

Wonder Doctor

Chapter 471

“Xiaolan, I was worried about you too, who knew those two boys really weren’t thieves!”

At the entrance of the service hall, Zeng Qiang and Xiao Lan walked out, the former said with a slight apology.

“Really concerned about me?”

Xiaolan asked with a raised eyebrow, they had indeed transferred the surveillance just now, but had not called the police, after all, both of them were still quite rich and really did not want to waste their time chasing the thieves.

“Xiaolan, my heart for you is evident in heaven and earth!”

Zeng Qiang said busily, his face full of true feelings, only in his heart he was secretly saying.

“If it wasn’t for your old man’s project cooperation, I wouldn’t bother to accompany you to this damn place, but if I can get the cooperation project, as well as you that is also good, hehehe!”

Looking at Xiao Lan’s delicate figure, Zeng Qiang couldn’t help but have an evil fire rise in his heart.

He didn’t have much affection for Xiao Lan, but when faced with the meat delivered to his door, he naturally wouldn’t let it go.

However, Xiao Lan knew nothing about this, and immediately fell after hearing two sweet words.

“Come on, what just happened is over, let’s go play!”

Said Xiaolan directly boasted Zeng Qiang’s arm, and the two laughed as they entered the playground again.

.....

A play area in the amusement park.

“Fatty, are you still a man, you don’t even dare to sit on the big carousel!”

Qin Bing stood on the two-metre high staircase and looked down at Fatty and laughed.

“Ice Beauty, you don’t have to laugh at Fatty, Fatty I’m afraid of heights, I wouldn’t even go play if you beat me to death!”

Wang Yifeng squatted on the ground, holding the pillar of the iron staircase with one hand, with the look of a deadly old man who would not go up.

“Fatty, how are you going to find a girlfriend in the future like that?”

Lin Ran stood next to him and couldn’t help but laugh.

“I’m not looking for a girlfriend even if I’m fat. Besides, not every woman likes such high things, so it’s not a big deal for me to find someone who is afraid of heights!”

Wang Yifeng was not afraid of boiling water, and made up his mind that he would not go up today.

“Okay, then you stay down there, I’ll go up!”

Lin Ran laughed, and then prepared to go up the stairs.

Song Nuan and the four girls had already been waiting at the top of the stairs for a long time.

However, just as Lin Ran was about to go up the stairs, suddenly a man and a woman behind him were squeezing over and just happened to collide with Lin Ran impartially.

“It’s you again!”

Seeing Lin Ran, Zeng Qiang’s face suddenly turned ugly, he had just been slapped by the other party, and he still hadn’t gotten out of this anger.

“What a coincidence, how come the slap on your face is healed?”

Lin Ran looked at Zeng Qiang and laughed.

“You!”

Zeng Qiang was so angry that his face turned blue, but he didn’t dare to make a move, that slap from the other side was still fresh in his mind at this moment.

But at this moment, Xiao Lan was right next to him, if he didn’t say something, where could he put his manhood.

Just when Zeng Qiang was about to go to Lin Ran to argue with him, Xiaolan spoke up.

“Zeng Qiang, forget it, he was just being nice!”

Hearing Xiao Lan’s words, Zeng Qiang was relieved, but he still had to find some face, so he immediately looked at Lin Ran and said in a cold voice.

“Kid, I’m not going to be ordinary with you, let’s say goodbye!”

With that, Zeng Qiang directly pulled Xiao Lan and went up the stairs.

Lin Ran looked at the two of them and smiled without saying anything else, then he said hello to Wang Yifeng and prepared to go up to play the big spinning wheel.

But he had just put one foot on the stairs when a shout of surprise came from above him, followed by a figure falling down violently.

When Lin Ran looked up, he was shocked to see that Zeng Qiang and Xiao Lan, who had just climbed up the stairs, had both fallen down.

The iron staircase was only two metres high, not very high, but the staircase was inclined at an angle of sixty degrees upwards, so if the two of them fell down like that, I was afraid that the stairs below would have touched them quite badly.

Especially for Xiao Lan, a girl’s face would have very serious consequences if it was touched.

Lin Ran almost instinctively stretched out his hand and caught the falling Xiaolan, but Enhance was not so lucky.

“Bang Bang! Clang! Ah!”

A series of sounds rang out, and finally Enhance fell hard down the two-metre high iron staircase, and the moment he landed, the surrounding crowd could clearly see a few teeth falling to the side.

“My teeth!”

Enhance covered his mouth in pain, blood only seeping out of his hands.

“Ran! Ran!”

He didn't care about his own injuries and rushed to see Xiao Lan, the latter was the springboard for his career, if something went wrong with the latter, then he would be finished with it.

Lin Ran placed Xiao Lan on the ground, the latter's gaze was dull and motionless, her eyes were glazed over as if she had passed out, and her chest was not even rising and falling with breath.

“What's wrong with Xiaolan?”

Zeng Qiang was startled by the situation and hurriedly put his hand between Xiaolan's nose to see if she was still breathing.

But after this probe, Zeng Qiang's whole face suddenly turned white and ashen, and then he jumped up, pointing at Lin Ran who was examining Xiaolan next to him and said in horror.

“It's you! It's you! You're the one who killed Xiaolan, it's your responsibility not mine!”

“Shut up!”

To the side, Wang Yifeng also ran over and pinned Zeng Qiang to the ground with a slap, while he was busy asking Lin Ran.

“Ranzi, what's going on!”

“It's not clear yet, wait for me to check!”

Lin Ran said with a frown, at this time the four women above had also run down, one by one they stood by the side and didn't dare to speak, only Qin Bing came over and asked.

“What's going on here?”

Lin Ran didn't answer, he just closed his eyes tightly and checked on Xiaolan's condition.

On the side, Zeng Qiang had already got up from the ground, he wiped the blood from his face, and seeing that a group of people had gathered around, he immediately pointed at Lin Ran and shouted to the crowd.

“Everyone saw it, it's none of my business, he was the one who caught Xiaolan when he fell, and now I have nothing to do with the person dying!”

Wang Yifeng saw this and picked him up and threw him to the ground with a bang.

Qin Bing four women know these two people, at this time see Zeng Qiang such a face, can not help but stand out and say.

“Are you still a man, girlfriend like this you want not to rush to save people, but to shirk responsibility, how can there be such a cold-blooded man like you in the world!”

Zeng Qiang smiled and said.

“She is not my girlfriend, she and I are just ordinary friends, this has nothing to do with me, you don’t have to blame me!”

“Besides, when I was going up the stairs just now, I didn’t even touch her, even if I die, it has nothing to do with me, don’t try to make me take the blame!”

“You bastard!”

Qin Bing was so angry that she gritted her teeth and went forward to give the latter a slap.

“You!”

Zeng Qiang was so angry that his face turned blue, but being carried by Wang Yifeng, he had no room to fight back.

“All right!”

Suddenly, Lin Ran opened his eyes and gave Zeng Qiang an icy glance before saying indifferently.

“I advise you to save your breath, there’s nothing wrong with her at all, she’s just had her seven orifices locked up, she doesn’t seem to be breathing or having a heartbeat, but she can hear and see everything!”

“What?”

Zeng Qiang smiled and was immediately confused, if Xiaolan could really hear and see everything, then he had just

Thinking of this, Zeng Qiang’s head went blank, but then he followed and said excitedly.

“That’s impossible, obviously it’s not even breathing, how could it be alive, you’re not lying to me!”

“Is that so? Then take a look for yourself!”

Lin Ran gave him an icy glance, followed by letting go of Xiaolan’s cheek, Zeng Qiang immediately saw that on the latter’s cheek, there were actually two lines of tears running down.

“She How could she!”

Seeing this scene, Zeng Qiang’s entire body immediately went limp on the ground, not knowing what he was thinking.

Chapter 472

“Hey hey! Look guys, she really has two lines of tears!”

“That’s right, obviously she’s not even breathing, this chest isn’t even rising and falling, how come there are two lines of tears!”

“Didn’t you hear that, that guy is his boyfriend, and now he’s saying this, can he not cry!”

“If I were a woman, I wouldn’t spare him even if I were a ghost!”

The onlookers next to him were talking, saying that Zeng Qiang was ashamed of himself, as if each one was poking him in the backbone.

“What the fuck is wrong with you!”

Zeng Qiang cursed angrily as he gazed around, then his eyes fell on Lin Ran and he scolded.

“Kid, you don’t have to play the fool here, I’ve just personally probed and she’s not breathing, you’re still trying to fool me!”

“Cheat you? What do you have that’s worth lying to me?”

Lin Ran looked at Zeng Qiang and asked indifferently.

“Yes, kid, tell us what you have to lie about? Is it just for this outfit of yours?”

Wang Yifeng laughed from the side.

“You!”

Zeng Qiang’s face was ugly and he was speechless.

“Being a human being like you is really enough!”

Qin Bing glared at him and didn’t bother to pay any attention, squatting down to ask Lin Ran.

“What’s wrong with her? Do we need to send her to the hospital?”

“No, it’s useless to send her to the hospital!”

Lin Ran shook his head, then moved out of the way and said.

“You help her up, she’s locked up in her seven orifices, I’ll just help her unlock them!”

“Mm!”

Qin Bing nodded and followed, helping Xiao Lan to sit up.

“What are you doing?”

Seeing Lin Ran’s move, Zeng Qiang hurriedly stepped forward to stop him.

“To save people can’t you hear me!”

Qin Bing glared at Zeng Qiang with an icy gaze.

“Save someone? She’s already dead, what’s the point of saving people, if you move the corpse now, will you be responsible later?”

Zeng Qiang pointed at Lin Ran and Qin Bing and questioned.

“I’m responsible!”

Lin Ran glanced at him and said in a cold voice.

“You’re responsible? Do you know who her father is? Can you afford to be responsible? I can’t even afford it, who do you think you are?”

Zeng Qiang said disdainfully, until now he didn’t even put Lin Ran in his eyes.

“Fatty, tell him to shut up!”

Lin Ran said in a cold voice.

“Got it!”

Wang Yifeng greeted him at his words, followed by a handful of him and picked Zeng Qiang up, then pressed him directly onto the ground.

“What do you want, you fat bastard! Let go of me, or I’ll call someone to kill you!”

Zeng Qiang cursed, Wang Yifeng smiled at his words.

“Looking for someone to kill me? You can find it! But is there a saying you’ve heard?”

“What What, what saying!”

Zeng Qiang gulped and could not help but ask, at this moment Wang Yifeng’s gaze looked at him with trepidation.

“The original water can’t quench the near thirst, before you call for someone to kill me, Master Fatty will kill you first!”

Wang Yifeng raised his eyebrows and smiled, following which he sat on Zeng Qiang’s buttocks, causing the latter to almost pass out from the pain.

Lin Ran didn’t have time to bother with this side of things, his entire body crouched behind Xiao Lan, his hands together with his sword fingers pressing gradually on the back of the latter’s head.

“Can a person really be locked out of their seven orifices?”

Qin Bing asked worriedly as she supported Xiao Lan.

Although she had seen many strange and bizarre things since she met Lin Ran, this was the first time she had seen something like locking a person’s seven orifices.

“Yes, the seven orifices lead to the heart, the structure of the human body is very strange, according to the ancient book Yi Li, there is a point in the human body where the seven orifices are interconnected, as long as this point is sealed, the seven orifices will be temporarily useless!”

Lin Ran explained.

“Then, since the seven orifices will be out of action, how could she hear and see?”

Qin Bing was astonished, Lin Ran's words were obviously somewhat contradictory.

Lin Ran saw this and smiled lightly before saying.

"That's because the other party's tactics are still not up to scratch!"

When he said that, Lin Ran's palm also stopped, and Qin Bing did not dare to ask any more questions when he saw this, and the atmosphere around him immediately froze.

Lin Ran eyes slightly narrowed, suddenly a cold flash of sword fingers fiercely, two fingers then actually really clamped a cold light from the neck of Xiao Lan slowly pulled out.

"This actually really has silver needles!"

Seeing the silver needles at Lin Ran's fingertips, Qin Bing couldn't help but gag, while the surrounding group of people were even more waiting to see.

"Holy shit, I'm afraid this is only found in martial arts movies!"

"Who says no, this is really the first time I've seen this!"

"Such a long silver needle stuck in the neck, and the person didn't die, it's incredible!"

The crowd of onlookers were talking.

And at this time, Zeng Qiang who was lying on the ground was even more stunned, and the mobile phone he had just taken out even dropped directly to the ground. If what Lin Ran said was true, then wouldn't his remarks just now

"Xiaolan, you have to listen to my explanation"

Zeng Qiang was busy shouting, however at this time wanted to explain is already too late.

The silver needles were removed in less than a few moments, and Xiaolan's stiff body could move, she was busy wiping away the tears on her face, got up and rushed to Zeng Qiang's side, picked up the bag and smashed it, fortunately Wang Yifeng dodged quickly, otherwise it would have been a disaster.

"Bastard! How dare you lie to me! And curse me to death, bastard!"

Xiao Lan cursed and beat Zeng Qiang madly. The latter tried to get up, but his back was about to break from what Wang Yifeng had just done, so he could not stand up.

"Xiaolan, listen to my explanation! I just"

Zeng Qiang wanted to explain, however the former was not listening at all, after a burst of beating pick up the bag red eyes and rushed out of the crowd.

"Xiaolan, you wait for me!"

The idea that his business is going to be yellow, Zeng Qiang is very anxious, busy from the ground to get up and chase out.

"This Zeng Qiang's mouth is really disgusting!"

Song Nuan walked over and said with a frown as she looked at the two men in the distance.

“Yeah, it’s a good thing I’ve never met such a slag, otherwise I’d have my dad beat him to death!”

Luo Qiqi also said beside again.

“Everyone has their own agenda, this isn’t surprising!”

Lin Ran said indifferently, and then prepared to greet the crowd and leave.

However, at this moment, his afterimage noticed that behind the crowd of onlookers, a figure was very familiar, it was the same youth he had seen yesterday at Qinghewan Square.

Yesterday, he had seen him because of the lecherous old man, who had said that he was his grandson, but today, he had met him here again.

Su Rou was inexplicably poisoned yesterday, and today Xiao Lan was inexplicably locked in the seventh orifice, and this person was present at both incidents, so it couldn’t be a coincidence.

Thinking of this, Lin Ran suddenly felt that he had caught something.

“Wait for me here!”

Without having time to say more, dropping a sentence, Lin Ran instantly rushed out of the crowd and towards the other side.

Song Nuan and the others had wanted to chase them out, but they were all stopped by Wang Yifeng. When Lin Ran chased them out just now, he had seen the other party’s skills, and just by the other party’s sensitive hands, he was afraid that they were not ordinary people, so Song Nuan and the others chasing them over would only be adding to the chaos.

.....

Rounding the big roundabout, Lin Ran soon saw the other party’s figure, but just then, the youth stopped with a jerk and turned his head to flash a cold smile at Lin Ran, while saying.

“Come along if you’re not afraid of death!”

With that, the youth directly jumped into the nearby haunted house, and his figure soon disappeared into the darkness.

Seeing this, Lin Ran hesitated slightly before following and jumped in as well.

Chapter 473

“You’re not afraid of death!”

Lin Ran had just jumped in when a strong wind mixed with a disdainful voice came over, and at the same time a black shadow smashed straight at Lin Jean’s head.

Lin Ran was very fast, so he ducked down to avoid the blow, and at the same time, Lin Ran rolled a donkey to distance himself from the other party, and only then did he see clearly what had just attacked him.

“You really did it, you used a machete!”

Looking at the cold machete in the other party’s hand, Lin Ran couldn’t help but feel a chill in his neck, the other party had obviously killed him and wasn’t prepared to let him live.

“I can’t use it, I can actually cure my poison, you are really something!”

The youth looked at Lin Ran and said in a cold voice.

“Brother Sun right, what exactly is your origin and what do you want!”

Lin Ran looked at the other party and asked in a cold voice.

“Want to know? Fine, wait until I chop off your head and bring it back, then you’ll know everything!”

The youth said with a cold look on his face, and immediately rushed forward again with a swing of his sword.

Seeing this, Lin Ran didn’t dare to be slow, so he immediately met him with his feet.

Although the youth’s speed was fast, he was still a step behind in front of Lin Ran’s full burst.

The young man’s hands immediately hit his opponent’s armpits, which are the dead center of the human body, and the machete fell to the ground with a clang.

“Bastard!”

Seeing this, the youth gritted his teeth and immediately rushed deeper into the haunted house, but as soon as he took a step, Lin Ran followed with a kick and hit the machete on the ground.

“Whoosh.”

At once the machete flew straight out, rushing to stab the youth directly in the back.

The youth was startled and hurriedly dodged sideways, but the space inside the haunted house was small, so although he dodged, his arm was still cut by the machete, and blood immediately flowed out.

However, when he saw the blood flowing out, Lin Ran drew a breath of cold air because the blood flowing out from the youth was actually not red, but dark green.

“Kid, I, Sun Hao, remember you, let’s not change the green hills, the next time we meet I will kill you with my own hands!”

The youth’s face was cold as he followed without looking back and rushed into the depths of the haunted house.

Lin Ran looked straight ahead and didn’t chase after him, at this time the outside still didn’t know what was going on, he was afraid of rushing in and chasing Wang Yifeng and the others outside to have some kind of accident.

The things that happened in the haunted house, Lin Ran did not tell the crowd, mainly because of fear of panic.

.....

The first thing you need to do is to get back to the hotel in the evening, after a long day of playing we were all rather tired and rested early.

Lin Ran called for Wang Yifeng and told him to stay at the hotel to keep an eye on the four women, then he left the hotel and went straight to Qinghewan Square.

At night, Qinghewan Square was still very cold, with only three or two passers-by walking around.

Lin Ran quickly arrived at the statue of Laozi Qingniu and immediately took out the tortoise bone ready to try again according to the method he used last time.

But just as the turtle bone was taken out, a figure came over from the side, and the faster it walked the faster the shadow soon reached Lin Ran's feet.

"Kid! How come it's you again!"

The voice sounded, Lin Ran looked up and was startled, but followed by an embarrassed smile.

"Auntie Why are you still working here ah!"

Seeing the other party Lin Ran was embarrassed, the last time he came to Qinghewan he ran into an old man sweeping the floor and a drunken youth, the latter's cheek hit the old bronze bull and he ran to shout at someone, it was this big mother he ran into, he didn't think he would run into her again this time.

"Nonsense, I work here, can't I not be here, but it's you who came here for the second time in half a year, say what you want! Do you have a crush on me?"

Big Momma questioned as her eyes dripped on Lin Ran.

"Big Mother Don't joke about it, you are so old"

Lin Ran said awkwardly.

"What's wrong with being so old, when Big Mother was young she was also a beauty, and you came twice in less than six months, do you really think Big Mother can't see that you have a thing for Big Mother me?"

Big Mother said with a sigh and a long speech.

"Son, if you like big mother, just say so, big mother will not blame you, but you sneak like this makes big mother very difficult, after all, big mother is a person with children and family, although then you look more handsome, but"

Before the big mother could finish her sentence, Lin Ran hurriedly interrupted her.

"That amah, let's not joke haha, I really have no interest in you!"

"No interest?"

Auntie was a little surprised at her words.

“Yes, I really don’t mean anything, I’m here for other things, why don’t you go about your business first?”

Lin Ran said awkwardly.

“No, you don’t mean anything to me, why did you come here at night both times, isn’t this a hint?”

Big Mother looked at Lin Ran suspiciously.

“It’s really not what you think ama, I I have to work during the day and only have time at night, so I missed the scenery of Qinghe Bay, so I came to take a look!”

The most important thing is to hurry up and send this big woman away.

“Really?”

The old lady looked at Lin Ran and was still a bit unconvinced.

“Really Big Mother, if you don’t believe me, you’ll go now, if I come back to you tonight, I’ll be this!”

Lin Ran said and made a kingly gesture.

Seeing this Big Mother hurriedly slapped Lin Ran’s hand away and said.

“Blah blah blah, there’s no need to be shy and not admit it, Big Mother understands how painful it must be for you to be unrequitedly in love!”

“Alright, Big Momma is leaving, you kid is really not letting people worry!”

With that Big Mother quickly left, but before she left she rushed back to Lin Ran and said.

“Say it, no coming to me tonight, your grandpa is here tonight!”

“Definitely no looking, definitely no looking!”

Lin Ran’s face reddened at this, what is this, it’s just the last time she looked for her, how can she still misunderstand like this.

Fortunately, Song Nuan and the others were not here, otherwise if they knew about this, they would have been laughed to death.

Only after watching Big Mother leave did Lin Ran breathe a sigh of relief, and then hurriedly found a good position for the turtle bone to press on the green ox.

And as the tortoise bone corresponded with the pattern on the youth’s body, at once Lin Ran realised that the tortoise bone was actually really stuck and did not fall off.

“Right! That’s it!”

Lin Ran was ecstatic, this was how he had met the mysterious old man who had swept the floor last time.

Turning his head to look around, Lin Ran immediately looked around, but with this look he was instantly baffled, because when he looked at himself, he actually saw his own figure as well.

Only at this moment he himself was sitting cross-legged under the green ox, motionless, like an old monk in meditation, and even when he tried to touch himself, his palm actually went straight through his body, as if he was now completely transparent.

“Come on, don’t try, you are now a soul body, in other words, your soul is out of your body, that’s your physical body!”

Just when Lin Ran didn’t know what was happening, suddenly a vicissitudes of an old man’s voice but sounded from the side.

Lin Ran hurriedly turned his head to look, and indeed found an old man sweeping the floor with a broom not far away from him.

The old man’s clothes and demeanour were the same as the last time, and half a year’s time did not seem to have left any marks on him at all.

Chapter 474

“Senior!”

Seeing the old man, Lin Ran was instantly ecstatic and hurried over.

“Good, stop there and don’t go any further, you’ll dirty the ground you’ve just swept, you’ll give it another trample!”

The old man waved his hand.

Lin Ran scratched his head in embarrassment and hurriedly said.

“Elder are you back in the day”

Before Lin Ran could finish his sentence, the old man interrupted him with a wave of his hand, and then pointed to the fence next to him gesturing for him to come over and sit down and say.

“Thank you senior!”

Lin Ran smiled and hurriedly ran over to sit down, but it was only when he sat down that he realized that he was now a soul body that went straight through the fence as soon as he came across it.

“I was telling you to come over and stand still, who told you to sit down!”

The old man gave him a speechless look before waving his hand, and immediately Lin Ran’s head was dumbfounded, a sense of weightlessness immediately invaded his mind, and looking around he realized that his body, which was originally sitting under the green bull, had actually flown up.

“Seniors!”

Lin Ran shouted in fear, but the old man ignored him, still raising his hand and looking at Lin Ran’s body floating in mid-air.

The body quickly flew into mid-air, followed by landing on the back of the green bull, the statue of which was four to five metres high, and at this moment Lin Ran was lying motionless on it.

Although Lin Ran, who was in his soul body, could not see the sight of his physical body at this time, his physical body would not move either, so if he fell, he would have to break a few bones without dying.

“All right, you will stay here as a soul body for one night, the weather is cold in the latter half of the night flesh body sitting on will catch cold!”

The old man said indifferently, while placing the broom on the ground and sitting on it after himself.

“Seniors!”

Lin Ran was busy running over, looking at the other side with his face full of excitement.

“Alright, sit down and talk, I know you have a belly full of doubts, take your time and ask, you have all night!”

The old man said blandly.

Lin Ran nodded his head and sat down on his buttocks, opening his mouth to ask questions, but when the words came to his lips, he didn't know where to ask them from.

After a moment of silence, Lin Ran immediately asked the few questions he wanted to know the most.

“Senior, why is it that last time I saw you, you didn't tell me your identity, and later when I tried again, I couldn't get in?”

“Also, are you the feng shui master who collected my parents' corpses back then?”

The old man tapped his fingers on his knees at his words, and then said.

“I am indeed the feng shui master who collected your parents' corpses back then, besides this Laozi Green Bull statue only manifests once every three months!”

“Then senior, what exactly happened to my parents back then?”

Lin Ran asked busily.

This time the old man was silent at his words, and Lin Ran did not dare to ask more questions, so he just waited, and after waiting for a full moment, the old man finally spoke.

“It's a long story, but since you're here, I'll tell you about it from the beginning!”

“Back then, I happened to come to Clear River Bay when I was traveling in all directions”

Said the old man and told the story of the year.

It turned out that when the old man travelled to Qinghewan back then, he happened to catch Lin Ran's parents at the time of their accident.

At that time, the accident at the construction site was a big deal, so naturally the old man was curious and went to check it out, and upon this look he found a hint of something bizarre.

Back then, he first found one of the construction sites where the accident had taken place, and it was on this site that he saw the bodies of Lin Ran's parents.

But what puzzled him was that both of Lin Ran's parents had not been completely cut off at that time, but their souls had disappeared, and he had checked on many of them, and almost all of them were like that.

"Later, I found your grandmother based on your parents' karma and sent your parents' remains back with her!"

Hearing this, Lin Ran could not help but feel a stirring in his heart and was busy asking.

"You mean that your appearance at my house to help my grandmother back then was all a coincidence?"

"That's right!"

The old man nodded, but then shook his head again.

"I can't say it was all a coincidence, there was still some karma involved, back then when I first finished my studies and came down from the mountain, I had once received a little favour from your uncle, that is, Jiang Sansi, which is why I found your parents in the underworld when things went wrong in the first place!"

"And what happened afterwards?"

Lin Ran continued to ask, such things as karma were also recorded in the Xuan Yang Pharmacopoeia, he knew that such things were mysterious, but they did exist in the underworld.

"I later found out who was behind it, a developer boss called Wang Kun!"

The old man looked at Lin Ran and said.

And Lin Ran had already listened to the story and his breath caught, yes! He himself had found out that it was also Wang Kun, but why Wang Kun had done this, and where his parents' souls were now, he was completely unable to guess.

"Don't worry, I understand your feelings, but I didn't find out the result of the matter back then, so I didn't leave the matter directly at your home, but at your uncle's home, just because I was afraid that you were too obsessed!"

The old man said.

"Then can you tell me everything you know?"

Lin Ran prayed, even if it was just a little bit of truth, it would give him hope.

"Since you are here, I will naturally tell you everything I know!"

The old man said as he took out a piece of parchment, which he then slowly opened in front of Lin Ran.

"This is?"

Seeing the contents of the parchment, Lin Ran was stunned.

There wasn't a single word on the entire parchment, there were only many, many lines that were so intricate that they vaguely formed the shape of a mountain range.

"This is the Wan Ren Mountain!"

Suddenly, Lin Ran's heart trembled as he realised that the lines on this parchment were actually made up of none other than the Ten Thousand Refees Mountain.

"That's right, this is the Ten Thousand Refees Mountain!"

The old man spoke, then turned his head to look in the direction of the Ten Thousand Ren Ren Mountains and continued.

"Back then, I followed Wang Kun all the way, but my strength was only at the Heaven Seizing level at that time, while he had already crossed into the Realm of Creation, I was a big level away from him, so I could only follow from afar, do you know where I followed him to?"

"What place?"

Lin Ran looked at the old man with hope in his eyes, in fact, he had already guessed something in his heart.

"That's right, you guessed it right, it's the Ten Thousand Ren Rengshan Mountain!"

The old man said, then pointed to a dot on top of the parchment and said.

"This is where he went!"

Lin Ran looked at the location of the parchment and his heart shuddered, this location had been pointed out to him by another person back then, none other than Wang Yifeng, who had found his family's Jade Flute here in the first place.

"And what happened after that?"

Lin Ran continued to ask.

"After that, strange things happened!"

The old man continued with a sigh.

"I thought he was evil and had killed so many people to refine some evil magic weapon, so I squatted on the mountainside, but for three months he didn't appear!"

"Finally, I couldn't resist, so I sneaked into the mountain, and guess what I saw?"

The old man said, with a look of regret in his eyes.

"What I saw was empty, the cave he had entered was empty inside, even he himself had disappeared!"

"Gone?"

Lin Ran was dumbfounded, how could a big living man say he was gone and then he was gone!

“I thought I had been trapped, but no matter how I went in and out of the cave, there was no problem at all, and finally I realized that he had really disappeared!”

Saying that, the old man actually took another notebook out of his arms and handed it to Lin Ran, saying.

“This is all the information I found about the Ten Thousand Rengshan Mountains later on without dying, so take a look at it first!”

Chapter 475

“Notes?”

Lin Ran was stunned, then took the notes and carefully flipped through them.

The notes didn't contain much, and could probably be divided into two categories, one being what the old man had found shortly after the incident back then, while the other was what he had found one after another for roughly ten years afterwards.

Back then, after the incident, the old man had carefully investigated Wang Kun's profile and found a lot of suspicious points, the most important of which was that.

A year after Wang Kun got married, he and his wife went on a trip to Wan Ren Mountain, and they were trapped in the mountain during a heavy rainstorm that had not been seen for more than ten years.

The heavy rain caused Wang Kun to lose his footing and roll down the hill, only to be found by the search and rescue team two days later, but by then he had already regained consciousness and was not injured at all.

According to him, he had fallen into the water because of luck, but how could he have rolled down a hill without any superficial injuries at all, but it was a big deal at the time and he had already been rescued so it was suppressed.

After Wang Kun's accident, his personality changed. He originally loved his family and his career, but then he seemed to have become obsessed with something and left his career in the hands of his men, immersing himself at home all day.

“The reason for this I don't know, except that later I found out that there was a period of time when Wang Kun was back to normal, but his whole aura had changed and he had become very profound and unpredictable!”

“And later on, when Wang Xia Mei was pregnant, of another type of cancer, this cancer caused the child in her belly to be difficult to be born alive, but as far as I understand, in the end, it seems that this child was still born, and Wang Xia Mei was lost only in the following years!”

The old man said, sighing, and continued.

“This is also something I discovered in conjunction with the situation at the time, this Wang Kun is afraid that he used his feng shui ability to create more heaven and earth to allow the child to be born successfully!”

Lin Ran gulped, forcibly suppressing the doubts in his heart, and continued to read on.

The last thing recorded was the old man's investigation of the Ten Thousand Ren Ren Mountains in the following years.

The notes recorded that Mount Wan Ren was not originally what it was now, but a mountain that resembled a large tripod, a gathering place for bandits back then, as if some treasure had been dug up later, attracting many Feng Shui practitioners.

But anyone who explored that mysterious treasure on Mount Wan Ren, ended up dead.

"It was only in the last few years that I found out that some of the Feng Shui practitioners who died at the Ten Thousand Rengshan Mountain had even reached the Heaven Seizing Realm, so I realised how terrifying that mountain was!"

Lin Ran nodded at his words, and then sat on the ground without speaking, just quickly sorting through these clues in his mind.

"Does it help you in any way?"

The old man asked with a smile at this.

Lin Ran smiled a bitter smile at his words and said.

"According to what you said, Wang Kun was just an ordinary person back then, and because of an accident, his strength soared and he even reached what you call the Realm of Creation, and even used that power to save his wife and children!"

"But why did he later leave his wife and children behind and leave alone?"

"Later, according to the information you found out, it seemed that there was some kind of treasure hidden in the Wan Ren Mountain, but everyone who went to explore it died, could it be that Wang Kun had obtained the treasure here back then?"

As he said this, Lin Ran couldn't help but look up at the old man.

"Senior, what kind of person are you, there is this kind of treasure in the Wan Ren Mountain with your strength, can't you still find it?"

Lin Ran was puzzled, to be able to easily make one's soul leave one's body, I'm afraid that this skill could not even be done by a Jain Elder, with such a great ability, would one leave the treasures of the Wan Ren Mountain untaken? It was hard to believe.

"Haha, you're wrong!"

The old man raised his head to look at Lin Ran and said.

"As my strength increased, I became more and more certain that there were treasures under the Ten Thousand Ren Ren Mountains, but similarly, I also felt more and more of the dangers hidden down there, and I had discussed with my two old and undead companions that the stronger the strength of what was down there was the greater the price to pay to get it!"

“When people are old, they value their lives, so I never dare to go in!”

Hearing this, Lin Ran couldn't help but be shocked and asked.

“What about me, senior? I'm being blackmailed to go to the Ten Thousand Ren Rengshan tomorrow, and there are people more powerful than me among them, so we”

Lin Ran didn't dare to go on.

The old man smiled at his words and shook his head.

“You guys are harmless, your strength is too weak, especially you, I can't see through you at all!”

“Can't see through me?”

Lin Ran was even more puzzled.

“Yes, can't see through you!”

The old man said as he stretched out his palm, immediately a white aura was released, Lin Ran was stunned when he saw it, it was true qi, similar to the one inside him.

“This is the true qi that is born within every cultivator, but yours is much thicker than even mine!”

Lin Ran gulped at his words and said awkwardly.

“Senior, you're joking, my true qi is thicker than even yours, how is that possible!”

“I'm not joking, that's why I said I couldn't see through you!”

The old man laughed blandly, seemingly not taking this to heart at all.

“I know what has been happening in Temperance City recently, I can only remind you that you have great qi in you again, but if you are not careful you will still die!”

With that, the old man closed his eyes, and this time waited for a full hour before opening them again.

“I've just done some calculations and I still can't see through your destiny, but I must remind you that you can't avoid the trip to the Ten Thousand Ren Rengshan Mountains, but you should also beware of anyone, including that so-called Jain Old Man!”

“Jain?”

Lin Ran was startled at his words, he didn't expect even the senior, the Jain Elder, to know about it.

“Senior, who exactly are you?”

Lin Ran asked busily.

The old man smiled blandly at his words and said.

“The name has long been unnecessary, you can call me Elder Feng!”

“Elder Feng?”

Lin Ran muttered at his words, that was too casual of an address.

“Alright, it’s already dawn, you should go out!”

Suddenly the old man looked up and said, Lin Ran was stunned at his words and followed looking around, only then did he realise that the sun was about to rise in the east, but he felt like he had only been there for two or three hours!

“Senior, I still have a lot”

Lin Ran still wanted to say something, but the wind elder pointed to the side and laughed.

“If you don’t get out, your flesh is going to be moved!”

“Huh?”

Lin Ran smiled and hurriedly looked, only to find that there were actually many people gathered under the statue of Laozi Qingniu at this time, the leader of which was clearly the same old lady from last night, who was pointing at his flesh and shouting something, only he couldn’t hear it right now.

“Let’s go!”

The old man smiled and waved his hand, and Lin Ran’s soul instantly flew up and towards the flesh on the back of the green ox.

Seeing this, Lin Ran was busy asking.

“Senior, then I’ll come back to you in a few months!”

“Kid, the tortoise armour can only be used twice, this is your last time, you don’t have a chance!”

Elder Feng laughed.

“Huh? Then how can I get the Tortoise Armour!”

Lin Ran was busy asking, this Elder Feng was simply like a god, he didn’t want to miss out on this.

“Want to get the turtle nail? Simple, this time the Pavilion Master of the Compass Pavilion will also be going to the Ten Thousand Ren Rengshan Mountain, and there is a piece inlaid on his weapon that I casually left behind back then, so you can seize it and come back to see me in three months!”

The old man laughed.

“The Pavilion Master of the Compass Pavilion? On the weapon?”

Lin Ran chanted, but the next moment his entire body went black and he lost consciousness.

Chapter 476

“Ah! It hurts!”

When Lin Ran woke up again, it was from the pain in his buttocks.

“Hey! Young man, you mustn’t think about it, hurry up and come down, whatever you want Big Mother will comply with you, but don’t think about it!”

“Yes, the young man is so young, why can’t you think about it, the lady said everything is up to you, hurry up and come down!”

“This kid is also an infatuation!”

He rubbed his eyes to quickly regain his consciousness, and then saw the old lady in the crowd.

“Young man, want to open up?”

Seeing Lin Ran do up, the older woman was busy asking from below.

“What want to open up? What are you guys doing?”

Looking at the crowd of people below, Lin Ran was also puzzled, he didn’t just lie on the back of this green ox for a while, why did he invite so many onlookers.

“Young man, last night it was Big Mother’s fault, she shouldn’t have just cut you off, but you shouldn’t have acted so radically!”

Big Ma said in a serious tone below, but Lin Ran was listening in the clouds, feeling somewhat baffled.

“Auntie, what are you talking about? What kind of radical action am I taking?”

Lin Ran wondered, and at the same time stood up from the back of the green ox, ready to jump down, but as soon as he stood up, all the people below him panicked, especially Big Mother who hurriedly shouted at the top of her voice.

“Young man don’t be impulsive, a thousand mistakes are the fault of big mother, as long as you come down properly, big mother promise you still can’t!”

“What the hell? Promise me what?”

Lin Ran looked at the other party in bewilderment, completely unaware of what she was talking about.

Seeing that she could stabilize Lin Ran, Big Mother immediately continued.

“What else could it be, Big Mother understands, Big Mother rejected you last night, that’s why you were looking for death and wanting to live, but Big Mother didn’t know you would be so paranoid, if she knew she wouldn’t have rejected you outright would she!”

“There are so many people watching, so stop it and come down, it’s a shame!”

Auntie said and actually covered her face, seemingly she was a bit shy.

When Lin Ran saw this scene, he almost didn’t spit out a mouthful of old blood, and was busy saying.

“No, what are you talking about, who’s being bigoted for you, I came here for something, not for you! Where did you get that confidence!”

“Look at the boy, he’s still angry, now he doesn’t even recognise you!”

“Who says otherwise, they say feelings hurt the most, and this brother has been hurt badly by you!”

“This brother has a unique taste!”

The crowd below were talking, but none of them believed Lin Ran, they all thought he was angry and that's why he said that.

"Young man, your feelings Big Mother understands, let's not make a scene ah hurry up and come down, Big Mother will make you something delicious!"

Auntie continued to console him.

At this point, Lin Ran's state had completely recovered, and seeing that his explanation was futile, he simply stopped talking and took a step to get down from above.

But at this moment, a familiar voice came from the distance.

"Yo! How come Rangzi didn't see you all night and ran here to chase Big Mother? You've got a unique taste!"

"Damn fatty, don't talk nonsense here, it's all a misunderstanding, don't you tell Xiao Nuan she"

Before Lin Ran finished his sentence, Wang Yifeng spread his hands and laughed helplessly, following which he stepped aside, and behind him the four women Song Nuan was laughing, each covering her stomach.

Seeing these four people, Lin Ran was helpless, this is good, even if it is embarrassing, but also by the four of them know, this is afraid to jump into the yellow river can not be washed.

"Young man, hurry up and come down, Big Mother really won't reject you!"

Below, the ama was still trying her best to console her, Lin Ran helplessly glanced at the ama, he couldn't really take it out on people, after all, they were also kind.

"Big Mother, you're really mad at people!"

Looking at Big Mother, she sighed lightly, followed by Lin Ran's feet fiercely, directly jumping out of the crowd with a leap from the green ox, and then ran towards Wang Yifeng.

"Hey hey, you slow down and be careful of falling!"

In the back, the big mother still reminded with concern, but Lin Ran was already hearing his heart breaking, rushing to the near front to greet the crowd.

"Stop laughing, hurry up and get in the car and leave, if you don't go brother I'll really have to be in the hot seat today!"

"Haha!"

Wang Yifeng and the others couldn't help but laugh, but they still obediently got into the car, Lin Ran drove the car with his foot on the gas, following the car and disappeared into the road in a flash.

Watching the car go away, the grandma then sighed and said in a serious tone.

"Hey, red-headedness, ah, are so old, there are still people for me so crazy, not my intention ah!"

.....

“Ah-choo!”

In the car, Lin Ran couldn't help but sneeze and said helplessly.

“It really doesn't stop everywhere you go, it's really a pity that this grandma isn't an actress!”

“Haha, Ranzi, brother I've had my eyes opened today, you're this!”

Wang Yifeng gave a thumbs up at Lin Ran.

“Come on don't tease me, you can't save me from death and still laugh at me, you're damn good!”

Lin Ran said speechlessly.

“Save you? How? You didn't see the group of people around, all of them were that big mother's people, I was afraid that if I couldn't save you, I'd be taken away instead!”

“Bullshit, it's a good thing I ran fast, otherwise I wouldn't have been able to leave today!”

Lin Ran said helplessly.

“No, Ranzi, what's your relationship with that big lady, why is she looking for you instead of anyone else?”

Qin Bing couldn't help but ask with a smile.

“The way I see it, he must have negatively affected her! That's why people keep pestering him!”

Song Nuan couldn't help but laugh.

Su and Luo Qiqi were already laughing so hard that they couldn't speak, and Lin Ran gave the four girls a helpless look and sighed.

“It's not because last time when I came to Qinghe to play, I approached her once because of some accident, and as a result she really thought she was charming!”

“Hey forget it forget about it, we have things to do later, school starts tomorrow, we'll send you guys back first later!”

Lin Ran was busy digressing, today was the day he had agreed with Sage to go to Wan Ren Ren Mountain, and he was in a hurry.

About this matter, Song Nuan and the four girls didn't ask much, they all knew that Lin Ran had been preparing for this recently, so they all knew better than to ask more questions.

.....

The car sped all the way and finally arrived in Tanjiang City at noon. Lin Ran and Wang Yifeng got out of the car as soon as they arrived in the city, and then transferred to a taxi to go straight to Wanren Mountain, while Song Nuan and the others drove back home on their own.

“Ranzi, did you get anything last night?”

In the car, Wang Yifeng asked solemnly, joking all he could before, but what they were about to face next was likely to be a matter of life and death, and he had to take it seriously.

“Things are too complicated, and there are big secrets hidden in the Wan Ren Mountain, as well as big opportunities, we must be wary of anyone this time, including the Sage!”

Lin Ran said solemnly.

“The Jain Elder? Could it be that this old man isn’t a good bird either?”

Wang Yifeng asked with a frown, Jain Lao gave him a good impression, not quite like a bad guy.

“It’s hard to say, but the Wan Ren Mountain is like a treasure land, anyone who goes there incomparably wants what’s inside, the two of us were swept in, so it’s better to be careful!”

Lin Ran warned.

Chapter 477

At the foot of Wan Ren Mountain, when Lin Ran and Wang Yifeng arrived here, it was already noon.

The two dismissed the taxi driver and immediately hurried towards the Wan Ren Mountain, only this was just halfway up the road when noisy voices came from ahead.

“Walk over and take a look!”

Lin Ran said, and the two of them were just about to go up and see what was going on, but then two palms were directly on their shoulders, and they were dragged aside directly.

“Who!”

Both of them were startled, but when they saw the Sage who appeared in front of them, they couldn’t help but sigh with relief.

“You two bastard boys, you said this morning, how come you didn’t come until noon!”

Sage looked at the two of them and said angrily.

“Something got delayed!”

Lin Ran laughed awkwardly, if he hadn’t run fast in the morning, I’m afraid he wouldn’t have been able to make it by noon.

“Alright, no more nonsense let’s go up the hill from the other side!”

Sage didn’t bother with nonsense, with a wave of his hand he led the two of them around the path in front of him and instead took a side path up the mountain.

“Sage, what the hell is going on? That sound of fighting and killing just now”

As he hurried along, Lin Ran asked, that sound of fighting and killing just now was really loud, according to reason, this is a legal society now, there should not be such a situation exist.

“You guys are too late, now the entire Wan Ren Mountain has been surrounded by people from the Compulsion Pavilion, it’s hard for people from other small forces to get up there!”

The Sage said indifferently.

“The people from the Compulsion Pavilion? Do they have so many people?”

The two Lin Ran were surprised, the Ten Thousand Rengshan Mountain stretched for hundreds of kilometres, how could they all be guarded for such a long distance!

“You don’t understand, the location of this change in the Wan Ren Mountain has already been confirmed, they only need to guard this part of it!”

Sage said.

“Then how do we get up there? Or else we should just go back!”

Lin Ran laughed awkwardly, to be honest he didn’t want to get into this mess at all, if it wasn’t for the Jain Elder talking to him about the conditions before, he wouldn’t have come at all.

“Go back? Do you think you can still go back?”

The Sage turned his head to look at Lin Ran with a cold intent in his eyes.

“What do you mean?”

Lin Ran also couldn’t help but frown slightly as he looked at the other party.

“Before, your clinic and your friend were safe and sound because of the protection I provided, if you go back now, once the matter at Wan Ren Shan is over, do you think the Compass Pavilion will let you go?”

“Then even if I go up the mountain with you now and the matter is explained, won’t the Compulsion Pavilion still not let me go!”

Lin Ran retorted in a cold voice, the key to this matter was the Compulsion Pavilion, if the latter did not want to let Lin Ran go, it made no difference whether he went up the mountain or not.

“Wrong, the Compulsion Pavilion doesn’t have a grudge against your friend, and they also have pride of their own, if you didn’t hide they wouldn’t have gone to the trouble of going after your friend, so as long as you appear here, then your friend is safe!”

Sage said.

Lin Ran smiled, but he frowned, this meant that he was asking himself to be cannon fodder to attract the attention of the Compulsion Pavilion.

“Kid, you don’t have a choice, but since I brought you up to the mountain, I will naturally be responsible for your life and death, the Wan Ren Mountain hides great secrets and has countless great opportunities, if you are lucky enough to get a great opportunity this time, the Compulsion Pavilion will not be a threat to you.

Sage looked at Lin Ran and said solemnly.

“Ranzi!”

On the side, Wang Yifeng sort of understood that the two of them were cannon fodder this time, just two cannon fodder with use value.

“No need to hesitate, I am giving you a way out, tell me why Lang Tian from the Compulsion Pavilion wanted you in the first place, as long as you tell me, you can go back now, and I will order someone to protect your friends!”

The Sage continued.

Lin Ran and Wang Yifeng heard this but their hearts were stunned, so this old man was waiting for them here, in the end he had come for the Jade Flute, only he didn't seem to know about the existence of the Jade Flute, I guess it was something that Lang Tian hadn't told anyone else.

“Jie Lao is joking, the two of us are also unlucky, how can we have any peculiarities to be chosen by Lang Tian, let's continue our journey!”

Lin Ran laughed.

Sage smiled lightly at this and did not say anything, he knew very well in his heart that Lin Ran and the two of them did not want to talk about it, but he was in no hurry, as long as he took the two of them with him, there was bound to be a time to talk about it.

.....

The three of them continued on their way, originally the road to the Ten Thousand Ren Rengshan Mountain was not long, but not long after the three of them started to go up the mountain, a thick fog rose around them, and the road became unusually winding.

“The formation of the Wan Ren Mountain has been activated, the mountain mao has changed drastically and is nothing like the previous Wan Ren Mountain, you yourselves should be more careful!”

Sage reminded, Lin Ran nodded at his words and then asked.

“By the way Sage, have you heard of this person Sun Hao!”

“No, I haven't!”

The Jain replied straight away without even thinking about it.

“What about the good use of poison and needles? For example, the needle locking the seven orifices, as well as the poison of the Gathering of the Dead!”

Lin Ran continued to ask, and the Sage smiled this time with a slight frown, and then said.

“You should be talking about the Ghost Doctor Sect, this sect commonly uses poison and the art of silver needles, and the Gathering of the Dead is also their signature!”

“Ghost Doctor Sect?”

Lin Ran frowned slightly at his words.

“The Ghost Doctor Sect is a very small power, strictly speaking it is a subordinate power of the Compulsion Pavilion, the sect leader, Ghost Doctor, is a late stage Qi Watching Realm powerhouse, but he makes good use of poison so even if he encounters a normal Heaven Seizing Realm powerhouse, he can fight!”

The elder said.

Lin Ran was dumbfounded, what late Qi Watching Realm, what Heaven Seizing Realm, what the hell is all this.

“You don’t know anything, don’t ask so many questions, since the Ghost Doctor Sect has also come, it means that the Compass Pavilion has come out in full force this time, it seems that the Compass Pavilion is very serious about this Wan Ren Mountain!”

Sage said.

Lin Ran not only frowned at his words, one compulsion pavilion had made him anxious, and now a ghost doctor clan appeared, just as if he was Nezha with three heads and six arms.

The three of them soon reached the halfway point of the mountain, but the fog around them was a little heavier.

“Stop!”

Suddenly, the elder in front of them scolded, and the two stopped where they stood.

All around them was thick fog, and their line of sight was no more than four or five metres, and the moment they stopped, the air around them immediately became heavy.

“Whoosh!”

Suddenly, two wind-breaking sounds rang out, followed by two cold mists shooting out of the dense fog straight towards Lin Ran and the two of them.

With a quick eye and a wave of his palm, a wave of Qi flew out, sending the two silver needles flying straight away, while he spoke up and chided.

“Ghost Doctor, do you still want to sneak attack in front of me? Don’t come out yet!”

The voice kept echoing around, and soon an equally old voice came through.

“Qin Qi, it’s been a long time, didn’t think you’d actually come this time!”

As the voice fell, two figures emerged from the mist, one of them a slightly chubby old man with a white beard, who looked quite peaceful.

The other figure was covered in white robes and his face could not be seen, but on his chest was embroidered with the word “Ghost”, so he was the leader of the Ghost Doctor Sect, the Ghost Doctor!

The Sage looked at the visitor and instantly smiled.

“Yue Shan, I didn’t expect that your Imperial Capital Yue Family had also interfered in this matter, why have you joined hands with the Ghost Doctor Sect Compulsion Pavilion?”

The fat old man smiled as he stroked his beard at his words.

“You think too much, I’m just a fighter that Compulsion Yang paid for, to the extent that you and I can no longer enter the Wan Ren Mountain, you don’t equally find two juniors!”

“It’s just that these two you’ve found have offended the Compulsion Pavilion before, so I’m here to take their lives!”

Chapter 478

“Compose Yang is really looking up to them, actually letting you two come together!”

Sage said blandly.

“Can’t help it, who made you old man have to come and interfere as well, don’t worry, I won’t make a move on them, just come to pester you, this one beside me will do the rest!”

If Lin Ran hadn’t seen it with his own eyes, he would have thought that this was just an ordinary old man, but he had no idea that his body was so agile.

“You two!”

The Sage’s eyes narrowed slightly as he stared at Yue Shan with a deadly stare, and opened his mouth to shout at Lin Ran and the two of them.

“What does senior say?”

Lin Ran’s two hearts sank, not knowing what to do.

However, the next words of the Jain Elder caused both of them to feel the urge to curse.

Only to hear the Jain spit out a single word violently.

“Run!”

“I’ll go!”

“Old man you!”

Lin Ran and Wang Yifeng cursed out almost simultaneously, followed by spreading out and turning around to run.

“Rendezvous at the top of the mountain, if you’re still alive of course!”

Sage said one last thing, before confronting Yue Shan.

“If I had known that this old man was so unreliable, I wouldn’t have come if I had beaten the fat master to death!”

As he ran, Wang Yifeng said.

Lin Ran was also speechless at his words, and was busy saying.

“How did I know this old man was so unreliable! Hurry up and run!”

“Run? Can you run?”

As soon as the words left their mouths, a voice with a cold laugh sounded out in front of them, followed by the two seeing that the ghost doctor had appeared in front of the two of them at some point.

“Kid, very brave, daring to offend the Compulsion Pavilion, I think you guys are too long in the tooth!”

The Ghost Doctor looked disdainful and said.

“Old man, don’t think that because you are hiding in your white robe, I don’t know that you are an old man, I am warning you, I have a violent temper, if you know what you are doing, get out of the way, or I will not be polite!”

Wang Yifeng said angrily, he hadn’t fought before, who knows how strong the other side is, his character is not a person who is afraid of life and death.

“You are quite arrogant, but the more arrogant you are, the faster you will die!”

The ghost doctor said and turned his gaze towards Lin Ran, laughing.

“Kid, you’ve surprised me by actually being able to break our Ghost Doctor Sect’s Gathering of the Deadly Scatter, but it’s only a mere surprise, when I kill you, I’ll take those four chicks beside you away and refine them into female slaves then, tsk! It’s exciting to think about it!”

Lin Ran’s face instantly went cold at his words.

“What? Are you angry? So what if you’re angry? Two mole crickets think they can shake me? Go to hell!”

The Ghost Doctor sneered, and immediately charged at the two Lin Ran.

“Fatty! Walk towards me to death!”

Lin Ran said in a cold voice, and followed with an arrow step to meet him.

“Yes!”

Wang Yifeng smiled at that and followed, drawing out his Divine Dragon Axe and preparing to kill over as well.

“Hm? To actually have such a magic weapon, it is indeed a great chance and a great opportunity!”

Seeing the magic weapon in Wang Yifeng’s hand, the ghost doctor was instantly overjoyed, the greed hidden inside his white robe overflowing into words.

“Kid, as long as you give me this axe, the old man can leave your bodies whole!”

The ghost doctor sneered.

“Want it? That depends on whether you have the ability!”

Lin Ran shouted coldly, his body had already reached the Ghost Doctor, followed by a fist that smashed towards the opposite side of the door.

“Humph, don’t know what you’re talking about, you’re simply looking for death!”

The Ghost Doctor let out a cold voice, following which the dry palm under his white robe rushed towards Lin Ran's fist and grabbed it.

As the Ghost Doctor Sect Master, the technique he practiced was also highly poisonous, and as long as he grabbed Lin Ran's fist, he could instantly inject the toxin into Lin Ran's body, and then it would simply be too inconvenient to kill or kill him.

But just as he had a sure victory in his mind, his grab went straight through Lin Ran's fist and caught an empty one.

"Not good!"

A bad feeling arose in his heart, but it was too late, only to see that Lin Ran had appeared at the side of the Ghost Doctor at some point, and kicked at him with one leg while shouting.

"Fatty, catch the ball!"

As the words fell, with a bang, Lin Ran's leg smashed into the Ghost Doctor's body, and the latter immediately flew backwards towards Wang Yifeng like a ball.

"You! How could you!"

The Ghost Doctor was shocked, he was clearly at the peak of the Qi Watching Realm, but he had actually suffered such a huge loss against Lin Ran, while the other party's strength was clearly clearly didn't have the strength!

"Watch out!"

Wang Yifeng shouted, followed by a cross of his axe head, directly smashed the body of the axe heavily on the ghost doctor, only to hear a "bang" muffled sound, the latter's entire body directly flew out, far into the thick fog, during which there were also several bone breaking sounds.

"How about Rangzi, that was an absolute home run!"

Wang Yifei laughed as he held his divine dragon axe.

Lin Ran, however, had no time to joke with him and immediately greeted.

"Run, this guy's best skill isn't close combat, it's poison! We were careless and suffered a loss just now, if we come after him later, we'll be finished!"

"Huh?"

Wang Yifeng was still fighting with confidence, when he heard this he gulped, and the two of them immediately ran in towards the thick fog ahead.

Only this time, before they could run out much further, there was a furious scolding from the ghost doctor from behind.

"Bastard! Close quarters turned out to be so strong, that kid Long Tian actually said you guys were weak, looking for death! Simply looking for death!"

As he cursed, the ghost doctor took out a small bottle, the bottle was turquoise with a faint liquid flowing inside, it looked very weird.

“Kid, go to hell!”

The Ghost Doctor let out a cold voice, followed by throwing the bottle in his hand directly towards the two Lin Ran.

“Bang!”

With a crunching sound, the bottle instantly smashed to pieces on the ground, but the turquoise liquid inside soon splashed out in all directions, emitting a corrosive sound everywhere it hit.

“Holy crap!”

Wang Yifeng accidentally splashed some of it on his arm, and black smoke immediately came out.

“Quickly tear it off!”

Lin Ran hurriedly shouted, and Wang Yifeng lifted his hand without thinking too much and tore off a large part of his clothes.

But the green liquid around them acted as if it had recognized its owner and kept gushing rapidly towards the two, soon corroding the ground behind them to a charred black.

“Run!”

Lin Ran hurriedly shouted, while tugging Wang Yifeng and spreading out to continue running.

The fog around them was getting thicker and thicker, and visibility was getting lower and lower, while behind them the ghost doctor kept throwing poison, with no intention of letting the two go.

“Ranzi, what should we do! This old thing won’t even get close to us, if we drag on we won’t fall down the mountain and die, our clothes will have to be corroded clean!”

Wang Yifeng said as he stripped off his clothes.

“There is no way, this guy does not get close to us there is not a single thing we can do, hurry up and run, run as much as you can”

The two of them felt an empty space under their feet, this was halfway up the mountain, and the fog around them was so thick, the two of them stepped on the air and fell down with an “ah”.

“Hmm?”

The ghost doctor frowned and came to the cliff to look down, but the fog was so thick around him that he couldn’t see clearly what was going on below.

“Falling from such a high and place, and surrounded by people from the Compulsion Pavilion, even if they are fine they are still caught, this result can already go back and deliver!”

He sneered in his heart, followed the ghost doctor and turned around and left the place.

Chapter 479

There were a lot of shrubs and plants on Wan Ren Mountain, and although most of them had withered away just after the New Year now, rolling all the way down from a height of more than ten metres, almost all of the clothes on this body were rotten.

“Fatty! Are you dead yet!”

Lin Ran shouted as he ripped the torn clothes off his body.

“You’re not even dead, how could Master Fatty be dead, but it doesn’t matter if I’m dead or not, what matters is that you, Master Fatty, are showing my butt!”

Not far away in the thick fog, Wang Yifeng shouted at the top of his lungs.

Lin Ran hurriedly got up and ran towards Wang Yifeng, and when he got close enough to take a look he was also helpless, this family’s whole body clothes were all rotten and finished, only one pair of trousers was still of good quality.

“Holy shit! How come you’re naked too!”

Seeing that Lin Ran was almost as naked as himself, Wang Yifeng instantly laughed, but then followed by moving back a few steps in a hurry to be wary.

“Ranzi, I can warn you, no hitting on the attention of the fat master my flesh, although the fat master I am good to you, but you also”

“Fuck off! Laozi is not interested in you!”

Lin Ran gave him a blank look, and then looked around and said.

“What the hell is this place, we don’t even have a bit of luggage, and we can’t tell by day or night, if we can’t get out before we walk out, later we’ll both have to freeze to death here if we’re not killed as hooligans!”

“So what do we do now, or do we dig a hole and get warm?”

Wang Yifeng said.

“Dig your own pit, find someone! No matter who is dead or alive, let’s get some clothes first!”

Lin Ran urged, “It’s so cold, if we can’t find clothes, once it gets to night, the temperature on Wan Ren Mountain will soon drop, and then we’ll freeze to death.

Suddenly, just as Lin Ran was thinking of heading that way, Wang Yifeng was lying on the ground and greeted him.

“Hey hey! Listen, Rangzi, there seems to be the sound of a fight around here!”

This guy was lying on the ground with his ear close to the ground, and when Lin Ran saw this, he was also busy following suit, and indeed he heard the sound of a fight nearby, and it wasn’t far away.

“Let’s go, go see if we can get two pieces of clothing!”

Lin Ran greeted, and the two of them immediately ran towards the place where the sound came from.

There were still layers of mist around them, and they couldn't see what was ahead of them at all, but the two of them had discovered a situation based on the ground they had walked on all the way over, they seemed to have walked onto a platform that seemed to be a viewing platform above the former scenic spot of the Ten Thousand Rengshan Mountain.

"Whoosh!"

Suddenly, the moment the two of them stepped onto the viewing platform, the mists around them actually receded as quickly as a tide.

Instead of mists, the original scenery of the Ten Thousand Ren Ren Mountains appeared, except that the circle was only three to four hundred metres, beyond which the rest of the area was still covered in layers of mists.

And at this moment, on the observation deck, there was a large group of bodies lying, among them were those wearing black clothes, and those wearing red ladies' clothes.

"Hey hey! Look at that!"

Wang Yifeng shouted, pointing not far away.

Lin Ran was busy looking, and only then did he realise that at the edge of this formation-shrouded space, there were actually several other people fighting, with three of them in black clothes surrounding a woman in red clothes.

"This woman!"

Lin Ran couldn't help but frown when he fixed his eyes on her, the woman's figure was very familiar he seemed to have seen it somewhere before.

"Walk over and take a look!"

Lin Ran greeted busily, following which he ran over with Wang Yifeng.

"Ling Sa! It's her!"

Just after running a few steps Lin Ran saw the other party's face, but at this moment she was in a very bad condition, there was blood all over her body, being surrounded by three people at the same time to be able to barely carry it off was already good.

"Fatty save the others!"

Lin Ran didn't have time to think much, greeting himself and already rushed up.

Wang Yifeng was a little hesitant and hesitated to come behind.

"Damn fatty, what are you doing!"

Lin Ran couldn't help but shout.

"Ranzi, you're just wearing a pair of trousers to save the beauty!"

Wang Yifeng couldn't help but shout, he would have liked to pick up a piece of clothing to wear, but these people were all too fucking skinny and couldn't even put on two pairs of trousers after pulling them off.

"If you fucking hesitate, the beauty will die!"

Lin Ran couldn't help but curse, and Wang Yifeng saw this and gritted his teeth, and instantly rushed over regardless.

"Who is it!"

Sensing that someone was coming, the two warring parties also stopped their hands, but then one of the people dressed in black stood out and laughed loudly.

"Lin Ran! What a coincidence, I didn't expect to meet again here, and you're dressed like this!"

"Sun Hao! What an ingrate, since we ran into each other then let's leave the clothes behind!"

When he saw Sun Hao, Lin Ran laughed and rushed over with an arrow step.

"Just by you? Come and get it if you want it!"

Sun Hao laughed coldly and followed before meeting Lin Ran, while his two companions beside him continued to pounce on Ling Sa.

"Ling Sa beauty hold on, my friend will be here soon!"

Lin Ran said with a smile before he engaged Sun Hao in combat.

When she saw Lin Ran, Ling Sa was a little surprised, but when she saw that this guy was only wearing a pair of trousers, as well as a fat pig that was still flying behind him that was actually wearing only a pair of trousers as well, she was instantly desperate.

"Little rascal, our score will be settled later!"

"Damn if you have the guts to come at me, hitting a woman, the fat master despises hitting a woman the most in his life!"

Wang Yifeng shouted and rushed directly towards Ling Sa's side.

Originally, Sun Hao and the others were already on the verge of taking down Ling Sa, but at this moment, Lin Ran and Wang Yifeng suddenly appeared and changed the situation.

"Bang!"

A moment later, Lin Ran struck Sun Hao's chest with one blow, and the latter immediately flew backwards, spitting out a mouthful of blood at the same time.

On the other hand, on Wang Yifeng and Lin Ran's side, the two of them teamed up to beat Sun Hao's two companions, and if they hadn't worked well together, I'm afraid they would have been finished off by the two fatties.

"Lin Ran, I remember you! If you have the guts to come, then we'll meet again later!"

Seeing that things were no longer doable, Sun Hao snorted coldly and immediately greeted his two companions to follow, and in an instant the three of them disappeared into the thick fog.

“Ling Sa, how can you do that?”

Looking at Ling Sa’s body covered in blood, Lin Ran busily went forward and asked.

“Stand still!”

Ling Sa, however, looked at the two men warily and said in a cold voice.

“What do you two rascals want!”

“Hey! Big sister, we saved you just now, if we hadn’t arrived, you would have died at that kid’s hands!”

Wang Yifeng said discontentedly, while quickly plucking two pieces of black clothes from the side and throwing them at Lin Ran.

“How could Sun Hao have done this to you, and besides what the hell happened with so many people dead here?”

Lin Ran hurriedly put on his clothes while busily asking.

“Why should I tell you, who knows what happened to you guys and”

Lin Ran said forcefully, but before she finished her sentence, her whole body fell to the ground with a thud, and her mouth spat out a mouthful of blood.

“You’ve been poisoned?”

Lin Ran’s face changed at the sight and he hurriedly rushed up to help the latter up, only to find that black blood was continuously pouring out from the position of Ling Sa’s shoulder.

Chapter 480

“Hey! What are you doing!”

Ling Sa’s pretty face was covered in beads of sweat and dirty blood, looking here Lin Ran couldn’t help but gag.

“You’ve been poisoned by Sun Hao, you must detoxify immediately or you’ll die!”

Lin Ran didn’t care to say more, as he ripped the clothes off of Ling Sa’s shoulders, immediately revealing a snowy white.

“You!”

Seeing this, Ling Sa’s pretty face instantly flushed, and she directly turned her head and shouted at Wang Yifeng.

“Turn around!”

“Me!”

Wang Yifei was in the middle of his fascination, and was stunned at the sound of his words, followed by a very irritated voice.

“Hey! Missy, I’m your saviour too, you can’t just let this kid look at me!”

“Can you cure it!”

Lingsha asked rhetorically, Wang Yifeng was dumbfounded at his words and said helplessly with a show of hands.

“Fine, if you don’t let me see it, I’m used to being single anyway, Fat Master! It’s just that certain people, you don’t have pain in your heart, heck you’re four, the less you find one for the fat master!”

“Come on, you think I want to!”

Lin Ran said speechlessly, what time is it that this dead fatty is still jealous of this.

“Can you really cure the Ghost Doctor Sect’s poison?”

Ling Sa turned her head to look at Lin Ran and asked under her breath.

“Yes!”

Lin Ran nodded, following his palm into a sword finger to immediately press on Ling Sa’s shoulder.

True Qi quickly invaded Ling Sa’s body along the finger as Lin Ran spoke.

“Gather your aura and don’t come out to make trouble!”

“You!”

Ling Sa’s pretty face flushed, but she did as she was told, she also had breath in her body, if she came out and messed up, then Lin Ran’s detoxification would not be able to go on.

Time passed by, as a little bit of dirty blood was squeezed out from the wound, and soon Ling Sa’s face got a few degrees better.

“I’m curious to know why you can’t detoxify yourself when you also have true qi in your body!”

Lin Ran suddenly spoke up and asked.

Lingya was stunned at his words and followed with a rhetorical question.

“What you’re saying is all nonsense, there are many people with true qi, how do I know that we don’t have the means to detoxify ourselves, instead your true qi can detoxify!”

Lin Ran was stunned at his words, and a thought could not help but arise in his mind.

“Could it be that none of their True Qi is able to detoxify, but only our own can? But couldn’t there be any difference in this true qi?”

Seeing Lin Ran looking at her shoulder in a daze, Ling Sa suddenly turned even redder on her pretty face, smacking Lin Ran’s palm away as she busily put her clothes back on.

“Have you seen enough!”

“I ...”

Lin Ran was speechless, and was busy saying.

“I’m really detoxing for you, who who looked at you!”

“Really did not look? Didn’t look staring so long why!”

Lingsha said with a red face in shame.

“It’s mostly detoxification, look just Just for a moment!” |

Lin Ran said awkwardly, then hurriedly digressed to ask.

“By the way, how did this Sun Hao take a swing at you? Also who are all these people?”

“You don’t know anything and you still dare to go to Wan Ren Ren Mountain?”

Ling Sa was surprised, she thought Lin Ran knew everything.

“Nonsense, you think I want to come, if it weren’t for the Compulsion Pavilion forcing me to, I wouldn’t want to come to this crappy mountain, I’m not interested in any treasures at all!”

Lin Ran said helplessly.

Lin Lin smiled and looked at him, and after a moment of silence spoke.

“Sun Hao is also from the Ghost Doctor Sect, this Ghost Doctor Sect is the minion of the Compulsion Pavilion, this Compulsion Pavilion has poured out its nest, obviously it is determined to get the treasure under this Wan Ren Mountain!”

“What about you? How many people have come from your Plum Blossom Sect?”

Lin Ran asked busily.

“How dare you say you don’t know anything!”

Lin Ran’s face sank as she said in a cold voice.

“That’s all I know, or I only found out when I saw the plum blossom pattern on your face and asked someone else!”

Lin Ran said awkwardly.

“You You pry into me for!”

Lin Ran asked in a low voice as her pretty face flushed.

“Do you need to ask that? He sees that you are pretty and wants to pick you up!”

On the side, Wang Yifeng couldn’t listen any longer and spoke up to interrupt the two.

“I say, you two, what time is it that you still have the heart to flirt? There are people from the Compulsion Pavilion at the bottom of the mountain, our immediate priority is to figure out how to escape!”

“There’s no escape, unless we keep going up the mountain!”

Ling Sa spoke up.

“Keep going up the mountain? We’ve only reached the halfway point of the mountain and we’ve already lost most of our lives, if we continue up there we’ll lose our lives!”

Wang Yifeng said busily.

“You guys don’t understand!”

Ling Sa looked at the two with some difficulty before making up some sort of determination and said.

“The Compulsion Pavilion is not omnipotent, this time besides them and the Ghost Doctor Sect, there are also our Plum Blossom Sect and some gathered scattered forces that have also come, they are only blocking the mountain to ward off those combined scattered forces, like the main forces of our Plum Blossom Sect have actually all gone up the mountain!”

Saying this, Ling Sa looked at the two and bit her lip as she continued.

“Originally I should have captured you, but for the sake of you saving me, I will help you once, you change into my Mei Hua Sect’s clothes, I will take you up the mountain, as long as you join up with our Mei Hua Sect’s main force, the Compulsion Pavilion won’t dare to do anything rashly!”

“Change into your clothes? Sister, you’re joking!”

Lin Ran said speechlessly, the Meihua Sect is all women, these clothes

“To save face, or to live, choose yourselves!”

Lin Ran stood up from the ground with difficulty, and gave the two a glance, then said no more.

....

Ten minutes later, Lin Ran and Wang Yifeng looked at each other awkwardly, as awkward as they could be, while at the side, Ling Sa was already laughing.

“Wang Yifei is it, this is worn inside, why are you passing it outside!”

“And you Lin Ran, these trousers are on backwards!”

“Haha!”

The two Lin Ran’s old faces reddened at hearing this, but there was nothing they could do but to put their clothes back on again as Lin Ran had said.

A few moments later, they finished dressing and set off again under the leadership of Linza.

On the way Lin Ran asked.

“By the way, what exactly were you doing in that crevice last time?”

“I”

Lin Ran sniffed for a moment, then said with a sigh.

“Looking for you guys, it has something to do with the Compulsion Pavilion, to put it mildly!”

“The compulsion pavilion’s Lang Tian and Lang Yue have been plotting against me, last time he took Lang Yue back to the compulsion pavilion and I ran into him midway, so I killed Lang Yue, Lang Tian ran away and I learned from his mouth that it was you two who made him suffer!”

“Plus this time there was a change at Wan Ren Mountain, so I associated it with you guys, so I wanted to come over to find out the truth!”

“We?”

Lin Ran and Wang Yifeng’s hearts sank as they listened, it turned out that Ling Sa had also approached them in the first place because of the Compass Pavilion, except that Lang Tian didn’t seem to have told anyone about the Jade Flute, which was at least still good news.

“By the way, after the rendezvous later, you two must not speak or you will be discovered by the Ghost Doctor Sect!”

Ling Sa suddenly thought of something and opened her mouth to remind.

“Can’t speak? Why?”

Lin Ran wondered, the two of them were dressed like this, and they were still not allowed to speak, this was a bit

Lin Ran looked at the two of them and shook her head.

“You don’t understand the Ghost Doctor Sect, their methods are very many and varied, if you speak you will probably be detected!”

“Alright, if you don’t speak then you don’t speak, anyway, as long as I can live, fat master I’ll admit it!”

Wang Yifeng sighed, right now it was all about surviving, after all, the Compulsion Pavilion was out in full force this time, once they were discovered, it was likely that both of them would have to be finished.

.....

The three of them were talking and rushing, and soon they passed through the misty area, and the rest of the way was much smoother, as Ling Sa said there were no more people from the Compulsion Pavilion.

The three of them were just a few minutes away from the top of the mountain, and under the leadership of Lindsay, they arrived at the top of the mountain without stopping.

When they saw the environment in front of them, Lin Ran and the two of them were both confused.

The top of the mountain, which was originally lined with buildings, was now deserted, with nothing but a huge gaping hole in the middle of the mountain.

And at this moment, around this opening, there were four forces clustered around it, and even the two Lin Ran saw the Sage standing at the very front.
