

Wonder Doctor

Chapter 461

Leaving Su Rou's house, Lin Ran went straight back to the Summer Mansion and ordered some food for himself and ate casually.

Su Rou was still sleeping, and under the effect of her true qi, she could sleep until at least 7pm.

The time soon came to 5pm, Lin Ran arrived at the downstairs of the building as promised and was soon approached by two youths.

"Are you the one who made the big call this morning?"

The youths looked at Lin Ran and asked directly.

"Yes!"

Lin Ran nodded his head, and the two youths turned around and walked in towards the building directly without any nonsense.

He himself had called the two debtors in the morning and asked them to meet, so they must have arrived by now. Lin Ran quickly followed, and was soon taken to a hotel room within the building.

As soon as he entered, Lin Ran saw that there were at least dozens of people in the entire private room, all wearing suits, and although they didn't have a guy in their hands, they were not serious people at first glance.

On the sofa in the living room were two young men, one was on the thin side with no shirt on, a black dragon tattoo on his chest looked very conspicuous, while the other was very fat, a match for Ma Lei, but this man looked much more menacingly oriented.

"You were the one who made the call this morning?"

The black dragon youth looked up at Lin Ran and asked blandly, with disdain in his eyes.

"Yes!"

Lin Ran nodded his head.

"Black Dragon, don't talk nonsense to him!"

On the side, the fat youth raised his head to look at Lin Ran and said in a cold voice.

"This is Black Dragon, I'm Da Fei, have you brought the money?"

Fatty Dafei asked directly, looking impatient.

"No!"

Lin Ran looked at the two men and said blandly.

The moment he said this, the atmosphere in the room immediately chilled, and Black Dragon and Dafei's faces instantly turned gloomy.

“Kid, you’re playing us?”

Da Fei looked at Lin Ran with a cold face, and a small dagger that he was playing with in his hand stopped.

“No!”

Lin Ran remained bland, unable to see the slightest fluctuation in his emotions.

“Then what do you mean!”

Da Fei looked at Lin Ran and chided in a cold voice.

Lin Ran gave the two a bland look before saying.

“Whoever lends you money, you can ask for it. I just wanted to tell you two not to point the finger at the wrong person, Su Rou doesn’t owe you money!”

“What? Haha!”

Hearing Lin Ran’s words, Da Fei instantly went down, while getting up and looking at Lin Ran and laughing.

“Kid, are you out of your mind, the money her brother Su Rou borrowed, that’s his Su family’s business, who else should I ask for it?”

“You can ask whoever you like, but not Su Rou!”

Lin Ran said indifferently.

“I think you’re fucking tired of living!”

Da Fei shouted coldly, picked up the beer bottle on the table and jumped straight over the coffee table, smashing it against Lin Ran’s head.

However, Lin Ran stood still and didn’t move, as if he was scared silly.

“I thought what the hell, it turns out he’s also a dumb”

Black Dragon sneered, with disdain in his eyes, but before he could finish his words, he froze.

The bottle in his hand smashed down towards his head as if he had seen a ghost, and there was a “bang”, the bottle broke and blood flew everywhere.

“Did you understand what I said?”

Lin Ran put one hand around Dafei’s neck and asked in a cold voice.

“Kid, you’re looking for death! You dare to do this to Laozi”

Da Fei’s voice trembled as he cursed angrily, but before he could finish his sentence, a black shadow flashed by, followed by a huge force smashing directly into his chest, and his entire person immediately to flew out.

“That’s right, I’m looking for shit, and obviously, you’re that shit!”

Lin Ran patted the dust that had fallen from his body and looked at Da Fei in a cold voice.

“Who are you!”

Black Dragon stood up with his dagger in hand, his gaze wary as he looked at Lin Ran, his expression cloudy and uncertain.

Although he despised Dafei, this guy had his tonnage there after all, there really weren't many people who could kick him off with a single kick, but this youth in front of him was doing it with such ease.

“Su Rou's boyfriend!”

Lin Ran looked at Black Dragon and said blandly.

Not only did Black Dragon's face change at his words, he barked out a question.

“You were the one who snatched Su Rou from Ma Lei last night?”

“Yes, it seems you're quite well-informed too!”

Lin Ran said indifferently.

“I don't think so, that boy Ma Lei thought that he could pay off his debt by snatching Su Rou first, but instead he fell into your hands!”

“But I still have to thank you, you didn't do anything and we had to deal with him sooner or later, you just helped us out!”

Black Dragon said as he took out his phone and smiled at Lin Ran.

“I advise you to hand over Su Rou quickly, otherwise you won't leave this building alive today!”

Lin Ran smiled with a slight frown and said in a cold voice.

“I'm curious, Su Chui owes you money and you have to go after Su Rou, why on earth! Just because she's a woman and can pay back the money?”

This matter was strange to say the least, Su Chui owed a huge amount of money, these debtors all set their eyes on Su Rou one by one, Ma Lei could forget about it, directly kidnapping Su Rou to cover the debt was understandable.

But Black Dragon and Dafei were also interested in Su Rou, which makes no sense, after all, not everyone is as horny as Ma Lei.

The company's main business is to provide a wide range of products and services to the market.

“You're not stupid, but you won't have a chance to find out!”

Black Dragon laughed coldly, followed by a wave of his hand, and at once the group of people around him all fished out their weapons from their arms, and one by one they rushed towards Lin Ran.

Lin Ran stood in place and looked at Black Dragon, but his expression did not change much as he said blandly.

“If you don’t say anything, then I’ll have to fight until you do!”

As the words fell, Lin Ran dashed out with an arrow step, his speed was like a ghost, the people around him didn’t even see clearly before Lin Ran had already rushed in front of the black dragon.

“Good boy, you really dare to come here!”

Seeing this, the black dragon had already, with his palm forming a claw, grabbed at Lin Ran’s head.

“Black Dragon Hollowing Heart!”

The black dragon chided, and his hand claws had already reached Lin Ran.

However, Lin Ran raised his hand and slapped the Black Dragon directly on the face, and a bright red finger mark immediately stood out.

“Black Dragon’s Heart!”

“Slap!”

Lin Ran sneered, followed by another slap on the other cheek, and both cheeks instantly swelled up.

“You

Black Dragon was so dizzy from the blow that he was seeing people in double vision.

“Say it or don’t say it!”

Lin Ran said in a cold voice.

“No! Don’t you dare hit me again”

Black Dragon said with a stiff mouth.

“Slap!”

Another slap, Lin Ran said in a cold voice.

“What’s wrong with me hitting you?”

Black Dragon was on the verge of tears and shouted busily.

“Where’s the man? Hurry over and waste him, where’s everyone?”

“You guys dare to come over? Do you believe I’ll castrate him straight away?”

Lin Ran looked around the week and sneered.

“You!”

Black Dragon felt a tightening in his crotch when he heard this, and hurriedly shielded his body with his hands as he cried out.

“Don’t Don’t hit, I said I haven’t got a daughter-in-law yet, I said it all!”

Black Dragon sat down on his buttocks and cried.

“Hurry up, there’s a limit to my patience!”

Lin Ran urged.

Seeing that there was no escape at all, Black Dragon had to say stiffly.

“It was Lu Qian, he instructed us to do it, his aim was to completely destroy Su Rou!”

Chapter 462

“Luk Chien? Where is he?”

Lin Ran frowned slightly at his words, he hadn’t heard that name for a long time, and if it wasn’t Black Dragon talking about it, he hadn’t really connected the incident with this person.

“He’s right next door!”

Black Dragon said busily.

Lin Ran nodded at his words and followed, turning around and preparing to leave.

But just as Lin Ran’s back was turned, Black Dragon’s face suddenly turned cold and a dagger appeared in his hand at some point, stabbing Lin Ran in the back.

“You really think I’m easy to mess with!”

Seeing that the dagger was about to enter Lin Ran’s back, Black Dragon couldn’t help but laugh.

But the next scene caused him to freeze in place.

The moment the dagger was about to touch Lin Ran’s body, this guy actually took a step sideways, and immediately the dagger was stuck under his armpit, only touching some clothes, the rest didn’t even touch anything.

Lin Ran turned around violently, his body hand strangled Black Dragon’s neck, and said in a cold voice.

“Do you think you’re bad to mess with?”

“I Hey, hey, misunderstanding, misunderstanding”

Black Dragon laughed awkwardly.

Lin Ran didn’t bother to pay attention to him, and kicked Black Dragon directly in the chest, immediately the latter also flew backwards, hit the wall heavily, and then landed on the ground with a bang.

“Damn it, you’re here too!”

He couldn’t help but curse as he was hit hard on the ground.

Lin Ran didn’t bother to pay any attention to the two of them, and after sweeping his gaze around, none of those people around dared to rush up, he immediately stepped out of the room and went next door.

The door of the room next door was locked tightly and there was no sign of any difference. If Black Dragon hadn’t said that Lu Qian was here, he really wouldn’t have imagined that there was actually a mastermind behind this incident.

.....

In the room, Lu Qian was doing on the sofa, while on top of him was sitting a beautiful woman, none other than Su Chui's daughter-in-law Yan Li.

"Aiya brother Qian, in front of others, don't touch!"

Yan Li shyly arrived, her face a little red with shame.

At this moment on the ground in front of the two of them, there was a person lying on his back, it was Su Chui.

"Wife, how do you"

Su Chui's face turned green as he looked at Yan Li, how could he have thought that his daughter-in-law would actually sit on another man's lap in front of him and allow the other man to get up and down without even resisting.

Even when he had learned that his daughter-in-law had cheated on him, he had chosen to forgive, but now this scene in front of him was like a knife deeply engraved in his heart.

"What about me? You're a wimp who can't do anything, and I can't find another man?"

Yan Li laughed coldly, while taking off her shoes and flinging them at Su Chui's face, the latter's cheeks instantly turned a big red.

"Besides, you don't even look at what status Qian has and what status you have, with this are you waiting to be sold out too!"

"I won't, how can I let go of selling you!"

Su Chui said busily.

But Yan Li laughed.

"You won't? You even dare to sell your own sister, you still have the courage to do so?"

"I did that for you!"

Su Chui was busy explaining.

"For my sake? To pay off your gambling debts!"

Yan Li laughed coldly, her soft and delicate body twisting back and forth on Lu Qian's body seemingly intentionally or unintentionally, causing Lu Qian's heart to itch.

"I said, what's the point of following a loser, I can't stand it anymore, while there's no movement next door, why don't we do it again?"

Lu Qian said he was going to undress Yan Li, although this bitch was average looking, this body was really hot, if it wasn't for that, he wouldn't have kept Yan Li.

"Aiya brother Qian, in the way of others!"

Yan Li said pretending to be shy.

Lu Qian, however, was looking at her heart and immediately went to rip her clothes.

“Bastard you stop!”

Su Chui gritted her teeth as she watched, and got up to stop Lu Qian.

However, the bodyguard standing by the side kicked Su Chui in the stomach, causing him to fall to his knees with a painful thud.

“Lu Qian, you bastard! Why did you do this to me!”

Su Chui’s eyes were red as he looked at Lu Qian with anger in his eyes.

He had been introduced to Yan Li by Lu Qian, and it was even Lu Qian who had taken him to gamble, but he had never thought that his good brother would always be scheming against him.

Until now, looking back, it all seemed to be a conspiracy, Lu Qian first caused him to owe a lot of money, and then he even robbed him of his woman, it was almost like it was carefully planned.

“I’ll fight with you!”

The more Su Chui thought about it, the angrier he became, and with the pain he felt, he got up and tried to fight with Lu Qian.

The bodyguard next to him immediately rushed up and held him down.

“Don’t know how to play with me, then you should watch how I fuck your woman in front of you!”

Lu Qian sneered, following which he rolled Yan Li onto the sofa and immediately went to unbuckle his own belt.

But at that moment, with a loud “bang”, followed by the entire room door directly backwards out.

“What the hell”

The door flew backwards almost against his scalp, and he froze in place, forgetting to lift his unbuttoned trousers.

“Whoa!”

The entire trousers fell to the floor, Lu Qian did not bother to lift them, hurriedly looked at the door, and immediately the whole person froze.

“Long time no see, this is quite a special welcome from you!”

Lin Ran stood in the doorway, looking at Lu Qian and smiling blandly.

“You! How did you know I was here!”

Lu Qian was startled, but followed by seeing the crowd of bodyguards next to him, he quickly calmed down.

“So what if you know I’m here, do you still think I’m the same stupid kid I was back then!”

Lu Qian laughed coldly, followed by a step and prepared to walk towards Lin Ran, only to remember that he had not yet lifted his trousers.

But it was already too late, as his trousers tossed under his feet, and he fell to the ground with an “ah” sound.

He even lost two of his front teeth, and his mouth was full of blood.

“You don’t seem to be as good as you were back then, your brain doesn’t even feel good anymore!”

Lin Ran couldn’t help but laugh as a bodyguard quickly rushed up to the side and helped him up, while wiping the blood off his face.

Lu Qian’s face was grim as he hurriedly lifted his trousers and looked at Lin Ran with a sneer.

“What’s the use of having sharp teeth? Do you still think you’re a match for Laozi now?”

Lu Qian said with a wave of his palm, smugly.

“See? This room is full of old me, what can you do to fight me? Besides I won’t be afraid to tell you that you obviously found this place because of Su Rou, and I’ll even show my hand to you, I just want to destroy her!”

“At first you ignored me, but now I can get her back in a minute, can you believe that?”

“What about her family?”

Lin Ran looked at Lu Qian and asked in a cold voice.

“Family? What do you think? I won’t spare anyone who has offended me, including you!”

Lu Qian laughed coldly, his eyes filled with an icy cold severity.

Chapter 463

“You’re really scum completely!”

Lin Ran laughed and shook his head, he didn’t expect the resentment in Lu Qian’s heart to be so great, and the most crucial thing was that this guy had actually put his hatred into action to avenge the recovery of the Rou family.

“It’s all thanks to you, how about that, are you happy now? Isn’t it surprising that old me can rise again?”

Lu Qian looked at Lin Ran and laughed, with madness in his eyes.

“You don’t have to be like this, I have already taken Su Rou away, as for her brother to be in this situation today, he is also to blame!”

Lin Ran said indifferently.

“Taken away? You’re out of your mind, even if you took her away, so what, can you still run away today?”

Lu Qian couldn't help but laugh, while coming to a bodyguard, patting the latter's chest and laughing at Lin Ran.

"Do you know how much this bodyguard cost to hire? Ten thousand a day!"

"Do you know what this one's status is?"

Lu Qian pointed to another one and smiled smugly.

"First place in the National Bodyguard Competition!"

There were almost a dozen bodyguards in the room, and Lu Qian introduced them almost one by one, as if that would multiply him.

"Kid, how can you fight with me? That bitch Su Rou didn't like me at first, but now I don't like her either, so since I can't have her, I'll destroy her!"

Lu Qian sneered.

"You're really heartless!"

Lin Ran was indifferent, his face without the slightest fluctuation in expression.

"Haha, say what you like, if you hadn't come to mess up this time, when Ma Lei has trampled Su Rou, I would still have arranged it, I just want her to be ridden by a thousand people and pressed by ten thousand, so that she can be as dirty as she wants to be!"

Lu Qian laughed.

But Lin Ran's face was completely cold as he listened, he didn't care how bad Lu Qian was, but as long as he dared to plot against the people around him, he had definitely touched his taboo.

"Say it again!"

"What? What can you do to me if I say it ten fucking times? If you want to kill me, come over here!"

Lu Qian was so wild that he sat down on the sofa, and then he took Yan Li into his arms again, and he was doing it all over him.

Su Chui's eyes were red from watching, and he was busy rushing next to Lin Ran, begging.

"Brother-in-law, brother-in-law look at him! You have to help me, brother-in-law!"

"Get lost!"

Lin Ran was also on the verge of fury and gave Su Chui an icy glare, scaring the latter into sitting on his buttocks, not daring to breathe a word.

"I'm right here, come here if you dare!"

Lu Qian sneered, but there was disdain in his eyes.

"Since you are so demanding, then I have no choice but to satisfy you!"

A cold smile appeared at the corner of Lin Ran's mouth, followed by an arrow step and he charged towards Lu Qian.

The bodyguards on either side had already been standing by, and when they saw Lin Ran move, all of them immediately moved.

One of the bodyguards who was closest to Lu Qian immediately came towards Lin Ran, and his huge fist came straight at Lin Ran's head with a strong wind.

However, Lin Ran did not pause in the slightest, he dodged the punch with a side-step and then kicked the other bodyguard in the chest, and with a bang, the latter flew backwards like a cannonball.

"Bang!"

The man's bones were almost gone, even the white ash on the wall was cracked.

A bodyguard was knocked over in a single glance, which made Lu Qian couldn't help but frown slightly, and Yan Li, who was hiding in his arms, was even under a blush, and was busy saying.

"Brother Qian, will he really fight over!"

"Put your mother's ass, if you can't talk, shut up!"

Lu Qian was so angry that he gritted his teeth and pushed Yan Li off his body, while getting up and retreating a few metres towards the back, afraid that the fight in front of him might affect him.

"Brother Qian, you can't leave me behind!"

Yan Li saw this and hurriedly followed, she had put everything she had on Lu Qian, if the latter really left her alone, then she was afraid she would be completely finished.

While the two were talking, Lin Ran's side had already knocked over three more bodyguards, originally a dozen bodyguards, but now only ten were left.

"How can this guy be so strong, is this still a human being!"

Lu Qian's heart froze as he watched, and he unconsciously ran in the direction of the door.

"Brother Qian, you can't leave me behind!"

Seeing this, Yan Li was busy following him, pulling on Lu Qian's clothes, afraid that the latter would leave him alone.

"Get lost!"

At this point, Lu Qian didn't care about her, he pushed Yan Li to the ground and ran out towards the door.

"Want to leave?"

Lin Ran grabbed a bodyguard by the neck, and when he saw Lu Qian trying to run, his eyes chilled as he picked up the entire bodyguard in his hand, and then flung him out towards the door.

"Bang!"

With a muffled sound, Lu Qian was smashed to the ground by the bodyguard, and his face was bruised and battered.

The remaining bodyguards were all frozen at this point, they all knew very well in their hearts that they were no match for Lin Ran, although there were many people on their side, as long as they dragged on for a while, Lin Ran would definitely be able to take them all down, it was only a matter of time.

“You want to protect such a person? Get lost if you don’t want to die!”

He didn’t want to waste these people, but that didn’t mean he wouldn’t do it, if he pushed himself to the limit, Lin Ran wouldn’t mind sending a few more people to the hospital to accompany Lu Qian.

“Go!”

Soon, one of the bodyguards spoke up, following the rest of the group all exited the door not to get involved, they were also in the business of that money to eliminate disasters, if they saw that things could not be done and still had to get on, then they would really be too stupid themselves.

“You guys! Give me back!”

Lu Qian was so angry at the situation that he slapped the ground, but with a bodyguard pressed against him, he could not move at all.

“Brother Qian, I don’t care about you, take care of yourself!”

Yan Li said at the side, followed by turning around to bolt, Lu Qian is going to be finished, Su Chui side she is also can not stay, at this time can only choose to run away.

However, she wanted to run, but Lu Qian did not agree, and with the pain Lu Qian grabbed Yan Li’s ankle, the latter did not pay attention and fell to the ground with a “bang”, or face to the ground.

Lin Ran didn’t bother to pay attention to her and came to crouch down beside Lu Qian, turning the cheek of the bodyguard who was on top of him and facing him.

“Is this what you call the national bodyguard gold medal? It doesn’t seem like much more than that!”

“You!”

Lu Qian was so angry that his face turned blue, but at this moment there was no way out, his own bodyguard couldn’t even stop Lin Ran, did he expect himself?

Thinking of this, Lu Qian’s face immediately changed, what was still anger and disdain had now been replaced with an enthusiastic smile.

“That Brother Lin Ran, I think there should be some misunderstanding between us, why don’t we sit down and talk slowly?”

“Is there a need for that?”

Lin Ran smiled lightly, while taking out his mobile phone, and said.

“Bringing people to gamble, opening a casino and wanting to misbehave with others, I think you should go to the police station and talk to the police!”

“Don’t don’t, let’s have a talk, Brother Lin, Grand Master Lin don’t call the police!”

Lu Qian pleaded bitterly, but what greeted him was a slap from Lin Ran, for this kind of scum, he really didn’t want to waste a word, he just called the police.

Chapter 464

At night, in the hotel room, Su Rou woke up.

A day and a night’s rest had made her whole body look significantly more energetic, and her eyes could no longer see bloodshot, in fact this sleep was unusually sweet, and it was as if she had only slept for one night under the effect of her true qi.

“Wake up!”

In the darkness, Lin Ran turned on the light and looked at Su Rou in bed with a smile on her face.

“I’m so hungry!”

Su Rou said with a pouty smile unique to a small woman.

“Come on, let’s go eat!”

Lin Ran handed Su Rou her clothes, rubbed the latter’s head dotingly and followed her out of the room.

A sumptuous hot pot brought out all of Su Rou’s lively temperament from the past, and both of them had a tacit understanding that no one mentioned what happened before.

After dinner, it was already ten o’clock in the evening, and the two strolled through the streets, holding hands as if they were a young couple pressing the road.

“Lin Ran.”

Suddenly, Su Rou turned around to look at Lin Ran.

“Well, you say!”

Lin Ran laughed.

However, Su Rou didn’t say anything, she just jumped into Lin Ran’s arms as soon as she could and whispered.

“Thank you!”

“Fool, there’s nothing to thank you for!”

Lin Ran smiled and scratched Su Rou’s nose, everything seemed so beautiful.

But Su Rou knew that beautiful things were fleeting, and even though she didn’t want to break this beauty, the cruel reality was still in front of her.

“I ...”

Su Rou opened her mouth to say something, but Lin Ran interrupted her first.

“I’m calling the police!”

“Huh?”

Su Rou sniffed a bit puzzled and looked at Lin Ran in confusion.

“Those who ran the casino and lent money to your brother should have all gone in, but your brother’s first and sister-in-law, they should have gone in too!”

Lin Ran said as he looked at Su Rou.

Su Rou was stunned at the words and did not speak for a long time.

Seeing this, Lin Ran sighed and said.

“I know it might be hard for you to accept, but this is the best way, you should know very well what your brother is like, I’m afraid only the police station can make him completely repent and start from scratch!”

Lin Ran said, his gaze opposite Su Rou as he continued.

“You may hate me, but I don’t regret it, at least I was able to save you from the depths of the water!”

“I don’t hate you!”

Su Rou’s eyes reddened and tears fell down.

“In fact, I wanted to call the police a long time ago, but every time I saw the look in my parents’ eyes, I still”

Su Rou didn’t say anything further, tears had already flooded her eyes.

Lin Ran reached out and embraced Su Rou into his arms, laughing.

“Everything is over, and the good will begin anew, school will start soon, come back with me!”

“Mmm!”

Su Rou nodded heavily.

The two of them just hugged each other on the cold night, everything seemed so beautiful.

.....

The next morning, Lin Ran and the two of them woke up early and went to the supermarket to buy a lot of things.

Because today, was the day Su Rou left, they had to make a trip to the latter’s home, as a farewell and a cautionary tale.

“What are you doing back? Your brother has been taken away, why are you still coming back!”

In the room, Su Rou’s father’s eyes were red and there was anger in his eyes as he pointed at Su Rou in front of him.

However, this time, Su Rou was much stronger, she did not cry and just looked at her father calmly.

Lin Ran pulled Su Rou behind himself, looked at the latter's father in front of him and spoke indifferently.

"Uncle, I'm Su Rou's boyfriend!"

"I know you're her boyfriend, so what, you're still not her husband, you want to marry my daughter, fine! Go and get my son out of there!"

Su Rou's father almost shouted out in a roar.

But Lin Ran never wavered in expression as he looked at the other party and said blandly.

"As a junior, I shouldn't have said anything about you nor do I have the right to say anything about you, but as Su Rou's friend as well as boyfriend, I must tell you that what your son has committed must be borne by him!"

"If you're upset in your heart, you can just go to the police station and ask for someone and see if they'll take you up on it!"

Saying that, Lin Ran glanced at Su Rou before saying.

"The same is your child, it's fine if you're biased, but what's even more outrageous is never treating Su Rou as your own child, what reason do you have to oppress your own daughter when your son gets a daughter-in-law? You didn't even stop your son when he wanted to sell her to pay off his debts, do you think you're a qualified father?"

"I don't need you to control what I do!"

Su Rou's father said angrily.

Yet this was something that didn't scare Lin Ran at all.

"Right, what you do doesn't need my control, so what I do likewise doesn't need your control, your son deserves what he gets, so you don't need to shout at me here, it's useless!"

Lin Ran said, taking a bank card out of his pocket and turning towards Su Rou's mother next to him.

"Aunty, this is a little token of my appreciation, there's 300,000 on it, enough for your daily medicine and living, but to prevent certain people with ulterior motives from thinking about this money!"

"So, every month, only two hundred dollars will come back from the top, this is your pocket money, as for the medicine you need to take every day, I have contacted the nearby pharmacy, every month it will be delivered to you on time, food and drink will also be delivered!"

"You!"

Su Rou's father's face was furious at his words, he was happy to hear that there was 300,000 yuan, but when he heard Lin Ran's subsequent words, he was completely wilted, the money looked like a lot but he couldn't get it out at all.

"Young man, this is not good, little Rou was born in our family is her misfortune, but this money"

The mother of Su Rou was a bit hesitant, and honestly, she was the only one in the family who was the best for Su Rou.

“Mom, just take it, I will come back to see you often, my daughter is not with you, you have to take care of yourself!”

Su Rou’s eyes were red as she spoke, if it wasn’t for her mother, I’m afraid she wouldn’t have come back at all this time, this family had already broken her heart completely, just because her mother was still there.

“But this is too much money!”

Su Rou’s mother still had some hesitation.

Su Rou saw this and wiped her tears and laughed.

“Mom, you can consider this as a bride price, your son-in-law has plenty of money!”

“Mm!”

Su Rou’s mother did not say more, only that tears followed.

Mother and daughter embraced each other, tears flowing unstopably, and Lin Ran’s heart sank as he watched.

He had grown up without parents, but compared to Su Rou, he was perhaps still lucky, at least compared to this kind of family, it was a relief to have no parents himself instead.

“Old master!”

Lin Ran turned his head to look at Su Rou’s father.

“What for!”

The latter did not look kindly at Lin Ran, it was because of his own son that he was in the bureau.

Lin Ran didn’t care about this and laughed.

“I understand your preference for sons and I understand why you are like this, but none of this has anything to do with me, I just want to say one thing!”

“Keep an eye on your son in the future, Su Rou is your daughter, but not your commodity, let alone a tool for your son to use to squeeze money out of, I’ll stop talking this time!”

“If there’s a next time, I won’t be polite to you, remember!”

Saying that, Lin Ran sighed and continued.

“Finally, if Su Rou and I get married in the future, we can talk about the bride price, but if Su Rou loses a single hair, I will make you, including your son, pay it back twice as much, remember this clearly, she is worth a lot to me!”

“And you, you better figure out how much your son is worth!”

Chapter 465

Leaving the Su family, the weather had cleared up, and Lin Ran drove Su Rou directly out of the Su district and onto the highway back to Tanjiang City.

The matter of Su Rou's family had always been a piece of her heart, and this time Lin Ran had even directly cut open her heart and plucked out the lesion completely.

Although this would be very painful, time would eventually allow the condition to heal, but if left unattended the result would be the worst.

He slowed down the car on the way, allowing Su Rou to see the scenery along the way.

The clinic was still busy and Qin Bing had started to work, so Lin Ran was relieved that she was managing the clinic.

Su Rou went upstairs to sleep after arriving at the clinic, her body had only just recovered and after the events of the morning, she really needed to sleep.

Lin Ran, on the other hand, was busy at the clinic, and the time soon came in the afternoon.

"By the way, Xiao Nuan and Qiqi both called at noon, they'll be back tonight, they were too busy this afternoon to forget!"

As the crowd left work, Qin Bing came up next to Lin Ran and said.

"Hmm!"

Lin Ran nodded at his words, then asked.

"Where's Fatty? How come I haven't seen him all afternoon!"

"This guy went out at noon, and we don't know what he's been doing!"

Qin Bing said.

Lin Ran smiled and nodded helplessly, he wasn't at home, and this dead fatty didn't know where he had gone to dazzle again.

At 7pm, Luo Qiqi and Song Nuan arrived at the clinic at the same time, as if they had made an appointment.

As the four women gathered, Lin Ran was helpless and hurried to persuade them.

"Su Rou is in a bad mood, what can you guys do to ease it and try to make her happy!"

Said Lin Jean able to tell the Su family's story, listening to the three women couldn't help but feel very distressed.

"I have a solution!"

Luo Qiqi said with a smile, counting ancient spirits was certainly not her.

"What solution?"

Lin Ran asked busily.

“Then of course it’s playing mahjong, is there anything better than that?”

Luo Qiqi said in a serious manner, Lin Ran was just about to say what a crap solution, however Song Nuan and Qin Bing actually nodded their heads in agreement.

“There’s exactly four of us, so it’s just right to make a table!”

Qin Bing laughed, and Song Nuan nodded her head in agreement.

“Hey There’s obviously five of us, and me!”

Lin Ran said busily, why did he feel that this decision of theirs didn’t seem too friendly to him.

“Naturally there’s a share for you, don’t worry!”

Song Nuan smiled faintly, looking at Lin Ran’s whole body, the smile was clearly unkind.

“You guys are going to play mahjong? I’m coming too!”

As several people were talking, Su Rou actually also ran down from upstairs, it was not known whether this nun had woken up long ago, or whether she had only woken up when she heard that she was going to play mahjong.

“There you are, let’s go home!”

Song Nuan laughed, and at that moment the group left the clinic.

Ten minutes later, Song Nuan home, Lin Ran looked full of black lines.

“I said How do you still have automatic mahjong table’s at home, this is not scientific, is not the wedding room even match this!”

“What? The wedding room can’t be equipped with this? No nonsense hurry up and go prepare tea!”

Song Nuan gave Lin Ran a blank look and immediately greeted the other three people to sit down.

“Me!”

Lin Ran’s face instantly turned green when he saw this, asking himself to prepare the tea? This was like treating himself like a male servant.

“Hey, I said, at least I am a man, give some face, okay, you guys can play cards, I”

“You what you, still don’t go, or you explain to us what is going on with you being picked up by a beautiful woman?”

Song Nuan looked at Lin Ran and asked with a smile.

Lin Ran smiled and was immediately filled with panic, spreading out and running straight to the kitchen, a few moments later a pot of hot tea was brought out.

“Have some tea, have some tea!”

Lin Ran laughed awkwardly, while quickly making a cup of tea for each of the four women, secretly saying in his heart.

“I’ll put up with it, who made this place all beautiful women, isn’t it just serving tea and pouring water, I’ll put up with it!”

Lin Ran thought over and over as he busied himself with the matter at hand, however the next words he heard made him almost not spurt out a mouthful of old blood.

“Sisters, in order to get this kid involved as well, while also sticking to the idea of not playing with money, so I propose that we bet on him for our wins and losses!”

Song Nuan said.

“Then he? How will he split it? There’s four of us...”

Luo Qiqi laughed.

“Yeah, I’m afraid we’ll have to split him up before we can!”

Qin Bing couldn’t help but laugh too.

“Hey hey, I’m your friend, you can’t do that!”

Lin Ran sniffed and said busily.

Song Nuan, however, gave him a blank look and said.

“Our bet is that whoever wins a game, this guy will give a massage for ten minutes, how about that!”

“That’s a good proposal!”

“I also agree, my whole body is sore after a busy afternoon!”

“I think it’s fine too!”

The three women all responded, and Lin Ran’s face darkened at the sight.

“Slap!”

Lin Ran slammed the rag in his hand onto the floor and looked at the four women viciously as he said.

“You guys are too much, I’m a man, it’s not enough for you to play cards, but you’re actually playing with me, have you ever considered my feelings!”

“Play with you? You have to be responsible for your words, there are four of us, are you sure you want us to play you?”

Song Nuan looked at Lin Ran with a smile on the corner of her mouth.

“Yeah, are you sure?”

Qin Bing also turned her head to look at Lin Ran, with the same smile on her face.

Luo Qiqi was even more direct, standing up from her chair as soon as she did so, while lifting her long skirt, instantly revealing her large white legs and laughing.

“Brother Lin Ran, the four of us together, are you sure you can carry it off?”

“I ...”

Lin Ran cold sweat instantly came down, they say forty women are as fierce as a tiger, but this few in front of him, who were only in their early twenties, were actually all so hard to handle, if they were to go on together for fear that he wouldn't be able to see the sun tomorrow.

“You guys play, I'll just press it, just press it!”

Lin Ran wiped a handful of cold sweat from his head, realising for the first time that when the four women got together, he had no fighting power at all, and could be wiped clean in a minute.

The next whole night, Lin Ran almost all spent in busy, a moment Song Nuan shouted.

“Come here my legs are numb!”

A moment later Qin Bing shouted.

“My feet itch!”

A moment later Luo Qiqi shouted again.

“My back hurts!”

Su Rou was not quite used to it at first, but gradually she let go and shouted straight away.

“Lin Ran come here and rub my legs!”

Lin Ran cried, looking at the women, wanting to cry and shouting.

“Beauties, I'm a doctor, I only see patients and don't take other business ah.”

.....

The night was spent in the laughter of the four women, and the sound of Lin Ran's misery, the room was limited Lin Ran was eventually sent to sleep on the sofa.

However, remembering that the room was inhabited by great beauties, he put up with it, after all, this kind of treatment was afraid that not many men could come across it.

“Jingle Bells!”

The next morning, the four women were still awake, but the doorbell came from the door.

“Sage! What are you doing here!”

Opening the door to his room and seeing Sage standing at the door, Lin Ran couldn't help but be stunned, there seemed to be two more days until the appointed day, so how come he was coming over now.

“I heard that you've been away for the past two days?”

Sage frowned slightly as he looked at Lin Ran and asked indifferently.

Chapter 466

“Right!”

Lin Ran didn't deny it either.

“Well, it's good to be back, I've come to remind you that the day after tomorrow, the formation of the Ten Thousand Rengshan Mountain will open, so you'd better stay in Temperance City and not wander off during these two days!”

Sage said.

Lin Ran couldn't help but frown at his words, before saying.

“Sage, to be honest, I might still have to go out today, but don't worry there will definitely be no delay the day after tomorrow!”

“Still have to go out? Where are you going?”

Sage asked with a frown, the two Lin Ran were a very important part of his mission this time, he didn't want things to go wrong at the last minute.

“Qinghewan, I'm going there on some important business, but I promise I definitely won't delay the day after tomorrow!”

Lin Ran said.

“Well, since you insist on going over there, but I still have to remind you, if you don't show up the day after tomorrow, I'm afraid I won't be able to keep those friends of yours!”

The Sage said in a deep voice.

Lin Ran's brow furrowed even more at his words, his heart was uncomfortable, although Sage was saying this for his own good, it really sounded a bit like he was blackmailing him.

“I understand!”

Although his heart was unhappy, Lin Ran still nodded his head.

“Right Sage, let me ask you something, are there any Feng Shui powers that like to have plum blossom patterns tattooed on their cheeks?”

Lin Ran suddenly asked.

“Plum blossom patterns? There is indeed a sect called the Plum Blossom Sect, all of them are women, but their power is not to be underestimated, how come you have fought with them?”

The elder asked with a frown.

“No, I just met them once!”

Lin Ran laughed.

“Well, this Plum Blossom Sect is both good and evil, so you should be more careful when dealing with them!”

The elder reminded.

Lin Ran and Sage exchanged pleasantries for a while longer, and the latter soon left.

.....

“Who was that just now?”

After the Sage left, Song Nuan also woke up and asked Rin Ran.

“It’s an old guy!”

Rin Ran laughed, then looked at the other few women’s rooms and said.

“Go and shout them all up, let’s go to Qinghe Bay today!”

“Go to Qinghe Bay?”

Song Nuan was stunned at his words, and Lin Ran laughed at the situation.

“School will start soon, let’s take you guys out to have some fun!”

“Okay!”

Song Nuan didn’t hesitate at his words and immediately ran to shout the others awake.

Lin Ran then called Wang Yifeng, this guy really did go to the big health care yesterday again, when he heard that Lin Ran had returned and was going to Qinghe Bay, he rushed over evenly.

.....

The six people in Lin Ran’s group drove to this place very quickly.

The last time he came, the old man who swept the floor made him feel special, but he couldn’t tell exactly what was so special.

Standing in the square at Qinghe Bay, Lin Ran stared at the Laozi Green Bull in a daze, holding the turtle bone in his hand.

Since he had last left Clear River Bay, a tiny crack had appeared on the turtle bone, which made Lin Ran’s heart very uneasy, but he did not dare to come to Clear River Bay without permission.

He couldn’t figure out what was going on there, and was afraid that once the turtle bone was completely shattered, he would completely lose the only clue he had on hand.

“Hey hey! What’s wrong with you, you’re too old for your own good, what do you want!”

Just as Lin Ran was pondering, a shout came from the side, and upon hearing it, it was actually Luo Qiqi’s voice.

“Damn, you want to eat the tofu of Master Fatty’s friend, you old bastard are tired of living, believe it or not, I’ll hold you down on the ground and strip you naked!”

Lin Ran's brow furrowed slightly as he rushed over.

At this moment, there were already many "enthusiastic" people around, so Lin Ran squeezed through a crack and saw.

In front of him, Song Nuan and Wang Yifeng were standing together, while opposite him stood an old man with a head full of white hair, who didn't look too old but was only in his 50s or 60s.

The old man was followed by two bodyguards in suits, who looked imposing and powerful.

"Little fatty, how do you talk to your second master, do you know who I am?"

The old man laughed disdainfully, while straightening his bow tie which was pushed askew by Wang Yifeng.

"I don't care who you are, you're so old and you want to eat young grass, you're not ashamed of yourself! What, the wife at home can't satisfy you anymore? So you're out looking for excitement?"

Wang Yifeng snorted coldly, but his mouth was not forgiving in the slightest.

The old man's face sank at his words and he said in a cold voice.

"Kid, speak more cleanly to your second master, there are really not many people in the whole Qinghe Bay who dare to speak to Laozi like that!"

As he spoke, the two bodyguards beside the old man even owed a two-step step, seemingly ready to make a move.

"Yoo-hoo? What's the matter? You don't even know who I'm afraid of in a fight!"

Wang Yifeng said and rolled up his sleeves, ready to make a move, Lin Ran saw this and rushed over, stopping him.

"What's going on?"

Lin Ran asked, frowning.

"Ranzi, this old bastard just tried to take advantage of Su Rou on the pretext of taking a photo together, but fortunately I saw him, so he didn't succeed!"

Wang Yifeng said.

Lin Ran frowned slightly at his words and turned to look at Su Rou, who had an apologetic look in her eyes, which made Lin Ran's heart ache when he looked at her.

After what happened at home, Su Rou was very sensitive. Yesterday, she was happy for once, which was a good sign, but today, she had to face this kind of thing again.

Lin Ran slowly walked to Su Rou's side, rubbed the latter's head and said softly.

"There's no need to blame yourself, it's none of your business!"

"But things started because of I"

Su Rou was blaming herself, she was puzzled why she could attract trouble everywhere she went, was she really the calamity?

“Fool, if looking pretty is all sinful, then you would have been ten evils long ago!”

Lin Ran laughed.

“Pfft.”

Su Rou couldn't help but laugh at his words, looking at Lin Ran and pouting.

“How can you comfort someone like that!”

“That's how I like to comfort people!”

Lin Ran laughed in the same way.

Seeing that Lin Ran was actually not even paying attention to him, the old man was instantly enraged, pointing at Lin Ran's group and cursing.

“Flirting in front of old me, do you really think I'm a poser?”

“What do you think you are?”

Lin Ran turned his head to look at the old man, his face ice-cold without a trace of warmth as he slowly walked over.

“For an old man to be disrespectful, you are simply wasting air by living understand?”

Lin Ran said in a cold voice.

“Hey! I go, the young people nowadays, they are really more and more crazy, it seems that the Second Master I have been a bit kind lately, every bird wants to stand on the old man's head and shit!”

The old man said with a snap of his fingers, and the two bodyguards next to him instantly walked towards Lin Ran.

One could only hear the old man shouting with great disdain.

“Don't say that I'm bullying you, what's wrong with me eating that girl's tofu today, I'll beat you down later, and I'll eat it in front of you, none of the four girls will get away!”

“What can you do to me?”

The old man said and couldn't help but lick his lips, his face full of greed unconcealed.

Chapter 467

“I think you're tired of living, Fat Master!”

The fat master was enraged at his words and lunged towards the old man with an arrow step.

Seeing this, the two bodyguards at the side also moved and directly met him towards the fat man.

Lin Ran, on the other hand, looked at the old man with an expressionless face, and then walked over step by step.

“Damn fatty, you want to fight me with your fat body, just wait and die!”

The old man shouted, unusually arrogant.

The people around him who were watching at this time couldn't help but point at him, and a few of the young men even said.

“The old man is disrespectful for being old, and bringing people out to molest, in vain you have lived for so many years!”

“That's right, what an old weed!”

“It's simply disgusting!”

The old man's face chilled at his words as he swept his gaze over the crowd and said in a cold voice.

“That's fine, keep cursing, it's you guys who will clean up this dead fatty later!”

“You!”

Faced with the old man's shouting, the crowd of onlookers couldn't help but take a few steps back, they were all ordinary people, while this old man had two bodyguards with good skills, if they were really looking for trouble later, they were afraid that they wouldn't have the strength to fight back at all.

“Old man, you've really lived to the dogs at such an old age!”

Lin Ran said indifferently.

“Hmph, what's the use of having a strong mouth kid, later on I'll show you with my own eyes how I play with you four little girls one by one, it'll be a great scene!”

“Haha!”

The old man laughed loudly, his face had an unconcealed greed.

“Fatty!”

Lin Ran's face chilled as he chided coldly.

“Waste them both!”

“Yes! I've been waiting for you to say that!”

Wang Yifeng laughed loudly at his words and pulled out his divine Dragon Axe, smashing it directly onto one of the bodyguards with a bang, and the sound of bones breaking with a click sounded out.

“And you!”

Wang Yifeng shouted, and the back of the divine Dragon Axe smashed directly into the back of the other man, also breaking bones and hitting the ground with a bang.

The two bodyguards became disabled almost instantly, lying on the ground unable to move.

“You You guys!”

The old man’s face turned white with fear at the sight of this, and he unconsciously took several steps back, however, at this moment Lin Ran had already reached him, and his body hand pulled his collar.

“Old man, you’re too old, don’t move around, be careful of breaking your bones, then you’ll have to suffer!”

Lin Ran said and actually reached out to straighten his collar for the other man.

Only this seemingly affectionate action scared the old man to move, and he couldn’t help but gulp and speak.

“Kid I advise you Don’t move, my grandson can But the bearer of this generation If you dare to touch me, you will regret it!”

“The leader? What kind of leader? A nine-foot town steak that Porky Pig can resist?”

Lin Ran laughed indifferently, and then his face was fiercely cold as he flung his palm with a “pop”, and the old man’s cheeks instantly turned red.

The force of the slap was so coincidental that the old man did not take a step back from where he was standing, only his head was dizzy and stars were appearing in front of his eyes.

“You... You really dare to hit me, you fucking”

The old man’s face turned red as he screamed.

“Slap!”

Followed by another slap, this one, the other half of the old man’s face immediately turned red as well.

“Being old and speaking foully, you’ve really lived to the dogs at such an old age!”

Lin Ran said in a cold voice.

At this moment, Wang Yifeng had already run over from the side and said.

“Let me do it, this old man’s bones are afraid to be tight, let me loosen him up!”

“Don’t get someone killed, after all, he’s so old!”

Lin Ran said indifferently, following which he turned towards Su Rou, only to hear Wang Yifei laugh behind him.

“Old man, don’t you want to play, come on Fat Master will play with you, do you want to mooch off the front, or the back!”

Wang Yifei said and slapped the old man on the chest, at once the latter directly flew backwards.

But this guy is also very shrewd, followed by an arrow step up to drag the old man back, lest later break the tendons in a dead end.

“Damn fatty, you! You dare to hit me, I’ll call my grandson!”

The old man said, taking out his mobile phone and about to call.

Wang Yifeng saw this but laughed and followed with a slap on the old man's face.

The back of the fight was not happy, but Lin Ran was too lazy to bother, slowly stepped in front of the four women, waved his hand and laughed.

"Let's go, bad mood, let's find a place to stay first!"

"Bang!"

Hearing that Lin Ran and the others were going to find a place to stay, Wang Yifeng also hurriedly settled the old man with a punch and busied himself with running over.

But just as the crowd was about to leave, suddenly a group of people were squeezed out of the crowd, wearing denim clothes and big braids, looking very unconventional.

And when the young man at the head of the group saw what was going on in here, he even laughed at once.

"Holy shit, no one actually shouted at me when the place was so busy!"

"Hey hey, Brother Sun look at that old man, how come his clothes look so much like your second eldest's!"

A junior next to him immediately said.

The youth turned his head to look at him, and with this look he was also stunned and wondered.

"Yes, this old man's clothes are exactly the same as my second grandfather's!"

The old man was lying on the ground at this moment, with severe pain all over his body making him unable to turn over, but when he heard the youth's words, he came to life with a jolt of energy and was busy getting up from the ground.

"Eldest grandson, it's really your eldest grandson!"

When he saw the youth, the old man was on the verge of tears, covering his swollen face like a pig's head and running over, hugging the youth's thigh.

"Holy crap! What the hell are you!"

Seeing the old man running over with a pig's head, the youth was startled and flew up to kick the old man again, instantly sending the latter a few metres away.

"Big grandson, it's me!"

The old man seemed like an undefeatable little strong man, hastily getting up from the ground.

"Who the fuck are you, you dare to call out Laozi grandson!"

The young man asked in a cold voice, he did have a second grandfather who used to get into trouble outside on the strength of his reputation.

But he had already “criticised” him recently and had ripped off his bodyguard, and the man in front of him had two bodyguards, so he was clearly not his second grandfather.

“Sunzi, I’m really your second grandfather, I’m a fake!”

The old man hurriedly explained, but with a pig-like head, it was really not very convincing.

Lin Ran and the others were all attracted by this scene and stopped and turned their heads to look, Wang Yifeng even laughed.

“Yo-ho, old man, have you been beaten silly? You still admit your grandson in the street, bully!”

“Damn fatty, don’t leave if you have the guts!”

The old man gnashed his teeth in anxiety and hurriedly looked at the youth and said.

“Look carefully, grandson, I’m really your second grandfather!”

The old man was so anxious that he was on the verge of tears. When the youth saw that the old man was quite persistent, he couldn’t help but look at him twice more.

But to confirm, he took out his mobile phone and called his second eldest, which immediately rang on the old man’s mobile phone.

“Now you believe me!”

The old man was ecstatic, pointing at Lin Ran’s group with his pig-headed face and shouting.

“Eldest grandson, you have to avenge the Second Grand Master for me, it was this group of boys who beat me up like this!”

Chapter 468

“You are really a grandson, that’s a coincidence, I’m right here, if you want to take revenge, come on!”

With a shake of his palm, Wang Yifeng’s divine dragon axe hit the ground with a heavy bang, causing everyone around him to take two steps back.

The youth could not help but shake his face as he watched this scene, he did have some power in this generation, but that did not mean he was stupid, when the other party just beat up the bodyguard and his second eldest, that kind of skill was definitely not something he could deal with.

Thinking of this, the youth couldn’t help but reveal a smile.

“Buddy, why are you so excited, this is on me because I didn’t keep an eye on my second eldest and gave a few of you a hard time, don’t take it to heart!”

“Big grandson, what are you doing, I’m like this but it’s all their fight, you”

The old man was busy saying, very reluctantly.

“Beating you is all light!”

The youth turned his head and said in a cold voice.

“For the old man, how many times have I advised you, be decent, be decent, how old are you, can your body stand it!”

“Hurry up and take him away from me, shame on you!”

“Yes, Brother Sun!”

A few of the young brothers next to him heard this and were busy stepping forward to stand up the old man, before quickly leaving the place.

“Sorry, brothers, I have something to do so I’ll leave first!”

The youth smiled at Lin Ran and the others before rushing off.

“This kid is quite sensible nice nice!”

Wang Yifeng couldn’t help but laugh as he watched.

However, Lin Ran was frowning slightly, he always felt that there was something strange about this matter.

“What’s wrong?”

Seeing that Lin Ran’s face didn’t look right, Song Nuan busily went forward and asked.

“Nothing, let’s go back!”

Lin Ran shook his head and didn’t say anything more.

Right now he didn’t know what the problem was, so to avoid unnecessary panic, he didn’t say anything about it.

The group found a hotel to stay in, and it was already afternoon. Originally, the group wanted to go out in the afternoon, but after lunch, Su Rou said that she was not feeling well and went to bed early.

Lin Ran didn’t care, thinking it was because she was a bit tired from the morning’s excitement.

While everyone else stayed at the hotel to rest, Lin Ran took the time to go to Qinghewan Square, but he couldn’t find a chance to do so because of the crowds, so in the end, he had to take a stroll and return to the hotel the same way.

But as soon as he returned to the hotel, Wang Yifeng came running out in a hurry, and when he saw Lin Ran, he was busy saying.

“Ranzi, it’s not good, something has happened to Su Rou!”

“What’s going on?”

Lin Ran’s face changed at that, and he ran towards Su Rou’s room, asking as he ran.

“I don’t know, at noon she said she was tired and went to rest, but it’s five o’clock in the afternoon and she’s still sleeping, no matter how much she shouts she can’t wake up!”

Wang Yifeng said.

By now the two of them had already reached Su Rou's room, and Lin Ran didn't care about anything else. When he saw that Qin Bing and the three of them were taking care of Su Rou, he hurriedly went up to her and asked.

"How is she?"

"It seems like she's been poisoned, only this kind of poison I've never seen before!"

Qin Bing said with a frown.

"Let me take a look!"

Lin Ran hurriedly went forward and pressed his hand on Su Rou's forehead, the women also stepped back to make some distance when they saw this, Wang Yifeng even looked around vigilantly, fearing that something might happen.

A strand of true qi invaded Su Rou's body along her forehead, and soon Lin Ran found a clue: at the back of the latter's waist, a large red bruise had actually appeared, which was like a birthmark, hovering around the latter's waist and not dispersing.

"Phew!"

Lin Ran opened his eyes and exhaled a breath, beads of sweat were seen on his forehead.

"Well?"

Song Nuan and the others were busy coming forward to ask.

"She's been poisoned, this thing is a compound poison, it's hard to cure without knowing the exact toxicity!"

Lin Ran frowned and said.

"Then what should we do, or else we should just send her to the hospital!"

Qin Bing said busily.

Luo Qiqi at the side heard what she said but she rang a bell and was busy saying.

"Could it be that old man who did it this morning, we haven't gone out since we got back, and Sister Su Rou was still fine this morning!"

"It must be that son of a bitch!"

Wang Yifeng was so angry that he gritted his teeth, he didn't think he could be counted on even if he came out to play once, it was simply impossible to guard against it.

"I can only try my best, you all go out first! Fatty you come here!"

Lin Ran spoke, although the women were a little worried in their hearts, there was nothing they could do at this point, they had to leave the room as Lin Ran had instructed.

"What's wrong?"

Wang Yifeng asked a little puzzled as he stepped forward.

“Do you still remember what I told you about the agreement between the Sage and us?”

Lin Ran said directly.

“I remember, it wouldn’t have anything to do with him, would it?”

Wang Yifeng was surprised.

“It’s not related to him, lately I’ve been thinking that even a figure like Sage can be alarmed, I’m afraid that this time the change at Wan Ren Mountain is not a small movement, the Compulsion Pavilion must have returned as well, at the same time perhaps there are other forces, such as that mysterious woman that day!”

Lin Ran said.

“Then what do you mean?”

Wang Yifeng frowned.

“I’m afraid that this time, the incident also started because of the Ten Thousand Rengshan Mountain, I always feel that the jade flute of your family is extraordinary, so you must hide it, it might save our lives when it matters!”

Lin Ran said solemnly, Wang Yifeng smiled but thought of something and was busy asking.

“Hey, do you think that last time that woman, and this time sister Su Rou’s poisoning could both be directed at this jade flute!”

“It’s not that there’s no such possibility, but it’s very unlikely!”

Lin Ran said.

“Why?”

Wang Yifei didn’t understand.

Lin Ran sniffed and explained.

“The matter of you having the Jade Flute is only known to you, me and the original Lang Tian, naturally the two of us won’t say anything, and that Lang Tian isn’t a fool, although the Compulsion Pavilion is a power, he also has selfishness, he shouldn’t tell anyone about the Jade Flute until he has completely lost his chance!”

“You have a point, I will keep the Jade Flute carefully!”

Wang Yifeng nodded and said.

Lin Ran nodded at his words and followed.

“You go outside and keep watch, I’m going to detoxify Su Rou, no one can come in until I get out!”

“Good!”

Wang Yifeng nodded heavily at his words, then ran out of the room and stood guard at the door.

.....

Sitting cross-legged on the bed, Lin Ran helped Su Rou up as well and sat down with her back to herself.

“I’m sorry for offending you to save you!”

Lin Ran looked at Su Rou and said softly, following which he took off the other party’s jacket, as well as top, and immediately a large snow-white back was exposed to the air.

And to Lin Ran’s surprise, at this time, seeing the other party’s back up close, he realized how delicate Su Rou’s skin really was.

It was almost as if it could be described as blown out and sheep’s fat jade.

“You can’t think about it, calm down!”

Lin Ran hurriedly collected his mind and shifted his gaze down, quickly seeing that on Su Rou’s waist, there was a red mark, which at the moment took the shape of a line, right across the middle of his spine.

According to the Xuan Yang Pharmacopoeia, this poison is called Gathering Fury Scatter, which is made by collecting several different kinds of Fury Qi from heaven and earth as the medicine inducement, and then using a conventional poison as the carrier.

There are so many different kinds of poisons that it is almost impossible to create an antidote if one does not know the recipe.

Chapter 469

But fortunately, Lin Ran possessed the Xuan Yang Pharmacopoeia, and his ancestor’s millions of years of practicing medicine had also recorded this, and had even cured two cases of this disease.

“Use Taiyi Hua Needle as the foundation, together with True Qi as the guide, in order to cure!”

Lin Ran quickly recalled the treatment method in his mind, and at the same time, he took out the silver needles with his hands, and poured his true qi into them, quickly dropping a silver needle with a “whoosh”.

His technique was very fast, and the force and accuracy of the needles were very precise, and within a few breaths, the foundation of the Taiyihua needles had been laid.

At the back of Su Rou’s waist, the silver needles were in the shape of a circle, and there were several more silver needles inside, coincidentally forming a Yin and Yang taiji diagram.

When the silver needles fell, Lin Ran could not help but take a long breath, followed by his palm and sword fingers, on which he even pinched a silver needle, and finally landed heavily on the position of Yang in the Yin-Yang Taiji Diagram.

“Poof!”

The silver needle was pierced and blood spilled out, followed by a stream of dirty blood that dripped down from the silver needle onto the bed sheet as if it was running water.

The true qi in Lin Ran's body then quickly invaded Su Rou's body along with the silver needles, firmly wrapping the poison of the Gathering of Demons in her body and keeping it from dispersing with the help of the Taiyihua needles.

As time passed, the speed of expelling the poisonous blood became slower and slower, and in the end it was almost as if only one drop would drip out after ten minutes.

But Lin Ran did not dare to let up and still persisted.

After two whole hours, when the poisonous blood in the Yang area of the Taiji diagram was completely emptied, Lin Ran sighed with relief, while directly collapsing onto the bed, while at that moment, the entire bed sheet was already stained red with a large area of dirty blood.

"So much blood, I hope this nee-san doesn't misunderstand when she wakes up!"

Lin Ran laughed helplessly, a man and a woman were in the same room, the woman was not even dressed, and there was a large blood stain on the bed, I'm afraid everyone would misunderstand.

After a short rest, Lin Ran soon struck again, inserting the silver needle into the Yin pole of the Taiji Yin-Yang diagram and continuing to detoxify.

With the previous experience, the detoxification was much smoother this time, but it was still a slow affair, and Lin Ran could only resist it.

Three hours later, the red blood on Su Rou's back had all been drained, and the red mark on the latter's waist had all disappeared.

But at this time, Lin Ran's face was as pale as paper, and he could not see any blood at all.

He quickly removed the silver needles, but when they were removed, he passed out with a "bang".

.....

Although he could not resist falling asleep in the latter half of the night, his fat body was blocking the doorway, and he blocked the door with his body.

"Ah!"

In the early morning, a woman's scream broke the silence in the whole hotel, especially in the room where Wang Yifeng and the others were.

All four women had spent the night huddled on the sofa due to their worry about Su Rou, and hearing and scream all couldn't help but wake up and rush to the door.

"Lin Ran! You bastard!"

Inside the room, Su Rou shrank under the covers, her eyes staring at Lin Ran with a blushing face.

She had woken up in the morning to find that she was actually not wearing a top and Lin Ran was lying on top of her, and what was even more damnable was that this guy's hand was actually actually

This was not the most important thing, the most important thing was the large blood stains on the bed sheet, this scene directly stunned her.

“No, you listen to my explanation, things are not what you think, you are poisoned, I detoxified you last night!”

Lin Ran hurriedly jumped off the bed and explained, while cursing in his heart, how he had passed out last night, now he was afraid that he would not be able to wash his hands in the yellow river.

“You bastard, how dare you deny doing such a thing!”

Su Rou said as she glared at Lin Ran.

“I ... What did I do?”

Lin Ran was helpless, he was afraid of a misunderstanding last night, he had thought to hurry up and leave once he was cured, but who knew there would be a misunderstanding in the end.

“What did you say you did, this bed full of blood want me to say it? Rascal!”

Su Rou’s pretty face became even redder, they say the first time will bleed, is this what she

“Ah!”

She did not dare to think about it, although she had long been prepared, but it all came a little too suddenly.

“You’re a bastard, you didn’t want to give it to you before, and now you have to come secretly, you You!”

“Hey! Missy, I’m really detoxifying you, the blood on the sheets is all dirty blood, it’s not what you think!”

Lin Ran was also helpless, seeing that the explanation didn’t work at all, he immediately ran to the door and said.

“What I said is true, you can go ask Xiao Nuan and the girls if you don’t believe me!”

With that, Lin Ran opened the door of the room, and the four people outside the door all came in with a thud.

Seeing so many people appearing together, Su Rou’s face turned red to the base of her neck in shame.

Lin Ran, however, did not care about anything else and hurriedly looked at Song Nuan and the others and said.

“You guys go and explain to her, I’m innocent, the blood on that bed sheet is all tainted blood, I’m innocent!”

After saying that, Lin Ran ran straight out of the room, he was afraid that if he stayed any longer, he would be completely washed out.

With Song Nuan’s explanation, the matter was soon cleared up. Su Rou then realized that she had really been poisoned yesterday, and couldn’t help but regret that she had wronged Lin Ran again just now.

Seeing this change in Su Tau's attitude so quickly, coupled with the other three women who seemed to not mind at all, Wang Yifeng, who was guarding the door, shook his head helplessly and sighed.

"Ai! This is someone else's girlfriend, how can she be so reasonable? Why don't I have such a reasonable girlfriend, Fat Master? Even just one would be nice!"

The four women in the room shouted in unison when they heard Wang Yifei's whining.

"Shut up, fatty!"

"Me!"

Wang Yifeng was furious, but he had no choice but to show his hands in the face of the four beautiful women.

"Fine, you guys are great, I'd better go find our Xiao Cui!"

He was afraid that if he stayed, he would have to be acted out.

This dog food he really does not want to eat.

.....

The first day of the tour was the first day to run into this kind of thing, now only the last day left, Lin Ran is also helpless, after seeing Su Rou has cleared up the misunderstanding of himself, then hurriedly proposed to take the crowd to the amusement park today.

After all, girls are most fond of places like amusement parks, and as for him, he didn't care where he went at all, as long as he could get past yesterday's incident, he would be satisfied.

As for the matter of going to Qinghewan Square to find the mysterious old man who swept the floor, Lin Ran was in no hurry, such a thing could not be found, and he could not directly take out the tortoise armor to try it during the daytime, in case he was sent to the mental hospital as a fool that would not be fun.

"It's better to play with them first, I'll act at night when they've all rested!"

Lin Ran laughed, and immediately stopped thinking about it and accompanied the group to the amusement park at ease.

Chapter 470

There is no girl who doesn't like amusement parks. As soon as they arrived at the entrance of the amusement park, Lin Ran and Wang Yifei were queuing up to buy tickets when the four girls couldn't hold back their excitement and ran to the side to buy ice cream.

But Lin Ran was wondering, this is just after the New Year's Eve ice cream on a cold day, when the relatives come, are you sure your stomach won't hurt?

As he was thinking about it, the queue for tickets moved a little further forward, and Lin Ran was ready to follow suit.

But at that moment, a figure suddenly swept past, wearing a trench coat and probably a young man, and as he swept past, his palm landed very quickly on the pocket of a beautiful woman in front of him.

When he saw this scene, Lin Ran frowned slightly, he didn't think that he could come across the Buddha on his trip to the amusement park, Buddha, is a name for a thief.

Seeing this, Lin Ran naturally would not let the situation go unchecked, and immediately took a step forward to stop the other party.

However, at that moment, the beautiful girl in front of him seemed to have noticed and turned around, which put her face right in front of Lin Ran's. With a red face, she raised her hand and slapped Lin Ran's face.

"Slap!"

Lin Ran was quick to see and grabbed the beautiful girl's wrist with his hand, and said.

"Beauty, misunderstanding! It wasn't me who hit you!"

"Let go of me, rogue!"

The pretty girl's face turned red with anger as she chided.

Lin Ran helplessly pointed to the side and said.

"I didn't touch you, there was a thief just now!"

"A thief?"

The beautiful woman was stunned at the words, at this moment a young man in a suit beside her also turned over when he heard the commotion, and seeing the two Lin Ran unconsciously showed a look of disdain and opened his mouth to ask.

"Xiaolan what's wrong?"

The young man in the suit named Zeng Qiang is the boss of a small company, the Xiaolan beside him is the daughter of one of his big clients, he has always wanted to take her but has not yet succeeded, today he brought Xiaolan to the amusement park just to cultivate feelings.

"Brother Qiang, this guy just touched me!"

Xiao Lan said with a face of aggression, she knew in her heart that Zeng Qiang wanted to chase herself, but she hadn't agreed to it yet, at this moment when she ran into this, she naturally wanted to see what he could do.

"Kid, you're looking for death, aren't you?"

Zeng Qiang had not put the two Lin Ran in his eyes, and at this moment, when he heard Xiao Lan's words, the disdain in his eyes became even more obvious.

"Kid, I feel that the person who is looking for death seems to be you, Fat Master!"

Wang Yifeng could not help but laugh at the situation, and at the same time rolled up his sleeves and was ready to take action, he had just seen the thief steal something, how could he let the other party slander Lin Ran.

“Fatty, calm down!”

Lin Ran raised his hand to stop Wang Yifeng, and then looked at the other party and said.

“Don’t get angry either, I said it was the thief who hit you guys just now, as for whether he touched this one beside you, I’m not sure, if you don’t believe me you can see if your money is still there!”

Lin Ran said indifferently, he just saw what he really saw, the thief clearly touched a pile of money from Xiao Lan’s body.

However, Zeng Qiang didn’t believe him at all, and instead laughed out loud at his words.

“Thief? Kid, do you know what this place is? Open your dog eyes and see clearly!”

Zeng Qiang said and pointed to the name of the amusement park to the side, sneering.

“Qinghewan Amusement Park, this is the biggest amusement park in Qinghewan, the security here is the best in the city for amusement parks, you say there are thieves here? I think you two are the thieves!”

“Have you eaten fucking shit? My friend was kind enough to remind you, and you bit back!”

Wang Yifeng’s face was sunken, obviously angry.

“What? You’re not happy after the revelation? You don’t even take a piss and look at your outfit, I’m afraid your clothes are less than a hundred dollars!”

Zeng Qiang sneered disdainfully, while tidying up his clothes, seemingly intentionally or unintentionally revealing the big gold watch on his wrist, full of wealth.

Lin Ran didn’t bother to pay attention to him, pulled Wang Yifeng and laughed.

“Forget it people are stupid and rich, just pretend you didn’t see it!”

“It’s not just that people are stupid and rich, if you ask me, you’ve got your head caught in the door, you’re simply brainless!”

Wang Yifeng laughed with the same disdain, following Lin Ran he had seen too many such self-righteous masters, now he was too lazy to pay attention to them.

“What are you guys talking about! You want to die, don’t you!”

Zeng Qiang was furious when he heard this, he couldn’t stand it any longer when someone said that in front of Xiao Lan.

Lin Ran smiled blandly as he lifted his head at his words.

“We don’t want to die, but you’ll have to think about it!”

“What do you mean?”

Zeng Qiang's face sank at his words and he questioned.

Lin Ran didn't say anything, he just pointed to the back, Zeng Qiang saw this and immediately turned around, this look only revealed that the queue in front had reached the end and it was already the two people's turn to buy tickets.

"You wait, I'll clean you up after I buy the tickets!"

Zeng Qiang dropped a sentence, and immediately took Xiaolan and ran to buy tickets.

When the two arrived at the ticket window, Zeng Qiang immediately took out his wallet, but this guy did not buy the tickets directly, instead, he raised the wallet in his hand at the two Lin Ran who were following behind him and sneered.

"I say two, you just seem to say there is a thief right, and still stole our money, then I this wallet is? Did the thief find his conscience and change it back?"

"Yes, and mine, did the thief just take it and look at it and return it again?"

On the side, Xiao Lan similarly took out her wallet and smiled at the two Lin Ran.

"This!"

Wang Yifeng looked furious, but Lin Ran on the side laughed blandly.

"It's up to you to believe it or not, buy the tickets!"

"And! You're acting like you're a fool, let's settle the score after I've bought the tickets!"

Zeng Qiang sneered, and immediately opened his wallet and was ready to buy the tickets.

But after opening his wallet properly, he was immediately confused, the original bulging wallet actually did not have any money inside, only a few cards and ID cards were still there.

"Hey! Where's my money! Where's my money!"

Zeng Qiang was immediately confused, for today's date with Xiaolan, he had purposely withdrawn five thousand yuan yesterday, but now there was not a single penny in his wallet.

"You"

Seeing this scene of Zeng Qiang, Xiaolan's heart also could not help but beat a drum, hurriedly opened her wallet, but following her whole person was also confused.

"My money My money is gone too!"

When Zeng Qiang saw that Xiao Lan's money was actually gone as well, his heart suddenly went cold, and he turned around to look at the two Lin Ran angrily and cursed.

"Kid, hand over the money!"

"What? You've lost your own money and you want to rob someone else's?"

Lin Ran looked at his opponent and laughed blandly, the more bland he acted, the more upset Zeng Qiang became in his heart, following which he punched towards Lin Ran, while cursing angrily.

“You’re the ones who stole it and still don’t admit it!”

“Pah!”

A punch was thrown, but what awaited him was a slap from Lin Ran, which caused Zeng Qiang’s whole body to fly out and land on the ground with a bang.

Lin Ran did not even look at him, directly from his body boasted past, and then bought six tickets, the whole time Xiao Lan looked scared and did not dare to say a word.

After getting the tickets, Lin Ran and Wang Yifeng were ready to leave, only before leaving, Lin Ran turned his head to look at Xiaolan and said.

“Just now whether there is a thief or not, you can go to the service hall to transfer the monitoring, in addition you and this man beside you as well, need a good visit to the eye!”
