

Wonder Doctor

Chapter 631

“What the hell? A night pot?”

Wang Yifeng was stunned at first, and then burst out laughing with his stomach covered.

“Holy shit! Old man, I thought how good your eyesight was, you actually found a night pot out!”

Wang Yifeng said and pointed to the large pile of stuff they had moved away from the side, laughing.

“You guys came to work for half a day and only found a night pot, how do you want me to say you guys, even if a different dog came and smelled it, I’m afraid it wouldn’t take so long to find it, you two are too funny!”

“Master Lin, this”

The company’s main business is to provide a wide range of products and services to the market.

“Less nonsense, make believe! This is obviously a vessel for holding liquor, not a night jug! It’s not even close to the same thing!”

Master Lin scolded, and these words shook Peng awake for a few moments. He looked at what he had chosen and found that it did not look like a night jug, and immediately spoke up.

“Right! Don’t be ridiculous, the mouth of your night pot is designed so small, or do you just fit into such a small mouth that it works?”

“Haha!”

Peng said even made himself laugh, such a small mouth, not to mention peeing, afraid of deliberately filling it with water can not be filled in.

“Ranzi this”

Wang Yifei was somewhat puzzled, the vessel did look somewhat unlike a night jug, and a curved aperture on it did not look like it was for peeing.

“Kid! Next time use your brain before you speak, don’t talk nonsense if you haven’t seen it, it will only look like you are ignorant understand?”

Master Lin said disdainfully.

Lin Ran smiled at his words but laughed.

“The three directions of the vessel, east and west, south, each have a dark slot, push the aperture on the top and you can drop that, this aperture is for pouring water, you pee against the aperture, I’m afraid only you guys can think of this idea!”

“What?”

Peng’s face sank as he heard this, and he ran to check it out. As expected, there was indeed a concealed slot in the east, west and south of the vessel, and he pushed it open, only to hear a “bang”, and the

aperture and the bottom part of it really separated, immediately becoming the shape of a bowl, with the bottom half just right for a night pot.

“This”

Peng was stunned, somewhat unable to believe what was before him.

“Holy shit! What’s with this slut!”

Suddenly, the next one cursed, and at once Peng and Master Lin also smelled a smell of urine, rushing him to hastily snap the orifice back up.

“Master, this”

Peng was angry and furious in his heart, and looked at Master Lin and questioned.

“Impossible! This is definitely for holding wine, this aperture can be removed, it can only be convenient when filling wine, otherwise what is the use of this aperture above, and what is the purpose of needing this aperture plug!”

Master Lin asked reluctantly and rhetorically, and now there was still doubt about this aperture plug, after all, the huge smell of urine in the vessel was too obvious, and if he could not find a suitable reason to explain it, this object might really be a night jug.

“Besides, it’s not surprising that it smells like urine, after all, how long have antiquities been wandering around after all these years? It’s not guaranteed that it will be taken as a night pot by future generations of people who don’t know what they’re doing, like you!”

Master Lin looked at Lin Ran and sneered, a remark that in turn led the spearhead back to Lin Ran.

“Oh, is it interesting to be sophomoric at this point in time?”

Lin Ran laughed.

“Humph! If I say so, it’s sophistry, if you say so, you’re right, what! Your family made this magic weapon!”

Master Lin laughed coldly and said

“You really won’t die until you reach the Yellow River!”

Lin Ran laughed helplessly, and then pointed to the hole plug and said.

“This hole plug is used to plug the orifice, the ancient people’s night pots were taken by maids to clean them, and this hole plug was used in the process to prevent spillage, you can pick it up and smell it if you don’t believe me!”

“You!”

Master Lin was furious at his words, asking himself to pick it up and smell it? This was simply an insult to himself.

“Why don’t you dare?”

Lin Ran sneered.

“Who says he doesn’t dare, just smell it!”

On the side, Peng was unwilling to do so and immediately pulled out the hole plug and placed it in front of his nose, but then his eyes rolled over and he directly passed out.

“Holy shit! How much does this smell, it smokes straight to death!”

Wang Yifeng couldn’t help but laugh at this.

Lin Ran, however, smiled and waved his hand.

“It’s not dead, it’s just smoked out!”

“You guys!”

Grandmaster Lin’s face turned blue and he didn’t know what to say for a moment.

“Master Lin, pay up, it’s fifty thousand in total!”

Beside him, Gu Readming was however ready to swipe the card machine and collect cash, and looked at Master Lin with a smile.

“Get up and pay!”

With a cold face, Grandmaster Lin kicked Brother Peng who had smoked over next to him and opened his mouth to scold him.

“Fine! Payment!”

Brother Peng was busy getting up and taking out his wallet, but then he froze, he just came back to his senses and said.

“No, Master, I’m paying 50,000 just for a night pot, aren’t we going to choose a magic weapon for the shop?”

It was unfortunate that Peng also had a shop to open, so he came here to choose something, but now the choice ended up getting dirty, not to mention that the choice was a night pot, did he want to put a night pot in the shop, if people knew about this, wouldn’t he die laughing.

“You!”

Master Lin’s face was gloomy without speaking, Peng saw this and knew that this guy could not be relied upon, he was busy looking at the boss and laughed.

“That Boss Gu, can I get another piece, I can’t use it even if I buy a night pot!”

“No way!”

Gu Readming refused at once.

“The antique business is all about eyesight, today it’s your bet here that I’m allowing you to discuss things first, if it was in normal times, no one would give you this time or tell you what this item is, this is the rule in this business, you’ve picked it out, this is a done deal, pay up!”

“But this!”

Peng was a bit hesitant, he spent 50,000 on a night pot, he couldn’t really use it himself, wouldn’t it be creepy to get up in the middle of the night and not go to the bathroom and use the night pot in his room?

“What? Want to turn against the water?”

The first thing you need to do is to get a good idea of what you’re getting into.

“No one has ever broken the rules of my Gu Yu Zhai, do you want to try?”

Gu Read Ming said in a cold voice, and as soon as his words fell, the big, pugnacious man at the side immediately took two steps forward and made a fierce expression at Peng, as if he was going to crush him to death at any moment.

“Don’t! Don’t, buy! Can’t I still buy!”

Peng had a bitter look on his face, what could he do if he didn’t buy? Could he really get beaten up? He would still have to pay!

“Master Lin, you’ve picked it out really well!”

Brother Peng said through clenched teeth at Master Lin, while heartily taking out his bank card and handing it to Gu Read Ming.

“Not Peng, not Brother Peng! Brother Peng! You heard me, although I looked away, but Lin Ran and the others must have looked away too, you think if I didn’t pick the right one, how could they have picked the right one!”

Master Lin said busily, he had managed to get close to Brother Peng, the little boss, he really didn’t want all his previous efforts to go to waste.

However, just as his words fell, Gu Readming, who had finished swiping his card, smiled and handed over his bank card, saying at the same time.

“Master Lin, this is where you’re wrong again, to be honest with you, the things on this side of the counter are better than this night pot!”

“Impossible, how come there’s a pile of stuff in that corner!”

Master Lin questioned undauntedly.

Gu Read Ming smiled but scratched his head in embarrassment and said.

“That pile of stuff, is the junk that was ready to be disposed of at a low price before, I haven’t had time to clean it up here, to be honest, just this night pot that you bought, when I collected it, it cost me three to four thousand!”

Chapter 632

“Pfft!”

Hearing these words from Gu Read Ming, Brother Peng almost spurted out a mouthful of blood.

“Brother Peng! You heard me, this is my problem, but Lin Ran and the others must not have chosen anything good either, really!”

Master Lin said busily, while pointing directly at Lin Ran and scolding him.

“Bring out your stuff, I really don’t believe that I can’t beat you today!”

“Fine! Since you’re in such a hurry, fatty! Take the goods! Let this old bastard open his eyes!”

Lin Ran greeted with a smile.

Wang Yifeng was already waiting for a long time, and laughed aloud at his words.

“Alright! You’ll see!”

With that, he placed all three items on the table, one in front of the other, and rushed to the crowd.

“There are three pieces in total, the first one you have to pay for, the remaining two we like and pay for out of our own pockets!”

“Humph!”

Master Lin snorted coldly, not bothering to count, and instantly moved towards the first piece.

On the side, Brother Peng was also pained and put away his wallet to follow and look over.

While on the other hand, Gu Read Ming on the side saw the situation but already smiled, while speaking.

“In order to avoid the situation that just happened, payment is now made first! The first piece according to the bet, you guys pay! For the other two pieces, Brother Lin Ran will pay out of his own pocket! We’ll talk about everything when we’ve paid!”

“Yes!”

Lin Ran smiled lightly and immediately took out his bank card and handed it to Gu Read Ming, while Brother Peng, who was at the side, also had to take out his bank card with a cold face.

Gu Read Ming took the card and handed it directly to the men next to him, before shouting loudly.

“First piece! Payment from Master Lin, Brother Peng, for the goods! Four hundred and ninety thousand!”

“Second or third piece, payment by Lin Ran! Payment for the goods, fifty thousand!”

“Pfft!”

Hearing Gu Read Ming’s words, Brother Peng spat out a mouthful of old blood and asked busily.

“How come mine cost half a million and his two pieces are only fifty thousand!”

“You heard wrong, it’s four hundred and ninety thousand!”

Gu Readming corrected.

“Is there a difference? Tell me why!”

Peng said angrily.

Gu Readming was just about to speak up when Master Lin, who was next to him, spoke up.

“Boss Gu, you are going too far. The object he chose is obviously a very common Zhong Kui statue, and the market price is only 30,000 to 40,000, so how can you ask for 490,000! Do you really think that I, Lin, don’t know what I’m talking about?”

“You!”

Brother Peng looked at Gu Yuming with anger in his eyes.

However, Gu Readming laughed.

“That’s right! You just don’t know the goods, you said that this is an ordinary Zhong Kui statue, just because you said that, that’s enough to show that you don’t know the goods!”

“You!”

Master Lin was so angry that his face was ironclad as he questioned.

“Then tell me what is different about this Zhong Kui statue!”

“It’s simple! The casting of this Zhong Kui statue is not a conventional process, but is cast with celestial fire, and \$490,000 is a bargain even for sale!”

Before Gu Readming could speak, Lin Ran at the side had already stepped forward.

“Heavenly fire? What is heavenly fire? I’ve never even heard of it!”

Master Lin waved his hand and said disdainfully.

“You haven’t even heard of Heavenly Fire, what kind of master do you call yourself, I think it’s not bad to be called Big Shit!”

Wang Yifei laughed.

Lin Ran laughed and opened his mouth to explain.

“The so-called Heavenly Fire is the fire in the sky, or in layman’s terms, it’s Heavenly Lightning! It’s also known as lightning!”

“This Zhong Kui statue is only made of bronze, it is at least a hundred years old, but even now the bronze has not faded, but has become more and more textured, this is enough to show that this bronze was cast with extraordinary craftsmanship, and there are signs of whitening on the surface of the statue, this is exactly the shocking white that slowly appears after the heavenly fire is cast!”

Speaking here, Lin Ran turned his head to look at the two Master Lin and sneered.

“Heavenly fire cast Zhong Kui statue can be with and cannot be found, if it is not a regular business basically can’t use Zhong Kui statue, many places can’t use it, but whenever it is replaced with a god of wealth statue like Guan Gong, this item is absolutely heavenly, now do you still think it is not worth four hundred and fifty thousand?”

“You!”

“Me!”

Master Lin was speechless, stammering for half a day without uttering a single word.

“Something’s not right!”

Suddenly, Peng felt that something was wrong, and was busy pointing at Lin Ran and questioning him.

“Since you’ve said that many camps don’t use the Zhong Kui statue, why did you still buy it?”

Lin Ran smiled as he and Wang Yifeng and the others looked at each other.

“Sorry, we just want to open a feng shui company, subduing demons and catching ghosts, face reading and pointing, and it just so happens that we use the Zhong Kui statue!”

“What?”

Peng was so angry that he almost didn’t pass out, and pointed at Master Lin who was cursing at the side.

“You’ve really fucking pissed me off, looking for trouble with people, finding a professional, and still showing off your feng shui skills in front of them, I’m even fucking ashamed of you!”

“No Brother Peng, I didn’t know either, who knew they were professionals, even more professional than me!”

Master Lin also looked bitter, who would have thought that a random person he met in the Antique City would be the one running the Feng Shui company, this is not playing with a big knife in front of the God of Guan, looking for death!

“Cut the crap and get lost!”

Brother Peng was furious and kicked Grandmaster Lin aside, turning his head to look at Lin Ran and the others with anger in his eyes, he left the shop at once.

“Brother Peng, wait for me!”

Seeing this, Grandmaster Lin did not care about any face and immediately followed him.

“Congratulations, Brother Lin Ran, on the opening of the new shop!”

After the two had left, Gu Reading waved his hand and his men retreated, rushing to congratulate Lin Ran with a fist.

“Thanks a lot, Boss Gu, is everything else ready?”

Lin Ran smiled.

“It’s already ready, let’s go out and take a look!”

Gu Readming greeted with a smile, while leading Lin Ran’s crowd out of the inner room.

.....

In the shop hall, the figures of Brother Peng and Master Lin had long since disappeared, and Lin Ran also saw the materials prepared by the fellows, counted them carefully, and nodded in satisfaction.

“Good! Then we’ll take our leave!”

Lin Ran said with a smile.

Afterwards, he exchanged a few more pleasantries with Gu Read Ming and left the Gu Yue Zhai with Play King Yifeng and Luo Qiqi.

But they didn’t know that just as they were inspecting the goods, in the ground stall area outside the Antique City, a furious Peng was already taking out his phone and calling out.

“Blackie! Get your ass over here right now and bring your brothers with you! I’m going to have a killing spree today!”

“What’s going on Brother Peng? Who pissed you off?”

A young man’s puzzled voice came over the phone, having followed Brother Peng for so long, this was the first time he had seen someone who could make Brother Peng so angry.

“Cut the crap, just bring someone here!”

Brother Peng said in an angry voice.

“Good! Don’t worry Brother Peng, I’ve been holding my anger today too, I’ll be there in three minutes!”

The youth said back, and promptly hung up the phone.

“Lin Ran! We’ll see about that, you’ve made my woman yellow, and you’ve screwed me out of so much money, it’s not over!”

Peng’s eyes were cold, and he turned around and stood in place, staring ahead without moving.

Wanting to get out of the Antique City, this outer area of the ground stall area was after all here, Blackie would be here in three minutes, and he was going to stand here blocking Lin Ran.

“Three minutes! In three minutes, I will make you kneel in front of me, half a million? I’ll make you not take a single penny! Still want to take Laozi’s money, I’ll show you why the flowers are so red!”

Chapter 633

“Ranzi, is there such a rush? You want to meet the shop now?”

After leaving the shop, Wang Yifei was busy asking, all morning they had strolled around three places, first they went to the building materials city to find one to install surveillance, then the office furniture

yard, and now just after coming out of Gu Yuzhai, Lin Ran had to rush back to the shop again without stopping.

“Time is short and the task is heavy, we can’t slacken off!”

Lin Ran returned indifferently, it was good to open a company, but he didn’t want to waste too much energy on it, right now he just wanted to finish his company so that he could dive into cultivation and get his strength up to the pillow’s requirements as soon as possible.

“Creation realm, it’s not that far!”

.....

The three of them were chatting while walking towards the outside of the Antique City, but as they walked, Wang Yifeng, who was at the front, stopped in his tracks and turned back at the same time.

“Isn’t that the kid from earlier, what’s he doing standing here on the main road?”

“Hm?”

Lin Ran smiled and looked up, and indeed found that Peng was standing in the middle of the road not far in front of him, not moving and looking straight at his direction.

“He shouldn’t be back to being stimulated by you to go crazy!”

Kiki Luo said softly from the side, a little worried.

“Not so much, this kid has such poor tolerance in his heart? He’s gone mad after just such a little thing?”

Wang Yifeng was a little puzzled, but Lin Ran frowned slightly and spoke.

“Let’s go, don’t pay any attention to him!”

Saying this, he took the lead and walked towards the front.

The streets were filled with people, and although it was almost noon, the crowd had no intention of fading away, but rather was still growing.

Lin Ran walked idly towards the front, as if he didn’t see Brother Peng at all, while Brother Peng also stood in place with his eyes staring straight ahead, as if he didn’t see Lin Ran at all.

“Holy shit! This kid can’t really be stupid, can he?”

As he passed by Brother Peng, Wang Yifeng couldn’t help but exclaim, he had watched Brother Peng all the way over and this was the guy who hadn’t even moved his head, it was as if he had become a statue.

“Get out of here, don’t get into trouble!”

Luo Qiqi whispered, pulling Wang Yifeng forward.

But just as the three of them walked past Peng and hadn’t gone two or three metres, Peng suddenly spoke up.

“Stand still!”

“Hm?”

The three of them were stunned at the same time when Lin Ran heard this, and their brows couldn't help but frown.

“Looks like this kid is really waiting for us!”

Wang Yifeng couldn't help but laugh.

“There's something else?”

Lin Ran turned around and looked at Brother Peng and asked blandly.

“What do you think?”

Brother Peng had anger in his eyes as he looked straight at Lin Ran.

“Stirring up Laozi's woman and cheating me out of half a million fucking dollars, you think this is just going to go away?”

“Willing to bet, not cheat, too scummy woman gone himself, who to blame?”

Lin Ran blandly glanced at him and said flatly.

“What fucking sophistry, if it wasn't for you Xiao Li could have left me? If it wasn't for your old man, could he have embarrassed himself in public like that? Did you get my half a million dollars out of my pocket? Fuck, you're talking a big game, but in the end it's all your doing!”

The moment he said that, he drew people around him to look at him. The crowd in Antique City was so large that dozens of people came to look at him, not to mention those who came afterwards.

“The more people know about it, the worse it is!”

Lin Ran looked at Brother Peng indifferently, then turned around and was about to leave.

When Brother Peng saw this, he laughed.

“What? Afraid that if there are many onlookers, I'll reveal your true colours? You're a fucking liar!”

“You're thinking too much!”

Lin Ran didn't even turn his head back and said blandly.

“I was afraid that everyone would know about you having an STD, and it seems you don't care, so forget it!”

“What? That kid has a sexually transmitted disease!”

“Holy shit! Get out of the way, I'm too close to him!”

“Get out of the way!”

“Get out of the way!”

At once the crowd of onlookers couldn't help but riot, each hurriedly backing away from Peng, as if they had encountered some plague god.

"You guys!"

Brother Peng was so angry that his face turned blue, and he gave Lin Ran a deadly glance as he said in a cold voice.

"Sharp teeth, later on, I will make the old man kneel in front of me, and by then, even if you kowtow to the old man and beg for mercy, it will be too late!"

"Shuffle off!"

Lin Ran still didn't turn around, walking forward on his own, seeing that he was about to do walk into the crowd of onlookers and leave.

But at that moment, suddenly, the crowd in front of him parted a way, while a dozen of punks with baseball bats actually came out from inside.

"Brother Peng, that yakuza is bullying you, I, Blackie, won't beat him up today until he doesn't even know his own mother!"

A burly young man walked out surrounded by a group of his men, cursing as he walked.

"Hm?"

As soon as the words left his mouth, he saw Lin Ran and instantly his face changed and he was busy laughing.

"Hey, isn't this Brother Ran? You're here too! Brother, I still have something to do, so I'll just talk to you!"

Blackie laughed awkwardly while hurriedly walking past Lin Ran, jokingly, he had almost not been killed by Wang Yifeng in the office supply shop just now, so how could he possibly dare to look for trouble from the three of them now.

"Pfft!"

Wang Yifei had already seen that this black guy was Peng's rescuer, and couldn't help but laugh out loud.

Lin Ran, on the other hand, had a bland face and didn't say a word as he stepped forward and continued walking towards the front.

"Bastard! That's the kid, the one called Lin Ran, kill him for me!"

Behind him, Peng was gnashing his teeth in anger.

"What?"

Heizi was all suddenly baffled at his words, and so were all the punks present, as they looked at Heizi and then at Brother Peng, not knowing what to do for a while.

“Peng Peng, you made a mistake, didn't he”

Blackie stammered his words, he was really scared, but the situation now also made him a bit of a hard ride.

“He what he! I told you to get him killed can't you understand human language?”

Peng said angrily.

“But”

Blackie still had some hesitation and couldn't help but turn his head to look at Lin Ran, only to find that as soon as he turned his head, Lin Ran also turned his head to look at him, those eyes were so cold that they were simply terrifying, he felt his whole body chill like falling into an ice cave after just one look.

The first thing he did was to look at him with a cold smile, and at the same time he clenched his fist, making a “click” sound that made him gag.

“Peng The first thing you need to do is to get a good idea of what you're doing.

Heizi said as he looked at Peng.

“Misunderstanding you big man, Lao Zi Ran you get him to death do you not understand?”

Brother Peng was so angry that he gritted his teeth and scolded at Blackie.

“If you don't get him killed today, I'll get you killed!”

“Me!”

Blackie's face changed at his words, and looking at the angry Brother Peng, his whole body trembled in fear as he quickly thought of countermeasures in his mind.

A moment later, finally, he clenched his teeth and looked at Brother Peng, nodding solemnly while shouting.

“Brothers, give me a fight! Damn it, get him dead!”

“Good!”

A group of gangsters shouted at once, and then copied the guys and rushed out, but at the discovery of this rush, Peng was speechless.

“Where the fuck are you going? What are you doing rushing towards me?”

“Huh?”

Blackie heard the words also a startled busy turning his head to look, only to find that his own group of men are actually rushing towards himself, hurriedly shouted.

“Running in the wrong direction, it's to fight that kid!”

Blackie pointed at Lin Ran and chided.

Chapter 634

“I’m so fucking!”

Peng couldn’t help but cover his face, he was really bashful.

The men he had shouted at had actually tried to make a move on himself just now, and crucially it was still an oops.

“How fucking stupid!”

“Holy shit! I’m laughing my ass off!”

In the distance, Wang Yifeng covered his stomach and laughed out loud, this was the first time he had seen such a stupid henchman.

“I thought that was one of our guys!”

Luo Qiqi on the side couldn’t help but laugh too.

The crowd of onlookers around him were laughing and making “phee” noises from time to time.

“Hit me! To death!”

Blackie was also bashful and rebuked him directly to cover up his embarrassment.

The group of punks soon surrounded Lin Ran and the three of them in order to prevent them from escaping.

Lin Ran, on the other hand, had a bland look on his face, not giving these people a second thought.

“Kid! You fucking run!”

Brother Peng also ran over at this moment and sneered at Lin Ran.

“Fight with me, I’ll show you why the flowers are so red!”

As the words fell, a group of men led by Hei Zi also rushed in front of Lin Ran, and without saying a word, they grabbed baseball bats and beat him.

Lin Ran smiled indifferently and kicked one of the front gang members with a loud “pop”, sending him flying backwards.

“Fatty, protect Kiki!”

Afterwards, Lin Ran shouted at Wang Yifeng, followed by an arrow step and rushed out.

Fast! The speed was so fast that it made people tremble, a dozen of punks were in Lin Ran’s way, but none of them could touch him.

In a few breaths, Lin Ran had already rushed out from the encirclement and appeared in front of Hei Zi.

“Don’t Brother don’t! Don’t hit me!”

Blackie hurriedly begged for a detour, just now being forced by Peng, he had no choice but to let his men do it, but how monkeyish he was, he didn’t even go up himself, he just hid behind and watched.

But who knows, even if he was so careful, he was still being targeted by Lin Ran at this time.

The key is that this guy, at all that is like entering a no man's land, running through so many men to get close to himself, only a few breaths of time, is this still a fucking human being?

Blackie's heart was completely cold.

"Get lost!"

Lin Ran coldly reprimanded, followed by a slap to his face, sending him flying backwards.

If Wang Yifei's slap had frightened him, then Lin Ran's slap had made him understand completely what it meant to be frightened!

It was this slap that made him dizzy and feel as if he had almost died.

"Run! Run! Run!"

As soon as he landed on the ground, Blackie shouted, and he himself, almost unconsciously, pulled his legs out and ran, what with Brother Peng and all, it didn't matter at this point, his own life was the most important.

"Bastard! Blackie you wimp!"

Brother Peng couldn't help but curse, but just as these words fell, a figure had already appeared in front of him, it was none other than Lin Ran.

"Goo dong!"

Brother Peng couldn't help but swallow his spittle, and was just about to open his mouth to greet his men, but when he turned his eyes, his heart was completely cold, the men that Blackie had brought with him were all gone, all of them had gone into the crowd and run away.

"The two armies are at war and the commander has been captured before the battle has even begun.

"That, this Brother Ran, I have something to do at home, so I'm going to leave now!"

The company's main business is to provide a wide range of products and services to the market.

"Pop."

A palm rested on his shoulder, only to hear Lin Ran laugh and say.

"You're leaving just like that? You haven't seen why the flowers are so red."

"No... I'm not looking, I still have things to do at home!"

Peng laughed awkwardly, his footsteps did not stop.

Lin Ran laughed at this.

"In that case, it seems your family business is quite urgent, let me give you a ride!"

With that, Lin Ran lifted his foot and rushed at Brother Peng's buttocks.

When Brother Peng heard Lin Ran's words, he was scared half to death and was busy saying.

"No, don't"

As soon as the words were finished, a huge force came from his buttocks, followed by his whole body flying out directly towards the front.

The crowd was six or seven meters thick, but the distance was so thick that Peng flew straight out.

When he landed on the ground with a bang, he was already far away from the crowd of onlookers.

"Demon! This guy's definitely not human!"

Peng exclaimed, getting up and spreading out, how could a human being do this, even Hercules couldn't kick a person so far out, it was simply unscientific.

"Let's go!"

Watching Peng disappear at the end of the road, Lin Ran turned around and greeted him, and then whirled into the crowd.

.....

Leaving the Antique City and returning to the shop, it was already noon. To Lin Ran's surprise, just after he arrived at the shop, he ran into Tianzhu, who had finished installing the surveillance, head-on.

"Boss Lin, it's all done! Take a look at the results!"

Tianzhu smiled, then took out his laptop and opened the screen, and soon the image of the shop entrance was displayed on it, not to mention it was really very clear.

"I've installed two of them for insurance purposes!"

Tianzhu laughed, while pulling out another one.

If it were anyone else, I'm afraid they would have thought that this kid wanted to make more money, after all, installing two monitors at the entrance was a bit of a waste.

But this was just right for Lin Ran.

"Well done, where's the remote control?"

Lin Ran asked, what he wanted was not only for the surveillance to be dead end free, but more importantly for it to also be remotely controlled.

"Don't worry, it's already prepared!"

Tianzhu laughed, while taking out his phone and showing it to Lin Ran.

"This is the remote system software, you download an account password I'll say to you, on it you can view the surveillance remotely and also remotely control every surveillance camera!"

"Mm!"

Lin Ran nodded at his words, immediately took out his phone and operated it step by step according to what Tianzhu said, seeing that the effect was not bad, he couldn't help but nod in satisfaction.

"That Boss Lin, just now when I was installing the surveillance, I took a look around this shop of yours, it's not a small shop of yours! If you install it all when the time comes, the money won't be cheap!"

Tianzhu laughed, he wasn't worried that Lin Ran wouldn't install it, he had agreed this morning that if Lin Ran wanted to install surveillance, the whole shop would have to come to him, and Lin Ran didn't look like someone who would go back on his word, so he wasn't worried that Lin Ran would backtrack.

"Don't worry about the money, as long as I'm satisfied, money is not a problem!"

Lin Ran laughed, while thinking about it and asked.

"By the way, renovation and monitoring renovation, does it conflict?"

"It mainly depends on what you think, generally speaking it's after the renovation is done that the surveillance goes, the renovators will leave the lines for the surveillance, but in my opinion, it's also possible to go ahead with the surveillance!"

Tianzhu laughed.

"If you walk the monitoring lines in advance, when the time comes for renovation, you can completely cover up the lines inside, just like walking the concealed lines of electrical wiring at home! The two don't conflict!"

Lin Ran smiled thoughtfully and spoke.

"In that case, you go back and get ready to install all the surveillance for me by six o'clock in the afternoon, and! It has to be that there are no dead ends in the entire shop, and you'd better bring more surveillance heads!"

"By 6pm?"

Tianzhu was stunned at his words, such a big shop, to install it all in one afternoon, this workload

Seeing Tianzhu hesitate a little, Lin Ran couldn't help but smile.

"Deadline by six, for every hour earlier, I'll give you 10,000 more! Any more questions?"

"Nope! No problem, I'm on my way!"

Tianzhu laughed, immediately not bothering to eat, he picked up the phone and went to shout at someone, jokingly, for every hour early plus 10,000, this was a fucking white whale, how could he not hurry up.

"Hey! Call out ten men for me, damn it! You have to be loaded by three in the afternoon, all those who want to make money give me a sack!"

Seeing that Tianzhu was even more motivated than he was, Lin Ran was relieved and immediately took the materials and entered the shop with Wang Yifeng Luo Qiqi.

Chapter 635

Lin Ran didn't care about Tianzhu's arrangement and let him get it right, in the end he just had to see the results.

"Qiqi, go and fix the meal!"

Lin Ran greeted, and immediately joined Wang Yifeng in setting up within the shop.

As the shop was a double-storey structure, plus there was a small courtyard, the formation was really a bit complicated to set up.

For a Feng Shui company, apart from the usual fortune and wind attraction formations, Lin Ran had also prepared a set of auspicious and inauspicious house-holding formations, because after all, in this kind of business, one cannot help but deal with some dirty things, which would also affect people over time.

Therefore, Lin Ran was also extra careful.

"This time, for the three talents merging formation, the base of the formation is on the ground floor and in the courtyard, and the core is placed on the first floor, this is the most secure!"

Lin Ran told Wang Yifeng what he intended to do, and then the two of them began to work on it.

The ground floor and the courtyard needed to be set up, and the two of them each worked on one place, placing all the pre-prepared materials at the base of the formation, and at the same time hiding them well so that they would not be discovered or inadvertently touched by some people who did not know the truth.

And while the two of them were busy, Luo Qiqi also bought lunch.

Lin Ran and the two hurriedly ate it and then continued to work. As time passed, after an hour, the formation base of the ground floor had basically been laid out, and there were still two or three places just waiting for Wang Yifeng to set it up, and it would be considered complete.

"Qiqi, come upstairs with me!"

Lin Ran greeted.

The formation base on the ground floor was complete, and there was only the pivot position on the first floor left, which Lin Ran needed to personally choose, and then the entire Three Talents Formation could be mobilised, and it would be considered complete.

"Brother Lin Ran, look, you can actually see the nearby lake from here, it's so beautiful!"

Luo Qiqi, the nee-san, looked out of the window and couldn't help but marvel at the scenery.

"Is that so?"

Lin Ran casually replied, but his mind was all about choosing a location.

This formation hub was the pivotal position of the entire formation and had to be guaranteed to be spotless, so at this moment Lin Ran was also very nervous.

"Why did I forget to buy a ruler?"

Just as Lin Ran was determining the centre line and preparing to position himself, he suddenly realised that he actually didn't have a ruler with him.

"What's wrong?"

Luo Qiqi ran over after watching the scenery, and when she saw Lin Ran frowning slightly, she couldn't help but ask.

"Have you seen that Tianzhu and the others have a ruler?"

Lin Ran asked.

"I haven't seen it, they don't even seem to use rulers!"

Luo Qiqi wondered.

Lin Ran smiled a little helplessly, but then his gaze fell on Luo Qiqi.

"Kiki! Do me a favour!"

Lin Ran smiled, only this smile was a look that made Luo Qiqi couldn't help but cover her chest.

"You What do you want? You can't mess around in this broad daylight!"

"What are you thinking, I need a ruler for positioning, I don't have one here, you act as one!"

Lin Ran was busy explaining.

"O! That's like that, okay!"

Luo Qiqi agreed with a smile, just now she thought what this guy was going to do, scaring herself so much that she hastily covered her chest.

"Stand here!"

Lin Ran didn't think much of it and pointed to a pillar located between the two windows and said.

"Like this?"

Luo Qiqi leaned against the pillar, flanked by just the glass of the floor-to-ceiling windows, and she was standing just in the way of the wall between the two floor-to-ceiling beds.

"That's it, don't move!"

Lin Ran said busily, while taking a few steps back and observing the distance, followed by a slight frown as he realised that Luo Qiqi's height was a little short of where he expected her to stand, even though she was also about one meter seven.

"Kiki! Spread your arms out and put them up!"

Lin Ran said busily.

"Like this?"

Luo Qiqi did as she was told, stretching her hands out completely and placing them above her head to point distantly at the sky.

“Yes! That’s it, don’t move!”

Lin Ran nodded in satisfaction and picked up the marker and walked over, setting himself at a position that was almost at the point of Luo Qiqi’s wrist, which the ninny could just reach with her hands stretched upwards.

“Don’t move, I’ll mark it!”

Lin Ran was busy reminding, followed by picking up the pen and going to make the mark, but this close proximity of his made Luo Qiqi a little uncomfortable, and her pretty face suddenly turned red, while the location paper on Lin Ran’s body drilled into her nose, causing her to sneeze at once.

“Ah-choo!”

“Ahehe! What’s wrong?”

Lin Ran was caught off guard and was startled, and the marker in her hand fell to the ground.

“It’s alright, you go on!”

Luo Qiqi was a little embarrassed and hurriedly stood up again with her hands outstretched.

“Alright!”

Lin Ran had no choice but to bend down and pick the marker up, while getting up and preparing to mark again.

But when he picked up the marker and got up, Lin Ran’s gaze was on the scenery outside the floor-to-ceiling window next to him, and also on the large lake that Luo Qiqi had just mentioned.

The big lake was just outside the window and was very conspicuous to look at, the whole big lake was actually majestic and very beautiful, the key was that this kind of man-made lake was also very big, making Lin Ran couldn’t help but praise it.

“It’s so big!”

“Huh? What’s so big?”

Luo Qiqi was stretching her hands out straight and didn’t notice what Lin Ran was looking at, while it’s not easy for her to look down at the moment with her head because of her hands, so she didn’t know what Lin Ran was talking about

“Just that ah, it’s really big!”

Lin Ran praised.

“Hmm?”

Luo Qiqi was getting stranger and stranger as she listened, and couldn’t help but glance down, but then her whole body froze, and her pretty face instantly turned red.

At this moment, Lin Ran was holding the marker, his body was half bent and half straight, that position was exactly where Luo Qiqi's chest was, when she saw this scene, it was simply as awkward as it could be.

"Brother Lin Ran, don't look at it!"

Luo Qiqi was a little embarrassed and said busily.

"Huh? Why? It's so nice, let me watch it for a while, I didn't care when you said it earlier!"

Lin Ran laughed.

"When did I say that just now!"

Luo Qiqi's pretty face turned even redder, recalling carefully, she didn't seem to have said anything just now, did she?

"You've forgotten? Didn't you just say that the lake was very beautiful? This lake ah is big too!"

Lin Ran looked at Luo Qiqi and wondered how this nee-san had forgotten so quickly.

"The lake Lake? You're talking about the lake?"

Luo Qiqi was instantly baffled and looked at Lin Ran, her pretty face turned even redder, people turned out to be talking about the lake, but she herself

"What do you think I'm talking about?"

Lin Ran wondered, but then reacted, his gaze straight ahead, positioned better on a horizontal line with where Luo Qiqi was tense.

"Eh!"

Lin Ran was filled with embarrassment as he hurriedly got up and scratched his head.

"Eh, you're talking about that ah, its Actually It's quite big too!"

"You!"

Luo Qiqi was so angry that her pretty face turned red, glaring at Lin Ran and said.

"Hurry up and mark the spot, in look! I'll be on my way!"

"Er Fine fine right away!"

Lin Ran was full of embarrassment and immediately picked up a marker to mark the location, not even daring to look at Luo Qiqi with his eyes.

"Bastard! Rascal! Are you staring at people like that again!"

Luo Qiqi was furious, remembering how Lin Ran was staring at his own just now when he reacted, she was both ashamed and excited, she couldn't tell how she felt.

"Blah blah blah! Who's excited, he's a rascal, who wants him to stare! It's a shame!"

Chapter 636

After awkwardly marking the last spot, Lin Ran couldn't help but sigh with relief.

"What time is it?"

Lin Ran awkwardly digressed, not wanting to talk about what had just happened.

"Let's see!"

Luo Qiqi was also of this mind and hurriedly took out her phone to take a look and said.

"Fifty past two!"

"Hmm!"

Lin Ran nodded his head and was just about to call out to Wang Yifeng to ask if the formation base downstairs had been installed, when this guy spoke up first.

"Ranzi, the formation base is done! Why don't you come down?"

"Come down? What is it?"

Lin Ran asked.

"It's Tianzhu, the surveillance is all set up! You come down and see the effect!"

"Good!"

Lin Ran nodded in satisfaction at his words and immediately went downstairs with Luo Qiqi, the location of the pivot of Sancai really had already been marked out, he wasn't in a hurry to trigger it now, it wouldn't be too late to inspire it later when the surveillance thing was done.

"Boss Lin, take a look, the surveillance is all done, but I have to remind you, this laptop is mine, you'll have to turn around and buy one for yourself!"

Seeing Lin Ran, Tianzhu was busy coming forward and smiling.

"A computer?"

Lin Ran was stunned at his words, indeed he didn't have a computer yet!

"Don't worry, I've already asked someone from Computer City to send one over, it'll be here in ten minutes!"

Luo Qiqi laughed beside her again.

Lin Ran was delighted at her words and couldn't help but scratch her little nose.

"You still know what you're doing!"

"Alright, let's get started!"

Lin Ran turned his head to look at Tianzhu and greeted him.

“Alright!”

Tianzhu greeted, and immediately a dozen surveillance screens appeared on the screen, monitoring all the locations of the entire clinic.

“How’s that boss? There are no dead ends in all directions, even a mosquito, I can make it hide nowhere!”

Tianzhu laughed.

“Not bad!”

Lin Ran smiled and nodded, while asking.

“How much is it?”

At the mention of money, Tianzhu immediately came to life and laughed.

“The payment for the goods is 20,000 in total, plus the hour earlier you said before is 10,000, it’s not even three yet, so in adding 30,000, that’s 50,000!”

Said Tianzhu, and looked at Lin Ran, as if he was afraid that he would backtrack.

“No problem, right now”

Lin Ran laughed, but before he could finish his words, they immediately came to a screeching halt, while Lin Ran’s face turned ugly.

“Boss Lin? What’s with you?”

Tianzhu was not only a little worried when he saw this, could it be that this guy was really going to turn against him?

“Tianzhu, this surveillance still needs to be transferred!”

Lin Ran frowned and said.

“What’s wrong?”

Tianzhu asked busily.

“There’s a deadly dead spot in this empty space!”

Lin Ran said.

“A deadly dead spot? That can’t be, every place is irradiated!”

Tianzhu was busy explaining, but at the same time, he was also a bit drummed in his heart, could it be that this kid Lin Ran was really going to turn against us? He was denying what he had said?

“You don’t believe me?”

Lin Ran turned his head to look at Tianzhu.

“Boss Lin, it’s not that I, Tianzhu, don’t believe you, I’ve been in this business for almost ten years, I can tell at a glance if there are any dead ends! You’re not trying to renege on your debt, are you!”

Tianzhu said indifferently.

“You want to renege? I don’t care about this money, you don’t believe me, do you?”

Lin Ran laughed, and instantly stepped out of the shop, rushing at Tianzhu at the door.

“Now watch this, before I reach you, if you can see me in the surveillance, I’ll give you another 10,000, if not, change it as I say!”

“No problem!”

Tianzhu was confident, from being an apprentice to now, he had been in the surveillance business for an unknown number of years, how could he possibly be wrong, this was just a joke.

And Wang Yifei and Luo Qiqi on the side ignored looking straight scratching their heads, wondering how Lin Ran could see that there was a surveillance dead end.

The three stared at the surveillance, their eyes constantly sweeping over all the screens, trying to find Lin Ran’s location, but after two whole minutes of watching not to mention Lin Ran’s person, they didn’t even see the shadow of a person.

“Snap!”

Suddenly, just when the three were staring at the screen seriously, there were two muffled sounds coming from beside them, followed by Tianzhu who froze as he felt someone tapping his shoulder.

“Two bosses, stop it, hurry up and find someone!”

Thinking it was Wang Yifeng joking with himself, Tianzhu slapped the hand on his shoulder down without looking back.

“No need to look, I’m right behind you!”

A voice blandly came over, the three of them were stunned, followed by a hurried turn of their heads to look, and indeed they found that Lin Ran had actually appeared behind the three of them at some point.

“This How is this possible, how could the surveillance I installed have a dead spot?”

Tianzhu’s heart was shocked and he couldn’t help but feel his scalp tingling, while the gaze he viewed Lin Ran changed.

“Alright! Now go and install the top of the shop as well, you’re not seen above this surveillance system, someone better prepared, or someone with good hands, can totally come down from above and block the surveillance all the way!”

Lin Ran explained.

“Up Up there?”

Tianzhu was stunned, and his heart could not help but wonder, who installed monitoring also monitor the sky, this Lin Ran in the end is what to do, open a company also monitor the sky, this in the end has to be what kind of treasure, but also so careful ah.

“Good! I’ll go and arrange it right away!”

Although the heart wondered, but this thing still has to go, after all, who would not with the money in the past.

Under Lin Ran’s instructions, soon Tianzhu had all the dead corners that were there put up with surveillance, so that the surveillance within the whole shop was all completed.

“The computer has arrived, put it there?”

Then the computer arranged by Luo Qiqi was also delivered.

“Put it inside the front desk!”

Lin Ran greeted.

The whole shop was still preserved as the previous tenant had renovated it, so it was only inside the front desk that it was the most hidden, and for the convenience of moving it around for later renovations, Tianzhu had slipped in a long spare cable, so this location would be sufficient even if it was pulled down to the first floor.

After putting the computer in place, Tianzhu also deployed the monitoring system on the computer, and only then was it all over.

Lin Ran paid the money and sent Tianzhu and the others away, then he asked Wang Yiming to close the door of the shop, and the three of them went to the first floor and prepared to activate the Three Talents Formation.

But after arriving on the first floor, just as Lin Ran was about to activate the Three Talents Formation formation, suddenly, he was stunned.

“What’s wrong with Ranzi?”

When he saw that Lin Ran’s face did not look right, Wang Yifei hurriedly asked, while also unconsciously drawing his divine Dragon Blade, fearing that something might change.

“The pivotal mark of the formation I set just now, it’s gone!”

Lin Ran said with a frown.

“Ah?”

Luo Qiqi was stunned at the words and hurriedly looked, and she found that the marker line she had just drawn in conjunction with Lin Ran had actually disappeared.

“Holy shit! There’s really a ghost here, damn it!”

Wang Yifeng immediately touched his waist, ready to take out his magic torch and let the old woman cure the explosion with an explosion.

“Don’t move yet!”

Lin Ran said busily.

“That thing must have come up to haunt us while we were all on the ground floor, don’t do anything rashly now that we can’t find her so as not to spook the snake!”

Said Lin Ran, looking towards Wang Yifeng.

“You go down and guard the surveillance computer, don’t let it do its job, and Kiki follow me! We’ll position ourselves from the new!”

“Good!”

“Good!”

Wang Yifei and Luo Qiqi answered at the same time, this was no time to be pretentious, Wang Yifei immediately rushed downstairs and shouted when he saw that the surveillance was intact.

“Good!”

Lin Ran sniffed back, and immediately worked with Luo Qiqi to reposition the pivot of the formation again.

“You go down first, don’t leave Wang Yifeng’s side, I’ll go down as soon as I activate the formation!”

Lin Ran arranged.

“Mhmm!”

Luo Qiqi didn’t dare to delay, and immediately ran downstairs.

Chapter 637

Activating the formation was not a difficult task for Lin Ran, but the key was that the formation he had set up this time was a three-layer, triple talent formation made up of three formations, so the process would be quite tedious.

Lin Ran started by activating the first layer of the formation, followed by the second layer and finally the third layer.

And as the number of layers of the activated formations increased, the time required also increased, and by the time the activation of the third layer of formations was complete, an hour had already passed.

“Phew, it’s really troublesome!”

Lin Ran couldn’t help but sigh, while his eyes micronized and placed his gaze on the formation pivot.

All three formations were activated, and this was also the final step to merge the three seated formations into one, forming a complete Three Talents Formation.

“Go!”

Lin Ran chided, following a strand of Medical Dao True Qi as a guide, piercing through the layers along the formation, and then reaching the location of the formation's pivot, where there was the kernel of a Vajra Luohan Fruit, also known as the Vajra Fruit Kernel, which was the formation pivot of the entire Three Talents Formation.

"Let's begin!"

As Lin Ran bellowed, at once, using the Medical Dao True Qi as the guide and the Vajra Fruit Kernel as the carrier, three different coloured auras fiercely emerged around it, and then continuously rotated around the Vajra Fruit Kernel.

And as the Vajra Fruit Kernel continued to rotate, the Medical Dao True Qi and the three different coloured breaths quickly converged on the Vajra Fruit Kernel only, and continued to seep into it.

"As long as it all seeps in, it's done!"

Lin Ran looked tense as he stared at the Vajra Fruit Kernel not daring to be the least bit careless.

As a little bit of time passed, soon the three different coloured auras became very faint, and the rotation speed of the Vajra Fruit Kernel was also gradually decreasing.

"Condense!"

Suddenly Lin Ran let out a fierce bellow, and at once the three different auras completely penetrated deep into the kernel, and in an instant a resonant "Weng" sound was heard from the surroundings, and then three layers of different coloured light fiercely emerged, enveloping the entire shop.

But as quickly as the three rays of light appeared, they also disappeared, disappearing without a trace in the blink of an eye.

The Vajra Fruit Kernel that was originally hanging in the sky also dissipated at this time.

"It's done!"

Lin Ran's heart was overjoyed, and then he stepped down the stairs.

.....

"How is Ranzi?"

When he saw Lin Ran come down, Wang Yifeng immediately shouted.

"It's done!"

Lin Ran smiled and nodded his head.

"So what now?"

Wang Yifeng asked busily, pointing outside.

By now it was almost six in the afternoon, although it was early spring, today its not a good day, so it was dark outside early.

"Stay tonight, incomparably pull that thing out!"

Lin Ran said solemnly.

“I’m fine with it, the key is Kiki and her!”

He was a professional ghost hunter himself, so naturally he wasn’t afraid, but Luo Qiqi was just an ordinary person after all.

“I’m not afraid! Don’t try to send me away!”

Luo Qiqi said directly, pointing at Lin Ran and Wang Yifeng at the same time.

“You two big men are here, can’t you still protect me?”

“This”

Wang Yifeng scratched his head, somewhat unsure of what to do.

“Forget it, let Kiki stay and we’ll be careful later!”

Lin Ran said.

“Alright then!”

Seeing that Lin Ran had agreed, Wang Yifeng didn’t say anything else, the three of them ate something, and then stared at the computer and waited.

Time passed by minute by minute, and soon it was eight or nine o’clock in the evening, but the three of them still hadn’t found any strange signs.

In order not to alert the snake, Lin Ran even asked the people to turn off all the lights in the shop, and only one computer emitted a miserable white light.

“This dog, he’s not coming, is he!”

Wang Yifeng said with some impatience.

Lin Ran smiled but shook his head.

“No way! Last time we just left a potted plant and it trashed it, this time we altered it so much and even left it in person, it definitely won’t stop and will definitely come tonight!”

“But it’s a ghost, what’s the point of us keeping an eye on the surveillance? Can we still see it?”

Luo Qiqi wondered beside again.

“I didn’t ask you guys to watch the surveillance!”

Lin Ran was speechless too.

“No! Then why have you been staring at it yourself for half a day?”

Wang Yifeng wondered, they just saw that Lin Ran kept staring at the monitor, so they went to look at it themselves.

“I I just did it to pass the time!”

Lin Ran said helplessly.

“Pfft!”

Hearing Lin Ran’s reply, Wang Yifeng almost vomited blood on the spot, just to pass the time, and they ended up watching the surveillance for three hours?

“Ah!”

Just as both Wang Yifei and Lin Ran were slightly embarrassed, suddenly, Luo Qiqi next to her was the one who let out a violent cry of surprise, followed by her entire body falling straight to the ground and paddling towards the back, as if someone was dragging her backwards.

“That thing’s coming!”

Lin Ran shouted explosively, and instantly rushed up with an arrow step, directly pressing down on Luo Qiqi with a smooth lunge.

“Yikes!”

Luo Qiqi was instantly free, but an ear-piercing scream followed from the front, which made the two men’s hair tingle.

“Fatty fuck him!”

Lin Ran greeted as he pulled Luo Qiqi aside.

“Don’t worry, you can count on Master Fatty to do his job!”

With that, Wang Yifeng copied the Divine Dragon Blade in his hand and immediately chased after him with the Magic Buddha in his other hand.

It was only when he passed by the two Lin Ran that he was somewhat irritated.

“Holy shit, let fat master me go catch ghosts, you two are hugging here, is that appropriate?”

“Cut the crap and hurry up!”

Lin Ran urged, Luo Qiqi was also frightened just now and unconsciously hugged Lin Ran, at this moment when she heard Wang Yifeng’s words, her pretty face flushed and she instantly let go.

“How is it? Is there anything wrong?”

Lin Ran busily asked.

“Yes, but just now I couldn’t seem to speak, I just screamed and then it was as if something was choking me!”

Luo Qiqi said busily, at this moment his pretty face was pale and cold sweat was breaking out on his forehead.

“Don’t worry, follow me!”

Lin Ran was busy reassuring him.

And just as the two of them were talking, there was a startled cry from Wang Yifeng up ahead.

“Holy shit it’s still a female ghost, a beautiful woman!”

“Damn fatty, hurry up and catch her! Don’t be a fucking nymphomaniac! Xiao Cui still can’t satisfy you!”

Lin Ran helplessly replied back, this guy could be like this even when he saw a female ghost, it was really helpless.

“Holy shit! Who would resent having a lot of women!”

Wang Yifeng disgruntledly said back, but then exclaimed afterwards.

“Hey hey! Don’t run away, pretty girl, I’m very gentle, come here quickly!”

As soon as the words left his mouth, he heard a “bang”, followed by a “crackling” sound.

“Holy shit! Why is there fucking glass in here?”

Wang Yifeng shouted, at the same time Lin Ran had already turned on the power switch in the shop, and suddenly the whole shop was lit up.

At this moment, Wang Yifei was standing in front of the courtyard, and the glass door leading to the courtyard in front of him had been completely smashed, and blood was coming out of this guy’s head, but it didn’t look like it was serious.

Wang Yifei pointed back at the courtyard and shouted at Lin Ran.

“That’s where the female ghost ran to, there must be something wrong with this yard!”

Chapter 638

“Why don’t you go if there’s a problem!”

Lin Ran greeted busily.

Wang Yifeng smiled but was in a difficult position, scratching his head awkwardly.

“Ranzi, it’s fine if this female ghost comes out, but if this guy doesn’t come out now, I can’t use my strength even if I have fat master!”

“Stupid!”

Lin Ran gave him a helpless blank look and greeted him to protect Luo Qiqi, following which he took the lead and went to the courtyard.

The courtyard was still the same as usual, nothing had changed, plus it was night time, the whole courtyard also seemed to be quiet, I must say, there was only one old banyan tree, there was not even a single weed anywhere else, it really made people feel a bit hairy.

“Brother Lin Ran, it feels a bit chilly to be away from here!”

Luo Qiqi was a bit scared and hid behind Wang Yifeng, whispering.

“It’s not cool at night, if it was hot it would be summer!”

Wang Yifeng, who had no sense of propriety, flirted with him.

Luo Qiqi gave him a glance and said with a glare.

“Damn fatty, it’s already time, you still have the heart to joke, thanks to you still say you are a professional, but in the end, you didn’t even catch someone’s shadow, let them run away!”

“Hey! You say that, can you blame me, Fatty, that female ghost is a ghost after all, it’s too fast, if I hadn’t hit the glass just now, I would have caught it!”

Wang Yifeng retorted.

Lin Ran listened helplessly and waved his hand to stop the two.

“Can you two stop, this big night has brought you here to chat in the courtyard? Stop talking!”

“Eh...”

Luo Qiqi smiled and pouted, not speaking, and Wang Yifeng also did not speak, standing aside vigilantly, afraid that the female ghost was running out.

“Fatty!”

Suddenly, Lin Ran spoke up and shouted.

“You say!”

“I’ll force it out with my hands now, you keep an eye on Kiki, absolutely nothing must happen to her!”

Lin Ran said solemnly.

“Don’t worry, leave it to me!”

Wang Yifeng patted his chest and assured him.

Lin Ran nodded at his words, then turned to look at the old banyan tree and slowly walked over to it.

This old banyan tree was sky-high and the female ghost had disappeared from this vicinity, so it was really hard not to make people think about this tree.

“Go!”

Lin Ran placed his hands on the old banyan tree, and immediately a stream of true qi burrowed down the trunk of the old banyan tree.

The medical daoist true qi quickly traveled within the old banyan tree’s trunk and soon had wrapped the entire tree sound, but to Lin Ran’s surprise, he didn’t find any problems, not to mention the female ghost, he didn’t even find a hint of something wrong.

“Kid! There’s something wrong with this tree!”

Suddenly, just when Lin Ran was so clueless and somewhat unsure of what to do, suddenly the pillow spoke up.

“Speak up!”

Lin Ran was busy urging.

“You use your true qi to check how many yearly rings this old banyan tree has!”

Pillow Book said blandly.

“Wheel of years?”

Lin Ran smiled squarely, not understanding what the pillow side book meant, but immediately did as he was told.

“Hmm? How did this happen!”

Soon Lin Ran was shocked, and under his probing, he found out!

The annual rings of this old Pillow Book in front of him were actually only six or seven rings, meaning that the tree’s lifespan was only a mere six or seven years!

“This can’t be right!”

Lin Ran couldn’t help but exclaim in shock.

“One annual ring a year, if you count it that way, this tree is only six or seven years old, how could it have risen so high in such a short period of time!”

“I don’t know, but one thing is certain, and that is that you do have a big secret inside this shop, it’s up to you to dig it out!”

The pillow book laughed.

Lin Ran smiled but was not happy, and said what big secret, now can find that female ghost are considered good!

“Fatty, fetch the black dog’s blood and force that female ghost out!”

Lin Ran greeted and immediately fished out the yellow talismans from his body and went around the old banyan tree and pasted them one by one, quickly pasting a circle of yellow talismans on the body of the old banyan tree.

“Black dog’s blood is here!”

Soon, Wang Yifeng also brought a large plate of black dog blood, black dog blood to exorcise ghosts at this time to get it, but also to force that female ghost out of the most important reliance.

“I’ll count to three, pour it directly on the old banyan tree!”

Lin Ran greeted.

“Yes! No problem!”

Wang Yifeng made a reassuring gesture and swirled to the old banyan tree with the black dog’s blood in his arms.

“Get ready!”

Lin Ran didn't delay and immediately greeted him, but before he could shout the word "start", a white shadow suddenly flew out of the old banyan tree.

"Get out!"

A miserable female voice rang out, followed by the basin in Wang Yifeng's hand immediately turning over, all the black dog's blood in the basin poured over him, immediately pouring a cold chill on him!

"Holy shit! Next time, don't prepare a fucking countdown, just let me pour it on you!"

Wang Yifeng wiped the black dog's blood off his face while launching into a whine.

"All right, hurry up and catch up!"

Lin Ran was busy greeting, at this time Wang Yifeng was also angry, sniffing and saying.

"Still chasing her mother, look at Fat Master me!"

With that, Wang Yifeng waved his hand, and the Demon Buddha statue immediately flew out, followed by a gust of wind sweeping out, and the old woman flew out with a group of severe ghosts.

"Master, which handsome young man is this here to clean up?"

The old woman asked excitedly as soon as she came out, every time she came out before there were handsome guys to take back for fun, this time she thought there were.

"Handsome, my ass, go and get that female ghost, don't hurt her! Hurry up!"

Wang Yifeng urged repeatedly.

When the old woman saw that Wang Yifeng didn't look like he was done laughing, her face immediately became solemn, and with a wave of her hand, she rushed out with a group of severe ghosts.

"Damn bad luck, I should have let this old woman out, causing me to get covered in black dog's blood."

Wang Yifeng sat on his butt on the ground, wiping the black dog's blood from his body while whining.

"Come on, who knew that thing was hiding in this tree!"

Lin Ran was also helpless, the female ghost had come out so quickly that he hadn't prepared for it at all, but any little preparation wouldn't have allowed him to watch her escape again.

But fortunately, he was relieved to have the old woman with a group of evil spirits to chase after her, because after all, ordinary ghosts of the unjustly dead are not capable of fighting in front of lonely and evil spirits.

As expected, the old woman led a group of ghosts out for just a few minutes, then returned, and in the middle of the old woman and a group of other evil spirits, there was still a female ghost, the white female ghost who had just rushed out.

"All right go back!"

Wang Yifeng waved his hand and immediately collected the old woman and the group of female ghosts, before his gaze fell on the female ghost in white.

The white-clothed female ghost seemed to hate Lin Ran and the others, and as soon as she saw the old woman disappear, she was immediately about to prepare to flee, however, before she could move, Lin Ran spoke up.

“You better not run, or else next time I catch you back, I’ll just do it!”

“You should know clearly in your heart that there are so many harsh spirits going after you, you won’t be able to run away at all!”

The female ghost in white understood Lin Ran’s words and turned to look at him, her voice tinged with anger.

“Who the hell are you people! What the hell do you want!”

“I should be asking you that!”

Lin Ran retorted, while his gaze glanced around at the white-clothed female ghost, unable to help but feel a little puzzled in his heart as he immediately asked.

“Why are you wearing converse clothes! Could it be that this old banyan tree is your grave?”

Chapter 639

The ghosts of injustice, in fact, are the ghosts of injustice formed after the death of a person whose grievances do not dissipate, and this kind of injustice is generally not heavy, some may think about it themselves and dissipate, while some can not think about it, will stay in place for years, or even decades.

And those Li Gui are these unjust spirits that gradually grow up because their grievances do not dissipate and stay in people’s homes for a long time.

As for why Lin Ran was interested in the white female ghost’s converging clothes, it was a matter of common sense.

Nowadays, on many TVs, people are usually dressed in white plus a shawl after death, regardless of how they died and what happened to them, which is actually very wrong.

A common ghost is usually dressed as she was before she died, whereas a ghost in white, like a female ghost in white with a converse suit, is usually buried in a stable manner.

And this kind of white astringent clothes, modern people also basically will not use, are all the things of the past.

“The old banyan tree here is not my coffin, since you have caught it, do as you please!”

The female ghost in white said in a stern voice, her hair falling over her shoulders, making it impossible for Lin Ran to see her clearly at all, he could only tell from her voice that she was a female ghost.

“Not me, big sister, why are you so rigid? We don’t mean any harm, do you have to!”

Wang Yifei wiped most of the black dog’s blood off his body and said with great displeasure.

“Besides, if you run, you run! What’s the point of knocking over Fat Master’s black dog’s blood and pouring it all over me!”

“Hmph! Don’t think I don’t know what you plan to do!”

The white-clothed female ghost said in a stern voice, while looking at Lin Ran, her tone becoming a few degrees colder as she said.

“And you, setting up the formation, what exactly do you want!”

“I ...”

Lin Ran listened helplessly, how did this female ghost seem to mean that she was invading someone’s territory, but this shop was the one he had just rented.

“That... Is there some misunderstanding here? I rented this shop at my expense, is there anything wrong with me setting up a formation? On the contrary, you, the green plant from a few days ago is sitting there for a good reason, why are you spoiling it!”

Lin Ran asked busily.

“Don’t accuse me, I didn’t make that green plant!”

The female ghost retorted.

“Huh? You didn’t do it? Then who did it?”

Lin Ran was a bit baffled, if she didn’t do it, then who else could it be, could there be a ghost here.

“And, what you rented, this is my home!”

Lin Ran was thinking, but the female ghost spoke up again.

“I’ve been living here since I was little, what you rented it, there were many others who said he rented it before, and I drove them all away!”

The female ghost said smugly.

Lin Ran and Wang Yifeng smiled at that but laughed.

“Fuck me, I bet it’s really you who’s causing trouble!”

Wang Yifeng couldn’t help but say.

Lin Ran, however, listened with a frown and asked.

“You’ve been living here all this time?”

“Yeah! What’s the problem?”

The female ghost said smugly, at this point, having chatted away with both Lin Ran, she didn’t seem too scared anymore.

“No, why don’t you go and reincarnate!”

Lin Ran asked busily.

“Reincarnation? What is reincarnation?”

The female ghost asked rhetorically.

Hearing this answer, Lin Ran and Wang Yifeng were completely baffled, while taking a closer look at the female ghost in front of them, they both couldn't help but gag.

A female ghost who didn't know what reincarnation was for, could there be a more bizarre reason for this?

“Female ghost sister, are you teasing us, as a ghost, you don't know what reincarnation is for?”

Lin Ran asked with a bitter smile, this was the first time he had come across such a simple female ghost who didn't know what reincarnation was for!

“I really don't know, what exactly is reincarnation for? Can I eat it?”

The female ghost lifted her hair and looked at the two with a serious face.

When Lin Ran three people saw this, they were shocked, this female ghost is very normal in height, but this face is very apparently small, looks like only seven or eight years old, but the height is full adult.

“No I say, should we call you, lady ghost sister, or lady ghost little sister ah!”

Wang Yifeng scratched his head in embarrassment, as a professional ghost hunter, he was no better than Lin Ran, the first time he came across such an odd female ghost.

“Call me sister! I'm not going to be a sister!”

The female ghost clasped her hands around her waist, proud to.

Luo Qiqi, who was at the side, was not as scared as before and asked bravely.

“Then, Miss, why did you say that this is your home?”

“Of course this is my home, my parents buried me here, so naturally you are my home here!”

The female ghost said back.

Lin Ran's heart was stunned at his words and he understood a few things, and immediately asked.

“Young lady, your parents buried you here, so you must have already resigned back then, so do you remember how you woke up later and became what you are now?”

“No, I don't remember!”

The female ghost shook her head, and then said after thinking about it.

“I only know that I seemed to have slept for a long time, and when I woke up, this place had become like this, I usually lived in the old banyan tree, and then there were people here who made noise every day, so I drove them all away!”

The female ghost laughed smugly.

Lin Ran, however, listened with a sinking heart and spoke.

“But don’t you see that you and we are all fundamentally different? And besides us, there shouldn’t be anyone to talk to you so much!”

“You!”

The white female ghost’s face suddenly changed and she was so angry that she gritted her teeth, if she wasn’t a ghost, I’m afraid she would have shed tears by now.

“Ranzi, there is something wrong with this female ghost, her memory seems to be completely missing, in this case I presume that there must be some secret under this old banyan tree!”

The Pillow Book suddenly spoke up.

Lin Ran nodded at his words.

“I thought of that too, but as long as she doesn’t mean any harm, I don’t want to touch her, and everything here, just yet!”

“Why?”

The pillow was puzzled.

Lin Ran, however, smiled.

“There is no good or evil in any human or ghost, she was just trying to protect her home when she drove out the last tenant, the mistake was just the wrong place and time, she wasn’t wrong, I’ll find a way to reincarnate her and let her go!”

“Well, I’m just reminding you that there’s something under this old banyan tree and it would be a bit of a shame not to take it!”

The pillow said helplessly.

Lin Ran also said no more, and immediately looked at the white-clothed female ghost and smiled.

“Do you want to hear a story?”

“Listen to a story?”

The female ghost in white was stunned at his words and looked at Lin Ran suspiciously, Luo Qiqi and Wang Yifeng were even more puzzled by what they heard, telling a story to a female ghost? Lin Ran was out of his mind.

“Holy shit Ranzi! You can’t be so animalistic!”

Wang Yifei said busily.

“Fuck off!”

Lin Ran gave him a blank look, what time is it now, he could even think about that, it simply made him helpless.

“What story are you going to tell!”

The female ghost in white came over and asked curiously.

“To tell you, the story of the part of your memory that’s missing!”

Lin Ran laughed.

“The story of my missing part?”

The white-clothed female ghost looked curious at his words, and immediately nodded her head.

Chapter 640

“That’s right, it’s the story you’re missing!”

Lin Ran laughed.

“Ranzi, you should hurry up and tell us, what’s the missing story, I’m curious about it, Fat Master!”

Wang Yifeng was busy urging from the side.

“Want to hear it, come and sit down and we’ll tell it slowly!”

Lin Ran smiled and greeted, in the courtyard there happened to be a stone tea table, and some small stone stools, Lin Ran took the lead and sat down, Luo Qiqi followed suit, the white clothed female ghost did surrender like a demon.

But when Wang Yifeng was about to sit down, both Luo Qiqi and the lady ghost in white on either side of him quit, especially Luo Qiqi, who directly shouted.

“You are not allowed to sit down!”

“Why?”

Wang Yifeng looked at her in wonder, how come he couldn’t sit down himself.

“Right! You are not allowed to sit!”

The female ghost in white next to her was also busy saying.

“No! You two have just met and you are targeting me together, Master Fatty, ah, how can Ranzi do it? You can’t discriminate against Fatty, Fatty can be all jolly!”

Wang Yifeng said with discontent.

“You smell too much, go wash and change your clothes first!”

Luo Qiqi said discontentedly.

The white female ghost then frowned and said.

“I don’t like what’s on you, go wash up!”

“Me!”

Wang Yifeng was suddenly helpless and gave the female ghost a white look, muttering.

“It’s not thanks to you!”

Although his voice was small, it was still heard by others.

“Who told you to prepare to splash me!”

The female ghost in white pouted, looking very cute.

“Got it! For the sake that you are both female and so cute and pretty, I won’t bother with you, Fat Master!”

Wang Yifeng said and directly moved the stone bench back a meter before sitting down.

“This is okay, right?”

“You’re so lazy, you can’t take a few minutes to wash up!”

Luo Qiqi gave Wang Yifeng a white glance, and the female ghost in white also gave him the same white glance and echoed.

“That’s right, be lazy!”

“No, what do you two little girls know, fatty also I’m here to catch ghosts, not to travel, where can I change my clothes!”

Said Wang a took out his mobile phone, tapped it a few times, then laughed.

“Alright done! Later we will not only have a meal, but also a story to listen to, perfect!”

Sure enough, not ten minutes later, immediately there was a knock on the door in front of him, Wang Yifeng rushed to the door, and not much later, he ran over with a packed hot pot, and even had an alcohol lamp with him, simply how complete it had to be.

“You are not allowed to eat first, wait for two minutes for Master Fatty!”

Wang Yifeng clutched his clothes and immediately ran to the washroom, seemingly afraid that Lin Ran and the others wouldn’t wait for him, and hurriedly shagged a bit before running out in his new clothes.

“Alright! Now let’s start talking!”

Wang Yifeng set up the hot pot and looked at Lin Ran as he started to shabu-shabu.

“Fatty, which takeaway did you order, don’t say it’s quite tasty!”

Luo Qiqi smiled in satisfaction as she ate her shabu-shabu.

“That! You don’t have to look at who Fatty is, there’s no delicious food in the whole Tanjiang City that Fatty I don’t know about, it’s just like the nature of food, Fatty I’ve seen countless beautiful women and tasted the world of food, just live one word, it’s cool and it’s done!”

Wang Yifeng smiled proudly and said.

“Forget it, eat your food!”

Lin Ran gave him a blank look, then noticed that the white female ghost next to him was a little lost, as if she was a little unhappy because she didn't get to eat like everyone else.

"What's your name?"

Lin Ran asked with a smile, Luo Qiqi and Wang Yifeng also stopped their chopsticks at that, wiping the corners of their mouths with some embarrassment, it was indeed a little embarrassing that they hadn't asked someone their name after knowing them for so long.

"My name is Ah Xiang!"

Ah Heung smiled, it still made her very happy that Lin Ran had taken the initiative to talk to her.

"Don't mind those two eaters, I'll tell you a story!"

Lin Ran laughed, and then began to tell the story as the two Luo Qiqi looked on in discontent.

"Once upon a time, there was no one on Earth, then it was Nuwa who made people out of clay, and these people were our ancestors, and later on, as there were more and more people, so there was the Heavenly Court, the Earthly Mansion, and many other institutions that were in charge of the fate of human life and death!"

"Among them, the Heavenly Court was in charge of the three worlds, while the Earthly Court was in charge of the life and death of human beings and their reincarnation!"

"Today I want to talk to you about reincarnation!"

"Ranzi, isn't it a myth that Nuwa created man? Wasn't the origin of man changed by monkeys?"

Wang Yifei chewed on his shabu-shabu, looking like he was exposing the landlord, as if Lin Ran was cajoling a young girl who didn't understand what it was.

"The rice you ate! Eating a meal still doesn't stop your mouth!"

Lin Ran gave him a blank look, then looked at Ah Heung with an embarrassed smile and said.

"Of course, this fat brother of yours has a point, these are indeed all myths, but what we're going to talk about today isn't the origin of people, but where they should go after they die!"

"Where should one go then?"

Ah Heung looked at Lin Ran with an innocent face, completely every aware that Lin Ran was telling this story specifically to her.

"When a person dies, he or she will enter the hell, then cross over into reincarnation and be reborn as a human being! The memories of past lives will also vanish and a brand new life will begin!"

Lin Ran said solemnly.

"Huh? Then if I go to reincarnation, won't I remember you all? And my parents!"

Ah Heung looked a little lost and resistant.

"Indeed!"

Lin Ran smiled and nodded.

“Then I don’t want to be reincarnated, I don’t want to forget my parents and you guys!”

Ah Heung was busy saying, apart from her parents, I’m afraid that Lin Ran and the three of them were the only people Ah Heung could consider as friends, although they had only known each other for an hour, this atmosphere of getting along with each other really made her like it very much.

“Really? Then you wait for me to analyse it for you, before you make a decision, okay?”

Lin Ran wasn’t in a hurry and looked at Ah Heung and smiled.

“Surely you can remember your parents, and us, if you don’t go to reincarnation! But have you realised? You and us are different after all, what they can eat now, you can’t, what they can touch, you can’t, and they even need to sleep, but you don’t!”

“Besides, Xiang, think about it, even if you always remember us, what can you do, the average human life expectancy is only 70 or 80 years, even if we live long enough to reach a hundred, we will still die one day, we will also go to reincarnation, and when that happens?”

“You don’t have any friends again, and you have to face the kind of harsh spirits that just caught you, they are very vicious, you have to always watch out for them, and also the shop here will be rented by someone else one day, what if the other person is a feng shui master, or a demon hunter? What would be the outcome for you if they caught you? Have you thought about it?”

“I

Ah Heung was speechless, looking at Lin Ran and unable to say a word, even Wang Yifeng and Luo Qiqi next to her stopped their chopsticks, listening to a little sourness in her heart.

“Many people don’t want to leave after they die, they don’t want to let go of too many things, but when you die, you die, a splash of yellow earth is where you belong, only when you can let go can you have a new start!”

Lin Ran said calmly, he looked at Ah Heung and smiled.

“If you don’t let go of your family and friendships in this life, how will you be able to enjoy them in the next life?”

“And after reincarnation, you can be like us, eat good food, play fun, be with your favorite parents, hang out with your closest friends, and have your own family, husband, and even children in the future!”

“But all this requires you to make your own choice, whether you want to be reincarnated or not!”
