

Wonder Doctor

Chapter 501

“Boss, what a nice looking phone here!”

Lindsay asked with a smile as she stepped forward first.

“No, no, don’t call me boss, I’m just a salesman, just call me Xiao Liu!”

Xiao Liu laughed, although he was only a salesman, he was still very dedicated to his job.

On the side, although Liu Yan did not care to receive the two, she could not help but take an extra look.

It was fine if she didn’t look, but after this glance, she was immediately upset. Although Ling Sa and Lin Ran were wearing ragged cotton jackets that were very eye-catching, and they didn’t look like they could afford to buy any good mobile phones.

But the faces of these two people made Liu Yan’s heart jealous.

Although they were wearing a ragged cotton jacket, they could not help but have a pretty face, and they were able to wear the ragged cotton jacket with a sense of fashion.

That is shy, want to look but dare not look at the expression, this kind of expression Xiao Liu never in the look at their own flow out.

“Humph! What’s the use of looking so pretty, isn’t she still a poor man, a complete poor loser!”

Liu Yan was indignant in her heart and stood aside doing nothing, just quietly watching.

“I’d like to see, what’s the use of Zhang being so pretty!”

.....

“Little Liu, introduce your phone here, it’s good to use it!”

Lin Ran said with a smile, a side of the Ling Sa heard but busy said.

“No way! It doesn’t just have to look good, it better be a couple model!”

“Uh”

Lin Ran smiled and scratched his head awkwardly, not bothering to retort, he laughed and did not say anything.

Xiao Liu understood and nodded his head with a smile.

“You guys look at this one, the latest smartphone from China, the couple dual colour is very hot, and it’s not expensive, two thousand dollars a piece!”

“Not bad, not ugly either!”

Ling Sa took out her phone and flipped through it, she just wanted to ask Lin Ran’s opinion, but before she could say anything, Liu Yan on the side was shady and said.

“Little Liu, how do you receive the guests, do not look at the sales ability of the guests to sell the products? No wonder it’s always been sales, can’t mention the shop manager!”

Said, Liu Yan also walked over, eyes full of disdain.

“Liu Yan, you are the one who did not receive me to let me come, do you also have to care what products I sell?”

Xiao Liu was very upset, usually Liu Yan on the basis of being a red person in front of the boss did not show off, at this time he was working did not expect, this guy actually came out to cause trouble again.

“Whatever, don’t forget my relationship with Brother Guo, maybe this shop will be mine in the future!”

Liu Yan said proudly, followed by taking out two more mobile phones from a side cabinet, they were the cheapest kind of elderly phones, not to mention internet access, I’m afraid they didn’t even have media functions.

“How many times have I told you to market your products to each customer’s class, and how many times have I told you to market your products to each customer’s class? No money to buy will only make customers embarrassed understand!”

Liu Yan spoke in a righteous manner, as if she was really educating her own shop assistants, but Lin Ran and Ling Sa were listening with sunken faces, especially the latter with a cold look in her eyes.

“Is it necessary to teach your business lessons in front of your customers if you want to do so?”

Xiao Liu also noticed that the two Lin Ran’s faces had changed and glared at Liu Yan as he hurriedly smiled at the two Lin Ran.

“You two are sorry, she didn’t mean that, do you think you can accept the price of this phone?”

“What doesn’t mean that, I do mean that!”

Liu Yan pulled Xiao Liu to the back, and then looked at Lin Ran and the two of them and said in a good mood.

“That phone two thousand a piece, two is four thousand, you can’t afford it, or look at this one, one hundred and ninety-eight a piece, and exactly the same, attached to the requirements of your couple’s machine!”

Liu Yan said with a face full of smugness, her heart was even more secretly laughing.

“So what if you have a good-looking face, not still a loser, buy a mobile phone can only buy an elderly machine, simply laughing at people!”

“You see”

Ling Sa was furious and was just about to explode when Lin Ran stopped her, then smiled at Xiao Liu at the side.

“The phone you recommended doesn’t quite match my aesthetic, let’s take another look!”

Liu Yan smiled at Xiao Liu at once.

“See, what did I say!”

“You!”

Ling Sa was furious, and when she saw Liu Yan’s dejected look, she couldn’t help but want to go up and slap the other party twice.

“We’re looking at it!”

Lin Ran stopped Ling Sa and said with a smile.

Seeing this guy’s kind smile, the anger in Ling Sa’s heart subsided, and she immediately followed Lin Ran towards the other side.

The counters of the mobile phone shop were divided into a commoner’s section, a mid-range section and a high-end section. Lin Ran and the two of them had started out in the mid-range section, but at this moment, they walked straight towards the high-end section.

“Two, how about this one? This is the most fashionable model for couples this year, it’s absolutely beautiful!”

Xiao Liu also rushed over, it wasn’t easy to come across a customer and he didn’t want to let go of every customer.

“This is a nice phone, I like it!”

Holding the latest model of the phone, Ling Sa liked it very much, Lin Ran also felt it was okay after looking at it.

But just then, Liu Yan was the one who came over again and looked at the two of them and showed a smile.

“I say two people, do you know how much this phone costs a piece? Eight thousand eight hundred a piece, two of them is more than seventeen thousand dollars, can you afford it?”

Just now Lin Ran and Ling Sa ignored themselves and walked away directly, which made her heart very upset, so she naturally had to taunt them when she had the chance.

“Does it matter to you whether we can afford it or not?”

Ling Sa finally couldn’t stand it anymore and disliked her directly.

“Of course it has something to do with it, this shop is mine, how come it doesn’t have anything to do with me?”

Liu Yan said smugly, but Lin Ran laughed at his words.

“Yours? If I heard correctly just now, this shop should be called Guo’s, where did you come from?”

“You!”

Liu Yan was furious at his words and immediately scolded.

“I’m Guo’s girlfriend, this shop will be mine sooner or later!”

“Ao? Girlfriend? That’s not even a license yet, it’s too early to say that!”

Lin Ran smiled lightly, then rushed to Xiao Liu and said.

“Alright, load up the phones, I’ll take these two!”

“Huh?”

Xiao Liu was obviously stunned at his words, he actually thought that Lin Ran and the two of them couldn’t afford it, but he still introduced it with a smile, not expecting that at this moment the latter actually wanted to buy it.

Although his heart was apprehensive, Xiao Liu still did as he was told, Liu Yan on the side was upset at the situation and secretly said.

“Keep pretending, I’d like to see what you take for payment!”

“Two, a total of seventeen thousand sixteen, you see is”

Soon Xiao Liu came back with his mobile phone, Lin Ran smiled at his words, immediately took out his mobile phone, put his own mobile phone card into it, followed by a flurry of operations.

“Okay, the money has been transferred!”

Xiao Liu smiled and hurriedly ran to the finance to ask, and indeed he received the money.

Lin Ran took the phone and looked at Liu Yan who wanted to laugh at the side.

“Do you think I can afford it?”

“You!”

Liu Yan’s face turned blue with anger at this, while Lin Ran looked amused and also took one of the mobile phones and laughed at Liu Yan.

“Do you see that I can afford it?”

“You guys!”

Liu Yan gritted her teeth in anger, and her furious look immediately made Lin Ran and Ling Sa both laugh out loud.

“Bastard! What’s wrong with pretending to be poor when you’re obviously rich!”

Looking at the back of Lin Ran and the two of them leaving, Liu Yan was simply furious and immediately took out her mobile phone and called her brother Guo.

Chapter502

On the phone, Brother Guo listened to Liu Yan’s complaint which was even spiteful and discontented, and said with a smile.

“Alright, alright baby, what’s there to be angry about with a thuggish dirtbag, in the evening Lillian Metropolis, Brother Guo treats you to dinner and a night’s stay by the way!”

“Huh? Yes, yes, yes!”

Liu Yan sniffed and twisted her body happily.

“Then you come over early, brother I bought you two more sets of new clothes, try them on tonight! Hehehe!”

Guo laughed on the phone, only this laugh contained deep meaning.

“Aiya Brother Guo, you’re bad, you tore all the clothes last time!”

Liu Yan said shyly.

“Don’t worry, there’s no need to tear this time, there was already a hole, hehehe!”

Guo laughed.

“Brother Guo you’re bad!”

Liu Yan heard the red face, hurriedly hung up the phone, looked in the mirror instantly and left the mall.

.....

On the way back to the pharmacy after leaving the mall, Lin Ran’s mobile phone kept ringing, taking it out to see that most of them were missed calls and text messages from Wang Yifeng and the four women.

It was obvious that they had been very worried about him during the past few days since he disappeared.

However, at this time Lin Ran could not go back for a while, and there was still a Ling Sa beside him, so it was not really convenient to inform the people, so he had to suppress it for now and prepare to return tomorrow.

After all, if you tell them now that you are fine, this group of ninnyes and Wang Yifeng will definitely rush over immediately, and when the four girls and Ling Sa meet, I’m afraid

“Huh! I don’t dare to think about it!”

With a bitter smile on his face, Lin Ran immediately put his phone away and took Ling Sa back to the medicine shop.

Inside the shop, Pillar and Xiao Yun had been busy for most of the day, and almost all of the fake medicinal materials that should be cleaned up had been cleaned up, and they had even replaced some of the bad display furnishings.

“Brother Lin Ran you’re back, Xiao Yun and I have discussed it and are going to change the shop’s signboard!”

Pillar came forward and laughed.

“Look guys, the shop is yours now, so get it done whenever you feel the need to!”

Lin Ran smiled and nodded, then greeted.

“It’s getting late, you guys pack up, tonight I’m treating us to a meal!”

“A meal? But”

Pillar and Xiao Yun were both stunned at the words, it was already seven in the afternoon, they still wanted to go back to the village overnight, but now Lin Ran was

“Don’t hesitate, going back to the village will take two to three hours even if you hire a car, let’s stay here for the night and go back in the morning!”

The two of them had to walk back at night, and he was really unsure.

Lan Qiang was not enough to worry about, but San still had some men after all, and it would take some time for these men of his to disintegrate, so recently Pillar and Xiao Yun still had to be careful.

“Alright then!”

Seeing that Lin Ran was so well thought out, Pillar and Xiao Yun did not push back, and immediately closed the shop and set off after Lin Ran.

“Where are we going to eat?”

When it comes to food, Lin Ran is just as defenseless as any ordinary teenage girl and is a total foodie.

“Lili Urban, I think, I saw it at the mall just now, it seems to be a newly opened hotel!”

Lin Ran laughed, in fact none of this mattered, what mattered was that he saw this Lili Metropolis hotel, it was owned by the Luo family, he had the Luo family’s Supreme Diamond Card, he didn’t need it for nothing.

The Lillian Metropolis hotel is not far from the shop, a group of people joking and laughing, soon arrived at the entrance of the hotel, at this time the sky has darkened, under the leadership of Lin Ran, the four people towards the hotel then walked over.

“Brother Lin Ran, we are dressed like this”

On the side, Xiao Yun said with some self-abasement.

She didn’t feel anything, but the closer she got to the hotel, the more she saw that the people coming in and out were all dressed in suits and decent clothes, while looking at the four of them, they had a ragged cotton jacket on their hands, so the gap was really big.

“Don’t worry.”

Lin Ran smiled lightly, still walking on his own.

“Four of you, we need to wear formal clothes to enter here!”

As expected, when the four arrived at the entrance of the hotel, they were immediately stopped by the security guards.

“Brother Lin Ran, why don’t we change to another place!”

Pillar was also a bit embarrassed, this hotel was frighteningly high, it looked like a place where rich people came, he and Xiao Yun had only seen it from afar before, how could they dare to think that they could come here for dinner one day.

“Don’t worry, this kid dares to bring us here, so he must have a way!”

Lin Ran was calm to a fault, as a disciple of the younger section of the Mei Hua Sect, she had still seen a lot of the world.

Lin Ran glanced at the security guard, a smile tackled his face and was about to take out his Supreme Diamond Card, but just then a disdainful voice came from the side.

“Holy shit! Who is it? What are you doing? You’re asking for a meal here, don’t you even care about the hotel!”

Lin Ran and Ling Sa’s faces sank at the words, while Pillar and Xiao Yun were a little embarrassed. The four of them looked up and realised that the speaker was a fat youth with a greasy face.

The youth was holding a briefcase and seemed to be a small boss.

“Sir, we are a hotel here, as long as the guests can’t be rushed!”

The security guard said with a slight apology.

“Guests? How can they be guests with that look? Are you fucking kidding me!”

The youth gave Lin Ran and the others an impatient look before saying.

“Get out of my way, don’t block my way, I can’t even come across beggars in a four-star hotel, it’s fucking bad luck!”

Said the youth, directly squeezing Lin Ran out of the way and striding in.

“You!”

Ling Sa looked furious, but was stopped by Lin Ran on the side.

“Brother Lin Ran, otherwise we’d better”

Pillar and Xiaoyun were a little embarrassed, both a little reluctant to go in, the feeling of being looked down upon also made them feel bad inside.

“It’s alright!”

Lin Ran smiled at the two, then took out a card and handed it to the security guard.

“Go and find your manager!”

“Manager?”

The security guard was stunned and took the card and glanced at it, not really understanding it, but did as he was told.

The hotel had just opened and none of their training had caught up yet, so the crowd was careful, afraid of offending certain big guests, even the security guards.

“What kind of card is that?”

Ling Sa asked when she saw it.

“A membership card!”

Lin Ran laughed, not explaining much.

The security guard quickly ran back, but when he returned, he was accompanied by a beautiful woman, who was dressed in a very competent uniform, with four words “Lobby Manager” written on the work badge on her chest.

“You’ve got a lot of face, the lobby manager is here!”

Ling Sa could not help but laugh at the situation, but the pillar behind her and Xiao Yun were already confused, how could they have alerted the lobby manager, could it be that the guy just now knew the lobby manager here? Did he come to kick the four of them out?

As they were thinking, the lobby manager had already arrived and handed back the card respectfully with both hands, while smiling and saying.

“Welcome Mr. Lin to our shop, I am Sasha, the lobby manager, please come in!”

“Mr. Lin?”

Ling Sa and Pillar Xiao Yun were all stunned, especially Pillar and Xiao Yun, whose jaws dropped as they looked on.

The fat young man, who had just entered the hotel, also looked over curiously when he heard this address, but when he saw that the lobby manager was actually speaking to Lin Ran, his entire body was immediately confused.

“Let’s go!”

Lin Ran turned around and smiled, before taking the lead and walking in.

“Welcome Mr. Lin!”

As soon as the four of them entered the hotel, a neat voice rang out from inside, startling the three of them, and only then did they notice.

Inside the hotel, the security guards and waiters as a whole stood on both sides, all of them respectfully bending down in welcome at this moment.

At this moment, the fat young man’s entire body froze in place, and the briefcase in his hand fell to the ground, looking at Lin Ran and stammering for half a day without uttering a word.

Lin Ran pathway beside the fat youth, blandly glanced at him, then smiled, and then walked straight past.

“He Him! How is this possible!”

The fat youth was puzzled, how could the lobby manager of a four-star hotel be so respectful to a man wearing a ragged cotton jacket?

Chapter 503

“Beautiful manager, there’s no need for this platitude, find us a seat in the lobby and get two more rooms by the way!”

Lin Ran said with a smile.

Sasha nodded at his words and followed and made the arrangements.

At this moment, many people in the hotel noticed this scene, especially when they saw Lin Ran’s four people’s clothes and the specifications of the reception, they were all stunned, followed by a round of whispers.

What kind of identities did they have to be to come in dressed like this, and with such a welcoming scene.

Although they were puzzled, they all knew that those who could make a four-star hotel welcome them like this must be of a very different status, and even with the heritage, they did not dare to have the slightest doubt.

The four of them were arranged in a very quiet location with very good surroundings, Lin Ran ordered some random dishes and then chatted with the four of them.

.....

A few moments later, at the entrance of the hotel, a young man in a leather jacket strutted in with four or five of his men, not even looking at the security guards at the entrance, and entered the hotel and shouted directly.

“Sasha, your brother Li, I’m here to support you again, why don’t you come quickly to keep me company!”

The lobby manager, Shasha, sniffed and ran over, chiding in a low voice.

“Li Qiang, why are you here to cause trouble again, I’m at work!”

“Messing up? Who’s causing trouble? Your brother Li, I’m here to support the show, still the same old rules, the same old position, I’m waiting for you!”

Li Qiang laughed and raised his hand and picked Sasha on the chin, followed by turning around and looking for a seat.

“Wait, you can’t do that today, change your seat!”

Sasha was busy saying, although Li Qiang was annoying, this guy was not bad in nature, and he seemed to have some kind of relationship with the hotel executives, so she did not dare to offend easily.

“Why?”

Li Qiang smiled and frowned slightly, he had been here several times, all in the same location, not because of anything else just because that location was comfortable, but this time

“There is a valuable customer in the shop today, it is near there, you don’t go to make trouble, other places are at your disposal!”

Sasha solemnly said.

Li Qiang saw this not only frowned slightly, can make Sasha are so nervous about the valuable customer, is it Luo brother came? It shouldn’t be, Brother Luo would definitely greet himself if he came, there was no way he would come without a notice.

“You don’t have to scare me, I’d like to go and see what kind of valuable guest it is!”

Curiosity got the better of him and Li Qiang casually replied back, following the lead and walking over.

“Hey! Don’t you do that!”

Sasha saw this and hurriedly followed, afraid that this guy would make some kind of mess.

The hotel lobby was divided into four areas, namely the fast food area, the rest area, the meeting area and the best VIP area.

Due to Li Qiang’s obscure relationship with the hotel executives, he was directly in the VIP area every time he came, while usually there was hardly anything but him that could be placed here, mostly in the conference area.

As for the fast food area and the rest area, they were for receiving ordinary guests, and for guests to go in and out to rest respectively.

Li Qiang walked to the VIP area and saw a table of guests inside at a glance, but then he wondered.

Why were all the guests at this table dressed like this? When did Luo’s hotel become so dowdy, treating four country bumpkins in rags as VIPs?

“Shasha, you’re not making fun of your brother Li, are you!”

Li Qiang turned his head to look at Shasha and asked with a frown.

“I don’t have time to make fun of you, you’d better not mess with it, sit somewhere else!”

Sasha said in no good humour.

Li Qiang was very upset at his words and gave Sasha a look, following which he actually went straight to the seat next to him and did it straight away.

The four of them were eating and chatting, and they didn’t even notice Li Qiang next to them.

Sasha wanted to go up and persuade Li Qiang to leave, but at that moment there was another large group of customers at the door, and the reception was really too busy for her, so she had no choice but to leave and go to work.

Li Qiang sat in his seat, a few of his junior brothers beside him were just standing there, he didn't bother, his eyes looked straight at Lin Ran four people, this is the more he looked at the more he felt puzzled.

"These four guys, shouldn't they really be a dirt-cheap mob, right?"

Thinking in his mind, Li Qiang couldn't help but get up to ask, but at this moment, a waiter happened to walk by, Li Qiang didn't pay attention and the two immediately collided with each other.

The red wine the waiter was carrying immediately spilled all over him.

"Fuck! Don't you have any eyes?"

Li Qiang was so angry that he pulled the waiter over and lifted his hand to slap him, which immediately made his cheeks red.

When Lin Ran and the others heard the commotion, they all turned their heads to look, but when they saw the waiter, Lin Ran and Ling Sa could not help but be stunned.

"Little Liu? How could it be him?"

Ling Sa wondered, this waiter that was none other than Xiao Liu who was selling mobile phones in the mobile phone shop this afternoon, which surprised her greatly.

Lin Ran also frowned, but at this moment, Li Qiang was not relieved, followed by another slap, which was about to land on Xiao Liu's face.

"Stop it!"

Suddenly, a reprimand came, followed by a chopstick that hit Li Qiang directly on the back of his hand with a "whoosh".

"You... You guys!"

Xiao Liu turned his head and saw the two Lin Ran, he couldn't help but be taken aback as well, while there was hope in his eyes that he might not have to be beaten up today.

"Come here!"

Lin Ran said directly, Xiao Liu hesitated for a moment at his words, then still ran to Lin Ran's side.

"You're the one who was told to leave!"

Li Qiang returned to his senses and gave Lin Ran an icy look, his face very unkind.

"How can you just hit someone!"

On the side, Lin Ran couldn't take it anymore and got up to question.

"Hey! Who the hell are you to dare talk to Brother Li like that!"

The little brother beside Li Qiang stood out and retorted.

"All right, all right!"

Li Qiang waved his hand and interrupted his junior brother, before looking at Lin Ran and laughing.

“Brother, is this to stand up for him?”

“Sort of.”

Lin Ran smiled and said blandly.

“Do you know who I am?”

Li Qiang wasn't angry and looked at Lin Ran and smiled blandly.

“I don't know!”

Lin Ran remained bashful.

“Good, then I'll tell you!”

Li Qiang smiled as he picked up a cup of tea from the table, before dipping his finger and following it to draw a circle on the table, before dotting a point in the middle.

“This point is where you are now, and all within this circle is my territory, now do you know who I am?”

Li Qiang smiled smugly.

Xiao Liu, who was on the side, heard this and his legs went weak, Li Qiang was obviously a gangster of this generation with these words, where he dared to mess with.

“Brother Lin Ran, otherwise forget it, the big deal is to let this friend beat me up to take out his anger, if it implicates you!”

Xiao Liu was busy saying, selling mobile phones in the afternoon he knew Lin Ran and Ling Sa's names, at this time also do not want to bring trouble to them.

“That's right, don't make me work too hard, it's not good for the family right!”

Li Qiang laughed, while a few of his men to the side even showed disdainful smiles of amusement.

When Xiao Liu saw that Lin Ran did not say anything, he thought he was acquiescing and was just about to walk over honestly when his arm was grabbed by a hand.

Lin Ran dragged Xiao Liu back and looked at Li Qiang and said blandly.

“He is my friend, today you can not beat him, and just now take a slap, you also have to return it!”

The voice was not loud, but the words were firm, hearing Li Qiang and the others were stunned, followed by a loud laugh.

“Kid, have you been kicked in the head by a donkey, asking our brother Li to give it back? Who the fuck are you!”

Chapter504

Xiao Liu's family was not well off, so he usually had to work at a mobile phone shop, but also had to find time to work part-time at a hotel. Tonight was the night he came to work part-time at the hotel, but he didn't expect to run into Lin Ran.

"Kid, you're crazy! What's your deal?"

Li Qiang asked with a smile as he looked at his fist.

In the past, if the other party dared to talk to him like that, he would have already greeted him with his fist, but today was different, he had to keep an eye out for someone who could make Sasha so nervous.

"I'm just a small doctor, have you finished asking your questions?"

Lin Ran said indifferently, the pillar and Xiao Yun at the side had already lowered their breath, they could see that this Li Qiang was not a good person, and even worse, not to be messed with.

"I'm done asking, but I'm also curious, brother how did you manage to blend into this four-star hotel dressed like this?"

Li Qiang asked with a smile, while the group of men behind him were already laughing.

Although they had never been to a four-star hotel before, they had seen it on TV.

Those hotels that could be ranked as star-rated were places where rich people came and went, and those who came here were not rich or noble, but the two of them were brought to such a place by Lin Ran.

At this moment, both of them could not help but mutter in their hearts, what kind of person did they save?

It didn't matter that Ling Sa was such a good fighter, Lin Ran was actually able to take them in and out of a four-star hotel, and even had the hotel staff line up to welcome them, what kind of status did they have to have?

"Goo dong!"

Thinking about this, both of them couldn't help but gulp down their spit, the shock on their faces hard to hide.

"Boss, I think it's probably because Sasha feels sorry for them, seeing the four beggars outside in the cold, afraid of freezing that's why she shouted them in!"

"Haha!"

A little brother at the side laughed.

Li Qiang also laughed at his words.

"You guys are too much!"

Ling Sa was so angry that she got up and was ready to make a move, but was stopped by Lin Ran.

“Yo what’s the matter? A pretty girl wants to do it herself? Fine, but if you don’t beat brother later, then you can’t blame brother for not knowing how to pity a beautiful woman!”

Li Qiang said and couldn’t help but pinch his chin and lick his lips at the corner of his mouth.

Ling Sa was indeed pretty looking, even he couldn’t help but look at her twice more.

“By the way, I forgot to tell you, my brother’s best kung fu is the 18 touches, if the fight is too intense later, this hand can’t be controlled, you have to be prepared, beautiful, don’t scream too loudly then, brother I will be shy too!”

Li Qiang continued, the moment these words were spoken, they immediately led to a kind of laughter from the little brother.

Ling Sa’s face, however, was completely ice-cold.

“Bastard! You’re saying that again!”

“What? Still want to hear it, then how about I go get a room? It’s late at night and it’s not early, so go back with brother and I and listen slowly?”

Li Qiang laughed, while licking his lips with a lustful look.

“Seeking death!”

Lindsay was so angry that she couldn’t hold back anymore, and pushed Lin Ran’s hand away as she rushed towards Li Qiang.

“Brother Lin Ran!”

Pillar and Xiao Yun as well as Xiao Liu shouted out almost simultaneously, the former because they were worried about Ling Sa’s safety, while the latter was guilty, this matter was after all because of him.

“It’s alright, just watch!”

Lin Ran waved his hand and said indifferently, as if the matter had nothing to do with him.

While the three of them were talking, Lin Ran had already reached Li Qiang, and before the latter could react, a slap had already hit him on the face.

“You!”

He was a big man and the leader of this generation, but now he was actually slapped by a woman, and he didn’t even see how she struck him, which was simply too ironic.

“Big brother!”

The group of young brothers next to him were all blinded, but when they reacted, they were all ready to pounce.

Li Qiang, who was not willing to do so, waved his hand and scolded.

“Don’t come any closer! If I need help to deal with a woman, then I don’t need to work!”

With that, Li Qiang clenched his fist and smashed at Ling Sa, not holding back in the slightest because the other party was a woman.

“Idiot!”

Ling Sa’s eyes chilled, followed by her feet to launch the whole person directly jumped up in place, followed by a turn in the air to dodge Li Qiang’s punch.

He then kicked Li Qiang directly in the face with his back leg, causing him to fall to the ground in a doggy pile.

“Big brother!”

A group of men ran over and helped Li Qiang up, at this moment his face was covered with blood and footprints, it was unbearable.

“Bastard! Fucking old man actually got beaten up by a woman!”

Li Qiang was so angry that he could hardly stand it, and as soon as he wiped the blood off his face he lunged at Lin Ran.

He couldn’t beat Lin Lin, so naturally he had to find someone who could, only he thought Lin Ran couldn’t fight, but it turned out to be

“Zap!”

Just before he rushed to Lin Ran, Li Qiang had barely raised his palm when a clear slap sound landed on his face, then he felt his neck being choked by something, and looked down to see it was Lin Ran’s arm.

“You”

Li Qiang struggled and tried to break free, but Lin Ran’s hand was like a pair of pincers, firmly locked around his throat, unable to break free at all.

“Brother Li!”

The group of men were all dumbfounded, was this still their usually formidable Brother Li? How come today he was defeated by everyone he caught and he was getting beaten up by himself, this was simply too sad.

“Don’t pass!”

Lin Ran said in a cold voice, and several of his men were really scared and did not dare to take a step forward.

“Brother, I admit to this today, let me go!”

Li Qiang finally conceded, the female couldn’t beat the male couldn’t beat the male, so what was the point of playing, at this point he also somewhat understood why the other side inherited such a legacy can become the VIP here.

“Will let you go, but don’t worry, there is still one thing left to do!”

Lin Ran laughed lightly, and Li Qiang's heart sank as he listened, having already guessed what was coming.

Sure enough, the next moment Lin Ran greeted Xiao Liu, the waiter at the side.

"Xiao Liu, come and call back!"

"You!"

Li Qiang was simply furious at his words, letting a waiter beat himself up, if this matter got out his old face would really have no place to rest.

"Lin Ran brother Otherwise, let's forget it I I need this job!"

Xiao Liu ground head said, looking for a job is not easy, he really does not want to give up.

"I've already found a job for you, it's definitely better than being here!"

Lin Ran laughed, pointing to the two pillars next to him and laughing.

"They've opened a Chinese medicine shop, they happen to be short of a mate, the salary I'll pay is definitely higher than what you're getting now, how about I fund you to open another shop of your own after you finish your studies?"

"Ah?" Xiao Liu was first stunned at his words, then hurriedly nodded his head.

"Good! Good! I'll go!"

Just kidding, the job of a medicinal herb shop mate is too much better than a waiter anyhow, and he can also learn a skill to identify herbs, and he may even have his own shop in the future, this is simply too much better than serving dishes, selling mobile phones may not even be as good as this job.

"So now"

Lin Ran looked at Xiao Liu and laughed, the latter squeezed out a bitter smile before slowly walking over, looking at Li Qiang with an apologetic face, and said.

"Brother Li I'm sorry!"

The words fell only to hear a "pop" slap, directly on the latter's face.

Chapter 505

"How dare you fucking hit me, do you really think he is the saviour?"

Li Qiang was so angry that he was about to explode, being beaten by Lin Ran and Ling Sa was fine, after all, his skills were not as good as others, but a waiter actually dared to beat him, this was no different from shitting and pissing on his head.

"I'm telling you, don't think you're going to be okay just because you've got these two backing you up, sooner or later they'll have to leave, and when they do, do you believe I'll kill you!"

Li Qiang was furious and felt that his harsh words were still not harsh enough, then he continued.

“They are just dirt bags, they only have a couple of stinking money! You know who the fuck I work with!”

Li Qiang said with a sneer all the way over his head.

“I work for the young owner of this shop, do you know who he is? Have you heard of the young lord of the Luo family? Wait for me all of you, none of you can escape!”

Lindsay and the others were stunned to hear this, especially Xiao Liu, Pillar and Xiao Yun didn't know much about the Luo family, but Xiao Liu had heard of it, it was the most famous family in Tanjiang City, if they were offended The first thing you need to do is to get a good idea of what you are getting into.

Lin Ran laughed, followed by loosening his grip.

When Li Qiang saw that his words were effective, he came to life and pointed at Lin Ran and scolded.

“Hey! Kid, you know you're scared now? You still let go of your grandfather, I told you it's useless late! Today there is one count, fucking you guys can walk out properly, Laozi is this!”

Li Qiang said and gestured a king's hand gesture, Lin Ran couldn't help but laugh as he watched.

“Don't fuck with yourself over nothing, isn't it good to be a good person? You have to be a king's eight!”

With that, Lin Ran put his hand into his pocket.

Li Qiang saw this but laughed coldly and said.

“What, have you lost your nerve and started fighting? Or are you ready to call someone? You don't even fucking ask around, calling someone, who am I afraid of, your brother Li!”

“Pop!”

As soon as Li Qiang's words fell, a crisp sound rang out, but this time it wasn't a slap, but a card hitting his face.

“What the fuck!”

Li Qiang was stunned, and was busy snapping the card off his face, and when he looked at it his whole body was like sieve chaff.

It didn't look like an ordinary membership card, but this card was beautifully shaped and snow white, and had a series of numbers on it that he would never forget, “NO.00000”.

“This is This is”

Li Qiang's face changed so much that he couldn't speak clearly, and the way he looked at Lin Ran had changed.

Following the Luo family's young proprietor, how could he not know this kind of card, this was the Luo family's supreme diamond card, the people who owned it in the city were all phoenixes, not to mention this card with the absolute first number, it was said that this card was the matching card of the chairman Luo Ming, seeing the card was like seeing him in person.

“Do you think we can walk out properly today?”

Lin Ran asked as he reached back for the card and put it in his pocket, tacking on a smile.

Li Qiang nodded as he heard his face turn pale.

“Brother I’m just kidding with you, yes! You and your friend can definitely get out, and I’ll be the first to stand up to anyone who stops you!”

“Brother!”

“Big brother you?”

The other side, Li Qiang’s junior brothers are looking bewildered, his boss usually yells, how come he is like a grandson at this time, the other party’s origin is really so big?

“Shut up! What a bunch of rice buckets!”

Li Qiang turned his head and scolded, followed by pointing at Lin Ran, said the said.

“This is the big brother!”

“Yes Big brother!”

“Big brother!”

A group of junior brothers were busy shouting respectfully at Lin Ran.

Ling Sa and the others all looked bewildered, each standing in place with their mouths growing in shock, how could they have not expected that even Li Qiang had actually conceded the moment Lin Ran took out this card.

“Hey! What kind of card is this? It’s so powerful!”

Lin Ran was busy coming over to ask.

Lin Ran smiled lightly, “I’ll tell you later!”

With that said Lin Ran turned his head and looked at Li Qiang and asked with a smile.

“Will this friend of mine be able to live well here?”

“Big brother, you don’t have to bury me, yes! And if I dare to mess with this friend of yours, I, Li Qiang, will be the first to say no!”

Li Qiang laughed awkwardly, seeing this card where he still dared to act rudely, not to mention him, even if his pillar, the young proprietor of the Luo family, came, he had to be respectful.

“Hmm! That’s good!”

Lin Ran nodded in satisfaction, but Xiao Liu at the side was already so dumbfounded by what he heard, Li Qiang was covering himself, so wouldn’t he be able to walk around in this area in the future.

However, he also knew that it was because of Lin Ran.

“People and I only met on one side, yet they help me like this, I”

Xiao Liu had mixed feelings in his heart, but soon he silently made up his mind that he would not let Lin Ran down and do well as an apprentice to become useful to Lin Ran in the future, even if it was just a small fellow.

“You still have something to do?”

Lin Ran saw Li Qiang still standing in the same place and asked with a frown.

“No Nothing, nothing!”

Li Qiang scared a shiver, will that lead people back to their seats, at this time if directly leave is too embarrassing, and outside there are so many people watching, this directly go is also too embarrassing.

“Hold back for a while, and then leave later!”

Li Qiang thought in his heart, but he wanted to leave, but the gods refused.

At this moment, Sasha finished her work and came over, just in time to see Li Qiang return to his seat from Lin Ran’s side, and could not help but be a little suspicious.

“This guy has changed his nature today? I can’t believe he didn’t make a scene?”

With some worry in her heart, Sasha was busy going forward and asked Lin Ran with a smile.

“Mr. Lin, if there’s anything you need, just give me an order!”

Lin Ran smiled at this and waved his hand.

“There’s nothing you need, but you have to serve the food quickly, the friend at the table next to us hasn’t been served for a long time!”

“Huh? Yes!”

Sasha sniffed for a moment, then with a smile she was busy running to Li Qiang’s side and asked.

“What’s your situation! You didn’t make a scene just now!”

Sasha’s words had just fallen, but Lin Ran on the side spoke with a smile.

“No trouble, we’re fine!”

Li Qiang, with a face full of cold sweat, was busy laughing with him.

“Yes, yes, we’re fine, it’s fine, hurry up and serve the food, I’m starving!”

“O!”

Sasha’s face was foggy, but her heart was uneasy, she hurriedly ran to the front desk to transfer the monitoring to see, Lin Ran’s identity was too heavy for her, she couldn’t let Li Qiang do whatever he wanted.

.....

“Fuck, how can I eat this meal tonight!”

The first time Sasha left, Li Qiang couldn't help but complain, Lin Ran was sitting right next to him, he'd be damned if he could eat his meal!

However, as the saying goes, there is no coincidence, just at this moment, a man and a woman walked in front of the hotel, the man was fat and fat without a few hairs on his head, while the woman was dressed beautifully and demonically, the two of them immediately attracted the attention of the crowd as soon as they entered.

"Guo Sanbao? You can get away with it now!"

When he saw the visitor, Li Qiang was just about to get up with a thought, but Lin Ran on the side turned his head to look over, and with just a glance he obediently did it again.

"Hey! Brother Guo Brother Guo look over there!"

The sultry woman was none other than Liu Yan, she noticed Lin Ran's side and was busy saying.

"Brother Guo that's them, they're the ones who went to the shop this afternoon to buy a mobile phone!"

"O? It's those two bumpkins you were talking about? That's interesting!"

Guo Sanbao looked and couldn't help but pinch his mouth and smile, his mind turned and immediately pulled Liu Yan over, while loudly muttering to himself.

"If I'm not mistaken, this is a table of old folks from the village, right?"

Chapter506

Guo Sanbao, whose real name Xiao Liu didn't know, only that he was a man who liked to brag, so people gave him the nickname Guo Sanbao, so that's what people who knew him called him, and he was none other than Xiao Liu's boss, the Brother Guo in Liu Yan's mouth.

"Interesting!"

Hearing Xiao Liu's introduction, Lin Ran couldn't help but laugh, but Ling Sa laughed at his words.

"What Guo Sanbao, I think he should be called Guo Sanmao, just that hair on his head, I'm afraid he doesn't have three hairs even if he yanks it all off!"

"Pfft!"

Hearing Lin Sha's words, at once Pillar and the others couldn't help but laugh, although the words were a bit exaggerated, but they were very apt.

As Guo Sanbao's words fell, he had already arrived next to Lin Ran's trio, and was just about to speak when he saw Xiao Liu standing to the side, and couldn't help but frown.

"Xiao Liu? Why are you working here as a waiter?"

"Boss, I've been rather short of money recently, so I'm working here part-time!"

Xiao Liu said awkwardly.

“Part-time job? You mean the salary I pay is too low, right?”

I’m afraid that anyone who saw his men working part-time in another shop wouldn’t look too good.

“Little Liu, you don’t like the money Brother Guo gives you, do you?”

On the side, Liu Yan wasted no time in interjecting, and as she spoke, she did not forget to rub her delicate body against Guo Sanbao’s twice to show how close she was to her boss.

On a normal day, Xiao Liu would naturally not dare to say much and get a lecture, or at least keep his job, but at this time he had Lin Ran as his backer, so naturally he was not afraid.

“That’s right, you are all right, the salary given by Guo is indeed not enough for me, and you all know what my family condition is, that’s why I came out to work part time!”

Xiao Liu calmly returned, without any of his previous timid look.

“You!”

Liu Yan stomped her foot in anger at this, how would Xiao Liu dare to talk to her like this in normal times.

But ever since she met Lin Ran in the afternoon, Xiao Liu’s attitude had become tougher and tougher every time, and she didn’t know if she had been bewitched or what.

“Xiao Liu, this reply hurts me!”

Guo Sanbao pretended to be sad, but then came a sentence after that.

“You don’t have to go to work at the mobile phone shop tomorrow!”

With that Guo Sanbao stopped talking and waited for Xiao Liu to beg him.

The latter’s family condition he knew very well, if he didn’t give him this job, then he would definitely not earn as much as he did on his side even if he was serving dishes here.

So he was certain that Xiao Liu would definitely cry and kneel down to himself so that he could give him the job.

But would Xiao Liu really?

“Yes Brother Guo, I was just about to talk to you about this tomorrow too!”

Xiao Liu said calmly.

“Huh?”

Guo Sanbao was stunned at his words, followed by his face darkening as he pointed at Lin Ran and the others on the side and questioned Xiao Liu.

“Because of them? These two dirtbag thugs?”

“No!”

Xiao Liu said busily, his expression tense, and Guo Sanbao laughed when he saw this.

“Xiao Liu, you’re too young, you think you’ll get up just because you know a few burgeoning old folks? Don’t be naive, what does it matter to you if the money belongs to others, do you really think you can talk to me like that now that you have stiff wings?”

“Then don’t worry about it, Brother Guo, I’ll figure out my own business!”

Xiao Liu’s voice also cooled down, Lin Ran had given himself a chance, but now it was because he was being slandered by Guo Sanbao, which made him feel guilty in his heart.

“Solve it by yourself? Fine, hardened wings huh, interesting, then I’ll show you how rubbish these few turd hometowns of yours are!”

Guo Sanbao’s face sank as he turned to Lin Ran’s four men and laughed.

“Old folks, there’s money in it!”

Lin Ran and the others didn’t say anything, they just looked at Lin Ran to see how he would reply.

Lin Ran shook his head helplessly and secretly sighed.

“Ai! A meal won’t even let anyone stop, one by one they come up the pole to get hit in the face, are they all idle?”

“Ahem!”

Hearing this, Li Qiang on the side choked and couldn’t help but cough a few times, while lowering his head to avoid being seen by Guo Sanbao.

He was naturally not afraid of Guo Sanbao, but he couldn’t help that the two of them knew each other, and if this guy didn’t open his eyes and pulled himself up again, he would have to die in vain.

“Yoo-hoo, you’re still talking tough, how come the rich are talking so tough now?”

Said Guo Sanbao straightened his back, swept his gaze across the hall and laughed sublimely.

“This is a four-star hotel, and I don’t know how you bunch of bumpkins got mixed in!”

“Brother Guo, I think it’s probably because the people who want rice took pity on them and let them in!”

Liu Yan on the other side couldn’t help but laugh.

The two of them could not help but laugh at the same time, but their words sounded so funny to the ears of Lindsay, Pillar, Xiao Yun and Xiao Liu.

Li Qiang, on the other hand, was scratching his head in embarrassment, he had just said this once, but the result

“What are you laughing at?”

Guo Sanbao saw this and frowned and asked.

Lin Ran sighed at his words and said helplessly.

“Hey, do you know why they’re laughing?”

“Why?”

Guo Sanbao frowned.

“Because there was a guy who said the same thing just now, and then he stopped!”

Lin Ran said with a faint smile.

Guo Sanbao smiled and didn’t understand, but Liu Yan didn’t believe him and said.

“Just brag, you don’t need an invoice for bragging anyway, you think you’re great when you bring a stupid girl to buy a good phone and come to a four-star hotel for a meal, in my opinion it’s just a poor loser trying to pick up a green tea whore!”

“Who are you talking about!”

Ling Sa sniffed and was instantly fired up, she didn’t say a word herself, but was pressed by Liu Yan with the name of green tea table, how could she not be fired up.

“What, you’re not happy after talking through it?”

Liu Yan sneered, full of complacency, the afternoon’s events had made her unhappy, at this time dislike back really cool.

“I’m not happy about anything, but I think it’s clear in my heart who is the green tea whore between us! I believe Xiao Liu should also be very clear in his heart!”

Ling Sa sneered.

“You!”

Liu Yan’s face turned red with anger, but Ling Sa slapped the table with a cold voice.

“What? You’re furious!”

Guo Sanbao and Liu Yan were startled by this slap on the table by Ling Sa and took two steps backwards, but they just happened to bump into Li Qiang behind them.

“Hey! Brother Li, you’re here too!”

She had seen Li Qiang and knew that her man had always wanted to follow him, but he had never agreed to do so.

“Uh ah, yes yes!”

Li Qiang did not want to pay any attention to Guo Sanbao at this moment, lest Lin Ran misunderstood that he was familiar with him.

However, Guo Sanbao was oblivious and smiled at Li Qiang.

“Look, Brother Li, I’m teaching a few dirtbags a lesson and I even bumped into you, I’m really sorry!”

“But don’t worry, I’ll get rid of these turks right away, I definitely won’t disturb your meal!”

Guo Sanbao said as he turned around and shouted at Lin Ran's four people.

"See, my brother Li is eating here, why are you still sitting around, why don't you get lost, if you annoy my brother Li, you will beat your own mothers!"

He had only managed to get out, but he didn't expect to be dragged back in by this idiot.

The more he thought about it, the more angry he became, and the more bitter he felt, so he couldn't help but get up and curse.

"You're fucking sick!"

Chapter 507

"Did you hear that, my brother Li is angry, don't blame me for being ungracious if you don't get lost!"

Guo Sanbao didn't see that Li Qiang was speaking to himself, and thought that the latter was speaking to Lin Ran and the others, so he suddenly stiffened his back a few notches.

"Fuck me! You have"

Li Qiang almost didn't spurt out a mouthful of old blood and opened his mouth to curse, however, before he could finish his words, he was interrupted by Guo Sanbao.

"Brother Li, don't get angry, I know these kids, give me face, I'll take care of it!"

Said Guo Sanbao as he once again looked towards Lin Ran and the others and said in a cold voice.

"See, my big brother is already angry, so get lost if you're smart, or else when I strike in anger, even the gods won't be able to save you!"

"Pfft!"

Ling Sa couldn't help but laugh, and Xiao Liu and the others on the side also followed to cover their mouths and laughed out.

If it hadn't been for what happened just now, they might have taken it seriously, but they all saw how Li Qiang was treated to Lin Ran just now, so where would they put Guo Sanbao in their eyes at this moment.

Guo Sanbao's shouting at this moment was just like an idiot in their eyes, the key was that this idiot he didn't know himself.

"What are you laughing at, be serious!"

Liu Yan opened her mouth and scolded, as the saying goes, foxes pretend to be tigers, at this time, with the momentum of Guo Sanbao, and Li Qiang, the backer, she could not help but be strong.

Lin Ran and the others didn't say anything, they just watched Guo Sanbao's performance while eating, at this point there was no point in being nervous.

"Xiao Liu, come and sit down too, we'll be a family from now on!"

Lin Ran greeted with a smile, Xiao Liu was a bit hesitant, but seeing that Lin Ran didn't seem to be joking, he had to run and bring a stool and do the same.

Lin Lan looked at Lin Ran and smiled, she already knew a bit about the latter's person and knew that this guy wanted to help Xiao Liu.

In fact, she did not know that Lin Ran was not only helping Xiao Liu, but also because of the Chinese medicine business.

The greater the ability, the greater the responsibility. This is an immutable truth, and Lin Ran even climbed up from the bottom, so he knows how difficult it is for a child from a poor family to succeed.

Therefore, when he met people like Xiao Liu, Zhu Zi and Xiao Yun, who were kind-hearted but not well-off, he would help them if he could.

Moreover, the most important thing he had never forgotten was to promote the way of Chinese medicine, and Pillar and Xiao Yun would continue to sell herbs in the future, while Xiao Liu would also join them.

Selling herbal medicine might not do much to promote the way of Chinese medicine, but it would lay a foundation for the rise of Chinese medicine.

"You're all fucking deaf, aren't you, and you have to do it more than me?"

Seeing that Lin Ran and the others were talking and laughing, not paying any attention to himself, Guo Sanbao couldn't hold up his face any longer.

"Little Liu, don't be insensitive, do you really think you can get a foothold here without Brother Guo?"

Liu Yan said disdainfully, following her gaze to glance at Ling Sa, rushing at Xiao Liu and sneering.

"Do you think you can compare with others? People have faces, just wooing a few times, the landlord will buy everything for you, what do you have? Competing with a green tea whore for favour, you've been kicked in the head by a donkey!"

"Liu Yan you are saying that again!"

The first time I heard this, I was so angry that I didn't care about her.

"Sit down, I'll do it!"

Xiao Liu was about to explode, but Lin Ran raised her hand to stop him and stood up after herself.

Lin Ran gave her a look and just shook his head without saying anything more, the scolding was so bad that if he was stopping Ling Sa, it would really be unjustifiable.

"Green tea bitch who are you talking about?"

Ling Sa looked at Liu Yan and asked in a cold voice.

"Naturally I am talking about you!"

Liu Yan didn't hear the trap in the words and returned directly.

Lin Ran and the others could not help but laugh at his words.

“What are you laughing at!”

Liu Yan’s face was ugly as he questioned.

“Stop it!”

Guo Sanbao on the side couldn’t listen anymore and opened his mouth to scold.

“Why don’t you say anything!”

Liu Yan was unconvinced and retorted.

“She’s the one who said it, who’s the green tea bitch talking about! I’m talking about her!”

“Yes, it’s my hand, who’s the green tea whore talking about!”

Liza repeated with a smile, only this last sentence was in a drawn out voice.

“Who’s the green tea whore talking about? Saying you!”

Liu Yan did not understand the heart secretly repeated side, followed by immediately understood, face immediately angry iron blue, angry curses.

“You! Stinking bitch! You dare to scold me!”

Hearing these words, Ling Sa’s face instantly sank and she walked towards Liu Yan.

“What do you want! I’m warning you, these are Guo and Li’s men, if you dare to make a move, I’ll have them strip you of your clothes!”

Liu Yan threatened as she backed away.

This angered Ling Sa, she saw her speed up and reached Liu Yan in an instant, raising her hand and slapping her.

Although Ling Sa could control her power and did not send Liu Yan flying, the slap landed and the latter’s cheek was swollen, with five bright red handprints that made people feel painful.

“You!”

Liu Yan’s face was red with anger, and her eyes were flooded with tears, she was usually arrogant and domineering, but in the end, she was also relying on Guo Sanbao.

Usually, Guo Sanbao was the one who stood in the way of anything, but this time, Ling Sa’s hand was so fast that Guo Sanbao did not react at all and was directly slapped by Ling Sa.

And this slap directly brought her to tears.

“What are you doing, you stinking bitch! Looking for death, are you!”

Guo Sanbao reacted and pointed at Ling Sa and cursed.

“Say another word!”

Ling Sa turned her head to look at Guo Sanbao, her eyes were cold, and she had the intention of striking again at the drop of a hat.

“What? You want to hit even Laozi? Who the hell do you think you are?”

Guo Sanbao said and pointed at Li Qiang behind him, coldly scolding him.

“Open your eyes and see clearly, Brother Li is behind you, try to touch me today!”

“O? Then I’ll try?”

Ling Sa was full of disdain and raised her hand in a gesture to hit someone.

“Aiya! You really want to fight, come on, you fucking try to hit one!”

Guo Sanbao was undaunted, after all, he was a man, how could he be afraid of a woman, he immediately stuck his head out and pointed at his cheek and chided.

“Come on! Go ahead, you dare to hit down today, I guarantee you won’t be able to walk out of this hotel door!”

“Are you sure?”

Lingsha asked with a smile as she looked at Guo Sanbao.

“Cut the fucking crap, come and fight! If you have the guts to fight, let’s see how I ravage you and strip you of your clothes!”

Guo Sanbao cursed angrily.

Ling Sa’s face gradually went cold as she looked at Guo Sanbao and asked one last time.

“Do you really want me to fight?”

“Cut the crap, fight if you have the guts!”

Guo Sanbao shouted, he expected that Ling Sa would definitely not dare to hit herself, Liu Yan was only her own woman in the end, and had nothing directly to do with Li Qiang, but she was a little closer to Li Qiang, she would definitely not dare to touch herself unless she was desperate for her life.

But the thought in his mind was good, but the next thing he knew, he was dumbfounded.

He saw a black shadow pass by, followed by a crisp slap sound, and then Guo Sanbao’s whole body flew backwards, his head scraping against the ground and knocking over an unknown number of chairs before he stopped.

Ling Sa turned her head to look at the crowd, made an innocent expression and said.

“You all heard it, he was the one who had to ask me to fight!”

Chapter508

“Go, go, go!”

Li Qiang saw this and hurriedly greeted his men to leave, he really didn’t want to wade into this mess.

However, if he wanted to leave, there were people who didn't want him to go.

"Brother Li, what are you doing!"

Liu Yan covered her face and asked, Li Qiang glared at her and was just about to speak when Guo Sanbao, who was behind him, ran over with his face covered, shouting as he ran.

"Brother Li, you have to do it for me!"

Then, with a "flop", he fell to the ground and hugged Li Qiang's thighs with both hands, refusing to let go.

"Let go!"

Li Qiang scolded, but Guo Sanbao did not listen to him at all and cried out

"Brother Li, you saw it, that bitch beat me up, you have to do it for me!"

"Get lost!"

Li Qiang was very impatient and kicked Guo Sanbao to the ground, and was about to leave.

But just as this step was taken, he was hugged by Guo Sanbao again.

Guo Sanbao cried out.

"Brother Li, you hit the wrong person! The opponent is him, how can you hit me!"

Li Qiang really did not want to deal with him and waved his hand to signal his men to pull him away, followed by turning around and walking towards Lin Ran, ready to apologise before leaving.

However, Guo Sanbao thought that Li Qiang was going to take revenge for himself and immediately jumped up in excitement, laughing at Lin Ran.

"Kid, you're fucking finished, Brother Li is angry, wait and die!"

Li Qiang's face instantly darkened as he heard this, fortunately he hadn't really taken Guo Sanbao as his little brother in the first place, otherwise I'm afraid he would have had to be killed by this guy one day.

"Throw him out for me!"

Li Qiang said impatiently.

"Yes!"

A group of men behind him nodded and instantly walked out and surrounded Guo Sanbao.

Guo Sanbao had not yet woken up at this point and could not help but laugh at the situation.

"See, Brother Li has even sent someone to protect me, you're a bully, go ahead and come and beat me up! Haha!"

Li Qiang was so angry that he was about to explode, however, before he could explode, Ling Sa at the side was a stride directly rushed over and flew up a foot straight to Guo Sanbao's chest.

When Li Qiang's men saw this, they dodged, jokingly, even their own boss Li Qiang had wimped out, where they still dared to fight against Lin Ran and the others.

"Bang!"

Lin Lin kicked Guo Sanbao in the chest, the latter let out a muffled grunt and then flew out again against the floor.

But this guy was like an undefeatable little strong man, and in just a moment, he ran back again covering his chest, crying out.

"Brother Li, your men are no good, no need to protect me, just beat them up!"

"Are you fucking done!"

Li Qiang could not stand it any longer, he rushed directly to Guo Sanbao and berated him.

"Li Brother Li, what What do you mean!"

Guo Sanbao looked at Li Qiang couldn't help but gulp, and at the same time also felt as if something wasn't quite right.

"What do you mean? What the fuck do you mean!"

Li Qiang was so angry that he wanted to curse, but he didn't want to stay for a moment as Lin Ran was beside him. He had wanted to go up to Guo Sanbao to say hello and take the opportunity to leave, but who would have thought that this guy would come up and taunt Lin Ran and even drag himself in.

Now he couldn't even leave if he wanted to.

"Hurry up and leave!"

Li Qiang shouted at his men with a black face, then turned around and gave Lin Ran an awkward smile and said.

"Brother Ran, I'll go first, I won't give you any trouble here!"

After saying this, he turned around and was about to leave.

Guo Sanbao saw this and immediately quit, just now he had dared to taunt Lin Ran so much because he was backed up by Li Qiang, now when he saw that the latter actually wanted to leave, how could he still be calm.

"Brother Li, don't, what has this kid done to you, tell me and I will definitely kill him!"

Guo Sanbao said.

However, Li Qiang pretended not to hear him and walked on his own. Guo Sanbao could not hold back any longer and went forward to stop Li Qiang and said.

"Brother Qiang, you have to take this revenge for me, otherwise how can I still be out in the future!"

"Mixed? I'm a bastard!"

Li Qiang could not hold back his hand any longer, he stepped forward and gave a slap, the surrounding group of junior brothers saw their big brother did it, without saying a word they also gathered around and rushed Guo Sanbao and gave him a fat beating!

“Hey hey! Brother Li you guys are hitting the wrong person! Why are you hitting Brother Guo!”

On the side, Liu Yan hurriedly ran over.

Li Qiang glared at her with a sullen face and scolded.

“If you dare to take one more fucking step closer, I’ll even beat you up!”

“I”

Liu Yan was so scared that she immediately didn’t dare to go forward and could only watch from afar.

“Brother Li, why are you hitting me, you’re hitting the wrong person!”

Guo Sanbao shouted as he covered his head.

“Hitting the wrong person? You’re the one I fucking hit!”

Li Qiang cursed angrily, followed by another round of punches and kicks.

“When Li Qiang and his men stopped, Guo Sanbao’s face was so swollen that he could not be seen as a human being, and his face was a pig’s head.

When Liu Yan saw this, she couldn’t help but cover her mouth, not daring to go up to him to identify him.

“Remember, he is my big brother, if you don’t open your eyes in the future, I will beat you up once I see you!”

Li Qiang pointed at Lin Ran on the side and scolded Guo Sanbao.

“Big Big brother?”

Guo Sanbao’s entire body was dumbfounded, sitting on the ground with his face ashen.

“Don’t go away yet!”

Li Qiang followed and scolded, scaring Guo Sanbao into hurriedly crawling up from the ground and then running out of the hotel with Liu Yan’s help.

“That, Brother Ran sorry, I’ll leave first too, little brother!”

Li Qiang smiled at Lin Ran, followed by turning around and leaving the hotel with a group of his men in disarray.

Lin Ran laughed helplessly, so much trouble had arisen from a meal, I thought I could have a few days of peace after falling off the cliff this time, but I didn’t expect things to happen one after another.

“Where there are people, there are rivers and lakes!”

Lin Ran couldn’t help but sigh.

“Li Qiang, get out of here!”

Just when Lin Ran thought that things were over, suddenly a familiar voice came over, followed by the lobby manager, Sasha, who angrily walked over.

“Mr. Lin, you go on with your meal all right!”

Seeing Lin Ran, Shasha hastened to make amends, but when she looked again, the table where Li Qiang was, was already empty how where there was anyone else.

“Li Qiang has left, has the room been arranged?”

Lin Ran asked with a smile.

“Ah? It’s arranged, it’s arranged!”

Sasha said, but in her heart she was baffled, she had just watched the surveillance video and found out that Li Qiang had indeed sought Lin Ran’s trouble, but he had been beaten up.

She thought this guy would wait for an opportunity to retaliate and rushed over, but she didn’t expect this guy to have already left.

“Well, take us there!”

Li Ran laughed, and then after greeting Xiao Liu, he took Lindsay and Pillar Xiaoyun upstairs.

Above the hotel was the accommodation area, and Lin Ran asked for two rooms, one for himself and Pillar, and one for Ling Sa and Xiao Yun.

It was late at night and Lin Ran was lying in bed, tossing and turning, as it was time for him to go back at dawn, and for Ling Sa to return to their Plum Blossom School.

“I hope this girl won’t miss me too much when we part tomorrow!”

Lin Ran smiled and said to himself.

In the other room, Ling Sa had just laid down when she sneezed and muttered to herself.

“In the middle of the night, it’s that bastard chanting about this miss!”

Chapter 509

There was no talk all night.

The following morning, Pillar and Xiao Yun left the hotel early and set off on their way back to the village.

Now that the two had a shop to take care of, life was considered hopeful and purposeful, and as for Xiao Liu, that was their own butt, Lin Ran had already arranged the details, the rest was their own business.

The two people were sent away, Lin Ran ordered breakfast, but he waited left and right but never waited for Ling Sa, seeing that it was already nine o’clock in the morning, this ninny actually still hadn’t gotten up.

“What a pig!”

Lin Ran sighed helplessly and got up and went to the door of Ling Sa’s room.

“Knock, knock, knock!”

He knocked a few times, but there was no one in the room to answer, not even the sound of footsteps. Nowadays, Lin Ran’s six senses were very sharp, so he could tell if there was any sound in the room just by listening.

“Could it be that they don’t want to say goodbye to each other in person and have already left?”

Lin Ran wondered, reasonably speaking, it should not be ah, although Ling Sa is cold outside but inside is hot, and with her as long as familiar with, you can feel this.

Although it was painful to be apart, it was not so bad as to leave without saying goodbye, besides, when Xiao Yun left this morning, she said that Ling Sa was sleeping.

Puzzled, Lin Ran had to call the hotel staff and find a random reason to open the door to his room.

As soon as the door was opened, Lin Ran saw Ling Sa’s shoes and was sure that she hadn’t left, so he sent the staff away and followed him into the room.

The room was quiet and no one could be heard walking around, so Lin Ran closed the door behind him and walked straight towards the bedroom.

“Ling Ran?”

Lin Ran came to the door of the room and knocked, no one answered inside, but there was the sound of very rapid breathing, which made him frown at the sound.

“Uhhhh!”

Suddenly, Ling Ran’s voice came from inside the room, only it sounded a little different.

“What’s going on?”

Lin Ran couldn’t help but frown slightly.

“Ah!”

Following this, Ling Sa’s voice rang out again.

Lin Ran raised an eyebrow at the sound, followed by a blush, was this so energetic this early in the morning?

“Ahem! That pretty girl, just get high, don’t go too far, I’m still waiting to check out!”

“Bastard, why don’t you come in!”

Suddenly, there was actually a prodding from Ling Sa from within the room, which made Lin Ran startled and a little embarrassed to hear it.

“I won’t go in, it hurts my body this early in the morning!”

Lin Ran said awkwardly.

Ling Sa, however, seemed impatient and hissed.

“If you don’t come in, I’ll die!”

“Dead?”

Hearing these words, Lin Ran’s face instantly changed, knowing that he had misunderstood, and without saying a word, he directly kicked the door of the room open.

“Ling Sa!”

As soon as the door to the room opened, Lin Ran saw Ling Sa’s entire body curled up on the bed, her face brushed white without the slightest hint of blood, and her forehead was even beaded with beads of sweat, wetting even the quilt.

“What’s wrong with you!”

Lin Ran rushed over and helped Ling Sa to sit up.

“Cold, hot! It’s so uncomfortable, I’m so uncomfortable!”

Ling Sa’s body trembled and her speech was broken.

“How could this happen!”

Lin Ran was worried and reached out to place his hand on Ling Sa’s forehead, and at once a cold and a hot sensation invaded along his palm.

“What the hell!”

Lin Ran was so frightened that he retracted his palm, his heart bursting with fear, the hot and cold sensation was appalling, the cold one was like being in an ice cellar, while the hot one was more like being baked.

“What’s wrong with you, you can’t even sleep in peace!”

Suddenly, the voice of the pillow book came out in his head, followed by Lin Ran.

“My Cao, how did this nee-san get hit by the Red Cold Poison!”

“Red Cold Poison? What kind of poison is that!”

Lin Ran smiled and busily asked, there was no record of this toxin in the Xuan Yang Pill Canon, and since Pillow Book hadn’t fully recovered, many of her memories had been blocked, so Lin Ran hadn’t looked up this toxin either.

“This Red Cold Poison is not found in your world, it’s a strange poison only found in my world, even in my world, this poison is enough to rank in the top ten, it’s very difficult to treat!”

Pillow Book solemnly said, Lin Ran’s heart sank as he listened, and he was busy asking.

“Where is there a way to treat it!”

“Of course there is, you don’t even look at who Master Shu is, I am an immortal emperor’s divine weapon, how could there be no cure, but”

Pillow Book said hesitantly.

“But what!”

Lin Ran asked busily.

“But I advise you not to treat it yet, let’s not say for the moment that you don’t have the materials to treat this toxin at all, even if you do I advise you not to treat it!”

“Why?”

Lin Ran didn’t understand, if you have the material and still don’t let you treat it, are you just going to see it die and not save it? Watching Ling Sa die? That he couldn’t do.

“You’re thinking too much, I’m afraid you’ll attract a powerful existence, at least as far as you’re concerned right now, I’m afraid that kind of existence would be enough to exterminate you!”

The pillow explained.

“This kind of poison is definitely not found in your world, so there is only one explanation, someone from my world came to your place and left this toxin behind!”

Said the pillow book and continued with a sigh.

“This poison is just as powerful and domineering, but equally the requirements for the user to use it are very high, do you know why?”

“How should I know!”

Lin Ran said speechlessly, if he knew where there was no need to ask him.

“Because this poison, is connected to the user’s mind, as long as you detoxify this poison, then the other party will notice it the first time, although you might have run away with someone, but knowing the location of the detoxification, and the information of the person who was poisoned, trying to find you is not a problem at all!”

The pillow said.

“To detect it immediately? That’s too scary!”

Lin Ran not only frowned as he listened, the person using the poison was strong and could also sense that his poison had been detoxified in the first place, this was simply not allowing anyone to detoxify the poison!

“There’s another point I didn’t mention, this poison is so powerful that with a single thought from the poisoner, the poisoned person’s body is immediately turned into two halves by the icy cold and blazing heat, half of it turns into ashes and half freezes into ice sculptures, instantly dying!”

The pillow book continued.

And as Lin Ran listened, sweat was already breaking out on his forehead, and he couldn't help but feel pain as he looked at the painful appearance of Ling Sa in his arms.

"So there's no other way?"

Lin Ran said to himself, Ling Sa was playful and cute, and so warm-hearted towards himself and his friends, if he said he didn't care, he would definitely be lying, but right now he didn't have the slightest solution.

There were no materials to cure the poison, not to mention that he didn't dare to do so easily, but if he didn't cure the poison Ling Sa's life would be taken away at any time

"Kid, don't rush! Have you forgotten the true qi of the healing path in your body? I have a solution that will save her life for the time being!"

The pillow said with a smile.

"Why didn't you tell me earlier if you knew the solution, gibbering about so many useless things!"

Lin Ran was simply furious at his words, what a time it was for this guy to still pontificate.

"You kid, I shall not let you know the importance of the matter, really good intentions, there is heterosexuality without humanity!"

The pillow said in discontent.

Lin Ran was too lazy to bother with him and urged.

"Alright, alright, hurry up and tell me the way, I'll find you some pretty beautiful books for you to devour later!"

"Fuck off, I'm a noble pillow book, I can't afford to look at ordinary books, at least at a level like the Xuan Yang Pill Canon!"

The pillow side book said proudly, following which he told Lin Ran the way.

Chapter510

The fact that the Red Cold Poison came from the world where the Pillow Book was located made Lin Ran's heart wonder a little, could there really be an outer realm, this was indeed considered a bombshell to him who had grown up with an atheistic education.

But whether all this was true or not, now was not the time to dwell on it, and with the current situation of the Pillow Book, his own memories were incomplete, so who knew if they were made up or not.

"The first order of business is still to detoxify Ling Sa first!"

Lin Ran's mind moved and instantly familiarized himself with the method given by the pillow side book quickly, following which he jumped directly onto the bed.

"What are you doing?"

Ling Sa asked in pain as her head was covered in sweat.

“I’m going to seal the toxins in your body, don’t resist!”

Lin Ran said solemnly.

“Toxins? How can there be toxins in my body?”

Lin Ran was stunned, her face filled with surprise as she asked afterwards.

“Is it the Ghost Doctor Sect’s poison?”

“No!”

Lin Ran shook his head and followed.

“The situation is urgent now, so don’t ask first, I’ll tell you more about it later!”

Although he said this, Lin Ran’s heart was a little puzzled, such a painful disease, did Ling Sa not even discover it herself before?

Or had he found it before but forgot about it later?

Lin Ran sat Ling Sa squarely on her knees, while he came to sit on his hands, also on his knees.

“I’m going to lock the toxin in your back, so bear with me! Also see to it!”

Lin Ran said quickly.

“See to it?”

Lindsay was puzzled, she could understand the need to be patient, but where did this need to be understood come from?

Just as she was thinking, she suddenly felt her nightgown being lifted together from behind, and even her arms were backed out.

“You!”

Liza’s cheeks instantly flushed, her already brushed white face now flushed with a few sickly flushes, which looked like a different kind of charm.

“I need acupuncture, sorry!”

Lin Ran said busily, following which he took out the silver needles he carried with him and immediately took one out.

The method that the pillow book said was to use himself as the root and mobilize the true qi of the medical dao in his body, using this true qi to bind the toxins in Ling Sa’s body.

Although this would not completely flush out the toxins, it would at least stop illnesses like today’s from occurring and prevent Ling Sa from suffering.

Moreover, there was another point, using the True Qi of the Medical Dao to block the toxins could also stop the manipulation of the poisoner to a certain extent.

If the other party wanted to detonate these toxins and kill Ling Sa, it would at least buy the latter some buffer time.

“I’m going to start!”

Lin Ran warned, followed by a quick drop of silver needles in his hand, hitting Ling Sa right in the middle of her spine.

“Ah!”

Ling Sa’s whole body trembled in pain, and beads of sweat unconsciously appeared on her forehead again, as the red cold poison was kicking in at this moment, and the pain would increase exponentially when the needles were dropped.

Lin Ran didn’t dare to delay and quickly dropped one silver needle after another, in just a few moments, he had already dropped a full 81 needles, and Ling Sa’s entire back was almost filled with silver needles, which looked both heartbreaking and appalling.

“Eight trigrams lock formation, condense!”

Lin Ran followed with both hands and pressed directly onto the silver needles only.

The eighty-one needles were arranged in a circle, precisely in the shape of Taiji, and Lin Ran’s hands were pressing on the two Taiji points.

The silver needles pierced Lin Ran’s palms and blood continued to drip onto the bed, while more flowed down the silver needles to Lin Ran’s back.

And as more and more blood flowed, Ling Sa’s back also gradually reacted, the originally uniformly coloured back actually took on an ice-crystal colour on one side and a red colour on the other, with the spine as the centre line.

“Here it comes!”

Lin Ran focused his attention and shielded his hands and arms with the one true qi in his body, following which he quickly poured the rest of his true qi into Ling Sa’s body.

“Ka ka ka ka!”

“Boom boom boom!”

Two distinct sounds appeared as ice crystals quickly formed on Lin Ran’s left arm, while flames slowly rose from his right arm, looking extremely appalling.

“The Red Cold Poison is really terrifying, but that’s all it is!”

Lin Ran’s heart was horrified as he watched, but with his Medical Daoist True Qi protecting his body he was unharmed, his True Qi quickly moved through Ling Sa’s body, and soon two threads, one white and one red, emerged from both sides of his spine, slowly converging towards the Yin-Yang formation laid out by the silver needles.

One point, two points, three points

After ten minutes of perseverance, the two different colored toxins finally came together, slowly rotating in a Tai Chi Yin Yang pattern.

When Lin Ran saw this, he didn't dare to be careless, knowing that the matter had come to the last moment, his eyes were fierce, followed by the formation of a seal on his palm, and at once an even more majestic medical dao true qi gushed out, instantly enveloping the toxin.

Only after this was done did Lin Ran exhale a breath, his face having a look full of exhaustion.

"It's finally over!"

Lin Ran sighed lightly and shook his head helplessly as he looked at the bed sheets that were wet with blood and sweat.

"Flop!"

The latter still had eighty-one silver needles stuck in her back, so if one or two of them were stuck in, it would be a shock.

Lin Ran did not care to rest and immediately pulled out the silver needles from Ling Sa's back one by one.

This girl seemed to be unconscious, and every time Lin Ran removed the silver needles, she would twitch a little, but she never woke up.

By the time the last silver needle was removed, Lin Ran's entire physique had recovered, except for the fact that there was a white and a red liquid of different colours slowly swirling on her back.

"Stinking Lin Ran!"

Linza rolled over and lay down on the bed, and even dreamed about it, which made Lin Ran look helpless and shake his head and laugh.

"Kid, stop laughing and hurry up and get out, there's something I forgot to tell you!"

The pillow's voice rang out once again.

"Hmm? What is it?"

Lin Ran asked in wonder.

"Er... It's like this, the Red Cold Poison has a side effect, the memory of the period before and after each attack is forgotten!"

The Pillow Book said awkwardly.

"What?"

Lin Ran was stunned at his words, followed by the feeling that a pair of angry eyes had landed on him, he was busy turning his head to look, and indeed he found that this ninja Ling Sa had woken up and was looking at himself with a pair of eyes full of anger.

"It's not Ling Sa, listen to my explanation, it's not what you think!"

Lin Ran said busily.

“Then which is it, bastard, you actually did such nasty things to me while I was sleeping, I really misjudged you!”

Lin Ran blushed in shame, the blood and sweat stains all over the bed made it hard for her not to want to think crooked.

“It’s really not what you think, you have amnesia!”

Lin Ran was busy explaining, but this explanation was obviously useless at this point.

Only to see Ling Sa’s pretty face redden as she retorted.

“You’re the one with amnesia, your whole family has amnesia, stinking rogue, dead pervert! Get out!”

“Got it!”

Lin Ran helplessly poked his hand out, seeing that things were really impossible to explain, he had to turn around and leave the room, but before he left, he struggled a little and turned around to say.

“I’m not lying to you, the aftermath of your severe poison is forgetfulness, I’ve locked the toxin in your back, if you don’t believe me, you can look in the mirror!”

Saying this, Lin Ran hurriedly fled the room.
