

Wonder Doctor

Chapter 691

“Does this have anything to do with that hanging coffin?”

Wang Yifeng said in disbelief.

Lin Ran smiled blandly at his words and said.

“The Meng family does not want to say, I can only go to the village to inquire for themselves, why they have to bury the coffin here, there must be a hidden agenda, if we do not understand clearly on the rash fall of the coffin, I am afraid that other things will happen!”

“No, isn’t this the Bureau of the Hundred Birds? They buried the clan here, is not because of this?”

Wang Yifeng wondered, he still remembered that when Lin Ran and others went up the mountain before, they discussed the feng shui situation here.

“Right boss, isn’t that the reason?”

Wang Mao and the two of them also wondered and asked.

Lin Ran smiled and shook his head.

“No, a hundred birds towards the phoenix bureau, there is no need for every loved one to be buried here, the terrain here is dangerous to bury a person is very costly thing, the Meng family is a business family, definitely will not do this kind of out of the way thing!”

“But now they have to let Meng Hang’s own sister’s body also buried here, which means one thing, they have a reason to have to be buried here, so it’s definitely not because of the Hundred Birds of Prey Bureau!”

Said here, Lin Ran frowned slightly and said blandly.

“If we don’t figure it out, this coffin fall must also still have hidden dangers, so we must figure out everything fishy in here! I can fall coffin at ease!”

.....

Although the Meng family has always stressed that the ancestral home is here, but really when Lin Ran and other people came to the nearby village to inquire up, this is found another problem, that is, the Meng family in this vicinity is not at all the old mansion, or they just stressed that the ancestral home is here, but here is no longer any trace of them.

“Grandpa, have you heard of this Meng family?”

Lin Ran handed a cigarette to the old man who was sunbathing in the corner and asked with a smile.

“Which Meng family? There is no Meng in our village!”

The old man took a sip of his cigarette face was full of laziness.

“This is the one who builds roads, the only road near your village!”

Lin Ran laughed helplessly, this is for a clue that will let the villagers know who the Meng family is.

“Ao, you said the one repairing the highway ah, that person is not our village, he is Shanquan village, but now Shanquan village are no one, that village has been completely deserted no one lives!”

The boss languidly said.

“Boss, still don’t have any clues!”

“Boss me too!”

At this time, Wang Mao and Ah Zhan also rushed over from the side, they came to the village down the mountain at noon and inquired for two hours, but there was no clue.

“Catch the pervert, catch the pervert!”

In Lin Ran’s mind hesitant how else to do, suddenly in the distance came the voice of an old lady.

Followed by Lin Ran and others saw, Wang Yi life head covered with a strange thing, from a family home ran out, while running also explained.

“Not the old lady misunderstanding, I just want to find a toilet, who knows that is your home bath room ah!”

“Good you fatty, peeped at the mother bath and still sophistry, mother today and you fight!”

The old lady in the back took her rolling pin and went straight to Wang Yifeng.

“Boss!”

Wang Mao two people look helpless, just want to ask if you need to help, was interrupted by Lin Ran waved his hand.

“Don’t mind him, this fatty has never been reliable!”

Said, Lin Ran continued to turn his head to look at the old man.

“Grandpa, then do you know where there are other people in this Mountain Spring Village? Even if there is only one!”

Lin Ran is not dead, has learned that the Meng family from the mountain spring village, if you can find a mountain spring village people to ask, at least to understand the situation can also be more.

“I told you, there is no one in Mountain Spring Village, it has been deserted for more than ten years, where to find someone!”

The old man said impatiently.

But at that moment, Wang Yifeng actually ran over from the side and shouted at Lin Ran.

“Ranzi, you fucking help the fat master!”

“Fuck off! Let you go peep at others bathing!”

Lin Ran gave him a white glance, but just as he finished speaking, he heard a “whoosh” sound, a black shadow flew directly over and hit Wang Yifeng’s head with a “bang”, immediately sprouting blood.

“Oh my God!”

A mother’s shriek rang out, followed by people disappeared.

“Holy shit! The fat master said he didn’t mean to do it, how come he still hit someone!”

Wang Yifeng was furious, looked up and saw that the woman chasing him had disappeared in a flash.

“What should I do now?”

Wang Yi life covered his head, very angry.

“The village, there is a kiosk, buy a band-aid on the line!”

The old man took a sip of his cigarette and said he didn’t care.

However, just as he finished speaking, he seemed to remember something, and fiercely “Huh” said to Lin Ran.

“Right kid, the village kiosk old Wang head of the daughter-in-law, seems to be the people of the mountain spring village, but has been dead for more than ten years, you want to try your luck, you can go to him to find out the situation! If not for this tossing and turning of them, the old man I really can not remember!”

“Okay, thank you, grandpa!”

Lin Ran smiled and handed him the whole pack of cigarettes, and then greeted the crowd and went straight to the kiosk.

....

The village kiosk Lin Ran and other people came to see, at this time and turn back, the old Wang head is still in the store doze, seems to be no business used to.

“Boss, come two band-aids!”

Wang Yi life went in and directly slapped a hundred on the table.

“There are on the shelf find it yourself!”

The boss was disdainful, did not even raise his eyelids, should be disgusted Wang Yifeng bought something not too valuable.

“Shit!”

Wang Yifeng cursed and ran over to find it himself, but the whole kiosk is cluttered, he searched for half a day but could not find it, angry.

“Boss, watch out, this fucking hundred dollars without change, hurry up and find band-aids for the fat master!”

“Good boss!”

Hearing this, the old king jumped up from the chair, smoothly put a hundred dollars into the pocket, and then quickly from the bottom of the shelf touched two band-aids.

“Shit!”

Wang Yilian saw the situation is speechless, it turned out to be at his feet, this hundred dollars spent really fucking loss to home.

Taking advantage of Wang Yilian’s band-aids, Lin Ran went up to talk to the boss, Old Wang.

“Old Uncle Wang, I heard that your daughter-in-law is from Mountain Spring Village? Do you know the Meng Meng family who repaired this road?”

Hearing Lin Ran’s words, Old Wang Tau’s face immediately sank and he said in a cold voice.

“No, I don’t know him!”

This reaction took Lin Ran by surprise, how come it seems like the Meng family is a plague in this area, no one wants to mention it?

“Old Uncle Wang, how about five hundred dollars and tell me what you know about the Meng family?”

Lin Ran also saw that this old guy loved money, and immediately took out five hundred pieces and put them on the table.

“Are you serious?”

The old king’s head looked at Lin Ran, his eyes dripping on top of the money.

“Of course I’m serious!”

Lin Ran nodded his head.

“Good!”

Old Uncle Wang saw this and directly kicked the money up, and then said.

“That’s right, my daughter-in-law is from Shanquan Village, and that Meng family is an old hometown, but more than ten years ago a flood, Shanquan Village has been flooded, Meng family also moved away a few months before that flood, so the rest I do not know!”

Said, the old Wang uncle came directly to the door to close the store.

Chapter 692

“Old Uncle Wang, five hundred dollars and you’re talking about this much?”

Lin Ran was a little speechless.

“What’s wrong with saying so little, I’ve told you everything I know, what else do you want? Do you want to go back on your word?”

The old head of Wang was not good-natured, followed by picking up his luggage and heading home.

Lin Ran saw the situation and followed.

“Not old Uncle Wang, don’t you know anything else about this Meng family? For example, why did they leave Mountain Spring Village back then?”

Lin Ran asked and answered.

When Old Wang Tau heard this, he was stunned and seemed to think of something and said with a frown.

“This thing really seems to have a little influence, listen to my daughter-in-law said, that Meng family is very smart, they lived in the mountain spring village for a lifetime, gave birth to a son, and then before the flood, the old couple died, that son left home do not know where to go!”

“I still remember, when my daughter-in-law said, before the flood, the old couple also said in the village, saying that the village is going to flood, let people hurry to go, but no one believed, and finally really flooded, when drowned a lot of people!”

Said here, the old king’s head face obviously became ugly a few points, frowned.

“And, I kinda said, later after the flood passed, there are people who went back to try to rebuild their homes, but as long as the people who went back ended up dead, my daughter-in-law is because she went back to see how her parents, came back and died!”

“It is said that this is the Dragon King fancy that place over there, to do their own bed, so go back to disturb the people are collected by the Dragon King!”

“Forget it, it’s been more than ten years, don’t want to talk about it!”

The old king waved his hand, turned around and continued walking.

“Old Uncle Wang, can you tell me the address of that mountain spring village?”

Lin Ran asked busily.

“It’s been decades, who still remembers!”

The old Wang head shook his head and said, at this time has reached home, he pushed the door and walked in, Lin Ran and others followed in and did not stop.

“Hmm?”

Lin Ran followed in, but just after entering the door he smelled a smell of Chinese medicine, and it was a very pungent kind, at least a dozen Chinese medicines mixed together in a decoction to have the smell.

“Old Uncle Wang, someone in your family is sick?”

Lin Ran asked, frowning at Wen.

“Yes, my son, is a neurological disease, are decades you think old man I a person really like money ah, if not anxious to my son to see the doctor, I have long gone below to find my daughter-in-law!”

Old Wang Tau's face is also full of helplessness, very skilled to the side to sit down, with the gate knife began to cut herbs.

Lin Ran found that the herbs still had dirt on them, obviously just picked from the mountains.

"Open a kiosk, earn some money so as to give children to see a doctor! Life is hard, who is not all to make a living!"

Old Wang said a handful of bitter tears.

"I say old man, then you are making a fortune today, see this in front of you? The famous little miracle doctor in Tanjiang City, you get him home, your son's disease that will be saved!"

Wang Yifeng said proudly at the side.

"Little miracle doctor?"

Old Uncle Wang was stunned at the words, looked at Lin Ran, followed by a laugh.

"But pull back, the old man what I have not seen enough Jianghu wandering doctors in my life, face reading, fortune-telling, burning paper people, eating herbs, the old man has seen not a thousand there are eight hundred, long ago do not believe in it!

Old Wang said also proudly took down a card from the windowsill, laughing.

"The old man I have asked the village chief to inquire about the most famous hospital in Tamagawa City, Tamagawa Hospital, and when the old man I save enough 20,000 yuan, I will take my son to see a doctor, by you charlatans for so many years, the old man has long seen through!"

"You say coincidentally, this one in front of you, is the titular honorary expert of Tamkang Hospital, the old man I said you are guarding the Tarzan invisible ah!"

Wang Yifeng laughed.

"What?"

The old head of Wang froze at the sound of his words and looked at Lin Ran, with doubt in his eyes.

"You Are you really a doctor from Temperance Hospital? Or is that some kind of expert?"

"Yes!"

Lin Ran nodded his head and admitted.

"Oops! Guilty and sinful, Lord Expert, this money is returned to you! Give it back to you!"

Old Wang Tau said and busily went to his arms to take out the money, but was stopped by Lin Ran.

"No, one size fits all, since I've come across your son's illness, I naturally need to take a look at it! Let's go!"

Lin Ran said, his tone firm without a trace of joking.

"Benefactor! I've really met the living Buddha!"

Old Wang Tau said excitedly, and immediately led the crowd into the room.

The room was very dim, the old king turned on the light bulb, still dim hard, but the crowd a little to adapt to see clearly the situation in the room.

A large bed, piled with clothes and quilts, cluttered!

And in one corner of the room, there was a large tank, a teenager was squatting in the tank, looking at Lin Ran and others in confusion.

“Xiao Tian hurry out! This is a big doctor from the city to see you!”

The old head of Wang greeted.

However, the child was ignored, eyes on the crowd, not a word.

“Kid, hurry up and come out! Why hide in the tank in broad daylight!”

Wang Yifeng said, this child’s tutelage is also too poor.

“Do not talk!”

Lin Ran suddenly spoke, the crowd saw his face gloomy, and thought something had happened, each spirit tightened up.

“Lin expert, my son he can not leave the water tank, usually nothing to squat in it, the water tank than the family bed are dear!”

The old head of Wang said awkwardly.

“Just call me Lin Ran, can you tell us about his condition first?”

Lin Ran said.

“Good!”

Old Wang Tau nodded his head busily and followed.

“I don’t know what’s going on with my son, he’s been soaking in the bath water tank every day since he understood, only occasionally coming out and walking around, then he goes back to soaking again!”

“Over time, the village people say my son has a mental illness, but I know that he definitely does not, although he does not like to talk, but his intelligence is absolutely no problem!”

Lin Ran smiled thoughtfully, immediately fished out a packet of ham sausage from the bag, shook it at Xiao Tian, and then threw it on the bed.

“It’s for you to eat!”

Lin Ran laughed.

Xiao Tian looked at him and after a moment actually said disdainfully.

“Who hasn’t eaten ham sausage, my father is the one who runs the kiosk, I eat it every day!”

“Hey! This kid really has no problem with intelligence!”

Wang Yifeng saw the situation and could not help but exclaim.

“Then you come out, I’ll give you beef jerky to eat!”

Lin Ran smiled and took out another pack of beef jerky.

“Really?”

Seeing the beef jerky Xiao Tian’s eyes immediately glowed, busy jumping out of the water tank, ran to Lin Ran.

Only then did Lin Ran and others notice that the child was naked and was not wearing a single garment.

“Sorry, sorry!”

Old Wang Tau ran to bring clothes to his son to put on, Lin Ran also handed the beef to him, but it was laughing.

“This beef jerky soak water is not good, you eat first before you go back to soak OK!”

“Mm!”

Xiao Tian nodded, immediately took the beef jerky and ate it.

And Lin Ran took advantage of the opportunity to put his palm on Xiao Tian’s head, pretending to rub his head, but in fact a strand of Medical Dao true qi had already invaded his body.

With the rapid invasion of the true qi of the medical dao into Xiaotian’s body, Lin Ran’s brow is more and more wrinkled up, after a few moments he was actually very surprised to find that there is actually a very weak breath fluctuation in Xiaotian’s body, and it is this breath constantly wandering in his body, so that the water in his body is rapidly flowing evaporated!

“This is The dehydration syndrome!”

Lin Ran’s heart sank and he already understood the cause.

Chapter 693

Ten minutes later, in the backyard of Old Wang Tau’s house, Lin Ran and the others were gathered around, and in the middle was none other than Xiao Tian, and his big water jar.

“Brother Lin Ran, this beef jerky of yours is so delicious, can you give me some more?”

Little Tian looked at Lin Ran with bewildered eyes.

“Fatty!”

Lin Ran greeted.

“Ranzi, don’t ah, fat master I didn’t spare all the way.”

Wang Yifeng was a little reluctant, he was also a foodie, at this time, when he saw that Lin Ran wanted his, he was also heartbroken.

“Less nonsense!”

Lin Ran impatiently urged, Wang Yifeng had to take out a packet and handed it over.

“Xiaotian, eat slowly, brother ask you a few questions, OK!”

Lin Ran handed the beef jerky over, while laughing.

“Mmm! You ask it!”

Xiao Tian ate a big bite, not caring at all what Lin Ran was going to ask.

“Xiao Tian, why are you hiding in the tank?”

“I like water, as soon as I leave the water I feel like I’m going to die of thirst, so I like to stay in the water!”

Xiaotian said.

“You nonsense, you soak in this every day, have you had a mouthful of water?”

The old king’s head did not have a good temper, at this time Lin Ran to see a doctor, he naturally did not want Lin Ran to be misled.

“I said, my skin can drink water, just like a frog!”

Little Tian Tian Zhen said.

Lin Ran smiled at his words, and then said.

“Then can you come out, brother give you more beef jerky!”

Lin Ran laughed, while gesturing at the two Wang Mao, the two quickly also took out their share.

“Good!”

Xiao Tian was completely attracted by the beef jerky, immediately jumped out and stood outside to eat it.

“There’s no rush, eat slowly!”

Lin Ran handed the beef jerky over, and then signaled the crowd not to speak, and everyone waited quietly.

A total of three packets of beef jerky, after Xiao Tian ate the first packet, it is clear that began to be a little impatient, several times to stop looking at the water tank, seems to want to go back.

“Xiao Tian, can not go back, go back can not eat beef jerky!”

Lin Ran busy said.

“Ah?”

Xiao Tian heard some reluctance, only to grit his teeth and continue to eat up.

And with the passage of time, Xiao Tian's attention obviously began to be a little unfocused, from time to time to look at the water tank, seems to have been about to hold back.

"Boss!"

Wang Mao two people look at the naive, this needle how to smoke like a big cigarette, a moment not to smoke can not help.

"Do not talk, look carefully!"

Lin Ran frowned.

The crowd stared at Xiao Tian, finally, after the second pack of beef jerky eaten, Xiao Tian's whole mood is obviously more impatient, he looked at the third pack, and look at the water tank for a while some do not know what to do.

"Ah!"

Suddenly, at this time, Xiao Tian is a fierce cry of pain, followed by turning around and running towards the water tank, but he turned around the crowd is to see clearly, only to see that at this time Xiao Tian's back, there is actually a piece of adult fist size range, became dry, as if the blood was drained, the whole skin is hanging on the bones.

"Don't talk!"

Lin Ran afraid that the crowd can not help it, immediately opened his mouth to remind, the old king's head is covering his mouth face like death, half a day can not say a word.

"Flutter!"

With a sound of falling water sounded, at once everyone saw that Xiao Tian jumped back into the water tank, and at the same time, the piece of dry skin on his back, is also filling up quickly, as if full of water.

"This This this, this is a fucking ghost, right! Water ghost!"

Wang Yifeng was surprised to speak a little incoherently.

"Boss, what the hell is going on here?"

Wang Mao two people also saw dumbfounded, they have not seen this situation at all.

"The Dragon King, this is still the Dragon King to claim life, poor my family's little day, more than ten years or did not escape, the Dragon King is looking for the door again!"

Next to him, the old king's head is finally unable to tense up, the whole person sits down on the ground, his face is pale.

"Help him up!"

Lin Ran greeted, Wang Mao two people immediately went forward to help the old Wang Tou over, Lin Ran saw that he was still crying and fussing, helplessly sighed and said.

“Old Uncle Wang, your son’s condition is a case of dehydration, if you still want him to live well and turn into a normal person alive, you should put away your bullshit!”

“Huh?”

Old Uncle Wang was dumbfounded and was busy looking at Lin Ran.

“Brother Lin Ran, you have a way right, please save Xiao Tian, as long as you can save him, old man I am willing to do anything!”

Old Uncle Wang said, seeing that Lin Ran did not speak, and thought that he said the reward was too light, and immediately added.

“By the way, aren’t you looking for Mountain Spring Village? As long as you cure my son, I will personally take you there, my daughter-in-law was carried back by me when she passed away, I know where the place is!”

“This is not a matter of Mountain Spring Village, I will definitely cure this disease!”

Lin Ran said.

“Your son this is the disease of dehydration, to put it bluntly, is that the water in his body simply can not store, that’s why he needs to soak in water, as long as you leave the water source will soon be dehydrated, just like sun-dried raisins!”

“This This is the Dragon King to claim life ah!”

The old king head listened to the face brushed white.

“What do you know?”

Lin Ran frowned and asked.

The old king’s head saw this but his eyes dodged, somewhat reluctant to say.

“If you still want to cure your son, you’d better tell the truth!”

Lin Ran said solemnly.

“I!”

Old Wang Tau looked hesitant, probably really for the sake of his son, he said with a fierce grit of his teeth.

“Okay, I’ll tell!”

“Back then, in fact, when my daughter-in-law went back I also followed along, we returned to Mountain Spring Village, but the sight in front of us stunned us, that back to the village, all All turned into human dried! My daughter-in-law immediately fainted from fear, I gave her for some water, and rushed to bring her back, but not long after she also went, died and those villagers a wipe!”

Said here, the old Wang head face is full of horror.

“I had thought Xiao Tian could escape this disaster, but now”

Old Wang Tau's face was full of heartache and resignation.

"My son is only fifteen years old, he is still young, but now he is"

The old king's head couldn't say anymore.

"Boss!"

"Ranzi!"

Wang Mao and Wang Yifeng also listened with emotion, especially the latter, who immediately snapped.

"Ranzi, there is definitely something fucking unclean in this mess ah, let's kill directly over to let the fat master I collect him, so that he does not continue to wreak havoc on the lovely folks here!"

"All right! What unclean thing, this has nothing to do with that thing!"

Lin Ran helplessly gave him a white glance, and then looked at Old Wang Tau.

"Old Uncle Wang, I will cure your son's illness!"

Said, Lin Ran gestured to Wang Mao two people to move Xiao Tian and the outline back into the house, and then looked at the crowd and said.

"You guys guard the door, anyone else come in!"

"Don't worry!"

Wang Mao two people solemnly nodded, Wang Yifeng also nodded, old Uncle Wang still wanted to say something, Lin Ran is already turned his head into the room.

"Are you sure it's that kind of thing?"

As soon as he entered the room, Lin Ran asked in his mind.

"Nonsense, Master Shu what I have not seen, this thing definitely did not run, you kid really good luck, hurry up to cure him, tomorrow we will go to get that baby! That thing here is a scourge, but you are different, just what you need!"

The pillow book smiled proudly.

"Mm!"

Lin Ran nodded, and immediately came to Xiao Tian's side.

"Xiao Tian, how about you take a nap first!"

Lin Ran smiled as his body hand pressed on Xiao Tian's neck, following the medical dao true qi into his body, and soon Xiao Tian fell asleep.

Chapter 694

The treatment process is very slow, originally Lin Ran thought that soon can be cured, but it turned out to be a whole two hours.

There is no way, this breath in Xiao Tian's body is deeply rooted, and has grown with him for more than ten years, so it is not really an easy thing to get rid of it completely.

"Hoo!"

When Lin Ran lifted his palm and completely forced this Qi out of Little Heaven's body, the sky outside was already dark.

"That's it!"

Looking at this white breath that was only the size of a hair hovering on the palm of his hand, Lin Ran couldn't help but sigh, it was the one that had plagued Little Heaven for so many years.

"Collect!"

Lin Ran took out a jade bottle, immediately put it away, and then walked out of the room.

"Brother Lin Ran, my son!"

As soon as he went out, old Uncle Wang greeted him and asked eagerly.

"It's already fine!"

Lin Ran laughed, his face also looked a bit pale, his physical strength was also a bit stretched after such a long time of healing.

"Good! Thank you!"

Old Uncle Wang was busy running into the room to take a look and saw that his son was lying on the bed sleeping, his hanging heart was then direction and he was busy running out again.

"Lin Ran brother, you say this is not the Dragon King to claim life, then my son what the hell is this situation ah?"

"The problem of water!"

Lin Ran said indifferently, followed by a line of people sitting on the chair, Lin Jean then explained.

"This situation your son appears, it should be a problem with the water! Although I'm not sure what happened inside the water yet, but it's definitely related to the water!"

"Water? Then how come I'm fine!"

Old Wang Tau wondered, for so many years, he and his son drank the same water, but he was fine at all.

"It's not the water from here, but the water from Mountain Spring Village!"

Lin Ran frowned.

Your daughter-in-law is from Mountain Spring Village, she must have lived in her house when she was pregnant, she must have drunk the water there too, that's why your son has this problematic water left in his body!

But this water should not be a very serious problem, so your daughter-in-law and your son are fine, and the real trigger should be the flood of that year!

“The flood of that year?”

Old Uncle Wang sounded even more baffled.

Lin Ran, however, smiled and said.

“Just imagine, suppose this situation of your son is because of a poison, and at first the dose of this poison in the water around Shanquan Village was very small, and people ate water every day without any problems, but suddenly the mountain flood broke out, and the concentration of this poison increased several times at once!”

“Then, the villagers returned to rebuild their homes and drank the water! All were killed! That day you and your daughter-in-law went back to see the situation, and your daughter-in-law fainted, and you fed her water, so she was also poisoned! This process, did you drink the water there?”

Lin Ran asked.

Old Uncle Wang was stunned.

“I I I was a sheep herder in the early years, I would bring my own cup of water on me, I have not drunk ah! Can before I went to my daughter-in-law’s house also drank the water there, just after the flash flood did not drink in!”

“That’s right, so you also have this poison in your body, but the dose is not much, so no outbreak! And your son, was brought out in the mother’s womb, resistance is not as strong as yours, that’s why this situation!”

Lin Ran said here, paused for a moment, and finally said.

“Think again, after so many years, is there still water in Mountain Spring Village?”

“This”

Old Uncle Wang immediately fell into deep thought, and a moment later said.

“There really is no more, I have been there once before, where it seems to have cut off the flow, leaving only a lake, they said the Dragon King is in there, I did not dare to drink it and ran back!”

“That’s it!”

Lin Ran nodded his head.

“After all this, the problem is still in that lake, so tomorrow you accompany us to walk a lie, we completely break this evil-doing thing!”

Lin Ran said.

“Good!”

Old Uncle Wang also nodded seriously, since the analysis of the cause, then he, as a villager here, and is deeply affected by it, is naturally willing to contribute this effort.

“Well, the time is late, we should also go, Xiaotian more let him rest and rest, in the future, you do not have to stay in the tank for a long time!”

Lin Ran laughed, got up and looked outside, it was already dark, and immediately said goodbye to old Uncle Wang.

.....

“Not Ranzi, is it true what you told Old Wangtou?”

On the way back to the mountain, Wang Yifeng asked inquisitively, he always felt that Ranzi was fooling that old Wang Tou.

“It’s true!”

Lin Ran nodded his head, can follow and said.

“Only this is my guess, the truth of the matter is still missing a ring!”

“Missing where?”

Wang Yifei asked busy, Wang Mao and A war also came over.

“Missing the link of the Meng family, why before the outbreak of the flood that year, the Meng family knew, and why, back then, the Meng family old couple did not leave, just let their son go, there are doubts, so tonight, we are here to find out this doubt!”

Lin Ran laughed.

“How to check in the middle of the night?”

Wang Yifeng wondered.

Wang Mao and Ah Zhan were even more baffled.

“Go up the mountain to investigate! The highest place, can you guys do it?”

Lin Ran turned his head to look at the three people and asked with a smile.

“Gulp!”

Wang Yifeng gulped, feeling a little duped.

“Ran Ranzi, this is a dozen mountains, who knows which one is the highest?”

“Naturally, it’s the highest one inside this Hundred Birds of Prey Bureau, I’ve seen it, it’s just over five hills!”

Lin Ran said indifferently.

“Five Five hills, you might as well kill the fat master!”

Wang Yifeng almost didn't spurt out a mouthful of old blood.

"What about you two?"

Lin Ran looked at Wang Mao and Ah Zhan.

"We have no problem, marching at night in the army is child's play!"

Wang Mao laughed.

"Then let's go!"

Lin Ran also did not bother Wang Yifeng, immediately led the two people and began to climb the mountain.

Wang Yifeng saw this and was helpless, but had to pat his butt and follow.

Five mountains, short, far is really fucking far, when Lin Ran four people came to the highest mountain, it was already three o'clock in the morning, Wang Yi life is tired only half life left, sitting on the ground said what is not willing to move.

On the contrary, Wang Mao and A war is much better, obviously thanks to their special forces origin.

"This is it!"

Lin Ran stood at the highest point, looking down, although it was night, but his eyes trended as if two lasers shot through all the darkness, taking in the whole situation at the bottom of the mountain.

"What a hundred birds towards the phoenix, this is clearly a hundred ghosts absorbing the spirit bureau! It's really a good move, and also poisonous!"

In just a few moments, Lin Ran had already gained insight into all of this, and his face suddenly turned ugly.

"Boom!"

Suddenly, a shocking thunderstorm struck down in the sky, and suddenly the entire sky was illuminated.

Wang Mao and the three of them were still wondering what Lin Ran was talking about, but it was this moment of light, and both of them were dumbfounded by what they saw.

It was as if they saw, in front of their eyes, a huge white skeleton appeared, lying on the ground, not knowing what it was sucking, the scene was simply too terrifying.

Chapter 695

"Ranzi, what the hell is going on here!"

Wang Yifei also saw such a scene, the same scared face surprised beyond compare.

"How the hell did I see an evil spirit! It's not a hundred birds!"

"This is a game within a game!"

Lin Ran laughed indifferently, while greeting.

“Let’s go, it’s time to go down the mountain, the coffin still has to fall at dawn!”

“Shit! No way, come all the way here just to come up and take a look at the scenery?”

Wang Yifei immediately despair.

“Will be the top, a glance at the mountains, stand high to see far, everything is understood!”

Lin Ran laughed.

At that moment, he led the crowd down the mountain.

“Boss, what the hell is going on here?”

Wang Mao and Ah Zhan asked, Wang Yifeng also asked at the side, not understanding what medicine Lin Ran sold in the gourd.

“Don’t worry, when it’s light we’ll drop the coffin first, then I’ll tell you all what’s going on!”

Lin Ran laughed, and sold a story!

“Ranzi, you’re a jerk, and now you’re still selling, really you!”

Wang Yilian said in a good-natured way, Wang Mao two is not anxious, smiled and nodded.

Another half-day trek, the four people are finally before dawn, back to the mountain where Master Yu and others, to see the crowd.

.....

“How is little friend Lin Ran?”

Seeing Lin Ran and the others return, Meng Lao was busy coming forward and asked, the night Lin Ran left was not peaceful, although the coffin was pressed by the corpse suppression talisman, that later in the night, there were still scratching sounds coming from inside, scaring some of the timid ones to pee on the spot.

“Well? Find a way?”

Meng Hang also came over, a serious face asked.

“Found it!”

Lin Ran laughed indifferently.

“What solution?”

Before Meng Hang could say anything, Immortal Niu, who was being held at the side, spoke up, staring at Lin Ran with a tense face, wanting to see what solution he would say.

Seeing that Meng Hang and the others were looking at him, Lin Ran couldn’t help but smile and said.

“Turbid Qi, I need some turbid Qi!”

“Turbid Qi? What turbid qi?”

The crowd was stunned to hear this, somewhat confused not knowing what Lin Ran was talking about.

“Simply put, is that you fart, and then just use the bag, or pull the stink also give me with a bag, anyway, what gas dirty and stinky, want what gas!”

Lin Ran laughed.

As soon as these words came out, everyone froze, including Master Yu and Wang Yifeng and others, and they all looked at Lin Ran dumbfounded, not knowing what this guy wanted.

“Haha!”

Suddenly, a loud laugh rang out, and the crowd looked to find that it was actually Immortal Niu.

“Haha! It is simply laughable, using farts still let people shit, you can fucking say some more bullshit way?”

Immortal Niu’s eyes were full of disdain, if he still had doubts about Lin Ran before, now this little doubt was gone, Lin Ran in his eyes was completely a liar who knew nothing.

“Little friend Lin Ran, is this approach of yours too”

Meng Lao said with a face full of embarrassment.

“Kid! You’re fucking playing with me aren’t you!”

Meng Hang, however, was already angry, and went forward to look at Lin Ran angrily with the intention of making a move at the drop of a hat.

“I’m not interested in you, I’ve already told you the way, it’s up to you whether you want to do it or not!”

Lin Ran said indifferently.

At the same time turned around and walked to the side and sat down no longer speak.

“Hey hey! Fat master I can say first, money we are recruited, the way has been said is that you do not do, it can not be blamed on us!”

Wang a life busy said.

“Master, you are really not joking about the way?”

Master Yu came over from the side and asked in a low voice.

“What do you think?”

Lin Ran looked at Master Yu and said indifferently, choking Master Yu back with a single sentence.

“Haha! This solution simply laughs me to death, if this can fall down the coffin, the old man Niu Xianren’s name is written upside down!”

On the side, Immortal Niu was still laughing, looking very excited.

“Young master now what to do ah!”

Meng Lao looked at Meng Hang and asked busily.

“What else can we do, do you have any other way?”

Meng Hang gave Meng Lao a white look and immediately greeted him with a wave of his hand.

“Why are you still standing there! All to the old man to shit and fart, gas are collected for the old man!”

“Er Okay!”

“Hey, what’s all this!”

A group of men heard the words are baffled, but take people’s money or have to work, one still ran to busy work.

“Kid, you really let the old man open his eyes, ah, let others shit, your approach is really great, simply like fooling fools!”

The Ox Immortal took the opportunity to come over and looked at Lin Ran and laughed, his eyes full of disdain.

“You don’t believe in my method?”

Lin Ran asked indifferently.

“Believe? You think I’m as stupid as they are, idiot!”

The Ox Immortal said disdainfully and immediately turned around to go back, but before he left he said.

“The problem here, the old man is not capable of solving, but you, a half-wit you think you have the ability? Later your next time is similar to the old man!”

“Is that so?”

Lin Ran smiled blandly at his words, lazy to pay attention to him, this cattle immortal is not able to eat grapes to say grapes sour, whether they are capable or not and why bother with him more.

.....

Under the urging of Meng Hang, just ten minutes, a group of people collected almost thirty bags of turbid gas, of course most of them just poop collected.

“What now?”

Meng Hang looked at Lin Ran, angry and furious, this approach is really too disgusting.

“Each person take a bag, stand around the coffin, face inside! The rest of the people will support the shelf, so that the coffin will not fall too fast to break!”

Lin Ran said confidently.

“Do not go quickly!”

Meng Hang was busy greeting, and soon a group of people stood in their respective positions, the scene became tense, success or failure will soon be clear.

“A group of fools, you really believe him!”

Seeing the opportunity coming, Immortal Niu immediately shouted at the top of his voice.

“Meng Gongzi, you guys back him so playful I can not watch, later if this coffin can not fall, can not let me go, after all, things to this can have nothing to do with me!”

“Shut up!”

Meng Hang impatience said.

“You are so confident? I can’t drop this coffin?”

Lin Ran turned his head to look at Immortal Ox and asked with a smile.

“Nonsense! Shitting can still fall down the coffin? You think I’m a three-year-old kid? If your coffin can fall down, I’ll eat all their shit!”

Immortal Niu was full of confidence.

Lin Ran smiled at his words.

“Good! Since you have such a big appetite, then I can only fulfill you!”

Saying that, Lin Ran turned his head and shouted at the crowd.

“Untie the bag and aim it at the bottom of the coffin!”

“Clap!”

The crowd unlocked the bag in unison, and immediately a stench filled out, simply unbearable stench, so smoky that the crowd could not help but cover their noses and eyes, no way simply spicy eyes ah!

“Ha ha! How did the coffin not move? Kid you are also worthy of the old man Play?”

The bull immortal is smugly laughing, but the words have not finished, the coffin hanging in the air in front really moved.

“Bang!”

“Bang!”

The suspended coffin fell down violently and was suddenly hanging in mid-air under the action of the bracket.

“Don’t fall yet!”

Lin Ran busy greeted, a side of the people waiting by the bracket to see the situation, inside began to put the rope, the coffin in the rope driven, is really slowly towards the dug grave fell.

Chapter 696

“This How is this possible!”

The Ox Immortal looked dumbfounded, his whole body froze, he did not understand why this happened at all, just some stinky gas, actually let the hanging coffin fall down, this is simply too bullshit.

“Rumble!”

The coffin quickly fell to the bottom of the tomb with the combined efforts of all the people, immediately someone jumped down and combined their efforts to send the coffin into the tomb, and then began to fill in the soil under the greeting of Meng Hang, and in less than ten minutes, the tomb had been erected.

“Little friend Lin Ran, it’s really impressive!”

Meng Lao walked over with a smile at this time, his face full of a stretched smile.

“Brother Lin Ran, many thanks!”

Meng Hang also walked over at this time, waving his hand aside, and immediately a text message went off on Lin Ran’s phone.

“The final payment has been called, brother Lin Ran want to see!”

Meng Hang laughed.

“No, the Meng family, I still believe in this credibility!”

Lin Ran laughed lightly.

“Boss is quick!”

Wang Yifeng saw this and couldn’t help but laugh, how could he not be happy when he made so much money on his first business.

“By the way little friend Lin Ran, what is this all about?”

Meng Hang busy asked, aside of Meng Lao is also full of doubts, do not know why and Lin Ran this method works so well.

“Impossible, this is absolutely impossible, kid what method did you use in the end, how can just a few bubbles of shit let the coffin fall, this is absolutely impossible!”

On the side, the Ox Immortal also came over, his face was full of shock, until now he did not believe that Lin Ran just let the coffin fall down.

“May not be possible, the coffin has fallen, the facts speak louder than words, as for the reason you want to hear I can tell you!”

Lin Ran blandly looked at the cattle immortal, and then took the drawings in the hands of a worker next to him, pointed and said.

“Look at the feng shui bureau here, from the bottom to the top is a hundred birds towards the phoenix bureau! Do you know what is most likely to appear in this feng shui bureau?”

“I don’t know!”

All the people shook their heads, they knew there.

“You don’t know either?”

Lin Ran curiously looked at the Niu Xianren, the latter’s face ugly, obviously also do not know, but the mouth hard or disdainful said.

“How can the old man not know, is not just a hundred birds facing the phoenix, the old man has also heard this play!”

“Is that so? Then tell me, what is the function of this hundred birds facing the phoenix?”

Lin Ran asked with a smile.

“This I really don’t remember!”

Immortal Niu scratched his head awkwardly and the crowd saw where they didn’t understand that this guy was an uneducated liar.

“Less nonsense, little friend Lin Ran you continue to say!”

Meng Hang interrupted the two, glaring at Immortal Niu and gesturing for Lin Ran to continue.

Lin Ran smiled lightly and continued.

“The reason is actually simple, a hundred birds facing the phoenix is exactly a very good feng shui bureau of gathering Qi, a hundred birds is like a hundred rivers, and the phoenix is like the sea, the water source of a hundred rivers will all pour into the sea, this is the key to this feng shui bureau!”

“Then what does this have to do with the coffin hanging and not falling?”

Meng Lao wondered.

“That’s the point!”

Lin Ran said with a faint smile.

“A hundred rivers converging into the sea is just a metaphor, while the hundred birds here are obviously gathering not water, but Qi! It’s that although this Qi cannot be seen or touched, it is real!”

“If I’m not wrong, the eye of this point is on the node of one of the breath, so when the breath comes to run into the phoenix this sea, it will appear that the coffin can not fall, in short, is this gas is topping the coffin, so let it fall!”

“Then you this shit, how is the solution?”

Meng Hang asked, he is really no way to think the two together.

However, Lin Ran said here, a side of Master Yu is already seems to understand, busy asked.

“Master, could it be hedging?”

“That’s right! It is hedging!”

Lin Ran laughed.

“Hedge? What do you mean?”

The others, however, were baffled, not knowing what this meant.

“The so-called hedge is the truth that yin and yang are mutually exclusive, both good and evil, mutually exclusive!”

Master Yu laughed, and by now he had understood it all.

Lin Ran smiled gratefully, and then looked at the crowd.

“This hundred birds towards the phoenix qi, is the natural breeding of the heaven and earth voluptuous qi, this feng shui bureau is also the auspicious bureau, so this breath must also be positive qi, and its counterpart is the turbid qi in the heaven and earth.

“I asked you to collect the turbid Qi, so as to oppose the positive Qi, to achieve the purpose of making the positive Qi temporarily cut off, the coffin can take advantage of the opportunity to fall into the eye of the cave!”

The words said here, has been very clear understanding, Meng Hang and Meng Lao listened to is jaw-dropping, the heart can not help but have admiration for Lin Ran, although the approach seems simple, but the breast ditch does not understand the reasoning, there are really not many people can think of this approach.

“Seconds! It’s really seconds! Old man this time is really open eyes!”

Meng Lao couldn’t help but exclaim.

Meng Hang at the side also gave a thumbs up to Lin Ran.

“They say that the little miracle doctor of Tanjiang City is true to his name, but I didn’t expect that his attainments in feng shui were also so high, it seems that I was wrong in thinking before!”

“Okay! The matter has been settled, so we’ll take our leave!”

Lin Ran said with a smile, but just turned around and saw an embarrassed-looking Niu Xianren on the side, and only then remembered that he still had a bet with this old guy just now.

“Come on, bring the bags over!”

Lin Ran greeted with a smile, and someone next to him immediately brought the bags over, all of which were

“Lin Little brother Lin Ran, you this What is this!”

Niu Xianren looked at Lin Ran with an embarrassed face, not knowing what to say.

“What for? You forgot the bet just now? It was agreed that if the coffin falls in, you will eat all this shit!”

Lin Ran a serious, immediately amused the surrounding people laughed, except for the Ox Immortal.

The Ox Immortal’s face was ugly and he stammered.

“I I that’s not You, or else forget it!”

The Ox Immortal really can't make it up.

Wang Yifeng on the side but came up, carrying a bag, and smiled at the ox immortal.

"Don't ah old brother Niu, as the saying goes, good food is not afraid of late, but also have to eat while it's hot, you're rubbish for a while, the food can be cold! You are not afraid of sticky teeth ah!"

"Huh!"

Lin Ran smiled and raised his hand in front of his nose and fanned it, scolding.

"Damn fatty, don't you feel disgusting!"

Said, immediately walked towards the mountain, lazy in hitching this ox immortal.

"Hey! No, then in the end is to eat or not ah, this bet is still counted!"

Wang Yi life a serious, turned his head to look at the cattle immortal.

"I am the most trustworthy and respectful of the elderly, old man or I will personally feed you?"

"You!"

The cattle immortal was so angry that he almost didn't turn his back, his heart regretted to the extreme, he had nothing to put that harsh words for what.

"Okay, you take your time, fat master I will not play with you!"

Wang Yifeng smiled and threw the bag in front of the cattle immortal, followed by chasing towards the mountain.

"Bastard!"

Immortal Ox was furious.

"Don't be an asshole! People are gone, now you'd better think about how to explain to me!"

Meng Hang stepped forward and grabbed the collar of the Ox Immortal and walked towards the mountain as well.

Chapter 697

An hour later, in the kiosk at the head of the village.

"Expert Lin, do you really not need me to go?"

The old head of Wang looked at Lin Ran, some disappointment, originally said that today let him lead the way together to go to the mountain spring village, but now Lin Ran is telling him, do not need him to go with.

"No, Mountain Spring Village is very dangerous, we should go by ourselves, the young genius has just recovered, can't leave people!"

Lin Ran laughed.

“That’s right, alright then! I have something here that you can use, be sure not to be polite to me!”

Old Uncle Wang said busily.

“Old Uncle Wang, you’re welcome!”

Lin Ran laughed.

“What are you polite for? You cured my son and didn’t even ask for a penny.

Old Uncle Wang said gratefully.

“Ranzi, the people are gone! It’s time to go!”

At the door, Wang Yifeng rushed in and said.

“Get ready to go!”

Lin Ran said precious, and then looked at Old Wang Tu.

“Old Uncle Wang, we’re leaving, take care of Xiao Tian, take care of Duo!”

“Hey!”

Old Uncle Wang nodded and answered, then he watched Lin Ran and the others leave the village.

.....

Lin Ran and others waited at the kiosk for a full hour, and only after all the people of the Meng family had left, did they continue to set off in the direction of Shanquan Village.

“Ranzi, now you can say what happened to that white ghost last night!”

Wang Yifeng asked curiously, this matter is still the most interested in him.

“Yes, master, tell me, I did not go with you guys last night, now think about it all regret ah!”

Master Yu was saddened.

“Just you? You follow you can not go, on your physique, afraid to die halfway!”

Wang Yifeng teased.

Lin Ran waved his hand to stop the crowd and said seriously.

“Now is not the time, when we get to the mountain spring village, no one is allowed to drink the water there, even bang is not allowed to touch, especially you fatty!”

“Ranzi you have said so, fat master I naturally will not touch, but there is really so evil?”

Wang Yifeng wondered.

“How evil I do not know, but there is definitely something wrong with the water there, if you do not want to also become dry corpses, then be honest! Otherwise I can’t even save you!”

Lin Ran said seriously.

His sudden seriousness really made the crowd couldn't help but gag, and understood that the place they were going to this time was really very dangerous.

.....

Mountain Spring Village, the distance is not far, but the place is too remote, plus no one has been there for more than a decade, the road is all shrubs and gravel, but fortunately, in addition to Master Yu, Lin Ran and others are very good physical strength, with them to open the road Master Yu also walked up a lot easier.

Originally only half an hour's journey, Lin Ran and others but a full walk for more than an hour, which came to the so-called mountain spring village site at noon.

Mountain spring village site, said the village, in fact, more like a large open space, look at it, in front of a large open space, in the middle of the open space there is a large lake, and all the open space is almost built around the lake, although now it is difficult to see the original village, but the residual house foundations, but can still glimpse some of the original building layout.

"It's really completely deserted!"

Looking at a large area of ruined walls in front of him, Master Yu could not help but sigh, people will have a special emotion for these old things when they get older.

"This is the mountain spring village ah, the people here will enjoy ah, around the lake to build a house, put now that is not the sea view house!"

Wang Yifeng teased.

"Come on, go over and take a look, remember what I said no touching the water here!"

Lin Ran solemnly reminded, and immediately walked towards the building remains next to the lake.

The entire remnants of the village foundations, very striking, the crowd turned here for half a day, in addition to the remnants of wood, is soaking rotten wood, the whole time there is nothing useful.

Lin Ran looked around the remains of the two circles, see no harvest, immediately took out the jade bottle, the bottle is the same yesterday from the small days forced out of the body of the breath.

"Later, no matter what happens, stay where you are and don't move!"

Lin Ran rushed to remind the crowd, and immediately opened the stopper of the jade bottle.

"Ranzi!"

Wang Yifeng was a little worried, not knowing what Lin Ran was going to do.

"It's okay!"

Lin Ran gave him a relieved look and then focused on the jade bottle.

The jade bottle didn't look the least bit different, but the aura inside it was gradually becoming restless.

It quickly surged out of the jade bottle, and then seemed to be sensing something, surging in all directions, followed by actually floating headlong towards the lake ahead.

Lin Ran saw the situation and quickly followed.

“Ranzi!”

“Boss!”

“Master!”

Seeing this scene, Wang Yifeng and others could not help but open their mouths and shout.

“Stand still!”

Lin Ran shouted, then no longer pay attention to the crowd, and self-conscious towards the breath will chase.

The breath went straight to the lake, followed without stopping directly into the lake, and instantly disappeared.

“Really at the bottom of the lake!”

Lin Ran’s heart was greatly alarmed, immediately ready to follow down.

“Ranzi, you’re fucking crazy, if you jump can still live!”

Wang Yifeng shouted.

“Master, you can’t think about it!”

Master Yu also hurriedly shouted.

Wang Mao and Ah Zhan did not say anything, but just clenched their fists and looked at Lin Ran deadly, they had the impression that Lin Ran was not an impulsive person, so they also believed in their hearts that Lin Ran must have his reasons for doing so.

“No time to explain to you guys, we’ll talk about it later!”

Lin Ran a few steps has rushed to the edge of the lake, clothes are too late to take off, the whole person directly jumped into the lake, and soon sank.

“Shit!”

Wang Yifeng saw the situation and could not help but curse.

“Fat brother, the boss must have his reasons, let’s wait a while!”

Wang Mao went forward to comfort.

Wang Yifeng had no choice but to sigh.

“I hope Master can come up alive!”

Master Yu prayed, but just as his words fell, something happened on the lake in front of him, and the crowd watching immediately had a chill in their hearts.

Only to see the lake ahead, Lin Ran jumped on the surface of the lake has not subsided, suddenly a small bird similar to a sparrow fell on it, but followed the bird instantly the whole body hands, and then became a dry corpse.

Followed by a “flutter”, the whole fell in.

“Shit!”

Wang Yifeng could not help but curse, heart also angry a trace of bad premonition.

The bird just touched the lake, and it became a dry corpse, then Lin Ran jumped in the whole person, then can still live?

“Master!”

Master Yu immediately knelt down on the ground, old tears, and had the intention of crying for Lin Ran.

“Boss!”

Wang Mao two people’s face also changed, heart some regret just now why not to stop Lin Ran, this jump, simply is no different from suicide ah.

“Ranzi! If you fucking die, what about the four aunts at home!”

Wang Yifeng couldn’t help but curse.

“Huh?”

Master Yu and Wang Mao were stunned to hear this.

At this moment, Lin Ran’s life and death were not yet known, this dead fatty was actually thinking about Lin Ran’s four aunts, simply heartless, do not force face ah.

Chapter 698

The lake soon returned to calm, and Wang Yifeng and others gradually turned from initial worry to anxiety, and the four paced back and forth on the lake, not knowing what to do.

“Fat brother, what are you doing?”

Wang Mao saw Wang Yifei rummaging around for something there, and busily went up and asked.

“Nonsense, find a way to save people!”

Wang Yifeng said in a good mood.

“Ranzi is Fat Brother my most powerful little brother, how could Fat Master see the death without saving!”

Saying this, Wang Yilian turned out two balloons from the backpack, and immediately thought of a way.

“Hey! What do you say I blow an oversized balloon to wrap myself up, and then jump in to save people?”

“Uh Seems not good, let alone the balloon will not explode, even if it does not explode, you wrapped in a balloon, how to go down to the bottom of the lake?”

Wang Mao said awkwardly.

He found that the more to this critical moment, this dead fatty is very unreliable, what the hell way to think, simply egg useless.

“Hey hey cut the crap! You see movement on the lake!”

Guarded at the edge of the lake A war suddenly opened his mouth and shouted, the crowd hurriedly ran over.

Only to see the surface of the lake, at this time a burst of ripples, many water bubbles floating up from the bottom of the lake, as if someone was gasping for air under the lake.

“It’s over, it’s over! Under the Rangzi is really going to return!”

Wang Yifeng slapped his thighs in pain.

“Fat brother, why do you say that!”

Master Yu was busy asking, he was the one who was most worried about Lin Ran here, and by now his eyes were swollen from crying.

“Nonsense, this blister must be Ranzi can not close the gas spit out, if this breath is scattered, he can still live under the water ah!”

Wang Yifeng said in a good mood.

Hearing these words, Master Yu immediately the whole person collapsed, directly kneeling on the ground, crying mourning.

“Master ah! You died so tragically, you haven’t even taught me the skills yet, how come you died!”

“This is really a white hair to send black hair ah!”

“Master, you died so tragically!”

“Shut up!”

Master Yu was crying, when a voice came from the bottom of the lake, followed by a splash of water directly from the surface of the lake, dousing Master Yu with a cold.

“Ah?”

Master Yu was stunned, did not know what had happened, looked ahead in a daze, only to see Lin Ran actually step up from the bottom of the lake, the body of the robe is not even a drop of water.

“It’s over! I’m dead, master fraud! Master fried”

Master Yu just opened his mouth and shouted, only to hear a “pop” sound, a slap from the side, followed by the voice of Wang Yi life cursing.

“What are you talking about? You old thing, cursing my brother! Ranzi is fine ah, this old thing is also too worried about you!”

Master Yu was said by this Ah words a wit, hurriedly screwed himself, and then looked at Lin Ran, saw that he was not a dream, then excited.

“Master is really you ah, you really did not die!”

Lin Ran was helpless and pushed Master Yu away with one hand.

“What, so eager for me to die!”

“No, dare not dare, it was Wang Yifeng who said”

Master Yu just wanted to explain, but was knocked a violent by Wang Yifeng.

“Do not talk nonsense ah, you to Ranzi cry mourning is also fat master I taught?”

“!!”

Master Yu was furious, but at this time, seeing Lin Ran is fine, Wang Yifeng this guy’s matter also forget, anyway, he is most worried about Lin Ran’s safety.

“Master, what exactly is under that lake ah, and how come you did not touch the water, water?”

Speaking of water, Master Yu suddenly froze, just now Lin Ran came up, seems to have splashed himself with water, that he

“Don’t worry blindly, the water here is already fine, I’ve solved it!”

See Master Yu scared half to death, Lin Ran helplessly laughed and said.

“Not Ranzi, what the hell is going on here!”

Wang Yifeng asked busily.

“Yes boss, what the heck is going on here!”

Wang Mao and Ah Zhan also asked in disbelief, it was all too bizarre to figure out.

“Well, the problem has been solved, so I’ll tell you a story!”

Lin Ran laughed, while sitting down on a stone on the side, sun screen and said.

“This mountain spring village, in the past, should be a very comfortable paradise, people living here for generations live happily, although not very rich, but at least live should be very good, thanks to the surrounding mountains and rivers terrain, is a situation of a hundred birds, so people here should be very healthy and long-lived.”

But then, the ancestors of the Meng family came here, and I don't know how they knew about this village, maybe these two were feng shui masters themselves, or maybe they were instructed by some feng shui master, and they came here with premeditation and settled down.

They gave birth to a son, the son is now the oldest person in the Meng family, and he single-handedly created the Meng family in Tamagawa City.

His parents are the ones who did not leave this mountain spring village back then.

"No matter what the reason is, it is obvious that his parents have lived here all their lives, in order to let their son soar to greatness in the future!"

Lin Ran said solemnly.

Wang Yifeng and the others listened to the clouds, but it seemed that they had caught a thread of something.

Lin Ran continued.

Do not know how they operate, but it is clear that the pair of ancestors of the Meng family, found the strange feng shui bureau around the mountain spring village, there is a bureau within a bureau, a hundred birds towards the phoenix and a hundred ghosts absorbing the spirit bureau.

It is likely that when these two feng shui bureau is not yet formed, or maybe this has always been there, this is not the point, the point is that the ancestors of the Meng family stared at these two situations, ready to use for themselves.

So, they began to plan the mountain torrent, in order to get rid of the people of Shanquan Village, so that this place completely and utterly the beginning of their plans.

Speaking of this, Lin Ran looked at the crowd with a bland smile and said.

"You guys carefully recall, last night you saw the hundred ghosts absorbing the spirit bureau, that hundred ghosts skeleton mouth aimed at where is the place!"

"This!"

Wang Yifeng three people instantly fell into a deep thought.

"It seems to be here!"

Wang Mao spoke up.

Lin Ran nodded his head.

"That's right, this is the place! This lake is the key to the whole thing, the point where the two feng shui bureaus meet!"

The hundred birds towards the phoenix converged the fortunes of heaven and earth and heaven and earth here, and the white ghosts sucked the spirit precisely from here, which was like a chain link, the hundred birds towards the phoenix transported the aura to the hundred ghosts, making them stronger and stronger, so that they could soar to the sky.

This is why, the Meng family to be buried in this uphill reason, they are buried in the location is the back of the hundred ghosts, with the hundred ghosts soar to achieve their own purpose of soaring!

“Holy shit! This is too much!”

Wang Yifeng was angry to hear.

“For their own sake, they just froze a village to ruin ah!”

“This is not the most ruthless, the most ruthless is that they didn’t expect the villagers here to be so fond of Mountain Spring Village that they came back later with many people, and they all ended up dying here tragically!”

Lin Ran’s face sank as he looked at the surrounding lakes and sighed.

“This is really one retribution for another, for their own sake harmed so many people, but now is found by me Lin Ran, took your things you, really do not know whether you are hateful, or those who died tragically back then is sad!”

Chapter 699

“Back then, the Meng family’s plan should not take into account that the villagers here will return, watching should not be the key point of the problem either!”

“The key point of the problem is actually on this lake!”

Lin Ran turned his head to look at the lake.

“The location of this lake is too good, the Meng family back then certainly did not expect that the hundred birds would have been a place to gather the breath of luck and would have given birth to the greatest treasure in heaven and earth, the water spirit pearl!”

Saying that, Lin Ran reached out and took out a small white bead, it was the water spirit pearl found from the bottom of the water.

“Water Spirit Pearl?”

The crowd looked stunned, apparently none of them knew what this Water Spirit Pearl really was.

“This water spirit pearl is a heaven and earth treasure, very rare, the Meng family obviously did not know that the hundred birds would condense this thing, and this thing is the murderer of so many people!”

Water spirit bead, is a convergence of the water elements in heaven and earth, and Lin Ran previously obtained the earth spirit bead belongs to the same five elements of the supreme treasure, but this water spirit bead apparently improper use of the consequences are very serious.

When the Meng family just want to converge the fortune breath in this lake, so that the hundred ghosts absorb the spirit of the Bureau for the use of their family members.

But it is ignored the overall direction of the mountains here, where the mountains are not, small mountain stretches, the overall combination and the dragon vein is connected, Yan is a land of dragon

scales, so the vitality is very strong, which led to a short period of convergence, and at the bottom of the lake, produced the water spirit pearl.

The appearance of the water spirit pearl, will inevitably absorb the surrounding water elements, while releasing a water attribute breath, and this breath once the person with water into the body, it will quickly steam the water in the body dry, thus turning the person into a dry corpse without flesh and blood.

This is also the reason why those who came back to try to build the village, died tragically, and why Meng Hang's own sister died so fishy.

"Then the son of the old king's head"

Wang Yifeng was a little worried.

"His son is fine, he has too little of this water breath in his body to survive, and now that the water spirit pearl has been taken by me, the lake here is no longer useful for killing people!"

Lin Ran said indifferently.

"Then boss, just now you jumped in how okay ah! And clothes are not wet!"

Wang Mao asked curiously.

"This is the kind I was talking to you guys about before, the power!"

Lin Ran laughed.

"That kind of power?"

Wang Mao and Ah Zhan smiled with envy, this was the reason why they lost to Lin Ran, it was because they didn't have that kind of power.

"You say this ah, fat master I also have it!"

Wang Yifeng said disdainfully, while probing his palm and pointing to a stone at his feet and chiding.

"Give the fat master me up!"

The words fell, the stone actually really "whoosh" flew up, but the force is too poorly controlled, directly "pop" on his own fat face.

"Aigoo, it hurts fat master!"

"See, this is the result of not cultivating properly!"

Lin Ran pointed at the fatty and laughed.

The group then left Mountain Spring Village, took the water spirit pearl, and the matter here came to an end. As for the Meng family, they couldn't blame Lin Ran for not being polite.

They were for their own offspring, or intentionally or unintentionally harmed so many people, the wind and water turn, God arranged Lin Ran to find here to take the water spirit pearl, is also God's will, in the end, everything has a destiny, which can only say that the Meng family's luck has come to an end.

Take away the water spirit pearl, the feng shui bureau at the bottom of the lake has been broken, the hundred birds towards the phoenix is also impossible to condense the qi at the bottom of the lake, let the hundred ghosts to absorb, this serial bureau has also completely lost.

.....

Back in the city, Lin Ran let the three go directly to the feng shui store, these two days have experienced too much, also have to give them time to digest, while Lin Ran is back to the clinic with Wang Yi life.

“Brother Lin Ran you’re back!”

Seeing the two Lin Ran come back, Luo Qiqi immediately ran out from the clinic, Lin Ran was gone for two days, she was alone in the store is not interesting, so she simply returned to the clinic to accompany Qin Bing.

“Why, only two days have not seen you brother Ran, want to want to fat master ah!”

Wang Yifei could not help but laugh.

“Die to the side, there is what you do!”

Luo Qiqi Qiao red face said.

“Okay, have a sip of tea first!”

Qin Bing brought two cups of tea over and handed them to Lin Ran.

Lin Ran took a sip, only to find that the worry on Qin Bing’s face gradually stretched away, not seen for a few days apparently this niece is also worried about himself.

“Well, I’m not fine, how is the clinic lately?”

Lin Ran asked with a smile.

“It’s okay, business has been a little slow lately, recently there have been various auctions and exchanges inside the city, many people have gone to see the fun!”

Qin Bing said.

Lin Ran smiled and nodded, before bumping into Qin Feng, the latter said that the Feng Shui world is going to rise, these auctions and exchanges, should be able to reflect in a sense the vastness of the matter this time.

“What day of the week is it today!”

Lin Ran asked after thinking about it.

“Tuesday!”

Qin Bing said back.

Lin Ran nodded, no wonder he hadn’t seen much of Xiao Nuan and Su Rou recently, these two girls should have gone to school again.

The time is now April, in a few months Xiaonuan should also graduate, then should meet more time.

“I’ll go up and take a break, call me if something happens!”

Lin Ran said, and immediately went upstairs.

“Why are you still going upstairs? I’m so tired that I’ll sleep on the sofa!”

Wang Yifeng said and fell on the sofa.

The two of them did not sleep last night, and climbed so many hills, long tired, at this time Wang Yifei even have the strength to go upstairs.

Lin Ran went upstairs, Luo Qiqi and Qin Bing busy again.

But soon, Qin Bing remembered one thing.

“Qiqi, has Jiang Yiyi left?”

“Sister Yi Yi? No, I don’t think so, I haven’t seen her!”

Luo Qiqi wondered.

“Before she said some tired, go up to rest will, should not”

Qin Bing said the face has changed, but the two have not yet rushed the stairway entrance, above came a cry of alarm.

“Lin Ran! I am your cousin, how can you!”

Jiang Yi Yi covered her chest and sat on the bed, looking at Lin Ran who was looking confused next to her, her pretty face blushed to the extreme.

“Yi Yi what are you doing here?”

Lin Ran is also a dumbfounded, he just went upstairs, is also sleepy, face did not even wash fall back to sleep, did not even notice that his bed actually slept with a woman, and also his cousin Jiang Yi Yi.

“No, you”

Lin Ran suddenly speechless.

“You didn’t notice that there was someone in the bed!”

Jiang Yi Yi was so angry that her pretty face was red, although Lin Ran looked quite handsome, but that is after all her cousin, that kind of relationship is certainly no play.

“I didn’t find it, who told you to sleep with your head covered!”

Lin Ran is also wronged very much.

“Forget it, anyway, there is nothing wrong, sleep on it!”

Lin Ran waved his hand and said, the two would not have been anything.

“What do you mean sleep on it, I have to marry someone in the future, okay?”

The company's face was red with anger, and it wanted to hang Lin Ran up and beat him.

“It does not delay you from getting married, can't you get married if you lie in bed with your cousin!”

Lin Ran helplessly said, in his opinion as long as nothing substantial happens, there is nothing to make a fuss about.

“You! You still want something to happen!”

Jiang Yi Yi's pretty face turned even redder.

Chapter 700

“No, who said that still want to happen in what ah!”

Lin Ran even more speechless, hurriedly digressed.

“Not how did you get here?”

“Nonsense, of course I came to look for you, it's been two days before I see you today, if you still don't come back today, this lady will leave!”

Jiang Yi Yi said in anger, at the same time busy from the bed down, lifting the quilt when the only time to find, Lin Ran actually did not wear pants.

“You! Aren't you tired, you haven't even washed your face, and you still have time to take off your pants!”

Jiang Yi Yi was so angry that her pretty face turned red to the root of her neck, she could not wait to find a crack in the ground.

“No, it's really not what you think, the pants are too dirty, I just dragged them by hand, besides if I really want to plot against you, you can still sit here fully clothed?”

Lin Ran is also helpless, how so unlucky what things have let him catch up.

“You You rascal!”

Jiang Yi Yi was so angry that she stomped her feet and would run out of the room.

“Hurry up and get out!”

“Not I still want to sleep ah!”

Lin Ran helpless, only of put on a big pair of pants, followed out.

“What the hell is going on?”

When he got outside, Lin Ran said helplessly.

“My father's business!”

Jiang Yi Yi gave Lin Ran a white glance without good grace, and followed by taking out a card.

“The Exotic Stone Auction Exchange?”

Looking at the large words on the card, Lin Ran was suddenly a little confused.

“What does this mean?”

“This is what my father found, he said you’ve been collecting some strange stones lately, he hasn’t been able to find them, he feels that this auction should be useful to you, so he wants you to come along and check it out, the time is tomorrow!”

Jiang Yi Yi said.

“Ao, then you can just make a phone call, but also come all the way here, almost lost his innocence!”

Lin Ran helplessly said.

“Bah! You think this lady is willing to come ah, if it is not your cell phone can not be reached even days, I do not bother to come!”

Jiang Yiyi said in a bad mood.

“Eh!”

Lin Ran then remembered that in the mountains for two days, the phone had no signal at all.

“Okay then, I’ll go straight to the place tomorrow and wait!”

Lin Ran said as he picked up the card.

“That’s more like it!”

Jiang Yiyi nodded in satisfaction and immediately got up and said.

“I’ll be there tomorrow too, dress nicely for me, otherwise I’d be embarrassed to say you’re my cousin!”

“Er Okay, I’ll try!”

Lin Ran helplessly said, his own clothes still want to still really do not have a few good-looking.

“Not try to, it is necessary! If you don’t have clothes, go buy two sets!”

Jiang Yi Yi said without good grace.

“Okay!”

Lin Ran had no choice but to agree, but when to buy, or wait until he woke up, now sleepy than a.

“Why are you still not going? Still want to continue to sleep?”

After waiting for a moment, seeing that Jiang Yiyi did not mean to go, Lin Ran could not help but ask.

“You! Who wants to sleep with you, stinking rascal!”

Jiang Yi Yi’s pretty face turned red with anger, and immediately turned around and ran downstairs.

“This nee-san, how is my cousin, how good it would be if she wasn’t!”

Lin Ran laughed and shook his head, immediately turned around and went back to his room and continued to huff and puff.

Jiang Yiyi came downstairs, her pretty face flushed red and did not dare to stay immediately to go, but was stopped by Qin Bing.

“Yi Yi, what happened to you? Why is your face red?”

“Ah? I have? Maybe it’s because I was too hot to sleep just now!”

Jiang Yi Yi said awkwardly.

On the side, Luo Qiqi was angry, molesting Lin Ran in front of her, which upset her.

“I’ll go first!”

Jiang Yi Yi’s pretty face flushed red as she instantly ran out of the clinic.

“Damn it!”

Luo Qiqi was furious, but Qin Bing laughed.

“What are you angry about?”

“Sister Bing, she and brother Lin Ran Just now And you’re not angry?”

Luo Qiqi wondered.

Qin Bing smiled at her words but laughed.

“Qiqi, Yi Yi is Lin Ran’s cousin after all, you should not worry blindly!”

“Huh? Also right O, she doesn’t have a chance!”

Luo Qiqi sniffed this is relieved, there are too many love rivals, she is also really afraid.

.....

The night without words, Lin Ran this sleep is simply faint, buy clothes? I don’t know where I forgot to go, I woke up and it was eight o’clock the next morning.

“Holy shit! Nine o’clock auction!”

Seeing the time, Lin Ran was also confused, hurriedly washed up and did not even have time to change clothes, wearing yesterday’s clothes and ran down.

“Where’s Qiqi?”

Once downstairs, Lin Ran saw Qin Bing, but did not see Wang Yifeng and Luo Qiqi.

“Kiki went home, listened to Wang Yifeng bragging about making so much money, went home to show off to his old man!”

Qin Bing laughed.

“What about Fatty!”

Lin Ran asked again.

“Went to the store, said he was going to see if he could get a single, so he could buy a gift for Xiaocui!”

Qin Bing did not have a good temper said.

“Er So what, is there a car at the door?”

Lin Ran asked awkwardly.

“Seems to be no more, the fat man drove your car out, said Porsche to talk business has face!”

Qin Bing laughed.

“Cao!”

Lin Ran was immediately confused, it seemed that he could only take a taxi to the auction today.

“What? Do you need help? Handsome?”

Qin Bing raised the car keys in her hand and smiled.

“Is the beauty free? Together!”

Lin Ran held the wall and posed a handsome pose and laughed, rather like a fresh meat seducing a rich woman.

“Look at you! Let’s go!”

Qin Bing laughed, picked up the keys and walked out of the clinic with Lin Ran.

The store also has less business, and it’s not a big deal if she’s not there.

“Why did you change the red color!”

Seeing Qin Bing’s red Ferrari, Lin Ran suddenly wondered, he remembered that before Qin Bing is not this car!

“This is thanks to your blessing ah, earn money to change the chant!”

Qin Bing laughed, took out the keys and gestured for Lin Ran to drive.

“You don’t have to drive it!”

Lin Ran said already on the passenger side, the heart is a little embarrassed, off their own blessing? The salary you give not to mention the Ferrari, the law junk can not afford to buy.

“Where to go ah?”

On the car, Qin Bing smiled and asked.

“World Trade Center! There is an auction at nine o’clock!”

Lin Ran said.

“Good!”

Qin Bing answered, and immediately stepped on the gas pedal, the car rushed out in a beastly engine sound.

This was the first time Lin Ran had seen how fierce Qin Bing’s driving really was, only half an hour’s drive was frostily driven by Qin Bing to fifteen minutes, a whole half of the time was shortened.

And the price is, Lin Ran whole person dizzy blackout, completely do not know where they are.

“Had enough of dawdling?”

The car was stopped for half a day, Qin Bing was unable to hold back, shouted at Lin Ran who was still lying on his chest.

“I ...”

Lin Ran back to God just want to speak, only then noticed that he was in front of a snow-white skin, nosebleed immediately flowed out.

“Is it nice?”

Qin Bing did not have a good temper, while unconsciously nodded his head.

“Is it soft?”

Qin Bing asked again.

Lin Ran did not answer, but the nosebleed flowed even more.

“That This I may not be awake, don’t mind!”

Lin Ran was busy drawing two pieces of paper to wipe off the nosebleed, followed by then got out of the car.

Qin Bing followed down, and only then did the two of them notice that the underground parking lot, which was not crowded, was now standing with seven or eight youths staring at the two.

One of the leaders was wearing a valuable clothes, a look at the rich generation, and even angrily looked at Lin Ran, cursing.

“Bastard! Good cabbage are fucking let pigs arch!”
