

“Then is for

“For what! You just get off on it and then you're not responsible for it! Right!”

Su Rou said in shame at the situation.

“Hey! Don't be so harsh, what do you mean you're not responsible for it after you've had a good time? I haven't even touched you, how can I say I've had a good time!”

Lin Ran said, if he didn't explain this clearly, someone would be killed, thinking about Song Nuan's smile made him shudder, it was definitely the kind of smile that hid a knife in it.

“You! Rascal!”

Su Rou was so angry that her face turned even redder and she turned her head away from Lin Ran.

“It's not how you're a rogue, you said you had a good time, then I have to ask you, how did I have a good time? Where did I get off? Did I touch you?”

This was a matter of his reputation, so how could he not be anxious?

Su Rou was also furious, turning her head in shame and saying.

“I’m talking about having a good time with my mouth, what are you thinking! I don’t know what’s in my head all day long, no wonder I’m brothers with Wang Yifeng!”

“No, you can’t say that, there’s still some difference between me and Fatty Wang, he’s really horny and can’t even walk away when he sees a beautiful woman, I’m basically a passive person! For example, this time!”

Lin Ran said busily.

Su Rou smiled and gave him a white look, despising him.

“You’re still passive? You just don’t care about other people’s feelings when you’re having fun yourself!”

Lin Ran didn’t dare to answer that, and was silent for a few moments before he said.

“You’re not going to fall in love with me, are you? I just shouted daughter-in-law girlfriend once and you’re going to make me responsible for it!”

“You”

Su Rou sniffed the originally restored calm pretty face suddenly reddened again, said in shame and indignation.

“Bah! Who likes you, you You’re shameless!”

“Haha!”

Looking at Su Rou’s shy and indignant look, Lin Ran couldn’t help but feel amused.

But when he thought about it, and thought about how Su Rou had behaved this time, Lin Ran really had a little fear in his heart.

He was already surrounded by enough chaos, with Song Nuan, Luo Qiqi and Qin Bing, and he was a bit overwhelmed.

He leaned back in his chair and pretended to sleep.

The car drove smoothly towards the supermarket, it was already five o’clock in the afternoon and the sky was already a bit dark.

In the vicinity of the village of Bai Gou near Lin Jia Wan, Bai Cai was reunited with Dalong again.

“Brother Bai, what should we do now about this!”

Big Dragon was full of aggression, the anger in his heart had nowhere to vent, he was angry and afraid of Lin Ran, he could not wait for this guy to die immediately, the terrible thing was that he was not capable at all, and even if he made trouble back in the village, this life of his might have to be taken.

“What’s the hurry!”

Bai Cai glared at him, followed by taking out the phone and looking at it, and then said.

“We’re no match for that kid, but someone is!”

“Who?”

Big Dragon was stunned at his words, then seemed to think of something and said busily.

“You mean Brother Fatty!”

“Right! It’s Brother Fatty!”

Bai Cai nodded his head, and then said.

“We all follow Brother Fatty, last time we both stewed in the bureau for years because of him, this time Brother Fatty will definitely not ignore the matter!”

“Right!”

Big Dragon nodded along with him at his words.

“A few of Brother Fatty’s friends are playing here tonight, I’ll call Brother Fatty and ask him to come along then, we’ll block Lin Ran at the place we were just at, I still don’t believe he won’t come back tonight!”

Bai Cai sneered, with smugness in his eyes.

“Lin Ran! I’ll make sure you can’t even go back to Lin Jia Wan tonight!”

Chapter 413

It took nearly two hours to go to the supermarket and when Lin Ran came out of the supermarket, it was just like moving house, with big bags and small bags full of things.

Among them, Lin Ran’s purchases alone took up most of the stuff, while only a small portion of Old Li’s purchases were made, and the rest were all Su Rou’s.

It was not surprising that Lin Ran had some money nowadays, so he had to buy something for his grandmother, from daily necessities to food, clothing and housing.

He had only one family member, his grandmother, and he was usually too busy to work, so he would not be stingy in doing something for her.

The three of them carried their things to the car and followed it, leaving the supermarket and heading straight for home. It was already seven o’clock in the evening and it was already completely dark outside.

“That’s satisfactory now!”

Looking at Su Rou clutching a packet of snacks and eating them with gusto, Lin Ran said with a smile.

“What, I can’t buy myself some snacks on the New Year’s Day!”

Su Rou pouted and said with dissatisfaction.

“I’m afraid that if you eat too much, you’ll lose your figure! Don’t forget, you’re a dance teacher!”

Lin Ran laughed.

“What are you afraid of, just exercise hard!”

Su Rou didn't care, so fond of snacks and being a dance teacher she naturally had her own ways.

“Right! Exercising hard is a good idea, I'll go with you tomorrow, I like to exercise too!”

Lin Ran laughed.

Su Rou smiled but raised her eyebrows, looked at Lin Ran warily and said.

“Dream on! Big pervert, who wants to go exercise with you!”

“No, I really love exercising, don't believe me!”

Lin Ran said and was ready to light up his muscles, but before this hand could be raised, he was gagged by a handful of snacks from Su Rou.

The car was already driving out of the town and heading towards Linjiawan before we knew it.

It used to take three or four hours to travel from the town to Linjiawan, but since the road was rebuilt the time has been cut by more than half, just an hour and a half.

However, there are no street lights on this road and it's late at night, so it takes almost two hours to reach home.

It was dark all around, the snow had stopped, only the snow was still visible in the fields on both sides, the road had been cleared, whether it was cleared by Bai Cai and the others was unknown.

“Get it done, there's a car coming from behind!”

Suddenly, the old Li head who was driving spoke up and reminded.

This made Lin Ran and Su Rou both surprised, it was normal for a car to come, so why should they be careful?

Seeing that the two of them did not understand, Old Li Tau was busy explaining.

“You guys don't know, ever since the road was built here, every night there are many people racing cars here, I've come across it twice and almost crashed, so I usually don't run the night roads!”

“Racing?”

Lin Ran couldn't help but frown at his words, racing on the stone road, this group of people really thought they were too lucky.

As he was thinking, a stream of light suddenly flew past, followed by a roar of an engine, which made the ears of the three people in the car perk up.

“Why are you going so fast? I'm going deaf!”

Su Rou said discontentedly, putting her snacks away at the same time.

“This is already light, if we hit some Hey hey hey!”

Before Old Li Tau could finish his sentence, another light suddenly lit up in front of him, followed by the butt of a car that appeared, the very same luxury car that had just whizzed past the side.

Fortunately, the old Li head feet fast, hurriedly stepped on the brakes, otherwise this load up fear will be five Ling car compensation, are not necessarily enough.

The car just stopped, but the car in front of the luxury car is a slam on the accelerator, then countless stones towards the car's windshield shot over, then "crackling" sound.

It was a good thing that the windscreen was of good quality, otherwise if the glass had been broken, Lin Ran and the others would have been the first to bear the brunt.

"How can this man be like this!"

Su Rou was frightened and her pretty face was white with rage.

Lin Ran didn't say a word this time and watched quietly, only the seriousness was a bit icy.

"Forget it, these people's families are rich, plus young and do not know what to do, we can not afford to mess with, continue to rush!"

Old Li head said and started the car again, the three people continued to rush.

But this time, just after driving out for less than ten minutes, two blinding pillars of light lit up across the road, immediately shining a white light on the three of them, so that they could not see the road clearly.

"Watch out!"

Fortunately, the drop was not too big and Old Li was always holding the steering wheel, so the car did not overturn, otherwise the consequences would have been unthinkable.

"Bastards! Bunch of bastards!"

Su Rou was so angry that she gritted her teeth and wanted to rush down and hit someone, that move just now was simply killing people.

"Ai! Today's luck is really bad!"

Old Li Tau couldn't help but sigh, while lighting a cigarette and said.

"Why don't we wait here first, and when they've gone, we'll go back!"

"No need!"

Suddenly, Lin Ran, who was next to him, spoke up.

"When they're gone, who knows how long it will take, and that move just now was clearly meant to be murder!"

Lin Ran's face was unusually cold, following which he directly jumped down from the passenger side and said.

"I'll drive!"

“You Uh!”

The old Li head did not say anything when he saw this and immediately ran to the passenger side, but his heart was still a bit uneasy and he quickly reminded .

“Ranzi, you can’t do anything stupid, this car is three lives!”

“Don’t worry!”

Lin Ran smiled lightly, followed by a kick on the accelerator, and immediately the Wuling car rushed out of the field and landed directly on the gravel road.

As soon as the car hit the road, immediately a luxury car rushed up behind them, its lights were blinding and its horn was blaring, almost brushing against Lin Ran and their van.

“What a nonsense! What a nonsense!”

Old Li was furious, and Su Rou was so frightened that her face turned pale, the consequences of this collision were unthinkable.

“Fasten your seat belts, let’s go!”

Lin Ran, on the other hand, was much calmer, and said indifferently, followed by a sharp step on the accelerator, and the van engine let out a low roar, and then leapt out.

The van’s engine is naturally no match for the luxury cars, but the good thing is that the road is very narrow and gravel, so Lin Ran accelerated, dragging a long red tail of lights, and rushed towards the two luxury cars in front.

“Ran The first thing you need to do is to get out of the way!”

On the side, the old Li head watched as his whole body bowed and his heart rose to his throat.

“Yeah, this is a Wuling, what do you want!”

Su Rou was also looking at it with trepidation and hurriedly grabbed the handrail next to her for fear of being thrown out.

Lin Ran glanced at the two and said blandly.

“On this kind of road, a Wuling is no different from a luxury car, just now they almost killed us, if I don’t take this out, I won’t be called Lin Ran!”

Chapter 414

As Lin Ran was speaking, the Wuling was already speeding past one of the luxury cars.

However, something that the crowd did not expect happened.

Just as Lin Ran was driving the van to overtake one of the fiery red luxury cars, the eyes of the three people saw in unison that there was actually a person sitting in the passenger seat of the opposite luxury car.

And this person, apart from Old Li Tau, Lin Ran and Su Rou surprisingly both knew, was the very same Fatty that they had seen at the office supply market the next time!

“Why is it him!”

Su Rou couldn't help but exclaim, this was simply not too much of a coincidence, the road and the drag racing party, Fatty was actually listed, although he wasn't driving, but this was a bit too narrow for the injustice.

“Whoosh!”

Come that car brushed by, the Wuling van has left only a red tail light, rushing out ahead.

“Lao-san! Catch up with him! Catch up with him!”

Off to the side, Fatty, sitting on the passenger side, shouted out almost like a pig in a poke.

“Fatty? What's wrong? So excited, there's your little lover in that car!”

A rich young man named Lao San, who was sitting in the driver's seat, saw this and laughed and teased.

“Little lover, that guy in the van is the one who hammered me this afternoon, hurry up and catch him and kill him!”

Fatty cursed angrily.

If you can't beat him, you don't have to drive him. If you can't beat him, I'll drive him to death, that's what Fatty had in mind.

“Yes!”

Lao San, who was obviously the leader of Fatty, replied with a smile, and then stepped on the accelerator.

The red Bentley limousine trailed two long tail lights and rushed after Lin Ran's van, but the gravel road was quite difficult to run on, and Fatty was afraid that he would let Ran Lin slip away if he was not careful, so he immediately took out the phone and called the person in front of him.

“Old Six, a Wuling is heading towards you, stop him for me!”

The call was answered and Fatty shouted into the phone.

“A Wuling? Brother Fatty, you're stupid, what's there to stop a van, you can get rid of him in a minute!”

A youth's disdainful voice came over the phone.

“Cut the crap, I don't care what you do, you can't let it get away!”

Fatty shouted at the phone and followed it, hanging up.

The red Bentley gave frantic chase, while Lin Ran in front of him was not even looking at it, that is, the very in the car surprised him slightly.

The five Ling in Lin Ran's driving, all the way wild speed simply all reached the limit, at this time the car's old Li head has long been scared spit white foam, lying on the car window not dare to move.

"How do you drive so fast, did you even learn to race!"

At the back, Su Rou was equally uncomfortable, such a fast speed made her whole body a bit dizzy.

"Never driven!"

Lin Ran returned straight away, and then laughed when he saw Su Rou still wondering.

"Haven't seen a pig run if you've never eaten pork?"

"You"

Su Rou smiled and was speechless, just wanted to open his mouth in saying something, Lin Ran is a fierce steering wheel, the body directly across, at the same time said.

"Sit tight, the car in front doesn't want us to pass!"

"Huh?"

Su Rou was stunned at the words, and before she could react, the body shifted again, and immediately her whole body was baffled.

.....

Up ahead, a black Cayenne turned left and flung right, always stuck in front of Lin Ran, no matter which side Lin Ran wanted to pass from, it blocked right over, making it impossible for Lin Ran to pass through.

"Hmph! A broken van, and you still want to play with me, I can replace one of your cars with one of my wheels!"

Old Six sat in the driver's seat, confidently smoking a cigarette and holding the steering wheel with one hand, he was the most skilled in this group of car racing parties, facing the van driven by Lin Ran, he didn't even put it in his eyes.

Lin Ran was not in a hurry, driving the van behind the Cayenne, and would still break out whenever he had the chance, but never succeeded.

With the Cayenne pushing him, Lin Ran's speed couldn't help but slow down.

"Tick tock."

Soon the sound of a horn came from behind, Lin Ran looked through the rear mirror and found that it was the red Bentley carrying Fatty, and his eyes couldn't help but light up.

"Force him into the field for me!"

Fatty shouted directly when he saw the van.

"No problem!"

Lao San laughed at his words and followed, driving directly towards the body of the van with the front of his car.

The angle was very tricky, the front of Lin Ran's van was just stuck by the black Cayenne in front of it, while the Bentley was fast approaching from the rear, and with just a slight touch at this angle, I was afraid that the van would immediately flip out on its side.

"Ha ha! Yes that's it, give me a dislike!"

Fatty laughed loudly as he watched, his eyes full of smugness, and he couldn't help but say to himself in his heart.

"Aren't you a bully, you beat a group of people by yourself this afternoon, go ahead and do it! I won't play you to death today!"

The smugness on Fatty's face had not yet fully blossomed when he froze in his tracks.

The van that Lin Ran was driving suddenly slowed down, and then the body of the van directly crossed over, while the whole vehicle just drifted forward.

"Haha! Stupid, drifting across this looking for death!"

Seeing this scene, not only Fatty, but also Lao San and Lao Liu of the Cayenne in front of him could not help but laugh out loud.

But the same, the three people's smile just appeared, immediately froze, only to hear a "bang" muffled sound, followed by the black Cayenne actually the whole body turned up, directly into the field in front, the whole car in the ground rolled a few finally "bang" landed in the ground.

And at this point in time to look at the Cayenne, the whole car has almost all scrapped, and the most ludicrous is that the van actually did not touch it at all, is completely his own driving did not pay attention to the road, directly to the field.

It turns out that the gravel road is a sharp turn here, Cayenne only focus on the other car completely did not pay attention to the road ahead.

The van, on the other hand, took advantage of the corner at this point and aimed its front end directly at the road after the turn, and went straight out the moment the Cayenne rolled over.

"What the fuck are you still waiting for, turn the car around!"

Fatty, sitting on the Bentley, cursed in a hurry, his voice was like that of a pig being killed.

However, Lao San's entire body was blinded at this moment, and only when Fatty slapped him across the face did he react and turn the car around in a hurry, but it was too late at that moment.

The fiery red Bentley, almost identical to the Cayenne, tumbled into the field with a bang.

Fatty and Lao San fell into a dizzying heap, and the two of them looked out of the window.

Only in the darkness, two long red taillights were speeding away in the distance, and for a moment the lights flashed and the red light was confused, and the figure of the Wuling van appeared and disappeared.

The two men, Lao San and Lao Liu, looked dumbfounded for a moment and both could not help but speak to themselves.

“Wuling... Phantom!”

“Phantom you, two luxury cars were actually teased by a van, this is a fucking disgrace today!”

Chapter 415

Lao San was first stunned at his words, then he was busy saying.

“No, Fatty, didn’t you say there were a few more guys to be taught a lesson later, and you had someone set up a stopping point in front? Just have them stop that van!”

“Stop your ass!”

Fatty smiled but glared at him and then said.

“There’s a man in that van, we can’t beat him! Let’s just get in the back of the van and get to the interception point first!”

“I hope the person those two idiots are going to deal with isn’t Lin Ran, otherwise I’ll be really fucking ashamed of myself today!”

Fatty thought to himself and immediately greeted Lao San and Lao Liu and got on the roadside, waiting for his brothers to arrive behind him before he got into the car and at the same time arranged for two people to contact the tow truck factory.

For these rich kids, crashing a car is a common occurrence, even if it is a luxury car, it will only hurt for a while, but after that it will not be on your mind at all.

....

The actual fact is that you can find a lot of people who are not able to get a good deal on a lot of things.

But when you turn your head and look, the old Li head is limp on the seat, a look of unloved expression, looking at Lin Ran motionless, every now and then also dry vomit two times just about vomit out.

“Ran Ranzi This this is a van, you are too too difficult for it!”

“Uh”

Lin Ran smiled and scratched his head awkwardly, looking at Su Rou at the back, at this time the latter was not much better, the whole person was lying on the back seat, not even wanting to lift his eyelids.

“Alright.”

Lin Ran had no choice but to drive himself and prepare to return to the village.

But the car continued to drive for not more than ten minutes, and when it looked like it was about to reach the foot of the mountain, suddenly a car appeared on the road in front of him, and there was a group of people standing next to the car.

When Lin Ran saw these people, he couldn't help but frown slightly, because Bai Cai and Big Dragon were standing inside.

"Stop the car! Get down!"

Bai Cai naturally recognised the van when he saw it, and immediately rushed forward with a happy face and shouted, with seven or eight people immediately following beside him.

"You guys stay in the car!"

Lin Ran said with a frown, following which he was about to get out of the car.

"Ranzi!"

Su Rou suddenly spoke up and called out to him.

Lin Ran turned his head without speaking, just looking at her.

"Be careful!"

Su Rou said softly, her face filled with worry.

Lin Ran's heart warmed at this and he smiled, before opening the car door and jumping out, locking it behind him at the same time.

"Kid! I count you as a man, you actually dare to come down!"

When he saw Lin Ran, Bai Cai said with a smile, while the people around him who were originally surrounding the van also came over and surrounded Lin Ran.

Lin Ran's face didn't change much, his gaze swept around the crowd and found that he had basically seen all these people before in the afternoon, with only a few raw faces, so he couldn't help but laugh.

"What? Didn't you get enough this afternoon? Is this another fight you've come for in the evening?"

"Pfft!"

As soon as Lin Ran's words fell, Bai Cai immediately burst out laughing, before looking at Lin Ran and saying.

"Kid, you still don't have a clear picture of the situation, open your eyes and see clearly, all around you are my men, taking a beating? Who's getting beaten up? Do you have a clear picture now?"

"Haha, Brother Bai, I think this kid is probably out of his mind, he really thinks he's invincible!"

"That's right, I say we just go up and beat him up first!"

Immediately, some of the younger brothers next to him echoed, which made Bai Cai's heart feel very comfortable.

“There’s no hurry!”

Bai Cai waved his palm, before looking at Lin Ran and laughing.

“Big brother will be here later, so it’s not too late for us to make our move then. Since we caught this kid, there’s no way we’ll let him go today!”

Said Bai Cai and gave Lin Ran a provocative look and laughed.

“Kid, what are your last words, you can say them now, so that you don’t have time to say them later! Haha!”

Lin Ran looked at him indifferently and shook his head, then his gaze fell on Big Dragon at the side instead.

This gaze gave Big Dragon goosebumps all over his body, he could still remember what Lin Ran had said to him back in the afternoon.

“Are you here for revenge too?”

Lin Ran looked at him and asked blandly, he had given him a chance, if he still didn’t know how to advance or retreat, then later on Lin Ran wouldn’t be showing mercy.

“No...”

Dalong stammered, not knowing what to say, he was actually already a bit afraid of Lin Ran in his heart and didn’t want to be an enemy, but he was following Bai Cai, if he didn’t come tonight, I’m afraid Bai Cai wouldn’t even spare him.

“I know!”

Lin Ran nodded indifferently, following which his gaze fell on Bai Cai.

“You’re waiting for someone, aren’t you?”

“Hm?”

Bai Cai smiled at Lin Ran with disdain in his eyes and laughed aloud.

“What? Afraid? Are you ready to kowtow and beg for mercy?”

Lin Ran smiled blandly at his words and spoke.

“Give me a cigarette.”

“A cigarette?”

Bai Cai was stunned at his words, but then laughed and said.

“Go and give him a cigarette, he’s going to die soon, this wish can still be fulfilled by old man!”

“Yes big brother!”

A junior immediately jumped out next to him and handed a cigarette over, lighting it up at the same time.

“Phew!”

Lin Ran took a deep puff and exhaled a smoke ring, while this action fell in Bai Cai’s eyes was no different from a struggle before death.

“Kid, there’s no rush to smoke slowly, I still have some left when I’m out, I can still manage the meal before I die!”

Bai Cai sneered, while looking at the watch in his hand, the time was almost up.

“Alright!”

Suddenly, Lin Ran threw the cigarette butt that was still mostly left directly on the ground and made a stretching motion, while his gaze then fell on Bai Cai.

“What’s the rush? Laozi’s big brother”

Bai Cai said disdainfully, but before he finished his sentence, Lin Ran, who had finished stretching his body, immediately moved.

Only to see Lin Ran’s feet fiercely, an arrow step rushed towards Bai Cai.

“Quick! Quickly stop him!”

The moment he saw Lin Ran move, Bai Cai’s entire face turned white, it was simply a “brush” of white, without any excess at all, it directly turned from a red face to a white face.

“It’s Big Brother!”

A group of gangsters next to him rushed over to Lin Ran, but almost at the same time, one of the gangsters who was in front of Bai Cai let out a miserable “ah” and his whole body flew out directly, along with a wisp of blood mixed with a few white things also threw out.

“You You!”

Bai Cai saw really well, that blood and white things, it is full of teeth, a punch just a punch will be one of his men to fly, teeth with blood directly scattered Bai Cai a face, scared him immediately sat on his buttocks on the ground.

“What happened to me?”

Lin Ran put his foot on the punk who had lunged behind him, following which he used his strength to rush directly in front of Bai Cai, his cheek almost already pressed against the latter’s face.

This scene scared Bai Cai so much that he instantly fainted with an “aww”.

However, Lin Ran was quick on his feet and pointed a finger directly at the latter’s neck, and Bai Cai, who had just fainted, immediately woke up with a full body shake.

“I haven’t even done anything yet, how can you fall down! Get up and play!”

Lin Ran said with a smile, following which he grabbed Bai Cai by the collar of his shirt, his arm fiercely launched to directly yank him up from the ground, and then threw him up towards the sky.

“I can start now!”

Lin Ran laughed out loud and followed with a kick to Bai Cai’s buttocks, instantly sending the latter rising several metres further.

He was so scared that he let out a miserable “ah” and hurriedly shouted.

“Grandpa, I’m wrong! I’m really wrong, don’t hit me anymore!”

Chapter 416

“Now you know you’re wrong? Sorry, it’s too late!”

Lin Ran smiled blandly and followed with another punch directly to Bai Cai’s face.

“Bang!”

“Slap!”

“Ka-ching!”

For the next full minute, Bai Cai’s body never touched the ground, either being kicked or punched away by Lin Ran, and the many punks watching could not help but gag.

“Goo dong!”

Big Dragon couldn’t help but gag as he watched, his entire legs couldn’t stop trembling, fortunately Lin Ran wasn’t targeting him, otherwise I’m afraid he would have been scared to death by now.

“Luckily Luckily, I didn’t come out on top!”

Big Dragon hurriedly wiped the cold sweat from his body, while taking a few steps backwards, ready to bolt.

But at that moment, he heard a “whoosh” sound, followed by a black shadow like a cannonball, smashing directly into the snow in front of him, smashing a deep crater into the flat snow.

“Don’t hit me! Don’t hit me!”

Big Dragon was so frightened that he fell to his knees and begged for mercy.

“Don’t worry, I’m not ready to do anything to you yet!”

Lin Ran’s voice came over, followed by a figure walking over and pulling Bai Cai out of the deep pit again.

Big Dragon couldn’t help but gulp and look up, and with this look his whole body wilted.

Bai Cai, who was originally very white and tall and sturdy, was now like a deflated ball, his whole body limp as he was carried in Lin Ran’s hand, just like a little chicken.

At this moment, Bai Cai’s fair cheeks were bruised and swollen, his eyes and nose were swollen like a small mountain, so he looked like a pig’s head!

“Drip!”

Suddenly, just as the crowd were looking at the dumbfounded in their hearts, not knowing what to do, two pillars of light from the car but shone over, followed by a black Hummer stopped right next to it.

“Where’s Bai Cai Ren!”

As soon as the car stopped, a familiar voice came down from the car, it was none other than Fat Brother’s.

“Fat Brother I I’m here!”

Bai Cai said with a swollen face and a breathless voice.

“Where?”

Brother Fatty looked in search of a voice, and the moment he saw Lin Ran, his face suddenly went white.

“Excuse me!”

Dropping the words, Fatty turned around and prepared to get into the car.

Lin Ran saw this but smiled blandly, followed by flinging the white wealth out of his hand with a handful of hands, while laughing.

“You’re already here, why are you leaving now?”

The words fell, only to hear a “bang” sound, Bai Cai directly smashed into Brother Fatty, the two rolled in a ball and rolled far away, before stopping.

“What the fuck are you doing? You want to die!”

The two young men who then got down from the car were furious at the sight of this and rushed towards Lin Ran, they were really the two rich kids who had just driven the luxury car, Lao San and Lao Liu.

“You guys want to play too?”

Lin Ran laughed indifferently at this, and then kicked the two directly in the stomach, causing them to fall to their knees in pain, unable to speak for half a day.

“No! Don’t fight, it’s all a misunderstanding!”

Fatty hurriedly got up from the ground and shouted.

However, who knew that as soon as his words left his mouth, Bai Cai, who was on the side, also climbed up after him, and although his whole body was in a poor state at this moment, he saw Fatty and pounced on him as if he had been hit by chicken blood, shouting at the same time.

“Brother Fatty, you have to do it for me!”

Fatty didn’t even react, seeing a black shadow pouncing on him, his face swollen like a pig’s head, he was also startled and hurriedly flew up and kicked him in the past.

“What the hell, stay away from me!”

Bai Cai was also baffled by the kick, and was busy climbing up and hugging Fatty's leg, crying out.

"Brother Fatty, it's me! I'm Xiao Bai!"

"Xiao Bai? Which Xiaobai? I don't have a dog named Xiaobai!"

Fatty didn't react for a moment, until he got a good look at the other party's face, which seemed to somewhat resemble his own formalities, Bai Cai.

"You're Bai Cai?"

"Yes! Brother Fatty!"

Seeing that Brother Fatty recognized his identity, Bai Cai was so excited that he was on the verge of tears, and hurriedly got up from the ground and pointed at Lin Ran in the distance and said to Brother Fatty.

"Big brother, it's him! He's the one who beat me up like this, he beat me up this afternoon too, you have to do it for me!"

As he said that, while Bai Cai cried out, that look was simply as aggravating as it could be.

"This"

Fatty had a hesitant look on his face, how could he dare to seek revenge on Lin Ran, the latter would be burning incense if he didn't beat him up, and to take revenge, he was afraid that his life would be too long.

"Big brother? What I said is true!"

Seeing that Fatty didn't say anything, Bai Cai thought that the former didn't believe him, and hurriedly ran to drag Big Dragon, who was on the other side, over as well.

"Big Dragon, tell Brother Fatty if this kid beat us both up this afternoon, he hit my face just now too!"

Bai Cai said as he looked at Dalong, however the latter was looking down without a glance, not knowing what he was thinking.

"Speak up!"

Seeing this, Bai Cai raised his hand and was about to hit him.

But at this moment, a "pop" sound was struck before him, and Bai Cai's whole body directly flew out.

I don't know if it was because this guy had been beaten too much, or if he was really resistant to beatings, but after landing on the ground, he got up again and cursed at the same time.

"Who! Who the fuck hit me, I'll get"

"You try one more curse!"

However, before he could finish a sentence, Fatty's voice came from the distance, and this scene scared Bai Cai, who instantly covered his mouth and swallowed the latter half of his sentence hard.

“Big brother, why are you hitting me! You go and beat him up!”

Bai Cai couldn't help but say, today he was supposed to call Fatty over to teach Lin Ran a lesson, how come he had hit himself instead when he arrived here, this made him very confused.

“Beat him up?”

Fatty looked at Bai Cai and said with a bitter smile.

“Old me wants to live two more fucking years! Do you know who he is!”

Fatty asked drily, a response that left Bai Cai's head spinning and bewildered.

“No I don't know, he... Who is he, isn't he from Lin's Bay?”

“Lin you daddy! He's Laozi's big brother!”

Fatty cursed angrily, while turning around with an immediate smile on his face and smiling at Lin Ran.

“Big brother! It's all a misunderstanding, it's really a misunderstanding!”

Lin Ran watched the scene quietly, feeling a little amused, not expecting that he had teased a big circle and in the end actually beaten up this group of people all over again.

“Misunderstanding? Then tell me, where is the misunderstanding!”

Lin Ran laughed blandly, while walking right towards Fatty.

Fatty was startled at the sight and immediately sat down on the ground with a surge of his buttocks, busily saying.

“Big brother, it's really a misunderstanding, don't fight! It's really a misunderstanding!”

“Misunderstanding? You didn't see me in the car just now? You're telling me about a misunderstanding?”

Lin Ran said as he raised his hand and slapped Fatty directly on the face.

If he hadn't seen this guy sitting in the red Bentley with his own eyes just now, he would have really believed this guy, but now?

“Brother, I really know I'm wrong, I won't dare to do it again! I really won't dare!”

The first thing I want to do is to get rid of the problem.

“Bai Cai, I'll fuck you!”

Fatty could not help but curse angrily in his heart, but Lin Ran did not have the slightest sympathy and followed with another slap.

“Big brother Don't!”

Chapter 417

The night is already late, on the way home, moncler outlet store Li drove the car without saying a word, his face is also hanging a calm smile, but this heart is already tumbling, set off the burst of waves.

In his words.

“Old man I have lived most of my life, but not as exciting as this afternoon’s experience, really wasted life!”

“Hey! You’ve taken off all their clothes, you’re not afraid of making a scene in such a cold day!”

Behind the car, Su Rou looked at the car full of clothes and said speechlessly.

This guy Lin Ran had just beaten people up, but when he left, he even stripped them of their clothes, if he hadn’t taken that last step, she would have really thought that this guy was a Brokeback Mountain.

“You don’t understand! I took their clothes, it was so cold, they had no place to go so they naturally went home, otherwise if they came over again, we wouldn’t be able to sleep well tonight!”

Lin Ran said with a smile.

Su Rou smiled thoughtfully and seemed to understand Lin Ran’s meaning.

“Alright, we’ll be home soon, get ready to pack up!”

Lin Ran greeted, while the car was already driving smoothly into Lin Jiawan.

“I’m leaving first, I’ll pick up my stuff tomorrow!”

As soon as he arrived at the place Old Li Tau got out of the car straight away and walked towards his home, only this road was still a bit wobbly, he didn’t know if it was because his body was failing or if Lin Ran’s racing had broken his gravity system earlier.

“It’s all your doing!”

Looking at Old Uncle Li’s strange pace, Su Rou couldn’t help but laugh.

“Alright, let’s go back first too, so many things for Fatty to pick up in the morning!”

Lin Ran laughed and went back home with Su Rou.

It was already late when they returned, and with the delay on the road just now, it was already past eleven o’clock at night, and Wang Yifeng and his grandmother had long since gone to bed.

In order not to wake them up, Lin Ran and Su Rou hurriedly washed up and then prepared to go back to their room.

However, while Su Rou opened the door to her room and prepared to go in, Lin Ran was speechless. He pushed the door several times, but it did not move at all, as if something was blocked inside.

“What’s wrong?”

Su Rou asked, puzzled by the situation, as she walked over.

“I don’t know, maybe this guy has locked the inside!”

Lin Ran said speechlessly, this Fatty Wang was simply too unreliable, how could he have blocked the door to his room when he had clearly not returned yet.

“Hm? What’s this? This guy seems to have left something for you!”

Su Rou suddenly pointed at a side window and said.

Lin Ran smiled and looked, and indeed found that there was a piece of white paper on a side window, and with his hands over taking this one Lin Ran actually also found that under the white paper was actually covered with something.

“I’ll take a look first!”

Lin Ran deliberately blocked Su Rou, hurriedly took the thing over, this looked under immediately froze, that white paper under the thing he was incomparably familiar with, almost every male classmate at university had it in their hands.

The essential choice for male and female love And it was still a disposable item.

“Ranzi, you’re fucking taking pretty girls out again and making me go climbing up to catch wild game, not enough of a brother! But the fat master I do not see eye to eye with you, since you did not come back until so late, then the fat master I will be a good man to the end, send the Buddha to the west, things are ready for you, whether you can hit a home run depends on yourself!”

“That’s right! I’ll be the first one to sue Song Nuan if you don’t remember my good intentions!”

“Damn you, fatty!”

Looking at the contents of the white paper, Lin Ran instantly felt like he wanted to cry.

If something happened to him and Su Rou, he would be skinned by Song Nuan!

“What’s wrong?”

Seeing Lin Ran’s ugly face, Su Rou was busy coming over to ask, but when she did, she made Lin Ran jump and backed up.

But at this moment, the door was already behind him, so how else could he retreat? He hit the wall at once, but instead, he was knocked forward and lunged, directly into Su Rou’s arms.

“You...”

Su Rou’s face suddenly turned red at Lin Ran’s sudden hug, but luckily there was no one around at the moment, so she gave Lin Ran a shy glance and then lowered her head.

“You’re so annoying, why are you in such a hurry?”

Su Rou said sheepishly, and Lin Ran smiled as cold sweat came down.

“No, listen to my explanation, it’s not what you think!”

Lin Ran said, but Su Rou didn’t listen at all, instead, she burrowed into the former’s arms and whispered.

“If you’re really anxious Actually I can!”

Saying this Su Rou's pretty face has been red to the root of her neck, she herself does not know how she could say such things, she is Song Nuan's teacher is even closer to the latter like a bosom friend, but at this time the action is simply digging in the wall ah.

"No matter, anyway, Xiao Nuan so many rivals around, not bad for me, and this who let this guy
Oops shame on you!"

The more Su Rou thought in her heart the redder her pretty face became, and finally simply buried her head into Lin Ran's arms and stopped talking.

This time Lin Ran is a bitter, he was so hard to hold, and this Neezi two days to his own temperature also rose too fast, this is not yet how, actually dare to say "I can!"

"No, that That, I might need to lend you"

Lin Ran said awkwardly, Wang Yifeng this guy does not open the door, at this time outside is still snowing, he can not sleep in the courtyard, so he wanted to borrow Su Rou room floor to sleep a sleep.

However, before he could finish his sentence, Su Rou had already covered his mouth, and her pretty face was tinged with redness as she said.

"Stop it, I'll lend it to you, I'll lend you anything you want!"

"Huh?"

Lin Ran was completely devastated at his words and hurriedly explained.

"No, it's not what you think, I just want to borrow the floor of your room to sleep on, now that it's snowing, I can't sleep outside if the dead fatty doesn't open the door, right!"

After saying that, Lin Ran let out a long breath of relief, but Su Rou listened with a slight frown.

"Sleep on the floor?"

These words made Su Rou's heart fall very short and at the same time a little uncomfortable, just about to turn around and leave, suddenly her gaze was glancing at something clutched in Lin Ran's hand.

"What's that!"

Su Rou suddenly turned her head and pointed to the side and shouted, Lin Ran really fell for it and turned his head to look over, while Su Rou at that moment directly grabbed Lin Ran's hand with one hand, followed by snatching out the object inside.

"Don't look!"

Lin Ran shouted immediately when he learned that he had been tricked, but the words were still a step too slow, and when he turned his head Su Rou was already looking at the object in his hand and froze.

"No you listen to my explanation, this really isn't what you see like this, nor is it what you think!"

Lin Ran hurriedly explained, if he couldn't explain this clearly, his reputation would be ruined.

However, what he never expected was that Su Rou was not angry and gently put the “safety guard” back into Lin Ran’s pocket, and at the same time, she came up to his ear and said with an exhale.

“It’s okay without this I do!”

The key is to leave the door open, the meaning is simply too obvious.

“Holy shit! What’s going to happen now!”

Lin Ran looked at the snowflakes that kept falling in the courtyard, his whole being was about to collapse, at first he wanted to insist on sleeping in the courtyard if he couldn’t.

But as the cold continued to assault him, he gritted his teeth and turned around and walked towards Su Rou’s room.

But as he walked he muttered to himself.

“I only sleep on the floor! Really only the floor! No bed! Only the floor!”

Chapter 418

With immense conviction, Lin Ran still entered Su Rou’s room, and then closed the door behind him.

.....

The next morning, when Lin Ran came out of Su Rou’s room, his forehead was already covered with beads of sweat, while Su Rou followed him out from inside almost at the same time, but the latter’s face was very unpleasant, staring at Lin Ran as if he was looking at his father’s enemy.

“Hey, Grandma, they’ll be up in a minute, can you stop looking at me with such a gaze!”

Lin Ran was really being looked at a bit uncomfortably and spoke.

“I’m going to look! I’m going to see if it’s you who has the problem or me!”

Su Rou’s pretty face turned red with anger, she simply wanted to skin Lin Ran.

“I say! Why aren’t you sleeping in your room in the morning, why are you looking outside? Didn’t you see enough last night?”

As the two were talking, a voice suddenly came out from the kitchen next to them, and by the sound of it, it was actually Wang Yifeng.

“You Why are you in the kitchen!”

Lin Ran both were startled, it was only six o’clock in the morning, according to reason this guy could not get up until ten o’clock without sleeping, how come today, like a madman, he actually got up so early, and was still in the kitchen.

“Could it be that this guy has found his conscience and is making breakfast for everyone?”

This thought popped up in Su and Lin Ran’s mind, but then the two of them dismissed it, let this guy find his conscience, unless pigs can get on trees.

"I have to kill them early, so I can take them to Yingzi's house and fry them up later, otherwise what will you have for dinner tonight?"

Wang Yifeng said with a smug smile, while poking his head out of the kitchen and asking.

"By the way, you didn't forget the two-pot head that Master Fatty asked you to buy yesterday, did you!"

"No no, it's in the van by the door, go and get it yourself!"

Lin Ran said impatiently, following which he threw the keys to him.

Wang Yifeng took the keys, smiled heatedly at the two of them and followed.

"Got it! I'll leave you two alone then, it's not yet bright, I'm afraid Izumi's dream has not yet come true!"

Wang Yifeng said and turned around and walked towards the door, muttering as he did so.

"I didn't see it, I didn't see it, I didn't see anything!"

Looking at Wang Yifeng's behaviour, Lin Ran was completely helpless, and sat down on the chair next to him with his hands splayed out in a lifeless manner.

"Hey! Do you have to? Don't look like a dead fish on this New Year's Eve, okay?"

Su Rou then looked annoyed by the side.

"I'm not like this because we didn't do anything last night, but because I held out all night, but in the end, this fatty still misunderstood.

Lin Ran's heart was bitter.

Last night, no matter how Su Rou hinted at him, he still lay on the floor and refused to go to bed, and it was so hard to survive until dawn, only to be tricked by this fatty again.

"All right, I'll explain to Xiao Nuan!"

Su Rou gave Lin Ran a blank look, turned around and prepared to go, but before she left she looked back at the latter and mysteriously said.

"But there's a question that I really want to ask you, are you a man or not? I even hinted so obviously last night, you actually still managed to hold it!"

"I"

Lin Ran smiled as his old face flushed with embarrassment.

"I Of course I'm a man, but I'm a man of principle, how could I fall for your beauty tricks!"

"And! You just have the heart of a thief but not the guts, in the end you are still afraid of Xiao Nuan!"

Su Rou said disdainfully, then moved a few points closer and said.

"Don't be complacent, one day I'll take you down, humph! I don't believe it, Su Rou's beauty is worse than Xiao Nuan's!"

After saying that, Su Rou turned around and left the room.

BFFs are BFFs, Lin Ran and Song Nuan hadn't really been openly boyfriend and girlfriend after all, and Lin Ran hadn't made a move all night, so Su Rou was very upset in her heart, was she less purple and seductive than Song Nuan?

This is afraid that as long as a girl are not willing to admit, after all, who does not want to hear that they are not as good as other girls such words, even if they are bosom friends can not.

.....

The day began on New Year's Eve with a lively and busy atmosphere.

The first thing I did was to go to Yingzi's house with my grandmother to take the New Year's Eve goods I had bought yesterday and some things I had prepared in advance to the "pot".

Lin Ran, on the other hand, was speechless as he and Su Rou put up the couplets at the door, which should have been done by him and Wang Yiming, but the girl insisted on staying behind and finally had to squeeze Wang Yiming out to cook.

"Stick it up properly, it's all crooked!"

Originally, it should be a situation where men and women work together, but because of Su Rou's difficulties, Lin Ran really experienced what it was like to be a woman alone.

He felt more tired than going out for a ten kilometre run after putting up several pairs of couplets at home and abroad.

But in the end, the work was done on time, which made him feel very relieved.

The day passed quickly and it was soon evening.

The living room was filled with all kinds of delicacies, and even Shadow and Stone came over together. They had just gotten married and had no children, so they were bored at home for New Year.

The villagers are so simple, and this is what Lin Ran likes the most, every time he comes back he can feel the warmth of home.

Lin Ran was also happy from the bottom of his heart, so he did not use his true qi to drive away his drunkenness, and drank a lot with Wang Yifeng and the others.

But fortunately, his body had obviously improved after the improvement of his true qi, and he still retained a trace of sanity when everyone was drunk.

"Hmm?"

Suddenly, Su Rou, who was drunk on the side, got up and staggered out, Lin Ran was uneasy at the sight and hurriedly got up to follow him out.

At this time it was still snowing outside in the courtyard, seemingly to mirror the New Year, and the snow was getting heavier and heavier, with no intention of stopping.

"I want to go to the roof of the house!"

Suddenly, Su Rou pointed to the sky and said.

“Hmm!”

Lin Ran was a little surprised to see this, but he didn't ask, and immediately helped her up to the roof.

“Ah! Why! Why am I a woman!”

As soon as she reached the roof, Su Rou shouted out into the dark night sky, while her voice sobbed, she was actually crying.

Hearing Su Rou's words, Lin Ran's heart sank, he had long been puzzled as to why this girl didn't go home for New Year's Eve, at this moment, seeing her crying out, he had a vague premonition in his heart.

“Do you know why I suddenly fell in love with you?”

Suddenly, Su Rou turned around and looked at Lin Ran, it seemed that the wind had blown and also seemed to be because of the crying, her drunkenness seemed to have sobered up quite a bit.

“Why? It can't be that you want to fall in love, can it!”

Lin Ran teased with a smile, causing Su Rou to laugh as well, he just wanted to lighten the atmosphere a bit to avoid talking about sad things later, this nee-san would be too upset.

Su Rou wiped the tears from the corners of her eyes and looked at Lin Ran as she certified.

“Because all the way to town, you made me feel warm and gave me a sense of dependence, and this feeling is something I haven't experienced since I was a child!”

Said Su Rou as she slowly walked up to Lin Ran and reached out to hug him.

“You...”

Lin Ran was stunned and subconsciously tried to step back, however, Su Rou burrowed into Lin Ran's arms and said.

“Don't hide, okay!”

Lin Ran didn't answer, and after a moment slowly reached out and embraced Su Rou into his arms.

Neither of them spoke, just standing there in a daze, and it was not clear how long had passed before Su Rou's emotions seemed to have calmed down and she slowly opened her mouth and said.

“Actually, my reason for not going home for New Year is very simple, because my father told me that my brother got married, and there is no longer a place for me to live at home!”

The words were spoken plainly, but Lin Ran could feel Su Rou's entire body trembling uncontrollably as she said this, and at the same time he could see that crystal tears had once again fallen down the latter's cheeks.

“So do you understand? It's not that I don't want to go back, but I have no home to return to!”

Su Rou said at the end, already sobbing uncontrollably.

Chapter 419

Lin Ran did not say anything, he just took Su Rou into his arms and hugged her tightly.

This is not a phenomenon only found in the countryside, some people in the city have this kind of thinking even more so, otherwise why would there be the saying of seeking a son with a heavy price tag, only Lin Ran did not expect that Su Rou, who usually looked lively and cheerful, was actually one of the victims.

“Well, it’s alright, the house isn’t warm at least you still have our group of friends!”

Lin Ran smiled and comforted, then seeing that Su Rou’s mood had slightly improved, he then opened his mouth and invited.

“Come on, let’s go down for a drink, let’s forget all these unhappy things today for New Year!”

“Mm!”

Su Rou nodded at his words, and looked at Lin Ran with a few more complex emotions, this was the first time she felt warm during New Year’s Eve.

Wang Yifeng and Shi were drinking happily, and muttered discontentedly when they saw the two Lin Ran return.

“You The two of you again Where did you run off to be sweet What a no Not... No fun!”

“Alright, cut the crap and come drink!”

Lin Ran busy interrupted the fatty’s words, this guy always mentions which pot can’t be opened, he came back this time without Song Nuan, instead he brought Su Rou, this already makes him a bit speechless, this dead fatty also always adds a knife, simply head pig teammate.

After the tussle just now, Su Rou’s mood was obviously much better, and perhaps she had also opened up, and after sitting down, she frequently clinked glasses with everyone else.

We all had a good meal until 3am, when Yingzi and Shi returned home.

Su Rou still seemed to have more than enough, pulling Lin Ran to continue drinking even though Fatty had fallen asleep next to her.

In the end, both of them were so dizzy that they fell back to sleep.

.....

The next morning, when the whole village was immersed in the joy of the first day of the New Year, a cry of “ah” came from Lin Ran’s house, breaking the silence of the small courtyard.

“What’s wrong? What’s wrong?”

Wang Yifeng was so frightened that he fell out of bed and rushed out wrapped in his blanket.

“Yes, what’s wrong?”

Grandma also came out from the kitchen, and both of them looked at Su Rou's room, wondering for a moment what had happened.

"Creak!"

The door to the room was pushed open and Lin Ran ran out wrapped in a quilt and holding his clothes, while not forgetting to turn around and shout.

"Missy, I really didn't do anything! You have to believe me!"

With that Lin Ran turned his head and was about to run, but just as he turned his head he froze.

He only saw his grandmother and Wang Yifeng looking straight at him, the former with helplessness on his face, while the latter with ecstasy on his face.

"Grandma It's not what you think, I just slept, nothing else"

Lin Ran explained with a bitter face, however, his grandmother said with a sigh.

"Okay, don't explain, young people will inevitably make mistakes, just how to make up for this mistake in the future is up to you!"

The grandmother turned around and went back to the kitchen to continue her work, but in her heart she had one thing on her mind.

"I'm going to make my grandson's clothes!"

"Boy! You're good! I was so helpful the night before last, but you didn't make a move, you actually wanted to stay for New Year's Eve!"

"What do you call that! The real big year First night ah!"

Wang Yifeng couldn't help but tease.

"Go away, what are you thinking about, Laozi was drunk last night, just slept, don't think nonsense!"

Lin Ran was busy explaining, but this explanation seemed pale and weak under the circumstances, no one would believe him.

"What the hell are you doing? Do you think Xiao Nuan would believe it if she knew?"

Wang Yifeng laughed.

"If you dare to say that, I'll kill you!"

Lin Ran was furious, and in his heart he was screaming even more, he really only slept last night and did nothing else, so how come no one believed it!

"Fatty, cut the crap, we're innocent!"

Su Rou also came running from inside, wearing pajamas at this time with her hair on her shoulders, simply must have some charm.

"Yes, yes, you're innocent, I get it! I get it!"

Wang Yifei smiled and turned around and went back to his room.

Lin Ran glanced at Su Rou, sighed helplessly and looked up to the sky without tears, what kind of sins did he make, holding on for one night and not expecting to sleep the next day.

But the point is, he really didn't do anything, but this hat is already buttoned up, no one believes it at all anymore.

"All right, let you drink without restraint, Xiao Nuan side I will go to explain, I can prove that we are innocent!"

Su Rou's face was slightly red, but there was a smile at the corner of her mouth as she turned around and went back to her room.

"Explain? Will it work? If explanations could be useful, then there wouldn't be so much domestic violence!"

Lin Ran said to himself, thinking about it he felt a pain all over his body and couldn't help but run back to his room.

.....

Breakfast was eaten in an unusually awkward atmosphere.

"That, I'm going to go around to Yingzi's house!"

After eating, Lin Ran was ready to bolt, if he continued to stay here, I'm afraid he would really get embarrassment sick.

However, he had just got up and hadn't left when suddenly there was a crackling sound of firecrackers outside the door.

Originally, it was not a big deal to set off firecrackers during the New Year, but at this inappropriate point, the firecrackers had been going off for a long time, making everyone feel that something was not right.

"Bang, bang, bang!"

"Ranzi, come out to help! Hurry up!"

Suddenly, just as the crowd was wondering in their hearts, the voice of a stone came from outside the door.

"What's wrong?"

Lin Ran asked with a frown, and immediately ran to open the door, only to see Shi hastily draping his coat over him while anxiously arriving.

"The village chief told me to shout for you to help, the old eighth master at the head of the village left last night!"

"Gone? Where can he go that late!"

Lin Ran hadn't answered yet, but Su Rou next to him asked with a difference, this Old Master Eight was the oldest person in the village, always sitting at the village head smiling and very kind, Su Rou came to the village and didn't chat with Old Master Eight too often, so she knew him too.

"It's not that one that's gone, it's gone!"

Seeing this, Shi was busy explaining.

Lin Ran and Su Rou both listened with a slight frown, the latter was even more taken aback busy saying.

"How come he's gone all of a sudden, wasn't he just fine yesterday!"

"Who knows, old Uncle B has invited someone overnight, it's really unlucky to meet this kind of thing in the New Year, so we are going to bury him today!"

Shi Tou explained.

"Okay! Then let's go there quickly!"

Lin Ran nodded, while turning back to greet Fatty.

"Damn fatty, you come and help too!"

"Good!"

Wang Yifeng didn't hesitate, and immediately dropped his dishes and ran over.

Seeing this, Grandma was also not in the mood to eat, so she immediately packed up and also rushed over after Lin Ran and the others.

Old Uncle Eight, the son of Old Master Eight, lived not far from the village head, and was also very close to Lin Ran's house.

After walking for a few minutes, they saw Old Uncle Eight's house from afar. At that moment, there were many people standing in front of the latter's house, all making preparations, and white cloths had been tied up.

But Lin Ran was surprised to find that in the middle of these people, there was actually a table for a puja, and beside it sat an old man with white hair flowing.

The old man was sitting upright, not saying a word, and seemed to be resting, while his daoist robe was unusually obvious.

"What's going on here?"

Lin Ran asked with a frown, and Stone sniffed and said with a sigh.

"The old eighth master left in a hurry, the old eighth uncle was afraid that there was something unclean, so he invited this old daoist with a bull nose, but I have never seen this guy, I don't know if he is reliable!"

"Old Daoist Niubizi?"

Lin Ran frowned at his words, and immediately walked over.

Chapter 420

“Gentlemen! The time has come to seal the coffin!”

As Lin Ran and the others approached, Old Daoist Cowhide stood up from his seat and waved the floating dust in his hand, shouting in a dignified manner.

“Seal the coffin! Quickly!”

At the same time, an old man dressed in mourning clothes came out of his house, his hair a little white.

What was even stranger was that there was a yellow talisman hanging on his face, and on the yellow talisman there were words inscribed in seal script that looked like a ghost painting.

“Why is Old Uncle Eight dressed up like this?”

Seeing this dress up, the stone immediately frowned and asked, while Wang Yifeng and Lin Ran at the side were looking with slightly narrowed eyes, and could not help but take two steps forward.

“Ranzi, what kind of ghost charm is this, how come I’ve never seen it before!”

Wang Yifeng frowned and asked, his profession is to exorcise ghosts and subdue demons, and he knows a lot about common talismans, but this yellow talisman in front of him was something he had never seen before, or rather, he didn’t understand what was written on it.

“This talisman is a fake!”

Lin Ran frowned and said.

“Fake?”

Su Rou’s three people were stunned at his words, not understanding Lin Ran’s meaning, but Wang Yifeng at the side had already understood, and immediately sneered.

“A fake is useless, it’s no different from an ordinary piece of paper, I feel that this old eighth uncle has been tricked!”

As he said that, Wang Yifeng was quick with his eyes and hands, and took a step forward to directly rip off the yellow talisman on Old Uncle Baji’s forehead.

But the moment the yellow talisman was pulled off, the crowd was dumbfounded, only to see Old Uncle Eight’s face as pale as paper, the whole face without a trace of blood, a pair of eyes around the black, looks like a dead person, but Lin Ran is clear in his heart, Old Uncle Eight is not a dead person.

“Hey! Wang Yifeng, what are you doing! Quickly give me back the yellow talisman!”

When Old Uncle Eight saw that the yellow talisman had been taken away by Wang Yifeng, he hurriedly shouted.

And when the villagers who were preparing to seal the coffin in front of them saw this, they were also terrified and hurriedly looked up at Old Taoist Niubizi.

“What’s going on! What are you guys doing! Can’t you see that old man is casting a spell, why don’t you back off quickly!”

When he saw Lin Ran, Old Daoist Niubizi immediately scolded, while raising his hand to snatch the yellow talisman from Wang Yifeng’s hand, but the latter was quick-eyed and dodged it with a dodge, while saying.

“Old man, doesn’t your conscience hurt when you make such fake talismans to prank people?”

Old Daoist Niubizi’s face was visibly stunned at his words, followed by a cold rebuke.

“Where is this yellow-haired boy from? He is full of nonsense. Get rid of him!”

“I’m talking nonsense? Then what are you, a liar?”

Wang Yifeng laughed coldly at his words.

A few villagers had already run over to the side, and Old Uncle Eight saw this and shouted at Lin Ran.

“Ranzi, take care of your friend, we are busy with our work, what are you doing here!”

Old Uncle Eight’s face was very unpleasant and he seemed ready to faint at any moment, so Lin Ran didn’t want to talk nonsense and spoke directly.

“Old Uncle Eight, who is he? How come the Eighth Master passed away and invited a Taoist priest!”

Said Lin Ran as he took the yellow talisman in Wang Yifeng’s hand, followed by raising it in front of Old Uncle Eight and said.

“Moreover, this yellow talisman is indeed a fake!”

“This”

Old Uncle Eight was also confused when he heard this, if it was said before he might have thought that Lin Ran had come to cause trouble on purpose, but with the scene of Lin Ran treating the group years ago, he couldn’t help but feel a jolt in his heart and was busy explaining.

“This Daoist Niubizi, I met him halfway when I went to invite the funeral director last night.

When he said this, Old Uncle Eight turned to look at Old Taoist Niubizi and asked.

“Taoist Master, this yellow talisman”

“Humph!”

Seeing this, Old Daoist Niu Nose waved the floating dust in his hand, and immediately sat down on his chair again, saying blandly.

“Old eight, don’t blame me for not reminding you, the auspicious day is fleeting, if you don’t believe me, I can not help you with this favor, and you doubt me that’s a bit too much!”

“No... No Taoist Master, how can you say that!”

Old Uncle Eight was also a little anxious at the sight and said to Lin Ran in a hurry.

“Ranzi, you should leave this alone, this isn’t a visit to the doctor, you don’t understand!”

“He doesn’t understand? Old master, then you are ignorant, do you know what I do?”

Wang Yifeng laughed coldly at this, followed by a wave of his palm suddenly a handful of yellow talismans appeared in his hand, and smiled at Old Uncle Baji.

“I’m a ghost catcher by profession, and today I’ve come across the same person, so I can’t leave this matter alone, and if you want to cheat the folks of Linjiawan, you don’t even ask around, do you agree with me?”

Said Wang Yifeng a hand of yellow talisman stretched out in front of the old Taoist Niu Nose, sneering.

“See old man, this is the real talisman seal, what kind of ghostly drawing you have, you dare to show it off!”

Old Daoist Niubizi was still quite calm, but when he saw the talisman seal in Wang Yifeng’s hand, he sat up a bit and got up and said busily.

“You What are you, you are also worthy to talk to the old man, just these most lowly talisman seals of yours, what use can they be, his family is inviting the Liege Ghost this time, does the Liege Ghost know!”

“Really? Then why don’t you bring out the evil spirit and let me see it?”

Wang Yifeng sneered.

Old man Niubizi also calmed down at this point and sneered.

“Old man has said that it is a severe ghost, is it that easy to subdue, old man has already thought of a way to be able to invite the severe ghost away, you’d better go back and follow your master in learning a few more years!”

Said Old Daoist Niubizi, looking at Lin Ran again, and said indifferently.

“Kid, do you still have something to do? Give me back the talisman seal if you’re alright!”

“Daoist Master, don’t be in a hurry!”

Lin Ran laughed at this and followed, raising the yellow talisman in his hand and laughing.

“Since your Daoist skills are so high, then why don’t you tell me what this talisman seal is for? And what is its effect?”

Old Daoist Niubizi’s face sank at his words, but at this time many people around were looking at him, so he could not keep quiet, and after a moment he said in a welcoming manner.

“This talisman is naturally used to drive away evil spirits, the old master left in a hurry, and the spirits of injustice are afraid that they have not yet rested, so I am afraid that they will scourge the family, that is why I brought this yellow talisman for Old Eight!”

Old Daoist Niubizi spoke with reason and justification, as if this was exactly what was happening.

“O? Then in that case, I find it strange, since it’s to drive away evil spirits, then the vicinity of Old Master Eight’s coffin should be the most dense place for evil spirits, right, for Old Uncle Eight to stand here without any reaction at all?”

Lin Ran laughed, while also pulling Old Uncle Eight directly to the coffin and smiling at Old Dao Niu Nui.

“Why is there no reaction at all?”

“You!”

Old Dao Niu Nose’s face instantly turned iron blue at this, unable to find the words to retort for a while.

Lin Ran couldn’t help but laugh at the situation and said.

“Can’t tell anymore? Then let me tell you!”

Lin Ran took a talisman seal from the fatty’s hand and flicked his finger, then the seal turned into a thunderbolt with a “bang” and struck the sky with a “boom” before slowly dissipating.

He then flicked the old man’s talisman out, but the talisman did not change at all, floating in the air for a while before falling to the ground.

“See? Your yellow talisman is simply a piece of paper, not the least bit useful, and you say it’s not a fake?”
