

Wonder Doctor

Chapter 511

Lin Ran was relieved that Ling Sa didn't follow her out and sat down on the sofa with a sip of water to suppress her shock.

"Who on earth do you think was so sick as to plant this kind of poison in her body?"

Lin Ran asked suspiciously, this poison did not belong to his own world, this alone was enough to make him curious about who the other party was, after all, to be able to get this kind of poison was enough to show that the other party's identity was definitely not ordinary.

"Who else could it be, it must be the top expert in your world!"

The Pillow Book laughed blandly.

"A top expert? Then why did he strike at Ling Sa, with his strength it would be easy to kill Ling Sa!"

Lin Ran wondered.

"That you don't understand, the mind of a top expert is not something you can figure out, but I feel that this might be a premeditated plan!"

Pillow said solemnly.

"A premeditated plan?"

Lin Ran was stunned at his words, his heart vaguely worried, just what kind of plan would it have to be to make one of the world's top experts strike out at an ordinary person?

Although Lin Ran was also considered to be from the Feng Shui world, she was nowhere near as powerful as Compulsion Yang, Granny Meihua and the others, so why would she be targeted?

"When they need it, they will exterminate it when they need it, having reached their needs!"

The Pillow Book said.

Lin Ran listened with even more worry, yet then the pillow book smiled and relieved.

"Alright, don't worry blindly, this Red Cold Poison has obviously been in this nee-san's body for quite some time, and nothing has been happening, so I'm afraid that it won't be a problem for a while!"

"This is a time bomb after all!"

Lin Ran was still a little worried in his heart and was busy asking.

"Is there any better way to help her?"

"There is, but the material is hard to find, I'll tell you later when I come across it!"

The pillow said.

Lin Ran smiled and nodded, the materials that could make even this guy say that they were hard to find were afraid that they were really very rare and might not even be found in this own part of the world.

“Well she’s coming out!”

Lin Ran was stunned by the words, and before he could react, the door to the room opened with a bang, followed by Ling Sa’s furious walk out.

“Rascal, you better explain to me!”

Lindsay threw the blood and sweat stained bed sheet onto the floor, then took out her mobile phone and threw it at Lin Ran, on which was a picture of the toxin mark on Lindsay’s back.

“What’s the explanation? Didn’t I tell you, it’s a toxin, you’ve been poisoned with a very scary and severe poison!”

Lin Ran said helplessly.

“What a lie! If I had been poisoned with a horrible and severe poison, could my master not tell me? And even if my master didn’t know, if I had really been poisoned with this poison, would I still be able to stand here and talk to you properly now?”

Ling Sa was so angry that she gritted her teeth, fortunately she had checked herself just now, otherwise if she had really been secretly taken advantage of by this brat Lin Ran, then she would have died of wishful thinking.

“You should feel lucky that you’re standing here solely because of my excellent medical skills!”

Lin Ran said nonchalantly, he was also a little upset that he had to be wrongly accused after saving someone’s life.

“Bah shameless, this is the first time I’ve seen saving someone and being able to make the sheets look like this!”

Lin Ran said in shame.

“Me!”

Lin Ran was also helpless and simply waved his hand to stop dwelling on the issue and asked instead.

“You’d better ask your master when you get back, this poison in your body is called Red Cold Poison, it’s very fast and terrifying, if even your master doesn’t know about it, then you’d better be careful!”

“Be careful of what?”

Lingsha didn’t understand, but her heart was already drumming, although she didn’t really believe that she had been poisoned, but that mark on her back was not going to lie.

“That poisoning is terrifying, and the person who poisoned you must be even more powerful than your master, so don’t presume to find the person who did it, or you will only die faster!”

Lin Ran reminded, as for the antidote to the poison and the effect of the red cold poison, he didn't say, this poison couldn't even be solved by the pillow for a while, he didn't believe that Granny Meihua had a solution.

Secondly the Red Cold Poison was too overbearing, if he told Ling Sa that her fate was in someone else's hands at any time, Lin Ran was also afraid that she wouldn't be able to accept it and do something crazy.

"And! Who believes your nonsense!"

Ling Sa scoffed and seemed completely unconcerned as she turned around and went back to her room.

However, Lin Ran did notice that this nee-san's face had clearly turned a few shades paler as she turned around.

"Hey, take it slowly, after all, whoever this kind of thing is placed on, I'm afraid they won't be able to accept it for a while!"

Lin Jean secretly sighed in his heart.

.....

Ten minutes or so later, when Lin Lin came out, the gloom on her face had been swept away and she was once again back to her previous state, and she was even carrying a bag in her hand.

"What are you?"

Lin Ran asked.

"Going home, I suffer losses every day with this jerk like you, if I carry on I might really get your way!"

Lin Ran said with a red face.

Lin Ran smiled for a moment, and was busy digressing from the topic.

"Aren't you going home to change your clothes? Just wear this back?"

Both of them were still wearing ragged cotton jackets until now, and walking down the street was too much of a sticking point.

"It's none of your business, do you know how to keep a low profile!"

Ling Sa gave Lin Ran a blank look and followed, turning around to leave.

"Hey, isn't this the way to go?"

Lin Ran was busy following him, to be honest at this moment when Ling Sa really wanted to leave, he was still a bit reluctant.

"What? You can't let go now? What did you do earlier?"

Lin Lan stood in the doorway, but there was a bit of a smile in her eyes.

"No... Yes, I meant to say, say hello to your master for me when you arrive home!"

Lin Ran said awkwardly, he didn't know what to say, he didn't have any relationship with people after all, and he didn't know where to start.

"Wimp!"

Ling Sa gave Lin Ran a blank look, followed by turning around and leaving the room.

"Hey."

Lin Ran saw this and was busy following him, but just as he stepped out of the doorway, a shadow suddenly peeked over next to him and took advantage of his unpreparedness to kiss him directly on the cheek.

"You."

Lin Ran saw that it was Ling Sa, and after all, his old face flushed.

Lindsay sheepishly turned around and took a step away, but as she walked she laughed.

"Stinky rascal, I hope the next time we meet the initiative is you, let a girl take the initiative to sit this, very embarrassing understand!"

"Er"

Lin Ran a burst of embarrassment, until Ling Sa disappeared from sight, this is to come back to consciousness.

"Wimp, letting a girl take the initiative, you're really good at it!"

Suddenly a mocking voice came from the pillow in his head, and Lin Ran retorted as he heard his old face flush.

"What do you know, I'm calling this low key, passive understand? Attractive men are passive!"

"I pooh! Shame on you!"

The pillow retorted.

"And, you don't understand, after all, you're just a book and you've never been in love!"

Lin Ran didn't bother to pay attention to it, turned around and went back to his room.

Chapter 512

It was already three o'clock in the afternoon when he checked out of the room, and Lin Ran was having a hard time standing in the street.

He didn't expect it to be so difficult to get a taxi, having waited for half an hour, but he hadn't seen a single taxi.

"It's so hard for me!"

Lin Ran sighed and took out his phone to prepare to place a taxi app, now that society was so advanced, it was impossible to make it difficult for himself because he couldn't get a taxi.

But as soon as the phone was taken out, the darn taxi appeared.

“It’s actually still full!”

Looking at the dim empty lights in front of the taxi, Lin Ran shook his head helplessly, yet he didn’t expect the taxi to actually drive straight towards him.

As the car approached, Lin Ran clearly saw that the car was already full of people and there was no room to sit.

“What is this driver up to?”

Lin Ran’s heart jumped, always feeling that there was something going on here.

The taxi soon stopped in front of Lin Ran, followed by the window rolling down, revealing a pimply-faced youth, who looked at Lin Ran with a bearded face and a giggle.

“Holy crap, is this outfit too sexy for me?”

Lin Ran was busy looking at the ragged cotton jacket he was wearing, dressed like this can attract the attention of the same sex, who can this find to reason with.

“Bro Brother, you want something?”

Lin looked embarrassed and asked.

“Ranzi, you don’t remember me!”

The youth laughed, followed by wiping his beard and took out a bun, yes a breakfast bun, from the car and raised it at Lin Ran.

“You!”

Lin Ran was stunned and followed with a blurt.

“Cai Peng!”

“Holy shit, how come it’s you! Why are you working as a driver!”

Lin Ran asked busily, Cai Peng was his high school classmate, the two had gone to school together back in the town, his family was from the town.

“It’s a long story, I didn’t expect to run into you here after not having contact for four or five years, quickly leave me a mobile number!”

Cai Peng was busy urging, Lin Ran smiled and followed by giving his mobile number to the other party.

“Alright, I’ll talk to you later, I have a customer to deliver!”

Cai Peng put away his mobile phone and said with a smile, then he stepped on the gas and scurried out.

Lin Ran laughed helplessly, it was so hard to bump into two taxis that were actually his high school classmates, the key was that the seats were still full, this was really to tease himself.

However, Lin Ran was still very happy to see his high school classmates whom he had not contacted for four or five years.

When he was in high school in the town, he and Cai Peng had a good relationship. This guy had been naughty since he was a kid, and when he first grew a beard, he took his old man's razor and shaved it, resulting in a beard in high school, plus being rather fat, everyone gave him the nickname, vegetable bun.

"It's like yesterday in a different world!"

Thinking of his old high school days, Lin Ran couldn't help but reveal a bitter smile while he continued to wait for a taxi.

But this wait was another ten minutes without seeing one, and Lin Ran was completely dead, so he sighed and opened the taxi app directly, booking a car to go home.

However, just as the order was sent, his mobile phone rang.

There was no note on the number, so it was probably Cai Peng calling, so Lin Ran picked up the phone without thinking too much.

"Ranzi, this is Cai Peng, I'm sorry, I've caused you some trouble this time!"

On the phone, Cai Peng said with an apologetic tone.

"What's wrong?"

Lin Ran wondered, he had only met with him once, how did this guy get himself into trouble?

"That, I sent the news of meeting you to my classmates group, and the result The result"

Cai Peng stammered.

"What happened to the result? Say it directly!"

Lin Ran frowned and urged.

"As a result, that bratty bitch Li Qiu urged Dai Yin to talk about having a reunion and asked me to make sure I brought you along!"

Cai Peng was full of embarrassment and said busily.

"Ranzi, otherwise forget it, Li Qiu and Dai Yin are already all the way, when they were in high school they looked down on you, if you really go, I'm afraid"

Cai Peng did not go on, what he said was also the truth.

Lin Ran's family is poor, at that time to high school can be said to be the poorest in the school, there is no one.

Back then, in order to have 50 cents left to eat dinner, Lin Ran only ate a steamed bun at noon, as for the dish that is not to mention, almost all of the three years of high school is salty.

His parents were very shrewd, especially his father, who was an opportunist when he was young.

Later, when the wind tightened, his father stopped, but the accumulated wealth made Dai Yin a truly rich second generation, and he left the country directly after graduating from high school.

As for Li Qiu, that was a total gold-digging girl who hadn't been sarcastic about Lin Ran in high school, and Dai Yin had gone the closest.

"A reunion?"

Thinking of the various insults and taunts the two had used against him in high school, Lin Ran not only laughed.

"Now my long ago is not what it used to be, I don't know how you guys will be when we meet again!"

"Time and place, I'm in for the reunion!"

Lin Ran said into the phone.

"Ran Rangzi, you're not crazy, are you sure you want to go to the reunion they're organizing?"

"Yes, sure I want to go!"

Lin Ran said firmly.

"Okay then, I'll send you the address time, well without further ado, guests are coming, let's see you tonight!"

Cai Peng said busily, followed by an additional sentence.

"Ranzi, I heard that the place they booked is very upscale, you You'd better go and change your clothes!"

After saying that, Cai Peng directly hung up the phone.

"Change your clothes?"

Lin Ran revealed a bitter smile, he understood that Cai Peng didn't mean any harm, he was just reminding himself, but did he really need to change?

"It's better to find a car first!"

Lin Ran laughed bitterly, stuck in this urban-rural area, he couldn't even get a taxi, let alone any change of clothes.

"Drip!"

Just as Lin Ran was thinking in his mind, suddenly the sound of a crisp horn came over, and when Lin Ran looked, he saw a golden Maserati parked in front of him at some point, and a big, fat man inside the car was waving at him.

"Holy shit, what's going on today? This ragged cotton jacket is attracting so much attention from the same sex?"

Lin Ran's heart was speechless, what was the magic of this ragged cotton jacket given by the pillar, even if it was Cai Peng, this fat man in front of him in a Maserati actually stopped for him.

Had his charm reached the point where he could attract even the same sex?

“The first thing you need to do is to get a good look. Did you call for an online taxi!”

Seeing that Lin Ran didn't move for half a day, the fat car owner couldn't help but shout.

“Er It's me, it's me!”

Lin Ran was full of embarrassment and hurriedly stepped forward.

“Kid, are you sure you can afford to pay the fare?”

The fat driver asked with a frown, just now he had noticed that Lin Ran's clothes were very rustic, if he hadn't seen that the mobile phone in this guy's hand was worth two dollars, he was afraid he wouldn't have even asked.

“Yes, I can afford it!”

Lin Ran laughed and opened the door of the car and got in.

He had waited for such a long time to get a car, so how could Lin Ran let him get away so easily?

“Hey hey! Watch your clothes, don't get the car dirty!”

The fat driver was busy saying.

“Don't worry it won't!”

Lin Ran laughed, already sitting in the car, and closed the door with a bang.

Chapter 513

“Where to ah?”

The driver asked with a frown, to dye Lin Ran also paid, but this dress really made his heart a little uncomfortable.

He was driving a Maserati and the taxi driver was wearing a ragged cotton jacket, the contrast simply seemed to be hitting him in the face all the time.

“Ya Xiang Hotel!”

Lin Ran laughed, just now Cai Peng had already sent him the address and time, and when he saw the Ya Xiang Hotel, he was really startled.

But following that he laughed.

“Ya Xiang Hotel? Brother, you didn't come to amuse me on purpose, did you? With that get-up, what are you doing there? Pick up rags?”

The fat driver bared a laugh.

“What? Do you look down on rag-pickers?”

Lin Ran was not angry and laughed.

“Naturally not then!”

The fat driver laughed and started the car after him, Lin Ran was dressed in dirt, he didn't bother to talk much, he hurried to the place he should go home too, it just happened to be on the way.

“Brother, your rag picking job is quite profitable in a month, right? I've heard that rag picking can earn over ten thousand a month!”

As he drove, the fat driver laughed.

Lin Ran couldn't help but laugh at his words, daring to think that this guy really thought of himself as a ragpicker.

“I'm not a ragpicker, you've misunderstood!”

Lin Ran said.

“Not a ragpicker? If you're not a ragpicker dressed like this, what else could you be? You're not an invisible rich man, are you?”

The fat driver laughed, but there was disdain in his eyes, he didn't give Lin Ran a second thought, he was just talking to him for the sake of chatting and boredom, after all, it would take nearly two hours to travel from here to the Ya Xiang Hotel.

“Indeed, he is an invisible rich man!”

Lin Ran laughed, he could not see the other party's disdain, since he wanted to chat then he could, and he was still telling the truth.

“Brother, that's meaningless, if you were really an invisible rich man, why would you need to order a car online? If you're really an invisible rich man, why would you need to order a car online?”

The fat driver scoffed, the disdain in his eyes becoming more obvious.

Lin Ran saw this and couldn't help but laugh as well, opening his mouth to ask.

“What about you, brother? Driving a Maserati out to take orders, am I the one who doesn't understand the life of a tycoon?”

“You indeed don't understand the life of a tycoon, I'm out to take orders purely for the fun of it, I'm driving this car do you think I'm short of money?”

The fat driver laughed, his face full of smugness.

Lin Ran saw this and smiled even wider.

“Brother, then you are comfortable with this day, so rich don't be ordinary with me, a poor man isn't it, this fare should I think forget it!”

Hearing Lin Ran's words, the fat driver's face instantly changed, but before he could say anything, Lin Ran spoke again.

“Oh yes, I forgot, when I got in the car just now, I seemed to have stepped in dog shit, so I’ll have to trouble you to wash the car when we get there!”

“What? Stepped in dog shit?”

The fat driver’s face changed completely when he heard that, and while stopping the car at the roadside, he said eagerly.

“You’re fucking blind, stepping in dog shit and getting in the car, I’ve got a Maserati, do you know how much it costs for a fucking service? Shit, I still have to pay to someone else at night.”

Before the words were finished, the fat driver’s words stopped with a jerk and followed with embarrassment.

“Still have to pay something to someone else, you’re not delaying your work blindly!”

“Sorry, I misread it, didn’t step in the shit and keep driving!”

Lin Ran saw the situation and laughed, followed by also will stretch out his foot, let the fat driver look at it, to make sure that did not step on the latter this time rest assured, continue to drive.

This time the fat driver was much quieter and didn’t talk nonsense, but his face was blue for a while and white for a while, very embarrassed.

Time passed quickly, when Lin Ran almost to the place, opened his mouth and laughed.

“Brother, I’ve been watching all the way and there’s something I want to remind you of!”

“What?”

The fat driver turned his head around and asked in confusion.

Lin Ran pointed to the car display in front of him and laughed.

“Better look for the person you’re handing over to, there’s something wrong with the oil display in this car, be careful of taking a loss!”

“Take a loss? You mean this oil display has been tampered with?”

The fat driver asked subconsciously, but then he was dumbfounded, wasn’t he completely exposed when he said that?

“No, you’re fucking kidding, how could my car have a problem with the oil display, stop it!”

As he said that, the fat youth’s cold sweat came down.

Lin Ran laughed at the situation and said.

“Alright, don’t pretend, this car is a rental, right!”

“You How do you know!”

The fat driver’s face turned blue when he heard this, he had pretended quite well all the way, how could he be seen by this kid.

And he had already added several orders in his own car, the other party did not see it, he also smoothly asked out several beautiful women, how today instead by a poor loser to see out.

“Along the way, you wanted to smoke several times but held back, you are afraid of dirtying the interior, right, after all, the cleaning fee is not cheap!”

Lin Ran laughed, then pointed to the steering wheel and laughed.

“You’re so careful when you take the steering wheel, and you’re even wearing shoe covers on your feet, that’s not like the habits of a car owner!”

“You”

The fat driver was now completely speechless a pair, fortunately the car had already arrived at the place, he hurriedly parked the car and urged Lin Ran to get out.

Lin Ran smiled at this and followed him out of the car, but before he got out he still kindly reminded him.

“I suggest you find a friend to ask, modifying the oil shows you a small matter, but once the private modification of the car is detected, you will have to be responsible!”

Said Lin Ran then got out of the car.

“Brother!”

Suddenly, the fat driver followed him down from the main driver, and at the same time took out a business card and handed it to Lin Ran, scratching his head and laughing.

“Good eye brother, I did rent this car, but I had no choice, I really couldn’t afford it and had to rent one to fool the one at home!”

“This is my business card, I see that you have extraordinary eyes, if you have the opportunity to cooperate in the future you can look for me!”

The fat driver laughed, he at least had some eyesight, seeing that Lin Ran could see so accurately that his car was a rental, he understood that this guy was definitely not as simple as he seemed, a poor loser? Don’t be ridiculous maybe he really was an invisible tycoon.

“Sorry about what just happened, it’s embarrassing enough to be hit in the face by you instead of pretending to be a pussy!”

The fat driver laughed, Lin Ran couldn’t help but laugh at this, this was the first time he had seen someone who had been punched in the face by himself and still came to make friends with him, there was really nothing strange under the sun.

“See you later!”

Lin Ran greeted with a smile and followed before turning around and entering the mall.

“Chen Niu! Chairman of Chen’s Coal Mining Industries Limited!”

Looking at the title on the good-natured business card Lin Ran couldn't help but smile, and at the same time was curious as to how much of a scammer the one in his family was, and how casually renting a car and printing a business card could actually muddle through.

Putting the business card into his pocket, he followed Lin Ran and walked towards the clothing section of the mall.

There was still an hour before the start of the reunion, so he decided to buy some clothes after thinking about it, after all, there were only two people he hated, and the others were still very close classmates, so he had to respect everyone since he was here.

When he arrived at the clothing district, Lin Ran found a good-looking formal wear shop and walked in.

However, just as Lin Ran walked in, he bumped into a beautiful young woman coming out, and the two of them directly bumped into each other, and the latter was even knocked onto the ground by Lin Ran.

"You're fucking blind, don't open your eyes when you walk, you've killed me!"

The young woman's mouth started to curse even before she raised her head.

Chapter 514

"I'm sorry! Sorry!"

Lin Ran scratched his head in embarrassment and followed up, ready to assist the other party.

However, just as this hand was extended, the other party dodged away, and then cursed angrily.

"Go away, don't touch me! A stinking ragpicker still wants to help me, you don't even take a piss to see what you look like!"

Said the beautiful young woman, standing up from the ground, looking at Lin Ran with eyes full of disdain, and said in a cold voice.

"Be careful next time, a ragpicker is taking the risk, can't you see that all the people here are rich! Can you afford to pay for soiling and damaging people's clothes? I'm afraid you won't be able to pay for it even if you pick up rags for the rest of your life!"

Lin Ran frowned slightly and spoke.

"This lady, I accidentally bumped into you, but you also bumped into me, I already apologised first, so don't go too far!"

"Yoyo, a ragpicker is even using idioms, why are you pretending to be an educated person? I'm too much? Fine, then I'm not going too far, let's see what you've done to my clothes, do you have money to pay for it?"

The beautiful young woman became even more arrogant.

Lin Ran sighed and shook his head at the same time, turning around and preparing to go in around the other party, but just as this step was taken, the other party laughed.

"I say, you a ragpicker shouldn't be coming here to buy clothes, do you know what this place is?"

The beautiful young woman said as she raised her head and pointed to the shop sign above, Lin Ran followed and a smile appeared on his lips.

Where he didn't know what kind of place this was, a full line of first class brand clothing shops, the lowest clothes were above four or five hundred, most of them were several thousand a piece, and there were even ones that were over ten thousand.

"What? Is there a rule that men can't enter this shop?"

Lin Ran looked at the other party and said blandly.

The beautiful young woman smiled at her words.

"Of course there's no rule that men aren't allowed in, but what can you buy when you go in? You aren't afraid of people laughing at you to death!"

Said the beautiful young woman and laughed, leaning forward and back so much.

"Does it matter to you?"

Lin Ran glanced at her indifferently and followed, ready to go in.

But it was this glance that caused the beautiful young woman to freeze, the smile on her face immediately stopped, she looked at Lin Ran in front of her incredulously, and froze for a few moments before she opened her mouth and said.

"You You You're Lin Ran?"

"Hmm? You know me?"

Lin Ran was stunned and asked rhetorically, although the beautiful young woman in front of him looked familiar, he was sure that he had definitely never seen this person, at least not in his own memory.

Moreover, the other party was still a beautiful young woman, he wasn't a flower-picking thief, how could he possibly know someone of this status

"Haha!"

Lin Ran was wondering in his heart, but the beautiful young woman suddenly laughed, not to mention how brightly she laughed, and even tears came down her eyes.

"I Li Qiu ah!"

After laughing for a while, the beautiful young woman finally spoke, and hearing this name, Lin Ran was visibly stunned.

Li Qiu, that was his high school classmate, the one who had looked down on him and mocked him out of school back then, Lin Ran even remembered it clearly.

She was the one who once poured leftover rice into his jar of pickles, causing him to gnaw on steamed buns for a week, without even having the lowest "side dish".

Thinking of some unpleasant past incidents, Lin Ran's brow unconsciously tightened and even his eyes sharpened.

"What a coincidence, I didn't expect to run into you here! Don't take what happened just now to heart haha!"

Li Qiu laughed, but this smile was as fake as it could be in Lin Ran's eyes.

"By the way, you should be attending the reunion, let's go and we'll go there together!"

Li Qiu greeted with a smile, if Lin Ran hadn't personally gone through the high school classmate stage with her, I'm afraid he would have really thought that this Li Qiu was easy-going and warm and generous.

"No, you go first, I'll go over later!"

Lin Ran said indifferently.

"Don't, it's hard to meet old classmates, so I can't leave you behind, let's go together!"

Li Qiu greeted him with a smile.

But Lin Ran frowned slightly, this Li Qiu is obviously not prepared to let himself go to buy clothes, but think about it, originally this reunion is she and Dai Yin urge, the purpose is also the purpose of the Secretary is also known to everyone, at this time ran into himself how willing to let himself go to change clothes.

"I still have to buy some clothes!"

Lin Ran laughed, she played as she wished, Lin Ran naturally had to go against her.

"Buy clothes? In here?"

Li Qiu sniffed and covered her mouth to laugh.

"Lin Ran, don't be ridiculous, we all know each other, I don't know your family's situation, there's no need to pretend to be fat, besides, your current job probably doesn't earn you much money throughout the year, if you spend all your money because of a reunion, it will make us feel guilty!"

Li Qiu was very enthusiastic and pulled Lin Ran away while saying that, not giving him a chance to enter the shop at all.

"Ai!"

Lin Ran said, "This Li Qiu's "good intentions" were really everywhere, she wanted to make a fool of herself in front of her classmates and didn't give herself a chance to buy clothes.

"Fine, aren't you waiting to see me make a fool of myself? Then let's take our time!"

Lin Ran smiled lightly and followed.

"Alright, that's not buying, we're all old classmates anyway, I don't think we'll mind if I dress like this!"

"That's right!"

Li Qiu echoed with a smile, but with a smirk under her eyes, obviously ready to see Lin Ran laugh later.

“I’ll make a phone call first, just a moment!”

Lin Ran laughed, following which he walked towards the stairwell.

“Aiya, all old friends, calling behind my back, it’s not like I’m going to laugh at your broken phone!”

Li Qiu covered her mouth and laughed, while coming to wait outside the stairwell in case this Lin Ran guy bailed.

“Such a good opportunity, let’s see how embarrassed you are later!”

Li Qiu had that joy in her heart, as if she had already seen Lin Ran being ridiculed by many of her classmates.

Her family was not well off, and she had been very gold-digging since she was young, so in order to promote herself as a rich person, she was friends with rich people, and Lin Ran, naturally, was the target of her suppression and mockery, which was a bit ridiculous to say the least, but some people were like that.

“Okay, you guys can come later, I’m afraid this reunion will take some time!”

Lin Ran said, hanging up the phone and walking out with a smile.

This phone call was exactly to Wang Yifeng and others, he bought himself a mobile phone for a day and a night without good crowd contact, he was also afraid that Song Nuan several people worried a lot, anyway, after attending the reunion will go back, it is good to inform in advance.

“Out, then hurry up and go, it’s not too early, everyone should be arriving one after another!”

Seeing Lin Ran come out, Li Qiu greeted him warmly, and then led him to the entrance of the Ya Xiang Hotel.

“Aren’t we going to order first?”

When they reached the entrance, seeing that Li Qiu had no intention of going in, Lin Ran couldn’t help but ask.

“Haha, you don’t understand, Dai Yin has already booked a private room, we’ll just wait at the entrance, we haven’t seen each other for so long, and I heard that your tablemate, the school flower Wu Meng Meng, is also back, aren’t you looking forward to it!”

Li Qiu laughed, but there was smugness in his eyes.

“Wu Mengmeng is coming too, haha! In high school, she said she believed you would be great in the future, this time when we meet, I’ll see how wonderful her face can be!”

Chapter 515

“Wu Mengmeng?”

Hearing this name, Lin Ran couldn’t help but look stunned and fell into a memory.

For three years in high school, Wu Mengmeng had been his tablemate, and at that early age of love, he had fantasised about it, but it was only a fantasy.

He even asked Lin Ran to switch seats in order to pursue the former, but the teacher was so strict that Lin Ran did not dare to switch, and what he got in the end was a severe beating.

Luckily, when he was sore, he could see Wu Mengmeng's smile, which is why Lin Ran still insisted on not changing his seat even after the beating.

But people are always realistic, and after graduating from high school Lin Ran lost contact with her, and because he didn't have a mobile phone, Lin Ran didn't even add to his class group until he met Cai Peng again.

"What? Thinking of your first love?"

On the side, Li Qiu covered her mouth and laughed, but there was mockery in her eyes.

"A poor man still wants to fall in love with a school girl, it's like a toad eating a frog, playing with quite a flower!"

"No, it's not considered first love!"

Lin Ran laughed indifferently.

"Is that so? Unrequited love?"

Li Qiu laughed, but in his heart he scoffed.

"A school beauty can look at you? Don't tease, it's a laugh, even if you find a random one, I'm afraid they won't even look at you, poor as hell, would anyone look at you?"

The two of them chatted with each other, and soon students arrived one after another.

The first to arrive was naturally not Dai Yin, but a classmate named Ah Shui, who Lin Ran remembered as being one of the more active top students in the class, but they didn't have much of a friendship, so Lin Ran just smiled at the other.

However, Lin Ran still overestimated his group of classmates a little, the other party didn't even look at him from the beginning to the end, completely treating him like air.

"Hey hey, Ah Shui let me introduce you, do you remember this one!"

Li Qiu didn't have the heart to make small talk with Ah Shui and immediately got to the point, Lin Ran was the purpose of her gathering of classmates this time.

"Him? Isn't he a ragpicker? Don't you know him?"

Ah Shui asked with a frown, he had always thought that Lin Ran was a rag collector and didn't care at all.

"Haha!"

Li Qiu laughed at his words, pointing at Lin Ran and laughing.

"Stop it, this is the great talent of our class, Lin Ran, what rag collector, how dare you tell the big truth!"

“Huh? Lin Ran?”

Ah Shui was visibly taken aback at his words and was busy looking at Lin Ran twice before he realised it was indeed him.

“Oops, sorry! Old classmates didn’t recognise you, you’ve changed too much!”

Ah Shui was embarrassed, but there was some disdain in his eyes, obviously Lin Ran had become such a mixed-up person, he was in no mood to defend his classmate’s friendship.

After chatting with Lin Ran for a while, Ah Shui chatted with Li Qiu, and Lin Ran really became an air of indifference.

Only a few female classmates gave him a glance when they arrived, followed by an expression of disgust, obviously treating him as a rag collector.

As time passed, Li Qiu was quiet this time and did not continue to introduce Lin Ran to the crowd, as if she was brewing something.

After all, with Lin Ran’s knowledge of her, this guy was no slouch, pulling himself straight from the mall and not even letting himself buy clothes, obviously ready to give himself a good taunt.

Sure enough, when a bunch of classmates were almost here, Cai Peng also rushed over, and as soon as he got out of the taxi, Li Qiu spoke up.

“Hey hey, Cai Peng is here!”

The group of students all looked over at the sound of his words and saw Cai Peng driving a taxi and couldn’t help but laugh, but many of them were still amused and scoffed except for Li Qiu who was also Ah Shui.

“I say baozi, I heard that you are not opening a company in the field? How come you’re driving a taxi? Did you rent a car to come back for New Year’s Eve?”

Ah Shui laughed, he is now working in a foreign company, although also outside, but this time back is driving a BMW, this brand face definitely to dump Cai Peng a street.

“Ah Shui, how to talk, Cai Peng’s family just had some business problems, it will be up later!”

Li Qiu said, this time the target is Lin Ran, Cai Peng she is not interested in.

“You’re broke? Do you need my help? After all, you are an old classmate, you at least have some base, or can help a little, unlike some people picking up rags for a living, we just can not help ah!”

A Shui laughed, and the moment he said that, a group of students around him laughed, but they didn’t notice that A Shui was talking about Lin Ran, who was standing on the sidelines.

Lin Ran was not angry either, and watched his performance quietly with interest.

“Kid, your group of classmates are so inhuman, taunting you like that!”

“And you, take out your skills by being counted so much!”

The pillow book was angry, at least Lin Ran was now its master, its own master was so mocked, it as a book was a bit unbearable to watch.

“What’s the hurry, the green hills don’t change, let their taunts, fly for a while!”

Lin Ran said indifferently, not taking it to heart at all.

“Alright, alright, Cai Peng hurry up and come over, counting you it’s just short of Dai Yin and Meng Meng!”

Li Qiu greeted her, although she was a gold-digger she knew the importance of connections, Cai Peng had run a company after all, as for Lin Ran in her eyes, he was just mud, he couldn’t stick to the wall.

While the crowd was talking, there was a loud roar of a car and all eyes looked over.

From a distance, the crowd could feel the impact of the sound wave, and even saw a young man inside the car who was handsome and elegant.

“Look it’s Dai Yin, Dai Yin has brought it!”

Li Qiu exclaimed, the envious earnestness on her face undisguised, not at all like how a young woman should act.

“Wow, the latest Bentley supercar hey, so jealous!”

“Yeah, I’m afraid this car must cost ten million!”

“No, but it’s about the same, whoever can marry Dai Yin is simply married into a rich family!”

“It’s like going for a ride up there!”

A crowd of students were envious.

The car stopped, followed by a young man in a designer suit, wearing a designer watch and even sunglasses worth a lot of money then jumped down.

“Old classmates, have you missed me yet!”

Dai Yin greeted with a smile as he took off his sunglasses, and at once everyone gathered around, some to chat with him, and more to look at his supercar.

“Ranzi, why did you come!”

Cai Peng stood next to Lin Ran and said with a bitter smile.

Lin Ran sniffed and glanced at him before laughing.

“We are classmates, let’s make friends if we have friendship, and let’s end it if we don’t!”

“You really have a good mentality!”

Cai Peng laughed bitterly.

While the two were talking, Dai Yin’s gaze had swept through the crowd and finally landed on Cai Peng.

“Hey Cai Peng, it’s been a long time! Where’s Lin Ran? Didn’t you say he would come too? Where is it?”

Sure enough, just like Li Qiu, Dai Yin had come for himself this time.

Lin Ran smiled and shook his head, it seemed that there were some people and things that had to be done today as well.

“Hey hey, isn’t that Lin Ran! You didn’t even see this!”

On the side, Li Qiu could not hold back long ago, pointing at Lin Ran next to Cai Peng and laughing.

“What? He’s Lin Ran?”

Dai Yin was stunned, even the group of students beside him were all frozen, no one except Ah Shui knew he was Lin Ran just now, and Li Qiu had deliberately not explained at all, waiting for this moment.

Dai Yin swept his gaze over the crowd, followed by falling on Lin Ran, and instantly smiled.

“I say Lin learner, this shouldn’t be, how did the titular learner become a ragpicker, look at everyone, you seem to be the one who is the most miserable in the mix!”

Chapter 516

“Yeah Lin Ran, is this still you? At first in school the teacher seemed to keep stressing that everyone should learn like you!”

“Haha, don’t make a scene the teacher was joking, if the teacher knew that now he was a ragpicker, I’m afraid he’d be so angry he’d crawl out of his grave!”

“Holy shit, how come none of us said he was Lin Ran when we first arrived, I thought he was a rag picker waiting!”

“Who isn’t? You guys are so bad, this is our classmate too after all!”

The crowd of students were talking, while Dai Yin laughed.

“Well, well, it’s not Li Qiu’s fault, after all, even I didn’t recognise him, I’m afraid only Cai Peng, who is the closest to him, will be able to recognise him!”

“Haha, you’ve hit the nail on the head, Dai Shao!”

A Shui laughed at the same time, it was obvious that people are divided by their own kind!

“Alright, let’s go in, we’re all here!”

There were a few students who weren’t too bad, they were all classmates after all, and when they saw Dai Yin and the three of them mocking Lin Ran and Cai Peng, some people couldn’t stand it.

“Wait, people aren’t all here yet!”

Li Qiu was busy speaking up.

“Not all of them are here? Who else hasn’t come?”

Dai Yin asked with a smile, but in fact he knew in his heart that he was just deliberately asking to irritate Lin Ran.

“Who else do you think, of course it’s our school beauty, Wu Mengmeng!”

Li Qiu laughed.

“Mengmeng?”

“Indeed Meng Meng hasn’t come yet!”

The other students said one after another, but more people looked at Lin Ran, everyone knew that Wu Meng Meng was Lin Ran’s tablemate, and when they were at school, there were many people saying that Lin Ran liked her.

“Looks like Meng Meng knows that this guy is here too, so she doesn’t want to come!”

Dai Yin laughed, and the others next to him smiled at that, although they had nothing against Lin Jean, but going with the flow would be for anyone, after all, no one wanted to be on Lin Ran’s side of the camp at this time.

“Hey, speaking of Meng Meng, I do I do remember something, who was it that said at first that Lin Ran was a great talent and his future achievements would certainly be extraordinary, tsk! I don’t know if the person who said that would sew his mouth shut when he saw what happened now!”

“Haha!”

As soon as Dai Yin said this, everyone laughed, especially Li Qiu and Ah Shui, who laughed so brightly that they didn’t even try to hide it.

“Ranzi, let’s go!”

Cai Peng’s old face was red, if it wasn’t for him Lin Ran wouldn’t have been able to come to this reunion, let alone be mocked by such former old classmates, at this moment he hated himself for being cheap and sending the news of seeing Lin Ran to the classmate group.

“It’s okay.”

Lin Ran laughed indifferently, from the beginning to the end, there was no expression fluctuation on his face, seemingly completely unconcerned with the mockery of the crowd, as if they were not talking about themselves at all.

“You

Cai Peng’s old face became even redder, the more Lin Ran was like this, the stronger the guilt he felt in his heart, but at the same time, the more he admired Lin Ran, he could not even change his face in this situation, at least this was something he, Cai Peng, could not do.

While Lin Ran and his wife were talking, Dai Yin seemed to have more than enough to say, smiling as he came over to the two of them, looking at the torn cotton jacket Lin Ran was wearing and laughing.

“Ranzi, no matter how you say it, you’re also my Dai Yin’s classmate, and this is a five-star hotel, you’re really not giving me Dai Yin face by dressing like this!”

“Hey hey, you can’t say that, Mr. Dai’s family is rich, but you also have to consider the situation of our Lin’s classmate’s family!”

Li Qiu smiled as he walked up, and then said.

“I saw Lin Ran at the mall just now, I’m the one who didn’t let him buy it, after all, they’re all so poor, can they still spend years of savings just because they came to a reunion?”

“You’re right, if that happened, we’d be sinners!”

“Haha!”

Dai Yin said, and Shui did the same, as for the others, they were also laughing, but they were obviously much more restrained, they had been mocking Lin Ran so much, which made them feel a bit bad, we were all classmates, so it was really a bit hurtful to do so.

“Hey, if Meng Meng comes and sees you like this later, I really don’t know if she will”

Dai Yin laughed, but before he could finish his words, a clear, crisp voice like a lark came from the side, directly interrupting his words.

“Will it how? Dai Yin, what are you talking about?”

The crowd smiled and looked, they could not help but be stunned, only to see a pretty figure standing not far away from the side, she was wearing a white dress, her hair black and slender spilling over her shoulders, a pair of black eyes revealed all the temperament of this person, if one word was used to describe it, it was definitely a literary beauty.

“Dream Meng Meng!”

Dai Yin stammered, drool running down the corners of his mouth, hastily body hands to wipe it away.

“Meng Meng you are so beautiful!”

Seeing Wu Mengmeng, some students immediately ran over.

“No wonder she’s the school flower, she was that pretty in high school, and now she’s even more breathtakingly beautiful!”

“It’s all female, how can we live!”

The crowd of students were envious and jealous, with different moods.

“Meng Meng, look at who this is! I guarantee you won’t recognise him!”

Li Qiu laughed and pulled Lin Ran over.

Wu Mengmeng took a look at Lin Ran and followed, then froze, and after a moment opened her mouth to ask.

“Are you Lin Ran?”

“That’s right, it’s me!”

Lin Ran laughed, so many people didn’t recognise himself apart from Cai Peng, and now there was one more Wu Mengmeng too.

“Why did you come dressed like this?”

Wu Meng Meng asked with a frown, but the frown was one of doubt, without the slightest hint of contempt or disdain, an attitude that made Lin Ran uncomfortable.

“It’s a long story, I

Lin Ran just want to explain, who knows Wu Mengmeng is a wave of the hand, directly spoke.

“No need to explain, I’m not interested, I thought your conditions would not be yourself will be angry, but I did not expect that now actually mixed like this, really let me down!”

With that, Wu Meng Meng turned around and chatted with the other students, no longer paying him any attention.

Lin Ran felt a chill in his heart, and at the same time, he also wondered why Wu Mengmeng’s eyes were clearly not contemptuous just now, but now

Soon he knew the answer, only to hear the classmate chatting with Wu Mengmeng from afar say.

“Mengmeng, I heard that you are already a teacher, that’s awesome!”

“Yes, every day is very tired, awesome is really not!”

Wu Mengmeng laughed.

“A teacher? No wonder, you don’t even show your joy or anger!”

Lin Ran laughed at himself, thanks to the fact that he thought he was proficient in Feng Shui, he didn’t even think that people didn’t see it because of their profession.

“Alright, let’s go in first, I’ve already booked the room!”

Dai Yin smiled as he looked at the crowd and greeted them, then turned his head to look at Lin Ran.

“Ranzi, you follow me, otherwise I’m afraid the others won’t let you in later, haha!”

“Haha!”

Ah Shui Li Qiu also couldn’t help but laugh out loud, and even Lin Ran saw that Wu Meng Meng, who was at the side, was actually covering her mouth and laughing too.

And it was this laugh that made Lin Ran feel like something had broken in his heart.

“Is this society this is reality? It really stings!”

Lin Ran shook his head with a bitter smile, still at the end of the crowd, and followed.

Chapter 517

A group of people towards the hotel, except Cai Peng also no one waiting for Lin Ran, two people walking in the last, about to enter the hotel, there is really a beautiful woman in uniform came over.

“Ranzi, do you want”

Cai Peng said nervously, Lin Ran understood what he meant, he was afraid of being stopped and wanted to ask if he wanted to shout for Dai Yin.

“No need!”

Lin Ran waved his hand to indicate that it was fine, but Cai Peng was still nervous.

“Hey! That rag collector at the back is my friend, no vain difficulty for him!”

Suddenly, one could only hear Dai Yin shouting from the front, immediately causing a group of people to look over, not the least of which were those of Lin Ran’s classmates.

“One by one, they are laughing so excessively, is this still a reunion!”

Cai Peng said indignantly.

Lin Ran, however, did not care about the gazes of the people around him and waved his hand to indicate to Cai Peng not to care.

The beautiful woman in the work uniform was none other than the hotel’s lobby manager, she recognized Lin Ran and could not help but blush at his words as she stepped forward and said.

“Lin Xian”

“Hm!”

Lin Ran glared at her, and the beautiful manager instantly swallowed the latter half of her sentence straight back.

In this line of work, reading people is her basic skill, with just a glance she understood Lin Ran’s meaning and retreated at once.

.....

A group of people led by Dai Yin quickly went up to the third floor, and then took their place in a private room.

To say the least, I don’t know if it was intentional or unintentional, a dozen students, but the table was surprisingly large, and what made Cai Peng most furious was that.

All of them were made very close together, while Lin Ran and his own chair were far away from theirs, as if they were two people who were isolated from afar.

“Cai Peng, come over here a bit, I still want to talk to you about opening a company!”

Suddenly, Li Qiu laughed beside him again, which made the people who were still chatting all look over.

No one present was stupid, everyone understood that Li Qiu was deliberately drawing Cai Peng in, as long as he came over, then Lin Ran would really become a loner, the one who was completely isolated.

“Ranzi!”

Cai Peng turned his head to look at Lin Ran, with sympathy in his eyes.

“It’s alright, you go ahead!”

Lin Ran laughed, without the slightest hesitation.

Cai Peng didn’t reply and turned his head to look at Li Qiu.

“No, there’s nothing to talk about when you’re all broke, you guys can just talk!”

“Don’t know how to lift a finger!”

When Li Qiu saw that Cai Peng had actually rejected him, his face suddenly turned ugly and he turned away and stopped paying attention to him.

What should have been a happy reunion had turned into a chatting session between Lin Ran and Cai Peng, a carnival for everyone else.

But this was certainly not the effect Dai Yin wanted, so he interrupted the chatter and swept his gaze across the crowd, laughing.

“Everyone, since we said it’s a reunion, let’s all stop playing with our phones, I propose that we take all our phones back and put them on the table, and whoever plays, how about punishing themselves with a drink later?”

Seemingly speaking to the crowd, Dai Yin was actually staring at Lin Ran the whole time.

“I have no problem with that!”

Lin Ran looked at Dai Yin and said calmly.

“Everyone, even Lin Ran has no problem, you shouldn’t have a problem either!”

Dai Yin laughed, as long as Lin Ran took the bait, then he had plenty of ways to make a good fool of him.

“I’m fine with that too!”

“I agree!”

“Good!”

The crowd all agreed, so they all took their phones out and placed them on the table.

“Holy shit, Ah Shui, the latest model of fruit machine, this must be over 10,000!”

When Ah Shui took out his own mobile phone, a male student at the side couldn’t help but say enviously.

“It’s not that much, it’s only eight or nine thousand!”

Ah Shui laughed.

“Look at other people, eight or nine thousand mobile phones said also, when really people are more angry than others!”

“Hey hey, Dai Yin where is yours?”

Li Qiu lost no time in asking with a smile.

“My phone can’t, back over my old man just bought, I don’t know how much it costs!”

Dai Yin laughed, while taking out his own mobile phone.

“Still say it can’t, uncle is really rich, this phone is the latest model of the flagship level, even the entry model is afraid of 15,000, this phone of yours is the top version at least 20,000!”

Li Qiu immediately complimented, and these words drew a group of people around him to look over enviously, even Wu Mengmeng looked over.

“I really don’t know yet, but it is said that this phone has a good photo function, come Mengmeng I’ll take a picture for you!”

The first thing you need to do is to take a picture of yourself.

“I haven’t taken any pictures in years.”

Wu Mengmeng blandly said, while also put his own phone on the table, moderate, not much people care.

“Still quite high and mighty, don’t blame me for not being polite if you don’t know how to behave!”

Having suffered a defeat, Dai Yin couldn’t help but have a cold look in his eyes, turning his head to look at Lin Ran and laughed.

“Ranzi, where’s your phone? Take it out, I haven’t seen you use a mobile phone since you were in high school, now that you’ve earned money you have to have one!”

“What difference does it make if you take it or not, it’s just an old man’s phone that doesn’t have internet access anyway, and you want him to compare photos with you?”

At the side Ah Shui laughed and Li Qiu couldn’t help but cover her mouth and laugh when she saw this, while speaking up.

“Ah Shui, don’t say that, Lin Ran is our classmate anyway, and he’s a rag picker, so maybe he can pick up a good phone and take out a better one than you guys have!”

“Haha! Funny round, you’re the first share!”

Ah Shui laughed, and Dai Yin, who was on the side, added with a smile.

“If it’s really that good, then I’ll have to come and claim it, it might be the phone I lost!”

“Haha!”

The duo’s one-two punch instantly caused everyone present to laugh.

Cai Peng looked at Lin Ran, his old face turned red as he wanted to say something, but in the end, he didn't say anything.

Lin Ran looked at the crowd and smiled blandly, not answering, while taking his mobile phone out, and the moment he placed it on the table, the crowd froze.

Even Dai Yin, who was laughing vigorously, was suddenly stunned.

"Holy shit, it couldn't really have been Li Qiu's words!"

Looking at the phone in front of Lin Ran, Ah Shui couldn't help but say that although Lin Ran's phone wasn't anywhere near his price point, it was owned by Lin Ran, so how could he possibly believe it.

"Look what I said, you've been hit in the face!"

Li Qiu looked to Dai Yin and laughed, but this this smile was either mocking or amused.

"Ranzi, where did you pick up this phone, place to tell me, turn around and I'll go pick up one too!"

Ah Shui asked with a smile.

Dai Yin and the others were all laughing at the words.

Lin Ran swept his gaze across the crowd and said blandly.

"I bought this phone! It's not a found one!"

"Haha!"

The group of people all laughed this time, obviously for his words no one present, except for Cai Peng, I'm afraid, believed him.

"Lin Ran!"

Suddenly, Wu Mengmeng spoke up, and the crowd couldn't help but look over, wanting to see what she would say.

Wu Mengmeng looked at Lin Ran and then spoke in a serious tone.

"Lin Ran, you may be poor now, but no matter what, you can't lie, how much money do you make a year picking up rags, this phone is nearly ten thousand dollars, can you afford to buy it?"

"Just admit that you picked it up, at least then I can still look up to you!"

Lin Ran was stunned, followed by a laughing cry and shook his head.

"No need for you to look up to me, this phone is what I bought!"

Chapter 518

"You!"

Wu Meng Meng was so angry that her pretty face turned red and she turned her head away from Lin Ran, in her opinion she was purely idle and looking for pain, her good intentions were taken as an ass by Lin Ran.

“Lin, that’s not right!”

Dai Yin smiled at this and got up, carrying her glass of wine and coming next to Lin Ran, laughing.

“Our school girl Wu is also thinking of you, for your own good, isn’t it? After all, picking up rags is hard all year round, not to mention how much money you can earn, so it’s always right to save your money!”

“Besides, you said you bought this phone, do you have proof? I also said this hotel is my family opened it, you say it does not matter, the key is to have someone believe ah!”

“That’s right, wearing beggar’s clothes and using such a good phone, the hell believe it!”

“I don’t believe it anyway!”

“I don’t believe it either!”

The other students said one by one, Lin Ran saw this and shook his head helplessly, then took out the invoice for the phone he bought from his side pocket and put it on the table.

“This is the invoice, look at it yourself if you don’t believe me!”

Lin Ran said indifferently, he was already too lazy to explain, this group of people didn’t look up to themselves anyway except for Cai Peng, so it was useless to talk more.

Seeing the invoice, a group of people suddenly stopped talking, especially Dai Yin and Li Qiu and Ah Shui, you looked at me and I looked at you, for a while they couldn’t say anything.

“Ranzi, why bother!”

Suddenly, Dai Yin bent down and spoke in Lin Ran’s ear.

“So what if you bought this phone? The money you earn in a year is only worth this phone, so is it useful to beat up your face and pretend to be fat? Can you still be richer than me?”

Saying that, Dai Yin physically brought down a plate of dishes on the table and placed it directly in front of Lin Ran, saying.

“Do you know what kind of dish this is?”

Lin Ran looked and saw that it was a lobster that had been the size of a washbasin, although he had never eaten it, but it was something that he had heard Wang Yifeng say, it seemed to be some kind of Australian large lobster, very expensive.

“I’m telling you, it’s called Australian lobster, do you know how much one costs? Thirteen thousand!”

Dai Yin laughed smugly and gave Lin Ran’s phone a disdainful glance before saying.

“Taking a luxury phone means nothing, all you have might just be the tip of someone else’s iceberg, what do you have to pretend!”

Lin Ran smiled at his words, but was too lazy to retort, words were not enough, right now he just wanted to leave, if there was no Cai Peng around.

“Ranzi, or else we”

Cai Peng understood that Lin Ran did not leave because of himself, although he did not know why Lin Ran had such a luxurious mobile phone, but he still believed that Lin Ran was not the kind of person who liked to show off.

“No, it’s not easy to see each other once, let’s just talk about us!”

Lin Ran laughed.

“Mm!”

Cai Peng nodded, but while they wanted to talk about their own, Dai Yin might not agree, having been slapped in the face in public by Lin Ran taking out his invoice and making himself look bad, how could he be let off easily at this point.

“I heard that Ranzi also successfully went to university, I wonder what major he studied?”

Dai Yin laughed aloud.

“The Chinese Medicine Department, right here in Temperance City!”

Lin Ran said blandly.

“Department of Chinese Medicine? Doctor, that’s just right, everyone is here today, why don’t you give everyone a check-up? It also saves us from going to the hospital for a medical checkup right!”

“Dai Yin, don’t go too far, today is a reunion!”

Cai Peng couldn’t help himself and opened his mouth to scold.

“What’s your fucking business, vegetable bag? Did I ask you to give everyone a check? The company is bankrupt and you’re quite broad-minded now!”

Dai Yin said coldly, without any semblance of affection between classmates in his words.

“Ranzi!”

Cai Peng looked at Lin Ran, but the latter patted him, and then got up and laughed.

“Fine, since you think so highly of me, then I’ll show you all, who’ll go first?”

Lin Ran swept his gaze across the crowd and finally landed on Wu Mengmeng.

“Why are you looking at me! I’m not interested!”

Wu Meng Meng gave Lin Ran a blank look and refused outright, clearly still angry about what had just happened.

“Starting with you, because your condition is the most urgent!”

Lin Ran didn’t care and said blandly.

“Are you sick, do I look like I’m sick?”

Wu Meng Meng chided coldly.

“Are you sick or not, don’t you know yourself?”

Lin Ran said indifferently.

“I’m not sick!”

Wu Mengmeng casually replied, and then turned away from Lin Ran.

Dai Yin and the rest of the group were already watching and hiding their mouths and laughing, as if they were watching a poor boy performing his chase after a rich girl.

“In the last few days, your neck has been hurting so badly that you even wake up at night in pain for long periods of time, am I wrong?”

Lin Ran looked at Wu Mengmeng and spoke.

Wu Mengmeng turned her head at the sound of her words, her face held surprise and she was busy asking.

“How did you know that!”

“I’m a doctor!”

Lin Ran said indifferently.

“And, if I’m right, you’ve been in this condition for at least two weeks, so I’ll kindly remind you that this illness can become very serious after a week, and may even cause very serious consequences!”

“What consequences?”

Wu Mengmeng was busy asking, although she didn’t fully believe in Lin Ran’s words, the latter’s confident tone and attitude still made her heart somewhat drummed.

“Have you heard of ankylosing spondylitis? This is a precursor of yours!”

The first thing you need to do is to get a good idea of what you’re doing.

“Then I have this

Wu Mengmeng asked blindly, viewing Lin Ran’s eyes changed.

“Pay more attention to rest, and it’s best with acupuncture!”

Lin Ran said.

“Acupuncture? Where can I do that?”

Wu Mengmeng asked busily.

“I can, I can go do it for you later! If it’s convenient for you of course!”

Lin Ran said indifferently, and as soon as those words left his mouth, all the students froze.

“You know how to do acupuncture? Ranzi, you’re even going to blow this bull?”

Dai Yin said with disdain, he didn't believe that Lin Ran knew anything about acupuncture.

"That's right, Lin Ran, you should just pick up rags, it's better to let Meng Meng find a doctor for something like acupuncture!"

Li Qiu was also busy saying.

On the other hand, Ah Shui, who was at the side, laughed at the situation.

"Meng Meng, I know a clinic that's very good, it's right next to Temperance University, I'll take you there later!"

Seeing that no one believed him, Lin Ran didn't bother to explain, and turned around and prepared to return to his as.

Wu Mengmeng saw this but was busy saying.

"Lin Ran, you really know? Acupuncture?"

"Yes!"

Lin Ran said blandly.

"Meng Meng, you really believe him, how can his medical skills be compared to the clinic I mentioned, they are said to be run by a divine doctor from the Temperance Hospital!"

Ah Shui said busily, these classmates of Lin Ran, most of them were over the fire in the town, most of the rest had gone abroad, no one at all knew that the divine doctor the former was talking about was none other than himself.

"Ranzi!"

Wu Mengmeng was a little hesitant, not knowing who to trust.

Lin Ran saw this and said with a bland smile.

"If you don't want to make a trip for nothing, contact me later, because, that clinic is run by none other than me!"

Chapter 519

"Ranzi are you serious?"

Wu Mengmeng asked suspiciously, although Lin Ran had justified his words about the condition, but opening a clinic this was not as simple as talking, without connections and strength, it would be difficult to open a clinic.

"Naturally I'm serious!"

Lin Ran said indifferently, his emotions not rippling in the slightest.

"Come on, just you? Still opening a clinic? Do you really think we're all idiots?"

Dai Yin laughed.

“Yeah Ranzi, how much do you need to spend to open a clinic? Renting a shop are small, just all kinds of herbs can put you down, still open a clinic, we are all classmates you buy this kind of mobile phone for face we can understand, but you say you open a clinic, this is a bit blown out of proportion!”

Li Qiu echoed, and A Shui, who was on the side, also laughed.

“That’s right, I’ve been to the clinic you’re talking about, it’s run by a beautiful doctor, I didn’t hear that you run it, you should have picked a better time and place to blow off steam, do I have to expose you?”

“Believe it or not is your business, I’m just curious, are all your mobile phones just for show? Don’t you know how to check the internet yourself?”

Lin Ran said helplessly, his own group of classmates either lived in the town or had gone overseas, no one actually believed in the clinic he opened, but he didn’t bother to explain, such classmates he didn’t want to maintain the classmate friendship at all.

“Look online? And, I’d like to see what medicine you’re selling in your gourd!”

Dai Yin sneered, followed by picking up his phone and checking it out, Li Qiu and Ah Shui also picked up their phones when they saw this.

All the students took out their phones and looked it up, even Wu Mengmeng looked it up.

“Hey hey it’s really true, Lin Ran, the former director of the Chinese medicine department at Tamkang Hospital, left to open his own clinic, location”

On the side, Cai Peng was the first to read it out, he was the one who believed in Lin Ran the most and was the first to look it up when the latter said to look it up online.

“Hey hey, I’ve searched here too, the little miracle doctor Lin Ran of the Temperance Hospital!”

“It’s really there hey!”

“Yeah yeah yeah!”

All at once, everyone exclaimed, while Dai Yin Li Qiu as well as Ah Shui were looking with gloomy faces, obviously a little upset.

“Pop!”

Dai Yin fiercely placed his phone on the table and spoke.

“Everyone, don’t jump to conclusions just yet, have you ever noticed the introduction on it?”

“What does it mean?”

Li Qiu asked busily, and Ah Shui and the other students looked over.

“It says “Lin Ran, former head of the Chinese medicine department at Tamkang Hospital”, don’t you think that’s strange? You guys went to university in China, and if I counted correctly, you just graduated last year!”

Dai Yin said in a cold voice, the crowd was shocked at the words, they all looked down at their phones, only to see that under the introduction column clearly wrote the time of leaving, it was the end of last year, that is, four or five months after just graduating.

“Right, four or five months after graduating from university, he became the director of the Chinese medicine department at Tamkang Hospital and left his job, that means Lin Ran became the director of the Chinese medicine department at Tamkang Hospital within four or five months of just graduating, that’s a bit too far fetched!”

Li Qiu was the first to react and spoke up.

“Yes, yes, I also think it’s fishy, it’s not bad to have just graduated from university and be transferred to the director, it’s a bit too fake!”

Ah Shui also echoed, the three of them singing in unison immediately made the other students believe a few things too.

Only Cai Peng still believed Lin Ran and spoke back.

“Didn’t you guys see the introduction, the little miracle doctor! If Lin Ran’s medical skills are really that high, it’s not impossible for him to break the rules, after all, he was an academic bully in high school! Don’t you guys forget that!”

“A bully? You think Chinese medicine is that easy to learn?”

Dai Yin laughed.

“But since you don’t give up, and Ranzi has to say that this is him on the internet, there is no proof, let’s pull out the mule or the horse!”

“What do you want?”

Cai Peng asked with a frown.

Dai Yin smiled at his words and looked at Lin Ran.

“You said you run the clinic and the little miracle doctor on the internet is you, fine, show your strength to prove yourself, we have so many students here now, do you dare to examine everyone one by one?”

Lin Ran sniffed and looked at him, not saying anything.

“Why don’t you dare? Weren’t you so tough just now? Why did you wimp out as soon as you said you wanted to check? Or were you just bragging all along, my fellow Lin?”

Dai Yin laughed coldly.

“I think it’s 80% bragging!”

Ah Shui agreed, while Li Qiu, who was on the side, was busy speaking up.

“Okay, okay, you guys have to poke holes in someone’s bragging, don’t they want to lose face?”

“Haha!”

The crowd burst into laughter, Li Qiu was the kind of person who really damaged Lin Ran without using dirty words, it could not be said that he was not scheming.

“You guys really want to see a doctor?”

Lin Ran glanced at the crowd indifferently and spoke.

“That’s natural, I’m afraid you wouldn’t dare!”

Dai Yin laughed, he had already made up his mind that later on, no matter what condition Lin Ran said he had, he would simply deny it, admit it? That was out of the question.

“Then let’s begin!”

Lin Ran directly ignored Dai Yin, turned his head to look at Cai Peng and spoke.

“You have damage to your lumbar spine and are accompanied by a poor diet, poor sleep quality and a habit of frequent dreaming!”

“You How do you know?”

Cai Peng was stunned and busy asking, he did have these symptoms, but for fear of his family worrying, he hadn’t told anyone.

“Look out, your skin is yellowish, dark circles under your eyes are obvious, bloodshot eyes are higher than normal, it should be related to the stress of your previous business venture, plus the recent change of career to be a driver, staying up late for a long time as well as being on the computer easily causes these symptoms! We suggest you to rest more and exercise properly, the situation is not serious and will slowly heal!”

After saying that, without waiting for Cai Peng to reply, Lin Ran turned his head to look at Wu Meng Meng, but followed it with a smile and turned it back to look at Li Qiu.

“You have visible discolouration on your face, which you still can’t hide even with a very thick foundation, and is accompanied by endocrine disorders and regular irregular menstruation, am I right!”

“Isn’t it normal to have irregular periods, and since I’m married, it’s normal to have blemishes!”

Li Qiu said awkwardly, while her heart was shocked, but her mouth refused to give in.

Lin Ran also didn’t care and continued.

“If you continue to stay up late and use thick makeup, I guarantee that this condition will increase for you, and it will even cause infertility in your eyes!”

“You!”

Li Qiu was now completely anxious, infertility, if she could not have children then her coal boss husband, would not he have to repudiate himself.

“Go to the hospital and prescribe some medicine to regulate your body, insist that the movement will be fine!”

Where Lin Ran did not understand her anxiety, a bland smile, followed by a look at Ah Shui.

“You, long-term alcohol abuse, beer belly is very obvious, constipation indigestion, sleep deprivation night sweats body weakness, belong to the typical modern sub-healthy lifestyle caused by!”

“I ...”

Ah Shui was said dumbfounded, however Lin Ran was already looking at the next classmate.

A dozen students, in just under ten minutes, had all been looked at by Lin Ran, and after looking at them, they were actually all silent, pondering the solution Lin Ran had given, and seeing this scene, Dai Yin’s face was completely cold.

It was obvious that everyone’s condition had been stated by Lin Ran, which made his face feel hot.

“What about me!”

Undeterred, Dai Yin looked at Lin Ran and asked after him.

“You? It’s better not to ask, you’re not very sick, I’m afraid you won’t be able to bear it!”

Lin Ran said indifferently.

Chapter 520

“What did you say!”

Dai Yin’s face sank at his words, and he first became slightly angry.

Although he didn’t really believe Lin Ran’s words, but after all, there were so many previous cases laid out, although he didn’t want to believe it, but hearing Lin Ran say that, his heart was still always a little unsettled.

“You heard me very clearly!”

Lin Ran returned indifferently.

“Tell me clearly how I am, what does it mean to be so sick, if you can’t tell me, then you are a complete liar!”

Dai Yin said in a cold voice.

“Whether I’m a liar or not, everyone already knows in their hearts, as for you, forget it!”

Lin Ran’s face remained calm, the more he didn’t say, the more hairy Dai Yin’s heart became, fearing that he really had some incurable disease, knowing that the richer a person was, the more they cared about their lives, this was an unchanging truth.

“Hurry up and say it!”

Looking at Lin Ran, he scolded.

“Jingle bell!”

Suddenly, just then Lin Ran's mobile phone was ringing, picking it up to see that it was Wang Yifeng calling, Lin Ran glanced at Dai Yin and followed it up.

"Hey, Ranzi, where are you? We've arrived right in front of the shop!"

"So soon?"

Lin Ran was surprised, it hadn't taken long to think that Wang Yifeng and the others had already rushed over.

"Don't talk nonsense, hurry up and tell us where we are, you don't know that these two ninnies, Qin Bing, are driving Master Fatty to death!"

On the phone, Wang Yifeng hurriedly urged.

Lin Ran could imagine how much pressure Fatty Wang had been under during the past few days of his disappearance, not only did he have to face the four girls' questions, but he also had to bear the self-blame within himself, and he even had to worry if the four girls would blame him, which was why they were now rushing straight over.

"It's on the third floor, you guys come up!"

After telling Wang Yifeng the room number, Lin Ran was ready to hang up the phone, but at this moment, Dai Yin walked over with quick steps, and with a "pop" he directly grabbed the phone from Lin Ran's hand and put it on the table.

"Something wrong?"

Lin Ran looked at Dai Yin with a slight frown.

"See a doctor!"

Dai Yin said in a cold voice, an irrefutable tone in his words.

"You don't want to know!"

Lin Ran said indifferently.

"That's my business!"

Dai Yin grimaced.

"No, Lin Ran, what exactly is Dai Yin's illness that even you won't talk about, so isn't it serious?"

On the side, Li Qiu was busy speaking up and asking.

"Right, Ranzi, we're all classmates, if Dai Yin really has some kind of disease, you have to tell him, otherwise it wouldn't be a disservice to him!"

The other students at the side also said.

Ah Shui, however, had a disdainful face and laughed.

“Dai Shao, I think you are just too nervous, you really believe his bullshit, I think nothing is wrong with you at all, he is just scaring you!”

“Scaring me?”

Dai Yin’s face sank at his words and he turned his head to look at Ah Shui.

“What about you? The look on your face when he said something about your condition didn’t believe it!”

“I I that indeed It is indeed true, I can’t help but believe it!”

A Shui embarrassed said, at the same time in his heart cursed Dai Yin is not something, he helped him to speak, this guy is now good to turn around and bite himself.

“Your one is real, what if my illness is also real!”

Dai Yin said angrily, unknowingly, he had completely believed in Lin Ran’s medical skills, and at this moment, he just wanted Lin Ran to speak up and tell him what exactly his illness was.

“Lin Ran, I’ll ask you one last time, can you tell me what disease I have or not, if you can’t, you’ll admit in front of everyone that you’re a liar, a poor loser who’s deliberately bragging here!”

Dai Yin turned his head to look at Lin Ran and said in a cold voice.

“And what if I say it?”

Lin Ran asked indifferently.

“If you can say it, I’ll immediately go to the hospital for an examination, and as long as what you say is true, I’ll immediately make amends like you!”

Dai Yin said in a cold voice, and for a moment all the students fell silent, wanting to see what Lin Ran would reply.

Lin Jean swept his gaze over the crowd before looking at Dai Yin and smiling.

“Your illness is quite serious, so it’s for your own good that I don’t want to talk about it, you can go back to the hospital and get checked out, why do I have to say it here!”

“Haha!”

Dai Yin smiled but laughed, he pointed at Lin Ran and laughed.

“After all this talk and bullshit, you still can’t say it out loud, I think you’re just a liar who’s here to make a scene!”

Dai Yin said and looked at the crowd and laughed smugly.

“Do you believe me, Dai Yin, when I say I am sick? I look like I’m sick!”

With a slap, Dai Yin slapped the table directly, causing the dishes to rattle.

“You don’t look sick?”

Lin Ran stood to the side and said blandly.

“What the fuck are you talking about!”

Dai Yin’s face turned red as he smiled, if we weren’t all classmates, if there weren’t so many people here, he would have beaten the latter up violently just based on Lin Ran’s words.

“I think you’re a fucking liar! I pooh!”

Dai Yin spat at Lin Ran, followed by sweeping his gaze over the crowd, he didn’t believe Lin Ran, but he couldn’t help the people present believing, so he still needed a means to pull these people’s hearts together.

“Everyone, do you know what my plans are for my return to China this time?”

Dai Yin looked at the crowd and said indifferently.

“What do you mean?”

Li Qiu was puzzled, and Ah Shui and the other students looked at him with the same puzzlement.

Dai Yin followed with a disdainful smile and said.

“I, Dai Yin, am coming back this time to make a big splash in Tamkang City, have you heard of the leading company in Tamkang City, the Luo Group? My next step is to directly approach them for cooperation!”

When he said this, Dai Yin’s face was full of smugness, after all, Temang is the Luo’s enterprise, that’s really not something that anyone can just cooperate with.

“I’ve even contacted the young male of Luo’s enterprise, and will meet in a couple of days to talk about cooperation, you say! Would I get sick with such a big ambitious revenge?”

Said Dai Yin, looking towards Lin Ran and baring a smile.

“Ranzi, we all went to school together, so don’t blame me for not giving you face, so what if you really opened a clinic? So what if you’re really a little miracle doctor? Without money, you’re just a piece of shit in my Dai Yin’s eyes! Do you understand? You’re worthy of making an impression in front of me?”

“Don’t you know why Wu Mengmeng didn’t see you back then? You want to fight with me, are you worthy?”

“Do you know what status the Luo family has in Tanjiang City? If you want to see more, I can give you a ticket to visit the Luo family the day I work with them, so you can have a good look around and see what level I’m in contact with.

With that, Dai Yin turned around and was about to return to his seat, but just then, an angry voice rang out from the table.

“I’ll fuck you, you fucking wait for Master Fat!”

The crowd was stunned and looked at the table to find that it was Lin Ran’s mobile phone that had come in.
