

Wonder Doctor

Chapter 571

“Hey! What kind of reaction is that?”

Lin Ran was displeased at the situation.

Lin Ran scratched his head in embarrassment.

“It’s better to say such things in private, the whole thing is quite embarrassing!”

“Embarrassed? You’d be embarrassed too?”

Ling Sa laughed.

“I wasn’t embarrassed when I saw you buying the hairpin just now, say! Who did you buy this hairpin for?”

“Of course it’s for you!”

Lin Ran said busily, following which he pointed to the hairpin and said.

“Look! The colour of this hairpin matches your clothes, so it must be for you!”

“Bullshit!”

Lindsay said in disbelief.

“I don’t know you men yet, that’s why you said it was me when I asked you now, if it was any other woman, it would have been bought for someone else!”

“Say! Besides me, how many other women do you have outside?”

Ling Sa said as she moved a few points closer, her eyes staring straight at Lin Ran, with the intention of killing him if he hid one.

“Stop it, I can’t have any women!”

Lin Ran said awkwardly, his cold sweat immediately came down, he thought that Lin Ran was also considered to be invincible in Tanjiang City, but every time he was defeated in a relationship issue, it was really true to the saying, since the ancient times, heroes have difficulty with beauty!

“Hey, hey! The auction has started!”

Lin Ran suddenly pointed to the big screen and said.

Only to see on the big screen, inside a ring-shaped building, the saucy host had already walked up to the middlemost stage with a microphone.

“Don’t digress, who knows if you’re watching the pretty host or if you’re seriously watching the auction!”

Ling Sa gave Lin Ran a blank look, with contempt in her eyes.

Lin Ran was also helpless, he had wanted to buy it for her, how come at this moment he said it out loud, this nee-san was disbelieving instead.

“This is really bought for you, but it wasn’t bought by you, it’s also considered to be returned to its original owner!”

Said Lin Ran pointed to the big screen and said.

“Well, now start watching the auction, you do not look at them a few also to see right, do not affect others, moreover, you do not want to revenge?”

“Revenge?”

Ling Sa sniffed and asked afterwards.

“What do you mean!”

“It’s that Yue Bu ah, he hasn’t left, we’ll have a good time with him later on!”

Lin Ran laughed.

“How do you want to play?”

Linran wondered, that Yue Bu didn’t even know where he was now, how could he play.

“Just watch, I said this is just the beginning!”

Lin Ran smiled mysteriously, followed by whispering something to Li Sheng at the side, and soon Little Li, who had led the way before, came over.

“Sir Lin, the code name for the room where Sir Yue Bu is is Zero Thirty!”

Little Li whispered, and then walked away.

“Zero Thirty? Interesting!”

A smile appeared at the corner of Lin Ran’s mouth at his words.

.....

This auction house of Li Sheng’s was all about a security, even if it was a lively auction, usually the big shots would not appear, they were all in their private rooms, watching through the big screen.

As for those who went to watch live, most of them would also wear masks. After all, those who could make it to the private rooms were all very powerful, and as for those of them who were small forces or casuals, they would have to make do with a bit of aggravation.

“Everyone! I am the host of this auction, code name Li Wu!”

The beautiful host smiled as soon as she came on stage and introduced herself, but the code name was a pang of dissatisfaction that Wang Yifeng heard.

“Li Sheng, how come you have a code name for this host, Li Wu, I think you should call her Cuihua, this beauty is too shabby to be called Li Wu!”

Looking at the beautiful host's graceful figure, Wang Yifeng felt that the name was too awkward.

"Mr. Wang has no idea, almost no one in this auction house uses their real names, especially us staff, the young master uses one, two, three, four as code names for good memory, so it's convenient to remember!"

Next to him, Butler Li explained with a smile.

Wang Yifeng, however, did not care which one, and laughed.

"I don't care about that, come! You tell me the name of this little beauty secretly, fat master I am also generous, it is still possible to reward a few tips if you are happy watching!"

"No need Mr. Wang, they are all from our Li family, they all have their salaries paid by Mr. Li Sheng, and their turn is also an annual salary!"

Butler Li laughed.

"Annual salary?"

Wang Yifeng frowned slightly at his words and followed with a tentative question.

"Annual salary More How much!"

"One million!"

Butler Li said blandly, as if he was talking about a very ordinary matter.

"What? Just this crappy host job is a million a year? Holy shit, ask Lord Li Sheng if he's still short of people!"

Wang Yifeng looked like a wealthy man, one million was really big money to him, this guy usually tastes good and is lazy, although he already has true qi, but he doesn't even think about making money, every day he eats and drinks from Lin Ran, not to mention one million, he doesn't even have ten thousand on him.

"Mr. Wang is joking!"

Butler Li laughed.

Wang Yifeng, however, said solemnly.

"Didn't say small! Didn't say small! I am serious"

"Seriously your head, the auction is starting, in nonsense I'll sell you!"

Before he finished a sentence, he was interrupted by Lin Ran next to him, Wang Yifei saw that he had gone a bit too far with his bullshit, and only then did he collect his mind and look up.

On the big screen, the beautiful host had finished her polite speech and took out the first item, which was a good ancient tripod-like vessel, the whole body was very exquisite, but the colour was a little worse, a little black.

“The first auction item, the Nine Elements Heavenly Cauldron, is a cauldron used by the ancient pill refining master Hua Tuo, the fragrance of medicine inside it is pungent, for those who know how to refine medicine, this is a priceless treasure!”

“All right, the starting bid for this lot is \$50,000! Each bid must not be less than one thousand, now the bidding begins!”

As the beautiful host’s voice fell, the sounds of one offer after another rang out at once.

“There are so many people in here who know how to make pills?”

Wang Yifeng couldn’t help but ask when he saw this.

Li Sheng shook his head and laughed.

“I’m afraid that there isn’t a single person in here who knows how to make pills, alchemy is a very profound discipline, how could these mediocre people know how to!”

“Then they are so crazy!”

Wang Yifeng wondered.

Li Sheng smiled at his words.

“That’s because our Li family out of hand, not a single fake piece is a fine product, so these people you look very enthusiastic, in fact, many are second-hand dealers, buy back to the hand!”

“Holy shit! Then why don’t you raise the price? Let these second-hand dealers make money for nothing!”

Wang Yifeng was even more puzzled.

“Existence is reasonable, after all, a lot of our goods still depend on these second-hand dealers to provide them!”

Li Sheng laughed.

And just as the two of them were talking, the original price of fifty thousand had been raised to one hundred thousand, and the code name of the last offer, which Lin Ran remembered very clearly, was the code name of none other than Zero Thirty Yue Bu.

“Brother Lin Ran is also interested?”

Seeing Lin Ran with a smile tacked onto the corner of his mouth, Li Sheng asked with a smile.

“I’m not interested in buying, but I’m interested in playing!”

Lin Ran laughed, followed by gesturing for Xiao Li next to him to come over and whisper something in his ear, and soon just heard the beautiful host on the big screen speak.

“The bid of our friend with the code name 942-1 is 150,000! Is there any higher!”

“Holy shit 150,000! Ranzi you’re crazy!”

Wang Yifeng said busily when he saw this.

But Lin Ran laughed.

Rushing to the side, Xiao Li said.

“Reveal the news that this code name is me to Yue Bu, and everyone else present! Also reveal his code name too!”

Said Lin Ran as he glanced at the crowd and laughed.

“The good show has just begun! Just watch!”

Chapter 572

“What do you want?”

Wang Yifeng asked busily.

“You’ll find out later!”

Lin Ran laughed.

.....

In box zero thirty, Yue Bu slammed his fist directly onto the chair next to him with a bang, his face grimacing with anger.

“Young master, or else forget it, this broken tripod is only worth 100,000 yuan, 150,000 is not worth it anymore!”

Next to him, an old man stroked his beard and persuaded, he was the guest secretary of the Yue family, known as the ghost calculator, and the guard responsible for Yue Bu Sheng’s safety this time.

“Old man Ghost, as you can see, that kid is deliberately calling my bluff! It would be fine if I didn’t know that this code name was him, but now almost the entire auction house knows that this code name is him and the code name for Zero Thirty is me, so if I don’t call his bluff, wouldn’t I be slapping my own face!”

Yue Bu said angrily.

He had never dreamed that Lin Ran would come up with such a move.

And he himself had previously scolded Lin Ran for being poor and how rich and wealthy his family was, but if he were to call it quits now, he would really be laughed off.

“Is there a higher price?”

The beautiful host asked with a smile as she stood on stage.

And offstage, others were already buzzing with excitement, one shouting out.

“Where’s zero thirty? Why isn’t it coming out? Afraid?”

“What zero thirty, that’s Duke Yue Bu, right, and that nine four two one is Duke Lin Ran, right!”

“Holy shit really? Does that mean that Duke Yue Bu is scared?”

“What kind of gentleman is that? You’re not afraid of being laughed at. I think it’s more like an eunuch!”

These people were used to being idle, and their words were more and more unpleasant.

“Raise the price for me, two hundred thousand!”

“My lord!”

Seeing this, Ghost Pearl wanted to persuade him, but Yue Bu stopped him by waving his hand.

“I have it in my heart, old Ghost, I won’t delay this big event!”

“That’s good!”

Only then did Ghost Beadzi nod his head and not say anything.

“Zero thirty bid at two hundred thousand!”

The beautiful host immediately got the message and shouted out.

As soon as these words were spoken, the crowd immediately boiled over, one after another shouting that Duke Yue Bu was awesome, Duke Yue Bu was awesome

However, this boasting lasted only three seconds before the beautiful host spoke up again.

“Nine forty two one bid at three hundred thousand!”

“Wow!”

As soon as these words were spoken, there was an uproar in the room, these people had become smart where they didn’t know that the actual price of this tripod was only around 100,000, yet now it was directly speculated to 300,000, this price was simply going to be a loss.

“Bastard!”

Inside the box, Yue Bu was so angry that he crushed the cup in his hand with a slap.

Lin Ran was deliberately targeting him, and from the very first piece, if this was a straightforward admission of defeat, he, Yue Bu, wouldn’t have to bid on the items that followed!

“Raise your bid! Four hundred thousand!”

Yue Bu said angrily.

“Nine forty-two one offers five hundred thousand!”

“Shit!”

Yue Bu couldn’t hold back any longer and kicked over the table in the room.

“My lord, damage to the item is subject to compensation at the price!”

Next to him, a maid immediately stepped forward and said, infuriating Yue Bu so much that he wanted to kill someone!

“Fuck! You want to play, I’ll play along! Raise it to seven hundred thousand directly to me!”

Yue Bu said angrily.

The staff next to him immediately passed the message on.

“Zero-thirty offer! Seven hundred thousand! There could be a higher bid!”

“Holy cao! It’s fucking crazy, offering 700,000 for a broken tripod, spending money like water!”

“Who can help it? We don’t understand the world of the rich!”

“Do you think that 9.4.21 will raise the price?”

“It’s hard to say, whoever buys it at this price will lose money, as long as they’re not stupid, they won’t raise it again!”

The crowd was chattering, but Yue Bu was staying in the box, he was also apprehensive, he was really afraid! After all, he had other things to buy this time, so he couldn’t spend all his money on gambling with Lin Ran, and even if he was willing, the ghost beads next to him would definitely not be willing.

He said he was here to protect him, but in reality there was also a reason for him to come and spy on him, lest he mess things up.

“Good no one’s raising their bid! Now count down, three, two, one! Sold!”

As expected, Lin Ran wasn’t raising his bid, and as the beautiful host’s hammer fell, this first lot was finally sold, for seven hundred thousand dollars!

“Ranzi! Why aren’t you raising the price?”

On the side, Wang Yifei asked, he was watching with great interest, why did Lin Ran suddenly stop.

“You’re too stupid, that Yue Bu is not an easy marker either, if Lin Ran keeps adding more, who knows if he’ll suddenly stop!”

On the side, Ling Sa explained with a smile.

“Not so much, could he still guess what’s in Ranzi’s mind?”

Wang Yifeng wondered.

“That would depend on the heart game!”

Ling Sa laughed.

Lin Ran didn’t listen to either of them and just laughed.

“Don’t be in a hurry, this is only the first lot!”

As he spoke the second lot was brought out, it was a very ancient bow, but it was quite badly damaged, and although one could see that it was extraordinary, after all, there were too few people who could repair it, and in the end it only sold for the lowest price, during which neither Yue Bu nor Lin Ran spoke.

“Alright, next is the third lot, the Nourishing Qi Sandalwood Incense!”

As the host opened his mouth to introduce the third lot, the entire auction hall was immediately abuzz with excitement.

Nourishing Qi Sandalwood Incense, as the name implied, was a sandalwood incense that could nourish Qi, but this nourishing Qi did not refer to nourishing health, but could put the cultivator in a state of nourishing Qi all the time.

The Feng Shui realms are divided into: Bone Touching, Face Reading, Qi Watching, Heaven Seizing, Creation and the legendary Ultimate Realm!

This Qi nourishing sandalwood incense is for those who are in the Faceting Realm leading to the Qi Watching Realm.

It was very difficult to cultivate this true qi in Lin Ran’s body, so it was extremely important to cultivate this sandalwood incense.

Of course, there was another possibility that it would also need to be used, and that was that after breaking through the Qi Watching Realm, the true qi in his body was unstable, and he would also need this Qi Nourishing Sandalwood Incense to fix it.

“That’s it! This is exactly what I need, as long as I buy it, I can just wait for the last lot!”

Looking at the Qi nourishing sandalwood incense in the host’s hand, Yue Bu’s eyes instantly went red, this item was exactly one of his goals this time.

“Nourishing Qi Sandalwood Incense, offer 300,000! Each increase must not be less than one thousand, now begin!”

As the host’s voice fell, at once Yue Bu made his first bid.

“Zero thirty bid at five hundred thousand!”

“Wow!”

As soon as this price was out, it instantly stunned the entire auction hall, raising the bid by two hundred thousand directly, this

“Holy shit not giving us a chance at all!”

“Yes, this Yue Bu is really not something!”

“I need it too, I want the fuck out of it too! I only have half a million!”

Voices of discontent rose from the crowd, but soon they froze.

Only to hear the beautiful host laugh.

“Nine forty two one bid, eight hundred thousand!”

“Eight Eight hundred thousand, this thing is only worth half a million, right? On a normal day it would only go for a maximum of six or seven hundred thousand, is this guy crazy!”

“I don’t think it’s madness, this is deliberately aimed at Yue Bu!”

“Yue Bu is miserable, 800,000 for this sandalwood incense, plus 700,000 for the Nine Elements Heavenly Cauldron just now, this is really a loss to his grandma’s house!”

“Haha, that’s right, it’s a huge loss! However, we still have to see if this Yue Bu will raise the price or not!”

Chapter 573

“Fucking bastards! The three grandsons of the earth! Fuck him!”

Hearing the host’s words, Yue Bu’s entire body almost exploded in place, as Lin Ran had directly opened his mouth and increased the price by 300,000, whereas he himself had only increased it by 200,000 just now.

He had just raised his own price by 200,000. Moreover, he knew that 500,000 was already the market price of the sandalwood, which usually fluctuated within this price range, but now Lin Ran had raised his price by 300,000, so he was obviously determined to win!

“I’m afraid that Lin Ran is not fooling around with Yue Bu this time!”

“O? What do you mean?”

“If he really needs this sandalwood, he’ll definitely be quick to scare Yue Bu away, or else the latter will also set him up, and then he’ll get his face slapped back again!”

“You’re also right, but who knows whether people really need it or whether they’re deliberately targeting Yue Bu!”

“That’s up to his own judgement!”

The crowd was talking, and inside the box, Ghost Pearl was equally nervous as he looked at Yue Bu and busily asked.

“Young master, what about this 800,000, it’s more than expected!”

“I know it’s more than expected, is it possible not to buy it!”

Yue Bu said angrily, he wanted to not buy it, but this thing was really too heavy medicine for him, and there were only a few of these heaven and earth treasures that were helpful to the Qi Watching Realm, and this Qi Nourishing Sandalwood was still the top one of them, so how could he be willing to give up.

“Eight hundred and fifty thousand! Give me eight hundred and fifty thousand!”

Yue Bu gritted his teeth and shouted at the attendant next to him, and soon the message was passed on.

“Zero Thirty bid eight hundred and fifty thousand, is there any higher”

Before the beautiful host could finish her words, she followed and immediately changed her mind.

“Nine four two one bid, one million! Is there any higher!”

“Pfft!”

Inside the box, Yue Bu spat out the entire mouthful of tea he had just taken into his mouth.

“One million! What the fuck is wrong with you? You can buy two copies for one million, you’ve had enough!”

Yue Bu’s heart was on fire, he was really chagrined, an item that was originally worth half a million should be jacked up to one million by Lin Ran, even if he got this item, but spending so much money, he would have to be reduced to being a laughing stock.

“Young master, or else forget it, we’ll look for an opportunity later

The ghost beads were busy saying.

“No way! The family also has this item inside, but the cost is one million two hundred thousand! This auction house only needs half a million, I have to gamble!”

Yue Bu gritted his teeth and said secretly in his heart.

“And the Dao family test is coming up soon, I can’t lose! Absolutely not!”

The Yue family’s family examination was a matter of great importance, and even his future and life were at stake, so he couldn’t give up so easily even if he had to pay a huge price.

“I’ll continue to raise the price, as long as it’s more than one million twenty, I don’t want it, big deal, I’ll go back and buy it from the clan!”

Yue Bu calculated in his mind, he would raise the price one more time, if Lin Ran didn’t follow he would just spend the same price as the clan, but if he did, then he would close, and then he would be able to fiercely screw Lin Ran as well! ”

“Haha! Yes that’s the way to do it!”

With this in mind, Yue Bu couldn’t help but reveal a treacherous smile.

.....

“Ranzi, are you so sure that this guy will definitely follow?”

Inside another compartment, Wang Yifeng looked at Lin Ran curiously, always feeling that he was playing with fire.

“Right, although this thing is precious, it’s not something that people generally use, that Yue Bu shouldn’t need it either!”

Lin Ran also wondered, after all, how could the leading member of the young generation of the Yue family need something like nourishing qi sandalwood incense?

“No, he must need it, it’s just a matter of how much it costs!”

Lin Ran sipped his tea and said blandly.

“But your one million is twice the usual price!”

Wang Yifeng was busy saying, just now they had all heard Li Sheng say the normal market price of this qi nourishing sandalwood incense, which made them realise just how much fire Lin Ran had played with.

Lin Ran was in no hurry, and smiling at Luo Cheng, he asked.

“Brother Luo, according to your professional merchant’s eye, what do you think?”

“Me?”

Luo Cheng was stunned at his words and followed with a laugh.

“I did think about it, but Brother Lin Ran, you have a clear mind, so there is only one possibility!”

“What possibility?”

Lin Ran laughed, and Wang Yifeng and Ling Sa also looked over, wanting to see what Luo Cheng could analyse.

“That is, you have a reason that he needs it badly, like you know he’s injured and needs to use it to nurse his injuries, or something like that!”

Luo Cheng laughed.

“What?”

Wang Yifeng and Ling Sa both sniffed at the words and were suddenly dazed.

“Holy shit! Why didn’t I think of that, Ranzi you wouldn’t just now!”

“That’s right!”

Lin Ran laughed.

“When I fought with him just now, I quietly seismically dispersed his true qi, true qi is resistant to the foundation of cultivation, such a big safety hazard he would definitely not let it exist, after all, it is impossible for a family as big as the Yue family to say that there is no infighting, so I expected that he would definitely follow, but also to grasp the price scale!”

“Zero thirty bid, one million one hundred thousand!”

As soon as Lin Ran’s words fell, the host’s voice rang out over there.

Wang Yifeng Lingxiang and the others, almost simultaneously looked at Lin Ran, gave a thumbs up and spat out a word.

“Bull!”

“One million one hundred thousand may there be any more bids!”

The beautiful host shouted, yet this time Lin Ran was not opening his mouth, just lightly sipping his tea.

“No more bids?”

Wang Yifeng saw this and asked.

“No!”

Lin Ran laughed.

“Why?” |

Wang Yifeng did not understand.

Lin Ran smiled at his words.

“Because he won’t follow if it’s over a million and two!”

“How do you know that!”

Wang Yiming was even more puzzled, could it be that Lin Ran could still read Yue Bu’s mind?

“It’s not difficult, talk to Brother Li Sheng more and you will know that the price of the Yue family’s internal sale of Qi nourishing sandalwood incense is one million two hundred thousand!”

Lin Ran said indifferently.

“Holy shit!”

“You!”

Wang Yifei and Ling Sa froze, so this guy had already known the price range that Yue Bu could accept, no wonder he was so well prepared.

“Really no treachery, I’ve finally seen it today, Fat Master!”

“Haha!”

Li Sheng and Luo Cheng couldn’t help but laugh as well.

.....

“Bastard! Damn it, this Lin Ran must die, he must be killed! He must be killed!”

In the other box, Yue Bu was already about to storm out, his own plans had actually fallen flat again, although he had saved 100,000 compared to his own clan.

Although he had saved 100,000 compared to his own clan, he had already gotten the reputation of being a fool.

The entire auction hall was filled with chatter.

“Holy shit, 1,100,000 for a Qi-raising sandalwood, this Yue Bu is really good!”

“Yes good for you! If the Yue family plays like this, sooner or later he’ll have to lose it all!”

“It’s good to lose it all, I’ll save up more money and go buy a little beauty from the Yue family to play with when the time comes haha!”

“Yes, I have to save up too, I heard that the women of the Yue family are all very beautiful!”

Inside the box, Yue Bu suddenly stopped his frantic actions and turned his head to look at the ghost beadle in a cold voice.

“Ghost Elder, later on, you leave the venue early and guard the outside of the office building! As soon as Lin Ran goes out, immediately sneak attack and kill him!”

“Sneak attack? I’m afraid that”

The Yue family was a famous family after all, if word got out about this sneak attack I’m afraid

“Masked with your speed, you can definitely kill him in ten seconds, as long as you don’t get caught by Li Sheng’s people, no one will know it was you who did it!”

Yue Bu coldly said, the killing intent in his eyes unconcealed.

Chapter 574

“Kid, you’re playing like that, aren’t you afraid that the hidden experts around that kid will take a shot at you?”

Inside the box, Pillow Book teased with a smile, with its and Lin Ran’s strength, he had long known what strengths Yue Bu had around him, and the ghost beads had long been on his radar.

“You’ve already said that he has experts around him, and you still call it hiding?”

Lin Ran laughed.

“If you want to strike, feel free to do so, Yue Shan is not even in my sights, let alone a sneaky person who is not as strong as him!”

Lin Ran said indifferently.

Indeed, since the battle with Compulsion Yang, Lin Ran’s current strength was definitely not worse than any of Yue Shan Qin Ji in a single fight, so he was confident that he could carry the consequences.

“Good boy, you have the style of Master Shu, with this verve of yours, Master Shu I will help you too!”

Pillow Book said with good cheer.

Lin Ran, however, scoffed.

“Come on, you just see a lot of treasures here and let me pay first when you find the right one, I still don’t know you!”

“Hey! How do you say that, Master Shu I am also for your own good isn’t it, let me reply as soon as possible, I can also tell you about Wang Kun!”

Pillow Book laughed.

Lin Ran listened helplessly, since he got this guy, it was like worshipping an ancestor, good food and drink served, and also had to spend money, really how suffocating it was.

“Hey, hey! All right, all right, look at that thing, your little girlfriend is saved!”

Suddenly the pillow book was busy saying.

Lin Ran was stunned at his words, followed by a busy look at the big screen, only to see that the beautiful host on the big screen had already taken out the third lot, a ginseng-like thing, but the colour was turquoise and it looked vibrant.

“What is this thing?”

Lin Ran asked busily, he had never seen this thing at all, it wasn't even recorded in the Xuan Yang Pharmacopoeia.

“It's not a thing, don't be confused, the Xuan Yang Pill Canon only records wonders of heaven and earth, how could it record such useless things!”

Pillow Book laughed.

“Then you still let me read it!”

Lin Ran was helpless, letting himself read useless things, amusing himself no more.

“You're silly, what I mean by useless is useless to the Xuan Yang Pill Canon, this thing will be of great use to you, it can save your little girlfriend's life!”

Pillow Book said mysteriously.

“What do you mean? Which little girlfriend can be saved?”

Lin Ran was busy asking, it wasn't his fault for being dejected, mainly because he really seemed to have a bit too many little girlfriends, so he didn't really know which one the pillow side book was talking about.

“Just this one beside you!”

Pillow Book returned.

“Beside? Lin Lin?”

Lin Ran smiled and was busy looking at Ling Sa who was beside him, he could remember that this nee-san had Red Cold Poison in her body, could this thing save her?

“What are you looking at me for? Look at the screen!”

Being inexplicably stared at by Lin Ran, Ling Sa couldn't help but blush, a little embarrassed.

“No It's nothing, I just think you're looking better and better!”

Lin Ran said busily, while turning his head to continue looking at the big screen.

It was only this inadvertent remark of his that made Ling Sa's pretty face instantly redden even more as she listened, following which she stopped his arm and leaned her entire body on its shoulder? how sweet her appearance was.

"Ahem! Some people pay attention to ah, do not think that this is your two people world, if so reckless, fat master I will not be polite!"

On the side, Wang Yifeng teased.

Lin Ran was full of embarrassment, but at this moment, he couldn't care less and was busy asking the pillow book.

"Hurry up and tell me exactly how this thing works? How can it save her!"

"What's your hurry, buy it first, finally the rest will be said later!"

Pillow Book said.

And at this moment the beautiful host had already placed the auction item on the table and stated the price.

"Wood of the living, starting bid at fifty thousand! The old rule is that each bid increase must not be less than one thousand!"

"One hundred thousand!"

As soon as the host's words fell, Lin Ran opened his bid.

"Holy shit! One hundred thousand? Just for an ornamental potted plant?"

"Holy shit this Lin Ran is really crazy!"

"I don't think so, in the last sentence Yue Bu robbed him again, maybe this time he's ready to take back the game!"

"It's also possible, the key is that this living wood is useless, I'm too expensive to sell it for 50,000!"

"If not, you're a poor loser!"

The crowd was talking, while in another box, Yue Bu had a gloomy face, staring at the big screen for a long time without speaking.

"Young master, we can't buy this thing, we have to reserve our strength!"

On the side, Ghost Pearl was busy persuading.

"I know!"

Yue Bu said in a cold voice.

"Screwing me twice in a row, do you really think I, Yue Bu, am a fool? It won't last but three times, besides, this thing is useless to me at all, so take your time and play with it yourself! I won't finish with you!"

Yue Bu laughed coldly in his heart, and then closed his eyes directly, without any intention of making an offer.

The living wood was just a potted plant in the eyes of the others, so naturally, no one was willing to raise the price, and in the end, it had to be auctioned off to Lin Ran for only 100,000.

“This Yue Bu is really an old fox, he didn’t even follow the bid once!”

“Who says it’s not? It’s just that Lin Ran is suffering, losing another 100,000 for nothing. 100,000 for anything but a potted plant!”

“I can’t help it, it’s because he’s rich!”

The other customers chattered.

As Lin Ran listened to these comments, his face was also full of black lines, looking at the living wood that had already been taken down by the staff, he asked with a black face.

“I’ve been called stupid, you better tell me what the hell this thing is! How does it work!”

“What’s the hurry, you know the name, living wood! As for what it does, it’s very simple!”

The Pillow Book smiled smugly, then said.

“People generally don’t know what use this thing has, so they just treat it as a potted plant, but this thing actually has a big use, and that is to simulate a living person!”

“Simulating a living person? What the hell? Do you think you’re playing the Sims? Get to the point!”

Lin Ran said helplessly, what kind of strange and weird things had he come across, there was actually a simulation of a living person.

“What do you know, that red cold poison recognizes people, that’s why the poisoner can kill her instantly, if you dare to expel the toxin the other party can immediately detect it, and this thing can perfectly avoid his perception!”

The Pillow Book laughed triumphantly.

“How does it work?”

Lin Ran asked busily.

“It’s very simple, use your little girlfriend’s blood to drip on it, and this living wood’s unique aura will change to be identical to your little girlfriend’s, then you can draw the red cold poison in her body over and seal it in this living wood, and the job will be done!”

“What about later if the other party detonates these toxins?”

Lin Ran busily asked, this was his main concern!

“As for the living wood, if you throw it into the forest, will the other party still come all the way to see if the dead one is me?”

The pillow book said speechlessly.

Lin Ran smiled at his words and laughed.

“Yes, yes! Set up a great feat, later on if you come across one you like, I’ll buy it for you no matter how much it costs!”

Lin Ran laughed, the fact that this item could save Ling Sa really made him feel good, and the key was that it only cost 100,000 yuan, which made him even happier.

As he was thinking in his mind, Li Sheng on the side spoke up.

“Alright everyone, we’re about to come to the last lot, this time Yue Bu came over for it too!”

“Hmm? What is it?”

Lin Ran frowned slightly at his words and couldn’t help but look over.

Chapter 575

“What is that thing?”

Lin Ran frowned to himself.

He only saw that on the big screen, the beautiful host was holding a delicate wooden box, while inside the box was a small white stone lying quietly, looking no different from the white pebbles in the river gorge, very puffy.

“This object is an Earth Cold Stone, as we all know, deep underground is actually magma, while this Earth Cold Stone is an alternative, it is a cold stone that grows near magma, so it is extremely precious, this is the second time I have seen this stone in so many years!”

The beautiful host smiled as she introduced it.

“And I’m afraid many people are here for it this time, so I won’t talk too much here, the starting bid for the Earth Cold Stone is 30 million! Each bid increase is at least ten thousand!”

As the beautiful host’s voice fell, the entire auction hall completely exploded.

“Thirty-three million!”

“Thirty-seven million!”

“How dare you rob with me, Ghosthead Lee! I bid forty million dollars!”

“This item is mine! Forty-five million!”

“Shit! Bunch of lunatics, I’ll bid 50 million!”

In almost a few breaths, the original \$30 million Earth Cold Stone was speculated to \$50 million.

And once it exceeded fifty million, the crowd’s speed obviously slowed down, and many of them even showed disappointed expressions, clearly fifty million was already their limit.

“What exactly is the use of this Earth Cold Stone?”

Lin Ran asked in wonder.

“This Earth Cold Stone is Yin in nature and has the effect of meditating the mind, if you carry it around with you, it can increase your cultivation speed exponentially!”

On the side, Li Sheng blandly introduced it.

But it was such an ordinary sentence that caused Lin Ran’s heart to tremble as he heard it.

“An exponential increase in cultivation speed, this is simply an unparalleled cultivation treasure for cultivators!”

Imagine how terrifyingly his strength would increase if Lin Ran brought it with him, he simply dared not think about it.

“This thing must be bought!”

The decision was made in Lin Ran’s mind almost instantly.

“Kid right! It must be bought, if old me can swallow him, I’ll be able to recover at least half of my memories, and I’ll be able to recall half of what happened to Wang Kun!”

Pillow Book was busy saying, fortunately he was just a book, if it was a person I’m afraid the harrumphs would be flowing out at this point.

“Holy shit, you’re here to join the fun, no! I have to use this for cultivation!”

Lin Ran instantly refused.

“Are you stupid, I’ve said that I contain a small world inside, even if I swallow this thing, it will still have an effect on you!”

The pillow was busy explaining, this thing was just too attractive to it.

“Alright, alright, a whole lot of sophistry, let’s just wait until I get it!”

Lin Ran said helplessly, it was really too difficult for him, he had not been able to come across a good item, before this had arrived, the pillow side book had booked it away, this was really not even warming up his butt.

“Sixty million! Zero Thirty offers sixty million!”

Just as Lin Ran was thinking in his mind, the beautiful host over there was already quoting a new price, it was Yue Bu’s offer of sixty million dollars!

“Holy shit, this guy is absolutely crazy... \$60 million for a stone, isn’t this stupid!” :

On the side, Wang Yifeng couldn’t help but laugh, in his opinion, even if it could increase the cultivation speed exponentially, it wasn’t worth 60 million dollars, with 60 million dollars to buy something, he had to buy this!

“Seventy million!”

As he was thinking in his mind, Lin Ran on the other side also spoke up.

“Ranzi! You!”

Wang Yifeng and the others were instantly baffled. 70 million, this price is absolutely heavenly, although Lin Ran is rich but this price

.....

Inside another box.

“Humph! Fighting with me, you are also worthy!”

Yue Bu looked at the screen and laughed coldly, then rushed to the maid next to him and raised his hand, saying in a cold voice.

“Ninety million!”

“Ninety million! Zero Thirty bid ninety million, is there any higher!”

When the beautiful host’s voice rang out, the entire auction hall fell silent. 90 million, that’s 90 million, just add 10 million, that’s 100 million.

“As expected of the Yue family, even a thin camel is bigger than a horse!”

“Forget it, the Yue family is still the Yue family, it can’t be beaten!”

“Let’s wash up, what’s the point of playing!”

“Shit! This Yue family is really trenchant!”

A crowd of people chattered, not the least of which were those who couldn’t buy and cursed Yue Bu for not being something, no way human nature is like that!

“One hundred million! Nine forty two one bid one hundred million!”

Just when everyone thought the price would be set at ninety million, suddenly the beautiful host spoke up again.

“One hundred million! Holy shit it’s really over 100 million!”

“Now we’re in for a treat!”

“I’d love to know just how rich this Lin Ran is and if he can compete with a Yue family!”

Everyone else around them boiled over, and those who had originally wanted to leave straight away stopped at this point, and looked towards the beautiful host on stage.

“One hundred and thirty million dollars!”

Soon, the beautiful host spoke up again, and it was obviously Yue Bu who was bidding this time!

“One hundred and fifty million dollars!”

Lin Ran frowned slightly as he followed the offer.

Wang Yifeng sat on the sidelines, not saying a word and looking at Lin Ran nervously, wondering what the latter was thinking.

“One hundred and seventy million dollars!”

Yue Bu also seemed to have gone crazy and continued to raise his bid, he had prepared a full 300 million for this Earth Cold Stone, but of course this item was actually not worth that much, the actual value was only 70 to 80 million!

But it was too important to him, and not only to him, but to Lin Ran as well, which was why the current situation had arisen.

“Brother Lin Ran is in great need? Or else”

On the side, Li Sheng looked frowning, the first time he invited Lin Ran over and this situation arose, he was also a little uncomfortable in his heart.

No matter, each according to the strength, listen to the fate of God!

Lin Ran said indifferently, following which he took out from his pocket the meteorite iron that had not yet been sold, the very same one that he had bought from Li Xin.

“Brother Li Sheng, I wonder how much I can sell this meteorite iron for?”

Lin Ran asked directly.

“Around seventy million!”

Li Sheng didn't avoid it and said directly.

“Good! Then I'll sell it!”

Lin Ran didn't hesitate and said, looking directly at Xiao Li on one side and saying.

“Quote me three hundred million! Above that price, I abstain!”

Lin Ran's expression was bland, as if the person who ended up paying the money wasn't him at all.

“Three Three hundred million, Ranzi, you're crazy!”

Wang Yifeng listened with trepidation, three hundred million, if this money was used for other things, there would be any worries, but now it was just for a stone.

“I've got my own way!”

Lin Ran said indifferently, three hundred million was a lot, but if it was compared to Wang Kun's news, it was not much, after all, Lin Ran had worked so hard, all for the sake of finding Wang Kun and asking the truth about that year, and the money, he could always earn it again.

“Good!”

Seeing Lin Ran's firm attitude, Wang Yifeng stopped talking nonsense and just looked at him firmly.

“Brother Lin Ran, if it's not enough, I can help”

On the side, Luo Cheng spoke up, the Yue family was a big family, but their Luo family was no joke, and after all, Yue Bu was only a junior, how much money could he grasp, but he, Luo Cheng, was a veritable heir to the Luo family, and I'm afraid the money in his hand was not really inferior to Yue Bu.

"Thank you, brother Luo, for your kindness, no need! Three hundred million is my bottom line!"

Lin Ran said indifferently, if it was really more than three hundred million, then he would not be fighting for it, this was already his final bottom line.

Chapter 576

"Three hundred million? That bastard!"

Yue Bu's palms were clenched, and there was a cold aura in his eyes.

"I should have known that I had to just kill him earlier!"

"Gongzi! Or else I would have now."

On the side, Ghost Pearl's face was equally gloomy, three hundred million was already Yue Bu's bottom line, even just now he had a little less than three hundred million in his hand due to competing for the first two lots, but now Lin Ran was directly asking for three hundred million.

"No way! Absolutely not, to go now would be to seek death!"

Yue Bu forced down the anger in his heart, frowned and pondered for a moment, and then said.

"Sell some of my personal belongings to make up for the three hundred and ten million, if this guy is still with then let him go, we'll go out and kill people later!"

"Good!"

The ghost pearl nodded solemnly at his words and immediately ran off to negotiate with the staff for a while.

At this moment, the entire auction hall was completely silent, and when the beautiful host said "Nine forty-two one bid three hundred million", the entire auction hall was quiet, and it was dead silent.

"It's out! I'm out! Zero Thirty's bid is three hundred and ten million dollars!"

In the silence, the beautiful host spoke again.

And with these words, the audience could not help but gulp down their spittle, and cold sweat broke out on their faces.

"Three hundred and ten million dollars!"

"My goodness, is this still a human being?"

"Is this the difference? No wonder people can sit in the box!"

"It's still just the difference of sitting in the box, isn't that how the gap between our strength and theirs has been widened?"

A crowd of people were completely convinced, throwing away three hundred and ten million dollars for a piece of Earth Cold Stone, this price was afraid that it had already set a new price for the sale of Earth Cold Stones!

“Three hundred and ten million dollars for the first time!”

“Three hundred and ten million dollars for the second time!”

“Three hundred and ten million dollars for the third time!”

“Sold!”

As the beautiful host dropped the hammer, the entire auction hall immediately cheered.

While in the two boxes, Lin Ran and Yue Bu were in different moods.

“It’s finally over!”

Yue Bu leaned back in his chair and breathed a long sigh of relief, followed by a gloomy look on his face as he turned his head to look at the ghost pillar, who nodded in agreement and immediately put on his mask and left the auction room.

In the other compartment, Lin Ran likewise breathed a long sigh of relief, but with a helpless look on his face.

“One person against a clan, it’s really still a bit weak!”

Lin Ran was helpless, his entire family fortune plus the meteorite iron he had just sold was only three hundred million, but he still hadn’t sparred with Yue Bu, such was the deep heritage of a family.

“Brother Lin Ran!”

Luo Cheng was busy looking over and wanted to say something, but Lin Ran waved his hand and laughed.

“Forget it, it’s not destined for me, you can’t force it!”

“Kid, thank you!”

The pillow spoke up.

“Alright, you haven’t even bought a basket yet, there’s no need to say inciting words, I’ll collect them for you later when I have the chance!”

Lin Ran forced a smile, he didn’t want to hear any words of thanks from Pillow Book, flesh!

“You brat, I’ll take note of this book of friendship too!”

Pillow Book laughed helplessly.

.....

Once the auction was over, the items Lin Ran bought were quickly sent over, as for the money, it was deducted directly from the meteorite iron, and the money left over from the meteorite iron was given to Lin Ran in the end.

“Brother Li Sheng, I need a quiet room!”

Taking the only harvest, the Living Human Wood, Lin Ran spoke directly.

“Good!”

Li Sheng didn’t ask too many questions, and immediately arranged for a quiet room!

“Let’s go!”

Lin Ran turned his head to look at Ling Sa and greeted him.

“Go? Me?”

Ling Sa was stunned, and her pretty face instantly turned red.

“If it’s not you is it the air?”

Lin Ran said helplessly.

“Isn’t there something that can’t be said here? It has to go to the quiet room!”

Ling Sa was a bit hesitant, she was a girl after all, and this was a bit inconvenient for a lone man and a woman.

“Sister Ling Sa, go with confidence! Master Fatty we don’t know anything and we haven’t seen anything! You go ahead boldly, sister ha!”

Wang Yifeng laughed.

“Screw you!”

Ling Sa’s pretty face turned even redder.

“I’m taking you to the quiet room because I have something important to tell you!”

Lin Ran looked at the crowd helplessly and then said.

“Why are they all like you, they don’t know what’s going on in their heads all day long!”

“Huh? Right, anyway, Fat Master I didn’t see anything, not enough for you guys as soon as possible, an hour is enough, right, we’ll wait for you here!”

Wang Yifeng laughed.

That was his virtue, Lin Ran didn’t bother to take it into account, and immediately led Ling Sa towards the quiet room Li Sheng had arranged.

“In the end What is it!”

The two of them were the only ones here, and as a girl, there was still some squirming in her heart.

“I didn’t expect that you, the leading scholar of the Meihua School, would have such a shy side!”

Lin Ran couldn’t help but laugh at the situation.

“Say it! Stop being poor!”

Lin Ran said in shame.

“Fine, I’ll say it!”

Lin Jean smiled blandly and immediately took out the living wood and handed it over.

“Take it!”

“What are you doing? If you want to give a gift, can you also give something nice? Give a piece of wood, the mud skin is itchy!”

Looking at the living wood, Ling Sa pretended to be angry, before Lin Ran also wanted to give her a hairpin, her taste was quite good, how come this zinger changed to wood.

“You’re not suffering from a shock, silly!”

Linran said worriedly.

“What are you thinking! This is living wood!”

Lin Ran was helpless and handed the wood to her with one hand.

“This thing can save your life!”

“My life? What do you mean?”

Lin Ran wondered.

“Remember I said you had Red Cold Poison in your body, right? This thing can save your life!”

Lin Ran said.

“Really? Just this ordinary piece of wood?”

Lin Ran looked at it suspiciously, half-believing.

“Nonsense, when have I ever lied to you!”

Lin Ran helplessly gave her a blank look and followed.

“Time is running out, there’s definitely no way to save it today, when are you leaving Temperance City?”

Lin Ran asked.

“I’m leaving tonight, Master is in the next city on an errand, I just stopped by for a visit!”

Lin Ran said, but when she said this, her pretty face was red.

“Are you stopping by to see the auction, or are you stopping by to see someone!”

Lin Ran laughed at the situation.

“Bah! Who wants to see you, making a fool of yourself!”

Lin Ran’s pretty face reddened as well.

“Alright no more fooling around, tonight then, take this for now, let’s find a place tonight where I can help you heal!”

Lin Ran said solemnly.

“Okay!”

Lin Sha smiled and didn’t think much about it, she agreed right away.

After the two finished speaking, they walked straight out of the quiet room and then left the office building under the leadership of Li Sheng.

.....

When coming relaxed, leaving is somewhat complex mood, for the loss of the ground cold stone, Lin Ran heart is still some regret, after all, as long as get this thing, he cite Wang Kun is one step closer, but it is this step, but let him fight to pour out his family have not been able to arrive.

“Still too poor ah!”

Standing in front of the office building, Lin Ran could not help but sigh.

“All right, don’t lament hurry up and get in the car!”

Wang Yifeng sat in this car to greet, at this time Luo Cheng had also gotten into the car, just him.

“Brother Li Sheng, this is goodbye, see you later!”

Lin Ran smiled at Li Sheng and arched his hand, then turned around and was about to leave.

But the moment Lin Ran turned around, an icy killing intent immediately made the pores of his entire body shrink, while a voice rang out in his head.

“Kid, be careful! That man is coming!”

Chapter 577

Hearing these words, Lin Ran immediately understood in his mind who it was, and I was afraid that the only person who had such a conflict with him, even going so far as to sneakily assassinate himself right outside the office building, was someone from the Yue family.

“Good timing!”

Lin Ran’s face instantly sank, having lost the Earth Cold Stone before had made him feel this angry in his heart, and now he could just find an opportunity to vent it out.

“Be careful, Ranzi!”

Wang Yifeng was the first to react, opening the car door and rushing down, but his speed was too slow, almost as soon as his palm was on the handlebars, the man in black had already reached Lin Ran.

“Li Sheng dodge!”

Lin Ran responded to the change with a fierce push of his palm, pushing Li Sheng out of the way, followed by a spin in place himself, narrowly avoiding the man in black’s palm.

When the man in black saw that his blow had missed, he turned around and struck again, and this time he struck Lin Ran horizontally in the face, clearly not holding back his hand.

Lin Ran even faintly saw a cold ray of light in his opponent’s palm, and when he looked at it, it was actually a silver needle with a fiery red tip.

“What a malicious heart!”

When Lin Ran saw this, killing intent also appeared in his eyes, and his palm was in the form of a knife as he slashed directly at the other party’s wrist.

The man in black was fast, but Lin Ran’s speed was even faster. Although he was only at the Realm of Qi, his True Qi of the Medical Dao was truly incomparable, and it was not even an exaggeration to say that if one looked around the world, there were only a handful of people who could match Lin Ran’s True Qi.

After all, his Medical Dao True Qi was inherited from the Nine Heavenly Mystic Maidens, and to achieve this level of True Qi, one would have to be at least at the level of an old immortal to be able to do so, and there was no hope for ordinary people.

“What terrifying strength!”

Lin Ran’s reaction and comeback caused a great shock in the black clothed man’s heart, he asked himself that his own strength was so great that even when he faced an opponent with even higher strength than Lin Ran he would have the chance to kill him with a single blow, but at this moment when he really faced Lin Ran, he realised how demonic this kid was.

“One more try!”

The man in black put his heart on the line, his entire body exploded with all his strength and rushed forward, at the same time he flung his palm, the silver needles in his hand immediately stabbed at Lin Ran.

“A thief’s heart won’t die, just you!”

Lin Ran’s face was indifferent, his eyes fiercely narrowed slightly, and he moved after him.

The two figures collided together quickly, almost staggeringly fast.

Luo Cheng didn’t even see anything, only seeing the two charging in one direction, followed by splitting up again.

And Wang Yifeng could just make out the two exchanging several blows as they collided.

“This strength of Brother Lin Ran! I really didn’t look away!”

Next to him, Li Sheng watched with genuine excitement and envy in his eyes.

He was proficient in martial arts, but he had never been favoured to cultivate martial true qi, and this was the thing he was most upset about.

But when faced with many people who had entered the Dao with Feng Shui, it was impossible to say that he did not have envy in his heart.

“You can’t rush, Feng Shui is the most common and the lowest achievement, you can’t rush! You must be patient!”

Li Sheng admonished himself, if he also practiced Feng Shui, I believe he would have been able to enter the path with Feng Shui, but his ancestor had warned him again and again that it was too difficult to improve the path with Feng Shui, and if he did not have to, he should stick to martial arts, which was the best choice.

But he didn’t know that all the paths under the sun are the same, and there is no distinction between the strong and the weak, but always the practitioner himself.

“Brother Lin Ran should also be using Feng Shui to enter the path!”

Li Sheng thought to himself, and it was no wonder he thought so, after all, he had never told anyone about Lin Ran’s Medical Dao True Qi, and only he and his pillow book knew about it so far.

The true qi of the medical dao enters the dao with the medical art, as the pillow side book said, it is a diamond in the rough, carrying the jade, cannot tell anyone.

.....

“Bang!”

The matter is said to be short, the book is said to be long, it seems like a long time, but in fact it is only an instant.

The moment the two collided, they were already separated.

The only thing that happened was that a cold ray of light flew through the air with a whoosh, and finally hit a black Hummer business car with a bang.

“Is that all the Yue family is capable of? I think it’s better to let Yue Shan come over personally!”

Lin Ran said indifferently, while slowly turning around.

“You have the capital to be proud!”

The man in black glanced back at Lin Ran, followed by turning his head and running, he had already been seriously injured from the clash just now, if he continued to fight, not to mention killing Lin Ran, it was questionable whether he would still be alive.

“I finally understand why Elder Yue Shan doesn’t allow him to be messed with, this is simply a monster, a supreme demon!”

The man in black regretted in his heart, fortunately he was masked at this moment, if the other party had seen his face, then I'm afraid there would be no place for him in the entire Feng Shui world in the future.

"You want to leave if you can't beat him? You're taking yourself too seriously!"

Lin Ran's eyes flinched as he followed and rushed forward.

"Gongzi!"

The man in black froze in his heart at the sight, he was no match for Lin Ran, if he caught up with him, then where would he be alive.

"Open the door!"

On the black Hummer, Yue Bu's face was grim and his fists were clenched tightly as he scolded.

"Yes! Young master!"

Someone next to him immediately said respectfully, while opening the car door, trying to fetch the man in black in.

However, they were somewhat alert and blocked Yue Bu out when they opened the car door, not letting the crowd see who the killer behind the curtain really was.

"There's no silver bullet here!"

Lin Ran said disdainfully, following an arrow step to directly catch up with the man in black and without saying a word grabbed him directly on the shoulder.

"Let go!"

The man in black was shocked and raised his hand to break free from Lin Ran's arm.

But it was already too late!

Lin Ran's hands lifted the man in black up and spun him out with a whoosh, smashing him into the Hummer in front of him.

"Bang!"

"Ka-ching!"

The man in black's head went straight through the glass, and his whole body went through the window, with only his two feet still exposed.

"Drive!"

Inside the car, Yue Bu looked at the ghostly beads whose head had come just close to his own, gritting his teeth in anger and saying angrily.

"Yes It's the young master!"

The others were too frightened to make a sound and hurriedly started the car.

And as soon as the car started, a voice came from outside.

“Take your dog and get lost! Next time you let me run into you, smash your dog’s head in!”

“Bastard!”

Yue Bu was furious and roared in anger.

“Good for you Lin Ran, you wait for me, if this revenge is not retaliated I will be called Yue Bu!”

.....

“Ranzi, are you alright!”

“Lin Ran!”

Yue Bu’s car left in a hurry before Wang Yifeng and the others arrived late.

“It’s fine, I got used to it a long time ago!”

Lin Ran smiled blandly, but Li Sheng, who was on the side, reminded.

“Brother Lin Ran, Yue Bu is a very vindictive person, you have to take precautions just in case!”

“Understood!”

Lin Ran smiled at his words and nodded his head, very vindictive? He was also very vindictive, he was worried that he wouldn’t come!

Chapter 578

After bidding farewell to Li Sheng, Lin Ran got into the car again with Ling Sa.

However, the four of them did not return directly to the clinic, and when the car was halfway down the road, Lin Ran and Ling Sa got out of the car.

“Hey! Rangzi, you’re not mean enough, you’re leaving your brother behind after just meeting him!”

In the car, Wang Yifeng said with great displeasure.

“We have business to attend to, so if you send Brother Luo home, go back on your own first!”

Lin Ran returned.

“Business? You can forget it, stopping in front of the hotel, what business can there be!”

Wang Yifeng gave him a blank look and followed.

“I am at least your brother, you can’t be so heartless, can you even give me a big health care in a room?”

“Fuck off! If you don’t say anything, I’ll smack you!”

Lin Ran was speechless, whenever this fatty could think of a big health care, he would always argue, just like before, when he saw a beautiful woman and a good meal, he couldn’t go away.

“Yes! You are cruel, fat master I go back to find Xiao Cui still can not, but you yourself also be careful, after all, today is a special day, if you are late, do not go back, or I am afraid that you get beaten up!”

Wang Yifang brightly laughed, followed by the car and left the place.

“Today is a special day? What do you mean?”

Lin Ran wondered, thinking carefully it didn’t seem like there was any holiday today, it had only just been a short time since the New Year.

“Forget it!”

Unable to figure it out, Lin Ran didn’t bother to think about it, and took Ling Sa straight to the nearest four-star hotel.

“You go get a room, I’m going to use the washroom!”

Ling Sa greeted, but as soon as the words left her mouth, her pretty face instantly turned red, a room? How could one say such words, it was simply humiliating.

“Eh!”

Lin Ran was also embarrassed to hear that, although there was nothing wrong with that, but the word open room would make people think and float.

“Hey hey! Brother, can you give way?”

Just as Lin Ran was patiently queuing up, suddenly a large fat young man squeezed over from behind and said with a smile.

“Give way? Are you in a hurry?”

Lin Ran looked at the other party a bit puzzled, how could there be a need to give way for a room.

“How many people are you looking at, you don’t know this day today, I forgot to book it in advance, it’s up to you if you can hit a home run tonight!”

The fat man said, looking quite amused.

“Fine! But you have to tell me what day it is?”

Lin Ran saw that this fatty was quite funny, so he let him stand in front of him and asked at the same time.

“Holy shit! Bro you don’t know what day it is? Then you come and get a room!”

The fatty burst out laughing and pointed to a group of beautiful women next to him, laughing.

“It’s Valentine’s Day!”

“Valentine’s Day? Isn’t that the seventh of July!”

Lin Ran wondered, it was only just after the New Year, where was Valentine’s Day!

“You silly boy, this is the Western Valentine’s Day!”

The fat young man said helplessly, the same gaze glanced at Lin Ran's body, and only then did he notice how grounded the clothes this guy was wearing were.

Still, Lin Ran giving him a seat made him feel somewhat better and said with a smile.

"You're here to book a room for your boss, aren't you? I'm telling you, never mind that it's Valentine's Day, it's a gimmick, and the most important thing is you know what it is?"

"What is it?"

Lin Ran asked with a confused look, he really didn't know anything about such things.

He was poor in college, and for those few anniversaries that Zhao Yu had mentioned, he was so busy all over the place, working part-time to earn money, that he had never remembered exactly what all the holidays were.

The most crucial thing is that he was still a poor man in college, and a poor man on holidays? Don't be ridiculous, it's a blessing from God to be able to put food on the table.

"The most important thing on Valentine's Day is to take a girl to a room, of course!"

The fat man laughed, while pointing to a tall, revealingly dressed, sultry and caressing woman on the sofa next to him, laughing.

"How's that, that's who buddy is hitting a home run with tonight, beautiful isn't it!"

"Eh! It's pretty!"

Lin Ran couldn't help but gulp, he couldn't help but blush a little at the sight of him.

"Hey hey! I think you're a nice guy, it's such an important holiday, don't just think about working for your boss, you have to think about yourself too!"

Said the fat young man, taking out a pink box from his pocket and handing it to Lin Ran, laughing in a low voice.

"The latest model, later on, give yourself a chance to relax and have some fun too! It's not easy for a man to walk around in the world, don't treat your penis badly either!"

"Huh?"

Lin Ran was even more confused, it's not easy for a man to walk around in the world, so don't treat your penis badly.

With this in mind, Lin Ran immediately took the pink box out to take a closer look, but after just one look his whole body froze.

"..."

"Brother this"

Lin Ran said and was about to return the item, however, by no coincidence, just at that moment, Ling Sa was returning from the bathroom.

“What is this?”

From a great distance, Ling Sa saw the thing in Lin Ran’s hand and couldn’t help but wonder.

“Er It’s chewing gum, chewing gum!”

Lin Ran smiled awkwardly and instantly stuffed the box into his pocket to pretend to be calm.

“Chewing gum? Give me one of those then!”

Lin Ran said discontentedly, this guy didn’t give himself a little share even if he had something delicious, he was simply withholding the dregs.

“Eh! I’ll give it to you later when we get to the room, it’s inconvenient with all the people now!”

Lin Ran laughed awkwardly, his forehead was sweating, growing up, it was the first time he had carried this on his body, it was simply as uncomfortable as it could be.

At this moment, the fatty at the side had already looked stunned, saliva was flowing down the corners of his mouth, he could not easily regain his senses and hurriedly approached Lin Ran and asked.

“Brother! This This is your girlfriend?”

“Yeah, what’s wrong?”

Lin Ran asked with a nod.

“Holy shit! I’m convinced! Dude you’re a this!”

Fatty said and gave a thumbs up, while looking back at his own dish on the sofa, with that bitterness in his heart!

Although his dish was very flirtatious, but when compared to the Lindsay in front of him, it was like a heaven and a earth, one was a fairy while the other was a rouge.

“God is so unfair, this kid is stupid, but he can find such a beautiful girlfriend, damn it! I won’t live!”

Fatty wanted to cry, especially when he thought that tonight, this stupid kid was going to get such a beautiful beauty in front of him, he felt his heart pounding!

“What a rush to be a nice guy with nothing to do!”

The more the fatty thought about it, the more he felt suffocated, and his eyes almost didn’t hold back the tears.

....

Lin Ran naturally had no idea about this, because at this moment, he had already opened the room and walked up with Ling Sa.

But he was not relaxed either, touching the pink box in his pocket, his heart was in his throat, all the way looking for when he could drop this thing, mainly because if it was really discovered by Ling Sa, then he was afraid that he would really be unable to jump into the yellow river to wash it.

Chapter 579

“Hey! Can you walk faster, why are you dawdling behind!”

Lindsay couldn't help but urge as she went upstairs.

“Fine, I'll be right there!”

Lin Ran was dawdling at the back while looking for a suitable place where he could drop this pink box, but after turning several corners in a row, he couldn't find a suitable place, which made him feel confused.

“That, Lindsay, are you thirsty? Or should I go and buy some water?”

Lin Ran asked, scratching his head and smiling.

“No, I'm not thirsty!”

Ling Sa gave him a suspicious look before asking.

“Is there something you're hiding from me?”

“No! What could I have going on!”

Lin Ran pretended to smile calmly.

“Really nothing?”

Lin Lin's eyes narrowed slightly, looking at him as if she was looking at a thief.

“Of course not, how could I possibly have something to hide from you!”

Lin Ran laughed awkwardly.

“Why are you nervous if you don't have something to hide from me!”

Lin Ran asked with a smile and a flirtatious look in her eyes.

“Is there? Am I nervous?”

“Nonsense! The hotels all have water boiling facilities inside and they all have mineral water too, even if you don't want the ones inside your room, you can call the front desk and have them send fresh ones, why do you have to go down and buy them yourself!”

Lindsay questioned.

“I I'm not afraid that someone else will do something to it!”

Lin Ran said awkwardly, while hastily digressing from the topic.

“Well, since you're not thirsty, we'd better hurry up!”

With that, Lin Ran took the lead and walked towards the room he had booked.

My god, is this nee-san Sherlock Holmes? Why is she so sensitive, damn it looks like we'll just have to find a chance!

The first thing that happened was that he was quick to improvise, if the conversation had gone on, he would have been exposed.

.....

The two of them walked towards their rooms, along the way many guests were looking for their rooms, Valentine's Day cannot be said to be a good holiday, even places like hotels are actually full, even most of them are young men and women.

"What's going on here? Why are there so many young couples!"

Ling Sa also looked puzzled, she is not any Valentine's Day, as a cultivator, her eyes only cultivation is the sect, the only holiday she knows, I'm afraid, is the Spring Festival, let alone this kind of Western what Valentine's Day.

"Alright go in!"

When he came to the room, Lin Ran was busy greeting Ling Sa as she entered, and then said.

"You go to the sofa first, take out the living wood, I'll clean up the room!"

When he said tidy up, Lin Ran actually just wanted to hurry up and get rid of this box on his body, staying on his body was a time bomb that he couldn't let go of.

"Tidy up? What's there to pack, I'm in a hurry you hurry, let's start straight away!"

Ling Sa urged, which caused Lin Ran to feel helpless for a while and he was busy saying.

"That, at least put the curtains up, later on, to expel the red cold poison from your body, it is also necessary to reveal your back, if others see it, I am afraid it is not good!"

The curtains were closed with a loud "sting" as Lin Ran was about to pull the curtains, but Ling Sa was quick with her eyes and hands, and with a flaming red whip in her palm, the curtains closed with a direct "sting".

"This"

Lin Ran was dumbfounded, only to hear Ling Sa laugh next to him.

"Don't try to play any tricks, honestly see the doctor, if you dare to try to do anything wrong, this lady will waste you with a whip!"

"Huh?"

Lin Ran smiled and said helplessly.

"Hey! You're not right, who said before that it would be mine sooner or later anyway, so you shouldn't object even if I want to commit misconduct!"

“Bah! Shame on you, even if this lady agrees with you that you said that, it depends on when this lady is willing to give it to you, obviously now I’m not willing, so just give up your heart!”

Lingsha would dislike.

“Yes! You’re great, can’t I still see the doctor!”

Lin Ran was helpless, since he didn’t have the chance to throw away this box of “bombs”, he could just take it with him for the time being, anyway, after he had seen the doctor, this girl would just leave, so as long as he was careful, he thought it would be no big deal.

When he came to the sofa, Lin Ran handed the blanket to her directly, and at the same time, he was ready to ask for a drop of essence blood, so that the living wood could possess her breath first.

However, just as he walked over, before he could open his mouth, a strong fishy smell suddenly came over, causing Lin Ran to gag for a while.

“Holy shit! Where did this fishy smell come from!”

“Fishy smell? Does it?”

Lin Ran’s pretty face flushed at his words, and his demeanor looked a little less than natural.

“You don’t smell it? The smell is so strong, hurry up and find out what it is!”

Lin Ran covered his nose and searched back and forth, but Ling Sa, who was sitting on the sofa, was not calm and covered her legs with a blanket while coughing.

“Ahem! I can’t smell that one, or else you should hurry up and heal me!”

“You can’t even smell this?”

Lin Ran was also helpless, the smell was obviously huge, how come this nee-san couldn’t smell it?

“I really can’t smell it!”

Lin Ran frowned and said.

“But the smell is really big!”

Undeterred, Lin Ran still followed the source of the smell and searched over, and was getting closer and closer to Ling Sa.

Seeing that the city was also anxious, Ling Sa was busy saying.

“Oops, it’s just a fishy smell, is it that important, I’m in a hurry you hurry up and see the doctor ok!”

“But this fishy smell I really”

Lin Ran was busy retorting, but following that he found the source and was busy saying.

“Hey hey, I found it, it’s”

“What?”

Hearing Lin Ran say that he had found it, Ling Sa was also anxious, closing her eyes and speaking almost simultaneously with Lin Ran.

“Oops stop looking, I’m having my period!”

“It’s it! It’s the living ……… Wood.”

Lin Ran dragged out this last word for a long time before he said it, after he finished, he stole a glance at Ling Sa, who also stole a glance at him, both of them blushing, the whole atmosphere in the room was awkward to the extreme.

“That, give me a drop of essence blood!”

After a while, Lin Ran busily changed the subject and said, as long as he got a drop of Ling Sa’s essence blood on the Living Wood, he could start helping her eliminate the Red Cold Poison from her body.

Hearing this, Ling Sa’s pretty face flushed and she lowered her head and whispered.

“Then you go to your room first!”

“Go to your room?”

Lin Ran smiled and wondered, what did he need the essence blood for to go to his room?

“What’s the point of going to the room, wouldn’t it be good for you to give it to me directly?”

Lin Ran asked.

“You!”

Lin Ran smiled and her pretty face turned even redder as she chided in a low voice.

“You’re shameless!”

“How am I being shameless again, I just want a drop of essence blood, is that wrong too?”

Lin Ran said helplessly.

“You!”

Lingya’s pretty face was so red that it reached the base of her neck, seeing how shameless this guy was, she could only open her mouth to scold him.

“If you don’t go to the room, how am I going to get your scripture blood, do I have to take off my trousers in front of you!”

“Take off your trousers for what? I just want a drop of sperm ……”

Before Lin Ran could finish a sentence, it suddenly dawned on him.

“Hey! Missy, what I want is essence blood, essence of essence, not that menstrual blood you’re talking about!”

Lin Ran said speechlessly.

“You!”

Lin Sha’s pretty face turned red in shame as she looked at Lin Ran for half a day without uttering a word.

Seeing this, Lin Ran laughed awkwardly and changed the subject.

“That’s fine, who made our culture vast and profound, you’d better hurry up and give me the essence blood!”

Chapter 580

“Stinking rogue!”

Lindsay scolded in shame and anger with a red face, while a drop of essence blood surfaced with a slip of her palm.

“Drop it on this!”

Lin Ran busily greeted as he took the living wood next to him.

Lin Ran nodded and instantly dripped the essence blood onto it.

“Weng!”

As this drop of essence blood landed on the living wood, the originally lush living wood immediately trembled slightly, followed by an unknown flower actually growing out of it.

“Holy shit! Why are there flowers growing!”

Lin Ran looked stunned, and even Lindsay, who was next to him, asked in surprise.

“What’s going on here?”

“This is the living wood growing flowers, it means that this little girlfriend of yours has a very good physique, even the blood in her body is of a superior quality, that’s why the living wood is growing flowers, if the essence blood of a dying person fell on it instead, the living wood would wither along with it, in a sense, the condition of this living wood can completely mirror the state of one’s life breath!”

The pillow book’s voice rang out in Lin Ran’s mind.

“Holy shit is it that amazing?”

Lin Ran couldn’t help but exclaim in admiration, following up with an explanation to Ling Sa.

“So powerful!”

Ling Sa was also taken aback at his words.

“Alright, I’ll start detoxifying you now, you Put the clothes”

Lin Ran said awkwardly.

Lindsay’s pretty face also reddened at his words and she whispered.

“No peeking or your eyes will be gouged out for you!”

“No looking! Promise not to look, it will be mine sooner or later anyway, there’s no rush for this moment!”

Lin Ran laughed awkwardly.

“Bah! Stinking rascal!”

Lin Ran scolded, while lifting her clothes up, revealing a large area of snowy whiteness.

“Goo dong!”

Lin Ran couldn’t help but swallow, his gaze quickly landing on the patch on his spine with the yin and yang pattern, where he had blocked out all the toxins last time.

“Well?”

Lingsha asked nervously, her mood had not been easy since she had learned that she had a severe poison in her body.

“It’s fine, nothing has changed from last time, it seems the other party hasn’t noticed either!”

Lin Ran said, at the same time bringing the living wood with the raw flowers over and gently placing it behind Ling Sa.

“I’m going to start now then, so bear with me!”

Lin Ran reminded, and when he saw Ling Sa nodding, he immediately took out a silver needle.

It was a very long silver needle, and under normal circumstances Lin Ran wouldn’t have used it at all, but at this moment, it was the only one that was needed to detoxify Ling Sa.

The silver needle was twice as long as an ordinary ninth-grade silver needle, and when Lin Ran held it in his hand, a wisp of white smoke came out from it.

Afterwards, Lin Ran even attached a strand of true qi to the surface of the silver needle before aiming it at the middle of the Yin-Yang diagram and stabbing it in.

“Ah!”

The moment the silver needle fell, Lin Ran screamed out in pain, while her face instantly turned pale and beads of sweat emerged.

“Hang in there, it’ll be quick!”

Lin Ran’s face was serious as he quickly stabbed the silver needles deeper, and soon the long silver needles were left with less than two centimeters exposed.

And as Lin Ran took his palm away, soon two striking liquids, one red and one white, flowed out along the silver needles, with some blood mixed in.

“Bared and bared.”

The two coloured liquids landed on the living wood, and a series of ear-piercing sounds like acid corrosion were immediately emitted.

At the same time, the originally lush and thick living wood actually began to change, with one side of it directly turning into charcoal, while the other side had a layer of ice crystals appear.

“Well?”

Lindsay gasped, her forehead and neck all covered in sweat, clearly this detoxification was not easy for her.

“Hold on a little longer, it will be ready soon!”

Lin Ran reminded as he stared at the silver needles.

The red cold poison continued to fall on the living wood along with the silver needles for a good ten minutes before the taiji diagram behind Lin Ran’s back began to grow dim.

And then it was another half an hour before the entire Taiji pattern completely disappeared.

“Alright! Don’t move yet, I’ll take out the silver needles!”

Lin Ran reminded, quickly setting the living wood aside and raising his hand to take out the silver needles.

“Whew!”

As the silver needles were removed, Lin Ran breathed a long sigh of relief, her entire body at this moment was drenched in sweat.

“Well?”

Ling Sa couldn’t think of anything else and hurriedly turned her head to look and check, and with just one look, her entire body froze.

Only to see the original lush living wood, now completely changed, one side of it smoldering with flames inside all charred, while the other side was completely covered with ice crystals, could not even see what was going on inside.

“Hmm? Why has it changed again!”

Suddenly, Lindsay noticed that the flames and ice crystals on the living wood were rapidly disappearing and being replaced by a green colour again, even as flowers and leaves were growing again.

“There, it’s done!”

Lin Ran picked up the living wood and handed it to Ling Sa.

“This toxin will have nothing to do with you from now on, you should thank it, after all, it’s the one that gave you a chance to be reborn!”

“Yes!”

Holding the living wood, Ling Sa also felt a sigh of relief, she didn’t expect that the one who finally fought off this poison for her would be a wood that others thought was a potted plant, thinking about it really felt ridiculous.

“It’s for you!”

Ling Sa looked at it for a while, and handed the living wood back again.

“Give it to me? Give it to me for what?”

Lin Ran wondered, it was completely useless to ask for this item himself.

“You said what for! It mirrors me, watch it for me, if I’m in danger, you’re the first to come and save me!”

Lindsay said in a playful and sassy way.

“Eh! Fine!”

Lin Ran was also helpless, smiled and put it away, said so, but if Ling Sa really encountered danger, even if the living wood could sense it, it would not help, after all, when it really came to that time, who knew where she was and what enemies she was facing, saying this was just to make Lin Ran care more about her.

“Well, things are done, and you can leave”

Lin Ran breathed a sigh of relief and stood up from the sofa while saying.

But before he could finish his sentence, he heard a “Bang!” There was a muffled sound, followed by a pink box that actually fell out of his pocket and landed right on the ground next to Lin Ran’s feet.

“What is this?”

Ling Sa wondered, and reached out to pick it up. Lin Ran was shocked at the sight and shouted.

“Don’t! Don’t look, this thing is poisonous!”

“Poisonous? What the hell?”

How could Linran believe it, bending down and picking the thing up, following which her eyes fell on it.

“What is it?”

Lingza looked at it in wonder while turning the box over to the front, only to see a few words written in large letters on it.

“Ling Sa listen to my explanation, things are not what you think!”

Lin Ran saw this and slapped his head and immediately spoke, however at this point it was already too late to say this.

“Lin Ran! You’re actually carrying this kind of thing, you’re a rogue bastard, a perverted pervert, are there any monkeys like you!”

Ling Sa was so angry that her pretty face turned red, she copied the box and smashed it at Lin Ran.
