

Wonder Doctor

Chapter 661

“What’s wrong?”

Qin Bing asked, frowning when she saw everyone looking at Lin Ran.

“Nothing, I ran into someone who doesn’t understand Chinese medicine and uses it indiscriminately, so I reminded him and he still didn’t appreciate it!”

Lin Ran laughed helplessly, there was nothing he could do, but the other party insisted on not listening, he could not help it, as the saying goes, it is hard to persuade a ghost who wants to die, he was also considered to be benevolent to the end.

But he did not know that after the youth left the pharmacy, he immediately turned into a clinic next to it and found an old Chinese doctor he had known for many years and asked.

“Old Li, is there a problem with these several herbs I’m combining to make tea or not!”

The youth had no idea in his heart, so he rushed to ask.

“There’s a problem! And a big problem!”

The old Chinese doctor of the famous Old Li took a look at the herbs and frowned.

“Wolfberry, He Shou Wu, deer antler and gorgonian are all aphrodisiacs and kidney tonics, you’re getting so many at once, you want to suffocate yourself!”

“No, I’m not thinking that one plus one equals two. Besides, I’ve been doing that a bit too often lately, and sometimes I feel like I have more heart than strength, so I’m thinking of supplementing!”

The youth laughed awkwardly.

“It’s best not to take herbs for the kidneys at the same time, it’s a big no-no! It’s a taboo! If your friends knew about this, they might scold you for being useless!”

Old Li laughed.

The youth smiled heatedly and hurriedly got up and ran over, but at this moment he did not dare to look at the medicine shop for fear of running into Lin Ran.

People were kind enough to remind them, but they didn’t expect that they would take them for liars, if this matter were to get out, they wouldn’t need to have this old face.

“Go, go, go! Hurry up and go!”

The youth thought and hurriedly ran towards the company in front of him, but at that moment the phone rang.

“Ranzi, let’s go!”

After Qin Bing finished the handover and put the herbs away, he greeted Lin Ran and prepared to go to the Long Term Transport Company, but just as the two of them walked out of the shop, Lin Ran laughed.

“That’s that guy, I’ll go talk to him again!”

Lin Ran pointed ahead, Qin Bing looked, and indeed found a young man standing not far away on the phone, just wanting to persuade Lin Ran, this guy was already running past.

“Shit! How many times do I have to say it, the fucking wages of those two idiots I know in my heart, now is not the time to raise them!”

The youth cursed with his mobile phone.

“I’ve been asked several times by Mr. Li why Old Cat’s paychecks haven’t gone up, and I’ve used financial accounting as an excuse to get by.

A young man’s helpless voice came over the phone.

“Brother Qian, you’ve been holding down their wages for a year, what did they do to offend you?”

“Offend me? Who are they to dare offend me? If it wasn’t for the fact that they were from the same village as Li, I would have gotten rid of them!”

The youth said disdainfully, adding afterwards.

“Okay I know, you’re resisting this month’s salary and will give them an increase next month!”

With that the youth hung up the phone and then swaggered towards the front.

“Why don’t you go and persuade?”

Qin Bing stepped over and looked at Lin Ran in wonder.

“Scum don’t help, let’s go!”

Lin Ran really heard the content of the conversation, although he did not know which two unlucky people were working under him, but this kind of people Lin Ran already did not want to help, as the saying goes, healers are benevolent, but you can’t healers mess with benevolence, some times healing a bad person may well hobble a group of good people.

“Let’s go, business is important!”

Lin Ran greeted with a smile, and the two of them immediately got into the car and drove towards the Long Term Transport Company.

The distance was not far, and in just two minutes the car stopped opposite the entrance of the transport company.

But before Lin Ran could get out of the car, he immediately saw the figures of Wang Mao and Ah Zhan, only at this time they seemed a bit miserable.

.....

“Come here you two! Come here!”

The youth sat down on a chair on his butt and scolded the two Wang Mao in front of him, the disdain in his eyes overflowing.

“Yesterday, I asked you guys to deliver the goods, I told you a thousand times, I told you not a hundred times but ninety-nine times, I told you that it was ceramics and ceramics, so be careful when you carry it, but you two are good, early this morning the employer came to complain that the ceramics were damaged, what are you two doing for food? Are you pigs?”

“Manager Chien, how can you say that? Is it our fault that the employer complained? I watched from the back of the car from the time it was loaded to the time it was dropped off, and I never touched it, so why don’t you check if the brother who brought the goods back accidentally broke it?”

Wang Mao asked rhetorically with a cold face.

The transport company was divided into two types of people, one was responsible for collecting the goods and the other was only responsible for transporting the goods, which was Wang Mao and the two of them.

“Shipping it back and messing it up? The brother who collected this shipment has been working here for ten fucking years, and you’re saying they broke it? Are you out of your mind? You’re a veteran, you’ve got an original excuse!”

The youth said disdainfully.

“If it weren’t for the fact that you and Li are old friends, I would have fucking fired you both!”

“You!”

Wang Mao was furious, but Ah Zhan, who was on the side, was busy stopping him and whispered.

“Hold it in! There’s no need to get angry with this kind of scum!”

“Hmph.”

Wang Mao was so angry that he threw his hand away and did not speak, but the anger in his eyes was like a cold aura that could not be concealed.

“What? Are you not convinced? If you’re not convinced, you can go away! Resign yourself and save me the trouble of asking!”

The youth said disdainfully, with a sneer in his eyes, yes he wanted to deliberately piss these two off.

Since the arrival of Wang Mao and the two men, every time Mr. Li came to inspect the work, he praised them, which made him sit on pins and needles in this manager’s position, and he could not wait to get rid of these two men, but he could not find the opportunity, plus Wang Mao and the two men and Mr. Li are old friends, so he could only slowly find the opportunity.

“Zhen Qian go, I know you have opinions about us two brothers, but opinions are opinions, but things still have to be clear, this goods are not the two of us broke, so even if this matter stabbed to the General Manager Li, we will not admit, you can suppress us, but absolutely can not accuse us!”

Ah Zhan said in a cold voice.

“Yoo-hoo, coming on strong aren’t you!”

That's right, the youth's name was Zhen Qian Gao, which sounded weird, like he really deserved a beating!

"Oops! So your name is really yakuza, so I had to chase you all the way!"

Zhen Qian Gao was just about to get angry when a familiar voice came from the distance, followed by Lin Ran actually rushing towards him, laughing as he did so.

"I told you that the herbs you bought just now should not be taken together, taking medicines for the kidneys together will have side effects, kidney deficiency should be regulated slowly, no hurry!"

As soon as Lin Ran said this, everyone in the transport company looked over, especially Wang Mao and Ah Zhan, who looked even more stunned, they naturally recognized Lin Ran, but they didn't know what this guy was up to with this operation.

"You! What are you talking about, I don't have kidney deficiency, besides my name is Zhen Qian Go, not True Yawning!"

He was so angry that his face turned blue and he cursed in his heart, this kid came at any time, but at this time.

"Zhen Qian is right! That's right, he really deserves a beating!"

Lin Ran smiled but said in a serious manner, that look was simply as angry as it could be.

Chapter 662

"It's Zhen Qian Gao, not really owe a beating!"

Zhen Qian Gao was so angry that he could not bear to kill.

"Yeah, that's what I called True Yakuza, what the hell are you calling it!"

Lin Ran asked in wonder.

"My name is True Yakuza not Zhen Qian Gone!"

Zhen Qian Gone was so angry that he was confused himself.

"All right, all right! Cut the crap, I'm fine, okay! Get the hell out of my face right now, okay?"

"That won't do!"

Lin Ran, however, shook his head and said.

"As a doctor, how can you stop halfway through the treatment and save people, I say, comrade owe a beating, this kidney deficiency of yours really can't be delayed, but you can't use drugs indiscriminately either, I suggest"

"You're fucking sick, I don't have kidney deficiency! Besides my name is Zhen Qian Go!"

The company's status was restricted at this time, so he would have gone up and beat Lin Ran up.

Lin Ran saw this but was not the least bit afraid and still laughed.

“I understand how you feel, not many people with kidney deficiency are willing to admit it, but since we have a disease we have to treat it properly, otherwise it’s all our own fault, don’t you think!”

“I said, I’m not fucking sick, if you don’t get lost I’ll call someone!”

Zhen Qian went and didn’t bother to talk any more nonsense, he was ready to shout at someone at once.

However, Lin Ran was busy saying.

“Why are you shouting at people? I said that you have kidney deficiency, I didn’t say that your mother is also sick, is your mother also sick?”

“Pfft!”

These few words of Lin Ran’s directly amused Wang Mao Ah Zhan as well as some other colleagues who almost broke off laughing, especially Qin Bing at the side, who was laughing simply too wonderfully.

“Kid! You’re fucking sick in the head, someone blow me out!”

Zhen Qian Gao could not hold back any longer and immediately shouted.

“Wait, there’s one more thing I haven’t said, it’s very important!”

Lin Ran suddenly put away his funny look and said with a serious face.

“What the fuck can you have to do with it! Blast me out!”

Zhen Qian Go had completely run out of patience and scolded the other employees who had rushed to the side.

However, before these employees could move, Lin Ran did so first.

“Wait, I have a question about what you just said! It was your suspicion that the ceramics were messed up by Wang Mao’s transport!”

Lin Ran said.

“What the hell do you have to do with my company’s internal affairs! Get lost!”

Zhen Qian said angrily, but Lin Ran laughed.

“It has nothing to do with me, but not if you’ve wronged someone!”

Lin Ran suddenly said with a strong attitude, while turning around and directly carrying the ceramic bottles off the car, before placing them in front of the crowd.

“You two, remove all the outer packaging, note that everything that is removed is displayed in front of the real owe manager, this is the only chance to prove your innocence!”

Lin Ran said as he rushed towards the two Wang Mao.

“You!”

Wang Mao was stunned at hearing this and was somewhat unsure of what to do.

The two of them had fought with Lin Ran only yesterday, and although they weren't exactly at odds, they definitely weren't considered friends either, but how could this guy suddenly appear here today and actually be helping the two of them.

"First, do as he says!"

Ah Zhan thought for a moment and spoke.

"Good!"

Seeing that Ah Zhan had said so, Wang Mao had no choice but to step forward and give a hand, taking off all the outer packaging of the ceramic bottles, while laying them all out in front of the crowd as Lin Ran had said, without leaving even a single bit behind.

"Kid, what the hell do you want?"

At this time, Zhen Qian went also reacted, this kid said he was giving himself a look, the real purpose was originally rushing over to Wang Mao two people.

"No what for, injustice to see people just!"

Lin Ran laughed, while sweeping his gaze over the crowd, and spoke.

"Everyone, you've all heard it just now, your real owe manager has always decided that this clay pot was broken by Wang Mao and Ah Zhan, and has also bitten off more than he can chew that it wasn't the recipient who messed it up, but now I'm going to tell you all who really messed up this clay pot!"

"And! Just you? I've been a fucking manager here for years, I can tell who broke the item at a glance, why do you need to judge? What the fuck are you going to do? Just use your two eyes to see?"

Yan Qian walked away and sneered.

Lin Ran didn't get angry at his words and laughed.

"That's right, just use my eyes to see, meanwhile you all use your own eyes to see, how things really are, I believe you will understand after watching!"

Said Lin Jean, looking to the side, Zhen Qian walked and laughed.

"Really owe the manager, don't you run away!"

"Cut the fucking crap, don't you want to prove it? Hurry up, if you can't prove it later, I'll make you crawl out of here!"

Zhen Qian went coldly, his eyes full of disdain, he really didn't believe that Lin Ran could prove the innocence of the two Wang Mao.

"Hehe!"

Lin Ran laughed indifferently, not bothering with nonsense, and immediately came to the clay pot, pointing to the gaping hole on it.

“You can see for yourselves, the gap is half the size of your palm, and there is no dust on top of the gap, which at least means that the goods were clean before they were packed, which means that the employer was still intact when he handed them over to the receiving staff!”

“That’s correct, isn’t it?”

Lin Ran asked as he looked to the crowd.

“That’s correct! And then what?”

“Yes then what?”

The crowd of workers were busy asking.

Seeing this, it was no good for Zhen Qian Gao to refute, after all, he couldn’t cause public anger, so he could only agree with Lin Ran and ask with a frown.

“That’s right! And then what?”

“And then the point is made!”

Lin Ran revealed a bemused smile, following which he flipped all the wrappers open.

“Look for yourselves, within all the wrappers, can you find a single fragment of ceramic? Even a fingernail cap will do! The point is, is there one?”

“This

“There doesn’t really seem to be any!”

“Then wouldn’t this thing

When the crowd heard Lin Ran’s words, they all snapped out of it, and one by one, they couldn’t help but be dumbfounded, such a simple truth, why hadn’t they thought of it?

The side of Zhen Qian go face gloomy, looking at the wrapping paper on the ground without saying a word, the heart is already completely sunk.

“Really owe a beating manager, do I need to say more? There are no ceramic fragments within the package, that means that this thing was already broken when the ceramic was packed, and the employer relief was not broken either, so isn’t the result already obvious?”

Lin Ran asked with a smile as he looked at Zhen Qian walking.

“You!”

Zhen QianWang was so angry that he was speechless, and his mind was busy calculating how to get out of it.

“Found it!”

Suddenly, Wang Mao’s voice came from the side, it turned out that this guy didn’t know when he had actually run to bring over the package of the person who had received the goods, only to see that at this moment, inside the package he was using, there was a piece of ceramic fragment the size of a palm.

“Manager Chien, are you still going to assume that it’s the two of us brothers who are responsible?”

Ah Zhan took the ceramic fragment and questioned as he looked searingly at Zhen Qian go.

“This There may be a misunderstanding in this, I have to go to the person who received the goods to ask about the situation!”

The man who received the goods said, and turned around and walked inside.

Seeing this, Ah Zhan shouted aloud.

“OK! Manager Qian, we two brothers are waiting here, you have to give us an explanation today!”

“You!”

Yan QianWang was so angry at his words that his face turned blue, turned his head and glared viciously at Lin Ran, followed by turning around and walking inside the shop.

Chapter 663

“Break it up break it up! What are you looking at, you don’t have to work!”

As soon as Zhen Qian walked inside the shop, someone soon came out and shouted to disperse the crowd, and the crowd of workers went back to their jobs, leaving Wang Mao and Ah Zhan standing silly in their place instead.

“Brother! Thanks a lot!”

Ah Zhan looked towards Lin Ran and said with a solemn fist clasp.

“Many thanks!”

Wang Mao, on the other hand, looked a little formal, after all, he was the one who had fought with Lin Ran before, and at this moment, the latter had come to help them, making his face a little embarrassed.

“It’s alright, I came over here today to originally come for you guys!”

Lin Ran smiled and waved his hand.

“Come for us?”

Wang Mao’s face sank at his words, and Ah Zhan likewise looked a few shades worse.

“You’re seeking revenge? Can you wait until we’re off duty?”

Ah Zhan spoke up, although the Zhen Qian go that he ran into was not human, often deducting their wages and having an annoying attitude, but he really needed this job.

“Revenge?”

Lin Ran laughed.

“If I were to take revenge, why would I have helped you guys just now!”

“Then you are”

The two of them, Ah Zhan, were a little confused, not knowing what medicine Lin Ran was selling in his gourd.

“I’m trying to come and dig you guys up!”

Lin Ran laughed.

“Dig us up?”

The two of them, Ah Battle, looked at each other and couldn’t help but reveal a bitter smile.

“Brother Lin Ran is joking, what can we two brothers do? We don’t have any special skills other than strength, otherwise we wouldn’t be in this situation now!”

“Yes, brother Lin Ran, if you had come to seek revenge on us, we would have understood, but to say that you came to dig us up, that makes me confused!”

Ah Zhan was also busy asking.

“Who says you guys can’t do anything! If I’m right, you two should both be ex-soldiers, and you’re still the powerful kind!”

Lin Ran laughed.

Both of them were stunned at his words, but in their hearts they were a little smug, as well as touched! After so many years in the military, this was the first time someone had taken the initiative to recognise them.

“How did brother Lin Ran see that?”

Wang Mao looked at Lin Ran and asked with a twinkle in his eyes.

“It’s simple! The stance and temperament as well as the eyes!”

Lin Ran laughed, while looking at Wang Mao

“When we were fighting last night, I heard Ah Zhan call you Old Cat, did I hear you right!”

“That’s right!”

Wang Mao said.

“Old Cat is a very good name, and from what I’ve seen, you’re probably from a scouting background, but yes!”

Lin Ran continued to ask.

“That’s right!”

Wang Mao’s face solemnised for a few moments, and his gaze on Lin Ran couldn’t help but change, as a scout, concealing his identity was a must for him, but he didn’t think that he had only met Lin Ran once and the other party recognised him.

“Don’t feel surprised, your body is very sharp, that’s the first suspicion, secondly your eyes are sharp and have a sharp edge inside, these are all things that ordinary people don’t have, in addition your nickname Old Cat, all these together, I’m just guessing!”

Lin Ran laughed.

“Brother Lin Ran really has good eyesight!”

Wang Mao arched his hand and said, although he had an average relationship with Lin Ran, he really admired this ability to read people.

“And you, Ah Zhan!”

Lin Ran turned his head to look at Ah Zhan and asked.

“You’re a bit impervious to me, after all, I’ve never been a soldier, that’s my biggest regret, but I see that you have the hands, the reflexes, the acumen as well as the drive, you should be an all-rounder, I can’t guess what kind of soldier you are, are you the legendary King of Soldiers?”

“Haha!”

Ah Zhan laughed at his words.

“King of soldiers? I’m not qualified!”

Battle laughed to himself, but there was a hint of yearning in his eyes, as if he had thought of something.

“Actually, I’m from the Marine Corps, Old Cat and I are both special forces, he comes from scouting special forces, I come from the Marine Corps, and I’m just a special forces soldier!”

Ah Zhan laughed blandly.

Lin Ran, however, listened with solemn eyes, looked at the two, and gave a deep salute.

“I’m sorry, my military salute may not be standard, but this is at least a sign of my sincerity!”

Lin Ran laughed, while looking at the two, solemnly saying.

“The two of you are so talented, I, Lin Ran, really can’t bear to see the two of you stranded here, so I would like to ask the two of you to join me, and I will give you an annual salary of one million each per year!”

“One One million?”

Both of them were stunned at the words of Ah Zhan, although they didn’t know exactly how much this one million was, but this figure was way higher than their current salary of over three thousand per month.

“Brother Lin Ran, you are joking, although the two of us used to be very prosperous, but society is different from the army, we are afraid that we will be ashamed of such a large annual salary!”

Wang Mao said busily.

But Lin Ran interrupted them with a wave of his hand.

“One million dollars is what you deserve, and it’s only temporary, I will give you more when your abilities improve in the future!”

Lin Ran assured, but followed up by adding.

“Of course, I can only guide you into the door, what heights you can reach in the future will depend on your own abilities!”

Both of them were good material, but how they would be in the future would, in the end, depend on themselves.

“Ah Zhan!”

Wang Mao was somewhat moved and looked at Ah Zhan to ask what he meant.

“Brother Lin Ran, it’s too hasty at this point, can we discuss it!”

Ah Zhan said.

“Yes!”

Lin Ran said with a smile, and the two of them, Ah Zhan, immediately came together and muttered.

“Why not say yes to him, a million dollars a year, if we had that money then wouldn’t he have a cure for his illness!”

Wang Mao asked busily.

“You think too simple, we don’t even know what this kid is from, you only see the money, yes the two million is definitely enough for the boss to see the doctor, but what if this kid is not right-minded and asks us to burn, kill and rob?”

Ah Zhan said, Wang Mao also fell silent at his words, although they had retired from the army, but every soldier had a responsibility in his heart and would stand up for the people when they needed it, if following Lin Ran had to do something illegal, they would categorically refuse to do so.

“Then what should we do? Big brother is getting desperate, if he can’t earn any money, he’s afraid he’ll be cut off from his medicine!”

Wang Mao was a bit anxious, and his eyes were unconsciously red.

“Don’t rush, let me think!”

Ah Zhan said, while quickly thinking of a solution, he soon thought of something and was busy looking at Lin Ran and asking.

“Brother Lin Ran, can I ask, what do you do for a living?”

“I’m a doctor! A Chinese medicine kind of doctor!”

Lin Ran laughed.

“A doctor? This one is still ...”

Ah Zhan couldn't help but be relieved at his words, this profession was not bad for serving the people just like them.

However, Wang Mao next to him was puzzled and was busy asking.

"Brother Lin Ran, this is not right! You're a doctor, how come you're so skilled, and you don't even lose to me in terms of strength!"

"You said this, ah, this issue is more complicated, look!"

Lin Ran smiled lightly, followed by a wave of his palm, at once the ceramic fragment Wang Mao was holding in his hand flew up, and then came directly to Lin Ran's hand.

"This"

The two men were frozen at the sight of this scene, they were ex-soldiers and never believed in this, but this scene happening in front of them was a real thing.

Lin Ran looked at the two men, raised the ceramic fragment in his hand and laughed.

"In this world, there is another kind of power, a power that I cannot explain to you clearly for a while, and the reason why I was able to gain the upper hand against you was because of this power, and you also possess the potential, so you might be able to possess this power in the future too!"

Chapter 664

"Weng!"

Lin Ran's words were like a thunderbolt that instantly exploded on both Wang Mao, causing both of their worldviews to collapse at this point.

"Another kind of power? What kind of power is this!"

Both of them couldn't help but be puzzled in their hearts, if they could possess this kind of power, wouldn't the King of Soldiers have been them long ago.

"Gulp!"

The two couldn't help but swallow their gulps as they looked towards Lin Ran at the same time.

"Two, I know you have many doubts in your hearts, but this is not the time to talk, and what kind of power is not something that can be mastered easily, now I need your answer, do you want to come with me!"

Lin Ran said solemnly.

"Us!"

The two of them, Ah Zhan, were speechless at the words.

Yes! The annual salary was tempting, and the power was equally tempting, but was that going to be a compromise? Both of them had hesitated.

Character! Or character, they didn't want to follow someone with a twisted personality, so character was the last and most important thing they needed to test.

"Bang!"

Just when the two were torn between their minds on what to do, suddenly, but a muffled sound came from the side, followed by a miserable scream.

"Ah! Help, my leg! My leg! Help!"

The three of them looked almost simultaneously, only to see that not far away, a transport worker was lying on the ground, and on top of him was a huge tin box, which happened to be pressing on his leg, it should have been an accident while transporting goods.

"Save the man!"

Lin Ran almost instinctively shouted out, while at the same time Ah Zhan and the two men were busy rushing over and, together with the other people who had rushed over, moved the iron box up.

"Get out of the way! We're doctors!"

Lin Ran was also busy rushing over with Qin Bing, pushing his way through the crowd and rushing up.

"Her leg is broken!"

Qin Bing said busily as she knelt down for a brief examination.

"Cut off his trouser leg, it can be repaired in a short time!"

Lin Ran was busy saying, while quickly taking out the silver needles he had on him, dropping a few stitches on the other man's forehead first to ensure he wouldn't lose too much blood and die of shock.

"Scissors who has scissors!"

Qin Bing shouted busily.

"I'll go and find them!"

Wang Mao shouted back while already running out, and in less than half a minute he came back panting with scissors.

Qin Bing cut the trousers off the patient's legs with three strokes, and Lin Ran, without any nonsense, shouted at Ah Zhan.

"Hold him down!"

Following this, he lifted the patient's disconnected leg and went straight to it.

"Ah!"

A miserable hiss of pain resounded through the sky, fortunately Ah Zhan held him down in time, otherwise there was no way for Lin Ran's side to successfully administer help.

"Splint! Cloths get ready!"

Lin Ran said as he picked up the silver needles and dropped them on the injured area.

A fracture was a big or small disease, and many hospitals could treat fractures, but this was the first time they had seen it treated with Chinese medicine.

“What’s going on? What’s the shout?”

Just as Lin Ran was methodically treating and saving people, another voice came from inside the shop, followed by Zhen Qian walking out from inside.

“Holy shit! What’s going on? Why didn’t they send him to the hospital?”

When Zhen Qian Gao saw that someone was injured, he shouted.

“His leg injury is too serious, if he is not treated in time he will be disabled, it’s too late to send him to the hospital!”

Lin Ran didn’t even look at him and returned as he dropped the needle.

Yan Qian walked up to see that it was actually Lin Ran who was talking and that the guy was actually dropping the needles, he was immediately upset.

“What the hell, this is a fracture and not cupping, do you know how to treat it? A few acupuncture strokes and the patient’s bones will be reattached!”

Said Zhen Qian walking to look at the crowd and scolded.

“Don’t rush to the hospital yet!”

“Yes It’s the manager!”

“We’re on our way!”

When the workers next to him saw that Zhen Qian Gao was angry, they immediately went to carry the patient, however, they were slapped by Lin Ran.

“I’ll see who dares to move!”

Lin Ran’s gaze swept over the crowd with an icy coldness as he scolded.

“You!”

Zhen Qian went furious and glared at Lin Ran as he scolded.

“You’re the manager and I’m the manager, I’m in charge here, I said send them to the hospital!”

“Put your mother’s bullshit!”

Lin Ran was completely furious, glaring at Zhen Qian go and scolding.

“What kind of bullshit manager is that? If you keep talking nonsense, I’ll kill you!”

It was rare to see Lin Ran in such a rage, especially with that cold look in his eyes, which made Zhen QianWang wilt and freeze in his place, not daring to say a word.

Lin Ran glared at him and said no more, but concentrated on dropping the needles, and as each silver needle fell, the crowd could clearly see that the look of pain on the patient's face was gradually diminishing, as if the pain was also easing.

"Splint!"

Qin Bing quickly brought a splint and rope from the car and quickly tied the patient up.

And Lin Ran also finished dropping all the silver needles at almost the same time.

"How does it feel?"

Lin Ran asked busily.

"No.... It doesn't hurt anymore, and it's warm!"

The patient was covered in sweat and gasped back.

"Luckily, your tendons aren't broken, just the bones, I've already put them back together for you, but you can't get out of bed or move for three days! After three days, it's guaranteed to heal!"

Lin Ran said.

"Three days to heal?"

As soon as those words were spoken, everyone immediately looked at Lin Ran like he was a fool, especially Zhen QianWang.

"Kid! Are you fucking sick in the head, a fracture healed in three days? Who are you talking to about a hundred days to heal a broken bone?"

"You're a doctor and I'm a doctor?"

Lin Ran asked indifferently as he got up and looked at Zhen Qian Gao.

"You What's wrong with you being a doctor, there are plenty of quacks too, don't think you're great just because you're a doctor!"

Zhen QianWei said forcefully.

Lin Ran smiled at his words but laughed.

"O? It's true what you said, there are also many managers, and even more managers who don't count as people, right! Thousand managers who deduct employees' wages!"

"You What are you talking about!"

Zhen Qian went blushing and stammered a few times as he spoke.

"O? Am I talking nonsense? I just forgot to tell them, just now on my way here, I think I heard you on the phone, saying that you are not allowing the finance to give people a salary increase, if I heard you correctly, you have been pressing people for at least a year without a salary increase!"

“Tsk! When a manager reaches your level, he’s really a person as his name suggests, he really deserves a beating!”

Lin Ran sneered and said.

Wang Mao and Ah Zhan on the side smiled but their faces suddenly turned ugly, they didn’t need to think about it they all knew Lin Ran was talking about themselves, because after coming for so many years, they were the only ones who hadn’t had their wages increased, it was a clear-cut thing.

“Zhen Qian go! How do you explain that!”

Ah Zhan looked at Zhen Qian Gao, his face gloomy and terrifying, his hands all clenched and clicked.

“Say it!”

Wang Mao shouted in a stern voice, his eyes equally gloomy as water.

They did not want to cause trouble, but if someone really treated them like cattle and rode on their heads to shit and piss, then they would never tolerate it either.

“No, you guys listen to my explanation, things are not what you think they are!”

Zhen Qian said busily as he walked away.

“Then what is it like? I think it would be better to ask your Boss Li directly!”

Lin Ran laughed.

“Bastard! Do you think that Boss Li is something you can easily meet?”

If this really got to Boss Li, it would be light for him to have his salary docked, and in serious cases, even his job would be yellow.

“What’s going on?”

However, the moment the words fell from Yan QianWang’s mouth, a calm voice actually came from the side, and when everyone turned around to look, they were all stunned.

Especially Zhen QianWang, his entire face instantly darkened to the extreme.

“Li Boss Li, you Why are you here!”

Chapter 665

“Hmm? I can’t come to my own property?”

Boss Li’s face sank at his words, looking unhappy.

“No No, we didn’t mean that!”

Yan Qian said busily as he walked away.

“Then what do you mean?”

Boss Li asked.

“I”

Yan Qian Gao was suddenly dumbfounded.

“Boss Li, we brothers have a question to ask you, why have our wages not been increased once in the three years we have been here?”

Ah Zhan was straightforward and opened his mouth to ask directly.

“What do you mean? Gongzi hasn’t had an increase in three years?”

Boss Li’s eyebrows furrowed together when he heard this, and he turned his head to look at Zhen Qian Go, but this guy had already slipped out a dozen meters, and was actually going to run away.

“Stop!”

Li boss rebuked, while colleague Wang Mao already rushed over, an arrow step directly caught up with Zhen Qian walk, without saying a word grabbed his clothes, to the second level to drag back.

“Zhen Qian-walk! Explain yourself!”

Boss Li looked at him with a grim face.

“No boss, you listen to me, I was trying to hide to test them!”

Zhen Qian Gao said busily.

“Test them? And then tested for three years?”

Boss Li couldn’t even listen to himself anymore, his face tinged with anger as he roared.

“Do you really think I’m a fucking idiot? The company’s finances pay them every month according to the salary increase, where’s the extra money? Did you embezzle it!”

“I”

Zhen Qian went speechless, if it wasn’t him who had embezzled it, who else could it be.

“Bastard!”

Boss Li’s face was gloomy and he immediately took out his mobile phone and called the company headquarters.

“Give me a thorough investigation into the finances of the person in charge of paying Long Term Transport’s salary, and sack the police directly if you find any problems!”

“Call the police?”

Hearing these two words, Zhen Qian went instantly wilted, busy begging.

“Boss Li, please don’t call the police, I’m just a momentary financial obsession, I really don’t mean any harm, I can take out all the money, you can just forgive me!”

“Get lost!”

Boss Li was so angry that he kicked Zhen QianWang away, pointing at the two Wang Mao people next to him and raging at Zhen QianWang.

“It’s not me you have to fucking apologise to, it’s those two brothers!”

“Me!”

Zhen Qian Gao was stunned and hesitated a little, but when he thought that if he really called the police, he would have to go to jail, he wilted.

“Two big brothers, Brother Cat, Brother War you have no mercy, I’m just a fart, just let me go!”

“Big brother, I really know I’m wrong, I really know!”

“Get lost!”

Wang Mao was so angry that he kicked Zhen Qian Gao aside, feeling sick at the sight of him.

“Old Cat, Ah Zhan, it’s my problem, I was too busy not noticing this matter, here to make amends to you, your salary doubled, and the position of manager is given to you!”

Boss Li said in a serious tone.

However, the next sentence from Ah Zhan took him by surprise.

“No, Boss Li, I don’t want to work anymore! I want to resign!”

“Ah Zhan?”

Wang Mao saw this and instantly understood in his heart, and immediately echoed.

“Boss Li, I want to quit too!”

“You two!”

Boss Li also regretted a bit when he saw this, but people had already asked for it, what else could he say, after all, he was the one who had wronged them in the first place.

“Fine! Take a few years less salary I will make it up to you, if you need to come to me in the future!”

Boss Li said and made another phone call to arrange the financial transfer, after arranging a and, only then did he look at the two people with great regret, and then walked towards the inside of the shop, while at the same time someone also pulled the Yan Qian go, who was lying on the side, inside.

Obviously, the matter of Wang Mao Ah Zhan’s two people was over, but his Zhen Qian Gao’s was not.

“Congratulations to both of you, regaining your freedom!”

Lin Ran looked at the two men and smiled.

“Brother Lin Ran is joking, I, Ah Zhan, have figured it out, from now on I, Ah Zhan, will follow you!”

“And me, Old Cat!”

Wang Mao echoed.

“Good! From now on, we are all brothers, look after each other!”

Lin Ran laughed, while turning to look at the patient on the side.

“Almost done!”

As he spoke, Lin Ran quickly pulled out the silver needles and then put them away.

And at this moment, in looking at the patient, his face was completely free of pain and he looked very relaxed.

“Remember, don’t move around for three days year, the bones need time to heal, they will definitely heal in three days!”

Lin Ran admonished, and soon the patient was sent home by the other workers.

“Brother Lin Ran, three days to heal is this true?”

Ah Zhan asked, somewhat puzzled.

Wang Mao also cast a puzzled look.

“It’s true!”

Lin Ran laughed.

“The fracture is connected in a very short time, the active cells and meridians are able to repair themselves, don’t move for three days, it’s enough for the bone to be completely connected!”

Lin Ran said, and held out his palm, laughing.

“Of course, there’s still a part of that power that can speed up helping him recover on his leg!”

Both Wang Mao and the two of them were stunned at the words, and were suddenly a little speechless, they hadn’t expected that power to be able to heal.

“Let’s go, you guys will understand what that power is later!”

Lin Ran laughed, and immediately greeted Qin Bing as he prepared to leave.

But at that moment, a man came out of the shop at the back, he looked despondent and his eyes were listless, and it was none other than Zhen Qian Go who had just been dragged in.

“Let’s go! Leave him alone!”

Lin Ran laughed, there was no point in going after him at this point.

“Hm!”

The two old cats nodded their heads and didn’t bother to bother with him anymore, but while they didn’t want to, Zhen Qian Gao was on the verge of exploding.

When he looked up and saw Lin Ran and the four of them, he burst into complete rage.

“It’s all of you! It’s all of you, fucking old man’s job is gone!”

Yan Qian went so angry that he gritted his teeth and walked straight over in big strides, cursing as he did so.

“If I lose my job, you guys can’t get a fucking break, doctor, can’t you?”

Zhen Qian walked and copied a steel pipe from the side and lunged at the four men.

“Take it!”

Lin Ran took a pile of money out of his pocket and threw it in front of Zhen QianWang.

“What do you mean? Trying to get rid of Laozi with money? Do you really fucking think I’m”

“You’re thinking too much!”

Before Yan QianWang could finish his words, he was cut off by Lin Ran.

He only saw Lin Ran turn his head to look at both Ah Zhan and Wang Mao and laughed.

“If you have a grudge, repay it, if you have a grievance, hold it, don’t get anyone killed, this money is enough for his medical expenses!”

When Wang Mao and Ah Zhan both heard this, they immediately laughed and smiled very brightly.

“Holy shit! My medical expenses? With just a few of you mongrels? You guys were still eating shit when Laozi was fucking out!”

Zhen Qian Gao laughed coldly, and at the same time, he picked up a steel pipe and smashed it directly at the four men.

But this steel pipe smashed fast, but also fly fast, with a “bang” sound, the steel pipe immediately to fly out.

“This”

The company’s main business is to provide a wide range of products and services to its customers.

“You’re arrogant aren’t you!”

“You’re wild aren’t you!”

Ah Zhan and Wang Mao blandly said, following and shouting at the same time.

“You really fucking deserve a beating!”

Saying that, the two ran towards Zhen Qian Go then, while Lin Ran pulled Qin Bing towards the car, while reminding.

“Don’t look, it’s too violent, just listen to the sound!”

“Huh?”

Qin Bing was stunned at the words, followed by the sound of wailing coming from behind, from none other than Zhen QianWei.

Chapter 666

It was almost noon when they returned to the clinic. Lin Ran and Wang Mao went around the clinic and introduced them to the situation here, then they said hello to Qin Bing and took the two of them to the company, the clinic was still mainly for treating patients and saving lives, there was no point for them to be here.

On the way to the company, Lin Ran had nothing to do, so he chatted with the two of them.

“Old Cat is the nickname they gave me when I was in the army, and I’m a scout myself, so I feel that the title Old Cat is quite appropriate!”

Wang Mao laughed, looking not so concerned.

“What about Ah Zhan?”

Lin Ran asked Ah Zhan.

“Forget about mine, I’m embarrassed to say it!”

Ah Zhan laughed, looking a little shy.

“He, nicknamed War God, Marine Corps Road is particularly capable of fighting, he even dared to beat up the instructor back then, that’s why he got such a nickname!”

Wang Mao laughed.

“Fuck you, I was sparring with the instructor!” |

Ah Zhan was busy explaining.

Lin Ran laughed at this, and then looked at the two of them with his face suddenly becoming serious.

“I want to ask you guys a question!”

“Speak up, boss!”

The two men’s faces also turned a few shades more serious.

“You are both ex-soldiers, do you like martial arts? Whether it’s fighting and grappling or classical martial arts and all that!”

Lin Ran asked.

“I like it, I’m very fast and cool with martial arts, I was a student at a martial arts school before I became a soldier!”

Ah Zhan said.

“I’m average I guess, I’m willing to learn if there’s something powerful, I’m interested in everything anyway!”

Wang Mao laughed.

Lin Ran nodded at his words, his heart pondering.

The car soon arrived at the company, without the disturbance of Master Yu and others, the progress of the renovation was a million miles a day, plus it was a simple board renovation, at most in a day tomorrow, basically all of it would be finished.

“Brother Lin Ran, you’re here!”

Lin Ran had just entered the shop with the two of them when Luo Qiqi ran over to him, while gleefully pointing in the direction of the courtyard and laughing.

“How’s that! The old banyan tree was gone in a morning’s time, it’s been replaced with a sycamore tree!”

“O?”

Lin Ran sniffed and looked, and indeed he found that the courtyard was much brighter, the old banyan tree had disappeared and only a very small sycamore tree was swaying in the wind.

“It can be very nice!”

Lin Ran smiled and rubbed Luo Qiqi’s head with a doting look.

“What are they doing here?”

Luo Qiqi also noticed the two Wang Mao and couldn’t help but frown slightly.

“Holy shit! Still want to fight, do you? Come on! Master Fatty will accompany you to the end!”

Wang Yifeng also ran out from inside, having just seen the two Wang Mao appear in the surveillance, he immediately ran over.

“Fatty! One of your own!”

Lin Ran spoke up and shouted at Fatty.

“One of your own? Holy shit, Ranzi, you haven’t seen anyone all morning, you wouldn’t have run off to dig a corner, would you!”

Wang Yifeng said in surprise.

“What digging, I’m there to recruit Yin Cai understand!”

Lin Ran gave him a blank look, followed by leading Wang Mao and the two of them inside, while telling Wang Yifeng about the situation, and hearing him couldn’t help but be overjoyed.

“Holy shit, a war veteran! Oxymoron, I, Wang Yifeng, can actually be friends with two great gods too, lucky in three lives!”

Wang Yifei was still every right line, saying that the two Wang Mao were very embarrassed.

“Alright, everyone come in, there’s something I want to talk to you about!”

Lin Ran greeted, and immediately led the crowd up to the first floor.

“What is it, Ranzi?”

Wang Yifeng asked busily.

“It’s like this, today is Friday, Xiao Nuan and Su Rou are also having a weekend, tonight I want to take everyone out for a meal, Kiki will give Xiao Nuan and the others a call later, Fatty is in charge of finding a place, I know you have a good place with a sharp mouth!”

Lin Ran arranged.

“Okay!”

“Leave it to Master Fatty!”

Luo Qiqi and Wang Yifeng both said that it was no problem, and the two of them immediately went about their business.

“Boss, what about the two of us?”

The two of them, Wang Mao, looked at each other, somewhat unsure of what to do.

“You two? Just wait, today is to give you guys a reception!”

Lin Ran laughed.

“This isn’t very nice, we’re not doing anything either!”

Ah Zhan was a little embarrassed, originally Lin Ran had surprised them by offering them a million dollars a year, but now he had to give them a reception, which made them both very uncomfortable, compared to the feeling they had before when they were under Zhen Qian gone, now it was like they were in heaven.

“All right! Don’t be embarrassed, you’ll know how important you are later!”

Lin Ran laughed.

Two people with extremely high martial arts skills, enough to rival Li Sheng Qin Feng, for such talents to be recruited by him, Lin Ran could really wake up laughing in his dreams.

“The Yue family is very dragged, and Compulsion Yang, then we’ll see!”

He had too many friends to protect and too many things to guard, so he also needed his own power, only Lin Ran had high expectations of himself, he would rather have one than ten!

“Fuck off! Why the fuck are you here again, are you looking for a fight!”

Just as Lin Ran and the others were chatting, suddenly there was a clamour from downstairs.

“Fatty, what’s wrong?”

Lin Ran asked.

“Nothing, that old thing is here again, it’s been here seven or eight times this morning!”

Wang Yifeng shouted at the top of his lungs, Lin Ran frowned slightly at his words and looked at the surveillance and found Master Yu standing on the ground floor.

“Go down and take a look!”

Lin Ran greeted, and promptly led the two of them down with Wang Mao.

“Where’s Lin Ran? I want to see him, you tell him to come out!”

Master Yu’s face was solemn, no longer in his previous insane state, and he wondered if he had recovered from his illness.

“Master Yu, what do you want from me? If it’s to thank me for sending you to the hospital for treatment last time, that’s not necessary!”

Lin Ran walked slowly while laughing.

Last time Master Yu was irritated and went crazy, it was also him who arranged for Master Yu to be sent to the hospital, he had thought that the old man would leave once he got better, but he didn’t expect that he would actually find his way back now.

“I’m not doing it for that, but I do thank you!”

Master Yu still had a serious face and did not smile.

“Old thing, what do you want then? Your two disciples have gone off somewhere, why don’t you die yet!”

Wang Yifeng said disdainfully, both Ah Kui and Ah Huang were nowhere to be seen, now there was only one Master Yu he didn’t put in his eyes with.

“Lin Ran, I’ve come to you to ask you something!”

Master Yu’s gaze burned as he looked at Lin Ran with a longing in his eyes.

“Speak!”

Lin Ran said blandly.

“The dagger you stole from me earlier was an imperial object!”

Master Yu looked at Lin Ran with anticipation in his eyes.

“That’s right!”

Lin Ran didn’t hide it and admitted it straight away.

When Feng Shui reached the Qi Watching Realm, he could use imperial objects, but the effect and time depended on his personal ability, and Lin Ran’s current imperial ability was at least at the top of the Qi Watching Realm, and could compete with some of the strongest people in the Heaven Seizing Realm.

“Sure enough, it’s an imperial object! It really is!”

Master Yu was excited.

Chapter 667

“What are you going to do, old man, blow yourself up? What’s the point of an imperial object? Even Master Fatty can do it!”

Wang Yifei said as he tapped his palm, and the teacup on the table next to him really moved, but it didn’t move twice before it stopped responding.

“Cough cough rusty rusty!”

Wang Yifei said awkwardly, his strength was not as strong as Lin Ran’s, so he was still a bit unskilled in this imperial matter.

“Alright! If you’re okay, go away, you’ve seen Ranzi, you’ve asked everything you need to ask, you’re not ready to leave for the New Year!”

Wang Yifeng said without good grace.

However, just as he finished his words, an unexpected scene happened.

“Flop!”

Only to see Master Yu’s entire person actually knelt down directly towards Lin Ran, and his face was even filled with old tears.

“Lin Ran, please accept me as your disciple, I am willing to work for you as a cow and a horse, I only beg you to accept me as your disciple and pass on my Feng Shui Dao!”

“This!”

Wang Yifeng and the others all looked dumbfounded, especially Wang Mao and A Zhan, who looked a little confused as to what was going on.

This Master Yu was at least sixty or seventy years old, he could be Lin Ran’s grandfather, but now he actually wanted to worship Lin Ran as his teacher, this was simply too

“You’re joking?”

Lin Ran looked at Grandmaster Yu and frowned.

“No! I’m not joking, I grew up loving feng shui and have been childless all my life for the sake of feng shui, I’ve taken feng shui as my life, but I was born at the wrong time and never really got started in my life, let alone met a master who was willing to accept me as his disciple!”

“But I really love Feng Shui so much that I learnt and read it myself, and only then did I reach the point where I am now. I thought I had gotten a glimpse of the way, but once I compared myself to you, Master Lin Ran, I really understood what it meant to sit and watch the sky.

Master Yu said and even bowed heavily like Lin Ran.

“No!”

Lin Ran opened his mouth to scold, but it was already too late.

“Ai!”

“You get up and speak first!”

Lin Ran said helplessly, the big salute had already been performed, it was a little difficult for him to refuse even if he wanted to, after all, Master Yu was also so old, in case he really refused, he would be a sinner if he had a little mood and died.

“Master, are you saying yes?”

Master Yu got up busily and said joyfully.

“Don’t! I didn’t promise, I only told you to stand up and talk!”

Lin Ran said busily, a little bitter in his heart.

“When people take on apprentices, they are either young lads or young beauties, or they are gifted apprentices, but how can I take on an old man as my own apprentice, this is something that will make people laugh to death when it gets out!”

Lin Ran thought to himself.

But in the face of Master Yu’s love for Feng Shui, he really wanted to help.

“Master, how about this, if you don’t know anything, you can come and ask me, I will tell you everything I know, but this master and disciple is still exempted.

Lin Ran said awkwardly.

“I understand I understand! Master Lin is a very high ranking disciple, so I’ve climbed too high, but I’m already content!”

Master Yu was busy laughing, while rushing to Lin Ran and respectfully bowed.

“Master is above, my name-recorded disciple Yu Ziqiu thanks you!”

With that, Grandmaster Yu actually bowed again.

Lin Ran was speechless, how did he become a named disciple, he hadn’t done anything!

“Forget it, you can be a disciple if you like, but I have to tell you, you know my nature, if you dare to hang out with Ah Kui’s gang of hooligans again, don’t blame me for being rude!”

Lin Ran said with a slight frown.

“Master, don’t worry, my disciple will definitely be single-minded in the future and draw a clear line with them!”

Master Yu said busily.

“That’s more like it!”

Lin Ran nodded at his words, and then said.

“But there is one more thing that you have to do in public!”

“Master, please speak!”

Master Yu had a respectful look on his face.

“We were enemies before, after all, and you have to be considered very powerful among ordinary people, plus I don’t know you well, so a named disciple is a named disciple, but you still have to use this item!”

Lin Ran said, taking out a yellow talisman from his pocket and placing it on the table.

The yellow talisman was densely drawn with some talismans that were unintelligible, but Master Yu understood what was on it at a glance.

“This is an amulet of the same fate! You make an oath that you shall never make a move against me or my friend’s family!”

Lin Ran said.

The person who made the oath needed to drip his blood onto it, and his life would become one with the yellow talisman, and when the yellow talisman broke, the person would also die, so it was called the same life talisman.

“I understand!”

Master Yu did not get angry, but instead with a hint of joy, he hurriedly took two steps forward and bit his finger, before a drop of essence blood was dripped onto it.

“Disciple Yu Ziqiu, today, makes a vow that if in the future there is any misconduct, disobedience or rebellion against Master Lin Ran, or Lin Ran’s family and friends, immediately the soul will be scattered and will never be allowed to live again!”

Master Yu spoke solemnly, but Lin Ran was a little surprised and was busy saying.

“What is your suffering, I only asked you to make a vow not to harm my family, you have this disobedient heart and rebellious intent, where do you start!”

“Master does not know, I love feng shui too much, the world’s three hundred and sixty trades, all rely on the master to introduce the door, this door I have waited for a full sixty-eight years, although the master still does not believe me, let me set up this same fate charm, but I do not mind, but also because of the existence of this charm seal, the last trace of separation between me and the master is gone!”

Master Yu said with a solemn expression on his face as he looked towards Lin Ran with anticipation in his eyes.

“I only hope that in the future, Master will do his utmost to cultivate my disciple, and I will bow and die!”

“Ai!”

Lin Ran sighed at this and accepted the same fate talisman from Master Yu with some hard feelings in his heart.

Although he had to let Grandmaster Yu make this same fate talisman, after all, it was also a means of protection, but seeing him so dedicated to Feng Shui still made Lin Ran feel something in his heart.

“Good! That’s it then! Pack up and you’ll come with us tonight!”

Lin Ran could only sigh.

“Master, I wonder where we’re going?”

Master Yu asked busily, now that he had become Lin Ran’s name-bearing disciple, it made him very excited in his heart, and he was all eager to see when Lin Ran would teach himself Feng Shui.

“A gathering!”

Lin Ran laughed helplessly.

“Master, that feng shui

Master Yu was a little anxious and Lin Ran said helplessly.

“Mo ask, you will naturally be taught when the time comes!”

“Yes!”

Master Yu did not dare to ask more questions, it was already a great chance for Lin Ran to take him, he did not want to annoy Lin Ran now.

In fact, he didn’t know, Lin Ran himself also wondered in his heart how to teach it, most of his feng shui was inherited from the Xuan Yang Pharmacopoeia, as well as the pillow book he now supplemented, now he was asked to teach others, this matter was really a bit troublesome.

“Forget it, let’s talk about it later, let’s have a good meal at night first!”

If he couldn’t think of a thought, Lin Ran didn’t bother to think about it, after so many busy days, it was time to relax and rest at night.

“Boss!”

Just as Lin Ran was relaxing and resting in his mind, suddenly Wang Mao and Ah Zhan who were next to him came over with serious faces.

“Boss, this same fate talisman, us two brothers, should we also set it up?”

Chapter 668

“What are you two standing for?”

Lin Ran was full of surprise at his words.

“But Master Yu are

Wang Mao was puzzled, as it was reasonable to say that they and Master Yu were considered to be in the same group before, but now Lin Ran was seemingly not meaning to let them also set up this same fate talisman.

“You guys are different from him!”

Lin Ran laughed.

"I don't know Grandmaster Yu very well, and I'm doing this out of preparation to put everyone's mind at ease, as well as to dispel any worries between us!"

"But we've only just met each other too!"

Wang Mao continued.

"No! For you guys might be considered just getting to know me, but I've known you guys for a long time!"

Lin Ran laughed.

Wang Mao and the two of them, however, listened with a confused look, very early on the two of them, how was this possible, they were sure they had just met with Lin Ran.

"You guys forget that you are soldiers, for soldiers I have known you a long time ago, also on this identity alone, I absolutely believe in you guys!"

Lin Ran laughed.

"Boss!"

Wang Mao and the two of them were a little moved by what they heard, they didn't expect Lin Ran to trust the two of them so much, just because they were ex-soldiers.

"Alright! Let's not talk about that, you guys go and rest first, and go to the party tonight!"

Lin Ran laughed.

"Mhmm!"

The two Wang Mao nodded solemnly at his words and followed to the side to rest.

Wang Yifeng, however, pulled Master Yu into a conversation, before everyone was an enemy he naturally looked at the old man with displeasure, but now that the old man had become Lin Ran's named disciple, immediately Wang Yifeng became interested.

"Brother Lin Ran, it's all been communicated, everyone will come tonight!"

Luo Qiqi quickly ran back with the phone in her arms.

Lin Ran nodded in satisfaction, before letting the latter go and rest as well.

Lin Ran was actually very happy to have recruited Wang Mao and the two of them, but he didn't expect that Master Yu would also come over, which was something Lin Ran hadn't expected.

"Forget it, don't want to think so much, let's take one step and see!"

.....

The company's main business is to provide a wide range of products and services to the public.

"I tell you, don't look at this is a shopping mall, but there is a restaurant inside the meal that is delicious, fat master I have not often brought Xiao Cui to, to ensure that you are satisfied with the food."

Wang Yifeng laughed.

Lin Ran didn't bother to talk nonsense with him, and immediately led a group of people inside.

"Where's Qiqi?"

Wang Yifeng asked in bewilderment as the crowd settled down, Luo Qiqi was still with them when they came just now, but now the group was left with only five old men and an old man, which made him a little unhappy.

"Waiting for Xiao Nuan, let's order first!"

Lin Ran greeted.

At the same time, he took the menu and handed it to Wang Yifeng.

Wang Yifeng wasn't polite, and clicked his tongue and ordered many dishes, not caring if everyone finished eating or not, the bill didn't need to be settled by him anyway.

"Here it is!"

Suddenly, Luo Qiqi's voice came from the side, followed by the four women who then walked in together, all of them gorgeous, especially Song Nuan and Su Rou, Lin Ran also felt that their aura had changed a lot after not seeing them for a week.

"So many people!"

Everyone was very surprised to see a full five people on Lin Ran's side.

Lin Ran got up and introduced Master Yu Wang Mao and the three of them to the four women, and then introduced the four women to one another before letting the crowd sit down one after another.

"Hey hey! Do you guys know who all four of these people are?"

Looking at so many people at the table, Wang Yifeng instantly became interested and looked at Master Yu and the three Wang Mao and asked with a smile.

"Aren't they the boss's friends?"

Wang Mao asked in wonder.

Wang Yifeng smiled at that but laughed.

"What friends, listen to Master Fatty I'll tell you!"

"Fatty! Eat!"

Lin Ran was helpless, the moment this Wang Yifeng opened his mouth, he knew that this guy definitely didn't have good intentions.

"What kind of meal, I have to introduce this relationship clearly, otherwise it would be bad if I disobey my sisters-in-law in the future!"

Wang Yifeng was serious, but Wang Mao was stunned to hear this.

“The sisters-in-law?”

“Yes! The sisters-in-law? These four of you are your sisters-in-law, remember!”

Wang Yifeng said in a serious manner.

“I go!”

Wang Mao and Ah Zhan were both baffled, four sister-in-laws, this is too

“That’s surprising? Actually you have a fifth sister-in-law, only she”

Wang Yifeng laughed smugly, but before he could finish these words, four eyes with killing intent fell on him at once.

At the same time Qin Bing’s voice rang out.

“Fifth sister-in-law? The one who was not caught in the last hotel arrest?”

“Who is that person?”

Song Nuan asked, frowning.

“Tell me quickly!”

Su Rou echoed .

“This Or else you guys should ask Ranzi?”

Wang Yifeng scratched his head in some embarrassment.

“Lin Ran!”

The four women turned and looked at Lin Ran at the same time, which caused Lin Ran to look like he was suffering.

“I say, let’s not talk about this in front of our friends, Wang Yifeng’s mouth runs trains every day, and you guys believe it too!”

Lin Ran said awkwardly.

“Yes, yes I run trains! My mouth is a train runner!”

Wang Yifeng was busy agreeing, while giving a dark wink to Master Yu next to him and whispering.

“Hurry up and call ah, these four are all yours”

“Understood!”

Before Wang Yifeng could finish his words, Master Yu smiled heartily and stood up at once.

“Good day to all the sisters-in-law!”

“Pfft!”

As soon as those words left his mouth, the entire water in Wang Yifei's mouth immediately sprayed onto the ground, and the two of them, Wang Mao, couldn't help but laugh as well.

As for the four women, they were petrified on the spot, a sixty to seventy year old man calling them his sister-in-law, what a joke.

"Are you stupid, Lin Ran is your master, can you shout!"

Wang Yifeng was so angry that he could not stand it.

Fortunately, at this moment, Master Yu reflected and was busy changing his tone.

"Mistake mistake, it's all the masters and mothers good, I'm Master's name-bearing disciple, my name is Yu Ziqiu!"

Hearing Master Yu shouting like that, all four of them were immediately a little embarrassed, Lin Ran saw this and was busy greeting the four of them as they sat down and ate their food at the same time!

The four women had not been together for a long time and had nothing in common with the three people Lin Ran had brought with him, so they chatted among themselves.

The four women's eyes showed admiration when they talked about the fact that Wang Mao was a war veteran, while Master Yu was the only one who talked to him from time to time.

The meal was a happy one.

The four women ate almost casually for a couple of bites and then ran off to the shopping mall in a group, shopping was their wail.

"Boss put on two bottles of wine!"

As soon as the four women left, Wang Yifeng immediately became addicted to alcohol and immediately ordered two bottles of white wine and poured them for Wang Mao Ah Zhan as well as Master Yu, as for Lin Ran he was not in the habit of drinking, so naturally he was ignored.

"Boss! Let's toast you!"

Wang Mao filled up a glass and got up directly to look at Lin Ran and said.

"Tea instead of wine!"

Lin Ran said with a smile as he lifted his cup.

As the wine went down, the conversation box was opened.

Lin Ran was also curious and asked a doubt in his mind.

"Old Cat, Ah Zhan, you guys shouldn't have suffered a lot in the transport company before, so why didn't you choose to leave? I see that you guys seem to be very short of money, can you tell me what's going on,?"

Chapter 669

"This"

Wang Mao sniffed a little hesitantly, but A Zhan, who was on the side, spoke with a grit of his teeth.

“Old cat, I believe in the boss’s character, and you have seen his medical skills, I have thought about it for a long time, even if the boss doesn’t ask, I will still beg him!”

Ah Zhan said and looked at Lin Ran solemnly.

“Boss, we do need the money badly, but not for us, but for one of our comrades!”

“A comrade in arms? Can you tell us the situation?”

Lin Ran became interested, the camaraderie between comrades in arms was something he greatly desired, that feeling of being able to give his back to someone else was something he only had with Wang Yifeng for the time being.

“Yes!”

Ah Zhan said after drinking a glass of wine in one go.

“In fact, the reason why we both retired from the army is entirely because of this comrade, he was the captain of both of us, and also the idol of both of us, but because of a mission, he broke both of his leg tendons, although he was later cured, but also has been considered half disabled, later he added even himself in order to be able to fully recover, resulting in the tendons completely collapsed, and now only in a wheelchair!”

“Ah Zhan and I have inquired that there is technology abroad to cure this disease, but it requires a lot of money, so the two of us have been enduring the humiliation in saving money, but it’s just a pity that it’s a drop in the bucket!”

Wang Mao added.

“Boss! Your medical skills are so powerful, you can definitely cure him right?”

Ah Zhan’s eyes were full of expectation.

“Boss! I beg you!”

Wang Mao’s eyes were also full of expectation.

“I can’t guarantee that either, but if you have time to take me to see him, you might have a chance!”

Lin Ran said seriously, his medical skills were indeed very high, after all, he had inherited them from the Xuan Yang Pharmacopoeia, but there were times when he could not say too much, after all, that comrade Lin Ran had not even met, now saying that he was 100% sure would definitely raise hope in Wang Mao’s heart, but then if he really could not cure him, then he understood how unbearable it would feel!

“Thanks a lot boss!”

Seeing that Lin Ran was willing to take a look, the two Wang Mao were already very grateful and immediately got up to give Lin Ran a toast.

“Ziqiu!”

Lin Ran put down the cup in his hand and looked towards Master Yu.

“My disciple is here!”

Master Yu still looked a little nervous and busily got up and said.

“No need to be nervous sit down and talk!”

Lin Ran waved his hand, gesturing for Master Yu to sit down, and then said.

“I see that your feng shui realm, you should be at the half-step Qi Watching realm!”

“Master Wise Eyes, it is indeed half-step qi-gazing realm, and it’s the only three realms I know! Bone touching, face reading and qi watching.”

Master Yu laughed to himself.

Lin Ran nodded at his words and laughed.

“That’s pretty good! After all, you’re feeling your own way! Give me your hand and I’ll take a look!”

“Good!”

Master Yu didn’t dare to be slow, and busily extended his hand over, Lin Ran put his hand on his wrist, and immediately a stream of true qi seeped into his body.

“Three of the nine veins are open, metallic, not bad!”

Lin Ran saw the full extent of Master Yu’s condition after a brief inspection, although he was a little older, it was not easy to get this far on his own.

“Master, I wonder what my next step should be?”

Master Yu was busy asking, before Lin Ran had not allowed him to ask, but now that the latter had taken the initiative to talk about it, he naturally had to ask more.

Lin Ran swept his gaze across the three of them and spoke.

“It’s like this, what I know now is actually quite one-sided, I can only rely on my own guesses and some information to give you guys my opinion.”

“Firstly, it’s you two Wang Mao!”

Lin Ran turned his head to look at the two men and said.

“I need you to make one thing clear, whether your favourite is martial arts or something else, such as feng shui, medicine and so on this is very important! It’s also about your future achievements!”

“Boss! I don’t have to think, I’ll definitely choose martial arts!”

Ah Zhan said straight back.

“Very good!”

Lin Ran nodded in satisfaction, then looked at Wang Mao.

“Boss, I I really can’t come up with a clear answer right now, can I think about it!”

Wang Mao was a little embarrassed.

“Fine! I’m giving you some time!”

After saying that, Lin Ran looked at Master Yu.

“Ziqiu, I understand your situation very well, you should just love Feng Shui, so your path and Ah Zhan’s path are two very different paths, so your methods will be different too!”

Lin Ran said.

Whirling, he looked at Ah Zhan.

“Ah Zhan, from now on, you will concentrate on learning and studying martial arts, and I will find you some powerful practitioners from time to time for you to fight, but you must remember that winning is not the aim, the aim is to see your own shortcomings from the other side! No matter what aspect, as long as it’s something you lack, you have to learn it!”

Lin Ran spoke with unusual seriousness, and added at the end.

“Even the movements that seem to you like they are fancy and completely meaningless, you have to learn them too, I know that grappling in the army is all about practical combat and not about the grace of the moves, but these you have to learn from now on too!”

“Boss, why?”

Ah Zhan was a little puzzled.

Lin Ran, however, smiled.

“Because I want you to map out the entire direction of the martial arts, all of it, just like putting on makeup, you have to know light makeup, thick makeup, and gaudy makeup, only then will you be able to pick the path that truly suits you in front of thousands of paths!”

Ah Zhan smiled thoughtfully, only he didn’t particularly understand yet.

“Don’t worry, you will understand when you have more chances to cross paths later!”

“And then there’s you!”

Lin Ran once again turned his head to look at Master Yu.

“In Feng Shui cultivation, it’s generally only when you enter the Qi Watching Realm that you open your nine meridians on your own! Meridians are usually best opened on their own and have the highest achievement, but you’ve already half-entered the Qi Watching Realm and you’ve only opened three meridians! So it’s already a bit late!”

“Then, Master, can I still be saved?”

Master Yu asked busily.

“Don’t worry, I’m telling you naturally to help you!”

Lin Ran said, taking out a piece of paper and writing some medicinal herbs on it, saying.

“You take this tomorrow, go to the office building I mentioned, find a man called Li Sheng, give him the list, and say that I, Lin Ran, sent you, and ask him to prepare a copy of the things on it for you, and the money is on me!”

“After you get the stuff, go to the shop and wait for me, in the evening I will open up the other six meridians for you and help you cross over to the Qi Watching Realm!”

“Thanks Thank you, Master!”

Master Yu’s eyes instantly reddened as he listened, he had been stuck in this realm for most of his life since he had half a foot crossed into the Qi Watching Realm, he didn’t expect to finally come across someone willing to help him after 60 or 70 years.

“Master! Thank you!”

Master Yu burst into old tears.

But just as Lin Ran was about to comfort him with a few words, suddenly there was a disdainful voice coming from next to him.

“Holy shit! See, an old man shouting at a kid for master, my god, there are really all kinds of strange things in Temperance City!”

“That’s right, I think this old man is just like an ordinary person, and that youth is also ordinary, this isn’t an act, is it!”

“Acting? Why don’t you call out to your father for acting, haha!”

Lin Ran and the others turned their heads to look and found that the people who were talking were a group of young people, they were wearing uniform clothes, very righteous, and each of them had a strong body and a strong breath, they were practitioners at first glance.

“These clothes?”

Suddenly, Lin Ran noticed the same style of clothes on these people, and on the chest, there was a big word “Qin” embroidered on it!

Chapter 670

“Let’s go, look at a bunch of softies, they don’t even dare to fart!”

The young man in the lead flung his long sleeves, his face full of disdain, while he had a clear scar on his face, as if he was really showing off his victory.

Both of them looked at Lin Ran, with anger in their eyes but not daring to explode easily, as they were both looking at Lin Ran’s attitude.

As for Master Yu, his face was even redder as he looked at Lin Ran, waiting for him to say something.

“Fuck you, is your skin itching?”

Wang Yifeng, however, didn't care about that at all and directly stood up from his chair, about to make a move at once.

"Fatty!"

Lin Ran spoke up to stop him, while looking up at the leading youth.

"Brother Buddha, this kid isn't talking again!"

The men beside the youth laughed at this.

The youth named Brother Buddha instantly laughed.

"He only dares to reprimand his own men, he must not be a wimp in front of Laozi as usual!"

"Ranzi!"

Wang Yifeng couldn't hold back any longer and looked at Lin Ran with anticipation in his eyes.

"Ranzi! What the hell is Ranzi, I think it's better to call him a soft egg!"

Buddha sneered, following which he turned around and was about to leave.

"Stop!"

Finally, Lin Ran spoke up.

"Yoo-hoo, you've come on strong, haven't you? Stand up for me!"

Hearing Lin Ran's voice, Brother Buddha was also energized and immediately pointed at Lin Ran and shouted.

However, Lin Ran didn't pay any attention to him, turning his head to look at Ah Zhan at the side and said blandly.

"Go on, he's a rival of sorts!"

"Good!"

Ah Zhan understood Lin Ran's meaning and instantly got up and walked towards the youth.

"Hey my ass! What's going on?"

The people behind Brother Buddha saw this and all surged up, but they were stopped by Brother Buddha and pulled.

"Don't come over, a little mongrel old man can still handle it!"

As the leader, he had his own pride, and with just one person coming from the opposite side, he naturally didn't care to have everyone fight in a group.

"Seeking death!"

Ah Zhan's face instantly sank, the anger he had just held in his chest burst out and his body lunged straight at the other side.

Ah Zhan belonged to the type of person who was explosive, like a fierce tiger descending from a mountain, every move was fierce and domineering, giving people an endless sense of oppression.

This man's body was agile and not very strong, but there was flexibility in his stance, like an enchanting snake, constantly confusing Ah Zhan and stimulating explosions.

"Bang!"

As expected, Ah Zhan's too rigid attack was caught by his opponent, and he immediately kicked him in the chest, fortunately he was physically fit, which only made him take a few steps backwards and not tumble to the ground.

"What's going on!"

Wang Mao saw the situation and was busy asking, he knew Ah Zhan best, his skills were top-notch in the army, but now he would actually suffer defeat at the hands of an ordinary man.

"I don't know, the other party is also very good at fighting!"

Ah Zhan said busily.

"Take it seriously, he's no ordinary man, he's one of the lowest level opponents on your path, I'm on a different path to you, I can't help you too much, but remember, learning! is the only way for you to grow!"

Lin Ran said again beside.

"One of the lowest level opponents on my path?"

Ah Zhan couldn't help but stare, a year ago in the army, out of the soldier king he was the strongest, but now facing the lowest level opponent on this path, he actually fell into a disadvantage, this was absolutely something he couldn't tolerate.

"Study! You have to know the ways of a hundred schools of thought in order to come out with a style of your own!"

Ah Zhan thought to himself.

At the same time, Brother Buddha was already charging over again, he was also considered a representative of the Qin family's younger generation, but now he had actually failed to settle an ordinary man with one move.

"Little Qiang still can't be beaten to death!"

Brother Buddha sneered, and with a change of body, he had already rushed over to kick Ah Zhan.

If in the past, according to Ah Zhan's style of fighting, he would definitely fight directly and hard without saying a word, but at this moment, his position direction including his stance was not good.

"Study! Must learn!"

"Dodge!"

The thought of dodging popped up in Ah Zhan's mind, something he would never have considered in the past.

Easily dodging this kick from his opponent, Ah Zhan had almost reached the direction of his opponent's back at the same time, Buddha's back was completely exposed inside Ah Zhan's line of sight.

"Fly!"

Only an explosive shout could be heard, followed by a kick from Ah Zhan, heading straight for Brother Buddha's back.

"Not good!"

Brother Buddha reacted, but it was too late, and his whole body was instantly sent flying by Ah Zhan's kick.

"Beautiful!"

Wang Yifeng immediately got up and clapped his hands and shouted, but Ah Zhan looked at Lin Ran with gratitude in his eyes.

However, Lin Ran did not help him much, but it was this little reminder that benefited him a lot, the opponent had just started to keep dodging and wandering, obviously figuring out his style of play, while Ah Zhan suddenly changed his feng brother and caught the opponent off guard, this was learning.

"This path may be very difficult, but the opportunity is rare, I, Ah Zhan, will not give up!"

Ah Zhan said to himself in his heart, he had never conceded defeat in the army, even if the path he would take later would be a different one, he would still not concede defeat, it was a pride that was deep to his bones.

"Brother Buddha! Brother Buddha!"

When the men at the side saw that Brother Buddha had actually lost, they were all killing each other and headed straight for Lin Ran and the others.

"Get lost!"

However, Lin Ran merely took a step forward, followed by a wave of his palm in the air, and immediately the men who rushed at the front immediately flew backwards, smashing the group behind them to the ground.

"You! Who are you!"

"Your strength!"

The group of men looked with horror in their eyes, the other party had slapped them away with just a slap in the air, this strength was something that only the elders of their clan could do, I'm afraid.

"Get lost, you are no match for me, if you want to take revenge, call your elders here!"

Lin Ran said indifferently, following which he sat down on his chair once more.

Ah Zhan and the others followed suit and sat down, the group didn't bother with Buddha and the others anymore.

"Good! Good boy, you wait for me! Our boss is here, so even if you kneel down and call me grandpa, it's useless!"

Brother Buddha was helped up and looked at Lin Ran viciously, his eyes filled with annoyance.

"Get lost or not!"

Lin Ran raised his palm and made a gesture to hit someone again, a scene that scared Brother Buddha into gagging, and he was busy turning around and running away in a huff with a group of people.

"Boss, I understand what you mean!"

Ah Zhan looked at Lin Ran with excitement in his eyes.

"There's only so much I can help you with, I haven't walked this path of yours, so everything will depend on you feeling your way!"

Lin Ran said indifferently.

"I understand boss!"

Ah Zhan nodded his head excitedly.

While the crowd was talking, Brother Buddha, who had just run away for a short distance, came back again, and the panic on his face had completely disappeared, replaced by smugness.

He pointed at Lin Ran and the others from a long distance and shouted.

"Brother Feng, that's them! You have to do it for us!"

"Brother Feng?"

Hearing this address, Lin Ran couldn't help but look over, and Wang Yifeng and the others followed suit, only to see a group of people from Brother Fo ahead surrounding a youth walking slowly over.

And beside this youth was actually followed by Qin Bing Song Nuan and the others.

When Lin Ran saw the youth's appearance, he instantly smiled.

He rushed straight to Ah Zhan and shouted.

"That youth, go and fight him! He has a treasure on him, it's up to you how much you can dig out!"

"Understood!"

A battle intent burned in Ah Zhan's eyes, and he immediately stood up from in his chair, and without saying a word, he rushed over to the youth.
