

Wonder Doctor

Chapter 421

“You!”

The old bull-nosed Taoist looked blue in the face, while the crowd of onlookers on the side, as well as Old Uncle Eight, looked dumbfounded, especially the latter, who asked in a hurry.

“Ranzi, how did you do that!”

“Yeah! How did you do that, it looked so evil!”

A group of people around them also asked, flicking it for no reason and releasing lightning this was simply beyond their perception.

“It’s actually quite simple, it’s the power of the rune seal you guys can too!”

Lin Ran said as he gestured for Wang Yifeng to take a talisman seal for Old Uncle Eight, and then said.

“Just flick it out with force and you’ll be fine!”

Old Uncle Eight nodded his head as he listened, then looked ahead and flicked the yellow talisman out directly, and a cluster of flames shot out with a “dab”.

At that moment, Old Master Niubizi was in front of him, and the flame almost burned his hair.

“I can actually use it too!”

Seeing this result, Old Uncle Eight couldn’t help but blush, and the look in his eyes turned a little colder when he looked at the Niu Nixi Daoist, while the group of villagers around him also looked over, the situation was already very clear.

“Daoist Master, you said you are not a liar, what is your explanation for this situation now?”

Lin Ran turned to look at Old Daoist Niubizi and asked with a smile.

“Explanation? What’s there to explain!”

Old Daoist Niubizi’s face sank as he waved his sleeves and said.

“Rune burning is supposed to be a carving trick, it doesn’t mean anything at all!”

“O? Is that so? Then tell me, what kind of evil spirits did Old Uncle Eight’s family attract, and what evidence do you have to prove it!”

On the side, Wang Yifeng said disdainfully, he was a ghost hunter by profession, so he could tell if there was anything wrong with Old Uncle Bajie’s family just by looking at it.

“Evidence? Fine! Surprisingly, you don’t care if the auspicious day is delayed, then I’m happy to accompany you!”

Old Daoist Niubizi snorted coldly, followed by turning around and pointing at Old Uncle Eight and saying.

“His face is pale and bloodless, and his eyes are filled with blackness, which is a sign of a black air coffin, and this is an ominous sign!”

After saying that, he turned to the coffin again, greeted a group of people away, pushed the coffin out a crack as soon as he could, and pointed to the old eighth uncle inside and said.

“The frost condensed on the deceased’s body, hard but not melting, is a sign that the grievances will not dissipate! If the grievances of the deceased do not dissipate, cholera family members will almost certainly occur!”

At the end of his sentence, he then pointed distantly at Old Uncle Eight’s door and spoke.

“There is also something wrong with the feng shui of his house, the entry screen is in the way and the location of the mountain tip is right, how can the family be peaceful!”

“The entrance screen is in the way and the location of the mountain tip is right?”

Hearing these words from Old Taoist Niubizi, the surrounding villagers and Old Uncle Eight could not help but be stunned, somewhat unsure.

“Humph! How can a bunch of foolish people understand!”

Old Daoist Niubizi didn’t bother to explain, and with a cold snort, he stopped talking.

“Ranzi, what does he mean by that? I don’t understand!”

Wang Yifeng asked, “He is still proficient in ghost hunting, but asking him to analyse the feng shui pattern is a bit difficult for him, after all, this guy is also a halfway house, relying on a booklet of ghost hunting at home to learn how to catch ghosts and subdue demons! ”

“I know what he means, let me answer them one by one!”

Lin Ran laughed lightly, then came to the entrance of Old Uncle Eight’s house and pointed inside and laughed.

“This wall is commonly known as a shadow wall in Feng Shui, which has the function of blocking wind and slowing down the wind, and in layman’s terms, it can block the view of the entrant!”

“Imagine if you do something very hidden in your home and people see it when they push open the door, is that good?”

“It’s not good!”

“Yes, yes, in case you are counting money, won’t something happen if someone sees you!”

A group of villagers said busily, all nodding their heads in disbelief.

“Right, so this shadow wall would be in almost every house, even the shops, so that doesn’t hold water, the so-called entry screen block is simply a nonsense!”

Lin Ran said and looked at the old bull-nosed Taoist, exasperated by the latter’s crooked nose and a very grunt, not answering the question.

“And then there’s this location mountain tip pair!”

Lin Ran didn’t care, smiling as he continued.

“The so-called tip of a mountain is the spine of a mountain, the best location! If I’m not wrong, what Daoist Master means should be that Old Uncle Eight’s house happens to be directly opposite the tip of the mountain at the back of our village!”

“Is it such a coincidence?”

Wang Yifeng smiled a little unbelievably and immediately went to the entrance of his house and rushed to look at the back of the mountain, and upon this look he exclaimed.

“Hey heck, it’s actually really opposite the tip of the mountain!”

“Let’s see!”

“I’ll take a look too!”

The other villagers around also rushed to look, and at once all of them revealed their astonishment.

“Ranzi, then how can this be said, my family can’t move here, the house base is right here!”

Old Uncle Eight was busy asking, there was nothing he could do to change this.

Lin Ran smiled and shook his head and laughed.

“There’s no need to move, and Old Uncle Eight, think about it yourself, has your family ever had a calamity after living here for so long?”

Old Uncle Eight was stunned at his words, followed by a moment of thought, it seems that there really hasn’t been any calamity vocalized, and immediately couldn’t help but say.

“Then what is this all about!”

Lin Ran saw this and smiled lightly, then said.

“It’s actually very simple, the feng shui read by the Taoist Master is just inaccurate!”

Said Lin Ran, pointing distantly at the back of the mountain, and then said to the crowd.

“The tip of the mountain is like a sharp sword, but likewise, the tip of the mountain is like a finger, it all depends on the trend of the mountain range!”

“The place where our Lin Jia Wan is located is surrounded by mountains on all sides, if not for a small road going out in front of it, it would almost be a basin, doesn’t this feng shui pattern look like a palm of the hand to you!”

“Palm?”

“Where does it look like a palm?”

Many villagers were a bit puzzled when they heard this, and at the sight of this Old Daoist Niubizi laughed in cold fright.

“Palm of the hand? Thanks for saying that, who has a round palm! Idiot!”

“Idiot are you talking about yourself Daoist? Doesn't the Guanyin Bodhisattva's flicking finger have two fingers that show a circle?”

Lin Ran laughed indifferently.

The villagers around them all did a flick of the finger themselves and instantly realised that the two fingers pressed together did not form a circle!

“A finger is like a mountain, the index finger is the best treasure point, so how did it become a mountain tip pair as the Taoist master said?”

Lin Ran looked at Old Daoist Niubizi and laughed, the moment these words were spoken he was so angry that the latter did not say a word and his face turned black.

“Even if what you say is right, then how do you explain that the old eighth's face has coffin the cold ice on the dead?”

The Daoist Master chided in a cold voice, following his eyes micron looking at Lin Ran and speaking in a deep voice.

“Kid, don't think you can come out and present yourself as a fool just because you know some feng shui stuff, the ethics of life and death are about the heavens, how can a brat like you understand that!”

“Haha!”

Lin Ran laughed at his words, shaking his head as he said.

“A good one, the ethics of life and death is a matter of heaven, then since I can't even see through it, how do you see through it, Daoist Master?”

“As for the problem you mentioned, it's very simple!”

Lin Ran said, pointing to the old eighth uncle, and the coffin respectively, and explained.

“The old eighth master died suddenly last night, the old eighth uncle expected to find people to help overnight, did not sleep all night old and old, the village people's nutrition would not have been able to keep up, so tossing and turning all night how not out of black eyes?”

“The old man left in a hurry and the water in his body did not have time to evaporate, so it formed a cold frost on the surface of his body, which is incomprehensible!”

At the end of the sentence, Lin Ran turned to point at the old bull-nosed Taoist and coldly chided.

“The people in the village have little scientific knowledge, but you should not think that there are no university students in our village, so do you really think that you are a Taoist master with such a shallow deception?”

“Daoist Niu, are you convinced!”

Chapter 422

“You!”

Daoist Master Niu was dumbfounded by what he said, and his face turned even more blue with anger as he flung his sleeve and chided.

“Is what you say true? Who can prove that the cold ice condensed out of the moisture around the dead man?”

“And who can prove that this mountain is really the land of blessings? It’s all just your side of the story!”

Taoist Master Niu said as he flung his sleeves and got up and rushed at Old Uncle Eight.

“Since you don’t believe me, I’ll leave, but if there’s a very busy accident at home, don’t blame me!”

With that said, Daoist Niu turned around and was about to leave.

However, before he could take a step, Lin Ran, who was on the side, trended to reach out and stop him.

“What? You’re not going to let him go? Do you want to leave me behind?”

Seeing this, Daoist Niu chided coldly and at the same time, he was a little worried in his heart, if he really started a fight with Lin Ran, he would definitely be the one to suffer.

“You’re thinking too much, leave the money before you can leave!”

Lin Ran looked at Daoist Niu and laughed blandly.

“Money? What money?”

Daoist Master Niu’s face sank as he looked at Lin Ran and frowned.

“Yeah, what kind of money?”

On the side, Wang Yifei and Su Rou were also surprised to hear how the matter of money suddenly still came up.

“Old Uncle Eight, this Niu Nixi Daoist, has he ever talked to you about money since his arrival?”

Lin Ran turned around and looked at Old Uncle Eight and asked.

“No!”

Old Uncle Eight said thoughtfully at his words, but soon he suddenly remembered something and slapped his thigh and said.

“Ao, I remember, we did talk about money, this Taoist master said that he wanted to break the fortune to eliminate the disaster, in order to drive away the evil Qi in the house, and asked me to prepare nine thousand nine hundred, but people did not ask for it themselves!”

Old Uncle Eight hastily explained.

“Hear that? I didn’t charge him for it!”

Old Daoist Niubizi smiled smugly at his words, while stroking his beard with a leisurely look.

“Is that so?”

Lin Ran was in no hurry when he saw this, and smiled blandly as he looked at Old Uncle Eight.

“Old Uncle Eight, then tell me how this money is a way to break the bank!”

“It’s very simple! It’s that the Taoist Master told me to prepare the money and put it into an envelope, then gave it to me and told me to find a place to hide it and take it out after the first seven days!”

Old Uncle Eight said busily at the sound of his voice, followed by a gesture to the roof of the house.

“I was afraid it wouldn’t be safe to hide it at home, so I hid it on the roof!”

“Did you hear that? Still doubt the old man?”

On the side, Old Daoist Niubizi laughed coldly at his words, while his words were tinged with a hint of anger, seemingly looking very displeased.

“Ranzi, this other Daoist is really right, he really didn’t charge me, are you mistaken?”

Old Uncle Eight was a kind-hearted person and was afraid that Daoist Master Niubizi had been wronged, after all, the latter had also come to help himself and he could not see things through.

“I’m mistaken?”

Lin Ran laughed dumbly at his words, then looked at Old Daoist Niubizi and asked with a smile.

“Daoist Master, have I made a mistake?”

Lin Ran said this lightly, but the look in his eyes at the other party was full of ice coldness, and for a moment, he actually made the old Daoist Niu look a little uncomfortable.

“You What do you mean by that, the old man did not take the money, how do I know if you are wrong!”

When Daoist Master Niu was nervous, his words not only stuttered, but fortunately he adjusted quickly enough and quickly recovered.

“What exactly do you want to do when you so much as solicit the old man and plant these trumped up charges? Although fellow travellers are enemies, it seems that the people’s main family did not invite you!”

“The main family did not invite us, but you cheated money, and you cheated our villagers in Lin Jia Wan, then I can’t just ignore it!”

Lin Ran laughed lightly, then looked at Old Uncle Eight.

“Old Uncle Eight, things have come to such a pass, why don’t you take out the envelope and see if your money is still inside?”

“This”

Old Uncle Eight was a little hesitant at the words, this said that he would take it after the first seven days, taking it now seemed to be a bad rule.

But it seems that ever since Lin Ran several people came, this rule has been completely broken, and there seems to be no use in observing this rule yourself.

Seeing Old Uncle Eight's hesitation, Old Daoist Niubizi at the side couldn't help but look nervous, his hands unconsciously clenching into fists.

"Good! Then let's take it out and have a look! So that we can clear the Daoist's name!"

Suddenly, Old Uncle Eight seemed to have figured out something, and with a grit of his teeth, he directly greeted his son on the roof of the house and shouted.

"Wa Zi, throw down the envelope under the stone in the southeast corner, and don't open it to peek at it!"

"Yes dad!"

The old eighth uncle's son was very honest and immediately ran to take out the envelope at the word and threw it down after him.

"Hey hey! Daoist Master Niu, what are you doing?"

Suddenly, Wang Yifeng, who was on the side, was busy speaking and laughing.

Originally, the eyes of the people around had all fallen on the envelope, but at this moment, they couldn't help but look over in a hurry at the sound of the words, only to find that Old Daoist Niu Nose had already walked out a dozen meters, and if he took two steps, he would be able to run into an alleyway.

"Eh, old man I suddenly had some urgency to pee, it's fine, it's fine, it's already fine!"

Old Daoist Niubizi said awkwardly, and was then escorted back by Wang Yifeng.

"Daoist Master, in a hurry?"

Lin Ran looked at Old Daoist Niubizi and laughed, hearing the latter's face turn blue and purple as he busily said.

"Who Who's in a hurry!"

"O? That's a weak heart!"

Lin Ran laughed at this.

"Old man is not weak-minded!"

Old Daoist Niubizi said.

Lin Ran laughed at this and didn't bother to argue with him, so he winked at Old Uncle Eight, who immediately opened the envelope.

But after opening it, the old man was stunned, the money that was bulging in the envelope had actually turned into white paper, and none of the money was there!

"Hey! Where is my money? You can't be joking, Daoist Master, 9,000 yuan is my family's savings!"

Old Uncle Pat said busily, how much could a villager in the mountains continue to have, he was not exaggerating at all.

“Old man said, if the money is gone, that is the evil demon has received the love, that money away, otherwise how can your family hold a side of peace!”

Old Daoist Niubizi did not panic in the slightest smile.

Lin Ran saw this but laughed “haha”, and then said.

“The evil demon took it away? Or did you, Daoist Niu, take it away?”

“Fatty, search your body!”

As the words fell Lin Ran directly greeted Wang Yifeng and searched his body, the latter was not polite and searched Old Daoist Niu’s body once, but strangely enough, he really didn’t find anything.

“Ranzi!”

Wang Yiming immediately panicked, if he couldn’t search him, then he would really be wronging him.

Lin Ran saw the situation and did not hurry, frowned and pondered for a moment, then pointed to the place where Old Dao Niu was ready to bolt just now and rushed to Wang Yifeng.

“Go there and look for it!”

“Mm!”

Wang Yifeng heard the words and hurriedly ran over, and only after a few moments of searching did he find a piece of cloth hugging something in a pair of snow nests, and opened it to see that it was indeed a thick pile of money.

“Ranzi has found it!”

Wang Yifei was busy running back with the money and the piece of cloth, and raised a sneer at Old Taoist Niu.

“Old man, now you have something to say!”

“Taoist Master! You!”

Old Uncle Eight also dawned on him when he saw the money and the piece of cloth that wrapped it, and especially when he saw the piece of cloth, he was so angry that he almost lost his breath.

He had seen that piece of cloth before, and it was the one that Niu Lao Dao had brought with him when he first arrived.

Lin Ran didn’t have to be polite, he immediately shouted at Wang Yifeng.

“Fatty! Please ask this Taoist Master Niu, to leave!”

“Yes!”

Wang Yifeng smiled and replied, then walked towards Old Daoist Niu Nose, moving his muscles and bones as he walked, causing them to click.

Chapter 423

“You Don’t come over, what are you doing!”

Looking at Wang Yifeng’s move, Old Daoist Niubizi suddenly turned white with fear and hurriedly stepped back.

“Old man, don’t be nervous, fat master I am very gentle, help you loosen your bones then I will send you away!”

Wang Yifeng laughed, followed by an arrow step and rushed directly to the old man with the nose of a cow, lifting him up with one hand.

He then walked towards the village head as if he was carrying a small white mouse.

“Ranzi, thank you, if it wasn’t for you our family would be afraid.”

Old Uncle Eight took Lin Ran’s hand, his face full of gratitude.

If they were really cheated by that black-hearted Old Taoist Niu, I’m afraid that for a long time to come, Old Uncle Eight’s family would be overshadowed in their hearts.

“Old Uncle Eight, don’t be like this! We’re all from the same village, so since I’ve run into this kind of crude scam, I naturally have to expose it!”

Lin Ran laughed.

Old Uncle Eight nodded excitedly, but then was in a quandary and was busy asking.

“Ranzi, since you and your friend are both proficient in feng shui, what can we do about the old man’s matter!”

Lin Ran smiled and then remembered that Old Master Eight’s corpse was still parked here, and it couldn’t stay parked for this New Year’s Eve.

“Old Uncle Eight, this way! Since things have come to this point, let’s still bury him today as usual, after all it’s the New Year and it’s not auspicious to hold up the corpse for three days!”

Lin Ran said.

Old Uncle Eight was a bit hesitant, hesitating for a moment and said.

“Ranzi, my father, his old man, is it too hasty to leave?”

Lin Ran was stunned at his words, and his heart suddenly dawned on him, daring to say that Old Uncle Eight himself also felt a little strange, so he was still a little uneasy in his heart.

“Don’t worry Old Uncle Eight, you’ll understand if you take a closer look at the old man’s expression!”

Lin Ran laughed.

“Look at the expression?”

Old Uncle Eight was a little confused at his words, what could one tell by looking at his expression?

Lin Ran saw this and laughed.

“Let me tell you this, the old man died at the end of his life, he left peacefully so you don’t need to worry about anything else, just bury him as usual!”

“Very peaceful?”

Old Uncle Eight couldn’t help but feel a little moved in his heart at his words, remembering the old master’s past times.

After he had become an adult himself, the old man hadn’t bothered about his own affairs, and his old companion had only just left a few years ago, both of them having lived to be in their nineties, which was already considered a very high life expectancy in the countryside.

In recent years, the old man had always been in a happy mood, so it could be said that he had lived a happy life in his old age, and it was a good thing for him to die now.

Thinking of this, Old Uncle Eight sighed and lamented.

“Although my father left in a hurry, it seems that he had really enjoyed himself enough, and how many people can live to the end of their lives, just like that!”

Old Uncle Eight said and looked towards the coffin and said aloud.

“O father, you have a good journey, my son will see you off one last time!”

.....

The old eighth uncle thought about it in his mind, and things went on as usual, as for the principals these village chiefs were experienced and smoothly accepted to take control of the next matters.

Since Lin Ran had to stay behind to help and later go to the back of the mountain to bury the dead, he greeted Su Rou and went back first.

However, when he was talking to Su Rou, he noticed that this girl was holding a teacup in her hand and was drinking water.

However, the water was not white, and Lin Ran remembered that this girl was not used to drinking tea, so why was she drinking brown water?

However, seeing that Su Rou was drinking it with great pleasure, Lin Ran did not ask too many questions and immediately greeted her and let her go back home with her grandmother first.

That day, with the help of the village headman and a group of villagers, the old master was finally buried in a safe and secure manner.

As it was the New Year, Lin Ran and the others were also afraid that Old Uncle Eight would be in a difficult mood, plus there were some remaining after-death matters to be dealt with the next day, so they went to help out for another day.

This is how the first and second days of the New Year were considered busy.

.....

The snow finally stopped on the third day of the Lunar New Year, and the sun rarely appeared, so Lin Ran was rarely free, so he sat on the roof with Wang Yiming and sunbathed.

Suddenly, Su Rou ran up from downstairs, shouting as she ran.

“Hey hey Lin Ran! That office company called me, they’ll have someone deliver the students’ desks and chairs by the time they start work on the fifth day!”

“Desks and chairs? What desks and chairs?”

On the other side, Wang Yifeng listened with a dumbfounded expression, he had gone to the mountains with Shi that day and had no idea that Lin Ran had bought desks and chairs for the village school.

Lin Ran instantly told the story, and listened to Wang Yifeng’s displeasure.

“You two, you’re so ungrateful, you didn’t even call out to Master Fatty to do such a good deed, how can I go out and meet people now, how can I face Master Fatty with so many enthusiastic folks!”

With that, Wang Yifeng got up and went down to the roof.

“Hey? What are you doing?”

Lin Ran asked as he saw this.

“I’m going to prepare a gift, how can I let you two have this good thing all to yourselves, I have a heart too!”

With that, Wang Yifeng jumped down the stairs, followed by going back to his room to tinker.

“What present did he go to prepare?”

Su Rou asked with a smile at the sight.

“I don’t know, but it doesn’t feel like it’s going to be anything good!”

Lin Ran laughed, then got up and prepared to go get a cup of tea.

However, when he got up, he was seeing that the cup of water Su Rou was holding was that brown liquid again, as if this nee-san had been drinking this kind of water for the past two days.

Lin Ran couldn’t help but have doubts in his heart and opened his mouth to ask.

“What are you brewing here? How come I see you drinking it every day?”

“Ah? You mean this?”

Su Rou was first stunned at the words, and then she became a little embarrassed, and even her pretty face turned a few shades of red.

“Yeah, what’s this?”

Lin Ran was full of amazement at this, but still asked one more question.

Su Rou was a little embarrassed and squirmed.

“It’s that one!”

“That one, huh?”

Lin Ran was dumbfounded, and after a moment seemed to remember something and asked with an embarrassed look on his face.

“It couldn’t be the abortion pill, could it? I really didn’t do anything that night, you have to believe me!”

“Bah! Stinking rascal still dares to mention that night, it’s not abortion pills!”

Su Rou’s pretty face was also red when she heard this, and she gave him a white look and said busily.

“It’s the kind of medicine you decocted for me last time I had a stomachache, I felt it worked pretty well, so I boiled some for myself to drink, as a precaution to avoid the pain next time my aunt comes!”

“Huh?”

Lin Ran smiled and revealed a bitter face, seeing that Su Rou still wanted to drink it, he hurriedly snatched the tea away.

“What are you doing? Why a bitter melon face?”

Su Rou saw this and felt a bit baffled, she had just boiled some herbs to drink, so it was hard to believe that she was still distressed.

“Hey! It’s just some herbs, you don’t have to be so distressed!”

Su Rou said discontentedly.

Lin Ran was speechless at his words and immediately said.

“What are you thinking, you can’t drink this stuff as tea, too much of it will have side effects!”

“Ah? What side effects?”

Su Rou sniffed and asked busily, while touching it on herself, she didn’t seem to feel any difference anywhere.

“You don’t understand, this stuff can only be drunk once in a while, drinking too much of it is going to affect development!”

Lin Ran said helplessly.

“Development? What development? My height is already normal, so I can’t shrink back!”

Su Rou said with carelessness.

Lin Ran saw this but his face was full of black lines, while he straightened his back and said.

“Height is definitely fine, but it can make your big buns turn into small buns, are you afraid of that!”

Saying that, Lin Ran also pointed to his chest and made a motion of turning smaller.

This made Su Rou's pretty face even redder, and she raised her small fist towards Lin Ran and punched him.

"You rascal!"

Chapter 424

"Oi oi! How come I'm the rogue again, I was kind enough to remind you!"

Lin Ran saw this and turned to run, but the location of the down stairs was behind Su Rou, so he had no choice but to turn around and run towards the Lin side.

"Stop, little pervert!"

Su Rou's silver teeth clenched as she followed and chased after him.

"Don't come over, don't come over!"

Lin Ran jerked to a halt, followed by turning around and shouting, at this point he had already reached the edge, if he went any further he would have to fall, he himself would be fine in case Su Rou accidentally failed to stop, then the consequences would be huge.

"You say don't come over and don't go over ah, rascal!"

Su Rou rushed in and followed with a punch.

Lin Ran instinctively sidestepped and dodged, but Su Rou's punch was empty, and immediately her feet went haywire, and she fell towards the front, seeing that her body had already rushed out of the edge of the roof, and she was so frightened that her face turned white.

"Watch out!"

Lin Ran was quick on the uptake and hastily reached out to grab Su Rou's waist and pulled her back with a single burst of force, which prevented an accident from happening.

And at this time Su Rou had already been stunned, her body uncontrollably bumped towards Lin Ran, and immediately fell into the latter's arms, and there was a silence between the four eyes.

"I ... I didn't mean to."

Lin Ran explained awkwardly, but just as the words were finished, Su Rou pressed her lips with her slender jade fingers, and there was a silence, and there was as if the smell of love was overflowing all around.

"Hey! What's up, fat master I just left how long, you two can't help it, it's too much! Go back I must"

Just when everything seemed so good, suddenly the courtyard below but came the voice of Wang Yifeng's discontent.

"Must what! I didn't do anything!"

The two men sniffed and hurriedly let go of each other, and then Lin Ran shouted.

“Didn’t do it? Do you think ghosts believe that?”

Wang Yifeng laughed.

Su Rou saw this and was busy saying.

“Damn fatty, watch out for eye disease from peeking at others!”

“Hey! When did I peek? It’s obvious that you two are spreading dog food in the middle of the day, and you’re not concentrating on doing a good deed, so you can blame me!”

Wang Yi life’s justified said, and then even looked at the two people and laughed.

“Besides, I’m not prepared to do anything about it, did I say I was going to sue? Look at how nervous you two are!”

“Who... Who’s nervous!”

Su Rou saw this and was a little embarrassed. I’m afraid that anyone could tell that she liked Lin Ran, and it was indeed a matter of how to explain to Song Nuan when she got back.

“All right, fatty, what did you take?”

Lin Ran saw that he was afraid of getting into trouble if he continued, so he hurriedly changed the subject and said.

“You mean this? Of course it’s a gift I prepared for the children, how can I let you two have this good thing all to yourself?”

Wang Yifeng said and showed what was in his hand, immediately looking at Lin Ran and Su Rou dumbfounded, that thing was actually a set of tools for catching hares, this guy actually wanted to give this as a gift.

“I say, are you a tease sent by a monkey? What help can this thing be to the children’s learning!”

Su Rou couldn’t help but laugh.

However, Wang Yifeng said with a smug look on his face.

“Look, look! This woman is a woman, her hair is long and her insight is short, does she understand the combination of work and rest? After school the children go to the mountains to hunt wild game, not only can they exercise, they can also enhance their hands-on skills, and even save money for the family to buy meat, this is called killing three birds with one stone do you understand?”

“Good one, three kills with one arrow, why do I find that you guy has also started tugging on idioms lately, has he changed his nature?”

Lin Ran couldn’t help but laugh.

This guy used to speak in three sentences without a proper line, but recently he had actually started tugging on idioms as well, which made Lin Ran really curious for a few moments.

“That’s right, you’re at least a university student, the beautiful women around you are all highly educated, either rich girls or women from wealthy families, or women from powerful families, I’ve seen it through, I’m afraid I won’t be able to get girls if I don’t do well in my culture classes, I can’t help it! Who let me be your brother, since you are surrounded by quality big beauties, then I have to condescend to the fat master a little bit, to make up for the lessons!”

Wang Yifeng smiled smugly.

Lin Ran smiled helplessly at his words and didn’t bother to pay him any mind, he immediately greeted Su Rou and went downstairs to prepare lunch

Two days had passed in a flash, and since the curtain had come down on the matter of Old Uncle Eight’s family, the whole village had once again returned to its usual calm.

The villagers were still enjoying the New Year’s Eve, while Lin Ran had already started to think about returning to Temperance City.

The clinic was scheduled to open on the 9th day of the first month, so he would have to go back on the 9th day at the latest.

On the fifth day of the first month, the desks and chairs for the students were delivered on time. Lin Ran and the village headman greeted a group of villagers and delivered the desks and chairs, as well as the ten hunting tools prepared by Fatty, to the school.

This made the village headman as well as the school teacher very impressed and even praised the three in public.

But these were minor matters, so the three of them didn’t take them to heart, they were content to make their own contribution to the village.

When the time came on the eighth day of the month, the grandmother knew that Lin Ran was leaving the next day, so she called him into her room that night and said in a serious way.

“Ranzi, you’re an adult now, so there are some things that grandma doesn’t want to say anymore, so start a family before you start a business, there are some things you should think about!”

Said the grandmother took out a parcel while handing it to Lin Ran, and then said.

“In this parcel is a gift that grandma has prepared for you, you can open it when you go back!”

“As for the matter of your parents, grandma didn’t ask you, I believe you can handle it by yourself, but still that sentence, things have passed for so many years, people always have to live, unfiliality has three times no future, some times you have to mention your parents think about it too understand?”

“Grandma, I understand you don’t worry!”

Lin Ran had tears in his eyes, to be honest he didn’t want to leave his grandmother alone at home, but the older generation already liked the life in the village, letting her go back to the city with herself would only make her more uncomfortable for her, it would only be a bondage.

“Grandma, there’s 50,000 in here, buy whatever you want, don’t always save, now that your grandson can earn money, you can spend it without worry! Ah! Do as you’re told!”

Lin Ran handed the envelope to his grandmother, while unable to hold back his tears.

Grandma reached out and wiped them, smiling.

“You’re all going to be a father, why are you still crying!”

“Huh?”

Lin Ran was stunned at his words, since when was he going to be a father.

Suddenly he remembered what had happened on New Year’s Eve and was a little helpless, but the more he described this, the darker it got, so he simply stopped talking about it.

He then exchanged a few more pleasantries with his grandmother, followed by getting up and going back to his room.

But just as he reached the courtyard, Su Rou poked her head out and shouted.

“Come here, I’ve brought some specialties back for you to see if it’s enough!”

“Ao.”

Lin Ran had no choice but to take the parcel and walk over.

“What’s this?”

As soon as she entered, Su Rou was first attracted by the parcel in Lin Ran’s hand and immediately took it over.

“It’s a gift from grandma, I don’t know what it is!”

Lin Ran said.

Su Rou couldn’t help but be curious when she heard this, and immediately opened it up, Lin Ran wanted to stop but it was already too late, however when the two saw what was inside, they were both confused at once.

Even Lin Ran scratched his head in embarrassment and said.

“Grandma probably wants to hold her grandchildren too much, the old man’s feelings are understandable, understandable!”

It turned out that the parcels were actually all children’s clothes, and there were even a few pieces that could clearly be seen to have been sewn by hand recently.

Chapter 425

“Let’s take this dress back with us, and wear it in the future when you have children!”

Su Rou’s cheeks were red, but she wasn’t angry at all, instead she looked very happy.

“Er Wouldn’t it be a bit strange to bring back a child’s clothes?”

Lin Ran said awkwardly.

“What’s strange, we just need to know we’re innocent ourselves, I’ll go talk to Song Nuan’s side personally later, don’t worry!”

Su Rou laughed.

“Alright!”

Lin Ran saw this and could only nod helplessly.

On the night of New Year’s Eve, the two of them did sleep, but only in the same bed, as for the rest, Lin Ran could guarantee with his life that nothing really happened.

The two of them were drunk, even if they wanted to have something, it was impossible.

.....

The night went on without a word.

The next morning, the three of them got up early, packed up their things and waited to leave.

The time together is always short, and the time apart is always a time to stare at each other.

Grandma didn’t say much, but there was sadness on her face and happiness in her eyes, and she was honestly happy to see that Lin Ran was now settled in Tanjiang City.

For children in the mountains, which parent does not want to get out of the mountains and live in better conditions, they do not want their children to earn much money, but to be safe and happy, that is enough.

The three eventually left, the car at the foot of the mountain can do, so the three decided to walk down, while can let the time of separation go a little slower, but also a good way to let Lin Ran in a look at their hometown, after all, the next time to come back and do not know how long after.

.....

At the foot of the mountain, the stone road.

“Oil I’ve already brought the man, if you want to kill him or not, you can punch him, I’m innocent!”

Bai Cai looked at the young man in a suit in front of him and said busily, his face full of panic, because at this moment his whole person was hanging above the deep ditch next to the road.

As soon as Mr. Oil let go of his hand, he would have to fall down, and I’m afraid he would be crippled if not killed.

Mr. Oil, a notoriously ruthless man in town, is a loan shark all year round, but he is not too black-hearted, as long as he can pay you back regularly, he won’t bother you.

But if you can’t pay him back, he won’t be polite.

“Brother Bai, I’ve been with you for a long time, so you’re just going to sell me out? You’re not afraid of the others getting cold feet!”

Big Dragon looked at Bai Cai, his face had anger as well as sadness.

“Follow me? Did you borrow money from loan sharks? When you were dealing with that kid from your village, you didn’t even dare to say a word!”

Bai Cai scolded angrily at his words.

“You didn’t want me to borrow money from loan sharks!”

Da Long was so angry that his face turned blue and his teeth clenched.

When Bai Cai was short of money because of an incident, he was forced to take up the loan shark, and later the two of them were in jail together.

He had thought that after all these years, the moneylenders had forgotten about him, but he had never expected that they would come looking for him just after the New Year.

“Cut the fucking crap! If you have nothing to do with this, then get lost!”

Chief Oil was a little impatient and threw Bai Cai aside with a flip of his palm, before turning to look at Big Dragon.

“Brother Bai!”

He was really a bit upset, as a pony, he had borrowed money from loan sharks for your big brother, but now that something had happened, he was actually abandoned like this, I’m afraid no one would feel too good in his heart.

“Don’t fucking call me brother, I don’t have you as a brother, don’t drag me down when you die!”

Bai Cai cursed, and then ran off with two or three of his men to find a remote place to watch the action.

Mr. Oil had a long, shiny face and a big back, and his hair was shiny and shiny, so he really deserved his name.

And at this time beside him, seven or eight bodyguards in suits surrounded in a semicircle, blocking the big dragon directly in front of the deep ditch, there was nowhere to run.

“Oil The first thing you can do is to give me a few days to get the money together.

The big dragon looked at the oil chief busy said, at this point in time does not speak, I am afraid that waiting for him will only be thrown down.

“Two hundred thousand? Do you know how much you fucking owe me now?”

The oil chief sniffed and turned up the sleeves of his suit while sneering.

“How How much money!”

Big Dragon couldn’t help but gulp, the other party was clearly ready to make a move with this move.

“Laozi initially lent you is two hundred thousand, these years interest rolled down, the back has more than know how many zeroes, Laozi see you also have no ability to pay back, so today you better prepare to rest in peace!”

As he said this, Mr. Oil was already walking towards Big Dragon, and the others were also walking towards him, the circle was getting smaller and smaller.

When Big Dragon saw this, he was also anxious and said.

“Chief Oil, don’t! Don’t, how much did you say, I, Big Dragon, will pay it back, I will pay it back!”

“O?”

The Chief Oil smiled at this and thought for a moment and said.

“Fine, then it’s a cut, add two zeros, can you pay it back?”

“Add two zeros?”

Big Dragon smiled and hurriedly did the math, and his whole body was suddenly confused.

“Twenty million, Mr. Oil, you’d have to kill me, but I don’t have that much, how about three hundred thousand, can you let me go if I pay you back three hundred thousand?”

“Three hundred thousand? Do you think I’m a beggar? Damn it! Throw me down!”

When he heard that, Mr. Oil was furious and greeted his men, who surrounded him and picked him up and walked towards the deep ditch.

“Chief Oil! Chief Oil spare my life, Brother Bai save my life ah ah!”

Big Dragon remembered that his eyes were red, the deep ditch was full of rocks and shrubs, if he fell down, I was afraid he would really die.

“Stupid bastard! You deserve to die!”

On the side, Bai Cai looked on and could not help but sneer, the money was indeed borrowed for him in the first place, but to repay the debt for Dalong? How could that be, he didn’t even have enough to spend himself.

“You’re really something!”

Suddenly, just as Bai Cai was feeling smug in his heart, a voice was fiercely ringing in his ears, instantly scaring Bai Cai.

“Who the hell is looking for pain”

Bai Cai cursed and turned around to make a move, but after turning around and seeing the person behind him, he was instantly wilted.

“Ran Brother Ran, what brings you here!”

“What do you think?”

Lin Ran glanced at him before taking out the mobile phone in the latter’s pocket with one hand.

“I’m borrowing your phone!”

Lin Ran said indifferently, followed by a flip of his hand, and immediately the phone flew out with a whoosh, and then cut through a beautiful parabola, and smashed into the hands of the oil chief with a bang.

The distance was more than ten metres, so the phone hit the Chief Oiler's palm, and the Dragon, who had already reached the edge of the deep ditch, immediately fell to the ground with a bang, and almost fell down.

"Who! How dare you ruin my life, you want to die!"

Seeing the phone hitting the ground, Chief Oil was furious and immediately turned his head to look at Bai Cai, he was the only one present here apart from his own group of people, it couldn't have been Big Dragon himself who did it.

As soon as he turned his head, he saw that three more people had appeared standing beside Bai Cai, the oil chief's face immediately sank and he chided in a cold voice.

"Did you guys lose the phone?"

"I lost it, that man is my classmate, talk to me if you have anything to do with it, don't make it difficult for him!"

Lin Ran looked at Chief Oil and said indifferently, while already walking towards the other party together with Wang Yifeng Su Rou.

Chapter 426

"Classmates?"

Chief Oil's gaze glanced at the three of Lin Ran for a moment, and finally couldn't help but fall on Su Rou.

This nee-san was from a dance school after all, her figure and posture absolutely killed ninety-nine percent of beautiful women, and at this moment, standing in a group of men, she was simply the focal point that the stars did not need to set off.

"Beauty, he is also your classmate?"

Chief Oil looked at Su Rou with greed in his eyes, compared to the former, Lin Ran was obviously automatically ignored by him.

"No!"

Su Rou blandly returned, while giving Chief Oil a disgusted glance.

Although the man in front of her was dressed like a human, the tendency of his eyes to view himself made her feel sick, and the way the latter viewed himself when he first met with Big Dragon was practically a smudge.

"O, that's good, is the beauty free, I'll treat you to tea later?"

Chief Oil laughed, not even mentioning what had just happened, which made both Bai Cai and Big Dragon on the side look a little dumbfounded, dare I say this Chief Oil was a perverted stick like the two of them!

I just don't know, what will happen to him, after all, before the two of them had also played the idea of Su Rou, but the result was

"Oil powder head, want to drink tea ah, please fat master me ah, fat master I love to drink tea!"

On the side, Wang Yifeng saw the situation and laughed, in these days in Linjiawan, he had long been suffocated, so he could not afford to encounter a group of things that did not open their eyes, so naturally he had to venture out and move his muscles.

"Where's the fat pig, you have a fucking part in my speech!"

When he was interrupted by Wang Yifeng, the oil chief was obviously very upset and cursed out with his mouth open.

Wang Yifeng was not an easy man, and without saying a word, he lunged towards Chief Oil with a single arrow step.

"Watch out, Chief Oil!"

Beside him, his men, who had been on the alert for a long time, saw this and directly met Wang Yifeng.

But Wang Yifeng was not a fighter, he had practised his skills in fighting with evil spirits, and these seemingly practised bodyguards were thrown out by him in one blow, and he could not get up for a long time.

"Hmm?"

Seeing this, Chief Oil not only frowned slightly, but three more bodyguards followed beside him to meet him.

This time Wang Yifeng was finally tangled up and couldn't make a single move, but this guy was also ruthless enough to beat the three bodyguards, but no one could do anything to anyone.

"I didn't see that, brother, you can fight, why do you want to mind your own business?"

Mr. Oil turned to look at Lin Ran, having seen Wang Yifeng's fighting skills, at this moment he did not dare to be arrogant, one man was so capable of fighting, if Lin Ran was also so capable of fighting, there was no telling what would happen today.

"That's right, tell me, how did this friend of mine offend you!"

Lin Ran said indifferently, while glancing at the distant Big Dragon, who would understand although somewhat reluctantly, but still bowed his head and walked over.

To be honest, at this moment, he had a very bad feeling in his heart, he had never thought that at the most desperate moment when he was even ready to give up resistance, the one who appeared to save him would actually be Lin Ran.

“Scum!”

Big Dragon turned his head to look at Bai Cai next to him and couldn't help but curse.

Bai Cai saw this but did not dare to talk nonsense, at this moment Lin Ran and the oil chief were not something he could mess with, and did not dare to speak only pretend not to hear.

“It's very simple, your friend owes me 20 million, if you help pay it back, it's okay, if you can't, see this road?”

Mr. Oil said and pointed to the gravel road next to him and sneered.

“Then get the hell out of here before it's too late!”

After saying that, Chief Oil seemed to have an afterthought prepared, and immediately turned his head to look at Su Rou and laughed.

“Of course, if this young lady is willing to double light and have a candlelight dinner with me, I can pretend this didn't happen!”

“You're dreaming!”

Su Rou glared at Chief Oil and said in an icy voice, the disgust in her eyes for the latter overflowing.

Lin Ran didn't get angry when he saw this and turned to look at Big Dragon and asked.

“How much money do you owe him?”

Twenty million was not realistic at all, what kind of virtue was Big Dragon, he didn't believe that this well-dressed youth in front of him would be blind enough to lend him twenty million, so he simply didn't ask if it was true.

“Two Two hundred thousand, it was picked up a few years ago, it's a loan shark, so”

Big Dragon's face was blue and he stammered.

“Hmm.”

Lin Ran nodded at his words, and then turned to look at the oil chief.

“Pay back the money or take the woman in exchange, you choose one!”

Chief Oil looked at Lin Ran and sneered.

According to his character in the past, hearing this Lin Ran would definitely make a move without saying a word, but this time at home, he had experienced the death of the old eighth master and the short separation from his grandmother, which had caused some changes in his state of mind, and it really wasn't far to get angry over such a matter, it was too unworthy.

Mouth to take advantage of, after all, is only false, if the other party really hands, then he will definitely not be ambiguous.

“Chief Oil, give me face, this 200,000, I'll pay it for him, this matter ends here, how about that?”

Lin Ran looked at Chief Oil and said blandly.

“Ranzi, you’re crazy, paying 200,000 for him?”

On the side, Su Rou was astonished to hear this, Da Long what kind of person Lin Ran knew better than her, but at this time he was actually willing to pay 200,000 for him, this was simply a matter of a meat bag hitting a dog going without turning back.

“What did you say?”

Chief Oil’s face didn’t change when he heard the words, but his eyes revealed a killing intent.

“Two hundred thousand, I’ll pay for him!”

Lin Ran looked at Chief Oil and said blandly.

“You say that again?”

Chief Oil’s eyes narrowed slightly and his palm had touched a dagger at his waist, the sharp cold light flashed across the eyes of the crowd, and the atmosphere immediately became frosty.

“Lin Ran!”

Seeing this, Su Rou was busy pulling Lin Ran’s arm, fearing that he might have an accident.

Lin Ran had actually confronted the oil chief for him, which made his face feel hot and hot, and at the same time a trace of guilt arose in his heart.

He had treated him like that before, but people

“It’s alright.”

Lin Ran gently pushed Su Rou’s palm away, and then looked at Chief Oil with an expressionless face and said.

“I said, two hundred thousand I”

“Fuck you!”

Before Lin Ran finished his sentence, Chief Oil drew out his dagger and slashed towards Lin Ran’s face, cursing under his breath.

“Lin Ran!”

“Lin Ran!”

Seeing this scene, Su Rou and Da Long exclaimed out in shock almost simultaneously.

However, their cries of alarm came to an abrupt end as they saw the dagger in the hands of the Oil Chief in front of them go “weng” and then spin and fly backwards.

At the same time, Lin Ran’s palm was already around Chief Oil’s neck.

“I’ll ask again, how much does my friend owe you!”

Lin Ran's expression remained unchanged as he looked at the Chief Oiler and asked blandly.

"You're fucking looking for death!"

Chief Oil looked at Lin Ran with anger in his eyes and cursed.

At the side, a few bodyguards who had regained their senses at this moment pounced on him, but the four or five bodyguards couldn't even get close to Lin Ran, who kicked him backwards with one kick.

"Pah!"

After finishing the few bodyguards, Lin Ran raised his hand and directly gave Chief Oil a slap, and then asked blandly.

"How much money is owed to you?"

"You!"

Chief Oil's eyes glared round at this point, he didn't expect that of the three people in front of him, the most capable fighter was actually not that dead fatty, but this unattractive youth in front of him.

"Pah!"

Lin Ran didn't say anything and followed with another slap, then asked with a light dye.

"How much money do you owe?"

"Twenty million!"

Chief Oil's face was on fire as he said angrily.

"Slap!"

However, he was greeted with another slap from Lin Ran.

"How much did you say?"

"I Two hundred thousand!"

Finally, the sharp pain on his cheek made Chief Oil concede that he was afraid that if he kept hitting himself this face would be completely disfigured.

Chapter 427

"Well, you heard me clearly this time!"

Lin Ran nodded in satisfaction, followed by taking out a bank card and stuffing it into Chief Oil's breast pocket.

"The card contains exactly 200,000, remember what you said and also remember my words, if you come to trouble my friend again, what happened to Fatty will be what happens to you!"

Lin Ran said indifferently, following which he let go of his hand.

"Fatty?"

Chief Oil was first stunned at his words, and then immediately revealed a surprised look as he looked at Lin Ran and stammered.

“You You’re the one who beat Brother Fatty up like that?”

“Why do you know me?”

Lin Ran smiled at this and asked in return.

The Chief Oiler’s heart was already set off by shocking waves, the town was only so small in total, one was a loan shark and the other ran a company, how could they not know each other.

The matter of Fat Brother a year ago was worn in the circle of boisterous, but this guy did a good job of secrecy, no one has been able to know who in the end can be the unbeatable Fat Brother are afraid, did not think they actually came across today.

“No It’s okay, I’m leaving, I’m leaving!”

The oil chief was as scared as dirt and immediately greeted him and left as if he had fled with his men.

Wang Yifeng hadn’t had a good fight yet, and when he saw that people actually ran away, he was very upset and said.

“Ranzi, you couldn’t have waited any longer, I could have taken down all three of them!”

“You’re too slow, I’m afraid it’ll be dark by the time you’re done, and we won’t have to leave!”

On the other side, Su Rou laughed at the situation.

“Besides, you only have eyes for your brother Lin Ran now, I won’t fight with you!”

Wang Yifeng was so angry that he didn’t bother to say more, and immediately ran to carry the luggage that had been thrown aside.

Lin Ran looked at the two and laughed, shaking his head helplessly, before looking at Bai Cai who was on the side and asking.

“You’re not leaving, do you want me to pay for your phone?”

“Huh?”

Bai Cai was first stunned at his words, followed by a quick wave of his hand and said busily.

“I don’t dare, I don’t dare, I’ll leave now, I’ll leave now!”

Saying that, he also hurriedly led his men and left the place as if fleeing.

At once, only the three of them, Lin Ran and Big Dragon, were left on the originally lively stone path.

“Thanks Thank you!”

Big Dragon was full of embarrassment and didn’t know what to say, he really didn’t expect today to end up like this, the person he had previously targeted was the one who had saved him at this moment, and had even taken out 200,000.

“The money I will find a way to pay you back later!”

Big Dragon’s palms clenched into fists and said solemnly.

Although he was mixed, he was also mixed with backbone and righteousness, otherwise he would not have run to borrow loan sharks for the sake of white wealth back then.

But then again, he was indeed a bastard.

But in Lin Ran’s eyes, he was a double-edged sword, hurting the enemy or hurting your friends depending on how you use it, which was one of the reasons he would step in to help the latter.

“Pay back the money? What are you going to pay back? By fighting? If I haven’t noticed, it seems that Bai Cai has already disowned you as his little brother!”

Lin Ran said indifferently.

“You!”

Big Dragon’s face turned blue at his words, his teeth clenched, but what Lin Ran said was the truth, and he was powerless to refute it.

“If you’re here to mock me, then you might as well just kill me, 200,000 I might be able to afford to pay back by working for you for the rest of my life, but I won’t do that!”

Big Dragon was also getting angry and said directly with harsh words.

“Hey! You kid, you’ve been kicked in the head by a donkey, have you ever seen anyone spend two hundred thousand dollars just to mock a person? Just because you’re stupid doesn’t mean that others are stupid too!”

On the side, Wang Yifeng couldn’t bear to look at it anymore and opened his mouth to scold.

“Then what the hell do you guys want!”

Big Dragon’s face was cloudy at his words, Wang Yifei had a point, as far as he was concerned he was afraid that Lin Ran didn’t have to spend any money at all, mocking 200,000 was too costly, but he really couldn’t understand why Lin Ran would want to help himself.

“All right, I’m in a hurry, there’s one thing to say!”

Lin Ran looked at his watch and saw that the car was almost here, so he said at once.

“I’m helping you, but there are conditions! One, this money counts as your loan to me, there is money to be returned in the future!”

“Secondly, you have seen clearly what kind of person Bai Cai is, whether you continue to be a member of society or go back to your village and live a good life, you can decide for yourself, but there is one thing if you continue to be a member of society, there will be no one to help you next time!”

Said here, Lin Ran turned to look at the big mountain behind him, seemingly talking to himself seemingly speaking to Dalong, said.

“Linjiawan is not my hometown alone, it’s everyone’s hometown, once the key poverty alleviation starts after the New Year, Linjiawan is bound to get rid of poverty, there will be a new world, if you decide to live a good life, then go back and be a good person, Linjiawan never rejects a family member of its own!”

“If you still don’t want to make progress, then I’ll just throw this money to the dogs, whether you die or live in the future has nothing to do with me, Lin Ran, and even more so with the whole Lin Family Bay, so you can choose for yourself!”

“That’s all I have to say, so behave yourself!”

After saying that, Lin Ran greeted, and immediately led Wang Yifeng and Su Rou towards the bus that was already coming.

“I

Looking at the back of Lin Ran’s trio leaving, Da Long was silent for a long time, opening his mouth to say something, but in the end, he didn’t say anything.

A moment later, watching the bus drive away from him, he only opened his mouth to say.

“Thank you!”

.....

“Is it really worth it for you to spend two hundred thousand to help him?”

On the bus, Su Rou looked at Lin Ran differently, she really couldn’t figure out what the point of spending two hundred thousand for such a person was.

“It should be worth it, this incident has hit him hard, if spending two hundred thousand dollars can save a person, I think it’s worth it!”

Lin Ran said calmly, then glanced back at the big mountain of Linjiawan that was already almost out of sight and said to himself.

“Besides, Lin Jia Wan really needs someone to guard it while I’m away!”

“Him? It’s good that he’s not wreaking havoc on the villagers just like that!”

Wang Yifeng sniffed in disbelief.

“Fatty, you’re wrong! People can become, maybe this time he’ll change his ways too!”

Lin Ran laughed, then when he saw that Wang Yifeng was about to say something else, he simply waved his hand and said.

“Alright, it’s over, let’s not mention it, let’s think about what we’re going to eat tonight, it’s the first day of work, we still need to treat ourselves!”

As soon as he talked about food, Wang Yifeng came to life, what with the big dragon being directly behind him, he said with a busy smile.

“Hey hey, how about going to that hot pot restaurant last time, that taste is just about to kill Fat Master me!”

“Ding Ding Ding!”

Just when Su Rou was about to make a comment, suddenly her mobile phone was ringing, picking it up and looking at it not only her face was stunned.

“What’s wrong?”

Lin Ran asked when he saw this, and at the same time, his remaining light glanced at it, and only then did he realize that the call was actually from Su Rou’s father.

Wang Yifeng saw that Lin Ran had stopped talking and also had the good sense not to say anything, and both of them were quiet.

“Hey, what’s Dad looking for me?”

Su Rou picked up the phone and asked with a slightly sad voice!

Yet a moment later, when she hung up the phone, there was a small excitement on her face that was hard to conceal.

“My dad told me to come home!”

Su Rou looked at Lin Ran and said excitedly, a layer of water misting up in her eyes, clearly very happy.

“Well, then go back, school starts late, you still have nearly half a month to reunite with your family!”

Lin Ran smiled at his words, but his heart was vaguely a little uneasy.

He was not allowed to go back for the New Year, but after the New Year, he suddenly came to the phone, how can he think about this matter is a bit strange.

Although his heart was troubled, Lin Ran’s mouth still smiled and said.

“When we arrive in Tanjiang City, you can buy a ticket directly to go home, wish you have a good time back home!”

Chapter 428

Since receiving the phone call, Su Rou’s whole mood was obviously much happier, which made Lin Ran couldn’t help but feel happy for her, to receive a phone call from her family, no matter who was looking at it I’m afraid they were all very happy.

The car drove all the way and finally arrived at the bus station in Tanjiang City at noon. Since today was the first day of business after the New Year, plus Song Nuan and Luo Qiqi were still busy with their respective family matters.

So no one came to pick them up, and the three of them didn’t care about this. After arriving at the station, Su Rou handed her luggage to Lin Ran and the two of them to help her take it back, and then she bought her own ticket and left by high-speed train.

“Let’s go too!”

As he watched Su Rou leave, Lin Ran sighed and immediately stopped a car with Wang Yifeng and returned directly to his residence.

There was a lot of luggage, and only after they had put it all home did Lin Ran and the two of them take the car again and rush to the clinic.

At the entrance of the clinic, on the first day of the New Year, there were quite a few people queuing up to buy medicine.

But at that moment, a young man came out of the clinic. There was a long queue at the entrance, so he pushed his way out and staggered an old man in the queue, who immediately sat on the ground.

Seeing that he had bumped into someone, the youth not only did not come forward to help, but instead he listened down to his feet and said gloomily.

“Old man, get up if you’re alright, why are you pretending to be lying on the ground? Want to blackmail me for money?”

After saying that, the youth actually tidied up his neat suit and followed, ready to leave.

This scene just happened to be seen by Lin Ran, immediately an arrow step rushed to the end of the old man’s body, after a slight check to see that there is no serious injury, then breathed a sigh of relief, at the same time rushed behind him and shouted.

“Stand still!”

“Hm?”

The young man in the suit turned his head at the sound of his voice and saw that Lin Ran was all dressed in cheap goods, a hint of disdain surfaced on his face.

“Kid, you’re talking to me?”

The young man in the suit sneered.

“Nonsense, if I’m not talking to you, is it to him?”

Suddenly, another voice came from the side, none other than Wang Yifeng’s.

The young man in the suit frowned slightly at his words, followed by looking over, and then actually found that this guy was actually referring to a dog next to him.

“You called me a dog?”

The young man in the suit’s face instantly turned ugly, his fists clenched.

“You’re not stupid, but I didn’t call you or a dog, calling you a dog I’m afraid the dog is aggrieved!”

Wang Yifeng said in a serious manner, and the puppy next to him seemed to be cooperating with him, as it barked twice and then “poof” a bubble of dog shit was pulled behind the young man in the suit, steaming hot.

“You!”

The young man in the suit was furious at the sight of this, and immediately cursed.

“Damn fatty, do you know who the fuck I am? I’m the one who runs the company around here!”

“Is it a big deal to run a company? You can’t apologise for bumping into someone? Instead, you slander people as blackmailing you for money?”

Lin Ran opened his mouth and said indifferently, his voice was not loud, but his words were well-spoken, while he had already helped the old man up and handed him over to Li Zheng who came out from inside to check the situation.

“The clothes on your body don’t add up to a hundred dollars, I’m afraid, so you’re a gang out to commit a crime?”

The young man in the suit sneered, in his eyes people like Lin Ran and Wang Yifeng were simply the lowest level of society, not even worthy to carry his shoes, it was already very dignified to talk to them here today.

“To commit a crime? Do you know what you are in my eyes?”

Lin Ran couldn’t help but laugh at his words, following which he pointed at the still-hot pile of dog shit behind the youth and laughed.

“Just a piece of shit, just like it!”

“You’re fucking looking for excitement, aren’t you!”

The young man in the suit was instantly furious at his words, and without saying a word, he raised his hand and punched Lin Ran right in the head.

As soon as his fist was raised, this guy kicked the youth directly in the stomach, instantly sending him sprawling to the ground.

I don’t know if this guy did it on purpose, or if it was really just a coincidence, this lying down, suddenly the suit youth chicken pressed on the dog shit, hands are even covered with hot dog shit, disgusting he almost did not vomit out.

“You You! You fuck!”

This made the young man in the suit so angry that his teeth were practically bared, he was already used to yelling at others, where had he ever tasted being lectured by others, immediately he got up from the ground in fear and lunged at the two Lin Ran again.

At this moment, the crowd in the queue around him exploded, all afraid that the shit would splash on them, and they all ran away in all directions.

In the rush, I don’t know who was holding a stone bead, which should have been used for playing, and it fell directly on the ground and rolled under the youth’s feet.

When the young man stepped on it, he lost his balance and fell to the ground with a thud.

The fall was so hard that half of his teeth were shattered and blood flowed out directly from them.

However, what was even more disconcerting was that in his haste, this guy had rubbed himself on dog shit, rubbing it all over his face at once, which was as disgusting as it could be.

“I originally thought you had a stinky mouth, but I didn’t think you actually ate shit, no wonder no wonder!”

Watching this scene, Lin Ran laughed and shook his head, while Wang Yifeng at the side had already laughed so hard that he immediately took out his mobile phone and filmed it.

This was the first time he had seen the same person who had been in close contact with hot shit twice in a short period of time, this was simply too much of a connection with shit.

Lin Ran laughed and shook his head, followed by taking two steps forward and looked at the youth and laughed.

“My name is Lin Ran, I run this clinic, feel free to come and find me if you don’t like it, but you also have to remember that you have to apologize for bumping into someone, otherwise this is what will happen to you!”

After saying that, Lin Ran turned around and entered the clinic.

Wang Yifeng, on the other hand, hadn’t had enough fun and was still holding his mobile phone at the door to film this guy, while still laughing as he did so.

“Don’t you move, when I take a good shot and post it on the internet, maybe you’ll be on fire today!”

“You!”

The youth was furious and hurriedly got up from the ground, followed by turning around and running, this was too humiliating.

As for revenge, from the moment he heard Lin Ran’s words, he had already dismissed the idea, that one of the residents in this neighborhood didn’t know that this clinic was run by Lin Ran, and now in the entire Temperance City, there might not be one out of ten people who didn’t know the name of Little God Doctor.

The only thing is that many people have never met Lin Ran, so they don’t know what the famous Little God Doctor really looks like.

Unless he really had his head kicked by a donkey, he would come back for revenge.

After he arrived at the clinic, he saw Li Zheng and the others, who were examining the old man’s body, but he did not see Qin Bing, which made him feel a bit surprised.

“Li Zheng, where is Qin Bing?”

With a thought in his mind, Lin Ran asked.

Li Zheng smiled at his words and said.

“Sister Bing was here this morning, but she went out after receiving a phone call at noon, and hasn’t come over yet!”

“Hmm!”

Lin Ran nodded at his words and followed up by asking.

“How is the old man’s health?”

Li Zheng smiled and scratched his head a little awkwardly as he said.

“Old master said he had a headache, but I’ve checked around here, but I can’t find anything wrong anywhere!”

Chapter 429

“I’ll take a look!”

Lin Ran couldn’t help but be curious at his words and said with a smile.

“Little divine Doctor, why don’t we find a quiet place to look? I’m a bit uncomfortable with the crowds here old man!”

The old man laughed at this.

“Hey, this old man is quite sophisticated!”

On the side, Wang Yifeng could not help but laugh at his words.

Lin Ran didn’t think much of it, smiled and nodded, and immediately went up to the first floor with the old man, while Wang Yifeng sat on the sofa on the ground floor to rest, and had the good sense not to follow.

.....

“Grandpa, are there any other discomforts besides the headache?”

When he reached the first floor, Lin Ran asked directly, while taking the old man’s hand over and taking his pulse.

“There’s no discomfort either, just one thing that’s puzzling, old man I’m so old and I still have inexhaustible energy every day, I don’t know why!”

The old man looked at Lin Ran and smiled heatedly.

Lin Ran was stunned at his words, and his eyes couldn’t help but look at the other party before noticing that there was something different about the old man.

He looked at least sixty to seventy years old, and his hair was white in places, but his entire energy was very good, and even when Lin Ran pressed his palm on the other party’s pulse, he could clearly feel that the pulse was beating strongly.

“Grandpa, wait for me to take a look!”

Lin Ran felt something strange, and immediately a strand of true qi invaded the other party's body along his nails, but what he didn't expect was this.

No sooner had he invaded the other party's body than an equally weak aura directly met him, instantly scattering Lin Ran's true qi.

Lin Ran hurriedly withdrew his palm, while the way he viewed the other party had changed.

"Who are you?"

Lin Ran jerked up and looked at the old man in front of him warily, at this point in his eyes this was no longer a weak old man, instead, it was an opponent that even he was wary of.

"Little fellow, don't be nervous!"

The old man waved his hand and laughed.

"Who are you?"

Lin Ran didn't move, still gazing warily at the other party.

"My name is Qin Jie, you can also call me Jie Lao!"

The old man laughed, before pouring himself a cup of tea and taking a light sip.

"Sage? I haven't heard of you at all!"

Lin Ran asked with a frown, the other party also had true qi in his body, so according to his current understanding he must also be a Feng Shui practitioner, but there were only a few people he knew in Feng Shui besides Wang Yifeng.

"Could it be someone from the Compulsion Pavilion?"

Lin Ran speculated in his mind, the only feng shui forces that he had crossed paths with were the Compulsion Pavilion's Long Tian and Long Yue, and the sudden appearance of this Sage in front of him made him think in that direction.

"It's normal that you haven't heard of me, it's not surprising that the feng shui path is very much out of fashion in the backwater of Tanjiang City!"

Sage laughed, then put his teacup down and followed.

"I came to see you today, in fact, I was also entrusted by someone to see how your character was, and when I saw you today I was really a young hero, good at hiding your heart!"

"Senior, please say what you have to say!"

Lin Ran frowned, unable to figure out the other party's background, which made his hanging heart not let go.

"Haha, little fellow you're too nervous, I'm not from the Compulsion Pavilion!"

The old man laughed at this.

Lin Ran's brow furrowed even more when he heard this, the other party's words implied too much.

He wasn't from the Compulsion Pavilion, yet he seemed to know about his feud with the Compulsion Pavilion, could it be that other Feng Shui forces had already started to notice him?

"Alright, I won't tease you anymore, one of the reasons I came to see you this time is to see how you are, which I am satisfied with, and the other is to deliver a message!"

The old man said, taking out a card from his pocket, on which was the address of a tea house.

"What does that mean?"

Lin Ran frowned as he looked at it and couldn't help but ask.

"Qin Bing is here, but you'll have to go there yourself, otherwise I'm afraid she'll have to leave Temperance City!"

Sage said with a smile.

"Qin Bing!"

Lin Ran's eyes chilled as he smiled and asked in a cold voice.

"What have you done to her?"

"Don't be nervous, I've told you that you're too nervous, this has nothing to do with old me, as said I'm just here to pass on a message, you'll know exactly what's going on when you arrive!"

Sage laughed, then got up and was about to leave, but before he left was laughing.

"Before leaving, I'm reminding you, be polite when you get to the place! Also your dharma is too crude."

With that, Sage went down the stairs and then left the clinic.

"Be polite?"

Lin Ran was listening to the clouds, not knowing exactly what the other party meant, but he had just seen the strength of the Jain Elder.

To be able to directly crush his own true qi, this strength was no longer at least below his own.

And his words, "Your Dharma is too shallow", made Lin Ran's heart even more surprised. He didn't know what it was at all.

"Could it be that it means the true qi dharma in my body?"

Lin Ran's heart was suddenly filled with doubts, but he couldn't understand these questions for a while.

"Looks like this trip has to be made!"

Lin Ran said to himself with a frown, following which he went straight downstairs.

"What's wrong? Why has that old man left!"

On the ground floor, seeing Lin Ran come down in a hurry, Wang Yifeng asked curiously, this was too fast to see a doctor, not even ten minutes before and after.

“Cut the crap and come out with me!”

Lin Ran said directly.

Wang Yifeng saw Lin Ran’s gloomy face and knew that something was definitely wrong, so he got up and followed him out without asking any more questions.

“What’s going on?”

When he got into the car, Wang Yifeng couldn’t help but ask.

“I’m not sure, but it has something to do with Qin Bing!”

Lin Ran said gruffly.

When Wang Yifeng heard this, not only did his brow furrow, but his eyes also went cold, as these were the closest people around Lin Ran, it was obvious that Qin Bing had touched his bottom line.

The journey was uneventful, and according to the address given by Sage, Lin Ran soon found this remote tea house and followed the two of them in.

It was said to be a tea house, but in fact it was more like a teahouse, which not only had tea but also served various kinds of food.

Lin Ran and the two of them had just entered the teahouse, followed by the sight of Qin Bing sitting by the window, but what surprised the two of them was that Qin Bing was sitting alone at this moment, with no other people around.

“Let’s go!”

Lin Ran greeted, and the two of them immediately walked towards Qin Bing.

However, just as they were about to reach Qin Bing’s position, suddenly a young man with his head lowered reached out his hand at a table near the corridor and grabbed Lin Ran’s wrist, while a voice followed.

“You are Lin Ran?”

“Hm?”

Lin Ran and Wang Yifeng’s footsteps gave a start and followed as they both looked at this person, who at that moment also slowly raised his head and stood up at the same time.

The two saw that the young man in front of them was similar in height to Lin Ran, but his face was very handsome and handsome, his hair was very characteristically combed to the side, and he was wearing a white suit, his overall appearance was both stylish and handsome, while also revealing a few stern points.

“Who are you? What’s your relationship with Qin Bing!”

Lin Ran broke away from the other party's arm and asked blandly.

Although it was just a small move, he was able to feel that the other party's palm was strong and stable at the same time, so he should be a practitioner.

Chapter 430

"This sentence, it should be my turn to ask you!"

The youth looked at Lin Ran, his voice calm, unable to tell whether he was happy or angry.

"Lin Ran!"

In the distance, Qin Bing saw this and hurriedly stood up, wanting to come over, however, the youth turned his head and looked at her, and immediately Qin Bing stopped in her tracks, while pursing her lips.

"She works at the clinic you run, right!"

The youth once again looked at Lin Ran and asked.

"Yes."

Lin Ran returned indifferently, he could see that if he wanted to talk to Qin Bing today, it seemed that he had to get past this youth in front of him.

"No who the hell are you, it's your turn to speak here!"

On the side, Wang Yifeng looked a little impatient, Qin Bing was not far away, but the two could not get through, and the former seemed to listen to the youth, which made him very unhappy.

"It's not your turn to speak anyway!"

The youth did not give Wang Yifeng any face at all and disliked him directly with a single sentence.

As soon as Wang Yifeng heard this, he became furious and swung his fist round towards the youth and smashed it directly, while cursing.

"You turtle grandson, you really think you're something!"

"Dry tongue!"

The youth snorted coldly and followed with a fist that similarly met Wang Yifeng's life.

Lin Ran frowned as he watched, but did not intervene, if this guy could not even carry a single punch from Wang Yifeng, then he would not bother with the other party, and would simply choose to ignore it.

"Bang."

The two fists were facing each other, however, the next moment, to Lin Ran's surprise, something happened, Wang Yifeng was actually directly knocked back several steps by a punch, if he wasn't heavy tonnage and still had a pretty good body, I'm afraid this punch would have been enough to shake him off.

On the other hand, the young man stood still, which made Wang Yifeng feel very unhappy, and this was the first time he had suffered a loss in a fight.

“Damn it, he’s a practitioner!”

Wang Yifeng cursed, followed by an arrow step and charged over again, but this time he was stopped by Lin Ran.

“Who the hell are you? What do you want?”

Lin Ran didn’t bother to talk nonsense and asked straight away.

“You’ll find out who I am later, but as for what I want, it’s simple! Take three moves from me and we’ll talk!”

The youth said with a smile, and as the words fell, the wind of his fist closed in and he was already smashing at Lin Ran.

“Eh?”

Seeing this, Lin Ran was quick with his eyes and instantly threw the same punch, colliding directly with his opponent.

“Bang!”

There was a low muffled sound, followed by Lin Ran unconsciously taking a step back, while the youth likewise took a step back, but looking at his face it was obvious that he didn’t respond as easily as Lin Ran did.

“A bit of fun!”

A cold smile appeared on the corners of the youth’s mouth as he took a step forward, and then flew up and kicked Lin Ran in the chest.

This time the other party’s strength was obviously stronger and faster, even Lin Ran couldn’t help but frown at this, such a fast are and force really took him by surprise.

At least it was the first time he had seen someone with such strong strength since he was a child.

“Come on!”

Lin Ran coldly shouted, following which his hands directly crossed in front of his chest and met the kick right towards it.

“Bang!”

A low muffled sound came out, followed by the youth being directly catapulted out of the room, while Lin Ran was no better, taking several steps backwards before finally stopping.

“Not bad, not bad! Finally, a man who can fight! Then let me lend you one last move!”

The young man laughed loudly, and then his body turned violently, his hands joined together and then parted, followed by his right hand raised high, and then a hand slash came towards Lin Ran’s head.

The more powerful the move, the simpler it was, and Lin Ran would not be careless just because his opponent's move was too ordinary.

On the contrary, Lin Ran clearly sensed a threat from his opponent's hand slash and immediately mobilised the true qi within his body.

His palm clenched into a fist and smashed towards his opponent's palm.

One fist and one palm, both seemingly very plain, but the two men knew clearly in their hearts that the other's move should not be underestimated, otherwise they would definitely be the ones to suffer.

However, just as the two were about to collide, suddenly Qin Bing, who was standing at a distance, suddenly spoke up.

"Stop!"

Hearing and voice, Lin Ran and the youth withdrew their hands almost simultaneously, before turning around to look over.

"Have you guys made enough of this!"

Qin Bing shouted as she looked at the two, her eyes already faintly glowing with crystals, as if she was on the verge of tears.

"Kid, so what if you're very capable of fighting, I'd better advise you to go back to wherever you came from, her girl's heart is no longer with you!"

On the side, Wang Yifeng couldn't help but laugh and tease, in his opinion this youth must be Lin Ran's rival who also liked Qin Bing, otherwise there was no need to fight hard with Lin Ran for this ninny.

"You're thinking too much!"

The youth looked at him and laughed blandly.

And at that moment Qin Bing had already run over, she first looked at the two of them and was relieved to see that both of them were unhurt, and then looked at the youth and complained.

"Brother! What the hell do you want!"

"Brother?"

Hearing this address from Qin Bing, Lin Ran and Wang Yifeng at the side were instantly confused, how could they have thought that Qin Bing would actually call this youth in front of him brother, this was too much of a stretch.

"Lin Ran sorry, this is my brother Qin Feng, he insists on meeting you, I can't help it"

Qin Bing said somewhat embarrassed, in fact, in all seriousness, she was already satisfied that Lin Ran could appear here, as for the subsequent fight between Lin Ran and her brother for herself, this had completely exceeded her expectations.

"What's going on?"

Lin Ran looked at Qin Bing and the male youth and asked with a frown.

“Don’t you understand yet? The family must have known that you kid bullied someone’s pearl, so they came looking for you!”

On the side, Wang Yifei teased with a smile, while sitting on a chair with his butt, since it was Qin Bing’s brother, there was no way to talk about this, there was naturally no reason for him to interfere in people’s family affairs.

“Go! Go aside!”

Qin Bing glared at Wang Yifeng, then looked at Lin Ran and explained.

“Actually it’s just that It’s just that my brother he’s not too sure about my safety, so”

“It’s better for me to say it!”

Qin Feng directly interrupted Qin Bing’s words, and then looked at Lin Ran and said.

“Kid, do you know that I really want to beat you up violently!”

“Uh”

Lin Ran was stunned at his words and said as he scratched his head somewhat awkwardly.

“I think this is the first time we’ve met, is there such a big feud?”

“There is! And it’s big, big!”

Qin Feng looked at Lin Ran and nodded heavily, with an unconcealable anger in his eyes as he followed.

“If it wasn’t for you, my sister wouldn’t have been caught by that scum from the Compulsion Pavilion, fortunately she’s fine, if something had happened to her, not to mention the Compulsion Pavilion, even you and I wouldn’t have been spared!”

Lin Ran was visibly stunned at his words, and then his brows furrowed.

“I’m sorry about this matter!”

“But how did you know about it? I don’t think you’re a Feng Shui master!”

Lin Ran frowned and asked rhetorically, only the three of them knew about the matter back then, Qin Bing couldn’t possibly have said it out on her own.

Lin Ran was thinking in his mind when a familiar voice suddenly came from the side.

“This matter is now known to many people!”

With that, Sage actually walked out from the side, a faint smile still tacked onto his face.
