

Wonder Doctor

Chapter 651

“What do you want, Brother Kui?”

Ah Huang asked busily.

Instead, a cold smile appeared on Ah Kui’s face as he said icily.

“If Master’s civil approach doesn’t work, we’ll resort to martial arts, there are so many of us and we still can’t clean up a few of his people, Lin Ran? I must get this back! This shop must also be beaten by Laozi!”

“Brother Kui But we!”

Ah Huang still wanted to say something else, but the formation in front of him trembled violently, and then it actually disappeared directly.

At the same time, Master Yu within the formation immediately shuddered all over, his entire body winced, and immediately froze on the spot.

As his memories quickly fused, Master Yu’s face turned as red as a monkey’s butt when he realised what he had just done.

“Lin Ran! You!”

Master Yu pointed at Lin Ran with deep despair in his eyes, as people aged, what they valued most was their reputation, but who knew that this competition today had caused him to lose face, and even more so, to lose face to such an extent, how could he be the leader in the future.

“Master, you really surprised me, I just set up an illusion formation, but I didn’t expect that, even though you are old, you are still so wild at heart!”

Lin Ran laughed.

Wang Yifeng, who was on the side, even agreed.

“No what, just this persistence and wildness in love, I, Wang Yifeng, admire it, and at the same time, I’m willing to be impressed!”

“Don’t be a fool!”

On the side, Luo Qiqi was busy interrupting the fatty, she, a girl, couldn’t help but be a little embarrassed to see this scene, an old man so spirited, she couldn’t stand watching it either.

“Grandmaster, you lost the second sentence again, are you still playing?”

Lin Ran looked at Grandmaster Yu and smiled blandly.

Master Yu, however, had a gloomy face and stared at Lin Ran gasping for breath without a glance.

“Grandmaster, you’re not going to renege on your debt, are you?”

Wang Yifeng asked with a smile at this.

Master Yu still did not say anything, only looking at Lin Ran with a deadly look.

“Master! Let’s go!”

Ah Kui said busily.

“Yes, Master let’s go, there’s no worries about leaving firewood in the green hills!”

Ah Huang was also busy persuading.

However, Master Yu remained unresponsive.

After a few moments, suddenly, Master Yu’s eyes rolled far away as he looked here at Lin Ran and chided.

“A scholar can be killed but not humiliated! You have ruined my reputation today, I will fight with you!”

With a flick of his palm, a sharp dagger appeared in his hand, followed by his aged body rushing towards Lin Ran with a vigorous stride.

“Good stance!”

Seeing how agile Grandmaster Yu was, Lin Ran could not help but praise him. A half-century old man could still be so skilled, so he had obviously not done much exercise in his daily life, and he could even see from the side that this Grandmaster Yu was really very fond of feng shui.

But in the world of feng shui, strength is ultimately the most fundamental factor in a person’s status. Even if one loves it, if one does not have the talent and strength, one can only enjoy it after all and cannot really get started.

In Lin Ran’s eyes, Master Yu is such a person, he loves Feng Shui, but his attainment in Feng Shui is only a beginner, even Lin Ran can see that he is only half a foot into the Wang Qi realm, and has a small amount of breath in his body.

“For the love of it, for a man to cultivate on his own to reach the half-step Qi Watching realm at such an old age, it’s a blessing from the heavens!”

Lin Ran lamented, and in his heart he couldn’t help but have a little more admiration for Grandmaster Yu, some people were like that, just because they liked it, they persisted for the rest of their lives, this kind of spirit was still worth learning from him.

“Grandmaster! Stop it!”

Lin Ran said.

He looked at Lin Ran with bloodshot eyes, and the dagger in his hand had already stabbed Lin Ran in front of him.

“Hey! And you!”

Lin Ran sighed and waved his palm across the air, and the dagger in Master Yu's hand immediately fell out of his hand and hit the pillar with a bang.

He looked at the dagger, then at Lin Ran, then at his own palm, as if he had discovered something, but then he went completely mad.

He pointed at Lin Ran and exclaimed.

"You This can't be! It can't be! How can you possibly know how to imperialize things, it's impossible old man can't even do that! How old are you, how could you possibly know! It's not fair, it's not fair!"

Master Yu said and went to pull out the dagger, but the dagger was so deep that he couldn't pull it out at all, after trying for a long time eventually he gave up and sat down on his butt, looking dazed and staring at the floor repeating over and over again.

"Impossible I can't even do it, how can you possibly be able to imperial It's not possible, it's not possible! It's not fair, it's not fair!"

"Ai!"

Lin Ran sighed and didn't bother with Master Yu, turning to look at Ah Kui and Ah Huang next to him.

"You guys aren't leaving yet?"

Ah Kui and the two looked at each other, Ah Huang wanted to leave, but Ah Kui was fierce and took two steps upwards pointing at Lin Ran and scolding him.

"Lin Ran, if you don't give me this shop today, I'll make sure you can't leave here!"

After he said that, he heard Ah Kui slap two slaps, followed by a group of men rushing in from outside the shop, a dozen of them, each holding a steel pipe, wearing black vests, and fierce and fierce, as if they were the gangsters brought by Ah Kui!

"Huh?"

As soon as these people rushed in, they were at first full of vigour, but then they all saw Master Yu next to them, and they couldn't help but change colour, and I don't even know who even shouted.

"What's wrong with the master? Has he gone mad?"

"Master Yu has gone crazy?"

"Master Yu has really gone crazy!"

"Brother Kui, what's wrong with Grandmaster Yu!"

At once everyone exploded, many of them had followed along with Grandmaster Yu because of his fame, but now they actually saw with their own eyes that Grandmaster Yu had gone mad, the shock of the matter was too great for them.

"What's the panic! Master Yu is not as skilled as others, he couldn't handle the psychological pressure himself and that's why he went crazy, we are all under the master, do we still want to mess ourselves up at this time?"

Ah Kui turned his head and swept his gaze with a cold aura over the crowd, and for a moment, he actually suppressed all the uneasiness of the crowd.

“Brother Kui, what should we do now?”

Ah Huang was busy coming over and asking, now that Master Yu was also mad, he was definitely unable to preside over the big picture, the rest was up to them.

“What do we do? Master Yu is mad, but we are not yet mad, wealth is at stake, there are so many of us today, are we not afraid of just three or two of them?”

Ah Kui said disdainfully, while turning to look at Lin Ran, and said in a cold voice.

“Lin Ran, I have made my words very clear, either hand over the shop today, or leave your life behind, your choice!”

“I choose neither!”

Lin Ran glanced at Ah Kui indifferently and sneered.

“I’ll give you all one minute to leave from here, otherwise, I’ll throw you out of here one by one, and as for whether your bodies will still be intact after you’re thrown out, I’m not making any guarantees!”

Chapter 652

“What? Throw us out of here? With just you?”

Ah Kui laughed and pointed at Lin Ran disdainfully.

“I think your head has been kicked by a donkey, maybe your brain will work better when you kneel in front of Laozi and watch him play with the beautiful woman beside you later!”

“Brothers! Do it! But don’t hurt that pretty girl, that’s my trophy!”

Ah Kui’s face was filled with a maniacal grin, greed in his eyes, and he lunged at Luo Qiqi who was next to Lin Ran.

“Fatty, feel free to strike! Just don’t make a scene!”

Lin Ran greeted indifferently, and immediately pulled Luo Qiqi behind him.

“Be careful yourself!”

After saying that, Lin Ran had already rushed up with an arrow step.

“You be careful too!”

Luo Qiqi was unnerved and smiled as she reminded him, following which she retreated to the side and stood with the construction workers.

In front of them, after Lin Ran had rushed out, Wang Yifeng followed suit and followed in an arrow stride.

“Hey! Boss lady, what are you doing?”

The two sides in front instantly collided together, but the contractor behind them was baffled, at this moment Luo Qiqi was actually sitting on a chair drinking tea and getting high on melon seeds, the key was that the melon seeds were still theirs.

“Watching the show! What’s the problem?”

Luo Qiqi wondered, while knocking another melon seed.

“It’s not Isn’t that boy your boyfriend?”

The contractor asked, even more puzzled, pointing at Lin Ran in the crowd.

“Yeah, it’s my boyfriend!”

Luo Qiqi looked righteous, while still wondering a bit, you knew and asked.

“No! Your boyfriend is being beaten up by someone else and you’re sitting here eating melon seeds? Even if you are a melon eater, at least be a bit nervous, you are getting high on melon seeds and drinking tea, isn’t it a bit too much to treat someone as a boyfriend?”

The contractor was speechless, he had seen a lot of relationships, but this kind of boyfriend is fighting, but the woman is in the back of the tea and melon seeds to watch the good show, this is really the first time a big girl on a sedan chair.

“What are you nervous about, he fights every day, less than ten times a day or seven or eight times a day, I’m not surprised!”

Luo Qiqi explained.

The contractor smiled and was speechless, these two people are too odd, a boyfriend fighting not nervous, a girlfriend stoned watching a good show also not angry, simply the most bullish combination.

“Alright! Cut the crap, it’s almost over!”

Luo Qiqi took a sip of her tea and interrupted the bagman.

“What? You’re kidding me, in has only just started, where is it going to end?”

The head contractor was full of amazement, he hadn’t even looked, it had only been ten seconds at most since it had started, how could a fight be so quick.

“Head! Look, it’s almost over, if you don’t look, it’s gone!”

Suddenly, there was a shout of alarm from his companion next to him.

“What?”

The head of the contractor was not calm when he heard this and hurriedly turned his head to look, and his whole body froze under this look.

He saw that the group of people in front of him, which was originally vast, was actually only seven or eight left at this moment, while Lin Ran and Wang Yifeng were actually still standing there, not to

mention unharmed, without even a hole in their clothes, while on the contrary, a large part of the people brought by Brother Kui had already disappeared by now.

“What about Kui’s men?”

The foreman was busy asking the workman next to him.

“You didn’t see them? They were kicked out one by one by Boss Lin!”

The worker pointed to the door and said.

The next moment he saw that outside the gate, a group of people, a dozen or so, were lying thickly on the ground, one on top of the other, wailing and wailing.

“Gulp!”

The contractor gulped again, his body unconsciously trembling, he was remembering the time when he had just encountered the ghost, when he had said to Lin Ran that the job could not be done, and in the end Lin Ran had increased the money.

Now that he thought about it, if Lin Ran had just beaten him up, I’m afraid that he would have cried his eyes out, and even if Lin Ran had beaten him up, they wouldn’t have been able to escape and would have had to continue working, and they wouldn’t have had to raise their money.

But in the end, Lin Ran didn’t hit them, instead he added money.

This incident made him feel a bit scared even now when he thought about it, and at the same time, he was wondering why Lin Ran hadn’t been so vicious to his group of workers.

“Stop shaking! My brother Lin Ran is a good man, he’s nice to everyone as long as you don’t mess with him!”

Luo Qiqi said as she got high on melon seeds, this was obviously said to the contractor.

“Yes! Yes!”

The head contractor wiped away the cold sweat on his forehead as he nodded at the same time, with a grateful look on his face.

“Brother Kui! Run! This incoming man is too fierce!”

Up ahead, as Huang saw that the number of men around him was getting smaller and smaller, the more he couldn’t hold back and shouted at Kui.

“Run? I’m not running! Damn it, the shop was all mine, but this kid took it away from me, I’m not happy about it!”

Ah Kui said angrily, while pushing Ah Huang away and rushing towards Lin Ran, chanting as he ran.

“Go away, Laozi is not willing! I want to fight in blood until ...”

Before Ah Kui could finish his sentence, his throat was instantly grabbed by one of Wang Yifeng’s hands.

“Blood war what? Bloodbath to Shanghai Beach na! Wake up kid, this is not a game, you’re already GAMEOVER!”

“Yellow Go!”

Being locked in a necklock by Wang Yifeng, Kui couldn’t even complete a sentence, but Huang could get out that the guy was letting himself go.

“Brother Kui!”

Ah Huang couldn’t help but be moved, in turning his head to look, only to see Lin Ran kick the last of his men out, the whole shop, except for himself and Ah Kui, at this point everyone else was on Lin Ran’s side, Ah Huang wilted at once.

But he and Ah Kui were a kind of snake and rat, and they had been hanging out together for years, so when he saw Ah Kui in trouble, he couldn’t bear to leave alone, so he immediately shouted at Lin Ran.

“Lin Ran let Brother Kui go, we’ll leave immediately and this will be treated as if it never happened!”

“On what grounds?”

Lin Ran looked at this Ah Huang and asked blandly.

“On what basis? No, we admit it, let us go and we’ll never bother you again!”

Ah Huang explained.

“Aren’t you thinking too simply? Just now you threatened to keep me out of this shop, and now you see that you can’t beat me and say you won’t come to trouble me in the future? Do you think Lin Ran’s shop is a charity hall? You can come and go whenever you want?”

Lin Ran said indifferently, while pulling a chair and doing down.

“Lin Ran, you Don’t you force me!”

Ah Huang looked tense, looking at Lin Ran with his palm in his hand, holding something in a deadly grip.

“You don’t need to scare me, I, Lin Ran, am scared, from the time you decided to come here to find trouble with me, you should have thought of the consequences, now you say I forced you, why didn’t you say that you were forcing me when you came here just now?”

Lin Ran remained bland, he would not be the slightest bit soft on his enemies, bitter drama, it was useless to him, if you messed with him you had to be prepared to be educated.

“I’m asking you one last time, will you let go of the others!”

Ah Huang snapped his phone out of his pocket and questioned Lin Ran.

“No release! Why are you going to hit me with your phone?”

Lin Ran laughed.

Chapter 653

“Yes! Yes! You made me do this! You wait, you wait for me!”

Ah Huang’s face twitched as he hurriedly pressed the lighted mobile phone, before pressing a series of numbers and then calling out.

After the call was made, Ah Huang’s entire demeanor clearly relaxed a lot and even became confident.

“Bang!”

Soon after, he violently closed his phone and sneered at Lin Ran.

“You forced me to do this, wait until you die, two big brothers will come to clean you up later, and then even if you kneel down to Laozi, it’ll be useless! I, Huang, said so!”

“Is that so?”

Lin Ran said with a faint smile.

“I, Lin Ran, am waiting!”

.....

The atmosphere inside the shop suddenly became depressing and cold at the same time.

Ah Huang walked out of the shop and stood at the entrance looking around, obviously waiting for someone.

Inside the shop, on the other hand, Lin Ran was sitting blandly in his chair drinking tea without the slightest worry, while as for Wang Yifeng, he had his hands on Ah Kui and tied him up, while looking to Lin Ran and asking in a low voice.

“Ranzi, what kind of trick is this kid playing? Shall we then just wait?”

“Wait, no matter what tricks he’s playing, we’ll let him play them completely to the end today!”

Lin Ran said indifferently.

“Good!”

Wang Yifeng nodded at his words, he also understood Lin Ran’s meaning, this shop had been purchased for at least half a month since now, but the renovation work had only been going on for two days so far, it couldn’t keep dragging on like this.

No matter what kind of helpers Ah Kui and Huang had brought in today, Lin Ran would be there for them to the end.

No matter what kind of helpers they brought in today, Lin Ran would be willing to go through with it. As long as their helpers were completely crushed, only then could the matter of their shop be considered complete.

While the two were talking, suddenly, Ah Huang, who was standing at the door, jumped up.

“It’s coming! It’s coming! Finally!”

Following this, Ah Huang's entire body ran out, only to see that not far away, two pillars of light struck over, followed by an extremely dilapidated van that drove over and then stopped in front of the shop.

Even Lin Ran's crowd could see, through the glass of the shop, a few large words plastered on the van.

"Wang Mao Ah War Carry Goods!"

"Holy shit! This is a call for two delivery drivers, what's the deal with transporting us all away?"

Wang Yifeng laughed.

And seeing this, Ah Kui, who was tied up in five pieces, sighed even more, his face full of death, and said to himself.

"What the hell is this kid doing!"

"Brother! It's them, it's both of them, you have to help me this time!"

Ah Huang said as he let the two men in, and only once they walked into the shop did Lin Ran's crowd see clearly that the visitors were two very fit young men, both roughly the same age as Lin Ran, twenty-seven or twenty-eight years old.

The two men were not fat, but standing there gave people a sense of suffocation, purely because of the muscular lines on their bodies, which gave people too much of a sense of impact.

Both men had short hair, wore camouflage vests and were covered in sweat, seemingly because of their work, the vests on both men were completely soaked through and stuck to their bodies, outlining their muscular lines to perfection.

Not to mention the people at this moment, even the eyes of Luo Qiqi at this moment were a little straight, but this is also normal, what girl does not like a man with a good body, but like is like, she was only a little surprised, and soon her attention still fell on Lin Ran.

"Is that Lin Ran?"

The two men stood at the entrance of the shop, and one of the angular youths spoke up and asked.

The voice that spoke was not loud, but it carried a firm tone that made it impossible to question.

"Clang!"

Lin Ran placed his teacup on the table and got up to laugh.

"I am!"

"My name is! Ah War!"

The youth who opened his mouth introduced himself.

"Wang Mao!"

The youth with a tiny scar on his face next to him followed and laughed.

"The two of you have come over, what is your business?"

Lin Ran asked with a smile as he pretended to be confused.

“What the fuck are you pretending to be confused about, you kidnapped my people, what do you think we’re here for!”

Ah Huang shouted from the side, while pointing at Lin Ran and rushing at the two Wang Mao.

“Brother Cat, Brother War is him, he’s the one who kidnapped my brother, we’re all from the same village, we’re all proper people, you know that! You must help me in this matter!”

Huang said with a sobbing face, but these words were far from the truth.

“Damn Yellow Hair, you’re talking nonsense!”

Luo Qiqi couldn’t bear to listen to this anymore and retorted.

“You’re the one who’s talking nonsense! You’re the ones who kidnapped Brother Kui, am I wrong?”

Ah Huang pointed at Lin Ran and scolded.

“That’s right, it was my friend who kidnapped him!”

Lin Ran said indifferently, following up with.

“But don’t you two want to know why my friend kidnapped him?”

Lin Ran looked at Wang Mao and Ah Zhan and said indifferently.

“No need!”

Ah Zhan blandly returned, following which his gaze fell on Wang Yifeng.

“Let him go!”

“Let him go? Who do you think you are? I’m the one who kidnapped him, you can just let him go? I don’t want to lose face, do I?”

Wang Yifeng said disdainfully.

However, following that, the next moment, that Ah Zhan actually lunged at Wang Yifeng without saying a word, and his entire aura changed in an instant.

Lin Ran clearly noticed that this young man named Ah Zhan had an ordinary aura just now, only his muscles were conspicuous, but at this moment when he pounced on Wang Yifeng, his entire aura had completely changed, and his eyes even carried an icy cold killing aura, giving him the impression of being like a killer.

“Fatty! Strike with all your might! Otherwise you’re no match for him!”

Lin Ran was busy speaking up and reminding.

“Good!”

Wang Yifeng saw his opponent’s aggressive attack and didn’t dare to be reckless, so he immediately mobilised his entire body’s true qi and collided with Ah Zhan.

On the other hand, while Ah Zhan was lunging out, Wang Mao also moved, only to see his body swiftly and sensitively, he had already reached Ah Kui's body in a few flashes and raised his hand to untie the rope.

Fortunately, Lin Ran was quick to spot him and forced him back with an arrow step.

"You want to save him? You have to go through me first!"

Lin Ran looked at Wang Mao, his eyes solemnly saying.

"That's interesting, then let me see how strong you are!"

Wang Mao smiled blandly, followed by an arrow step and lunged out, heading straight for Lin Ran.

"Quite fast!"

Lin Ran smiled blandly, but in his heart he was a little surprised, this guy's speed was definitely faster than when he wasn't using his true qi, and his opponent's eyes were dark and sharp, he was obviously extremely good at disguising himself.

When he ran into these two people, Wang Mao Ah Zhan, Lin Ran couldn't help but drum in his heart, he was a bit suspicious of the other party's identity, and at the same time, he was also wondering how these two people had a friendship with a landlord like Ah Huang, was it just because they were old hometowns?

"If you are out of your mind now, you are looking for death!"

Just as Lin Ran was thinking in his mind, Wang Mao, who was rushing towards him, revealed a cold smile, followed by a fierce kick, his whole body directly leaped up in the air, and then his arm bent his elbow and came straight at Lin Ran's heavenly head.

"Good stance!"

Lin Ran couldn't help but praise at this, following his feet fiercely backed up, one in front of the other in a horse stance, and his hands were in palms to meet the opponent's elbow and blocked it.

Lin Ran didn't use his true qi in this strike, he just relied on his physical strength to fight the opponent hard, he wanted to see how much his body strength was different from his opponent's!

Chapter 654

"Bang!"

With a muffled sound, Lin Ran's palm collided directly with Wang Mao's elbow.

This blow seemed a bit strained even for Lin Ran to carry, and his body couldn't help but drop a few points, fortunately he reacted quickly and saw that things were not going to work out, so he immediately drew back away.

"Bang!"

At the same time, on one side, Wang Yifeng was actually kicked backwards by Ah Zhan as well.

“Ranzi!”

Wang Yifei steadied himself and Lin Ran looked at each other, both with this surprise in their eyes.

“They are very skilled, don’t hide, strike with all your might!”

Lin Ran said in a cold voice, while the true qi in his body mobilised with it.

At this moment, Lin Ran realized how strong the person they were facing was. At first, Qin Bing’s brother Qin Feng and Li Sheng, whom he had met the other day, both of them had given Lin Ran an extremely deep impression, as both of them practiced ancient martial arts and were quite good at it.

However, if we compare them with Wang Mao and A Zhan, they were a bit less bold, yes! That’s right!

In Lin Ran’s opinion, Wang Mao A-Zhan’s martial arts line was more inclined towards practical combat, each move was a move that would kill or injure the opponent, and the power burst was so great that as long as the opponent was not a similarly practiced fighter, there was almost no way to fight.

Qin Feng and Lixiang’s ancient martial arts moves, on the other hand, were somewhat more inclined towards the realm of meaning, that is, they had a kind of master style, but you couldn’t say that their ancient martial arts were for ornamental purposes, it was just that compared to the two Wang Mao, there were a lot of things that might seem a bit flashy but not real.

“I’m really getting curious about you guys!”

Lin Ran looked at the two of them, Wang Mao and Ah Zhan, a smile appearing at the corners of his mouth.

“Being curious is not a good thing!”

Wang Mao smiled blandly, his eyes slightly narrowed and a cold aura seemed to be hidden in his eyes.

“Cut the crap, hurry up and settle this, we still have to go back to the office and punch in, if we are any later we will be off duty!”

Next to him, Ah Zhan was busy urging.

“Alright! Then let’s do it quickly!”

Wang Mao helplessly stretched out his hand, and immediately took the lead and rushed towards Lin Ran.

“Fatty, explode!”

Lin Ran was busy and reprimanded, following the flow of true air within his body, he charged at Wang Mao.

“Your strength is no good!”

Seeing that Lin Ran actually dared to fight hard against himself, Wang Mao instantly laughed.

“That’s not necessarily true!”

Lin Ran also smiled, his body's true qi already poured into his hands as he clenched his hands into fists to meet Wang Mao's fist and blasted up.

"Bang!"

There was a low muffled sound, and a black figure flew backwards, but the black figure was very agile and quickly stabilised himself, but at this moment, his face was tinged with shock.

"You! How could your strength have increased by so much in a short period of time?"

Wang Mao looked at Lin Ran with some disbelief in his eyes, clearly he had taken the initiative just now, but now he was actually blown back by Lin Ran with one punch.

"Bang!"

At the same time, a muffled sound followed next to him, Wang Mao and Lin Ran were both busy looking, only to see that Wang Yifeng had actually knocked Ah Zhan back several steps with a single punch, and at this moment, Ah Zhan also had the same disbelief in his eyes.

"Old Cat, there's something wrong with them!"

Ah Zhan's face was gloomy as he said in a cold voice.

"Try again!"

Wang Mao's face was gloomy as he said, following which he rushed at Lin Ran without saying a word and lunged again.

On Dark Battle's side, he also lunged towards Wang Yifeng almost simultaneously.

This time, Lin Ran suddenly noticed that Wang Mao's entire aura had changed, before he was standing there like an ordinary transport worker, but at this moment, his movements, eyes, and aura as he lunged at him were not like a normal worker at all, but more like a poisonous snake that had been lurking in the darkness, making people defensive.

"Could you be!"

Lin Ran and Wang Mao exchanged punches, their eyes looking straight at each other in some confusion.

"What is it? Concentrate!"

Wang Mao's eyes dodged, followed by a punch that landed directly on Lin Ran, who also landed a punch on Wang Mao almost at the same time.

"Bang Bang!"

Both of them took a step back, their eyes straining at each other, but Lin Ran was clearly in a better position than Wang Mao, after all, he had the True Qi of the Healing Dao inside him, and a hard resistance to Wang Mao's punch could not hurt him at all.

But Wang Mao was different, he might be able to resist Lin Ran's punch once, but what if he did it twice, three times or even four times?

“You’re no match for me!”

Lin Ran looked at Wang Mao and said indifferently.

“Is that so?”

Wang Mao’s eyes chilled at his words, obviously enraged, and immediately his feet shot up and rushed at Lin Ran again with an arrow step, and this time there was no change in his stance at all, he came straight at Lin Ran.

“It’s no use!”

Lin Ran looked at the other party with some complicated eyes, people with such a body technique, he really wasn’t far from becoming an enemy, he even admired them, but now they were people that Ah Huang had shouted at, their positions were destined to be opposing.

“Bang Bang!”

Wang Mao came out with all his might, punching Lin Ran all over his body, while Lin Ran met him with a punch, with each punch the two clashed, Wang Mao’s face would look a few shades harder, after all, a person’s tolerance for pain was limited.

Even if Wang Mao was well trained, he would not be able to bear it if he kept punching against Lin Ran.

“I can fight endlessly as long as I want, I told you, you’re no match for me!”

Lin Ran spoke as he sparred with Wang Mao while looking at the pair of releases.

“Who the hell are you? How did you manage to do that?”

Wang Mao had some hope in his eyes, but also doubts, he didn’t know how Lin Ran had managed to do this, but it was clear that he wasn’t talking about panic, at least his expression couldn’t fool himself.

Wang Mao had seen a lot over the years, and there was only one person who could fight him so many times without changing his face, that person was his idol, the spiritual pillar of his heart, and now there was one more person, and that was Lin Ran.

“You want to know? I think we can sit down and talk!”

Lin Ran laughed.

“Humph!”

Wang Mao’s face sank at his words, and he immediately kicked out, followed by using the reaction force, his entire body retreated directly to the back and waved his hands.

“I admit defeat!”

“Bang!”

At the same time as Wang Mao’s words fell, on the other side, Ah Zhan and Wang Yifeng also separated almost simultaneously, although the two of them were not as relaxed as Lin Ran and Wang Mao, as they both flew out towards the back almost simultaneously.

Fortunately, Wang Mao was quick to catch him, which prevented him from falling to the ground and causing secondary injuries.

“Ranzi, this kid is quite capable of fighting, if it wasn’t for Master Fatty’s full outburst, I would have really suffered defeat at his hands!”

Wang Yifeng’s eyes were solemn as he looked at Lin Ran.

“Mm!”

Lin Ran nodded at his words.

Wang Mao and Ah Zhan also glanced at each other, and the former shook his head, signalling that he was no match for Lin Ran either.

“Two of you! Dare I ask what it is you do?”

Lin Ran suddenly looked at the two and opened his mouth to ask.

The two Wang Mao looked at each other, and the former shook his head and laughed.

“Defeat is not a name, so let’s not talk about it!”

“Ah Huang!”

Ah Zhan suddenly spoke up.

“We are no match for them, as old countrymen grace has been embraced, there is nothing we can do about the rest!”

After saying that, Ah Zhan and the two of them got up and were about to leave, Ah Huang saw this scene and became anxious.

Chapter 655

“No! Don’t, brothers, what will I do if you leave! My friend is still in their hands!”

“You can call the police!”

Wang Mao said blandly.

“Call the police?”

Huang was silent, joking, calling the police? They were the ones who came to look for trouble, it wasn’t them who were arrested by the police.

“It does seem that you are wrong!”

Wang Mao laughed, the two of them weren’t stupid, Ah Huang didn’t dare to call the police, he was obviously the one who was in the wrong, the two of them had some helplessness in their hearts at this point, they didn’t expect that the two of them would help the unreasonable party for the first time in so many years, it was really ridiculous.

“Let’s go! It was a good fight today!”

Ah Zhan picked up the jacket that had fallen to the ground aside, shrugged it off and slung it directly over his shoulder with a dashing look.

“Two!”

Lin Ran opened his mouth and tried to stay, but Wang Mao waved his hand, signalling that Lin Ran should not say more than that.

“Ranzi, what about this yellow hair?”

Seeing that the two Wang Mao really drove away, Wang Yifeng then breathed a sigh of relief and looked at Lin Ran and asked.

“I’m not interested in them, you deal with them, don’t let me see them again in the future!”

Lin Ran said indifferently, at this moment his mind was running to the two Wang Mao’s, and he had long since lost any interest in these little miscellaneous fish like Ah Huang and Ah Kui.

“Good! Leave it to me!”

Wang Yifeng nodded, followed by stepping forward and directly tying up Ah Huang as well, before carrying one in one hand to drag the two directly out of the shop.

As for how Wang Yifeng would clean them up later, Lin Ran didn’t have any interest, he took out his phone and looked at the time, it was already noon, another morning delay.

“Everyone rest, let’s continue working in the afternoon!”

Lin Ran shouted at the head of the packers, before taking Luo Qiqi up to the first floor.

“Brother Lin Ran, what’s wrong?”

Seeing that something seemed to be wrong in Lin Ran’s eyes, Luo Qiqi was busy asking.

“Do you know these two people?”

Lin Ran asked directly.

“No, I don’t know them!”

Luo Qiqi shook her head, she indeed didn’t know them, although these two were very skilled, but looking at their clothes, they really didn’t look like people from high society, so it was normal for Luo Qiqi not to know them.

Moreover, Lin Ran had often been given a blank stare, so he understood what it meant to wear such clothes.

“Can you check them out for me, the more details the better!”

Lin Ran said.

“Huh?”

Luo Qiqi was stunned at her words, this was the first time Lin Ran had taken the initiative to ask for her help in investigating a person, in the past she always thought that if there was such an opportunity, it would be to investigate beautiful women, but she never thought that Lin Ran would actually be interested in two men.

“Alright!”

Luo Qiqi smiled and nodded, then took out her mobile phone and went to make a call.

The call soon hung up and Luo Qiqi walked back with a smile.

“We’ll have news by tonight at the latest!”

Luo Qiqi said with a smile.

Lin Ran was so happy at his words that he unconsciously hugged Luo Qiqi and lifted her up, and spun her around.

“Thank you!”

Lin Ran laughed, but Luo Qiqi flirted as her pretty face flushed slightly.

“It’s a good thing you asked me to check for a guy, otherwise I would have thought you were up to something!”

“Er Luckily it’s a male, otherwise I’m really afraid that you’ll eat all this jealousy!”

Lin Ran laughed.

“You’re bad!”

Luo Qiqi nodded Lin Ran’s forehead and pouted.

“Ahem!”

To the side, there was suddenly the familiar coughing sound of Wang Yifeng, causing Lin Ran to hurriedly put Luo Qiqi down, and both of them were a little embarrassed.

“It’s in the shop, bear with it, Ranzi!”

Wang Yifei said, hearing Lin Ran a little helpless, what’s wrong with holding back, does he look like he can’t hold back?

“Where is Ah Huang and the others?”

Lin Ran asked casually, while digressing from the topic.

“Taken care of, I guarantee that they won’t dare to come back for trouble in the future!”

Wang Yifeng laughed.

“Why? What did you do to them?”

Luo Qiqi said suspiciously, and then seemed to think of something and hurriedly covered her chest, saying.

“You didn’t take nude photos of them, did you! How disgusting!”

“What are you thinking about? Am I that boring, Fat Master?”

Wang Yifei glared at Lai Luo Qiqi before laughing.

“I just let them play with the old woman for a while, and then they said that none of them would come back for trouble in the future!”

“You really are!”

Lin Ran laughed helplessly, playing with the old woman for a while, I’m afraid that only this fellow Wang Yifeng could come up with this solution.

“Alright, let’s forget about this, hurry up and get the shop done!”

Lin Ran said with a smile, and promptly ran off to get busy.

Although there are workers in the light, but Lin Ran they still do what they can to help some, but also in order to let the shop open as soon as possible, not to mention whether it can make money, at least no longer have to put all the mind on the decoration, otherwise every day thinking about this, is also a hard job.

When he remembered that Luo Qiqi had been in charge of the clinic’s renovation, Lin Ran couldn’t help but feel a little guilty.

The time soon arrived at 6pm, and the workers had already left work one after another to go to dinner.

On the first floor of the shop, there were only three of them, and they were sitting here after dinner, talking about the world, while on the ground floor, a kind of worker was playing poker again very comfortably.

After staying for a while, Wang Yifeng got bored and went to the ground floor to play poker with the workers, leaving only Luo Qiqi and Lin Ran on the whole first floor.

When she thought about it, there were many beautiful women around Lin Ran, but she was the one who had been accompanying him in recent days, which made her heart very happy.

“What’s wrong?”

Suddenly, Lin Ran turned his head to look at Luo Qiqi and asked with a frown.

“Nothing It’s nothing!”

Luo Qiqi hurriedly wiped the saliva off the corner of her mouth and laughed awkwardly.

“Didn’t ask you, I asked her!”

Lin Ran, however, shook his head and pointed to the side.

“Huh?”

Luo Qiqi was stunned at her words and followed, looking to the side, only to find that Ah Xiang had appeared next to her at some point and was looking at Lin Ran with an unhappy expression.

“Big brother Lin, I’ve thought about it for a long time, I want to go!”

Ah Heung spoke, with reluctance in her eyes.

“Go? Where to go? Isn’t this your home?”

Luo Qiqi was stunned at the words and asked.

“Not that go, it’s

Ah Heung didn’t say anything further, but Luo Qiqi was the one who already understood.

She turned her head to look at Lin Ran without saying anything, just to see what he would say.

“You’ve thought about it?”

Lin Ran took a light sip of his tea and looked at Ah Heung with a bland expression.

“I’ve thought about it!”

There was determination in Ah Heung’s eyes.

“I’ve been watching you guys these past few days, and I’ve noticed that whether it’s you, Brother Lin, or Sister Qiqi, or Brother Fatty, your lives are so happy and fulfilling, even those renovation workers’ brothers, although they’re busy every day, they’re happy when they’re off, they look at pictures of their wives, their children, and look forward to a bright future! ”

“And all this, I don’t have! I don’t even know what the future looks like! So I I want to go reincarnate!”

Ah Heung said, her whole body started to tremble, and if she were human, I’m afraid she would have left tears in her eyes by now.

“Good! Since you’ve decided, I can help you anytime!”

Lin Ran nodded in relief, being able to get Ah Heung to figure it out on her own worked best than anything he could do to help.

“I want to leave tonight, I can’t wait a bit, but before I go, I have one more thing to tell you Brother Lin!”

Ah Heung suddenly laughed.

Chapter 656

“One thing? What’s the matter?”

Lin Ran asked with a smile as he saw this and became interested.

“Is it safe here? If it’s safe I’ll tell!”

Ah Heung said mysteriously.

Lin Ran smiled at this, his hand took out several jade pearls all next to each other, and immediately a small formation appeared.

“Say it, now it’s the other ghosts who can’t even hear our conversation!”

“Mmm!”

Ah Heung nodded solemnly, and then spoke up.

“When you first came to the shop before, didn’t you find that no green plants planted here could live? Let me tell you, there’s actually a reason for this, and it’s not caused by a haunting, and this reason is only known to me!”

Ah Heung laughed smugly.

“O? Then tell me about it!”

Lin Ran laughed, looking at Ah Heung as if she was a little girl who was carrying something good and deliberately selling out, Lin Ran couldn’t help but feel amused, but his heart was still warm, at least Ah Heung’s actions showed that she really treated herself as a friend and family member.

“The reason for this is It!”

Ah Heung smiled and turned to point at the old banyan tree outside the window.

“It?”

Lin Ran was stunned and seemed to think of something.

“It? What’s wrong with this old banyan tree?”

Luo Qiqi, however, was puzzled and asked in wonder.

“The reason why the greenery here can’t be kept alive no matter how much they are kept is because of it!”

Ah Heung laughed.

Luo Qiqi, however, listened with a puzzled face and wondered.

“No, you’re not going to say that this old banyan tree has really become a spirit, right, and can devour the life of other plants?”

“Sister Qiqi, it’s not as scary as you think, this old banyan tree is also innocent, what I’m going to say is the secret inside this old banyan tree!”

Ah Heung laughed.

“Secret? What secret? Tell me quickly!”

Luo Qiqi urged, she was also interested when Ah Heung said so.

“Good!”

Ah Heung laughed, and then spoke up.

“When I first awakened, the old banyan tree wasn’t this big, it was only half the size it is now, but then in the years after I awakened, it grew very fast, and that’s how it got to its current size!”

“What I also discovered later was that the plants around the old banyan tree couldn’t be supported, at first I thought it was a problem with the soil and water, but then I realised it actually all started underneath the old banyan tree!”

“Under the old banyan tree? What’s underneath?”

Luo Qiqi asked busily, while Lin Ran didn’t say a word beside her, just listening intently.

Ah Heung looked at the two of them and smiled mysteriously before saying.

“Under this old banyan tree, there is a stone, that stone is very big, the size of a basketball, when I first awakened, I was lying on that stone, and that stone gives a strange feeling, climbing on it is warm and very comfortable!”

“Later I found out, but whenever there were green plants growing around the old banyan tree, that big stone would emit a faint white light at intervals, and then after a few days the plants around it would wither, while on the contrary, every time it emitted white light, the old banyan tree would grow very quickly!”

“Draw?”

Lin Ran frowned slightly at his words, this situation wasn’t exactly very similar to what happened to Du Shan’s family before, when the imperial spirit herb in Du Shan’s family was also the reason why Du Shan’s mother’s body gradually weakened.

“Moreover, this stone is very strange, I am a ghost, and I will get tired after staying outside for a long time, but every time I go back and hug it for a while, I don’t feel tired at all!”

Ah Heung laughed, obviously very fond of that stone.

“There’s such a magical stone!”

Luo Qiqi was a little curious, and at the same time puzzled about the origin of that stone.

“Brother Lin, this is my last secret, I’ve already told you! Now you can send me away!”

Ah Heung looked at Lin Ran with anticipation in her eyes, the last secret in her heart had been told, and she was considered to have no more ties.

“Good! I’ll call Fatty to come up and you guys say goodbye too!”

Lin Ran laughed, although Ah Xiang was a ghost, she had gotten along with them all very well these days, and since she was leaving now, she naturally had to sit down with Wang Yifeng to say goodbye too.

Ten minutes later, on the roof of the shop, Wang Yifeng’s eyes were red as he looked at Ah Xiang.

“A-hsiang sister, when you get there live well, if anyone bullies you you can report my name as the fat master, although it may not be of much use, but at least it can scare them!”

“Come on, fatty, Ah Heung is going to be reincarnated, she’s not staying there, she’ll be back again soon!”

Luo Qiqi said beside again, the more important this Wang Yi life was, the less reliable it was.

“Hey! What do you know, you little girl, what if there are more ghosts over at Lao Yan? My sister Ah Heung is so pretty, when we get to the queue there, maybe those philandering ghosts will come and harass us, I’m calling it a rainy day!”

Wang Yifeng said and took out a piece of wood from his pocket and handed it to Ah Heung.

“A fragrant sister, this is the soul wood, you can take it, wait until there, no one bullies you, so be it, if someone bullies you, you write their name on this, pass it to Lao Yan, when the fat master I return to the place one day I will go to Lao Yan to talk, if I really found someone bullies you, you do not worry, fat master I absolutely twist their ghost head!”

“All right! The more you talk, the more you talk. The more you say the more outrageous, ghost head are said to come, you kid voice if not clearer, I thought you were driving!”

Lin Ran helplessly said, in this present day and age, ghost head is also can easily say?

“Alright Fatty, I’m fine! You said it too, who would bully me when I’m so cute! By the way, will I remember you guys after I’m reincarnated?”

Ah Heung suddenly thought of this question and asked busily.

“This should Probably Probably won’t be able to remember!”

Wang Yifeng scratched his head and said.

Lin Ran smiled also a little sad, there is no way this is the cycle of heaven, he can not do anything about it.

“Right!”

Suddenly, Lin Ran thought of something and busily took out a jade pendant from his pocket and handed it to Ah Xiang.

“You take this with you and hide it if you have the chance, it will also be on you after you are reincarnated, if we are destined to meet again, this side is a token!”

“Mmm!”

Ah Heung nodded solemnly.

“Alright! It’s getting late, I’ll send you off now!”

Lin Ran smiled calmly.

Following this, his hands fiercely joined together, and under a surge of medical dao true qi, his hands gently drew a cross in the air, following which the cross slowly spread out, actually forming a circular gap that was very beautiful.

“Go in.”

Lin Ran said, but his eyes were a little red.

“Sister, have a good trip! Master Fatty will remember you!”

Wang Yifeng said aloud.

“Xiang, sister will miss you!”

Luo Qiqi also had red eyes.

Ah Heung looked at the three of them, and although she was unable to shed tears, the reluctance on her face was overwhelming.

“Thank you all, I’ll remember you too!”

Ah Heung shouted, followed by a grit of her teeth and turned around, then entered the circular gap, followed by the circular gap immediately closing again, then dissipating without a trace.

Reincarnation is a technique that almost every feng shui master knows, and it is also the most common means of reincarnating unjust spirits and evil spirits, but some feng shui masters may not be able to use it once in their lifetime.

In the past, Lin Ran also thought that he would not use it, but now he still used it.

“If I had the chance, how much I would like to not use this technique of taoist transformation!”

Lin Ran secretly sighed, first Chen Shui’er, now Ah Xiang, although he was helping them, the feeling of parting was really bad.

“Alright! Ah Heung has also left, so we should work too!”

Lin Ran gathered his emotions and whirled around to greet them.

Chapter 657

“Ranzi, the jade pendant you just gave to sister Ah Heung can really be carried even after she is reincarnated!”

Wang Yifeng suddenly asked.

“What’s wrong?”

Lin Ran was stunned at his words, not understanding why Wang Yifeng was suddenly asking this.

“I was thinking, if it’s really useful, you can get me one too, we’re living on the tip of a sword everyday, if something bad happens to me in the future, I’ll still have a chance to find you in my next life, right?”

Wang Yifeng said.

“Fuck you!”

Lin Ran gave him a blank look, while sighing.

“I’m just giving her a reminder, how would I know about reincarnation if I haven’t even experienced it!”

“You!”

Wang Yifeng was stunned at his words, but then he was relieved, the words of a dying man were good, there was no excuse for Lin Ran to do so.

“Alright, hurry up and get ready, go and borrow two shovels, let’s go to work!”

Lin Ran greeted.

“Shovels? What do you need shovels for? What are you doing in the middle of the night? Are you going to dig up Ah Heung’s bones?”

Wang Yifeng wondered.

“Something like that!”

Lin Ran nodded his head, and Wang Yifeng immediately quit, slapping his thighs and pointing at Lin Ran in reproach.

“Holy shit! Ranzi, you can’t do this kind of unethical thing, Ah Xiang just left and you’re going to dig up her corpse, this is too immoral!”

“Go to hell, what are you thinking? Ah Heung has been gone for so many years, I’m afraid her bones are long gone, she said there was a stone under that old banyan tree, it was very strange! Let me dig it up!”

Lin Ran said helplessly.

“There’s a stone under the old banyan tree? How come I didn’t know about this?”

Wang Yifeng looked at Lin Ran in wonder, and then looked at Luo Qiqi, expressing his doubt.

“Nonsense! You were just playing poker downstairs how would you know!”

Lin Ran said helplessly, then waved his hand impatiently and said.

“Come on, don’t dawdle, it’s getting light out if you do!”

With that, he took the lead and went downstairs.

It was already nine o’clock in the evening and the workers were all ready to go to bed, so Lin Ran and Wang Yifeng didn’t shout at them, as it was not a big job and two people would be enough to handle it.

So the two of them took the borrowed shovel and went straight to the courtyard, but once they arrived, they were both dumbfounded.

But once they arrived, they were both dumbfounded. Earlier, Ah Heung had said that it was under the old banyan tree, but she hadn’t said where it was.

“Forget it, let’s dig first, waiting is not an option!”

Lin Ran said helplessly, he had used his Medical Dao True Qi to infuse into the old banyan tree many times before, but he had never found the stone, so obviously the stone could not be scouted, so he could only dig one place at a time.

Luckily, Lin Ran and Wang Yi both had true qi and were physically stronger than normal people, so they didn’t feel tired when they started working.

They dug four deep pits under the old banyan tree, each four or five metres deep, but they never found the so-called stone that Ah Heung had mentioned.

At this point, even if Wang Yifeng had true qi, he was still a bit overwhelmed, so he did a buttock on the ground and gasped for breath.

“No... I can't, I I say Ranzi, could this Ah Heung big sister be joking with us? Trying to fool us even before she leaves!”

“Bullshit, don't you know what Ah Heung is like? Is she as boring as you are?”

Lin Ran Yi then continued to dig a hole while retorting.

Luo Qiqi, who was at the side, also agreed with him.

“That's right, I think you're the only one who's this bored when you're leaving!”

“Hey! You say that, fat master I'm still physically strong, what on the verge of leaving, don't talk nonsense!”

Wang Yifeng patted the dirt on his buttocks and got up, ready to continue digging.

But at that moment, suddenly there was no sound, not even the slightest movement, from where Lin Ran was.

“Ranzi! What's going on?”

Wang Yifeng saw this and ran over, shouting at the cave.

“Shhh! Don't say anything, I think I've dug in!”

Lin Ran's voice came from below, followed by the sound of metal clanging, as if Lin Ran was using a shovel to locate the spot below.

“Found it!”

It didn't take long for Lin Ran's voice to come from below, while Wang Yifeng and Luo Qiqi hurriedly threw the rope down and greeted Lin Ran to tie the tendons.

Lin Ran was unambiguous and picked up the rope and tied it for a moment, then shouted.

“Pull!”

“Got it!”

Wang Yifeng was waiting for this moment, so he heard the words and pulled the rope with all his strength.

With each pull, a muffled sound came from below, as if the rocks were hitting the earth.

After a short while, something dark was pulled up by Wang Yifeng.

“What is this thing?”

The two of them couldn't care less about Lin Ran below, and Wang Yifeng immediately found water to clean off all the mud on top of the stone, while Lin Ran finally climbed up from below.

"Ranzi, look what's here!"

Wang Yifeng pointed at the stone he had cleared out and told Lin Ran to look.

When Lin Ran looked, he was stunned, only to see that this stone that he had dug out was very peculiar, the whole was as big as a small grindstone, and it was flat, looking somewhat like a large pebble.

"How does this thing look this like seafood!"

Luo Qiqi said from the side.

"Seafood? I say big sister, you usually say that I can't walk away when I see food, now who is more like a foodie between us!"

Wang Yifeng laughed.

Luo Qiqi, however, interrupted him and said with a serious face.

"Look for yourselves, this thing really looks like the kind of scallops in seafood!"

"Huh, you don't say, when you say so I also feel like a scallop, but it shouldn't be a scallop, it should be"

Wang Yifei's words came to his lips but he was hesitant to say them.

"This is a giant clam!"

Lin Ran suddenly spoke up.

"Giant clams?"

Luo Qiqi both heard the words were stunned, especially Luo Qiqi, she had also seen giant clams, but giant clams are usually very strange looking, but this one in front of her was how it looked like a scallop.

"This is a giant clam, look here!"

Lin Ran said as he bent down and pointed to the middle of the stone at the waist.

"The opening and closing of a scallop are all very neat, while that of a giant clam is similar to a concave and convex structure, this stone should be a fossil of a giant clam, and the pattern of this opening and closing can explain everything!"

"But isn't the top of a giant clam uneven? The top of this is very smooth!"

Luo Qiqi wondered.

Lin Ran smiled but shook his head.

"This is indeed a giant clam unmistakably, this thing has turned into a fossil for so many years, it's obviously been buried in this place for an unknown number of years, the raised lines on it have long

since been smoothed out, and it's so badly percolated that it looks just like a stone, no wonder Ah Heung would treat it like a stone!"

"So what now? Since it's a fossil, should we turn it in to the museum? Such a large size should be worth a lot of money for an old nose too!"

Wang Yifei said busily.

Lin Ran smiled but waved his hand and said.

"No, the strange thing Ah Heung said must be inside this giant clam fossil, I have to find that thing!"

Lin Ran said, pulling out a sharp dagger from his leg, aiming it at the opening and closing of the giant clam fossil, and picking it in.

Chapter 658

"Ranzi, you wait first!"

Wang Yifeng saw this and quickly greeted him, while quickly taking off his jacket and putting it on the giant clam fossil.

"What are you doing?"

Next to Luo Qiqi looked curious.

"You do not understand, this kind of giant clams grow so big, must also have some years, maybe there are night pearls inside, later once opened, the light emitted, this treasure will not be handed over, so have to hide before opening!"

Wang Yifeng said mysteriously.

Lin Ran and Luo Qiqi were a bit helpless when they heard this, this fatty was not a very fine heart when it came to getting rich.

"Whatever you want!"

Lin Ran didn't bother to say much, after he had covered his clothes, he immediately used his dagger to run along the opening and closing of the giant clam fossil, scratching it back and forth a few times, picking out all the wax-like substance inside the opening, followed by the dagger's fierce probing, stabbing directly into it.

"Open!"

Following Lin Ran's muffled grunt, the dagger in his hand lashed out and slashed horizontally, immediately turning the open and closed mouth into a gap, Wang Yifeng's sword blade inserted a needle and hurriedly pulled out his divine Dragon Blade to check in.

As he did, Lin Ran quickly got all the other openings and closures open again, before Wang Yifeng put the divine Dragon Blade away.

"It's open!"

Lin Ran glanced at the two, followed by clapping his hands on the opening and closing ports, slowly snapping the lid of the giant clam fossil up.

“Weng!”

As soon as the opening and closing mouth opened, a ray of light really did shine out from within the giant clam, and to the surprise of all three of them, the light was actually love coloured.

“Five in colour, holy shit! Developed Ranzi!”

Wang Yifei said busily, while tugging at his clothes again, afraid that the light would penetrate halfway out and be discovered by others like.

“Don’t get excited, open it and take a look first!”

Lin Ran said, while waiting for a while, after the light was not as strong as before, then he carefully opened the lid of the giant clam completely.

As the lid opened, a colorful stone the size of a fingernail appeared in front of the crowd.

The colourful stone was quietly placed on the bed of flesh within the giant clam, but of course, the bed of flesh had already been petrified, and the colourful stone was the only one still quietly lying on it.

“Holy shit! Baby!”

Wang Yifeng said and couldn’t help but go for it, but it was Lin Ran who slapped his hand back.

“Don’t move yet, we don’t know what this thing is yet, in case it’s dangerous!”

Lin Ran said, hurriedly shouting in his mind.

“Come out of the pillow book, there’s something good!”

“Pillow Book!”

“What for! What’s all the fuss about, delaying Master Shu’s sleep!”

The closed golden book snapped open, followed by a little golden man jumping out of it, giving Lin Ran a very unpleasant white look.

“Look what that colourful stone outside is!”

Lin Ran asked busily.

“A five-coloured stone?”

Pillow Book was stunned at his words and hurriedly emitted his divine sense out, and when he saw the multicoloured stone outside, he was immediately stunned as a whole.

“Five spirit stones! Holy shit, kid where did you find that?”

Pillow Book exclaimed.

“Five spirit stones? What is that thing?”

Lin Ran wondered and busily asked.

“A five spirit stone, something very precious, at least in your world it’s something very, very, very precious!”

The pillow book had completely ignited, his eyes glowing gold as he busily said.

“Kid, give me this stone, as long as you give it to me, Master Shu can definitely recover to peak strength immediately after swallowing it, and there is also hope that you can leave this world of yours in the future!”

“O? Then you have to tell me first, what exactly is this thing? Why does it have such an effect!”

Lin Ran laughed, the more excited the pillow book was, the more precious this item proved to be, although the pillow book was important to him, there were other things that were equally important to him as well, so he still had to give some thought to where this five spirit stones belonged.

“The Five Spirit Stones, ah, are the gems that this part of your heaven and earth nurtured by itself, this kind of stone is very precious, you must suppress this news, otherwise if other Feng Shui masters know about it, they will definitely fight you to the death!”

The Pillow Book said busily.

Lin Ran was stunned at his words and, sensing the seriousness of the matter, immediately said.

“I’m going out first, I’ll come back to you later!”

With that, Lin Ran instantly left his mind.

“Ranzi! What’s wrong with you?”

Wang Yifeng saw Lin Ran staring blankly at the multicoloured stone without speaking, and thought he was possessed, so he hurriedly shouted.

“I’m fine, now put the thing away! Hurry up!”

Lin Ran busily greeted.

“Good!”

Seeing that Lin Ran did not look like he was joking, Wang Yifeng immediately reached out and took the stone out, then tucked it into his pocket, while covering up the giant clams again.

“First, find a place to put this thing, and take it to the entrance of the museum tomorrow, don’t show your face, just put it at the entrance!”

Lin Ran instructed, while looking at the two people.

“Don’t say anything about this stone, I’m afraid this stone is not simple, if word gets out it might attract a death sentence!”

“Ah? That serious?”

Luo Qiqi was a little worried at her words.

Wang Yifeng smiled but his face was cold and he said in a cold voice.

“Fuck, Master Fatty’s treasure, who dares to come and grab it, I’ll kill him, let’s find a place to discuss what to do with this thing later!”

“Yes! You guys move it up first, I’ll be right there!”

Lin Ran said, at the same time, he was busy to the side, ready to go to the pillow book to ask for clarification.

“Where are you going!”

Luo Qiqi asked busily when she saw this.

“To look up information!”

Lin Ran casually replied, following which he immersed his entire consciousness in his mind.

“You kid, why did you let that fatty take such an important thing, what if you lost it!”

As soon as he entered his mind, the pillow shouted in dissatisfaction.

“It’s alright! Fatty knows the difference between light and heavy!”

Lin Ran waved his hand to indicate that it was fine, while he was busy asking.

“You hurry up and tell me what the hell this thing is from!”

“You brat!”

The Pillow Book gave him a helpless blank look and followed with an explanation.

“In your world, the Feng Shui path is based on the five elements, which are gold, wood, water, fire and earth, and this five spirit stones correspond to these five attributes, and are a kind of container!”

All things in your world, whether they are people or objects, can be categorised by the five attributes of gold, wood, water, fire and earth, and this Five Spirit Stone is something that can fuse the five attributes into one.

“Fused into one?”

Lin Ran wondered, not quite understanding.

“Let me put it this way, the medical dao true qi in your body itself leans towards the water attribute, while your Ling Sa’s little girlfriend’s true qi leans towards fire, and Wang Yifeng’s attribute leans towards gold, in fact the true qi in your bodies all have corresponding attributes!”

“And this five-coloured stone is something that can fuse the power of the five middle attributes, and the power that comes out through it is also known as the power of origin, the power of your world, and the power that fits the highest with your world!”

The Pillow Book said, fearing that Lin Ran still did not understand, and continued.

“Let me put it this way, a water source is divided into five channels, each with its own characteristics, as well as some of the characteristics of the first water source, and this first water source is like the five coloured stones you found this time! Five attributes are like five water sources, now you understand!”

“Then what exactly is the use of this thing? What is the use of the origin power that comes out of the fusion?”

Lin Ran asked, realising that after half a day of talking in the pillow book, it seemed like he still didn't understand what the use of this five spirit stones was.

Chapter 659

“You're so stupid! If you can refine this five spirit stones into your body, in the future your power will be the power of the origin, enough to fight beyond the class, and when you reach the creation realm, you will be almost invincible in this world Understand?”

The pillow said speechlessly.

“Holy shit! So strong!”

Lin Ran was instantly dumbfounded.

“Yes it's that strong, but it's not really appropriate for you!”

Pillowbook changed his tone.

“Why?”

Lin Ran was busy asking, such a supreme treasure was placed in front of him and actually said that it was useless to him, no one else would be dumbfounded.

“If you want to use this five spirit stone to cultivate, you must be an embryo, that is, you have never cultivated before, like you and Wang Yifeng, who have already started cultivating and whose strength is already biased towards a certain attribute, cultivating it will only make it very difficult for you, because you only have a single attribute among the five elements!”

“For example, you, the Medical Dao True Qi is the water attribute, and when you cultivate it, you still have to find other attributes and they have to be at the same level, do you think you can still find four other attributes and your strength has to be the same as that of your whatever Nine Heavenly Mystic Ancestor?”

“To take a step back, even if you found it, so what? How could someone else's lifelong cultivation be given to you! Don't be delusional!”

The pillow said.

“So what if I give it to someone who has never cultivated before?”

Lin Ran's eyes suddenly twinkled and he thought of someone, yes! It was Song Nuan!

“You mean her? But she doesn't know how to cultivate at all!”

The pillow said.

“Luo Qiqi and Qin Bing Su Rou don’t know how to cultivate either, I don’t need her to know how to cultivate, I can completely use these five spirit stones as Xiao Nuan’s bone replacement and marrow cleansing material, so that she can not only had a strong physique, but also in turn give her the perfect capital to cultivate, so that if something bad happens to me one day, she won’t be unable to protect herself!”

Lin Ran said solemnly.

The Pillow Book immediately became unsettled at his words.

“Kid, have you thought about it? A five spirit stone that you can touch is God’s favour, you can’t touch this opportunity a second time, you really want to give it to someone else?”

The pillow actually wanted to say, even if you give it to me ah, I am stronger, you also follow the gains, give it to an outsider, this definitely belongs to waste ah.

“I know what you want to say, but I only want to give it to Song Nuan, after all, you already have so many years of memories, you are already starting higher than all of them, and I am not suitable, Xiao Nuan is the best choice!”

Lin Ran said.

“And, there’s one more thing, I don’t believe you’ve followed the Immortal Emperor for so many years and don’t understand the truth that whether a person is strong or not doesn’t depend on their origins, but on the person’s mind!”

“!!”

The pillow was suddenly speechless.

“You are also right, it is me who likes this Five Spiritual Stones too much, but with such a supreme treasure placed in front of your eyes, you are really not moved?”

Pillow Book asked.

“It would be foolish not to be moved, but what’s the use in things, what I want is never to rule the world myself, I just want them all to be safe and sound!”

Lin Ran laughed.

“You!”

The pillow was in a trance, at this moment he seemed to see the shadow of an immortal emperor in Lin Ran.

“If the Immortal Emperor back then had been able to connect to this point earlier, he wouldn’t have ended up dying in battle!”

Pillow Book sighed.

“Forget it, if you think about it then go for it, it might be right to think about things in a different way!”

“Is it feasible for the five spirit stones to be used as Xiao Nuan’s bone replacement and marrow cleansing material or not?”

Lin Ran asked solemnly.

“In theory it can, but you need to gather all five medium spirit stones, otherwise it’s useless with only a vessel and no power! You must fuse the five spirit roots in together while you are changing Song Nuan’s bones and cleansing her marrow, so that even if she doesn’t deliberately cultivate, her strength will grow quickly, or at least it’s not at all comparable to this bullshit Earth Cold Stone of yours!”

The Pillow Book said.

Lin Ran was overjoyed at his words.

“Good! If there’s hope, there’s a way, isn’t it just five spirit stones, if I, Lin Ran, can even find five spirit stones, I can definitely find five spirit stones!”

“And! The five spirit stones are not as precious as the five spirit stones, but they are still the greatest treasure in heaven and earth, take your time to find them!”

The pillow book lay leisurely on its pages, completely unconvinced.

“Take your time to find it, I still have plenty of time anyway!”

Lin Ran smiled, and left his mind at that moment.

.....

The five spirit stones, corresponding to gold, wood, water, fire, and earth, could become gold spirit stones, wood spirit stones, water spirit stones, gold spirit stones, and earth spirit stones.

Once the five spirit stones were found, Song Nuan could have her bones replaced and her marrow cleansed, and once she succeeded, she would definitely have the best cultivation qualifications among them.

But again, the result is very good, but the process of finding the five spirit stones is very difficult, and this is something Lin Ran knows very well in his own mind.

.....

On the first floor of the shop, when Lin Ran returned here, Wang Yifei and Luo Qiqi were carefully holding the five spirit stones and looking at them, that fondness in their eyes Lin Ran could see without having to say anything.

“Hey! Ranzi, you’re here, sister Qiqi and I discussed it, it’s so valuable, or else we should sell it!”

Seeing Lin Ran coming over, Wang Yifeng immediately proposed.

“Sell your sister! It’s impossible to sell it even if I sell you!”

Lin Ran snatched the five spirit stones and placed them in front of his eyes to look at them.

“Why? What the hell is this thing?”

Wang Yifei asked busily.

“Yes Brother Lin Ran, what the hell is this!”

Luo Qiqi was also busy asking, she too could see the extraordinary nature of this item and was curious in her heart.

“It’s a five spirit stone, I’m going to use it to replace Xiao Nuan’s bones and cleanse her marrow!”

Lin Ran said, he didn’t want to hide this, but he didn’t want to say anything else about the Five Spirit Stones, after all, hearts are made of flesh, if he told them that this Five Spirit Stone was very precious, even much higher than Qin Bing Su Rou Luo Qi Qi’s bone replacement and marrow cleansing material.

Lin Ran was also afraid that they would not be happy in their hearts.

Moreover, this Five Spirit Stone was so precious, it was better not to tell them, he understood the principle of concealing it, and there were times when concealing it was a form of protection.

“Use it to change Sister Nuan’s bones and cleanse her marrow?”

Luo Qiqi was stunned at his words, but followed by a smile.

“Good, the four of us are the only ones left without a bone exchange and marrow cleansing, even though she doesn’t say so, I can tell that she actually minds it very much!”

Luo Qiqi said and was also a little unhappy.

“It can’t be helped, Heaven and Earth wondrous treasures are not easy to find and I’ve been looking for them, I just didn’t think the last one suitable for Nuan would be here!”

Lin Ran said with a bitter smile.

When Wang Yifeng heard this, he also wilted and said helplessly.

“Alright, since it’s the one Big Sister wants to use, then I’ll pretend I haven’t seen it before, but Ranzi, don’t be a good boy when you get a bargain, you’ll have to reimburse me for the money I spent looking for Xiao Cui tonight!”

“You can’t reimburse me, I’ll pay for your visit to Xiao Cui tonight! Hurry up and go!”

Lin Ran said helplessly, technically he had taken advantage of Fatty for Song Nuan, so this money would make him feel better.

“I knew it, you kid are righteous, I’ll bail first then!”

Wang Yifeng smiled heatedly and instantly ran downstairs and out of the clinic.

Chapter 660

“What about us?”

Luo Qiqi looked at Lin Ran.

“Back to the clinic, this place should be ready for renovation in peace, tomorrow you contact to remove the old banyan tree from the courtyard and replace it with a sycamore tree!”

Lin Ran said.

“Why?”

Luo Qiqi asked, puzzled.

“There must be a demon after many years, this old banyan tree has been nourished by the five spirit stones for so many years, it has enjoyed enough, it is time for everything to end, otherwise if we let it stay, I am afraid it will really become a spirit!”

Lin Ran said, and then took Luo Qiqi with him to leave the shop.

As for Master Yu, he was sent to the hospital by Lin Ran, this old man was delirious, he was afraid that he had gone completely crazy, as to when he would come to his senses, it would depend on his own destiny.

.....

It was already late at night when they returned to the clinic. In recent days, the three of them had been busy with the shop, and Wang Yifeng was even at the shop during the day and looking for Xiao Cui at night, without delay.

“Brother Lin Ran, there’s news!”

As soon as they returned to the clinic, Luo Qiqi approached them.

“What about it?”

Lin Ran asked busily, he had already guessed that it was news from Kiki’s investigation into the two Wang Mao’s affairs.

“Wang Mao and Ah Zhan are from a nearby transport company, they seem to have been working there for three years, but their identities are unknown, they only know that they are from the same village as Ah Huang, but they haven’t gone back for three years and Ah Huang is nowhere to be found, so they don’t know their exact identities!”

Luo Qiqi said.

Lin Ran smiled but was satisfied and laughed.

“It’s already enough to find out where you work, the rest is better to take your time to find out later, send me the address!”

Lin Ran immediately asked for the address, calculating in his mind that he would have to make a trip to find them tomorrow.

If the two were to fight, I’m afraid they would be even stronger than Lisheng and Qin Feng, so Lin Ran naturally didn’t want to miss out on such talents.

“As for the five spirit stones, hey! Forget it, let’s take our time to find them! This is something that cannot be rushed!”

Lin Ran consoled himself, now only Song Nuan was missing from the bone replacement and marrow cleansing, and he had also obtained five spirit stones, but the foundation of the five spirit stones, the five spirit stones needed to be found slowly, after all, these five spirit stones were not ordinary products, they could be found casually.

The next morning, Lin Ran got up early, today he decided to go to the transport company to see if there was any chance to get on the line of Wang Mao and Ah Zhan.

“Where’s Qiqi?”

When he came downstairs and saw that Qin Bing was busy working, Lin Ran asked.

“Kiki went out early in the morning, saying she was going to destroy a demon tree! No Lin Ran, what have you guys been up to lately? I can’t see anyone all day long, Xiao Nuan and I are worried about you guys!”

Qin Bing said busily, with some disappointment in her eyes, after all, she hadn’t seen Lin Ran for so many days, and she was really a bit lost in this heart.

“It’s not peaceful over at the shop, but it’s a good thing that things are almost finished.

Lin Ran laughed.

Only then did Qin Bing’s frost melt away and reveal a smile as she nodded her head in response.

“Good! By the way, I heard from Qiqi that you’re going out again today? Where are you going?”

“Ao, a trip to the neighbourhood, it seems to be called something like Long Term Transport, do you know?”

Lin Ran asked casually.

“Long Term Transport? I know, I’m going there today to get some herbs!”

Qin Bing said busily.

“Recently, Li Wansan’s side had an urgent shortage of a medicinal herb, so I had no choice but to find other ways to get some goods!”

“Mm! Don’t worry about it, if I don’t trust my own daughter-in-law, then no one can!”

Lin Ran laughed.

Qin Bing smiled but her pretty face instantly turned red.

“Who Who’s your daughter-in-law! Don’t talk nonsense!”

“Sooner or later, it will be, not only you, but none of you will get away!”

Lin Ran laughed smugly.

“Bah! Shame on you, you’re just paying lip service, when the time comes you might as well be hiding somewhere!”

Qin Bing saw through Lin Ran’s nature at a glance and teased.

“Er That what, I’ll go pack my stuff, let’s go together later!”

Lin Ran said awkwardly, and promptly ran upstairs to pack.

Half an hour later, in front of a pharmacy located near the clinic, Qin Bing pointed to a very inconspicuous, even somewhat humble shop not far away and said.

“That’s the place, that’s Long Term Transport, but I have to pick up my medicine first, I’ve already made an appointment with someone!”

Qin Bing said.

“Good!”

Lin Ran nodded, followed by a glance towards the distance, and indeed saw the sign of the Long Term Transport Company, since he had found the place, he was not afraid of not being able to find the two Wang Mao, at this time it was most important for Qin Bing to pick up her medicine.

The two of them went into the shop and Qin Bing went to work, while Lin Ran was bored and wandered around the shop.

But before he could turn around for a while, he heard a young man’s voice.

“Doctor give me a packet of wolfberry, a packet of deer antler slices, a packet of he shou wu and a packet of gorgonian, yes, fuse these for me and divide them into small packets, I’ll go back and make tea!”

“Goji berry, deer antler, he shou wu and gorgonian? How weak must these kidneys be?”

Lin Ran shook his head helplessly at once, feeling amused.

But then he froze as the beautiful lady in charge of grabbing the medicine actually went up and grabbed the medicine as the youth had requested.

“Wait!”

Lin Ran couldn’t bear to see this and was busy going forward to stop it.

“Friend, if you drink tea with herbs like this, something will happen!”

“Who are you?”

The youth turned to look at Lin Ran with some displeasure in his eyes, and when he saw the earthy clothes Lin Ran was wearing, a hint of disdain flashed deep in his eyes.

“My name is Lin Ran, I am also a doctor, it is not proper for you to make tea with medicinal herbs like this!”

Lin Ran said directly.

“It’s not my business how I mix herbs, and the people who grabbed the medicine didn’t even say anything, so it’s your turn to gabble here? Don’t people know anything about medicinal arts?”

The youth said disdainfully.

He was a bit fat and deliberately posed with disdain as he spoke, the flesh on his face shaking three buckets.

“I’m also curious as to why this medicine grasping young lady didn’t warn you!

Lin Ran said, while turning to look at the young lady inside with a questioning face.

“Don’t look at me, I’m only responsible for catching medicine, there are other doctors who see patients!”

The little sister said immediately, drawing a clear line between her responsibilities and herself.

“Come on you, don’t fucking meddle in my affairs, this prescription of mine is a family recipe, don’t think I don’t know what kind of doctrine you kid is playing, trying to cheat me out of my prescription isn’t it? You’re dreaming!”

The youth gave Lin Ran a disdainful look and turned around to leave.

Being called a liar by the other party, Lin Ran was not angry, since he had come across this matter, he naturally had to help, otherwise if he really drank this tea, it would ruin his “happiness” for the rest of his life.

“Friend, you’d better listen to my advice, so much kidney medicine together to make tea, not only can not be able to strengthen the kidneys, but also make your kidney function accelerate failure!”

Lin Ran shouted as he took two steps forward.

However, in his haste he spoke a little louder, immediately causing the surrounding crowd to look on, only to see the youth’s face suddenly turn red, turning around and glaring at Lin Ran viciously, scolding him.

“Shut the fuck up, you’re the one with a fucking kidney deficiency! Cao!”

After saying that, the youth turned around and left the clinic.

Lin Ran still wanted to go after him to persuade him, but at this moment, Qin Bing had already finished his handover and walked over.
