

Wonder Doctor

Chapter 531

Collecting his true qi, Lin Ran couldn't help but let out a long breath of relief, finding the gold swallowing stone in the old man's body had taken him by surprise.

"Brother Lin Ran? I wonder if ...."

At the side, Li Sheng had been waiting for a long time, and when he saw Lin Ran open his eyes, he was busy coming forward to ask.

However, Lin Ran did not answer, instead his gaze fell on the corner of Elder Li's mouth, only to see that on the side of the corner of his mouth, there was a small black spot that seemed to be the remnants of something.

Lin Ran brought a piece of paper and gently wiped the black spot off the corner of the old man's mouth, placed it in front of his eyes and looked at it, then sniffed it again, a very unseemly action that caused Li Sheng to frown slightly.

"Brother Lin Ran, what are you doing?"

"Nothing, found something!"

Lin Ran laughed, while putting the paper aside, and then said.

"Just as I guessed, your father's soul is no longer in his body, and to put it bluntly, he is now a living dead body!"

"What?"

Li Sheng's face changed at his words, and his handsome face was filled with a wave of anger and killing intent.

"Can you find my father's soul? Also find out who did it? As long as Brother Lin can find out, you can ask for any kind of remuneration!"

"It's not a matter of payment, and as I said before, Wu Shen Mu!"

Lin Jean said as he took out the Wu Shen Mu.

"Weng!"

As soon as the Wu Shen Mu was taken out, it trembled rapidly, and wisps of black light continued to gush out from within the Wu Shen Mu, as if something was about to burst out.

"Brother Lin Ran, do you mean that my father's soul is within this dustless wood?"

Li Sheng asked busily.

"That's right, since you know about this Wu Shen Wood, then I think you should also know its properties well, but why your father's soul is inside this, that's something I can't tell you for now!"

When he said this, Lin Ran's gaze however glanced outwards and followed in a loud voice.

“However, I will soon find out the murderer! It’s not just for you and the old man, it’s for my friend’s business!”

“Ridiculous!”

Lin Ran’s words had just fallen, and before Li Sheng could answer, Daoist Master Sequoia outside spoke up.

“Sir Li Sheng, this kid is an uneducated liar, you can’t be fooled by him, taking a random piece of wood and claiming it to be wu shen wood, and saying that a human soul lives inside, don’t you think that’s too much bullshit?”

Saying that, Daoist Master Sequoia actually walked in from outside and looked at Lin Ran in a cold voice.

“Besides, I’m also a Feng Shui master, you can’t fool me about such things!”

Luo Cheng also followed him in and spoke.

“Daoist Master Hong Suan, how do you say this, this wu sink wood was found exactly from within the mountain, and this wood is so alien, there is how it is ordinary wood, can’t you see all this?”

“Red cedar, say what you think!”

Li Sheng surprisingly did not get angry, instead, he looked at Daoist Master Red Suan and asked.

“Yes, Lord Li Sheng!”

Daoist Master Red Cedar bowed respectfully at his words, and then said.

“It’s true that wu sink wood is Yin in nature, but does that mean that there are spirits living inside? Even if there is a soul living inside, who can prove that it is Master Li’s!”

Speaking here, Daoist Master Sequoia looked towards Li Sheng and said nervously.

“Sir Li Sheng, you have no idea, if the soul inside here is not Master Li’s, and once it is allowed to enter Master Li’s body, then it will inevitably cause a collision with Master Li’s soul, and what problems will occur then, no one can predict!”

“What is the most serious consequence?”

Li Sheng asked with a tight frown.

“A damaged soul, similar to a vegetable!”

Daoist Master Sequoia solemnly said, and Li Sheng’s heart sank when he heard it, his brow furrowed a few degrees tighter.

Li Sheng’s reaction made Daoist Master Red Cedar quite satisfied as he looked towards Lin Ran smugly and said.

“Kid, I admit that you have two brushes, but there are times when you have to know how to advance and retreat. If you know what you’re doing, get out of my sight or I’ll be rude!”

“You’re not polite? It seems that Daoist Master Sequoia has never been polite to me!”

Lin Ran said indifferently, then looked at Li Sheng.

“Sir Li Sheng, there is something I must tell you, according to the time projection, Master Li should have been in a coma for six days now, which means that today is the seventh day, and as long as the soul still hasn’t returned by midnight tonight, do you know what will happen?”

“What is it?”

Li Sheng asked, frowning.

“Then it will never come back, after a person dies there is the seventh day of the head, these seven days are the seven days for the soul to return to the fond world, and if a person’s soul leaves the physical body for seven days, unless a special method is used to preserve the soul, the physical body will rot and the soul will scatter, and there will be no place to die!”

Lin Ran solemnly said, and Li Sheng listened with obvious bewilderment, his palms unconsciously tightened a few points.

“I don’t know if Daoist Master Red Cedar did it on purpose or if he really forgot, he didn’t seem to have talked to you about this!”

Lin Ran looked at Daoist Master Sequoia and said blandly.

“You! What need is there to say about this, I am also trying to find the soul of the old man!”

Daoist Master Sequoia’s face was ironic.

On the side, Li Sheng’s gaze had changed, because Daoist Master Red Cedar had indeed not said anything about this, and today was indeed the last day, the seventh day.

“There is one more thing I would like to say, before that Luo Cheng and I met Daoist Master Red Cedar at the mountain villa, Master Li is in critical condition, and he also said he was searching for Master’s soul while he was also within the mountain villa, all this already shows that Master’s soul was within the mountain villa before, so whether to draw out the soul into the body or not, Sir Li Sheng decide for yourself!”

After saying that, Lin Ran blandly turned around and did not speak, what he could say had already been said and done, what was left was up to Li Sheng’s own judgment.

Li Sheng did not say anything, just frowned tightly, pondering how to decide.

Time passed by minute by minute, and after a full incense stick of time, finally Prince Li Sheng raised his head and looked at Lin Ran.

“Draw the soul into the body!”

“Duke Li Sheng mustn’t! This kid is fooling you!”

Daoist Master Sequoia saw this and was busy saying, however, Li Sheng gave him a look and said blandly.

“I have my own judgement, there is no need to say anything!”

“But ....”

Daoist Master Red Cedar still wanted to say something, but on the other hand, Lin Ran had already made his move.

He saw his hands form a seal, “bang bang” and slapped it directly on the Wu Shen wood.

And with the black Qi so, the originally quiet Old Master Li suddenly coughed violently, while a voice also sounded.

“Sheng’er, I am ..... What’s wrong?”

“Father!”

Seeing that his father had indeed woken up, Li Sheng’s eyes instantly reddened and he busily ran to the bedside.

Lin Ran smiled and turned his head to look at Daoist Master Sequoia.

“Daoist Master Sequoia, do you have anything else to say?”

Daoist Master Red Cedar’s face was as gloomy as water as he glanced at Lin Ran and coldly snorted as he flung his sleeve robe.

“Humph! You are just lucky, since the old master has woken up and the matter of the mountain villa has been resolved, it is useless for me to stay, let’s not change the green hills and the green waters!”

“Farewell!”

He said and turned to leave.

However, just at that moment, Lin Ran spoke.

“Stand still! Daoist Master Sequoia, isn’t it too irresponsible for you to leave like this!”

Chapter 532

“Responsibility? What responsibility does I have? Do I have to take responsibility for not curing Master Li? This is the first time I’ve heard of such a sophistry!”

Daoist Master Sequoia said in a cold voice, his eyes full of resentment.

“Brother Lin Ran, why don’t we just let him go, it’s useless to stay here anyway!”

Luo Cheng laughed, he really didn’t like this Daoist of the Redwoods, anyway, Elder Li had woken up and it was time for them to leave, so what did they care about this Daoist of the Redwoods.

“Brother Lin Ran, my father needs to rest, it’s better to let him go!”

On the side, Li Sheng also spoke up.

Lin Ran, however, shook his head.

“You two, if you let the murderer go, are you sure you won’t regret it?”

“The murderer?”

Luo Cheng and Li Sheng were both stunned at the words, especially the latter, who had just asked Lin Ran if he could find the murderer, and in the blink of an eye, Lin Ran was saying that Daoist Master Red Cedar was the murderer.

“Brother Lin Ran, where does this come from?”

Li Sheng asked busily, his father had just woken up and followed him to sleep, so he didn't need much how to take care of him at this point.

“Kid! You better tell me clearly, who are you calling a murderer!”

Daoist Master Sequoia looked at Lin Ran and chided him coldly, his face full of anger, as if he had truly been wronged.

“Who am I saying is the murderer, don't you have a point in your own heart?”

Lin Ran said indifferently.

“You say I'm the murderer, am I the murderer? Where is the evidence? If you can't produce evidence today, I'll look good if I do!”

Daoist Master Sequoia said in a cold voice.

“Ranzi, you .....”

Luo Cheng was busy coming up, his face full of worry.

“Don't worry, if I say he's the murderer, I can naturally produce evidence!”

Lin Ran said indifferently.

The fact that Luo Cheng saw that Lin Ran was so confident, his tense heart couldn't help but loosen up a bit, all along the words Lin Ran had said had rarely not been fulfilled.

Li Sheng, however, listened with a frown and got up to come beside the two, watching quietly without saying anything.

“Fine, then I'll wait for you to produce evidence, but I can say something ugly in front of me, if you can't produce evidence today, don't even think about leaving the Li family's gates!”

Said Daoist Master Red Cedar, looking at Li Sheng at the side, and said in a hard tone.

“Sir Li Sheng, you don't have a problem with that, do you!”

“It's better to wait until Lin Ran has finished speaking, if he is really slandering you, he will naturally be left to you to deal with, but not in my Li family, after all, he has just cured my father!”

Li Sheng said blandly.

Daoist Master Sequoia's eyes narrowed slightly at his words, and his heart was a little upset, but it was good enough for Li Sheng not to interfere, and he wouldn't make a fool of himself at this point.

“Yes!”

Daoist Master Sequoia smiled blandly and turned his head to look at Lin Ran.

“Kid, show your evidence, I came here this time at Master Li’s invitation, I want to see how you can prove that I am the murderer!”

“Well, don’t worry, I’ll prove it!”

Lin Ran said indifferently, following which he turned his head and picked up the tissue he had placed on the table before and handed it to Li Sheng.

“Sir Li Sheng, you should know this thing!”

“This is?”

Li Sheng was a little puzzled and took the tissue paper and looked at it.

“This is the herbal medicine that Daoist Master Red Cedar prepared for my father, it seems to be named Vitality San!”

“That’s right, it’s vitality san, it’s blended with Cordyceps as well as ginseng and snow lotus, with Tibetan flowers, it contains dozens of herbs that nourish the qi and blood, how come there’s something wrong with this medicine too?”

Daoist Master Sequoia looked at Lin Ran and said disdainfully.

“Kid, what I want is the evidence you produce, not you talking nonsense here, it’s hard for the old man’s herbs to have problems too!”

“Naturally there are problems!”

Lin Ran said blandly without a care in the world.

“I studied Chinese medicine at university, so in terms of the medicinal properties of herbs, I’m afraid that Daoist Master Sequoia is inferior to me.”

“Not as good as you? What are you, I’ve eaten more salt than you’ve eaten rice, you’re worthy of showing off your knowledge in front of me!”

Daoist Master Sequoia said disdainfully.

Lin Ran was indeed unconcerned and laughed blandly.

“Whether you’re worthy or not, you’ll find out next, Daoist Master!”

With that Lin Ran brought the incense burner to the side and smoked the remnants of the medicine on the paper towel, the Daoist Master Red Cedar’s face instantly changed at this scene.

“What are you doing, brother Lin Ran?”

Li Sheng was puzzled and busily asked.

“Both the Tranquilizing Incense and this medicine itself are very good herbs, and alone they are also a great tonic or tranquilizer for the patient, but do you know what will happen if you use them together?”

Lin Ran said indifferently.

“What consequences?”

Li Sheng was busy asking, as it was about his father, he naturally wanted to know very much.

Lin Ran smiled lightly and followed by turning the paper towel over, immediately Li Sheng and Luo Cheng saw that the original black herbal residue had actually melted away, drops of black liquid flowed down the paper towel, and a pungent stench filled the area where it passed.

“After mixing with the herbs, the anthroposophic incense is no longer a tonic, but a chronic poison, and when taken for a long time, the human body’s functions are damaged tremendously, which is why the old man’s soul has now returned to being, but is still in a deep sleep!”

Lin Ran said indifferently, while looking at Daoist Master Sequoia.

“Daoist Master, if I’m not wrong, as long as the old man’s soul doesn’t return to its place after today, his old man’s body will definitely decay within a day, am I right!”

“You! What a load of nonsense, I have no idea what you are talking about!”

Daoist Master Sequoia’s face turned ugly, and his speech became stammering.

“Brother Lin Ran, then my father he was poisoned ....”

Li Sheng did not care about Red Cedar and was busy asking Lin Ran, his father’s body was the most important thing now.

“There is no harm, the soul returns to the place those toxins will slowly be expelled, after all, it is a chronic poison, the toxicity will not be very strong, resting for a few days will heal!”

Lin Ran said indifferently.

“Many thanks! Thanks a lot!”

Li Sheng was busy saluting, which caused Luo Cheng to be stunned, with the former’s pride and status, actually saluting Lin Ran was the first time he had ever seen that.

On the side, Daoist Master Sequoia’s face was ironic, seeing this he said in a cold voice.

“Lin Ran, even if what you say is true, so what, after all, I am only a Feng Shui master not a Chinese medicine master, and it is normal to make mistakes with medicine

Does this mean that the murderer is me? That’s unreasonable!”

“Don’t rush, I’m not finished yet!”

Lin Ran smiled lightly and continued.

“Previously at the Villa, when I found the wu sink wood you obstructed me in every way, and even lied that the wu sink wood was ordinary wood, and that was fine, but later I found that where one of the wu

sink wood was, there was obvious loosening of the soil, apparently the money had been purposely checked before, and within the entire Villa, you were the only Feng Shui master, right, is there an ordinary person who has nothing to do with digging up wood for fun? ”

“You!”

“Don’t you! Later, I found the wu shen wood, sixteen pieces of wu shen wood fused and it was you who triggered its soul to attack me, right, you think I don’t know about your existence just because you are hiding outside?”

“Nonsense!”

Daoist Master Sequoia argued.

Lin Ran, however, sneered and continued.

“Just now, when I proposed to let the old man’s soul return to its place, you were again obstructing everything, and when the old man had just woken up, you wanted to leave, what explanation is there for that?”

“You can deny all of this, after all, there is no direct evidence to prove it, but all the sides can prove that you are highly suspect!”

Saying this, Lin Ran turned his head to look at Li Sheng and laughed.

“Sir Li Sheng, I have made it very clear, there is no need for me to say more about who is most suspicious, and besides, do you really know Daoist Master Sequoia?”

Li Sheng was stunned at his words, his eyebrows frowning slightly as he spoke.

“Not very well before, but in the future, I will know very well, within an hour, I will find out all the details about him, whether he is the murderer or not, we will know then!”

“Li Sheng you!”

Daoist Master Sequoia’s face sank at his words, followed by instantly turning cold, his sleeve robe waved violently, and at once the floating dust was flung at Li Sheng.

“Since you want to investigate me, then you should go to hell first!”

Chapter 533

“Sequoia!”

Li Sheng was shocked at the sight, but did not panic, he had at least seen the world, although Red Cedar’s rebellion surprised him a little, but he was still calm.

“Red Cedar you are worthy to be called, give me death!”

Daoist Master Red Cedar’s face was gloomy as the floating dust in his hand crossed an arc, followed by all the tiny white filaments that actually seemed to come to life, rushing towards Li Sheng’s face and stabbing him directly.

The white threads were like sharp blades, and if they were stabbed, it would be a question of whether or not they could stay alive, not to mention alive.

“Stop!”

On the side, Lin Ran moved, he had expected that this old man would kill him, but he did not expect that the target he chose would be Li Sheng.

With an arrow step, Lin Ran followed and already blocked in front of Li Sheng, his hand with true qi slapped out, instantly blocking all of Daoist Master Red Cedar’s floating dust.

“Sir Li Sheng!”

On the side, Luo Cheng hurriedly stepped forward to protect Li Sheng, this guy’s old man was still in bed, he couldn’t leave his old man and run away by himself, so protecting them both was the key.

“Humph! Ruining my good deed, boy your days are over too!”

Daoist Master Sequoia’s face was icy cold as he swung the floating dust in his hand once more and charged at Lin Ran.

Lin Ran had no idea what he was capable of with his kung fu. He had been able to fight even the head of the Compulsion Pavilion, Compulsion Yang, at the Ten Thousand Ren Rengshan Mountain, let alone a mere Daoist Master Red Cedar.

“You don’t measure yourself!”

Lin Ran snorted coldly, his feet accelerated fiercely, and his entire body instantly charged towards Daoist Master Red Cedar with a speed that was almost like lightning.

“Bang!”

In an instant, a heavy muffled sound landed precisely on Daoist Master Sequoia’s chest, and before the latter could react, his entire body flew backwards, smashing through the door of the room and landing on the ground outside with a thud.

“Butler Li, go in and take care of your young master!”

Lin Ran jumped out after him and scolded the dumbfounded butler Li.

“Yes ..... Yes!”

Where did Butler Li dare to ask more questions, he immediately ran into the room.

And at this moment in the room, Li Sheng’s entire person had been completely dumbfounded, the speed of Lin Ran’s strike just now was not even clear to him, which made him very surprised in his heart.

He knew that the business he was in was not something that ordinary people could do, and because of his business, his eyesight was much higher than ordinary people, and he had never even told outsiders that he actually knew martial arts himself.

But it was Lin Ran’s blow just now that he asked himself, if he were in his place, he would only be able to barely parry it and would not be able to dodge it at all.

“What exactly is the origin of Brother Lin Ran?”

Li Sheng was busy turning his head to look at Luo Cheng.

“I don’t know, but he is my friend, so naturally he is also your friend, it is enough for you to know that!”

Luo Cheng laughed, and Li Sheng nodded at his words.

In their line of work, he still knew the rules, what to ask and what not to ask, he had a scale in his heart.

He also said that Lin Ran was his friend, and that was enough, as for the rest it didn’t matter.

Outside the door, Lin Ran looked at Daoist Master Sequoia who had fallen to the ground, his expression indifferent, without the slightest fluctuation of emotion.

“Will you surrender yourself, or will you wait for me to beat you into surrendering?”

“Brat, I really underestimated you, but what do you think you are, even if your strength is stronger than mine so what? I have been able to climb to my current position, how can you imagine the trials and tribulations I have gone through!”

Daoist Master Sequoia brought out two mouthfuls of blood in three words, and his whole face was hideous and terrifying.

“It seems that you are undying, so come on!”

Lin Ran said indifferently, while his feet stepped forward and charged at Daoist Master Red Cedar once more.

“Insolent little boy, go to hell!”

Daoist Master Sequoia was so vicious that his entire body bowed up, and the floating dust in his hand was flung directly at Lin Ran, but the floating dust only flew for half a second before it was smashed by Lin Ran’s slap, and countless white threads fell off and spilled onto the ground.

“Silly boy, be careful!”

Just when Lin Ran felt that things were almost over, suddenly the voice of the Pillow Book was ringing out from his mind.

“Hm?”

Lin Ran was stunned at his words, and then he saw that, amidst the white silk scattered all over the sky, Red Cedar, who was lying on the ground, was actually poking his fist out at himself, and on the middle finger of his fist, he was carrying an ancient ring.

The ring was very beautifully shaped, but at this point Lin Ran no longer had time to admire it, and almost the moment he saw it, Red Cedar laughed as well.

“Son of a bitch, your end has come, meddle, die for me!”

As he spoke, he pressed his finger on the ring and saw a small hole open up in the ring.

The speed of the black light was so fast that Lin Ran asked himself if he could not dodge it.

“Bang, bang, bang!”

Dozens of jade pendants exploded instantly, the terrifying force directly deflected the black stream of light.

But then he saw that the black stream of light pierced a nearby potted plant with a bang, and in no time, the originally lush potted plant quickly withered and turned into a pitch black colour.

“What a terrifying poison!”

Lin Ran was shocked as he watched, but the next words from the pillow book surprised him even more!

“Kid, this Red Cold Poison, damn it! It’s the same poison as the one your little girlfriend got!”

“Red Cold Poison, how could he have Red Cold Poison!”

Lin Ran was shocked, he had seen the horrors of this Red Cold Poison, but who knew that Red Cedar actually had this poison in his hands!

“It’s not him, it’s the ring, he can’t even beat you, how could he have the Red Cold Poison!”

The pillow said busily.

“Holy crap!”

Lin Ran couldn’t help but curse at his words, if it wasn’t his, then it wasn’t his, why did he still mock himself in the process, dammit!

Although his heart was not happy, Lin Ran also knew that this matter did not know to dwell on this time, immediately an arrow step towards the red cedar rushed forward, but in the end was still a step too late.

The only thing he heard was a “bang”, the red cedar had already chopped his hands into two pieces, and his whole body was lying on the ground, laughing.

“A lost cause, a lost cause haha! I didn’t expect to end up in the hands of an outsider like you... God really didn’t bless me!”

“Just like you and you still want God to bless you? Wake up you!”

Lin Ran stepped on Daoist Master Sequoia’s shoulder and without saying a word, he removed his joints with two “clicks” to save him from getting into a rage later.

After this was done, Lin Ran picked up the ring that had been broken in half from the ground, and the more he looked at it, the more extraordinary he felt.

“Is this?”

Suddenly, Lin Ran saw a line of words on the back of the ring, carved on in shade.

“Red Cedar Half Immortal!”

Chapter 534

“Old Bastard, who is this Sequoia half-immortal?”

Lin Ran questioned, holding up the ring.

“What do you think?”

Helped by the rope, the Sequoia Half-Immortal fell quiet and looked at Lin Ran and said in a salty manner.

“Don’t be a fucking fool, just you deserve to be called a half-immortal?”

Lin Ran said disdainfully, he didn’t believe that the Sequoia Half Immortal up here was him.

“That’s right, I’m indeed not worthy, this Red Cedar Half Immortal is indeed not me, but you don’t want to know who the Red Cedar Half Immortal is either, I wouldn’t tell you even if I were dead!”

Daoist Master Sequoia laughed triumphantly, his plan had come to naught, at least there was this one thing that would keep Lin Ran from getting his way, it was a bit of comfort to himself.

“Insensitive!”

Lin Ran let out a cold voice, and followed it up by throwing Daoist Master Red Veil into the living room.

A few moments later, after settling down Master Li, Li Sheng then came to the living room with Luo Cheng and the butler.

“The man has been tied up, so you can decide what to do with him!”

Lin Ran said.

Li Sheng nodded at his words and spoke.

“Thanks to brother Lin Ran this time, if it wasn’t for you, I’m afraid I would have suffered too!”

“You are also considered a friend of Luo Cheng, so naturally you are also my friend!”

Lin Ran laughed, while pointing to the Bi-Blood Flower on the side and smiling.

“Besides, this time we were originally just coming to the door to ask for medicine, and we’ve already obtained the leaves of the Bi-Blood Flower, so we’re doing this as a favor to return the favor!”

“Don’t, don’t, brother Lin Ran, that’s a disservice to me, a few leaves can’t repay a favour, if brother Lin Ran doesn’t mind, this Bi-Blood Flower will be considered a gift from me!”

Li Sheng laughed, Lin Ran is obviously not an ordinary person, to be able to befriend or even become friends with such a person would definitely do him more good than harm, moreover, the skills Lin Ran showed just now were definitely above him, as the saying goes, more friends with virtuous people will lead to a righteous path, how could he not understand this truth.

“Cao, did you hear that, he wants to give you the blue blood flower, hurry up the hall, Master Shu I need it!”

Pillow Book sniffed thoroughly excited, Lin Ran but secretly cursed.

“You’re a no-good, you’re having a good time, the favor is owed by Laozi, shut up and don’t say anything!”

“Brother Li Sheng, this is not very good, this blue blood flower is not a mortal object after all, the value should be quite high!”

Lin Ran laughed, although a pillow book is needed, there are times when he cannot be too shameless, after all, the face of life is still his own, he can’t even lose his own face for the sake of a pillow book.

“What are you talking about, brother Lin Ran, although this blue blood flower is precious, how can it be compared to my life, besides, I have seen a lot of such things in my profession, a blue blood flower is nothing to me, if brother Lin Ran refuses to accept it then you are looking down on me!”

Li Sheng said pretending to be angry, Lin Ran saw this and no longer friendship, smiled and nodded his head, said he agreed.

“My Cao, you kid has a way, damn obviously a bargain, but still act so pretentious!”

The pillow couldn’t help but laugh.

“Shut up, you owe me a favour!”

Lin Ran was busy saying, this guy knew too much more than himself, and the key thing was that it was Wang Kun who had found it and taken one thing and then disappeared, so fixing this guy up would actually be good for him, and he had to be fixed up if he wanted to find out the truth about what happened back then.

“Fine, fine, it’s just a favor, Master Shu I owe a lot of favors, I don’t care about you!”

“My goodness, you never return favours, do you?”

Lin Ran was speechless, but this was not the time to talk about it. After putting away the blue blood flower, Lin Ran then looked at Li Sheng, who had already walked up to Red Cedar and interrogated him.

“Are you going to give an explanation yourself, or are you going to wait for me to find out what you are all about?”

Li Sheng was not polite and asked directly.

“Oh, what’s the difference? I’ve already failed anyway, so if you want to know anything, just ask!”

Sequoia calmed down in a rare moment and said with a bitter smile.

“Who are you? Why are you doing this to my father?”

“Who am I? Oh, how can you possibly know who I am!”

Daoist Master Sequoia laughed coldly, followed by eyes that glared round and looked straight at Li Sheng angrily.

“When you were fucking enjoying yourself at home, I was still fighting beasts in the deep mountains, don’t you want to know who I am? Go ask your steward by your side who killed my mother back then and later bulldozed her grave, go ahead and ask, go ahead!”

Daoist Master Sequoia shouted at the top of his voice.

Hearing this, Li Sheng was stunned and looked at Butler Li, who seemed to have remembered something, his face changed and he stammered.

“Young master, you can’t blame the master for this!”

“Say! What was going on back then!”

Li Sheng questioned in a cold voice.

Seeing that it was impossible not to tell, Butler Li had no choice but to tell the whole story.

It turned out that when the Li family came to settle in Tanjiang City, their first project was this current mountain resort. At that time, the Li family had a deep family business in the imperial capital, and the Tanjiang Li family was just a branch of their family, which was brought by Li Sheng’s father to form.

They approached the then Luo family to propose a partnership, which the latter gladly accepted, and this is how the current lodge project came about.

But at that time there was a village where the lodge was located, so they proposed compensation for the demolition of the lodge. The compensation standard at that time was so high that almost everyone agreed, but only one family did not agree, and that was the family of Daoist Master Hong Sa.

The father of Daoist Master Sequoia had disappeared because he had gone hunting in the mountains, and they had searched for many years without finding him, so Daoist Master Sequoia’s mother did not want to leave, but the party who undertook the construction at that time, in order to meet the construction schedule, took advantage of a time when the mother and son were out and forcibly demolished the house.

He was only ten years old at the time, and he buried his mother, but later the construction of the villa bulldozed his mother’s grave as well.

This matter has always been a chop in the heart of Daoist Master Sequoia, and he became angry and waited for an opportunity to take revenge.

“I only hate that I was too merciful, I should have just killed your father the first time I saw him!”

Daoist Master Sequoia’s face was grim to, but Steward Li chided at his words.

“You are mistaken, what happened back then was not instructed by His Lordship, it was all the contractor’s fault, His Lordship even wanted to give you a compensation when he found out later, but he never found you!”

“Find me? And then kill me? You are a bunch of animals!”

Daoist Master Sequoia laughed coldly, obviously he did not believe Steward Li’s words at all.

“Young master!”

Butler Li looked towards Li Sheng, not knowing what to do.

Li Sheng sat down on a chair to the side and his whole body fell into a daze, not knowing how long had passed before he opened his mouth and said.

“Send him to the police station!”

“Young master!”

Butler Li smiled with some hesitation, Li Sheng understood what he meant and shook his head.

“The contractor Fang had already made a mistake once back then, I don’t want to make it a second time, whether he wants to take revenge or not is his business, I just want to ask for what I want, do as I say!”

“Yes young master!”

Seeing Li Sheng’s insistence, Li Butler said no more and immediately called the police.

Chapter 535

Sequoia was still filled with hatred for Li Sheng’s family until they were taken away by the police, and of course, now there was an additional Lin Ran.

“Li Sheng Gongzi, just let him go, I’m afraid .....”

Luo Cheng said at the side, as the saying goes, not afraid of thieves stealing but afraid of thieves thinking, red cedar go in at most stay a year and a half will come out, then the Li family will still be difficult to calm down.

“I know, but this is my code of conduct, he wants revenge feel free to come over!”

Li Sheng said blandly, looking unconcerned.

“By the way, Brother Lin Ran, I was the one who offended much earlier!”

Turning his head, Li Sheng bowed at Lin Ran.

Lin Ran was busy helping him up and smiling.

“It’s no problem, big families have big family rules, I can understand!”

“Right brother Lin Ran, since you are a little divine doctor, then for my father’s illness, do you think you can prescribe a few prescriptions?”

Li Sheng was busy asking, although his father’s soul had returned to its place, it was still in a deep sleep and he didn’t know when it would wake up, which made him very worried.

“Speaking of your father, there is one more thing I have to tell you!”

Lin Ran said busily, having forgotten about the gold swallowing stone in his faintness just now.

“What is it?”

Seeing that Lin Ran’s expression was not right, Li Sheng was busy asking.

“I’m sorry to say this, after all, it may involve some hidden matters of your family, but since I saw it I naturally have to tell you, this is my duty as a doctor!”

Lin Ran said solemnly, before looking at Li Sheng.

“When I checked the old man’s pulse just now, I found a lot of impurities in his body, I can be sure that they are gold swallowing stones, as for the formation of such things, I think your Li family should be clear about it, so I won’t say much more, if you want the old man to get better quickly, these gold swallowing stones have to be extracted!”

“Gold swallowing stones?”

Li Sheng was visibly stunned at his words and awkwardly scratched his head.

“Brother Lin Ran, to be honest, I really don’t understand this thing, what exactly is it?”

“Steward Li doesn’t know either?”

Lin Ran frowned and looked at Butler Li at the side, not expecting the latter to actually shake his head as well.

“That’s strange!”

Lin Ran wondered, even Butler Li didn’t know, could it be that this gold swallowing stone was inside the old man a long time ago?

Unable to think clearly, Lin Ran also simply stopped thinking and laughed.

“It’s like this, a gold swallowing stone is something that can only be found near a gold mine, you can understand it as a type of worm that feeds on gold mines, only they are also stones and live on gold mines as well!”

“Since you don’t know, forget it, I have a way to take this thing out, let’s go straight there!”

Lin Ran didn’t want to talk too much about the other party’s family affairs, after all, things like gold mines were too sensitive, so saying too much would seem like he had ulterior motives.

“Then thank you, brother Lin Ran, as long as I can cure my father, whatever it is, as long as brother Lin Ran asks, I will do my best to get it!”

Li Sheng said excitedly.

Lin Ran smiled and waved his hand, and immediately followed Li Sheng back to the old man’s room.

Regarding the gold swallowing stone, the pillow book had already told him the way to take it out, and when this guy saw that Lin Ran had reached the blue blood flower, he was instantly obedient, and since the wu sink wood was still in Lin Ran’s hands, he couldn’t even think of not being obedient.

Lin Ran came to the bedside, reached out and placed his hand on the old man’s forehead, followed by a strand of true qi that spread along the old man’s bloodline to his entire body.

With the infusion of true qi, the flow of blood in the old man’s body was significantly faster, while Lin Ran used his true qi to form a barrier to filter out all the impurities in the old man’s blood.

It was a very time-consuming process, just like a big wave panning through the sand, filtering it layer by layer, and the process was very difficult.

Only when it was dark outside did Lin Ran sweat profusely and put away his hand. In his hand, a black stone the size of a fingernail was lying quietly, the gold swallowing stone that had been extracted and coalesced.

“You don’t use this thing, do you!”

Lin Ran asked in his mind.

“Useless, this broken stone is hard and tough, it’s useless apart from being able to identify treasures, Master Shu I wouldn’t want it either!”

Pillow said disdainfully.

Lin Ran smiled at this, and smoothly put the gold swallowing stone away, with this thing, wouldn’t he be just like having an extra pair of fire eyes in the future, gambling on stones or whatever by taking it out, he would immediately be able to identify which one had good things inside.

When he thought of this, Lin Ran couldn’t help but smile.

“You brat, with all this ability, you still care about a small piece of gold swallowing stone? What a no-good!”

The Pillow Book couldn’t help but scold.

Lin Ran, however, laughed.

“You don’t understand, this thing is just like money, who would have too much of it, and even if I don’t use it, it would be a good gift for someone else in the future!”

Lin Ran was thinking about it when suddenly his mobile phone rang, picking it up and looking at it, he couldn’t help but be stunned.

“Hey Yi Yi, what do you want to see me for?”

Picking up the phone, Lin Ran was busy asking.

“Cousin Lin Ran, I have news for you, in a week’s time, my father is having his 50th birthday, you have to come!”

On the phone, Jiang Yi Yi laughed, but when this laughter reached Lin Ran’s ears, it made him want to cry a little.

He had just gotten his hands on a treasure, he hadn’t even warmed it up yet, and this call to receive a gift had come.

“Ahaha! Kid, you’re killing me with laughter, this uncle of yours is probably a roundworm in your stomach, he knows about the treasure you just got and immediately came to the phone!”

The pillow book couldn’t help but laugh.

Lin Ran was also speechless and spoke.

“Alright, I’m giving away my baby, and you’re still laughing, damn heartless bastard!”

After saying that, Lin Ran directly put the gold swallowing stone away, secretly saying.

“It’s good to warm it up for a few days!”

There was no other way, uncle that was a real uncle, plus he was in the jewellery business, this gold swallowing stone was also the most suitable gift for him, Lin Ran had to bear the pain, who let him have no decent gift on hand, he could only take this and give it to someone.

“Hey, after working hard for most of the day, turning around and being robbed first, it’s really hard to earn this hard money!”

Lin Ran bitter to.

.....

After solving the old man Li’s condition, Lin Ran left another prescription and instructed Li Sheng to give it to the old man on time, he would be cured in less than a week, as for the old man’s decline before his age this was the effect of the gold swallowing stone, now that the gold swallowing stone was removed, as long as he rested for a year or two, he would be able to return to normal.

The company’s main business is to provide a wide range of products and services to the public.

.....

Inside the clinic, Wang Yifeng and Qin Bing were still on guard, and with Luo Qiqi lying motionless on the bed, her face bristling white, they didn’t have the heart to leave for dinner.

“Bang!”

The clinic door was pushed open, followed by Lin Ran and Luo Cheng running in.

“Ranzi, how is it? Is there any way out?”

Seeing Lin Ran, Wang Yifeng hurriedly stepped forward and asked.

“I’ve already found the herbs, I’m going to cure her!”

Lin Ran said as he walked forward and took out the leaves of the Bi-Blood Flower.

## Chapter 536

Luo Qiqi’s face was pale and looked very weak, Lin Ran did not dare to delay, one more minute of delay in soul trauma would be more dangerous.

After taking out the leaf of the blue-blooded flower, Lin Ran quickly held it in his hand, and then under a wisp of true qi, he instantly clenched it into a fist, followed by a drop of green juice dropping into Luo Qiqi’s mouth along his palm.

The green juice entered her mouth, and soon Luo Qiqi’s pale face started to look bloodier, and her whole condition was improving rapidly, but she was slow to wake up.

“Ranzi, how is Kiki?”

On the side, Luo Cheng was busy coming forward to ask questions.

“It’s already fine, the leaves of the Bi-Blood Flower will repair her soul trauma, but she needs to rest for a while!”

Lin Ran said with a bitter smile.

“That’s good, then!”

Hearing this, Luo Cheng’s hanging heart dropped, and the self-blame in his heart lightened a little, if it wasn’t for his own affairs, his sister wouldn’t have been in such deep trouble, and even more so, her life was almost in danger.

Looking at his watch, it was almost ten o’clock in the evening, Lin Ran squeezed out an ugly smile and said.

“You guys go back, I’ll take care of Qiqi’s side!”

“Go back?”

Luo Cheng and Qin Bing were both stunned at the words, especially the former, who immediately shook his head.

“No, I’m not comfortable with Qi Qi like this!”

“I’m not going either, I’m not at ease either!”

Qin Bing also said in a hurry.

Seeing this, Lin Ran also stopped forcing himself and sat down alone on the sofa to the side, smoking a cigarette.

He didn’t smoke much, but this time he smoked one. All of them didn’t say anything, everyone was in a similar mood, and they all understood that Lin Ran also had self-blame in his heart.

.....

The time passed by minute by minute, and the time soon came to 10:30.

However, Luo Qiqi did not have the slightest intention of waking up, but everyone saw that Lin Ran was still sitting on the sofa and did not seem to be in a hurry, so they did not say anything.

“Ding Ding Ding Ding!”

Suddenly, Lin Ran’s mobile phone rang.

“Dean Yang, looking for me for something?”

Taking out his phone Lin Ran picked it up straight away.

“Ranzi, something’s happened!”

On the phone, Dean Yang’s nervous voice came out.

“What’s wrong?”

Lin Ran said indifferently, the truth was that there was no longer anything that could compare to Luo Qiqi's situation, perhaps Dean Yang's matter was also big, but in his opinion, Luo Qiqi was the most important.

"Ranzi, something has happened to Song Nuan!"

Dean Yang also heard the blandness in Lin Ran's words and said busily.

"What? What happened to Xiao Nuan?"

Lin Ran almost brushed himself off and stood up from the sofa, his face was also icy cold to the core, first Luo Qiqi and then Song Nuan, even if he was bland, he was still a little anxious at this point.

"I just received a call, someone from the university city called the hospital emergency room, saying that a student at the school had smashed and injured, it was none other than Song Nuan!"

Dean Yang busily explained, while continuing.

"The hospital has arranged for an ambulance to leave, it just happened to pass by your clinic, so let them go and pick you up!"

"Good! I got it!"

Lin Ran nodded his head and hung up the phone at once.

"What's wrong?"

Qin Bing was busy going up and asking, Wang Yifeng and Luo Cheng were also busy looking over, they had all heard Lin Ran's words just now and knew that something might have happened to Song Nuan.

"Xiao Nuan might have been smashed, things are still unclear exactly, Fatty, you and Luo Cheng stay behind to protect Qiqi, Qin Bing you and I will take a trip!"

Lin Ran immediately made the arrangements and followed before walking out of the clinic with Qin Bing.

Luo Qiqi's condition had stabilised, what she lacked now was rest, so leaving Fatty behind to protect her, plus Luo Cheng looking after her at the side, was the best option.

On the other hand, Lin Ran had just walked out of the clinic when the ambulance drove over. The two of them did not dare to delay and got into the car as soon as it was parked and headed straight for Tamkang University.

It was only a ten-minute journey from the clinic to Tamkang University, and as it was already past ten o'clock at night, the road should have been very smooth.

But what Lin Ran and the other ambulance personnel didn't expect was that when the car drove only two junctions away from the clinic, there was a traffic jam ahead.

"What's going on?"

Lin Ran and the other two asked.

“There’s been a car accident up ahead!”

The driver sat in the driver’s seat and said helplessly.

“Take the emergency lane!”

Lin Ran busy said, two-way six lanes although not wide, but take the emergency lane is absolutely no problem, however, the driver’s answer, but let Lin Ran completely fire.

“I’d like to, but the point is that there are private cars parked in the emergency lane!”

“Stay in the car!”

Lin Ran’s face was icy cold as he greeted Qin Bing at the side, followed by jumping out of the car, only to find that both sides of this neighborhood were actually snack bars, and 10pm was the start of the nightlife, with a full five private cars parked in the emergency lane.

And at this time in the middle of the road, the scene of the accident is even more tragic, two private cars collided almost the entire road blocked, but at this time there are already other ambulances in treating the injured, the scene is quite orderly.

“What’s wrong?”

Qin Bing was uneasy and also jumped down from the car.

“Quick! Follow the phone number on their car and inform them to come and move the car!”

Lin Ran said busily.

“Yes!”

Qin Bing didn’t dare to delay and immediately took out his mobile phone to call.

However, what the two didn’t expect was that two of the drivers saw the ambulance and consciously came over to move the car.

The two were warmed by this and immediately went to call the owners of the remaining three cars.

Two minutes later, two more owners came down and moved their cars, leaving only one Porsche supercar still parked at the front, just blocking the road.

“What now? This car didn’t leave a phone number!”

Qin Bing said anxiously.

Lin Ran was also anxious, and even more anxious when he couldn’t contact the car’s owner.

“There’s no time for that, get out of the way!”

Lin Ran’s face sank as he greeted her and followed her directly to the rear of the car, reaching out and snapping the chassis of the car, actually trying to pull it out with his bare hands.

“Ranzi, can you do it?”

Seeing this scene, Qin Bing couldn't help but worry, although it was a supercar, it was still a car after all, so trying to move it with human power was not very practical.

"Don't worry!"

Lin Ran, casually returned, followed by his foot fiercely, the entire arm veins directly burst up, only to hear the "creaking" sound, the supercar actually moved.

But at this moment, a few youthful voices came from the side.

"Hey, hey! What are you doing? There's someone here, stealing a car in front of you!"

"Oh my God, you're looking for death, aren't you? You dare to touch our little brother Hai's car!"

"Fuck, looking for death!"

Lin Ran and the others turned their heads to look, only to see three youths walking side by side, all three were dressed in suits, just a glance at them was the kind of branded clothing of great value, and the one in the middle was headed by a man with big gold bracelets and a big back, as if he was afraid that people did not know how rich he was.

"Kid, you stole a car from me?"

The young man with the big gold bangles snorted coldly and asked disdainfully, the hair on his head unconsciously swaying along with him as he spoke, and the whole man looked greasy under the illumination of the surrounding lights.

"How can you talk! Who stole your car! We're in a hurry to get out of the clinic, please move the car as soon as possible!"

Qin Bing scolded, she had seen this kind of rich kid a lot and really didn't have a good face.

Chapter 537

"Yo, me cao! A beautiful woman!"

The leading youth known as Little Brother Hai was stunned when he saw Qin Bing, followed by a smile.

"I say, little beauty, you want to move your car? You can, see if it's all here?"

Little Brother Hai pointed to his cheek and laughed.

"As long as you give brother here a stamp, not to mention moving the car, even taking you for a ride, no problem!"

"That, our big brother is just open-minded!"

"That's a must, our big brother that absolutely pity the jade!"

The two young brothers next to him said, patting their backs.

"You guys have been drinking, I won't be ordinary with you, if it's not convenient to move the car, you can give me the want, I'll move you!"

Qin Bing said with a cold face.

“Drinking? Did we drink?”

Little Brother Hai laughed at his words, while shaking his head and looking at Lin Ran at the side, laughing.

“This kid, he’s your friend, you guys dare to be in a gang, why do you fancy my brother’s car? You want to steal it?”

“Nonsense, move the car quickly!”

Qin Bing chided coldly, she could already anticipate that if these three people in front of her continued to be so unreasonable, Lin Ran would definitely storm out.

“Yo yo, the little lady is still angry, but I like it, I like this kind of hot girl!”

Little Brother Hai said that he was actually walking towards Qin Bing, his eyes were glancing at the latter’s body as he walked, and his eyes were almost staring out.

“Holy crap, it’s really fucking superb, if only I could .....”

“Move the car!”

Before Little Brother Hai could finish his sentence, a figure stalled in front of him, while an icy cold voice without the slightest temperature came into his ear canal.

“Hm?”

Little Brother Hai was stunned at hearing this, and he couldn’t help but sober up a little as he looked up, and when he saw Lin Ran, he instantly laughed.

“Kid, get out of my way, you want to fucking die, you dare to get in my way!”

“I told you to move your car!”

Lin Ran’s voice was a few more degrees colder, his hands clenched into fists, clearly having reached the limit of his patience.

“Holy crap, you’re fucking looking for death, aren’t you!”

The young man’s face also turned ugly, in the rich generation circle in Tanjiang City, his name of Brother Xiao Hai was considered the first one, who must give three points of face when hearing it, but this guy in front of him, he dared to make a face to his own, if this was put in the usual way, he would definitely have already made a move.

“What’s up, kid? Are you looking for a fight?”

“I think you’ve got itchy skin, you dare to stand in the way of our little brother Hai, you’re not tired of living!”

When they saw that their boss was blocked, the two youngsters came over directly, cursing and swearing, and when they got close, they even raised their hands to pull Lin Ran.

Lin Ran had already reached the limit of his patience, he didn't know what was going on with Song Nuan at the school, he just wanted to rush over, but right now he was very unlucky to have come across three such goods.

"I'm saying it for the last time, move the car!"

Lin Ran almost said it through clenched teeth, yet the three were not moved at all, and Little Brother Hai even laughed.

"Let me move my car, who the fuck do you think you are, you think you have the face of a beautiful woman too?"

"That's right, Brother Xiao Hai, you don't need to bother with such people, our brothers can take care of it for you if we come!"

Two of his men laughed as they patted their chests and followed up, locking Lin Ran's shoulders and trying to take him down to the ground.

"You're looking for death!"

Lin Ran finally couldn't stand it anymore, his eyes were cold, and he punched the two punks directly in the chest with both hands, immediately they didn't even have time to let out a fart, they flew backwards.

"You!"

This scene scared Little Brother Hai, his entire drunkenness immediately sobered up, he looked at Lin Ran with fear in his eyes, couldn't help but swallow his spittle and spoke.

"Little ..... Kid, you dare ..... Dare to hit my people, do you know who I am!"

"I don't want to know who you are, go move the car for me in ten seconds or don't blame me for not being polite!"

Lin Ran said in a cold voice, the ice cold in his eyes could almost freeze people, if it wasn't illegal to kill someone, he would have twisted this guy into a twist.

"You .... Don't scare me, I'm ..... but a famous rich youngster in Tanjiang ..... You dare to touch me try!"

Little Brother Hai said stiffly, but his feet unconsciously took two steps back, while swallowing spittle.

"You still have eight seconds!"

Lin Ran stared straight ahead and said blandly.

"You!"

Little Brother Hai was a little anxious and reached for the key in his pocket, but after feeling for half a day, he couldn't find it.

"You still have five seconds!"

"You!"

The more anxious Little Brother Hai was, the more he couldn't find the key, and Lin Ran was pressing harder and harder, so in his desperation he put his heart into it and simply stopped looking for it.

"Kid, try moving me if you dare, damn it! I won't move today!"

"Pah!"

As soon as Little Brother Hai's words fell, he was greeted with a slap from Lin Ran.

The slap was so real that Brother Xiao Hai's entire body flew backwards, knocking the two men who had just gotten up onto the ground with a bang.

"You ...."

Half of Little Brother Hai's cheek was swollen, covering his face and looking at Lin Ran with horror in his eyes, where was the half disdain he had before.

"Get in the car and get ready to go!"

Lin Ran greeted Qin Bing at the side and followed straight to the front of the Porsche supercar.

"What do you want!"

Little Brother Hai saw this and was busy scolding him, this car was a birthday present from his old man, he had only been driving it for a day, what the hell was this kid going to do to his beloved car!

"If you don't move the car, then I'll have to help you!"

Lin Ran said in a cold voice, following his foot with a flourish, lifting his right foot and kicking it directly at the front of the car.

"Bang!"

A muffled sound, followed by the Porsche sports car actually directly backed up tens of meters, under the effect of inertia froze out more than ten meters, in looking at the front of the car, a footprint of four or five centimeters sunk deep, the front bumper had been completely deformed.

"Goo dong!"

Seeing this scene, Xiaohai couldn't help but gag, how good the quality of the Porsche supercar must be, but a single kick had ruined the front of the car .....

If this kick had landed on him .....

The company's main business is to provide a wide range of products and services to its customers.

"My name is Lin Ran, feel free to find me if you don't like it!"

Lin Ran dropped a sentence, followed by the ambulance, and left the place with the sound of its horn.

"Lin Ran? Who is Lin Ran?"

Little Brother Hai asked the men around him.

"Big brother, how would we know!"

“Yes, or else you could ask the old man?”

The two henchmen said bitterly.

“Don’t know! Don’t know! What the fuck do you know!”

Little Brother Hai rewarded each of them with a slap, followed by getting up from the ground in fear and taking out his mobile phone to call his old man.

His old man was always abroad and had only recently returned to Temperance City, but he had suffered such a great loss, how could he not report it.

“Ding Ding Ring”

The phone was quickly connected, Little Brother Hai told him what had happened, and a middle-aged man’s low voice soon came over the phone.

“I don’t know either, be honest with me first, wait until I ask around, if you’re causing me any trouble, I’ll personally waste you!”

Chapter 538

“Father, I’m your own son!”

Little Hai said with a bitter face.

“My own son? You know you’re my real son, are there any sons like you who can screw their fathers? You haven’t even cleaned your ass from the last incident, how long has it been since you caused me trouble again!”

The middle-aged man on the phone reprimanded, his tone of voice tinged with helplessness.

“Dad, I’m not to blame for what happened this time, besides, the other party is just a young man, probably just a small hospital employee, there is nothing to be afraid of, you don’t care, I can handle it myself!”

Little Brother Hai said and hung up the phone directly.

.....

The ambulance sped all the way and finally arrived at Tamkang University a few minutes later, the university side was clear all the way, the car soon drove to the accident site.

“Lin Ran, here!”

As soon as he stepped out of the car, Lin Ran heard a familiar voice and looked to see that it was Su Rou.

“Where’s Xiao Nuan?”

Lin Ran asked busily.

“Still at the scene, the school infirmary is empty, and Xiao Nuan refuses to alert Professor Song, we all differ in our medical skills, so we didn’t dare let them move around!”

Su Rou said as she led the way.

“They?”

Lin Ran asked in surprise.

“Yes, and Xiao Nuan’s two housemates were also injured!”

Su Rou explained.

As they spoke, the group had arrived at the place where the accident had occurred, and Lin Ran saw from afar that there were many people around, mostly security guards and teachers, while Song Nuan’s three were sitting on the ground, the three talking about something, with some anger between their words.

“Xiao Nuan!”

Lin Ran hurriedly went forward, his eyes glancing back and forth, fearing that there was something seriously wrong with the latter.

“You’re here, I didn’t think you would be the one to meet here on your return this time!”

Song Nuan said with a bitter smile.

At first when Lin Ran had an accident, she had no intention to attend classes, and only later did her tense heart drop when she learned that Lin Ran had returned safely, but she had never had the time, so she had wanted to take the time to meet him once, but she never thought that meeting him again would be because she had an accident.

“How are you feeling?”

Lin Ran asked busily, while checking up and down, as for her two classmates, they were being looked after by Qin Sick and the other medical staff.

“I’m fine, just a few scrapes on my body, and a particularly sore leg, I don’t know if it’s broken!”

Song Nuan smiled blandly, although her expression seemed to be really fine, but Lin Ran was noticing that her temples were all tinged with beads of sweat, so it was obviously very painful.

“Don’t move, let me take a look!”

Lin Ran reached out and placed his hand on Song Nuan’s leg, followed by a strand of true qi slowly seeping in, and only after seeing that Song Nuan’s leg was indeed fine, did he breathe a sigh of relief.

“Well?”

Seeing Lin Ran let go of his hand, Song Nuan was busy asking.

“It’s fine, just some bone shock, it’s not very serious, a week’s rest will be almost enough!”

Lin Ran said and was about to lift Song Nuan up and take her back to the clinic, it was already close to eleven o’clock at night and it was very cold outside, so it was not a good idea to stay here.

But just as he picked Song Nuan up and was about to say hello to Su Rou and leave, suddenly a voice came from the side.

“No, you’re leaving here, so what exactly did you call us over in the middle of the night for?”

Lin Ran turned his head to look, only to see a young man in a suit with a tired look on his face, annoyed, while next to him was a young man who seemed to be his henchman.

“You are?”

Lin Ran looked at the other man and asked with a frown.

“He’s Rencha, the person responsible for this accident, and the billboard was installed by their company!”

Su Rou said busily from the side.

“Right! It’s me, this billboard is our company’s!”

Seeing that there was someone else introducing himself, Ren Cha couldn’t help but raise his head and chest, this attitude made Lin Ran’s face sink when he looked at him.

“Ranzi, Xiao Nuan’s two classmates are a bit more serious, one of them has a broken leg bone!”

Lin Ran was about to speak when Qin Bing ran over and said, with heartache and regret in his eyes.

“I know!”

Lin Ran nodded his head.

“It’s really bad luck, there’s another one with a fracture!”

When Ren Cha heard the news, not only did he not half blame himself, but he was a bit disgusted, which made Lin Ran’s frown tighten when he looked at him.

“Who told you to come, who are you looking for!”

Lin Ran did not want to continue wasting time here and dropped a sentence before preparing to leave.

However, Rencha was laughing and said.

“Fine, you think I’m willing to come, if it wasn’t for someone fucking saying they were here to talk about compensation, I would have fucking gone to bed!”

Saying that, Ren Cha took out a cigarette and lit it up, his face full of disdain.

“Mr. Ren, watch what you say, this billboard is your company’s, and it’s only just been erected here for two days, and as a result, it hurt a classmate, shouldn’t you be responsible for this?”

Su Rou scolded at the side, the teachers who came this time did not care about the matter, the teacher who was on leave with Ren Cha was not at the school at all, the other teachers did not want to take a big responsibility, in case the matter was not handled properly and also caused a fuss, it would be more than worth the loss.

So the only one who came forward at this time was Su Rou.

I said, "Teacher Su, did I say I'm not responsible? How much do you want to pay for compensation you say ah, right! Did I, Ren Cha, say I wouldn't pay?"

Rencha sneered.

"You!"

Su Rou was furious at his words and was just about to dislike him back, but he was stopped by Lin Ran who was on the side.

"What? You want to stand up for yourself, fine! No matter who it is, just come out with the right one today, if you want to kill more money just say so, my aim is simple, solve this matter, don't cause any negative impact on our company on the line!"

Rencha sneered.

"Your company caused impact? Or an impact on yourself?"

Lin Ran looked at Ren Cha and said in a cold voice.

"What do you mean!"

Lin Ran's words undoubtedly hit his soft spot, this time the billboard collapsed because he thought the workers had installed it improperly, and this responsibility was also caused by him, the person in charge, to say that it had something to do with the company, it was really not much.

Even if things end up in the company, the one who ends up unlucky is still him, that's why he wants to make a big deal out of a small one.

"There's no point, to do something wrong you have to have the attitude of doing something wrong, you think that if something goes wrong and you just pay for it, you're not responsible?"

Lin Ran coldly said, while turning around to leave, and and the crowd here to waste words, when really is unnecessary.

However, he wanted to leave, but the other party might not agree, only to hear Ren Cha coldly scolded.

"Kid, what are you pretending to be here, it's the quality of our products, I admit it, but I also said I promised to pay!"

"Besides, it's just a fucking smash, people aren't dead, what are you pretending to be here, rubbing off a layer of skin, you're so nervous, then if people died, wouldn't you have to go with them to the funeral!"

"Bastard! You shut up!"

Su Rou was so angry that she directly chided, and even Qin Bing on the side gnashed her teeth.

This was because Wang Yifeng hadn't come, if this guy was here at this moment, I'm afraid he would have gone to beat someone up in the morning.

Lin Ran stopped and turned around, looking at Ren Cha with an icy gaze, and said in a cold voice.

“Say it again!”

“Say it again? So what if I’m just saying it twice? What the fuck are you pretending for? I’ve seen a lot of people, what are you?”

Ren Cha laughed coldly, not putting Lin Ran in his eyes at all.

Chapter 539

“Ranzi!”

Hearing this, Song Nuan immediately spoke up, where she didn’t understand Lin Ran’s character, the other party had said such words, it would be really strange if he could pretend he didn’t hear them.

“Don’t worry, it’ll be quick!”

Lin Ran squeezed out a smile and followed his body as he moved.

While Su and Qin Bing, who were on the side, saw this, they both shook their heads helplessly and sighed at the same time.

“There really are idiots everywhere, rushing up in the middle of the night looking for a fight!”

“What are you two talking about!”

Ren Cha questioned coldly at his words, but as soon as the words fell, he understood what the two were saying again.

“Bang!”

Without warning, Lin Ran had already rushed closer, followed by a kick to Ren Cha’s chest.

The kick was just the right amount of force, only to hear Ren Cha let out a muffled grunt, and immediately his entire body flew backwards.

“How can you hit people!”

The men next to Ren Cha were shocked and hurriedly ran over to help Ren Cha up from the ground.

“You! You dare to hit me!”

Ren Cha wiped off the blood from the corner of his mouth and looked at Lin Ran with anger in his eyes.

“What’s wrong with beating you? Is it because you want medical expenses?”

Lin Ran looked at the other party and said blandly.

“You! Do I look like a person who is fucking short of money!”

Ren Cha said angrily.

“Ao, that’s just as well, I’m short of money, so forget about the medical expenses!”

With that, Lin Ran stepped forward and kicked Ren Cha directly in the waist, and the latter made another muffled sound, and his entire body slashed out on the ground tens of meters away, and his clothes and trousers directly broke a big hole underneath.

“My ass!”

The cold wind drilled through the hole in his trousers, causing him to shiver.

“Boy! You’re playing with fire, how dare you hit me!”

Rencha turned his head to look at Lin Ran with a good deal of undisguised anger in his eyes.

“What’s the excitement, aren’t you not dead, to be so excited!”

Lin Ran said indifferently.

“You!”

However, Lin Ran had no intention of stopping, holding Song Nuan in his arms, he rushed directly to Ren Cha with an arrow step, raised his hand and slapped him, this slap directly lifted Ren Cha’s entire body to the ground, and he couldn’t get up for half a day.

“Is he dead?”

Lin Ran came to the side and looked at Ren Cha and asked indifferently.

“You!”

Ren Cha looked up at Lin Ran, where was the arrogance and disdain in his eyes at this moment, there was only panic, as well as regret, he didn’t know what kind of existence he had run into here, he had actually beaten himself without even the slightest ability to fight back.

“You ..... Who the hell are you?”

Rencha asked stiffly as he slowed his breath.

“Who am I? Remember clearly, my name is Lin Ran!”

Said Lin Ran, pointing at Song Nuan as well as her two classmates, and rushed at Ren Cha.

“They are victims, and it’s all because of your problems that they’ve become like this!”

“Her! Did you see that? How old is she? With a broken leg, do you know what they study? Dance, can you understand how a broken leg affects them?”

“Me!”

Rencha was dumbfounded, unable to find the words to refute Lin Ran.

“And you? You’re talking about compensation compensation, are you rich? If you have money, go make a donation, what are you pretending to be a tycoon here? Your product hit someone, shouldn’t you pay for it? An arrogant look, who are you doing it for?”

“You!”

Ren Cha's face turned blue as he listened, but he had no words to retort.

Lin Ran glanced at him blandly and finally spoke.

"My name is Lin Ran, remember clearly, find me anytime you don't like it, and their medical bills, I want to see them within an hour, or you can go and explain to your leader!"

"Also, don't be too arrogant, you can change your name if it's bad, but if the person is bad, then it's really bad!"

After saying that, Lin Ran directly turned around and carried Song Nuan to the ambulance, while the other two roommates were transported to the ambulance by the medical staff early on.

The car continued to honk its horn and soon left.

"Big brother, who the hell is this kid!"

Looking at the back of the ambulance leaving, Rencha's men couldn't help but ask.

Rencha glared at him at his words and said bitterly.

"How the fuck should I know, don't hurry up and transfer money to pay the medical bills!"

"Good!"

Rencha's henchman sniffed and took out his mobile phone, but then realised that he didn't know anyone's bank card information at all.

"Why the hell are you still looking at me, hurry up and catch up!"

The company's main business is to provide a wide range of products and services to its customers.

.....

The ambulance, Su Rou also followed, Song Nuan lying on the bed, some puzzled asked.

"Lin Ran, you just said that Ren Cha, what do you mean by a bad name?"

Lin Ran smiled and laughed afterwards.

"It's just not good!"

"What's not good?"

On the side, Su Rou asked, Qin Ming was in another car taking care of Song Nuan's classmates, and there were only the three of them in the car.

Lin Ran smiled at his words and said.

"Thanks to you two, a university student and a university teacher, how do you read Rencha?"

"Ren Cha ah!"

Su Rou wondered.

Song Nuan, however, was stunned and couldn't help but laugh.

"Sister Su, he means the word cha, and also pronounces cha (zha), which when linked together means scum!"

"Huh?"

Su Rou instantly laughed as well, she hadn't noticed this before.

Seeing Song Nuan and the two of them laughing, Lin Ran's hanging heart also dropped.

The car sped quickly and soon arrived at the clinic. With Lin Ran and Qin Bing around, Song Nuan stopped going to the hospital and went straight back to the clinic, while her two classmates went straight to the Tamkang Hospital.

Back at the clinic, Lin Ran hurriedly placed Song Nuan on the bed, and then together with Qin Bing, they found gauze and other things and bandaged the former carefully.

As for the bone shock, Lin Ran used his true qi to temper the situation, together with some topical medication, and thought that he would be able to fully recover in a week's time at most.

In the middle, Luo Qiqi woke up once, and Luo Cheng saw that his sister was fine before he left, while Wang Yifeng and Qin Bing also went to sleep one after another, leaving Lin Ran alone to guard the two women.

Luo Qiqi had suffered a trauma to her soul and slept heavily, while Song Nuan was able to chat with Lin Ran at first but gradually fell asleep as well.

It was late at night and Lin Ran was sitting alone on the sofa, smoking a cigarette and thinking about things in his mind.

"Kid, what are you thinking about?"

The pillow book popped up and asked with a smile.

"Aren't you known as the Immortal Emperor's Pillow Divine, I have a question for you, how can I make them, ordinary people, have a physique like mine?"

Lin Ran asked directly.

"A physique like yours? You're kidding!"

The Pillow Book laughed at his words.

"I'm not joking!"

Lin Ran said solemnly.

"What happened this time has touched me deeply, even if I'm strong in my abilities, I ultimately can't be by their side all the time, so I want them to become strong too!"

"Then this is a bit of an imposition on your part!"

Pillow said ruefully.

“Although there are many cultivation methods in my world, there is one thing that is the same as in your world, and that is to take over the creation of heaven and earth, to achieve oneself, it is as difficult as ascending to heaven, without putting in hard work and training, how can one easily obtain a physique like yours!”

“Do you think everyone is as lucky as you are? You can come across your ancestor’s heritage just by walking down the street?”

The Pillow Book laughed.

Chapter 540

“Er ..... Then isn’t there any other way?”

Lin Ran didn’t want to give up, as he got higher and higher in strength, the things he encountered became more and more bizarre and his enemies became more and more powerful, he was really feeling a bit overwhelmed.

In addition Song Nuan and the others had to face potential factors every day, any little bit could cause them to get hurt, which was something Lin Ran definitely didn’t want to see, but he knew nothing about cultivation all the way through, so how could he help them.

“You really want to help them?”

Pillow asked suddenly.

“Yes!”

Lin Ran nodded solemnly.

“Willing to pay any price?”

Pillow continued to ask.

“Willing!”

Lin Ran nodded straight away, without a hint of hesitation.

“In that case, I can tell you a method that almost no one would use in our continent, because once you use it, it would be almost impossible to become strong, but on the contrary, it is a method that allows ordinary people to reach the physique of your cultivators very easily!”

The Pillow Book introduced.

“Tell me!”

Lin Ran asked busily.

The Pillow Book nodded at his words, and after a moment of silence, said.

“Actually, to put it simply, it’s the Heaven and Earth Wonder Treasure!”

“Heaven and earth wondrous treasures?”

Lin Ran was stunned at his words and seemed to have thought of something.

“That’s right, it’s the Heaven and Earth Wonderful Treasures, no matter which world, there will be some Heaven and Earth Wonderful Treasures born, it’s a gift from nature and a ray of life left to the mortals by the Heavenly Dao!”

“In the ancient times, there was Kua Fu chasing the sun and the descendants shooting the sun, do you think these people were really born to be gods and immortals? You’re wrong, that’s because of the gift of the heavenly dao!”

“Can you elaborate on that!”

Lin Ran asked, and the pillow book smiled at his words.

“Of course you can, these things are only heard by people in your world, almost all three year olds in that world of ours know about it!”

“Eh, just say it and be done with it!”

Lin Ran said helplessly, saying this as if he was not as good as a three-year-old child.

“You’re really not as good as the three year olds we have over there! At least the current strength is really inferior!”

Pillowbook laughed.

“You, hurry up and say it!”

Lin Ran was speechless.

The pillow-side book laughed heatedly and then introduced himself.

As the saying went, the Heavenly Dao and the Heavenly Kingdom were no more than the word creation, the Heavenly Dao was born powerful, while the Animal Dao was for mortal dust, and as for the Human Dao, although it was in the middle, it was always an awkward level.

There are countless disasters in nature, such as fire and lightning, rain and wind, etc. To fight these powerful natural forces and at the same time ensure the smooth running of the world, the Heavenly Way leaves a chance.

And this chance is the beginning of the rise of mankind.

There are different kinds of heaven and earth treasures, and what the pillow book wanted to tell Lin Ran was that some of these heaven and earth treasures had the effect of cleansing the bones and re-creating the flesh, and these were what Lin Ran wanted.

“Wouldn’t these Heaven and Earth wonders be hard to find?”

Lin Ran asked, “The reason why Heaven and Earth wondrous treasures are precious is because they are rare, and he honestly had no idea how to find them.

“No, no, no! You’re wrong, you’ve overlooked a very important condition!”

The pillow laughed, and Lin Ran understood almost instantly when he smiled.

“You mean the world is different!”

“That’s right, in our world, it can be said that everyone is a cultivator, the heaven and earth wonders are over mined and it’s difficult to come across them, but your world is different, I can feel that there is a scarcity in the eyes of cultivators in your part of the world, so the heaven and earth wonders can be said to be all over the place!”

Speaking of this, Pillow Book reminded with a smile.

“Like what, the blue blood flower, the wu sink wood and the gold swallowing stone you just obtained, these are actually all heaven and earth treasures, only their efficacy is very different!”

“Right, when are you going to give me the Bi-Blood Flower?”

The Pillow Book laughed.

Lin Ran smiled and was speechless, daring to say all that, this guy was thinking about this.

“I’ll give it to you later, but you have to finish first!”

Lin Ran said brightly, he was not stupid, now hand it over, this guy would just eat it and go to sleep, who would he find to reason with.

“You’re quite a thief, fine, Master Shu I’ll tell you with great mercy!”

The pillow book continued.

“If you want to cleanse your little girlfriends’ bones and change their physique, it’s actually very simple. Post a notice to buy a lot of strange treasures from heaven and earth, you’ll always come across something useful!”

“But I have to warn you, everyone’s physique is different, if you don’t want to completely cut off her cultivation along the way, it’s best to vary it from person to person, the selection of materials must be strict, of course, the price is that you have to be very rich!”

“Money? That’s not a problem!”

Lin Ran laughed.

Although he had made a fortune in the past, enough to feed and clothe himself, but if he really wanted to cleanse the bones and change the marrow for the four girls I’m afraid he would have to need quite a lot of money, so he would need to think about it.

“Yes, then turn around and go collect, I will remind you when I come across something useful, I have seen all four of them, I will naturally tell you what is suitable for whom when the time comes!”

The pillow said.

Lin Ran nodded at his words, and a stone in his heart was put down.

Although the Pillow Book had said that this cultivation method would inhibit their future achievements, but honestly, where did Lin Ran expect them to stand at the peak of cultivation in the future? As long as they could live in peace, that was his greatest hope.

Moreover, the pillow book also said that it was his world, in this world of his own, there might not be such a thing. The most urgent task was to find the most suitable heaven and earth treasures for the four girls.

“This matter has to think about a good way, the search for strange things looking for who!”

Lin Ran calculated in his mind, his current connections, can find the heaven and earth strange material, afraid that only Li Wan San, and Jiang San Si, the former is running a medicinal material business, may be able to find some, while the latter is jade business, also may come across.

“That’s right, Li Sheng!”

Suddenly Lin Ran thought of this person, the blue blood flower and the gold swallowing stone were found in his house, so perhaps this person had seen other heaven and earth treasures before.

With a decision in his mind, Lin Ran put his heart down and would visit each of them when he had finished the matters at hand.

.....

“Alright kid, I’ve told you everything, hurry up and bring out the Bi-Blood Flower!”

The pillow book was busy urging.

“Just know how to eat!”

Lin Ran shook his head helplessly and took out the Bi-Blood Flower and plucked off a few leaves and flowers before throwing the rest to the pillow side book.

“Hey! Why are you still eating kickbacks?”

Pillow Book said in discontent.

“What kickback, this was saved for a rainy day, you ate it all, where am I going to find it if I come across this situation again!”

Lin Ran said discontentedly.

“You kid, what do you know!”

The pillow book was speechless.

“Although I’m a book, I’m also a divine weapon beside the Immortal Emperor, containing a small world within it forehead, except for non-renewable things like the Xuan Yang Pill Book, I can plant all the others within myself, I can give them to you again anytime you want!”

“Holy shit! A small world? Really? Take me to see it!”

Lin Ran smiled and said, "A small world inside, he had only read about it in mystery novels, but he didn't think he could come across it.

"Get lost!"

The pillow book helplessly gave Lin Ran a blank look and followed.

"I'm like this, what's the point of reading it, and after I've truly recovered, the small world will also establish a connection with you, so you can go and read it whenever you want!"

"But I have to remind you, this world of yours is very oppressive to cultivators, you might not be able to get out if you go in, so it's okay to use it as a storage space, if you really want to go in and have a look, you should wait until you get to my world!"

"Your world? No way, I'm not going there!"

Lin Ran didn't even think about it, he refused, he was living a good life, how could he not think of going to its world and looking for abuse?
