

Wonder Doctor

Chapter 541

At night, Lin Ran went to the roof of the clinic alone, looking around at the city that had not yet completely fallen asleep, his heart melancholy.

“Have you really thought about it?”

The Pillow Book suddenly asked.

“I’ve thought about it!”

Lin Ran nodded seriously, without the slightest hesitation.

“I really don’t understand you, in that world of ours, many people would have done this kind of thing, this is not only a trophy, it’s a helper, it can save lives at critical moments, why do you have to send her away!”

Pillow Book wondered.

Lin Ran laughed and said.

“No matter what you do there, she is always a life in my eyes, no one can take away someone else’s life.”

“Stop it, she’s just a soul, it’s still considered a life there!”

The pillow said helplessly.

Lin Ran smiled but shook his head.

“The soul is the root of a person’s life, without it, everyone is just a pile of flesh and mud!”

After saying that, Lin Ran also no longer said more, raised his hand and took out the Wu Shen Mu that he had gotten before, Master Li’s soul returned to its place, this Wu Shen Mu Lin Ran but he kept it for himself, it is also considered a little reward that he got.

“Hey, hey! Kid, this Wu sink wood is very valuable, you are not going to use it, right!”

Pillow Book was busy asking when he saw this.

“That’s right, it’s the best carrier I could find!”

Lin Ran nodded his head and said.

“You! It’s mine, you promised me, you daddy!”

The pillow book was helpless, it was enough that the blue blood flower lost a flower and two leaves, sixteen pieces of ebony wood this kid still had to gouge a piece, his heart was dripping blood, er no, the pages of the book were dripping blood.

“Come on, don’t be so stingy, can’t you? Sixteen pieces of wood, what’s not to be satisfied with fifteen pieces of wood, you have to know how to be satisfied with a book!”

Lin Ran said bitterly, while throwing fifteen pieces of oolong wood to the pillow book, leaving only one piece for himself.

“You kid, you’re no good, huh!”

The Pillow Book said in mock anger, rolling up the fifteen pieces of Wu Shen Mu and instantly disappearing into his mind, apparently running off to devour them.

Lin Ran held the Wu Shen Mu in his hand and gently removed the ring from his hand.

“Little Water, come out!”

Lin Ran spoke.

As the words fell, a layer of white mist filled up around the ring, followed by an illusory figure appearing, none other than Chen Shui’er.

“Master!”

Chen Shui’er looked towards Lin Ran and said respectfully, having not seen him for a long time, she had become a little more respectful towards him, this was mainly caused by Lin Ran’s increased strength, which made her feel oppressed.

“Xiao Shui, look at what this is!”

Lin Ran pointed to the wu sink wood in his hand, and Chen Shui’er took a look at it, following which her entire body could not stop trembling.

“Master, this”

“You feel it?”

Lin Ran laughed.

“I feel it, this wood seems to be very comfortable and makes me want to go in and rest!”

Chen Shui’er said, while there was hope in her eyes.

“That’s right, this is wu sink wood, it has the effect of nourishing the soul!”

Lin Ran introduced, while looking at Chen Shui’er.

“I want you to go in and leave once your soul wounds have recovered!”

“Leave?”

Chen Shui’er was stunned at her words, and her eyes couldn’t help but redden.

“Master, are you driving me away?”

Chen Shui’er asked busily, having followed Lin Ran for so long, although there were only a few opportunities to help, she finally had a bond with Lin Ran, but now.

“Don’t misunderstand!”

Lin Ran said busily, seeing this pitiful look of Shen Shen sleep, he couldn't help but feel pain along with it.

"It's not that I want to kick you out, but you have to go, it's your path, it's unfair to you to keep you around!"

"But I don't think it's unfair, I'm happy to be by my master's side!"

Chen Shui'er said busily, ever since she had met Lin Ran she had realised that she had actually become attached to the other party, and now that she heard that she was leaving, she did find it a little hard to accept for a while.

"Are you really happy?"

Lin Ran looked at Chen Shui'er with a question in his eyes.

"I"

Chen Shui'er was at a loss for words, not knowing what to say.

"Following me, you regularly have to slumber and live in a small place like the ring, are you really happy?"

Lin Ran looked at Chen Shui'er and sighed.

"This ring is not where you belong, you should have a life of your own, go reincarnate!"

"Master!"

Chen Shui'er's eyes grew even redder, while she couldn't help but leave tears behind, but she was only a soul body, and her tears had no substance.

"Don't cry, there's nothing to cry about, it's good for you, come in!"

Lin Ran said with a smile.

"Come on kid, just cry if you want to, and hold on for dear life, aren't you tired?"

The pillow book was laughing.

"Go eat your wood!"

Lin Ran said speechlessly.

"Why are you everywhere!"

"Yo yo, still embarrassed, no I slipped, this nee seems to be"

The pillow book didn't finish a sentence, and then there was no sound.

Lin Ran was busy turning his head to look, only then did he find that Chen Shui'er was actually walking towards himself.

"You"

“Master, thank you!”

Chen Shui'er wiped away her tears and gently approached Lin Ran.

“You”

Lin Ran was stunned and unconsciously his old face turned red, he instinctively wanted to dodge, but reason was telling him that he couldn't.

The next moment, the four eyes met, Chen Shui'er gently kissed Lin Ran on the lips, this kiss did not feel anything, the former was a soul body after all.

But it was also this kiss that inexplicably caused Lin Ran to feel a sense of loss, perhaps because Chen Shui'er was about to leave, making him a little reluctant.

“Come in!”

With a long breath, Lin Ran still spoke, people and ghosts were different, Chen Shui'er had her own path after all, he could not be too selfish.

“Mm!”

Chen Shui'er nodded and followed, turning her head to enter the Wu Shen Mu.

“I hope that in your next life you will be reincarnated into a good family!”

Holding the Wu Shen Mu, Lin Ran said softly, then he sat down in place, put the Wu Shen Mu aside and silently lit a cigarette.

Time passed, and soon Lin Ran's cigarette ran out, and at the same time, the original shiny wood suddenly dimmed.

And then, the whole wood quickly dried up, until finally there was no shine at all.

“Bang!”

A muffled sound came, followed by the entire fast wu sink wood shattering with a bang, turning into a black charcoal on the ground, and Chen Shui'er did not appear again.

“That's gone?”

Looking at the black charcoal on the ground, Lin Ran couldn't help but look up at the sky, his heart empty for a while.

“Hey, you, you're the one who let people go, and now you're the one who doesn't want to leave, why are you so troublesome!”

The pillow said without missing a beat.

Lin Ran smiled bitterly at his words.

“That's the difference between you and us, even though you don't let go in your heart, you still have to defend, that's her path! No one else can replace it!”

Said Lin Ran, standing up from the ground, looking at the brightness that had appeared in the sky, he couldn't help but stretch out, and then laughed.

"It's dawn, it's the start of another beautiful day!"

Chapter 542

The next morning, Lin Ran got up early, early, but he hadn't slept much at all, after all, it was already five in the morning when he fell asleep, and it was only seven in the morning.

"Aren't you taking a nap?"

Seeing Lin Ran get up so quickly, Song Nuan couldn't help but ask.

"No, I still have to go out today, you guys stay here to recuperate, don't even go there!"

Lin Ran admonished, but followed with a dumbfounded look, only to see Song Nuan and Luo Qiqi lying under a comforter which seemed to have something hidden under it.

"You two were last night."

Lin Ran was filled with embarrassment and at the same time felt fragrant, after all, the two girls were sleeping under the same covers, it was exciting to think about.

"What are you thinking about, Kiki woke up a little scared, that's why she ran to me!"

Song Nuan was busy saying, but at the same time her pretty face turned a bit red.

"Is she alright, why didn't she come out?"

Lin Ran was busy asking, this nee-san was buried under the covers, not knowing what she was up to.

"It's fine, she's sleeping, you go and get busy!"

Song Nuan said busily.

The more Lin Ran listened, the more he felt something was wrong, so he took two steps forward and lifted the blanket, and immediately saw that Luo Qiqi was hiding under the blanket, actually eating snacks!

"You Stinking rascal!"

The first thing you need to do is to hide the snack.

"It's just a snack, I can't hide from you, stinky rascal!"

"No, why are you hiding from me when you're eating snacks?"

Lin Ran was speechless, it seemed that he had never bothered her about snacking, so how come he was like a thief this time and had to hide from himself.

"I'm not sick I'm afraid you won't let me eat!"

Luo Qiqi said awkwardly, while somewhat reluctantly taking the snacks out, said.

“Alright, I know it’s not good for your health, so I can’t eat it anymore!”

“Pfft!”

Lin Ran burst out laughing.

“Hey, I said little beauty, you’re a soul injury, not a mouth search on, who won’t let you eat, eat yours!”

Saying that, Lin Ran was ready to cover the quilt back up.

But this lowered his head at once he froze, only to see four large white legs laid out in front of him, shaking his eyes immediately could not move, at the same time he then remembered that the two women were sleeping and not yet up, he actually directly ripped off their quilt

“Ah!”

“Ah!”

The two women screamed out almost simultaneously, frightening Lin Ran hurriedly covered his ears, while at the door, Wang Yifeng also ran over at the sound, busy probing and asking.

“What’s wrong?”

“Nothing! Get out!”

Lin Ran, almost by reflex, directly blocked Wang Yiming’s view with his body, followed by pushing him out.

“Not Ranzi exactly”

Wang Yifei just wanted to open his mouth to ask what was going on, but saw the quilt in Lin Ran’s hand, and immediately the doubt on his face disappeared, and a bright smile appeared in its place.

“Ranzi, you’re too eager, they’re both sick, you don’t even think about them, you’re not honest in the morning!”

“Holy shit, what are you thinking?”

Lin Ran was speechless and said as he retreated into the room.

“Go wait for me downstairs, I’ll talk to you about something later!”

With a bang, he closed the door of the room to save this guy from peeking outside.

However, he closed the door, the two women behind him were nervous.

“You You have to dare!”

Song Nuan asked busily, while unable to resist gulping.

“Just That’s it, it’s broad daylight, just... Even if we like you, you can’t”

Luo Qiqi was even more frightened that she couldn’t speak well.

Lin Ran looked at the two, big white legs shaking so much that people could not move their eyes, and was busy saying.

“I admit, you guys are very tempting, but I also have self-control, okay!”

Lin Ran was speechless, and immediately went forward to prepare to cover the duvet for the two, but when they moved, they became even more nervous.

“You Don’t you come over!”

“Stop, stinky rascal don’t come over!”

The two people tensed up.

Lin Ran saw this and shook his head helplessly, followed by throwing the quilt to the two as soon as he could, while turning around and leaving the room, but on the way out, he turned back and laughed.

“Don’t say it, your skin is quite white!”

“Bastard!”

“Fucking pervert!”

“Bang bang,” two pillows came straight over, but they were blocked by Lin Ran’s closed room door.

“This guy, what an abomination!”

Song Nuan couldn’t help but say.

“That’s right, we must teach him a good lesson later!”

Luo Qiqi chimed in from the side.

But while the two of them were speaking with righteous indignation, the smug laughter in their eyes could not be concealed.

“Quite white skin!”

The two of them had heard these words in their ears.

.....

The first thing you need to do is to get a good idea of what you are getting into.

The only way to do this is to say hello to everyone again, but this is a small delay, Song Nuan is in Luo Qiqi’s support, has gone downstairs.

“Hey! Where are you going?”

Song Nuan asked aloud.

“Going out to run some errands!”

Lin Ran returned awkwardly.

“When will you be back?”

Song Nuan continued to ask.

“Soon!”

Lin Ran said, scratching his head.

“Just the two of you going?”

Song Nuan continued.

“Yes!”

Lin Ran nodded his head.

“Nice legs, right!”

“Nice, just a bit wobbly eyes!”

Lin Ran said at the end of a sentence before he reacted, and as the words fell, he pulled up Wang Yifeng who was on the side and ran.

“Hey! What’s wrong with this?”

Wang Yifeng couldn’t help but ask.

“If we don’t go, we won’t be able to leave!”

Lin Ran said busily, and just as the two of them rushed out of the clinic, two pillows followed out behind them with a bang, along with the laughter of Qin Bing and Lin Zheng.

“Holy shit, what did you do to the two of them, so crazy!”

Wang Yifeng couldn’t help but ask.

Lin Ran smiled helplessly and said awkwardly.

“What can I do, I didn’t do anything, don’t ask, hurry up and get going!”

As he spoke, Lin Ran had already gotten into the car, and Wang Yifeng had no choice but to follow.

.....

“Where are we going here?”

When they reached the car, Wang Yifeng asked directly.

“To find Li Wansan!”

Lin Ran said back.

“Looking for him? What is it?”

Wang Yifeng wondered, the clinic’s herbs had always been supplied by this guy, could it be that there was a problem with the herbs?

“Looking for him for something!”

Lin Ran didn't say much, he didn't want to say much about the Heaven and Earth Wonderful Treasure Bone Cleansing and Marrow Exchange method, firstly because this method was simply impossible for ordinary people to do, and secondly because this kind of thing was too heavenly, so the less one knew about it, the better.

As Wang Yifeng drove on, Lin Ran took out his mobile phone directly and called Li Wansan, and it didn't take long for the call to be answered.

After Lin Ran made his intention clear, Li Wansan smiled.

“Old brother Lin Ran, you've come at a good time, there's a merchant carrying goods coming over today, the place is at the Three Tea House, you can come straight over!”

“Three Tea House? Fine I'll go over there!”

Chapter 543

Three Tea House, is considered a very strange place in Tanjiang City, the reason why it is said to be strange is precisely because the rules here are very strange.

As the name implies, the Three Tea House, has three kinds of tea, which is generally a relatively small number of categories for a teahouse, but it is these three kinds of tea, but the entire business of the teahouse, and even stand here for decades, never lack of customers, the only thing missing is seats.

Lin Ran arrived at the teahouse after ten minutes and met Li Wansan on the first floor. This guy had not changed much as before, but since his old man had recovered last time, he also liked to play with literature and always had a string of bodhi in his hand, playing with it quite effectively.

“Aigoo brother Lin Ran, it's been a long time since I've seen you, I really missed you!”

When he saw Lin Ran, Li Wansan came forward and laughed, while smiling at Wang Yifeng, who didn't dare to speak, this guy was not big or small, and he had a heavy hand, so Li Wansan didn't want to mess with him, so it was better not to talk to him.

“Brother Wan San!”

Lin Ran smiled and responded, following the two of them to take their seats, Wang Yifeng also sat aside, having a sip of tea each.

“I wonder what Brother Wan San is talking about with the merchants who carry goods?”

Lin Ran opened the door.

“Ao, it's a long story, let me be brief!”

Li Wansan laughed and immediately told the story of the backstocking merchants.

It turned out that in certain industries, there existed a term for back-load merchants, these people existed for the circulation of certain particularly precious goods, they were not like the current couriers, where anything could arrive by sending an express.

They existed specifically for the transport of some precious goods, such as very precious wild herbs, particularly precious jadeite and jade bracelets, etc. Each of these things was so valuable that it would be very easy to damage or lose them if they were transported by traditional fast, and these people were specialised in transporting these things.

At first some backpackers were just footmen, used to carry goods for their employers, but later this gradually developed into a trade, and there were many people who specialized in selling precious items, which is why they became backpackers.

“These people have all kinds of gas-sucking and weird things in their hands, so every time they go to a place, the people they receive are usually the big families, in order to also get the precious items they need from these people first.”

Li Wansan explained with a smile, and as the words fell, the sound of footsteps came from outside the door.

“What a coincidence, he’s here!”

Lin Ran smiled at his words and got up, the three of them all looked towards the door to see that not long after a slightly vicissitudes middle-aged man walked in from outside, he was carrying a travel bag and was winded, he even leaked out a smile when he saw Li Wansan.

This smile, however, came to an abrupt end when he saw the two Lin Ran.

“Brother Wan San, who are these two people? I don’t remember you mentioning that there were others present!”

The middle-aged man with the backed goods’ face sank as he said with some anger.

“Brother Li Xin, don’t get angry yet, these two are my friends, they are very close, it just so happens that they need to buy some things this time, so it’s just right to introduce you to two customers!”

Li Wan San laughed, however Li Xin was still frowning, his eyes glancing at the two Lin Ran before he coldly snorted with disdain.

“Brother Wan San, forgive my clumsy eyes, but I’m afraid these two friends of yours don’t have much strength, the clothes all over their bodies probably don’t even add up to a hundred, and they’re worthy of being introduced to me with such strength?”

“Hey, you damn well have to find”

Wang Yifeng smiled and was immediately displeased, fortunately Lin Ran stopped him in time and smiled at Li Xin to round up the situation.

“Don’t mind my friend, my brother is a rough guy, as for the strength you are talking about, I think we should be able to satisfy you!”

“Satisfy me? Kid, do you know what the strength I’m talking about represents?”

Li Xin laughed and at the same time got interested, sitting down on a chair on one side with his butt while snapping his fingers.

Soon, a waiter walked in, only to hear Li Xin say skillfully.

“The usual rules, first class bitter tea!”

“Yes sir!”

The waiter seemed to have seen it all before and went straight to make a pot of tea and brought it over at the sound of his voice.

Li Xin poured himself a cup of tea and took a light sip, then poured another cup, but handed it to Lin Ran, laughing disdainfully.

“Here, taste this tea, tell me what variety of bitter tea it is, if you can say it, you have the strength to do so, if you can’t, get the hell out of my way immediately!”

“Brother Li Xin, this friend of mine is not proficient in the tea ceremony, you are”

Li Wansan was busy speaking, however, Li Xin interrupted him by waving his hand directly and laughed.

“Brother Wan San, if you have not even had this kind of tea, do you think I need to waste my words with them?”

“But this”

Li Wansan still wanted to say something else, but Li Xin directly waved his hand to interrupt, then looked at Lin Ran, his gaze had a teasing and playful look, as if to say again, even if the King of Heaven came today, it wouldn’t work, either answer my question or just get lost.

“Ranzi!”

On the side, Wang Yifeng couldn’t help but come over, but Lin Ran shook his head with a smile, didn’t say anything, and picked up the cup of tea straight away.

Lin Ran first looked at it and saw that the tea was green, then he smelled it and saw that there was only a light fragrance, and finally he took a sip.

The tea went down his throat, a fragrance with a softness, immediately let Lin Ran’s whole spirit burst, the heart can not help but think of the tea just now Li Wan San gave himself, this between the two is really a world of difference.

“Cut, what kind of bullshit tea is this, if it were in my hometown, I wouldn’t even be able to shout the word tea!”

Seeing Lin Ran enjoying himself so much, Pillow Book couldn’t help but laugh.

“You don’t understand, it’s not easy to have this kind of tea in our world!”

Lin Ran said, then looked at Li Xin and laughed.

“Bitter tea, originally a type of Pu-erh tea, but this cup of bitter tea is very soft, I think other tea products should have been added to match, Brother Wan San is right, I am not proficient in the tea ceremony, so I can only tell so much!”

Said Lin Ran, placing the cup of tea on the table and looking at Li Xin as he asked.

“I wonder, am I qualified enough?”

“Hehe!”

Li Xin laughed at his words, Lin Ran’s answer was right, but it was also too right in front of him, making him a bit at a loss as to how to judge for a while, but soon he thought of a solution.

“Barely enough, but I have one more question, do you know how much this tea costs a pot?”

Li Xin asked with a smile.

Lin Ran shook his head at his words, and Li Wansan, who was at the side, was busy explaining.

“Brother Li, this is my friend’s first time in this teahouse, how could he possibly know!”

“So!”

Li Xin smiled at his words and pointed at the teapot and laughed.

“This kind of tea, at three thousand dollars a pot, is made from the finest bitter tea with snow leaf lotus, which is the finest even in the imperial capital!”

Speaking here, Li Xin looked at Lin Ran and laughed.

“And the cheapest thing I have to sell can buy a hundred pots of this kind of tea, boy, do you still think you’re qualified now?”

Chapter 544

“Three hundred thousand? I go, what the hell is this, it’s simply more profitable than even pimping!”

On the side, Wang Yifeng couldn’t help but laugh, as soon as he said that, he immediately tarnished the mysterious identity that Li Xin had posed as not even a little bit left.

Lin Ran and Li Wansan couldn’t help but laugh even more.

But school to laugh, Lin Ran still opened his mouth and said.

“300,000 is indeed nothing with me, brother Li Xin do your best to show what you have, I won’t be stingy if there is a need!”

“Haha, what a big mouth!”

Li Xin smiled at that, in his opinion, how could a truly rich man not even dress himself, not to say that everything was worth a million, but at least one or two things that showed his status, such as a watch, or a tie or something.

The fat man beside him was even more outrageous, dressed in a casual way, I’m afraid that even if he went on a blind date, the girl would be furious.

“Brother Li Xin, this friend of mine is really strong, so you can start!”

Li Wansan was also busy saying, he didn't know much about Lin Ran's strength, but the only time he had known was already a big deal, but people just liked to wear these cheap goods, so he couldn't do anything about it.

"It's just that!"

Li Xin did not bother to dwell on it, waved his hand and said to Li Wansan.

"For the sake of our old friends, I'll sell you face today, they can stay, but but first, let's say that the rules they must also abide by, either they don't ask, or if they do, they must bid for them!"

"Don't worry, don't worry!"

Li Wansan said with a busy smile.

Following Li Xin was to go and prepare things, while Li Wansan this was to come up next to Lin Ran and laugh.

"Little friend Lin Ran don't take it to heart, those in their line of work are windy and don't want to waste their time on people who don't have money, you should also understand more!"

"I'm fine!"

Lin Ran smiled blandly and picked up his tea and drank it.

Seeing that Lin Ran had no intention of getting angry, Li Wansan then sighed in relief and returned to his seat.

On his side, Li Xin quickly prepared his things, but Lin Ran was a little speechless when he saw it, he had thought that this guy would prepare a lot of things, but it turned out that there were actually only three items that ended up on the table.

"Don't be surprised, these backstory merchants don't just have one place to go, they will take out three items that the guests have the greatest hope of buying and target them for display so that they can get as many things out of their hands as possible!"

Li Wansan explained from the side.

Lin Ran nodded his head and didn't ask more questions.

On Li Xin's side, he was also quickly ready, as he first opened the box on the outside of the first item, followed by an item that looked like a ginseng, which appeared in front of the crowd.

"Boss Li, how about it? Do you recognise this thing?"

Li Xin smiled smugly, not bothering to look at Lin Ran next to him in the slightest, in his opinion, this thing was something that only Li Wansan could afford, as for the two of them, they were afraid that it was just an eye opener.

"Is this blood ginseng?"

Li Wansan's eyes went a little straight as he looked at it, unable to believe that what he was seeing in front of him was the legendary blood ginseng.

“Haha! Boss Li really has good eyesight, yes, this is blood ginseng!”

Li Xin laughed triumphantly, while not forgetting to rush at Lin Ran disdainfully.

“Kid, do you know what blood ginseng is? You don’t have any research on herbs either, do you! Haha”

“Brother Li is joking, I still have some research on herbs!”

Lin Ran laughed lightly.

Li Xin was stunned at his words, but then he smiled even wider.

“You have research on herbs? Don’t laugh me to death, do you know what blood ginseng is? Do you know how much this is worth in the market?”

Li Xin said and deliberately lowered his voice, laughing.

“Just this one blood ginseng, a man had 800,000 before, I didn’t even sell it!”

“Eight hundred thousand?”

Wang Yifeng smiled and was immediately helpless, just a palm-sized ginseng actually sold for 800,000, this is simply extortion.

“How about it, Boss Li, do you want to consider getting in?”

Li Xin turned his head to look at Li Wansan and asked with a smile, the latter frowned and pondered, not answering for a while.

Lin Ran saw this but smiled.

“Brother Li, isn’t eight hundred thousand high, I think this ginseng of yours is worth four hundred thousand!”

“Hm?”

Li Xin was stunned at his words and followed by looking at Lin Ran, disdainfully.

“Kid, don’t talk nonsense if you don’t understand, okay? Four hundred thousand? I want as much as you have! I told you earlier, this is blood ginseng, not ginseng, understand!”

“You haven’t seen the world!”

Li Xin said disdainfully, his eyes filled with contempt.

Lin Ran, however, was not angry, smiled blandly and said.

“It’s true that this is a blood ginseng, but it’s not worth 800,000!”

Lin Ran said, pointing at the blood ginseng, “This blood ginseng is firstly too small, only palm-sized, and secondly, the colour is obviously unnatural, and has a heavy deliberate nature, if I’m not wrong, it should be artificially cultivated. That’s absolutely impossible!”

“You!”

Li Xin's face instantly sank at his words, looking a little embarrassed.

"What do you know, artificial cultivation? Do you think this blood ginseng is that easy to cultivate? This is a genuine wild blood ginseng from Laozi!"

"No, no, this is definitely not what you have!"

As soon as Li Xin's words fell, Lin Ran spoke up again.

"Natural wild blood ginseng is very rare, it only grows into blood ginseng if it happens to come across blood in the place where the ginseng grows, the chances are already small, not to mention that this blood ginseng of yours, as I said, is too unnaturally coloured."

Saying that, Lin Ran pointed to the colour on the blood ginseng and laughed.

"With natural blood ginseng, the blood is randomly brought to a certain part of the ginseng as it grows, while this strain of yours is almost blood red all over, that alone is enough to show that it was artificially cultivated!"

"On what grounds! What proof do you have!"

Li Xin frowned and scolded, this ginseng was something he had paid three hundred thousand dollars for and was expected to be wild, how could he be willing to believe Lin Ran's words.

"As I said, students need to happen to come across blood to grow, this ginseng of yours is at least twenty years old, if it really is a blood ginseng, it must have had blood for at least fifteen years, may I ask what kind of animal it must be to provide a constant supply of blood for fifteen years to nourish this ginseng? Other than artificial cultivation, I really can't think of any other way!"

Lin Ran said indifferently.

And as Li Xin listened this time, he was completely speechless.

"You This"

Li Xin looked at Lin Ran and looked at Li Wansan, and for a moment, he couldn't really find any reason to refute it.

"That's why I said this thing is only worth 400,000, after all, it's been cultivated for so many years and a lot of costs have been invested!"

Lin Ran laughed indifferently.

Li Xin was already completely helpless, daring to say that in the end he had really hit himself in the eye.

"Good! Good boy, this is the first time I've been hit in the face by a young man on the spot, you can do it!"

Li Xin said as he looked at Lin Ran, his tone could not be seen as angry or helpless, only to see him load the blood ginseng and ask the two directly.

"This blood ginseng is 400,000, which one of you wants it!"

“Me me, I’ll take this, don’t argue with me brother Lin Ran!”

Li Wansan was busy speaking, the smile on his face was about to fly, jokingly, Lin Ran had directly cut the price in half with a few words, he could be unhappy even ghost.

Lin Ran smiled blandly at his words and said.

“I’m not interested in this stuff, just take it as you wish, Brother Wansan!”

Chapter 545

“Good!”

Li Wansan paid the money and took the items, as business had reached his level, money was already something outside his body, instead, it was these strange and good things that were his hobby, just like collecting and investing in antique shops.

“Brother, the first one I admit I looked away, and thanks to your proficiency in medicine, so I admit it, but this second one is nothing for you!”

Li Xin said smugly, always walking by the river there is no such thing as wet shoes, he didn’t take Lin Ran’s stirring just now to heart and took out the second item directly.

Lin Ran just laughed and didn’t answer, whether or not there was something about himself, he still had to see the item before he could say anything.

The item was opened, followed by Lin Ran three people amazed to see that it was actually a super large walnut .

That’s right! It was an oversized walnut, the size of an adult’s fist, with a wooden body and many wrinkles, no different from an ordinary walnut.

“Brother Li, what the hell is this thing?”

Li Wansan was busy asking, this time he really couldn’t tell.

“I think it’s just a wooden craft, nothing strange!”

Wang Yifei laughed, not taking it seriously at all, only Lin Ran looked at it with an uncomfortable frown.

Because he found that since this thing was taken out by Li Xin, the temperature in front of himself had lowered a bit, although it was not very obvious, but he was aware of it.

This was also thanks to the fact that he had now entered the Qi Watching Realm, while Wang Yifeng was still a little short, if he had also reached this realm, I was afraid that he would also be able to notice this problem.

“Artefacts? Damn fatty, don’t talk if you haven’t seen the world, at least learn like your friend, people don’t know at least don’t talk!”

Li Xin said disdainfully, and Wang Yifeng didn’t bother to pay him any mind, he didn’t retort, he just snorted.

“Listen up! I’ll tell you what this is!”

Li Xin swept his gaze over the crowd and laughed smugly.

“This is a piece of ice wood!”

“Ice wood? What the hell? A piece of wood made of ice?”

Wang Yifeng laughed at his words.

Li Wansan even scratched his head as he listened, saying that he had never heard of such a thing before.

“Look at you, you’ve never seen the world!”

Li Xin was full of smugness as he placed the wood on the table, while finding a cup of cold water and pouring it directly on top.

“Watch this, today I’ll open your eyes to what is called ice wood!”

Said, Li Xin directly sat down eyes staring straight at the ice wood, Lin Ran three people saw the situation also had to look over.

Time passed, and after waiting for about a minute, just when Wang Yifeng was a bit impatient, he saw Lin Ran violently pressed him, and at the same time everyone was surprised to see.

On the surface of the ice wood, those residual water droplets, actually quickly formed ice crystals, and in just a few moments, a thin layer of ice appeared on it.

“This This is a fucking refrigerator!”

Wang Yifeng couldn’t help but exclaim.

“What What refrigerator, don’t talk nonsense if you haven’t seen it, Laozi this is a good treasure!”

Li Xin was busy saying, the king’s wife sold the melon he naturally didn’t want others to say bad things about this thing of his.

“Well, you have seen it! This thing is at least half a million, who wants it!”

Avoiding a long night, Li Xin directly opened his mouth to make an offer.

“Half a million? Just to buy this piece of wood? Go home and make ice for fun!”

Wang Yifeng laughed at once.

Li Sanwan on the other side also shook his head, spending so much money, either to buy what he desperately needed or to invest, spending half a million to buy a piece of wood to make ice at home, this was too bullshit.

“No I this is really a good treasure, I could have spent a lot of money to get it in the first place!”

Li Xin was busy saying, back then he spent nearly seven hundred thousand dollars to get this thing, this if the market wasn’t bad and he needed the money, he wouldn’t have sold it for half a million dollars.

“Brother Lin Ran? Aren’t you very powerful? Thinking about it?”

Seeing that Li Wansan and Wang Yifeng were not interested at all, Li Xin had no choice but to look at Lin Ran, although he was upset with this guy, but as long as he could sell it, who would have a problem with money!

"I am interested in a few things!"

Lin Ran said with a smile, this reply undoubtedly made Li Xin interested and he was busy laughing.

"That's fine, if little friend Lin Ran is really interested, I can give you a 30% discount, how about that, three hundred and fifty thousand is yours!"

Li Xin said generously, while Wang Yifeng, who was on the side, was busy saying.

"Ranzi, if you buy this thing, it will be a real blow to your hand, just this one ice making function, it's not as good as a refrigerator, what's the use of buying it back!"

"Damn fatty, no one takes you for a mute if you don't speak!"

Li Xin scolded, and then looked at Lin Ran and laughed.

"Little friend Lin Ran? How about it? If you want it, we'll hand it over here!"

Li Xin really wanted to sell it, it had been in his hands for four or five years, so if he couldn't sell it, it would really be a total loss.

Lin Ran looked at him, smiled lightly and said.

"The stuff, I can have it, but the price has to be discussed!"

"Okay, okay, how much do you want to pay?"

Li Xin asked busily, as long as Lin Ran agreed to take it, then it would be a good deal, at least it would be money if it was sold, but if it was not sold, then it would really just be an object.

"This amount!"

Lin Ran smiled and held out five fingers, waving them at Li Xin.

"Fifty thousand? Brother you're teasing me, this is too little!"

He felt his heart dripping blood when he thought of what he used to buy for seven hundred thousand dollars and now he was selling it for fifty thousand.

"Brother you are adding more, this price is too cheap!"

Li Xin said busily.

However Lin Ran was smiling and shook his head, saying.

"You've misunderstood, I'm talking about my five thousand!"

"Five Thousand?"

Li Xin almost didn't spurt out a mouthful of old blood at his words, and got angry along with him.

“Kid, five thousand? You’re sending the caller away!”

With that, Li Xin was about to load the stuff up, however Lin Ran was laughing.

“You can go ahead, you can not sell, anyway, the loss is not me, you must have at least four or five years of unsold things!”

“You How do you know!”

“It’s not hard to guess, there’s so much dust in the gully above, obviously it’s been there for a long time, now sell it and you can make back five thousand dollars, if you keep it, I’m afraid it won’t even sell for five dollars, think about it yourself!”

Lin Ran laughed indifferently, with a dispensable look.

Li Xin was a bit hesitant, although Lin Ran’s price was too low, but honestly it was still five thousand yuan, what if he didn’t sell it? What if he didn’t sell it? Then sell it for five or six years? I was afraid that by then the five thousand dollars would not be worth as much as the five thousand dollars now.

“Have you thought about it?”

Lin Ran sipped his tea and said blandly.

“I’ve thought about it!”

Li Xin gritted his teeth and directly packed the stuff and threw it to Lin Ran.

“Pay up!”

“Sharp!”

Lin Ran smiled blandly and immediately took out his phone and transferred five thousand dollars to the other party.

And it was at this point that the pillow book in his head was already exploding.

“Holy shit! Kid, you’re too fucking black, ice crystal fruit, you only gave someone 5,000 yuan, my god! A man like you would be killed in our place!”

“Shhh! What do you mean by a guy like me? A person is willing to sell, it’s none of your business!”

Lin Ran retorted, but in his heart he was already overjoyed.

The ice crystal fruit, that was one of the full heaven and earth treasures, Qin Bing was just right for this.

Chapter 546

Ice Crystal Fruit, a very rare heaven and earth treasure material, its properties were the same as its name, it was ice attribute, this kind of attribute heaven and earth wonder treasure was most suitable for people with icy cold temperament to cultivate, and among the four women only Qin Bing’s temperament matched it the most.

“Finally, we’ve solved one, by the way, how did this fruit look like this!”

Lin Ran asked busily.

“What do you know, you brat, this is an inner hidden fruit, the most treasured of the ice crystal fruits!”

The Pillow Book laughed smugly.

“Inner hidden fruit? What do you mean?”

Lin Ran didn't understand, he had never heard of such a name before.

“It means that there is a fruit hidden inside, this large log you see now is actually the core inside a larger ice crystal fruit, something like a peach core, except that inside the core of this ice crystal fruit, there is another ice crystal fruit!”

Speaking here, the pillow book pondered for a moment, then continued.

“To put it another way, it's like a condom means the same thing!”

“You mean that the wood is a larger ice crystal fruit that was eaten and left behind as a kernel, and then there's a smaller ice crystal fruit inside the kernel?”

Lin Ran asked busily.

“That's right that's what it means! The fruit inside the fruit is the best performing fruit, your little girlfriend has earned it!”

The pillow book laughed.

Lin Ran, however, was stunned to hear this and said awkwardly.

“What little girlfriend, don't talk nonsense!”

“Isn't it? Deadbeat still won't admit it!”

Pillow Talk retorted.

Lin Ran didn't bother to pay attention to him, and directly put away the fruit and looked at Li Xin in front of him.

This guy had two items, the first one was directly cut by half the price, the second one was almost given away for nothing, which made him very upset, although he did get some money back, but in the end he didn't make any profit or even lost a lot, so this third one he was also riveted and took out the item he was most optimistic about.

“Brother Li Xin, what is this thing you have?”

Looking at Li Xin straining to hold out a large stone like object, Li Wansan asked curiously.

“This is a good thing, you will know later!”

Li Xin said, selling himself short.

On the side, Lin Ran and Wang Yifeng came to be interested, this thing was the size of a volleyball and looked very strange.

“Watch it! This is something totally great!”

Li Xin placed the object on the table, followed by ripping off the lid on it with one hand, and immediately an oozy black object appeared in front of everyone’s eyes.

The object was about the size of a volleyball, black in colour and with many holes in it, and at a glance the crowd froze.

“I say, where did you get this thing, and it’s so big!”

Wang Yifeng couldn’t help but ask, meteorites are very precious even in the eyes of experts, not to mention ordinary people, he really didn’t expect that Li Xin, a backstabbing merchant, actually had this thing.

“Hey, this was collected from a mountain village, but it’s not a meteorite!”

Li Xin laughed smugly, he knew that this item would definitely shock the four seats once he brought it out.

“It’s not a meteorite? Then what is it!”

At the side, Li Wansan couldn’t help but ask, if this thing wasn’t a meteorite, then what else could it be.

“It can’t be bread, anyway, there are holes like this on bread!”

To the side, Wang Yifeng laughed.

“No, no, no, this is indeed not a meteorite, nor is it any kind of bread, but”

Li Xin was just good enough to show off a bit, yet was interrupted by Lin Ran who was on the side.

“This is meteorite iron, do you still remember the divine dragon axe? It’s the material for casting!”

Lin Ran said indifferently.

“What? Meteorite iron?”

Wang Yifeng pounded his chest at the sound of his words.

“Aiyo, why didn’t you come earlier, old brother Li Xin, if you had come earlier, Master Fatty’s divine Dragon Axe wouldn’t have been completely ruined!”

“What do you mean?”

Li Xin was listening in the clouds, not knowing what this guy was talking about.

Lin Ran interrupted him with a wave of his hand and asked with a smile.

“How much is this thing out for? I’ll take it!”

“What? You want it? Little brother, we have just made a deal, so we have some friendship, but I have to remind you, this is a real good thing, if you want to buy it, then you have to show your real ability!”

Li Xin laughed smugly.

Although the two had just made a deal, but in the end it was just a five thousand piece of stuff, Lin Ran hadn't seen whether he had the strength or not, and this piece of meteorite iron of his own that was going to make a good profit, otherwise he wouldn't have bid for it even if it killed him.

"Ranzi, the divine dragon axe is already broken, why are you still buying this thing?"

Wang Yifeng was busy coming over and asked in a low voice.

If Lin Ran bought this thing for himself, then he would really be a bit embarrassed, after all, Li Xin was honest, he was afraid that the price of this thing would not be too low.

"It's naturally useful if you buy it, don't worry!"

Li Ran smiled and patted Wang Yifeng on the shoulder before looking at Li Xin.

"Boss Li, say it, how much are you prepared to sell it for?"

"Haha, Brother Lin is really quick, fine! Then I'm not going to sell myself short, this item is five million, you can take it straight away!"

Li Xin laughed, five million, honestly he was just blowing it off, originally this item was collected for ten thousand, in his opinion this item was worth a million, so as long as it was more than a million he would be able to accept it.

"Yes! Just five million!"

Lin Ran didn't even think about it and agreed straight away.

"What? Kid, you're not kidding!"

Li Xin was instantly baffled, he had casually said five million and Lin Ran had actually agreed to it straight away, had he misread it? Was this thing really worth five million?

For a moment, even Li Xin doubted his judgment a little.

"Ranzi, you're crazy! Five million for a lump of iron?"

"That's right, little friend Lin Ran, isn't this too rash!"

Wang Yifeng and Li Wansan were busy coming over to persuade, however Lin Ran was waving his hand to indicate that he had already made up his mind.

"All right, all right, isn't little friend Lin Ran a clumsy person like you!"

Li Xin said with a busy smile, while quickly wrapping up the items and handing them to Lin Ran.

Lin Ran didn't bother, he transferred the money straight away, five million dollars and not a penny less!

"Farewell! I have things to do so I'll leave first!"

When Li Xin received the money, he directly rolled up his luggage and left, as if he was afraid that Lin Ran would backtrack.

"Ranzi, are you really crazy? Five million for this piece of shitty rock?"

“Yes, little friend Lin Ran, what kind of medicine are you selling in this gourd?”

Li Wansan was also puzzled and busy asking.

Lin Ran looked at the two and smiled.

“Do you guys know what the market price is for such a large piece of meteorite iron?”

“How much?”

“How much? Wasn’t it Li Xin who said five million?”

Li Wansan and Wang Yifeng were both a little confused, was this price not worth five million?

Lin Ran looked at the two and laughed.

“Meteorite iron has been valuable since ancient times, especially large pieces are even more valuable, but in the end it still depends on whether one has a channel to sell it, I can guarantee that just such a large piece of meteorite iron will definitely not be worth less than tens of millions!”

With that, Lin Ran put the meteorite iron away, he used to worry about having no place to put it, but now with the small world of the pillow book, it was no longer a worry.

“Holy shit! You actually have the means to do this, but then you should at least get a price, how come this five million feels like drinking water, it’s over after that!”

Wang Yifeng was pained.

Lin Ran, however, laughed.

“I made more money on the last piece of wood, so let him make some money on this stone, it’s called a win-win situation! If we don’t let him earn some, how will he think of us when he has something good in the future!”

“Chicken thief! You’re so chicken and thief!”

Wang Yifeng couldn’t help but laugh.

Li Wansan even archly laughed.

“Wan San is convinced, little friend Lin Ran is really business material!”

Chapter 547

After bidding farewell to Li Wansan, Lin Ran and Wang Yifeng went on another trip to the antique city and purchased many other materials before returning to the clinic at noon.

During this time, Wang Yifeng was curious about what Lin Ran was doing by buying so many strange items, so Lin Ran told him about his idea to change the bones and marrow of the four daughters and instructed this guy not to tell anyone.

According to the pillow book, this method of bone exchange and marrow cleansing is very top secret, and I am afraid not many people in his world know about it.

After returning to the clinic and greeting the three women, Lin Ran went about his work for two hours, almost to 3pm, before he called the three women up.

That's right, it was the three girls, because Su Rou had gone back to school, she was a teacher and had to go back to class, and if Song Nuan hadn't happened to be injured, I'm afraid she would have been at school at this time.

"What are you looking for us!"

Song Nuan looked at Lin Ran and said in no good mood, as if she was still angry about the morning's events.

"It's very important, you guys sit down first!"

Lin Ran said solemnly, while going to check the door of the room again, and only when he saw that there was nothing strange did he return to his seat.

"What's wrong? You're not going to announce who you're going to make your girlfriend, are you?"

Luo Qiqi asked curiously, blinking her big eyes.

Lin Ran almost didn't spurt out a mouthful of old blood as he looked at the three of them and said solemnly.

"Don't think blindly, I really have something important this time, Su Rou is not here, so let's ignore her for now, I'll go find her personally later, now I'll tell you three first!"

Said Lin Ran, he looked at Qin Bing.

"I don't know if your family has ever told you about entering the path with martial arts!"

"Entering the Dao with martial arts?"

Qin Bing was stunned at her words, followed by a frown, she looked at Lin Ran and eventually nodded.

"Actually, my family didn't tell me about this, I was curious and discovered it myself!"

"No matter how you knew, you always knew, so that's good!"

Lin Ran sighed in relief, Song Nuan and Luo Qiqi were listening to the clouds, playing away not knowing what the two of them were talking about.

"Let's put it this way, you have not seen the mystery novels, but the mythological TV series always seen it, what those people above what the sword and walk, what light power will fly, this you have always seen it!"

Lin Ran looked at the three women and said.

"I've seen it, what? You're not going to tell us that it's true, are you!"

Song Nuan frowned, how could she possibly believe these things, instead it was Luo Qiqi, who looked like a little fan girl, who laughed.

"Brother Lin Ran you say, as long as it's what you say, I believe it!"

Lin Ran laughed helplessly, followed by a palm probe, at once only to see the teacup on the table to the side move, the teacup slowly floated up, then waved in front of the three women before finally falling back.

“This

“How is this possible!”

“Brother Lin Ran, you’re not going to be a magician, are you!”

The three women had different thoughts, and Lin Ran had no choice but to say.

“Not a magician, it’s true, I didn’t want to tell you all this, after all, the more you know the more dangerous you will be, but I can’t help it, you’ve all seen it recently, even I disappeared for so long last time, so I feel more and more afraid that I can’t protect you with my strength!”

“So, I want to replace your bones and cleanse your marrow, I dare not say anything else, at least make your physique higher than normal, so that you don’t have to worry about things like having your souls rushed by fatal Qi, or being injured by billboards!”

The three women were all silent at the words, but soon Luo Qiqi spoke up.

“I don’t have a problem with it, I believe Brother Lin Ran won’t harm me anyway, what do you want me to do?”

“Qiqi!”

Qin Bing was busy speaking up and interrupting her.

“What’s wrong Sister Bing?”

Luo Qiqi looked at her suspiciously.

Qin Bing, however, looked at Lin Ran with her head, and then said with a grit of her teeth.

“Lin Ran, although I don’t know if this ability of yours is the same as my family’s so-called cultivation, there is one thing I know, the bone replacement and marrow cleansing you are talking about at least my family definitely doesn’t have the means to do it!”

As she said this, there was a hint of worry in Qin Bing’s eyes.

“It’s not that I don’t believe in your technique, but, I’m worried that you’ll pay too much for us, if I’m right, your so-called bone exchange and marrow cleansing must be very costly!”

“Huh?”

Luo Qiqi instantly woke up when she heard that.

Bone exchange and marrow cleansing was putting it lightly, but to make a person’s physique higher than normal, if it didn’t come at a great cost, wouldn’t everyone be able to do it.

“Brother Lin Ran, how much does this cost, really, I can also”

Luo Qiqi was a little embarrassed, if all these costs were to be paid by Lin Ran alone, then she was also a little overwhelmed.

Lin Ran looked at the three women seriously, then “poof” a laugh.

“I thought what was wrong, you guys are actually relying on this!”

“What’s wrong?”

Qin Bing was puzzled, did he say something wrong? That was a solution that even their Imperial Qin Family didn’t have, was it a small price to pay?

Lin Ran looked at the three and smiled.

“The cost is indeed a little, but in the end it’s just a matter of spending some money and time, the rest is really nothing, not today I found a herb that is just right for Qin Bing, so I want to cleanse her bones and change her marrow tonight!”

Lin Ran said as he took out the box with the Ice Crystal Fruit in it.

“But this!”

Qin Bing still had some hesitation when she saw this, after all, this was not a big deal, but it was not a small deal either.

Lin Ran looked at the three of them and said with a sigh.

“I don’t want to do this either, but you all saw it, even I almost died last time, let alone you guys, I just don’t want you guys to get hurt, you don’t have to think about the cost, I just want to ask now, do you want to do it!”

Speaking here, Lin Ran’s gaze became a few degrees more solemn as he said.

“It’s fine if you guys don’t want to do it, after all, it’s your choice, I won’t say anything!”

The three women were all silent at these words, they were all smart enough to know that Lin Ran had no choice but to do this, although they had never stayed out of it, it was all just Lin Ran and the Sage carrying the load.

If one day the opponent was really so strong that Lin Ran and the others couldn’t carry the load, would the few of them still be able to take over?

“I agree, if this can relieve you of the burden of stress, then I agree!”

Qin Bing spoke up, and Song Nuan and Luo Qiqi both nodded at their words.

All three of them understood each other’s thoughts on Lin Ran, the latter was getting stronger and stronger, and if they couldn’t keep up, there would eventually come a day when they would get separated, which was something they definitely didn’t want to see.

“Good! In that case, come with me, I’ve been preparing all afternoon, so I’ll be cleansing Qin Bing’s bones and changing her marrow tonight!”

Lin Ran got up and greeted, while leading the three of them to the bathroom.

As soon as they opened the bathroom door, the three women were all stunned, only to see the bath tub filled with water and a lot of medicinal herbs floating on it, what made the three of them even more baffled was that there were actually flower spots floating around.

What was this for? Is it a bath?

“Lin Ran, you’ve been working for two hours just to get us to take a bath? You’re too immodest!”

Song Nuan rolled her eyes and said.

Lin Ran smiled helplessly, knowing that they had to misunderstand.

“Who’s being immodest, the bone cleansing and marrow exchange will expel the impurities from your body and there’s still a lot of other substances to be absorbed, so is it hard for you to do it in bed?”

“But this

Qin Bing also hesitated a little, but after thinking about it, she asked.

“So are you going to come in while I’m taking a bath?”

“Of course, if I don’t come in and help you, how will you complete the bone exchange and marrow cleansing?”

Lin Ran said matter-of-factly.

Qin Bing’s pretty face instantly flushed at her words, and she looked at Lin Ran suspiciously.

“Are you really going to change our bones and cleanse our marrow? And not be a rogue?”

Chapter 548

“I’m that kind of person?”

Lin Ran was helpless, then greeted.

“Alright, you all get out, I’ll try to be done by dinner!”

“Don’t

Qin Bing asked busily, leaving herself alone in the bathroom with Lin Ran, which made her very embarrassed.

“It doesn’t matter to us, the key is that some of them are afraid that they won’t agree!”

Song Nuan looked at Lin Ran and laughed.

“Hey, don’t make me look like a pervert, okay, but it’s true that it’s not very convenient for you guys to stay, so

Lin Ran laughed awkwardly, the bone replacement and marrow cleansing required full concentration, Song Nuan and Luo Qiqi staying here was indeed a bit inappropriate.

“I knew it, let’s go Kiki, we’d better go out, don’t delay people’s good deeds!”

Song Nuan said and already turned around and walked out, Luo Qiqi looked at Lin Ran, a little reluctantly, but still followed him out.

“Do you have to make it so awkward?”

Qin Bing was also helpless.

Lin Ran was even more helpless than her.

“I didn’t want to, but this was the only way I could think of.”

“Alright, go inside!”

Lin Ran sighed and then greeted.

“Now? In front of you?”

Qin Bing was surprised that at this moment, this guy Lin Ran was still inside and actually let himself in straight away.

“What else? I still have to do acupuncture, I don’t have to take it all off, show my back first!”

Lin Ran said with a straight face, while taking out the ice crystal fruit.

“What’s this?”

Seeing such a large piece of wood, Qin Bing also wondered, was this what was used to change his bones and cleanse his marrow?

“This is the Ice Crystal Fruit!”

Lin Ran explained, while breaking it with force under the infusion of true qi, at once, only a “click” was heard, and the wooden shell directly shattered into two pieces.

At the same time, a milky white fruit like a white carrot was revealed, Qin Bing was obviously surprised to see this fruit, and at the same time, he also felt the temperature around him drop a few points.

“This”

Qin Bing’s mouth grew in surprise.

Without delay, Lin Ran directly took out the ice crystal fruit and handed it to her.

“Put it in your mouth and get inside!”

“Ao!”

Seeing Lin Ran’s seriousness, Qin Bing couldn’t say anything, and immediately put the ice crystal fruit in her mouth, then jumped into the bathtub.

“Take off your clothes!”

Lin Ran turned around and said as calmly as he could.

“Take them off? Didn’t we just say that we should only show our backs?”

Qin Bing just arrived and her pretty face turned red at the same time.

“I just remembered that once the process starts it’s a bit painful, and I’m afraid you won’t be able to carry it off and pass out! You don’t want me to do it yourself, do you!”

Lin Ran said awkwardly.

“Er

Qin Bing was speechless and said after a while.

“Then you’re not allowed to turn around!”

“Mmm!”

Lin Ran nodded hastily at his words, while closing his eyes.

However, the “sasa” sound coming from behind him soon made him feel a bit overwhelmed.

Qin Bing was a very traditional beauty with a somewhat icy personality, but almost everyone who had seen her could be charmed by her.

This was because her temperament and looks were simply the most perfect match, possessing the general temperament of an ice-cold beauty.

“Alright!”

A moment later, Qin Bing said softly, at this moment her entire cheeks were red, this was the first time she was naked in front of another man.

“Good!”

Lin Ran opened his eyes at the words and slowly turned around, when he saw Qin Bing’s back, his entire body was suddenly stunned.

Snow white, like sheep’s fat jade, jasper flawless, Lin Ran only felt that there were no more words in his mind to describe the beauty in front of him at this moment.

“Gulp.”

Lin Ran couldn’t help but gulp, following which he quickly took out the silver needle and spoke.

“That, a total of nine stitches will be dropped, each one will be more painful than the last, make sure you bear it!”

Saying that, Lin Ran had already taken out the first needle, finding the right acupuncture point and stabbing it in directly, as the bathroom was too fragrant, causing him to speed up as well, fearing that he would die a violent death if he stayed on.

“Ah! Why does it hurt so much!”

When the first needle fell, Qin Bing's entire body couldn't help but tremble, and cold sweat even broke out above his forehead.

"Nine needles should be applied to nine meridians, all nine meridians must be opened up, bear with it!"

Lin Ran reminded, while taking out the second needle and dropping it again.

"Ah!"

This time, the pain was significantly stronger than the previous needle, and Qin Bing's hands even began to tremble in pain.

"Hm?"

But just then, suddenly Qin Bing felt that the Ice Crystal Fruit in his mouth seemed to have melted, and there was actually a wave of coolness entering his body along his throat, while his body, which had been in excruciating pain just a moment ago, immediately became cool.

"The ice crystal fruit should have started to work, I'm going to speed it up, so bear with me!"

Lin Ran was busy speaking and reminding, while taking out the third silver needle, he was ready to drop it.

But just then, he inadvertently looked and saw that something was actually moving on the wall in front of Qin Bing.

"What the hell?"

Lin Ran's heart jumped and he was busy fixing his eyes on it, but then his entire old face turned red while nosebleed dripped down his mouth.

"Holy shit! Why is there a mirror on the opposite wall!"

Lin Ran couldn't help but curse in his heart, he had already increased his speed and wanted to finish quickly, but who knew that there was a mirror hanging on the opposite wall at this moment, this was simply killing him.

The beauty in the mirror was so clear that Lin Ran was instantly dumbfounded and couldn't even move his eyes away.

"Why did it stop?"

Qin Bing suddenly spoke up and asked.

"Er No, nothing I was looking for silver needles!"

Lin Ran sniffed back to his senses and busily lowered his head to wipe off the nosebleed, then took out the silver needles and continued to drop them.

Qin Bing was too nervous, plus each needle drop hurt so much that he didn't even notice the mirror on the wall in front of him for a while.

.....

The silver needles fell one by one, and the ice crystal fruit in Qin Bing's mouth was rapidly melting, turning into a stream of essence that all entered her body.

And as the ice crystals kept traveling through the nine meridians, soon layers of black impurities appeared on Qin Bing's body, and these impurities were the culprits that blocked the nine meridians.

Of course there were also some impurities that were already part of the body itself.

These impurities flowed quickly into the bath along with the sweat, and soon the originally clear water became filthy.

It took a full hour for all nine silver needles to fall, and by this point Lin Ran's business was all done, all that remained was how long Qin Bing could hold out on her own.

"I'll go out first, you try to hold on as long as you can, once the ice crystal fruit has all melted, it will be done!"

Saying that, Lin Ran helped turn around and left the room, jokingly, if he stayed any longer he was really afraid that his nosebleeds would bleed out.

"Hey hey! How's it going, where's Sister Bing?"

As soon as he stepped out of the bathroom door, Luo Qiqi came up, and Song Nuan was also listening with her ears sticking out next to her.

"She still has to wait a bit, after all the ice crystal fruits have melted, she'll be done, so don't go in and disturb her yet!"

Lin Ran breathed a long sigh of relief and sat down on the sofa next to him with sweat on his forehead, of course it wasn't from exhaustion, but It was from holding it in.

"How are you feeling? How come you still have a nosebleed?"

Song Nuan was attentive and noticed the blood under Lin Ran's nose.

Lin Ran smiled and didn't care, returning casually.

"Nothing, I was too excited just now, it's just a bit hard to feel right now!"

Song Nuan was stunned at his words, followed by what seemed to have occurred to him, and suddenly her pretty face also turned red

Chapter 549

Lin Ran also realised that he had let his mouth slip, and immediately lit a cigarette in embarrassment.

Luo Qiqi, however, looked even more worried than Lin Ran, pacing back and forth at the bathroom door without the slightest intention of stopping.

"Ding Ding Ding!"

Suddenly, Lin Ran's mobile phone rang, and when he picked it up, it was none other than Jiang Yi Yi calling!"

“What’s wrong?”

Picking up the phone, Lin Ran asked straight away.

“Cousin, I am reminding you, tomorrow is my father’s 50th birthday, you must come!”

On the phone, Jiang Yi Yi said seriously.

Lin Ran was stunned at his words and wondered.

“Didn’t we say a week later last time? This doesn’t seem like a week yet!”

“Did I say that?”

Jiang Yi Yi asked rhetorically.

“You didn’t say that?”

Lin Ran was helpless, he remembered very clearly that last time this nee-san had said a week later.

“Well, I don’t remember anyway, just remember to come tomorrow!”

“Er Okay!”

Lin Ran was helpless, such an important date, it was hard to believe that this nee-san had remembered it wrong, it was really helpless.

“What? Cousin, you didn’t prepare a present, did you? My father said it’s fine if you can come, no need to ask for a gift!”

Jiang Yi Yi laughed.

Lin Ran smiled helplessly and laughed.

“Alright, don’t be poor, I’ll definitely go tomorrow!”

Then he hung up the phone.

And almost the moment the phone hung up, a “click” was heard as the closed bathroom door actually opened.

Lin Ran couldn’t put down his phone and immediately cut over, while Song Nuan and Luo Qiqi had already looked stunned.

Only to see the bathroom door open, a delicate figure wearing a light white T-shirt walked out, it was none other than Qin Bing.

However, now Qin Bing’s temperament had undergone a radical change, her skin, which was already very white, was as white as sheep’s fat jade, without any flaws, and even red in the white, which was not even close to a baby’s skin.

Moreover, her long hair was scattered over her shoulders, and her already cold cheeks were even more ice-cold at this time. If she was an iceberg beauty in the past, then at this time Yanyu was an ice sculpture beauty, the beauty of which made people not dare to look straight at her.

Even when Luo Qiqi and Song Nuan faced her at this time, they could not help but feel a trace of envy in their hearts.

“What’s wrong with you guys?”

Qin Bing looked at the three, a little surprised, as if there was something on her, these three were staring straight at her, not even blinking.

“Sister Bing Why are you wearing a see shirt?”

Luo Qiqi was the first to react and was busy asking.

“Ah? My clothes are wet, I’m just going to find it!”

Qin Bing’s pretty face flushed and she immediately ran into the room to look for clothes, but her afterimage was to see that that guy Lin Ran couldn’t help but gag and look more than a little enthused.

After changing her clothes, Qin Bing soon came out again, and although she was wearing the same clothes as usual, her whole aura had improved a great deal, as if she was a different person.

“Sister Bing, how can you be so beautiful, come over here and let me have a look!”

Luo Qiqi hurriedly pulled Qin Bing to sit down and observed her properly with Song Nuan left and right, which made her really a bit embarrassed.

“Is it that exaggerated? I just feel like I’ve taken a shower!”

Qin Bing laughed, but in her heart she was already happy, what woman doesn’t like to be complimented on her beauty, let alone being a woman.

“The change is really big, I feel like the whole person is transparent and has a spirituality!”

Song Nuan said from the side, with envy in her eyes as well.

“No way! Brother Lin Ran isn’t fair, I want it too!”

Luo Qiqi said discontentedly.

“And me, I want it too!”

Song Nuan echoed, being able to make herself beautiful was simply a fatal temptation for women.

“Want what?”

Lin Ran also looked a little dumbfounded and asked casually without thinking much about it.

“What did you say you wanted? It’s hard not to want you too!”

Song Nuan didn’t have a good mood and said.

“Want me that can not, I am”

Lin Ran did not finish a sentence, then realized that he saw some out of focus, immediately explained.

“That This, have to wait, I have not found a heaven and earth strange treasure suitable for you!”

“What heaven and earth wondrous treasure? I can help find it too!”

Luo Qiqi said from the side.

Song Nuan smiled at this but laughed and said.

“I’m afraid you won’t be able to help, this guy only has eyes for Qin Bing right now, his eyes were looking straight just now!”

“Er

Lin Ran was embarrassed for a while, but still explained.

“It’s true that you guys can’t help with this stuff, I’ll find something suitable for you as soon as possible!”

With that, Lin Ran got up and prepared to leave, but before he could stand up, Qin Bing stood up with a scuffle and followed before Lin Ran.

She was wearing shorts and was standing in front of Lin Ran at the moment, a pair of large white legs shaking to see that Lin Ran could not move his eyes.

“Mei Beauty, is something wrong?”

Lin Ran asked, scratching his head awkwardly, trying to make himself seem not so nervous.

“Of course there’s something!”

Qin Bing didn’t shy away and just stood there, her eyes staring straight at Lin Ran.

“Will there be any side effects behind this Ice Crystal Fruit?”

“No!”

Lin Ran busily returned.

“Then I’m now even if the bone replacement and marrow cleansing is complete?”

Qin Bing continued.

“Yes!”

Lin Ran continued.

“Why do I feel no difference?”

Qin Bing continued.

Lin Ran was stunned at his words, and followed by probing his hand and grabbing towards Qin Bing’s thigh.

“Ah! What are you doing!”

Qin Bing jumped and hurriedly backed up to avoid it.

Lin Ran said awkwardly.

“This is the effect, if it was before you definitely wouldn’t have been able to dodge it!”

“You!”

Qin Bing’s pretty face instantly turned red when she heard that.

“Sister Bing, your reaction just now”

Song Nuan and Luo Qiqi looked surprised by the side again, just now Qin Bing’s reaction was simply outrageously fast, it was like a judgment of two people from the Qin Bing they remembered.

“I”

Qin Bing was also wondering when he had reacted so sharply.

All three of them looked at Lin Ran.

“It’s normal, the bone replacement and marrow cleansing is to enhance your physique and make your five senses and six senses higher than normal, if you can’t even avoid this, then you’ve really wasted the ice crystal fruit!”

Lin Ran said as he got up and prepared to leave, however, Qin Bing had stopped over.

“Eldest Miss, what else is going on?”

Lin Ran was helpless.

“I’m asking you again, what’s with the blood in the bathroom?”

Qin Bing questioned.

“That I accidentally bumped my nose and it flowed!”

Lin Ran said awkwardly, not even daring to look at Qin Bing’s eyes.

“Knocked your nose?”

Qin Bing frowned at Lin Ran and suddenly opened her mouth to ask.

“Does the mirror look good?”

“It looks good!”

Lin Ran casually returned, and Qin Bing asked again almost simultaneously.

“Is it the mirror that looks good, or the person in the mirror that looks good!”

“Of course it’s the one in the mirror”

Before he finished his sentence, Lin Ran instantly broke into a cold sweat, daring this nee-san to finally discover the existence of the mirror.

“What the hell looks good!”

Qin Bing blushed to the base of her neck, and Lin Ran even felt a murderous aura.

“It all looks good! It all looks good!”

Lin Ran said with a red face, while without any greeting, he turned and ran.

“Lin Ran stop right there, you bastard!”

Qin Bing was so furious that she copied a pillow and chased after him.

“No what’s wrong with you guys?”

Song Nuan asked as the two looked confused.

Qin Bing was so angry that her pretty face turned red as she chased after Lin Ran.

“This guy has seen everything he should have seen in the mirror!”

Chapter 550

The next morning, Lin Ran woke up early to get things ready, and then left home with Wang Yifeng.

This guy, Wang Yifei, only learnt almost before he left home that it was actually Jiang Sansi’s birthday today, and in his desperation he had to drive to an eyeglass shop to choose a pair of gold silk glasses for the old man as a congratulatory gift.

“You’re really odd too, someone’s big birthday and you’re giving him glasses, you’re just laughing at me!”

Looking at Wang Yifei holding the gold silk glasses, Lin Ran couldn’t help but laugh.

“It’s all your fault, why didn’t you tell me about your uncle’s big birthday earlier, so that Master Fatty could only deal with it for a while!”

Wang Yifeng said helplessly, if he had known earlier he would have been able to prepare carefully, after all, he had some friendship with Jiang Sansi, but it was almost noon, where else could he prepare gifts.

“Okay, okay, he won’t care!”

Lin Ran laughed, while greeting the fatty.

“Brother Luo is here!”

“What brother Luo, you have to call out to brother!”

Wang Yifeng teased, Lin Ran didn’t bother to argue and looked at Luo Cheng who had run off to the side and walked over.

“Brother Luo!”

“Ranzi, why are you guys running here, hurry up, there is still a moment before the ceremony starts!”

Luo Cheng greeted with a smile.

Lin Ran two people without nonsense, immediately followed Luo Cheng and got into the latter’s extended version Lincoln.

Jiang Sansi is also considered a popular figure in Tanjiang City, attending his birthday, this point still has to speak, especially Luo Cheng, he is representing the Luo family to go, naturally can not fall.

As for Lin Ran and Wang Yifeng, they were simply there to rub the car.

“Ranzi, what’s wrong with your neck?”

As soon as he got into the car, Luo Cheng noticed that on this neck of Lin Ran, there were several obvious red marks, a few of which seemed to be scratched by someone with bruises, while there was another red mark that was obviously slurped up by someone!

“Er... This is a long story, so it’s better not to talk about it!”

Lin Ran said awkwardly.

On the side, Wang Yifeng saw this but became interested and laughed.

“Brother Luo Cheng, if you want to ask what’s going on with these injuries, then Fatty I’m too good at talking about it!”

“Damn fatty, don’t talk nonsense!”

Lin Ran hurriedly stopped it, however Wang Yifeng was laughing like a dead pig not afraid of boiling water.

“Don’t bother, who let you screw me over, I have to get this back!”

Said Wang Yifeng, looking towards Luo Cheng and laughing.

“Speaking of which, this has something to do with you too!”

“Something to do with me? Don’t be, I don’t have a problem with my sexual orientation!”

Luo Cheng was busy saying, that red mark was obviously kissed by someone, as the young male of the Luo family what kind of beautiful women had he not seen, where could he not see this situation.

“Haha, you are thinking too much, this red mark is made by your sister!”

Wang Yifeng laughed brightly, then looked straight at Luo Cheng, wanting to see if he would storm off.

However, the result was destined to disappoint him, only to see that not only did Luo Cheng not get angry, but he revealed a joyful look, pulling Lin Ran with him and laughing.

“Older brother, you and my sister have developed this kind of relationship? When are you going to propose marriage!”

“Pfft!”

Wang Yifeng almost spat out a mouthful of blood, he had wanted to stir up something, but who would have thought that he would want Lin Ran to propose marriage soon.

“Don’t listen to his nonsense!”

Lin Ran said awkwardly.

“Come on, Ranzi, how can I not see this red mark!”

Luo Cheng brightly laughed.

Lin Ran saw this and became even more helpless, sighing.

“Hey, I can’t help it, there are too many beautiful women around, I’m helpless too!”

The words on his lips were dashing, but in reality, he was the only one who knew how badly he had been abused yesterday.

When he went back to his room last night, his trousers were almost rotten to cloth

While the three of them were talking, the car had already arrived at the Jiang family mansion, and yes, this time the birthday party was held at the old Jiang family mansion.

“It’s really grand!”

As soon as they got off the car, Wang Yifeng couldn’t help but exclaim, don’t look at it as just the old mansion, but it was at the time of this grand ceremony that the grandeur of the old mansion could be reflected, this was definitely something that the hotel lock couldn’t compare to.

“Aigoo, Brother Luo Cheng!”

The three of them were just about to enter when a familiar voice came from the side, following which the three of them saw that Li Xin was actually walking over from the side with a person, and this person was also incredibly familiar to Lin Ran, it was none other than his high school classmate, Dai Yin.

“Why is it you!”

Seeing Lin Ran, Dai Yin was obviously taken aback, he and Li Xin were considered to have some friendship, and this time he wanted to lend his help to get to know Luo Cheng, but he didn’t expect to run into Lin Ran.

“You really are related to the Luo family!”

Dai Yin looked and gritted his teeth, last time Luo Qiqi came out he was still a bit unconvinced, but at this moment when he saw Lin Ran and Luo Cheng together, his heart was that angry.

“How come you guys know each other?”

Li Xin looked at Dai Yin, and then at Lin Ran a little puzzled.

“No way, you two know each other too?”

Luo Cheng was even more puzzled, Li Xin looked like this, obviously he knew Lin Ran, but he couldn’t understand how a backstabbing merchant like Li Xin could know Lin Ran.

“I just met little friend Lin Ran yesterday, but I am curious about the relationship between this friend of mine and little friend Lin Ran, is it really true that little friend Lin Ran has no people he doesn’t know?”

Li Xin looked at Lin Ran and laughed, Luo Cheng also looked the same way, only Wang Yifeng looked at Dai Yin and frowned, as if he had seen him somewhere before.

“We two are classmates!”

“I don’t know him!”

Dai Yin and Lin Ran spoke almost simultaneously, though the two said something completely different.

“Haha, classmates? Then it seems I’m just old and confused, I don’t remember having such a classmate!”

Lin Ran laughed.

For Dai Yin, he had long since stopped looking at him as a classmate, it was completely unnecessary to get close to him at this point, or even help him, how could Lin Ran be so stupid, and the last time he held a class reunion to presumably suppress himself, this was something Lin Ran had taken to heart.

“Well, whether we know each other or not, let’s consider it a reacquaintance today anyway!”

Li Xin laughed at the side, back goods merchant his eyesight how keen, naturally saw Lin Ran and Dai Yin only see something.

“Hey right brother Lin Ran, what’s wrong with your neck?”

Li Xin said he also noticed Lin Ran’s neck and asked with a smile, he was like a clear mirror in his heart, he just wanted to joke with Lin Ran to pull in a relationship, after all, what the backing merchant valued most was still the golden master, today he came to Jiang Sansi’s birthday party for the same reason, naturally he wanted to pull in a relationship with a big wealthy man like Lin Ran more.

“This”

Li Ran smiled awkwardly and was just about to answer when Dai Yin, who was on the side, laughed.

“Brother Li, I feel like this should be kissed by a woman, right Ranzi, you say you are also, can’t you take it easy when you go out for fun at night? I think I saw Luo Cheng’s sister with you last time, so I’m afraid it’s not good for you to be like this!”

Dai Yin smiled incomparably, Lin Ran had made him look bad in public, and when he turned his head, he naturally had to return the favour, otherwise he wouldn’t be Dai Yin.

As expected, hearing this Luo Cheng’s face instantly turned cold, saying this in public was no different from slapping his Luo family’s face, the key was that this fellow Dai Yin was oblivious to this and was still standing in place laughing at Lin Ran.

“That’s really stupid!”

Lin Ran laughed and shook his head, sighing after him.

“Yeah, sister Qiqi just likes to cling to me so much, I can’t help it, there are too many beautiful women around, I’m struggling too!”

Said Lin Ran, looking towards Dai Yin and smiling as he asked.

“To the extent that you are a Dai student, is the ceiling ready?”
