

Wonder Doctor

Chapter 491

“You!”

Compose Yang was so angry that his face turned blue, and his blood-red robe bristled all over his body.

On the other hand, Qin Qi was smiling smugly.

“Yue Shan, are you satisfied now? Offending such a demonic genius, your Imperial Capital Yue Family is afraid to be completely cold this time!”

“Old man Qin Jie, cut the crap, I have nothing against little brother, besides, I didn’t hit little brother from the beginning to the end, taking money from others to eliminate disasters, how can little brother not understand this?”

Yue Shan laughed coldly, but in his heart he regretted a little, if he had known that Lin Ran was such a demon, he would not have agreed to compel Yang’s condition.

But now it was all over, with the strength Lin Ran was showing now, even if he, Yue Shan, took action himself, he was afraid that he would not have an absolute chance of winning.

Moreover, it was difficult to kill a Feng Shui master with strength similar to his own, and Lin Ran was only a few years old this year.

Even if the Yue family and the Qin family joined forces, they were afraid that they were no longer Lin Ran’s match.

“Elder Yue, what are you waiting for! Join hands with me to kill this son!”

Compose Yang also saw how terrifying Lin Ran was and opened his mouth to shout.

However, Yue Shan would never completely offend Lin Ran for him.

“Senior Yue Shan, as long as you don’t interfere with the matters below, I will pretend that this incident didn’t happen and not pursue it with your Yue family. If you have to help this old bastard, you will be responsible for the consequences!”

Lin Ran said in a cold voice.

Yue Shan’s eyes narrowed slightly at his words, such a naked provocation made him very unhappy, but what could he do if he was unhappy, did he really have to take action for Compulsion Yang?

“Little brother don’t worry, I naturally won’t interfere with the next matter!”

He was not stupid, there was still Qin Ji on the side, even if he wanted to fight, he would not be able to help at all, in the end, if Compulsion Yang lost, then his Yue family would have really offended Lin Ran completely.

“Yue Shan!”

Compose Yang’s heart chilled at his words, and his voice went a few degrees colder.

“Compose Yang, our deal is over here, you need to stop scaring me here, you can solve the rest of the matter yourself!”

Yue Shan returned in a loud voice, then actually flashed directly to the side and watched the fun.

“Sage!”

Lin Ran spoke.

“Understood, take your time and play!”

Qin Jie smiled at his words and followed, also flashing to the side, clearly not prepared to interfere in the rest of the matter.

“Go!”

Granny Plum Blossom and Huang Zheng spoke almost simultaneously, leading their own people to push away dozens of metres and watch from afar, both clearly not prepared to interfere in this matter.

“Good! Good! Do you really think that the old man can’t deal with a hairy boy?”

Compose Yang laughed coldly, followed by his dry palm poking out of his robe and rushing straight towards Lin Ran.

“What? Annoyed and angry?”

Lin Ran smiled blandly at this and instantly met him.

“Angry? You’re too mad, kid!”

Compulsion Yang was furious and used his full strength as soon as he came up, using his moves to kill people.

However, Lin Ran, who had received the pillow book, was not afraid at all. Whether it was strength or speed, he had already been transformed.

“Kid, this old bastard’s strength is not good, but his use of breath has reached the ultimate, it won’t do you any good to spend time with him like this, although you have improved, your use of breath is still inferior to his, so don’t spend time with him, just fight him hard and tire him out!”

In his mind, the pillow said with a smile.

Lin Ran nodded secretly at his words, during the fight with Compose Yang just now, he did feel that the other party’s use of breath was very precise, there was hardly a trace of excess breath being wasted, while he himself was indeed unable to do this nowadays.

“Since that’s the case, let’s have a quick battle!”

With a movement in his heart, Lin Ran directly pulled away and shouted angrily at the compelling Yang in front of him.

“Old man Compulsion Yang, receive three punches from me!”

“Three punches? So what if I receive three hundred punches from you? You still think you can fight against me!”

Compulsion Yang was full of disdain, although he still hadn't been able to gain the upper hand so far, he had full confidence in taking Lin Ran's attack.

“Whether or not I can fight you, we will see after three punches!”

Lin Ran let out a cold voice, and without another word, he drew his bow with both hands, and smashed his right fist into an arrow.

“Carved insects and small skills, give me a break!”

Compose Yang's face was full of disdain as he raised his hand to meet him with the same fist.

“Bang!”

The two fists collided, and a terrifying explosion swept through the four directions, and Compose Yang was shaken and sent flying backwards, while a mouthful of blood spat out.

“How can this be!”

Compulsion Yang wiped the blood from the corner of his mouth, and there was disbelief in his eyes.

From afar, Granny Meihua and Cao Zheng were also dumbfounded. One punch had spat blood out of Compose Yang, a power that even they themselves could not resist.

Sage looked at Yue Shan whose face was ugly and opened his mouth to laugh.

“Old man Yue, is it okay to disobey? Can you beat Compose Yang like this with one punch?”

“Humph!”

Yue Shan snorted coldly at his words and did not answer.

The crowd was in different moods, while Lin Ran did not stop in the slightest, as one punch was followed by a second one.

“Compel Old Man Yang, second punch!”

Lin Ran roared, stepping forward with his feet, his hands joined together and turned into fists as he punched towards Compulsion Yang.

The sound of fist whistling resounded through the sky, turning into two huge lion heads heading straight for Compulsion Yang.

“Bastard!”

The first punch was spitting blood, which made his face hot, as a pavilion master of a power, but suffered a defeat at the hands of a brat, if this matter spread out, he would not have to be a pavilion master.

“Bang!”

Although the latter had tried his best to resist, one of the terrifying fist winds still smashed heavily into his chest.

At once, blood filled the sky and a human figure was thrown into flight.

“This!”

For a moment, everyone was quiet, even Qin Ji and Yue Shan grew their mouths in shock, the second punch had directly beaten Compose Yang like this, so wouldn't the third punch be ....

On the side, Granny Meihua and Cao Zheng obviously both saw the terror of Lin Ran and immediately greeted the crowd.

“Go! Quickly go!”

In a flash, the Plum Blossom Sect and the Scattered Amendment Camp, frantically evacuated.

“Granny, is he going to be alright!”

Ling Sa was worried and asked.

“Silly child, what can happen to him, that old man Compose Yang is lucky if he doesn't die!”

Granny Plum Blossom said without good humour.

The group was just about to withdraw when Lin Ran was already throwing his third punch.

“Old man Compulsion Yang, suffer death!”

With a roar, one could only see Lin Ran's hands together in front of his chest, followed by a straight punch like that.

This punch was bland, even a little funny, but the moment it was thrown, it caused the earth in front of Lin Ran to crack, and the crack was like a lightning bolt heading straight for Compulsion Yang who was on the ground.

“Kid! You forced me to do this!”

Compulsion Yang didn't have time to think about it, and let out a hiss, followed by his entire body actually bursting out in a burst of blood-red light, followed by a terrifying might sweeping through the heavens and the earth, instantly shattering the fist wind that Lin Ran had struck, and then smashing heavily on Lin Ran's body.

“Lin Ran!”

Seeing this, Lin Ran's eyes turned red and she rushed out directly despite her grandmother's obstruction, however, she had just grabbed Lin Ran's sleeve when the two of them were directly swept backwards by the terrifying might, falling directly from the top of the mountain to the bottom of the cliff.

After a long silence, Qin Qi looked at the devastated mountain top with pity in his eyes and whispered to himself.

"I hope you can carry it through, if you can resist even the self-explosion of Compulsion Yang, from then on you will be famous throughout the Feng Shui world!"

Chapter 492

Three days later, in a very shabby tiled house, a woman wearing a shabby cotton jacket was sitting by the bed, while on the shabby bed, there was a youth, wrapped in a shabby cotton jacket and wearing a dogskin hat, looking very unkempt, yet this youth was none other than Lin Ran.

"Hmm?"

There was darkness in front of his eyes, Lin Ran felt his head was dizzy, and at some point he suddenly felt a warm and comfortable feeling in his throat.

This feeling spread quickly and soon spread throughout his body, followed by Lin Ran feeling as if something was pressed against his mouth and a hot stream was entering his body along his mouth.

"Water! Who's feeding me water!"

Lin Ran's head cleared slightly and immediately thought of this possibility.

He gritted his teeth and strained to open his eyes, but there was a blur in front of him and he couldn't see anything.

Gradually, as he adjusted to the light outside, a familiar pretty face immediately reflected in his eyes.

The face was so beautiful that the first time he saw it he couldn't help but look at it a few more times, the delicate features on the cheeks were as if they had been carved out.

And beneath the left eye, a blooming plum blossom embellished the entire face in a playful and beautiful way.

"Ling Sa! How is it her!"

Seeing Ling Sa, Lin Ran couldn't help but be puzzled in his heart, he vaguely remembered the battle between himself and Compulsion Yang that day, at the end of which the old fellow seemed to have exploded himself and he had fallen off the cliff, but how was Ling Sa also here.

The old man's face reddened at the mouth-to-mouth feeding, which was too intimate.

"Fortunately fortunately there is no one else here, if Song Nuan and the girls had seen ....."

The thought of the four girls made Lin Ran shudder, if he was seen I'm afraid he wouldn't be able to jump into the yellow river.

"Hm?"

The first thing you need to do is to get a good idea of what you're doing.

"He seemed to have moved just now!"

Ling Sa murmured, and her pretty face couldn't help but blush a little, then she glanced at Lin Ran a little sheepishly, seeing that his eyes were tightly closed before she sighed in relief and complained.

“You guy, you’ve been unconscious for three days, if you don’t wake up, your body will be rancid!”

Although her mouth was complaining, she followed with a sip of water and continued to feed Lin Ran intimately.

“My sister, I’m not thirsty, so don’t feed me!”

Lin Ran’s heart cried out in agony, at this bloodthirsty age, a big beautiful woman feeding himself water mouth to mouth, this was simply challenging his endurance.

As time passed by, just when Lin Ran was about to resist and was ready to “recoil”, finally, Ling Sa stopped moving and sat up straight in shyness.

“Bastard! If it wasn’t for you, I would have left long ago!”

Lindsay complained, but then wet the towel and gently untied Lin Ran’s torn cotton jacket.

“Hm?”

Feeling a chill on his chest, Lin Ran’s entire body instantly bowed.

“She .... What does she want!”

Lin Ran’s heart that regret, should have known that he should have not closed his eyes just now, at least the embarrassment just now would have been just a moment, but now he was going to finish taking off all his clothes behind Neezi’s back.

“Kid, you’re obviously awake and not opening your eyes, you’re still quite a thief, and you’re in line with Master Shu’s appetite!”

Suddenly, a voice rang out in Lin Ran’s head, it was really the pillow book.

“Shut up, I’ve been looked at and you still have the face to talk!”

Lin Ran was busy returning.

“What’s wrong with looking naked? Don’t I see you kid enjoying yourself? Why else wouldn’t you open your eyes!”

Pillow Book laughed.

“What do you know, opening your eyes would be embarrassing to death, so you might as well play dead!”

Lin Ran said.

Pillow Book laughed at his words.

“Are you sure?”

“You .... What do you mean!”

Lin Ran gave birth to a hint of a bad feeling, always feeling that there was something going on here.

“Nothing means, just want to tell you that you were unconscious for three days, in these three days, she will rub your body every day, as well as check the healing of the bones on one’s body, the first two days are also forgettable you were unconscious after all, but today .....”

The pillow book smiled heatedly and was ready to continue, however it was interrupted by Lin Ran.

“What are you saying? He wiped my body, then wouldn’t my body all be seen by her!”

Lin Ran instantly turned red with anxiety, feeling as if she had no clothes on.

“By definition, yes indeed, but does it matter?”

“What do you mean?”

Lin Ran frowned slightly at his words, feeling as if there was something more to it.

“Today, are you sure you’re not afraid of being seen by her? If this is seen by her, you’re afraid .....”

Pillow laughed, before the words were finished, Lin Ran’s entire face instantly turned green, just now artificially fed water he had long since reached the edge of patience.

At this time if Ling Sa saw .... The key is that this girl is very straightforward and if she saw that scene, I’m afraid her life would be in danger.

The first thing you need to do is to get rid of the problem.

However, despite his quick movements, the moment he opened his eyes, his trousers were pulled down.

At once, the entire room fell silent, and Lin Ran’s eyes looked straight at Ling Sa, while the latter froze in place, staring blankly at .....

Soon after, Ling Sa slowly turned her head to look at Lin Ran, and when she saw that his eyes had opened and were gazing at her, her already flushed pretty face went straight to the base of her neck this time.

“Ah!”

With a scream, Ling Sa’s entire body jumped straight up in shame and slapped Lin Ran’s face, while saying in shame.

“You bastard!”

As she said that, she had already turned around and ran out of the room, leaving Lin Ran lying alone on the bed, sniffing the fragrance of Yi’s palm left on the tip of her nose.

“I’m an asshole? I just woke up and I’m an asshole, I’m a guy, can you blame me for this?”

Lin Ran screamed in his heart, the more he thought about it, the more speechless he became.

He simply didn’t think about it, got up, put his clothes on and followed him out of the bed.

There was nothing in the room but a bed and a table, and it felt rich to describe it as a home.

“Come and tell me what happened at the end of that day!”

Lin Ran asked as he sat on a stool, sipping hot water.

The Pillow Book smiled at his words and said.

“What else could have happened, Compulsion Yang blew himself up, you were shattered by him and broke all your tendons, Lin Ran saw you fall off the cliff and followed you, you ended up falling together, luckily I stepped in and you two didn’t fall to mush!”

“Where’s Wang Yifeng?”

Lin Ran asked busily, he was most worried about the fatty’s safety.

“Don’t worry, that fat bastard is fine, he searched around for you for two days and finally went back too!”

“This fatty has only been looking for me for two days, let’s see how I’ll deal with him when I get back!”

Lin Ran said pretending to be angry.

The pillow book smiled at his words but laughed.

“Just be content, it’s not bad for him to keep looking for you for two days when there’s no shit around here. On the contrary, Lin Ran, this girl obviously has a crush on you, why aren’t you ready to take her in?”

Lin Ran smiled at this and said helplessly with a burst of embarrassment.

“You just don’t add to the mess, there are still four at home that haven’t been taken care of yet, if this brings back another one, I’m afraid tomorrow you’ll have to accompany me to the crematorium, I’m fine, the key is that you’re a book, being burned by the fire is afraid that it will also be finished!”

Chapter 493

“Boy, how can you do that, it’s too much! But it’s to my liking, a harem garden is good good! Promising!”

Pillow Book laughed.

Lin Ran, however, was too lazy to pay him any attention, his whole body was numb after sleeping for three days, so he immediately got up and walked out of the room.

.....

Outside the room, the green hills and water were pleasantly scenic, a large medicinal field thrived against the sunrise, and the fragrance of medicine came to the nose.

“Many people in this village grow medicinal herbs, otherwise you would have been crippled long ago!”

To the side, Ling Sa walked over and said calmly, only this cheeks still penetrated a few red, let people can’t help but look into Fei Fei.

“Thank you for taking care of me these past few days!”

Lin Ran said with a smile.

“No need to thank you, stinking rascal!”

Lin Lin’s pretty face turned red as she put the boiled medicine aside and turned around to leave, Lin Ran saw this and said helplessly.

“Hey, how am I a rogue, it’s obvious that you looked at me naked, it’s me who is at a disadvantage, okay, I haven’t done anything yet, but you’re putting your hat on my head first!”

“You!”

Ling Sa was so angry that her pretty face turned even redder, her eyes looked at Lin Ran with anger, and she said in shame.

“Shame on you, what’s so pretty about you, I’m scared to death of a needle’s eye!”

Saying that, she turned around and was about to leave.

But just then, two figures were running back from afar in a panic, a man and a woman, and the man seemed to be wounded.

Both were dressed in shabby clothes and were obviously villagers from this area. The man seemed to have been injured in the leg and blood was constantly flowing out, while the woman was full of worry.

“They’re Pillar and Xiao Yun, they’re the ones who saved us, go and have a look!”

Ling Sa said from the side, while greeting Lin Ran to go over with her.

“You guys go back inside first, San will be here later!”

Seeing the two coming over, Xiao Yun reminded them instead.

“Who’s Ah San?”

Lin Ran was stunned and a little puzzled.

“He’s the village bully here, you guys should go back first, I’m afraid it will spill over to you later!”

Xiao Yun said worriedly, while quickly finding a few herbs and chewing them in her mouth before preparing to put them on the pillar.

“Wait!”

Lin Ran saw this and spoke up, he only had to take a glance to understand what was wrong with the pillar, while the herbs Xiao Yun was using had almost no effect on the pillar’s injuries.

“What are you doing?”

Ling Sa looked at Lin Ran in confusion.

“People are healing, so don’t interrupt!”

“Have you forgotten, what do I do?”

Lin Ran asked rhetorically with a smile, Ling Sa was stunned at his words, then she remembered that this was the guy who had cured her of the Ghost Doctor Sect’s poison in the past.

“What’s wrong?”

Xiao Yun looked at the two Lin Ran in confusion.

“I’m a doctor, let me take a look!”

Lin Ran laughed, people had saved themselves, so they naturally had to contribute at this point.

“You’re a doctor?”

Xiao Yun was stunned at her words, but her heart was a little drummed, generations of people in their village had grown herbs and knew a lot about medicinal properties, she was confident that she could cure Pillar’s leg injury, she was more or less unsure about letting Lin Ran do it.

“Don’t worry, I’m very good at healing!”

Lin Ran laughed, if he was placed in Tanjiang City himself if he sat down, there would definitely be a mountain of people, but now he was rushing to repay the favor, and the other party was still hesitant, it really made him helpless.

“You .... really okay?”

Xiao Yun still had some hesitation, it wasn’t that she didn’t trust Lin Ran, but the pillar was too important to her, it was her beloved, so she didn’t want to take the risk.

Lin Ran smiled when he saw this.

“Do you think that this leg injury of his is a broken bone?”

“Hm?”

Xiao Yun was stunned at her words and followed with a rhetorical question.

“Don’t you?”

“No!”

Lin Ran laughed and shook his head, but Xiao Yun frowned as he listened, the pillar’s leg was bleeding profusely and even showed white bone in places, what was it if it wasn’t a fracture?

“You may not believe it, but this leg of his is indeed not a fracture, but a misalignment plus bone shock!”

Seeing that Xiao Yun didn’t believe it, Lin Ran wasn’t angry and patiently explained.

“Misalignment plus bone shock?”

Xiao Yun was so confused, she had no idea what Lin Ran was talking about.

“Misalignment is the displacement of tendons and bones, while bone shock is, in layman’s terms, a crack in a bone, which is completely different from a fracture!”

Lin Ran laughed, while squatting down and jamming his hands into the main pillar’s legs, before laughing.

“Pillar, do you like Xiao Yun?”

“Huh?”

The pillar was in pain, and when he heard Lin Ran’s sudden question, he was stunned, followed by a blush.

However, at that moment, Lin Ran violently gave a push, only to hear a “click”, the originally exposed bone actually shrank back directly, while the blood flowing out also stopped.

“Ah!”

Pillar shouted out in pain, but then his shouting stopped abruptly as he realized that his leg actually didn’t hurt anymore.

“Pillar!”

Xiao Yun was startled and hurriedly looked at the pillar, while at the side, Ling Sa even gave Lin Ran a grumbling glare, as if blaming him for messing things up.

But then the pillar followed and spoke up.

“Hey! Ah Yun, my leg doesn’t hurt anymore, it really doesn’t hurt anymore!”

With that, Pillar actually stood up from the ground and tried to take two steps without any problem at all.

“Brother Pillar, your leg!”

Xiao Yun looked so excited that her eyes followed and turned red.

“Don’t get excited, his leg injury hasn’t played completely healed yet, bone shock is also a hidden problem, you can find some alarming herbs to put on him, just rest for three days!”

Lin Ran laughed, he had just come out and seen that there was Stinging Herb in the medicinal field, which was why he had named this herb.

“Thank you, thank you!”

Xiao Yun was busy bowing to Lin Ran, causing Lin Ran to stand up and stop her as well.

“There’s no need for that, you saved both of our lives, it’s only right!”

Xiao Yun smiled through her tears and immediately ran to find some stinging herbs to put on the pillar, the latter also obediently sat on the ground and waited patiently.

Lin Ran gave a few more words of advice, telling Pillar not to do any heavy work recently, so as not to aggravate his bone shock or even break his bones.

But just as he finished his instructions, a voice came from afar, and a figure walked over in a dangling manner.

“Ah Yun, what’s the matter, I heard that the pillar’s leg is broken? Do you want me to contact a doctor in town for you?”

Lin Ran looked up and saw that the visitor was a middle-aged man of about thirty-five years old, with a scruffy beard and clothes that looked as if they hadn't been washed in a long time and were downright disgustingly dirty.

"Ah San what are you doing here!"

Seeing the visitor, Xiao Yun's body visibly trembled and unconsciously hid behind the pillar.

"Ah San, what the hell do you want!"

Pillar looked at San warily, as if he was on guard against the other party.

"Pillar, what do you think I want? Don't you know what I want? How many times have I advised you to stay away from Ah Yun, why don't you listen? This time it's a broken leg, but next time it might be something else!"

Ah San sneered, his eyes full of disdain.

He was the village bully, and in his thirties he still hadn't found a wife. He was too sloppy and had a very bad character, and he did everything to steal chickens and dogs.

However, he has a cousin who owns a Chinese medicine shop in Tanjiang City, and most of the village's herbs are sold to his cousin.

He was the lifeline of the villagers' income, which made a group of villagers dare not speak out, after all, if they offended him, there would be no money to be made, and the journey from here to Tanjiang City was more than ten kilometres, so many people could only choose to hold their breath.

"Brother Pillar's leg, you did that?"

Ah Yun looked at Ah San and questioned with red eyes.

Ah San actually didn't deny it either, smiling disdainfully.

"That's right, I did it. If you continue to follow the boy and make eyes at him, I won't just break his legs, next time I'll cut him off, do you believe me?"

Chapter 494

"How dare you!"

On the other side, Ling Sa could not bear to hear this, walking in the feng shui world she was always thunderous and the most uncomfortable thing was to oppress the weak, not to mention that Xiao Yun and the pillar saved her life, so naturally she could not sit still at this moment.

"You're the one Xiao Yun saved, aren't you? I didn't expect you to be quite pretty!"

San looked at Ling Sa and his eyes immediately went straight, his gaze recklessly sizing up the latter's body, a face as disgusting as it could be.

"If you take one more look, I'll gouge your eyes out!"

Ling Sa's face was icy cold as she angrily said.

“Fuck me! Still a little pepper, Master San I like it!”

San completely ignored Ling Sa and turned his head to laugh at Xiao Yun.

“I say, it’s fine if you don’t want to follow me, give me this ninny and I’ll let you go! How’s that?”

“You! I just saved them, I don’t have the right to make these decisions!”

Xiao Yun was furious, she hadn’t wanted to get the two Lin Ran involved, but now it was all over, San had already turned the tables on Ling Sa.

“And, that’s not for you to worry about!”

Ah San laughed disdainfully and turned his head to look at Ling Sa, laughing.

“I say, big sister, how do you see brother? Picking medicine in the mountains is very hard, right, you see this time is not an accident, or else with brother I forget, brother has plenty of money, eat fragrant drink spicy have you enjoy the blessings of the time, as long as you let brother kiss a little face, hehe ....”

The two of them were obviously treating Lin Ran and Ling Sa as poor people picking medicine in the mountains.

Ling Sa, however, almost didn’t throw up when she heard this, and said in a cold voice.

“Get lost immediately!”

San’s face sank at his words, and his gaze swept around, finally landing on Lin Ran.

“What’s the matter? A master with a lover too? It’s him, isn’t it!”

“What’s it to do with you!”

Lin Ran’s pretty face reddened as she said coldly.

“Yoo-hoo, your face is still red, is this a tacit acceptance?”

Ah San laughed at this.

Lin Ran on the other side was incomparably embarrassed, he was not stupid who could not see that Ling Sa liked him, but his family’s mess was not yet finished, if he provoked one more, then the consequences .....

He couldn’t even think about it.

San glanced at Lin Ran and then said disdainfully.

“I say, pretty girl, you want just this kind of trash too? How dangerous it is to go into the mountains to pick pills, how about following my brother, in the future you won’t need to go out to pick pills, you only need to serve me at home?”

“I said get lost!”

Lindsay’s face turned red with anger, and she had the heart to kill someone.

“Yoo-hoo, you’re still angry! Why can’t you let go of a lover boy? If you don’t say yes today, believe me, I’ll make your lover boy leave the village!”

After all, Xiao Yun was from the village and could not be pushed too hard, but Ling Sa and the two of them had no such worries.

Ling Sa was so angry that she turned her head to look at Lin Ran and said in a cold voice.

“Are you still a man, he even said that about you, and you’re actually indifferent?”

Lin Ran was helpless at the sight of this and said.

“Isn’t it good for you to do it yourself? You have to make me, a man who has recovered from a serious illness, do it!”

A trash like San, Lin Ran really didn’t want to do it, he simply got his hands dirty.

“Do it? With whom? Why do you still want to compete with your Third Master?”

San smiled with a playful face and gave Lin Ran a disdainful glance before his gaze fell on Ling Sa.

“I say, little beauty, your man doesn’t care about you, how about considering following me, Third Master?”

As he spoke, San actually directly stretched out his hand to touch Ling Sa’s face.

“Damn it!”

Ling Sa finally couldn’t bear it anymore, she didn’t want to make trouble, but San had already angered her completely, she just saw her rush to San’s body with an arrow step.

She then slapped him directly across the face, and before he could even react, he flew backwards with a loud “ah”.

The anger on Ling Sa’s face had not yet subsided, so she picked up the scissors she was using to cut the herbs and rushed over to San.

“You .... What are you doing!”

Ah San was as scared as death at this point, half of his face was swollen and he sat on the ground, not daring to move.

“What for? Don’t you like me, but what if I like eunuchs? Do you want to be a eunuch otherwise?”

Ling Sa said as she came to San’s side, and with a whoosh of scissors in her hand, she stabbed San directly between his legs.

“Don’t! Don’t!”

San shouted in fright, but Ling Sa did not stop, only to hear San scream “ah”, and then directly fainted from fear.

“This .....

Xiao Yun and the pillar looked dumbfounded, Ling Sa usually seems quite quiet, but just now .....

"It's alright, she's just this grumpy, don't take it personally!"

Lin Ran laughed beside him again.

The pillar smiled but awkwardly and asked in a low voice.

"Brother .... Brother, this kind of ..... temper, how did you ..... take it down!"

"Er ...."

Lin Ran smelled a moment of embarrassment and then laughed.

"Personality charm doesn't help!"

"What did you say?"

As soon as Lin Ran's words fell, Ling Sa's voice rang out, while a pair of eyes looked straight at him.

"Er .... Nothing, nothing, I said you're so tough!"

Lin Ran hurriedly changed the subject.

However, Ling Sa was so red in the face as she listened, she said in shame.

"Who are you calling pugnacious!"

"I ....."

"I'm pugnacious, I'm pugnacious!"

Lin Ran hurriedly compensated with a smile, it is said that women should not be messed with, this will be a martial arts woman, that is even more can not be messed with ah.

The woman's face was so beautiful that she was able to see the woman's face.

"Get lost! Or I'll make you a real eunuch next time!"

Looking at San, who was still a little confused, Lin Ran shouted coldly.

Ah San was so frightened that he hurriedly got up from the ground and ran out a long way before he let out a sigh of relief and shouted at the two Lin Ran.

"Good you stinking bitch, you wait for me, I won't be called San until I clean you up!"

"You seek death!"

Lin Ran was so angry that she picked up the scissors and was about to strike, scaring Ah San into spreading out and turning around to run.

Lin Ran wanted to laugh as he watched and came forward to laugh.

"Big beauty, it looks like people don't want you to leave, or else consider staying? The scenery here is pretty good too!"

Lindsay smiled instead of being angry at his words and looked at Lin Ran with a raised eyebrow and laughed.

“You can, if you don’t want to leave, I can stay and keep you company, it’s not bad to be a pair of wild lovebirds here!”

“Uh ..... Then forget it, I still have a bunch of messes at home!”

Lin Ran said awkwardly, turned around and went back to the house.

“Coward!”

Looking at Lin Ran’s back as he left, Ling Sa bit her lip and looked discontented.

At this moment, the two of them, Xiao Yun, came over and whispered.

“Sister Ling Sa ..... You ..... You hit San, he .... He won’t let you go!”

Ling Sa smiled disdainfully at his words and said.

“Don’t worry, just that goon of his, I’ll beat him up once he comes!”

“But Sister Ling Sa, he ..... has a lot of men under him There are a lot of people!”

Xiao Yun was still worried.

Ling Sa, however, laughed.

“A lot of people? How many can there be? Don’t worry, your sister Ling Sa isn’t easy to mess with!”

Chapter 495

Ling Sa’s performance made Xiao Yun and Zhu Zi’s hearts a little uneasy. Although the former seemed to be able to fight, after all, this was their village and the two Ling Sa were merely guests.

Even if they could temporarily scare San away from coming to look for trouble, what about when they were gone?

“Yun, don’t be afraid, once we sell this batch of herbs, I’ll take you to the city to find a job and let’s stay away from San!”

Pillar said heartily.

“Mmm!”

Xiao Yun nodded at his words.

Inside the room.

“Xiao Yun is an orphan, she grew up without a father or a mother, it’s a good thing that Pillar has been good to her since she was little, I was reckless in what happened this time!”

Ling Sa looked outside at the two of them and said to herself.

“You still know you are reckless, you fight for a moment, when you leave, Xiao Yun two people will be unlucky!”

Lin Ran gave Ling Sa a blank look.

“You! Who told you to hide behind and not fight as a big man!”

Ling Sa said in defiance.

“Hey! You’re this strong, can’t you use your head to do things? Can you finish fighting someone like San?”

Lin Ran shook his head helplessly, and Ling Sa was momentarily speechless.

“Then what do you think we should do?”

“What can we do? We’ll take one step at a time, San will definitely come again, so we’ll settle this once and for all!”

Lin Ran said indifferently, following which he went to bed to rest.

“Hey, you just woke up and want to sleep again, are you a pig?”

Lin Ran was dissatisfied at this.

“I’m a patient, if you think it’s unfair, come! There’s half a seat over here, sleep together!”

Lin Ran laughed as he patted the bedpan.

“Shame on you!”

Lingya gave Lin Ran a blank look and followed, leaving the room.

Although San had been beaten away, everyone knew that things were far from over.

The next three days passed quite peacefully, and San seemed to have stopped and did not continue to look for trouble, but there was a lot of commotion in the village in the past two days.

It was said that San had helped the villagers to faint a batch of herbs for his cousin’s nephew, but the payment had not been settled on time, causing the villagers to complain.

The village is full of old people and children, who are all counting on the sale of herbs to earn a living.

In the past, the settlement was always made on the same day, but this time it had been delayed for three days.

Xiao Yun is an orphan, not to mention the fact that his family is also not well off, his father died early and his mother brought him up.

After all, no man wants to propose to the woman he likes when he is at his poorest, it would be irresponsible to others.

That morning, Lin Ran packed up his things early, wore the ragged cotton jacket given by the pillar, and left the village with Ling Sa and Xiao Yun.

Because of Xiaoyun's relationship, San would not accept the herbs that the two pillars had given him, so he had no choice but to take the herbs to the city himself to find a buyer, and each time it took two or three days to get there and back.

But today, fortunately, there happened to be someone from the neighbouring village driving a tractor into town, so the four of them hitched a ride.

"Are you leaving when you get to town?"

Lindsay asked in a low voice as she sat by, trying her best to restrain herself, but with a bit of reluctance deep in her eyes.

"It depends, I can go back whenever I am idle, rather you will never go won't your mother-in-law worry?"

Lin Ran said with a smile.

"I am now to them life and death is uncertain, early to go back a day late to go back a day, the difference is not big!"

Lin Ran said, only this face is can't help but redden, this words are a little too straightforward, the implication seems to be saying.

"I can go back or not, it all depends on you!"

Lin Ran embarrassed scratching his head, did not continue, his own peach blossom luck is a bit too flooded, the four women at home are making him tired to deal with, if this is to provoke Ling Sa, afraid of .....

The tractor suddenly stopped, Lin Ran and others turned their heads to look, found that the road in front of the two vans parked, a dozen youths are leaning against the car chatting and smoking, a leisurely posture.

Seeing these people, Xiao Yun and Pillar couldn't help but get nervous.

"Don't be nervous, it's alright!"

Lin Ran patted the two of them and said with a smile, while glancing at each other with Ling Sa, who understood.

"Third Brother! The people are here!"

It was unknown which youth opened his mouth and shouted, followed by the door of one of the vans being opened, followed by San jumping down from the vehicle.

"It's you again!"

Seeing San, Ling Sa's eyes chilled as she jumped straight off the tractor.

"Beauty, we meet again, what's the matter? Is this to go?"

San smoked a cigarette and looked at Ling Sa and laughed, his eyes trending unconsciously back and forth a lot on the latter's body.

Although Ling Sa was also wearing a shabby and swollen cotton jacket, she could not help but have a face that was too beautiful, and for a while, San was burning with desire, and even his little brother, who was looking at the side, was a bit dumbfounded at this moment.

“Ah San, what the hell do you want!”

Pillar and Xiao Yun also jumped down from the car, especially the former looked at Ah San in anger.

“Yo, your leg is better?”

Seeing that Pillar could actually stand up, Ah San looked surprised, followed by turning aside and rushing around to scold his men.

“A bunch of rice buckets, can’t even do a good job with a ruined leg, haven’t you all fucking eaten? Three days for your legs to heal, what’s the use of having you all!”

“Three, we can’t be blamed for this, everyone saw it at the time, that leg was beaten out of the bones, who knew this kid would recover so fast!”

A little brother on the side complained.

San glared at the other party, then turned his head to look at Lin Ran’s group and grinned coldly.

“I’m too lazy to talk nonsense, let’s settle old scores and new ones together today!”

“How do you want to settle it?”

Lin Ran looked at San and asked indifferently.

“It’s simple!”

Ah San cupped his chin and glanced at Lin Ran and Xiao Yun before laughing.

“These two beauties, leave one of them for me and I will pretend that what happened before never happened, otherwise one of you will count today, and if anyone can leave, I, San, am a son of a bitch!”

Lin Ran smiled and Ling Sa looked at each other, and at once both of them laughed.

“What are you laughing at!”

Ah San’s face sank at this and he scolded.

Lin Ran laughed and shook his head, saying helplessly.

“Then today, you son of a bitch, you’re going to do it for real!”

“You’re looking for death!”

San was enraged at his words, and when the youngsters at the side saw this, they each copped a dick and lunged at a few people.

When Lin Lan looked at Lin Ran, she saw that this guy didn’t have the slightest intention of making a move, so she could only draw her own long whip with a flip of her hand and followed to meet him.

“Brother Lin Ran, you quickly ....”

Pillar saw the situation anxiously busy to come over, but Lin Ran but smiled and patted his shoulder, said.

“Pillar, is Xiao Yun the woman you like?”

“Huh?”

Pillar was a little confused at hearing this, but then nodded his head, which made Xiao Yun’s pretty face blush as she looked on.

Lin Ran then said.

“Are you angry that someone else is thinking about your woman?”

“Angry!”

Pillar said angrily, how could he not be angry, but what was the use of being angry, whether it was in terms of power or wealth he was no match for Ah San, otherwise he wouldn’t have been holding back.

Chapter 496

Lin Ran smiled at this and nodded, then said.

“Good! Since you’re angry, then I’ll give you a chance to take revenge today!”

With that, Lin Ran turned his head to look ahead, and the pillar looked over after him in disbelief, but then his entire body froze, his mouth open wide and unable to say a word.

Only to see that in front of him, Lin Ran was standing alone, the long whip in her hand fell to the ground, while a group of San’s men were all on the ground, even San seemed to be lying in front of Lin Ran like a dog eating shit, his face was full of fear.

“This ....”

Both Pillar and Xiao Yun froze, how long had it been? It was only a matter of two sentences, and San’s men were actually all on the ground.

“Sister Ling Sa she ....”

Xiao Yun couldn’t believe that what was happening in front of her eyes was done by Ling Sa.

Lin Ran laughed and said.

“Your Sister Ling Sa looks very gentle, but she’s actually very tough, otherwise I wouldn’t be ....”

“Say what!”

Before Lin Ran could finish his words, he was interrupted by Ling Sa, who turned her head with a cold gaze and glanced at Lin Ran.

“See, I’m not afraid of my wife okay!”

Lin Ran said in a low voice, which immediately made both Pillar and Xiao Yun laugh.

“Alright, back to business, now let’s go and take revenge!”

Lin Ran smiled and greeted Pillar as he came to San's side.

At this moment, San was lying on the ground, his face full of panic, and when he saw Lin Ran and Pillar, his panic was tinged with a bit of anger.

"What do you two want!"

"Nothing, you're thinking of both our women, we still can't retaliate!"

Lin Ran a serious said, a side of the Ling Sa but listened to a pretty face red, what do you mean we two of the woman, he said this is obviously to say that he is his woman ah.

"You .... Watch what you say, I ..... I'm not your woman yet!"

Ling Sa Qiao blushed in embarrassment.

"I know, it's not okay to get over it!"

Lin Ran casually said back.

Ling Sa was so angry at his words that she stomped her foot, gave him a vicious white look and turned back to Xiao Yun.

"You guys .... What the hell do you guys want!"

San looked at Lin Ran and the two of them with both anger and fear, even though they had never seen Lin Ran fight before, he could have probably ruled a tigress like Ling Sa into submission, who would believe that he was not skilled!

Lin Ran looked at San and didn't answer, but raised his hand and slapped him with a slap, before laughing.

"Now do you know what we're going to do?"

"You!"

San was so angry that his cheek, which had been hit by Lin Ran, immediately swelled up.

"Now it's your turn to beat back all the anger you've suffered before!"

Lin Ran smiled at the pillar.

"Me?"

Pillar was stunned at his words, there was worry on his face, he wanted to slap him, but he had always been the one being pressured and beaten by San, at this moment the role suddenly shifted, making him a little hesitant.

"Pillar! What the fuck are you, you dare to hit me too, if you dare to hit down, believe it or not I'll get you killed!"

San cursed angrily, if he was beaten by Pillar today, he would be completely humiliated.

“Don’t forget, they are only outsiders, you and Yun have lived here for generations, they can protect you for a while, but can they protect you for the rest of your life?”

Said San, with a chill in his eyes, threatening.

“If you dare to fight, Laozi will definitely not let you off later!”

“Slap!”

As soon as Ah San’s voice fell, a crisp slap sounded, which caused his head to snap directly to the ground, accounting for a face full of mud.

“And you’ve learnt to threaten people!”

Lin Ran said indifferently, then looked at the pillar.

“Do you believe me?”

“I ...”

The pillar sniffed with some hesitation, and Lin Ran laughed at this.

“Fight if you believe me, I’ll be responsible for anything that happens!”

The pillar didn’t pick up on his words, he just hesitated a little.

“Kid, do you fucking know who I am, my cousin’s nephew is from the city, you’re fucking looking for death!”

Ah San was furious, even if he was beaten by a woman, he was actually being stepped on by Lin Ran at this moment, how could he stand it, when he had molested Ling Sa yesterday, he didn’t even dare to let out a fart.

Lin Ran didn’t pay any attention to San, instead he looked at the pillar and laughed.

“One can be poor, but one cannot be short of ambition, no one is born inferior to others, it all depends on how you live!”

As he said that, Lin Ran raised his hand and “Slap!” This time, San’s whole face was swollen.

“I sympathise with you and Xiao Yun’s fate, but you can’t sympathise with yourselves, this society is cruel, no one will sympathise with you just because, everything still depends on you!”

Lin Ran said, picking up Ah San and slapping him again.

By now, San was already blinded by the blow, spitting blood from his mouth, and his whole body was dazed and confused.

“You’re a man, if you’re not tough enough to stand up in this situation, how can you protect Xiao Yun in the future?”

Lin Ran continued, followed by a kick to San’s chest, the latter spurted out a mouthful of blood, and his whole body flew backwards.

“There are three major grudges one cannot endure: the grudge of killing one’s father, the grudge of insulting one’s mother and the grudge of taking one’s wife! If you can endure all three of them and pretend that nothing has happened, then I can only say that you don’t deserve to be a man!”

As the words fell, Lin Ran picked up the pillar with one hand and solemnly said.

“You can hold back if you don’t have the strength, but you can’t forget, if you forget you really won’t have the possibility of turning over a new leaf!”

With those words, Lin Ran patted the pillar’s chest, turned around and walked back towards the tractor.

Pillar stood still for a long time, then suddenly seemed to understand, and shouted out “Ah”, followed by a madness, and lunged towards San in the distance.

“Pillar, you really dare to do it!”

San scolded through clenched teeth.

The resentment that had been pent up in his heart for years exploded, and he attacked San with his arms and legs.

There was no body technique, and even less discipline. Every punch and kick was the resentment he had squeezed out of his heart.

In just a few moments, San’s head was completely swollen into a pig’s head, and the way he looked at Pillar changed from disdain to fear.

Pillar beat Ah San for nearly ten minutes, and only when he saw the latter lying motionless on the ground did he stop and stand up, and then returned to the tractor in a mute manner.

Lin Ran looked at the pillar and patted the latter’s shoulder and laughed.

“Remember, beating people up is not an end, it’s just a means to an end, you’re no worse than him, so why should you be stepped on by him?”

“I ....”

Pillar didn’t know what to say, he did have a good time beating up, exploding all the resentment in his heart for years, but what could come after? How was he going to face San’s revenge when the two Lin Ran left?

Lin Ran naturally understood the pillar’s worries and laughed.

“Don’t worry, I won’t leave a mess behind, wait until we get to the city and go to his cousin’s nephew’s medicine shop!”

Said Lin Ran, giving the pillar one more look and laughing.

“Remember, either don’t explode or hit him until he’s afraid, hit people hard, hit snakes seven inches, only if you make him afraid will he not dare to bother you in the future!”

Chapter 497

“Hey! It’s not like everyone is like you, knowing how to fight and kill every day!”

Ling Sa gave Lin Ran a white glance and said in dissatisfaction.

Lin Ran also ignored her and smiled at Xiao Yun and the pillar, before greeting them.

“Let’s go, let’s drive!”

With that, he jumped off the tractor, and after greeting the driver, Old Uncle Wang, he got into one of the vans.

San and the others drove both vans without pulling the keys, Xiao Yun and Pillar were a bit hesitant to see this, that was San’s car after all, it seemed a bit inappropriate for them to rob it openly like this.

“What are you afraid of, anyway, he is responsible for the accident he robbed!”

Lindsay advised, following the group of people and getting into the car.

“Hey! You’re still going to rob the car!”

The car was also picked up by him, if it was robbed by Lin Ran then he would be out of luck.

“Watch what you say, it’s called expropriation, go and pick it up from your cousin’s shop later!”

Lin Ran laughed indifferently and then ran off in the van as soon as he stepped on the accelerator.

“Hurry up! Follow him, he’s going to the city!”

Seeing this, Ah San hurriedly got into another car and followed.

It was fine if he got beaten up here, but if Lin Ran was going to his cousin’s nephew’s shop, then this would be fun, that was his cousin’s nephew’s turf anyway.

When he got there, he might be able to get his own back, and even if he couldn’t beat Lin Ran, it would be good to humiliate him... Big deal, he’d give up Ling Sa and wait until he got Xiao Yun in the future!

“Hehehe! I’m simply too damn resourceful!”

The more he thought about it, the more complacent San became in his mind, as if he had already trampled Lin Ran under his feet and wrapped Xiao Yun in his arms to make out with him in general.

“Oops!”

However, he laughed too hard and pulled his swollen face at once, hurting him so much that tears almost didn’t come out of his eyes.

.....

Temperance City, located in the easternmost suburb, that is, the combination of urban and rural areas, a street with a lot of traffic, Lin Ran three people got out of the car.

“This is the place, San’s cousin’s nephew is named Lan Qiang, a foreigner, and he was the one who had been buying medicinal herbs from our village before!”

Pillar said pointing to a storefront room, the shop was not big or even a bit small to say the least, not many customers inside in twos and threes.

“Hmm?”

Suddenly, Lin Ran looked over and saw that the electronic display above the storefront had a sign that read “This shop is for sale, change at any time”.

He had learned on the way here that Pillar had been looking for another buyer recently because he wasn’t satisfied with the purchase price San had given him, which was why he had offended him.

“Looks like it’s not for no reason that we couldn’t get paid in the past two days!”

Lin Ran said to himself in his mind, following the lead and stepping inside.

“Brother Lin Ran!”

Seeing this, Pillar hurriedly opened his mouth and tried to stop him, but he was still a step too late, as Lin Ran had already taken a step inside.

“Let’s go, go in and have a look!”

Lin Ran smiled and reassured the two of them, then followed them in.

There were hardly any customers inside the medicine shop, except for a young man in a black down coat, who was lying on the counter and breathing heavily, and the group of people who entered didn’t even notice.

“Boss!”

Lin Ran went up and patted the youth, yet the youth was unresponsive.

“Hmm?”

Suddenly, Lin Ran saw the youth’s mobile phone sitting on a side table, and with a bland smile immediately picked it up.

“Hey! What are you doing!”

Lin Ran was startled at the sight, thinking that Lin Ran was trying to steal it, the pillar and Xiao Yun at the side were also a little confused, taking someone’s phone without their permission, this was indeed suspicious of stealing.

Lin Ran looked at the three of them and smiled, without saying anything, followed by lighting up the phone screen, seeing that the phone was unlocked, and immediately operated it.

“Hey, if it wasn’t for the fact that his phone was broken, why would he be like this!”

Lin Ran sighed helplessly in his heart and operated the phone for a while, quickly putting it down again.

But no sooner had this phone been put down than the unlucky youth happened to wake up.

“What are you doing! Shaking your head on the phone?”

The youth hurriedly took the phone back and looked at Lin Ran's four people warily.

"You're thinking too much, we're here to sell herbs!"

Lin Ran looked at the youth and laughed.

"Selling herbs? What herbs bring them out and I'll take a look!"

The youth frowned at Lin Ran, unsure of what he was calculating in his mind.

Lin Ran didn't care and gestured for Pillar and Xiao Yun to take out some herbs, before laughing.

"Blood-stopping herbs, as well as ground raw! The grade is very good, give a price!"

The youth smiled and gave Lin Ran a disdainful glance before his eyes fell on the herbs, but the more he looked at them the worse his face became, and finally shook his head even more disdainfully.

"It's of average quality, three dollars a catty at most!"

"Three yuan?"

Hearing this, Xiao Yun and Pillar were both stunned, their faces full of disbelief, they had previously learned about San's purchase price in the village, which was only one yuan.

If they did the math, this guy had made two yuan a catty by selling it back to his cousin's nephew, this was simply a vampire, specializing in screwing the villagers.

"What's wrong with three yuan? You don't want to sell it, get lost!"

The youth was impatient.

"Sell! We ...."

Pillar said hurriedly, the price was definitely way higher than if he had gone to someone else's house!

Only before he could finish his sentence, he was interrupted by Lin Ran on the side.

"Boss, aren't you being too shady, you're only giving three dollars a catty for such a good quality herb?"

"What business is it of yours, the person has agreed to sell it, do you have the right to speak?"

The youth said in a cold voice.

Lin Ran couldn't help but smile at this, and then said.

"Your name is Lan Qiang, right, I think your price is too low, if you can't raise the price forget it!"

Saying that, Lin Ran turned around and was about to leave, when Lan Qiang saw this, he became angry and chided.

"Kid, who the fuck are you? The herbs belong to someone else, it's none of your business if they sell them or not, look at the way you're dressed, you're still cutting the price with me, do you think I'm a man who's short of money?"

Lan Qiang said with a reach, pointing to the down jacket he was wearing.

“See, just this one down jacket three thousand yuan, brand of know you!”

He said Lan Qiang pulled up the sleeves of his coat, revealing a large gold watch on his wrist, proudly said.

“And this one, a branded mechanical watch imported from abroad, thirty thousand dollars a piece! Have you seen it? Bargaining with me, you’re worthy too!”

Lin Ran smiled as he turned his head and looked at Lan Qiang and laughed.

“You’re so rich, and you’re still so deducted from collecting herbs, do you really not know your trade, or are you bullying us for not knowing our trade?”

“You .... You, what are you talking about!”

Lan Qiang’s face turned pale at his words, and his speech stuttered unconsciously.

“I’m talking?”

Lin Ran smiled at his words and pointed to the two herbs on the side and calmly said.

“Stop bleeding grass, purely natural cultivation, although not wild, but the market price is at least ten dollars a catty, even if you are buying price, plus we don’t have a lot of quantity, but the buying price is at least six to seven dollars, you give three dollars, cheat the hell?”

“Ground raw, regional prices vary greatly, but in the case of inland ground raw, the market price is at least fifteen dollars per kilo, the purchase price is at least ten dollars, you give the same three dollars!”

“Are you really stupid, or are you bullying us for not knowing what you’re doing?”

Speaking of this, Lin Ran pointed at Xiao Yun and the pillar on the side and laughed.

“This younger sibling of mine doesn’t know how to do it, do you really think that no one knows how to do it?”

Chapter 498

“You .... What are you talking about! Who .... bullied you guys into not knowing the trade, the herb market is all low lately don’t you know!”

Lan Qiang said with an ugly face, he indeed did not expect Lin Ran to actually know so much about the prices of the herb market.

Especially when he saw the other party’s ragged cotton jacket, he was just a country bumpkin from the poor countryside, how could he look like someone who knew so much about the prices of medicinal herbs?

Just when Lan Qiang was wondering what to do in his mind, suddenly a figure ran in at the door while shouting at himself.

“Cousin nephew! Cousin nephew! Don’t believe him, he’s not from the village!”

“Hmm?”

Lan Qiang looked puzzled and muttered in his mind “Who is this man, why is he calling himself his cousin’s nephew!”

He did have a cousin, but his face would never look like this, although he couldn’t see too clearly when he was running, but at least his cousin’s uncle definitely didn’t look like this.

“They’re all in it together, you can’t trust ..... them.”

San hurriedly ran closer and spoke.

But before these words were finished, a pig’s head-like face stood in front of Lan Qiang, and seeing him the whole person instantly sucked in a breath of cold air, and almost reflexively kicked out.

This kick was so solid that San’s whole body rolled straight out of the shop.

“Holy shit! What the hell! Did the pig become a spirit!”

Lan Qiang couldn’t help but curse.

“Cousin nephew, it’s me! Your cousin uncle!”

Ah San hurriedly got up from the ground and ran over again.

Lan Qiang couldn’t help but take two steps back and carefully looked at Ah San, and was relieved to see that the latter’s face indeed resembled his cousin’s uncle.

“How did you turn out like this? Who beat you up?”

Lan Qiang asked busily.

“It’s him! Cousin nephew, you have to do it for old uncle!”

San said with an aggrieved face.

To the side, Ling Sa couldn’t help but laugh out loud as she watched.

“A handful of years old, asking your cousin nephew to stand up for you, no shame!”

“You!”

Ah San was furious at his words and pointed at Ling Sa and shouted.

“It’s her! That’s the stinking bitch, she’s the one who beat your cousin uncle up like this, yes, yes! And the pillar, and him!”

San then pointed at the pillar again.

Lan Qiang laughed coldly at this.

“What’s the matter, so you’re all in it together, here to smash the venue, right!”

“You’re the only one who needs to smash the venue?”

Lin Ran looked at Lan Qiang and asked with a smile, which caused the latter’s face to suddenly turn ugly.

“You! Good for you, you dare even come to my shop to cause trouble, I think you don’t want to live anymore!”

With that, Lan Qiang lunged at Lin Ran and smashed his fist directly at Lin Ran’s head.

Only this action of Lan Qiang’s was a thunderclap, and just as his fist reached Lin Ran, it was caught by the latter with a slap, and the force coming from his fist immediately made his face green with pain.

“Ouch ouch .... It hurts, let go!”

“Let go? That’s fine, answer me a question first!”

Lin Ran laughed, then pointed at San, who was on the side, and questioned.

“Is there such a thing as you and your cousin uncle working in cahoots to screw over the villagers’ money?”

Xiao Yun and Zhu Zi couldn’t help but get nervous when they heard this, they were both clear in their minds at this point, San was collecting a piece of herbs in the village for a shock, but when he changed hands to his nephew it was three pieces, understanding that he was screwing people over.

But you know that you can’t, you have to get this guy to talk to you personally, so that you can get the goods.

Lan Qiang smiled and looked reluctant as he argued.

“Little brother, although you are good at reaching out, you can’t accuse people unjustly, how can this be called a pit, you are willing and I am not forcing them to sell to me right!”

“Yes! I didn’t force them to sell it to me!”

On the other side, San also said in a hurry.

Pillar smiled and stopped, immediately standing out and pointing at San and scolding him.

“You’re talking nonsense! When the villagers first said they would join together to find a buyer, if you hadn’t said you could get in touch, how could everyone have sold through you!”

“Besides, you swore at first that a dollar was already a high price, but now what? I came out on my own to find a buyer, and you had someone break my leg, and you dare to say it was voluntary!”

Pillar’s words left Ah San speechless, but Lan Qiang spoke up undeterred.

“What has this got to do with you, let go of me or I’ll call the police!”

“Call the police? Then you report it, I’d like to see if the police come to investigate me or you first, such a small shop, I’m afraid there aren’t many real medicinal herbs!”

Lin Ran laughed indifferently, the moment these words were spoken, Lan Qiang’s face instantly changed in fear.

“I don’t understand what you’re saying, you better let go of me quickly, this is my place!”

Lan Qiang said stiffly.

But Lin Ran smiled blandly and let go of Lan Qiang, but the latter had pushed too hard, and as soon as Lin Ran's palm was released, Lan Qiang's whole body rolled backwards towards the door with a loud "flop".

"Kid, get out now, this is my shop!"

Lan Qiang climbed up and stood at the door, shouting.

Lin Ran didn't care, he went to the counter and took out a few herbs from the drawer and placed them on the table.

"Seven out of ten herbs in this pharmacy of yours are fake, I'm really curious as to how this shop of yours has been opened up to now!"

"No need for you to care, hurry up and get out of my house!"

Lan Qiang scolded, fighting was no match for Lin Ran, but the more he dragged on the worse it would be for him, especially if word got out about selling fake herbs, it would be punishable by jail.

"Kid! Didn't you hear me! This is my cousin and nephew's place, if you don't come out, we'll really call the police!"

San also said in a fox-like manner.

Lan Qiang gave him a blank look and said in his heart, "How could he have such a stupid cousin uncle? If they did, they wouldn't know who to arrest."

Seeing that Lin Ran and the others had no intention of coming out, Lan Qiang turned his eyebrows and spoke sarcastically.

"Kid, you're not fucking crazy about being poor, are you? You want to blackmail me!"

"What are you talking about!"

Lan Qiang's face sank at her words, saying that she was blackmailing a group of people for money was simply an insult to her.

"What? Name your purpose? With your poor looks, hogging Laozi's shop and not coming out, what is it if not blackmailing money!"

Lan Qiang said disdainfully, seeing that it worked, and continued.

"You're poor, you've been poor all your life, and you still want to blackmail me, you don't even take a piss and look at yourselves, you're worthy of it!"

Lin Ran smiled at that and raised his head to look at Lan Qiang, laughing.

"We're poor bastards, so what are you? You owe the villagers three days of medicine money and don't pay, are you ready to run away?"

"I have to remind you, defaulting on the villagers' money, this is a serious punishment, if you mess up then you will have to stay in jail for years!"

Lan Qiang's face changed instantly when he heard that, selling fake herbs was not enough, but now he was actually found out by Lin Ran, if this really became a big deal, I'm afraid that going to jail would be light.

"You .... You don't have to talk nonsense, I have all the money ready and will pay out to the villagers today!"

Lan Qiang hurriedly argued.

"O? Is this some money?"

Lin Ran smiled as he picked up an envelope from a side table, which was containing tens of thousands of dollars.

"Right! This is it, you don't have to accuse people wrongly!"

Lan Qiang was busy saying that the money was indeed the villagers' money for medicinal herbs, but it was what he was going to use to run away.

"Ao, in that case, I'll take it for the villagers then, I'll have someone pass it on to the villagers later!"

Lin Ran was not polite and smiled as he handed the money to the pillar, then turned his head to look at Lan Qiang outside and smiled.

"Alright, now you can get lost, this shop is mine!"

Chapter 499

"Lin Ran? You?"

Lindsay was stunned at the words, and Pillar and Xiao Yun similarly ate already, looking at Lin Ran, somewhat baffled.

"Haha!"

Lan Qiang burst out laughing, laughing forward and backward half unable to say a word, after a long time before he stopped laughing and pointed at Lin Ran disdainfully.

"Kid, you're still interested in my property after all... I said you've been kicked in the head by a donkey, my shop has actually become yours, are you stupid or did I hear you wrong!"

"You heard me right, I'm not stupid either, this shop is indeed mine now!"

Lin Ran laughed indifferently.

Lin Ran was puzzled by what she heard and was busy asking.

"Lin Ran, you're not sick, how did this shop become yours? You're robbing someone's private property, it's against the law!"

"Yes brother Lin Ran, although this Lan Qiang uncle and nephew are not something, but you are really doing something like this ...."

Pillar also persuaded.

“Some what? Do you all suspect me of raping people’s property?”

Lin Ran asked with a smile as he looked at the three.

The three didn’t say anything, they just nodded in unison.

“Kid, I’m giving you one last chance to hurry up and get out, otherwise I’ll really call the police, how dare you rob someone’s shop in broad daylight, I think you’re tired of living!”

Lan Qiang laughed.

“Yes, I think he is also tired of living, cousin nephew we will call the police now, I have the phone number of the police station!”

On the side, San hurriedly agreed.

Lan Qiang gave him a blank look at his words and said in a cold voice.

“You need to call the police, who doesn’t know the police number, stay aside!”

If it wasn’t for this cousin uncle of his who was causing trouble everywhere, he wouldn’t have been in so much trouble, the more he thought about it, the angrier he became.

“Kid, are you coming out or not!”

Seeing Lin Ran sitting motionless in his seat, Lan Qiang was annoyed.

“I said, this is my shop, so if you guys have nothing to do, just get out!”

Lin Ran said blandly.

“Don’t you fucking eat your own wine, you really want me to call the police, don’t you!”

Lan Qiang said angrily, then took out his mobile phone and made a gesture to call the police, but just as he took it out, before he could call out, his own mobile phone rang instead.

“You wait!”

Lan Qiang pretended and pointed at Lin Ran and said in a cold voice, before picking up the phone.

“Brother Lin Ran we’d better go, he’s really called the police!”

Pillar was busy persuading, and Xiao Yun on the side was even more anxious as if she was an ant on a hot pot.

She had been in contact with Lin Ran for a long time, but this was the first time she had seen him do something like this, and she always felt that there was something fishy about it.

“Sister Ling Sa, hurry up and persuade him!”

Xiao Yun hurriedly persuaded in a hurry, but Ling Sa waved her hand and said.

“Don’t rush yet, wait and see!”

While the three of them were talking, Lan Qiang's face outside the shop had changed, and when he hung up the phone, his whole face was green.

"Cousin nephew, should we call the police?"

Ah San saw this and was busy coming up to ask.

Lan Qiang gave him a look and raised his hand, "Pa!" He slapped him across the face, causing San to fall to the ground in a dog pile.

"Cousin, you're hitting the wrong person, why are you hitting me? You go and hit him!"

Ah San pointed at Lin Ran inside the shop and said aggressively.

Lan Qiang, however, was so angry that he gnashed his teeth and said angrily.

"What's the point of hitting him, the shop belongs to someone else now!"

"Huh?"

San's head felt dazed at the sound of his words, and it was like a bolt from the blue blasting down on him.

Inside the shop, the three of them, Lin Ran Pillar as well as Xiao Yun, all looked at Lin Ran, dumbfounded.

"Brother Lin Ran, you ...."

Pillar stammered for half a day without uttering a single word, while Ling Sa looked at Lin Ran with a slight frown, how could she not want to get up when this shop had become Lin Ran's.

"Kid! When the hell did you buy my shop!"

Outside the door, Lan Qiang asked angrily.

Lin Ran smiled blandly at his words.

"Right when you were sleeping, I used your phone and bought your shop!"

"You!"

Lan Qiang was on the verge of tears at his words, using his own phone to buy his own shop, and he himself actually had no knowledge of it.

"You just took his phone wouldn't ...."

Ringside also thought of something.

"That's right, that's when!"

Lin Ran laughed, his own mobile phone Wan Ren Shan then destroyed, no way this is why he used Lan Qiang's mobile phone.

And in Tanjiang City, generally when transferring a house shop or something, it would be listed to an agent first, after all, for this kind of big purchase and sale transfer, finding an agent would be reassuring.

It was with Lan Qiang's mobile phone that Lin Ran bought his shop from an agent.

"Do you still have questions now?"

Lin Ran looked at Lan Qiang outside the door and smiled blandly.

"You!"

Lan Qiang was so angry that he gritted his teeth, although he was selling the shop, he definitely didn't want to sell it to Lin Ran, however it was too late for anything now.

"Everything inside this shop is mine now, I'll burn all these fake medicines of yours in a fire later, so if you're alright then hurry up and leave!"

Lin Ran smiled indifferently, then got up and greeted Pillar and Xiao Yun to come over and help, scavenging all the home herbs.

"You! You! What the hell do you want! Buying my shop, what the hell do you want!"

Lan Qiang was very reluctant and stood in the doorway, unwilling to leave.

Lin Ran smiled and gave him a look before laughing.

"No what, tidy up properly and continue selling medicine!"

Saying this Lin Ran quasi turned to Pillar and Xiao Yun and said.

"This shop will be yours from now on, run it properly and take care of your own profits and losses!"

"Huh?"

Although the shop was not big, it was in a good location, and the transfer fee would cost more than 100,000 yuan.

"Don't think too much, I'm just handing it over to you guys to take care of, you can buy herbs from the village and sell them, it's all yours to make money or lose!"

Lin Ran laughed.

"So do we need to pay rent?"

Pillar asked with a smile, he would not refuse such a good thing, even if the rent was higher, it did not matter.

"No need for rent, you saved us both, this is my gift to you!"

Lin Ran laughed, a shop was nothing compared to his own life.

"But this!"

Xiao Yun was a little embarrassed, this was clearly taking a big advantage of Lin Ran.

"Don't hesitate if you guys come, it's a rare occasion for this guy to show his appreciation, so you can take it! Didn't he say, profit and loss is your own responsibility, so you guys have to run it properly!"

Ling Sa said with a smile, she sort of saw that Lin Ran was simply repaying the two of them and solving their worries at the same time.

Xiao Yun and Zhu Zi nodded hastily at his words, this was simply a life-changing shop for them, they could possibly not run it properly there.

“Have you seen enough? If not, you’re welcome to come back tomorrow, but I have to remind you that if you come and cause trouble, I don’t mind calling the police directly, you can talk to them if there’s any problem!”

Lin Ran looked at Lan Qiang and laughed, the latter was so angry that he gritted his teeth, but things had become a foregone conclusion, he simply couldn’t turn it around.

“You have guts! This time I, Lan Qiang, admit it!”

Lan Qiang gritted his teeth, turned around and left the place with San.

Xiao Yun and Pillar looked a little worried, the shop was given to them, but if Lan Qiang came back for trouble later, then they ....

Lin Ran understood the two’s worries, but this was the best arrangement he could give.

#### Chapter 500

As the saying goes, it is better to teach someone to fish than to give them a chance to fish. Lin Ran does have money, but repaying kindness is not something that can be measured in money, especially for Xiao Yun and Zhu Zi.

Giving them money was better than giving them a chance. The former could only solve their temporary problems, while the latter could solve their lifelong problems.

“If you want to stand firm in this cruel society, you will always have to rely on yourselves, others can only pull you up for the time being, but what you can develop into in the end is still up to you!”

Lin Ran looked at the two of them and laughed, before pointing to the police phone on the side and saying.

“If Lan Qiang comes to cause trouble, call the police! As for San, without his Lan Qiang’s support, their rabble should also scatter!”

“Brother Lin Ran! Thanks!”

Pillar was very excited and bowed deeply at Lin Ran, Xiao Yun also wanted to salute, but was stopped by Lin Ran.

“Alright, gather your emotions and go and burn all these fake herbs, remember you can’t sell fake herbs in the future no matter how difficult it is, it harms people and yourself!”

Lin Ran laughed.

Pillar and Xiao Yun nodded solemnly and followed, then carried all the herbs to the back warehouse and set them on fire.

“Hey! I didn’t realize you were so smart before.”

Ling Sa looked at Lin Ran and laughed.

“I didn’t notice it before, that’s because you didn’t see it for yourself, this time, didn’t you handle the matter well?”

Lin Ran laughed.

“Well it was alright!”

Lin Ran also that did agree with Lin Ran for once.

“Is there a reward for that?”

Lin Ran turned his words around and asked with a smile as he approached Ling Sa.

“A reward? What kind of reward do you want?”

Ling Sa’s pretty face flushed and she said somewhat shyly.

“Have a go?”

Lin Ran pointed to his cheek and laughed, the meaning of which was more than obvious.

“You!”

Ling Sa’s pretty face turned even redder, but after a moment’s contemplation, she looked around and saw that Pillar and Xiao Yun were both in the warehouse and hadn’t come out, so she immediately rushed to give Lin Ran a kiss on the cheek.

He was just joking, but he didn’t think Lin Ran would actually kiss him.

“What’s that look on your face!”

Seeing that Lin Ran was not surprised, but shocked instead, Ling Sa was immediately displeased.

“No... No, beautiful .... Beauty, I was just joking, why are you really kissing!”

Lin Ran had a bitter face, helpless.

“Lin Ran!”

Lin Ran’s pretty face turned red with anger and shame.

“Do you know how many people in the Feng Shui world are thinking of me? And you’re still not happy about it, you’re a bastard!”

With that, Ling Sa drew out her whip and was about to strike, scaring Lin Ran into shouting hurriedly.

“Pillar Xiao Yun, you guys clean up the shop first, I’ll be back later!”

“You still have the heart to mind other people, stop right there!”

Lin Ran wrestled her whip and immediately followed her out.

Only to hear Lin Ran shouting from the front.

“Big beauty Ling, don’t use the whip in broad daylight, others will misunderstand!”

“Misunderstanding? Misunderstand what? Don’t you interrupt me!”

Ling shouted as she gave chase.

The two had just rushed out of the shop not too far away when the lively crowd exploded, a crowd of passers-by all stopped to watch, and a few of the youths even shouted out with laughter.

“Pretty girl, you want to use a whip in broad daylight, can’t you put up with it!”

“Tolerate? Why should I put up with it? I’d be willing to be whipped to death for being so pretty!”

“Fie, you look like that, if you are happy, the beauty is not happy!”

“Yeah, yeah, yeah, yeah, yeah, yeah. The kind that’s so good!”

“.....”

The more Ling Sa heard the more her pretty face turned red, she was so angry that she put away her whip and pointed at Lin Ran in front of her and shouted.

“Lin Ran you son of a bitch!”

“Hey! What’s it to do with me, I told you not to use the whip, you’re the one who didn’t listen!”

Lin Ran had an innocent face, chasing someone with a whip for fun in broad daylight, or a man, could this not be misunderstood.

.....

The farce lasted for a full ten minutes, when Lin Ran ran into a large shopping mall, Ling Sa this only stopped not to Lin Ran reckoning.

The two of them are wearing raggedy cotton jackets, and in this kind of large shopping mall, they are really a bit too solid.

“I say, why don’t we go and buy some clothes? These clothes are too conspicuous!”

Lin Ran said awkwardly, but Ling Sa smiled and refused outright.

“What clothes to buy, I don’t want to wear these clothes, when I return to the Plum Blossom Sect I will naturally have our sect’s clothes!”

“Then you can’t go back to the Plum Blossom Sect wearing this ragged cotton jacket, maybe your Plum Blossom Granny will still think you’ve come back from begging for food!”

Lin Ran said awkwardly.

“It’s none of your business, buy something or not, if not, hurry up and get out!”

Lin Ran said angrily.

Not buying clothes wasn't really because she minded, it was mainly because she was afraid, wearing these clothes she could at least comfort herself that it wasn't time to leave.

But if she changed her clothes, there would be no way she could be lying to herself.

Seeing that Lin Ran didn't say anything, Ling Sa was quiet at once, and after a moment she spoke.

"Are you going to leave?"

When Lin Ran heard this, he was also silent, he understood what Ling Sa had in mind for him, but could he really still be accepting Ling Sa?

"I don't know!"

Lin Ran shook his head, he really did not know, but in fact, both of them knew clearly in their hearts, both just did not let this separation come so early, wearing a ragged cotton jacket, it seems to have always been the time of the two in the small village.

But once they change their clothes, it seems that both of them have to return to their own lives, Lin Ran is not considered a Feng Shui circle after all, wanting to have interactions with Ling Sa in, difficult.

"You didn't die this time, almost no one in the entire Central Plains is your opponent, even those few families in the Imperial Capital will treat you as a guest, do you really not want to enter the Feng Shui circle?"

Lin Ran asked in a soft voice.

Lin Ran smiled bitterly at his words and said.

"I don't want to enter the Feng Shui Realm, but since the day I learned Feng Shui, I've already had half a foot in it, haven't I!"

Lin Ran said, smiling and digressing from the topic.

"Come on, let's go buy a phone, my phone's broken!"

"Hmm! Then I'll buy one too!"

Ling Sa laughed, she had never had a mobile phone before, after all, she couldn't even use something like that within the sect, but this time she decided to buy one too, not for any other reason, at least it would be convenient to contact Lin Ran.

Both of them had a tacit understanding and didn't mention anything more about when they were going to leave, and together, wearing their torn cotton jackets, they walked towards the electronics area amidst the strange gazes of a bunch of people around them.

.....

The two stinky beggars seem to be coming over, you go and receive them!

The company's main business is to provide a wide range of products and services to the market.

"Why don't you receive it yourself?"

Xiao Liu was irritated, instructing him that it was his colleague, known as the big wave of the mobile phone sales world, Liu Yan.

“And you’ve learnt to talk back, have you?”

Liu Yan’s face sank at his words, unconsciously straightening his back, and Xiao Liu was embarrassed.

“I’ll just go!”

Xiao Liu helplessly responded, there was no way, although Liu Yan came to work here later than himself, but who let her body is good, and can play tricks, charm their boss around, where he dare to offend.

“Hey, effort is no match for two taels of meat, how sad!”

Xiao Liu sighed helplessly, then adjusted his mood to reveal a smiling face and greeted the two towards Lin Ran.
