

Wonder Doctor

Chapter 711

“This time the matter is the fault of our Li family, but the Li family business is absolutely about credibility, if this time you do not want so, my son’s finger you feel free to take!”

Li Qian said angrily.

“After all, this matter is about the reputation of my Li family, the bet as long as you must fulfill, then you can break his finger, but also remember, my Li family is not paper-thin, since you want to count, we are one code to one code!”

Said here, Li Qian’s face sank and looked at Lin Ran in a cold voice.

“My son’s finger you can break, as the boss of the Li family, I will not make things difficult for you, but as a father I will fight with you to the end! It’s your choice!”

“You’re threatening me?”

Lin Ran’s face also hardened.

“That’s right! The danger from a father”

Li Qian said forcefully, but before he could finish his words, he only felt a blur before his eyes and followed Lin Ran and he was gone.

“Whoosh!”

A crisp air-breaking sound rang out, followed by everyone felt a black shadow flash before their eyes, the next moment Lin Ran had appeared in front of Li Qian.

At the same time, so people were surprised to see that Lin Ran actually had a sharp dagger in his hand at some point, and the blade of the dagger was already on Li Qian’s neck.

“You!”

Li Qian was really shocked, cold sweat immediately appeared on his forehead, at this time as the boss of the aura vanished.

“You’re threatening me a look!”

Lin Ran coldly said, with killing intent in his gaze, Li Qian had no doubt that if he dared to be tough half a point, the sharp dagger instantly chance to cut through his neck.

“You What the hell do you want!”

Li Qian face ugly.

“Do you think I dare not break your son’s finger? I am disdainful and too dirty to get my hands dirty!”

Lin Ran let go of the dagger and kicked Li Qian in the stomach, the latter flew backwards in response.

“And your Li family, what is it in my eyes! Do you really think you can do whatever you want just because you have some stinking money? Gambling with my woman, I should have expected the result now!”

Lin Ran watched Li Qian fall to the ground, his gaze only slightly softened.

“If it wasn’t for the sake of your Li family’s only child, just because he said let my woman as a bet, he is already dead!”

Lin Ran said indifferently.

“You!”

Li Qian got up with difficulty, covering his stomach, his heart regretting to the extreme.

Had he known that his son had messed with such a ruthless character, he would have preferred to pretend that nothing had happened, there are times when a foolish son can really ruin the foundation that a family has worked hard to bed down for years.

“All right! One size fits all, I’ve made it very clear about your son, I won’t take the finger, if you’re not convinced feel free to come over, only then I’ll want not his finger, but his life!”

“Good!”

Li Qian spat out blood and said aloud.

“Fast enough, then I Li Qian also put the words here, this time is the dog son offended Lin Ran you, as the Li family I have nothing to say, the junior things I do not intervene, he is willing to find you revenge that is his business, not revenge then, if revenge life and death each fate, and I have nothing to do with the Li family!”

“Wow!”

This word, immediately the surrounding people have issued a clamor.

Li Qian this word is simply to give up the Golden Tooth Li, what own revenge, on Lin Ran this hand how revenge? There is no hope at all, his words are clearly knocking his own son, be a man to know the time, in and Lin Ran as an enemy, your old man can not protect you.

“Brother Lin Ran, I was wrong! It’s all because Meng Shan encouraged it, I’m really wrong! I apologize to you!”

Golden Tooth Li also understood the current situation and hurriedly kowtowed to Lin Ran and begged for forgiveness.

But Lin Ran didn’t pay any attention to him and continued to look at Li Qian.

“Boss Li, your son’s matter ends here, I came here today to buy something, not to discipline your son for you!”

Saying that, Lin Ran pointed to the items in the field and said.

“Is this item still for sale?”

“Sold!”

Li Qian gritted his teeth and said, this was the Li family’s reputation he couldn’t help but maintain.

“Good!”

Lin Ran laughed and clapped his hands to the side, immediately a silhouette ran over from the crowd, it was Jiang Yi Yi!

“Cousin, you’re so handsome!”

Jiang Yiyi is committing nymphomania, handing the former the three things Lin Ran explained.

“So good! Cousin treat you to dinner later!”

Lin Ran laughed, while placing the three items on the table, and then walked over without haste to take the other two items, a total of five items all placed on the table, precisely the five pieces of strange stones for this auction.

“These five pieces, I Lin Ran want, check out!”

Lin Ran looked at Li Qian and said blandly.

“Good!”

Li Qian gritted his teeth and waved his hand, someone next to him immediately went forward to butt in and settled the bill.

“Little friend Lin Ran, is there anything else?”

Li Qian looked at Lin Ran, there was anger in his eyes, but there was nothing he could do, he only hoped that Lin Ran would leave as soon as possible.

“Nothing, I’m done with my purchase, but there’s still something I have to give to Boss Li!”

Lin Ran laughed.

“What is it?”

Li Qian’s face sank, and a bad feeling rose in his heart.

“Come but not go, this gift is to return the threat you made to me!”

Lin Ran smiled lightly, his hand picked up the broken stones left by the stone cutting aside, and turned around violently to directly hit all the stones in his hand.

“Pop, pop, pop, pop.”

A series of glass shattering sounds rang out, and the crowd clearly heard that there were a total of five glass shattering sounds coming from the glass, apparently there were five glass covers containing things that were broken.

“Everyone!”

Lin Ran suddenly looked to the crowd and said aloud.

“There are a total of two hundred and thirty-three lots here, I, Lin Ran, bought five, and Li Mengshan, the Golden Tooth, lost a bet with me to my uncle, so there are two hundred and twenty-seven pieces left!”

“Just now I broke the glass cover of five more pieces, and the remaining ones are two hundred and twenty-two pieces, now I, Lin Ran, tell you!”

“This two hundred and twenty-two pieces, the value of all more than the price tag, as to buy or not to buy depends on yourselves, do not feel at ease can also buy the original price to sell me, anyway, I do not mind the money!”

“And I broke these five pieces, all are eye candy, you can see clearly!”

“Wow!”

Lin Ran’s words, so people froze, followed by all of them moved, one after another to run to grab the stone, the scene as if crazy.

Just kidding, no one is stupid if there is money to be made, just before Lin Ran and Golden Tooth Li bet that game, they all saw in the eyes, Lin Ran’s eyesight is definitely worth trying them out, as for selling to Lin Ran? They are not short of that money, can make money, who will be cheap others.

It was only Lin Ran who said the secret in order to return a big gift to Li Qian.

“Lin Ran you!”

Li Qian face ugly, palms unconsciously clenched into fists, although Lin Ran so far, his batch of goods in addition to those five pieces can not be sold, the other can certainly be sold, but in the end is only to sell a price tag.

The majority of the remaining profit, or these people present to buy away, in the business world, no profit is a loss, this is the more ancient unchanging truth.

Lin Ran looked at Li Qian and smiled blandly.

“Come and go is not a gift! Boss Li, you are not at a loss either!”

After saying that, Lin Ran looked at Qin Bing and smiled, and then took the latter’s hand and walked out towards the door.

“Lin Ran, wait for uncle!”

Jiang Sanshi saw this and was busy following him.

“Cousin and me!”

Jiang Yi Yi also followed.

“Hey hey! Golden turtle son-in-law and your second eldest uncle me!”

Luo Ding was also busy following.

Chapter 712

“Old Luo how you also followed out, not hurry to grab something?”

Doorway, Jiang Sanshi look also speechless, he followed out even if it is, how Luo Ding also followed out.

“You think I’m old and confused, things are dead, people are alive, Lin Ran this golden son-in-law, hey! No one really stop me, our Luo family wants it!”

Luo Ding said in a serious manner.

But Lin Ran was a little embarrassed by these words, even the son-in-law is still robbed these days.

“You old thing, you don’t have any decent behavior!”

Jiang Sanshi said in no good humor.

“Old Jiang, don’t be envious, who made you his uncle, this golden turtle son-in-law you Jiang family has no chance!”

Luo Ding laughed smugly.

“Hey I say, you still say you are not old and confused, I am his uncle, even if he becomes your Luo family’s golden tortoise son-in-law, then I am also his uncle!”

Jiang Sansi said unconvincingly.

“Come on, these days, the uncle is not as close as the old husband, besides, after the door, but still love our Qi Qi, three days to run to our Luo family, you ah die this heart!”

Luo Ding laughed.

Jiang Sansi still wanted to say something, but Jiang Yiyi on the side was unable to look at it.

“How old are you two together, you are still fighting here, cousin Lin Ran is leaving soon!”

The two people smiled and were busy looking at Lin Ran, and they really found that Lin Ran had already gotten into the car and seemed ready to leave.

“Hey, hey! Don’t go, little friend Lin Ran!”

Seeing this, Luo Ding was busy running over, appearing to be even closer than Jiang Sanshi.

“Sorry about that, you go back first, I’ll be back soon!”

Inside the car, Lin Ran gently kissed Qin Bing on his forehead, with an apologetic face.

“It’s okay, it’s been a great day!”

Qin Bing laughed heartily, she was already really happy to be able to come out and play with Lin Ran for a day.

“Little fool, only you are so easily satisfied!”

Lin Ran smiled and rubbed Qin Bing’s hair, but his heart was a bit indebted, the time he spent with Qin Bing was actually the shortest.

“Women are supposed to be easily satisfied, all right, you go ahead! They’re already here!”

Qin Bing laughed, and then said goodbye to Lin Ran, don’t drive away alone.

She was smart enough to see Luo Ding following her out, and could already guess that the latter must have been looking for Lin Ran for something as well, so she chose to go back on her own first.

After all, Luo Ding was Luo Qiqi’s own niece, so if Lin Ran were to take a trip out with Luo Ding, it would be somewhat inconvenient for her to follow.

“Little friend Lin Ran, scared old man, I thought you were leaving!”

Seeing that Lin Ran didn’t leave, Luo Ding was relieved.

“Senior Luo, you are looking for me for something?”

Lin Ran asked with a smile, although Luo Ding did not say, but he understood that the latter must be looking for himself something, otherwise he would not have stayed alone.

“Qin Bing has left!”

Luo Ding was a bit embarrassed, he was a smart person and he understood the fishy nature of it.

“Mm!”

Lin Ran nodded his head.

“That’s right, when I see you today I really have a feeling of friendship in past years, how would I like to invite you to my home?”

Luo Ding laughed.

“Good old man Luo, you really want to dig the wall, your Luo Qiqi is not your daughter, what are you getting close to!”

On the side, Jiang Sansi and Jiang Yi Yi also followed.

“Look at your words, really level, Qiki is my own niece, I am her second grandfather, in the future Lin Ran will also call me second grandfather, second grandfather looking for a cup of tea to catch up, what is the problem?”

The first thing you need to do is to get a good idea of what you want to do.

Jiang Yiyi on the side but listened and laughed.

“Uncle Luo, you and cousin Lin Ran, catching up on old times? Is there an old time to catch up?”

“Hey, you little girl liar, do you understand the metaphor? This is a metaphor!”

Luo Ding was furious and immediately looked at Lin Ran.

“Little friend Lin Ran, you must give this face!”

“Senior Luo, don’t worry, the fact that I didn’t leave already says it all!”

Lin Ran laughed.

“See, it’s still little friend Lin Ran who knows how to behave, you guys!”

Luo Ding pointed at Jiang Sansi and his daughter and laughed.

“Okay, okay, no more nonsense, I really think I don’t know what you’re thinking, hurry up and go! I’ve been coveting your collection for a long time, so I’ll let Lin Ran go and see if it’s real or not today!”

Jiang Sansi said.

“Collection? What collection?”

Lin Ran was stunned to hear that it looked like Luo Ding had a collection that he needed to appreciate.

“It’s a pair of calligraphy and painting, he said it’s the real Wang Xizhi, today it just so happens that you are here, let’s go and open our eyes, by the way you also help to identify it!”

Jiang Sansi said.

“Wang Xizhi’s real handwriting?”

Lin Ran heard a stunned, heart is surprised, Luo Ding trend has greeted over the car, immediately pulled Lin Ran up.

.....

Wang Xizhi is a very famous calligrapher in ancient times, but also has a calligraphy saint beauty, this person’s masterpiece “Lanting Preface” is also known as “the world’s first line of calligraphy”, its influence can be seen.

To get his authentic calligraphy and paintings, not to mention its value, just this luck, are beyond the reach of ordinary people.

“Oh, I almost forgot, today the calligraphy association’s president Wang also returned, fortunately! Fortunately, we’re heading home now!”

Suddenly, Luo Ding said with a burst of hindsight.

“President Wang? Which President Wang?”

Jiang Sansi smiled but his face sank, seemingly somewhat unhappy.

“Er It’s the one you don’t see, President Wang!”

Luo Ding helplessly said.

“Humph! It’s really him, what’s he doing here? An old man who fishes for fame, can’t do anything, as a president really thinks he’s a great calligrapher!”

Jiang Sansi said disdainfully.

“This president Wang used to talk about my father, saying that he is a dirt bag, do not know how to calligraphy, so my father disliked him, this person is also really annoying, in fact, calligraphy is not good!”

Jiang Yi Yi explained at the side.

Lin Ran smiled and understood, dare to say that this Wang See Ren Wang president, is also a wine bag, only action superficial calligrapher.

“It’s okay, if he still finds trouble with uncle later, I will definitely stand up for him!”

Lin Ran laughed.

“Really? Then I can wait, he will definitely still find trouble with father!”

Jiang Yi Yi laughed, while also looking forward to seeing how he was going to teach that Wang Mian a lesson.

“Little friend Lin Ran, when you see President Wang later, you still have to be polite ah, he is a man who is very concerned about face, so you know!”

Luo Ding laughed somewhat embarrassed.

“Senior Luo don’t worry, I am naturally courteous!”

Lin Ran laughed, but in his heart, he said to himself.

“I’m sure I’m courteous, but what you think of yourself, then I do not care! Chinese culture is vast and profound, the mouth grows on itself, I can still control how you think about yourself?”

While the people were talking, the car had arrived at a villa area, which was obviously Luo Ding’s residence.

Open the door and get off, Luo Ding immediately led the crowd into the house, but just entered the door, a figure directly pounced, Lin Ran before he could react, a familiar scent into the nose.

“Qiqi! What are you doing here?”

Seeing Luo Qiqi, Lin Ran also ate already, this Niko is not to find their own father? How suddenly appeared here.

“My second eldest called me about it, so I rushed straight here! Father I have seen, naturally want to come to see you ah!”

Luo Qiqi laughed, looking at Lin Ran with eyes full of light.

Seeing this, Luo Ding couldn’t help but smile and came up to Lin Ran’s ear and laughed.

“Kid, go for it! Second master is looking at you! Only you can subdue this nee-san of Qiqi!”

Chapter 713

“Second master, what are you talking about?”

Luo Qiqi beamed her small mouth unhappily.

“Nothing Nothing was said, I’ll go and arrange it first!”

Luo Ding smiled awkwardly and instantly slipped into into the inner room.

Lin Ran was greeted by Jiang Sansi and sat down, and only then did his gaze have time to take a look at this villa of Luo Ding.

The layout of the entire room was very elaborate, the front was bright and the back was blocked, whether it was ventilation or lighting, even to the placement of furniture throughout the room, it was obviously directed by someone.

“This old Luo, usually most believe in what feng shui say, you say coincidentally if he knew you how feng shui that powerful, I’m afraid on the spot to worship you as a teacher can do!”

Jiang Sansi laughed at the side.

Lin Ran listened to also could not help but smile bitterly.

“So senior Luo Ding is also interested in feng shui!”

“That’s not true, as you can see, when this house was first built, he had no less than ten feng shui masters come over and eventually repaired it to its current state!”

Jiang Sansi laughed.

Jiang Yiyi, who was not interested in this, pointed to a group photo on the wall and asked.

“Father, who is that fat person holding a pair of calligraphy and painting in his hand?”

“Which one?”

Jiang Sansi sniffed and looked, but then his face turned gloomy.

“Who else could it be, that bastard Wang Jianren! He’s just a moral man with a vain appearance!”

“He is Wang Jianren?”

Jiang Yi Yi also seemed to have never seen this person, looked a little surprised.

“Why does he look like a pig

The words of Jiang Yi Yi just reached his mouth, before he finished, only to hear the door is actually a “click” sound, the room door was actually pushed open from the outside.

“What do I look like?”

At the same time a cheerful laugh also came in.

Lin Ran immediately saw that a fat old man with an oily face was shaking his belly and walking towards him, his eyes were squinted, and he didn’t know if he couldn’t really open them, or he was too fat.

The neck is even carrying a string of antiques, the whole person does not mention how awkward it looks.

“What do you say look like?”

Jiang Sansi saw Wang see people, no good cold hum.

“Yo! This is not Jiang Sanshi, how come you are also here? You also did not say in advance, had I known you came over, I would not have come!”

Wang saw people unapologetically said directly.

“Uncle Wang listen to your words, is the former my father money? It does not matter, our family conditions are not bad, I made the decision you do not have to return!”

On the side, Jiang Yi Yi directly interjected, the words, at once Jiang Sansi laughed, while Wang See Ren is a hard face down, he stroked his beard cold hum.

“Where is the little girl from, with the old man here no big and small, I and your father to talk in your turn to jack?”

“Hm?”

Jiang Sansi saw this and was just about to speak, but suddenly Lin Ran on the side was smiling and spoke.

“This must be President Wang, right?”

“Hm? You know me?”

Wang See Ren smiled when he heard that, mentioning the title of president, he couldn't mention how good he felt in his heart, especially when someone he hadn't even met recognized him directly, which made his vanity burst even more.

“Aiya, long time admiration, I am your loyal fan, and her she is also ah!”

Lin Ran was busy pointing at Jiang Yi Yi.

“Is that so? For the sake of you two little guys who still have a good eye, old man forgives your recklessness!”

Wang See Ren laughed smugly, while raising an eyebrow at Jiang San Si and smiling.

“Jiang old brother, ah, not I say you, a big age nothing more to read books, to improve their literary literacy, look at the two juniors know the old man, know the importance of calligraphy, and you? All day long is either a stone or a rock, do you live an interesting life?”

“Do you care if I live a meaningful life? I just like rocks, so what? Why do you write calligraphy without rocks? You don't even have ink, you write with bile!”

Jiang Sansi sneered.

Lin Ran laughed at his words.

“Uncle, this is not medically proven, but as a doctor I feel that it is perfectly fine, and according to President Wang's figure, I'm afraid this bile can paint a Qingming Shanghe Tu!”

“Pfft.”

Jiang Yi Yi and Luo Qi Qi could not help but laugh, even Jiang San Si could not help but narrow his eyes, obviously also laugh.

“Kid! What do you mean!”

Wang See Ren’s face instantly sank, looking a little angry.

“What’s wrong, President Wang? You are angry? Shouldn’t be, the hall of a session of the president, and the cultivation of calligraphy, so easily angered can be a bit unbecoming ah!”

Lin Ran said with some surprise.

“Who Who is angry, I just want to say, you use improper words, since also like calligraphy, then you need to study more about the things left by the old ancestors, when to use what kind of words, this is very delicate!”

Wang See Ren said with a dark face.

“Yes, yes, what President Wang said is, then President Wang, you use a word to describe yourself, let us learn too!”

Lin Ran laughed.

“Body wide and fat!”

President Wang laughed smugly, as if saying this word made him look very learned.

“Kiki, how do you write this body wide and fat?”

Lin Ran asked in bewilderment, how could he not know, he was just pretending on purpose.

“Cousin, how do you not know this, is the body wide body fat well, body of the body, width of the wide, sports body, fat fat well!”

Jiang Yi Yi said with a serious face.

“Ah? That is not still fat?”

On the side, Luo Qiqi said with a serious face.

Just as soon as she said this, immediately Wang See Ren’s face looked ugly again.

“Humph! A bunch of uncultured, old Luo come out!”

Wang Jianren was too lazy to be talking to Lin Ran and the others for nothing, and immediately shouted inside.

“Aiya, President Wang, why did you just come, old man I have been waiting for you for half a day!”

Luo Ding was busy running out from inside, but his gaze was suspiciously looking at the crowd, secretly saying in his heart, how come these two groups of people didn’t fight?

“Old Luo, I came here to find you this time, let’s go inside and talk, with this group of uneducated bumpkins, old man hard to bear!”

President Wang said disdainfully.

Jiang Sansi, however, laughed.

“We are dirt bags? President Wang is awesome, his words are dirty, so this calligraphy association is studying how to curse people!”

“You! Ridiculous to the extreme!”

President Wang’s face sank as he urged.

“Old Luo, hurry up and take me out of here, I came here this time but I brought something for you to open your eyes, with such a group of uncultured things, I can’t stand it!”

“President Wang, you are going too far, you have come in we are holding you up, and you? I’m curious, I’m also a graduate of Tamkang University, how about you? Can you tell us which university you graduated from?”

Lin Ran laughed.

“You!”

President Wang’s face sank, and he was speechless.

“Lin Ran ah, you do not know President Wang, he did not go to university, how did he say in the TV line speech, it is called self-taught! Is not President Wang!”

Jiang Sansi laughed.

Lin Ran also laughed along with him.

“So ah, then I really can not compare, people a did not go to college, have become the president, said I went to college this uneducated, that no problem!”

“It’s little brother, willing to worship!”

Lin Ran got up and said respectfully, but this word, this expression in the eyes of the crowd, but all can not help but look at the Wang see people.

This hand on the surface to belittle themselves, but actually sarcastic means of the other party, I’m afraid only Lin Ran can play out.

Chapter 714

“Lao Luo, look at what kind of people this is, I have long said that this Jiang Sansi is an uneducated bumpkin, look at this bunch of his relatives are all the way, hurry up and take me away, I don’t want to stay here for a moment!”

Wang met the people and urged.

Luo Ding, however, was embarrassed.

“President Wang, you are not making it difficult for me, they are all guests, it is not good to spread the reputation of who is neglected!”

“How about this!”

Luo Ding said with a twinkle in his eye.

“You take things out, we are here to see, anyway, they are uneducated, and can not intervene, we just look at our own, just do not care about them!”

“Hey! All right!”

Wang saw some displeasure, but there is no way, Luo Ding also has a point, hospitality to leave people hanging does not say.

“Jiang Sansi, I tell you! Don’t make trouble for me later, we are discussing something literary, you’d better keep your mouth shut!”

Wang said, glaring at Jiang Sansi.

“Cut! You think I’m interested, collecting two pieces of calligraphy, and you really think you’re a literary person, it’s ridiculous!”

“Incorrigible! You are simply incorrigible!”

Wang saw that the man was angry, but followed and took out his own things and put them on the long table to the side.

This is Luo Ding special long table used to appreciate things, the table is four or five meters long, and the top is also covered with sticky cloth very elaborate, and the thing that Wang Seeren took out also seems to be a pair of calligraphy and painting, with the painting scroll dependent, but this scroll is not big, only 20 to 30 centimeters wide.

“President Wang, what kind of good thing is this?”

Luo Ding saw something, could not help but look happy busy asking.

“Hey, guarantee that you have not seen, absolutely good stuff! And, I think it’s definitely the real thing!”

President Wang said his face was full of smugness, while disdainfully glanced at the same next to Jiang Sansi, as if the old son research is such elegant things as calligraphy, you a dirt bag how to participate in it!

“Cousin, let’s fight landlord!”

Suddenly, Jiang Yi Yi spoke up, and also directly took out a deck of playing cards from his pocket and placed it on the table.

“You have all this? Come and play!”

Luo Qiqi was immediately interested, and immediately shuffled the cards and dealt them to the crowd.

“Humph! A bunch of marketplace characters! Not a bit of refined interest!”

President Wang snorted coldly, turned his head away from Lin Ran and the others, and opened the scroll by himself, and immediately an old yellowing paper appeared on it, with four lines of words written on it, and a bunch of red stamps.

“This is?”

Luo Ding looked stunned, and for a moment did not see what it was, but the few words clearly visible on it were a shock to his heart.

“Wang Xizhi Dunshou!”

“President Wang, this Is this also the real work of Wang Xizhi?”

Luo Ding asked busily.

President Wang smiled with a smug look on his face and said.

“Three generations one!”

Suddenly, a voice interrupted Wang Seejin’s words, and he was furious when he glanced at it and found that it was really Lin Ran who was fighting the landlord.

With a cold snort, he said.

“Hmph, that’s right! This is none other than Wang Xizhi’s work!”

“Pipe on!”

Luo Qiqi’s voice rang out.

“A bunch of uneducated social assholes!”

Wang saw people gnashing their teeth in anger and turned around and smiled smugly at Luo Ding.

“Wang Xizhi’s masterpiece second only to the Lanting Preface, the Post of Quick Snow! How about it? Never seen it, right?”

“How have not seen, you are not in the hands of two two!”

To the side, came Jiang Yi Yi’s disdainful voice.

“You guys!”

Wang See Ren was so angry that smoke came out of his head and looked at Lin Ran and the others viciously before he continued to look at Luo Ding and said.

“This pair of calligraphy and painting, but the old man spent enough general savings, nearly five million to buy it! How about it is not a blood money than!”

“Oh, if this is the real one, then it’s definitely a blood money, Wang Xizhi’s words are worth more than gold!”

Luo Ding said, with some envy in his eyes.

“Haha! That’s for sure, don’t even look at what I do, this painting is definitely authentic! Yes! It must be the real one!”

“Sorry, I’ll run away first!”

Suddenly, Lin Ran’s voice sounded again, while the cards in his hand had already been played out.

It was just that his words were as if they were directed at Wang Jianren, making the latter’s heart very unpleasant to hear.

“Ignore them, a group of uncultured things, let’s continue to enjoy!”

Wang Jianren coldly snorted.

And at the same time, Lin Ran’s side had already started the second sentence.

“Hey, Qiqi Yi Yi, do you guys usually watch TV?”

Lin Ran suddenly opened his mouth and asked.

“Don’t watch it! What’s wrong?”

Both women were stunned and somewhat puzzled.

“President Wang, do you have the habit of watching TV?”

Lin Ran suddenly raised his head and asked with a smile.

“Humph! Ridiculous, how could an old man who loves calligraphy go and watch a mental poison like television!”

Wang See Ren said disdainfully.

“Ao! So!”

Lin Ran smiled thoughtfully and put down the cards in his hand while saying blandly.

“Then I have to tell you, this so-called fast snow time post of yours, that’s a fake!”

“Kid, Hugh’s nonsense!”

Wang Jianren was instantly on fire.

However, Lin Ran was looking at Luo Qiqi as if nothing was wrong.

“Qiki, turn on the TV of the Second Grand Master’s house!”

“Okay!”

Luo Qiqi didn’t ask much, and immediately ran to turn the TV on.

“President Wang, this piece of work of yours is really fake! You have to believe me!”

“Ridiculous! It’s simply absurd, believe you? Do you know calligraphy? Do you know who Wang Xizhi is?”

Wang Xi Ren said angrily.

“Who are you scaring? I know Wang Xizhi, but I don’t know President Wang, what’s wrong?”

On the side, the three generals said in a cold voice.

“A group of clay chickens and dogs, have you seen Wang Xizhi’s real handwriting? Just say it is fake? You don’t have to pay for it, do you?”

Wang saw people disdainful said.

And at this time, the TV had been turned on, Lin Ran took the phone and drummed for a while, looked up and said.

“President Wang, your fast snow time clear post, is really fake, you do not believe, see for yourself!”

Lin Ran said, a little phone, and immediately projected on the TV.

“national treasure record”: is known as “twenty-eight Lixi pearl” fast snow when clear post, known as “the world’s legal writing first” and Wang Xianzhi “mid-autumn post”, Wang Xun “Boyuan post” by the qianlong together called “three Hsi “, and this post is listed in the first.”

“fast snow when clear post” is said to be the Eastern Jin calligrapher Wang Xizhi created the line calligraphy works, ink on paper, now collected in the National Palace Museum in Taipei.”

“Weng!”

As soon as these words were spoken, Wang Xizhi’s head felt confused, and at the same time, he heard the sound of “haha” laughter.

“Bang!”

Luo Qiqi turned off the TV, and Lin Ran also turned off his phone at the same time, and looked at Wang Jianren.

“President Wang, it’s fine to like calligraphy, but there’s nothing to read the news, the real post of the fast snow time clear, in the treasure island, you have in your hand is not stolen?”

“Haha!”

Jiang Sansi immediately laughed, Luo Qiqi and Jiang Yi Yi also laughed.

Lin Ran continued.

“Just now senior Luo Ding also said, Wang Xizhi’s words, more expensive than gold, if this is the real thing, five million? You just add an extra zero, I’m afraid you can’t even buy it, why do you really believe it?”

“Think about it, I really envy the person who sold it to you, he made five million by moving his lips, tsk! It’s really enviable!”

Chapter 715

“President Wang, you have to hang in there!”

Luo Ding beside the busy persuasion.

But he did not persuade okay, this persuasion, immediately Wang see people “poof” a mouthful of fresh blood spurted out, almost did not pass out on the spot.

“Old Luo, I am a fake? Fake! What about yours? Where is your first moon post?”

Wang saw people still not dead, busy asked.

“How should I know, this time I just asked brother Lin Ran to help look at it!”

Luo Ding said awkwardly.

“Let Lin Ran look at it? Who is Lin Ran?”

Wang asked in confusion.

Luo Ding collection of that Wang Xizhi works early moon post, he also saw several times, he always thought it was fake, did not expect the former will actually find a Ming called Lin Ran to see this time.

“He He is Lin Ran!”

Luo Ding embarrassedly pointed to Lin Ran, who was still playing cards, and said awkwardly.

“He?”

Luo Ding looked and was stunned, followed by “poof” another mouthful of blood spurted out.

“Senior, you must pay attention to your health, if you spray two mouthfuls, you will be anemic, do you want seven degrees of space? I will go to the door to buy you!”

Lin Ran said in a serious manner.

“Shut up!”

Wang saw that people were so angry that they cursed.

“Luo Ding! Presumptuous that we’re still close friends, and you’re actually looking for a hairy boy to see something! You don’t believe me?”

Wang See Ren questioned.

“What are you talking about, President Wang, naturally we need to find more people to appreciate good things, otherwise how can we determine its authenticity!”

Luo Ding busily explained.

“But you’re looking for him! What can he know about this?”

Wang said questioningly.

“A brat? Oh, I’m laughing!”

Jiang Sanshi lost no time in standing up.

“President Wang Jianren, you say he is a brat, then I give you a stone, can you conclude its value? The difference cannot exceed one hundred thousand, can you do that?”

“You! I’m not a stone player!”

Wang saw the man’s face sink and said ugly.

“O? Then you are playing with calligraphy, right? Do you play anything in calligraphy? Five million to buy a fake thing and still smug, who are you to call others a hairy boy?”

Jiang Sansi laughed.

“Uncle, maybe I’m just young!”

Lin Ran laughed.

“What’s wrong with being young?”

Jiang Yiyi also stood up.

“Since ancient times, there has been the saying that there are specialties in the art, and being able to carry on as a teacher, does this reasoning not work when it comes to President Wang? What is the reasoning behind this?”

“I think it’s because President Wang is afraid, afraid that Brother Lin Ran knows more about calligraphy than he does, so he can’t get off the stage!”

Luo Qiqi also stood up.

“You guys! You guys!”

Wang saw that people were furious and said in a cold voice.

“Ridiculous to the extreme, a kid who is about the same grade as my son, and you guys say that old man is afraid? When the old man was studying calligraphy, he was still eating shit inside his mother’s womb!”

“Eh?”

Lin Ran’s face instantly turned ugly when he heard that, he looked at Wang See Ren and said in a cold voice.

“A person who acclaims himself as a person of calligraphy, the exit actually mentions other people’s family members, you really impress me, President Wang!”

Saying that, Lin Ran directly threw the playing cards in his hand on the table and got up to come in front of the two people.

“I’ll also put the word out today, senior Luo Ding, your pair of what’s the first moon post, I don’t need to see it to know it’s fake! President Wang, do you dare to say so?”

“Good boy, come on!”

Wang saw people also laughed at the situation.

“Dare to say it’s fake without seeing it, who gave you the courage!”

“Then you should leave it alone!”

Lin Ran sneered.

“Good! Good! Interesting, then let’s have a bet, let old Luo bring out the stuff, you prove to me now that it’s fake, if you can prove it, I’ll leave now, if not, get the hell out of my way immediately!”

Wang saw people coldly said.

“No, no, no!”

Lin Ran laughed and shook his head.

“If I can prove it, you can leave, but you must apologize to us before you go!”

“And what if I can’t prove it?”

Wang saw the man’s face sink as he questioned.

Making him apologize would be the same as making him admit that he was not like Lin Ran, which was something he absolutely could not accept.

“If I can’t prove it, your five million, I’ll make it up to you!”

Lin Ran said indifferently.

“Good! It’s a deal! Old Luo take the stuff!”

Seemingly afraid that Lin Ran would back out, Wang saw that the man immediately urged.

“Hey, okay!”

Luo Ding sighed helplessly and went straight to get the stuff.

Although Wang Jianren and Lin Ran had pinched each other, which made him a little embarrassed, but in the end, he was able to get Lin Ran to authenticate whether or not this thing of his was real, and his purpose had been achieved.

As for the contradiction between Lin Ran and Wang Jianren, it will have to be reconciled later when the opportunity arises.

.....

The thing was quickly taken out by Luo Ding, this guy obviously also very loving, the same is wrapped on the scroll painting, the outside also wrapped with a layer of waterproof cloth.

“This is it!”

Luo Ding said and opened the thing on the table, immediately a pair of the same yellowing paper appeared in front of everyone, it is one of Wang Xizhi’s masterpiece “the first moon post”.

The First Moon Post, in fact, is a letter written by Wang Xizhi, but it is famous because of its cursive calligraphy flowing in the clouds.

“Kid! Come on, don’t stand there silly!”

On the side, Wang saw the man smugly sneering, appearing to have a plan.

He had seen Luo Ding's calligraphy and painting no less than three times, and every time it felt like a fake, but he could never find definite proof to prove it, and what he himself could not prove 100%, he really did not believe that a brat could do it.

The crowd smiled and looked at Lin Ran, with expectations in their eyes.

Lin Ran smiled lightly, immediately walked over, palm on the edge of the word painting position touched, and then a true qi immediately invaded inside.

"Kid is done!"

The voice of the pillow book was immediately heard in the mind.

"Can you see it?"

Lin Ran asked.

"Nonsense, you do not look at what the book master is, immortal emperor pillow side book, the old man himself is a book, in front of me firm word painting authenticity, is simply Guan Gong in front of play big knife!"

Pillow Book proudly said, followed by a golden finger point, immediately a stream of information was transmitted into Lin Ran's mind.

"Kid! How's it going? How long is it going to take!"

The king saw that Lin Ran was standing still, and said impatiently.

"I told you a long time ago that this thing was fake, but now that I've looked at it, I see that it's both real and fake!"

Lin Ran opened his eyes and laughed.

"Both true and false? True is true, false is false, what are you talking about here?"

Wang said with disdain.

But Lin Ran laughed.

"You claim that you love calligraphy, but in my opinion, you are a hypocrite because you don't understand Wang Xizhi at all!"

"Huh? I don't understand? I am the number one fan of Wang Xizhi, I don't understand? Do you understand? You can't prove it, just say so, what's the big head of acid here!"

Wang Xi Ren sneered.

"Is that so? If you really understand him, you would not have fallen for the previous five million!"

Saying that, Lin Ran swept his gaze over the crowd and finally landed on Luo Ding.

"Senior Luo, this painting and calligraphy of yours is technically a fake indeed, but at the same time it is real in the eyes of modern people!"

“How can Lin Ran interpret this?”

Luo Ding did not understand.

“It’s very simple!”

Lin Ran smiled lightly.

“Because the real painting is nowhere to be found!”

Chapter 716

“The real trace is nowhere to be found?”

Luo Ding listened with even more confusion, not understanding what Lin Ran meant by this.

“Bullshit the true trace is nowhere to be found, just say it if you have a fart, what’s the detour here!”

Wang Jianren said disdainfully.

Lin Ran also did not get angry, just looked at him indifferently, and then said.

“Nowadays, technology is very advanced, if you really like a certain calligrapher, it’s never difficult to find out about his past and historical events!”

“If you don’t believe me, search the internet yourselves!”

Lin Ran said indifferently, while looking at Luo Ding.

“Senior Luo, the reason for saying that your painting is a fake is because the real calligrapher Wang Xizhi’s handwriting has not been handed down at all strictly speaking, perhaps there are real handwriting in some emperor’s tombs, but at least there are almost none handed down in the world!”

“Ah?”

Luo Ding was stunned by the words and asked.

“Then according to what you said, just now the pair of collection in the treasure island of that fast snow when clear post, is also fake?”

“You could say that, but it’s also real!”

Lin Ran said.

“What is true or not, just now you said that it was really collected in Treasure Island, and now you say it’s fake, it’s simply contradictory and inconsistent!”

Wang saw people disdainfully said.

Lin Ran, however, shook his head and laughed.

“Your words fully reveal your uneducated person, and your level of calligraphy literacy sucks!”

“It all depends on when you put it, in ancient times these were fake, but now they can also be said to be real!”

Lin Ran smiled lightly and explained.

“Because these are some other calligraphers in the Tang Dynasty copied down! Whether it’s the Quick Snow Post, or the First Moon Post, they are all copies, but they are still very precious things!”

“For example, you this first moon post, it is strictly speaking indeed fake, but can also be said to be true in modern times, because the museum collection is also on your level!”

“What do you mean?”

Luo Ding felt a sudden surge in his heart and some excitement.

“This first moon post of yours, which can definitely be copied from the Tang Dynasty, is worth a lot of money!”

Lin Ran said indifferently.

“Kid, what proof do you have?”

Wang Jianren’s face was gloomy as he looked at Lin Ran.

Regardless of whether the result was true or not, it was obvious that this claim of Lin Ran had deeply convinced the crowd, and now the only point that Wang Jianren could still grasp was how to prove it.

“It’s simple, I can see it!”

Lin Ran laughed.

“Saw it? I can also see that you are bragging, who can’t tell a lie!”

Wang saw people disdainfully said.

Lin Ran was a bit helpless and could only say the truth.

“You may not believe me, I checked the carbon elements inside the paper of this painting and calligraphy, so I concluded that it is a product of the Tang Dynasty!”

“If you don’t believe me, you can take something to do firm, the result is naturally clear and obvious!”

“Do firm? Carbon?”

Wang saw the man even more listened to the clouds, he knew some calligraphy, where do you know what the carbon element is something.

“You don’t even know the element of carbon, and you still bet with me? It’s ridiculous!”

Lin Ran laughed.

“The carbon element is the most favorable evidence to determine the idea of an item, you don’t even know this, and you still went to buy the real Wang Xizhi, you didn’t lose this five million unjustly!”

“You!”

Wang see people face ugly, do not know how to retort.

“President Wang, you really need to learn to learn, the news does not watch, the network will not use, do not even know science, you so blindly follow the stars, but very dangerous!”

Jiang Yi Yi solemnly said.

“Yes, President Wang, you have to learn well, not to be drowned by the flood of the times!”

Luo Qiqi also got up and said.

“You guys!”

Wang see people embarrassed old face red, for a time actually some do not know what to say instead.

“Well, I’ve said everything that needs to be said, and what needs to be proven has also been proven, now shouldn’t President Wang apologize!”

Lin Ran looked at Wang See Ren and laughed.

“You!”

Wang Jianren’s face was ugly, but at this point things had come to this point, not apologizing would seem like he was being a bit pretentious.

“Good! Good! I admit to it today!”

“I’m sorry!”

Wang saw the man’s face ugly, rushed to the crowd and said, followed by a glare at Luo Ding, a flip of the sleeve and walked towards the door.

“President Wang, don’t be angry!”

Luo Ding said and followed, looking like he was going to persuade, but in fact, he was going to send off the guests.

“Take care, President Wang! Looking forward to the next meeting with you!”

Lin Ran laughed.

“Better not see you!”

Wang said, “I’d better not see you!” Wang said, but he forgot that he had already reached the door, and just turned his head and hit his head on the door with a “bang”.

“Look, I told you to be careful, just do not listen!”

Lin Ran helplessly spread out his hands.

“You!”

“Humph!”

Wang saw that people were too lazy to talk any more nonsense, and immediately opened the door and walked out.

“Senior Luo, uncle, we should go too!”

Not long after Wang Jianren left, Lin Ran got up to say goodbye, then after exchanging a few pleasantries with the two, he took Luo Qiqi back to the clinic with him.

.....

“What exactly is inside these two?”

In the car, Lin Ran took out all the things he bought at the auction house, the two stones from the pillow book had been given to him, and now there were three pieces left in his own hand, two things that the pillow book couldn't see through, and one thing that suited Lin Ran.

“Open it yourself and see if you don't know!”

Pillow Book said blandly.

“Mm!”

Lin Ran nodded his head, and without any nonsense, he immediately waved his hand and cut open the stone that suited him.

“Bang!”

As a crisp sound rang out, a white, cinnamon-like object fell out.

“This is?”

Lin Ran looked stunned and found that it was actually a Buddha bead, and it was already jade.

“Why is this?”

Lin Ran wondered, this Buddha bead looks just like a cinnamon ball, but the color is very translucent, at a glance it is not an ordinary product.

“This should be an ancient monk enchanted Buddha beads, by chance coincidence was sealed in this stone, this is an ancient magic weapon, as long as you patiently nurture can certainly become a very good magic weapon!”

The pillow book laughed.

Lin Ran, however, shook his head.

“Forget it, this magic weapon is not for me!”

The magic weapon that is a feng shui master's weapon, Lin Ran until now has not come across a suitable one, naturally it is not possible to choose a magic weapon so easily at random.

“Well, I knew you kid high vision, then it's okay, you can hold it in the future cultivation, this thing inside the previous owner left the Buddha Dao Qi, can make your mind more clear when you enter the meditation, also considered a good thing to assist in cultivation!”

The pillow book said.

Lin Ran smiled and nodded, no wonder the pillow side book said it was dispensable, this thing is really dispensable to Lin Ran, but at least it is a thing, Lin Ran still took it.

“There are still the last two pieces!”

Lin Ran held the last two stones with some anticipation in his heart, wondering what this stone, which even the pillow book could not see through, would actually contain inside.

“Let’s start with it first!”

Lin Ran picked up one of the more round-looking stones, and immediately waved his hand a stream of a true qi will cut it open.

But in the moment of cutting, a golden light immediately shot out, shining people’s eyes can not open a little.

At the same time, Lin Ran only felt his body something also quickly trembled, it is the pocket five spirit beads!

Chapter 717

“Holy shit! Kid you’re fucking open!”

The pillow’s voice snapped, but Lin Ran had already thought of the result.

“This! It can’t be the golden spirit pearl!”

Lin Ran asked, can make the five spirit beads resonate, and still such a strong golden light, in addition to the golden spirit beads he really can not think of something else.

“Nonsense! What else could it be if not the Golden Spirit Pearl!”

The pillow book is not good-natured.

The light soon dispersed, a moment later Lin Ran looked into his hand, there was really a golden bead, its size and water spirit pearl earth spirit pearl as the same.

“Collect!”

Lin Ran eyes and hands, immediately put it into the five spirit beads, so far the five spirit beads have collected three, respectively, the earth spirit beads, water spirit beads, and just got the gold spirit beads.

“Two more kinds are missing!”

Lin Ran nodded his head in satisfaction.

“You kid, absolutely fucking open!”

Pillow Book said speechlessly.

When Lin Ran first got the five spirit pearls he said that these five spirit pearls were very precious, but now? Less than half a month has passed, five kinds of spiritual pearls this kid found three, now think about the previous words, feel “slapped” face ah.

“Good character can’t be helped!”

Lin Ran smiled smugly and put away the five spirit pearls.

“Kid! Seriously, don’t you think this thing is a little strange?”

The pillow book suddenly became serious in attitude.

“How so?”

Lin Ran asked.

“Five spirit pearls and five spirit pearls, these things belong to the heaven and earth’s greatest treasures, but to find three spirit pearls within a month, plus five spirit pearls, don’t you think you’re a bit overly lucky?”

The pillow book said.

“When you put it like that, it does sound a bit like that!”

Lin Ran couldn’t help but frown.

“In my world, there is such a law, but the heaven and earth wondrous treasures appear in large numbers, that will certainly be accompanied by a calamity or storm clouds, I’m afraid that your world will also rise!”

The pillow book sighed.

“The storm clouds?”

Lin Ran heard but was stunned, a few days ago there was a person said this to him, it is Qin Bing’s brother, Qin Feng!

“I’m afraid and this feng shui world storm clouds to rise, can not be unrelated! When I’m done with the matter at hand, I’ll have to go find Li Sheng once!”

Lin Ran said secretly in his heart.

Among the people he knew, apart from Qin Ji, Li Sheng was the only one who was the most mysterious. In his opinion, these big families in the imperial capital were the ones closest to the whole whirlwind, and Qin Ji lived in the imperial capital all year round, so Li Sheng was the only one who was the best source of clues.

“Before Li Sheng looked for me and wanted to talk to me, I felt that there was still a lot of time, but now it seems that I also have to hurry!”

Lin Ran was secretly calculating in his heart, while he had already picked up the last stone.

“The last one, let’s see what it is!”

Lin Ran eyes micron, immediately palm in the form of a knife to cut it open.

This last stone, four-square, looks like a mud pinched into a rectangle, at this time by Lin Ran from the leaning position cut, immediately inside actually appeared a wad of water.

“Shit! I knew I had to hit the eye!”

Lin Ran could not help but curse, looking at a stone of water, he was also helpless.

“Huh! No, why is this water so cold!”

Lin Ran’s heart moved, hastily took out a glass bottle, the water in the stone poured in.

“What water, you kid blind, this is fucking earth cold marrow, you’ve made a fortune!”

The pillow book did not have a good mood said.

“Earth cold marrow?”

Lin Ran sniffed at a stunned, how and the ground cold stone is somewhat similar to it?

“This is the predecessor of the Earth Cold Stone!”

The pillow side book did not good-naturedly said.

“The Earth Cold Stone becomes stone for a thousand years and marrow for a hundred years, this thing helps cultivation just like the Earth Cold Stone, but the effect is a bit worse than the Earth Cold Stone, if you let those little girlfriends of yours use it, it’s most suitable!”

The pillow book said.

“But they haven’t even started cultivating yet!”

Lin Ran wondered.

Although all three of the four women had already changed their bones and cleansed their marrow, they had never started cultivating, which was why Lin Ran didn’t want them to be exposed to the Dao Feng Shui world too early.

“They did not cultivate, does not mean that the body will not produce the corresponding true qi, this is like a container, you do not give her water, but over time she will also condense out some inside themselves, this earth cold marrow is this kind of thing!”

The pillow book said.

“In other words, although they did not start cultivating, but from the moment they change their bones and wash the marrow, their foundation has been laid, their body is like a container, will draw very little heaven and earth spiritual energy into the body from the outside world by itself, so that the body becomes more and more permeable, and this earth cold marrow can speed up this process!”

“When one day, they begin to cultivate, the quality of their body has long exceeded that of normal people, and the cultivation is also godlike, understand?”

“So terrifying?”

Lin Ran’s heart was overjoyed, so to say that something is indeed most suitable for the four women.

Think and do, Lin Ran immediately took out five pieces of jade pendant, according to the character of the five women respectively should be selected, and then these earth cold marrow will be infused into each.

“Song Nuan, sun shaped jade pendant!”

“Su Rou, the wave-shaped one!”

“Well, Qin Bing, then the mountain peak, iceberg beauty!”

“Kiki, this one is appropriate, like a little elf!”

“Ling Sa, absolutely flame-shaped!”

Lin Ran looked at the five pieces of jade pendant in front of him was very satisfied.

“Xiao Nuan they are easy, Ling Sa will have to wait!”

Thinking of Ling Sa, Lin Ran could not help but fall into a memory, this niece in the plum blossom faction also do not know how, the next meeting will give her this earth cold marrow!

Thinking, the car has arrived at the clinic.

The difference between Lin Ran and Su Rou and Song Nuan was that they were also in the clinic.

“I came to change the car, that dead fatty drove the car and ran to the store!”

Song Nuan said helplessly, while raising the car keys in her hand, indicating that she had already changed over.

“Mm!”

Lin Ran nodded, did not say much, looked at the store has not much customers, immediately called the four women over.

“I have a gift for you guys!”

Lin Ran said with a smile.

“A gift?”

The four women were all stunned at the words, and Qin Bing immediately spoke up.

“This is the sun beating down in the west, after knowing each other for so long, it seems to be the first time you’ve given us a gift!”

“Uh I’m not”

Lin Ran was a little embarrassed.

Song Nuan, however, laughed.

“You just went to the auction house in the morning, and now you’re giving gifts, you wouldn’t have bought them in a hurry in the morning!”

“Ah? Hastily bought?”

Su Rou and Luo Qiqi smiled obviously a little unhappy.

“Don’t talk nonsense, this is a very important gift, you must take it with you, you can’t even take it off in the shower!”

Lin Ran said.

“You can’t even take it off in the shower? It can’t be a pinhole camera!”

Su Rou said suspiciously.

“What are you thinking? Which kind of person am I Lin Ran?”

Lin Ran was helpless, he also knew that the four women were joking, and immediately took out the four jade pendants.

“This is it, in the jade pendant I put the earth cold marrow, it will be of great benefit to your bodies, you absolutely cannot take it off!”

Lin Ran said, then handed Luo Qiqi’s to her.

“Thank you brother Lin Ran!”

Luo Qiqi smiled heatedly and took the jade pendant very much, while not forgetting to incense a mouthful on Lin Ran’s face.

“This

Lin Ran old face a red, at the same time also some expectation to look at the other three women.

“Don’t even think about it, die this heart before it’s too late!”

The three women glared at him at the same time, followed by snatching the remaining three jade pearls.

“Hey, hey! If you don’t kiss, you don’t kiss, you guys don’t get it wrong, that sun shape is Xiao Nuan’s, the iceberg is Xiao Bing’s, and the wave is Xiao Rou

Lin Ran busy said.

Chapter 718

Song Nuan and Su Rou took advantage of the night to go back to school, although the university time is very relaxed, management is not strict, but for Song Nuan now is not the time to relax, after all, it will not be long before she officially graduated, so now is also the busiest time.

The two women have just left, Qin Bing and Luo Qiqi actually also want to leave at the same time, this girl also said the words.

“Every day at work, sister Qin Bing’s skin has become worse, tonight we are going to give ourselves a break and go to a spa!”

“Uh”

Lin Ran helpless, looking at the suddenly empty clinic, the heart is also a burst of melancholy.

“You all go busy, then I’ll go out and have a look around too!”

The company’s main goal is to provide a good solution to the problem.

Recently, Lin Ran’s luck is indeed a bit good, five spirit pearls and five spirit pearls just short of the last wood spirit pearls and fire spirit pearls, so short time to find so many, can already be described as an explosion of character.

But Lin Ran is also a little worried, after all, the pillow book also has a point, the wind and clouds will be its most precious frequently appear, which is not always a precursor to the catastrophe, but their own strength

Although now there is the ground cold stone, but Lin Ran cultivation or encountered a bottleneck, stuck in the peak of the qi realm did not break through.

After the Qi Watching Realm is the Heaven Seizing Realm, the so-called Heaven Seizing, it is to compete with heaven and earth for opportunities, and rivals for life and death, to this realm, is really crossed into the Feng Shui world hall.

“Lookout realm is about the use of breath, while the sky seizing realm is the real control, the gap between these transformations, can be considered a watershed!”

Lin Ran sighed in his heart.

Want to get Wang Kun’s news, at least to reach the creation realm, Lin Ran’s road is still long.

“It’s a long way to go!”

Lin Ran couldn’t help but sigh.

.....

“Drip!”

Suddenly, a van ahead listened, followed by the window rolled down.

“Boss, Chopper is ready!”

Inside the car, Wang Mao shouted at Lin Ran, with excitement on his face.

“Ao?”

Lin Ran heard a stunned, pinch a finger, indeed, two or three days have passed, he was busy forgetting about this guy.

“Go!”

Lin Ran immediately got into the car, and the three of them went straight to Leng Zhan’s house.

The neighborhood was still the same as before, but this time it came at night, but it seemed a few points cold and clear.

“Why is there no one there?”

The three opened the door, but found the entire house empty, can not help but some wonder.

“Didn’t Brother Chop ask us to come? Where did he go by himself?”

A battle puzzled asked.

“I don’t know!”

Wang Mao was also amazed.

“By the way, maybe Brother Chop went to the rooftop, he liked to go there before!”

Wang Mao suddenly thought.

“Let’s go! Go to the rooftop!”

Ah Zhan greeted, and at that moment the three of them went straight to the rooftop again.

The building is not high, only six floors so that there is not even an elevator, the three people ran all the way, two minutes to the top of the building.

“Brother Chop!”

As soon as he came up, Wang Mao shouted.

At the same time, the three saw, in front of the roof, a figure is facing back to them, it is Leng Xie.

Leng Zhaoge, who was wearing a resting suit at the moment, was facing forward, with his hair constantly swaying from the small wind of the night, and his hands were open as if he was going to jump from here.

“Hasn’t it been a long time since you’ve been this comfortable?”

Lin Ran smiled and walked over.

“Yes, it’s been three years! I’ve finally been reborn!”

A smile appeared at the corners of Leng Zhan’s mouth with his eyes closed.

“Damn, you have to buy us a drink, these three years have been so damn stifling!”

To the side, Ah Zhan sat on his ass, couldn’t help but red eyes, remembering the three years he and Wang Mao lived, it makes one’s heart ache and chill.

“Forget it, it’s all in the past! Now the recovery of Brother Chop, is already the grace of God!”

Wang Mao patted Ah Zhan and persuaded.

“No! This is not a grace, this is another rebirth from God!”

Leng Xie’s gaze suddenly became sharp and turned to look at Wang Mao and Ah Zhan.

“You guys still remember the great drug lord Akang, right!”

“Ah Kang? Boss you?”

Wang Mao heard a startled, how could he not remember, it was because of this Akang, Leng Zhan had three years of life and death!

“Boss, you must not be impulsive, that Akang has not been captured before?”

Ah Zhan busily said.

“You guys are wrong!”

Leng Chop’s face was still icy cold.

“Do you guys think that superficial Akang can really hurt me?”

“Boss, what do you mean?”

Wang Mao and Ah Zhan were both stunned.

Back then, Leng Zhan was responsible for assisting the local police to capture the international drug lord Akang, but it was during that mission that something happened and he had his hamstring picked off, originally this mission was simple for him, but it was such a simple mission that went wrong.

“The one who was caught is not Akang at all, the real Akang, even I only learned about it after the accident!”

Leng Xie’s face was icy cold, and his face could not help but tremble.

“Then who the hell is it?”

Wang Mao’s eyes were red as he asked.

“Oh, who is it? You also know, Crippled Leg Zhang!”

Cold sweat face ugly, and the words immediately Wang Mao froze.

“Crippled Leg Zhang, Brother Chop you are not mistaken, how can it be him?”

Crippled Leg Zhang, is actually Wang Mao and Leng Xuan’s college classmate, Wang Mao and Leng Xuan graduated from the same university, after graduation basically did not contact with this Crippled Leg Zhang, but now Leng Xuan is said this name.

“Back then, the drug lord kidnapped exactly him, but when I saved him, he was the one who gave me a knife in the back!”

Leng Zhan’s face was gloomy, and there was killing intent in his eyes.

“Boss, I’m a little confused, what the hell is going on here?”

Wang Mao listened more and more confused, even if it was really him, but the two were college classmates after all, why would this crippled Zhang target Leng Zhaoge?

“Because back then his leg, was broken by me!”

Leng Xuan's face was ugly.

"His family is rich, he molested my girlfriend back then, and I found out about it! As a result, it broke his leg, and because of that, I had to leave college and became a soldier, a full year before you did!"

"Boss!"

Wang Mao listened to a bit of a tangle, wondering what exactly Leng Zhaoge was prepared to do.

"Lin Ran, I Leng Zhan this life is given by you, but I also have my own have to solve things, three days! Give me three days, if I come back alive, after this I Leng Zhan this life is yours!"

Leng Zhan looked at Lin Ran and said seriously.

"Hatred is a person's heart demon, there are times when you can choose to suppress him temporarily and wait for a later opportunity, can you wait?"

Lin Ran looked at Leng Xie and asked.

The latter's grudge with the so-called Crippled Zhang only saw, he did not want to ask too much, if he asked himself to help, he would certainly not ignore it, but obviously the high-minded Leng Zhaoge did not have this intention.

"I've been waiting for three years, if I wait any longer I'll go crazy!"

Leng Xie's eyes danced with killing intent.

"Fine! But before that, let me see how you are, and if I can be satisfied, you can go!"

Lin Ran said indifferently.

Leng Xie's eyes micrometered at his words, and he rushed at Lin Ran with an arch of his hand and said indifferently.

"I'm offended!"

As soon as the words left his mouth, Leng Zhan immediately rushed at Lin Ran and lunged over.

Chapter 719

Leng Zhan, that is the real soldier king, in the army is the idol of Ah Zhan and Wang Mao, is also the two most admired people.

At this time he did, Wang Mao and A war are unconsciously back a few steps, there is excitement in the eyes, want to see in the end is Lin Ran strong, or soldier king Leng Zhan more powerful.

Leng Zhaoge's fighting is more towards practical combat, and the moment he came up, he was all kinds of moves that could hit his opponent hard, and from the moment he was strong and extremely explosive, the moment he fought with Lin Ran, he actually pressed Lin Ran into a disadvantage.

"Kid, see? This is the terror of a martial practitioner, this Leng Xuan's attainment in practical martial arts is very high, even your little girlfriend Qin Bing's brother is inferior to him!"

Pillow Book said in his head.

“They go down a different path at all, although they are both martial arts, but one is ancient martial arts, the other is combat, think about comparing it Leng Zhan is the one who gives more headaches, after all, he will not give you any fancy fists and legs to play with!”

Lin Ran helplessly said.

“Yes, you understand it is good, whether it is the original Xuan Yang Pill Canon, or now I, the increase of your body is after all only physical, the degree of agility of the body is also limited, facing ordinary people okay, but facing Leng Zhan this soldier king level, or somewhat suppressed!”

The pillow book analysis.

Lin Ran nodded at his words, but was not nervous.

“Although the body is suppressed, but I still have one thing he does not have!”

Saying that, Lin Ran’s body medical dao true qi suddenly diffused out, under the medical dao true increase, suddenly the body’s strength and speed went up several steps, immediately flipped the suppressed situation back to the board.

“Hmm?”

The more Leng Xuan fought the more appalled he was in his heart, he found that Lin Ran’s power was getting stronger, but his own power seemed to be getting weaker and weaker.

“Bang!”

The two of them threw another punch against each other, this time Leng Zhan’s entire body directly retreated several steps, the power coming from Lin Ran’s fist was like a thousand jin hammer, smashing him so much that he was unable to fight against it.

“Come on!”

Leng Xuan was undeterred, since strength was not Lin Ran’s opponent, he would compete for speed, and he was also very strong in speed.

“It’s hopeless!”

Where Lin Ran did not understand his intentions, before he could bring his speed up, he had already reached him first, and his hands were like two huge hammers smashing on him in turn.

“All right, all right! No more fighting!”

Finally Leng Xie was helpless and directly called a halt to the fight.

“This is how you’re going to give up?”

Lin Ran looked at Leng Zhan and asked with a smile.

“There is no hope at all, your speed strength becomes stronger and stronger, how to fight!”

Leng Xie laughed helplessly.

“Then do you want to have such power?”

Lin Ran suddenly asked with a smile, while sitting down next to Leng Xie.

“What do you mean?”

Leng Xuan looked at Lin Ran with some confusion.

Lin Ran, however, laughed, while probing out his hand and rushed to Wang Mao next to him with a wave, at once the phone in Wang Mao’s pocket flew out by itself.

“This”

Leng Chop’s look dumbfounded, completely stunned!

“Chop brother, we are impossible to beat the boss, he has a mysterious power that we all do not have, from the very beginning of the fight is destined to lose!”

Wang Mao said helplessly and made his way over with Ah Zhan.

“What kind of power is this?”

Leng Chop asked busily.

“This is the power of Feng Shui!”

Wang Mao laughed.

Lin Ran, however, shook his head.

“You’re wrong! This is not the power of feng shui, this is the power of extremes!”

“The power of extremes?”

The three people were stunned at the words, especially Wang Mao and Ah Zhan, who listened with a bit more puzzlement.

Lin Ran looked at the two Wang Mao and laughed.

“It seems that you two are still off track!”

“Let you see the feng shui booklet, just to let you understand feng shui from the side as well, but this power is not the power of feng shui!”

Lin Ran got up and pointed to the night sky in front of him, under the night sky were countless lights, each representing a family.

“You see, there are many people in this world, they do different jobs, whether it is sweeping the floor, slab, or knocking on the computer, there are too many jobs, there are 36 trades in ancient times, and now? There are so many industries that it’s impossible to break them down!”

“But there are extremes in every line of work!”

Lin Ran’s face suddenly became solemn.

“Although my understanding of this world is still very one-sided, but according to what I have learned so far, I can at least be sure of one thing, regardless of that path, it is possible to eventually reach this extreme! And thus have this extreme power!”

Said here, Lin Ran looked at the three.

“Only, feng shui is relatively easy, that’s why I let you all learn feng shui at the same time, but definitely not to let you take the path of feng shui, everyone has a path that suits them best, but the other paths are too difficult, whether it’s martial arts or whatever, it’s not as easy as feng shui, do you understand?”

“Boss, so what do you mean?”

Ah Zhan pondered, before Lin Ran asked him to find strong people to fight, wasn’t that exactly what he meant.

“Right! You identified martial arts, then your path is martial arts this one, martial arts is difficult to reach the extreme, so this path is difficult, I let you learn Feng Shui is so you can have more insight, so you can improve your martial arts, martial arts is your fundamental!”

“And old cat, you chose physical energy, then your martial arts and feng shui are for your physical energy, physical energy this path is your path!”

Said here, Lin Ran looked at Leng Zhaoge.

“As for you, I think I don’t need to say much, the King of Soldiers should know very well for himself what he likes the most!”

“The thrill of being proud of everything!”

Leng Xie laughed.

“Very good! You’re all enlightened! I won’t say much more!”

Lin Ran laughed and patted his butt, turning around and walking towards the stairway while greeting.

“You want to go settle your grudge, go ahead! But of promise me that you must come back alive, otherwise it is really sorry for my tossing these days!”

“Sure!”

Leng Xie laughed, Lin Ran’s words just now seemed to have opened the door to a brand new world for him, and his heart was filled with curiosity and desire, he would not allow himself to be in trouble this time.

“Let’s go, let’s go drink!”

Lin Ran laughed.

“Go!”

Leng Zhan and Wang Mao A Zhan immediately got up and followed.

.....

“Is three days enough time?”

Somewhere in an inconspicuous hotel, Lin Ran looked at Leng Zhan and asked with a smile.

“Enough, he is in Lincheng, three days is enough!”

Leng Xie drank the wine in his cup and laughed.

“Good!”

Lin Ran smiled and nodded his head while also finishing his drink.

He looked at Leng Xie and finally reminded.

“Be careful with everything yourself, the storm clouds in Jianghu are rising again, you’re already well, so you’re destined to find it difficult to be alone, go early and return early!”

“Mm!”

Although Leng Xie did not understand, but Lin Ran said so there must be his reason, he naturally will not ask more questions.

“In three days, when I return, Leng Xie is your eternal follower!”

Leng Roll looked at Lin Ran, this was the first time he had come across someone who could convince his heart.

“Haha!”

Lin Ran laughed and patted Leng Xie on the shoulder, looking at the three of them and laughing.

“I treat you guys like brothers! There’s no need to say such words!”

“Brothers!”

The three people were stunned, their hearts were somewhat moved, to Wang Mao and Ah Zhan, in fact Lin Ran was more like a boss, to Leng Zhan Lin Ran was more like a benefactor.

But now Lin Ran said to treat them as brothers, this is no longer a relationship of cooperation and use, but really with the heart.

“A good brother, drink!”

Ah Zhan laughed, and immediately also drank.

Wang Mao didn’t say much and did the same.

Chapter 720

As the saying goes, the conversation is not half-hearted, the wine to meet a thousand cups less!

A drink, the three of them drank for nearly three hours, until the time is close to the early morning, there are no customers inside the store, the three people are ready to leave.

“Boss! I cold chop no nonsense, three days later! You must take me to see the new world!”

Leng Xuan got up with a glass of wine and said solemnly.

“Three days later! Waiting for you!”

Lin Ran likewise got up and picked up his glass and smiled.

“Brother Chop, we’re waiting for you to come back too!”

Wang Mao and Ah Zhan likewise got up and rushed to Leng Zhan to toast.

The friendship between men is some times so easy to build, but very strong.

Everything is good, but the only bad thing is that there is a discordant voice coming.

“What are the brothers doing? Broken head wine ah? Drinking quite vigorously ah!”

The four people turned their heads to look, and found that the speaker was a bare-chested pugilist, who carried a large gold chain in his neck, looking as majestic as possible.

“Something wrong?”

Wang Mao eyes micron, blandly asked.

“Is there something wrong, it does not matter to you, let that kid come out and talk to me!”

The other side of a finger face is full of disdain.

“Who told your to come?”

Lin Ran looked at him blandly and asked casually.

“Aiya, the kid is quite smart, but what if you know, you just kneel down to me today, but also can not get out!”

The big burly man laughed.

Lin Ran, however, flashed a wink at Wang Mao, who instantly understood and walked out towards the side.

“Stand still! Did I tell you to leave?”

The big burly man immediately scolded, while the two or three men beside him turned around to grab Wang Mao.

But Wang Mao was as if he didn’t see it, walking on his own, and A Zhan on the side was directly two steps forward, blocking the two or three men.

“Oh, you’re crazy! You’re playing tough in front of Master Biao, aren’t you? You don’t even bother to find out what kind of reputation you have in this area!”

The big pugilist said disdainfully, while copying the beer bottle on the table and smashed it towards Ah Zhan’s head.

A war easily dodged a side, so the other party smashed an empty.

With this notice, cold chop has an arrow step rushed up.

“Don’t get people killed!”

Lin Ran said indifferently, followed by sitting down again, watching the chaos in the field with a glass of wine.

Master Biao only brought three or four men, apparently very confident in himself, but confidence is useless, the Lord today bumped into, destined to his fate will be very miserable.

“Master Biao, right!”

The first thing you need to do is to get a good idea of what you’re getting into.

In the look, A battle this side, at the same time to deal with three or four men like a game, the other side simply have no power to fight back.

“Bang!”

With a sound, Master Biao was kicked out of the hotel by Leng Zhan, and his three or four men, not much better, were carried by Ah Zhan and thrown out.

“Bang!”

Leng Zhan carried the large gold chain taken off the neck of Master Biao and placed it directly on the front desk of the hotel.

“Take it for two money, this smashed table is enough compensation!”

“Thanks Thank you!”

The boss is full of embarrassment, receive also not, not receive also not.

“No need, that chain is fake, the money I transfer to you!”

Lin Ran smiled, trouble is trouble, but can not let the seller suffer, this Lin Ran can still do.

“Boss! People found!”

Master Biao was beaten out by the two men less than two minutes, Wang Mao came over from the side carrying a man, Lin Ran took a look and immediately laughed.

“Meng Shan, goodbye!”

“Ding ding ding!”

Suddenly, at this time, the wall clock in the hotel rang, Lin Ran took a look at it had reached one in the morning, turned his head to look at Leng Zhan.

“You go first, don’t forget three days later, I’ll wait for you!”

“Boss! Take care!”

Leng Zhan also did not pretend, rushed Lin Ran an arch, immediately turned around and left the hotel.

“Boss, what about him?”

Wang Mao asked, still carrying Meng Shan in his hand.

“Lin Brother Lin Ran, misunderstanding This is all a misunderstanding! This matter has nothing to do with me!”

Meng Shan said busily, and regretted to the core in his heart.

If I had known that this Biao master so useless, beat him to death he would not have come with, and this Biao master before blowing big words, saying what to bring two brothers is enough, and now the result? In the hands of Lin Ran did not even go on a round, was beaten like a dead pig thrown out.

“It really doesn’t matter?”

Lin Ran laughed, while gesturing for him to sit down.

Wang Mao directly pressed him into the chair.

“The phone!”

Lin Ran spoke.

Wang Mao understood and immediately fished out the phone from Meng Shan’s pocket and handed it to Lin Ran.

“What’s this?”

Lin Ran opened his phone and flipped out the phone records and put them on the table, the phone was showing a phone note named Master Biao, the call was still two minutes ago.

“Brother Lin Ran, spare me! I won’t dare to do it again! Forgive me!”

Meng Shan instantly wilted, slid off the chair on his butt, and looked at Lin Ran to beg for mercy.

Lin Ran looked at him but smiled.

“It seems that Golden Tooth Li is also not generous, did not tell you, after the coma, those words of his old man!”

“What What words?”

Meng Shan was stunned, he was unconscious that day, indeed did not know what happened behind.

“Golden Tooth Lee’s old man said, Golden Tooth Lee’s matter he no longer care, to seek revenge on me or not is Golden Tooth Lee’s matter, life and death to each his own fate!”

“Today you came, apparently Gold Tooth Lee did not dare to come, you are being used as a robbery to make ah!”

Lin Ran laughed.

“He!”

Meng Shan smiled and his face suddenly turned blue with anger, no wonder Golden Tooth Li encouraged him to come to Lin Ran for revenge before, but how he himself said he would not come, dare to let himself come to this trip to the thunder.

“Well, you can go now! This sentence I also give you, the next time you come, be prepared to leave something behind, although I am not a villain, but also do not have time to spend time with scum like you every day!”

Lin Ran shook his head, immediately got up and rushed Wang Mao two people made a wink, directly towards the door and walked over.

“Remember!”

Wang Mao looked at Meng Shan and followed him with a flip of his hand.

“Bastard! This old Jin, he’s not a fucking thing!”

Looking at the back of Lin Ran’s trio leaving, Meng Shan’s heart was angry and furious, and immediately took out his cell phone and called Golden Tooth Li.

“How is Old Meng?”

The voice of Gold Tooth Li’s inquiry came over the phone.

“How is it? How the fuck do you think it is? You’re really something, your old man doesn’t even dare to care about you and Lin Ran, and you’re fucking asking me to take revenge!”

“No, listen to my explanation!”

Gold Tooth Lee said busily.

However, how could Meng Shan listen, and immediately interrupted him.

“Explain, I understand today, you’re a fucking villain, fortunately Lin Ran didn’t do anything to me today, if something happened to me, my Meng family and your Li family would not be finished!”

Saying that, Meng Shan brought the phone to his mouth and cursed angrily at the phone.

“Golden Tooth Li, fuck you!”

The first time I saw him, he didn’t want to stay here, and he didn’t want to see Lin Ran once, every time he saw him, it was a nightmare!

It’s just too much fucking bad luck!
