

Wonder Doctor

Chapter 591

“Li Jiang? How come it’s that old bastard again!”

Wang Yifeng couldn’t help but say angrily when he heard the name.

Lin Ran, however, frowned slightly and spoke.

“He’s just a lapdog, the one who’s really looking for Qin Bing should be Yue Bu!”

“Yue Bu? What is he doing looking for Qin Bing

Wang Yifeng didn’t finish his sentence, followed by himself and stopped, because he thought of a point himself, that is, Yue Bu and Qin Bing both seemed to come from the imperial capital.

“Holy shit! Rangzi, Qin Bing wouldn’t know Yue Bu and have some kind of doll marriage, right, shit, you’re crossing someone else’s wife!”

“Young woman seduction, my cao, you play quite fancy!!!”

“Go away, what the hell are you talking about!”

Lin Ran helplessly glared at Wang Yifei, followed by a cold voice as he looked at Chen Tong at the side.

“Where’s your boss?”

“At At the Golden Gate Golden Gate Clubhouse!”

Chen Tong said in a low voice.

“Are you sure? The fucking old man is in his 60s and 70s, and he’s still going to the clubhouse? Aren’t you afraid of folding yourself in?”

Wang Yifeng expressed his disbelief.

Chen Tong was busy saying.

“It’s true, our boss’s wife died early, he goes to the Golden Gate Club almost every night, it’s already an injustice!”

“Take us there!”

Lin Ran looked at him and said blandly.

“Me? No no!”

Chen Tong immediately shook his head and said busily.

“If I take you guys there, he’ll kill me, I’ve already told you the place, can’t you go by yourselves!”

If Li Jiang found out about this, I’m afraid he wouldn’t be able to get along in Tanjiang City, and he might even be caught by him if he ran away to a foreign country, he wouldn’t dare to do this if he had a hundred guts.

“Don’t bring it? I’ll kill you right now. You can choose between dying now and dying later.”

Lin Ran said indifferently, while fetching a dagger from his pocket and polishing it.

The dagger was glowing with a cold light, and even though it was nighttime at the moment, when it was illuminated by the streetlight, it was still bursting with coldness. Chen Tong had no doubt that if this dagger was stabbed into his chest, I was afraid that he would have to die immediately without even having a chance to struggle.

“Goo dong!”

Chen Tong couldn’t help but swallow his spit and said with a gulp of his teeth.

“I I can take you guys there, but you You can’t tell me off, or I’d rather die now!”

“Yes!”

Lin Ran nodded his head in agreement and followed, then threw Chen Tong into the car, followed by Wang Yifeng with him.

.....

Wang Yiming drove, while Lin Ran sat in the back with Chen Tong, this guy’s car had a hole smashed by Wang Yiming, and it was naturally necessary for him to plug the hole in the cold night, so Lin Ran sat in the back with him.

The Golden Gate Club is an extremely famous nightclub in Tamagawa City. Although Tamagawa City has been fighting pornography and illegal activities for many years, this place has always been very safe, no way, only because of one thing, this Golden Gate Club is very difficult to enter, the average rich people can only see the most furtive things inside.

Some of the things that only really go wrong are done very covertly, so even if something goes wrong, it has nothing to do with the Golden Gate Club, which is what has allowed it to stand in Tanjiang City for so long.

But Lin Ran knew in his heart that any improper business would not be able to escape the law, it was only a matter of time, and he believed that Song Yujiang would not stand by and watch the Golden Gate Club do whatever he wanted.

When they arrived at the Golden Gate Club, under the leadership of Chen Tong, Lin Ran and the two of them entered it smoothly, and along the way, Lin Ran and the two of them realized how high the threshold of this Golden Gate Club was.

To become an ordinary member here, all required a registration fee of one million, while the price for more advanced ones was even tens of millions.

“This place is really a vault of gold!”

The two of them, Lin Ran, couldn’t help but exclaim.

And although the journey was very tedious with Chen Tong leading the way, it was good to see that they still made it to the third floor without any problems.

“It’s right inside, our boss is only a silver card member here too, so he can only come to the third floor at most!”

Chen Tong said as he pointed to the door of the room next to him.

“Go and knock on the door!”

Lin Ran gestured.

“You promised me that you would let me go when we arrived”

Chen Tong was busy saying, wouldn’t he be exposed if he knocked on the door.

“I want to see him with my own eyes!”

Lin Ran spoke.

“You!”

Chen Tong’s face looked ugly at his words, but he had no choice but to do as he was told.

“Knock, knock, knock!”

“Who is it?”

A cold rebuke came from inside, clearly not Li Jiang’s voice.

“It’s It’s me, Chen Tong!”

Chen Tong said busily.

“Brother Chen, why are you here so late, the boss is ”

The person inside seemed to know Chen Tong well and opened the door to the room with a smile, but he was greeted by Lin Ran’s iron rope-like arm.

“You!”

His neck was instantly strangled by Lin Ran, and the other man couldn’t even utter a shout.

“Be honest if you don’t want to die!”

Lin Ran said in a cold voice.

The other party nodded heavily, and only then did Lin Ran continue.

“Where is Li Jiang?”

The other party sniffed and pointed inside, and when Lin Ran saw this, a smile appeared on the corners of his mouth, followed by a forceful hand, directly choking the other party into unconsciousness.

“Now I can go!”

Chen Tong said busily.

“I don’t want to repeat myself, I want to see him with my own eyes!”

Lin Ran said in a cold voice, following which he pulled Chen Tong with one hand and followed him in.

The entire room was very elegantly decorated, brilliant in fact, the key was that this was only the third floor, Lin Ran really didn't dare to look like what the inside of the floors above would be decorated like.

The room was empty except for one of his men who had just been choked unconscious by Lin Ran, when the three of them walked in, only then did they see, the situation inside.

The bedside table and other decorations were all European-style architecture, very elegant and noble.

And at this moment, on the side, there were three or four beautiful women wrapping their bodies in bath towels, constantly massaging on Li Jiang's body, while the old guy was lying on the bed, already sleeping with enjoyment, snoring loudly.

"Hm?"

The three or four service beauties were all stunned when they saw the three Lin Ran enter, but when they saw Chen Tong, they all relaxed again, obviously having seen this guy before.

"Shhh!"

Lin Ran made a no-sound gesture at the few people, then pointed at the room door, and the service beauties instantly understood, each one walking out in a good manner.

"Fatty, go and wake him up!"

Lin Ran said, while locking the room door behind him.

"Alright!"

Wang Yifeng smiled and followed, picking up Li Jiang's belt from the side and walking over with a single step.

"I ..."

Chen Tong still wanted to slip away, but Lin Ran glared at him and pointed to the wardrobe next to him, gesturing for him to go in.

"You!"

Chen Tong had no choice but to follow Lin Ran's instructions and get into the wardrobe.

Lin Ran unlocked the door to the room and put the key directly into his pocket to prevent Chen Tong from escaping, before walking over towards Li Jiang.

"Hm?"

After half a day without a massage, Li Jiang couldn't help but wake up and shouted as he flopped onto the bed.

"What are you doing! Keep pressing, old man I haven't enjoyed it yet, keep massaging old man with your soft little hands! Fuck, the pussies at Golden Gate Club are really watery, if not for my insufficient membership level, I would really like to pull two of them to try!"

Chapter 592

When Wang Yifeng heard this, he laughed and picked up the leather shoe in his hand and “snapped” at Li Jiang’s back, immediately a bloody mark appeared, and at the same time Li Jiang cursed.

“Damn you, who! You’re looking for death, aren’t you?”

Li Jiang said turned around, but when he saw that there was not a beautiful woman behind him, replaced by a fat beaten face, the whole person froze.

“You Who are you! How come you’re here!”

“Who am I? I’m your fat master!”

Wang Yifeng laughed heatedly, followed by copying the leather shoes in his hand and gave a greeting, hitting Li Jiang half a day.

“Pah!”

A leather shoe knocked Li Jiang off the bed, Wang Yifeng then threw the leather shoe in his hand to the side and laughed.

“Old man, is it cool? Fat Master, I don’t have soft, boneless little hands, just a leather shoe! Still want it?”

“You You guys! How did you guys get in here!”

Li Jiang was as scared as death and hid behind the bed, looking at the two men warily.

“The door was unlocked, so we came in!”

Lin Ran said blandly.

“Bullshit! I have a man at the door, if you guys came in, how could there be no movement at all!”

Li Jiang said angrily, with resentment in his eyes, if he had known his men were so useless, he would have arranged for more of them.

“Old bastard, don’t talk nonsense here, believe it or not, I’ll sit on your ass and kill you!”

Wang Yifeng said impatiently, they hadn’t come all the way from the clinic to follow the old man and nag him about his family.

“Li Jiang, what are you looking for Qin Bing for!”

Lin Ran asked blandly, looking at Li Jiang.

Li Jiang’s face visibly paled at his words, and his gaze even flickered a little as he hesitated for a moment and said.

“What does it have to do with you!”

“It really has something to do with me, don’t tell me!”

Lin Ran smiled lightly and followed him to the side, opening the window. Although the height of the third floor at night was not high, the location of the Golden Gate Club was quite good, and the cool breeze blew in through the window, and from time to time, there was a "hissing" wind sound, which made people gag.

"Don't think I don't know who's behind you, now either say it or jump off this place!"

Lin Ran said indifferently?

"You don't need to scare me, this place is only on the third fucking floor, even if I jumped off I wouldn't be able to fall to my death at all!"

Li Jiang said disdainfully, he still had this bit of guts to be a gangster.

"Haha! You're really stupid!"

Wang Yifeng laughed at his words, and then he heard Lin Ran laugh and say.

"At least you'll spend the rest of your life in a hospital bed, maybe if you're lucky your son will get the family fortune and can visit you in the hospital once in a while, that's not bad!"

"You! You two bastards, what the hell do you want!"

Li Jiang's heart was already half cold, if he really expected his son to visit him when he was hospitalized, it would be nice if his son didn't pull his needles.

"I'll say it one last time, what do you want with Qin Bing!"

Lin Ran turned his head to look at Li Jiang and said blandly.

"I don't know!"

Li Jiang stonewalled directly without even thinking about it.

"Good, fatty do it!"

Lin Ran didn't say anything and greeted him directly, following which he sat himself down on the sofa next to him and lit up a cigarette and waited.

Wang Yifeng had been waiting for a long time, so when he heard the greeting, he picked up Li Jiang without saying a word and walked to the window, directly shoving the latter's head out.

The wind was bitterly cold, Li Jiang's head poked out of the window, looking at the flowing traffic below, his heart was in his throat, and the cold wind was like a dagger, cutting his old face.

"Put me down, put me down!"

"Cut the fucking crap, say it or not!"

Wang Yifeng scolded.

"Say what, nothing good Hey hey don't push, if you push, you'll fall down!"

The first thing you need to do is to get the best out of it.

After all, Li Jiang was in his sixties and seventies, so how could he withstand such a torment at such an old age? His head was shaking so much that he was dizzy, and the older a person is, the more he cherishes his life.

"I say! Can't I say it, hurry up and pull me back!"

"You'd better be serious, otherwise I'm not interested in playing with you again, next time your head will be on the main road in front of the Golden Gate Club!"

Wang Yifeng laughed, following which he ripped Li Jiang up through the window and threw him on the ground to the side.

"Say it!"

Lin Ran looked at Li Jiang and said blandly.

"Ai! It's really bad luck to mess with you guys!"

Li Jiang sighed and spoke.

"I can tell you guys, but you have to promise not to tell anyone about me!"

"Hm?"

Lin Ran and Wang Yifeng both smiled, feeling that this sounded a bit familiar, as if someone had just said it.

Right, it was Chen Tong, this guy had said this just now when he brought the two of them over, and this guy was still hiding in the wardrobe of the room.

"Yes!"

Lin Ran agreed without even thinking about it.

Seeing this, Li Jiang was relieved and said.

"That's right it's Yue Bu, he's the one who told me to look for Qin Bing, as for why I'm looking for her, I don't know!"

"Then where is he?"

Lin Ran continued to ask.

On the other hand, Wang Yifeng, who was at the side, interjected.

"Old bastard, don't play tricks on me, or I'll kill you right now!"

"I dare not, I dare not!"

Li Jiang was so frightened that his face turned white and pointed overhead, saying.

"It's on the fourth floor, the fourth floor is a place only Gold Card members can go, I'm only a Silver Card member who can't go up there!"

"Then how do you get in touch?"

Lin Ran continued to ask.

After all, Yue Bu was not from Tanjiang City, even if the Imperial City Yue family was very powerful, but as the saying goes, a strong dragon cannot suppress a local snake, when they arrived in Tanjiang City everything still had to be taken care of by Li Jiang, he did not believe that the two were only contacted through their mobile phones.

“This”

Li Jiang hesitated and did not say anything for half a day.

Wang Yifeng saw the situation impatient, got up to go to pull Li Jiang’s foot neck, scared him hurriedly back several steps, busy said.

“There is a way there is a way!”

“Then why don’t you say it quickly, waiting for Fat Master to send you down?”

Wang Yifeng scolded.

Li Jiang said helplessly with a bitter face.

“It’s a gold card vice card, Yue Bu likes beautiful women in order to make it convenient for me to send her beautiful women, so he gave me the vice card of the gold card, as long as I have this card I can go up to the fourth floor unhindered and find him!”

“Where’s the card? Take it out! Are you still waiting for me to do it?”

Wang Yiming scolded, Li Jiang was a little hesitant, but looking at Wang Yiming’s fierce expression he finally gave it out.

“Let’s go!”

Lin Ran took the gold card and instantly got up to greet Fatty.

“What about him? Just let it go?”

Wang Yifeng asked.

“Throw it in the wardrobe!”

Lin Ran said indifferently, then he went forward and together with Wang Yifeng, set Li Jiang up and threw him into a wardrobe.

Lin Ran did not forget to lock the door of the wardrobe, at least until he found Yue Bu, this old thing could not be let out.

The two of them said that they went out of the private room towards the stairs, ready to go straight up to the fourth floor.

However, as they walked, Wang Yifeng seemed to remember something and said busily.

“Hey! Ranzi, there seems to be another person inside Guan Li Jiang’s wardrobe!”

Chapter 593

“Er It seems to be Chen Tong!”

Lin Ran scratched his head awkwardly and then said.

“Forget it, just shut it together, we have business to attend to!”

“Right, let’s go!”

Wang Yifeng smiled awkwardly and instantly walked with Lin Ran towards the stairs.

Earlier, he had promised Chen Tong not to expose him, but this was something he had accidentally forgotten.

.....

In the closet of the box, Chen Tong and Li Jiang stared at each other, especially the former, who could be described as embarrassed, and in his heart, he even greeted Lin Ran and Wang Yifeng all over again.

They had agreed not to reveal themselves, but this was good, they had directly sent Li Jiang to their side, what was this? Not to expose yourself and let people discover you on purpose?

“That Li Boss Li, you heard the explanation!”

“I explain you fuck, I’ll get you to death!”

Before Chen Tong finished his sentence, Li Jiang’s entire person pounced on him and instantly wrestled with Chen Tong.

.....

On the fourth floor, in an even more luxurious box, there were five beautiful women standing by the bed with horror on their faces, while on the bed at the moment, there was a handsome young man lying on the bed, it was Yue Bu.

“Who was laughing just now!”

Yue Bu looked at the five beautiful women in front of him, but his eyes were tinged with killing intent.

“Flutter!”

One of the petite beauties was so frightened that she instantly knelt down and was busy begging for mercy.

“Mr. Yue I’m sorry, I didn’t mean to do it, I was joking! You don’t remember the small man, please spare me!”

“Spare you? Don’t worry, I will spare you, just now it seems like you were the only one standing by the bed the whole time right!”

Yue Bu said with a greedy smile on his face as he looked at the other four beauties with their clothes unkempt and only this one was fully clothed.

“Calling old me short, huh, come on! Now take off your clothes for me!”

Yue Bu said in a cold voice, while licking his lips, with greed in his eyes.

“Mr. Yue Bu, I’m afraid that’s not very good, I’m foreman, not offering”

The beautiful woman whispered, yet before she could finish her words, she was interrupted by Yue Bu.

“Cut the fucking crap, foreman? Foreman is not a woman, they can all be obedient and let Laozi love them, you are not a woman!”

“But Sir Yue, you’ve played with all four sisters I brought, I’d otherwise Forget it!”

The beautiful foreman was busy saying.

“Forget it? You don’t want to come over, right? I’ll do it myself, don’t say I like to use force!”

The first thing you need to do is to get a good idea of what you’re doing.

Yue Bu couldn’t help but gulp as he watched and laughed.

“Foreman is different haha, the material is more than those people!”

“Mr. Yue Bu, you don’t have to do that!”

The beautiful foreman said, the reason why she was in the position of foreman now was that she had experienced too many such scenes, she had thought that she would be able to sit as foreman without having to serve these bestial people, but she never thought that today she would run into such a beast, she actually did not spare any of the people she brought this time.

“Your skin is so white!”

Yue Bu saw the beautiful foreman’s clothes ripped off with three strokes, and looking at the beauty in his arms, a wave of evil fire went straight to the top beam door.

“Damn if this was Qin Bing, how good it would be!”

Suddenly, such a thought popped into Yue Bu’s mind.

As a member of a large family in the imperial capital, the Yue family and the Qin family also had some interactions. Ever since he saw Qin Bing once at the Qin family’s house on New Year’s Eve, Yue Bu could not forget this woman who had haunted his dreams.

At this moment, he was holding the beautiful foreman down, but what he was imagining in his mind was Qin Bing’s appearance.

“Bitch, how dare you ignore me and hide from me in Tanjiang City? If I find you this time, I will make sure you are killed on the spot.

Yue Bu’s face was full of fierceness, and his eyes were even bloodshot, obviously taking the beautiful foreman for Qin Bing.

“Mr. Yue, slow down, you’re hurting me!”

The pretty foreman said busily.

However, Yue Bu laughed even more furiously at his words.

“It hurts? I just want you to be in pain, scream if it hurts, you scream”

Before Yue Bu finished his sentence, his entire body froze, while the beautiful foreman who was pinned under him shook his head helplessly and muttered.

“It’s only three seconds and you still have to play, why bother!”

“What did you say!”

Yue Bu’s face turned blue with anger as he was about to raise his hand to slap the bitch, but just as he raised his palm, he heard a “bang” behind him and the door of the room flew out.

“What the hell!”

Yue Bu was so shocked that he jumped off the bed and hurriedly pulled up his trousers at the same time.

But while he was quick, there was something even quicker, only to see a flash of light in the room, and two figures had already walked in, none other than Lin Ran and Wang Yifeng.

And the key thing was that at this moment Wang Yifeng was still holding a mobile phone in his hand, smiling at Yue Bu and shouting.

“Brother you can’t do this, three seconds, it’s not as good as second senior brother!”

“Bastard! You dare to take pictures!”

Yue Bu was so angry that his face turned blue and he was instantly moved to kill.

However, at this moment, Wang Yifeng was not even bothered to look at him, his eyes had long since landed on the beautiful foreman on the bed.

“Ah! Don’t look!”

The beautiful foreman jumped in shock and used her clothes to block herself from the bed.

“Take her away!”

Lin Ran shouted at the four women who were panicking next to him.

Seeing this, the four women were busy stepping forward to block the foreman and followed, fleeing from the side as if they were running away.

“It’s a damn shame that such a pretty girl has been taken by a pig!”

Wang Yifeng shook his head at the sight.

“It’s just a show!”

Lin Ran said blandly from the side, before his gaze fell on Yue Bu and he laughed blandly.

“I didn’t expect the young grandson of the Yue family to be a three-second man, what a surprise!”

“What are you talking about!”

Yue Bu was so angry that his face turned blue, and his eyes even carried an endless anger.

“Nonsense? We have proof!”

Wang Yifeng laughed and shook his phone while saying.

“O, I forgot to tell you, I used a small video shoot, so the voice of that beautiful foreman just now was also recorded, I’m sorry three seconds man, you can’t slyly argue this time!”

“You!”

Yue Bu was so angry at his words that his hands clenched tightly, the killing intent in his eyes had reached the extreme.

“Give me the phone! Or none of you will be able to leave today!”

Yue Bu said angrily.

“Leave? We have no intention of leaving either!”

Lin Ran laughed blandly.

“Seek death!”

Seeing this, Yue Bu’s eyes crossed and followed as his entire body charged towards Lin Ran, while saying in an angry voice.

“You had Li Sheng to protect you in the morning, now I’ll see who else can help you!”

“You’re talking to me in the morning? Can you beat me?”

Lin Ran laughed and gave Wang Yifeng a wink, waiting for the latter to move a few steps to the side, followed by Lin Ran then to rushed up to meet Yue Bu.

Chapter 594

“You? Who the fuck do you think you are, I only used 50% of my strength this morning, do you really think you’re my opponent?”

There was disdain in Yue Bu’s eyes, he had been associated with martial arts since he was young, but martial arts could not make him enter the path, not only him, almost all of the several big families in the empire came from martial arts, but no one in the family could enter the path with martial arts, this had almost become a consensus.

This has almost become a consensus. So Yue Bu finally chose to enter the path of Feng Shui, and such an entry almost completely killed the path of martial arts, after all, there can only be one entry, once you choose your own path, there is almost no hope to change back.

It is because of this restriction that Li Sheng, a member of the Li family, has not entered the Way until now. It is not clear why he did not practice Feng Shui like Yue Bu.

Perhaps everyone's pursuit is different.

"Is that so? Then let me see how strong the full power is!"

Lin Ran looked at Yue Bu with disdain in his eyes, when he had faced the Heaven Seizing Realm's Compulsion Yang, he had been able to fight to a standstill, not to mention this Yue Bu who was only at the same level as himself at the Qi Watching Realm.

"Arrogant! Go to hell!"

Yue Bu's face was as gloomy as water, his palm clenched into a fist with a raging wind that smashed directly at Lin Ran's head.

Lin Ran could tell that this guy had infused Feng Shui True Qi into his fist, making this punch increase in power so much that if it were an ordinary person, it would be almost impossible for him to carry it.

However, Yue Bu had not expected that the person he was facing was Lin Ran, someone who even Compulsion Pavilion Compulsion Yang had suffered a defeat at his hands.

"Kid! Don't die too ugly!"

Seeing Lin Ran standing still, and thinking that this guy was afraid, Yue Bu couldn't help but laugh.

But then, when the wind of his fist was about to land on Lin Ran, his entire body froze, only to see Lin Ran blandly extend a palm and firmly block his fist with a "snap".

What he didn't expect was that Lin Ran grabbed his fist and at the same time, a huge force acted directly on his fist, followed by his entire body being lifted up directly.

"Is even your ten percent strength this weak?"

Lin Ran sneered, following which his arm swung, directly grabbing Yue Bu's fist and slamming his entire body directly onto the ground.

"Bang!"

There was a muffled sound, and Yue Bu's entire body smashed into the ground. It was thanks to his Feng Shui True Qi, otherwise if this had been an ordinary person, I'm afraid that his tendons and bones would have been broken.

"Bastard!"

Yue Bu cursed angrily and tried to break free from Lin Ran's palm, but then he realized that no matter how much force he used, he couldn't break free from Lin Ran's hands at all, those hands were like an iron vise, firmly locking his fist.

"How is this possible! This can't be!"

Yue Bu's heart was shocked beyond belief.

"There's nothing impossible, you're too weak!"

Lin Ran glanced at him indifferently, followed by his arm once again, directly yanking Yue Bu's entire body up and "bang bang bang" towards the ground.

Wang Yifeng poured himself a glass of red wine and sipped it while listening to the rhythmic "thump, thump, thump" sounds in the room.

When Lin Ran let go of his hand after one of the slams, Yue Bu was already lying on the floor on all fours like mud, motionless, with his teeth almost gone from his mouth.

"You How can you be, so strong!"

Yue Bu barely managed to utter a word with almost all his strength, and the killing intent in his eyes reached a fixed point, but so what if he had killing intent, he understood that he was simply no match for Lin Ran.

"If I had known, I should have brought Ghost Elder with me!"

Yue Bu's heart went back to the extreme, originally he thought that he would just come out to play for a while and go back in the second half of the night, plus there were many rules within the Yue family, so he sneaked out on his own without bringing Ghost Elder, but now

"Bastard!"

Feeling a foot on his come can, Yue Bu roared in anger.

"What are you yelling at, I can hear you!"

Lin Ran stood aside and said blandly.

"I'm a Yue family member, how dare you stomp on me with your foot!"

Yue Bu said angrily, the killing intent in his eyes already filled with rage.

"Why can't you?"

Lin Ran asked indifferently.

"Is your Yue family's face made of gold?"

"You! You're provoking our Yue Clan!"

Yue Bu said angrily, he couldn't beat Lin Ran, and at this moment, he could only bring out the Yue Family to deter Lin Ran.

"Don't make it sound so big, you still can't represent the entire Yue family!"

Lin Ran laughed indifferently.

And it was true, the larger the family, the more internal conflicts there were, and to represent a family, it wasn't something that one person, or a certain few people, could say.

"Moreover, even if you can represent the entire Yue family, so what? Do you really think that your Yue family is invincible? If you piss me off, you'll be beaten up as usual!"

Lin Ran said indifferently, even Compulsion Yang couldn't kill himself, a mere Yue family Lin Ran really didn't take it into consideration, he didn't want to provoke, but that didn't mean he was afraid.

"What the hell do you want!"

Yue Bu's face was gloomy as he asked in an angry voice.

"I'm just here to remind you to stay away from Qin Bing, or else your head will be the one that falls next time!"

Lin Ran said in a cold voice, originally he hadn't seen Yue Bu as any kind of threat, but it wasn't until he had just seen how horny this guy was that he realised how much of a threat this was.

It didn't matter how strong a person was, what mattered was his heart, with a heart like Yue Bu's, if he was really given the chance, I'm afraid he would just destroy Qin Bing, there were some things that when they really happened, the consequences were something that no one could afford, so Lin Ran had to kill them in the cradle.

"Qin Bing? You're here because of her?"

Yue Bu's face was gloomy as he said in a cold voice.

"It seems she's by your side, but boy I advise you better be sensible, both the Qin family and the Yue family belong to the great clans of the imperial capital, you're a tiny scattered cultivator, a small doctor in a realm, you think you can really stop me from being with her?"

Yue Bu sneered, while his eyes gave Lin Ran a disdainful glance and bared a laugh.

"The marriage between the Yue family and the Qin family is an inevitable one, do you really think you can sway the two great families, a mere casual practitioner? Lin Ran is it, when Qin Bing is married into the family by Laozi, don't worry, I won't let you be lonely, I will send you a video of my wedding night with her without any difference, so that you can"

Yue Bu didn't finish his sentence, only to see that Lin Ran's face was already completely ice-cold as he punched Yue Bu right in the mouth.

"Ka-ching."

The sound of cracking teeth rang out, and the few teeth that weren't left were all shattered.

"I'm warning you for the last time, get as far away as you can!"

Lin Ran said, raising his foot with a "bang" and stepping directly on the ground next to Yue Bu's head, and the concrete floor, which was originally paved with tiles, was instantly dented into a large chunk, showing the magnitude of his force.

"If you try to hit Qin Bing's attention, next time it will be your head that is trampled on!"

Lin Ran's eyes were so cold that Yue Bu couldn't help but shiver as he looked at him, a hint of fear arising in his heart.

"Go!"

Lin Ran turned his head and greeted Wang Yifeng, following the two of them and leaving the Golden Gate Club directly.

Chapter 595

“Bastard!”

It was only after Lin Ran and the others had left for a long time that Yue Bu regained his senses from the fear he had just felt, and he punched the ground while taking out his mobile phone straight away and dialing it out.

“Young master!”

The familiar voice of the ghost beads came over the phone.

“Before dawn, I want all of Lin Ran’s information, all of it!”

Yue Bu rushed to the phone and said angrily.

“Young master, that’s impossible, unless the family’s intelligence system is used!”

On the phone, the ghost beadle was unable to do so.

“Then go ahead and use it! Hurry up!”

Yue Bu said angrily.

“Yes It’s Young Master!”

Seeing that Yue Bu was truly on fire, the ghost beadle didn’t dare to delay and immediately hung up the phone to get busy.

Yue Bu dropped the phone and looked at the direction the two Lin Ran had left with icy coldness in his eyes as his mouth murmured.

“Lin Ran is it, I’m not finished with you! Steal Laozi’s woman, don’t want yours either!”

.....

When they returned to the clinic, it was already close to midnight. Lin Ran saw a text message from Song Nuan asking about the situation, so he roughly described the situation, asked about the others, and learned that everyone had already gone to bed, before he and Wang Yifeng hurriedly washed up and went to bed.

The night went on without a word.

The next morning, Lin Ran got up early, and Wang Yifeng, needless to say, could not get up until the sun hit his butt.

As usual, Lin Ran made a cup of tea and sat in the living room to watch the news. It was soon eight in the morning and Li Zheng and the others came to work one after another, but Qin Bing was the only one missing.

“Hey! Aren’t you guys up yet?”

As he was worried about Yue Bu Xin's immortality, Lin Ran went straight to the phone to Song Nuan.

"We got up a long time ago, I came to school with Sister Su Rou because I had class today, Qi Qi and Qin Bing went to the clinic, how come you didn't see them?"

Song Nuan asked in surprise on the phone.

"No, just wait a bit longer!"

Lin Ran said and hung up the phone.

Coincidentally, just at that moment a silhouette walked in from the doorway with a look of excitement on her face, and it was none other than Luo Qiqi.

"Qiqi, where's Qin Bing?"

Seeing Luo Qiqi, Lin Ran busily got up and asked.

"Sister Qin Bing? Out ah, come come let me tell you something!"

Luo Qiqi excitedly held a pile of documents and pulled Lin Ran down beside the table, laughing.

"Guess what this is!"

"What?"

Lin Ran glanced at it in wonder, only to see that it said something about a lease contract.

"You want to rent a house?"

Lin Ran wondered, this nee-san had properties in almost every place in the entire Temperance City, why did she need to rent a house.

"It's not renting a house, it's renting a shop! I told you before to open a feng shui company you still remember, this is the location I chose, I'll go take a look later, if it's suitable sign it directly!"

Luo Qiqi said excitedly.

"Ao, then you can go together when Fatty gets up later!"

Lin Ran said, although the feng shui company didn't interest him much, it might still be good to find something for Wang Yifeng to do.

"Good!"

Luo Qiqi smiled and responded, before asking Lin Ran in wonder.

"Brother Lin Ran, why are you asking Sister Qin Bing where she's going?"

Speaking of Qin Bing, Lin Ran then came back to his senses and asked busily.

"It's nothing, by the way where did she go anyway?"

Having just been carried away by the matter of Luo Qiqi leasing the shop, Lin Ran only then remembered about Qin Bing.

“Ao, it seems that she said she went to have a cup of coffee, but I feel that the situation is not right, when I came just now I saw that Sister Qin Bing had answered a phone call before she went out!”

Luo Qiqi solemnly said, and then also recalled a moment, busy saying.

“It seems like it was still a guy, called something Boo!”

“What kind of cloth?”

Lin Ran’s face sank at his words.

“Is it the cafe across the road?”

Lin Ran asked from across the road before.

“Yeah, Sister Qin Bing even said she’d be back soon!”

Luo Qiqi laughed.

Lin Ran, however, had already taken a step towards the door, while rushing behind him and said.

“You go ahead and call out to Fatty, I’ll go check it out!”

With that said Lin Ran had already walked out of the clinic and towards the cafe across the road.

Just as this front foot walked out of the clinic, Wang Yifeng’s shout came from behind.

“There’s no need to shout for Master Fatty, that kid is fucking around again, how can we do without Master Fatty!”

.....

The cafe across the street is a very trendy cafe, the whole cafe building is on top of a building, belongs to the open air cafe, generally few people know this place, only the nearby residents and office building people know that there is such a cafe upstairs.

Lin Ran and Wang Yifeng came straight to the cafe on the top floor and soon saw Qin Bing and Yue Bu sitting opposite her.

“This kid really dares to come, Ranzi! Leave this to me, see if I don’t go pinch the shit out of him, Fat Master!”

Wang Yifeng said as he rolled up his arms and sleeves, looking like he wanted to fight, yet before he could take two steps out, he was stopped by Lin Ran.

“Fatty, don’t be impulsive yet, this guy is a bit different today!”

Lin Ran warned.

“Different? What’s different?”

Wang Yifeng looked on in wonder.

Yue Bu was wearing a black suit, dressed very handsomely, and the faint smile that was tacked onto his face at times was also very comfortable to look at, completely devoid of the condescension and disdain that he had yesterday.

If the two Lin Ran hadn't seen this guy's lecherous mouth with their own eyes yesterday, they would have really taken him for a flamboyant gentleman.

"This kid has changed his nature? Why is he so flirtatious and polite!"

Wang Yifeng also looked puzzled.

Lin Ran, however, laughed and shook his head.

"Dogs can't change their ways, let's go and see what tricks this kid wants to play!"

"Good!"

Wang Yifei nodded his head.

The two of them immediately walked towards where Qin Bing was.

"Lin Ran!"

Seeing Lin Ran and Wang Yifeng coming over, Qin Bing was first stunned, then smiled and got up to say.

"This is Yue Bu, the grandson of the Imperial Capital Yue Family, he and I are also considered friends, our two families have some friendship!"

Qin Bing laughed, but there was a slight worry in his eyes, as if he was afraid that Lin Ran would misunderstand.

"We've met!"

Lin Ran laughed, while he and Wang Yifeng nonchalantly made their way down next to each other.

And seeing the two Lin Ran's actions, Yue Bu's eyes visibly tightened for a moment, a hint of anger flickering in his eyes, a faint smile always tacked on his face.

"You guys know each other?"

Qin Bing listened in bewilderment, somewhat confused as to what Lin Ran meant by this.

"I say ice beauty, this one in front of you we have met more than once, I am curious, the same people are from the imperial capital, how come you only meet people with such a difference in character!"

Wang Yifeng said from the side.

"What do you mean?"

Qin Bing, however, listened with a confused expression, not knowing what Wang Yifei meant by this.

"Brother Yue Bu, are you still going to pretend that you don't know each other?"

Lin Ran looked at Yue Bu and laughed blandly, he had warned him last night, but he didn't expect this guy to be so unafraid of death, just this early in the morning he actually came.

“Lin Ran, what are you guys?”

Qin Bing saw that Lin Ran and Wang Yifeng’s faces were not right, and their words were strange, and they were busy asking questions.

On the side to Yue Bu was laughing at this moment.

“Xiao Bing, these two friends of yours and I have some misunderstandings, but I don’t mind, after all, we don’t know each other without fighting, and this time with you here I think these misunderstandings can be cleared up!”

“Misunderstanding? Do you think I’m stupid, believe it or not, I’ll pinch the shit out of you right now!”

Wang Yifeng was not accustomed to him, and got up to fight with a slap on the table.

Yue Bu, however, acted very well, and all that thought said.

“Xiao Bing, it seems that these two friends of yours don’t seem to welcome me, and they are a bit rude!”

“Rude? You’ll know if I’m rude or not when I fuck you to death, Fat Master!”

Wang Yifeng followed and was about to lash out, but before he could do so, he was stopped by Lin Ran.

Lin Ran glanced at Wang Yifei, then his gaze fell on Yue Bu and he laughed.

“It seems that Brother Yue Bu, doesn’t want to fight today, so fine, then let’s play the way civilised people play!”

Said Lin Ran as he pressed Wang Yifeng back into his chair, while sitting down himself.

Chapter 596

“The civilized way of playing? What are you guys talking about?”

On the side, Qin Bing was listening to the clouds, completely unaware of what Lin Ran and the others were talking about.

“Head Sister Bing, do you understand this friend of yours?”

Wang Yifeng asked with a smile beside him again.

“It’s not bad, we knew each other when we were kids, Yue Bu is not bad, he’s a decent person, just some times

Qin Bing didn’t say anything further, in fact, when she went home for New Year’s Eve before, she had met Yue Bu once, at that time it seemed to be because the Yue family wanted to join with the Qin family in marriage, but she had refused.

This matter originally made Qin Bing feel somewhat ashamed of Yue Bu, after all, she was the one who refused on the spot and did not give face to the other party, so this time when she saw Yue Bu, she also wanted to make things clear.

“You are mistaken, this Yue Bu in front of you is not an ordinary person, this tactic is not comparable to me, Master Fatty!”

Wang Yifeng laughed, remembering what happened last night, he couldn't help but want to laugh, three seconds of real man, it's really hard to find in this era.

“Xiao Bing, it seems that these two friends of yours really don't welcome me, but it's okay, I came here originally to look for you too!”

Yue Bu said with a bland smile, but there was an imperceptible anger in his eyes.

“If you have something to say, just say it, these two are my friends, no need to avoid them!”

Qin Bing laughed.

“Fine, then I'll be straightforward, I'm here to ask you what you think of our marriage, personally, I'd be happy to! After all, it's good for both families! Of course, it's up to you, after all, marriage is not a child's play!”

Yue Bu spoke with such reasoning and poise that if it were anyone else, he might have believed him.

“There's no need to think about it, there's no way I'll marry you!”

Qin Bing refused outright without even thinking about it.

“Why? Can you give me a reason?”

Yue Bu asked with his face still bland.

“I have someone I like, sorry!”

Qin Bing said.

“O?”

Yue Bu smiled at his words, followed by a laugh as he pointed to Lin Ran at the side.

“You mean him? A little doctor?”

Qin Bing's face sank at his words and he spoke.

“It's him, but he's not a tiny doctor, he's a little divine doctor from Temperance City, please watch your wording!”

“Little divine doctor? Xiao Bing, wake up! In front of our two big families, do you think adding a little divine doctor will be useful? A person of his status is an ant in our eyes, don't you understand?”

Yue Bu laughed coldly.

Qin Bing's face turned completely gloomy as she looked at Yue Bu and said in a cold voice.

“I seem to understand why these two friends of mine have a misunderstanding with you, then you are the problem, not my friends'!”

“My problem?”

Yue Bu laughed, unapologetically pointing at Lin Ran and laughing.

“Just him is worthy of you too? The only one who can be worthy of you is me, Yue Bu!”

“A doctor from a third-tier city, what does he have to compare with me? If you want money, he’s not as good as me! He’s not as powerful as me! In terms of power, he’s even penniless and has no family at all, how can he compete with our Yue family? Is this the man you chose?”

Yue Bu said, taking out a cigarette and lighting it while laughing disdainfully.

“I can say in no uncertain terms that I want him dead in just one word, and that only I, Yue Bu, can give you happiness, he? Nothing can give you that!”

“Not to mention the most common luxuries, he can’t help your Qin family, and me! Yue Bu! It’s the greatest help to your Qin family, and anything you want, I can get it for you! Your happiness as long as I can give it, do you understand?”

Yue Bu spoke with a clear mind, as if that was really the case.

However, Wang Yifeng on the side could not help but laugh out loud long ago as he glanced at Qin Bing, then looked at Yue Bu and laughed.

“Brother, can you also find a better time to brag? Last night, I left evidence for you, you can still give people everything, and happiness! What happiness? Three seconds of happiness?”

“You!”

Yue Bu was so angry that his face sank, his palm couldn’t help but clench his coffee cup, and the cigarette in his mouth was bitten so hard that it almost didn’t break.

Lin Ran, who was on the other side, was laughing his head off, he didn’t expect this guy Wang Yi to be waiting for him here, three seconds of happiness, thanks to this guy for coming up with it.

“What are you guys laughing at? You guys met last night? What do you mean by three seconds of happiness?”

Qin Bing listened to the clouds and was busy asking.

“Xiao Bing, you think about it, our Yue family

Yue Bu tried to digress, but the words were barely halfway through his sentence when Lin Ran interrupted!

“What’s wrong with your Yue family? Is it very powerful? Everyone has to obey your Yue family’s wishes, is that it?”

“You!”

Yue Bu was so angry that his face turned blue, but Lin Ran continued to laugh.

“There’s no need to ask, there’s no way Qin Bing will marry you, and even if she doesn’t marry me, there’s absolutely no way the object will be a lecherous devil!”

“A lecherous devil? What the hell?”

Qin Bing listened with even more bewilderment, completely unaware of what Lin Ran was talking about.

“Brother Yue, are you going to say it yourself, or should I say it!”

Lin Ran turned his head to look at Yue Bu and laughed blandly, but there was a smug look in his eyes, as if he was saying.

“If you don’t fight you think you’re a bully, I have ways to make you GAMEOVER in a minute!”

“No need, I already know the answer, goodbye!”

Yue Bu’s face was gloomy, the words had been said this far, he was staying purely looking to have his face slapped, he was not stupid, he directly got up and was about to leave.

“Just get lost, the money Ranzi has settled!”

Yue Bu was just about to leave when Wang Yifeng spoke up, these words made Yue Bu stagger and almost didn’t fall on the ground.

“You just go wild, when the night comes I’ll make you look good!”

Yue Bu glanced at Lin Ran with his after glance, followed by a stride and left the place.

“What the hell is going on? How did you meet last night, and what with the three seconds of happiness!”

Qin Bing still didn’t understand what had happened and was busy asking.

Seeing this, Lin Ran shook his head helplessly and shot a look at Wang Yifeng, who understood and immediately took out the photos taken last night and showed them to Qin Bing, followed by a general account of what happened last night.

Qin Bing was still in a state of shock at first, but as she understood the whole thing, the shock on her face turned into disgust and finally into disgust.

“He!”

Qin Bing was so angry that her face turned ugly and she couldn’t say a word for half a day.

Lin Ran laughed and patted her shoulder before getting up and saying.

“Who doesn’t know a few scum, don’t take it to heart, it’s the greatest luck that you didn’t get hurt!”

Said Lin Ran as he glanced at the time, 8:30am, and turned around and laughed.

“Well, it’s time for us to go back! Our second career is waiting for us to fight eh!”

“A second career?”

Qin Bing and Wang Yifeng were stunned to hear this, not understanding what this guy was saying.

Lin Ran, however, smiled and pointed at the azure sky ahead, saying.

“Soon, there will be a feng shui company that belongs to us in Temperance City, and today, we will go and choose the location!”

Lin Ran said as he already took a step towards the stairs, while laughing.

“Hurry up, you two, Kiki is still waiting for us at the clinic! The site better be decided today!”

Chapter 597

“Hey! Ghost Elder, how’s it going?”

Inside the office building below the café, at the corner of a certain staircase, Yue Bu asked in a low voice.

“Young Master, we’ve checked it out, let’s do it at 5pm sharp!”

Over the phone, came Ghost Pearl’s cold voice.

“Good! I’ll wait for your news, don’t let me down!”

Yue Bu said in a cold voice.

“Young Master, please don’t worry, I guarantee that everything will be done without fail!”

Ghost Pearl solemnly said.

.....

“What’s the deal with this office building? It’s amazing that you can agree to such a drastic cut in price!”

In the car, Lin Ran looked at the contract in his hand and not only frowned, he found out that the price of this office building was initially registered online at four hundred thousand including three years’ rent, but the final transaction price was actually only two hundred thousand and included five years’ rent, this was not just a price cut by as much as half, it was simply a welfare giveaway.

“Hey, you don’t understand this, there’s a reason why this house is so cheap!”

Luo Qiqi laughed.

“What reason? It’s not haunted, is it!”

In front, Wang Yifeng, who was driving, couldn’t help but laugh and tease.

“That’s right! You’re really right, it’s haunted!”

Luo Qiqi laughed.

“Holy shit! Sister, you’re teasing fat brother, you rented a shop and it’s actually haunted, so what’s the point of us playing!”

Wang Yifei said busily.

Luo Qiqi smiled at that but laughed.

“Damn fatty, have you forgotten what you do? If you can’t handle such a small matter, why start a feng shui company, just go home and find a wife and aunt to have a baby!”

“Holy shit, that’s right! You can even advertise us for free by looking for this shop, not bad! Not bad!”

Wang Yifei suddenly woke up, and even Lin Ran couldn’t help but give Luo Qiqi a thumbs up from the side.

“Not bad! Really worthy of the Luo family, this business acumen is really something!”

“Come on, I’ve found a good location for you guys, it’s probably up to you if you can take it down!”

Luo Qiqi said.

Lin Ran smiled and Wang Yifeng looked at each other, both with confidence in their eyes.

“Right, I heard that there’s another company eyeing this shop as well, and we’re still peers, called something like Ah Kui Psychic Firm, so we’ll have to see what happens when the time comes!”

Luo Qiqi suddenly spoke up and reminded.

“Ah Kui Psychic Firm?”

Lin Ran and the two of them were stunned at his words, they didn’t expect that there were quite a lot of people in this business, this company hadn’t even been erected yet and they had both come across peers.

“Got it!”

Lin Ran smiled and nodded, they say that peers are ingrates, I just hope that this time we can rent the shop without any problems, after all, it is better to settle ingrates than to make knots, especially since we are all feng shui masters, it is not a good thing to offend people just after entering this business.

.....

The company’s main business is to provide a wide range of products and services to the public.

At the same time this kind of boundary adjacent to the old town has the perfect advantage that there is a lot of foot traffic, but the traffic is uncongested, which is one of the reasons why Luo Qiqi could look at this location.

“Look! There it is!”

Stopping on the opposite side of the road, Luo Qiqi immediately pointed across and greeted.

“Why don’t you let the car go through!”

Wang Yifeng said dissatisfied, stopping to hear across the road, which made him feel a bit stupid.

“What do you know, that entrance is the office building, your car parked in, a moment to give gambling in!”

Luo Qiqi reminded.

“Holy shit? Isn’t that shop entrance planned for the shop, how come there are still people grabbing spots!”

Wang Yifeng said with dissatisfaction.

“It can’t be helped, that shop has been empty for a long time, just wait until we take it and re-install the parking locks!”

Luo Qiqi said, while greeting the two boats to cross the road and walk over.

When they came close to the shop, Wang Yifeng couldn’t help himself.

“Holy shit, this shop front is too shabby, it’ll take a lot of tidying up to rent it!”

“It’s okay, we’re only here for the time being, let’s decorate the inside properly, and use the simple decoration outside later!”

Luo Qiqi replied casually.

Lin Ran didn’t care about what they said, he didn’t know anything about decoration, so he would naturally leave it to the two of them to do the work.

“What’s wrong?”

Seeing Lin Ran staring at the door of the shop, Luo Qiqi couldn’t help but come over and ask.

“There’s something strange about this shop!”

Lin Ran’s face tightened as he looked at the shop door!

“What’s wrong? It’s not really haunted, is it!”

Wang Yifei asked, while reaching out to hold the hilt of the Divine Dragon Blade, yes, this guy’s Divine Dragon Axe had broken and been transformed into a large blade by the pillow book, simply renaming it the Divine Dragon Blade.

“It should really be haunted!”

Lin Ran nodded his head.

“Look guys, the whole shop is very strange, the outside of the door is badly weathered and the door frame is even stained with a lot of dust, but look at the floor inside the door is spotless!”

“Then could it be that people have hired a cleaning service and clean it every day!”

Wang Yifeng said in amazement.

Lin Ran, however, shook his head.

“A shop that doesn’t make money, would you stick money on someone to clean it if you were the owner?”

“That’s right!”

Wang Yifeng felt that it made sense, but Lin Ran was shaking his head after him.

“The situation here might be a bit complicated, these are just surface phenomena, whether there are ghosts or not, I’m afraid we still have to wait for a slow study later!”

“Alright, let’s go in!”

Said Lin Ran and greeted the crowd and walked in.

The light inside the shop was not very good, only the place near the glass door outside was a bit better, the further inside the darker it was, of course it wasn’t so dark that you couldn’t see anything, but in this bright spring weather, it was a bit cold.

“Holy shit! There’s a courtyard in here! Look!”

Wang Yifeng shouted, pointing ahead to the innermost part of the shop.

He saw that at the innermost part of the shop, there was a spot of about a hundred square metres that had been rebuilt into a small garden-like area, and inside it, a big sky-high tree grew so luxuriantly that a single branch was hanging down from it.

“This is an old banyan tree!”

Lin Ran said with a frown.

Normally no one would plant this kind of number at home, even in a shop, it wouldn’t be appropriate.

“This tree has become a fucking spirit, look at all the roots hanging down from it, it’s like a human arm!”

Wang Yifeng joked.

Luo Qiqi, who was on the side, did get goosebumps listening to it and hurriedly pulled Lin Ran back.

“Damn fatty stop it, it’s scary as hell!”

“That’s the earth born root, stop it, let’s go in first!”

Lin Ran greeted and instantly led the two inside.

The shop had two floors in total, and there was no one in the hall on the ground floor, but when the three arrived in the middle of the hall, they did hear someone talking on the first floor.

It was a very hoarse voice that said unhurriedly.

“Master Qian, this shop of yours is located in a dangerous place, it’s already good that no one has been killed for so many years, although this is what we do, but a price of 200,000 for five years is too expensive!”

“Master Yu, this price is not expensive! I invited you here today to see if you can get rid of the filth here so that we can rent it for a good price, but if you can’t then forget it.

“As for lowering the price, that is absolutely out of the question!”

A middle-aged man spoke up, he should be the so-called Money Master.

Chapter 598

Master Yu smiled at this but laughed, his aged cheeks full of folds as he sneered.

“Someone accepts? What kind of people? You’re not afraid of a bunch of rash people who don’t want to die, just this house of yours, I have trouble coping with it, let alone others, if I rent it to a bunch of rash people, I’m afraid I’ll die here in less than three days!”

As he spoke, Master Yu looked at Master Qian with a profound smile in his eyes.

“Master Qian, this dead man is not something that can be solved for 200,000, is it a profit or a loss to take this risk for a little money?”

“This

The money boss was in a bit of a dilemma, Master Yu was also right, although he gave the price ground, but if these people who bid 200,000 didn’t know what to do, in case something happened in the shop, then this consequence he was afraid that he couldn’t afford it either Chen.

“So! I would advise you to think about it, after all, money is good, but you have to have a life to spend.”

Master Yu laughed and said.

He nodded and smiled.

“Master Yu is right, really a word to wake up the dreamer, how about I think about this matter, by the way also understand the identity of the other party, if really rash, this house can not be rented to Master Yu you, you see

“I don’t think so!”

Before Boss Qian could finish his words, an icy voice came over, followed by three figures walking up from the stairway, the leader was none other than Lin Ran, while the one who spoke was Luo Qiqi.

“Boss Qian, O! No! You’ve changed your name to Boss Qian, haven’t you? We’ve already agreed on the price before, are you changing your mind? I’m telling you, you signed all our contracts before, as long as I sign them, you’re in breach of contract!”

Luo Qiqi said nonchalantly, she was holding the contract given by Boss Qian in her hand, which was the reason why she was confident that she could take the place, but she didn’t expect that she would almost be exploited just by coming a little late.

“Miss Luo, that’s not what happened, I was worried about your safety, wasn’t I?”

Boss Qian was a bit embarrassed.

Luo Qiqi, however, interrupted him directly with a wave of her hand and spoke.

“You don’t have to worry about our safety, in fact very sorry, we are also a Feng Shui company!”

Said Luo Qiqi, turning her head to look at the so-called Master Yu and smiled.

“Master Yu is actually here in person, it seems that your Ah Kui Psychic Firm is really keeping a close eye on this shop!”

“Little girl, do you have the right to speak here!”

As soon as Luo Qiqi's words fell, a stout young man behind Master Yu stood out, his fat head and ears were very well-developed with tendon meat, and it was none other than the boss of the Ah Kui Psychic Office, Ah Kui himself.

It was his master, Master Yu, who held up all the pillars of Ah Kui's psychic office. As for Ah Kui, the skills he had learned were not enough for Master Yu, they were just skin deep.

"Ah Kui! We are all peers, so why get angry!"

Master Yu spoke up and stopped Ah Kui, while looking at Luo Qiqi and smiling.

"Little girl, I'm so old, there's no need to lie to you, this place is really not simple, you can't cope with it!"
|Kui

"That's our business, the price I've all agreed with Boss Qian before, it's not impossible for you to cross the line, as long as Boss Qian is prepared to pay for the breach of contract, I, Luo Qiqi, naturally have no problem with it!"

Luo Qiqi laughed.

"Don't! If you can really pay this price, you can take it, it won't be rented out anyway!"

He was a wealthy man, so if he had to pay for the breach of contract, it would be better to kill him.

"Little girl, you're playing with fire!"

Master Yu's face also turned gloomy, with a hint of anger on his withered bark-like cheeks.

"As I said, this is our business, and as far as playing with fire as long as we can, it has nothing to do with your old man either!"

Luo Qiqi said equally forcefully.

On the side, Lin Ran and Wang Yifeng both looked dumbfounded, normally Luo Qiqi was a little girl next door, always pestering Lin Ran and counting the fatties, but when it really came to the negotiation table now, this ninny showed a boldness and guts that really did not lose to Luo Cheng.

"It's just that she's a girl, but if she were a boy, I'm afraid that Luo Cheng would have nothing to do with the Luo family's succession!"

Lin Ran muttered in his heart.

"Humph! I think you're just lacking a man's love, do you want me to love you properly!"

Ah Kui heard impatiently and stood out with a shake of his body muscles.

"Eh?"

Seeing this, Wang Yifeng next to him also followed and stood out, acting like he was Luo Qiqi's bodyguard.

"Stop it!"

Master Yu busily stopped Ah Kui, swept his gaze at the three Luo Qiqi, and then actually arched his hand and smiled.

“I wonder which one is the leader? Letting a little girl stand out, I’m afraid it’s a bit cowardly!”

“Hm? What do you mean by that, Master? Could it be that this stinky girl is not their leader yet?”

At the side, Ah Kui was stunned at his words, but he had always thought that the two Lin Ran were just Luo Qiqi’s bodyguards.

“Old man may be old, but these eyes aren’t blind!”

Lin Ran stood out with a smile, but his words were unceremoniously sarcastic towards Master Yu.

“Kid! Can you fucking talk!”

Ah Kui was instantly on fire at his words, but was royally silenced by Master Yu.

Master Yu’s gaze glanced over Lin Ran for a moment before laughing.

“Older, but it’s thanks to this eyes that he’s not blind yet, otherwise I’m afraid he wouldn’t know the sky at a young age and would have died early!”

“Old thing, speak humanly!”

Wang Yifeng was not happy to hear this, and he was about to fight.

Lin Ran stopped Wang Yifei, glanced at Master Yu and smiled after him.

“Master Yu, I don’t need to teach you the principle of first come, first served, right? If it’s alright, why don’t you go back and have some tea?”

“Ao? Haha, interesting, since you’re a peer, you can’t fail to see the oddity of this shop, can you?”

Master Yu had a smile on his face, which gave Luo Qiqi goose bumps.

“That’s right! I really want to rent it!”

Lin Ran said indifferently, while already fingering a bank card from his pocket and handing it to the Money Master next to him.

“There’s two hundred thousand on the card, the contract will be given to you in ten minutes!”

Saying that, Lin Ran glanced at Luo Qiqi at the side, who understood and immediately took out a pen to find a table and filled it out.

Seeing this scene, Master Yu’s eyes narrowed slightly, and Ah Kui was even so angry that his fists clicked together, but fortunately they still had some sense and did not explode.

“In that case, I won’t say any more, but I would like to advise this little brother that he had better know himself, or else he might die one day without knowing how he died!”

Master Yu looked at Lin Ran and said in a cold voice.

“Is that so? Then I’ll also give Grandmaster a piece of advice, do what you want at what age, and drink more tea in your old age so that you can live out your old age in peace!”

“You!”

Ah Kui gritted his teeth in anger, but Grandmaster Yu stopped him and smiled at Lin Ran.

“In that case, farewell then!”

With that, Master Yu led a group of people towards the stairway.

Lin Ran turned around and blandly returned the words.

“No see you off!”

Chapter 599

“Master! Is this shop just going to be abandoned?”

When he left the shop, Ah Kui was very reluctant and asked through clenched teeth.

His so-called Ah Kui Psychic Office, which used to be simply in his own home, now he had easily made some money and wanted to rent a shop and found this place just right, but who knew it was a step too late.

“Don’t worry, this shop is not good, let them warm it up for a few days first, we will come and take over in a few days!”

Master Yu turned his head to look at the shop and smiled blandly, appearing to have a plan?

“You have a solution, Master?”

Ah Kui asked busily.

Master Yu smiled blandly at his words and spoke.

“The shop itself is faulty, we’ll add some material to it, once they start renovating it in less than three days, they will definitely stir them up, and by then they will have to meekly give up the shop!”

“Good! Master has an idea!”

Ah Kui said excitedly, and immediately followed Master Yu and quickly left the place.

.....

Inside the shop, the contract was signed very smoothly, 200,000 for five years’ rent, which was already a price that Master Qian was very satisfied with, so naturally there was not much hesitation.

“Aiya, finally a piece of my heart is relieved!”

Looking at the signed lease contract, Boss Qian breathed a sigh of relief and then laughed.

“But a contract is a contract, there are still some things I have to remind you of!”

“There’s no harm in talking about it, Boss Qian!”

Lin Ran laughed, generally speaking, once the contract was signed, the other party basically wouldn't care about anything else, and as long as the money was received, no one would care about anything else as long as it wasn't their problem.

But now the money boss seems to have other things to remind.

"I see that you are all quite young, and I don't want to screw you over! So there are some things I have to tell you!"

Boss Qian said, while leading the crowd to a place that seemed to be an office area, pointing inside and saying.

"The last tenant here ran a flower company, so there were very many of these potted plants throughout the company at that time!"

Lin Ran and the others looked and indeed found that within the office area, there were a dozen potted plants of all sizes, both large and small, with the largest of them being as big as a washbasin.

The plants inside these pots had all withered and died without exception.

"I say, Boss Qian, this potted plant is dead, so what's the point of reminding the previous tenant that he still needs these broken pots!"

Wang Yifeng said in disbelief.

"No!"

Qian the shopkeeper waved his hand and said busily.

"This shop has problems as you know, and this potted plant has problems too!"

Said Moneykeeper, looking around, and then lowered his voice and said.

"To tell you the truth, in this shop, no potted plant can be planted alive, within three days it will absolutely wither and die, as if it has been beaten with paraquat, I don't know if you have looked carefully, except for the shop entrance there are still green plants, but wherever inside this shop, there is not a single green plant!"

Speaking of this, Qian the shopkeeper was busy pointing out of the floor-to-ceiling window and said awkwardly.

"Of course, except for that old banyan tree! So I suspect that there are two worlds inside this shop and in the yard, the old banyan tree in the yard can all grow well, but none of the green plants in the shop can live, so there should be something wrong with this shop!"

Saying this, Boss Qian added mysteriously.

"Also, don't stay in the shop at night, this place is seriously haunted, several tenants have seen it before and almost got scared out of their minds!"

Said here, money boss busy packing up his things, rushed to the crowd waved his hand.

"Well, I've said all that needs to be said, I wish you all good luck!"

With that, Boss Qian left the shop directly without looking back.

“Ranzi, what do you think?”

Wang Yifeng came over and asked Lin Ran.

“Let’s see first!”

Lin Ran returned casually, and immediately turned around the shop.

The shop had only two floors in total, a sort of podium for the office building next to it, and inside the shop, which only had two floors, a small garden had been circled out, the place where the old banyan tree had been planted.

It is rare to find a shop of this structure, not only can you have an office, but you can also have some flowers and plants in the yard, this layout is very much to Lin Ran’s liking.

But if he really wanted to open a company here, then the problem inside this shop became something that had to be solved.

“There really isn’t a single plant in here!”

The three of them went around the shop for half a day and really didn’t find a single living plant, most of the plants had dried up and turned into crumbs when their palms were touched.

“Does anything feel right!”

In his mind, Lin Ran inquired.

“Feelings? Nothing feels, Master Book I’m a divine weapon, not a magic weapon, I can’t help you with such things!”

The pillow book said leisurely.

“Shit! How useless!”

Lin Ran said helplessly, then ignoring Pillow-side Book’s complaints, he led the way and went downstairs.

The ground floor corresponded to the entrance of the shop, and inside there was another door that led to the inside of the garden, Lin Ran led the men to the garden and was surprised to find out just how tall the old banyan tree was.

The three of them were like small ants standing under the old banyan tree.

Lin Ran circled around the old banyan tree and found nothing wrong with it, so he immediately came closer and stretched out his palm and pressed it against the trunk of the tree, while sending a strand of true qi into the old banyan tree.

But the result was very helpless, it was just a very ordinary tree.

“Hmm? Something’s not right!”

Lin Ran suddenly felt that something was wrong, when he was probing just now, he seemed to find that this old banyan tree was solid inside!

“According to reason, a tree this big should have been empty inside a long time ago, but it was solid inside, how vigorous it must be!”

Lin Ran was a little surprised in his heart, but that wasn't much of a problem.

“Hmm?”

Suddenly, Lin Ran spotted the problem, and almost at the same time, Wang Yifeng's voice came from beside him.

“Ranzi, do you think it's strange, in this courtyard, apart from this old banyan tree, there doesn't seem to be any other plants!”

“It is indeed very strange!”

Lin Ran nodded his head, he had also noticed this, the entire courtyard, apart from this old banyan tree, there was not even a single weed around, not to mention other trees, it was as if this entire surrounding was the old banyan tree's turf.

“Brother Lin Ran, do you think this old banyan tree has become a spirit!”

On the side, Luo Qiqi gulped in fear.

Lin Ran laughed at his words, however.

“You've seen too many ghost movies, don't scare yourself, you didn't hear the birds chirping above this old banyan tree, it should be fine!”

“Then what's going on here?”

Luo Qiqi asked busily.

Lin Ran smiled and shook his head, saying.

“Exactly what's going on is unclear, I speculate that it might be a place where life is cut off, but we still have to verify exactly how big the area is.”

“Let's go, back to the shop!”

Lin Ran greeted, and at once the group returned to the shop.

“Fatty, go and find some green plants at the door, whatever they are, as long as they're green and alive!”

“Kiki, you come and help, I want to set up a formation!”

Lin Ran instructed, both of them didn't ask much at the word and immediately went about their work.

Chapter 600

There were not many materials on hand, so Lin Ran could only simply set up a spirit locking formation to lock up the life inside the shop, and at the same time verify whether there was any relationship between the inside of the shop and the courtyard or not.

If there was nothing unusual outside the shop, it meant that the problem was probably inside the shop and the courtyard, and if the shop was sealed off, if there was no problem, it meant that the problem was in the courtyard.

Similarly, if the shop is sealed off and there are still problems with the greenery inside, then the problem is inside the shop.

The formation was very simple to set up, but in order to be as rigorous as possible, Lin Ran still took a lot of effort, a full two hours, before the formation was completely consolidated.

At this time, Wang Yifeng and Luo Qiqi had almost fallen asleep waiting on the sidelines.

“Fatty, where are the green plants?”

Lin Ran walked over and patted Wang Yifeng and asked.

“Green plants? Here, right here!”

Wang Yifeng pointed to a potted plant next to him, which was holding two or three cypress trees that were very common on the roadside.

“Good! It’ll do!”

Lin Ran nodded at this, while putting the green plant right and watering it some more.

“Brother Lin Ran, what do we do now?”

Luo Qiqi, who had all but fallen asleep waiting, couldn’t help but ask when she saw the situation.

“Just wait now and see if something will happen to this green plant!”

Lin Ran said.

“Ah? Waiting?”

Luo Qiqi was a little surprised at his words and pouted.

“How long do we have to wait then, I’ve already contacted the decoration team!”

“Qiqi, there’s no need to rush this!”

Lin Ran said solemnly.

“If there’s really a problem with this shop, we have to fix it before we can get the renovation team to come over, or else they’ll be the ones doing the damage when the time comes!”

“Alright then!”

Luo Qiqi nodded with a pout, and the three of them then left the place, deciding to come back tomorrow to check on the greenery.

.....

Leaving the shop, Lin Ran and the three of them then made their way back inside the clinic.

At this point, it was already past noon, so the three had no choice but to eat something random outside.

The whole afternoon, Lin Ran spent in his storage room, there are many materials left over from the initial set up of the home and the clinic, he was going to organize some of them and set up the shop later.

When Lin Ran came out of the storage room, his whole body was already dizzy with work. When he came to the ground floor and looked at the empty clinic, he was baffled.

“What the hell is this? It’s only four o’clock in the afternoon, why isn’t there a single person!”

Lin Ran wondered, but then he noticed that Wang Yifeng and the others were all in front of the computers in the counter, muttering and wondering what they were doing.

“Hey! What’s going on?”

Lin Ran asked in wonder.

Luo Qiqi turned her head and waved her hand at Lin Ran, gesturing for him to go over.

“What the hell?”

Lin Ran wondered as he walked over, and only once he got close did he realise that they were actually looking at a cake.

That’s right the cake that was used for birthdays.

“Who’s having a birthday?”

Lin Ran wondered, thinking in his mind, his own birthday wasn’t this time either, this guy Fatty had never had a birthday, Qin Bing didn’t seem to be on this day either, so whose was it?

As the thought was going through his mind, Qin Bing on the side was speaking and laughing.

“Hurry up, you choose one, tomorrow is Xiao Nuan’s birthday, we want to give her a surprise tonight!”

“Xiao Nuan’s birthday?”

Lin Ran was stunned at his words, and after thinking back for a moment himself, he realised that tomorrow was really this Nina’s birthday, and he had actually almost forgotten about it.

“You wouldn’t have forgotten, would you?”

Qin Bing and Luo Qiqi immediately looked over, with ill will in their eyes.

“No Of course not, how could I have forgotten!”

Lin Ran scratched his head in embarrassment and hurriedly pointed at a very nice looking cake on the screen and laughed.

“Just this one, it’s quite nice!”

It was easy to digress from the conversation, and that was when it passed.

“Well, the cake is set! Let’s go and pack up and leave in an hour to pick up the cake then go to the hotel!”

Luo Qiqi laughed.

Lin Ran smiled and glanced at the clinic in wonder and asked with a smile.

“Where’s Li Zheng and the others?”

“They went home and left work early today!”

Qin Bing laughed.

“Eh!”

Lin Ran was helpless, but he didn’t care, everyone was usually quite busy, it was fine to leave work early once in a while.

.....

At 6pm, the group arrived at the agreed hotel on time, Luo Qiqi had already booked the room in advance, and the group walked in unhindered.

“What time is Song Nuan coming over?”

Lin Ran asked straight away as soon as they arrived at the private room.

“I just called at five o’clock, Sister Nuan said she was going to find Sister Su Rou and then come over together!”

Luo Qiqi laughed.

Lin Ran nodded, according to the distance from the school to the hotel, he should be able to arrive around six thirty.

However, what none of them expected was that none of them showed up at half past six. Lin Ran was a bit uneasy and immediately called, but Song Nuan’s phone was in a state of no answer.

“Big Sister could be driving and not be able to pick up!”

Wang Yifeng said with relief.

Lin Ran, however, shook his head.

“She’s with Su Rou, couldn’t Su Rou help pick up too?”

Thinking of this, Lin Ran’s heart couldn’t help but seize together.

“Clang clang clang!”

Just when everyone was in a somewhat anxious mood, there was suddenly a knock at the door, which caused everyone’s spirits to shake.

Wang Yifei was busy running to open the door, and it was Su Rou who came in.

“Sister Zou, you are here, we thought something had happened to you!”

Luo Qiqi stepped forward and welcomed Su Rou in, but then the crowd was puzzled, there was no Song Nuan behind her, as long as Su Rou came alone.

“Where is Song Nuan?”

Lin Ran asked busily, and Luo Qiqi and Qin Bing and the others all looked over, with questions in their eyes.

“Xiao Nuan? She didn’t come?”

Su Rou also looked puzzled.

“No! Didn’t she say she was looking for you to come with her?”

Lin Ran asked busily.

Su Rou, however, was dumbfounded.

“No, I called her after class, but there was never any answer, so I thought she had to come in first, so I took a taxi here!”

Su Rou said busily.

“What about Sister Nuan?”

Luo Qiqi and the others instantly had a wave of bad thoughts angry in their hearts.

And Lin Ran even listened with a frown on his face, his hands unconsciously clenched into fists.

“Dingling bell!”

Just when everyone was a little worried about Song Nuan’s safety, suddenly Lin Ran’s mobile phone was the one that rang.

“Sister Nuan! It’s Sister Nuan calling!”

Seeing the caller ID on it, everyone couldn’t help but sigh in relief, but Lin Ran was the only one with the same gloomy face.

He picked up the phone without speaking, and soon a man’s familiar voice came over the phone.

“Lin Ran, I know it’s you! Don’t think that if you don’t speak, I won’t know you’re there!”

“Where’s Song Nuan!”

Lin Ran’s face was grim and his eyes were filled with killing intent, this voice was too familiar to him, it was none other than Yue Bu of the Yue family.

“Bastard! What the fuck did you do to Big Sister!”

Wang Yifeng also heard it and glanced at Qin Bing next to him, rushing to the phone in a fury.

Qin Bing was also a bit confused at this point, Yue Bu, who she remembered as being quite kind, had actually kidnapped Song Nuan.

“Yue Bu! Don’t do anything stupid, let Song Nuan go!”

Qin Bing shouted.

However how could their words be useful at this point!

Only Yue Bu’s laughter could be heard from the phone.

“Haha! Why are you all so nervous!”

“Lin Ran, want to save your woman? Come to the rooftop of the highest office building in Tamkang City now, you might still be able to see her, remember 8 o’clock, if I don’t see you by 8 o’clock, then you don’t need to come up here, just collect her corpse downstairs!”

“Ahaha!”
