

Wonder Doctor

Chapter 551

“What? Smallpox?”

Wang Yifeng smiled and instantly remembered who Dai Yin was, followed by jumping back two steps and pointing at Dai Vagina.

“Holy crap, I remember you, you have smallpox, stay away from old me!”

Wang Yifei this exaggerated move immediately attracted a lot of people around, and Luo Cheng even hid to Lin then face, joking smallpox, he did not want to catch it.

“You!”

Dai Yin was so angry that his face turned blue and he hurriedly looked at Li Xin to explain.

However, Lin Ran was smiling blandly and had already taken Luo Cheng and Wang Yifeng inside the Jiang family’s old mansion, leaving Dai Yin was pulling Li Xin to keep explaining.

“Ranzi, that guy really has smallpox!”

Luo Cheng was busy asking, this is not a child’s play, if this guy really has smallpox, he is desperate to offend the Jiang family, today this banquet will not attend, the richer people are, the more they cherish their lives, this is the same truth.

“Don’t worry, no, it’s to amuse him, plus it’s also to help you out!”

Lin Ran said indifferently.

“Helping me to relieve myself?”

Luo Cheng was stunned at his words, he could still understand amusing Dai Yin, there seemed to be a conflict between Lin Ran and this guy, he could also see that, but where did this end for himself come from?

“You don’t know this, do you, last time this kid said in public that he wanted to cooperate with your Luo family, and this time he appeared here, he was clearly coming for you!”

On the side, Wang Yifeng said with a smile.

Luo Cheng laughed as he heard this and suddenly dawned on him.

“It’s my eyes that are clumsy, thanks a lot brother Lin Ran!”

What was the status of the Luo family in Tanjiang City, there were countless people who wanted to get close to their Luo family every year, if Luo Cheng wasn’t careful, he was afraid that he would have to be blocked in the road every day, Lin Ran had undoubtedly helped him by doing this.

The three of them had already reached the living room, which was overcrowded. The three of them were too lazy to greet Elder Jiang one by one, so they simply chose a table where no one was around and sat down, chatting away.

Wang Yifeng, a guy who was too embarrassed to give Master Jiang gold-rimmed glasses in public, simply ran to the reception to give the gift away.

But just as he was giving the gift, it was just in time to be seen by Dai Yin and Li Xin, especially Dai Yin, who laughed when he saw the gift from Wang Yifeng.

“Lin Ran’s friend actually sent something so shabby, he really doesn’t mind being ashamed!”

“Hey! You can’t say that, I don’t understand this fatty’s strength, but Lin Ran still has some strength, after all, five million is not something that anyone can afford!”

Li Xin said with a frown beside him again.

However, Dai Yin was unconcerned and argued.

“Brother Li Xin, you don’t understand, this fatty and Lin Ran are very close, if he didn’t have money, Lin Ran would definitely help out, but now he actually gave this kind of hundred dollar thing, I’m sure that Lin Ran he doesn’t have much money either, maybe the five million that he gave you is all he has!”

“O?”

Li Xin frowned slightly at his words, feeling that it made sense, after all, Jiang Sanshi’s position, to give such a gift, that was not only a drop in price, but also a move to slap his face.

“Brother Li Xin watch, later I will prove to you, Lin Ran he is just a superficial tycoon, in reality, he just knows Luo Cheng so he is just pretending to be fat!”

Dai Yin laughed coldly, with smugness in his eyes.

Last time, he was humiliated in public and even got the reputation of being infected with smallpox, but he didn’t expect to run into Lin Ran again this time when he came to look for Luo Cheng, and he even caught such a good opportunity.

“Lin Ran, aren’t you a bully, let’s see how I’ll deal with you later!”

Dai Yin sneered in his heart, and then followed Li Xin and walked towards Lin Ran and the others.

One thing led to another, he and Lin Ran had to take revenge, but the relationship with Luo Cheng also had to be pulled together, otherwise how could he cooperate with the Luo family in the future, these things were still clearly understood in Dai Yin’s mind.

“Haha, brother Lin Ran, you can be too naughty, how can you just talk about a disease like smallpox, fortunately it was a joke, otherwise it would have scared me to death!”

Li Xin said aloud while laughing, dissolving the embarrassment the crowd had just felt with a single sentence.

“Is that so?”

Lin Ran looked at Li Xin and laughed blandly.

Li Xin was not polite either, and immediately sat down next to him, even very deliberately leaving a spot for Dai Yin as well, which just happened to be next to Luo Cheng.

“Brother Luo Cheng, I’m Dai Yin, I’m .....

Dai Yin smiled and greeted, while preparing to sit down, however Luo Cheng was already determined, seeing this directly got up and smiled and changed seats with Wang Yiming, this time he sat between Lin Ran and Wang Yiming, immediately separating Dai Yin.

“Fellow student Dai, I’m physically weak, don’t mind!”

Luo Cheng laughed, and then turned his head away from him.

“Bastard!”

Having run into the dust, this made Dai Yin’s heart even more upset, especially when he saw Luo Cheng actually having a laugh with Lin Ran, he was even more furious and gritted his teeth.

“Don’t rush first, it’s not like they know you, take your time!”

Li Xin said in a low voice to comfort him.

Dai Yin nodded at his words, he was only on good terms with Li Xin, otherwise he was afraid he wouldn’t even be able to touch this place this time.

Lin Ran three people were talking and laughing, but came kind of late, so just chatting not long after, a group of guests have settled down, then the host started Jiang Sansi’s birthday greeting.

The host then started his birthday greeting. The crowd had little interest in these over-the-top things, and were still chatting on their own, waiting for the next part of the ceremony to receive the gifts.

The reason why so many people came to the birthday party was that on the one hand, the Jiang family has its own prestige, and on the other hand, it was a great opportunity to meet a lot of distinguished people, and the gift receiving session was a good way to show one’s strength and insight.

Many people come for the gift-gathering session, and when they see someone they want to work with, they will approach them privately so that they can reach some kind of cooperation, which is somewhat similar to a high society dinner party.

“Alright, next please ask the old man to come out, let’s meet one by one!”

As the host’s voice fell, Jiang Sanshi indeed walked out surrounded by Jiang Linshan and a few elders, but what made Lin Ran wonder was that he hadn’t seen this ninny Jiang Yiyi.

“Cousin! Isn’t it looking for me!”

Suddenly, just as Lin Ran was wondering in his mind, Jiang Yi Yi jumped out from the side, startling Lin Ran.

“You nee-san, why are you running to me if you’re not accompanying uncle!”

Lin Ran said helplessly.

“I miss you!”

Jiang Yi Yi smiled and hugged Lin Ran’s arm, looking very intimate.

This action undoubtedly made Wang Yifeng and Luo Cheng very helpless and sighed.

“Can we stop spreading dog food for this birthday party? Besides, my sister is still thinking about you!”

“Your sister? Who is it?”

Jiang Yi Yi looked at Luo Cheng and instantly remembered Luo Qiqi and laughed.

“You mean Kiki, she won’t mind!”

“Holy shit!”

In the distance, Dai Yin heard it really well and couldn’t help but burst out a foul mouth, while the resentment towards Lin Ran in his heart grew a few more points.

“Damn how come I can’t come across such a beautiful woman from the Jiang family, if I can pick up a woman from the Jiang family, I’m still worried about climbing up with the Luo family?”

Thinking in his mind, Dai Yin immediately picked up his tea and walked over with a smile.

“Hello beautiful, my name is Dai Yin, can I get to know you?”

Chapter 552

“Dai Yin?”

Jiang Yi Yi turned her head to look at him with a slight frown, followed by a turn away while saying.

“I know, go back and leave me alone to talk to my cousin!”

“I .....

Dai Yin saw the situation and was so angry that he almost didn’t drop his teacup on the floor, saying in his heart.

“Good you bratty bitch don’t know how to lift a finger, like your cousin right, later on see how I will make your cousin lose face in public, damn it! A poor cunt has actually become the cousin of the Jiang family’s beauty, this is simply turning the sky upside down!”

Although he was upset, on the surface, Dai Yin still acted like a gentleman, smiled at Jiang Yi Yi, and then sat back down.

But how could this guy give up so easily, although he sat in his seat, his eyes never left Jiang Yi Yi.

After waiting for a moment, finally Jiang Yi Yi left, seeing this Dai Yin was busy following him.

“Hey hey! That kid is looking for your cousin!”

Wang Yifeng on the side was busy saying when he saw this.

Lin Ran smiled blandly at this and then said.

“Let him go!”

“Hey, you’re not worried about him digging you out!”

Wang Yifei was busy reminding, but Lin Ran was unconcerned and laughed.

“He’s not up to par, he can’t dig!”

.....

“What are you doing? Something’s wrong!”

Seeing Dai Yin appear again, and blocking his own front, Jiang Yi Yi frowned and asked.

“Beauty, your name is Jiang Yi Yi right, my name is Dai Yin, I want to talk to you!”

There was disdain in Dai Yin’s eyes, but his mouth was very gentlemanly, but when his eyes took a look at Jiang Yi Yi, the disdain in his eyes disappeared and was replaced by greed.

Jiang Yi Yi is indeed beautiful, as the pearl of the Jiang family, no matter what she wears or how she talks, she has a lot of elegance.

Paired with her deathly attractive figure, it simply made Dai Yin look stunned at once.

“What are you looking at! If you have something to say, say it!”

Jiang Yi Yi had disgust in her eyes, and her voice couldn’t help but be a few degrees colder.

“Ahaha! Fine!”

Dai Yin smiled back awkwardly and then said.

“I heard you call cousin Lin Ran just now? Miss Jiang and I are classmates, I have to warn you, this guy’s family is very poor, don’t be fooled by him and climb into some cousin’s relatives indiscriminately, be careful of ending up being set up by this guy!”

“What did you say?”

Jiang Yi Yi’s face instantly went cold when she heard that, while her brows furrowed.

“You’re saying that my cousin’s family is poor?”

Jiang Yi Yi asked, suppressing the anger in her heart, she really didn’t know about this, after all, when Lin Ran came to the house, it had risen to the top, regarding the previous situation of Lin Ran’s family, she hadn’t really heard her own father say anything about it.

“What? You still don’t know?”

Dai Yin smiled at that, and at the same time saw hope, immediately opening the conversation and laughing.

“This guy’s family is so poor that when he was in high school, he could only eat pickles, and sometimes he couldn’t even afford to eat pickles, just such a poor bastard and you call him cousin?”

“I say pretty girl, you should have been cheated!”

“Eating pickles? Sometimes you can’t even afford to eat pickles?”

Jiang Yi Yi's eyes were red and she muttered to herself, immediately turning around to go to Lin Ran, Dai Yin saw that the former was actually ignoring her and hurriedly stopped her.

"Hey pretty girl, why do you still want to go back to him? This kid is a scam ....."

"Shut up!"

Before Dai Yin could finish a sentence, Jiang Yi Yi spoke up and interrupted him.

"If you dare to say one word against my cousin, I will immediately have you blown out!"

Jiang Yi Yi's gaze was cold, and the look on Dai Yin's face made his heart sink.

"Bitch, fucking shame on you!"

Dai Yin cursed in his heart, but on the surface, he spread his hands and laughed.

"Fine, since you're not afraid of being cheated, then let it be!"

After saying that, Dai Yin turned around and went back to his as, while Jiang Yi Yi didn't even bother with him and hurriedly ran back to Lin Ran's side.

"Why are they back again?"

Lin Ran wondered, this Neezi had just left less than two minutes ago, how come she was back again.

"Cousin, was your family very poor before? Could you only eat salted vegetables when you were in high school?"

Jiang Yi Yi looked at Lin Ran, her eyes flushed and asked.

"Yes, how did you know that?"

Lin Ran asked with a smile, his expression very bland, as if what he was saying was just a trivial matter.

"How I know it doesn't matter alright? Why don't you tell my father if it's so hard for you!"

Jiang Yi Yi was full of worry, obviously this news made her very heartbroken for Lin Ran.

"Silly Nee-san, I was just a high school student at the time, did I know where you guys were? I didn't even know I had an uncle!"

Lin Ran laughed helplessly and patted Jiang Yi Yi's arm, saying.

"Well, it's alright, it's all in the past, and isn't cousin me fine now!"

"But!"

Jiang Yi Yi wanted to say something else, but found herself at a loss for words, Lin Ran was right, everything had even gone, and it was useless for her to say that now.

"Cousin!"

Although helpless, but Jiang Yi Yi is still very heartbroken Lin Ran, immediately a jump into the latter's arms, causing Lin Ran suddenly old face red.

“Damned bad luck!”

To the side, Dai Yin watched in true awe, so angry that he almost crushed his teacup.

Wang Yifeng and Luo Cheng, on the other hand, were looking at them with envy, after all, Jiang Yiyi was also in the class of great beauties.

“Hey! Rangzi, you’re a bad boy, everywhere you go there are beautiful women throwing themselves at you, looking at Fat Master I want to be a poor boy, compared to these, what’s a poor boy!”

“Hey! Who says it’s not! I don’t know how to warm one’s arms when one sighs for millions of dollars!”

On the side, Luo Cheng also echoed.

“Alright, alright, what’s there to envy, don’t you, Fatty, have a big health care Xiao Cui? There will be your brother Luo, you still lack women?”

“This ....”

“You this .....”

The two men were dumbfounded, and the three of them looked at each other and couldn’t help but laugh.

.....

The party had already proceeded to the meeting ceremony during the time of small talk, Jiang Yi Yi had not left since she knew Lin Ran’s previous family conditions, and had been thoughtfully serving food to Lin Ran and shushing him, looking not at all like a cousin, but somewhat like a girlfriend, which caused Lin Ran’s old face to turn blue and white for a while.

“Hey hey, the old man is here!”

Suddenly, Wang Yifeng who was at the side opened his mouth to greet him.

Lin Ran and the others looked and only then did they notice that Jiang Sansi had already walked towards them.

“Cousin, if I had known that you were in such bad condition before, I wouldn’t have teased you and asked you to prepare a gift!”

Jiang Yi Yi saw this and blamed herself a little.

“What are you thinking nonsense, can I not prepare a gift for my uncle’s birthday!”

Lin Ran laughed, while giving Jiang Yi Yi’s nose a scratch, and immediately the latter’s pretty face turned red.

“Cousin, you’re nasty!”

“Er .....”

Lin Ran was embarrassed, he didn’t expect this cousin of his to be quite thin-skinned.

“Hmph!”

On the side, Dai Yin saw what was really going on and was so angry that she coldly snorted as she placed her teacup on the table.

“Humph! Just be smug for now, later I’ll see what you’re going to give as a gift! If I really guess it, it will be wonderful, I’ll see what you do then!”

Chapter 553

“Luo Cheng, Lin Ran, Wang Yifeng and Li Xin, I didn’t expect you all to be here!”

Jiang Sanshi came close and looked at the four of them and smiled, especially when he saw that Luo Cheng and Lin Ran and Wang Yifeng seemed to be on good terms, his heart felt even more relieved.

There was no need to say what Luo Cheng represented in Tanjiang City, and for Lin Ran to be so close to him, he, as an uncle, would not have to worry too much.

“Old master it’s been a long time, this time just in time for your big birthday, come let me introduce you to a junior!”

Li Xin laughed, as a back goods merchant, he still had a few face in rich people’s circle.

“Ao? Who is it?”

Jiang Sansi laughed, but his afterglow noticed that Jiang Yi Yi, who was on the side, was giving himself a wink, as if to say, that’s not a good guy, take it easy!

“That’s him, Dai Yin! My good friend!”

Li Xin introduced with a smile.

“O?”

Jiang Sansi smiled and nodded at his words, but did not answer.

Seeing this, Li Xin was busy laughing and said.

“Old master, this friend of mine’s family is in the mineral business, their family is from the surrounding townships of Tanjiang City, in the future maybe you also have the opportunity to cooperate and work together isn’t it!”

“Yes, Uncle Jiang, our family is in the mineral business, and you are a jade family, so there is an origin!”

Dai Yin said, and at the same time, he was ready to go and fetch his own gift for the old man, but before he could take it out, Jiang Sansi was laughing.

“Yes, we should cooperate when we have the chance, but we don’t have any raw stone mines in the mainland, so I’m afraid it will be quite a few years before we can cooperate.”

Jiang Sansi turned his head and looked at Luo Cheng.

“Nephew Luo Cheng, how is brother Luo Ming doing?”

“Thank you, Uncle Jiang, my father is doing well!”

Luo Cheng got up and smiled, courteously, while busily taking out his gift and smiling.

“Old master, this is a gift I prepared especially for you, a piece of primal ore, you have a look at it?”

With that said Luo Cheng opened the box, and at once a piece of raw stone the size of a football appeared in front of everyone’s eyes.

The richer the person is, the more they like jade. The people present were all very discerning, and when they saw the raw stone that Luo Cheng took out, they could not help but suck in a breath of cold air.

The grey skin of the stone was a dark green colour, which was not very obvious, but could be seen.

Of course, the outside is not pretty now, but in jade circles, a raw stone with this skin is almost 99% certain to have something inside.

But then again, the reason why a raw stone can be called a gambling stone is because it has the element of gambling, even if this raw stone that Luo Cheng took out, the skin is even better, maybe after cutting it open, it is still just worthless, and that’s the fun of gambling stones, get rich overnight or go bankrupt overnight.

“Ha ha! Good good, I like it a lot!”

Jiang San Si laughed in satisfaction, was he really short of money? Just kidding, naturally he was not short of it, but what the old man liked was the thought, the courtesy of reciprocity.

“Ranzi, I’m very happy that you’ve come this time!”

Jiang Sansi looked at Lin Ran and said with relief. A few days ago he had also received news that Lin Ran had gone missing, but he had never told his children and daughter about this, and today he was able to see Lin Ran, so his hanging heart was put down.

“I’m sorry for your worries, uncle!”

Lin Ran laughed, and as soon as he said this, Dai Yin’s face beside him suddenly turned gloomy.

He could understand Jiang Sanshi’s disregard for him, after all, he was a senior and he was still unknown, but hearing Lin Ran call out to Jiang Sanshi’s uncle made him very unhappy, if Jiang Yi Yi was cheated, then was Jiang Sanshi also cheated?

“Is it hard to say that this guy really has a relationship with the Jiang family? It shouldn’t be, if there were relatives of this strength, this kid wouldn’t have been in such a bad way in the past, right?”

Dai Yin was a little puzzled in his heart, wondering what was fishy about this.

“Uncle, this is the gift I prepared!”

Lin Ran smiled as he got up, while taking out a beautiful wooden box.

“Aiya, you can just come, why did you prepare a gift!”

Jiang Sansi laughed, but since Lin Ran had already prepared it, he didn't push it away and accepted it right away.

"What is this?"

Looking at the delicate little wooden box, Jiang Sanshi asked with a smile, he still cared a lot about the gift Lin Ran had given him.

"Uncle, just open it and see!"

Lin Ran laughed.

"And you're still selling a secret!"

Jiang Sanshi laughed and immediately opened the wooden box, and immediately a dark black stone appeared in front of everyone.

The stone was not big, it was just about the size of a large marble, and it was black all over to see nothing special.

"This is?"

Jiang Sansi frowned, vaguely seeming to think of something, but he was not sure.

"Brother Li, what is this thing?"

On the side, Dai Yin frowned and asked.

"I don't know, I've never seen anything like this before either!"

Li Xin frowned similarly, as a backed goods merchant he thought he had seen a lot, but he couldn't recognise what it was.

"Even you don't recognise it?"

Dai Yin frowned slightly at his words, but then he was relieved and laughed disdainfully.

"I think this thing must not have much of a name, otherwise how could you not recognise it, Brother Li!"

Said Dai Yin, about to step forward, naturally he did not want to miss such a good opportunity.

"Don't be impulsive, there are many strange objects in heaven and earth, I wouldn't dare to say I've seen every single one of them!"

Li Xin was busy speaking to discourage him, however Dai Yin sneered.

"Brother Li, you're too modest, even you haven't seen it, how could that hick Lin Ran get it, this thing must be rubbish! No, I have to go and expose him, such a good opportunity can't be missed!"

Saying this, Dai Yin ignored Li Xin's discouragement and directly took two steps forward laughing aloud.

"Lin Ran, you're at least Uncle Jiang's nephew, how can you give such a shabby gift?"

As soon as these words were spoken, everyone's eyes immediately looked over, especially Jiang Sansi and Jiang Yi Yi, with a slight chill in their gazes.

“Kid, what are you farting about, hold it back if you have nothing better to do!”

Wang Yifeng slapped the table and stood up directly.

“Fatty!”

Lin Ran patted Wang Yifeng on the shoulder to indicate for him to sit down, then looked at Dai Yin and said blandly.

“How is this gift of mine shabby?”

“Isn’t it shabby? As an outsider, Mr. Luo gave such a large raw stone, but you? Your own nephew gave you such a small one, a nephew who has done this to you is really stingy!”

Dai Yin laughed coldly, while taking out his own gift, a larger sized wooden box.

“Master Jiang, this is my gift, and coincidentally, I know you’ve been in the jade business all your life, so I’m giving you the original stone as well!”

With that, Dai Yin opened the box, followed by a piece of raw stone of even better colour appearing in the eyes of the crowd, and everyone who looked at it could not help but suck in a breath of cold air.

“This ..... This original stone, no matter the size and colour, is simply better than the one Luo Cheng gave away!”

“Yes, this must be quite a lot of money!”

“Looks like this guy is rich too!”

“This is wonderful!”

The crowd was talking, which made Luo Cheng’s face look a bit bad, this strike by Dai Yin not only made Lin Ran look bad, but also made him a bit embarrassed.

This was the effect Dai Yin wanted, and at this moment, seeing the crowd looking at him, he couldn’t say how pleased he was in his heart.

“Ranzi, I’m just an outsider, and the gift I gave was so sincere, and you? What do you call an original stone? I think it’s just a donkey’s dung egg!”

“You!”

Jiang Yi Yi was so angry that she was about to stand up at once, but was stopped by Lin Ran.

Lin Ran looked at Dai Yin without any fluctuation in expression and said blandly.

“What are you trying to prove after all this talk? That you are more sincere than me? I’m just curious, which of your ears heard that this is the original stone I’m giving away?”

“Have I finished with the presentation of my gift? Are you beeping away here?”

Chapter 554

“Oh, is sophistry useful? Is it not the original stone or what? Is it really a donkey’s dung egg?”

Dai Yin laughed.

Jiang Yi Yi, who was on the side, couldn't help it and broke away from Lin Ran and opened his mouth to scold him.

"Surname Dai, do you know how to speak, even if the item you sent is good, do you still not give others the chance to speak? Besides, although our Jiang family has always flattered that all visitors are guests, have you received an invitation? If not, go and stay aside first!"

"You!"

Dai Yin's face instantly sank at his words, indeed, he didn't have an invitation at all, strictly speaking he was just a companion brought by Li Xin, and couldn't compare with a self-invited person like Lin Ran who received a phone invitation.

"Yi Yi, than like this, those who come are guests, don't hurt the peace!"

Lin Ran opened his mouth and laughed, Jiang Yi Yi was saying this for himself, but this comment would indeed hurt a bit, so he still of stood out to ease the situation, after all, the Jiang family is also considered half of his family, this loss cannot be eaten for nothing.

"Don't play the good guy here, you don't admit it, so fine! Come on you tell me what the hell you sent!"

Dai Yin laughed coldly, he couldn't wait for Lin Ran to hurry up and explain clearly, so that he could stomp this face of his, instead of arguing now that what he had sent was not the original stone.

"Are you that anxious to know?"

Lin Ran smiled and looked at Dai Yin blandly.

"Cut the crap, don't you dare to say anything? Or are you too embarrassed to say that the item you gave away is too rubbish?"

Dai Yin sneered, while greeting the surroundings.

"Everyone come and take a look, this is the old man's own nephew, the gift he gave is really a laughing stock!"

"Interesting, this kid and Lin Ran are afraid they have a grudge!"

"Who says so? If this matter is not handled properly, it's not enough for him to lose face, the Jiang family will also lose face!"

"It's going to be a good show!"

A crowd of people laughed and chattered, completely watching the fun.

"Ranzi!"

Wang Yifeng was a bit worried and Luo Cheng came over.

"It's alright! Don't worry!"

Lin Ran smiled at the two of them, then patted a worried Jiang Yi Yi and whispered

“Why are you worried too, don’t you believe in your cousin’s strength?”

“Ah?”

Jiang Yi Yi was stunned at his words, and then laughed.

“How could that be, my cousin is the best, I’m sure you’ll be able to punch that bastard in the face!”

“Haha, watch out then!”

Lin Ran laughed, then got up and swept his gaze over the crowd before saying in one word.

“The item I’m giving away is named the Gold Swallowing Stone!”

“Gold swallowing stone? What is that thing?”

“Yes! Never heard of it!”

“Could it be gold? But such a small piece isn’t worth much!”

The guests murmured at the words, all puzzled and disdainful, and Dai Yin laughed even more as he listened.

“A gold swallowing stone? I thought it was a dung swallowing stone, it’s a laughing stock, a small black stone with no idea of its purpose, and a gold swallowing stone, you really want .....”

“Shut up!”

Dai Yin didn’t finish his sentence before he was interrupted by Jiang Sansi who was on the side, he glared at Dai Yin with a grim face and followed by looking at Lin Ran.

“What’s going on here?”

“I don’t know, could it be that Elder Jiang knows about this gold swallowing stone?”

“No way, what the hell is this thing, I’ve never even heard of it!”

Jiang Sanshi’s attitude immediately caused the surrounding people to talk, they all wanted to know what was wrong with this old man, did he really know about this gold swallowing stone? Or was it really worth something extraordinary?

“Ranzi, you say this is a gold swallowing stone?”

Jiang Sanshi ignored the remarks of the people around him and looked at Lin Ran with a burning gaze, his eyes filled with anticipation and excitement.

“That’s right!”

Lin Ran smiled and nodded his head.

“This is the Gold Swallowing Stone!”

“This ....”

Jiang Sanshi was completely stunned at the words, his eyes rolling round to stare straight at Lin Ran.

“What’s wrong father? Does this gold swallowing stone have any origins?”

On the side, Jiang Linshan asked busily, this was the first time he had seen his father lose his temper like this.

“Yes old man, what exactly is this gold swallowing stone? Tell us all about it!”

“That’s right, tell us about it!”

“Yes, we want to know too!”

The surrounding guests all echoed, being able to make even Jiang Sansi show such an astonished expression, they were naturally very curious as to what this Gold Swallowing Stone really was.

“Humph! I think it’s just a gimmick, what gold swallowing stone, go ahead and swallow a donkey’s dung egg!”

On the other side, Dai Yin said disdainfully, but in his heart he was already drumming, had he really misjudged? Is this gold swallowing stone a treasure? Impossible, even Li Xin had never seen it before, how could it be a treasure?

Dai Yin was thinking in his heart when Jiang Sansi, who was on the side, spoke up.

“Humph! Stupid, what do you know! Something that has never seen the world!”

“You!”

Dai Yin was so angry that his face turned blue, but he didn’t dare to explode, after all, the other party was Jiang San Si, and many of the people present at this moment were coming for him, if he dared to offend the other party, he was afraid that no one would dare to cooperate with him in Temperance City in the future.

“Old man, then tell us what this gold swallowing stone is!”

Dai Yin said in a cold voice with a gloomy face.

“Then you watch!”

Jiang Sanshi was not polite, and immediately took out the Gold Swallowing Stone, followed by both the original stones given by Luo Cheng and Dai Yin, and placed them on the table together.

He placed them cleverly, with the two original stones on one left and one right, while the Gold Swallowing Stone was exactly in the middle.

“Hey hey! Look at what’s going on!”

“Yes, how did the gold swallowing stone move by itself!”

“Is the table uneven!”

“No, this bead didn’t even move when I put it on it!”

Many guests watched with dazzled pockets, and some even tested it themselves, but their beads didn't move at all, but on the contrary, the gold swallowing stone rolled towards Luo Cheng's piece of jadeite original stone.

"Bang!"

The gold swallowing stone touched the original jadeite stone, and only then did it come to a stop.

The people around looked even more baffled and immediately urged.

"Old man, don't sell yourself short, what the hell is going on here!"

"That's right, how did this gold swallowing stone move on its own?"

"Right, and what exactly is the meaning of these two original stones placed on either side!"

Jiang Sansi swept his gaze over the crowd and finally looked at Dai Yin, sneering.

"What is this gold swallowing stone and why does it move on its own, it's better to let my own nephew explain, I'm not interested in arguing with a stupid back!"

With that, Jiang Sanshi actually turned his head away from looking at Dai Yin.

"You!"

Dai Yin was so angry that his face turned blue, his fists clenched and clicked as he cursed angrily in his heart.

"You old thing, you still want to undermine me at this time, I'd like to see what that poor bastard can explain!"

"Say it!"

Dai Yin turned his head to look at Lin Ran, his voice tinged with anger as he said in a low voice.

Lin Ran wasn't angry either as he swept his gaze over the crowd and opened his mouth to laugh.

"This gold swallowing stone is a stone that grows near gold veins, it is extremely rare to swallow gold ore by nature, besides gold ore he is also interested in some special stones, such as raw emerald stones!"

"Master just used the gold swallowing stone to verify which of the two stones had better contents! And the result is already obvious!"

Saying that, Lin Ran turned his head to look at Dai Yin and smiled blandly.

"As it turns out, the original stone you gave away is no good other than being a bit bigger!"

"And now, do you still think that what I gave away is worse than yours?"

Chapter 555

"That's not possible! You're talking nonsense!"

Dai Yin said angrily, how could he possibly believe Lin Ran's words, if what he said was true, then even if his original stone had the real deal inside, it would still be nothing more than a pile of mud in front of someone else's gold swallowing stone.

You know, even if the original stone is precious, it always has a value, but a treasure that can help identify the original stone is priceless.

No matter who owns it, won't they instantly become an expert in identifying the original jadeite and make a steady profit for the rest of their lives, it's simply a godsend.

"You must be talking nonsense, how can there be such a magical thing in the world, do you really think that all the people here are fools!"

Dai Yin said in a cold voice, arguing desperately.

Lin Ran, however, laughed.

"I don't know if the people here are fools or not, but I believe the people have seen the truth, the gold swallowing stone has just made its choice, if you don't believe me, you can open the stone now!"

"Open the stone? You!"

Dai Yin hesitated at once, to be honest he had no bottom in his heart, although he had spent a full seven hundred thousand on this stone, but in the end it was not opened, no one knew what was inside.

It was not unheard of for a million dollar gambling stone to go bankrupt in one move, before he was quite confident in his original stone, but after Lin Ran's so-called gold swallowing stone, he honestly had no bottom in his heart.

"No!"

Suddenly, Dai Yin thought of something and turned his head to look at this Lin Ran and spoke.

"No, what you just said was that this thing was used to verify which of the two original stones had the better stuff inside, you didn't say that if the gold swallowing stone didn't select the side, there was nothing inside! Isn't that right!"

Thinking about this point, Dai Yin suddenly gained confidence again, although his original stone was not chosen by the Gold Swallowing Stone, that didn't mean that his original stone didn't have something in it, perhaps it was just inferior to what was inside the original stone that Luo Cheng gave him.

And in the end, who knows if the Gold Swallowing Stone thing is true or not, after thinking about it this way, he still feels that his chances of winning are better.

"You're still dwelling on that!"

Lin Ran smiled at his words.

"If there was something inside both original stones, the Gold Swallowing Stone would at least get a little closer to both and make a judgement at the end, but it's obvious that it's not interested in your stone at all, so the stone you gave away inside must not have anything inside!"

Lin Ran said with certainty.

“Kid, don’t say too much, not for the moment whether this gold swallowing stone is real or not, just your words are your own, we all who know whether it is real or not, anyway, not open the stone, just blow it!”

Dai Yin laughed coldly, then he swept his gaze over the crowd and finally landed on Luo Cheng.

“Sir Luo Cheng, dare I ask you how much you paid for this original stone!”

“Hm?”

Luo Cheng had been comparing himself more, Luo Cheng was upset, but this Dai Yin actually sought to talk to him, which made him angry in his heart and immediately disliked him back.

“Does it matter to you how much I paid for it?”

“This ....!”

Dai Yin was embarrassed for a while, but he didn’t dare to be wild to Luo Cheng, he could only smile with him.

“Sir Luo, I’m just trying to expose a liar so that you can see clearly how hypocritical this Lin Ran guy is, and it’s for your own good too isn’t it!”

“I don’t need to!”

Luo Cheng’s heart was like a clear mirror, how could he trust this Dai Yin guy, he too looked up at Lin Ran and saw that the latter didn’t seem to have any worries and had this bashful smile on his face.

He then saw that the people around him were staring at him, so if he didn’t say anything now it would look like he was being a bit pretentious, so he sighed helplessly and said.

“It cost three hundred thousand!”

“Wow!”

Hearing this price, all of a kind of people around couldn’t help but clamor, spending three hundred thousand to give a gift, this heart is really genuine enough.

“Haha! Everyone heard it, Prince Luo Cheng spent 300,000 for this original stone, while I spent 700,000 for this original stone!”

Dai Yin had a smug look on his face, followed by his gaze sweeping past the crowd and landing on Lin Ran.

“Lin Ran, do you still think that my stone is not as good as his? To tell you the truth, I’ve got many friends who know the trade to look at it, and do you know where I bought this stone?”

Saying this, Dai Yin pointed to Li Xin who was on the side and laughed smugly.

“This was bought from brother Li Xin, I’m afraid there’s no one here who doesn’t know him, backstabbing merchants, are their eyesight not as good as yours? Are they not as good as this so-called bullshit gold swallowing stone of yours?”

When he said this, Dai Yin even looked at Lin Ran, while pointing at Wang Yifeng who was at the side.

“This dead fatty is your friend right, I just saw that the gift he gave at the reception was a pair of gold filigree glasses that were a hundred or so fast, you two are friends and one gave glasses while you gave such a small what’s this bullshit gold swallowing stone!”

“And now you’re slandering me for giving a bad original stone, don’t you think you two are funny? Or have you been pretending to be big-tailed wolves too much and really think you’re rich?”

“In my eyes, you’re just a poor bastard, you know!”

Dai Yin said in a painful voice, almost venting all the stifled anger in his heart in one breath.

At this moment, the originally lively banquet was quiet for a moment, as everyone looked at Lin Ran without speaking, wanting to see what explanation he would give.

The entire banquet hall was terribly quiet, Lin Ran just looked at Dai Yin indifferently and never said anything, and after a full moment of silence, suddenly Lin Ran spoke.

“Have you finished your words?”

“Finished, I’m curious as to what you will say!”

Dai Yin smiled as he looked at Lin Ran, his eyes full of ridicule and disdain, his purpose had been achieved.

“Lin Ran, what can you do to fight me, you are finished!”

Dai Yin lowered his head and whispered in a voice that only two people could hear.

“O? I don’t think so!”

Lin Ran returned likewise.

“What do you mean?”

Dai Yin’s face sank, following which before he could have any reaction, he only saw Lin Ran move.

“Whoosh!”

“Bang!”

Lin Ran fiercely picked up the western knife on the table, followed by a handful of slashes on top of Dai Yin’s piece of raw stone, followed by putting away the knife and wiping it with a napkin, and then immediately put it back again.

“This .....

The people around a kind of people are brought dumbfounded, completely did not expect this kind of thing will happen, even a few people nervous can not speak, that is the jadeite original stone, may be

inside can open out the extremely good goods, but actually by Lin Ran with a Western-style knife to chop a bit!

“Luckily, it didn’t hurt anything inside!”

“That’s right, it would have hurt if it had been damaged!”

“Exactly!”

A crowd of guests said afterwards in fear.

Dai Yin was also startled, and was relieved to see that his original stone was not damaged in any way, saying.

“Is it fun to play like that? Just admit that what you gave away was a donkey’s dung egg, and still try to destroy my original stone, are you really brainless or are you just jumping over the wall? Just a Western-style knife also want to split my original .....”

The company’s main business is to provide a wide range of products and services to the market.

There was a “click”, Dai Yin and the guests all hurriedly looked at the original stone on the table, only to see the original stone burst into two pieces, and there was no jadeite inside, it was simply stone.

“This .....”!

At once everyone froze.

Lin Ran looked at Dai Yin, took a sip of tea and laughed blandly.

“Spending seven hundred thousand on a stone, you’re really stupid, seven hundred thousand fools!”

Chapter 556

“This is impossible, this is absolutely impossible, how can my original stone be a stone!”

Dai Yin’s face turned green, that was 700,000 dollars, but it was just a stone, how could he accept that?

Before, he had said that Lin Ran’s gold swallowing stone was useless and that the items he had given him were even more rubbish, even the gold silk glasses his friend had given him were a hundred dollars.

But now what?

The original stone that he had given away was actually just a stone, and I was afraid that no one would want it even if the market price was five dollars.

“Hey! What a waste of money!”

“Who says it’s not? 700,000, that’s enough to change a house!”

“This kid is also unlucky, I don’t know in whose hands he bought it, it’s so bad that he doesn’t even know his own father!”

A crowd of guests around the room were talking, hearing Dai Yin’s face was blue and his fists were clenched.

While Jiang Yi Yi Wang Yifeng and Luo Cheng and the others were laughing, each one smiling more than a little, just now they were worried about how Lin Ran would end up, but in the blink of an eye the situation had taken a 180 degree turn.

“As expected of Brother Lin Ran, I knew I would never look away!”

Luo Cheng laughed, ever since he met Lin Ran he had always had hope in the latter, and the latter had never let him down, working miracles time and time again, a situation that even he thought was impossible to flip the board back was flipped by Lin Ran with a single slash.

“What on earth have you done? How could my original stone turn to stone!”

Dai Yin pointed at Lin Ran and questioned, not wanting to believe until this moment that he had looked away.

“The facts are right in front of you, is it useful to spill the beans? So many people are watching! Aren’t you a rich kid? Watch your image, don’t be like a poor punk like me!”

Lin Ran laughed indifferently, returning all the shit Dai Yin had slapped on him earlier with a single sentence.

Poor bastard? Would anyone present at this moment still think he was a poor pussy? I’m afraid that they would only think that he was Dai Yin.

Although you gave away 700,000 yuan in original stones, in the end, you still hit the eye, and who knows if the 700,000 yuan you said was true or not.

The gold swallowing stone that Lin Ran gave away has proven to be the real deal. It was simply worth a fortune, right?

“This can’t be, this can’t be!”

Dai Yin looked at Lin Ran and said angrily.

“I paid seven hundred thousand dollars for this, how can it be a stone, it’s absolutely impossible!”

“Seven hundred thousand? Who has seen it?”

Lin Ran asked rhetorically with a smile.

“You!”

Dai Yin was instantly furious and gritted his teeth, and was busy turning his head to look at Li Xin.

“Brother Li Xin, why don’t you say something!”

“Say what?”

Li Xin’s face was cold, unwilling to say more.

Say what? Could it be that the stone is a lie? Just kidding, not saying anything at this point would be the best outcome.

“Saying that this stone was bought from you for seven hundred thousand dollars!”

Dai Yin was busy saying, at this time, only Li Xin could prove that this stone was bought by him for seven hundred thousand, otherwise who else could he look for.

“Enough, does it matter if it was bought for seven hundred thousand dollars?”

Li Xin said in a cold voice.

“Brother Li Xin you!”

Dai Yin’s face turned blue as he listened, what does this mean, even you don’t take up your side anymore?

“Wake up, gambling on stones is supposed to depend on luck, if you lose, you lose, is it useful to dwell on this here!”

Li Xin said in a cold voice, he also did not expect Dai Yin to be so defeated, before he advised the latter not to be impulsive, the latter did not listen.

At this moment, besides the problem still wanted to pull on himself, how could he agree.

“No! I didn’t lose! How can I lose to a poor pussy! It’s impossible!”

Dai Yin said frantically, knowing that even now he still felt that Lin Ran was a poor pussy, it couldn’t be helped, who would want someone who had been trampled under their feet for over ten years to suddenly be on an equal footing with them, or even higher in status than they were? This was simply something he could not tolerate.

The golden silk glasses that Wang Yifeng had given him were just a fuse that ignited this incident, and also ignited the thought in Dai Yin’s mind that Lin Ran was a poor man, he didn’t want to believe that the strength Lin Ran had shown earlier was the truth, but the truth was the truth, so would it change anything just because he didn’t want to believe it?

“I don’t believe it!”

Dai Yin looked at Lin Ran and said in an angry voice.

“I don’t believe you, if you have the guts to open Luo Cheng’s original stone now, I’m not convinced by opening only mine!”

“That’s enough! Have you made enough of this!”

Li Xin saw this also fire, Dai Yin was brought by him, at this time the latter make a scene also let him face.

“Not enough, I bought your stone and now there’s a problem, you don’t say a word, I can’t argue for myself!”

Dai Yin said angrily.

“Idiot, I told you it’s all about luck when it comes to gambling stones, you blame me for your own poor eyesight? Idiot!”

Li Xin cursed angrily, followed by turning his head to look at Jiang Sansi and cupped his fist.

“Master Jiang, I’m sorry! I’m responsible for today’s incident, and I have no face to stay, so I’ll see you later!”

After saying that, Li Xin immediately turned his head and left the Jiang family.

“You!”

Watching Li Xin leave, Dai Yin’s face was gloomy, but he couldn’t say half a word, if he also left now, then there would really be nothing left!

“Aren’t you leaving?”

Lin Ran turned his head to look at Dai Yin and said indifferently.

“Don’t you dare try to trick me into leaving, open Luo Cheng’s stone if you can, or you’re a liar and poor bastard! Don’t think I don’t know you’ve done it in secret!”

Dai Yin said angrily, trusting his own judgement until now.

“Brother Luo?”

Lin Ran turned his head to look at Luo Cheng with a questioning look in his gaze, this was his stone after all, Lin Ran still had to seek the latter’s opinion.

“Open it, hurry up and finish it!”

Luo Cheng said impatiently, seeing Dai Yin gave him a headache, how could there be such a “straightforward” person.

“Uncle, let’s open the stone, you’ll be satisfied with what’s inside!”

Lin Ran laughed.

“Good!”

Jiang Sansi smiled and nodded, he was also afraid that Lin Ran would open the stone violently like he did just now, just now there was nothing inside, if there was really a stone inside, then he would cry his eyes out.

The Jiang family was naturally efficient at opening stones, and after just ten minutes, Jiang Linshan had already finished opening the stone in public.

“Open?”

Lin Ran asked as he looked at Dai Yin with a smile.

“Open! So much nonsense!”

Dai Yin said angrily.

“Then you’re ready!”

Lin Ran smiled lightly and then opened the stone, and immediately a green colour filled his heart.

Inside the original stone was a very rare emerald jadeite!

“This! How is this possible! How is it possible!”

Dai Yin shook his head in disbelief, but the truth was already in front of him.

“Is there anything else to say?”

Lin Ran looked at Dai Yin and said disdainfully.

“You! Me! This can’t be!”

Dai Yin still didn’t want to believe it.

Wang Yifeng looked impatient and immediately stood up, slapped the table and chided.

“It’s still fucking impossible, you’ll know if it’s impossible when I beat you up!”

With that, Wang Yifeng stepped forward and grabbed Dai Yin, cursing and escorting him out towards the outside.

“A bunch of people are watching your brain-dead show, and it’s not over yet! Let me take you out to calm down!”

The crowd laughed, and so did Lin Ran, following him back to his seat, seeing Jiang Yi Yi looking at him like a fan girl, he asked with a smile.

“Satisfied with this face punch?”

“Satisfied! So satisfied!”

Jiang Yi Yi said with glowing eyes, following which she even took Lin Ran’s arm and said with a smile on her face.

“Cousin, you’re so handsome, how nice it would be if you weren’t my cousin, then I could marry you!”

“Pfft!”

Lin Ran took a mouthful and spewed all the tea that had gone into his mouth onto the floor, embarrassed.

“Don’t talk nonsense, what marry me, you’re my cousin!”

Chapter 557

“Hmph! I don’t care!”

Jiang Yi Yi chortled.

However, Lin Ran knew that she was joking, after all, she was her cousin and there wouldn’t be that possibility between the two of them.

With Dai Yin and Li Xin’s departure, the birthday party went smoothly, and Lin Ran’s gold swallowing stone undoubtedly became the focus of the entire party.

At first it was quite calm when the crowd didn’t know about it, but when they learned about the effects of the gold swallowing stone, their eyes were red and salivating.

Don't look at it as a small item, but if anyone really possessed such a gold swallowing stone, it would be difficult not to get rich, and if they bought two pieces of raw stone with it, they could become rich overnight.

It was also because this item was so heavenly that it was extremely rare. Jiang Sansi naturally understood this and immediately arranged for it to be stored in the safest place.

Even if the Jiang family fell at some point in the future, as long as they had the gold swallowing stone in their hands, it would not be a dream to rise again.

"Brother Lin Ran, to be honest I'm a bit envious of your relatives, how good it would be if I were your relative too!"

Luo Cheng lamented as he clinked glasses with Lin Ran.

Wang Yifeng smiled at that.

"Luo Sang, that's not easy, let your sister hurry up and do it, as long as you get this aunt home, you are afraid of not becoming a relative? If you do, you'll be more than relatives, you'll be in-laws, and he'll have to call you brother!"

"Ha ha! Good idea! Good idea!"

Luo Cheng laughed.

Lin Ran listened helplessly and didn't bother to pay any attention to the two of them, getting up and going to Jiang San Si with Jiang Yi Yi.

This time today, apart from attending the birthday party, Lin Ran had a more important matter to attend to, which was to search for Heaven and Earth treasure materials.

But this was Jiang Sansi's home after all, so Lin Ran didn't intend to receive them all here, he just explained to Jiang Sansi that he needed some heaven and earth wondrous treasures, and that he could show himself anything that he found strange.

Jiang San Si nodded when he learned of the intention and said that he would take note of it, and as long as there were such strange stones in the future, he would arrange for them to be given to Lin Ran at the first opportunity.

The banquet continued, but Lin Ran left early, as there would be no point in joining the party later.

When the group came out of Jiang's house, Lin Ran explained to Luo Cheng about his current situation and hoped that he would help him contact Li Sheng, so that the latter could also help him find some strange treasures from heaven and earth.

Luo Cheng treated Lin Ran as a brother, so he naturally didn't push back a bit when he heard this, and immediately took out his mobile phone and called Li Sheng, and in just a few moments, the phone hung up.

"It's done! Li Sheng said that there will be an auction tomorrow and asked you to come along!"

Luo Cheng laughed, while looking at Lin Ran with a bright gaze and said.

“You kid can do it, to receive an invitation from Li Sheng after only meeting him once, not simple!”

“Who’s Li Sheng? Is he a big shot?”

On the side, Wang Yifeng wondered, receiving an invitation from him, how does this sound like a reward?

“You’ve never met him so you don’t know, this Prince Li Sheng is very arrogant, even I’ve never received an invitation from him, especially this auction!”

Luo Cheng exclaimed.

“Why?”

This time even Lin Ran was a bit puzzled, the Luo family could be said to be the leader of Temperance City, even Luo Cheng had never received an invitation, who in the end was this Li Sheng.

“I’m not sure exactly, I only know that the family behind this guy is very huge, as well as terrifying!”

Luo Cheng said, while moving a few points closer to the two and whispering.

“The Qin Bing in your clinic knows, right, she is from the Qin family in the imperial capital, and this Li family is actually from the imperial capital as well, known as the imperial capital Li family, but this Li family is very mysterious, there are branches in every important city, Li Sheng and the others are the Temujiang City branch!”

“Holy shit, a mystery novel? There are still sub-families, so what kind of business are they in?”

Wang Yifei asked curiously, how did it sound as if this Li family was very powerful.

“What kind of business do they do? It seems to be treasure appreciation or something like that, not many people know about this, but we’ll find out tomorrow!”

Luo Cheng laughed.

“Tomorrow?”

Lin Ran was a little surprised at his words.

“You don’t understand, the Li family’s sound all depends on auctions, and their family auctions are not qualified for general people to attend at all, unless they are in the circle, like you!”

Luo Cheng laughed.

“Me?”

Lin Ran’s heart thumped, could it be the Feng Shui circle?

“Well don’t think so much, we’ll know when we meet tomorrow!”

Luo Cheng laughed, and immediately led the two to the car and left the Jiang family.

.....

At the place where Wang Yifeng bought his gold wire glasses, the three separated and Luo Cheng went straight back home, this guy was after all the young male of the Luo family and was also very busy.

Lin Ran, on the other hand, drove back to the clinic with Wang Yifeng.

It was already afternoon when they answered the clinic, and there were no surprises. Song Nuan was still lying in bed resting, smiling and greeting when she saw the two of them coming back, and then playing with her mobile phone by herself, seemingly watching a TV series.

And Luo Qiqi had almost recovered, and was helping Qin Bing to take medicine for the patients next to her. Lin Ran saw that there were not many patients, so he did not attend any more, and sat down on the sofa with Wang Yifei, the two of them were also a bit tired after a busy day.

“Brother Lin Ran, you didn’t bring anything back from your trip out this time?”

Soon after, Luo Qiqi came over and asked with a smile.

“Bring what?”

Lin Ran wondered.

“Just that!”

Luo Qiqi said eagerly.

“Which one?”

Lin Ran was full of surprise at his words, and suddenly he seemed to think of something and lowered his voice.

“You’re having your period? Why didn’t you send a text message, I stopped by and bought you a few tablets back!”

“Brother Lin Ran, you ..... Rascal!”

Luo Qiqi pouted as she heard her pretty face flush.

“Are you stupid, she wanted to ask you about the bone replacement and marrow cleansing stuff!”

On the side, Song Nuan couldn’t stand watching and spoke up.

“Bone exchange and marrow cleansing? What’s that?”

Wang Yifeng listened in bewilderment, not knowing what it was at all.

“Don’t ask, you’ve already washed it a long time ago, the kind of fruit you were given to eat last time at Wan Ren Mountain is it!”

Lin Ran casually replied, before looking at Luo Qiqi helplessly.

“Sister, this thing has been said to be a strange treasure of heaven and earth, how can it be found so quickly!”

“Then how long do we have to wait!”

Luo Qiqi beamed her little mouth looking very aggrieved.

“What’s wrong with you?”

Lin Ran was filled with bewilderment, the four girls didn’t seem to be so eager before, right? They were even a little resistant, so how come now Luo Qiqi was urging herself to find the Heaven and Earth Wonder Treasure quickly every day.

“Look at her!”

Luo Qiqi pointed to Qin Bing at the side, and when the two Lin Ran looked in wonder, they were dumbfounded.

They only saw that in front of Qin Bing, there was a line full of patients, still clear of men, while the women were all squeezed to Li Zheng’s side.

“Holy shit, what’s going on!”

Wang Yifeng couldn’t help but ask, the shop wasn’t so polarized even when there were many customers in the past, how come the division was so obvious this time.

“It’s not because of the bone exchange and marrow cleansing!”

Luo Qiqi said with a small mouth.

“In the past, when we went out on the street, the turn-around rate was the same, but now, Sister Qin Bing alone has contracted the turn-around rate of all of us, I also want a bone exchange and marrow cleansing, I also want to be beautiful, I also want the turn-around rate!”

“Er .....

Lin Ran was helpless.

Chapter 558

“DING RING RING!”

Suddenly, a mobile phone rang next to him, but this ringing sound Lin Ran was stunned to hear because he was sure that it wasn’t his own few, it sounded as if it was Su Rou’s mobile phone ringing.

“Su Rou is here?”

Lin Ran asked in wonder.

“Yeah, tomorrow weekend, Sister Su Rou is coming over!”

Luo Qiqi said, while running to fetch the phone over and pick it up.

“What? Another one in the harem, aren’t you happy!”

Song Nuan was lying on the bed, smiling as she looked at Lin Ran and teased.

“Er .....

Lin Ran said helplessly.

While the two of them were talking, Luo Qiqi had already hung up the phone while handing it over.

“Run along, Sister Su Rou has forgotten to bring her money and phone!”

“Where is it?”

Lin Ran asked.

“It’s at the supermarket across the street, she said she was going to show everyone her hand tonight, so she went to buy food!”

Luo Qiqi said, while handing her phone to Lin Ran.

Lin Ran didn’t think much of it, so he picked up the phone and walked out of the clinic.

Cars were coming and going on the road, and Lin Ran saw that it was a red light, so he stood at the side of the road and took out his phone by hand to look through it.

“Hmm? I can’t believe it’s unlocked!”

Sliding a little, Su Rou’s phone was opened, with absolutely no password to unlock it or anything.

“Eh! But it doesn’t seem right to look at other people’s phones!”

Lin Ran suddenly said to himself in his mind, indeed, looking at someone’s phone without their consent did seem a bit not good.

“Brother Lin Ran!”

Just as Lin Ran was torn in his mind, suddenly Luo Qiqi’s voice came from behind him, only to see her standing in the doorway and shouting.

“Sister Su Rou has a screenshot of a piece of cooking in her phone, send it to me! I have to go and prepare first!”

Luo Qiqi shouted.

“Good!”

Lin Ran didn’t think too much about it, he immediately opened his phone and found the photo album, the first one was a screenshot of cooking, and immediately sent it to Luo Qiqi.

By now the traffic lights had turned green, so Lin Ran immediately walked across the road and was just about to put his phone on the screen, but when he looked down, he was frozen.

He saw that at some point his hand had mistakenly touched the screen of his phone, and the list of albums had actually opened up and a very shocking photo had appeared.

On the photo, there were green mountains and water, and inside was a group photo of Su Rou and several female classmates, in which Su Rou was the best looking, but that was not the point.

The point is, the clear bikini .....

“Pfft!”

Lin Ran almost didn't spurt out a mouthful of old blood.

"Can't look! Can't look, sin sin sin!"

Lin Ran kept admonishing himself in his mind, but his hands were not obedient at all and he unconsciously slid to the next one.

"Holy shit!"

"Oh my god!"

"This girl has such a spirited side!"

"No way! No more!"

"Shit!"

Sure enough, after just a few sheets, the capillaries in Lin Ran's body couldn't take it anymore and burst, and a stream of blood flowed out along his nose.

"Where's the paper? Where's my paper!"

He was busy rummaging through his whole body, but Lin Ran didn't even get to find a bit of paper.

"Lin Ran! What are you doing standing there? Come over here!"

Just as Lin Ran was thinking about what to do, suddenly Su Rou's call came from afar.

"If you die, you die!"

In his desperation, Lin Ran wiped away the nosebleed and pressed the power button to put the phone on the rest screen, before walking over with a smile.

"What are you doing standing still!"

Su Rou asked with a frown as she walked over carrying two bags of vegetables.

"Uh .... No, I'm not doing anything!"

Lin Ran said awkwardly, while busy handing his phone to Su Rou and taking the two bags of vegetables in his hands to cover the blood on his hands.

"Huh, why are you having a nosebleed?"

However, the palm of his hand was covered, but the blood left on this nose was clearly visible.

"Er .... It's probably because I've been a bit on fire lately, it's fine, let's just go back!"

Lin Ran said, praying in his heart that Su Rou would not see it, otherwise he might be branded as a peeping tom again.

"Just on fire?"

Su Rou looked suspicious, she always felt that Lin Ran was strange today.

“Hmm?”

Suddenly, Su Rou remembered the photos in her mobile phone, that she took with her roommate when she was in college, she used to save them in space, recently she just came to the mood and downloaded them.

“This guy wouldn’t ....”

Thinking about how Lin Ran acted just now, seemingly looking at his phone, Su Rou’s heart immediately lifted, and her pretty face unconsciously reddened.

“This guy can’t have seen it all!”

Thinking, Su Rou was busy taking out her phone and preparing to open it.

“Don’t!”

Lin Ran saw this and was busy speaking to stop it.

“What? You’re not really looking through my phone, are you!”

Su Rou saw this and was even more sure of what she had in mind.

“No, how could it be, I was reminding you that the light is green and we should cross the road, it’s not safe to play with your phone across the road, hehehe not safe!”

Lin Ran explained awkwardly.

“I don’t believe you!”

Su Rou glared at Lin Ran, followed by opening her phone and following it, she scratched the screen pattern.

As the pattern was scratched, a picture of a green mountain and green water bikini instantly appeared in front of Su Rou.

“It’s over!”

Lin Ran’s heart suddenly went cold when he saw this.

“Lin Ran, how dare you say you haven’t seen it!”

Su Rou’s pretty face instantly turned red.

“No, I didn’t mean to, it was because Kiki said she wanted the menu, so I accidentally opened it!”

Lin Ran hurriedly explained.

However this explanation was obviously of little use at this point.

“Bastard! You’ve obviously read it and still pretend, beat you to death!”

Su Rou’s pretty face flushed red as she ran at Lin Ran.

“Hey, hey! Don’t be careful with all the cars passing by this road!”

Lin Ran hurriedly reminded, but he was still a step too late, Su Rou tripped under her feet and her whole body lunged at Lin Ran, while her mobile phone also fell on the ground.

“Hey, hey!”

Lin Ran’s eyes were quick, although he was carrying the bag with both hands, his body crossed directly in front of Su Rou, who immediately jumped directly into his arms.

“You bastard!”

Su Rou raised her fist and struck Lin Ran’s chest several times, but how could a girl have any strength, hitting him was like scratching an itch.

“Alright, alright, so many people are watching, if you want to be pampered go home and do it!”

Lin Ran said with a red old face.

“You! Yuck! Who’s being pampered with you!”

Su Rou’s pretty face became even redder and she was about to twist Lin Ran.

Lin Ran saw this and was busy dodging it, while gesturing to the phone on the ground.

“Your phone, it’s on the ground, if you don’t pick it up passersby will see it!”

“Huh?”

Su Rou was stunned, followed by looking at her phone, only to find that the phone she had dropped on the ground was actually the same bikini photo, at this time passers-by were curiously looking over, ashamed Su Rou’s pretty face turned red, hurriedly went forward to pick up the phone, while resting the screen.

“Lin Ran you bastard .....”

Picking up the phone, Su Rou still wanted to find trouble with Lin Ran, but when she looked up this realized that the latter had already crossed the road and was standing on the opposite side to greet herself.

“I’ll go back first, you wait for the next green light, as a teacher do not run the red light ah!”

Su Rou was so angry that she stomped her foot and pointed at Lin Ran and shouted.

“Lin Ran you bastard, rogue! Stop right there!”

Chapter 559

The dinner smelled good, it was cooked by Su Rou herself, although Lin Ran was satisfied with the food, but his body was bruised and bruised, he muttered while eating.

“Isn’t it just a few bikini photos you’ve seen? It’s just a way to get people to look at you, and you hit so hard!”

“You deserved it!”

The four women laughed almost simultaneously at the words.

.....

“Older brother Lin Ran, you’re .....”

The next morning, Luo Cheng looked at Lin Ran’s face still had a few bruises left, and could not help but ask with a smile.

“Nothing, touched it!”

Lin Ran said awkwardly, but Wang Yifeng on the side laughed.

“Elder brother Luo, do you know what truth this situation of Ranzi tells us?”

“What truth?”

Luo Cheng asked in wonder.

Wang Yifeng smiled heatedly at his words and said.

“The truth is, don’t have more than one daughter-in-law, one is enough! If you have to have more, try to find gentle ones, or else that’s what will happen to him!”

“I .....”

Lin Ran helplessly shook his head, lazy to take care of the two, in the end, he is also unlucky, nothing to go through Su Rou’s phone why, eye addiction is enough, but this skin is also ravaged enough.

“All right, all right, let’s go! We have important things to do today!”

Lin Ran was busy changing the subject and greeted.

.....

At the other end, inside the two black business cars, a young man was constantly rubbing his face, holding a mobile phone in his hand.

“Hey! Father, it’s been two days, is there any news or not, I can’t hold back anymore, I’m going to do it today!”

The caller was none other than Little Brother Hai, if Lin Ran was here he would definitely be able to recognize it, when Song Nuan had an accident, it was this guy whose luxury car was blocking the emergency lane and was taught a lesson by himself.

“Useless thing, I’ve checked it out, he’s just a doctor with a bit of reputation, be clean with your hands, don’t get caught in the act!”

A middle-aged man’s low and discontented voice came over the phone.

“OK, OK, I know, I’m hanging up then!”

Little Brother Hai said impatiently, and the middle-aged man seemed a little impatient as well, sniffing.

“Whatever, but I can remind you, I can’t bring my mobile phone to the place I’m going today, it will take at least one morning, solve anything you come across by yourself, I can’t help you this time!”

“Oh, what can happen, just a little doctor has something to do with it, I’ve brought enough people with me this time!”

Little Brother Hai said impatiently, while hanging up the phone directly.

.....

Half an hour later, in front of an inconspicuous business building in Tanjiang City, Lin Ran’s trio got out of the car.

“Holy shit, this is the place you said was the mysterious Li family? It doesn’t look like much more than that!”

Looking at the ten-storey office building in front of him, Wang Yifeng said with some disappointment, having heard Luo Cheng blowing about how powerful the Li family was, but now that he saw it, it seemed to be just like this.

“That’s all? Do you know what kind of people are inside this dynamic office building?”

Luo Cheng looked at Wang Yifeng and laughed.

“What kind of people? At most, they are all from the Li family, but this location, this building specification is not even half as good as your Luo family!”

Wang Yifeng snorted, although he didn’t have much money, but since he had followed Lin Ran, his eyesight was not limited, what kind of high-class places had he not been to, this ordinary office building in front of him really couldn’t enter his eyes.

“Brother Luo, what exactly is inside this building?”

Lin Ran asked at the side, he knew too little about the Li family, Luo Cheng dared to say so, obviously he knew something about it, so at this time it was better to talk less and listen more.

For Lin Ran’s attitude, Luo Cheng liked it and laughed.

“This this is one of the Li family’s properties, but it is said that it is this one property that supports almost fifty percent of the Li family’s profit source!”

Speaking here, Luo Cheng looked at Wang Yifeng and laughed.

“Now you know the power of this building, this building is the lifeline of the Li family, if you look carefully through the history of the development and construction of Temperance City you will find that this building has always existed, in the middle, except for a few renovations, whether it was building roads, or demolishing or whatever, it never affected this place!”

“So evil?”

Wang Yifeng listened with a slight frown, feeling that what he was looking at was not a building, but a secret base ah.

“Let’s go, let’s ....”

Lin Ran smiled and was just about to greet the crowd and go in, but at that moment, suddenly two black commercial vehicles drove over from the side and directly blocked the trio.

“What’s going on?”

Wang Yifeng and Luo Cheng’s faces sank at the sight, while only Lin Ran’s face remained as normal.

“Bang Bang!”

The car door opened, followed by a line of enough eight or nine youths jumping down from the car, each of them holding a metal baseball bat in their hands, wearing black vests and black masks, unable to make out their heads.

“Who are you guys? What do you want?”

Luo Cheng asked in a cold voice when he saw this.

A group of people surrounded Lin Ran in the middle, and soon the crowd gave way to a gap, and a young man also wearing a black vest came out, he didn’t wear a mask, and Lin Ran recognized him at once.

“It’s you!”

That’s right, it was none other than Little Brother Hai.

“That’s right, it’s me! Surprised or not? Surprised or not!”

Little Brother Hai laughed smugly, with disdain in his eyes.

“You bullied me last time, didn’t you? You didn’t expect me to come to you so soon!”

As Little Brother Hai said that, someone else had actually brought in a chair next to him, he sat down on his butt and looked at Lin Ran’s trio and sneered.

“I, Little Brother Hai, am quite a character, and I reward and punish clearly, so if you two don’t want to get into trouble, then get out of my way! Or else I won’t be merciful later!”

“Fuck you, what the hell, how dare you talk to your fat master like that!”

Wang Yifeng, with his violent temper, immediately exploded and was ready to take action in two or three steps.

“Fatty!”

Lin Ran shouted to stop him, looking blandly at Little Brother Hai and smiling.

“I’m not surprised you were able to find me, but isn’t this taking a bit too long, it’s been two days, how come you sent someone to investigate me? Is it because you’re afraid?”

“You... What are you talking about, just you deserve to have me send someone to investigate?”

Little Brother Hai’s face changed, a little unnatural, but followed by pretending to speak with disdain.

“Aren’t you just a small doctor, why are you pretending to be a big tail with me? In my eyes, you’re just a piece of shit, a poor bastard, understand?”

“Doctor, it’s not that I look down on you, my monthly pocket money is your salary for several months, can you believe it!”

“Well, so what?”

Lin Ran’s expression was bland, he couldn’t see the slightest fluctuation at all, as if what the other party was saying had absolutely nothing to do with him.

“So what? So what if you say so what, what a fucking joke to a cow, I’ll make it clear, I’ll give you two ways today!”

“First, kneel down and apologise to me, in addition to shouting ten times Master Hai I’m wrong, I’m a grandson, you spare me!”

“Second, I’ll beat you up, kneel down and apologize to me, in addition to shouting a hundred times Master Hai I’m wrong, I’m a grandson, you forgive me!”

“These two ways you choose one, time only ten seconds!”

At that, someone next to Little Brother Hai immediately opened his mouth and counted down.

“Ten, nine, eight, .....

“There’s no need to count!”

Lin Ran suddenly spoke, his eyes staring straight at Little Brother Hai as he continued.

“I choose the third path!”

Chapter 560

When he heard Lin Ran say that there was no need to count, Little Brother Hai’s face was pleased and he thought that Lin Ran had already chosen, but before the words could be spoken, he heard Lin Ran say blandly.

“I choose the third path!”

“Interesting, come and say your path, let Master Hai see if you are qualified!”

Little Brother Hai laughed blandly, a group of his men at the side also followed suit, the eyes of the crowd were full of disdain, completely ignoring Lin Ran’s three men.

“Ranzi, what’s the point of talking to them, just let me go up there and kill them all!”

Wang Yifeng whined, his temper would have rushed up if Lin Ran hadn’t held him back.

“Fatty, fighting won’t solve the problem, if it’s really necessary, I won’t stop you!”

Lin Ran laughed, then looked at Little Brother Hai and said blandly.

“Aren’t you unconvinced, bring someone up, I’m enough alone, if you’re a man come at me!”

Lin Ran said blandly as he took two steps forward.

“Ranzi!”

“Lin Ran!”

Wang Yifeng and Luo Cheng were both stunned at the words and shouted.

However, Lin Ran waved his hand, signalling that it was fine.

Little Brother Hai laughed at this.

“Good boy, you’re quite righteous, I’ll take this round Master Hai, brothers, give me a fight!”

Little Brother Hai was not ambiguous either, if he had a grudge, he would repay it, and immediately led five or six youths to pounce on Lin Ran, while he himself also rushed over.

However, this guy is not stupid, he had seen Lin Ran’s methods last time, at this time made a mind to hide at the end of the crowd, just pretending, it was his men who really rushed towards Lin Ran.

.....

The Li family’s office building contains hidden mysteries.

The first thing you need to do is to get a good idea of what you are getting into.

In front of him was a huge display screen, and if one looked closely, it was easy to see that there was a street on it, with many strangely dressed people walking around, and there were people setting up stalls next to it, just like an ancient market.

“Sir Li Sheng, there’s a fight outside!”

Suddenly, an old man came forward and saluted respectfully.

“Who?”

Li Sheng shook his wine glass, his expression did not change.

“It’s Li Jiang’s son, Li Hai!”

The old man said respectfully.

“Who is the other party?”

Li Sheng continued.

“It’s Prince Luo Cheng, as well as the little divine doctor of Temperance City, Lin Ran, and a friend of his named Wang Yifeng!”

The old man continued respectfully, as the manager of this Li family property, he had almost all the information on the entire Temperance City, not to mention just knowing a few people.

“Lin Ran?”

Li Sheng’s face sank at his words, clearly somewhat moved with anger.

“My lord, do you want me to send someone .....”

The old man asked in a low voice, Li Sheng’s reaction clearly indicated that this Lin Ran he attached great importance to.

“No, you follow me out!”

Li Sheng got up and said.

“You personally go out?”

The old man was stunned at his words and looked a little surprised, he had managed this property for so long, this was the first time he had seen Prince Li Sheng personally go out to greet someone, what kind of person did the other party have to be.

The old man had already followed Li Sheng out of the box.

.....

Outside the office building, Lin Ran kicked over the last person who rushed in and looked around at the four people left who hadn’t come over and couldn’t help but ask with a smile.

“Brother Xiao Hai, right, your men are no good, they can’t even beat a doctor like me, how can they protect you from breaking into the jungle!”

“You! Who the hell are you!”

Brother Xiao Hai hid behind the crowd, his face full of panic, he had brought a full nine of his men with him this time, plus himself better ten men.

But just now, five of his men had rushed up, but now none of them could stand up, all of them were beaten by Lin Ran and fell to the ground.

Not to mention him, even his four remaining men were shivering in fear, unable to stop gagging.

“Who else could I be? You’ve done your research, I’m just a small doctor!”

Lin Ran laughed indifferently.

To the side, Wang Yifei and Luo Cheng were already in watch mode, the two of them leaning against Xiao Hai’s van, stoned on the melon seeds they had taken out of the car, so relaxed.

“Ranzi, cut the crap, it’s going to be noon, we can go back too!”

Wang Yifeng said as he ate, not forgetting to tease.

Lin Ran smiled at his words and said.

“That’s what I mean too!”

With that, he took a step and was ready to step forward and take care of these few people from Little Brother Hai.

“Don’t .... Don’t you come over!”

Little Brother Hai saw this and was busy taking two steps back, wary.

“Don’t go over? Don’t you want to take revenge? How can you take revenge if I don’t go over there?”

Lin Ran asked with a smile.

“No .... No more revenge, don’t come over anyway!”

Little Brother Hai was busy saying, jokingly, his five men couldn’t even beat one of them, how else could he take revenge, could he not just go up and take a beating himself?

“No more revenge? That’s not good, I hold a grudge too, if you’re looking for trouble, I have to retaliate too!”

Lin Ran laughed, and at the same time took a step and walked over.

“You ..... Don’t come over! I’m wrong, it’s a misunderstanding, a misunderstanding!”

Little Brother Hai said busily, just as he was thinking of how to get out of it, suddenly two figures came out from inside the office building, it was Li Sheng and the old man.

“Big .... Brother, I made a mistake, I’m not looking for you guys to take revenge, I’m looking for them, messing around is not!”

Little Brother Hai was busy pointing at Li Sheng and the old man who had just walked over and smiled at Lin Ran.

“O? Is that so?”

Lin Ran looked back and couldn’t help but laugh.

“Yeah, that big brother won’t bother us, we’ll go find them now!”

Little Brother Hai was busy making amends, followed by a greeting to the remaining four men and rushed towards the two Li Shengs.

He was not a fool, Lin Ran was such a good fighter, he didn’t want to get killed.

In comparison, Li Sheng, although tall, looked weak, and was followed by an old man, a combination that was simply backstabbing material, so he would not let go.

“Brothers, beat me to death!”

Little Brother Hai roared, apparently ready to take out all the anger he had suffered at Lin Ran’s expense on the two Li Shengs.

“Young master!”

The old man’s face sank at the sight and he was about to step forward, however, he was stopped by Li Sheng.

“I’ll do it, it’s been a long time since I’ve been active, it’s just the right time to move around!”

As the words fell, Li Sheng had already moved.

He saw his paws fiercely launch himself into the crowd with a single forward step, followed by his hands opening wide left and right, punching and palming with unparalleled precision.

“Bang Bang!”

“Slap!”

Without the slightest superfluous movement, every move was clean and sharp, and in just four moves, the four remaining men brought by Little Brother Hai had all fallen to the ground.

These four men were either with broken arms or broken legs, and they were screaming on the ground in a miserable manner.

“I heard you were looking for me? Revenge? We have a grudge?”

Li Sheng stood in front of Brother Xiao Hai, looking at him indifferently, without any expression on his face, but his eyes seemed to be able to penetrate people’s hearts, and he couldn’t help but gulp.

“Bang!”

Little Brother Hai’s legs went limp and he sat down on the ground, begging for mercy.

“Brother, it’s a misunderstanding! It’s all a misunderstanding! I’m blind, I’m blind I’ll get out of here, I’ll get out of here!”

Saying that Little Brother Hai rolled and crawled directly out, not to mention his men, he didn’t even dare to ask for his own car.
