

Wonder Doctor

Chapter 561

“Li Sheng Gongzi is a good fighter!”

Lin Ran laughed at this and clapped his hands, while Luo Cheng and Wang Yifeng also came over and similarly clapped their hands.

“Kid, did you see that? This is Duke Li Sheng!”

Luo Cheng smiled as he introduced himself to Wang Yifeng.

“Awesome awesome!”

Wang Yifeng smiled and nodded, he was also considered to be a rather proud person, especially after his strength breakthrough and the creation of true qi in his body, his eyes were even higher than the top, there were really not many people who could make him praise them.

“This one is?”

Li Sheng smiled and looked at Wang Yifeng, the two of them had not met before, so they were somewhat unfamiliar.

“This is my friend, Wang Yifeng! People call him Fatty Wang!”

Lin Ran said with a smile.

“Old Brother Li Sheng, your skills remind me of someone!”

Wang Yifeng said with a big grin, but Lin Ran and Luo Cheng were startled at his words, especially Luo Cheng, who was busy stopping Wang Yifeng and said.

“Don’t call me nonsense, call out to Duke Li Sheng!”

“Duke Li Sheng? That doesn’t seem out of place, isn’t he a friend of yours?”

Wang Yifeng looked at the two men and wondered, Lin Ran saw this and was busy laughing.

“Please don’t be offended, Mr. Li Sheng, my friend is a coarse person, he doesn’t care about these manners, don’t take it personally!”

“No matter, in fact, to be honest, you guys can just call me Li Sheng!”

Li Sheng said with a smile.

“Gongzi!”

As a senior member of the Li family, he knew how arrogant his son was, and this Duke Li Sheng was one of the embodiments.

When Li Sheng first came out of his hut to take over his father’s estate, he set this rule that he had to address himself with the word gongzi, for no other reason than this arrogance.

And he did have the capital to make people add more chains of each word, whether it was his ability or his handling of the world, he was able to convince people, and that was why he had the title of Li Sheng's son.

"No harm done!"

Li Sheng glanced at the old man beside him, and then laughed.

"Lin Ran and Luo Cheng are both my friends and I admire them, this Wang Yifeng brother is even more straightforward and to my temper, you can call me Li Sheng because I treat you as friends!"

"Haha! That's right, friends don't get tired of calling each other gongzi gongzi!"

Wang Yifeng laughed, not caring at all if he said that to Li Sheng's liking.

"Alright, let's go in first!"

Li Sheng greeted with a smile, and at that moment a group of people entered the office building.

"You win!"

Halfway down the road, Luo Cheng picked a thumb up at Lin Ran.

"What does that mean?"

Lin Ran did not understand.

"Duke Li Sheng is very arrogant, to have him take the initiative to say the words to call him by his name, he obviously already considers you as a friend and admires you very much, such a big mysterious family befriending you, really worthy of brother Lin Ran!"

Luo Cheng praised with a smile.

Lin Ran smiled helplessly at his words and said.

"Treat people sincerely and you will naturally receive the same in return, the rest all depends on fate!"

"Haha! What a fate!"

Luo Cheng also laughed.

The group arrived inside the office building, and to the surprise of Lin Ran's trio, they didn't see any halls, instead, they were led into a very hidden room.

There was no one guarding the entrance to the room, seeing as all the locks were the latest models of intelligent biometric locks, so the average person simply that couldn't get in!

"Brother Li Sheng, this is"

Luo Cheng saw the situation and asked in bewilderment, here belonged to him and Li Sheng know the earliest, so he came to ask is also the most appropriate.

"We'll talk later!"

Li Sheng smiled blandly, followed by opening the door and leading the crowd in.

“Bang!”

As the door of the room closed, Lin Ran’s group then saw that the room was not a place for rest and reception at all, but a lift room with two rows of almost a dozen lift openings inside.

“When we get on the lift, I’ll tell you all that you want to know!”

Li Sheng laughed, while finding a vacant lift to lead the crowd up.

“This is?”

Once they got on the lift, Lin Ran and the others were surprised to see that the positive floor of the lift only went up to the third floor, and the rest was actually all underground floors, a full negative eight floors.

“Holy shit, luckily there are only eight floors, uneasy I thought it was straight to hell!”

Wang Yifeng couldn’t help but say, if it was anyone else, I’m afraid Li Sheng would have already gotten angry, but at this moment, facing Lin Ran and the others, Li Sheng was surprisingly not angry, instead, he laughed.

“Brother Wang really likes to joke!”

“Older brother Li Sheng, don’t call me brother Wang or anything, it sounds awkward, just call me Wang Yifei!”

Wang Yifeng laughed, he was such a character, he didn’t like this kind of red tape, there was no way around it.

“Good!”

Li Sheng laughed, while sweeping his gaze over Lin Ran and Luo Cheng and smiling.

“I know what you guys want to ask, so I’ll just get right to it!”

“Our Li family’s ancestral shrine is in the imperial capital, hence the name Imperial Li Family, but our Li family’s main base is still scattered in various cities, for example, Tamkang City is my branch!”

Li Sheng said, pointing to the lift and laughing.

“Our Li family has been operating places for generations, but the places we operate are not like Brother Luo’s family, what kind of hotels, KTVs, restaurants and so on, we operate only one kind of places, that is, trading floors and auctions!”

“Trading floors and auctions?”

Lin Ran was stunned at his words, and Luo Cheng and Wang Yifeng were even more dumbfounded, completely unaware of what Li Sheng was talking about.

“Brother Lin Ran, if I’m not wrong, you should be a Feng Shui practitioner, right, and even this friend Wang Yifeng beside you, is one too!”

Li Sheng asked with a smile as he looked towards the two.

The two of them were stunned at Lin Ran's words, especially Wang Yifeng's face instantly sank, this was his secret, and he didn't expect that Li Sheng would see it out the first time they met.

"Fatty!"

Lin Ran waved his hand to indicate Wang Yifeng to take it easy, and then laughed.

"That's right, we are indeed Feng Shui practitioners, if I'm not mistaken, Brother Li Sheng should be a Martial Dao practitioner!"

"Haha, cultivators are not considered, I am at best a martial arts practitioner!"

Li Sheng laughed, but there was a bitterness in his eyes.

"What are you talking about? What Feng Shui practitioner? And what martial arts practitioner?"

Luo Cheng listened with a bewildered look on the side, completely unaware of what they were talking about.

"Brother Luo, do you know why I've never brought you here before?"

Li Sheng suddenly turned his head to look at Luo Cheng and smiled.

"Why?"

Luo Cheng did not understand.

"Because you, like me, are just ordinary people for now, while Lin Ran and Wang Yifeng are not!"

Saying that, Li Sheng pointed outside, at this moment the outside of the lift had become transparent, in each floor they could see countless people, they were dressed in strange clothes, one by one, either setting up a stall or trading, it was so lively.

"These people are all cultivators, of whatever type, they are! I'm in a world of cultivators here, so I've never brought you here before!"

"Holy shit, you mean, if it wasn't for Lin Ran and Wang Yifeng, I would never have been able to come here?"

Luo Cheng reacted even to the busy question.

Li Sheng didn't shy away from smiling and nodded his head.

"You could say that!"

"Shit!"

At Li Sheng's such a straightforward answer, Luo Cheng was helpless and said awkwardly.

"On the contrary, I've borrowed the light from the two Lin Ran brothers! Shame shame shame!"

Chapter 562

"But what exactly are you talking about? What kind of cultivator? Is it hard to say that I've crossed over?"

Luo Cheng was a bit bewildered, not understanding at all what they said was.

“Brother Luo Cheng, it’s not that I don’t want to say these things to you, but the more you know, the less good it will do you!”

Li Sheng said solemnly.

Lin Ran also nodded his head at his words and said.

“Brother Luo, there are some things I’m not telling you for your sake, I don’t want to get everyone in your Luo family caught up in this!”

“What do you mean?”

Luo Cheng was stunned at his words, somewhat not understanding what Lin Ran meant by this.

“What he means is that your sister is already trapped, and he doesn’t want you to get trapped too!”

Wang Yifeng laughed.

“I’m sorry about what happened to Qiqi, at first I was completely unaware of this cultivation world and thought I was strong enough to protect them, but now I know I thought wrong!”

“For their safety, I will find a way for them to start cultivating as well, but it’s too late for you, and for the sake of your family, I won’t let you get caught up in it, so don’t ask!”

Lin Ran said solemnly.

Cultivation was beautiful to say the least, but it wasn’t that simple, where there were people there were rivers and lakes, and the same was true for the cultivation world, Lin Ran had almost died at the hands of the Compulsion Pavilion before, and this was the best proof of that.

“I understand!”

Luo Cheng nodded at his words, if Li Sheng’s words were only three points he believed, then Lin Ran’s words were nine points he could believe, at this moment Lin Ran had already said it, he had no reason to doubt it anymore.

“I can stay out of it, but you have to promise me that you must protect Kiki, she is really fond of you!”

Luo Cheng said solemnly.

“Don’t worry, even if I die, I won’t let anything happen to Kiki!”

Lin Ran solemnly said, this was from his heart, besides his own family, there was only Song Nuan and the four daughters as well as Wang Yifeng and their friends, who could make Lin Ran so attached to them.

Without his family, his friends were naturally the focus of Lin Ran’s life, and he would not give up on these friends of his, as well as his confidantes.

.....

“Ding!”

As the crowd spoke, the lift had reached the bottom floor, and Li Sheng immediately took out a few masks to greet them.

“Everyone put them on first, no one wants to be recognized here, you can take them off when you get to the private room!”

The crowd didn’t think much about it and immediately put them on, then followed Li Sheng out of the lift.

Once out of the lift, what came into view was a crowded street with a dense flow of people on both sides, there were stalls and shoppers, but the things everyone was buying and selling were all, without exception, things that could not be seen outside.

“Divine Wood Grass, Ghost King Spider, Heavenly Scorpion Pill!”

Looking around at the dazzling array of rare items, Lin Ran’s heart thumped, this was only the first time he had seen so many Heaven and Earth treasures, so wouldn’t the Heaven and Earth treasures needed by the remaining three women be readily available?

“Kid, can you pretend to be knowledgeable, where are we? Can’t you see that these people are all ground stalls, which means there are better things in here!”

Suddenly the pillow’s voice rang out.

“How do you know!”

Lin Ran asked, once he arrived here Pillow Book seemed to be a lot more active as well, he used to be too lazy to say a word for days.

“This place makes me feel like my hometown, my world trading floor is like this!”

Pillow Book lamented.

“Well, don’t sensationalize, come across what you need just ask, I won’t be stingy, hurry up and get well give me the thought of Wang Kun!”

Lin Ran helplessly said, this is not getting a treasure, it is simply raising the grandfather, not only have to carry every day, but also have to buy good things to raise, it is really a loss to home.

The crowd walked all the way through the street towards the front, soon a two meter high iron gate appeared, there were many people lined up in front of it to enter, it seemed they were going to some kind of party!

“There will be an auction in an hour, the Heaven and Earth treasure materials you want may be available above, but the value is also extraordinary, so you should be prepared!”

Li Sheng said solemnly.

“Good!”

Lin Ran nodded at his words, knowing that the main event had come, he couldn’t help but say in his heart, he really did find the right person, Li Sheng had really helped himself this time!

“Come on, let’s go in through the other door!”

Li Sheng greeted, and immediately the group bypassed the iron gate and arrived at a small wooden door, which was very inconspicuous, but Lin Ran and the others understood that the more hidden the door was, the more useful it usually was.

“Gongzi!”

Just as Li Sheng was about to open the door, a voice suddenly came from the side, and Li Sheng immediately stopped his hand movement.

“He is?”

Lin Ran and the others raised their heads to look aside, only to see a middle-aged-looking man with a mask of a skull on his face, waving his hand at Li Sheng.

“What a coincidence, how come he’s here too!”

Li Sheng whispered to himself.

“What’s wrong? Is there trouble?”

Lin Ran asked.

“No, he’s old!”

Li Sheng said.

“An old one? What old one?”

Lin Ran and the others wondered, not understanding what that meant.

“That kid outside just now is named Li Hai, or Little Brother Hai, and this old guy is his father, named Li Jiang!”

Li Sheng said in a low voice.

“That’s really old!”

Wang Yifeng instantly laughed.

“He’s just an ordinary guy, he used to follow a feng shui master here, then that feng shui master died, he had nothing to do so he came over to buy some things on his own, it seems he didn’t know his son was beaten up!”

Li Sheng said in a low voice, while leading the crowd then walked over.

Lin Ran and the others also understood in their hearts that the world of cultivators and the world of ordinary people also intersected, like Lin Ran and Luo Cheng.

Although Luo Cheng was also an ordinary person, having come here once, he was bound to know of its existence, and even if Lin Ran did not come later, he could still come, only that his treatment would be a little worse.

And people like Luo Cheng are also often the big moneymakers in this underground world, they don't have a cultivation gateway, but they can hire a lot of cultivators to work for them, but of course the average person simply can't do that.

Because the arrogance of cultivators was so high, almost no one was willing to do things for ordinary people, besides cultivators themselves were part of the group of people who earned a good income and were not bad off, Lin Ran was the best example of this.

"Master Jiang, long time no see!"

Li Sheng greeted with a smile, the elder was a senior, a Master Jiang still had to be addressed.

"Gongzi, long time no see! How come these few people are your friends?"

Li Jiang asked with a smile, while his eyes glanced over the crowd, especially the clothes, when he saw Luo Cheng he didn't change much to, but when his eyes looked at Lin Ran and Wang Yifeng, he froze.

"These guys are your servants?"

Li Jiang asked with a smile, disdain in one pair of eyes on his mask.

"You!"

Wang Yi was on fire at his words, but fortunately Lin Ran was quick to stop him.

"We are the Duke's friends, my name is Lin Ran!"

Lin Ran laughed, not avoiding his name and saying it directly.

Li Sheng and Luo Cheng already Wang Yifeng all looked over in surprise, just now Li Sheng had already said that no one here was willing to divulge their identity, but how did Lin Ran

Chapter 563

"No harm, it's just a name, is it really necessary to be a servant?"

Lin Ran laughed, but Li Sheng and the others could hear the anger in Lin Ran's words.

And in fact, it wasn't like the identities were absolutely confidential here, for example, some people from big families were completely straddling the fence here, so naturally there was no need to keep secrets or anything.

The reason for Li Sheng's reminder was also out of concern for the safety of Lin Ran and the others.

Li Jiang was stunned, followed by an uncontrollable laugh.

"Haha Lin Ran, that's really a familiar name, my son is going to teach a lesson to someone today, who also happens to be called Lin Ran, I just don't know if that Lin Ran is this Lin Ran of yours!"

"Haha!"

With those words, Li Jiang continued with a strong disdain in his eyes.

“I hope it’s not you, otherwise my son would be too degrading, how can I say that my Li family is also considered to have some prestige, dealing with a poor kid is really degrading!”

Said Li Jiang, leaning a few points closer and laughing.

“I say, little brother Lin Ran, I’m afraid you and your friend don’t have 200 yuan for this outfit, tsk, one pair of leather shoes is enough to cover dozens of your outfits!”

“What else do you think you can do here but be slaves? It’s ridiculous!”

“Oh my God! Don’t stop me, I’m going to screw the shit out of him today!”

Wang Yifeng said angrily, this old man was just an ordinary person and he dared to mock them, except for Luo Cheng, all of them were cultivators, any one of them could beat up his own father.

“Fatty! You have to convince people with reason!”

Lin Ran said indifferently.

“Convince people with reason? How can you reason with him? Does he understand?”

Wang Yifeng said helplessly.

But Lin Ran laughed blandly and said.

“It’s up to him whether he understands or not, but if a dog bites you, you can’t bite it too!”

“Hey that’s right too ha, then come on, I’ll see how you clean up this old wolf dog!”

Wang Yifeng laughed.

At the side, Luo Cheng and Li Sheng, including his butler, couldn’t help but laugh at his words, but in front of Li Jiang, they couldn’t laugh too bluntly, after all, they were guests, they still had to be subtle.

“Sharp-tongued, I’m telling you, this place is not for rubbish like you, I have nothing to say if Prince Li Sheng brings you here, but don’t let me meet you alone, or I’ll have plenty of ways to deal with you both!”

Li Jiang said in a cold voice, and at the same time, he was ready to leave.

“Don’t go!”

Lin Ran spoke up when he saw this.

“What? You want to fight? Come on you try!”

Li Jiang’s face was grim while his palm was pressed on his waist, Lin Ran and the others couldn’t help but frown slightly as they watched, while their eyes looked in all directions, but they didn’t find any movement.

“What, want to play with your life!”

Lin Ran laughed, there were no Li Jiang’s people around and he was still talking so tough, so there was only one possibility, this old thing must have something to protect his life, how can he say that he was

also someone who had been hanging around cultivator trading places for a long time, if he didn't have something to protect his life on him, it would be a bit unreasonable.

"Old man, don't be nervous, I just want to talk to you!"

Lin Ran laughed, making a move? He wasn't interested in that.

"Talk? Fine, what do you want to talk about? Let's be clear, don't talk to me about being poor, I'm not interested!"

Li Jiang said disdainfully, until this moment he still treated Lin Ran and the two of them as poor pussies.

The profession of a doctor might be a very decent job in the eyes of ordinary people, but in his eyes, Li Jiang's eyes, it really wasn't much, which was why he once thought Lin Ran was a poor pussy.

"I want to talk about too many things, let me talk about them one by one!"

Lin Ran looked at Li Jiang and laughed blandly, following which he straightened the clothes on his body and laughed.

"The clothes we have on our brothers are not talented, it's really less than two hundred!"

"Haha what did I say, just this poor pussy of yours, you think the old man"

Li Jiang smiled smugly, but before he could finish these words, he was interrupted by Lin Ran.

"You don't feel first, I just want to ask a question, how much money we have on our clothes, does it have anything to do with you? Buying your family's clothes or using your family's fabric? Or did you make them yourself?"

"You!"

Li Jiang was so angry at his words that he gritted his teeth, while Wang Yifeng and the others at the side were all laughing.

Lin Ran looked at Li Jiang and continued.

"You mocked our brother and us, just because you saw that we were closer to Duke Li Sheng, am I right!"

"You What are you talking about!"

Li Jiang's face was ugly and he was busy retorting, but as soon as the words left his mouth he realised he had said the wrong thing.

As expected, Lin Ran took over the conversation directly and laughed.

"O? I'm talking nonsense? Then what you're saying is that you don't care at all that we're closer to Prince Li Sheng, in other words it means that Prince Li Sheng is no big deal in your mind right!"

"You! Don't talk nonsense, how can Prince Li Sheng be no big deal to me!"

Li Jiang was busy retorting, he was just an ordinary person and the whole property here belonged to Li Sheng, how could he dare to offend the latter, only a poor loser like Lin Ran he dared to mock a little.

“O? That’s how it is!”

Lin Ran smiled as if he was thinking, and then looked at Li Sheng and laughed.

“Sir Li Sheng, you should be careful then, this old guy actually said that you were very important to him and was so nervous about you, I’m afraid he’s a Brokeback Mountain!”

“Pfft!”

As soon as Lin Ran said this, Luo Cheng Wang Yifeng couldn’t help but laugh out loud, even Li Sheng laughed.

“You!”

Li Jiang was now so angry that his face turned completely gloomy, and he angrily said.

“The old man is nearly sixty years old, do you think Lord Li Sheng can believe you when you say that I am a Brokeback Mountain? Shameless little child slandering me, how abominable!”

“O? Almost sixty? You still know how old you are!”

Lin Ran smiled at his words.

“Nearly old, disrespectful for old age, and judging people by their appearance, living on a dog at such an age?”

Saying that, Lin Ran looked up at the watch on the far wall and laughed.

“Old man Li Jiang, I’m not bothered to talk any more nonsense to you, but you also said earlier that your son was going to teach a man called Lin Ran a lesson, it’s a coincidence to say the least!”

“When we came just now, we also happened to teach a rich kid a lesson outside, but it was me, and Duke Li Sheng, that kid actually said he was looking for Duke Li Sheng to take revenge, do you think it’s ridiculous!”

“Hmph! He can’t mess with Prince Li Sheng!”

Li Jiang coldly snorted, although he didn’t want to admit Lin Ran’s point of view, he still didn’t dare to offend Duke Li Sheng.

Lin Ran laughed at this and said.

“Who says it isn’t, I still remember that kid calling himself something like Little Brother Hai, I wonder if it’s your son, it better not be, if it is then this son of yours is enough of a punk!”

“You!”

Li Jiang’s face had changed, Little Brother Hai that was his son’s self-appointed title.

“Sir Li Sheng, there must be some kind of misunderstanding here!”

Li Jiang looked at Li Sheng and explained, if it was really his son, then he was really no different from a clown now!

“All right, hurry up and go out and take a look, your son was scared away, we didn’t touch him!”

Li Sheng said indifferently, but that didn’t mean he didn’t have a temper, he just saw his face sink as he followed and said in a low voice.

“This time it is a coincidence, so be it, if there is another time, I won’t care if he is your Li Jiang’s son, you know my methods!”

Chapter 564

“Yes, yes! I understand, I understand!”

Li Jiang said with a busy smile, then after Lin Ran and the others had followed Li Sheng into the wooden door, only then did he grit his teeth and run towards the exit.

“Lin Ran! I’ll take this revenge, my son is fine, if something happens to him, I’ll be with you to the death!”

.....

The underground auction house had no signal at all, which was why he had called his son earlier and said it would take him a morning to get in touch.

“Beep.”

The call was quickly answered, and only when he heard his son’s voice did his hanging heart drop.

“Father! You have to avenge me for this, I’m really out of it! Even a passer-by can beat me up! Father, you have to do it for me!”

On the phone, Li Hai said furiously, even if he had been taught a lesson by Lin Ran, he had even been beaten up by a random ingrate, how could he swallow this anger!

“Come on! Do you know who you’re messing with today? That’s someone your old man has to be polite to, you’re so fucking stupid!”

Li Jiang said angrily, but at the same time, his heart was helpless, how could he have such a stupid son, not only could he not help himself every day, but he was causing trouble everywhere, if he had known that he was this kind of piss, he should have just drowned in a pot of urine in the first place.

“Father! Who is it that actually makes you have to respond politely?”

Li Hai asked carefully, could it be that he had really pissed off some big shot this time? It couldn’t be, it was clearly just a small doctor.

“Shut up, is this something you can know? Be honest with me, if you cause me any trouble, I’ll donate my family fortune, and I won’t leave a penny for you!”

Li Jiang said angrily.

“Father! Don’t, I’m your own son, if you don’t give me your family fortune, who will, dad! Hey hey?”

Hearing his son's words, Li Jiang almost didn't die of anger on the spot and hung up the phone straight away.

"Hm? That's?"

Suddenly, Li Jiang who hung up the phone but saw a black Hummer business car driving not far away, soon the car stopped next to it, followed by a youth jumping out of the car surrounded by a group of people.

"Yue Yue family members!"

Seeing the conspicuous word Yue on the chests of these people, Li Jiang was stunned, then hurriedly ran towards the group.

Li Jiang had been mixing between Tanjiang City and the Imperial Capital all year round, and lived in the Imperial Capital most of the time, only returning to Tanjiang City when he needed to have business dealings, so what this word Yue meant to him was very clear in his mind.

Imperial Capital, the Yue family!

"Dare I ask if this is Duke Yue Bu Yue?"

Li Jiang greeted with a smile as he ran to the door.

"What a man!"

Someone next to him immediately stopped Li Jiang and asked in a cold voice.

"My name is Li Jiang, we have met in the imperial capital, I was there for your father's big birthday last time!"

Li Jiang laughed, he had always looked up to the Yue family, even this underground auction house of Li Sheng was brought to him by a person from the Yue family.

"Ao! I have an impression, what do you want to see me about?"

Yue Bu asked indifferently, not even giving Li Jiang a proper glance since the beginning, as the leading member of the younger generation of the Imperial Capital Yue Family, his arrogance was definitely not below Li Sheng's, not as much as the two had different arrogance.

Li Sheng was simply arrogant, while this Yue Bu was of the type that was cold and arrogant, not putting others in his sights at all.

"Sir Yue Bu, you are also here for this auction, right!"

"Yes!"

Yue Bu said blandly, without the slightest concealment.

"Master Yue Bu that's quite a coincidence, I'm a local who knows the place well, or else I'll take you there?"

Li Jiang laughed, purely wanting to pull some strings so that he could climb up the Yue family as a backing, when Yue Bu took over the family in the future, even though he might not be there by then, at least his own son would definitely be there, and Yue Bu would also look at his own face and give his son a boost or two.

“What do you mean? Hasn’t anyone from our Yue family ever come!”

Hearing Li Jiang’s words, at once the people beside Yue Bu were not happy, and one of them said fiercely.

“No! No, that’s not what I meant.”

Li Jiang’s face was pale with fear, with his status in front of the Imperial Yue family, he had no room to resist at all, even if he was killed no one would ask one more question.

“Well, you come here first!”

Suddenly, Yue Bu spoke up.

Li Jiang was instantly relieved and walked through the crowd to Yue Bu, smiling and nodding his head.

“You said you’re a local?”

Yue Bu asked with a frown.

“Yeah! Yeah, the real deal!”

Li Jiang said with a busy smile.

Yue Bu nodded at his words and followed.

“I need you to find someone called Qin Bing for me, she worked at Temperance Hospital before and then resigned!”

Said Yue Bu as he lowered his head and lowered his voice.

“I’ll give you three days, in addition to finding her, from tonight onwards, arrange a nightclub with lots of beautiful women for me every night, no problem!”

“No No, no problem!”

Li Jiang smiled and was relieved, dare to say that this Yue Bu is still a person who is interested in women, that’s good, as long as there is something that emotions go, he Li Jiang can take advantage of the situation, there is a saying how to say, flies do not bite seamless eggs.

“Duke Yue Bu this way please, come this way, I’ll take you down!”

Li Jiang greeted with a smile, and immediately led a group of people into the office building.

.....

In the underground auction house, inside a hidden private room, Lin Ran’s three people looked at the electronic screen in front of them in surprise, their mouths grew, especially Luo Cheng’s, whose mouth was almost watering.

“Brother Li Sheng, you’ve really opened my eyes, this is simply an underground world!”

Luo Cheng couldn’t help but exclaim, the dazzling array of goods on the screen and the flow of people coming and going, if he didn’t see it with his own eyes, how could he possibly believe that there were so many people under an office building, like an underground world.

“Well! Rangzi look at the one at the bottom!”

Suddenly, Pillow’s voice rang out, and Lin Ran was stunned at the words, following which he hurriedly looked.

“What’s wrong? What have you found?”

Lin Ran asked at the same time.

“Look at that little teapot on the ground!”

The Pillow Book said busily.

“What little teapot?”

Lin Ran wondered, looking left and right at the miscellaneous items on a ground stall shown in the screen, but he couldn’t find the so-called little teapot.

“Just that one! Just the smallest one!”

The pillow book jumped up and down in anxiety.

Lin Ran looked at it again carefully, and only then did he realise what the guy was talking about.

“Brother, that’s not called a teapot, that’s a snuff bottle! Why did you buy that and have this hobby!”

Lin Ran said helplessly, this pillow book was too old and immodest, it was simply a book of immodest gods.

“Fuck off! What are you thinking about, there is something in there, just now the stall owner opened it a bit, I saw something inside, go buy it quickly go!”

The pillow book urged.

“What’s that? Make you so impatient?”

Lin Ran asked in wonder.

“Sanyuan Weak Water, that’s Sanyuan Weak Water, I just need it, and you can take some of that stuff too, it’s just right for your little Su Rou girlfriend to change her bones and cleanse her marrow!”

The pillow book was busy saying.

Chapter 565

“Su Rou!”

Hearing the pillow's words, Lin Ran's mood also stirred up, the four women were the only one who had successfully cleansed their bones and marrow up until now, if he could obtain this Sanyuan Weak Water and help Su Rou change her bones and cleanse her marrow, that would naturally be the best.

In fact, to be honest, among the four women, Su Rou was the one who worried Lin Ran the most.

It went without saying that Song Nuan and Luo Qiqi's families were in the upper class in the whole of Tanjiang City, while Qin Bing was even the pearl of the Qin family in the imperial capital, but only Su Rou and herself, who came from a poor background, and even her father and younger brother were still that virtuous, and were technically even more miserable than herself.

"Buy it! This thing must be bought!"

Lin Ran made his decision almost instantly.

"Brother Li Sheng, I need to go out!"

"Go out?"

Li Sheng was stunned at his words, the auction was only half an hour away from starting, how could he go out now?

"I've seen an item and need to go buy it back!"

Lin Ran said seriously.

"Or else have Butler Li"

Li Sheng opened his mouth, however, before the words could be finished, Lin Ran refused.

"This is very important to me, I must go myself!"

Looking at Lin Ran's familiar expression, Li Sheng knew that this guy was not joking and only nodded and admonished.

"Okay, I'll have Little Li take you there, and also make sure you come back within half an hour, or you won't be able to get in by then!"

"Mmm!"

Lin Ran nodded.

"Hey hey! I'm going too!"

"And me, I want to go and see the world too!"

Wang Yifeng and Luo Cheng shouted at the same time, they hadn't stayed much all the way over, and when they saw that Lin Ran was going out to buy something at this moment, they naturally wanted to follow them out and see what they could see.

"Good, but you guys have to be more careful, there are all kinds of people here with all kinds of fish and dragons!"

Li Sheng reminded, while glancing at Butler Li, who understood and immediately went down to make arrangements.

After leaving the private room, led by Xiao Li, the three of them rushed to the corresponding stalls without stopping, this way Lin Ran realized how big this underground auction house really was, if it wasn't for Xiao Li leading the way they might not have been able to find a place even if they had been here for a day.

"This is it, you guys take a look around first, don't go too far!"

Lin Ran reminded, whirled and walked towards the stall alone, too many people going would inevitably attract the attention of the stall owner, it would not be good to lionize him then!

"Friend, buy something, just take a look at my stall, it's full of good stuff!"

The owner's voice was hoarse, if you didn't look at his face you would really think he was an old man, however those who noticed would notice that the man's palms were very white and it was obvious that he couldn't be an old man.

"The people here are really careful, they can't help but wear masks even their scent and voice have changed!"

Lin Ran said secretly in his heart, he also understood that the stronger the world was the more careful one had to be, after all, he still knew the principle of carrying a treasure, unless one was very confident in their own strength, not many people would be willing to let others know that they were carrying a treasure.

"I'll take a casual look first!"

Lin Ran returned with a smile, and immediately squatted down in front of the stall, his eyes scanning it.

"How much is this item, boss?"

Lin Ran looked around and found that the snuff bottle was still there, his heart was immediately relieved, then picked up a round discus aside and asked with a smile, buy something is nothing more than a sound bite, the more you fancy something, the more bashful you must appear, otherwise the treacherous seller will find out and will inevitably have to slaughter himself hard.

Although Lin Ran is not short of money, but also do not want to be this injustice.

"Ao! This one, ah, thirty thousand yuan!"

The owner said blandly.

Lin Ran also smiled at this, while putting the round discus down, followed by picking up a delicate dagger next to it and smiling.

"And this one!"

"Fifty thousand!"

"Can it be less?"

Lin Ran asked, but a look of fondness passed through his eyes.

“It can’t be less, it’s made of Western Han iron, it’s incredibly sharp and cuts iron like mud, 50,000 or I’m in a hurry to sell it for money!”

The boss insisted to, while looking at Lin Ran’s gaze became bright, as long as you like it you are not afraid of not wanting it.

“Can’t it be less?”

A look of embarrassment appeared in Lin Ran’s eyes, looking like he wanted it badly but didn’t have the money.

“Young man, this dagger is the best weapon I have here, buying it will definitely not put you at a disadvantage!”

The boss said with a smile.

Lin Ran nodded at his words, unable to put the dagger down, obviously very fond of it.

“What about this one, boss? How much is it? Can you give it to me?”

Lin Ran asked as he picked up the snuff bottle next to him in passing.

“It’s not worth much, three thousand yuan, but I can’t give it away, the daily stall fee here is a thousand, I’m still expecting to sell this snuff bottle to get back three days of stall fees!”

The owner laughed and said, “Give it away for nothing? Absolutely not, a fly is still meat, a little bit is a little bit!”

“Alright then boss, I don’t want the dagger, I just want the snuff bottle!”

Lin Ran laughed, while without saying a word he directly fished out three thousand dollars and threw it to the other party!

“You!”

The boss was stunned at the sight, understanding that he had been fooled, but what else could he say, could he treat what he had said as a fart?

“Little brother, you’re really ruthless!”

The boss looked at Lin Ran and said helplessly.

Lin Ran smiled at his words and said.

“Boss, you’re not at a loss either, I didn’t even bargain for three thousand, I just didn’t want to be ripped off by you!”

“Hey! I’m unlucky, otherwise I wouldn’t have made any profit on this snuff bottle, so why don’t you choose one? I won’t ask for anything!”

The boss said, business is not good these days, he is almost ugly crazy, it is good to be able to sell some back to the capital, can’t really be a penny hard to beat the hero, right?

“Yes you can, but I need to see it first!”

Lin Ran laughed, this boss was also quite honest, and the slope was to Lin Ran’s liking.

Crouching down in front of the stall, Lin Ran’s gaze then swept up again.

The entire stall was very cluttered with things other than weapons and some very common wondrous treasures of heaven and earth, what with the piles of tiles, stones and pieces of cloth, all very ancient, if Lin Ran didn’t know that this was the world of cultivators, he might have thought that this was a large landfill.

“Hm? This!”

Suddenly, Lin Ran’s gaze landed on an item.

It was a fiery red hairpin the size of a palm, with a red light flowing through its body, it looked very exquisite, and the red colour of its body also looked very spiritual, which immediately reminded Lin Ran of someone.

“This hairpin must be perfect for that nee-san!” |

Lin Ran laughed in his heart, and instantly his hands were ready to go get it, while asking.

“Boss, this hairpin”

“How can I sell this hairpin? Boss!”

Before Lin Ran finished his words, a woman’s voice came from the side, followed by the hairpin under his hand that was also in the other party’s hand.

“This This hairpin is five thousand yuan, but you two”

The boss was a bit confused, and at the same time his heart was also a bit puzzled, what is going on today? The sun is simply coming out of the west.

“This friend, I like this hairpin very much, it’s mine! You can find another one!”

The female voice beside her spoke up again, and at the same time she was ready to put the hairpin away and pay for it.

“Wait!”

Lin Ran lowered his head and saw the other party’s movement in the afterglow, immediately grabbing the other party’s wrist with his body hand and said blandly.

“Girl, I’m afraid it’s not too good to rob someone of something they’ve taken a fancy to!”

Chapter 566

As he spoke, Lin Ran slowly raised his head, and the first thing that caught his eyes was a red robe, which looked very elaborate, and although the other party was also squatting on the ground like himself, the fabric of the clothes still looked exquisite.

“Hm?”

Suddenly, Lin Ran's slowly raised head froze, and when his gaze landed on the other party, Lin Ran's eyes behind his mask instantly looked straight.

Inside the open and closed collar, and not intentionally or unintentionally.

"Gulp!"

Lin Ran couldn't help but gulp, since he had graduated with the Xuan Yang Pharmacopoeia, he had asked himself if he had seen many "big scenes", but this view in front of him was different from the ones he had seen before.

The beauty of this scene was like a stunningly enchanting woman doing a pole dance in front of you, causing Lin Ran's nose to bleed as he watched.

"Shit!"

Lin Ran couldn't help but burst out a foul mouth, while lifting up a small corner of his mask to hurriedly wipe his nosebleed.

When the other party saw that Lin Ran had his head down and didn't know what he was drumming up, he was also baffled and immediately lifted Lin Ran's head up with his hands.

"You!"

The beautiful woman was startled and hurriedly looked towards her chest before she understood what had happened.

"Little lecher! You seek death!"

The beauty was instantly enraged, and with a flip of her palm, a fiery red whip immediately appeared in her hand, and without saying a word, she flung it at Lin Ran's cheek, clearly wanting to blind him.

"Hey! You don't have to be so harsh, besides, you're the one who revealed it, can you blame me? It's not like I'm going to rip it open and look at it myself!"

Lin Ran was busy saying, however this explanation was obviously very pale and feeble, the other party didn't believe him at all.

"Little lecher, if I don't blind you today, I'll kill myself here!"

The mysterious woman said angrily.

"Holy shit! It's not like you're going to kill yourself after just one look.

Lin Ran said helplessly, if he had to kill himself after a glance, then he would be guilty of a big crime.

Although cultivators were fierce in character, especially women, and valued their chastity, just one glance was not enough to seek death!

"Could it be?"

Lin Ran's heart suddenly stirred and he was busy asking.

"Do you have a sweetheart, or should I go and explain to him?"

“Ah! Blah blah blah not explain, you go and explain to him or you pretend you don’t know, you have nothing to lose anyway don’t you!”

“Full of shit, take a life!”

The beautiful woman was completely annoyed by Lin Ran’s nonsense, and the force in her hand increased and flung it at Lin Ran’s eyes.

“Collect!”

Lin Ran was quick to see that he couldn’t dodge it, and with a grip of his palm, he directly locked the whip into his hand.

“Let go!”

The beautiful woman said angrily, jerking hard twice, but the whip did not move at all, as if it was locked in front of her by an iron gate.

“Not the beauty, let’s talk properly can’t we, besides I this”

Lin Ran bitter words, see the words have not yet finished, his gaze is to see in the beauty behind, actually poked out a head, that person low head hands quickly turning over the beauty of the bag, actually at this juncture to steal things!

“Come here!”

Lin Ran’s eyes and hands were quick, and he pulled back the whip and the man, but the thief did not follow him, and at the last moment he got the beauty’s mobile phone and turned around and ran.

The thief did not follow him, but at the last minute he got his mobile phone and turned and ran. On Lin Ran’s side, the beauty did not react at all to his force.

Lin Ran hugged her smoothly and said awkwardly.

“That, I also wanted to help you, not to molest”

“Rascal! Lustful thief!”

Before he could finish a sentence, he was directly interrupted by the beautiful woman, which made Lin Ran’s heart also harbor a fire.

“Hey! I’m doing you a favour, there was a thief trying to steal your stuff just now, look for yourself if you don’t believe me!”

Lin Ran said, pointing ahead.

The pretty girl sniffed and hurriedly looked, only then did she realise that her mobile phone had been stolen by the other party, immediately her eyes turned red!

“Let go of me! I’m going to kill him, dare to steal my phone, I’ll kill him!”

The beautiful woman said angrily.

“Holy shit, it’s just a phone, can’t we just buy another one?”

Lin Ran said helplessly, why did this nee-san have to shout for help at every turn, and we were all cultivators, a mobile phone wasn't expensive, right?

"What do you know, that's from my boyfriend!"

The pretty girl said angrily.

"Hey! Fine!"

Lin Ran had no choice but to fling the rope and push the beauty out at the same time, the beauty's entire body spun in place along the rope, untwisting the rope wrapped around her body in a circle, but she spun so fast that the mask she was wearing on her face was thrown off afterwards.

"Calm down, pretty girl, I'll go and chase your phone for you!"

Lin Ran said helplessly, after all, this was also related to himself, he couldn't just sit back and watch. With that, he rushed past the beautiful girl and headed straight for the thief.

However, what he never expected was that as he rushed past the beautiful woman, he was met with an incomparably pretty and at the same time incomparably familiar cheek.

"Ling Sa!"

Lin Ran couldn't help but shout.

"Little lecherous thief you actually know me!"

The beautiful woman was furious, but after turning around for most of the day her head was dizzy, not to mention chasing the thief, even standing up was a problem.

"Stand still here!"

Lin Ran reminded, following which the man had already rushed out, heading straight for the thief in front of him.

"Bastard!"

The thief in front of him was running wildly all the way, and when he saw that Lin Ran was actually faster than he was, he became anxious as well.

"What fucking bad luck!!!"

Seeing that things were not going to work, the thief was not ambivalent and immediately took out a few sheets of money and scattered them behind him.

As soon as he did this, the onlookers next to him all surged over to see the money, directly blocking the back way.

"Want to leave?"

Lin Ran's face turned cold as he stepped on the back of one of the money collectors and jumped straight up, leaping over with a single bound.

However, just as Lin Ran landed on the ground, he saw that the thief's entire body actually flew backwards directly, while Ling Sa's mobile phone was also thrown in mid-air.

Seeing this, Lin Ran leapt along and brought the phone back, while the thief, on the other hand, was surrounded by a large group of people dressed in the same costume as soon as he landed.

"These people"

Looking at the other party's costume, Lin Ran couldn't help but frown slightly, because the other party actually had no one wearing a mask, and their clothes were exactly the same, with a word embroidered on each one's chest.

"Yue!"

"Could it be the Imperial Capital Yue family?"

Lin Ran's heart drummed, he had seen Yue Shan of the Yue family before when he was at the Ten Thousand Ren Rengshan Mountain, although the costumes were different, but that was also when he learned that there was still a Yue family in the imperial capital.

As he was thinking in his mind, the crowd in front of him parted and two figures followed out, and when he saw one of them, Lin Ran instantly smiled.

"Li Jiang! This old thing is actually back again!"

That's right, the two were none other than Li Jiang and Duke Yue Bu of the Imperial Capital Yue Clan!

Chapter 567

Li Jiang was still wearing the skull mask he had just worn, so Lin Ran recognised him at once. As for Yue Bu beside him, Lin Ran did not recognise him, but he could tell that this man should be the leader of the group.

"Lin Ran! How dare you!"

Li Jiang naturally noticed Lin Ran and directly stepped forward to scold him.

"Even if you are fooling around here yourself, you are actually encouraging others to charge against the Duke of the Yue Family, I don't think you want your little life anymore!"

Li Jiang spoke in a righteous manner, as if it was really like that, if Lin Ran hadn't clashed with his son earlier, he would have thought he had done something wrong.

"Which one of your eyes saw me encouraging others? Also the Yue family's son? You, a member of the Li family, are here in the saddle, how is it that your Li family has fallen or that you're the kind of person who pats on the back?"

Lin Ran looked at him and said indifferently, his words were not many and his voice was not loud, but the words were so eloquent that Li Jiang's old face turned red and he said angrily.

"How dare you! How dare you speak out in front of Duke Yue Bu, I think you're tired of living!"

"O? Is that so? Then come and kill me!"

Lin Ran still looked at Li Jiang's voice blandly, without the slightest change.

Moreover, after saying that Lin Ran also stopped talking and just stood quietly in place waiting for Li Jiang to make a move.

Li Jiang saw this and was busy turning his head to look at Yue Bu at the side, he said even more bullying Yue Bu did not make a move then he was also a clown, and at this time Yue Bu really had no intention of making a move, just quietly watching.

"Yue Bu Gongzi, you this"

Li Jiang some can't hold up, he stood up for others, the result is that people do not say a word, and everyone is looking at him, this is not backing him into the fire pit.

"Phew"

Seeing that Li Jiang did not move, Yue Bu also stood in place and did not move, at once the sobbing sound could not help but come from around, causing Li Jiang to blush, fortunately it was with a mask, otherwise this old face could have been lost.

Suddenly, just as Yue Bu was about to open his mouth, the voice of Ling Sa came through from the back.

"Stop right there, little lecher, give me back my phone!"

As the voice fell, Ling Sa, who was dressed in a fiery red robe, had rushed over from behind the crowd and grabbed Lin Ran's arm.

"Here's your phone!"

Lin Ran said helplessly, he had worked so hard to retrieve his phone, and in the end it was still the little lecherous thief anyway.

"You bastard! I'm going to waste your eyes and your mouth today, how dare you know my lady's name! Damn you!"

Ling Sa said angrily, being taken advantage of by a lecher, only for the other person to know her name, it simply made her feel sick.

"Hey hey what's going on?"

Suddenly, a few more voices came over, followed by Lin Ran seeing that Wang Yifeng and Luo Cheng had run over from the side.

"Why are these two guys back at this time!"

Lin Ran was helpless and followed as he heard Wang Yifei shout.

"Hey! Isn't this sister Ling Sa? Why aren't you wearing a mask!"

"You? You know me too?"

Ling Sa was stunned, and at the same time she felt that the voice was familiar, as if she had heard it somewhere before, but this time it was a bit hard to remember.

“You’ve forgotten? I’m a fat brother!”

Wang Yifeng said and took off his mask, and at once a big pancake face appeared in front of Ling Sa.

“It’s you? Where’s Lin Ran?”

Seeing Wang Yifei, Ling Sa was busy asking, she had found these two guys inseparable before, this time she saw Wang Yifei, then Lin Ran should reasonably be around too.

“You say he ah, this is not”

Wang Yifei was just about to point at Lin Ran, but as a result, before he could finish his words, Li Jiang on the side spoke up.

“Lin Ran? I’ll tell you where he is, he’ll soon have to kneel down in front of Duke Yue Bu and apologize, you want to see him? Just wait and see!”

“Holy shit! Why are you back again, you old weasel? Is the son well?”

Wang Yifeng looked at Li Jiang disdainfully.

“Hmph! A bunch of poor losers, you think old man would put you in his eyes? Not to mention that at this moment, Lin Ran has offended Duke Yue Bu, so he is really asking for death!”

Li Jiang snorted coldly.

“Yue Bu?”

She knew that this Yue Bu was the leader of the younger generation of the Yue Family, and even within their Meihua Sect, no one in the younger generation could match him, but how come this Yue Bu had come to Tanjiang City as well.

“Lin Ran, what are you still standing there for? Come over and apologize to Mr. Yue Bu, as long as you kneel down and kowtow ten times, this matter will be over, otherwise, when Mr. Yue Bu gets into trouble later, you will definitely be left in the lurch!”

Li Jiang coldly snorted, remembering that his son had been taught a lesson by this guy, he was furious, and now that he had the opportunity to do so, he naturally wanted to make things difficult for Lin Ran.

“I think you’ve got itchy skin, believe it or not, I’ll kill you!”

Wang Yifeng said indignantly and was about to go forward, but he was stopped by Lin Ran with a tap on his shoulder.

“I say Li Jiang, did the Duke of Yue Bu open his mouth? Are you one of Duke Yue Bu’s dogs? Or a stray dog? Biting people on sight?”

As soon as Lin Ran opened his mouth, Ling Sa next to him froze, this voice, this position, wasn’t he the Lin Ran Li Jiang had just said, but this guy had clearly been a little lecher just now.

“Could it be that I’m mistaken?”

Lin Ran was in some disbelief, but this guy had obviously shouted his name after seeing himself, could it really be that he was mistaken?

The thought was going through her mind, but Li Jiang in front of her spoke.

“Sharp teeth, I’ll see if you can still be arrogant when you’re on the ground later!”

“O? Is that so? I’m not one to wait, I like to see if you can still yell it out now!”

Lin Ran laughed, followed by a fierce flap of his palm, and a silver needle instantly flew towards Li Jiang.

“Stop it!”

Yue Bu’s face sank at the sight, and with a tug of his sleeve he instantly used it to block it.

When Li Jiang saw Yue Bu fight for himself, he could not help but feel happy in his heart and said smugly.

“Kid, just this three-legged kung fu of yours, you dare to show it in front of Yue Bu’s salary, you really don’t measure yourself

However, before Li Jiang could finish his words, he was surprised to see that the silver needle had actually pierced Yue Bu’s sleeve directly, followed by stabbing him directly on the lips, immediately causing his entire body to topple to the ground and howl in pain.

“These days, blind dogs like to bark when they have nothing to do, it’s really annoying!”

Lin Ran waved his hand and said helplessly.

“Who says otherwise, it’s a lot clearer now!”

Wang Yifeng then laughed beside this and agreed.

But Luo Cheng was still awake and looked at his watch and said.

“Ranzi, it’s almost time, we have to go!”

“Mmm!”

Lin Ran nodded at his words, ready to greet the crowd and leave, after all, the auction was the purpose of his visit, everything else had to be put to the side.

However, when he wanted to leave, someone else disagreed.

“Stand still!”

Only Yue Bu took two steps upwards, his face gloomy for a few moments as he stared at Lin Ran in a cold voice.

“You’re that little divine doctor Lin Ran from Temperance City?”

“What? The Duke of the Imperial Capital Yue Family has heard of me? What a surprise to me!”

Lin Ran laughed.

Chapter 568

“Surprise? No need to be surprised, I’m curious about you, a character that even our Yue family has spread the word about, I’d love to see what you’re really capable of!”

Yue Bu sneered.

Since the incident on the Ten Thousand Rengshan Mountains, Lin Ran’s reputation had become famous, but since he had fallen off the cliff so his life and death were unknown, but several old guys could sense that Lin Ran would not die so easily, among them were Yue Shan of the Yue Family and Qin Ji of the Qin Family.

This was also the reason why Qin Ji did not take Qin Bing away after Lin Ran’s accident.

The reason for this is that after Lin Ran’s accident, Qin Ji didn’t take Qin Bing away. With Lin Ran’s unparalleled demonic qualifications, not to mention the Qin and Yue families, even the Plum Blossom School and the Compulsion Pavilion wouldn’t want to easily mess with him.

If Lin Ran was like a child who knew nothing and had such high qualifications, they might have taken the approach of pulling him in or just killing him to curb the rise of a genius, but now Lin Ran had completely passed the weakest stage, and had even fought with Compulsion Yang to the death, and this strength alone was not something that Granny Meihua and Qin Jie could counter.

Only they didn’t know that Lin Ran’s realm was actually very low, and the reason for his strength was precisely the pure true qi of the medical dao in his body.

Yue Bu was likewise a leading member of the younger generation of the Imperial Capital Yue Family, so naturally he could not possibly be willing to be stepped on by a person of his own age, especially when this person, who was not at all famous before, suddenly rode directly on his head overnight, something he could never tolerate.

The two men looked at each other with all eyes, neither spoke, and all they could hear was the pig-killing, miserable screams of the Li family next to them.

“Ranzi!”

Ling Sa looked a little nervous and couldn’t help but tug at the corner of Lin Ran’s coat, but the next moment, she was grabbed by Lin Ran’s small hand with a backhand.

Her hand was soft and boneless, and her grip was extremely soft, which made Lin Ran’s heart jump and his entire aura slacken a little, while at the side, Ling Sa even blushed and did not dare to move, this was the first time Lin Ran had taken the initiative to hold her hand.

“Haha!”

When Lin Ran’s momentum relaxed, Yue Bu immediately laughed, but he turned his head to look at Ling Sa at the side.

“This beauty must be from the Plum Blossom School, my name is Yue Bu! I’m from the Yue family, dare I ask the beauty’s name?”

Yue Bu smiled, pretending to have a gentlemanly attitude.

“No need to ask, I won’t tell you!”

Ling Sa said in a cold voice.

“O? Why is that? Is the beauty absolutely my Yue Bu’s name is not loud enough?”

Yue Bu laughed, he, Yue Bu, was the number one of the current generation of the Yue family and was famous throughout the empire, he didn’t believe that the disciples of the Mei Hua Sect wouldn’t have heard of him.

Lin Ran tightened his hand and asked Ling Sa if he needed any help, but the latter smiled at him, followed by a cold smile as he looked at Yue Bu.

“Duke Yue Bu’s name is naturally loud enough, but I advise you, Duke, to do more good deeds, so you don’t end up with all that kind of news about what kind of womanizing, staying out at night to molest young women and cheating on some young model! Be careful not to get a wife in the future!”

“Holy shit? Is it that explosive?”

As soon as Ling Sa said this, at once Wang Yifeng couldn’t help but laugh.

“I always thought I was a philanderer, but I didn’t think I was sitting in a well and watching the sky, it seems that Duke Yue Bu is also a man of love, I wonder if there are any fun places in the imperial capital, introduce me to a few too!”

The name was already not a good name, but at this moment, Wang Yifeng used it to accost him, obviously mocking him.

“So Lord Yue Bu is also good at this, then you’ve come to the wrong place, there are only cultivators here, no beautiful women, you should go to a nightclub!”

Lin Ran laughed.

Yue Bu laughed instead of being angry at his words, his eyes shot a glance at Lin Ran and sneered.

“Where I, Yue Bu, go, Brother Lin Ran should not be able to control, and I have heard that Brother Lin Ran is self-taught with no background and no power, how do you want to have a touch with my Yue family?”

“Forget it, I’m not interested, if you really want to play, I think you can fight!”

Lin Ran laughed lightly.

Yue Bu’s face sank at his words, and his palms unconsciously clenched into fists.

Before coming here this time, the clan elders had repeatedly instructed him not to make an enemy of Lin Ran, he was very proud and disdainful of Lin Ran and wanted to take the opportunity to test him out, but if he really offended Lin Ran completely, then he was afraid that he would not be able to return to the clan.

“Lin Ran, at least be sensible, you are nothing in my eyes, a small doctor still thinks he can turn the sky upside down, my Imperial Yue family is not something that people of your level can understand, if you really piss me off, no one would dare to say no even if I kill you!”

Yue Bu said in a cold voice.

“Ao? Is that so? Then I wonder how Sir Yue Bu wants me to be sensible?”

Lin Ran smiled blandly at his words.

“It’s simple, get away from this beautiful woman, I, Yue Bu, have my eye on her mountain, she is mine today!”

Yue Bu pointed at Ling Sa and said, he Yue Bu had one hobby in his life, that was to like beautiful women, especially those with purple colour, Ling Sa was just his kind of girl.

“How about that? Isn’t that easy! As long as you leave from her, I can pretend that nothing has happened, and maybe we can even become friends in the future, and you can become and our Yue family’s friend! That’s going to be more helpful to you than a woman, right!”

Yue Bu smiled smugly, such a condition if it were anyone else I’m afraid they would have agreed without thinking, after all the strength of the Yue family don’t accept one woman, even a hundred women a thousand women can’t compare.

“Ranzi!”

Ling Sa sniffed and looked at Lin Ran, there was worry in her eyes, she was afraid

“Duke Yue Bu!”

Lin Ran spoke up, he looked at Yue Bu and frowned.

“Duke Yue Bu this is a bit difficult for people not, this Ling Sa beauty, by coincidence, is my girlfriend, you are trying to steal someone else’s girlfriend in public!”

“Your girlfriend?”

Yue Bu frowned slightly at his words, followed by but a laugh.

“It doesn’t matter if it’s your girlfriend, I, Yue Bu, don’t care about that!”

“You don’t care? But my girlfriend cares!”

Lin Ran laughed and asked as he looked to the side at Ling Sa.

“What do you say?”

Ling Sa was stunned at his words, then seemed to understand something and opened her mouth to laugh.

“What can I say, I just like someone like you who has no status or background, forget about someone like Duke Yue Bu, I can’t afford it!”

“See? The girl doesn’t agree!”

Lin Ran laughed as he helplessly spread his hands.

“Lin Ran, are you really going against my Yue family? To tell you the truth, Li Jiang is right, you’re not only trash in his eyes, you’re a poor loser! You’re the same in my eyes, what with only liking you, believe it or not, I’m willing to make her wag her tail for me like a dog in a minute?”

Yue Bu sneered.

Lin Ran’s face sank at his words and he said in a cold voice.

“O? Is that so? Then you should show me, who doesn’t know how to say big words, is it fun to have a verbal battle?”

Chapter 569

“You’re really a cheapskate, how do you like watching this other guy steal your girlfriend?”

Yue Bu sneered, his eyes filled with disdain.

“Whatever you say, I only have one thing to say, is the dog going to bite you back?”

Lin Ran said indifferently, if Yue Bu had said such words in normal times, Lin Ran would have already exploded, but now he had already looked down on it.

After experiencing so much, what kind of rich second generation, arrogant and domineering he had never seen, if he had to explode at everything, then he would have already died of exhaustion.

“Humph! You are really just like the legend, eloquent!”

Yue Bu sneered, following which he directly took out a bank card from his pocket and handed it to Ling Sa.

“What’s this?”

Ling Sa asked with a frozen face.

“There’s a hundred million inside the card!”

Yue Bu said blandly, while looking at Lin Ran provocatively.

“Ever seen that much money?”

“So what?”

Lin Ran was equally bland, unable to see any fluctuation in his expression.

“So what?”

Yue Bu laughed.

“Do you know what a hundred million represents? I can make you break through a big level of strength! I can equally destroy you! You think the Plum Blossom Sect is very powerful? In front of my Yue Clan it’s just a bunch of rabble!”

Speaking of this, Yue Bu became even more agitated as he looked towards Ling Sa and sneered.

“Accept this card and you are my Yue Bu’s woman, from now on cultivation methods, wondrous treasures of heaven and earth are at your disposal, and you are no longer a disciple of some bullshit Mei Hua Sect, but a guest of my Yue Family!”

“And if you don’t take it, I’ll do the same as said and make you a dog, a dog that everyone can step on twice when they see you! Do you believe that?”

Yue Bu’s words were threatening, and his face even twisted a few times.

Lingsha looked at the card blandly and smiled.

“Believe! Why don’t I believe it, your Yue family is a big family who dares not believe it, but what if you destroy me? Do you really think that all cultivators in the whole world are at the mercy of your Yue family? Your Yue family is not the king of the heavens!”

“Right! What are you talking about?”

“I think you deserve to be beaten up!”

“Fuck, I don’t like Maekawa!”

“Neither do I! Come and fuck me!”

“Come on, you bastard!”

A stone stirred up a thousand waves, and Yue Bu’s arrogant words immediately caused public outrage, which he hadn’t even expected.

“Shut up!”

Yue Bu chided in a cold voice, his gaze searingly sweeping over the crowd, and under the mighty shock of his gaze, he actually made all the people who were speaking really quiet.

“Now! You just need to tell me your choice!”

Yue Bu looked at Ling Sa, with playfulness in his eyes.

Ling Sa, however, laughed.

“What kind of person are you that I don’t already know? Even if I take the card it will really be safe?”

“Ringsa! I”

Lin Ran wanted to stop her and tell her that I can protect you, but Ling Sa waved her hand and didn’t let Lin Ran say anything.

And this was precisely the weakness in Lin Ran’s heart.

In the beginning he was just a poor boy, a poor boy from the depths of the mountains, for love he wagged his tail and begged for mercy, working jobs that no college student would do, doing jobs that his classmates felt ashamed of, but he didn’t care, he only cared about the one in his heart.

But what happened in the end? That person left with a rich young man in front of him, and even kissed him passionately in front of himself.

Although he later obtained the Xuan Yang Pharmacopoeia and has since soared to great heights, will the knife disappear?

Obviously not!

He was never short of beautiful women around him, and there were quite a few who could walk into his heart, but why did he never make it clear who he wanted to be with in the front.

He always used to say that it was because he hadn't thought it through and he didn't want to hurt anyone.

But only at this point did he realize that it wasn't that he hadn't thought about it, but that he didn't dare to think about it, and he was afraid that the scene from the beginning would repeat itself.

He was rich, but he was different from those rich kids. He had experienced poverty and hardship, so he understood how hard it was to be happy, and he was afraid of losing such happiness.

"In the end, it's still me being too cowardly and selfish!"

At this moment, Lin Ran understood!

Why did he not pursue what he liked, why did he suppress himself, in the end it was still the fear of losing!

"I've already lost once, I don't want to lose a second time!"

Lin Ran told himself in his heart, before he was worried, worried that Ling Sa would leave him because of money, just like the one he had in college, but now he had figured it out, doing his best and listening to God's fate!

"Ling Sa!"

Ling Ran looked at Ling Sa and spoke up.

"You watch him!"

Ling Ran pointed at Yue Bu, who was on the side, and laughed.

"His name is Yue Bu, his family is better than mine, his background is harder than mine, he's better than me in every way, but I can promise you like I do, if he dares to touch a hair on your head, I'll trample down his entire Yue family!"

"I, Lin Ran, will do what I say!"

At the end of his sentence, Lin Ran even gazed at Yue Bu and said in a cold voice.

"Call out Yue Shan to come over anytime you don't like it, that's what I said! And will do so at any time! As long as your Yue family dares to touch him!"

"My Cao! Rangzi you're a bully! And my fat master, for fuck's sake! You're his grandson, aren't you? Go back and tell Yue Shan that I still remember what happened on Wan Ren Shan! Come and find me anytime you don't like it!"

Wang Yifeng roared in anger.

They hadn't forgotten what happened at the beginning, it was just that Lin Ran hadn't mentioned it and he didn't want to talk about it, but now that Lin Ran's words had come out, he, Wang Yifeng, didn't have any worries.

"You guys you're looking for death!"

Yue Bu's face was gloomy, his hands clenched into fists, clearly on the verge of a rage.

However, just when the atmosphere was tense and a great battle might break out at any moment, a voice came from the side in a cold voice.

"Yue Bu! What kind of place do you think this is! Does your Yue family still want to go to war with my Li family!"

The voice fell, followed by the crowd making way for Li Sheng, followed by his butler, to walk out.

"Sir Li Sheng! What do you mean by that!"

When he saw Li Sheng, Yue Bu's face couldn't help but change. Although they were all from the big families in the empire, their Yue family didn't want to provoke the Li family no matter what, because behind the Li family, that was an existence that no one could reach.

Even if their entire Yue family was put together, it would not be able to withstand a single finger.

"What do you mean! Making trouble in my Li family's territory, do you think I, Li Sheng, am air?"

Li Sheng chided in a cold voice.

"I dare not!"

Yue Bu saw this and lowered his head a few points, but then he followed and pointed to Ling Sa at the side and said.

"Naturally you wouldn't dare to cause trouble, but what if you chase a woman? You, Prince Li Sheng, will not be able to control that too!"

"Shameless!"

"Too damn shameless, this is simply a rogue!"

"Three grandsons!" |

The people around, hearing Yue Bu's voice, all cursed out at once.

The Duke of Li Sheng had come out, and this guy was still staring at Ling Sa and refusing to let go, and even more so, he avoided saying anything about the threat, instead of talking about the result.

"Ling Sa, now tell me the result, are you willing to follow me!"

Yue Bu looked at Ling Sa and questioned.

"You dream!"

Ling Sa didn't even think about it and spoke back directly, while her whole body leaned directly into Lin Ran's arms, the result speaks for itself!

"You actually dare to go against my Yue family for this poor bastard!"

Yue Bu's face was as gloomy as water, and his gaze even wanted to kill.

Lin Ran looked at him, but with an unremitting sneer on his face, he coldly snorted.

"Is it great to be rich? Is the Yue family very dangling? What kind of thing are you Yue Bu! What's wrong with me just being a poor pussy? Poor pussies attract people's love!"

Chapter 570

Poor! Was Lin Ran really poor?

That depended on who he was comparing himself to. Compared to Li Jiang, he wasn't poor, he could even be said to be on par, Lin Ran hadn't calculated how much he actually had, but he had at least two or three hundred million.

But what if it was compared to Luo Cheng, to the Qin family Yue family in the imperial capital? That is really poor, people can easily have tens of billions of assets, how can you compare yourself? There was no comparison.

But these were not problems for Lin Ran, if he really wanted money, he could even earn ten billion a month, but was this money useful? What he really lacked was strength, background, and people!

From the moment he learned about this world of cultivators, he understood what he lacked, but there was no way he could solve this problem, joining a certain power for the sake of his background? He couldn't do it, at least not now. He needed his freedom, and there were so many people around him that he couldn't let go.

Luckily, he didn't need to think about that right now either, because his strength, as far as he was concerned, was already very high, at least these few families in the Imperial Capital of the Compulsion Pavilion didn't dare to mess with themselves easily, unless they really planned to kill each other with a fish.

"Lin Ran! You're too arrogant!"

Yue Bu's face was gloomy as his feet lashed out, rushing towards Lin Ran and actually slapping him with a palm.

"Yue Bu, you seek death!"

Li Sheng saw this and rushed over with a single stride.

However, he was a bit far away, and there were still several of his men surrounding him, so he was unable to leave Yue Bu behind after a delay.

"Go and play with your fat brother first!"

Lin Ran smiled at Ling Sa in his arms, following which he handed her over to Wang Yifeng.

“I’ll be back soon!”

Lin Ran laughed.

“You take care of yourself!”

Ling Sa was busy reminding, yet Lin Ran had already rushed out.

“Give me death over here!”

Yue Bu said angrily, slapping a slap directly at Lin Ran.

Lin Ran didn’t hesitate either, as he took an arrow step forward and mobilised 50% of his entire body’s Medical Dao True Qi to meet Yue Bu’s slap and slap it back as well.

“Slap!”

The two palms collided and a crisp slap sounded out, and everyone understood in their hearts that this was the sound of their palms clashing.

“Look! Look, who is that!”

“It seems to be Yue Bu! It seems to be him!”

“Yes! It’s Yue Bu!”

“My god, this Lin Ran brother actually sent Yue Bu flying with a single slap!”

The crowd of onlookers chattered, this was an absolutely shocking scene for them, Yue Bu of the Imperial Capital Yue Family, who no one knew, almost no one in the younger generation could stand up to him, but now he had actually been slapped away by Lin Ran with one slap!

“This can’t be! How is this possible, how could !! Ah!”

Yue Bu was still reveling in his defeat, but his voice came to an abrupt end as he followed and plunged headfirst into the mound of earth next to him.

“Someone! Somebody!”

Yue Bu shouted, but no one paid any attention to him, as his men had all been invalidated by Li Sheng.

“I, Li Sheng, have taken over this place for so many more years, and you are the first person to make me angry!”

Li Sheng looked at Yue Bu who had been pulled out by Li Jiang in the distance and said in an angry voice.

“From now on, either be honest with me, or get lost immediately! Or else don’t blame me, Li Sheng, for not being polite!”

At these words, Li Sheng’s eyes even burst out with killing intent, in his territory, if he really wanted to leave a person behind, not to mention Yue Bu, even if Yue Shan himself came, he would have to weigh it up, the Li family’s family background was not something that could be compared to a third-rate family like the Yue family!

“I’ll remember this!”

Yue Bu wiped off the blood from the corner of his mouth and gave Li Sheng a vicious look before looking back at Lin Ran.

“You wait for me, our Yue family is not finished with you!”

“Is that so? Then you’d better call Yue Shan to come over, or you won’t be able to walk out of Tanjiang City alive!”

Lin Ran said in a cold voice, and a killing intent appeared in his eyes.

“Brother Lin Ran, let’s go! The auction is about to start!”

Li Sheng flung his hands together and greeted indifferently.

“Hm!”

Lin Ran nodded, and immediately followed with Wang Yifeng and the others.

However, to their surprise, Yue Bu, who was expected to leave straight away, did not go, but instead put on a mask and followed towards another entrance this.

“Phew

Seeing this scene, at once the onlookers all let out a sigh of relief, being defeated, they put on a mask, why didn’t they put it on when they came earlier, now they know they are embarrassed?

“Duke Yue Bu, don’t be angry, we are thinking of a solution!”

On the side, Li Jiang carefully patted his horse’s ass, at this moment, his head was full of cold sweat, how could he not expect this Lin Ran to be so strong, actually even Yue Bu had lost under him.

At the same time, he couldn’t help but be thankful that his son was alright, if he had really pissed someone off, I’m afraid that with one slap his son would have gone to the morgue!

“Stop it!”

Yue Bu looked at Li Jiang with anger in his eyes, and then raised his hand and slapped him across the face, causing him to fall to the ground.

Li Jiang was almost sixty years old, how could he stand this slap? He lay on the ground and wailed, not getting up for half a day.

“It’s all your fault, you idiot, why did you provoke him? Fuck, if the Yue family really went up against this kid, you’d be fucking better off than thinking about fire!”

Yue Bu said angrily.

What he said just now was all window dressing, how could he represent the Yue family, moreover Yue Shan had instructed long ago that he couldn’t make an enemy of Lin Ran, luckily this time things hadn’t gone to hell yet, there was still a buffer, if it did, he was afraid that he wouldn’t be able to return to the Yue family.

“Bastard! This revenge must be avenged, but it mustn’t involve the family yet!”

Yue Bu thought in his mind, while he had already left Li Jiang behind and entered the auction hall alone.

.....

On the other side, Lin Ran and the others had also reentered the private room under Li Sheng’s leadership.

As soon as they arrived at the private room, Lin Ran and the others took off their masks.

“Luckily, luckily you all stayed in your masks, when we go out, that kid won’t be able to recognize you guys either!”

Luo Cheng said with a sigh of relief.

Li Sheng, however, shook his head.

“It’s useless, if they really want to investigate you, they can entertain you in less than three days!”

“Then what should we do!”

Luo Cheng smiled and asked busily.

“Don’t worry, it’s just the Yue family, I don’t even care about it!”

Lin Ran said indifferently.

“You’re the best, but you look really handsome when you say big words!”

Lin Lin laughed from the side.

This made the crowd look helpless, especially Li Sheng and Luo Cheng.

“What? Never seen this guy spreading dog food before? Then you guys need to learn more from Master Fatty, I’ve long been immune to it!”

Wang Yifeng tossed his mask aside and picked up a glass of red wine and drank it down in one go.

“Alright! Don’t be poor, the auction is about to start!”

Lin Ran was helplessly dry and busy digressing from the topic, then looked at Ling Sa and said.

“Don’t be like that next time, it’s just a phone, it’s a big deal if you lose it, just buy it again!”

“No way, you bought this for me, it’s very important to me!”

Lindsay took out her phone and wiped it twice lovingly, followed by an even bigger kiss.

Lin Ran looked helpless and laughed.

“How come you’re so gentle this time, just now I don’t know who shouted and killed me, almost didn’t kill me, this time no more revenge?”

“No more revenge!”

Lindsay laughed.

“Why? I really saw it just now!”

Lin Ran wondered, even if it was because of himself, this face had become too fast, after all, he did see a lot of material just now, and now he was a little excited thinking about it!

Lin Lin gave him a blank look, followed by actually taking the initiative to move closer to his arms, shyly saying.

“If you see it, you see it, you’re going to be your man anyway I don’t care!”

“Pfft!”

The red wine in Lin Ran’s mouth almost didn’t spurt out in one gulp at his words.
