

Wonder Doctor

Chapter 621

All along, investigating Wang Kun's news was his only spiritual support, but now that he had reached the front door, the pillow book was not telling him, which made him very incomprehensible, was it just because he was weak?

Couldn't he be more patient because he was weak? Lin Ran asked himself that he had the mentality to hold back, if the difference in strength was really too much, he would not take the risk, after all, there was no one else in his family, and he had no siblings, so to find out what happened back then, he could only rely on himself.

"There are six realms of feng shui, bone touching, face reading, qi viewing, sky seizing, up to creation, and even the legendary extreme realm!"

"From the time I got the Xuan Yang Pill Canon, I was in the Face Reading Realm, knowing you stepped into the Qi Watching Realm, and now you want me to wait! Waiting for the Realm of Creation, I've been waiting for twenty-six years, how much longer do you want me to wait?"

Lin Ran's tears flowed down his face, his heart hurting, hurting.

"You're wrong!"

The pillow spoke up and scolded.

"You've waited twenty-six years do you think that's long? How many years have I waited for the Immortal Emperor in this world? But has the Immortal Emperor appeared? I have waited for millions of years, from when this world was barren to when it was now civilized, haven't I waited longer than you?"

"I'm different from you, you're a magic weapon you have an endless life span, but I don't! Do you understand?"

Lin Ran retorted.

"So what? Do you think you can live forever and be cool?"

The pillow said angrily.

"Do you think it's cool to let you watch your friends, your loved ones, your beloved ones leave you one by one, while you are as powerless as you can be?"

"Back then, the Immortal Emperor had over ten thousand soldiers under his command, and there were seven thousand of my best friends with my Pillow Book, but what about now? Where are they? They're dead or alive, I don't even know! Millions of years of torment, of waiting, do you think I've suffered less than you?"

Lin Ran was stunned, yes! Millions of years of not knowing whether the most important person to him was dead or alive, was the torment in the pillow's heart really less than his own? But why did he manage to keep putting up with it?

“Your mind is still not strong enough. Investigating Wang Kun is your goal, not your whole life! If he becomes your entire life, then I, Pillow Book, am blind and wrong about you!”

Pillow Book said in relief, while waving his hand, the golden pages flipped over to reveal one of the pages.

“Your life ends in the future, not Wang Kun, and if he becomes the goal of your life, your whole thing, when you’ve really investigated it, even killed him! And then what? Muddle through and muddle through?”

Here, the pillow book sighed and continued.

“You say you’ve been glaring for twenty-six years, but how long has it been since you actually got the Xuan Yang Pill Canon? It’s still less than a year right!”

“Less than a year, you’ve already crossed three realms in a row and reached the Qi Watching Realm, I told you to wait for a realm and told you as soon as you boasted past the Heaven Seizing Realm and entered the Realm of Creation, do you think that would be a long time?”

“Besides, you still have the Earth Cold Stone! Are you not even willing to wait for this amount of time?”

When he said this, Pillow Book stopped persuading, sat down on his knees, and spoke.

“Wang Kun’s message, it’s on this page, so if you really can’t wait, just read it! All because I, Pillowside Book, have looked at the wrong person!”

After saying this, the pillow side book stopped speaking, and immediately Lin Ran’s mind went silent.

Lin Ran looked at the golden paper hovering silently in front of him, and there was a longing in his heart, as long as he passed! As soon as he moved his mind, he could immediately learn what was on it, but at this moment he hesitated.

He looked at the small words on the golden paper and fumed for an unknown amount of time.

“I want to ask you a question!”

Suddenly, Lin Ran spoke up.

“Speak!”

Pillow Book said back.

“I want to know the reason you won’t tell me! Don’t talk about life goals, I just want to know the reason! The truest of reasons!”

“Yes! Two!”

The pillow said blandly.

“The first, you’re not strong enough! Even if you knew, it would be useless! Because you can’t find him at all!”

“The second, my years of experience have taught me that one must take one step at a time, from one plus one plus one, eventually piling up to ten, and there is no way for me to leave this world on my own anymore!”

“You can say that I let you get stronger first to take me away out of selfishness, but you can’t deny that you don’t have the strength, you can’t find Wang Kun at all!”

“You must first become stronger before you can find him, and I am merely using your growth to return to my own world, that’s all!”

Lin Ran was silent for a long time before he finally spoke.

“I see! I hope that next time I ask, you will be more painful!”

“Next time it will definitely hurt, now go to sleep!”

The Pillow Book blandly replied back, before the golden villain turned into a wisp of golden light and disappeared into the notes.

“You forgot your stuff!”

Lin Ran got up and said at the same time.

“You said it contained a small world within! Don’t delay my cultivation!”

Saying this, Lin Ran stepped back into the room, and the moment he entered the door, a ray of golden light wrapped around the Earth Cold Stone on the table, before disappearing into thin air.

One glory, one loss, I’m afraid that this is what Lin Ran and his team are talking about.

The pillow book values Lin Ran’s qualifications and true nature, and Lin Ran likewise needs the pillow book’s help. You can say it’s fate, but it’s undeniable that some times fate also needs to be cultivated, a hundred years to cultivate the same boat to cross, a thousand years to cultivate the same pillow to sleep, when you think about it it’s actually all fate at work.

.....

There was no talk all night.

The next morning, Qin Bing and Luo Qiqi came to the hospital early, Song Nuan and Su Rou went to school, by this summer, Song Nuan will also officially graduate, so the most intense time of school.

Qin Bing and Luo Qiqi, on the other hand, did not have to worry at all, the former had already graduated and worked for many years, while the latter’s family was rich and went to an aristocratic school, which was, frankly speaking, the kind of school where you could graduate by paying money.

“Kiki, you’re inside the clinic every day here, don’t you have to go back to class?”

Lin Ran asked in wonder as he ate the breakfast that Luo Qiqi had bought.

“What classes? This young lady graduated a long time ago, okay?”

Luo Qiqi said smugly.

Lin Ran smiled a little speechlessly, biting half of the doughnut off in one bite and said awkwardly.

“You should only be in your second year of university at your age!”

“What sophomore year, I’ve been out of school since I graduated from high school, I’ve only been receiving regular university advancement arranged by my family, you don’t understand our family’s situation, you don’t have to finish university in our family!”

“Besides, I don’t have to waste college time, and my family arranges for me to take all kinds of classes that are more suitable for me, so I have plenty of time!”

“Hey! It’s nice to have money!”

Lin Ran couldn’t help but say enviously, thinking about his own miserable twenty years, he simply couldn’t compare to others.

“Right, Brother Lin Ran, the renovation team is pushing me again, are we still going to install the shop or not!”

Luo Qiqi asked with a pout.

Lin Ran nodded his head at his words.

“Yes! We’ll go to the shop later and see what’s going on, and if there’s no problem, we’ll notify them to come over and start the renovation!”

Lin Ran laughed, informing rushing upstairs and shouting.

“Fatty! Xiao Cui is here! Hurry up and come down!”

As soon as the words left his mouth, Wang Yifei’s voice came from upstairs, along with the sound of “thump, thump, thump” as he descended the stairs.

“Ah? Xiao Cui! Where is it? You are not allowed to talk nonsense, Xiao Cui is mine!”

Chapter 622

“Lin Ran! You black-hearted fellow, amusing me with Xiao Cui again!”

On the way to the shop, Wang Yifeng protested, though apparently to little avail.

“Will you stop talking about Xiao Cui? You don’t even look at your watch yourself, if I didn’t shout at you, you could have slept straight through this sleep!”

Lin Ran laughed.

“Fine, for the sake of the company I’m about to open, Fat Master, I’ll take it up with you!”

Wang Yifeng smiled smugly, and then looked thought to Luo Qiqi who was next to him.

“Pretty sister! This feng shui company of yours is for fat brother me to open, when the time comes, does this general manager have to be fat brother me!”

“How dare you!”

Luo Qiqi pouted and refused outright.

“Hey, you can’t do that, the company that was agreed to be opened for me, how come you have to be your own boss? That’s fine, let Fat Master my boss lady, I have no problem with that!”

Wang Yifeng laughed.

“I have a problem with that!”

On the side Lin Ran spoke up, then pointed at himself.

“Manager!”

“This is the manager’s wife, you, at best, are a supervisor!”

“What? Supervisor?”

Wang Yifeng smiled and was immediately displeased.

“Ranzi, you’re not enough, I’m stuck in a bunch of your wives every day, so I can’t help but have a beautiful sister who loves me and opens a company for me, but you still want to come over and interfere, you’re not enough of a brother!”

“I would like you to be the manager, but are you capable enough?”

Lin Ran laughed.

“That’s what you said, not good enough to be better than the top! Hehehe!”

Wang Yifeng laughed.

Lin Ran smiled and shook his head helplessly, if Wang Yifeng could be a little more mature and calm when it came to things, he would have liked to throw the shop to him, he was already overwhelmed with things on his own, he didn’t care about the shop.

But Wang Yifeng was his own brother in the end, so he couldn’t really ignore it.

“Drive well, the problem with the shop hasn’t been solved yet, so you want to dream of being the general manager, let’s wait until the problem is solved!”

Lin Ran said, swirled against the car and did not speak.

.....

The drive to the shop was only twenty minutes back and forth, plus the road conditions were not bad today, so it was a few minutes early.

“Tsk! Fat Master I’ll be a man with a career soon!”

Standing outside the shop, Wang Yifeng couldn’t help but feel overwhelmed.

“Still short of a daughter-in-law!”

Lin Ran laughed and teased, then went up with Luo Qiqi and opened the door of the shop.

The shop door opened wide, and a faint fragrance immediately came out, along with a suffocating sensation, which was caused by the spirit locking formation Lin Ran had laid down earlier.

“Walk in and take a look, leave the door open and don’t close it!”

Lin Ran reminded and took the lead to walk in.

Previously, in order to verify if there was a problem with this place or not, Lin Ran had set up a spirit locking formation to block off the life inside the shop, and also put a pot of greenery to verify it, and two days had passed, so now was the right time to check the results.

“Ranzi! Look!”

The three of them went straight to the middle of the ground floor, where the green plant had been placed before.

“Who did this!”

When the three of them came close, Luo Qiqi immediately frowned, a little angry.

They only saw that the originally good green plant was still bright green at this time, but what none of the three of them expected was that the green plant was now falling to the east and west, as if it had been ravaged by someone.

“Ranzi! Is it possible that Ah Kui and the others are doing this, seeing that we won’t transfer the shop to them, so they are here to cause trouble?”

Wang Yifeng asked with a frown, the greenery had obviously been ravaged by man, and the only people who had a conflict with Lin Ran and knew about the shop were the people from Ah Kui’s psychic office.

“Don’t talk nonsense without proof!”

Lin Ran frowned, and then said to Luo Qiqi.

“Kiki, go to the lobby of the office building and transfer their surveillance, we are on the podium here, I noticed just now that there is surveillance at the main entrance!”

“Okay!”

Luo Qiqi did not hesitate to nod at once, this kind of communication and exchange stuff was still her most suitable, after all, the identity of the young princess of the Luo family plus the identity of the tenant, in addition to the Luo family’s mind of business operation for generations, this little problem was not a matter to her at all.

“You go to the first floor and take a look!”

Lin Ran said again at Wang Yifeng, while opening the door leading to the courtyard himself and arriving in the courtyard.

The courtyard was still no different from usual, an old banyan tree grew sky high, standing under it only a little sunlight could shine down, but it was such a comfortable place, but there was not a single weed under the old banyan tree.

“Could there really be a ghost?”

Lin Ran wondered in his mind, and just then, Wang Yifeng’s voice came from upstairs.

“Ranzi, there’s no problem upstairs!”

Lin Ran nodded at his words, and then turned all around inside the entire shop again, and again found nothing unusual.

“This is odd!”

Just as Lin Ran was wondering in his mind, Luo Qiqi was the one who had already returned with the news.

“Brother Lin Ran, it’s fallen through the surveillance, no one has come at all since we left!”

“Looked through so quickly?”

Wang Yifeng asked in wonder, it had been at least two days since they left, it shouldn’t look that fast by definition!

“No! Since there was only the surveillance at the main entrance, I compared the position of the front and back locks directly and found that they hadn’t been moved!”

Luo Qiqi said.

Wang Yifeng smiled at that and gave a thumbs up to Luo Qiqi, that’s a good idea! Half the work for half the effort!

“Then it seems to be right!”

Lin Ran’s heart sank completely at his words, and his face became a little gloomy.

“What’s wrong with Ranzi?”

“Brother Lin Ran!”

Wang Yifei and Luo Qiqi both looked at him, this reaction from Lin Ran made them all a little uneasy in their hearts.

“Don’t be nervous, I can just be sure of a few things!”

Lin Ran spoke in relief, while looking towards Wang Yifeng.

“Fatty, it looks like it’ll be your turn to come out soon!”

“What do you mean?”

Wang Yifeng did not understand.

Instead, Lin Ran smiled and said solemnly.

“This shop, it’s likely to be really haunted!”

“Huh?”

Luo Qiqi's pretty face instantly went white when she heard that, she hurriedly ran behind Lin Ran and grabbed the corner of Lin Ran's clothes, haunted, she was a girl who was most afraid of such things.

Wang Yifeng, on the other hand, laughed.

"That's great, how long has it been since I've caught a ghost, this expertise is rusty, I hope this time the ghost better be a woman, don't let me down! Ahaha!"

With that, Wang Yifeng couldn't help but lick his lips, looking like a sinful uncle about to extend his salty hand.

"It's really miserable to be caught by you, and I don't know if it's you who's at a disadvantage, or the female ghost!"

Lin Ran laughed.

"Screw you!"

Wang Yifeng gave Lin Ran a blank look, then when he saw that he was about to go out, he was busy asking.

"Isn't it ghost hunting? Where are we going now?"

"Let's go to Building Materials City first. Have you ever seen a ghost come out in broad daylight to play with you? The one who came out in broad daylight to find you wasn't a female ghost, that was Xiao Cui!"

Lin Ran returned.

"Screw you Ranzi, making fun of my Xiao Cui again!"

Wang Yifeng returned, while locking the door and rushing to follow, before asking.

"Right Ranzi, how can you be sure, it's just haunted, a pot of greenery doesn't mean anything, right!"

Lin Ran smiled at his words and looked at him and spoke.

"A pot of greenery is enough to say a lot of things, it's just that you only have beautiful women in your eyes and can't see it!"

With that Lin Ran took the lead and got into the car.

Chapter 623

The whole shop belongs to the podium of the office building, and in all four directions, two are connected to the office building, while the other two, one is the main door, facing the main road, while the other side is completely all walls, without even a window.

"The fully enclosed structure and the fact that the locks on the main door show no sign of having been tampered with means that no one has come to the main door, which would mean that no one has come to the rest of the building either! After all, who would jump down from an office building?"

Lin Ran laughed.

“And as for the greenery it’s a better judgement, if it were you, would you look like you had an egg on your face breaking all the branches of the greenery?”

“Nonsense, if it were me, I would have just copied the pot and flung it all off, who would break the branches one by one, just like a pussy!”

Wang Yifeng laughed.

“That’s right!”

Lin Ran laughed and continued.

“A normal person would never go to this much trouble, and if you study and look, you will definitely be able to see that the whole green plant was broken all in one direction, rather than being broken by someone, it was blown off by the wind!”

“That’s absolutely impossible! If there was such a strong wind, the pot would have been blown into the wind long ago, and the dust on the ground around it is all generally thick, so it obviously can’t be due to the wind!”

Wang Yifei analysed.

“You’re growing up fast!”

Lin Ran smiled gratefully.

“It’s obvious that the wind caused the traces, but the surrounding area is untouched by the wind, so there is only one scenario!”

Lin Ran laughed.

Wang Yifeng smiled and gulped back.

“The ghost blew it!”

“That’s right!”

Lin Ran laughed and nodded his head.

“Oops! Alright you guys stop, it’s scaring me with goosebumps!”

Luo Qiqi clutched Lin Ran’s arm and pressed her entire body against him, looking very scared.

Wang Yifeng saw this but laughed.

“I say Kiki, if you want to take advantage of this kid just say so, don’t use fear as an excuse, Fat Master I can turn a blind eye, you can drive all you want! Fat also I definitely do not look!”

“Fuck you fatty, I’m really scared!”

Luo Qiqi gave him a blank look and turned her head away from him.

.....

The building material city was nearby, and the three of them drove just a few minutes to get there!

“Hey hey! Three bosses, want to install surveillance?”

Inside a shop that mainly dealt with surveillance, the boss looked at Lin Ran’s three people with a smile, just now he had noticed that these three people had come in a Porsche, so they were definitely rich people with big clients.

The only thing is, these three people, how come two of them are dressed in dirt, is it a special hobby?

The shop owner, Tianzhu, was a bit puzzled. He had been running the shop here for almost ten years and had seen all kinds of people, rich and poor, pretending to be rich, but this was the first time he had seen someone driving a Porsche and wearing pukey clothes.

However, business has been slow these days, and the shop has not been open for weeks. Now that three rich-looking customers have come in, Tianzhu doesn’t care too much and welcomes them with a smile!

“Boss, I need to install surveillance, how much is it roughly?”

Lin Ran asked directly to the point, he needs to install one outside the shop now, after all, he can’t go to the office building every time to transfer the monitoring, over time others will have to be annoyed without him, and later after the renovation, the whole shop inside the natural also to install.

“It depends on what quality you want boss, a hundred, five hundred, a thousand we have it all here!”

Tianzhu laughed, there were actually a few dozen more, but he didn’t say anything, he knew what kind of people he was talking to, he was already familiar with this.

“I want high definition, whether it’s raining or windy, or the light is bad at night, I want clear shots!”

Lin Ran said directly, monitoring either not installed, to install a good one, otherwise when really need to catch blind, it will be more than worth the loss.

“Then it’s a thousand, I guarantee that this thousand can shoot clearly, as long as the machine is not broken, you just use ten years without wiping the camera, the shot will still be clear!”

Tianzhu laughed.

“OK, so is this one thousand a set, or just one camera?”

Lin Ran asked, he didn’t know much about this business so he asked a few more questions.

“Of course it’s a set, and the subsequent additions only cost money for the camera, the system and the rest don’t need to be paid for, how about that! Good deal, right!”

Tianzhu laughed, and when he saw Lin Ran nodding in satisfaction, he hurriedly asked.

“How many sets does the boss want?”

“One set first!”

Lin Ran said straight back.

“One set?”

Tianzhu was first stunned at his words, and then his gaze sized up Lin Ran's body, already cursing in his mind.

"Fuck me! You're driving a Porsche and you want a fucking set? Are you playing with me?"

"Boss, are you kidding, driving a Porsche and asking for a set?"

On the surface, Tianzhu continued to laugh.

"That's right, just one set for now!"

Lin Ran said, placing the key to the shop on the table, before giving the address again.

"You go and install them now, and when you're done, just put the key in the flower pot at the entrance of the shop!"

"Now? Can't go!"

Tianzhu said blandly, seeing that Lin Ran was only buying one set, and his previous enthusiasm was immediately gone.

"How come you can't go?"

Wang Yifeng saw this and chided, this boss's change in attitude made him a little upset.

"This boss, it's useless for you to get angry! How much money do I earn for just one set? It's not enough for me to delay my work blindly, a set will be installed in three days, just wait!"

Tianzhu said and sat down on his chair with a buttocks, a grandfatherly look, a world of difference compared to before.

"Hey! You kid looking for a draw"

Wang Yifei was on fire and just wanted to go up and teach this guy a lesson, but he was stopped by Lin Ran.

"A set earns less money, right? You go ahead and install it, and if the result satisfies me, subsequently my entire company's surveillance will be handed over to you!"

"What? The whole company?"

Tianzhu was stunned at his words and was busy sitting up and looking at Lin Ran as he asked.

"Then how big is your entire company? It's not going to be as strong as your clothes, right!"

Tianzhu laughed, he had thought Lin Ran was a big boss, but just buying a set of surveillance, which disappointed him to the core, at this moment the other party still said something about an entire company, he naturally didn't quite believe it.

"Boss, you don't fool me, I've been in this business for many years, I've heard a thousand or 800 such words, what then the whole company is given to me, lying to the devil, moreover, who knows how big your company is, if there's only one bathroom, then I'll lose a lot of money!"

"Hey, you kid, you can't think about it, right? Believe it or not, I'll smack you to death!"

Wang Yifeng said angrily, but Lin Ran stopped him and smiled at Tianzhu.

“My company isn’t big either, just two floors, nearly a thousand square meters! You can see for yourself when you go to install it later!”

“Two Two floors? One One thousand square meters?”

Hearing Lin Ran’s words, Tianzhu’s eyes instantly lit up and he hurriedly stood up, his face green with embarrassment, but he still said enthusiastically.

“Boss open-minded! Don’t worry, I’m on my way! I’ll make sure it’s ready for you by noon!”

“But let’s be clear, if you’re happy with the results, you’ll have to find me for the follow-up, so you can’t be unethical!”

“Don’t worry!”

Lin Ran laughed, followed by paying the money, and then led the two out of the shop.

“I don’t like this guy, he’s too mercenary!”

As soon as they left the shop, Luo Qiqi was dissatisfied.

Lin Ran smiled at this and said.

“It’s all just to survive, but I don’t like his attitude either, but I’m pressed for time, so I’m too lazy to change!”

Chapter 624

Leaving the shop, Lin Ran took the group next door to the office supplies mall.

“Why are you coming to see office supplies now? The shop hasn’t even been renovated yet!”

Luo Qiqi and Wang Yifeng both looked at Lin Ran in wonder, always feeling that he was in some kind of hurry about something.

“I have time today to order all the reordered ones, I don’t know when I’ll have time next time!”

Lin Ran said.

Both of them were stunned at his words.

It was true that Lin Ran was usually too busy with all sorts of things, and this was the case when the clinic was renovated before, leaving all the work to Luo Qiqi, and Lin Ran hardly asked about it.

This also made Lin Ran feel a bit guilty, after all, all these things were his own, but he had to keep Luo Qiqi busy. Now that he had some free time, Lin Ran decided to do something on his own, he couldn’t be the boss every time.

“Boss, where is everyone?”

The three of them chose a shop selling office furniture, but when they entered, they found that there was no one in the shop, and the boss had gone away somewhere.

“Coming, coming!”

A middle-aged man soon ran out from inside the shop and shouted at the same time.

“I am very sorry, we are not receiving this afternoon.”

Before he could finish a sentence, the boss was stunned while looking at Luo Qiqi and smiling.

“Little beauty it’s you again, you want to purchase something this time?”

“Yes, boss long time no see!”

Luo Qiqi laughed while explaining at the two of them at Lin Ran.

“This is where I bought the office supplies for the clinic renovation last time, the boss is not bad!”

Lin Ran nodded at his words, but he always felt as if that boss was going to say something just now.

“Hello everyone, I’m Hou Qi, the owner here, I wonder what extremely want to buy?”

The owner Hou Qi smiled at the crowd, but there was a bit of anxiety in his eyes.

“Boss, are you very busy?”

Luo Qiqi asked in wonder.

“No No, why don’t you guys take a look first? Shout at me if there’s one you like?”

Hou Qi laughed.

“Okay!”

Lin Ran nodded and was just about to look around when an impatient voice came from inside the shop.

“Boss Hou, what are you doing! Come here quickly! Don’t you want to do big business?”

“Fine, I’ll be right there!”

Hou Qi smiled apologetically at the crowd and turned around to return to the inner room.

Lin Ran and the others didn’t think much of it, and immediately went around the shop.

The feng shui company, naturally, did not use the medicine cabinets that were only needed in clinics, so what they had to buy was basically just some desks and office chairs, but now it was not what it used to be, and since Lin Ran had come in person, it was only natural that they had to buy some good quality ones.

Especially the office chairs, he and Wang Yifeng lived in the clinic every day, in the future if the feng shui company really became big, by then they would be too busy to even go back to the clinic, so this office chair had to be big and also able to sleep, that was the most important thing.

“This one, this one! And this is all good!”

Lin Ran looked and clicked along the way, asking Luo Qiqi to write down all the ones that felt good.

“Ranzi, you’re not going to pass, the choices are all fucking expensive!”

Wang Yifeng said softly beside him again, although he didn’t shell out any money, he could see that Lin Ran had bought all the more expensive ones and was distressed.

“It’s alright, just pay me back when your company makes money later!”

Lin Ran laughed.

Wang Yifeng smiled and quit, busy saying.

“What are you talking about, the company is yours, I’m just a part-time worker, how can I return it to you, fat master I can say this first, don’t have this beautiful dream!”

“Mine? Didn’t you grab to be the manager before?”

Lin Ran asked with a smile.

“This You probably, probably misheard, you can not earn, but fat master I absolutely cannot lose!”

Wang Yifeng laughed awkwardly.

Lin Ran didn’t bother to pay him any mind, and when he saw that the selection was almost done, he shouted.

“Boss Hou, come out! The stuff has been chosen!”

As the words fell, Lin Ran made his way to one of the chairs to try out how it felt, but instead of waiting for Boss Hou, there was a very irritating voice that followed.

“What are you shouting about! I’ll take this shop this afternoon, go and choose another one! Don’t take my business here!”

“Holy shit! Who the fuck are you, come out if you don’t like it!”

Wang Yifeng was furious, pointing inside and cursing.

“Holy cao! Brothers, follow me out!”

The man inside was also a grumpy man, and he scolded at his words, followed by a group of people from Hishisuo who actually came out from inside, at least seven or eight at a glance, while the boss Hou Yu and a middle-aged woman followed nervously behind.

“A few of you, or you can come back tomorrow, this Brother Black does want to pack the venue today!”

Boss Hou was busy standing out and embarrassed, he had just come out to ask Lin Ran and the others to change to another shop, but when he saw Luo Qiqi, he changed his mind.

The last clinic purchase, he did not make a lot of money, at this time see the god of wealth again, naturally do not want to push out, originally thought Luo Qiqi and other people are very sharp, should not take much time, will not be found by the black brother inside, but now

“Packed?”

Wang Yifeng smiled at his words.

“I’ve only heard of watching movies in a package, eating in a package, this is the first time I’ve heard of buying office desks in a package, how come your family is also opening an office supply shop!”

Wang Yifei looked at the so-called Black Brother and laughed.

“Damn fatty, are you talking to me?”

The dark young man leading the other party sneered, he was none other than Brother Black.

Lin Ran looked and found that this Brother Black was dark looking, covered in tendon meat and with a big gold chain around his neck, he was not a good fighter at first glance, he just didn’t expect that someone dressed like this would actually purchase office furniture, it was hard to believe that nowadays, all the hooligans had transformed into opening companies as well.

“Gentlemen, we don’t have a problem with you guys wanting to charter the venue, I’ve already chosen the stuff, paid for it, and it will be delivered within half a month without delay!”

Lin Ran said, he still planned to go to the antique city, so he didn’t want to waste time here again.

“If you say you won’t delay, then you won’t delay. I came out of there and wasted no time talking to your friend, who is a dead pig. Get the fuck out of here if you don’t want a fight!”

Black said unceremoniously, while clenching his fist and making a few “clicks”.

“Fuck me! A fight? I’m really itching to fight!”

Wang Yifeng disliked him back, but he was stopped by Lin Ran.

“Boss Hou, here’s our purchase order, it’s already written! The money will be transferred later, and delivery will be made within half a month! No problem, right?”

Lin Ran looked at Hou Qi and asked with a smile.

“No No problem!”

Hou Qi was stunned to receive the purchase order, he had seen a dry one, but not such a dry one, the purchase did not even engage in price, this is too dry.

At the same time Hou Qi couldn’t help but glance at Black next to him, so many of them were blocking in, and it was a shame to say it, just to mess with the price.

“Pop!”

Just when Hou Qi was rejoicing in his heart about how he had stumbled upon such a good god of wealth, Black Brother next to him was slapping the purchase order out of Hou Qi’s hand, and then looked at Lin Ran and said disdainfully.

“Kid! You don’t understand human language, do you? I’m talking about the other side, I’ve got the venue this afternoon, do you understand? Don’t want to die hurry up and get out!”

“Fuck, what the hell are you wearing, you’re still pretending to be a pussy in front of your brother Black, if you don’t get lost, you’ll find your teeth! I’m doing millions of dollars a minute, and a poor bastard still wants to delay it, you don’t know how to behave!”

Chapter 625

Lin Ran’s face was calm as he looked straight at Brother Black and said indifferently.

“If you continue to be unreasonable, you’ll only delay you even more!”

“My Cao! How dare you fucking lecture me?”

Brother Black was enraged at his words, and raised his hand to slap towards Lin Ran’s cheek.

“Ah!”

On the side, Hou Yu and his wife looked on and hastily covered their faces, not daring to look.

This big black was notoriously unreasonable in the nearby area, otherwise how could they have accepted any arrangement to pack the venue, looking at the fact that so many people had come, but the things they actually bought weren’t worth much, otherwise Hou Qi wouldn’t have risked offending them by taking Lin Ran’s purchase order.

However, what they did not expect was that they waited for several seconds, but were late in hearing the slap sound, hastily moving their palms away, they froze.

Only to see in front of them, Big Black’s dark arm was fixed in mid-air, and on his arm, there was a white arm, which was firmly grasping his wrist.

“You You!”

Big Black held his face blue, this was the first time that his slap was actually stopped by someone.

“If you have something to say, if you do it, I won’t be polite!”

Lin Ran looked at Big Black with a straight face.

“You’re not polite? Get the fuck loose!”

Big Black was furious and broke free of Lin Ran’s arm, then pointed at him and cursed.

“You’re fucking shameless, aren’t you! How dare you fucking make a move with me, do you know who I am?”

“Don’t know! Nor do I have any interest in knowing!”

Lin Ran looked at him still blandly.

However, Big Black was already completely anxious, and he looked at Lin Ran with anger in his eyes as he said coldly.

“Don’t know? If you don’t know, you still fucking dare to come to my territory and spill your guts, you don’t even fucking ask around, what kind of people I am in this area, and you’re still fucking against me!”

Saying that, Big Black seemed to feel still not relieved, he actually took out his purchase order and slapped it directly in front of Lin Ran's face.

"Open your eyes and see clearly, my fucking purchase list is more than ten pages long, how dare you take one fucking page? And you're still pretending to be a pussy in front of me, are you qualified?"

"So what?"

Lin Ran was still looking at him, his expression still as bland as ever.

"So what? What the fuck did you say so? So take your bullshit purchase order and get the fuck out of here, it's fucking bad luck!"

As for his hands, he was a little weak in his heart, just now Lin Ran's palms were like iron pincers firmly locked around his wrists, making it impossible for him to move at all, and he was a little baffled at this point.

"Can I ask a question?"

Lin Ran suddenly spoke up.

"Hm?"

Big Black frowned slightly at his words and turned to look at Lin Ran, impatiently saying.

"If you have a fart, just let it out!"

Lin Ran wasn't angry either, and looked at him blandly as he asked with a smile.

"The purchase order is so thick, how much does it cost?"

"Yo-ho? How come you haven't seen enough for so many purchases, want to open your eyes!"

Big Black laughed, glanced disdainfully at Lin Ran, stretched out five fingers and sneered.

"Fifty thousand! Ever seen a poor bastard? And it's still fifty thousand for a single purchase!"

"Fifty thousand?"

Lin Ran was stunned at his words, this price was not high, but not low either, it mainly depended on what was being bought, the cheap ones might be able to buy several cars, but the expensive ones might only be one or two pieces.

"I got it!"

Lin Ran smiled and nodded his head, before looking at Big Black.

"You've finished!"

"Nonsense! Get the hell out of here!"

Big Black scolded with a sullen face.

"It's good that you're done!"

Lin Ran smiled and nodded, then smiled at Wang Yifeng.

“How many swear words did this guy just say?”

“Huh?”

Wang Yifei was stunned at his words, but once he thought about it, he said.

“Twenty sentences!”

Who cares if he had that many, just make one up first before saying anything.

“Good! Twenty slaps on the wrist!”

Lin Ran said indifferently.

“Holy shit! You’re fucking kidding me, aren’t you, brothers ...”

Big Black saw this and immediately became furious, while Wang Yifei on the side was secretly pitying, if he had known it was like this he would have to report 200 ah, this 20 was not enough for him to hit!

The first time I heard the sound of a typewriter, I heard a series of “pop, pop, pop”.

“Boss! My purchase order!”

Lin Ran went forward and picked up the purchase order that had fallen to the ground and handed it to Hou Yu, then smiled and patted the latter on the shoulder.

“When you ship it, make sure it doesn’t get damaged, thank you!”

With that, Lin Ran turned around and was about to leave, while at this time, Wang Yifeng, who was at the side, had also finished his twenty slaps and was somewhat impatient to say.

“Ranzi, just now I miscalculated, this guy said at least forty sentences, I’ll make up for it with twenty slaps!”

With that Wang Yifeng raised his hand to strike again, but fortunately Big Black reached out and stopped him.

“Don’t... Don’t hit, if you hit again, you’ll really die!”

Big Black cried out, with twenty slaps, his face was completely swollen into a pig’s head, and his mouth was swollen into a banana, if this was another twenty slaps, he was afraid that his little life would have to end here.

“Fatty, let’s go!”

Lin Ran greeted, and then walked out, shouting before he left the door.

“Boss, the money’s been paid, pay attention to the receipt!”

“Pay attention to the check!”

Wang Yifeng got up and smiled at the boss, and then there was a slap at Big Black behind him, scaring him so much that he would cover his face and not dare to speak.

....

“Black Brother Black!”

Only after Lin Ran and the others had left, this group of Big Black’s men hurriedly went up and helped Big Black up, but when everyone saw his face, they couldn’t help but suck in a breath of cold air.

Twenty slaps, this wasn’t twenty slaps, I’m afraid it was two hundred slaps, if it wasn’t for the clothes still being the same as before, they wouldn’t have been able to help themselves that this was a person.

“Fuck! Bunch of goons!”

Big Black was so angry that he gritted his teeth and rushed straight to Hou Qi’s side, snatched the phone away and said angrily.

“And transfer money, a poor bastard can fucking have how much money, Laozi then to see where your address is, this son old must fucking”

A harsh words have not finished, suddenly big black stunned, at the same time can not help but gulp spit, stammering said.

“Two Two hundred Two hundred thousand!”

“What?”

A side of Hou Yu heard the same already, hastily grabbed the phone to take a look, only on the meeting clearly written “respected xx bank card users, your tail number 4085 account, inverted 200000 yuan, the balance of 220,000 yuan, please pay attention to check!”

“It’s really 200,000 yuan!”

Hou Qi couldn’t believe his eyes, or his daughter-in-law Hou Yu, who kept her sanity aside, would take Lin Ran’s purchase order and glance at it, exclaiming.

“Old man, that young man has bought almost all the most expensive ones in our shop!”

“Bought up all the most expensive ones?”

Although he was a landlord, he had followed a boss and knew that it was as easy as pie for a rich man to clean up after himself.

He was so scared that he would take out his mobile phone and call.

“Peng Brother Peng, I seem to have messed with a thug, you You have to help me!”

“What thug? You talk to me even if you are a dirt thug? If you need me again, I’m fucking shopping in the antique city with Xiao Li! Home run tonight, leave me the fuck alone!”

Chapter 626

“It feels so good to spend money!”

In the car, Lin Ran couldn't help but shout, remembering his poor life at the beginning, when he had to think long and hard about a packet of pickles, and comparing it to his life now, it really felt like yesterday's world.

Although the heart is cool, there is also a deep sense of guilt. After all, Lin Ran has only just become rich for a short time, and the first time he spent so much on office supplies, he was still somewhat unable to adapt.

"The key is the guy's face. I guess he'll be scared to death when he sees the amount of money."

Luo Qiqi laughed beside her.

"I don't really care about that!"

Lin Ran laughed, he knew that Luo Qiqi was talking about Brother Black, for this kind of person, Lin Ran had already seen it and was too lazy to think much about it.

"Right Ranzi, what are we going to Antique City for?"

Wang Yifeng asked as he drove the car.

"Nonsense, of course we're going to buy something, it's hard to go to the Antique City and invite you to dinner!"

Lin Jean said helplessly.

"As long as you treat me, no matter where we go to eat, Fat Master I have no problem with it!"

Wang Yifeng said, full of care.

Lin Ran didn't bother to answer and leaned back in his seat thinking about what all to buy so that he could prepare for setting up the feng shui formation for the shop.

.....

It was only half an hour before they arrived at the Antique City, so the three of them hoofed it, got out of the car and walked straight in.

The three of them walked and looked around, during which Lin Ran also bought some things that were used to prepare for the formation.

However, the goods in the ground stall area were uneven, and in the end, they did not buy all of them, and the feng shui company opened, naturally, they had to go and pick a spell for the formation shop, which is also a symbol of strength of eyesight, otherwise would not be seen by peers to snicker.

"Let's go, let's go to Gu Yu Zhai!"

Lin Ran greeted with a smile.

Ever since he started investigating Wang Kun's matter, this Gu Yu Zhai hadn't been here for a long time, and he didn't know if the owner, Gu Yuming, still remembered himself.

The two of them were not very polite inside the shop, there was only a small fellow cleaning the counter, there is no way this kind of business is like this, three years without opening, open to eat three years.

“What would you like to order?”

The little man saw that Lin Ran and the two of them were dressed in ordinary clothes, so he casually welcomed them and then got busy on his own.

Lin Ran didn't care either, and came to sit at a side table, smiling as he asked.

“Is your boss in? It's me, Lin Ran, looking for him!”

“Boss?”

The little fellow was stunned at his words, but seeing that Lin Ran wasn't joking, he frowned and went into the inner room.

It didn't take long for a familiar voice to come from inside, followed by Gu Readming who then walked out with quick steps.

“Aiya, little friend Lin Ran! It's been a long time, what brings you here?”

“Boss Gu, it's been a long time, you're looking better and better, looks like business has been good recently!”

Lin Ran smiled and teased.

“Sloppy, sloppy!”

Gu Readming laughed, then greeted the fellows and served tea, while asking with a smile.

“These two are?”

“My friends, Wang Yifei and Luo Qiqi!”

Lin Ran introduced them with a smile, while opening the door and saying directly.

“Ancient-like, I'm in a hurry, so I'll get straight to the point, I need some materials, you should have them all here, here's the list! Apart from these, I also need a magic weapon for the town shop, you help me choose a few pieces, I'll take a look at them personally!”

“Good! Small matter, I'll have someone prepare these materials first!”

If there was business to be done, unless Gu Readming was stupid, he immediately arranged for people to prepare the materials.

“As for the magic artifacts for calming down the house, this is a good point, with Brother Lin Ran's vision, the ones displayed outside will definitely not be to your liking, when the materials are available, I will bring Brother Lin Ran a few pieces of my treasured magic artifacts, to ensure that Brother Lin Ran will return home satisfied!”

Gu Readming said with a smile.

Lin Ran smiled at his words and nodded, he also knew very well that in this kind of antique shop, the really good things were never displayed on the surface, they were all treasured and would only be brought out by those who really knew what they were doing.

While Lin Ran and Gu Read Ming were chatting about the day and waiting for the guys to prepare the items, a man and a woman walked in at the door.

The man was dressed in a suit and was very handsome, he was a successful man, or at least a boss, while the woman was equally shiny and bright, the two of them standing together really had the appearance of a man and a woman.

But as soon as these two entered, Lin Ran's brow furrowed a little.

"What's wrong?"

Luo Qiqi saw that Lin Ran's face had changed, so she asked.

"It's not clear yet!"

Lin Ran waved his hand to gesture for Luo Qiqi to keep quiet, and followed as his gaze fell on the two men.

The male was about 5'8", tall and handsome, his cheeks were also angular and extremely full-faced, which was considered to be a normal upper face, while the female was also very pretty, but when Lin Ran looked closely, he was frowning.

He found that the woman's seal was red, but it was demonically red, not the common sign of good qi, instead it was overly red, and what goes around must come around, a sign of calamity for sure.

"This smell, could it be hers?"

Lin Ran's heart stirred, and he immediately got up and walked towards the woman.

"Little friend Lin Ran?"

Gu Readming frowned as he watched, a little worried.

While Luo Qiqi, who was on the side, also hurriedly dried up, only Wang Yifeng sat in place and smiled at Gu Readming.

"The old like see, this kid is also not what decent people, and always say I see beautiful women eyes straight, this kid see beautiful glasses not also straight well, this guy also walked straight over, what? What is he doing? Robbing a girl in broad daylight!"

"Girl!"

As soon as Wang Yifei's words fell, Lin Ran's side had already spoken.

"You are?"

The man and woman turned around to look at Lin Ran at his words, somewhat puzzled.

"Have you been a little unwell recently?"

Lin Ran asked directly, frowning.

“No, who are you? I don’t seem to know you!”

The pretty girl was a little wary, looking at Lin Ran with a slightly evasive gaze, not knowing what she was afraid of!

“Kid! What are you doing? This is my girlfriend, keep your eyes open!”

The man next to him immediately quit, especially when he saw that Lin Ran’s eyes were all on his girlfriend, which made him feel like his sovereignty was being violated.

“Don’t say anything for now!”

Lin Ran didn’t even look at the youth and returned blandly.

“Holy shit! You’re fucking looking for trouble, right? This is my girlfriend, you’re telling me to keep quiet, believe it or not, I’ll get you killed, I, Peng, haven’t fucking met this ungrateful thing!”

The youth shouted.

“Brother Peng forget it, or let’s change places!”

To the side, the pretty girl said busily, seemingly scared of Lin Ran.

“Change places? On what grounds? There’s still a place where my Brother Peng can’t go?”

Brother Peng gave Lin Ran a disdainful look before saying.

“Kid, if you have shit to say, don’t be a fucking eyesore here! Seeing that my woman is pretty, what else do you want?”

Lin Ran blandly glanced at Brother Peng, not bothering to pay him any mind, turned his head to look at the beautiful woman and spoke.

“Have you recently been experiencing frequent urination and urgency, in addition to a feeling of discomfort all over your body?”

“I I don’t!”

The beautiful woman was stunned and said with some evasiveness.

Lin Ran saw this but was even more sure of what he had in mind and spoke.

“I hope you’re telling the truth, because your illness is likely to be very serious!”

“Who are you?”

The beautiful woman looked at Lin Ran, a little worried, and asked.

“I am a doctor!”

Chapter 627

“Doctor? You’re laughing my ass off!”

Brother Peng laughed at his words and pointed at Lin Ran and cursed.

“Poor bastard, you’re fucking sick, such an old-fashioned way of picking up people, I didn’t use it ten years ago, don’t you think you’re an idiot?”

“I don’t feel it, but I feel as if you’re sick too, and it’s here that’s sick!”

Lin Ran said indifferently, while Peng’s head, meaning that you are sick in the head.

“Who the fuck are you cursing at! Looking for death isn’t it, nothing hurry up and get out, this old man girlfriend, in the shady soul believe it or not I shout people to get you dead!”

He hadn’t had enough of playing with his innocent girlfriend, so he couldn’t possibly let someone like Lin Ran get in the way.

However, in the face of Brother Peng’s tirade, Lin Ran was too lazy to pay any attention to him, turning his head to love thinking about the beautiful girl and continued.

“I repeat, I am a doctor, if you really have these conditions, your illness is very serious and you must hurry to get treatment or your life will be in danger!”

“Huh?”

The pretty girl was so frightened at the sound of her words that she lost her face, and her life was in danger, how could she not be afraid!

“Xiao Li, don’t listen to his nonsense, what life is in danger, he is just trying to hit on you!”

Peng Gomeng said, while pointing at the clothes on Lin Ran’s body, disdainfully.

“Look at what he’s wearing, what a rag, just this kind of person’s mind don’t you understand? What you got a disease, that’s just fooling you!”

“But!”

The pretty girl was a bit hesitant, she wasn’t stupid either it was impossible for her to listen to Peng completely.

“There’s no buts, if you’re not sure I’ll take you to the hospital later, it’s better than seeing a doctor at the hands of a poor bastard like him!”

Peng said busily.

“All right then!”

The pretty girl hesitated for a moment and still agreed.

What he didn’t expect, however, was for Lin Ran to follow suit and say.

“If you guys are going to the hospital, it’s best to have this man beside you checked out as well, I suspect that your illness is infected by him!”

“Huh?”

The pretty girl sniffed and immediately looked at Peng, who had frozen in place, followed by anger.

“Damn poor bastard, who the fuck are you saying infected you? I’m not fucking sick! You want to die, don’t you!”

Brother Peng grabbed Lin Ran’s collar and said angrily, yet Lin Ran was not at all moved by anger, looked down and said blandly.

“You’re not sick, why is this scar coming?”

The crowd sniffed and looked, only to see that Peng grabbed Lin Ran’s arm, the cuff slipped, and indeed revealed a red scar the size of a nail cap, which looked very conspicuous.

“This This is what I accidentally knocked!”

Peng was full of embarrassment as he defended.

“Not accidentally knocked?”

Lin Ran laughed.

“A knocked injury is at best a bruise, even if you knocked and broke a break, it would be a regular red colour, and it would condense into a red scar in as little as a day, or as long as two days, and this scar on your body is definitely not knocked out!”

“You What proof do you have that this scar is knocked out of me!”

Peng was busy saying, jokingly, how could he admit that it was grown on his body, wouldn’t that be the same as admitting that Lin Ran said it was true and that he was sick.

“It’s useless for you to argue!”

Lin Ran looked at him and laughed.

“This disease, which is not clinically significant initially, has an incubation period that can reach three to five days, and normally the patient’s skin will not show any symptoms, and the fact that you are now growing scars all over your body is enough to show how dangerous your situation is!”

Saying that, Lin Ran also glanced at Xiao Li next to him and continued.

“This disease, which is mainly sexually transmitted, can lead to pus in key areas and can manifest itself in the form of symptoms such as lower abdominal cramps, back pain, as well as frequent urination, and if not treated as soon as possible, it can eventually induce serious conditions such as ulceration, which can also kill a person in serious cases!”

“Huh?”

Hearing Lin Ran’s words, Xiao Li was immediately unsettled and busily asked.

“Then doctor, what exactly is this disease!”

By this point, she had been completely convinced by Lin Ran’s words for a change.

You could insist on not believing it, but every illness that people said was right with you, so if you still insisted on not believing it and said you weren't sick, then you could be really sick.

"Xiao Li, don't listen to his bullshit and alarmist talk here, I'm not sick at all, and neither are you, let's go!"

Peng said busily.

"I'm not leaving! I have to get clear, I don't want to die yet!"

Xiao Li broke away there was alarm and hatred in Peng's eyes.

"You believe him and you don't even believe me?"

Brother Peng was instantly fired up, seeing that Xiao Li still insisted, he turned around and pointed at Lin Ran and cursed.

"Damn you, strong old me woman, I'll fucking kill you!"

As soon as he took a step, a fat figure rushed over from the side and kicked him directly in the stomach.

He heard a "bang", and then Brother Peng flew backwards, and Wang Yifeng leisurely followed him, dragging Brother Peng, who had been kicked to the door, back.

"You! Who the hell are you?"

Peng covered his stomach, his body bruised and battered.

"As I said, I'm a doctor!"

Lin Ran said indifferently, then stopped paying attention to him and turned to look at Xiao Li.

"Doctor, then can this disease be cured?"

Xiao Li asked busily.

"It can be treated! Go to the Tamkang Hospital, or the clinic near the university town, you can cure it! Tell the doctor you have gonorrhoea when you get there, and someone will naturally tell you how to treat it!"

Lin Ran returned.

Xiao Li was still a bit uneasy and asked busily.

"So doctor, what exactly is this gonorrhoea disease?"

"You really want to know?"

Lin Ran smiled a little embarrassed.

"Of course, I've got this disease, I definitely have to find out!"

Xiao Li said solemnly.

Lin Ran shook his head helplessly at this, and then said.

“Gonorrhea is also an STD, and belongs to the same category as smallpox, syphilis and AIDS, but it’s not as powerful as the latter three, all you still have to save!”

“Huh?”

She couldn’t believe how she had contracted this disease, she had been clean since she was a child, and had kept her virginity in college, the only boyfriend who had ever touched her was the man in front of her.

When the two of them went to a bar together, Xiao Li drank too much and was taken advantage of by Peng, but I never thought that just this once, just this once, she would actually contract this disease, this

“How did you get this disease?”

Xiao Li suddenly thought of something and snapped her head around to look at Peng, with anger in her eyes.

“I I’m not sick! Xiao Li, don’t believe him! He’s a liar!”

Peng covered his swollen face and argued on his own behalf.

However, Xiao Li could not believe it, she took a step forward, followed by a “tear”, directly ripped open Peng’s upper body suit, immediately appeared in front of the scene, made Xiao Li stunned.

She didn’t even have to guess to think that these red lines were scratched by someone, obviously a woman, but not her.

Chapter 628

Moreover, there were many other dark red scars on Peng’s body, some of which had studded, while others were still festering and miserable.

“You! You actually went behind my back and screwed other women outside! And you passed the disease on to me, you’re a beast!”

Xiao Li was so angry that she cried out, raised her hand and gave Peng a slap on the face, turned around and rushed out of Gu Yu Zhai.

“Xiao Li! Listen to me! Listen to me!”

Peng said, but it was all over now, Wang Yifeng let go of him and he went after her, but it was obviously too late.

“Boss Gu, let’s go and see the goods!”

Lin Ran turned his head and said blandly.

As a doctor, he had said everything he needed to say, and the rest was outside his scope of responsibility, so it was up to the two of them to deal with it themselves.

“Good!”

Gu Readming nodded his head and immediately prepared to lead Lin inside.

But just then, Peng, who had just rushed out, came running back with another slap mark on his face, and he pointed at Lin Ran and cursed.

“Bastard! You’re fucking looking for death, aren’t you? You dare to ruin my big event, none of you can fucking leave today!”

Peng’s atmosphere was overwhelming, he could not wait to trample Lin Ran under his feet and ravage him fiercely right now.

Sick? He wasn’t worried at all, he had just heard that the disease could be cured, and that he could see the doctor whenever he wanted, but now he couldn’t swallow the anger in his heart, he had to find Lin Ran and vent it out properly.

“Kid, don’t blame me for being unforgiving if you don’t leave, you have this fucking disease, I don’t even want to use my hands if I walk you!”

Wang Yifeng said disdainfully, while copying a wooden chair next to him and patting it, satisfied.

“Well, this chair is quite sturdy, I just don’t know how many times I can break it!”

“Gulp!”

Peng gulped in fear, although angry, he was not stupid and knew he was no match for this dead fat man, but he just couldn’t swallow the anger.

And, just as Brother Peng was thinking in his mind about how to get back the scene and clean up Lin Ran properly, suddenly a figure actually walked over from the side, while a voice also came over.

“What are you all doing here? You come to an antique shop and don’t look at the goods but look at the people, what? Is this person better looking than the goods?”

As soon as these words left their mouths, everyone looked over, and Lin Ran’s three people looked over as well.

The other party was an old man over half a hundred years old, his hair and beard were slightly white, he was holding a floating dust in his hand, wearing a daoist robe, he looked immortal and daoist, quite a bit like a person who had obtained a high degree.

“Master Lin! What brings you here?”

Peng exclaimed, Master Lin was the feng shui master he had found, his company was about to open, so he had found a feng shui master to help select the magic weapon to calm the house, did not think that the sooner he came, the later he came at this juncture.

“What? You don’t welcome me?”

Master Lin looked at Peng and said with dissatisfaction.

“No, how could you not be welcome, it’s just that now I have some grudges to settle with that kid, and I’m afraid I’ll drag you into it!”

Brother Peng was busy pointing at Lin Ran and laughing.

“O? Grudge?”

Master Lin was stunned at his words and looked at the three Lin Ran with interest, the doubt in his eyes gradually turning into disdain as he opened his mouth and laughed.

“Ah, old brother Peng, it’s not that I’m talking about you! You’re so rich, and still bothering with this poor boy, isn’t that too ungenerous!”

“Hey, me cao!”

Wang Yifeng smiled and immediately quit, this old thing had just arrived and counted Lin Ran and himself out, this made him very upset in his heart.

However, Lin Ran stopped it and shook his head, signalling him not to act rashly yet.

“Look at that!”

Master Lin, however, laughed and said at Peng.

“No money, talking this rudely, not from the same world as you in the first place, why do you need to get yourself riled up because of such people? Don’t you think so!”

Master Lin’s words were reasonable and justified, and for a while he really made Peng feel less angry in his heart, and instead had a feeling of being above the world, as if he could look down on Lin Ran.

“That’s right! Rich people, have rich people’s lives, why bother with these poor bastards!”

Master Lin laughed, then looked inside at Gu Read Ming and laughed.

“Boss Gu, lead the way, this Brother Peng beside me wants to pick a good house-holding spell, don’t recommend me for this rag you have outside!”

“Fine!”

Gu Readming didn’t want to offend anyone, and immediately greeted the two inside.

“Let’s go!”

Master Lin greeted Brother Peng and followed Gu Readming towards the inside, while laughing.

“See, this is how rich people are treated, do you see how they poor pussies can come in? So don’t be ordinary with poor pussies, it’s their good fortune to have come across you, why do you need to talk to them”

Grandmaster Lin spoke in a lofty manner, as if he was several notches above Lin Ran and the others.

However, before he could finish his words, Gu Readming, who was leading the way in front of him, spoke up, looking at Lin Ran and the others in the back and greeting them with a smile.

“Little friend Lin Ran, come along, the things you want are also in here!”

“Good!”

Lin Ran smiled at his words of course, and immediately brought Wang Yifeng Luo Qiqi with him to follow him as well.

“Master Lin, this”

On the side, Brother Peng looked at Grandmaster Lin with an embarrassed face, this guy had just said that the three of Lin Ran were poor bastards and would never be able to have this kind of treatment in their lifetime, but in the blink of an eye, this face was slapped.

“Boss Gu, are you kidding me, even a poor pussy dressed like them can get in? When did your Gu Yu Zhai stop being classy?”

Master Lin said with a cold and unhappy face.

“Master Lin, it seems that how our Gu Yu Zhai is run is not under your control, right?”

Gu Read Ming was not a good fighter either and directly disliked him back, then said blandly.

“Whether little friend Lin Ran has money or not, my Gu Yue Zhai will naturally make its own judgement, if you have an opinion you can change to another shop, if not then please shut up and follow me inside to see the goods!”

“You!”

Master Lin was so angry that his face turned blue, but after thinking about it he held back, originally he targeted the three Lin Ran just to take out his anger for Peng, if he were to offend Gu Read Ming at this point, it would really be more than worth the loss.

“No more questions? Then come in!”

As he spoke, Gu Readming had already opened a locked door, giving way to enter.

“Humph!”

Grandmaster Lin snorted coldly, not saying a word, and walked in at once.

“Humph!”

Peng also followed Master Lin’s move and stepped in after him.

“Sick!”

Wang Yifeng laughed helplessly.

“Let’s go!”

Lin Ran also laughed helplessly and led the three of them inside.

“Keep an eye on the outside!”

Gu Readming greeted the fellow at that moment and also followed him inside.

.....

This is a room of only ninety square meters, inside all four sides are walls, while in the middle are five or six rows of shelves, on which are all colorful Zhenzhai magic weapons, there are inviting wealth and treasure, also to avoid evil, and improve the feng shui pattern, it can be said that there are still everything.

Moreover, in one corner, there were also many magic tools piled up, I don't know if these were too bad or what was wrong with them, they were not on the shelves.

"Gentlemen, the good stuff is all in here, but it's up to your eyesight to pick what grade you can get!"

Gu Readming opened his mouth and laughed, gesturing for you all to pick at your leisure.

Chapter 629

However, just as Gu Readming's words fell, Grandmaster Lin, who was on the side, spoke up.

"Boss Gu, this person of mine doesn't like to be disturbed by people on the side when picking out magic weapons, so look, can you let them go out first!"

"Hm?"

Gu Read Ming's face instantly turned gloomy at his words, and he said in a cold voice.

"Master Lin, did you not understand what I just said?"

"No, no, I naturally understood, but I have my rules too!"

Grandmaster Lin laughed blandly, then pointed at the three Lin Rans on the side and said disdainfully.

"With a status like mine, Grandmaster Lin, I really don't want to be with three poor people, looking at goods together, and most importantly, do these three people know what feng shui is? Letting me pick with them is simply an insult to my status!"

"Hey, fuck me! What a drag, you're still talking to me about feng shui, do you know how to spell the word feng shui, old bastard? I don't want to see the goods with you, so get lost! Don't fucking take the eye of me here!"

Wang Yifeng said with displeasure.

"Fatty!"

Lin Ran spoke up and stopped Fatty, looking towards Master Lin and smiling blandly.

"If Grandmaster Lin doesn't want to look at the goods with us, he can go out on his own, and as for whether we're poor or don't know feng shui, does it have anything to do with you?"

"Naturally it has nothing to do with me, but don't you also want us to go out first, what reputation do I, Master Lin, have in the feng shui world of Tanjiang City, is also something you can think of? Although I don't know what your relationship with Boss Gu is, but not understanding is not understanding, think you can understand feng shui by relying on your relationship?"

Master Lin said disdainfully.

Lin Ran, however, laughed.

“Do we understand or not, why don’t Master Lin just try, with a pretty smooth mouth, how much do you know?”

“Huh, you kid is still coming on!”

Master Lin was stunned, and immediately went forward and pointed at the shelf in front of him, the nearest piece of goods, and said.

“Come! Tell me what it is, what it does, how much it’s worth, say it and I won’t be talking nonsense, you can look at the goods with me, but if you can’t say it, or if you say it wrong, your family will immediately get the hell out of my house, don’t you dare?”

“Yes! How dare you! Coward, I think you just don’t dare!”

Peng, who was at the side, interjected and mocked, he had easily found a chance to dislike Lin Ran, how could he miss it.

“Are you sure you want to play?”

Lin Ran laughed.

“Why don’t you dare? If you don’t dare, get lost immediately!”

To the side, Brother Peng laughed disdainfully.

“Heh!”

Lin Ran smiled even wider and immediately said.

“It’s not impossible to have a little fun, but this bet is a bit inadequate, like this! If I say up, that means I’m qualified, how about you guys pay for the things I choose later?”

“Hm?”

Master Lin looked at Lin Ran with micron eyes, not knowing what medicine this guy was selling in his gourd.

Lin Ran smiled lightly and said.

“Of course, if I can’t say up, I, Lin Ran, will pay for what you guys buy later, dare to play?”

“You’re buying the bill? What are you going to pay for? With the clothes you’re wearing, which are almost torn? Don’t tease me!”

Brother Peng couldn’t help but laugh.

Master Lin, however, listened with a slight frown, Lin Ran’s words were obviously very informative about himself, did he really look away?

As the thought was going through his mind, Lin Ran on the side was speaking up.

“Do I have any money, you don’t have to worry, even if I sell my blood I can still get enough, now you just need to go back to whether I dare to take it or not!”

“Holy shit! You’re still fucking angry, do I care about this amount of money? Take it!”

Peng said angrily, before Grandmaster Lin on the side could say anything, this guy had already taken the bet.

“What about you, Master Lin? This bet was proposed by you, why now you wouldn’t dare to play, right?”

Lin Ran, looked at Grandmaster Lin and smiled blandly.

“Fine!”

Grandmaster Lin’s face sank as he said in a cold voice.

“Since you’re so confident, then let’s play then! Now say it, what is it, what does it do, and how much is it worth.”

“Wait a moment!”

Lin Ran smiled blandly at his words, following which he turned his head to look at the item that Master Lin was pointing at.

It was a vessel similar to an ancient tripod, with an overall size of almost two basketballs, not too big to say but definitely not too small either, after all, this type of bronze type of ancient tripod was itself very rare, and even fewer were prominent in history.

For example, the Simuwu tripod, the Four Sheep Square, the Mao Gong tripod and the Dake tripod are all rare, and more often than not, these are medium-sized and smaller decorative tripods.

“This medium tripod would have been a product of the Song dynasty period, when imitation bronze ceremonial tripods were prevalent, so this type of tripod was also commonly used for rituals to heaven and earth, temples, wedding banquets, and pilgrimages!”

“As for the value, the benevolent will see the wise, in my opinion, the body of this vessel is corroded, only the overall appearance is still good, the market price will not be higher than 100,000 yuan, anxious to sell at most 60,000 to 70,000, not anxious to sell to about 100,000”

Lin Ran said a lot, and regardless of whether everyone understood or not, he directly turned to look at Master Lin and asked with a smile.

“I wonder, Master Lin, am I right?”

“Grandmaster?”

On the side, Peng was so nervous, he didn’t know anything about antiques at all, but hearing what Lin Ran said, he couldn’t help but be confused too!”

Master Lin’s brow furrowed as he watched Lin Ran fall into silence, and a moment later snapped to point at a statue on the other side of the shelf for a quick question.

“Where is it?”

“Recent times about the statue, it’s an imitation not worth much, ten thousand at most!”

Lin Ran almost didn’t even think about it and blurted it out straight away.

“What about this one?”

Master Lin asked, undeterred, pointing to another clay pot-like object.

“A private work made in Jingdezhen, worth fifty thousand!”

Lin Ran returned once again.

Master Lin still wanted to ask, but he was stopped by Wang Yifeng, who was standing by.

“Are you finished! If you can’t afford to lose, just say so, you’re addicted to asking, you can’t be an old man who doesn’t know anything!”

“Humph!”

Master Lin snorted coldly and turned away from the two, then greeted Brother Peng.

“Let’s go! Let’s go in and pick something out!”

“Huh? Then they?”

Brother Peng was stunned and wanted to say something else before Face was indeed already striding out.

“Hey hey! What’s the rush, don’t forget this block, remember to pay later!”

Wang a shouted, next to Luo Qiqi also laughed.

“Brother Lin Ran you’re awesome, this is great, you’ve saved a huge amount of money again!”

“Who’s still having trouble with money!”

Lin Ran laughed, then nodded at Gu Read Ming before greeting the two.

“Come on, let’s go and choose too, someone’s paying for it today, don’t be stingy!”

“Haha! That’s a must, at least choose something in the hundreds of thousands, otherwise how can we show how rich and generous Master Lin is!”

Wang Yifei laughed, and deliberately raised the decibel, as if he was afraid that Master Lin and Brother Peng couldn’t hear him.

“Damn it! Master, just swallow this anger?”

He didn’t really care about half a million dollars, but he just couldn’t swallow it. He was hoping that Master Lin would come and teach Lin Ran a good lesson, and even if he couldn’t beat him, he would at least make him suffer and get his revenge back.

But to his surprise, Grandmaster Lin was also out of his league and came up to suffer a secret loss.

“Don’t worry! Even if he knows a few things, so what! There are only so many really good things in this shop, I really don’t believe he can choose the best!”

Master Lin gritted his teeth and said.

Chapter 630

“Right! The best of these must have been your choice, Master... What do we do now? Where to?”

Brother Peng asked.

Master Lin smiled blandly at his words and pointed directly to the side, laughing.

“The better the item, only the more inconspicuous it should be placed, these people who run antique shops have become elite, I know them too well, the good stuff is bound to be in the corners!”

“Is that so? I’ll do as you say!”

Peng laughed and patted his horse’s back, saying so, but there was nothing he could do if he didn’t listen to Master Lin, after all, he didn’t know anything!

Led by Grandmaster Lin, the two men didn’t even look at the things on the shelves, they went straight to the corner where there was a huge pile of things, some vessels, some clay pots, some bronzes, and even things like the statue of the Goddess of Mercy, it could be said that they were in a mess.

“Master, are all the good things here?”

With some uncertainty in his heart, Peng looked over at Lin Ran and found that they were still picking through the shelves.

“Don’t worry, I have it in my heart! Come and help!”

Master Lin laughed coldly, and at the same time, he began to move the magic weapons, as they were all stacked together, he had no way to look inside, so he could only move them all out piece by piece.

“Yuck, why are they so dirty!”

Just after moving one piece, the dusty sky choked Peng and he couldn’t help but curse, his heart was also a bit beaten up, could good things really be so dirty? Could it be that this Gu Read Ming was also too lazy to do so?

The two of them were very busy, but Lin Ran’s side was leisurely and relaxed, walking around and looking at them, slapping them twice when he came across something he liked, or asking Luo Qiqi to take them to the front and put them there, just picking them out unhurriedly.

After just ten minutes, Lin Ran was the first to choose something, three of them. Seeing Master Lin and Brother Peng still crouching in the corner panning for sand, he didn’t bother to go up to them, sitting in front and drinking the tea brought by Gu Read Ming, so leisurely.

“I say! Can’t you hurry up, picking out something that’s so dilly-dallying, picking through the trash? Do you know that my time is precious?”

Wang Yifeng said impatiently.

“What are you rushing for? What good can you choose from such a block, you don’t know anything!”

The more busy he was, the more he was in such a mess, the more he had in his heart, and this was probably the reason why he had more work in his heart.

“Choose fast is not understand ah? Then you’re still covered in dirt from shopping, so you seem to know more than me! Come on, don’t pick something out later and get yourself into the dirt!”

Wang Yifeng laughed.

Luo Qiqi, who was on the side, laughed at that.

“Fatty, can you not talk so funny, and go into the ground by yourself, how can you pick something and still pick yourself to death!”

“Fat Master I’m just that good, only you guys have a bad eye, you don’t see Fat Master me, instead you see that kid Ranzi, but that’s okay, Fat Master I have Xiao Cui, no worries about no one appreciating me!”

Wang Yifeng laughed smugly.

Lin Ran didn’t bother to pay him any mind, he just laughed and climbed into conversation with Gu Read Ming, finding a random topic to talk about.

The two of them picked for another ten minutes or so and finally went through all the things in the corners, and Master Lin was very satisfied with his selection, but when the two of them came to the front desk with their things in their arms.

That wretched look was what amused the crowd.

“I say, did you guys just come back from digging for coal?”

Wang Yifeng laughed.

“What just came back from digging for coal, cut the fucking crap and serve the stuff!”

Peng also knew that he didn’t look good now and didn’t want to bother with this, so he just digressed and went straight to the point.

“This is what we picked out, Master Lin said that it’s a very old artifact, the effect on the house is absolutely good!”

Peng carefully placed the item on the table, full of smugness, while next to him, Master Lin was even more smug all the time, showing Xia Rong, stroking the dust on his beard, full of smugness.

“Boss Gu, open for business, the most important thing is to talk about a credibility, later can hope that you do not pretend to be confused ah, I Lin someone is not what the white, some excessive things pressed do not think!”

“Don’t worry, it all depends on the price, who’s good is good, I won’t be biased, but if some people lose and can’t afford to play, I’d like to advise you not to spill your guts in my shop, I’ve been here for more

than ten years, what kind of battles I haven't seen, I dare to continue opening, naturally I have the ability to solve it!"

The fact that Master Lin had warned him not to take sides with Lin Ran, he would naturally dislike him, this back and forth was quite scheming.

"Good!"

Grandmaster Lin called out good, and immediately pointed to the vessel he had picked out and spoke.

"The one I picked, judging from its appearance, should be an ancient vessel for holding water, and it has a very unique shape, with a curved calibre loop on top and a mouth plug to prevent the smell of the liquid inside from spilling out, and the overall size is moderate, I conclude it should be a vessel for storing wine!"

Master Lin smiled smugly before giving his estimate.

"This item is worth at least around two hundred thousand, am I right?"

"Wrong! Simply wrong!"

As soon as Grandmaster Lin's words fell, before Gu Readming could say anything, Lin Ran at the side had already risen to give a negative.

"Huh?"

Master Lin frowned at his words and looked directly over.

"Kid, you say it's outrageously wrong? Then you are telling me exactly where the old man was wrong?"

"No need to say, I don't even bother to say, what a mess you're talking about, every single one of them is right about this thing!"

Lin Ran said disdainfully.

"Too lazy to say? I think you don't know how to say it, did this item picked by the old man ↓ to you?"

Master Lin laughed triumphantly, while Peng, who was on the side, also laughed and shouted in the same way when he saw this.

"I think it's just scared, seeing that our stuff is better than yours, so you can't wait to jump out and retort?"

"Fuck you code, I don't believe this is any good stuff, fat master!"

Wang Yifeng cursed and instantly walked towards Master Lin, reaching out and ready to take a good look at what they had picked out.

"Stop!"

But before his palm could fall on it, it was stopped by Gu Readming.

"Mr Wang, you'd better not touch it!"

Gu Readming persuaded with a smile.

“For? Why?”

Wang Yifeng was puzzled, this Gu Read clearly seemed to be with Lin Ran, so why was he actually stopping himself now.

“Why? Afraid you won’t be able to pay for it if you break it understand? Dirtbag!”

Peng scoffed triumphantly, and Master Lin couldn’t help but laugh.

“Love me grass!”

Wang Yifeng was instantly angry, but before he could say anything out loud, he was chided by Lin Ran.

“Fatty! Boss Gu told you not to touch it for your own good!”

“How so?”

Wang Yifeng turned his head and asked, naturally he had to listen to what Li Ran had to say.

“Do you know what this thing is?”

Lin Ran asked with a smile.

“I don’t know! Didn’t that old bastard say something about a vessel for holding wine?”

Wang Yifeng asked rhetorically.

Lin Ran smiled at that but laughed.

“Whether or not it has held liquor, I don’t know! But it certainly held human liquid, and that was a night jug!”
