

Wonder Doctor

Chapter 641

“Can I think about it?”

Aroma pondered, looking torn.

“Of course you can!”

Lin Ran laughed.

“Then can I continue to live here? I know that fat brother is very powerful, he”

Ah Heung looked towards Fatty, a little scared, of course it was of the Lai Tai woman in his Mordor statue, as for Fatty himself, she was naturally not afraid.

“Ah Xiang sister, don’t worry, fat brother I am very gentle, absolutely will not hurt you!”

Wang Yifeng laughed as he patted his chest.

“Ah Heung!”

Lin Ran shouted, and then said.

“Although, I don’t know why you have no memory at all when it’s supposed to be time to reincarnate after death, I can help you to reincarnate whenever you want!”

“Of course, you need to think about it yourself, until you figure it out, you can always live here, it’s still your home, but you have to remember that you can’t be catching those ordinary people, they are all innocent!”

Lin Ran said solemnly.

“Ah Heung understands!”

Ah Heung nodded, like a little child who had done something wrong, she pursed her lips and then said.

“Then can I come out to play with you guys more often? It’s boring in the old banyan tree!”

“Of course you can, but only when no one else is around, if there are other people present, you can only follow and not talk, otherwise you’ll scare them!”

Lin Ran laughed.

“Okay! I promise!”

Ah Heung smiled and laughed heartily.

From time to time, Wang Yifei and Luo Qiqi gave thought to how delicious the hotpot was, and also craved Ah Xiang, but there was no way, she couldn’t eat as a ghost.

“Ranzi, if she really can’t figure it out all the time, will she just keep living here?”

The Pillow Book looked at Ah Heung and spoke up to ask.

“Yeah, why not!”

Lin Ran laughed.

“People and ghosts are different after all, if she stays here all the time, not only is it bad for you guys, it’s bad for her too!”

The pillow said.

“I know, but she needs time, I’m afraid her mind is only seven or eight years old! It would be easy for me to just obliterate her, but that would be too cruel to a child!”

Lin Ran said indifferently.

The Pillow Book fell silent at his words, and after a moment spoke.

“I hope you’re right, but if you’re in my world, sometimes you have to suppress sympathy even if it’s a child you’re dealing with, because in the world of cultivation, everyone has to be treated with caution!”

“Ha ha! Maybe, but this isn’t a world of cultivators, there are more people here that are just ordinary people!”

Lin Ran laughed.

“If one day, I were to arrive in your world, I’m sure I’d adapt quickly! But for now I’m still me!”

.....

There were still many doubts in Lin Ran’s mind about Ah Heung, for example, why she was seven or eight years old when she died, but now her physique was like an adult, except that her mind had not grown, and why, during the time she was reincarnated, she had no memory at all.

It even seemed to Lin Ran that Ah Heung had skipped straight to the stage of reincarnation, as if she had been sealed away by something after death, until even the soul-hookers had forgotten about it, and she had come out again.

Can’t figure it out, and Lin Ran doesn’t want to think about it, maybe these things can only wait for Ah Heung to figure it out herself and let it be told to him later.

....

The night passed, Lin Ran and others finally did not pass in vain, the hidden danger of the shop is finally lifted, Luo Qiqi and A Xiang after a night of acquaintance, but like good sisters.

The next morning, Lin Ran went back to the clinic alone, while Wang Yifeng and Luo Qiqi stayed behind, arranging for the renovators to start the renovation while keeping Ah Xiang company.

Making a cup of tea and sitting at the clinic’s consultation table, Lin Ran’s state of mind was incomparably calm.

Although he had come into contact with more things, and his own feng shui attainments were getting higher and higher, he had never forgotten his original intention, to be a healer and to carry forward the way of Chinese medicine.

“Chinese medicine and feng shui are not separate, I finally have some understanding!”

Lin Ran smiled confidently.

Chinese medicine was about qi, while feng shui likewise required looking up at the sky and checking the earth, if one compared the earth, mountains and rivers to a person, then feng shui, was the art of Chinese medicine in a macro sense, the two were different, but they were also connected!

“You have me and I have you! The party is inclusive!”

Lin Ran laughed lightly, at this moment he couldn't help but feel that his state of mind had changed a little.

“Taking time out of one's busy schedule can really make one connect to many things!”

Lin Ran lamented.

.....

As they spoke, Qin Bing Li Zheng Liu Wenjuan and the others had come to work one after another, the clinic was now the centre of everyone's career, although the clinic was not large, the benefits were definitely better than those of a large hospital, this was also Lin Ran's reward for their hard work.

“Brother Lin, are you going to personally ask for a consultation today?”

Li Zheng asked when he saw Lin Ran sitting at the consultation table.

“Yes!”

Lin Ran smiled and nodded his head.

Li Zheng was overjoyed at the sight and immediately stood behind Lin Ran, not leaving in any way.

“This guy has been waiting for you to come for a long time, he can learn a lot from you again this time!”

Qin Bing laughed at the side.

And just as the group was chatting, patients were already arriving at the clinic.

When everyone saw that it was Lin Ran sitting in the clinic, they couldn't help but be very happy, and one by one, they lined up to see Lin Ran, after all, the Little Godly Doctor's name was still very famous in this area.

“Little divine Doctor, my bones have been hurting a lot recently, please help me see what's wrong!”

“Little divine Doctor Lin, my daughter-in-law has been married for three years and is not pregnant, please help me!”

“No, no! I can't help you with that, I only see patients and don't take on other business!”

Lin Ran said awkwardly.

“Little divine Doctor, I get dizzy when I drink, what should I do?”

“Just don't drink!”

Lin Ran said helplessly.

“Little divine Doctor, my family’s chickens have stopped laying eggs, what should I do!”

“Grandpa, I’m a doctor, not a veterinarian, but I suggest you take a look and see if your family’s chickens are roosters!”

.....

All morning, Lin Ran was simply bitter and laughing, not many people really had illnesses that needed to be seen, most of them heard his name and came over to chat, which made him very speechless.

“It can’t be helped, Li Zheng’s medical skills are getting better and better, all the patients of this generation have been cured by him, if you hadn’t come in person today, there wouldn’t even be so many patients for fear of heights!”

Qin Bing laughed helplessly.

Lin Ran smiled but was happy.

“Being able to keep everyone in good health is what we can be most proud of! Li Zheng has done a great job!”

Seeing that it was noon, just as Lin Ran was about to leave work and go and have something to eat, suddenly two more people walked in outside the clinic, and before they came in, their voices came in.

“Who is Director Lin, we are looking for Director Lin and are in a hurry!”

“What is it?”

Lin Ran was busy welcoming them, and found that it was a middle-aged man walking over with an old granny, who should be a mother and son.

The old granny looked very bad and was very weak, and it should be her who was seeing the doctor.

Chapter 642

When the middle-aged man saw Lin Ran, he couldn’t help but be a little anxious and said busily.

“Young man, please call out for me to the little miracle doctor, Director Lin, I’m afraid he’s the only one who can save my mother from this illness, I beg you!”

“I am!”

Lin Ran saw this and had to declare his identity.

However, the middle-aged man was stunned at his words, followed by a direct glare at Lin Ran and a scolding.

“What time is it now, can you stop joking with me? If anything happens to my mother, I absolutely won’t spare you!”

Lin Ran sniffed at him and didn’t get angry as he said again.

“I am Lin Ran!”

“Lin Ran? I’m looking for Director Lin, not some fucking Lin”

The middle-aged man got a little angry, and Li Zheng, who was on the side, was busy standing out.

“What are you doing, he is Director Lin!”

“Li Zheng, it’s alright!”

Lin Ran waved his hand to indicate to Li Zheng not to get angry, then looked at the middle-aged man and emphasized once again.

“My name is Lin Ran, I’m Director Lin here, if you don’t believe me, there’s nothing I can do!”

“You”

The middle-aged man was stunned, somewhat less convinced, but at this time there was no one else to stand out, so he could only treat a dead horse as a living horse.

“Good! I’ll believe for now that you are Director Lin, but if I find out later that you are not, I’ll top make you look good!”

Saying that, the middle-aged man helped the old granny beside him to lie down on the hospital bed to the side and rushed towards Lin Ran.

“My mother has been looking worse and worse the last few days, Director Lin, please help me take a look!”

Lin Ran didn’t pay any attention to him and went straight to the bed to check on the old woman’s condition.

The old granny had to be in her seventies, and according to the current standard of living and medical care, people in their seventies should all still be in pretty good health, but the old granny looked as if she was very old, and her entire energy was very poor.

“Say it’s the situation!”

Lin Ran asked as he examined her.

“Aren’t you a little divine doctor? Do I still need to say the situation?”

“The Little Godly Doctor is also a human being, is she your mother or my mother?”

Lin Ran finally became a little angered and got up to look at the middle-aged man and scolded him.

“For the time being, regardless of whether I am the Little God Doctor or not, if you were any other doctor, you would have to cooperate, doctors are also human, they just want to cure every patient to the best of their ability!”

Looking at Lin Ran’s anger-filled eyes, the middle-aged man was somewhat abashed and said with a face full of embarrassment.

“Also There’s nothing much going on, my mother is usually in very good health, but it’s only in the last few days that she has gradually deteriorated without any signs, this morning she was even weak and couldn’t even get out of bed, I only gradually regained some strength on the way to bring her here!”

Lin Ran nodded at his words, then reached out and placed his hand on the old granny’s pulse, a strand of true qi entered his body along the pulse.

The medical dao true qi travelled around for a week, but found nothing wrong, not even a single spot of illness.

“Hang a bottle of glucose for the old man first!”

Lin Ran said, before getting up and coming over to the middle-aged man.

“No, just hang a bottle of glucose? You’re being too hasty with your medical treatment!”

The middle-aged man was a little irritated.

“I brought my mother all the way over here because I heard that the little miracle doctor here is very skilled in medicine, but you actually let my mother hang glucose?”

“You have a problem with my diagnosis?”

Lin Ran frowned slightly as he looked at the middle-aged man.

“That’s right! I suspect that you’re not a Little Godly Doctor at all, and if you really are, then you’re a liar!”

The middle-aged man was nonchalant.

Li Zheng at the side, however, couldn’t bear to listen.

“Director Lin is a liar? Do you know how many difficult and complicated diseases he has cured? If he’s a liar, all the doctors in the whole of Tanjiang City, then they’re not even liars!”

“You!”

The middle-aged man was furious.

Lin Ran, however, waved his hand to stop Li Zheng and looked at the middle-aged man and said blandly.

“Whether I’m a liar or not, you don’t need to know now, if you’re really looking out for your mother, then tell me the details of her usual life!”

“Details of life? Get rid of it! We’re here to see a doctor, not to nag about family matters, my mother is in such a state, you don’t hurry up and treat her and ask me to tell you the daily routine of life, you’re fucking crazy!”

The middle-aged man couldn’t hold back completely.

And Lin Ran’s face was completely ice-cold as he looked at the middle-aged man and scolded.

“How do you start without understanding the daily routine? There’s not a single disease on your mother’s entire body, you doubt that I can’t see a doctor, do you believe that this bottle of glucose will bring her back?”

“Do I believe it? I’d be a fool if I believed that!”

The middle-aged man said disdainfully.

“Half an hour, in half an hour I will let you know what you really are!”

Lin Ran said indifferently, then glanced at the middle-aged man and said in a cold voice.

“As a doctor, I understand your eagerness and won’t bother with you, but as a human being, you’d better watch your attitude!”

With that, Lin Ran turned around and went back to his position without further ado.

“My attitude? Kid I’m telling you, I’m not good at being hot either, if anything happens to my mother today, I’ll get you killed!”

“And a little fucking miracle doctor, I think it’s just a little liar!”

“You’re talking aside!”

Lin Ran slowly raised his head to look at the middle-aged man, with ice coldness in his eyes.

“What? Talking about your weakness? Or did I guess it! It seems that you are really a cheat

Before the middle-aged man could finish his words this time, he only saw Lin Ran fling his palm, and a silver mane flew out directly, following which it was inserted into the middle-aged man’s neck.

And as soon as this silver needle pierced into the middle-aged man’s neck, immediately the middle-aged man froze in place, motionless, even his mouth remained in the same position as he had just spoken, and only his two eyes could still turn.

However, at this moment, the way his eyes viewed Lin Ran had completely changed, with a frightened look in them.

“What a dry tongue! Let him be quiet for a while!”

Lin Ran said indifferently, and then leaned back in his chair without saying a word.

The glucose was in one of those small bottles, and it had finished dripping in just twenty minutes.

And as the glucose drip finished, the old granny on the hospital bed gradually woke up.

“Oops, I slept so heavily, eh, where am I?”

The old granny looked around in wonder, and when she saw her son, it occurred to her that she had come to see a doctor.

“Grandma, how do you feel?”

Lin Ran asked with a smile as he got up and came to the hospital bed.

“Very good, I feel energised all over!”

The old granny laughed.

Lin Ran went up and removed the needle and laughed.

“Then you come down and walk around!”

“Good!”

The old granny looked good and immediately got out of bed and walked around twice, and there was really no problem.

“You are already fine!”

Lin Ran said with a smile, while raising his hand, a “whoosh” of light flew out from the middle man’s neck and returned to his hand, it was the silver needle.

After collecting the silver needle, the middle-aged man also ran over in surprise, staring at his mother up and down, and was relieved to see that his mother was really alright.

“That I Sorry!”

The middle-aged man looked at Lin Ran, a little embarrassed, not knowing what to say.

Lin Ran, however, waved his hand and said blandly.

“Seeing as you are also anxious about your own mother, I don’t want to get into trouble with you, but at no time should you doubt a doctor’s original intention of wanting to cure the sick and save people!”

Chapter 643

“Yes, yes, it’s my fault, I apologise!”

The middle-aged man was busy bending over his luggage.

Lin Ran, however, waved his hand, not bothering to pay him any mind, and looked at the old granny and said.

“Granny, come and sit down, I still have some questions to ask you!”

“Good!”

The old granny replied with a smile and immediately walked over to the chair and sat down.

At this moment, both Qin Bing and Li Zheng also came over, wanting to see what Lin Ran would say, after all, just now the old granny was in a very serious condition, but just after a bottle of glucose, she was alive and well, a situation they really had never come across before.

“No matter what time it is, don’t rush! Always make a judgement based on the patient’s condition, there are times when a very serious illness may only require a very simple solution to deal with it!”

Lin Ran first spoke at the two of them, seeing them nod and seeming to understand, before looking at the old granny once again.

“Granny, can you tell us about your daily life up and down?”

“Yes, nothing much really, just get up in the morning and buy food, do it all at noon, and take my little granddaughter with me when there’s nothing else to do, my little granddaughter is six years old and very cute!”

The wife laughed.

“Yeah!”

Lin Ran also smiled, and then asked.

“So have you ever had pinches of feeling drained of energy before?”

“Seems like I have, but not much! It’s only every time it rains, but not all the time, it’s usually when it rains for a very long time that this feeling becomes obvious!”

The old lady said.

Lin Ran smiled but was a bit puzzled and asked.

“It’s not right old granny, it hasn’t rained in Temperance these days, why is your condition so severe?”

“I don’t know!”

The old granny looked bewildered, but then said.

“This time it always feels strange, before it did rain only when it rained, this is this time there is no sign at all, I felt very uncomfortable when I woke up this morning!”

“Hmm!”

Lin Ran nodded at his words, pondering.

“Little divine doctor! Little divine Doctor! What’s wrong with my mother here? Will it relapse?”

The middle-aged man busily came over and asked.

“The cause of the illness is unclear for now, so you guys pack up, I’ll go with you and take a look at the house!”

Lin Ran said.

“Good! Good! You are really too kind little divine doctor, just now it was my fault for not knowing the mountain, I am here to make amends with you!”

The middle-aged man bowed once more at Lin Ran, Lin Ran didn’t dodge, he could afford this bow and had to accept it, otherwise it would seem as if he was still counting on what had just happened.

“I’m going out, give me a call if you need anything!”

Lin Ran greeted, then changed into civilian clothes and followed the middle-aged man and the old woman out of the clinic.

.....

“Little divine Doctor, what is causing this illness of my mother’s?”

In the car, the middle-aged man asked as he drove.

“The granny’s condition belongs to the decay of qi and blood, which is usually rare!”

Lin Ran said.

“Qi and blood decay? Is there such a condition?”

The middle-aged man did not understand, and Lin Ran patiently explained.

“Normally, poor sleep and insufficient food and nutrition will trigger it, but this is only a decline in blood, the reason it’s called a decline in qi and blood is that there’s also the matter of qi!”

“A person’s mental state, we are divided into essence and qi, eating well and sleeping well can make the spirit good, but if the breath is disordered, or even passing away even if you eat well it is useless!”

“I don’t understand!”

The middle-aged man shook his head with a confused expression.

Lin Ran was helpless and had to change the analogy and say.

“Just like a plant, the Qi spoken of here means vitality, if all the vitality is drained away, even if the water and soil are fertile, it will still wither!”

“O, then how could my mother’s vitality be lost!”

The middle-aged man wondered.

Lin Ran smiled blandly at his words and said.

“That’s why I’m going home with you to take a look, I’m afraid the source of the qi decay is in your home!”

“Moreover, I suspect that Granny’s condition is likely to be the decay of her breath rather than her qi and blood, looking at Granny’s body condition now, she should be eating well normally, so it’s likely that something is wrong above her breath rather than her qi and blood!”

The middle-aged man smiled thoughtfully, but didn’t ask any more questions.

.....

The middle-aged man and the old woman’s home was really some distance away from the clinic, and when the three of them arrived at the community, it was already past noon, but Lin Ran did not care to eat, and immediately went home with the middle-aged man and the old woman.

On the way, Lin Ran learnt that the middle-aged man’s name was Du Shan, while the old woman was his mother.

“Director Lin, this is my home!”

Du Shan opened the door and let Lin Ran in, then closed the door to the room again.

When Lin Ran entered the room, his eyes carefully surveyed the old granny's condition, which was very unusual, and this made him not only serious.

It was reasonable to say that it was not uncommon for the elderly to experience a decline in qi and blood, after all, it was a difficult situation to avoid as the body grew weaker with age.

But this should be a long-term and gradually aggravating process, whereas what appeared in the old granny's case was a straightforward and drastic deterioration of qi and blood, which could well be caused by external factors.

"The room faces north and south, there is no problem with the lighting, and the environment is fine!"

Lin Ran checked everything he could, from the layout of the house, to the lighting environment, but never found the crux of the problem.

"Director Lin, what's the matter?"

On the side, Du Shan saw Lin Ran's frown and couldn't help but be worried.

"We haven't found the cause yet, by the way, whose room is this?"

Lin Ran asked, pointing at the last remaining room door, he had checked all the other rooms and nothing was the same, except for this room where the door was locked and hadn't been checked yet.

"O, this one! This is my daughter's room!"

Du Shan laughed, his smile unconsciously overflowing with happiness.

"Right! This is my little granddaughter's room, she loves to keep flowers and plants, so she's afraid we'll move them out of her room and won't let us in!"

On the other side, the old granny also said with a smile.

Lin Ran smiled thoughtfully at her words and said.

"Can I go in and have a look?"

"Yes!"

Du Shan didn't hesitate at his words and immediately found the key and opened the door to the room.

"Hm?"

As soon as the door to the room opened, a fresh fragrance spread out, while Lin Ran felt a strong vitality, although the room was empty, this vitality still made people very comfortable.

"Is this?"

Lin Ran's eyes quickly swept across the room and found that inside the room, there were actually many potted plants on the floor-to-ceiling windows, and one of the plants with long green leaves was swaying against the wind outside this window, and in the middle of the green leaves, a small red flower bone was budding, very pretty!

"Royal Spirit Grass! You're so lucky, you can even come across this!"

Pillow's voice couldn't help but ring out, but Lin Ran was stunned when he heard it.

"Royal Spirit Grass? What is it?"

The Xuan Yang Pharmacopoeia recorded mostly medicinal herbs, there were not many records of this kind of heaven and earth wonders, so Lin Ran did not know what this Royal Spirit Grass was.

Chapter 644

"Stupid you to death!"

The Pillow Book gave Lin Ran a white glance without good humour before explaining.

"Royal Spirit Grass! Born out of word aura, born with aura, this thing is extremely spiritual and is an excellent treasure of heaven and earth, just right for your little girlfriend Qiqi!"

"Moreover, that old granny's illness should also be caused by it!"

"The illness was also caused by it?"

Lin Ran was stunned at his words, and following that, the pillow book transmitted all the memories about the Royal Spirit Grass into Lin Ran's mind.

"Little friend Lin Ran, what's wrong with you?"

To the side, Du Shan saw Lin Ran standing motionless in his spot, and busily stepped forward to ask.

Lin Ran's body suddenly trembled, followed by a moment of clarity.

"I'm fine, the cause of the illness has been found!"

"O? What exactly is it?"

Du Shan was busy asking, as long as the cause of the disease was found, then his mother's illness would be able to stop recurring.

"It's that potted plant!"

Lin Ran said, pointing at the red flower bones that were swaying on the floor-to-ceiling window.

"Ah? Director Lin, you're joking, how can a potted flower be due to a disease!"

Du Shan didn't quite believe it, his mother's illness, which was so serious, was actually caused by a pot of flowers, which I'm afraid anyone else would find a bit of bullshit.

"This potted flower is not an ordinary flower or plant, it is scientifically known as the Royal Spirit Grass, and in addition to sunlight and moisture, it also needs spiritual energy to grow, and this spiritual artifact, it can be obtained through the outside world during normal days!"

"However, whenever there is rainy weather, when it is dark outside, this imperial spirit grass can't draw the spirit energy from the outside world, so it will get it from the human body, this side is the reason why the old granny's breath is decaying."

Lin Ran spoke with such conviction that for a moment, he convinced Du Shan for a few moments.

But then a question came to him and he was busy asking.

“That’s not right Director Lin, if he can draw aura from people on cloudy rainy days, then the brunt of it should also be my daughter, right? Why is it that she’s fine and it’s my mother who’s been hit?”

“It’s easy to understand!”

Lin Ran said with a bland smile.

“Your daughter is still young and her whole body is full of managers, while this Royal Spirit Grass draws very little spirit energy from the human body, which is almost negligible for your daughter, but not if it were the old granny instead!”

Lin Ran turned his head to look at the old granny.

“Granny is old, any little bit of aura extraction transferred to her will cause a very big reaction, just like dominoes, the effect on your daughter is small, but when it comes to granny the effect is very big!”

“This

Du Shan was still a bit unconvinced, this was after all a bit too esoteric and a bit of a shock to his mind for someone whose envelope was sick and taking medicine.

Lin Ran laughed at this, not angry, and turned to look at the old granny and asked with a smile.

“Granny, you shouldn’t come to your granddaughter’s room much during the week!”

“Ah, she’s still young, and although she likes to raise flowers, she doesn’t know how to water them, so I water all the flowers and plants in her room!”

The old granny laughed.

Lin Ran nodded at her words.

“That’s right, and if you think back, don’t you feel particularly tired after every watering, as if you’ve done some heavy work!”

“This

The old granny sniffed and thought about it first, then nodded when she did.

“It seems to be true, there were a few days in the middle when I went back to my hometown in the countryside, and I didn’t feel any discomfort on those days, but after I came back, I would feel weak all over every now and then!”

“Then that’s it!”

Lin Ran smiled and nodded.

“It’s really this thing that’s causing the trouble, then I’ll have to throw it away!”

Du Shan said as he stepped forward and was about to take out the Jade Dragon Grass and still it, but fortunately he was stopped by Lin Ran in time.

“It’s better to let me handle this imperial spirit grass, it will also cause an effect on others if not handled properly!”

Lin Ran laughed, but in his heart he was a little speechless, he had done the right thing, but he didn’t expect to have to lie for a pot of flowers today.

But there was nothing he could do about it, firstly, this Royal Spirit Grass was of no use in the hands of ordinary people, instead it was constantly drawing the spiritual energy of those around him, and secondly, Luo Qiqi needed it for her bone replacement and marrow cleansing.

After weighing the pros and cons, Lin Ran had to tell this lie. In fact, he was also afraid that if he told the public that the Royal Spirit Grass was extraordinary, Du Shan would not be willing to give it to him, so that not only would Luo Qiqi’s bone exchange and marrow cleansing not be possible, but it would also not be good for Du Shan.

After all, he was just an ordinary person, and there was no use keeping this potted plant.

“Mr. Du!”

Lin Ran picked up the flower pot while taking out a round jade pendant from his pocket and handed it to the other party.

“This is a peace clasp, in exchange for Song Nuan your daughter, this jade pendant is enlightened and can report peace!”

“This is not allowed, you have to give something to my daughter after helping us, this is not justified!”

Du Shan was busy waving his hand.

“Take it, this Royal Spirit Grass is useless in your hands, but in my hands it is very important, this jade pendant is also my thanks!”

Lin Ran insisted, while placing the jade pendant into Du Shan’s pocket personally.

There were a few pleasantries, and then Lin Ran gave some instructions for the old granny to take care of her rest, before leaving with the imperial spirit herb.

.....

When he returned to the clinic it was already time to go down, Lin Ran was really hungry, so he ordered takeaway for the first time, and at the same time asked Luo Qiqi to come back for a trip.

After eating and resting for a while, it was already evening, and Luo Qiqi finally came back an hour later.

“There was a traffic jam at night, so I was delayed!”

Luo Qiqi didn’t care to rest and immediately ran to ask Lin Ran.

“What do you want me to come back for now? Renovations have already started over at the shop!”

“I’m looking for you urgently, fatty over there at the shop is enough for one person!”

Lin Ran laughed, while pointing to the first floor and said.

“Let’s go up there!”

“Go up there? What are you doing!”

Luo Qiqi was not only startled at the sight, but at the same time hurriedly covered her chest as her gaze glanced left and right.

“Where’s Sister Qin Bing?”

Only at this point did she realise that in the entire shop, there were actually only two people left, herself and Lin Ran, and everyone else actually didn’t know where they had gone.

“She’s off work, the clinic was too busy this afternoon, she’s a bit tired and went back to rest!”

Lin Ran said helplessly, while giving Luo Qiqi a white look and said.

“Don’t look like I’m going to eat someone, will you? If I wanted to eat people, the four of you would have been wiped clean by me long ago!”

“And! You still want to eat us? You have the heart of a thief, but do you have the guts?”

He wanted to, but the key was that feng shui was also about the body of a child, so he had been holding back.

“Stop it, hurry up and go upstairs, I’ve found the material for your bone replacement and marrow cleansing!”

Lin Ran had no choice but to reveal his true purpose.

“Huh?”

Luo Qiqi was stunned at the words, followed immediately by excitement, which could be described as ecstatic.

“Really? Where is it? What material? Will I be more beautiful after I change my bones and wash my marrow? I don’t want to be worse than Sister Qin Bing and Sister Su Rou, you can’t be biased!”

“.....”

Lin Ran was speechless and gave Luo Qiqi a helpless look before greeting him.

“Promise it won’t be worse than them, now you can go up!”

Chapter 645

“Hey! What are you doing? Hurry up and come up!”

As soon as Lin Ran’s words fell, Luo Qiqi’s urging voice came from above, and only then did he notice that this nee-san had actually run to the first floor without knowing when.

When he arrived upstairs, Lin Ran immediately ran to put on the hot water.

“No way, mine has to be done in the bath too?”

Luo Qiqi asked, somewhat displeased.

“What else? The bone exchange and marrow cleansing will expel a lot of impurities from your body, so if you don’t want to get yourself covered in filth, I wouldn’t mind doing it on the couch.”

“Er Let’s forget it then!”

Luo Qiqi spat out her tongue and instantly ran into the bathroom, having the experience of the previous times, she took off the upper mirror on the wall before she even started, while spitting her tongue at Lin Ran who was on the side.

“Die that now, I’m not going to let you peek!”

“I Do I by to peek?”

Lin Ran was helpless.

“Then I don’t care, who told you to have an ex-con!”

Luo Qiqi smiled smugly while gesturing for Lin Ran to go out first and undress himself.

“Hurry up!”

Lin Ran had no choice but to go out of the washroom first.

Only after waiting for a few moments did Luo Qiqi’s voice come from inside.

“Come in!”

Lin Ran took a deep breath and then stepped inside, every time it looked like he was feasting his eyes on the bone exchange and marrow cleansing, only he knew in his heart that it was a process that he could not help but bury his virgin body if he was not careful, and only he knew the torture of it well.

“Holy shit!”

When Lin Ran came close, he was stunned, originally the bone exchange and marrow cleansing should have been a very tense atmosphere, but it had been turned into a leisurely holiday soaking in a hot spring by Luo Qiqi.

“I say, pretty girl, do you think this is a hot spring? Where did the flower petals come from in the pool?”

“I found them myself, they’re over there!”

Luo Qiqi pointed to the table next to her, and Lin Ran immediately felt a bolt of lightning hit him directly on the head, and couldn’t help but gag.

“You You’re not going to give the flower spots of the imperial spirit herb that I prepared.”

“What imperial spirit grass?”

While Luo Qiqi was confused, Lin Ran was unable to tense up any longer and immediately ran towards the table where the imperial spirit grass was placed.

On the table, the imperial spirit grass was still there, and the imperial spirit flowers on it were intact, but a potted plant next to it was a disaster, and the flowers were all gone.

“It’s okay! Fortunately!”

If this girl had really taken the flowers of the Royal Spirit Grass to the bath, she would have had to eat all the flower spots later.

“Bang!”

Picking off the imperial spirit flower, Lin Ran instantly returned to the washroom.

“Here you go! Eat it!”

Lin Ran handed the fresh imperial spirit flower to Luo Qiqi.

“Huh? You’re kidding, I’m letting eat the flower?”

Luo Qiqi looked at Lin Ran with a disgusted look on her face, like she was looking at a fool.

“This is the only ingredient for your bone replacement and marrow cleansing, don’t talk nonsense and hurry up and eat it, it’s almost midnight, we need to hurry!”

Lin Ran urged.

“Ao!”

Seeing that Lin Ran didn’t seem to be joking, Luo Qiqi only nodded and replied, while swallowing the entire flower bone of the Royal Spirit Flower into her mouth.

“Alright, I’m going to start!”

Lin Ran greeted, and immediately took out the silver needles and started dropping them.

With the experience of the previous bone exchange and marrow cleansing for Qin Bing and Su Rou, this set of procedures was now quite simple for Lin Ran, and there was one more thing, and that was that Luo Qiqi was not as complicated as Su Rou’s.

At that time, when he had given Su Rou a bone exchange and marrow cleansing, Lin Ran found that this nun was actually a heaven-destined person with a very vast aura in her body, so the overall process was very troublesome.

At this time, the whole process of changing Luo Qiqi’s bones and cleansing her marrow was much simpler.

The silver needles fell one by one, and soon Luo Qiqi stopped talking and her whole body fell into a kind of trance, a normal phenomenon of the Great Passage Meridian allowing the essence of the Royal Spirit Flower to integrate into Luo Qiqi herself.

And as the meridians were opened up one by one, cold sweat gradually broke out on Lin Ran’s forehead.

Although he had already gone through it twice, each bone exchange and marrow cleansing was a huge test for him, and the increased consumption of true qi in his body would make Lin Ran feel weak, even though he had been honing this convenient will ever since he met the pillow book.

But the time was still a little short after all, and even though he now possessed a cultivation treasure like the Earth Cold Stone, the speed of progress was still less than satisfactory.

The speed of cultivation and the sharpening of willpower were not directly proportional, the speed of cultivation was fast, but it did not necessarily mean that the willpower was high, and the same for the sharpening of true qi also required Lin Ran to progress gradually and take his time.

“Phew!”

Finally, after an hour, Lin Ran had finally opened up the last meridian, but similarly, the true qi in his body had almost been completely drained.

“Fortunately! Finally, it’s done!”

Lin Ran sat down on his butt, wearing a ragged breath, his face bristling white, but it soon turned red again amidst the heat that filled the surroundings.

“Is it done?”

Luo Qiqi suddenly opened her eyes, her bright eyes carried a flowing aura, although she was sitting in the bath at this moment, the whole aura of her body had changed, a spirit of movement in her playfulness, as if she was a lark.

“It’s over!”

Lin Ran said breathlessly.

However, what he didn’t expect was that as soon as his words fell, Luo Qiqi actually pulled him into the pool, while shouting.

“Then come in!”

“Hey! What are you doing!”

Lin Ran was greatly taken aback already, but before he could react, his entire body had already fallen into the pool.

The bath was already not very big, and at that moment he also fell in, and at once the two were almost face to face.

“Goo dong!”

Lin Ran couldn’t help but gulp, and he couldn’t move his eyes away at once.

After changing her bones and cleansing her marrow, Luo Qiqi’s entire aura had changed, even her skin was a level whiter, and at this moment, sitting in front of Lin Ran, she was simply the most beautiful youkai in heaven and earth.

“Qi Qiqi, you What are you doing!”

Surprisingly, he stammered, constantly reminding himself in his heart that he couldn’t look or look, but his eyes were incredibly honest!

“Little pervert! Don’t you know it yourself!”

Luo Qiqi blushed coquettishly and slowly lowered her head, leaning on Lin Ran’s shoulder.

“Brother Lin Ran, I like you!”

Luo Qiqi whispered.

The words were not loud, but they were like a huge hammer smashing directly into Lin Ran’s heart, causing his bitterly held will to crumble a little.

“Kiki, this is These are two different things, like is like But we can’t!”

“Why can’t we, I’m willing!”

Luo Qiqi said busily, while looking up at Lin Ran with reluctance and fear in her eyes.

It was already rare for a girl like her to take such an initiative, but if Lin Ran refused now, she was afraid that she would never have the courage to do it again.

“Brother Lin Ran, don’t reject me, okay!”

Luo Qiqi said softly, following which she met Lin Ran’s lips with a lift of her head and pressed them together.

Beautiful, it was a feeling so wonderful that it was beyond words, Lin Ran’s heart’s defences completely collapsed and he began to respond.

Chapter 646

The washroom was a charming place, but just when Lin Ran was completely unable to tense up and his consciousness was about to completely give up resistance and the river broke, suddenly a clear and crisp voice rang out.

“Jingle bell!”

Coincidentally, Lin Ran’s mobile phone actually rang at this moment, and it was still soaking in the pool, ringing in the water.

“Shit! It’s soaking like this and it’s still ringing, it’s poisonous!”

Lin Ran couldn’t help but curse, while hurriedly taking out his phone, and seeing that it was actually Wang Yifeng calling.

“This damn fatty, what’s with the phone calls!”

Luo Qiqi couldn’t help but curse, while reluctantly getting up and still leaning on Lin Ran’s arms.

“Maybe there’s something urgent, I’ll take it first!”

Lin Ran smiled awkwardly and busily picked up the phone, while his sanity gradually returned as soon as he stopped.

“Ranzi, what are you doing? Taking so long to answer the phone!”

As soon as the phone was connected, Wang Yifeng's anxious voice came out.

"What's wrong?"

Lin Ran asked busily.

"There's something wrong with the shop, damn it, it's haunted again!"

Wang Yifeng said, while explaining again.

"It's not Ah Heung, it's a male ghost this time, damn it, there were originally a lot of renovators staying here overnight in the shop, they were the ones who saw it just now!"

"Where are you?"

Lin Ran was busy asking, if there really was a ghost, it was logical that Wang Yifeng should be able to solve it.

"I I I just saw that there was nothing going on and went to look for Xiao Cui!"

Wang Yifeng said awkwardly.

Lin Ran smiled helplessly.

"Fuck you, fatty, going to find Xiao Cui at this time, forget it! I'll be right over!"

Lin Ran said and hung up the phone, his heart couldn't help but sigh with relief, it was a good thing that this guy Wang Yifeng had gone to look for Xiao Cui, otherwise if he knew what he and Luo Qiqi were like now, even he would have been scolded by him.

"Qiqi, something has happened to the shop, we have to go over there!"

Lin Ran greeted busily.

"Now? Can't we do it later?"

Luo Qiqi was a little reluctant, and Lin Ran pursed his lips and laughed.

"A good meal isn't afraid of being late, don't be in a hurry!"

"Pfft!"

Luo Qiqi instantly laughed and gave Lin Ran a blank look, saying.

"What kind of good rice are you, shameless!"

Seeing Luo Qiqi laughing, Lin Ran was relieved and immediately greeted.

"Alright, hurry up and get dressed, we're leaving in ten minutes!"

Saying that, Lin Ran also hurriedly jumped out of the pool, ran to change his clothes and rushed to the shop with Luo Qiqi ten minutes later.

.....

The two of them arrived at the shop overnight, and by the time Lin Ran arrived, it was already after 2 a.m. At that moment, the entire shop was lit up, and seven or eight workers were gathered together in fear, not daring to sleep, just staying up.

“What’s going on?”

When Lin Ran arrived, Wang Yifeng had already rushed back first.

“These workers say they’ve seen a ghost, and it’s a life-seeking ghost!”

Wang Yifei was busy telling what he had learned, it turned out that one of the workers had stumbled upon it when he was getting up at night, and the other party had given him a kick, scaring him so much that he almost lost his breath.

“You’re the boss, aren’t you? I’m telling you! We’re not doing your work here, it’s too scary, it’s haunted in the middle of the night, how can we do this!”

A dark young man who looked like a contractor came over and looked at Lin Ran and said.

“He’s the contractor!”

Wang Yifei said busily beside him again, while looking at the other party blandly.

“Why not, it’s just a ghost, I’m a professional ghost hunter, I guarantee that if he comes again, I’ll kill him on the spot!”

“If you could catch ghosts, we wouldn’t be renovators!”

The youth didn’t believe it at all.

Seeing this, Lin Ran waved his hand, gesturing for them to stop arguing, while his eyes looked around for a moment before saying.

“It’s not a ghost, there’s no residual scary ghostly aura here at all, it’s likely that someone is pretending to be a ghost to cause trouble!”

“Someone is causing trouble? What do you mean by that boss, could my men still be wrong? You’re insulting our intelligence!”

The contractor head immediately quit.

Lin Ran glanced at him, not getting angry, and said blandly.

“I will prove it to you!”

With that, Lin Ran turned around and walked towards the monitoring computer.

If these workers really quit, it would be difficult for them to find more workers. After all, once the news of the haunted shop got out, I was afraid that no one would dare to take up the work of renovating the shop.

When he came to the computer, Lin Ran immediately pulled up the footage from the various cameras, and according to the time segments, he quickly found the video footage of the worker who went to the toilet and ran into the ghost.

“Yes, yes! This is it! That’s the one!”

The contractor next to him was busy saying at this.

Lin Ran nodded and didn’t say anything, just patiently replayed the scene at that time, and soon saw the scene of that workmate getting up in the middle of the night.

Following that, just as he was coming out of the toilet, a white shadow appeared violently and rushed at his stomach, then the white shadow disappeared from the picture, and the workman screamed outright under.

“That’s it?”

Lin Ran turned his head to look at the crowd, somewhat speechless, this was too hasty to assume that a ghost had been hit.

“Isn’t this enough? This is clearly a ghost collision!”

The foreman also wondered why Lin Ran still looked so surprised when he had clearly seen the video.

“Where’s the workmate!”

Lin Ran didn’t bother to talk nonsense and asked.

“I’m the one!”

Next to him, a tall, thin young man came out, with a surprised look on his face, obviously not yet recovered.

Without saying a word, Lin Ran went forward and directly pulled up the clothes on the other man’s stomach, only to see that there was still some mud hanging on the clothes, and he immediately laughed.

“This is your man-made ghost?”

Lin Ran ripped the clothes open and showed them to the crowd.

At once everyone looked confused, especially the contractor, who stuttered as he looked.

“This This, how come there’s still mud on this!”

“Nonsense! That’s a human being, can there be no mud on his feet when he touches in from outside!”

Lin Ran was speechless, while pointing at the computer screen, and said.

“Besides, if it really was a ghost, how could the camera have captured it?”

“This

The contractor was suddenly dumbfounded.

Seeing that the crowd was still somewhat unconvinced, Lin Ran directly pulled up more images, and soon there were multiple cameras that captured the so-called disgruntled ghost, and one of them even captured the other party's proper face.

It was an obese youth, draped in a white piece of cloth.

"Look at this!"

Lin Ran pulled up one of the videos, the very one that monitored the location of the courtyard.

In the video, a fat young man draped in white poked his head out from the wall, moved skilfully to flip down, and then entered the shop from the courtyard, and this video pretty much brought the whole thing back to life completely.

"And what a human being!"

The head contractor was angry and furious, glaring at his own men, somewhat unsure of the best thing to say.

Lin Ran looked at him and spoke.

"You guys continue with the construction, I'll sort out this man's business! Also what happened tonight was indeed our problem, after the work is finished, an extra thousand for each person, two thousand for the contractor, there should be no problem!"

"No! No problem!"

The contractor smiled at that, jokingly, he already knew that the ghost was a person, so naturally he wasn't afraid of it, and the wages could still be increased, so naturally he gladly accepted it.

"Good! Then everyone continue to rest, and the construction will continue tomorrow!"

Lin Ran greeted, and immediately went up to the first floor together with Wang Yi ordered Luo Qiqi.

Chapter 647

"Ranzi, what now?"

When we reached the first floor, Wang Yifeng asked at once.

"Pretend that nothing happened, it's time to sleep and rest, that guy will definitely come back tomorrow night!"

Lin Ran said with certainty.

"How can you be so sure?"

Wang Yifei was puzzled, but Luo Qiqi, who was at the side, laughed.

"Damn fatty, just put more effort into watching the video and you'll know, every day you just know how to find Xiao Cui!"

"Hey, you are wrong, fat master I can I had supported human construction, that is a great sacrifice, you little fart girl don't understand anything!"

Wang Yifei retorted.

Lin Ran looked helpless and spoke directly.

“That person pretending to be a ghost looks familiar, if I remember correctly, it should be someone from the Ah Kui Psychic Studio, they haven’t given up yet eh!”

“What? The people from the Ah Kui Psychic Studio?”

Wang Yifeng’s face suddenly turned gloomy when he heard that.

“These dogs, they really know how to give fat master a hard time, tomorrow night when that guy comes, see if fat master I don’t pinch the shit out of him!”

“Alright, get some rest early!”

Lin Ran greeted, looking at his watch, it was already four in the morning, not many hours before dawn.

Because of Luo Qiqi, Lin Ran took her back to the clinic, as it was inconvenient for a girl to live in a shop.

When he returned to the clinic, it was basically dawn, and Lin Ran was too lazy to go back to the shop, so he slept in the clinic until 6 or 7pm.

The workers were all sitting in the shop playing poker, and Wang Yifeng was also playing with them.

Instead, only Lin Ran and Luo Qiqi sat in front of the surveillance computer, watching the surveillance images on it.

Time passed by, and soon, the time reached exactly one o’clock in the morning.

According to the time of yesterday’s accident, that person had come in at this point.

“Hey hey! Brother Lin Ran, look!”

Luo Qiqi suddenly pointed at the computer screen and shouted, only to see that on the computer screen, the same familiar white shadow, the same obese youth, was peeking out from the wall of the courtyard, looking inwards.

“Wait a little longer!”

Lin Ran spoke, while holding down Luo Qiqi’s hand, telling her to stay still for now.

Sure enough, the fat youth looked inside and saw that there was no reaction from the crowd, before he tiptoed over the wall and jumped into the courtyard.

“Fatty!”

Lin Ran shouted in a low voice.

“Hm?”

Wang Yifeng’s face sank at the sound of his voice, while he dropped the playing cards in his hands to the ground, knowing that the main man had come.

The other workers were all very smart at this point and continued playing their cards, matching Wang Yifeng.

“The yard! Don’t get killed!”

Lin Ran said calmly.

“Don’t worry!”

Wang Yifeng replied back, and immediately catfished towards the courtyard.

The two of them could clearly see, through the surveillance screen, that in the courtyard, Wang Yifeng was carefully groping towards the other party, who was oblivious to it.

In fact, this was normal, the current Wang Yifeng was no match for his previous skills and guts, and it was still very easy to deal with this group of rotten prawns under Ah Kui.

“Come here for me!”

Wang Yifeng snapped and lunged forward with a whoosh, grabbing the other man’s neck from behind and knocking him to the ground.

A few moments later, in the hall on the ground floor of the fatty, the lights were on, and Wang Yifeng threw the white shadow in his arms onto the floor with a bang, clapping his hands together and laughing.

“It’s done! Absolutely fresh and alive!”

Wang Yifeng looked at the contractor and teased.

“Do it and see, fresh ghost, don’t you want to see what it looks like?”

“Fatty, don’t crowd us, we haven’t seen it before either!”

The contractor laughed and scratched his head with an embarrassed look.

“You guys aren’t coming? Then I’ll come, Master Fatty!”

Wang Yifeng laughed, and then went forward and ripped the white cloth off the other man’s body, immediately revealing an obese youth, who covered his face for fear of being seen by others.

“Who told you to come?”

Lin Ran looked at him indifferently and asked directly.

“I don’t know what you’re talking about!”

The youth covered his face and said back.

“Aiya, still pretending even now!”

Wang Yifeng laughed at this and went up to him and copied his palm and slapped him twice, immediately causing the youth to wail.

“Aren’t you a ghost? What are you shouting for?”

“You!”

The youth was furious.

However, Wang Yifeng had no intention of stopping and slapped him twice more.

“You like pretending to be a ghost, don’t you? I’ll make you a real ghost!”

“Slap!”

“No! Don’t hit me!”

“Aren’t you a ghost?”

“Slap!”

The slaps continued to ring out, and on the youth’s arms, his face would quickly become bruised and purple, clearly Wang Yifeng did not hold back in the slightest with these slaps.

This made the Pao Gong Tau and others at the side not only suck in a breath of cold air as they watched, but also felt some sympathy for this friend who had hit the ghost.

“It’s too fucking pathetic for a ghost to make it this far!”

The head contractor couldn’t help but exclaim.

“He deserved it!”

On the side, Luo Qiqi was the one who said.

“Right! He deserves it!”

Some of the workers echoed the sentiment.

“That’s right, I deserve it, but brother, can you stop hitting? If we keep fighting, someone will die!”

The young man pretending to be a ghost also begged, Wang Yifeng had almost lost his breath with these big slaps to him.

“Can you talk now? Who told you to come?”

Lin Ran raised his hand to signal Wang Yifeng to stop hitting, while looking at the other party and asking.

“It’s It’s Brother Kui! Brother Kui told me to come!”

The youth’s cheeks were as swollen as a pig’s head as he lowered his head and said.

“Where are they?”

Lin Ran asked again.

“I I don’t know, it’s all It’s all because Brother Kui contacted me, Brother Huang found me and then told me to find Brother Kui!”

“I’m telling the truth, you guys don’t fight, I’m just an errand boy!”

The youth was on the verge of tears as he said, obviously he was really scared from those few slaps from Wang Yifeng just now.

“All right, you go away! Go back and tell your brother Kui that if you play such tricks, I’ll come back for him!”

Lin Ran said indifferently.

He had just cleaned up Kui and Huang last time at the hotel, but he didn’t expect the two of them to come back to cause trouble for him in just a few days, they really remembered what they had eaten but didn’t remember to fight!

“Thanks Thank you!”

The youth said, then hurriedly turned around and ran towards the courtyard, the shop gate was already locked, he could only go back the same way.

“Hey! Your cloak!”

Wang Yifeng laughed at this, while throwing a white cloth over.

The youth took the cloak awkwardly and went up the wall in three or two clicks, but just as he was about to go over the wall, a shadow suddenly flashed within the old banyan tree, followed by a pale face that appeared in front of him, scaring him to tears.

“Ghost Ghost! Ghost!”

“Flutter!”

Just after two cries, the youth fell headlong, and far afterwards all that could be heard was his heart-rending cry.

“Ghosts! There really are ghosts!”

Lin Ran blandly glanced at the courtyard and shook his head somewhat helplessly, not expecting that at the last moment, Ah Heung would still come out and scare the other party, but this was enough for that fat youth to drink, at least it was impossible for him to recover in a short time.

“Let’s go, I’ll send you back!”

Lin Ran patted Luo Qiqi next to him and said with a smile.

Chapter 648

“Brother Kui, there really is a ghost! There’s really a ghost in that shop!”

Inside a hotel not far from the shop, the fat youth looked at Ah Kui with a frightened face and told him the original story.

“What the hell ghosts are there! If there really is a ghost, can that shop of his be under normal construction? What a waste!”

Kui cursed angrily and kicked the youth in the chest, sending him sprawling to the ground and screaming in pain.

“Brother Kui, what now? That kid has figured out our plan, things are getting a bit difficult!”

Next to him, Ah Huang asked with a frown on his face.

“How do I know what to do, it’s better to wait for dawn and ask Master!”

Ah Kui said helplessly, he had thought of going to create some trouble for Lin Ran, but now, well, instead of creating trouble, he had scared one of his own men silly.

“Master shouldn’t sit idly by, go and contact the brothers you can, we’ll see what Master says tomorrow!”

Ah Kui said.

“Good! I’ll go and arrange it now!”

Ah Huang nodded at his words and immediately took out his mobile phone to contact his men.

.....

The next day, Lin Ran and Luo Qiqi arrived at the shop early, the clinic side had Qin Bing and Li Zheng looking after it, so he didn’t need to worry too much, but now it was the shop side that made him feel at ease.

Especially after what he had experienced last night, he didn’t care about Ah Kui and Ah Huang, Fatty could take care of them alone, but that Master Yu was too sophisticated and he was afraid that Wang Yifeng wouldn’t be able to deal with them alone.

“Hey! Ranzi, what do you think of this project? It’s still the renovation team sister Kiki found that is highly efficient, it’s only been two days and it’s already mostly renovated!”

Wang Yifeng laughed.

“What do you know, this is simple board renovation, it’s already fast, the pre-decoration plus post-construction will only take five days at most!”

Luo Qiqi laughed.

Lin Ran also nodded in satisfaction, and then turned around in the shop.

However, it wasn’t even two minutes after turning around that trouble came to the door.

“Where is little friend Lin Ran? Someone Yu begs to see you!”

An old but thick voice suddenly rang out.

“Lin’s name hurry up and come out, don’t force me to do anything!”

“Come out quickly, if you don’t come out, I’ll smash your shop!”

Then two more voices came out.

“Where’s the dog from, barking all the time in Master Fatty’s territory, if you want to bitch go bark in the street, what’s the point of barking in my shop!”

Wang Yifeng disliked him directly and also undermined the crowd, while at that moment the renovation workers also stopped their work and looked towards the ground floor hall.

“Master Yu, looking for me for something?”

Lin Ran stood at the edge of the first floor and looked at Master Yu on the ground floor and said blandly.

“Kid! Get down here! Standing up there talking to my master, who are you!”

Ah Kui scolded from the side.

“That’s right! If you don’t come down, I won’t be polite!”

Ah Huang was also busy echoing.

Lin Ran laughed at this.

“What business is it of you two juniors if I stand here and talk to your master? Do you have the right to speak here?”

“You!”

“Sharp-tongued!”

Ah Kui and Ah Huang were furious and just wanted to scold back, but they were stopped by Master Yu.

“Little friend Lin Ran, I, Yu, do have something to ask you today, please come down for a chat!”

“Sure!”

Lin Ran smiled lightly and followed directly down from the first floor, and when he jumped down, he deliberately came very close to Ah Kui and Ah Huang, scaring them so much that they hurriedly took several steps backwards, as if they still remembered the previous scene of being beaten up at the hotel.

“Master Yu, it’s good to lift your head more when you’re older, it’s good for your cervical spine!”

Lin Ran gave Ah Xiong and Ah Huang a disdainful look before rushing to Master Yu.

“I don’t need to worry about that, little friend Lin Ran, my health is fine! I came to see you today to ask, what happened to this man of mine?”

Master Yu said indifferently, and with a wave of his hand, someone next to him immediately dragged out a fat young man on a rack.

“Ghosts! There are ghosts here, I don’t want to stay here, I want to leave!”

As soon as the fat young man saw Lin Ran, he shouted out in fright, while struggling violently, and had no choice but to be dragged away by two more men.

“What’s the problem? This is very typical of shock overload, just rest for a few days and you’ll be fine!”

Lin Ran smiled lightly before looking at Master Yu and asking.

“What? Is Master Yu here to see me?”

“There’s no need for that, I just want to say, my men were scared like this, does little friend Lin Ran have to give me, Yu, an explanation?”

Master Yu looked at Lin Ran and said indifferently.

“An explanation? What statement?”

Lin Ran laughed.

“Old man, your people came to my territory in the middle of the night and deserved to be scared to death, not to mention being scared like this, and you still come to us for an explanation? If we didn’t go looking for you, you’ll be burning incense!”

Wang Yifeng scolded from the side.

“Damn fatty! You want to die!”

Ah Kui scolded.

Huang even pressed his hands on his waist, as if he was about to strike at the drop of a hat.

“What’s the matter? You want to fight, huh? If I can’t take care of you all by myself, I’ll write my name backwards!”

Wang Yifeng pulled out his Dragon Blade and smashed it on the ground with a bang, scaring A Kui and Huang into gagging.

“Fatty, stop it! A king is still a king when he’s upside down!”

Lin Ran laughed.

“Little friend Lin Ran, you know I didn’t mean it like that! We are all feng shui students, fighting is something that rough people do, I just want to know if you can give me an explanation for this today!”

Master Yu looked at Lin Ran with gloomy eyes.

“My friend has made it very clear, want me to give you an account? You give me a statement first!”

Lin Jeanne looked at Grandmaster Yu and said blandly.

“Little friend Lin Ran, you are making it very difficult for me, so many people are following me for dinner, and now that something like this has happened, if I can’t even get a statement back, I don’t need to do my job as a leader!”

Master Yu said as his eyes had gone completely icy cold.

“Haha! Interesting!”

Lin Ran also laughed as he looked at Grandmaster Yu and laughed.

“With so many people under you following the meal, am I, Lin Ran, just a bare knuckle commander? You want a statement, then fine! Since you are here, then you should give me a statement too, am I Lin Ran a good bully or what? Do you really think my shop is a tourist attraction?”

“You!”

Master Yu looked at Lin Ran with anger in his eyes, but he considered himself to be a cultivated man, so he suppressed it, and after a moment’s reprieve, he spoke.

“Then it seems there’s no more talk!”

“What do you say? Master Yu?”

Lin Ran looked at Grandmaster Yu, his face bland, without the slightest fluctuation in emotion.

“In that case, then let’s bet on a game, dare we?”

Master Yu looked at Lin Ran with a teasing look in his eyes.

“How do you want to play?”

Lin Ran said indifferently.

Master Yu smiled at his words.

“Haha! Simple, since we both study feng shui, we’ll bet on feng shui and win two out of three!”

“If you win, I, Yu, will leave immediately without saying a word, and this matter will be treated as if it never happened, and I will automatically retreat wherever you, Lin Ran, are present in the future!”

“But if you lose, not only will you have to give me the shop, but you will also have to apologise to my people in public! How about daring to take it?”

Master Yu looked at Lin Ran with provocation.

Chapter 649

Lin Ran, however, laughed.

“Haha, not good! I dare say I’ll lose the shop if I lose, and you won’t have to pay anything if you lose!”

“You lose, one million! With a public apology, and what you just said, if there’s any place for me, you back off!”

“You’re asking too much!”

Master Yu’s face was gloomy at his words as he looked at Lin Ran with a deadly look.

“If you don’t dare to play, then get the hell out of my way immediately! Am I stupid or are you too naive to want to whore out Laozi’s shop for nothing?”

Lin Ran sneered, not wanting to pay anything and betting against himself, he really thought that he, Lin Ran, was an idiot.

“Fine! One million then one million, an apology I promise, when will it start!”

Master Yu’s face was as gloomy as water as he said in a cold voice.

“Anytime!”

Lin Ran sneered.

.....

Ten minutes later, the cluttered ground floor hall was vacated of an open space of a dozen square meters, which was the playing field for Lin Ran and Grandmaster Yu to fight.

“Master, how do you want to play? Say it!”

Lin Ran looked at Grandmaster Yu and smiled, his eyes as calm as water, as if this matter had nothing to do with him, not even a hint of nervousness.

“Two wins out of three!”

Master Yu sneered.

“Yes!”

Lin Ran smiled and nodded his head.

“First sentence, let’s compare magic weapons!”

Grandmaster Yu sneered, as soon as these words left his mouth, immediately Wang Yifeng’s face changed, a match of magic weapons? Lin Ran didn’t have a magic weapon at all, how could he compare.

“What’s wrong?”

Next to him, Luo Qiqi saw that Wang Yifeng’s face did not look right and asked.

“This old bastard seems to have prepared early, Ranzi doesn’t have a magic weapon at all! This old thing came up to compare magic weapons!”

Wang Yifeng said with a gloomy face.

“Huh? Then Brother Lin Ran is bound to lose!”

Luo Qiqi also couldn’t help but worry, how could Lin Ran have a match when he didn’t have a magic weapon?

However, what both of them didn’t expect was that Lin Ran actually didn’t even think about it and nodded his head in agreement.

“Ranzi, you’re crazy!”

Wang Yifeng shouted.

Lin Ran, however, waved his hand to indicate that it was not a big problem, and then looked at Master Yu and smiled.

“Master Yu, how is this magic weapon to be compared?”

“It’s simple, a competition of whose magic weapon is more powerful!”

Master Yu stroked his beard and laughed, he did understand that Lin Ran did not have a magic weapon, which was why he dared to confidently propose a magic weapon comparison.

“A Feng Shui master, a magic weapon is his weapon and his second life, if a Feng Shui master doesn’t even have a magic weapon, can he still be called a Feng Shui master?”

Master Yu laughed, while waving his hand, a dark black scepter appeared in his hand, the scepter looked ordinary, as if it was a walking stick, but the aura emanating from it was extraordinary, at a glance it was a magic weapon that had been nurtured for a long time.

“Later, we will each control our own magic weapon and see whose is more powerful, either destroy the other’s magic weapon or wait for the other to admit defeat, either outcome will count as a win!”

Master Yu laughed.

“That’s fine!”

Lin Ran smiled and nodded, while saying.

“But I advise Grandmaster that it would be better to admit defeat earlier, otherwise at your age, it wouldn’t be good if you were injured!”

“Then there is no need to worry about it little friend, now reveal your magic weapon!”

Master Yu laughed coldly, but in his heart, he was already happy. I’ll see what you can do without it.

He slowly raised his hand and gestured at Master Yu, smiling.

“This is my magic weapon!”

“Kid! You’re playing with me!”

Master Yu’s face sank and he said in a cold voice.

“Does anyone’s magic weapon belong to their hand!”

“Why not, don’t I?”

Lin Ran laughed.

Master Yu’s face was however even more gloomy at his words as he looked at Lin Ran and scolded.

“What kind of magic weapon is the palm of your hand, do you really think that old man is so easily fooled? Without a magic weapon, you would have lost the first game!”

“Why can’t the palm of your hand be considered a magic weapon?”

Lin Ran asked rhetorically, with an even more teasing look on his face.

“You!”

Grandmaster Yu was at a loss for words, somewhat unable to answer.

“The reason why a magic weapon is called a magic weapon is because it can be a weapon that fits with a feng shui master, but no one seems to stipulate that a magic weapon has to be an external object, right? Besides, wouldn’t it be more comfortable to embrace it with your own hands?”

Lin Ran laughed.

“Strong words, I am doing this for your own good, how can a mere physical body compete with the divine might of a magic weapon, if you don’t want to become disabled, it would be better for you to admit defeat!”

Master Yu said coldly, with disdain in his eyes, Lin Ran had no magic weapon, he had already won this first round.

“Then don’t bother Master Yu, you should worry more about when it starts, I don’t have much time!”

Lin Ran sneered.

“In that case, then let’s get started!”

Master Yu’s face sank as he flicked his palm, and the dark black sceptre in his hand flew straight out, heading straight for Lin Ran.

However, Lin Ran was standing in place without even moving.

“Kid, are you afraid? What have you been doing earlier? Now you know you’re scared?”

Master Yu couldn’t help but laugh at the situation.

Even Ah Kui and Ah Huang at the side followed suit and laughed.

“This kid is so scared that he doesn’t dare to move!”

“That’s right, he’s still acting like he’s two-fifths of a man, and his hands are magic weapons, I think these hands are his girlfriend!”

“It’s still the two big brothers who have an eye, this kid just pretended to be quite a bully, but in fact, he’s a piece of trash!”

A group of people mocked unabashedly, as if Master Yu had completely crushed Lin Ran at this point.

However, in the face of these people’s mockery and disdain, Lin Ran’s expression still did not fluctuate in the slightest, as he remained calmly standing in place, his eyes indifferently looking at the dark red scepter that was speeding towards him.

Suddenly, just as the dark red scepter was about to reach Lin Ran, Lin Ran’s eyes snapped open, and everyone felt two cold auras sweeping past, and at the same time everyone saw that Lin Ran slowly stretched out his left hand and waved his backhand at the scepter in a breezy manner.

“This How can this be”

Master Yu was filled with surprise, his own magic weapon was actually knocked back by such a casual swing from Lin Ran?

At the side, Ah Kui and Ah Huang even watched with their mouths hanging open, their faces feeling hot, just now they were mocking Lin Ran and looking down on him, but now The punch to the face had come so quickly.

“Bang!”

Master Yu was still in a state of surprise in his mind, but the scepter that had come flying back was already hitting him in the chest precisely, and immediately took the man backwards together for several meters, which brought him to a halt.

“Master, this magic weapon of yours doesn’t work!”

Lin Ran looked at Grandmaster Yu and laughed blandly.

“Humph! This good show has only just begun, continue!”

Master Yu snorted coldly and was about to throw the magic weapon out again, but was interrupted by Lin Ran.

“Grandmaster, I advise you to hurry up and buy a walking stick, otherwise you might not have any use for it later!”

Lin Ran laughed.

“What do you mean!”

Grandmaster Yu’s face sank, not understanding what Lin Ran meant.

But the next moment he understood.

He heard two crisp sounds, followed by the dark red scepter in his hand breaking into two pieces and falling to the ground with a bang.

“Master! You’ve lost this first round!”

Lin Ran looked at Grandmaster Yu and revealed a smile.

Chapter 650

“This can’t be! How is it possible for my magic weapon to”

Master Yu still had resentment in his heart, but the facts were already in front of him, so even if he was resigned, it was useless.

“I lost the first game, but there are still two more games! Don’t be complacent either!”

Master Yu’s face sank as he stared at Lin Ran and sneered.

“In this second game, we will compete in formations, you and I will stand in place and not be allowed to move, each of us will set up a formation for the other, whoever walks out of the formation set up by the other first will win! Do you dare?”

Master Yu spoke with confidence, as if he was already sure of victory.

At the side, Ah Kui and Ah Huang were even cheering to help.

“Go for it, Master!”

“Master get rid of him! He’s just a piece of rubbish!”

“Grandmaster is mighty!”

A group of people shouted without knowing what to do, Lin Ran shook his head not to listen and looked at Grandmaster Yu and said blandly.

“Can we begin?”

“Yes!”

Master Yu’s face sank, and immediately his hands quickly fished out dozens of yellow talismans from his body, before handing them to Ah Kui.

“Cloth, A-Ding Six-Eth Formation!”

“Yes Master!”

Ah Kui returned solemnly at his words, and then placed the yellow talismans around Lin Ran according to the orientation of the A-Ding Six-B Formation.

“Fatty, what is the A Ding Six B Formation!”

On the side, Luo Qiqi looked a little worried, especially when she saw Ah Kui’s solemn look, she felt that this formation was not so simple to break.

“It’s a formation that traps people, I know a bit about it!”

Wang Yifeng frowned in the same way and introduced it.

“The so-called A Ding Six B Formation is actually a variation of the Zhuge Eight Trigrams Formation, a formation that evolved from ancient feng shui masters in order to subdue demons and catch ghosts!”

“But this A Ding Six B Formation has one thing in common with the Zhuge Eight Trigrams Formation, and that is to trap the enemy! Usually only Feng Shui masters use this formation to trap their opponents when they encounter powerful spirits they can’t deal with, and then slowly think of ways to kill them!”

“Then can Brother Lin Ran break this formation?”

Luo Qiqi asked busily, unable to help but feel a little worried in her heart.

“Don’t worry, from what I know about Ranzi, he can definitely break this formation! It just depends on how long it takes!”

Wang Yifeng said.

Luo Qiqi’s heart sank at his words, and she hurriedly looked at Lin Ran, only to find that Lin Ran hadn’t even moved, as if he wasn’t prepared to set up the formation for Master Yu.

“Kid! The old man’s formation has already been laid, where is yours?”

Master Yu looked towards Lin Ran and sneered, he also noticed that from the beginning down to the present, Lin Ran had stood still without moving, let alone setting up the formation.

“You can start anytime!”

Lin Ran laughed indifferently, this smile caused Master Yu’s heart to tremble, a little unsure of what medicine he was selling in his gourd.

“Good! Since you’ve said it all, then I will not be polite!”

“A-Ding Six-Eth Formation, rise!”

As Grandmaster Yu’s words fell, one could only see six rays of light rise up in the sky around Lin Ran, and then a dark red cage was actually formed, just trapping Lin Ran in the middle.

And as soon as this scene appeared, everyone was stunned, especially these renovation workers, who at this moment were looking dumbfounded, one by one, their mouths opened and closed and muttered to themselves.

“God God This is a divine means!”

“Are these people all gods? What is this!”

“It’s feng shui, they say it’s feng shui, it’s horrible!”

“So can Boss Lin resist, if he dies, we’ll lose our money for work!”

When the foreman spoke up, all of them looked at him at once, this guy was actually thinking about everyone’s wages even now, he was really a good foreman who was dedicated to his job.

“Boy! If you don’t make a move, you won’t have a chance!”

Master Yu looked at Lin Ran and sneered.

“There’s no rush! Wait for your formation to rise!”

Lin Ran laughed, looking at the A-Ding Six-Eth Formation that was slowly taking shape, looking confident.

“Formation! It’s done!”

Master Yu was not trusting, being over half a hundred years old he was not inexperienced in the jianghu world, to pretend to be a god at this point would be absolutely foolish, since Lin Ran was going to pretend to be calm, then he was going to defeat him with a devastating means.

“Illusion Formation! Arise!”

Just as Grandmaster Yu’s A-Ding Six-Eth Formation was about to succeed, Lin Ran finally spoke, while flicking his fingers, at once several jade pendants shot out and scattered around Grandmaster Yu’s body.

Then a ray of light shot up into the sky, and in an instant a formation enveloped Master Yu.

And just as Lin Ran's formation enveloped Grandmaster Yu, he himself was also enveloped by the other side's A-Ding Six-Eth Formation.

"This kid is so damned pretentious!"

Ah Kui was so angry that he gritted his teeth, Master Yu's formations had still been set up by him personally one by one, but this brat Lin Ran had actually done it with a flick of his finger.

Although Ah Kui was upset in his heart, he admitted it, but on this point alone, Grandmaster Yu was no match for Lin Ran, one needed to do it manually, while the other was able to complete the formations with a complete flick of his mind.

"Now, I just hope that Lin Ran can be trapped for a longer time, but don't come out too soon"

Ah Kui said to himself, but before he could finish his words, he was surprised to see that Lin Ran, who was within the formation, had actually walked out with a single stride, that pace was as leisurely as if he was walking on an unobstructed road.

"This How is this possible! Master's formation, actually"

Ah Kui looked utterly stunned, while Ah Huang, who was on the side, even swallowed his spit and was busy coming over to say.

"Kui Brother Kui, we Let's bubble, Master Not a match for this kid!"

"Run your mother! How can Master not be able to clean him up, Master will definitely win!"

Ah Kui said angrily, but his heart was already cold, two wins in three sets, the first set has already lost, if he loses this set, it will really be completely hopeless!

"Li! Xiao Li! Don't you run away, it's Xiao Yu!"

Just as Ah Kui and the others were calculating in their minds, suddenly Master Yu within the formation was shouting out, at the same time his whole posture was delicate, circling around within the formation seemingly chasing something.

"What's wrong, Master?"

Ah Kui asked busily.

"How should I know, maybe he's been tricked!"

Ah Huang said busily, at the same time having made up his mind that once Master Yu was defeated, he would immediately take his people away, he had already been beaten up by Lin Ran last time and he didn't want to take a beating this time.

"Xiao Li, it's Xiao Yu! Don't you run away, I like you, I really like you, as soon as I defeat Lin Ran, I'll come and marry you, okay!"

The more Master Yu spoke, the more excited he became, his eyes even let out a glow, not knowing what he saw, he fiercely hugged a pillar within the formation and immediately gnawed on it.

"Mua mua mua mua ah!"

“Little Li, you are so beautiful, let Brother Yu give you a good kiss!”

With that, Master Yu rushed to gnaw on the pillar, the image was simply too beautiful.

“I’m so fucking ashamed of myself!”

Ah Kui was so ashamed of himself that he wanted to find a crack in the ground.

Huang tugged at the corner of his shirt and whispered.

“Kui, let’s run, this kid is too fucking powerful!”

“No! I can’t swallow this, if Master really loses later, it’ll be up to us!”

Kui said in a stern voice.
