

Wonder Doctor

Chapter 451

“What are you, Dean Yang?”

Lin Ran asked in confusion, could it be that Dean Yang was also here to find himself for this TCM exchange meeting?

“This is an exchange meeting for the TCM community, you should have heard of it, it was held this afternoon at the Research Building, as the leading hospital in Temperance City, we have to attend ah, this is not only a test for us from the higher-ups, but also a reflection of our own strength as a hospital!”

Said Dean Yang, looking towards Lin Ran.

“The most outstanding student in this freshly graduated class of yours is you, so I want you to represent our Temperance Hospital and participate in this exchange meeting!”

Lin Ran frowned slightly at his words and did not reply.

“What? There are difficulties?”

Dean Yang asked, as Lin Ran was determined to promote the art of Chinese medicine, and this kind of exchange meeting was quite influential, so he should not be so reluctant to participate in it.

“Dean, to be honest I have been very busy recently, if I were to attend this exchange I would need at least a few days to prepare my speech, as well as research topics and results, not to mention the lack of time, just these few days alone I would probably have left home in Tanjiang City!”

Lin Ran said, now the situation in Tamagawa City was complicated, he himself was afraid that he might leave Tamagawa City at any time, this exchange meeting for him to attend was indeed a bit impractical.

“Haha you’re wrong!”

Dean Yang laughed at his words and waved his hand, saying.

“This exchange meeting is mainly for you fresh graduates, trying to observe the problems and characteristics of the entire TCM industry from the period when you have just joined the profession and are in the transition between school and society.”

“So you don’t need to redo your topics and research results, you just need to combine the topics you researched during your university days with the changes in your thinking that have occurred since you entered society, and have a discussion, and that’s a successful exchange!”

“This is also possible?”

Lin Ran could not help but smile at his words, during his university days he was besides Zhao Yu, that is, this point of the topic was simply easy for him.

Moreover, since he had obtained the Xuan Yang Pharmacopoeia, he also felt more and more that many of his topics back in school seemed imperfect, if this time he could really discuss them in conjunction with his previous topics, this would be much easier for him.

“Of course you can, it’s going to start this afternoon, and you have to submit your speech for the discussion by noon, it would be too impractical if you had to start from scratch!”

Dean Yang laughed.

Lin Ran smiled at his words and nodded, since this was the case, he had no worries and agreed to do so at once.

It might be difficult for others to write a speech in one morning, but for Lin Ran it couldn’t be easier.

In just an hour’s time, Lin Ran finished the draft and handed it over to Dean Yang, who did not look at it and rushed to the research building.

The morning passed in a hurry, and after lunch Lin Ran and his group arrived at the research building. This time, it was about the Chinese medicine sector, so Lin Ran also called Li Zheng over, plus Qin Bing and his group of three went straight to the building.

This time, the matter was all about the Chinese medicine sector, so Wang Yifeng, a big old man, naturally Lin Ran would not bring him here, or else when others were having heated discussions, this guy was sleeping on the table, and that would be too bad for the scenery.

On the ground floor of the main gate, there were mountains of good people, this exchange meeting had attracted an unknown number of people to attend, Lin Ran three people stood on the ground floor waiting for the lift, and was quite helpless.

“Lin Ran!”

Suddenly, a voice came from beside them, Lin Ran turned his head to look and couldn’t help but frown slightly, the person who came was none other than Song Yuntian, as well as Song Nuan.

“Xiao Nuan, why are you here too!”

Seeing Song Nuan, Qin Bing was very happy to go up and take the former’s hand as she asked with a smile.

“What if I don’t come, this guy is not familiar with Temperance City at all, my father asked me to accompany him here today!”

Song Nuan said helplessly, while introducing her relationship with Song Yuntian.

“You actually have a cousin, but why do I feel that this cousin of yours and Lin Ran are somewhat at odds!”

Qin Bing asked busily.

“For sure, that guy hit my cousin hard last night, it’s lucky we didn’t fight this time!”

Song Nuan said helplessly.

“So, that’s a good show today!”

Qin Bing laughed, one was a senior student of Chinese medicine in Tanjiang City, and the other was a highly talented student of Chinese medicine in the Imperial University, the duel between the two university bullies would be very interesting, I'm afraid.

"I hope so, it's best not to make any jokes!"

Song Nuan sighed, she was naturally on Lin Ran's side, but Song Yuntian was also her cousin, so she didn't really want this cousin of hers to make any forks, after all, the two were also relatives.

"Didn't you say yesterday that you weren't coming!"

Song Yuntian looked at Lin Ran and sneered, while there were a few moments of delight.

Last night, Lin Ran said he wouldn't attend, which made him feel very upset and also a bit disappointed that he couldn't find a chance to get back the game, but today he bumped into him at the research building, which immediately made him feel that the chance to get back the game had come again.

"Plans can't catch up with changes, so I'm here at the behest of someone!"

Lin Ran laughed lightly.

"O? Is that so? Can you show me your script?"

Song Yuntian suddenly opened his mouth and laughed, but with mockery in his eyes, before he looked at the manuscript written in a morning's time, how good it could be, afraid that it was simply here to be indiscriminate, hitting Lin Ran with a rare opportunity he did not want to wait.

"Waiting for the meeting to start will not know it!"

Lin Ran looked at Song Yuntian and said with a bland smile, the scripts for the meeting were all in duplicate, one copy was given to the jury experts and one copy was his own, this was also to avoid the problem of turning in a different script than the one he spoke from, thus there was a yin and yang script.

"This is my draft, if you are a man, let's swap, you won't lose out, I just want to see what the great talent of Tamkang University, the little divine doctor can actually write!"

Song Yuntian directly took out his own manuscript and handed it over, while looking at Lin Ran playfully, as if to say, if you are a man, then exchange, if you don't dare to exchange then you are not a man!

"Are you sure you want to read it now?"

Lin Ran asked indifferently.

"Sure!"

Song Yuntian said firmly.

"Fine!"

Lin Ran smiled and shook his head, following which he handed the script to Song Yuntian, but without taking his.

"What do you mean?"

Song Yuntian asked, looking at Lin Ran with a frown.

“I’m not interested in your manuscript!”

Lin Ran said indifferently.

“You!”

Song Yuntian turned blue, but with a grit of his teeth he endured it, waiting to read Lin Ran’s manuscript so he could have a flurry of mockery, and not wanting to waste time at this point.

Putting away his own manuscript, Song Yuntian immediately read it.

But he hadn’t even read a few of them when he burst into laughter, and it was the kind of ecstasy where both eyes were about to fall out, and the smile at the corners of his mouth couldn’t be stopped.

“Pop.”

Closing the manuscript, Song Yuntian instantly pointed at Lin Ran and laughed.

“You! You really impress me, such an important exchange, you actually dare to plagiarize!”

Chapter 452

“Plagiarism?”

As soon as these words were spoken, all the other participants around them looked over, and a few of the sharp-eyed ones even exclaimed out in shock.

“Hey hey, isn’t that Lin Ran, the legend of Tamkang University, the little miracle doctor! How dare someone say he plagiarised!”

“Who says it’s not? How could a scholar like Lin Ran plagiarise!”

“Who knows, even some experts and scholars have faked their papers nowadays, let alone a student!”

“It’s hard to believe that he got his name as a little miracle doctor from plagiarism?”

“I think it’s possible, we’ll have a good show this time!”

“What are you talking about, how could Lin Ran have plagiarized!”

On the side, Song Nuan was busy refuting, and Qin Bing even frowned, to say who among those present knew Lin Ran’s expertise the best, it was definitely her.

She had witnessed Lin Ran solving many difficult cases when they worked together at Tanjiang Hospital. Then I’m afraid others would have to pay for the manuscript.

“Xiao Nuan, you don’t understand, you’re not from the TCM world, I’ve seen this exchange paper a year ago, it’s absolutely plagiarized, and if you think about it, last night I wanted to invite him to participate and he refused straight away!”

“But today it suddenly appeared again, don’t you think it’s fishy? If he hadn’t copied someone else’s article, how could he have written it in just half a day, and written it so brilliantly!”

With that, Song Yuntian slammed the manuscript down on Lin Ran and snorted coldly.

“I really think highly of you, when you talk you’re headstrong, but when it comes to doing it, I’m afraid you’re not as good as the others when it comes to remembering your deeds, so much for your yang-fang!”

Lin Ran took his script, smiled blandly and shook his head.

“You’re still the same as last night, going out without a brain!”

When he said that, the lift on the side had already reached the ground floor, Lin Ran didn’t bother to talk nonsense to him, he turned around and entered the lift.

Li Zheng naturally followed him in directly, while Qin Bing pulled Song Nuan in with him.

“Hey!”

When Song Yuntian saw that Song Nuan had also gone in, he was about to follow him in, but at that moment, the lift was already packed, and he was squeezed out, so he had no choice but to stomp his feet and wait for the next lift.

“Lin Ran, you”

In the lift, Song Nuan’s face was full of worry and was very uneasy.

“Don’t worry, you still don’t trust me?”

Lin Ran looked at Song Nuan and said with a smile.

“I believe you, but there are so many people this time after all, are you really sure that everyone will believe you?”

Song Nuan worried.

Lin Ran understood what she meant, she believed it without a doubt, but what if everyone else didn’t believe? Did he have to go and convince them one by one, this was obviously impractical.

“Don’t worry, since I dare to use this script, I naturally have a way to make them believe it!”

Lin Ran laughed.

Song Nuan smiled but was still a little worried, but didn’t open her mouth to persuade, she understood Lin Ran’s nature, so it was useless to persuade him in any way.

“Ding!”

The lift soon reached the seventh floor, and since Song Nuan still had to wait for Song Yuntian, Lin Ran took the two of them and left first.

The conference hall was located in a huge conference room on the seventh floor, which was said to be a conference room but was actually more like a university teacher, the whole was divided into three parts, namely the expert judges’ area, the participants’ area, and the onlookers’ area.

The three of them entered the conference room and took their seats separately, and as people arrived one after another, the whole meeting soon began.

To Lin Ran's surprise, at the end of the meeting, he even saw President Yang and the presidents of several other major hospitals, so it was clear that the influence of this meeting on the Chinese medicine community should not be underestimated.

"Alright everyone, we will now start to ask the judges to announce the list of selected candidates, and later the selected candidates will come up on stage one by one to tell their stories!"

As the host's voice fell, the list of selected candidates soon appeared on the big screen, and Lin Ran was listed.

"See, my name!"

At the front, Song Yuntian turned his head and sneered at Lin Ran.

"What, are you surprised that your name appeared?"

Lin Ran said indifferently, as if to say that the appearance of my name was not a surprise at all.

"You! Just keep pretending, you'll get your ass kicked later!"

Song Yuntian also heard Lin Ran's meaning, and turned his head with an angry face.

There were a total of ten people selected for the list, and this was for the sake of time for the whole meeting, as there were hundreds of people present, it was impossible for everyone to speak, so only the ten people selected were allowed to speak on stage.

"The first person to speak will be invited to the stage!"

As the judge's voice rang out, the first person soon came up to speak.

At this moment, Song Yuntian turned his head again and looked at Lin Ran with a cold smile.

"I am truly curious, where on earth did you get the courage to dare to participate in this exchange, do you really think that these judges are all blind? I'm definitely not the only one who can see that you've plagiarised!"

"So you're the only one who opened your mouth? Wouldn't the judges see it and say so themselves? Do you need to keep yapping here?"

Lin Ran said indifferently.

"Humph! Even if no judge comes forward later, I will personally report you, academics are not guilty, plagiarism will be defeated!"

Song Yuntian sneered.

Lin Ran didn't bother to pay attention to him, and leaned back in his chair to listen carefully to the others' speeches.

Time passed by minute by minute, and soon it was Song Yuntian's turn to speak on stage, and the latter did not forget to turn his head and speak at Lin Ran before he went on stage.

"Are you ready? I'm coming down to you, and if you give up now, I'll still choose to forgive your ignorance!"

"Have you finished your nonsense? Go up when you're done talking!"

Lin Ran said indifferently, his expression always with a calm expression.

"Fine! You still asked for it!"

Song Yuntian immediately took his script and went up to the lectern.

He first bowed to the expert judges, as well as the audience and onlookers, before coming to the middle of the stage and preparing to speak.

But to everyone's surprise, the first thing this guy said when he opened his mouth was not the content of his speech, but turned to the expert judges and spoke.

"Fellow expert teachers, before I begin my speech, I would like to ask for confirmation of one thing!"

As soon as these words were spoken, everyone's eyes immediately looked over, especially the two of them, Song Nuan and Qin Bing, who could almost already foresee exactly what this guy was going to say.

"Why is your cousin like this?"

Qin Bing said with an ugly look on her face, she knew best how Lin Ran was like, even if Song Yuntian really suspected Lin Ran of plagiarism, then at least he would have to wait until after the latter had finished speaking, now Lin Ran was ready to say it before he even got on stage, this was too much.

"I can't help it, he's just like that!"

Song Nuan was also shaking her head, some times one had to say that although they were relatives, the difference in being human was just so big.

"What do you want to beg for?"

One of the experts with a full head of white hair spoke up and asked.

Song Yuntian smiled blandly before saying.

"If one of the contestants is suspected of plagiarism, then can he be disqualified from speaking?"

"Wow!"

As soon as these words were spoken, an uproar erupted throughout the entire arena as everyone looked at Song Yuntian in surprise, if his words were true, then I was afraid that the plagiarist who was exposed would have his life ruined.

After all, which hospital would still dare to use a plagiarist.

"If what you say about plagiarism does exist, you can be disqualified from speaking!"

The white-haired expert affirmed.

“Good!”

Song Yuntian came to life at the sound of his words and spoke directly to Lin Ran who was pointing downwards.

“Then I am now reporting that he! Lin Ran, submitted a speech that is suspected of plagiarism! I request that he be disqualified from speaking!”

Chapter 453

“Weng.”

As soon as those words were spoken, Song Nuan and Qin Bing only felt a buzzing in their heads, their hearts sinking to the bottom.

If Lin Ran had already spoken, then it would have been fine, at least he would have had a chance to argue, but now he was being labeled as a plagiarist without even going on stage, and if the judge directly ruled that Lin Ran had plagiarized, then he really wouldn't have a chance at all.

“This student, do you have something to say?”

The white-haired expert looked at Lin Ran and opened his mouth to ask.

“Yes!”

Lin Ran smiled at his words and got up, before sweeping his gaze over the crowd and speaking.

“Everyone, firstly I'm sorry for turning your exchange into this, and secondly I'm also deeply sorry for Mr. Song Yuntian, to follow through with his mistake, at least there's still some courage!”

“Haha!”

At these words, so people couldn't help but laugh, it was obvious that Lin Ran was refuting him.

“Sharp teeth, I have ample evidence to prove that you are plagiarizing!”

Song Yuntian chided.

“Fine, then please submit your evidence to the judges, if after you finish your speech again, the judges still think I am plagiarising, then I will accept whatever the result is!”

Lin Ran said indifferently.

“That's what you said!”

Song Yuntian instantly came to life at his words and walked straight to the judges' table, before whispering something to a few expert judges before returning to the lectern again.

“Alright everyone, after our deliberations, we will finalise the case of Lin Ran's plagiarism, and the results will be announced after Song Yuntian has finished his speech!”

“Now first, I would like to invite student Song Yuntian to speak!”

As the expert's voice fell, the scene fell silent, but the apparent silence could not conceal the surging in the dark.

Everyone in the room cast their eyes in Lin Ran's direction from time to time, wanting to see if this unlucky kid who had been reported would take advantage of the opportunity to slip away.

There were even some who made direct gestures of contempt at Lin Ran, as if they had already concluded that he was the copycat mixer.

"What to do! What do we do now!"

In the distance, Qin Bing was as anxious as an ant on a hot pot, completely helpless.

"Don't be anxious, it's useless to be anxious now, don't you see he's sitting there motionless, obviously very confident!"

Song Nuan said with a forced smile.

But as soon as she finished speaking, Lin Ran, who was sitting on the spot, stood up. This scene immediately drew the attention of everyone in the arena, especially Song Yuntian on the stage, who stopped his speech and looked straight at him with teasing and mockery on his face.

At this moment, almost everyone in the arena was expecting Song Yuntian to finish his speech and listen to the expert judges' decision on Lin Ran's plagiarism.

And at this moment, Lin Ran suddenly stood up, so it was obvious that something was going to happen.

"What? You can't wait to run away?"

Song Yuntian sneered from the stage, as if he could already see victory beckoning towards him.

"Are you in a hurry?"

Lin Ran looked at him and said blandly.

"There's no rush, a good meal isn't afraid of being late, a plagiarising liar will eventually be exposed!"

Song Yuntian sneered.

Lin Ran, however, shook his head, turned around and walked towards the door, while this movement of his caused an uproar, almost all of them were clear to talk about how he was really a liar.

"What, this is ready to run away? Plagiarising fellow student Lin Ran?"

Song Yuntian sneered from the stage.

"Student Lin Ran, if you leave the stage now, we will directly judge you as a plagiarist and publish this matter within the Chinese Medicine Association!"

The white-haired expert spoke up.

He had not read Lin Ran's speech, but he knew the latter's character very well, and would never do such a thing as plagiarism.

However, the current situation was that everyone had already taken Lin Ran as a plagiarist, and if this matter was not handled properly, it would definitely ruin him directly.

“If I really can’t, I’ll go out on a limb!”

Dean Yang thought in his mind, even Qin Bing and Song Nuan were making the worst possible plans, they didn’t want to watch Lin Ran being ruined just like that.

And, just when everyone was almost certain to conclude that Lin Ran was the plagiarist, the guy suddenly stopped in his tracks and looked at the classmate who was blocking the way in front of him and laughed.

“Classmate please move over, I need to use the toilet!”

“Wow!”

At once everyone in the field was quiet, even the white-haired expert was speechless.

To stand up at this moment, just to go to the toilet, this was simply too childish.

“Student Lin Ran, are you really just going to the toilet?”

The white-haired expert busily asked.

“What else would the expert think I was going to do? A three-hour meeting, a toilet break is not excessive!”

Lin Ran asked with a smile.

“Not too much!”

The white-haired expert said awkwardly, in fact this was the norm, it was normal for someone to go to the toilet in the middle of a meeting that was too long.

“I don’t believe it!”

On the stage, Song Yuntian, however, suddenly spoke up.

“If you don’t go to the toilet at this time, I think you are just weak-minded and want to leave!”

“If you don’t believe me, you can come along!”

Lin Ran smiled back, and everyone laughed as soon as these words left his mouth.

However, Lin Ran was continuing to say.

“Of course, if you don’t want to continue speaking, honestly you are simply wasting my time with this speech!”

After saying that, Lin Ran walked out of the meeting room without even turning his head.

Song Yunwen was so blue in the face that he was on the verge of fury. He had originally wanted to suppress Lin Ran properly, so he went on stage and directly said that Lin Ran had plagiarised.

But who would have thought that he would end up lifting a stone and smashing his own feet, making his normal speech barely complete, and his otherwise brilliant content so muddled that almost no one would remember what he said.

“I won’t say any more, I’m going to wait for a result now!”

Song Yunhui was so surprised that he jumped straight off the stage and went straight back to his seat.

The room fell silent, so all eyes fell on him, if Lin Ran really ran away, it would actually be a lose-lose situation, at least his Song Yuntian’s speech had been completely ruined.

However, these people were disappointed after all, after just a few minutes, Lin Ran appeared at the entrance of the conference room again, following straight to the speaker’s platform.

“Expert judges, if you haven’t deliberated on the results yet, I can speak first and then wait for you to announce the results, after all, this empty arena is indeed not a good look!”

Lin Ran laughed.

These words immediately caused everyone to laugh out loud, this guy had been branded as a plagiarist, but he didn’t expect to be so calm, as if the matter had nothing to do with them at all.

The white-haired expert was a little hesitant at his words, it was true that they had not yet found full proof that Lin Ran was a plagiarist.

Likewise, it would be too awkward for the exchange meeting to go on without anyone speaking.

Thinking of this, the white-haired expert spoke up immediately.

“Yes, in view of student Song Yuntian’s automatic abandonment, the results of the plagiarism investigation for student Lin Ran will be announced after the latter has finished speaking!”

With that said, the white-haired expert said no more words and worked on it together with the other few judges.

Lin Ran nodded in satisfaction, then looked to the crowd and smiled.

“Everyone, please cooperate with me when I speak next, I thought I was a plagiarist, so you can all feel free to listen to what I’m saying and where exactly I’m plagiarising! There is a prize for those who can find out!”

Chapter 454

“Haha.”

Lin Ran’s humorous words immediately caused the people present to laugh out loud, Song Nuan and Qin Bing were naturally no exception, but the two were helplessly laughing bitterly.

“This guy, he actually has the heart to joke about it even at this point!”

Qin Bing couldn’t help but say.

Song Nuan smiled at this but laughed.

“You still don’t know him, the more confident he is, the more he likes to stink, this guy definitely has a way to deal with it, otherwise he definitely wouldn’t have such an expression!”

“I hope so!”

Qin Bing nodded at his words, but he was still a little worried in his heart.

On the other hand, Li Zheng hadn’t said anything since the beginning, only that he couldn’t help but get nervous when Lin Ran started to speak about his own content.

Everyone in the room was curious as to whether Lin Ran was the plagiarist or not, so when the latter was speaking, the whole room was surprisingly quiet, not a single person opened their mouths to interrupt, and everyone listened attentively, or consulted the information, trying to find out the part of it that was suspected of plagiarism.

“It’s not right! It’s not right!”

Li Zheng, who had not spoken up, suddenly changed his face and spoke up, and at the same time, he took out his mobile phone and started to search the Internet.

And it didn’t take long for his action to appear, it was as if it had triggered a plague, many people in the entire arena actually took out their mobile phones or tablets and anything else that could access the internet and started to look it up.

Seeing this scene, Lin Ran couldn’t help but be taken aback as well, but then continued with his speech.

“What the hell is going on?”

Seeing that the situation was not right, Qin Bing hurriedly asked Li Zheng who was next to him, at this moment the guy was frantically searching for something with his phone.

“This piece that the boss is speaking on, I once read it on the internet!”

Li Zheng turned his head to look at the two men with worry on his face.

“What?”

Song Nuan and Qin Bing froze even more at the sound of their words, and then they also took out their phones and started searching for it according to the connection Li Zheng provided.

In their impressions, Lin Ran was an unassuming image, he was from a low background but had made it this far with his talent and luck, so he didn’t seem like someone who could do something like plagiarism in any case.

Even if Dean Yang gave him a short time, but he had every reason to refuse directly, there is no need to copy an article to take out, this is simply a self-destructive move, especially when this meeting in front of him is also the meeting of the Chinese medicine community, if once something goes wrong, I am afraid that his life will be completely finished.

“I don’t believe it! I don’t believe it!”

Qin Bing was very worried and said in a broken voice while searching for the manuscript.

However, reality finally dealt her a heavy blow, and soon she found the article with the help of Li Zheng, and the similarity to the one Lin Ran was speaking was actually over eighty percent.

“How could this be?”

Qin Bing’s entire body was like a deflated ball, directly confiding in her chair, she couldn’t believe the content on her phone, that Lin Ran would actually go and copy it.

“Xiao Nuan, what now!”

Qin Bing was so anxious that she was busy looking at Song Nuan and asked.

However, Song Nuan did not have much of a fluctuating expression and patted her to console her.

“I still believe in Lin Ran, you know his character very well, he would never do such a thing, there must be some kind of misunderstanding, just wait for him to explain himself at ease!”

Song Nuan spoke up.

“But”

Qin Bing smiled but was still worried, but at this time worrying could not do anything at all, she could only pray that there was really some kind of misunderstanding, otherwise if Lin Ran was really finished, then where should she go

At the same time, she also found a problem, herself and Song Nuan a comparison, it seems to Lin Ran’s confidence in the latter completely not enough.

Even at this point Song Nuan still chose to believe in Lin Ran, but she herself was a little shaken.

“Why should I be afraid? Do I really not believe in Lin Ran?”

Qin Bing asked herself, she was indeed worried, but what could this mean, perhaps it was just caused by the different personalities of each person, it didn’t mean that she didn’t like him because she didn’t trust him.

“Maybe, I’m just afraid of losing him!”

Qin Bing suddenly felt a few moments clearer in her mind, and it was at this point that for the first time in her mind, she was not so nervous about Lin Ran this time.

So what if it was plagiarism, she liked him, not this essay, so she could just help him correct it.

As he was thinking, Lin Ran suddenly stopped speaking on stage and looked at the crowd and smiled.

“My speech is over, now if you and the expert judges have any questions, please speak!”

“Wow!”

At once everyone raised their mobile phones and looked at Lin Ran, the answer was clearly crying out to be answered, almost everyone had found the model text of Lin Ran’s speech, the hat of plagiarism was afraid to be sat on.

“Lin Ran I really admire you, so calm even now, I really don’t know whether I should say you have thick skin or shameless!”

Song Yuntian stood up and laughed in a Lang voice, he had been holding back just now, waiting for this chance, this chance to defeat Lin Ran completely.

“Student Lin Ran, according to the information provided by student Song Yuntian, we did find the scope online, how do you explain this?”

The white-haired professor looked at Lin Ran and asked.

“Can finding the scope prove that I plagiarised?”

Lin Ran asked rhetorically, his face still calm.

“You won’t die until you reach the Yellow River, this article you’re speaking on was first published two years ago by an ID named “Learning Changes Destiny” via computer.”

“This article is very wonderful, many people have read it back then, I really don’t know whether to call you stupid or foolish, wouldn’t you find a non-hot article to copy? You really don’t want to live long enough to copy this kind of article!”

Song Yunlong sneered.

“Student Lin Ran, do you have anything to say now?”

The white-haired expert looked at Lin Ran and added.

“Nothing to say, I’m not plagiarising!”

Lin Ran swept his gaze across the crowd and said blandly.

“The evidence is overwhelming, and you still don’t admit it, want some face!”

Song Yunhui was furious, things had come to this point, and Lin Ran actually still didn’t admit it, this was simply too shameless.

“Student Lin Ran, you don’t admit that you plagiarized, then can you explain the situation now? Why is the similarity between your speech and this one online at eighty percent?”

The white-clothed expert asked after him.

Lin Ran swept his gaze over the crowd, looking at their expressions of either contempt, disdain, sympathy and gloating, and shook his head helplessly before saying.

“I would like to ask everyone, is a speech that one has published before considered plagiarism?”

“Wow!”

As soon as these words were spoken, everyone was immediately dumbfounded, especially the white-haired professor Song Yuntian as well as Song Nuan, Qin Bing and Li Zheng, who were almost each frozen on the spot.

Some of them even dropped their teacups on the ground with a bang.

Lin Ran looked at everyone, and finally his eyes fell on Song Yuntian's face as he smiled and asked.

"Song Yuntian, is it considered plagiarism to give a speech about an article that you have published before?"

"I"

Song Yuntian's mouth was speechless, he simply had no words to say.

Lin Ran laughed at the situation and said.

"I'm sorry for your concern, this article was posted when I was a junior at Tamkang University, and "Learning Changes Destiny" was my pen name at that time!"

"Do you still have doubts? Am I still a plagiarist? Or do you think that I am plagiarising myself?"

Chapter 455

"You guys didn't see just now, how wonderful the faces of that group of people were!"

Qin Bing said excitedly as the game ended, and Song Nuan and Li Zheng at the side were equally full of excitement.

"Boss is really powerful, I already thought it was hopeless, but I turned it over by surprise!"

Li Zheng couldn't help but say.

"He's just too stinky, he obviously published the article himself, but he had to keep it to himself before, hey! I'm afraid my cousin will have a hard time with this!"

Song Nuan said, and at the same time, she was ready to leave first, after all, she had come with her cousin Song Yuntian, and had to go and take care of the latter's mood at this time.

"Hey, hey, look, they're coming out together!"

Suddenly, Qin Bing pointed at the doorway and the two of them looked, and they indeed found that Lin Ran and Song Yuntian were actually walking out one after the other.

"Lin Ran, cousin!"

Song Nuan was busy going up and shouting.

Lin Ran was stunned at the words, before he turned his head to look, he had been walking in a hurry earlier and hadn't noticed that Song Yuntian was behind him.

Seeing Lin Ran stop, Song Yuntian couldn't help but take two steps forward, his face unusually cold.

"You're still not convinced?"

On the side, Qin Bing saw this and said in a cold voice, while also standing next to Lin Ran.

"What else do you want to say, say it!"

Lin Ran looked at him with a bland expression.

Song Yuntian slowly raised his hands, followed by actually reporting them in front of his chest, and bowed at Lin Ran before speaking.

"I'm completely convinced! I apologise for my recklessness earlier, Cousin Xiao Nuan has a good eye, you are very impressive!"

"I accept!"

Lin Ran smiled blandly at his words, Qin Bing and Li Zheng at the side also couldn't help but smile as they listened, while Song Nuan next to Song Yuntian even let out a long breath of relief, obviously nervous just now.

On the one hand was her cousin, and on the other was the man she liked, so I'm afraid she was the one who had the hardest time being caught in the middle.

Song Yuntian and Song Nuan soon left. The former had come to Tanjiang City for the exchange, and after this, there was nothing else important, except that he was destined to lose this exchange.

So Song Nuan is also prepared to take her cousin for a break in the next two days, and when she is done with this year, she will be completely done.

Lin Ran and his group rushed back towards the clinic under the afterglow of the sunset and received a congratulatory phone call from Dean Yang halfway through the day.

Lin Ran even offered to treat him to dinner tonight to make up for the fact that he had not been able to honour his promise to treat him since returning home.

At Fatty's strong request, the three of them still went to eat hot pot, and Luo Qiqi also rushed over halfway through the meal.

They ate until 8pm when they went home. Lin Ran and Wang Yifeng naturally went back to the clinic.

But just as the two of them were about to go to bed, suddenly Lin Ran's mobile phone rang.

When he picked up the phone and took a look, Lin Ran couldn't help but reveal a smile, it was a text message from Su Rou, who hadn't contacted him for a long time.

"Lin Ran, I miss you, did you miss me?"

"This nee-san!"

Looking at the content of the text message, Lin Ran couldn't help but laugh, and then called back.

But to his surprise, Su Rou actually didn't answer the phone, and when he called the second time, the latter actually hung up straight away.

The third time was the same, until the fourth time, it simply prompted that the other party had turned off the phone.

"What's going on?"

Lin Ran's heart was instantly angry with a bad feeling, he hurriedly opened the chat software and followed to lock Su Rou's location, but since the other party was not online, he could not lock it for the time being.

When Su Rou was returning home for New Year's Eve, Su Rou was unfamiliar with the place, so Lin Ran had him turn on location sharing to avoid getting lost and wandering off.

"How did this happen?"

Lin Ran thought to himself as his colleague took out a cigarette and lit it, his heart vaguely uneasy.

"Ranzi, what's wrong?"

Wang Yifeng saw this and climbed up from the bed, every time Lin Ran smoked, something was bound to happen, and it was something bad.

"Something might have happened to Su Rou!"

Lin Ran said as he took a drag from his cigarette.

"No way, she's gone home, what could have happened?"

Wang Yifeng didn't think so, feeling that Lin Ran was being a little too sensitive.

Lin Ran shook his head without explaining, his gaze straightened as he looked at his phone, soon, Su Rou's chat software was indeed online, and immediately the location was shared in real time.

"Summer Chain Building?"

Seeing the name of the place, Lin Ran couldn't help but feel a tremor in his heart, followed by the introduction above the address "An entertainment building that combines KTV, hotel, business, etc.!"

Seeing this line, Lin Ran was almost certain that something had happened to this girl, so he immediately got up, grabbed his keys and rushed out of the clinic, while shouting.

"I'll go find Su Rou, you stay honestly at home!"

"Hey! Not you take me with you, I'm not a light bulb!"

Wang Yifeng was busy shouting, leaving him by himself, he was afraid that he would suffocate here!

However this time Lin Ran was not agreeing and returned.

"It's an eventful time in Temperance City, you stay and watch the house, I'll go and return quickly!"

After saying that, Lin Ran had already left the clinic and got into his car and went straight to the highway.

.....

A girl, who was obviously going home for New Year's Eve, but now was appearing in an entertaining building, how could one think of this matter make people feel improper.

What's more crucial is that the text messages and phone calls from Su Rou earlier made him feel uneasy.

The city of Temperance to the location of Su Rou's home, originally need nearly two hours of driving, but under Lin Ran all the way to the wild, just an hour and ten minutes, has killed here, at this time only 9:30 p.m..

.....

It was only 9:30 p.m., a very special time, and in half an hour it would be 10:00 p.m. Those who are active at night should be out, and for those who work hard, it was time to sleep.

Summer Chain Building, the thirteenth floor, was an upscale KTV, in one of the private rooms, there was a middle-aged fatty sitting at the moment, and on the ground in front of him, this was a beautiful woman sitting limply, if Lin Ran was here he would definitely be able to recognize it at a glance, it was none other than Su Rou.

"Someone, bring the wine!"

The middle-aged fatty was a large bald man with a string of large gold chains around his neck, the meat on his face couldn't help but shake three buckets when he opened his mouth.

"Brother Lei!"

A little brother brought two glasses of red wine next to him.

Brother Lei picked it up and handed one of the glasses to Su Rou, laughing.

"Little beauty, come! Have a drink with Brother Lei and you'll be Laozi's woman from now on!"

"No... No, Brother Lei you spare me, okay, I'm still young, I don't want to"

Su Rou said with a face full of panic, ever since she was forcibly taken out of her home by Brother Lei in front of her this evening, her entire defense had almost completely collapsed by now.

"Bah!"

Lei grunted coldly as he smiled and splashed red wine on Su Rou's face, while a slap knocked the latter to the ground.

"Don't know how to behave, I'll say it again, from now on you're my fucking woman, for you I spent 300,000 yuan, if you don't know how to behave, I'll strip your clothes now!"

Chapter 456

Saying that, Lei couldn't help but gaze at Su Rou, the more he looked the more his mouth felt dry and he couldn't help but gulp.

"All of you go out, no one is allowed to come in without Laozi's permission!"

Lei turned aside and said to a group of his men.

The crowd smiled at that, and they all agreed, leaving the private room at once, and immediately the whole room was left with Brother Lei and Su Rou.

“Just now, there were many people on the road, but I have been patient for a long time, little beauty, now you are Laozi’s!”

With that, Brother Lei got up and pounced towards Su Rou, the greed in his eyes was undisguised.

“Brother Lei don’t, I’ll find a way to pay you back, I beg you to spare me!”

Su Rou shouted as she pushed back.

“Pay me back? What do you get in exchange? I think it’s hard to pay back 300,000 with that little salary of yours, I think it’s even 30,000, as long as you’re weirdly pooh-poohing Brother Lei I’ll have fun, how about I count 10,000 for you at a time!”

The more Su Rou struggled, the more excited he became.

“Brother Lei, I will be able to pay you back, please spare me!”

Su Rou was sobbing uncontrollably, her tears had wet her whole cheeks, she didn’t look at her feet clearly and suddenly her whole body fell directly onto the sofa in the private room.

“Haha! So you like being on the sofa, you should have said so!”

Lei’s mouth was dry as he watched, his fat body pounced towards Su Rou, the latter could even see the drool at the corner of this guy’s mouth, as if he had been a pervert seeing the most wonderful food a sheep.

“I’m sorry! Lin Ran, I’m sorry!”

At this moment all Su Rou had in her heart was regret, I hated myself for not being more proactive when she was at Lin Ran’s house, so that she could also give her most precious thing to her favorite person, instead of being trampled by a bastard now.

“If there is an afterlife, I still want to meet you!”

Su Rou’s tears wet the corners of her eyes and her body touched the fruit knife on the coffee table.

But at this time, “bang” a loud sound, followed by the entire door of the room to fly back.

“What

The door of the room flew backwards and hit him with a loud bang, sending him flying out of the room, even as a human-shaped bump protruded from the door.

“Bang!”

Lei’s entire fat body smashed into the wall of the TV next to him, smashing it to pieces and landing heavily on the floor himself.

“What the fuck, someone!”

Lei hissed in pain, while holding back the excruciating pain and fearing for his life, but when he looked towards the door, where were his men rushing in, only a youth dragging a man by his collar walking in slowly.

The light outside the door hit the youth's back, the shadow blocking the front, it was impossible to see the other man's cheeks clearly, but from the shape of his body he could tell that the other man was not very old.

"You Who are you!"

Lei asked as he looked at the other party warily.

"Who are you!"

The other party's voice was cold as he asked in return.

At this time Su Rou curled up on the sofa, holding a fruit knife in her hand on her neck, her whole body couldn't stop trembling, she likewise couldn't see clearly who was coming, her heart was alert and desperate.

"Kid you don't even know me, and you dare to barge in, I'm Ma Lei!"

He was confident that if he gave his name, the other party would not dare to act rashly.

The Su District is a small district in Tamkang City. There are nine counties and six districts in Tamkang City, and the Su District is one of them.

The reason why Ma Lei is so famous in Su District is because he has opened more than a dozen underground gambling establishments in Su District, and there is really no one who does not know this Su District Brother Lei.

"The reason for this is that he has opened more than a dozen underground gambling establishments in the Soviet Union. I've never heard of him, but I have heard of horse shit!"

The young man said indifferently, at the same time the palm of his hand flung, at once the whole person carrying the youth in his hand directly flew out, "Bang!" It hit the wall beside Lei with a bang, and then fell heavily on the ground.

"Get the hell out of here right now!"

The youth chided in a cold voice, Brother Lei was so angry at his words that his face turned blue, but he understood the truth that a good man doesn't want to suffer before his eyes, so he immediately ran towards the door vigilantly, only to say coldly at Lin Ran on the way out.

"Kid, you've got some fucking guts, wait for me!"

With that, Lei quickly disappeared outside the door.

The youth turned around and walked slowly towards Su Rou who was curled up on the sofa.

"You Don't you come over, if you come over I'll kill myself for you!"

Su Rou was in a corner of the sofa, her whole body trembling, her eyes deadly staring at the youth, with fear, and struggle on her face.

The youth stopped in his tracks, his heart ached, and spoke.

“What the hell have you been through? When you came back a few days ago, you were obviously still happy!”

Su Rou was stunned at the words, the other party’s voice felt familiar to her, she just couldn’t remember who it was for a while.

“You Who are you?”

Su Rou was busy asking.

The youth didn’t answer, he just gently plucked off the hat that was staying on his head, instantly revealing a clear face, if not Lin Ran or someone else.

“Lin Ran!”

When she saw Lin Ran, Su Rou’s defences completely collapsed, she jumped down from the sofa and jumped into Lin Ran’s arms.

Cowering in Lin Ran’s arms, the familiar warmth and sense of security wrapped around Su Rou, and she cried out in pain, wiping her nose and tears all over Lin Ran’s chest.

But Lin Ran didn’t care and held her tightly, just as still as she could.

“Don’t worry, anyone who hurts you will pay the price, I promise!”

Lin Ran patted Su Rou’s back and murmured softly.

At this moment, the quiet doorway had once again recalled the sound of intensive footsteps, without having to think Lin Ran knew that it must be that Brother Lei who had just returned with his men.

“Lin Ran you run, you run, that Brother Lei we can’t afford to mess with!”

When Su Rou heard the footsteps, she immediately pushed Lin Ran away, with panic and worry on her face.

Lin Ran saw this but smiled lightly and gently swept Su Rou into his arms again, pressing the latter’s head against his chest and smiling.

“Don’t worry, you stay here, I’ll come to pick you up soon!”

Saying that, Lin Ran placed Su Rou on the sofa, followed by turning around and walking out of the private room, while closing the door of the private room behind him.

“Lin Ran!”

Su Rou was very worried, but she still obediently sat on the sofa and did not follow him out, she knew Lin Ran’s skills and knew that if she went out now, she would not only not be able to help, but would also become a burden to him.

.....

Outside the door, Lin Ran stood against the wall, his palm taking out a cigarette and lighting it, unable to stop trembling.

He was trembling not because of fear, but because of anger. Su Rou, such a cheerful and lovely girl, what exactly did she go through to become what she is today.

To be honest, Lin Ran regretted in his heart, when Su Rou received the phone call from her father, he felt that something was wrong, now he thought that he should have stopped her then, but he didn't.

"Don't worry, as I said, anyone who hurts you will pay the price, no matter who it is!"

Chapter 457

The words fell, the corridor corner, the foremost people have rushed out, they hold steel pipes in their hands, all fierce and fierce, instantly has surrounded Lin Ran in the middle.

About a dozen people surrounded Lin Ran in three layers, but they did not make a move.

A few moments later, the crowd parted and Lei, who had run away earlier, reappeared, but now his face had a different expression.

"Kid, how dare you, knowing that I would come back, and still not leaving!"

Brother Lei looked at Lin Ran and sneered.

"A dog is just a dog, why should I leave!"

Lin Ran laughed as he smoked a cigarette.

"Haha, your tone is quite wild, you're not from the Soviet Union, I think!"

Brother Lei was not in a hurry at this point, he reached out and snapped his fingers, immediately a junior brought a chair, Brother Lei sat down and lit a cigar at the same time, took a puff and spat the smoke all over Lin Ran.

"Kid, do you know who I am? I read you as a calf when you first came here, I'm talking to you again!"

"Old man, Ma Lei, people in the Soviet Union give face to address me as Brother Lei!"

Said Brother Lei flicked the ashes of his cigarette, and then looked at Lin Ran and asked disdainfully.

"Did you hear me clearly?"

"Yes!"

Lin Ran nodded his head before speaking.

"Su Rou was brought by you, right!"

"Su Rou?"

Brother Lei was stunned at his words, before sneering.

"That's right, she was brought in by Laozi, and now he's Laozi's woman, and Laozi spent three hundred thousand dollars on her, what, you two?"

Lei said as if he had already guessed what was going on, and sure enough, he only heard Lin Ran speak.

“She’s my girlfriend!”

“O!”

Brother Lei suddenly realized, but followed with a laugh.

“Pity, you’re too late! She’s now Laozi’s woman, and if you brats hadn’t come and messed up, the rice would have been cooked by now!”

“So what?”

Lin Ran asked in a cold voice.

“So?”

Lei smiled at his words and followed, standing up from his chair before sighing.

“So You go to hell now too!”

The words turned fierce, followed by Lei copying a chair and smashing it at Lin Ran’s head.

Lin Ran also finished the last puff of his cigarette at this time, following which he jerked his head up and flicked the cigarette butt in his hand towards Brother Lei.

The cigarette did not have much killing power, but Lin Ran’s flick was so accurate that the hot cigarette was inserted directly into Brother Lei’s hand, causing him to let out a painful scream and the chair in his hand fell off.

At the same time, Lin Ran also moved, an arrow step directly in front of Brother Lei, a kick on the small of the latter’s stomach, downward force directly kicked Brother Lei to his knees on the ground.

At the same time, Lin Ran picked up the falling chair and smashed it on Brother Lei’s head with a “bang”.

The fat bald head instantly broke a few gaps and blood instantly came out.

“You want to die!”

The crowd of underlings who were watching from the side all rushed over at this moment, carrying their guys.

But the corridor was not wide, so it was very difficult to move around with so many people crammed together. Lin Ran turned his head and took a glance, followed by an arrow step and kicked one of the front men directly in the chest, this kick was so strong that it immediately knocked him backwards.

The kick was so strong that it sent him crashing backwards. A series of people behind him were smashed to the ground like dominoes, while Lin Ran punched one by one, taking care of the rest of them.

On the other side, less than half of the remaining men were already there, and they shielded Lei behind them as they charged towards Lin Ran.

Lin Ran picked up the steel pipe that had fallen to the ground, his eyes chilled, and he swung his stick to meet them directly.

Inside the room, Su Rou huddled in a corner of the sofa, her palms covering her ears, her body trembling uncontrollably. Although she was inside the room, the screams, the sound of bones breaking, and the heart-rending roar outside were still constantly reaching her ears, causing her heart to tremble with fear.

Gradually, the sounds outside weakened, and her tense heart gradually relaxed.

Outside, Lin Ran kicked the last of his men to the ground, and then slowly walked to Brother Lei.

At this moment, Brother Lei's entire body was sitting paralyzed on the ground, his back was leaning against the wall, his cheeks were all stained red from the blood flowing down from his head, his entire body looked as miserable as it could be.

"You Who the hell are you, there's no such person as you in the Soviet Union!"

Lei asked as he leaned against the wall, gasping for air.

"Lin Ran!"

Lin Ran said indifferently, while crouching down in front of Brother Lei, the steel pipe in his hand directly against the other party's head.

"It's true that I'm not from the Soviet Union, but none of that matters, now I'm going to ask you a few questions, answer me honestly! I otherwise you know the consequences clearly!"

Lin Ran said in a cold voice.

"Go ahead and ask!"

Lei gasped, people like him wise things were not doable, they would definitely not hold on for dear life, the fact that he had brought so many people with him and was put down in a few minutes was enough to show that the youth in front of him was definitely not something he could deal with.

Even if he had dealt with it at all costs, even if he did kill Lin Ran, the consequences would definitely not be what he wanted.

"Why did you say that you spent three hundred thousand on Su Rou? What the hell is wrong with that!"

Lin Ran said in a cold voice, he had said that all those who hurt Su Rou would get their comeuppance, so naturally he had to find out the whole story.

"It's his family!"

Brother Lei said.

"Her brother owes me 300,000, I went to the door to collect the debt, they didn't pay, and finally said to put their daughter against the 300,000 to sell me!"

Lin Ran's eyes chilled when he heard this, and the force in his hands couldn't help but increase a few points.

"Be gentle! Be gentle, I've said it all, why are you still doing it!"

The sharp pain that came from his forehead caused Lei to hastily open his mouth in fright and beg for mercy.

Only then did Lin Ran come back to his senses, and in his heart, he couldn't help but feel bad for Su Rou, to be sold like that was simply too much of a child's play.

"Why would her brother owe you money?"

Lin Ran forced down the anger in his heart and continued to ask.

"Her brother is addicted to gambling and owes me money as well as others, I know they definitely won't give me their daughter so easily, so I don't even expect to keep her!"

Said Lei as he fished a cigar out of his pocket and lit it, smoking it, seemingly to ease the sharp pain in his body.

"As far as I know, her brother owes money to at least two other people, both around three hundred thousand, and these people are all hobos, so if they can't get the money they will definitely end up coming after Su Rou too!"

Lei said.

"Give me their phone numbers! Including Su Rou's brother's!"

Lin Ran said in a cold voice.

Brother Lei didn't dare to hesitate and immediately gave Lin Ran his phone number.

"Hey, brother! What about this money I have!"

Seeing that Lin Ran was about to leave with the phone, Brother Lei immediately quit, how could he say that he had also lost three hundred thousand dollars.

"Bang."

As soon as he finished speaking, the steel pipe in Lin Ran's hand plunged directly into the wall behind the former, a meter long steel pipe directly into half a meter deep, scaring Brother Lei so much that his whole body twitched and he almost didn't pass out.

Lin Ran walked towards the private room without looking back, while saying blandly.

"Whoever lends you the money, you go to whoever, and if you come back to trouble Su Rou, the next time you wear it in is your head!"

Chapter 458

Ma Lei was so scared that his whole body trembled, a hot stream flowed out along his thighs and the floor soon became wet.

Lin Ran did not bother with him, turned around and went back to the private room, then carried Su Rou straight out, during which Su Rou's head was buried in his arms.

The first thing he didn't want was for Su Rou to see the bloody scene outside, and the second thing she needed at this point was a sense of security, so she could settle down the most.

Lin Ran held Su Rou and did not leave the summer chain building, just changed floors, found a hotel and opened a room, and then ordered some food, followed by then stayed.

Su Rou was still unstable and could not eat any more after eating only some food. Lin Ran put her on the bed and brought hot water to wipe off the tear marks on her face, and only then did her whole state get significantly better.

"You sleep well, sleep one night and get up tomorrow, perhaps all this trouble will be gone!"

Lin Ran laughed, while turning around and preparing to leave.

"Don't go!"

Suddenly, Su Rou spoke up, her eyes glistening with tears as she shrank under the blanket and said.

"I I'm scared!"

Lin Ran's heart ached at his words, when she was in such poor conditions in her own home, this nee-san was able to sleep by herself, but now

"I'll leave the light on for you, okay?"

Lin Ran laughed, trying to make his tone seem kinder.

"It's not the light, I just don't want to be alone in my room!"

Su Rou said, tears coming down her eyes again.

Lin Ran had no choice but to make his way to the bedside and gently wipe away the latter's tears, while saying soothingly.

"Don't worry, I'm here, you get a good night's sleep and wait until you wake up tomorrow, and everything will be over!"

"Really?"

Su Rou smiled and raised her head, her eyes still flooded with tears looked at Lin Ran with an indescribable loneliness and helplessness.

Lin Ran's heart talked darkly about what kind of experience could have made her so vulnerable, and he vowed to find the murderer and punish him severely.

After sitting on the edge of the bed for an unknown amount of time, Su Rou's eyes finally forced themselves up, Lin Ran tentatively got up and prepared to leave, the former was in a bad state of mind and looked like she hadn't slept for at least two days, so Lin Ran was eager to give her a good rest.

Only before this could take a step, her wrist was grabbed by a soft jade hand.

"Can you hug me? I'm scared!"

Su Rou said softly, but Lin Ran smiled but was a little embarrassed and scratched his head awkwardly, not knowing how to reply.

“Can you turn off the lights?”

Su Rou spoke after a moment of silence.

“Mmm!”

Lin Ran nodded at his words, followed by raising his hand and flicking out a true qi, turning off the light with a “bang”.

“Sasha!”

The sound of the blanket being lifted suddenly rang out, followed by Lin Ran feeling a relief on his wrist as Su Rou let go of his hand.

At this moment the room was very dim, only the outside of the window was brightly lit, but it was already very dark after the curtains had blocked it.

Lin Ran’s heart snapped as he heard Su Rou sit up from the bed and quickly rang out the sound of undressing.

“This nee-san just wants to undress and sleep, nothing more, nothing less!”

Lin Ran hastily persuaded himself in his mind, but his thoughts were soon dashed as he stood by the bed and he suddenly felt a palm wrap around his waist from behind.

Following this, Su Rou’s entire body was pressed against his back, and he could clearly smell the unique scent of a woman throughout the room.

At the same time, he also felt that the person behind him seemed to have no clothes on

“You”

Lin Ran’s old face turned red, and for a moment he didn’t know what to say.

“Don’t say anything!”

Su Rou body hand pressed on Lin Ran’s lips, followed by pulling up Lin Ran’s hand, turning it around, and the whole person directly into Lin Ran’s arms.

Although it was through his clothes, Lin Ran could still feel the slipperiness of the other party’s body.

“Let me be your woman, okay!”

Suddenly, Su Rou spoke.

Lin Ran’s head exploded at the words, his entire body was in a complete daze, he didn’t say anything just couldn’t help but gulp.

He was a man, and a normal man, but also a man in his youth, a man who was at the height of his bloodlust.

If it were anyone else, I'm afraid that Su Rou would have to fall completely as soon as she opened her mouth with these words, but Lin Ran still maintained a shred of sanity.

"Don't be ridiculous!"

Lin Ran suppressed the desire in his heart and spoke.

"I'm not talking nonsense!"

Su Rou retorted.

"I had the opportunity to do it at your house on New Year's Eve before, but I didn't want to force you!"

"But this time, I really don't want to wait, do you know the desperate feeling I had when you didn't come before?"

Su Rou's voice trembled as she spoke.

"Stop it!"

Lin Ran empathised and wanted to comfort Su Rou, but the latter interrupted him.

"No I'm going to say it!"

"A girl, the most precious thing just wants to be reserved for the person she likes the most, but just now I almost lost it, almost deprived by a bastard, can you understand the despair I felt at that moment?"

Su Rou said as her whole body couldn't stop trembling.

"I've even thought about it, if there's really no way out, I'll kill myself with a fruit knife, I'd rather die than be spoiled!"

Said Su Rou, wrapping up even tighter.

"I just want to give what's most important to me, to the person I like, even if you only have Xiao Nuan in your heart and not me! I don't even care!"

"Don't say that, if it wasn't for you, would I be here now?"

Lin Ran spoke, but his heart was unusually torn.

All this time he didn't want to face his emotions, he knew he liked Song Nuan, but what about these other people around him who were related to him? Didn't he like them anymore?

A person can deceive other, only feelings can not deceive, but he also have no way, this is an era can not be abusive, he also do not want to let any person on the heart sad, so he always do not want to face, but at this time Su Rou is again this problem in front of him.

"I'm happy that you have me in your heart! I did it of my own free will, really!"

Su Rou said.

The room was once again quiet, and Lin Ran didn't know how to answer.

In the darkness, a white light suddenly crossed the room, Lin Ran knew clearly that it was Su Rou's tears, at this moment his heart ached, his heart was filled with mixed feelings.

"Brush."

Lin Ran quickly took off the clothes he was wearing and then wrapped them around Su Rou, following which he put her back on the bed and covered her with the quilt, while he himself lay next to her and took her into his arms through the quilt.

"Sleep well, you're not sensible right now!"

Lin Ran spoke softly.

"I ..."

Su Rou wanted to say something, but Lin Ran interrupted her.

"Just because I like you doesn't mean I'm willing to take advantage of people!"

"I'm not ..."

Su Rou still wanted to explain, but Lin Ran interrupted her again.

"I know you didn't, but in my opinion it does, if you really like me, listen to me, I don't want your first time to be given away under these circumstances, you've made my heart ache in the past, not anymore! I promise!"

Lin Ran said, these words warmed Su Rou's heart and she couldn't help but have tears come down again.

"Don't say anything, sleep well, I promise, when you wake up tomorrow, everything will be different!"

Lin Ran smiled and said comfortingly.

Chapter 459

It was late at night, and under Lin Ran's persuasion, Su Rou finally fell asleep.

The night went on without a word, and at five o'clock the next morning.

Lin Ran got up early and while Su Rou was asleep, he sent a strand of true qi into her body and at the same time took out a silver needle and dropped a needle behind her ear.

"You're too tired, rest well, I said everything will be over by the time you wake up."

Looking at Su Rou on the bed, Lin Ran said softly, following which he left the room.

Walking out of the room, Lin Ran immediately took out his mobile phone, and then dialed the two people Su Roudi still owed money to according to the number Ma Lei had given him, one of them didn't pick up, the other did.

Lin Ran told the other party to meet him at 5pm in the hotel at Summer House. The other party initially wondered who Lin Ran was, but when he said he was here to settle the money owed by the Su family, the other party readily agreed.

Later, Lin Ran even asked the other party for the address of Su Rou's home, and the other party did not hesitate to say so.

Lin Ran put away the phone and prepared to go downstairs, but to his bewilderment, just as he reached the door of the building, the door of another room in the hotel also opened, and he looked down the hall.

He only saw that the room was sloppy, with all kinds of clothes scattered all over the place, almost mostly bath towels and underwear.

"What are you looking at, haven't you seen it before!"

Lin Ran was looking puzzled when suddenly a woman came out of the room, the woman was about his own age, but her dress was very sexy and sultry, and her body was not bad, a backless dress looked like Lin Ran was not only smacking his lips.

However, the foundation on her cheeks was so thick that it could kill a person, making Lin Ran frown.

The other party's face was located next to her nose, and there was an obvious black mole, so it made a deeper impression on her, plus the shape of that face was a typical villain's face, which even made Lin Ran shake her head in her heart.

"I'm afraid it's another cheating young woman!"

Quickly leaving the hotel, Lin Ran followed and then disappeared into the crowd.

.....

When the day dawned, Lin Ran had already arrived at the neighborhood where Su Rou's house was located, and found the corresponding location according to the address.

This is a very dilapidated neighborhood, Lin Ran arrived at the door of Su Rou's house and knocked directly on the door, but to his discrepancy, the door was opened by an old granny on crutches who looked at least 70 to 80 years old.

"Granny, is this Su Rou's house?"

Lin Ran opened his mouth and asked.

"Yes!"

The granny nodded her head and said at the same time.

"I'm her mother, what's wrong? Are you looking for our Su Rou for something?"

"You're her mother?"

Lin Ran was stunned at his words, this granny looked at least the same age as his own grandmother, how could she claim to be Su Rou's mother?

"No need to be surprised, I've been ill for years, so I'm showing my age!"

The granny said with a relieved smile, while opening the door and welcoming Lin Ran inside.

“By the way, who are you to Xiao Rou!”

The granny asked with a smile.

Lin Ran was stunned at her words and then laughed.

“I’m her boyfriend!”

“Boyfriend?”

The granny was visibly stunned at her words, and then hurried back to her room while saying.

“You sit down first, Little Soft her father’s brother has gone out to buy food, he’ll be back soon!”

Lin Ran didn’t expose the other party when he heard that, he smiled and nodded, following which he went around the room.

There were many photos and awards on the walls, most of the photos did not have Su Rou, but a man who looked somewhat similar to Su Rou in appearance, who should be her younger brother, while the awards were all clear of Su Rou’s.

“Hmm.”

Suddenly, Lin Ran noticed that there was a wedding photo on the wall that had only just been hung up, the man was none other than Su Rou’s brother, and when Lin Ran saw the woman, he couldn’t help but frown slightly.

The woman’s face on the photo was very similar to the one he had met at the hotel this morning, and what made Lin Ran even more certain was that the woman on the photo also had a black mole on her face, and almost instantly Lin Ran concluded that these two were definitely the same person.

“Hey hey! Who! Who is it! Where’s my boyfriend?”

Just as Lin Ran was lost in thought, a commotion came from outside the door, followed by three figures walking in, none other than Su Rou’s brother and the woman in the photo, who should be his daughter-in-law, and a man around fifty years old.

“So you’re my sister’s boyfriend?”

As soon as the youth entered the room, he saw Lin Ran and immediately drank in the question.

“That’s right!”

Lin Ran turned around and nodded his head.

“It really is better to come at the right time than at the right time, since you’re here then sit down and talk!”

The youth greeted with a smile, although he looked enthusiastic, there was a treacherous one between his eyebrows.

“My name is Lin Ran!”

Lin Ran said with a smile, while he couldn't help but glance at Su Rou's father's body, noticing that the latter was a little uncomfortable, but he didn't say anything.

"My name is Su Chui, none other than Su Rou's younger brother, tell me how much you are prepared to pay!"

Su Chui spoke directly after his introduction.

Lin Ran frowned slightly at his words and couldn't help but ask.

"What do you mean?"

"Aigoo don't play dumb, since you're my sister's boyfriend, aren't you going to get married sooner or later, how much are you prepared to pay for this bride price?"

Su Chui said directly.

On the side, Su Rou's father slapped his thigh in anger at his words, but in the end, he just sighed and didn't say a word.

"What are you sighing for? Go back to the house if you don't want to hear it!"

Su Chui saw this and shouted coldly, while at the side his daughter-in-law seemed not to recognise Lin Ran and sat down at that moment, laughing.

"I say brother-in-law, looking at your outfit you don't look like a rich man either, our Su Chui's sister is a good-looking one, if you don't have money, you'd better leave while you can, so as not to delay us!"

"Right! If you don't have money, you should leave now, my sister is going to marry a rich man in the future!"

Su Chui sniffed and said busily, while slapping herself, as if she regretted a little that she had forgotten to look at Lin Ran's costume in her haste just now.

"Don't worry about the money, I have plenty, I'm just curious about Su Rou, where is she?"

Lin Ran laughed lightly.

"You say my sister ah, went to a friend's house to play, will be back in the afternoon, let's just talk about"

The moment he heard the money Su Chui immediately came to the spirit, about to talk about the bride price, while aside his wife is busy to interject.

"This is not urgent, let's first understand what your prospective brother-in-law's family is doing, how much money can you have!"

"O yes, my name is Yan Li, I am Su Chui's daughter-in-law!"

The first thing you need to do is to get to know your brother-in-law.

"There is no need to say what my family does, a few million is not a problem for me, you just know this!"

Lin Ran laughed lightly, then his eyes looked towards Su Chui and laughed.

“Brother Su, did you still get used to staying at the hotel last night?”

“Hotel?”

Su Chui couldn't help but be stunned at his words and followed.

“What do you mean, I slept at home last night, I didn't go to a hotel!”

Lin Ran smiled at his words and looked at him then his eyes fell on Yan Li at the side and he couldn't help but laugh.

“I am a foreigner, last night came late in the summer building hotel to stay the night, but I got up in the morning, but I saw this one beside you, that is, your daughter-in-law, from the hotel in another room, I thought”

The first thing you need to do is to get a good idea of what you're doing.

But he was pretending not to see it and continued.

“In addition I also saw the room on the floor, there are a lot of underwear, I thought it was you brother Haha wrong wrong wrong, so it wasn't you!”

“It's just that there's a big grassy field overhead, is that something you know about brother?”

Chapter 460

Su Chui's face instantly changed at his words, green and practically blue, and he turned his head to look at Yan Li, who was looking aside, with question and anger in his eyes.

“What are you looking at, does he say it is? What proof is there?”

Eye Force said coldly, how could she possibly admit to this.

“Yeah, what proof do you have?”

Su Chui saw this and couldn't help but question Lin Ran.

“The proof is simple, you can just go to the summer building and transfer the surveillance!”

Lin Ran laughed.

As soon as these words left his mouth, Yan Li's face instantly changed, Su Chui looked in his eyes and followed with a bitter expression.

“Daughter-in-law, is there such a thing or not!”

Su Chui questioned.

Yan Li blushed hard and dodged from side to side, which made Su Chui almost already sure that it was indeed true.

“You I've been so nice to you, and you actually”

Su Chui was so angry that his face turned blue and he wanted to slap himself twice.

“Good? What’s the use of you being nice to me, are you rich? Can you give me the life I want to live?”

Yan Li seemed to have given up, and with a grit of her teeth she chided directly.

“That’s right, I’ve got a man outside, so what! If I hadn’t helped you out, you would have been killed by the debt collectors!”

If Yan Li didn’t follow him, he might really have to be a bachelor.

“Yanli I was wrong, I was wrong, don’t go, I’ll pretend this never happened, I’ll never gamble again, when I get my sister’s bride price, I’ll give it all to you, all of it!”

Su Chui said busily.

Even Su Chui’s father at the side also spoke up and persuaded him.

Lin Ran couldn’t help but shake his head at this scene, with such a family, it was really hard to imagine how Su Rou had grown up.

The father only had his son in his eyes, and even though his own son was such a loser, he always sided with him, while his own son was even more addicted to gambling, and was too rotten to be a wall.

In the past, when the children were small, it might have been fine, but when both children grew up, all the conflicts erupted.

The son’s gambling addiction has left him in debt, and when he marries his daughter-in-law, all the money he needs is actually coming from Su Rou, and he even has to sell her to raise the money.

“Really scum!”

Lin Ran couldn’t help but shake his head and cry, if he had known that Su Rou’s family was in such a situation, he wouldn’t have let Su Rou come back for New Year’s Eve, this was simply a devil’s cave, where was home?

“All right! Hurry up and ask for money!”

Yan Li coldly stopped leaving, but it was to bring the topic back to Lin Ran, always still thinking about the bride price.

“Yes, yes, hurry up and ask for the money!”

Su Chui reacted and instantly looked at Lin Ran and said.

“How much are you prepared to give for the bride price?”

Lin Ran looked helpless and shook his head, laughing blandly.

“How much are you prepared to ask for?”

Su Chui was stunned at his words and hurriedly looked at Yan Li at the side, how would he know how much to ask for, since he had gambling debts it had always been his daughter-in-law who had helped out with ideas, if he had been left to think for himself, he would have starved to death.

“One million, it’s not too much handsome!”

Yan Li looked at Lin Ran and laughed, her eyes unconsciously blinking as she spoke, as if she wanted to discharge at Lin Ran.

“It’s not much, then I’ll leave first!”

Lin Ran laughed, following which he got up and was about to leave.

“Hey hey, why are you leaving like this, the money hasn’t been paid yet!”

Yan Li said busily when she saw this, and Su Chui also stood up after him, saying.

“Yes, yes, leave the bride price before you leave!”

“On what grounds? I haven’t even met Su Rou, besides I didn’t say I was getting married today, what kind of bride price is that?”

Lin Ran said in a serious manner, but in his heart he was disgusted with these two people, he couldn’t imagine how Su Rou had grown up here in the end.

“No, look, brother-in-law, if you leave the bride price today, you won’t have to give it when you get married later, will you!”

Su Chui laughed, while reaching out to touch Lin Ran’s pocket, his eyes filled with a desire for money.

Lin Ran opened Su Chui’s arm and said afterwards.

“What, you’re robbing instead, are you?”

“No How come!”

Su Chui said with a face full of embarrassment, but Yan Li on the side was a little impatient and said in a cold voice.

“Lin Ran I can tell you, there are many people who want to marry our Su Rou, you either leave the bride price today or you don’t have to come later!”

“Right!”

Su Chui hurriedly pretended to be beside himself again.

Lin Ran looked amused, shook his head and spoke.

“So anxious for money, I’m afraid that the debtor has come to the door again!”

“You!”

Su Chui’s face changed at his words, and even Yan Li’s face at the side couldn’t help but change a few points.

“If you want money, I have plenty, but who am I to give it to you? Give it to you so that you can continue to go gambling? Continue to take Su Rou as goods to sell?”

Lin Ran looked at the two men and said, word for word.

“Old man, it’s all your children, is Su Rou a foundling? You just don’t care at all?”

Lin Ran looked at the middle-aged man on the side and questioned.

“I But she’s a daughter after all! My son he”

The old man had a difficult look on his face, and Lin Ran understood that in his heart this son was always the most important!

Lin Ran also did not persuade, his eyes cold, swept over the middle man and said.

“I don’t care who you are or what your relationship with her is, if you dare to find trouble with her again, don’t blame me for being ungracious!”

With a bang, Lin Ran punched the wall next to him, and the picture frame with Su Chui’s wedding photo hanging on it shattered into several pieces and fell to the floor with a bang.

This scene caused Su Chui and the others to gag, especially Yan Li, whose mouth grew in shock because Lin Ran’s punch was a meter away from the photo frame, but the huge force shattered the frame.

“Is what I said clear enough!”

Lin Ran said as he turned around and prepared to leave, but before he left the door, he turned back and said.

“Whoever owes the money will settle it themselves, Su Rou doesn’t owe you anything!”

With that, Lin Ran went straight out and left the place.

“He He”

Su Chui pointed in the direction Lin Ran left, not uttering a single word for a long time.

“Alright! Don’t him, hurry up and find a way to raise money, the debt collectors will be coming this afternoon!”

Yan Li glared at Su Chui, followed by picking up her bag and preparing to go out.

“Daughter-in-law, where are you going now?”

Su Chui saw this and asked, Yan Li was his backbone.

“Where do you think you’re going, to raise money!”

Yan Li, as soon as she pushed Su Chui away, followed and ran out of the house.

.....

Outside the district, Yan Li took out her mobile phone and dialed out, and soon the call was answered.

“The first thing you need to do is to get the money to pay for it.

Yan Li said in a semi-petulant voice.

“Haha, little slut don’t worry, how could your brother Chien not care about you, there’s a fool who says he’s going to pay Su Rou’s debts for her tonight, I’ve already sent the debt collector to your house, let’s have a stew tonight, you come here now!”

On the phone, a young man sneered.

“Huh? It’s not appropriate in broad daylight, right Brother Qian, besides that kid knows I’m green to him!”

Yan Li was a little embarrassed.

However the youth on the phone was scolding.

“What are you afraid of? If your husband is a loser, he’s green. Shit haven’t even played enough!”

“That’s fine Brother Chien, but you have to be a little lighter this time.”
