

Wonder Doctor

Chapter 611

“Believe in you! Give me death!”

Yue Shan was also completely mad, and even his foul mouth burst out.

“I don’t have a grandfather!”

Lin Ran laughed helplessly.

“You You you! Ah I’ll kill you!”

Yue Shan was simply furious, and at this point, he didn’t care about any melee or long range attacks, he rushed at Lin Ran and lunged.

“You want to kill me? You should have told me earlier, I would have understood!”

Lin Ran laughed, as his words fell, his eyes instantly went cold. He had never been afraid of that!

“Little boy Yue Shan, your grandfather will send you home today!”

Lin Ran laughed out loud, and his feet lashed out as he lunged at Yue Shan.

.....

The fight on the rooftop was in full swing.

Below the rooftop, Wang Yifeng had already rolled up his sleeves.

“Holy shit! I can’t stand it! Don’t go anywhere here, I’ll go up to help Ranzi!”

As he said that, Wang Yifeng had already drawn out his divine Dragon Blade, the tip of the blade touched the ground, sparking with lightning all the way, and went straight to the Broadcasting Building.

“Hey!”

Song Nuan saw this and wanted to stop, but it was already too late.

“Don’t worry, Sage is up there too, Lin Ran will be fine!”

Qin Bing was busy comforting, Song Nuan had come back from the dead, she didn’t want to see Song Nuan go up there again.

“It’s just Xiao Nuan, don’t worry, Lin Ran will be fine!”

Su Rou said.

“Yeah, brother Lin Ran is so powerful, he will definitely be fine!”

Luo Qiqi was also busy saying.

“I know!”

Song Nuan nodded, and then said.

“I just feel like I can’t help anything!”

Qin Bing and the others were silent at her words, indeed, every time they came across such things they could do nothing to help, they could only watch, and this was what made them feel the hardest in their hearts.

But who knew that in the future, it was because of the outburst of the four of them that Lin Ran had completely risen in another world, in the future.

.....

On the rooftop, Qin Ji nervously watched the melee in front of him, sometimes looking tense and sometimes smiling with his eyebrows, not forgetting to applaud when he saw the excitement.

“Little Lin Jean, how on earth did you cultivate, there’s absolutely no way you could have reached this strength in such a short period of time!”

Yue Shan questioned with a face full of shock as he threw himself away.

Ever since his hard encounter with Lin Ran, he had truly understood just how strong the latter was, or at least how completely he had crushed himself against him.

“Does it have anything to do with you? Didn’t you want to take revenge for Yue Bu? To take revenge on me for your Golden Wing Ridge, the Nine Mysterious Cold Spring? Why is this a waste of words again!”

Lin Ran sneered.

“Articulate, since you want to die! Do you really think you can stand up to me?”

Yue Shan’s face was as gloomy as water and he was completely furious.

“Can I also fight for so long, nonsense can’t make you win, I said I would send you back home today!”

Lin Ran sneered.

The pillow book had already gone to slumber with the Nine Mysterious Cold Spring in his arms, now all he could rely on was himself, fortunately the former had already analyzed Yue Shan’s characteristics before, so he still had some confidence in his heart if he wanted to win against him Lin Ran.

“Fulong Lock Yin, the great formation rises!”

Yue Shan’s face was gloomy as he fiercely shouted out, following which the surrounding heaven and earth suddenly changed dramatically.

“Voodoo Dragon Locking Yin! Old man Yue Shan, you’re really shameless, you’ve actually used the Yue Family’s famous great formation!”

On the side, Qin Qi’s face changed dramatically as he watched, the Vulcan Dragon Locking Yin was the Yue Family’s famous Great Formation, with which it had squeezed into the ranks of several families in the Imperial Capital back then.

Although Yue Shan was the only one casting the formation, this old man was after all a level above Lin Ran, and with the formation, Lin Ran’s situation was really dangerous.

“Lin Ran, hurry up and rush out! The longer you stay within the formation, the more dangerous it will be!”

Qin Jie spoke up and reminded him.

“Understood!”

Lin Ran returned.

“Understand, my ass, come out quickly, if something happens to you, how can I explain to my granddaughter, the Qin family is still counting on you to be their son-in-law in the future!”

Qin Jie shouted busily.

“Er”

Lin Ran listened helplessly, what is this, did he promise? He was the only child of the Lin family, so he would definitely have to marry a daughter-in-law in the future.

“What is this!”

Inside the formation, Lin Ran’s face suddenly sank, the moment the surrounding sky was enveloped by the formation, it turned dim, countless black clouds rolled over as if the entire sky was about to collapse.

“Younger Lin Ran, to die on top of my Yue Family’s famous formation, the Vulcan Lock Yin you are proud enough to boast!”

Yue Shan’s voice rang out langly, carrying an incomparable dominance and confidence.

“A mere formation and you want to kill me? Old man Yue Shan, you’ve dreamed a little too much!”

Lin Ran sneered, following his palms in the shape of swords, the true Qi of the healing dao within his body instantly poured into his palms, as if they were two sharp swords, held tightly in Lin Ran’s hands.

“If you don’t measure yourself, then you’ll get a good taste of the power of this Vulcan Lock Yin!”

Yue Shan sneered.

And just as his words rang out, Lin Ran was shocked to see.

Within the entire formation, the wind rose and clouds surged, and countless dark clouds tumbled down from the sky, actually forming a huge cloud of fog, and these clouds had just formed and soon changed again, then actually turned into a fierce beast with a hideous face, as well as a warrior holding a huge weapon.

“This formation is really terrifying!”

Lin Ran couldn’t help but gulp, the transformation of breath within the formation, this alone was enough to show how extraordinary this formation was.

If this was a stackable formation according to what Qin Qi had said, Lin Ran really didn’t dare to think how powerful it would have to be if ten people of Yue Shan’s equal strength were to cast it at the same time.

“Come on!”

The sight in front of him was appalling, but Lin Ran was not paper-thin, all the way from graduation, he had experienced not ten but nine life and death ordeals, how could he be intimidated.

“Come on!”

Lin Ran roared up to the sky, followed by a fierce power surge from his feet, and rushed towards Yue Shan’s location.

As soon as he moved, the black clouds around him tumbled even more violently, and one of the beasts that had already taken shape earlier, interspersed with those black cloud warriors, rushed towards Lin Ran and killed him.

“Shatter it for me!”

Lin Ran’s eyes chilled as his palm took the form of a sword and slashed directly at one of the first fanged beasts to reappear.

“Bang!”

A crisp sound rang out, followed by the fanged beast instantly popping into pieces and turning into a sky of black mist.

But Lin Ran was shocked at the same time.

“Isn’t it made of black mist? How come it hit as if it had substance!”

That’s right, it was that slap just now, Lin Ran felt like he had really hit the fanged beast, whether it was the feeling of the hand coming from above or the recoil, it made Lin Ran feel clearly that he was hitting a fierce beast.

“We can’t be too brave, we have to preserve our true qi!”

Lin Ran’s heart moved as he quickly thought of a countermeasure.

The only difference between him and Yue Shan was that the amount of true qi he could mobilise was small, but each sliver had a terrifying power that could allow him to explode with terrifying force in a short period of time.

Yue Shan, on the other hand, although the power of his true qi was weak, his realm was a level higher than Lin Ran’s, and he was no match for Lin Ran in a sustained battle.

“If I want to win, I can only do it quickly!”

As Lin Ran’s New Year moved, his eyes became even colder, and his footsteps shifted as he rushed towards the weakest point of the fanged beast and the black mist warrior.

Chapter 612

“No self-respect!”

Outside the needle, Yue Shan's face was filled with disdain as he held a chessboard in both hands and was constantly manipulating the pieces above him to move back and forth.

"Old man Yue Shan, do you even want to have a face! I feel ashamed for you!"

Qin Ji stood aside and mocked.

"Old man Qin, cut the fucking crap, things have come to this point, do you really think I will let him go?"

Yue Shan said in a cold voice.

"So you don't even want to lose your face, do you?"

Qin Qi's face was gloomy as he said in a cold voice.

"What's a face? Compared to the future of the Yue family, what's the harm in making me lose face!"

Yue Shan said disdainfully, while coldly snorting, he continued.

"Don't think I don't know what you have in mind, my Yue family and Lin Ran are at war, so your Qin family can't even think about reaping the benefits!"

"Yue Shan! You're really old-fashioned, in five months' time, it will be time for the Great Chance Selection, as long as Lin Ran goes to participate he will definitely be one of the chosen candidates, do you think your Yue Family will still have the capital to fight against him by then?"

Qin Jie's face was grim as he chided in a cold voice.

"You still know about the Great Chance Selection? It is because I know very well in my heart that I must kill him today! If he cannot be used only by my Yue family, keeping him is just a scourge!"

Yue Shan laughed hideously and said

"Damn it! Lin Ran was right, you and that Yue Bu are really the same stupid virtues, it's not bad that you're both from the Yue family!"

Qin Qi couldn't help but burst out a foul mouth.

"Cut the crap, if you want to do it, just do it! It's been a long time since I've been this crazy, old man!"

Yue Shan sneered.

"Do it? You don't deserve it! Lin Ran can take care of you by himself!"

Qin Jie said disdainfully.

"With just him? You're really blind, I'll let you see with your own eyes today how I killed him!"

Yue Shan laughed triumphantly, while speeding up the movements of his hands, and on top of the chessboard, a miniature sculpture was rapidly changing its position under his control.

.....

The first thing you need to do is to get a good idea of what you're getting into.

“The more you fight, the more you get!”

With a kick that shattered the head of the black mist warrior that came next to him, Lin Ran found that more fanged beasts and black mist warriors were swarming around him.

“Could this formation still be manipulated by that old thing Yue Shan?”

Lin Ran’s heart was shocked, attack formations were very difficult to manipulate, and usually only the general direction could be manipulated to ensure that the attack was focused on someone within the formation.

But right now there were small individuals within the formation, but these individuals were like they had eyes, surrounding Lin Ran tightly, no matter how he hit them, they were endless, this was a bit difficult to do.

“We can’t go on like this, sooner or later this old thing will consume us to death!”

Lin Ran quickly thought about his countermeasures in his mind, since he couldn’t do it one by one, why not just do it all together?

As he thought, Lin Ran moved his feet, the true qi on his hands only retreated quickly, he was not fighting these black mist warriors, he would dodge them as long as he could, only if there was no way to dodge would he make a strong move.

Rolling around, Lin Ran quickly threaded his way between these opponents and soon had been surrounded by them.

Poor surprisingly, he was so fast that even though he was surrounded by all fanged beasts and black mist warriors, no one could still catch up to him for a while, let alone hurt him.

“Eh? It’s almost out!”

Suddenly, Lin Ran felt a bright light before his eyes, the endless fanged beasts and black mist warriors were actually gone, all left behind by him.

“It’s really rushed out!”

Lin Ran your heart was overwhelmed with excitement.

But this excitement didn’t last for a moment, followed by the heaven and earth around him trembling violently as the black fog on the sky converged into an even blacker fog, which swirled madly from the sky.

As he drew closer, Lin Ran was surprised to find that the largest of the black fogs had a huge creature poking out of it, a huge head that looked like a water snake, but on it were two huge tentacles.

“It’s a dragon! The Dragon Locking Yin, there is actually a dragon trapped in this great formation!”

“No! This isn’t a real dragon, it’s also made of black mist!”

Stunned for just a moment, Lin Ran sensed that something was wrong, although this huge black dragon had a monstrous aura, it was still these black mists in essence, just like those other fanged murderers and black mist warriors, making Lin Ran puzzled, but obviously not a real living creature.

“It’s good if it’s not a living thing, I never thought I, Lin Ran, would be able to slay a dragon one day!”

Lin Ran laughed, his eyes following with a chill as he leapt straight at the huge black dragon and lunged.

“Roar!”

The huge head of the black dragon flung, its mouth snapped open and it tore at Lin Ran.

“Little earthworm, prepare to be flayed alive!”

Lin Ran’s face was filled with madness as he met the huge dragon’s open mouth, nodding with his feet and following a leap his entire body stood directly on top of the huge head of the black dragon.

“Let’s start with this tentacle of yours!”

Lin Ran shouted, the madness in his eyes intensifying as he wrapped his hands around the dragon’s tentacle and pulled it off with a loud bang.

“Wow!”

As soon as the dragon’s horn broke off, it turned into a black mist and merged into the black mist above.

“And this!”

Lin Ran showed no mercy and pulled out another dragon horn with a “bang”.

Then, he jumped straight up in place, and with a “bang”, he heavily stepped on the remaining dragon’s head furnace with his feet infused with the true Qi of the healing dao.

“Ow!”

The giant dragon let out a hissing roar, and a large amount of black Qi filled out, and then deflected into the sky.

“Bang Bang Bang!”

Lin Ran didn’t stop in the slightest, stomping on it a dozen times in succession, and finally, when Lin Ran stomped on it once more, the entire head of the black dragon shattered with a bang, turning into a sky of black mist and dissipating.

“Bang!”

Outside of the formation, a small miniature dragon statue on the chessboard only instantly popped into pieces and turned into a pile of stone dust.

“How is this possible! The black dragons guarding the formation are All defeated?”

The most central part of the entire formation was the Black Dragon, which was also the most powerful part of the entire formation, but now it was actually broken.

“Little Yue Shan, your grandfather is coming out!”

Just as Yue Shan’s heart was astonished, a familiar voice came out violently, followed by a figure with torn clothes rushing out from within the formation.

A fist swung out, a huge fist “bang” directly overturned the chessboard in Yue Shan’s hand, followed by a “bang” from the bottom to the top, directly hitting his jaw.

“Poof!”

Yue Shan spurted out a mouthful of blood, and his whole body flew backwards like a kite with a broken string.

“Haha! Old man Yue, what did I say, it’s enough to deal with you Lin Ran alone!”

To the side, Qin Qi laughed.

Lin Ran didn’t look at him, his feet lashed out already rushing after Yue Shan, while laughing coldly.

“Are you ready Yue Shan! Your grandfather and I are ready to send you home now!”

Chapter 613

“Bang!”

With a muffled sound, Lin Ran’s entire body was in mid-air, directly giving Yue Shan another kick.

It caused Yue Shan, who was already flying backwards in mid-air, to smash his entire body directly onto the rooftop, and even the slabs on the ground were smashed with dense cracks, as for how many bones were broken I’m afraid even Yue Shan himself wasn’t sure.

“How is it possible! How can he be so strong, Yue Bu! What kind of existence have you provoked!”

If he had known that Lin Ran had grown to such a state, he would have killed Yue Bu himself, not to mention making an enemy of Lin Ran.

“Pfft!”

Yue Shan couldn’t hold his breath and a mouthful of blood suddenly spurted out.

Looking at the cherry red blood on the ground, Yue Shan’s entire spirit could not help but be in a trance.

“How did things turn out to be the way they are now?”

Yue Shan whispered softly to himself.

“At the beginning, I just wanted to save Yue Bu, ah, is that wrong too?”

There was regret in Yue Shan’s eyes, he had only wanted to save his disciple at first, but the trajectory of time had quickly gotten out of his control, first the Ghost Pearl was slapped to death by Lin Ran, followed by Yue Bu being forced by Lin Ran to explode himself, and now even he had lost under Lin Ran.

“Did I force this guy’s potential out of him?”

Yue Shan had some chills in his heart.

There were three kinds of people in this world, the first kind was the one who had fallen apart in the face of the mill and had since degenerated themselves.

The second kind is those who face difficulties and go with the flow, not seeking advancement nor giving up on themselves, going wherever they can.

The third type is the one who faces the oppression and dares to resist, even if they have to fight to the death to bite a bite, and this kind of person is generally the one that no one is willing to mess with.

Obviously, Lin Jean that is this third kind of person, and it is also the leading person among such people, he meets the wind but can spread his wings and fly, the more frustrated, the more courageous, and crush his opponent back under him.

“Yue family, I, Yue Shan, am incompetent!”

Yue Shan’s heart pent up with resentment, and he spurted out another mouthful of blood.

“What? Regret it now?”

Lin Ran landed next to Yue Shan and looked at him with cold eyes, without the slightest bit of sympathy.

“I regret it!”

Yue Shan’s face looked bland at this point instead, as he turned his head and asked.

“Is it useful to regret now? The grudge has already been settled, so what can be done!”

“You also know that the grudge has already been settled?”

Lin Ran laughed.

“In the beginning, your disciple kidnapped my woman and insulted me! Is it wrong for me to be bent on killing him?”

Lin Ran looked at Yue Shan and questioned.

“That’s right!”

Yue Shan had a bitter smile on his face as he shook his head.

“Ghost Pearl, as Yue Bu’s subordinate, saddled him with his death, is it wrong for me to kill him?”

Lin Ran continued to ask.

“That’s right!”

“You, as a member of the Yue family, more than twice my age, are selfish in the face of problems, harbouring your own disciple, and even trying to kill me with murderous intent! Is it wrong for me to resist like this?”

Lin Ran questioned again.

“That’s right!”

Yue Shan said back, turning his head to look at Lin Ran with a bitter smile on his face.

“But the time was wrong, the place was wrong! So everything is wrong! The Yue family will not allow someone like you to provoke its authority! Understood!”

“Even if it wasn’t me who appeared here today, any other Yue family member would have done the same! This is the dignity of the Yue Family!”

Yue Shan spoke in a stern voice, with the air of a strong man who was willing to die.

“A good Yue family’s dignity!”

Lin Ran laughed as he looked at Yue Shan and questioned.

“Your Yue family needs dignity, but I, Lin Ran, don’t?”

“One family only, and you think that you are number one in the world and everyone has to bow down to you, I, Lin Ran, have to ask today! On what grounds?”

“You!”

Yue Shan was at a loss for words, not knowing how to reply.

Lin Ran looked at him and continued.

“Remember this! I, Lin Ran, am not as powerful as your Yue family, but I, Lin Ran, am not someone who can be taken advantage of, and now the shitting and pissing compulsion Yang on my head is a lesson for you!” |

Said Lin Ran eyes of a stern aura flash, coldly said.

“The first thing you need to do is to take revenge or whatever you want, I’ll take it! If your Yue family is disrespectful to the ordinary friends around me, I, Lin Ran, have nothing to say! But remember, I still say, as long as I am still alive, your Yue family will not be able to stop!”

“Finally, if your Yue family still has any conscience, this matter will be over, I won’t kill you! That’s already being merciful to your Yue Family!”

“You!”

Yue Shan was so angry that his old face turned red, wanting to say something, but he couldn’t say anything.

“Old Yue Tou is more or less the same, your disciple is a disciple, but other people’s women are not important? You are so old, you have to take the lead in the younger generation’s affairs, shame on you!”

On the side, Qin Jie sneered, he could tell that Lin Ran didn’t like to have a complete falling out with the Yue family, otherwise he wouldn’t have said so much nonsense at this moment, but would have just killed Yue Shan.

“Old man Qin, you’re really standing around talking, it wasn’t your disciple who died!”

Yue Shan’s face was ugly as he retorted.

“My disciple? If my disciple had such a wrong-hearted person, he would have been slapped to death by me long ago, thanks to your Yue family still claiming to be a righteous feng shui family, look at what your good disciple has done!”

Qin Ji sneered.

“Ai! It’s just that, a loss is a loss, if you want to kill me, you can do whatever you want!”

Lin Ran’s personal strength was too strong, and even the Yue Family’s most precious treasure, the Dragon Locking Yin Formation, could not even help him.

“I told you, I won’t kill you! If I can defeat you once, I can defeat you a second time, and I can kill you whenever I want!”

Lin Ran said indifferently, with confidence in his eyes.

“Then what are you going to do?”

Yue Shan had bitterness on his face as he asked.

“Send you home!”

Lin Ran said indifferently, followed by a fierce kick to Yue Shan’s back, only to hear a “bang”, Yue Shan’s entire body directly flew up from the ground, rushing far away.

“Kid! You!”

Feeling the force of Lin Ran’s kick, Yue Shan’s face turned red with anger.

It was obvious that Lin Ran’s kick was only meant to bring shame to his past.

“Holy shit! Old man Yue Shan wants to run! Eat your fat master’s slash!”

He thought that Yue Shan was trying to run, so he swung his divine Dragon Blade across his face and slashed at Yue Shan with a bang.

Wang Yifei was about to compliment himself when he heard Lin Ran’s helpless voice.

“Fatty, I was sending him home, why did you miss him!”

“Huh?”

Wang Yifeng was stunned at his words, followed by an awkward scratch of his head and an awkward smile at Yue Shan who had thrown himself off in the distance.

“Old man Yue Shan, sorry about that! The hit was off, so take a detour on your way home!”

“Pfft!”

On the side, Qin Qi in couldn’t help himself and laughed outright.

“You two brats, you’re just going to piss Yue Shan off!”

Chapter 614

Although Song Nuan had a good birthday, it ended up in this situation, and although Song Nuan had no danger, the birthday could no longer be held.

“It’s okay! It’s no big deal, besides, I’m fine!”

It was Song Nuan who comforted the crowd.

“Anyway, today is just an early day, tomorrow is the birthday day, let’s go for a meal tomorrow at noon, my treat!”

Song Nuan looked at the crowd and said with a smile.

“Good!”

Seeing Song Nuan’s own mood recover so quickly, Qin Bing and the others all relaxed as well.

“Ao yes, what exactly happened up there after Ranzi went up there before, tell us about it!”

Luo Qiqi asked curiously.

Song Nuan was stunned at the words, the smile on her face suddenly disappeared and was replaced by worry.

“What’s wrong?”

The three women were all stunned and a little worried when they saw this.

“Lin Ran, your injury”

Song Nuan turned her head to look at Lin Ran, she had seen it really well before, Lin Ran not only had his arm and leg broken, but his body had even broken several bones, but now

“What? Rangzi is injured?”

“Brother Lin Ran you’re injured?”

“Lin Ran

Qin Bing Luo Qiqi as well as Su Rou all showed a worried look, especially Su Rou, although she did not say too much, but her eyes were instantly red, her family situation made her very sensitive, plus Lin Ran was so good to her, at this time, hearing that the latter was injured, this heart could not help but sour.

“It’s alright! It’s already fine!”

Lin Ran lay on the sofa and laughed awkwardly, saying that he had the pillow book to thank for this, as soon as this guy turned the pages of his book his fracture was cured.

“Don’t you dare! You’re a doctor yourself, don’t you know that! Let me take a look!”

Qin Bing scolded with a stern face, while stepping forward to tug at Lin Ran’s trousers.

“Hey! You don’t have to pull my trousers to check your arm!”

Lin Ran said busily, and Qin Bing’s pretty face instantly turned red.

“Bah! I’m checking the legs!”

“You don’t have to pull your trousers even for your legs, can’t you pull up your trouser legs?”

Lin Ran said busily.

“I

Qin Bing was dumbfounded, her pretty face flushed red with embarrassment.

“I wasn’t in a hurry and forgot about it!”

“I”

This time it was Lin Ran’s turn to be speechless, you forgot and then pulled my trousers ah, this makes me how to meet people in the future.

After thinking about it, Lin Ran said awkwardly.

“You You forgot, also also can not pick up the old man trousers ah!”

“You! Rascal!”

Qin Bing pouted.

And at this moment, Song Nuan Luo Qiqi as well as Su Rou were all busy coming over to see if Lin Ran’s injuries were alright or not.

“I’ll go! What do you guys want?”

Lin Ran was so frightened to see such a big show that he directly pulled the waistband of his trousers with his hands, with a wary face.

“I can tell you guys, I’m a big mullet boy, you can’t do this in the middle of the night, I’m not married to a daughter-in-law yet eh!”

“Holy shit! You’re a big boy with wooden ears, I’m not! I’m hurt too, someone check me out!”

To the side, Wang Yifeng couldn’t stand looking at him anymore and pouted his buttocks and said busily.

The four women turned back and gave him a blank look at his words, saying in unison.

“Fuck off!”

“You guys! Fat Master my heart is broken!”

Wang Yifeng said pretending to be sad, followed by running out of the clinic, as for going to think, the crowd did not need to think to know, must be to find their own Xiao Cui big health care to go.

.....

The tension of Song Nuan being kidnapped finally passed after a night of silence!

The next morning, Lin Ran got up early and went to the Antique City to see if he could pick up any treasure materials from heaven and earth suitable for Song Nuan and Luo Qiqi so that he could change their bones and cleanse their marrow.

After this incident, Lin Ran became more and more aware of the importance of replacing their bones and cleansing their marrow.

According to what he knew about the feng shui world, even if the bone exchange and marrow cleansing could not make their strength soar immediately, it could at least open up their meridians and open up the path of cultivation for them, and whether or not they could follow this path in the future would all depend on their own choice.

After all, all roads lead to Rome, and the final situation in which the four women would enter the Dao would depend on their own chance, Lin Ran would not force them to enter the Dao with Feng Shui, after all, he himself had entered the Dao with the Dao of Medicine, who could guarantee that there would not be a Qin Bing who would also enter the Dao of Medicine in the future.

After two hours of shopping in the antique city, Lin Ran was completely helpless.

“It’s true what they say, picking up a treasure depends on luck too!”

For the entire two hours, Lin Ran did not have the slightest gain, and he even went to the Gu Yu Zhai, but still did not find anything useful.

On the way back, Lin Ran was helpless and called Li Sheng again, so far, the one who had the most hope was him, after all, this guy’s family was in this business, and there were more chances of stumbling upon treasure materials suitable for the two women of heaven and earth.

“Brother Lin Ran don’t worry, as long as I come across these things you mentioned, I will definitely save them for you!”

On the phone, Li Sheng said with a smile.

Lin Ran smiled and nodded, and said some more things that were suitable for the pillow book to devour, and also asked Li Sheng to keep an eye out for them, so that he could also be prepared, and if the pillow book still couldn’t think of anything about Wang Kun this time, then at least he could still prepare some more materials for this guy, so that it could slowly devour and think slowly.

After doing all this, he basically also arrived at the clinic, and then looked at the time it was already noon, and the four women were already waiting at the door.

“I go, just a meal, do you guys have to dress up so beautifully?”

Looking at the four girls, Lin Ran was helpless, he said he was going to celebrate Song Nuan’s birthday, but it felt like he was taking his daughter-in-law on a trip, they were all dressed up so beautifully, were they worried that they wouldn’t have time to exercise and find some opponents for themselves to practice?

“Don’t be silly, hurry up and get in the car and go!”

Song Nuan glared at Lin Ran and immediately got into the car.

Lin Ran was helpless and was just about to get into the car when he noticed that Wang Yifeng had disappeared.

“Where’s the fatty?”

“That guy was near the hotel last night, he’ll go straight over later!”

Qin Bing said back.

“Er

Lin Ran smiled helplessly, this was great, Fatty was dashing off, and he was the driver again.

But to be able to drive for the four beauties, Lin Ran was very happy to do so, and got into the car with a fart and went straight to the hotel.

.....

The Pengcheng Hotel is one of the few hotels in Tanjiang City that is known for its reputation, and the reputation here naturally refers to the taste of the food.

The five-star hotels have their own bias, like the elegant hotel mainly focus on the comfort atmosphere, the taste of the food although also good, but compared to the Peng Cheng Hotel is quite a lot worse, so generally in order to satisfy the appetite, rich people still like to come here.

At this moment, in one of the private rooms of the Peng Cheng Hotel, three people were sitting around the table, and around them stood a dozen of people who seemed to be his men. If Lin Ran was here, he would have recognized them, they were none other than Ah Kui of Ah Kui Psychic Agency, his right-hand man, Ah Huang, and the top man, Master Yu!

“Master, I’ve arranged for someone to go every day for the past two days, but that Lin Ran kid acts as if he’s not ready to start work, he hasn’t moved at all!”

Ah Kui said irritably as he drained his glass of wine in one go.

“Yes Master, I’ve sent quite a few people to keep an eye on it too, but there’s no movement at all in this shop!”

Ah Huang echoed.

Master Yu, however, sipped his wine leisurely and laughed.

“What’s the hurry, it’s only been two days, and it’s not a case of injustice, hasn’t this guy met up with us again!”

Master Yu said and pointed out the floor-to-ceiling window, Ah Kui and Ah Huang were busy looking, only to see Lin Ran walking leisurely in with four beautiful women on the car park below the hotel.

Chapter 615

“Holy shit! This kid is so blessed, four stunning beauties, it’s fucking eye-catching!”

Ah Kui couldn’t help but lick his tongue, his eyes full of greed.

“Who says otherwise, Brother Kui, why don’t I bring a few brothers and we’ll go rob two of them and have some fun?”

Ah Huang, also with greed, pursed his lips and smiled.

“I think can What are you thinking!”

Ah Kui was just about to say yes when he suddenly felt Master Yu’s gaze glaring over and was busy changing his tone.

“Think what! We are good people, rob even, since we all know each other, we will go and say hello later, and explore him by the way!”

“Yes! Good, I think it’s fine!”

Even if we don’t rob them, it would be great to see these four beauties up close!

After all, he hadn’t had any meat for days, so it would be good to check them out later and have a good time at night.

“Proceed with caution, that boy is not simple!”

Master Yu sipped his wine and said blandly.

“Don’t worry Master, I already have a plan!”

Ah Kui laughed, he wasn’t very good at feng shui, but he was very proficient at the side ways, and it would just come in handy today.

.....

The first foot had just settled down, and the second foot Wang Yifeng ran over panting.

“Fatty, this body looks a bit weak lately, it seems that Xiao Cui’s work is getting better and better!”

Lin Ran teased as he poured himself some tea.

“Lin Ran you can pull back, you have a bad stomach, Fat Master I missed the bus and ran all the way over here!”

Wang Yifeng sat down on his butt and said with a ragged breath.

“O? What, you didn’t catch the bus and you’re giving away a red mark now? The red mark on your neck can be seen for two miles!”

Lin Ran laughed.

Wang Yifeng was stunned at his words and then said helplessly.

“This Xiao Cui, last night I told you to be gentle, but you just didn’t listen, you scratched me on my neck!”

“That’s probably not happy with your”

Lin Ran just wanted to return a sentence, suddenly felt four cold eyes cast next to him, hurriedly listened to the mouth.

Wang Yifeng also felt it and was busy looking to the side, seeing the four women of Song Nuan staring straight at the two of them, he suddenly laughed awkwardly.

“All four sisters are here You guys you’re not saying a word here, it’s getting quite awkward isn’t it! Haha!”

“Damn fatty, don’t play this fancy game, and bring our family Ranzi down again!”

Song Nuan spoke up.

“Right, and you’re not afraid of the disease either!”

Qin Bing chimed in.

“I didn’t expect you to be such a fatty!”

Luo Qiqi also said.

Su Rou, on the other hand, didn’t say anything, but covered her mouth and laughed out.

“Hey! What are you guys doing, thinking the wrong way isn’t it, our Xiao Cui is angry because I didn’t bring a gift, that’s why she gave me a line, what are you all thinking about!”

Wang Yifei said busily.

“A present? Fatty you are too unethical, you don’t go to see people every day and you don’t even bring a gift once you go, you are not sincere!”

Lin Ran was busy changing the subject.

“Who says it’s not!”

Wang Yifeng also looked regretful.

The two of them sang and sang and the matter went away.

The five-star hotel was still fast in serving food, and within ten minutes of everyone sitting down, the table of dishes was all served.

But before Lin Ran could serve a cake for Song Nuan to make a wish, there was another “bang bang” at the door.

“Who is it?”

Wang Yifei was a bit impatient, his body had been overdrawn for a long time, and he was waiting for the meal to start to replenish himself, but he didn’t expect to encounter another knock at the door at this juncture.

The waiter at the side saw this and went to open the door, however the person who came in was someone who made Lin Ran and the others frown slightly.

“Why are you guys?”

Luo Qiqi also recognised the people who came in, it was none other than Ah Kui and Ah Huang.

“Beautiful boss, we meet again!”

Ah Kui said with a dashing toss of his hair, while Ah Huang at the side was already looking at them with straight eyes.

The four women present were all extremely beautiful, compared to the beautiful women he knew, one was in heaven and the other was a piece of shit.

“Beauty Hello beauties, my name is Ah Huang, get to know each other?”

Ah Huang laughed, his eyes full of greed.

“Not interested! Get out!”

Luo Qiqi got up straight away and chided, especially when she saw the look in Ah Huang’s eyes, it simply made her feel more disgusted than eating a rat turd.

“Don’t bother, we kind of know each other, it’s not appropriate to kick us out after just meeting each other!”

Ah Huang laughed.

On the side, however, Ah Kui was busy taking over and laughing.

“Beautiful boss, brother Lin Ran, since we’ve met here, it’s kind of fate, won’t you invite us to sit down for a chat?”

“There’s no need for that!”

Lin Ran glanced at the two with a bland gaze and spoke.

“Can’t you understand human language? If you don’t get lost, I won’t be polite!”

Wang Yifeng was still thinking about the feast, and when he saw that the two had no intention of leaving, he stood up.

“Fatty! Who are you scaring?”

Ah Huang laughed at this.

“You don’t even bother to ask around, what kind of role I, Ah Huang, play in this area! Just by you scaring the old man?”

“O? What role? Isn’t Ah Wong the name of a dog? What, in the dog world around here, you’re the big brother!”

Wang Yifeng teased, and as soon as these words were spoken, Song Nuan and the others all laughed.

“Oh, what’s the use of having sharp teeth? Laozi’s men are spread all over Tanjiang City, believe me, you wouldn’t want to see them, because those who do have already been thrown into the river and fed to the fish!”

Ah Huang sneered, the threat in his words, very obvious.

“Is that so? Ah Wong! I see it’s quite a name!”

Lin Ran laughed at this.

“What do you mean?”

Ah Huang’s face sank at that, not understanding what Lin Ran was talking about.

“Ah Huang! Ah Huang, isn’t that just very yellow?”

Lin Ran smiled lightly and continued.

“Besides, you’re famous in this area, I believe it!”

“It’s good to believe!”

Ah Huang’s face was full of smugness, yet Lin Ran’s next words caused his old face to instantly redden.

“Definitely believe it, how can you not be yellow when you don’t even zip up your trousers when you go out! Brother, you’re not afraid of being bitten by a dog, how dangerous is that!”

Lin Ran laughed.

“Pfft!”

As soon as those words left his mouth, only then did all of them notice that Huang’s trousers were actually unzipped, and they burst out laughing!

“You!”

Ah Huang’s old face turned red, and he turned around to pull up his zip, still very puzzled in his heart, he had clearly pulled it up when he left home this morning, how come it was now open again.

“Little friend Lin Ran really loves to joke around!”

Ah Kui said blandly with an ugly look on his face.

“Alright, what is your business, leave now if you are fine, you are not welcome here!”

Lin Ran’s face also turned cold as he said directly.

“There is indeed something, we were sort of rivals before, we had some conflicts over a shop, this time we are here! I just want to turn our differences into peace with brother Lin Ran!”

Ah Kui laughed, while taking out a jade pendant and throwing it at Lin Ran.

“This is my sincerity, accept this jade pendant, and we’ll be squared away!”

“Hm?”

Lin Ran's eyes tightened when he saw this, followed by a flick of his fingers, and a strong qi directly knocked the flying jade pendant over, landing on the table in front of him with a clang.

Chapter 616

"I'll accept the item, but it's up to you guys to settle this grudge, especially this very yellow brother, now you can go!"

Lin Ran didn't even look at the jade pendant, his gaze fixed on the two men and said blandly.

"Kid, you fucking"

Ah Huang was a little angry and just wanted to curse a few times, but he was glared at by Ah Kui on the side and immediately held his words back.

"This brother of mine is a bit reckless, sorry about that! We'll leave now!"

Ah Kui laughed, followed by pulling up the two men next to Ah Huang and left the private room.

"Brother Kui, why are you stopping me? I've got a dozen brothers with me, so I'll just take them down and snatch the four beauties!"

As soon as he left the private room, Huang said with great displeasure.

"Pretty girls pretty girls you know pretty girls!"

Ah Kui couldn't help but lick his lips and said coldly.

"But you don't have to say it, those four girls, they're pretty fucking hot!"

"That's right, just the two of them men, let's go straight"

Ah Huang was a bit urgent, but Ah Kui waved his hand and laughed.

"Don't be anxious, that jade pendant is not simple, later on as long as they are hit, those four ninnies are still at our mercy, old man how righteous, as long as they get it, then one person two!"

"Hey, hey! You'll get to pick first, and I won't be picky about the rest of them.

Huang laughed, his eyes full of anticipation and greed, as if he was already rolling with two beautiful women at this moment.

.....

"Ranzi they are?"

In the private room, Qin Bing looked at Lin Ran and asked, here, apart from Lin Ran and the others they had met beforehand, Song Nuan and Qin Bing and Su Rou were all people they had never met.

"Last time when our Feng Shui company chose a site, they were the rivals, but in the end the shop was rented by us, I didn't expect to be so unlucky as to run into them here this time!"

Luo Qiqi said somewhat apologetically.

"It's alright! We'll eat what we have, don't mind them!"

Song Nuan smiled and said comfortingly.

On the side, Wang Yifeng's attention however ran to the jade pendant, looking at the through emerald green jade pendant, he couldn't help but be a little excited.

"Ranzi, this jade pendant"

Wang Yifeng said, reaching out to touch it, however it was knocked back by Lin Ran with a chopstick.

"Eat first!"

Lin Ran glared at him, followed by picking up a small bowl and snapping the jade pendant up as if there was no such thing.

.....

Under Luo Qiqi's arrangement, the birthday cake was quickly pushed out.

Song Nuan happily made a wish amidst the blessings of the crowd, and then blew out all the candles, and the birthday party began.

At the dinner table, everyone was laughing and talking as they ate. It had been a long time since they had been together so much, and they all had a great time talking, especially Su Rou.

It was the first time she had felt the warmth of friends since she had returned from New Year's Eve. Her family had made her sad, but at least she had a group of friends to make her feel warm and comforted.

There was one glass of wine after another, but everyone had their hearts in the right place, so they didn't get drunk just for the fun of it, and the meal was basically taken care of by Wang Yifeng alone.

A large table full of dishes, the crowd supported a small part, the rest almost all went down Wang Yifeng's belly, the key this guy also said the words of the heart.

"That! Fat Master I saddle you guys up every day, and I have to protect your safety, and I also have to be the driver, and I have to find Xiao Cui when necessary, is it easy for me!"

Wang Yifeng said and pointed at Luo Qiqi with discontent.

"That's you, little sister! You and fat brother and I have known each other for quite some time, why don't you know me! Hurry up and give fat brother I want two more plates of loin!"

"Pfft!"

Hearing Wang Yifeng's words, not only Luo Qiqi, but also Song Nuan and the others at the side couldn't help but laugh.

Although Wang Yiming was a big-hearted person, he was sometimes so humorous that they both loved and hated him!

The meal lasted for almost two hours, and everyone was full of wine and rice. Wang Yiming was even satisfied, patting his belly and burping, before Lin Ran took a sip of tea and picked up the small bowl covered with the jade pendant.

Seeing Lin Ran's action, the crowd couldn't help but look over.

The jade pendant was only the size of a thumb, but its body was an attractive emerald green, causing the crowd to frown slightly.

Ah Kui and Ah Huang were not good people at first glance, but this gift was a bit interesting, so I wondered what they intended to do.

"Ranzi, is this jade pendant real or not? What kind of medicine are they selling in their gourds?"

Wang Yifeng asked with a frown, biting his toothpick.

"It won't be good medicine that's being sold anyway!"

Lin Ran said indifferently.

"I understand that, the key is what exactly do they mean by giving this jade pendant!"

Wang Yifeng frowned, unable to figure it out, but unable to figure it out he didn't bother to think about it anymore, and the divine beast prepared to bring the jade pendant over and take a good look at it.

But just as he reached out his palm, Lin Ran frowned slightly and struck his hand with a chopstick.

"Hey? What's wrong?"

Seeing Lin Ran blocking him again, Wang Yifeng couldn't help but wonder.

"Don't touch it! There's something wrong with this jade pendant!"

Lin Ran said with a frown.

"What's wrong? What's wrong with this jade pendant?"

Song Nuan and the others also came over curiously, they had also noticed the jade pendant just now and were very curious at this point as to what could be wrong with this jade pendant.

Lin Ran didn't answer her, he just took the unused glass water cup next to him and then covered it with the jade pendant, and then actually shook the jade pendant and the glass water cup as if it were a colour shaker.

"Hey! Rangzi, what are you doing? It's hard not to drink again!"

Wang Yifeng laughed when he saw this.

Song Nuan and the others, however, looked puzzled and wondered what the hell Lin Ran was doing here.

"You will know later!"

Lin Ran said indifferently, but his hand didn't stop, and he shook it faster and faster, the jade pendant rubbing against the glass, making a constant "creaking" sound.

"Head!"

Suddenly, Lin Ran looked towards Wang Yifeng and spoke.

“Head?”

Wang Yifeng wondered what Lin Ran meant, but the next moment he understood.

Almost at the same time, a tiny black dot shot through his hair, and then hit the wooden stake in his hand with a bang.

“Holy shit! What the hell was that!”

Wang Yifeng cursed and looked back with the crowd, who almost vomited at the sight of it.

A black blood stain the size of a thumb was radiating from the wooden stake behind them, and in the middle of the stain was a worm about the size of a soybean that had dried up! The bug was too small to see its exact appearance, but the crowd could be sure that it was this thing that Lin Ran had just flung out, and that the puddle of black blood was from it!

“What the hell is this thing! It’s disgusting!”

Luo Qiqi couldn’t help but say.

“Yeah! It’s so disgusting!”

Song Nuan and the others were also busy echoing the words.

Lin Ran glanced at the crowd, then swept his gaze over the insects and said blandly.

“This is a sleepy compulsion! As long as you get a bite from him, you’ll fall asleep within ten minutes!”

As he said this, Lin Ran once again looked at the four women and laughed.

“It seems like the two of them are coming for you guys!”

Chapter 617

“Coming at us? What do you mean? We don’t know him well”

Luo Qiqi was a bit puzzled, but Qin Bing on the side had already heard and understood, and said blandly.

“These two lustful things, how dare they use such dirty tricks in broad daylight!”

“Fat Master I’ll go and kill them both!”

Wang Yifeng said and was about to get up, but he was stopped by Lin Ran.

“Forget it, two clowns, why bother with them! Besides, they did give us a gift!”

Lin Ran said as he held up the jade pendant and raised it at the crowd.

“It’s of good quality and worth two exes, take it with you when you go to see Xiao Cui again, don’t always whoring yourself out!”

Lin Ran handed the jade pendant to Wang Yifeng and said with a smile.

“Don’t be silly, although our Xiao Cui loves money, she doesn’t want all kinds of things, just this bullshit jade pendant from this kid is not worthy of our Xiao Cui!”

Wang Yifeng took the jade pendant and shouted at the door.

“Waiter!”

“Hello sir, what can I do for you?”

The beautiful waiter pushed the door in and asked with a smile.

“This one is yours!”

Wang Yifeng tossed the jade pendant and threw it directly to the beautiful waiter.

“Ah?”

The beautiful waitress was stunned, followed by a pretty face that turned red, obviously misunderstood.

“Sir, I’m afraid this is not good! We all don’t not know each other.”

The pretty waiter’s eyes said awkwardly.

Wang Yifeng saw this but laughed.

“Don’t we know each other now? This jade pendant belongs to you, whether you keep it or throw it away you decide, fat master I have nothing else but money!”

“Bah!”

As soon as Wang Yifei’s words fell, the four women of Song Nuan began to tear down the stage.

“Alright, alright, hurry up and go out!”

Wang Yifeng was busy greeting, it was so hard to pretend to be broad in front of the beautiful waitress, this is not much yet, and then the four women demolished the stage.

“It’s too hard for me!”

Wang Yifei couldn’t help but shout.

“You’re still difficult, teasing a girl with a jade pendant given by someone else, I don’t think you’re difficult at all!”

Lin Ran laughed.

“Hey! You say that, I, Wang Yifei, am a very serious person about relationships, how come in your mouth I’ve become flirting with girls everywhere! Just now, that was because Master Fatty was so charming, I couldn’t help it! Everywhere I go, there are sisters who love me, don’t you think it’s annoying?”

Wang Yifeng said cheekily, Lin Ran did not bother to pay attention to him, picked up the tea and drank it by himself.

.....

The jade pendant had been sent out for two hours, but there was no movement so far. If they hadn’t been thinking about the four beautiful women around Lin Ran, they would have left.

“What’s this kid up to, why hasn’t he picked up the jade pendant yet!”

Ah Kui had anxiousness on his face, and Ah Huang even more so, the two of them couldn’t help but have their eyes light up whenever they thought of the four beautiful women beside Lin Ran.

“Brother Kui it’s not good!”

The two were holding their breath and waiting, but at that moment, one of their men came running in from outside.

“What’s wrong?”

Kui asked as he busily lifted his head.

“The jade pendant you said, that jade pendant”

The henchman stammered a little afraid to say.

“If you have a fart, what the fuck are you hesitating for!”

Ah Kui scolded, scaring the henchman, and he was busy saying.

“Brother Kui, that jade pendant you gave me, I saw it being taken out by a waitress! She even said it was from a guest in that box!”

“What?”

Kui scuffed up at his words, and Huang, who was even more disappointed at the side, couldn’t help but sigh.

“Brother Kui, this is a two hour delay for nothing, Master Yu said he’d let us go back later, there’s only one hour left, I can’t wait!”

“Fuck! This kid doesn’t fall for it!”

Ah Kui’s face sank and he looked to Ah Huang next to him and ordered.

“Take your brothers with you, if soft doesn’t work, let’s do it the hard way!”

“Is that right!”

Ah Huang was delighted at his words and greeted him with a wave of his hand.

“Brothers, go! Come with me to rob a woman, damn it! When I’m done playing with them, they’ll be yours!”

“Good!”

“Many thanks to big brother!”

“Big Brother is awesome!”

The men all shouted, thinking about it they hadn’t had any meat for a long time, this time if they could follow the boss and play with two extremely beautiful women, it would feel

Tsk, I can’t even dare to think about it.

.....

In the box, Lin Ran and the others were talking and laughing, completely unaffected by what had just happened.

But life is like this, the more you don't want to cause trouble, the more trouble will actively find you.

"Bang!"

With a muffled sound, the door of the compartment was immediately kicked open, while the beautiful waitress who had just left was staggered and pushed in, followed by Ah Kui and Ah Huang who crowded in with a group of people, blocking the door of the compartment.

Seeing these two coming again, Lin Ran's face instantly hardened, and Wang Yifeng even stood up with a chill in his eyes.

"What's the matter? You want to fight, don't you!"

Wang Yifeng swept his gaze over Ah Kui and the others, with disdain in his eyes, now his strength was not what it used to be, not to mention Ah Kui's group in front of him, even if he added twice as many people, he could easily take care of them.

"I say, brother, you're not being decent!"

Ah Kui didn't even look at Wang Yifeng, his gaze fixed on Lin Ran as he sneered.

"I treated you like a brother and gave you a gift! But you turned around and gave it to the waiter, what? Looking down on me, are you?"

Lin Ran looked at Ah Kui without speaking, but there was an unusual calmness in his eyes.

"Although I, Ah Kui, am not from a wealthy family, I am a bit famous in the feng shui world of Tanjiang City, so you are embarrassing me by not giving face, how can I be a big brother among so many of my brothers! Do I not want to lose face?"

Ah Kui looked at Lin Ran and said, his face full of difficulty, as if Lin Ran had made it very difficult for him to behave in this way.

"Brother Kui! Don't talk nonsense to him, he dares to look down on you, just say the word and I will definitely get back for you today, beat him up so much that he won't even recognize his own mother!"

Huang scolded, his eyes full of disdain.

However, Ah Kui waved his hand, stopping Ah Huang, while looking at Lin Ran and said.

"Brother, you have to give me an explanation!"

"What explanation do you want?"

Lin Ran looked at Ah Kui, his expression blandly without the slightest fluctuation.

"Why did you give the jade pendant I gave you to someone else?"

Ah Kui looked at Lin Ran with teasing in his eyes.

“Why did you give it to someone else, don’t you know very well in your own heart? What exactly do you want to do? Don’t you feel tired of beating around the bush?”

Lin Ran said indifferently.

Ah Kui was first stunned at his words, and then laughed.

“Haha! Interesting, refreshing enough!”

Said Ah Kui as he directly slapped a hand on the table, and his gaze turned a few degrees colder as he looked at Lin Ran.

“Kid, since we’re getting right to the point, I won’t talk nonsense to you! Transfer the shop to me, how much you offer, I’ll give you the original price! Otherwise”

Saying this, Ah Kui turned his head and swept his gaze over the four women before laughing.

“Or else as you can see, my group of brothers hate unreasonable, you go out with four extremely beautiful women, and do not pay attention to it, if I can not control this, my men do something out of the ordinary, then I really can not control!”

“O? I don’t know what’s out of the ordinary then?”

Lin Ran looked at Ah Kui and a wicked smile appeared on his bland face, daring to say that even now, this Ah Kui still had a thief’s heart and was thinking about the shop.

Chapter 618

“Of out of the ordinary things!”

Aqui smiled as he cupped his chin.

“Like snatching a pretty girl or two back for a bit of fun! Haha!”

“Like that!”

Lin Ran laughed at his words, while turning his head to look at Wang Yifeng without saying anything, just a glance.

But with this glance, Wang Yifeng already understood Lin Ran’s meaning, and immediately got up with a teasing smile on his face.

“Robbing a beautiful woman!”

Wang Yifei arrived in front of Ah Kui and laughed.

“Do you know who these four are? Just dare to rob!”

“Interesting, what’s the matter, this one is one of you”

A Kui said disdainfully, but before he could finish his sentence, he heard a “hmm!” A muffled sound was heard, and at once a tremendous force hurt him so much that he bent over, and on his stomach, Wang Yifei’s casserole-sized fist was slowly retracting.

“Remember! These four are your sisters-in-law!”

Wang Yifei smiled indifferently and then slapped Kui directly on the face, causing him, who was bent over, to fly backwards.

“Brother Kui!”

Huang, who was behind him, saw this and rushed over to catch him, but he caught him, but the two of them rolled on the ground.

“Damn it! Kill him, kill him!”

Ah Kui’s face was twisted in pain and he was sweating coldly as he spoke.

The many men at the side saw this and one by one they rolled up their arms and sleeves and rushed at Wang Yifeng.

The fight in front of them was lively, but Lin Ran and Song Nuan were sitting in their seats and did not move.

But now, all they had was helplessness, not even a ripple of emotion could be born.

“Hey! Sister Nuan, do you think these people are out of their minds! My brother Lin Ran is so powerful, and they are still coming over like idiots to look for trouble, there is definitely something wrong with their brains!”

Luo Qiqi sipped her tea and said helplessly.

Song Nuan smiled at her words.

“You can’t say that, after all, they don’t know Lin Ran’s strength either, if they did, they shouldn’t dare to come looking for trouble!”

“That’s true too!”

Luo Qiqi felt justified and turned her head to look at Lin Ran.

“Then, Brother Lin Ran, can’t you just keep a high profile? It’s boring to death to have a bunch of idiots come looking for trouble every day!”

“Eh?”

Lin Ran was also helpless at his words.

“Behave in a low profile, do things in a high profile, this is what our new era youths should have, as for these idiots who come looking for trouble, you can’t ask everyone else to be like you right, just don’t be surprised by it!”

“That’s right, all right! Let’s continue drinking tea and discuss where to go later, it’s Sister Nuan’s birthday today, we have to go out and have a good day!”

Luo Qiqi laughed, and immediately the four women gathered together again to have a lively discussion, as if the fight just a few meters away didn’t have the slightest thing to do with them.

“Shit! Can’t you show some minimum respect, I’m robbing a beautiful woman!”

Huang was about to cry when he saw how many men he had, but he couldn’t beat the fat man alone, and it was just as well that the fat man was strong and didn’t care about himself, but now he was talking to a beautiful woman.

“What’s the point of robbing? Run!”

A Kuei was bitchy with a face full of saliva, rubbed his face and said, a group of people fight one, but can not fight, but also by others knocked over a large number of people, at this time the remaining people can stand only three people, the key is two of them are also two of them.

“Stop!”

Seeing that Ah Kui and Ah Huang wanted to run, Lin Ran finally spoke up.

However, Ah Kui and Ah Huang’s steps only stopped for a moment, and then they ran again.

“Hm?”

Lin Ran saw this and frowned slightly, followed by “Bang!” With a slap on the table, two chopsticks shot out with a “whoosh”, and then with a muffled “bang” they were stuck directly into the wall next to the two men.

The end of the chopsticks were still trembling because of the force.

“Thud!”

Looking at the chopsticks that were only a hair’s breadth away from their heads, Ah Kui and Ah Huang froze in place, while two pools of water actually appeared under their feet at the same time, these two people were actually directly scared and pissed.

“Kneel down for Laozi!”

Wang Yifeng rushed forward and rewarded one person with a kick, directly kicking the two to their knees.

“Lin Brother, you are too kind to forgive, just let us go!”

A Kui was busy begging for forgiveness, he had been out for so long, he was familiar with when he could act tough and when he could act like a grandson, this was the time to act like a grandson, as for this grudge there would be opportunities later.

“Brother Kui, it’s useless to beg for forgiveness, the big deal is we’ll fight them!”

Huang said angrily, seeing that there was no way out, he might as well fight and maybe he could still live.

“Fight, my ass! How can you compete with Brother Lin with your skills, you are this!”

Ah Kui gave Ah Huang a slap and gave him a little thumbs up, and then he gave Lin Ran a thumbs up and said.

“He’s the big brother, so shut up you!”

“That big brother, just spare us, we’re blind, we’ll get out of here right now!”

Ah Kui begged for mercy.

Lin Ran saw this but laughed.

“You’re just going to roll? That won’t do, if you guys leave like this, won’t it be hard for me to be a big brother, how can I still be a big brother in front of my brothers and your sister-in-law in the future!”

“Huh?”

Ah Kui’s face reddened at that, Lin Ran was obviously squeezing him.

“Big brother, don’t make fun of me, I I know I’m wrong!”

Ah Kui’s face was full of embarrassment, if he had known that Lin Ran was so skilled, he wouldn’t have dared to come looking for trouble if he had beaten him to death.

“Bear with it for a while, save your life first, when I go back, I’ll make sure Master kills you!”

Ah Kui thought in his mind, but a pleading look was on his face.

How could Lin Ran not be aware of his little thoughts, but he was too lazy to poke the other party, just a clown, he really didn’t care about it.

“You want to leave?”

Lin Ran asked with a smile as he looked at Ah Kui.

“Well”

Ah Kui was busy nodding his head.

“Fine! Sing a song for me and I’ll let you go!”

Lin Ran laughed.

“Huh? Sing?”

Ah Kui was instantly confused, what kind of trick was this playing, actually asking himself to sing, this was too fucking bullshit.

“What? Don’t know how to sing? Then I can”

Lin Ran made a move to make Wang Yifeng do it, and when Ah Kui saw this, he was busy saying.

“Don’t Don’t, can’t just sing, big brother you order, I’ll definitely sing to you!”

“Yeah! I want to hear find a friend, come on!”

Lin Ran looked at Ah Kui and laughed.

The words came out, not to mention Wang Yifeng, even the four women at the side of Song Nuan couldn't help but laugh out loud, at this time for Ah Kui to sing looking for friends, only Lin Ran could think of that.

"Good! I'll sing, I'll sing!"

Ah Kui cried out and sang at once.

"Looking, looking, looking for a friend, found"

"It's out of tune!"

Before he finished singing, Lin Ran immediately shouted, followed by a flip of his palm out of thin air, only to hear a "pop", a slap had already hit Ah Kui's face.

Afterwards, Lin Ran looked at Ah Kui and said with a smile.

"Sing well, don't get out of tune!"

"Good"

Ah Kui was on the verge of tears, he just knew what singing was, things were definitely not that simple.

Chapter 619

A few lines of a song were sung, but the beating was not seldom. Even Wang Yifeng and Song Nuan and others suspected that Lin Ran was setting a trap for Ah Kui, saying that he was singing, but in fact he was just looking for a reason to beat him up.

"Big Big brother, this song is also finished, and you haven't missed any beatings, can we leave now?"

Ah Kui looked at Lin Ran with a pleading look in his eyes, not to mention the regret in his heart, if he had known it would end up like this, even if it killed him, he wouldn't have come forward to trouble Lin Ran.

Unfortunately, the hardest thing in the world was also this, money can't buy early knowledge.

"Yes, you can go!"

Lin Ran laughed.

"Thanks a lot big brother! Thanks a lot big brother!"

Ah Kui busily got up and tugged the equally excited Ah Huang and prepared to go.

But no sooner had this front foot taken a step than Lin Ran spoke up.

"Wait!"

"Big brother, you're not going to backtrack, are you!"

The two turned around, and Ah Kui looked at Lin Ran with a bitter expression, not knowing what else the latter wanted to do.

"I mean you can go, but not him!"

Lin Ran pointed at Ah Huang, a bashful smile on his face.

“Huh?”

Ah Kui was stunned at his words and was busy looking at Ah Huang, who was already scared to the point where cold sweat was breaking out on his head.

Just kidding, Ah Kui could leave, but he couldn't, if this Ah Kui left, then he would be left alone, then would there be any way to live! And dare I say it, just now Ah Kui was singing to save himself, not me, Ah Wong!

“Big brother, you're right about the little one, right? We both came together That's no way, not to go together right!”

Ah Kui said awkwardly.

“O? Yeah? Fine, then you can sing one more song, and after that you two can go!”

Lin Ran looked at the two men and said blandly.

“This”

Ah Kui hesitated, jokingly, it sounded quite simple, what to sing one song and then you can leave, but after the first song he was beaten by Lin Ran and his face was full of bruises, if he received a beating, then he would have to die here.

“That big brother, how about letting him sing?”

Ah Kui looked at Lin Ran and said with a smile, anyway, Ah Huang hadn't been beaten up, singing one song wouldn't kill him, it was better than letting himself resist both times, although Ah Huang was his brother, but this was not the time to be brave.

“That's fine!”

Lin Ran laughed, while looking at Ah Huang and smiling blandly.

“You can give me an English song!”

“Pfft!”

As soon as Lin Ran said this, the Song Nuan and the others at the side couldn't help but laugh out loud, and Wang Yifei even laughed and only slapped the table.

“Ranzi, there you go! An English song, you're not going to kill him, I'm afraid!”

“I don't know English!”

Ah Huang looked at Lin Ran with a bitter look on his face.

“O? Then what if I just want to listen to it?”

Lin Ran looked at Ah Huang with a still bland expression.

This action caused some anger in Ah Huang's heart and he said in a cold voice.

“Brother Lin Ran, you’re not being polite, Ah Kui, you told him to sing Find a Friend, but when it comes to me it’s an English song, it’s obvious that you’re not just teasing me!”

“Right! I’m just teasing you! Is there a problem?”

Instead of objecting, Lin Ran couldn’t help but admit it outright.

“You!”

Ah Huang’s face turned blue with anger as he chided.

“Lin Ran! Brother I admit I’m not your opponent, you can don’t go too far, just say so directly if you want to humiliate me, I’m not a bandwagon if I frown, teasing me here! You in your face you think I’m afraid of you!”

“If you lose a big scar on your head, if you piss me off, I’ll take three taels of meat off you even if you die! Do you believe it or not!”

Huang said angrily, obviously completely enraged.

“Interesting, then you should show me how you can deduct three taels of flesh from me!”

Lin Ran’s eyes fiercely chilled as he raised his hand and slapped him across the face, causing Huang’s entire body to fly backwards and hit his face hard against the wall, instantly bleeding from his nose.

“Talking to me about not being polite, are you worthy of it?”

Lin Ran took two steps forward and grabbed Huang’s collar, his face cold.

“Staring at my woman in the first place, what the hell are you!”

“Slap!”

Another slap, Lin Ran struck without mercy, his eyes were even filled with killing intent as he swept his gaze over the others, including Ah Kui, and said in a cold voice.

“I, Lin Ran, am not a good person, but I’m not a soft egg who can step on anyone... even if I don’t want to deal with you guys, it’s not over!”

“I’m carrying four beautiful women you’re envious of, aren’t you? Do you have the power? You want to steal them? Let’s see if you can steal one!”

Lin Ran’s words were undeniably bragging, and they made both Ah Kui and Ah Huang feel very unhappy, but there was nothing they could do, they had the strength and could beat you, so what could you do?

“The battle for the shop is a business deal, if you don’t have money, don’t talk so much nonsense, who had sympathy for me when I was poor? Either pay the boss or get out of my way! I’ll take the shop, I’m ready for you if you don’t like it!”

Lin Ran looked at Ah Kui and said in a cold voice.

He then opened his mouth and fiercely chided.

“Get lost!”

“Go!”

A Kui coldly said no nonsense, greeted and prepared to leave, but only once this outline was up did he realise that the entire person next to him, A Huang, was sitting on the ground with his legs shaking and his feet were wet again, surprisingly, he had been scared and pissed again.

“What? Two slaps have knocked you out? Do you want another slap!”

Lin Ran said indifferently.

“Don’t Don’t!”

Ah Kui said busily, while Ah Huang was still sitting in place with his whole body trembling, seemingly stunned by the two slaps Lin Ran had just stood.

“Ranzi? What’s going on?”

Wang Yifeng was busy coming over and asking.

“Drowsiness compulsion, there are two of them, sent him one!”

Lin Ran said indifferently, and as soon as the words left his mouth, he heard a “bang” and Huang fell to the ground, unconscious.

“Lin Ran, you!”

He had only come to pick a fight with Huang, but who would have thought that Lin Ran would have killed Huang directly.

“You don’t want your hand anymore do you!”

Lin Ran turned his head to look at Ah Kui, his eyes cold.

“You! You killed him!”

Ah Kui’s face shook with fear in his eyes, afraid that Lin Ran would do the same to him.

“Who killed him? Your own sleepy compulsion, you don’t even recognise yourself, it seems your master still loves you!”

Lin Ran sneered.

“Drowsiness compulsion?”

Ah Kui was stunned at his words, and only then did he remember that he had given Lin Ran the jade pendant.

There were actually two compulsions within the jade pendant, one of which had been killed by Lin Ran in public, while the other had been put away by him and had just been given to Ah Huang.

“Ah Huang! Ah Huang, wake up!”

Ah Kui shouted as he patted Ah Huang’s cheek.

“Ah Huang!”

“Ah Huang!”

Ah Kui kept shouting, but just as Lin Ran was getting a little impatient and ready to blow them away, outside the open compartment door, there was a puppy rushing in, and the puppy ran up to Ah Kui, wagging its tail and looking at him, not moving a muscle!

“Hey, hey! Who is it? Why do you keep shouting at our Huang? You can’t even stop eating!”

Before Ah Kui could say anything, another noblewoman ran in after him, picking up the puppy and glaring at Ah Kui.

“Auntie, I was shouting at my brother Ah Wong!”

Ah Kui was a little speechless, yet hearing the older woman’s words made him even more speechless.

Only to see the noblewoman give him a blank look and said unhappily.

“What your brother Ah Huang, stop it! Ah Huang is a dog, my family’s! And you want to rob the dog or something!”

With that, the noblewoman turned around with the puppy in her arms and left the place, all the while muttering to herself.

“Ah Huang! Don’t run away next time, what if you run into a bad guy! Be good!”

Chapter 620

Lin Ran and the others didn’t know when Ah Kui had left, because when they left, the latter group had long since disappeared.

It was Song Nuan’s birthday today, and although there was some unpleasantness during lunch, the overall mood of the group was not affected. They went to the amusement park, then to the shopping mall, and finally to TKV for the afternoon, and only at 9pm did they return home.

Song Nuan, Su Rou and Qin Bing Luo Qiqi went home to live with her as they had classes tomorrow, while Lin Ran and Wang Yifeng had to stay at the clinic.

It was spring and the wind was particularly cool at night. Lin Ran sat alone on the balcony on the first floor of the clinic, drinking tea and looking at the distant sky, wondering what he was thinking about.

Time passed by minute by minute, and from time to time he took out a stone and looked at it carefully, this stone was his trophy after killing Yue Bu, the Earth Cold Stone!

At the beginning, in the underground auction house of Li Sheng Company, Lin Ran lost out with this item for 300 million, but who would have thought that in the end, because of Yue Bu’s revenge, by mistake this item came back into his hands.

“This fool, what’s the rush to close down so early, if he had this Earth Cold Stone, he might be able to ring up all the things Wang Kun did!”

Lin Ran couldn’t help but lament, that’s right so late he stayed up just waiting for the pillow book.

“Weng!”

Finally, when the time came to twelve in the morning, the pillow book finally did move.

The golden note that was hovering quietly in Lin Ran's mind suddenly glowed with golden light, followed by the ancient cover of the note opening up to reveal a sheet of golden paper inside, and at this moment Lin Ran suddenly found that on the golden paper there were many small, dense words, none of which he knew.

"Could this be the writing of the world it was in?"

Lin Ran's heart sank, he had previously thought that the pillow book was just bragging, but who would have thought that what this guy was saying was actually true.

"Kid! You're waiting for Master Shu! Haha!"

A familiar voice rang out, and a small golden human shadow emerged above the notes, much more solid than before.

By this point, Lin Ran was instead in no hurry, smiling and teasing.

"I'm confused, you're obviously a casual note beside the Immortal Emperor, why do you have to call yourself a pillow book? I think it should be called pillow notes to be more appropriate!"

"Bullshit, what do you kid know!"

The Pillow Book was very offended and argued.

"Back then, the Immortal Emperor alone fought the Nine Great Beasts outside the domain and successfully defended one side of the territory, which is why he was called the Immortal Emperor. The Immortal Emperor felt that the accompanying notes did not sound good, so he gave the name Pillowside Book, which is a great honour for me, Master Shu, you kid don't even know what it represents!"

"The Nine Great Beasts? That's bullshit, what do they look like!"

Lin Ran laughed.

"Haven't seen the world, you wouldn't know what they look like even if I told you, but if we talk about their strength, pulling out a random one, without using true qi, just the strength of their flesh, a claw could smash your world to pieces!"

The pillow said proudly, with even more yearning in his eyes, as if he missed the days when he followed the Immortal Emperor very much.

"Come on, don't be silly! I know what you want to ask! Master Shu I promised you, so naturally I won't hide anything from you!"

The Pillow Book said aloud, then fell silent for a moment, seemingly reminiscing, before speaking.

"Back then Wang Kun did take one thing from me, and in return he helped me find many heaven and earth treasures, and that jade flute was the proof I distributed out! But he was the only one who had seen me for so many years!"

"And then what?"

Lin Ran's face was serious as he asked directly.

"Back then my was badly injured and my consciousness was almost all scattered, so I didn't know what I had given him until you woke me up and I checked the items I had on me, only to find a scroll that he had taken!"

"This you said, I want to know the contents of the scroll!"

Lin Ran urged, when he first got the pillow book, this guy had said that Wang Kun had taken a scroll, but he couldn't recall the details, now Lin Ran just wanted to know the contents of the scroll.

However, hearing Lin Ran's urging, the pillow side book was silent.

"What do you mean? Are you going to backtrack?"

Lin Ran looked at the pillow-side book, and his eyes went icy cold.

All along, investigating what happened to his parents back then had been his only year of faith, but now Pillowside Book actually hesitated and didn't want to tell himself! This made him unable to understand.

"Ranzi, listen to me!"

Pillow Talk spoke with a sigh, but just as he finished his sentence, he was interrupted by Lin Ran.

"Look at what this is!"

Lin Ran took out the Earth Cold Stone.

"You! You've got him?"

The pillow was very surprised, while his eyes glowed with a great desire to get it.

"As long as you tell me what the scroll Wang Kun got is and where exactly he is now, it's yours!"

Lin Ran said, directly placing the Earth Cold Stone on the table to the side.

The Earth Cold Stone could double a cultivator's cultivation speed, which was very terrifying and very important to Lin Ran, but if compared to Wang Kun's news, it was worthless.

Cultivating slowly, Lin Ran could cultivate day and night and could cultivate for a quilt, but if there was no news from Wang Kun, what was the use of him cultivating desperately?

"Ranzi! Can you listen to me! This matter is not something that a piece of Earth Cold Stone can decide!"

The pillow said solemnly.

"Fine! I'll listen to you, I'll wait!"

Lin Ran suppressed the anger in his heart and looked straight at the pillow-side book, waiting for him to speak.

Wang Kun's news was something that Lin Ran cared about the most, and he didn't believe that Pillowside Book didn't know about it, but now it hesitated and had to consider whether or not to tell itself, which made Lin Ran extremely angry.

“Ranzi, the Nine Mysterious Cold Spring did make me recall a lot of things, including everything about Wang Kun!”

“Then tell me!”

Lin Ran almost shouted out, hearing the words of the pillow book, he was already flushed with double pressure and a little anxious.

“I want to tell you too! But now is not the time! Do you understand!”

Pillow Book, his voice had also gotten a little louder, and although he was just a golden shadow, at this moment it looked as if a real person was in a state of anger.

“Not the time? Then when is it time?”

Lin Ran looked at the pillow and said word for word.

“When you are even stronger!”

The Pillow Book said.

“How strong is stronger? Wang Kun is my goal, if I don’t even have a goal anymore, what’s the point of me working hard every day to cultivate!”

“You’re wrong! Wang Kun is your goal, but he’s not your goal right now!”

The pillow argued.

“I have followed the Immortal Emperor and have experienced years beyond what you can imagine, I know one thing well, being overly ambitious will only ruin you!”

“I already know all about Wang Kun, are you still afraid that you won’t have the chance to know? But why didn’t I tell you, because I cherish you and I think highly of you! You are the only one I can look up to in these millions of years apart from the Immortal Emperor!”

The pillow chided.

“An ant, I tell you your end is at a hundred thousand meters high mountain, can you climb it?”

“Your goal now is not Wang Kun, it should be strength! You’re only at the Qi Watching Realm, when your strength reaches the Creation Realm, you don’t need to ask, I’ll tell you all about it! Don’t ask now, okay?”

“Why exactly?”

Lin Ran looked at the pillow book with tears in his eyes.
