

Wonder Doctor

Chapter 431

“Elder Sage!”

Seeing Sage, Qin Feng bowed respectfully, which caused Lin Ran to frown when he saw it, he was the one who provided the information about Qin Bing being here, only Lin Ran didn't expect this Qin Feng to be so respectful to Sage.

“What exactly do you want by leading me here?”

Lin Ran looked at the two men and asked in a deep voice.

“It's simple, leave my sister and don't even allow yourself to pester her in the future!”

Qin Feng sniffed and looked at Lin Ran and said in a cold voice.

“Brother, he's not pestering me, I'm the one pestering him!”

On the side, Qin Bing said busily.

Qin Feng couldn't help but glare at her at his words, then looked at Lin Ran and said.

“I don't know what kind of enchantment you've put into my sister, but from today onwards she has nothing to do with you, I'll take her away later, and you'd better not be getting your hopes up, you're not good enough for her at all!”

“Brother!”

Qin Bing couldn't help but feel a little anxious as she heard her eyes redden.

“Little sister, do you know how worried your parents were about your safety after what happened last time, why did you have to come to this place when you were fine in the imperial capital, is the imperial capital not good!”

Qin Feng looked at his sister and said in a serious manner.

The two siblings were very close, and when they learned that their sister had been caught by the Compulsion Pavilion, Qin Feng was so anxious that he almost took his men to the Compulsion Pavilion to take revenge.

Fortunately, he was intercepted by the Jain elder and this did not lead to more serious consequences.

However, this incident also sounded a warning bell to the Qin family, and that was why they decided to bring Qin Bing back.

“Brother, the empire is very nice, and so are all of you, but I am already grown up, I have the right to choose my own happiness!”

Qin Bing said busily, she really didn't want to leave Lin Ran.

“Happiness? What happiness can this kid give you? What kind of happiness can he give you? I didn't use my full strength just now, otherwise you think he would still be standing here talking to me?”

Qin Feng said disdainfully.

Lin Ran not only frowned at his words, however, the Sage at the side patted Qin Feng and laughed.

“Kid, you’re talking too full of yourself, I just went to talk to this kid, and he’s also deep in hiding!”

“Elder Sage, you think too highly of him!”

Qin Feng laughed coldly as he smiled nonchalantly at his words.

“Even if he’s not bad as a person, so what, our Qin family is simply not an existence that he can imagine, even if I agree, my parents will definitely not agree!”

With that, Qin Feng turned to look at Lin Ran, with disdain in his eyes.

“Kid, I advise you to be smart and get lost yourself, or you will die a miserable death!”

Lin Ran frowned at his words, but did not answer, which made Qin Feng extremely proud.

“See? This is the man you chose, and it’s nothing more than that!”

Qin Feng laughed smugly.

However, just as his words fell, Lin Ran spoke up, but not at him, instead he looked at Qin Bing and spoke.

“What about you? Do you want to leave?”

“I don’t want to go!”

Seeing Lin Ran looking at himself, Qin Bing didn’t hesitate in the slightest and followed.

“I don’t want to leave you!”

“Don’t be silly, don’t think that I don’t know because I’m not in Temperance City, this kid has at least three or four women around him, why are you doing this!”

Qin Feng was busy saying, he really didn’t want to look at his sister and waste all his youth on this man in front of him, in his opinion, Lin Ran was a proper slag.

“He is a scum, can’t you see that?”

Qin Feng said with bitter persuasion.

“He’s not a slag!”

Qin Bing shook her head in defence.

“You!”

Qin Feng looked at his sister like this, his heart was incomparably painful, suddenly his eyes chilled and he said in a cold voice.

“Fine! Since you like him so much, then I’ll beat him into a disability, I’ll see if you’ll marry a disability!”

Saying this Qin Feng fiercely turned around and rushed at Lin Ran.

“Take my third move!”

“Brother!”

Seeing this, Qin Bing was so anxious that she was about to rush up at once, however, she was stopped by the Sage on the side.

The Jain shook his head at her, which made Qin Bing’s heart very desperate, almost no one in the Qin family dared to disobey the Jain, not even the current head of the Qin family, Qin Bing’s father.

“Ranzi!”

On the side, Wang Yifeng saw this and hurriedly chided.

“It’s alright!”

Lin Ran casually returned, followed by his palms clenching into fists, following which he met him.

Qin Feng’s hands were separated and a hand slash went straight for Lin Ran’s head, so fast that it caused a cracking sound to be heard around him.

But Lin Ran was not afraid at all, and his fist went back to clash directly with it.

“Bang!”

There was a muffled sound, and Lin Ran took a few steps back before he stopped himself, but at this moment, he was extremely surprised.

In order to deal with Qin Feng’s move, he had even used his true qi, but unexpectedly, he was still knocked back a few steps by his opponent.

His strongest move, coupled with his strongest outburst, had only knocked Lin Ran back a few steps, while he himself had flown backwards.

This made him feel extremely stifled in his heart, and as the leader of the Qin Family’s younger generation, this was something that he could not accept.

“You seek death!”

Qin Feng roared in anger and followed, ready to kill again, however, he was stopped by the Sage on the side.

“Stop it! You are no match for him!”

The Sage looked at Qin Feng and said.

“Sage, how is this possible! How can he”

Qin Feng was very reluctant and wanted to retort, however, a chill in the Jain Elder’s eyes immediately scared him into not daring to say another half-assed word.

“What? You can’t beat me and you still don’t admit it? You have a thick skin, if it wasn’t for the fact that you are Qin Bing’s brother, Master Fatty I would have offered a killing weapon to chop you up!”

On the side, Wang Yifeng lost no time in mocking, having just suffered a defeat himself, which made him feel very unhappy in his heart.

“Defeated underling!”

Qin Feng glanced at Wang Yifeng and couldn’t help but mock.

“You’re also a defeated underling, so who are you to mock others!”

Lin Ran said indifferently, but his eyes turned to look at the Sage at the side.

“I don’t know who you really are and what your relationship is with Qin Bing, if you want to make a move too, feel free to do so! I, Lin Ran, will take it all!”

The Sage was stunned at first, and then laughed “haha”.

“Little fellow, you are too nervous, the Qin family’s meaning is only the meaning of Qin Bing’s parents, not the meaning of all Qin family members, but Qin Feng is also right, you want to be with Xiao Bing, you almost have a bit more ah!”

Lin Ran smiled blandly at his words and looked at the crowd and said.

“Maybe I’m still a lot worse off, but as long as Qin Bing doesn’t want to go, no one can force her! Not even her own brother!”

“You!”

Qin Feng was so angry at his words that his face turned blue, but he knew in his heart that if he had to fight Lin Ran, he would definitely be the one who would die in the end, because there was no need to doubt Sage’s words.

“Well, this time I’m not just here to find you because of Xiao Bing’s matter, and I won’t interfere in her affairs, if you’re capable of keeping her, I naturally won’t care!”

“And I’m looking for you, there’s another thing!”

Sage said, while waving his hand and pointing to a private room next to him.

“Lend me a step to talk!”

Chapter 432

“What exactly does senior want from me!”

In the private room, Lin Ran and Elder Jain sat opposite each other and asked directly.

“I want to know why Compass Pavilion Lang Tian had a conflict with you some time ago!”

Sage asked directly, while smiling lightly and explaining.

“Don’t mind me talking hard, although you have true qi, you are as white as white paper in other aspects, and Temperance City is so big, I really don’t believe that he picked a random person and picked you!”

“Moreover, with all the conflicts between you, I just want to know what the root cause is!”

“How do you know these things?”

Lin Ran didn’t answer, instead he asked.

“Haha, this matter is known to many people!”

Sage laughed, then looked out the window of the private room and laughed.

“Almost everyone who knows about it knows about it!”

“It?”

Lin Ran frowned slightly at his words and looked out the window, and was instantly shocked that the window was actually facing none other than the Ten Thousand Refees Mountain.

“The sudden change in the Ten Thousand Ren Mountains some time ago caught the attention of many people, especially those in the Feng Shui lineage, they all noticed something unusual about the Ten Thousand Ren Mountains, so naturally word of this spread!” |The

Sage laughed.

Lin Ran smiled as he drifted off, the previous time when Lang Tian was looking for trouble with him, as well as the time when he snatched the Fatty’s family’s ancestral jade flute, were all at the Wan Ren Mountain.

Moreover, when something happened to the Wan Ren Mountain later, he and Fatty had even gone to save Luo Qiqi, so he was well aware of the extraordinary nature of the mountain.

“Some people speculate that the Wan Ren Mountain hides a secret, and this secret will be revealed recently, so many Feng Shui masters who are interested in this will come, including people from the Compass Pavilion!”

The senior laughed.

“What exactly does senior want to say? I’m not interested in the Wan Ren Mountain!”

Lin Ran said indifferently.

“Haha! You’re not interested in the Ten Thousand Ren Ren Mountains, but many people are interested in you, and I won’t force you, as long as you cooperate with me, I can keep you and your friends’ lives safe!”

The Sage laughed.

Lin Ran’s eyes chilled at his words and he said in a cold voice.

“Senior is threatening me?”

“No, I am helping you and myself at the same time, just imagine if the people from the Compulsion Pavilion arrived, would they not investigate you?”

The Sage laughed blandly.

Lin Ran was instantly silent at his words, a small messenger from the Compulsion Pavilion, Lang Tian, was that difficult to deal with, if even the Pavilion Master really came, then I’m afraid he wouldn’t really be able to carry the load.

“What do you need me to do?”

Lin Ran asked with a frown, he didn’t believe that the other party would be so kind as to help him for no reason at all.

“It’s simple, work with me and go up the mountain together in half a month!”

The Sage laughed.

“I’m afraid that my strength will only hold me back if I go!”

Lin Ran frowned.

“No matter, since you and that fatty are involved, there must be a reason for it, in other words you are likely to be the first to take advantage of this event, and I just want to take the lead!”

The Sage laughed.

Lin Ran smiled and fell into deep thought, to be honest he didn’t want to get into this mess, after all, one compulsion pavilion had made me anxious, if he was up against more forces then, he was really afraid that he wouldn’t be able to carry the load one day.

But when he thought of the group of people around him, he had no choice.

“Yes, I promise you! But how will you guarantee the safety of my friends!”

Lin Ran asked rhetorically.

“This thing will do!”

The Sage laughed, followed by taking out a jade lingering bead and smiling.

“This is a token spell, if you place it inside the clinic, but any Feng Shui master who comes near the clinic will sense it and know that it belongs to old me!”

“Old me, I am not talented, I still have some prestige in the feng shui world, at least the people who are here this time won’t choose to offend me just for a few ordinary people!”

Lin Ran nodded at his words and immediately accepted the Linglong Pearl, then put it away.

“What about Qin Bing?”

Lin Ran asked after him.

The Sage smiled at his words and said.

"I still say the same thing, I won't interfere with the feuds of the younger generation, whether you can stay or not is all up to you!"

Lin Ran nodded at his words and then followed, rising and arching his hand.

"I understand!"

After saying that, he turned around and left the private room.

.....

Outside the private room, the Qin Bing siblings as well as Wang Yifeng had long been waiting a little impatiently, and when they saw the two coming out, they immediately greeted them.

"What are you talking about? It's taken so long, those who don't know will think you're making some kind of deal!"

Wang Yifei said discontentedly, but the words were a bit thought-provoking.

"Get lost!"

Lin Ran couldn't help but give him a blank look, before looking at Qin Bing who was at the side.

"Let's go, let's go home!"

"Mmm!"

Qin Bing smiled at his words and was just about to walk over, when Qin Feng on one side stopped her.

"Who agreed for her to go with you!"

"I'll accompany you if you want to fight, or don't get in the way here, you're her brother, not her! Who she wants to be with, that's her freedom!"

Lin Ran looked at Qin Feng and said blandly.

"You!"

Qin Feng was furious at his words and was just about to make a move when Sage walked out of the booth.

"Wind, it's alright, go back! I will stay in Temperance City for a few days, don't worry about your sister's safety!"

"But Sage!"

Qin Feng was a little reluctant, he really couldn't figure out why his sister would look at someone like Lin Ran.

"No buts, you are no match for Lin Ran, do you want to throw your life away here?"

The Sage spoke.

Qin Feng clenched his teeth at his words, but there was nothing he could do, so he finally let go of Qin Bing's hand with a stamp of his foot.

“Kid I’m warning you, if my sister loses half a hair, I, Qin Feng, will be the first to let you go!”

“You’d better be able to beat me first!”

Lin Ran said indifferently, following which he pulled Qin Bing to his side with one hand.

“Humph!”

Qin Feng snorted coldly and turned around to leave.

But at that moment, suddenly a group of people rushed in at the entrance of the teahouse, all of them wearing suits, but holding wooden sticks in their hands to look like gangsters.

But what made Lin Ran different was that the young man walking in the front he knew, it was the young man in the suit who had caused trouble in front of the clinic at noon.

“Hey! Isn’t this the shit youth? How come you didn’t get enough of shit at noon, and now you’re coming back for more?”

Wang Yifeng also recognised the other party and couldn’t help but laugh.

Qin Feng also stopped at this moment and looked at the other group of people without saying anything, only his face was very unpleasant.

“Fuck, who was fighting here just now, how dare you fight even in Laozi’s teahouse, you don’t want to get mixed up!”

The young man in suit cursed angrily, while already reaching the crowd.

“Shit youth, what a coincidence, you run this teahouse, huh? Don’t you run a company?”

Wang Yifeng smiled at his words and couldn’t help but laugh.

“Who the fuck is there”

The youth was furious at his words, he didn’t tell anyone about the incident at noon, but he didn’t think that someone actually knew about it at this time, he hurriedly looked away, however, when he saw Wang Yifei and Lin Ran, he was immediately confused.

“You How come you guys are here!”

The young man in the suit’s voice turned stuttered.

“Fighting here, it was the two of them that were fighting just now, weren’t you looking for them? It’s all here!”

Wang Yifeng looked on, pointing at Lin Ran and Qin Feng and laughing.

The young man in the suit couldn’t help but gag at the sight, he wouldn’t dare to look for Lin Ran’s trouble, it would be good if he wasn’t killed by the latter.

But he still had to get his revenge, so he immediately pointed the spear at Qin Feng, this guy looked weak, maybe he was a soft bone, but he was also the one who fought with Lin Ran, so he was a rival.

Thinking of this, the young man in the suit immediately pointed at Qin Feng and sneered.

“Kid, you’re fighting here, aren’t you, affecting Laozi’s business, hurry up and take the money or else I’ll get you killed today!”

Qin Feng was already in a fit of anger, when he heard that, his face suddenly became even more icy cold as he looked at the young man in the suit and said in a cold voice.

“Say it again!”

Chapter 433

“I’m just saying it ten times, so what, you’re still justified in fighting in my place!”

The young man in the suit cursed angrily, and then raised his hand and slapped Qin Feng without any warning.

However, while he was surprised, Qin Feng’s reaction was even faster, and his slap already landed on the young man’s face just as the former’s hand struck out.

The young man in the suit directly spun 360 degrees in place and hit the ground with a bang, falling on all sides, as bad as it could be.

“Hey! Who is he?”

At this moment, Qin Bing was standing by the side and asked in a low voice.

“This guy was in front of the clinic at noon”

Lin Ran laughed as he recounted what had happened, hearing Qin Bing cover her mouth and laugh at once.

“You guys are so bad, you actually didn’t remind him, my brother is unbeatable among his generation in the Qin family!”

“Remind? He also did not ask ah, besides I robbed you, your brother is still angry I’m afraid, always have to find someone out of anger is not, in case suffocated, how can I still go to your house in the future!”

Lin Ran laughed, Qin Bing’s previous words about wanting to stay had touched his heart, and at this moment he was not close to mocking the latter.

“Go to my house? What for? What do you want?”

Qin Bing’s pretty face flushed at his words and she couldn’t help but lower her head as she asked shyly.

“Going to your house, of course I’m going to see your parents, otherwise what else can I go for?”

Lin Ran said in a serious manner, but Qin Bing’s pretty face turned even redder as she listened.

But just as she was about to continue asking questions, the young man in the suit who had fallen to the ground had already gotten up again.

“You fucking dare to hit me too, do you really think you’re all capable of fighting?”

The young man in the suit cursed and waved his hand without looking back, shouting.

“Brothers, kill him for me!”

As the words fell, the young man in the suit pounced towards Qin Feng again. In his opinion, he was unlucky enough to run into Wang Yifeng and Lin Ran at noon, but that was fine, he couldn't be unlucky enough to run into two groups of people in a row who were both so good at fighting, right?

If he was beaten like this, he could only say that he was not good at fighting.

With this in mind, he had already rushed to Qin Feng, but without any surprise, the latter grabbed him directly by the neck and followed with a cold voice.

“Get rid of who?”

“You!”

The young man in the suit was so angry that his face turned blue, yet following this, Qin Feng continued.

“Besides, where are your brothers?”

“Huh?”

The young man in suit was instantly baffled at his words, somewhat not understanding what Qin Feng meant by this.

But the next thing he understood was that he saw Qin Feng tackling him by the neck with one hand, followed by a spin, and when he saw that there was no one beside him, he was instantly confused.

“Where are my men?”

The young man in the suit asked in horror, he had clearly brought a group of people in just now, how could there be none left in the blink of an eye.

As his mind was racing, he suddenly felt his foot being grabbed, and was busy looking down, when his whole body was dumbfounded.

The seven or eight brothers he had brought with him had all fallen to the ground at some point, each foaming at the mouth and dead or alive.

“You When did you”

The young man in the suit was full of shock, he didn't even know when his brothers had fallen, if he had known he wouldn't have been looking for a beating.

“Get lost!”

Qin Feng glared at the young man in the suit, followed by a kick on the latter's buttocks, instantly sending him stumbling and almost missing a dog's shit on the ground.

However, he was very lucky to have escaped, and immediately ran away, but his heart was full of frustration.

His own shop was actually beaten out by someone else, and the more he thought about it, the more aggravating it was.

“All right, I’m leaving!”

Qin Feng turned his head and said to Qin Bing, seeing that the latter was talking and laughing with Lin Ran, with a happy smile on her face, which made him feel very uncomfortable in his heart.

With a slightly odd expression on his face, he followed Qin Feng’s gaze and fell on Lin Ran, saying solemnly.

“Kid, I can warn you! If anything happens to my sister here with you, I will definitely not let you off!”

“Are you annoyed, saying one sentence twice!”

Lin Ran looked at Qin Feng and said blandly.

“You!”

Qin Feng was so angry that his face turned ugly, he found that he could not always take advantage of Lin Ran in front of him, and this made him feel very uncomfortable in his heart.

“Alright brother, it’s getting late you should hurry up or you won’t make it back to the imperial capital before it gets dark!”

Qin Bing said busily, following which he took it upon himself to push Qin Feng out of the teahouse.

“Ai! A woman is too old to stay!”

Watching this scene, Elder Sage couldn’t help but shake his head and laugh.

“Little friend Lin Ran, old man, I’m leaving too, let’s meet again in half a month!”

With that, the Sage also left.

Seeing this, Lin Ran helplessly revealed a bitter smile and followed to greet Wang Yifeng as he followed him out.

.....

In the car returning to the clinic, Qin Bing hugged Lin Ran’s arm tightly and asked with a smile.

“You said before that you were going to see my parents, what exactly did you want!”

“Uh”

Lin Ran smiled a little embarrassed and said.

“Why do you still remember this question”

“Then of course, hurry up and say what you’re going to my house to meet my parents for!”

Qin Bing continued to pursue the question.

"I say, this still need to ask? It's obvious to go to propose marriage ah, why are you both so stupid at this time?"

Wang Yifeng, who was driving in front of him, couldn't help but say.

However, what was waiting for him was Lin Ran and Qin Bing saying in unison, "Shut up!"

"Fine, I don't need to save face, you guys keep talking, I'll drive my car!"

Wang Yifeng said helplessly.

"You hurry up and answer!"

Qin Bing turned his head to look at Lin Ran and continued to ask.

"Er... I'm just going to meet up, as for what you should know in your own heart!"

Lin Ran said as he scratched his head, his old face couldn't help but burn a little.

"I Why should I know, how can I know if you don't tell me!"

Qin Bing smiled and her pretty face couldn't help but redden, while lowering her head to look a little embarrassed.

"Then we'll talk about it later, you just came back tonight I'll treat you to dinner!"

Lin Ran laughed, while trying his best to change the subject.

However, he had somewhat underestimated Qin Bing, who knew that this girl had actually buried her head directly into his shoulder and whispered with laughter.

"Shouldn't I come back and talk to me about what's on my mind first?"

"I"

Lin Ran suddenly did not know how to say, how recently himself this peach blossom luck seems to be a little too frequent, and it seems like these several women have made an appointment, almost at the same time launched an attack on himself, this let him where to fight the main.

"Otherwise, let's discuss where we should go for dinner tonight!"

Lin Ran's forehead was sweating, so he said.

"No, you should tell me if you miss me first!"

Qin Bing looked at Lin Ran and blinked her big eyes and said, where was the glacier beauty of the past, she looked like a little girl in love.

"I'll go!"

Finally, the words and actions of the two men made Wang Yifeng in front of them just couldn't hold back any longer and opened his mouth to say.

"I say big brother and big sister, can you guys consider my feelings? Master Fatty is also a human being and has feelings too, if you guys are spreading dog food like this, Master Fatty I'll have to die!"

Chapter 434

The three of us rushed all the way back towards the clinic, it was only two o'clock in the afternoon, plus it was New Year's Eve and there were many pedestrians on the road, especially when we passed by the entrance of the Tamagawa Hospital, there were even more people and even the car slowed down.

"Hey, Xiao Nuan said there are guests at home who can't leave, let us go eat by ourselves tonight!"

Qin Bing hung up the phone and said with some disappointment.

Originally, Lin Ran was going to invite guests out for dinner in the evening, it was good for a group of people to get together, but it was only the ninth day of the New Year after all, and rich ladies like Song Nuan Luo Qiqi were afraid that they would still be busy for a few days.

"It's fine, we'll go on our own then!"

Lin Ran laughed, while taking out the phone, ready to call Luo Qiqi to ask, after all, whether he was free or not was not something he could decide, but if he didn't make the call, and the latter knew that he hadn't even called her, then I'm afraid he would have to explain a lot more.

However, the phone was taken out, but before he could make a call, there was suddenly an ear-splitting sound of brakes ahead.

"What's going on?"

Lin Ran and the others turned their heads to look, only to see that at the crossroads not long after the hospital, a Hummer was listening in the middle of the road, and less than three metres in front of the car, a mother and son were sitting paralyzed.

The woman was plainly dressed, and the child was in her arms, seemingly in a coma, and hadn't even woken up after what had happened.

"Where did you come from? You're looking for death, aren't you?"

The sunroof of the Hummer opened and a handsome young man with long hair poked his head out and scolded, with disdain in his eyes.

The woman seemed to be stunned, sitting on the ground holding the child in her arms, her body shaking uncontrollably, without any response.

"What are you pretending to be deaf for, what a fucking bad luck!"

Fei cursed angrily and followed, sitting back in the car and stepping on the accelerator as soon as he was ready to go around, he was still in a hurry to get to his appointment.

"This kid is really something!"

Inside the car, Wang Yifeng could not help but curse as he saw what was really going on.

However, Lin Ran's face had already turned ugly as he noticed that the traffic lights at the intersection had already changed, and the car going sideways was not going to stop and wait for the Hummer to pass peacefully.

It looked like a car accident was about to happen.

“Fatty, go block it!”

Lin Ran greeted busily, following which he opened the car door straight away and jumped down.

“Huh?”

Wang Yifeng didn’t understand Lin Ran’s meaning somewhat, but the next thing he knew, he understood.

The Hummer bypassed the mother and son and was ready to cross the road to leave, but at that moment the cars were already starting.

One of the BMWs rushed towards the Hummer, which scared Hu Fei and he hastily turned around to avoid it, but the car was out of the way, but the target was the mother and son who were still in the road.

“Get the fuck out of the way! Idiot!”

Seeing the mother and son still sitting in the middle of the road, Hu Fei couldn’t help but curse, but the car had already rammed into them uncontrollably.

“Ah!”

Qin Bing, who was sitting in the car, saw the scene and couldn’t help but shriek and cover her eyes, not daring to look.

Even the pedestrians on the side of the street could not help but cry out in shock, each one rushing to cover their eyes and not daring to look, afraid of seeing the next bloody scene.

But in the nick of time, a figure quickly passed by the Hummer and pounced on the mother and son, rolling in a heap and muddling out of the way, narrowly avoiding the Hummer.

“Get out of here!”

Lin Ran snatched the child out of the woman’s arms, then pulled her up and ran towards the road.

At this moment, Wang Yifeng also saw the right moment, slammed on the accelerator and drove directly at the Hummer, taking advantage of the brief moment when the latter braked, a drift directly crossed the car in front of the other car, followed by opening the car door and jumped down.

“You greet them first, mother and son!”

Lin Ran handed the child to Qin Bing, who had come down, and then walked towards the Hummer with a cold face.

“Get off!”

Beside the Hummer, Wang Yifei had already kicked the door twice and pointed at the handsome young man inside the car and scolded.

Hu Fei, who had been knocked around, could not easily regain his senses, and when he saw that someone was kicking his car door, he got angry, opened the door and jumped down.

“Damn fatty, what the hell did you just kick? Are you looking for death?”

Hu Fei pointed at Wang Yifei and scolded him unceremoniously.

Seeing this, Wang Yifei raised his hand and slapped Hu Fei directly on the face without saying a word.

The slap was so solid that Hu Fei, who had just come to his senses, was immediately sent flying backwards and hit the car with a bang, his head suddenly confused again.

“You’re right, I’m here to die, I think I’ve found it, you must be the shit!”

Looking at Hu Fei, who was lying on the ground, Wang Yifei laughed coldly.

According to his character at this time did not fight, is already considered merciful, just now almost hit a person not even a word of apology, and then a second time almost hit a person, at this time is easy to be forced to stop, get out of the car is not half remorse, this is simply scum to the bone.

“How dare you fucking call me a piece of shit! Do you know who I am!”

Hu Fei covered his face and got up from the ground, pointing at Wang Yifei and cursing angrily.

“Who are you? The son of the King of Heaven? To disobey traffic rules on this street and ignore other people’s lives, you are not even the son of the King of Heaven!”

To the side, Lin Ran walked over in a cold voice, looking at Hu Fei with eyes full of ice cold.

“Who the hell are you, does it matter to you if I hit someone or not? I have plenty of money to pay for my death, so what the fuck do you care?”

Hu Fei looked at Lin Ran and said in a deep voice.

“It’s none of my business how rich you are, even if your family owns a money printing factory, I don’t care, but it’s my business if you trample on other people’s lives!”

Lin Ran looked at him and said in a cold voice.

“Right! If you trample on other people’s lives, it has something to do with us. Seeing you dressed like a man, I didn’t expect you to be a scum, want to know my name? Remember it! My name is Lei Feng!”

Wang Yifeng straightened his back and said aloud, then even looked at Hu Fei disdainfully.

“It’s a big deal to be rich, today we have our brothers standing up, tomorrow we want other Lei Feng to stand up, just people like you die and no one cares, but don’t take other people’s lives for granted! Everyone is equal in front of life and limb!”

“Yes! All men are equal!”

“Well said!”

“It’s not a big deal if you’re rich, but you still have to eat!”

“That’s right, I don’t like people like you who are arrogant and domineering!”

“That’s right, there are so many rich people who can keep a low profile and be nice, how can they save you from being so arrogant, this road is run by your family!”

“Come and say your father’s name, see if you can make you a fire!”

“Just tell us what your father’s name is!”

The people around the crowd couldn’t stand it anymore, some people shouted from time to time, while many of them took out their mobile phones to take pictures, in this era of developed internet, it’s simply too easy to make a person hot.

Chapter 435

“You guys!”

Seeing that he had aroused the wrath of the crowd, Hu Fei could not harden his temper at once, but he did harbour anger in his heart, pointing at the two Lin Ran and saying angrily.

“You two have guts, let’s not change the green hills, you guys wait for me!”

Lin Ran’s eyes were cold as he flew up and kicked the car on the debris that had fallen down.

With a “whoosh” sound, the debris flew out and hit Hu Fei’s leg directly, the latter bent his leg and fell to the ground with a “flop”.

“You almost hit someone and you’re leaving? Do you think this is your backyard?”

Lin Ran said indifferently.

Hu Fei stood up with pain and looked angrily at Lin Ran and the others, then he actually took out a pile of money from his pocket and threw it over.

“Don’t you just want money, a bunch of poor bastards, take this money and get the hell out of my way!”

“Huh!”

Looking at the pile of money at his feet, Lin Ran couldn’t help but laugh, followed by shaking his head and picking the money up.

“Haha, talking like a man, in the end it’s just for two pieces of shit money, don’t think I can’t see that you are all in it together!”

Hu Fei laughed coldly at this.

The onlookers at the side also looked at Lin Ran, they had a feeling that they were being cheated.

“Very rich, aren’t you!”

Lin Ran didn’t care about the stares of the people around him, picking up the money and glancing at Hu Fei blandly, followed by flinging the money back with one hand.

The entire thick pile of money smashed into Hu Fei’s face, and his cheeks instantly turned red.

“You really think money is all-powerful, with a face of stinking money you can’t even tell if you’re a human or a ghost, you really don’t know what you’re talking about!”

Lin Ran said with a turn and shouted at Wang Yifeng.

“Fatty, give me a fight!”

“Yes!”

Wang Yifeng had long been displeased with this guy, so he rushed up with an arrow step and without saying a word, he directly kicked Hu Fei in the crotch.

The pain was not much lighter than knocking out a watermelon.

Lin Ran didn’t bother to pay attention to this Hu Fei, only money in his eyes had lost the basic bottom line of being a human being, this kind of person made him feel sick even if he said one more word.

“Well?”

Coming to Qin Bing’s side, Lin Ran was busy asking.

“The situation is very bad, the child is running a high fever, and it seems to be more than that, there are also some signs of poisoning!”

Qin Bing frowned, there was no medical equipment here and she could only judge by experience.

“Rush to the hospital!”

Lin Ran said, at this time the child’s mother had not yet returned to her senses, Lin Ran did not care about anything else, and shouted at Wang Yifeng, telling him to just about do it.

He then ran towards the Tamkang Hospital with Qin Bing holding the child, which was very close to the hospital, so the two didn’t waste any time in driving.

The actual fact is that you can find a lot of people who are not able to get a good deal on a lot of things.

.....

The first time I heard that Qin Bing and Lin Ran had returned, President Yang personally rushed over.

“How is my child!”

The middle-aged woman had regained her senses by now, and looking here at Lin Ran and Dean Yang, she was busy asking.

“Take it easy, the tests are being done!”

Lin Ran spoke up and persuaded, as soon as he arrived at the hospital Qin Bing took the child and ran for a full body check up, these processes Qin Bing was very skilled at, so he took the initiative to stay and comfort the family.

Soon Qin Bing came out of the emergency room, but his face was very unpleasant.

“How is it?”

Dean Yang was busy going forward and asked.

“The child’s condition is very bad, not only is the fever not going down, but there are also suspected signs of poisoning!”

Qin Bing said with a frown.

“Ah? Poisoned?”

The middle-aged woman was so frightened at her words that she almost didn’t pass out.

“Don’t worry, we’ll definitely do our best to treat it!”

Lin Ran hurriedly persuaded.

However, the middle-aged woman was already a little desperate, this time it wasn’t just her son, several people had already died in her village, and at this moment she couldn’t help but feel a little desperate when she heard Qin Bing’s words.

“If Xiao Bao dies, I won’t live either!”

The middle-aged woman said in despair.

Seeing this, Lin Ran couldn’t help but shake his head, and immediately entered the emergency room with Qin Bing.

“Dean! Dean why don’t you go in, will the two of them be able to make it!”

The middle-aged woman was busy saying, she was grateful that Lin Ran had saved their mother and son earlier, but healing and saving people was not a matter of reaching out, she obviously trusted the latter more than the dean.

“You don’t understand, the one who saved you just now is a little miracle doctor famous throughout Tanjiang City, if he couldn’t do anything, it would be useless for the old man to go in!”

Dean Yang persuaded.

“Huh?”

The middle-aged woman was stunned at the words, she worked in the factory and had heard of the Little God Doctor’s name, but she didn’t think that this was the one in front of her.

When she thought of how she had been distrustful of people just now, she couldn’t help but feel a trace of remorse in her heart.

“You wait patiently, I’ll go in and have a look too!”

Dean Yang persuaded, while greeting a nurse to accompany the middle-aged woman, following himself into the emergency room.

“How is it?”

When he arrived at the emergency room, Dean Yang immediately asked.

“Lin Ran is being examined!”

Qin Bing said busily.

At this moment, Lin Ran’s eyes were tightly closed and one hand was pressed against the little boy’s chest, while Dean Yang also noticed that Lin Ran’s forehead had seen sweat, so obviously the situation was not good.

“Phew!”

A moment later, Lin Ran finally let go of his palms and let out a long breath, his entire cheeks were a few shades paler at this point.

“How is it?”

Qin Bing hurriedly came over and asked.

“Yes, how is it?”

Dean Yang also hurried over, this child’s condition was bad at first glance, if anything really happened, he was also afraid that the family members waiting outside would not be able to take the blow.

Lin Ran looked at the two men and said with a tight frown.

“There is a grievance coalescing in this child’s body, thick but not dissipating, the source of the coma!”

As he said that, Lin Ran took out a silver needle, and Qin Bing and the two of them saw that the silver needle’s head was already blackened with what appeared to be a black substance.

“And you guessed right, this child has indeed been poisoned, but not an ordinary toxin, but the infamous Tarsal Bone Poison!”

“The poison of the hock?”

Qin Bing was stunned at his words, not understanding what this meant, yet Dean Yang’s face changed dramatically as he listened.

“The poison of the tarsus, how could such a young child be poisoned with the poison of the tarsus!”

“I don’t know, that would be something to ask the child’s mother!”

Lin Ran said with a frown, following which he walked straight out towards the outside, Qin Bing and Dean Yang didn’t say anything when they saw this and followed straight out.

“Well? How is my child?”

When she saw the three of them come out, the middle-aged woman busily stepped forward and asked, her face full of anxiety and worry.

“Where does your family live? Has the child been anywhere recently, I want to know all about it in detail!”

Lin Ran looked at the other party and asked directly.

“Huh?”

The middle-aged woman was first stunned at her words, then she remembered the recent situation in the village and hurriedly spoke up.

Chapter 436

People who study medicine are generally very strict in their words, and a phrase like Qin Bing’s “suspected poisoning” would not normally appear.

Because poisoning is poisoning, there is no such thing as suspicion, but here Qin Bing still said so, which means that even she was not sure whether it was poisoning or not.

Based on the middle-aged woman’s account, Lin Ran was basically sure that what the child had been poisoned with was definitely the Tarsal Bone Poison, and as for the grievances, they were also related to the place where they lived.

It turned out that the mother and son lived in the outskirts of Temperance City, just a short distance from the Ten Thousand Refugee Mountain.

At first, Lin Ran hadn’t connected this to the Ten Thousand Ren Mountains, until the other party said.

“Recently there have been a lot of strange things happening in the village, some people say they have encountered ghosts in the middle of the night, there are also many people who are inexplicably sick, some even died because of the illness!”

“At first everyone thought it was the flu or something like that, but I didn’t feel right, and when I learned that my son had also started getting sick, I rushed to the Temagami Hospital, but on the way”

The middle-aged woman did not continue.

In Lin Ran’s mind, however, he already had a general judgment that the cause of these situations was at Wan Ren Mountain.

When he and Wang Yifeng went up the mountain to save Luo Qiqi, they had seen many chaotic sword corpse pits with their own eyes. If it was really related to the Wan Ren Mountain, then it must be this chaotic sword corpse pit that brought cholera.

“By the way, Little Divine Doctor! What is my son’s illness?”

The middle-aged woman asked, saying that she was most concerned about the comfort of her son.

“You may not believe me when I tell you, your son has a grievance into his body, and at the same time he has been poisoned with the Tarsal Bone!”

Lin Ran said, the family has the right to know, although these things are difficult for the general public to accept, but he still said it.

“Grievance into his body? The poison of the tarsal bone?”

The middle-aged woman was baffled at the words, and looked at Dean Yang at the side, then at Lin Ran, and spoke.

“Are you really the Little Divine Doctor? Isn’t this a feudal superstition to enter the body with grievances!”

The middle-aged woman had a tangle on her face, just now Dean Yang had said that he was a little divine doctor, but how could he open his mouth and come up with this feudalism thing.

“Although I am less educated, you can’t fool me!”

“He’s not lying to you, he’s really a little divine doctor!”

On the other side, Qin Bing hurriedly said, this was not the first time she had come across this situation, when she went to see Luo Ming’s father, she had come across it.

There was nothing she could do about it, who made this guy Lin Ran always have something to do with feng shui when he was seeing patients, and it was normal for the patient’s family to be suspicious.

“Is it really the little miracle doctor? Why do I get the feeling that this is a fraud, opening and closing your mouth with feng shui grievances, does everyone who comes to see you here have evil Qi into their bodies?”

The middle-aged woman said with some excitement, the reason she chose Temperance Hospital was because of its reputation, but she did not expect to come across such a doctor.

The key was that President Yang had even highly recommended him, which made her heart both puzzled and angry.

“Don’t be angry, what I said is also the truth, just follow me in and watch if you don’t believe me!”

Lin Ran didn’t bother to explain, chatting a word and turning around to enter the emergency room.

“I definitely want to watch, in case anything happens to my son, I’ll fight you too!”

The middle-aged woman said, while also hurriedly following in.

“What’s all this, thanks to you risking your life just now to save their mother and son!”

In the emergency room, Qin Bing came to the side a little indignant.

“Forget it’s alright, she was too worried about her son’s condition, no need to pay attention!”

Lin Ran laughed, although he didn’t feel good about being wrongly accused, he didn’t bother to argue with the other party as it was important to save lives.

“Your son’s coma is caused by the fatal Qi, and the high fever is due to the Tarsal Bone Poison, since you don’t believe me then I will treat him in front of you, but I hope you will be prepared!”

Lin Ran looked at the other party and said indifferently.

“No need to prepare, I’d like to see if the so-called little divine doctor has a vain name or not!”

The middle-aged woman said in a cold voice, her eyes glancing at Dean Yang at the side, which made the latter uncomfortable, how it felt as if a room full of people were all liars just to deceive their family.

Lin Ran didn't say anything, and immediately came to the bed, followed by a light finger that landed directly on the child's forehead, while a strand of true qi quickly followed the finger and entered the other person's body.

After that, Lin Ran did not dare to stop and quickly took out the silver needles, and then, with the child's forehead as the centre, he quickly placed the needles.

The whole movement was so fluid, without a hint of procrastination, that the middle-aged woman could not help but feel a sudden surge in her heart as she wondered if she had misunderstood Lin Ran before.

After all, just this speed of dropping the needles did not seem like a level that a con man could achieve.

"Could it be that she had really misunderstood?"

The middle-aged woman thought in her mind, yet on Lin Ran's side, he had already quickly dropped a full eighteen needles.

This time, when Lin Ran's palm was withdrawn, the silver needle was pulled out as well.

"Bare!"

At the same time, almost everyone in the emergency room saw with their naked eyes that there was a very obvious wisp of black gas floating out from the place where the silver needle had been pulled out, and it slowly dissipated in mid-air.

"This!"

The middle-aged woman was so shocked that she could not help but swallow her spittle and kneel down with a thud.

"Little divine Doctor, it was all my fault before, you save my child, you save him!"

Seeing this scene, how could the middle-aged woman not understand that Lin Ran was really capable, otherwise how could she force out this fierce Qi?

And just as she was speaking, the little boy on the hospital bed had already woken up.

"Mom Where am I!"

"Child! The boy's mother is here mommy is here!"

The middle-aged woman sniffed and busily got up and rushed over, but was stopped by Lin Ran.

"Don't come any closer, you're only halfway through the treatment, there's still the poison in your tarsus that hasn't been expelled yet!"

As he said this, Lin Ran's palm was once again placed on the eighteen silver needles that had fallen earlier, while Qin Bing hurriedly brought a basin and placed it below.

Lin Ran picked the little boy up and followed, face down, and gently pulled out one of the silver needles.

At once, as the silver needle was pulled out, a strand of black liquid flowed down the silver needle, dark and fishy in colour.

From a distance, both Dean Yang and the middle-aged woman could not help but cover their noses, while the latter even shed tears of pain.

The silver needles were pulled out one by one, and in the end, the black liquid was gathered in a small basin, and only then did the little boy's complexion return to normal, although his cheeks looked a little pale because of his weakness.

"Come on, let's go out and talk!"

Seeing that the child had fallen asleep, Lin Ran immediately greeted the crowd and went out, while Dean Yang arranged for others to take care of the child.

"Flutter."

As soon as she left the clinic, the middle-aged woman knelt down straight away, rushing towards Lin Ran and kowtowing repeatedly, while saying gratefully.

"Thank you, Little Divine Doctor, thank you!"

"There's no need for that!"

Lin Ran busily helped the other party up, before saying.

"Your son is still very weak, stay in the hospital for the time being, if the medical expenses are not enough I can advance you first, as for home for now it's better not to go back!"

"Mm-hmm!"

The middle-aged woman was busy nodding her head, and then she was busy asking.

"By the way little divine doctor, what exactly is this poison of the tarsal bone that my son has been poisoned with, why does it stink so much! My son's body won't be affected, right!"

Chapter 437

"Right, what exactly is this Tarsal Bone Poison?"

On the side, Qin Bing was also busy asking, she had seen that Dean Yang seemed to know before, but had never had the chance to ask, so she naturally had to take advantage of the opportunity at this time.

"Ranzi, you tell me!"

Dean Yang glanced at Lin Ran and smiled.

"Good!"

Lin Ran nodded his head and said at once.

"The so-called Tarsal Bone Poison is actually a poison that is only generated in the Land of Buried Bones!"

"The Land of Buried Bones?"

Qin Bing frowned slightly at his words, looking slightly disgusted.

“No way, there are no mass graves near our village, how could there be a land of buried bones!”

The middle-aged woman was even more puzzled, their village with its beautiful mountains was a two hour walk up the mountain from the nearest lonely grave, this situation was too unscientific.

Lin Ran smiled at this and said.

“I’m afraid it has something to do with the Ten Thousand Refugee Mountain!”

“According to legend, Wan Ren Mountain was probably a bandit’s den in the past, and I’m afraid that the subsequent fight against bandits left a lot of remains behind, but these are all legends that can’t be verified!”

“The Bone Toxin is a toxin that is attached to the white bones when the flesh of a person is rotting away, this toxin is so fierce that just one drop can kill a person! It can be said to seal the roar with blood!”

“Then my son!”

Hearing this, the middle-aged woman almost died of fright, she had seen with her own eyes the small half-basin of black water that had been shot out of her son’s body.

“Yeah, how come all that toxin just now”

Qin Bing was also amazed and did not understand why this was.

“It’s simple, those black liquids look like a lot, but actually the toxins contained inside are less than a few tenths of a drop, most of them are water!”

Lin Ran said.

“I’m afraid that these toxins are infiltrated from the Ten Thousand Rengshan Mountains!”

“Then won’t our village be in big trouble!”

The middle-aged woman’s face turned ashen with fear at her words, they had lived there for generations, if something went wrong with their village, where else could they go!

“Don’t worry, I will personally go to your village tomorrow to check the situation, this problem has to be solved or something big will happen!”

Lin Ran said.

Only then did the middle-aged woman feel at ease at her words.

Lin Ran then told her to go and greet her son and pulled Dean Yang and Qin Bing to the side.

“Dean, I’m afraid this isn’t that simple, you’d better send a medical team with us tomorrow, I’m afraid the situation in this village will be very serious!”

Lin Ran said solemnly.

“Good! I’ll take care of it, let’s meet in front of the hospital first thing tomorrow morning!”

Dean Yang said.

Lin Ran and Qin Bing then left the hospital and ran into Wang Yifeng who had arrived at the entrance, so the three of them rushed back to the clinic.

The afternoon passed, and it was already seven in the afternoon when they returned to the clinic, Li Zheng and the others had already left, and the whole clinic was empty.

Because in the afternoon, both Lin Jean and Qin Bing were not in a high mood, instead they looked a bit worried, on the contrary, Wang Yifeng had no heart and mind still thinking about the big meal in the evening.

"I say, we'll think about tomorrow, the most important thing now is how to solve the dinner problem, I've greeted all the little girls at the hot pot restaurant, just waiting for your word!"

Wang Yifei said again beside him.

Lin Ran sighed at his words and said.

"Alright, I'll call Kiki first!"

With that, Lin Ran called Luo Qiqi, but the call hung up after only two sentences.

"Not available, huh? It doesn't matter if you're not free, we can still eat when we three go!"

Wang Yiling said happily.

"It's true that I'm not free, but let's not go for the hot pot!"

Lin Ran got up and said, while pointing inside.

"Fatty you go and change into a suit, let's go and eat something big!"

"The big one?"

Wang Yifeng's eyes lit up when he heard that, and he was busy asking.

"What kind of big food? King crab or octopus?"

"Everything, Empire Tower, seafood buffet!"

Lin Ran laughed.

"I'll go! Wait for me!"

Wang Yifeng dropped a sentence and followed, rushing in to change, while Qin Bing listened in wonder, just now they were talking about hot pot, why did it suddenly turn into a seafood buffet.

"Luo Qiqi's old man is hosting a dinner party, and she happens to be there, so she let us go over together!"

Lin Ran laughed.

Qin Bing couldn't help but laugh at his words, feeling that this was a matter of not inviting people to dinner, but being invited there instead.

"Fine, I'll go wherever you go anyway!"

Qin Bing looked at Lin Ran and laughed, having a feeling of marrying a chicken and following a dog.

Lin Ran smiled awkwardly at his words and immediately walked out of the clinic.

.....

The Empire Building, to put it awkwardly, was a building that had been prepared specifically to accompany the Wan Ren Shan Jing Qu in the first place.

The total height of the building is nearly forty floors, a collection of catering, conference, business reception, accommodation and other multi-element one building.

However, due to the collapse of Wan Ren Mountain a year ago, the Empire Tower suffered heavy losses during the New Year period.

And this Empire State Building was the handiwork of the Luo family, so in order to regain popularity and at the same time convenience, the dinner party was set at this place.

The three of them drove up to the place after an hour at last.

The car was fine, and the three of them were ready to go upstairs, but just then, Wang Yifeng was sharp-eyed enough to notice that not far from where they had parked, there was a very familiar Hummer.

“Ranzi, look if this car belongs to that rich kid from the afternoon!”

Wang Yifeng greeted in a hurry.

Lin Ran and Qin Bing turned their heads to look, and indeed they found that this was that guy’s car.

“What happened to this kid in the end back in the afternoon?”

Lin Ran asked.

Wang Yifeng smiled and scratched his head.

“I beat him up, then when I saw the police car coming I bailed, there were a lot of people around, this kid should reasonably still be at the station under investigation!”

“Alright, let’s go!”

Lin Ran smiled with a slight frown, did not ask down again, at this time the car appeared here, obviously things have been set right by the other side, some times are like this, money is good, you can’t even if you are not convinced.

The three of them immediately followed the address given by Luo Qiqi and entered the building.

The banquet hall was on the thirty-third floor, as soon as Lin Ran and the three of them arrived here, before they even entered the hall, they saw Luo Qiqi head on.

“Lin Ran!”

Upon seeing Lin Ran, Luo Qiqi immediately jumped over, not caring about the gazes of Qin Bing and Wang Yifeng next to her, and directly jumped into Lin Ran’s arms.

“Alright, alright, there are so many people here!”

Lin Ran busily put Luo Qiqi down, before asking.

“Why are you here?”

“I saw you guys coming, so I purposely came to pick you up!”

Luo Qiqi laughed, while jumping into Qin Bing’s arms again.

“Well, you’re already so big and still so clingy!”

Qin Bing laughed.

“Come on, let’s go in now! There’s lots of delicious food inside!”

Luo Qiqi said and looked at Wang Yifeng who was at the side, the latter’s eyes went straight when he heard this, not avoiding in the slightest a look that he was here to eat.

“Pig!”

Luo Qiqi couldn’t help but laugh, while intimately holding Lin Ran’s arm and preparing to go inside.

But just then, the door to the banquet hall was opened again, followed by a figure walking out, while a cold voice came through.

“Yo! Who was I then, Kiki your friends are these two boys, when did you also like to help the poor, even such poor losers are friends!”

“Sure enough it’s you!”

Seeing the visitor, Lin Ran couldn’t help but reveal a small smile, who else was it if not Hu Fei who walked out across the street.

Chapter 438

“Hu Fei! How are you talking to my friend!”

Luo Qiqi huffed at the sight, while somewhat surprised, she was busy asking Lin Ran.

“You guys know each other?”

“Sort of, we met in the city this afternoon!”

Lin Ran said calmly.

“Kiki, you can’t blame me for that, how I talk to them, that depends on what status he is not!”

Hu Fei said with a smug look on his face, straightening out his clothes, as if to say look at my clothes, then look at yours.

“Besides, Kiki, I’ve only met these guys once, and since they’re your friends, you always have to introduce me to them, don’t you!”

Hu Fei laughed.

“Introduce what, my friend is not your friend, get out of the way!”

Luo Qiqi wasn't stupid, this guy was clearly trying to insult Lin Ran's trio, so she wouldn't fall for it.

“That won't do, today is Uncle Luo's banquet for the business tycoons, I probably can't stand by and let a few misfits mix in, don't you think so!”

Hu Fei sneered.

Luo Qiqi's brow furrowed at his words and he angrily scolded.

“You still know it's my father's banquet, since when does my Luo family's banquet need your Hu family to escort it!”

Said Luo Qiqi, pulling Lin Ran's hand, and prepared to walk around.

Just this scene is to see Hu Fei heart fire, their Hu family is just developed family, and recently is in contact with the Luo family ready to cooperate, his old father is even asked him to find a way those Luo Qiqi.

This will not only be able to business further, more can pull in and the Luo family's relationship, and he himself can also hold the beauty, is simply a triple kill.

But now, the eagle is in the hands of another man, and he has nothing to do with Hu Fei.

“Friend, do you only stand behind women? You don't even dare to introduce yourself?”

Hu Fei looked at Lin Ran and sneered.

Lin Ran stopped in his tracks at his words and turned his head to look at Hu Fei.

“Lin Ran, ignore him! This guy is a shithead annoying as hell!”

On the side, Luo Qiqi was busy saying that she didn't want to spoil Lin Ran's mood because of Hu Fei.

“Why are you still standing behind a woman?”

Hu Fei looked at Lin Ran and sneered, Wang Yifeng on the side had already come over, as soon as Lin Ran said one word, he would immediately beat this guy so much that he couldn't take care of himself after birth.

“How do you want to do it? Do you know whose people are behind this door?”

Hu Fei sneered at the situation, at this moment there were all people from the business world inside, a whole lot of bodyguards and fighters, and many of them had friends with the Hu family, so it was obviously not appropriate to make a move at this moment.

“Fatty, what's the point of fighting with a dog!”

Lin Ran opened his mouth and laughed.

Hu Fei instantly laughed too at his words.

“With sharp teeth and a sharp mouth, all you can do is hide behind a woman, what are you without one!”

“Hu Fei you!”

Luo Qiqi was furious and was just about to stand up for Lin Ran when the latter stopped her and at the same time dragged Qin Bing, who was on the side, to his side.

Lin Ran looked at Hu Fei and laughed.

“You’re really right, I just like to hide behind women, do you have any to hide?”

Said Lin Ran and deliberately took a sharp breath before saying with a face full of enjoyment.

“Hiding behind a woman can smell really good, do you have one?”

Said Lin Ran as he greeted Wang Yifeng.

“Fatty, let’s go in!”

Following this, the group went straight into the banquet hall, leaving Hu Fei standing alone, furious and blue in the face.

“Ranzi, when did you become so shameless too! Eating soft rice is so righteous!”

Entering the banquet hall, Wang Yifei couldn’t help but laugh.

Even Luo Qiqi and Qin Bing on the side couldn’t help but look at Lin Ran in awe, this guy could practically kill each other alive when he was angry at people.

“What, is it wrong to eat soft rice? I eat soft rice based on my strength, others who want it may not be able to get it!”

Lin Ran laughed as Luo Qiqi, who was beside him, smiled and gave him a blank look, saying.

“Come on, don’t stink, that guy will definitely come back for more trouble, let’s go straight to the buffet area, you haven’t eaten yet, I’ve had a lot of food prepared!”

Said Luo Qiqi and led the crowd towards the buffet area.

....

A few moments later, Hu Fei walked in from the door, seeing Lin Ran and the others walking towards the buffet area, not only did he frown slightly, especially seeing Luo Qiqi and Lin Ran talking and laughing, it even caused a trace of jealousy to grow in his heart.

“Robbing Laozi’s woman, I won’t play you to death tonight!”

Hu Fei sneered and followed, also walking towards the buffet area.

At this moment, the hall was full of people, many of whom were busy making friends with some of the wealthy businessmen so that they could find partners for their future business.

However, there was a group of people sitting around a table, gorging themselves on this seafood feast, and yes, this group of people was none other than Lin Ran and his group.

They hadn't eaten a bite since noon, so the three of them were already hungry, and when they were faced with so much seafood, even Qin Bing wasn't polite, let alone Wang Yifeng and Lin Ran.

However, just when the three of them were eating with great enthusiasm and Luo Qiqi was constantly serving the food to them, suddenly the lights in the whole hall dimmed down.

"What's going on?"

Wang Yifeng was still a bit confused when he saw this, thinking that an accident could still occur in such a large banquet hall?

But as soon as the thought rose in his mind, a pillar of light struck over, directly hitting the table where the four people were, and the "ferocious" appearance of Lin Ran's three people eating was immediately exposed to everyone's eyes.

"Gentlemen!"

Suddenly, a familiar voice rang out, and Lin Ran's heart sank as he heard it.

"What the hell is this bastard trying to do!"

Luo Qiqi was so angry that she gritted her teeth and instantly rushed out, running over to where the microphone was.

She was the one who had invited Lin Ran and the others to come to dinner, and if there was an accident, then she would have to blame herself to death.

"Gentlemen, these are new friends, may I suggest they introduce themselves! Maybe all of you can work together too!"

Hu Fei ducked aside with a microphone and laughed, his face already showing an expression of watching the fun.

"Follow Laozi all, see how I play you to death!"

"What about Lin Ran?"

At this moment everyone's eyes fell on the three Lin Ran, which made Qin Bing a bit too much to bear and asked busily.

"Don't be in a hurry, we'll make a plan out of it!"

Lin Ran laughed, while giving a wink to Wang Yifeng, and then he got up and laughed.

"Since this friend is interested, then I'll respectfully submit, my name is Lin Ran and I run a clinic, these two next to me are the doctor and helper of my clinic!"

As soon as Lin Ran's words fell, an uproar and whispered murmurs rang out all around.

"Opening a clinic? He's not here to cheat on food and drink, is he!"

"I don't think so, I saw the Luo family's daughter there just now!"

"This nee-san should have been cheated!"

"Hey, people nowadays really dare to cheat anyone!"

"That's right, now there's something to see, Luo Ming is here too!"

Just as the surrounding group of rich people were waiting to see the hilarity, suddenly Lin Ran was smiling lightly and spoke again.

"I wonder if this friend, who found us, would dare to show his face? Maybe we can work together as well?"

Chapter 439

"This"

Hu Fei heard some hesitation, in public to let Lin Ran three people make a fool of himself has reached his purpose, if in exposing himself, afraid that will make Luo Qiqi remember himself, and there is evidence, then I am afraid that he is not good to wash off.

The heart was thinking, but suddenly there was a pillar of light directly hit, immediately shining on the body of Hu Fei in the corner.

"Bastard!"

Hu Fei cursed in his heart when he saw this, but the light had already hit him, so it was impossible to hide at this point!

Hu Fei could only stand up with his head in his hands, while laughing aloud.

"Haha, can ah!"

But this guy where so good at talking, the words just fell followed by another sentence.

"Then I wonder how big the clinic that Brother Lin Ran runs is? How much is the annual output? Also is it listed? Although my family's condition is average, I'm not just playing with everyone!"

"Haha!"

The moment Hu Fei's words fell, thunderous laughter rang out all around, only this laughter was clearly a punch full of ridicule, everyone understood that Hu Fei was not looking up to Lin Ran at all.

.....

"What's going on?"

The first time I heard the name Lin Ran, he was quite happy, after all, Lin Ran had helped him a lot and was even considered a guest of his.

However, when he heard the next words, his face suddenly turned ugly.

"Mr. Luo, why don't we go over and take a look?"

Next to him, Hu Yang said with a smile, hearing his son's voice he knew that his son was preparing to make a big move, it would be a great thing to make a face in front of Luo Ming, only he didn't notice at all that Luo Ming's face was already starting to look ugly.

This is not to blame him, after all, at this time the surrounding lights are dim, even if his eyesight is good, there is no room to play.

.....

"How about it friend Lin Ran, still think you can work with me?"

The first thing you need to do is to get rid of the problem.

Lin Ran's gaze burned as he looked at Hu Fei, who was not far away, his face still calm as he suddenly opened his mouth and laughed.

"A deal is not a deal, maybe there are others who can look at us?"

Said Lin Ran, pointing to Wang Yifei at the side and laughing.

"Since we've all started, then let this friend of mine sit down and introduce himself too!"

Saying this, Lin Ran gave a wink at Wang Yifei, who saw this and immediately copied the octopus that had been on the table that he hadn't yet chewed clean and took a bite straight away, before looking around and saying.

"I ... I'm a rough guy and don't know that much about etiquette, but since I'm allowed to say it, then I can really say it!"

This gesture and action immediately caused a kind of people around to laugh "haha", even Hu Fei in the distance was laughing backwards and forwards.

There was nothing more humiliating than making a fool of himself at a party with so many rich people, and he just felt that he was really too damn witty.

However, just when Hu Fei was feeling good in his heart, Wang Yifei suddenly pointed at himself and said with a face full of deep emotion.

"Everyone may not know that actually I'm actually a big fan of Mr. Hu Fei, and it's only today that I've become obsessed with him!"

"You!"

Hu Fei smiled and immediately felt bad, this guy suddenly said this, obviously did not press any good intentions, but for a while he was unable to think what this guy wanted to do, and Lin Ran was ready to do.

"Hey! He's crazy!"

At the side, Qin Bing hurriedly asked, how come he was still pretending to be crazy at this time.

"Don't worry, just wait for the good show!"

Lin Ran laughed, while picking up a glass of red wine and sipping it.

“Alright, I hope the show is exciting!”

Seeing that Lin Ran was in no hurry at all, Qin Bing simply did the same and also picked up a glass of red wine and sipped it.

The scene was still lively, and Wang Yifeng looked at the crowd and said passionately.

“Originally, I was just a very honest person who always dreamed of being a gangster and making others fear me, but I never knew what to do!”

“But it was today that I found the direction of my life, and he! It’s Mr. Hu Fei!”

Wang Yifei said as he took an arrow step straight into the darkness, and when he reappeared, he was already next to Hu Fei.

He wrapped his arms around Hu Fei’s neck, and the octopus in his hand immediately smeared all over his face, but the key was that he was so strong that Hu Fei could not break free and could only keep wiping the oil off his face with his hands.

However, this scene was seen by the surrounding people as, Hu Fei was too excited in wiping his tears, at once many people laughed out.

“Hey! How on earth did Hu Fei help you then!”

“Yeah, tell me how he taught you to become a punk!”

“That’s the point!”

Many of them knew Hu Fei and knew that this guy was arrogant and domineering, so they all wanted to see what was going on.

“Everyone really wants to know?”

Wang Yifei looked at the crowd with a touching look in his eyes.

“Nonsense say it or not!”

“Exactly! Hurry up and wheedle!”

Immediately, someone from below urged.

Wang Yifei saw that the situation was almost over and a lot of emotions were mobilised, so immediately the octopus in his hand was thrown down in mid-air, followed by a wipe of his palm on Hu Fei’s body, and he took out his mobile phone from his pocket.

“Gentlemen, that’s him! Please take out your mobile phones with me and search online, today’s car accident in front of Temperance Hospital!”

“No”

Hu Fei smiled and was immediately baffled, he knew that many people had taken videos of this afternoon’s incident, but he didn’t expect Wang Yifeng to actually say it in public at this time, if this was

exposed, then he would really become a celebrity in the circle, only a celebrity that would leave a stink for years to come.

However, Hu Fei had only just spat out one word of this sentence when the octopus following him in mid-air fell directly on his face, instantly blocking the latter half of the sentence.

By now many people had already taken out their mobile phones and were searching, and a bright light could be seen in the darkness.

Wang Yifei was very satisfied to see this scene and finally spoke in a serious tone.

“All of you have seen it, treating a mother and son like this, isn’t this a living teaching scene!”

“Well no more, I’ve finished my introduction, it’s better to listen to what my idol has to say next!”

After saying that, Wang Yifeng rushed back to Lin Ran’s side, wiped his mouth, picked up a glass of red wine and drank it down with a thud, while sitting down as if he had never gotten up just now.

“You guys are tough enough!”

Qin Bing sat at the back, already laughing so hard that he could hardly hold it in, Wang Yifeng had made such a mess, Hu Fei was completely on fire in the business circle, and I’m afraid even the Hu family could follow.

“Hehehe! It’s really there!”

“I go, how can we still run over people!

“This mother and son are too pathetic!”

“I told you this guy looked familiar, I saw him this afternoon and I didn’t recognize him!”

Hearing the chatter of the people around, Hu Fei became anxious and was busy with his microphone.

“No... It’s not what you think, don’t look at”

The two figures were already standing in front of him.

These two figures were Hu Fei’s father, Hu Yang! And Luo Qiqi’s father, Luo Ming!

Chapter 440

“This is nonsense!”

Hu Yang glared at Hu Fei, so angry that his face was practically green, he had thought that his son was going to make some kind of splash, but he didn’t think that he was actually here to embarrass himself.

“Father! It’s not what you think!”

Hu Fei explained.

“That’s what it is! Bastard!”

Hu Yang was so angry that he raised his hand and slapped him, instantly knocking Hu Fei to the ground.

“Don’t go back yet!”

Hu Yang said angrily.

If he didn’t teach his son a lesson today, he was afraid that he wouldn’t be able to hold up his head in the circle.

People are afraid of being famous and pigs are afraid of being strong, businessmen especially value this point, wealth is not exposed is a rule that many people follow, however, their own but do things so high-profile, but has already laid a disaster.

“Father! I was wrong about this, but they didn’t?”

Hu Fei was reluctant, covering his face and getting up and pointing at Lin Ran’s trio.

“What qualifications do these three poor losers have to appear here, this is the Luo family’s business party, which of the people in attendance are not of great value, I was also afraid that these miscreants would mix in!”

Hu Fei said with a sincere face, and Luo Ming almost believed him.

“Hu Fei you keep talking nonsense!”

To the side, Luo Qiqi was busy rushing over, she was the one who had just used the light to find Hu Fei.

“Kiki!”

Luo Ming reached out to stop his son and daughter, looked up at Hu Fei and said blandly.

“People can’t look like people, seawater can’t be measured, didn’t your father teach you that!”

“Sh..... What do you mean!”

Hu Fei’s heart sank at his words, feeling that Luo Ming’s words were a bit fishy.

“Mr. Luo, please forgive me for offending my dog’s son!”

On the side, Hu Yang said busily, this was an opportunity for them to discuss cooperation between the Hu family and the Luo family, if it was messed up by this stupid son of his, then he would have to be furious.

“Father, where did I offend Uncle Luo, I was also thinking of him, those boys are obviously poor losers and cheating on Kiki, I was”

Hu Fei said busily, but before he could finish a sentence, he was interrupted by Luo Ming’s scolding.

“Shut up!”

“You!”

Hu Fei’s face turned blue with anger at the situation and said reluctantly.

“Uncle Luo, I’m helping”

“Help what help!”

Luo Ming looked at Hu Fei with a cold face before turning his head to look at Hu Yang and said blandly.

“Mr. Hu I think our cooperation should be discussed later!”

“Mr. Luo, this matter”

Hu Yang heard the words and immediately became anxious, however before the words were finished, Luo Ming was blandly smiling.

“Let’s talk about this later, now I want to grandly introduce to you as well as your precious son, who are the three poor losers he is talking about!”

After saying that, Luo Ming turned around and walked towards the three Lin Ran, leaving Hu Yang and Hu Fei to look at each other in disbelief.

“Who the hell are these three!”

Hu Yang asked, glaring at Hu Fei in anger.

“Dad, they’re really poor losers!”

Hu Fei insisted.

Hu Yang smiled but cursed angrily in a low voice.

“Have you ever seen a poor loser who can let Luo Ming go over by himself? Stupid, you’re in big trouble this time!”

“Big trouble? It can’t be, just a few of them, how could”

Hu Fei was still somewhat unconvinced, but at this time Luo Ming had already reached Lin Ran and the others, while speaking aloud.

“Gentlemen, just now was a small episode, now I would like to introduce to you all, the identity of the three people in front of you, first of all, these three can be my Luo Ming’s guests, later on if anyone has doubts, they can simply leave, my Luo Ming’s VIPs do not allow others’ slander!”

“!!”

Hu Fei’s face changed as he heard this, Luo Ming was clearly speaking at them, father and son.

“Father! It’s alright, this must be fake, it must be fake, how could those three poor people know Luo Ming, what is Luo Ming’s status, how could they”

Hu Fei was still undeterred and hurriedly persuaded.

But before he could finish his words, Luo Ming spoke up.

“The first, little friend Lin Ran, is my Luo family’s life-saving benefactor, known as the little divine doctor of Tanjiang City, when the Liu family’s Wandering Auction House discerned the pearl, gambling on the stone shot sky-high crocodile cream, worth at least over a billion!”

“Dare I ask this one, is he qualified to sit here?”

Luo Ming said and turned his head to look at the distant Hu Yang father and son, his eyes rushing with disdain.

And at this moment, the surrounding area exploded, and some of those who had heard about this back then not only exclaimed in awe.

“So he’s the little divine doctor, I was there at the Wandering auction!”

“Yes, I was there too, I didn’t expect that the high achiever back then was him! It’s true that you can’t judge a man by his appearance!”

“Who says he’s not? He’s so rich and still dresses so ordinary, he’s really aloof from fame and fortune!”

“Now Hu Fei is completely finished!”

“Not only Hu Fei, I’m afraid that the Hu family’s plan will also be ruined.

The group of people were talking, and Hu Fei in the distance was so dumbfounded that he heard the whole thing.

“How can this be, how can this be, how can he be the Little Godly Doctor, how can a Little Godly Doctor be dressed like this!”

Hu Fei shouted in anger.

From afar Wang Yifeng could not help but laugh at his words.

“What do you care what the Little Doctor wears? That’s all he likes, what’s the matter?”

“You are sick, aren’t you? You are so rich and still dress so poorly, you are sick!”

Hu Fei thundered, he was furious.

However, Luo Ming didn’t bother to pay attention to him and turned his head to look at Wang Yifei and laughed.

“Next, I’d like to introduce this man! Wang Yifei is a famous feng shui master in Tanjiang City who is famous for catching ghosts and subduing demons.

“Wow!”

As soon as this introduction was made, the surroundings could not help but recall another outcry, a feng shui master, a hero who saved people, which one of these did not deserve their respect.

“It’s over! This is completely finished!”

Hu Fei sat down on his buttocks, with despair in his eyes.

“No!”

Suddenly, Hu Fei remembered that there was still a woman who had not been introduced, that woman looked like a green tea whore, a vanity-loving master who mixed in between Lin Ran and Wang Yifeng, if that was the case, then it was enough to show that Lin Ran and Wang Yifeng were not good people, at least he could still pull a game back.

Thinking of this, Wang Yifeng hurriedly stood up and shouted at Luo Ming.

“What about her? She’s a woman mixed in between these two, and what is her status, working as a doctor in a clinic, she can’t also be a rich family’s daughter!”

Hu Fei really didn’t believe that a small clinic would have all kinds of characters, especially when there was a rich beauty around, it was just too much of a stretch.

However, as soon as his words fell, Luo Ming turned his head and gave him a disdainful look, followed by Lang’s voice.

“Last one, Qin Bing! The former head of the Western Medicine Department of the Tanjiang City Chinese Medicine Hospital, the pearl of the Qin family head in the Imperial City, do I need to say anything else about her value?”

“What? The Imperial Qin family?”

“Holy shit! This is a big family in the capital!”

“I’m rich, I’m rich, I must make friends with this Qin Bing!”

“Hu Fei is completely out of luck this time!”

There was a lot of chatter around them.

Hu Fei was dumbfounded, his head was blank, only the sound of “buzzing” kept ringing.

Suddenly there was a loud “pop”, followed by Hu Yang’s curses.

“Bastard, look what you’ve done!”

In the distance, Wang Yifeng saw this scene and could not help but laugh.

“Old man, be gentle, don’t break your precious son!”

As soon as these words were spoken, everyone around them could not help but laugh out loud, except for Hu Yang and his father, who felt their faces burning with embarrassment.
