

Wonder Doctor

Chapter 731

Leaving the store, Lin Ran and the two of them first found a place to eat, and then continued to rush to the office building where Li Sheng is located.

When they arrived at the place, it was only 2:00 p.m., and it would still be at least an hour before the herbs were delivered.

But what he didn't expect was that Li Sheng seemed to know about it long ago and waited at the door early. When he saw Lin Ran and the two of them arrive, he directly greeted them and got into his car.

"Brother Li Sheng, what are you doing?"

Lin Ran was a bit puzzled, if they just left, what should they do with those herbs?

"Don't worry, those herbs will be arranged for docking, let's go home!"

Li Sheng smiled blandly and immediately took the two back to his home.

Still the classical courtyard, the ancient and fragrant building through the luxury, even the second time to come, Lin Ran still feel surprised, not to mention the first time to come Wang Yifeng, he almost hugged Li Sheng home pillar does not leave.

"Brother Lin Ran, truth be told, actually this time, it's my father who wants to meet you!"

When they reached the courtyard, Li Sheng greeted Lin Ran while sitting down and said somewhat apologetically.

"The old man wants to see me?"

Lin Ran was stunned, a bit confused about what it meant.

"I'm not sure exactly, the old man is saying that the next time you come to me, incomparably you should take you to meet him!"

Li Sheng said, at the same time to the two people to tea, followed by himself also did down.

"The old master and housekeeper Li went out for a trip, I have already informed them, will be back soon!"

"Mm!"

Lin Ran nodded his head and asked after thinking about it.

"Since we have to wait for a while, why don't we talk about the medicinal herbs this time, how much does brother Li Sheng think this batch of toxic medicinal herbs can be sold for?"

"According to the amount you said before, it's probably around three hundred million!"

Li Sheng said.

"That much?"

Lin Ran was stunned to hear that the poisonous picking herbs he got from Dean Yu were only a few dozen plants when carefully counted, but they could actually be sold for three hundred million, which was really worth a bit more than he could imagine.

“No way, you catch a good time!”

Li Sheng, however, laughed.

“Recently, there is indeed a batch of poisonous medicine on the market, if placed in the ordinary people is worthless, and will be immediately destroyed, but these things to cultivators is the greatest treasure!”

“What does that mean?”

Lin Ran was stunned, some do not understand Li Sheng’s meaning.

“You should have seen the poison inside that plant, do you know what it is that forms it?”

Li Sheng looked at Lin Ran and laughed.

“I don’t know!”

Lin Ran shook his head, if he knew what it was formed, he wouldn’t have said that there was no way to solve that poison.

“Those are not ordinary poisons, but branding poisons, a poison that can make people crazy, but also make people stronger, especially those who practice martial arts!”

Li Sheng laughed.

“Branding poison?”

Lin Ran was stunned, still somewhat do not understand.

Seeing this, Li Sheng smiled lightly and said.

“To put it plainly, this poison can be refined as a poultice and put on a person’s body, Feng Shui practitioners can use their body’s true qi to fight against it and gradually refine it, they can get a true qi within the poison, that true qi is naturally bred within the herbs and can be easily absorbed!”

“The body refiners, on the other hand, need to rely on their own bodies to resist these poisons until the poison does not have any effect on their bodies, and can also allow those true qi to enter their bodies so that they can be absorbed!”

“Holy shit, isn’t this self-inflicted?”

Wang Yifeng couldn’t help but gulp as he listened.

“It is indeed self-harm, but there are still a lot of practitioners in order to enhance the strength of the mad rush to buy, this batch of medicine can sell three hundred million is a conservative estimate!”

Li Sheng laughed.

Lin Ran but listened not only frowned.

“Then how exactly are these poisons produced?”

“This question, I can not answer you, because this matter I also do not know, I’m afraid I can only wait for the old man back to tell you!”

Li Sheng laughed.

“By the way, the money to you now, or wait for the sale?”

Li Sheng smiled and asked.

“Now, how much to sell I do not care, you say how much! You know the situation now, time waits for no one!”

Lin Ran frowned and said.

“Good!”

Li Sheng did not talk nonsense, immediately transferred Lin Ran three hundred and fifty million dollars!

“Right, brother Li Sheng, recently the whole Temperance City was packed with various auctions, you know about this matter!”

Lin Ran directly to the point, this is the real purpose of his coming over this time.

“I know, my father asked you to come over, I’m afraid it’s also for this matter!”

Li Sheng said blandly.

“Then what do you know about the situation? Can you tell me?”

Lin Ran asked, he knew nothing about this change, he came over this time just to pry some information.

“This I also only vaguely some guesses, I’m afraid that the specific how to wait for my father back to figure out!”

“No harm, please tell me first!”

Lin Ran said.

Seeing Lin Ran so anxious, Li Sheng did not ask more questions, thought about it and said.

“It should be related to the once-in-three years chance!”

“Once every three years chance?”

Lin Ran was stunned, his heart could not help but be a little worried, big chance comes with big danger, this he can still see through.

“That’s right! A big chance once every three years! You just attended the herb tasting conference this morning, in fact, this conference is also once every three years, but this time it was advanced to two years, I’m afraid that is because of this big chance, was forced to advance!”

Li Sheng said.

“This medicinal material tasting conference, in all major cities, Tamagawa City is just a small venue!”

“And this big chance, specifically I do not know very well, only vaguely know that every three years there will be a group of people selected, and then sent to a certain place, but these people were selected, including how later, no one knows! So few people know about it!”

“Sent to a certain place?”

Lin Ran listened to is more worried, according to this, these people are afraid that because of a certain thing to be gathered together, and this thing even Li Sheng do not know, enough to see the preciousness of this thing.

“The various exchanges in Tamagawa City this time, I’m afraid it’s all because of this big chance, many people do not know exactly what kind of chance, and to be sent to what kind of place, so many feng shui masters who are ready to participate, are desperately preparing things, whether it’s herbs or magic tools, as long as they can use, they have prepared a lot, just to wait for the selection to begin, can be ready All-round preparation!”

“Holy shit, to be so crazy? Is that so-called big chance, there is really something good?”

Wang Yifeng was a bit unimpressed.

Li Sheng, however, laughed.

“This you do not know, according to the information circulating out of the cultivation world, but all those who can be selected, as long as they can live to appear again, their strength is a sudden leap, whether it is a magic weapon or physical quality, or strength level, are a qualitative leap, which is also the motivation to attract these people to lurk and then continue to go!”

“Holy shit, then if there is such a good place, those strong old immortal how not to grab it themselves, those weak at all have no chance!”

Wang Yifeng said again.

Li Sheng smiled at his words.

“This is a good question, because every three years of this selection, only those who have the hope Qi realm level can participate, more than the hope Qi realm or below the hope Qi realm, are not eligible!”

“Why?”

Wang Yifeng wondered.

This time Li Sheng has not answered, suddenly a cheerful laughter but from the side came.

“That’s because, ten thousand treasures spell formation, only allow people in the Qi Watching realm to go in, the strength is too strong spell formation will not territory directly self-destruct, and the strength is too weak in the inside simply can not survive”!

Chapter 732

“Father!”

Seeing the person who spoke, Li Sheng was busy rising respectfully and rushed to salute the other party.

“Senior Li!”

Lin Ran two people also got up baggage.

“No need to be polite, sit down and let’s talk slowly!”

Li Tianming said with a smile, while greeting the nearby housekeeper Li to make tea, seems to be ready to have a good chat with Lin Ran.

“Little friend Lin Ran, thanks for what happened last time, if it wasn’t for you my body wouldn’t have recovered so well!”

Li Tianming laughed, although his hair was white, his vitality looked very good at this time.

“Uncle Li is very kind, this is what I should do!”

Lin Ran laughed.

“I’m very happy that Li Sheng can have a friend like you!”

Li Tianming said gratefully, while sighing and muttering to himself.

“Back then, the Li family started because of the gold mines, and our generation was always digging in the mines, that’s why we contracted this disease of swallowing gold stones, but fortunately, I met you, and this persistent disease I had for many years was completely broken!”

“Father, is our Li family still running the gold mining business?”

Li Sheng asked, for the year, he did not know much about the matter.

“Long gone, when I brought you to settle in Tanjiang City, has completely changed the business!”

Li Tianming laughed, while looking at Lin Ran asked with a smile.

“Just now I heard you guys talking about the Ten Thousand Treasures Spell Formation, it seems you all noticed it too!”

“The Ten Thousand Treasures Spell Formation?”

Lin Ran’s three people were all stunned, not understanding what this Ten Thousand Treasures Spell Formation represented.

“It’s normal that you guys don’t know about this Ten Thousand Treasures Spell Formation, after all, the number of people who know about this will not exceed ten thousand by now, and these people are strictly forbidden to talk about it to the public, so except for the patriarchs of some big clans, almost no one knows about it!”

Li Tianming laughed.

“Father, what exactly is that thing?”

Li Sheng asked curiously.

Li Tianming smiled, then looked at the crowd and lowered his voice and said.

“That’s a battlefield!”

“A battlefield?”

The crowd heard even more confused, the Ten Thousand Treasures Spell Formation is a battlefield? What battlefield? The place where the war was fought back then?

“These things you know is useless, I’d better say the point, that ten thousand treasure spell formation is actually in the wind ling town, but the general people simply can not find where, because there is a mysterious family guarding there, even if someone went to simply can not enter!”

Li Tianming laughed.

Lin Ran and others but listened to a stunned, mysterious family guard, this place heard a very powerful, big chance place, but there is actually a family can guard this place, that has to be what kind of family ah.

“This family named wind family, the number of very few, but is such a family, everyone’s strength is absolutely top, to put it bluntly, the wind family lineage, I’m afraid not even one percent of my Li family, but if they really fight, the victory is hard to predict ah!”

Li Tianming sighed.

“So terrifying?”

Wang Yifeng listened to couldn’t help but gulp, Li Tianming can say this, obviously not exaggerating the other side, but people really have this kind of strength.

“This wind family suppresses the Ten Thousand Treasures Spell Formation, and inside this Ten Thousand Treasures Spell Formation is the place where the battle was fought back then, a place where great opportunities and great dangers coexist!”

Li Tianming said, while also opened the box.

“Back then, the cultivation world talent flourished, but there was a big change, many people began to cultivate evil things, resulting in many people became victims!”

“Finally good and evil in the wind tomb town duel to the death, and eventually there became a battlefield, but also a tomb, buried inside the magic weapon, countless treasures, but also the greatest danger inside, the monstrous grievances, kill the divine weapons, are enough to easily kill the unsuspecting lookout realm strong people!”

“But do you guys know why only people at the Qi Watching Realm can still go in?”

Li Tianming looked at the crowd.

Lin Ran and the others, however, shook their heads at the same time, indicating that they didn’t know.

“It’s very simple!”

“Because, the things inside are only available to those who are most qualified to possess them with the strength of the Qi Watching Realm, and beyond the Qi Watching Realm the significance of those things is lost!”

“Looking Qi realm is the watershed of Feng Shui one, in the looking Qi realm to get the things inside, there are many kinds of possibilities in the future, but as long as the looking Qi realm is crossed, the road even if it is also set, in time to get the things inside, temporarily can improve the strength, but for the future road is no longer very meaningful!”

Li Tianming said seriously.

“So every three years, the Feng Shui Alliance will select a group of people to send over, this group of up to a hundred people, at least depends on the situation! Each person can enter the Ten Thousand Treasures spell formation for one day and pick one thing to bring out, whether it’s herbs or magic weapons, or cultivation techniques!”

“But each person can only bring out one item, once they are found to have brought out more things, the Ten Thousand Treasures Formation will immediately wipe them out, and there will be no bones left!”

“So horrible!”

Lin Ran three people listened to all of them could not help but swallow spittle.

“Bashful, the rules are dead, but people are alive, there is a way to bring one more thing out, but each time there are only three places, whether you can grab it depends on your own strength!”

Li Tianming laughed.

“What way?”

Lin Ran was busy asking, he was the peak of the Qi Watching Realm, likewise he lacked teachers and these powerful things the most, if he could bring one more item out, it would definitely be the biggest help to him.

“To participate in the treasure competition!”

Li Tianming laughed.

“A treasure competition?”

Lin Ran was stunned.

“Right! The so-called Competition for Treasures is actually the battle for the selection of these one hundred spots, and there are so many people who sign up every year that only a maximum of one hundred people can be left in the end, and within these one hundred people, only the top three can add a spot!”

Li Tianming said.

“The top three can get an audience with the wind family chief, bestowing the wind family token, and an extremely high-quality object, these three need to send the extremely high-quality object they get,

under the guidance of the token to the designated location, and then they can choose one more thing to bring out!”

“Send in one object and bring out one more? What the hell is this?”

Wang Yifeng was puzzled.

Lin Ran and Li Sheng, however, understood.

Although there are many treasures inside the Ten Thousand Treasures Formation, if you keep asking for them, you will eventually run out one day, so naturally you need to replenish them!

Li Tianming saw what the two were thinking and laughed.

“In fact, there is another point, that is, the person who brought out something, is not invincible under the sun, many strong people will come to compete, so many years back to bring out things, scattered around the wind family naturally also need to bring these things back, from the new sent into the Ten Thousand Treasures spell formation!”

“Shit! There are others to grab?”

Wang Yifeng listened to the face sunk, if he got the treasure, out of the spell formation was robbed, it must not be suffocated to death.

“Well! The basic thing is this, the competition for treasure will still have a few days to start, can survive the first 100 qualifications, then you can bring a person in, whether it is a Feng Shui master or a person who practices martial arts, as long as they meet the requirements!”

“This is not even the point, the point is Lin Ran you!”

Li Tianming looked at Lin Ran.

“You must find a way to sign up, because the number of places is limited, so many casual practitioners simply do not have the right to sign up, they must be attached to a power above, whether it is a family or a clan, but you do not, you must solve this problem!”

“Ao?”

Lin Ran smiled and was stunned, followed by a smile.

“This point senior Li can completely rest assured, although I do not have a clan power, but what if I am a power myself?”

Chapter 733

“A force unto itself? Haha! Lin Ran little friend is really domineering enough, no wonder the compulsion Yang who could fight back then are unknown!”

Li Tianming laughed.

Lin Ran also laughed along with him.

Li Tianming then chatted with Lin Ran for a while, and then left.

Lin Ran looked at Li Sheng and asked with a smile.

“This competition for treasures, you want to participate?”

“Mm!”

Li Sheng nodded his head, with anticipation in his eyes.

“I am a martial practitioner, you know, this Ten Thousand Treasures Spell Formation is the only chance I can find to hope for a breakthrough, and it is also the goal of many martial practitioners, so naturally I will not be absent!”

“Mm!”

Lin Ran nodded, and without further ado, he got up to say goodbye.

.....

“Ranzi, what now? Should we go and get ready too!”

Leaving the Li family, Wang Yifeng asked, he naturally must also go, this preparation work naturally can not be missing.

“Definitely have to prepare, there are still a few days, now we start!”

Lin Ran said, he also realized the seriousness of the matter, this time naturally can not go wrong, prepare the necessary things or very important things.

When leaving the Li family, it was only 3:30 p.m., but when the two returned to the store in the evening, it was already ten o'clock, a full seven hours of shopping and preparing a lot of supplies.

But now Lin Ran is also considered rich, this electricity cost is not much.

“It seems that we have to find a chance to go to Qinghe Bay!”

This time the big chance to start, the time is almost three months since the last time to see the wind old, before leaving must find the wind old trip.

Although it was only a remnant of the Wind Elder's breath, Lin Ran always felt that the Wind Elder, perhaps also know something about the situation.

Early the next morning, Lin Ran and Wang Yifeng ran out again, this time until noon to come back from outside, buy a large number of things, all piled up in the store.

Then Lin Ran dived into the store, busy work, until three o'clock in the afternoon, which only came out of the store.

“Ranzi, how is it? Is there anything missing?”

Seeing Lin Ran come out, Wang Yifeng was busy to come forward and asked.

“There's no shortage for now! The medicinal materials, magic weapons, talisman seals, and jade weapons are all almost ready!”

Lin Ran nodded in satisfaction, but followed but said.

“There is still a shortage of a weapon that can be used in hand!”

“A weapon?”

Wang Yifeng was stunned and said helplessly.

“Let you choose a magic weapon, you can’t even see what can be done!”

“It doesn’t have to be a magic weapon, I’ll think of another way to get a dagger that I can use, it’s enough for me!”

Lin Ran said, no handy magic weapon, get a dagger is also a good choice.

“Cold weapon? I know a place that definitely has something you like, do you want to come with me?”

Suddenly a voice sounded at the door, hearing this voice, Lin Ran and the others were obviously stunned, followed by the voices of Wang Mao and Ah Zhan below.

“Brother Chop you’re back!”

“So soon, only two days!”

“Things went well, came back early!”

Leng Chop smiled.

“It’s good that you’re back, come up and tell us what place!”

Lin Ran laughed.

The place Leng Xie said, I think it shouldn’t be bad!

.....

He didn’t say much about Leng Zhaoge this time, and Lin Ran naturally didn’t ask much.

An hour later, in front of a very inconspicuous office building in Temperance City, Leng Zhaoge was standing here with Lin Ran and Wang Yifeng.

“It’s inside, Iron Hand Li, an absolute connoisseur of cold weapons, his works are hard to find!”

Leng Xie laughed, with excitement in his eyes.

“Let’s go! Go in and take a look!”

Lin Ran greeted with a smile, and the three of them walked in at the same time.

The office building is not big, but the security inside is unusually strict, all the way to the door have encountered several places, and each place also has a security handle, enough to see the precious things inside.

“This iron hand Lee but the famous cold weapons master, when our team, only the King of soldiers level can use the cold weapons he built!”

Leng Zhan smiled and touched out a bayonet from his waist, this bayonet is only palm length, but the shape is incomparably exquisite, and exceptionally sharp, people just look at it, all feel sharp, so that the eyes have a vague sense of stinging.

“Really good weapon!”

Lin Ran praised, nowadays can let him look at the cold weapon, few and far between, the body of this dagger or randomly bought, and cold cut this handle a comparison, it is like a clay chicken and a dog.

“Several people, my boss has big customers to receive today, you should go back!”

It was hard to come to the front desk, but the result was waiting for such a sentence, so that the crowd could not help but be a little surprised.

“Hey! Look at this!”

Leng Zhan put the bayonet on the table, and the middle-aged man in charge of reception narrowed his eyes slightly and immediately looked over!

And when he saw a seal engraved on the back of the bayonet, he was immediately stunned.

“Excuse me! Please follow me!”

“Holy shit, what’s going on?”

Wang Yifeng looked at Leng Zhaoge in bewilderment, this guy actually had such great power? To be able to make the reception here change their faces immediately?

“This is Iron Hand Lee’s special badge! Seeing the badge is like seeing a person!”

Leng Zhan said with a smile.

And at this time, the crowd had already entered the elevator, and there were two display items hanging on the wall on the inside of the elevator, which should both be Iron Hands Lee’s works.

Lin Ran found that these display pieces were also exceptionally exquisite, but none of them had an open blade, and what made him differ the most was that none of these pieces actually had the imprint on top of Leng Zhan’s bayonet.

“This seal is Iron Hand Lee’s exclusive seal, only on the cold weapons provided to the wrong!”

Leng Xuan laughed smugly.

“Ranzi, then I’m afraid the one you bought today is also the style without the seal!”

Wang Yifeng said with some regret.

“It doesn’t matter, it works just fine!”

Lin Ran smiled and shook his head, he did not care about these false things, as long as the other while in hand, he really did not care.

“The boss is inside, you guys go in!”

Soon, the middle-aged man stopped at the door of an office, Lin Ran and others also did not nonsense, directly knocked on the door.

“Please come in!”

An old man’s voice came from inside, followed by the door of the room opened.

Lin Ran three people entered straight away, only to find out that there was something else inside this office.

The office was very large, the size of two ordinary offices, inside from the casting furnace, to metal materials, semi-finished products, finished products are actually everything, it is simply a casting room set inside an office building.

“Bang!”

A clear and crisp sound rang out.

Only then did Lin Ran and the others notice that Iron Hand Lee, inside the office, was actually building a cold weapon, and at this time he was wearing a special costume, his head was covered in sweat, and a delicate hammer in his hand was constantly smashing on a dagger in his hand.

The dagger was red by the flame, but the hammer smashed down is simply can not shake it, only occasionally can collapse some sparks.

“Gentlemen, please sit down, immediately!”

Said, Iron Hand Lee once again wielded the hammer down a hammer, and this time, even a little spark did not come out!

“Bare!”

Iron Hand Lee put the dagger into the water, and a big steam came out, followed only to put the dagger on the stand on the table, and then went to change his clothes.

“Gentlemen, who is the possessor of the bayonet?”

Iron Hand Lee came out from the inner room and looked at the crowd indifferently, his pale face had an aura as if it were a mountain, calm and bland.

Chapter 734

“Senior is me!”

Leng Zhan smiled and got up, handed the bayonet to Iron Hand Lee, but the latter did not take it, just blandly looked at it.

“Leng Zhan stab, the previous year’s work, is the use of cold iron essence casting, the peak of the craft at the time, but the material can only be considered medium to high, mainly because of the limited funds purchased at the time!”

Iron Hand Lee blandly said, directly said so.

“Awesome!”

Wang Yifei could not help but praise, the previous year to build things, this old man actually still remember so clearly, just a glance and said, this memory is not like an old man can have.

“My works, each piece is like their own children, is there an old man who can’t remember the character of his children?”

Iron Hand Li gave Wang Yifeng a white glance, and then looked at Leng Zhan.

“What do you want from me?”

Weapons with seals were provided to the troops by him, so he also set a rule, but anyone who came to him with a weapon with a seal could come up to see him directly, no matter what person or matter.

“Senior, my friend wants to buy a dagger!”

Leng Xie said directly, while pointing at Lin Ran.

“Your friend is also a soldier?”

Iron Hand Li looked at Lin Ran, his gaze still bland.

“No!”

Lin Ran got up and laughed.

“Then no! Please go back!”

Iron Hand Li refused directly without even thinking, while turning around to leave.

“Hey! Senior, you are not here”

Leng Chop busy said, the whole office inside, semi-finished and finished products are a lot, how still open-mouthed said no.

“If you say no, no, go!”

Iron Hand Lee voice is still bland.

“If you hadn’t come over with the seal, I wouldn’t even see you!”

“Hey old man, what do you mean, open your eyes and talk nonsense ah, there are not so many daggers in here ah!”

Wang Yifeng pointed to a shelf with many daggers on it, and was very dissatisfied.

“Those are all failures, feel free to take as many as you like!”

Iron Hand Li said without care.

“Ranzi!”

Wang Yifei and Leng Zhan both looked at Lin Ran, somewhat anxious, this Iron Hands Li was oily and saltless, leaving them no choice.

“Senior! Can I ask a question?”

Lin Ran suddenly smiled and said.

“Say, ask and go!”

Iron Hand Li remained bland.

Lin Ran smiled, and without any nonsense, said at once.

“Senior, are all of the weapons forged by hand?”

“Naturally!”

Iron Hand Li said blandly.

“Then has senior’s forging hammer ever been changed?”

Lin Ran asked with a smile.

“No!”

Iron Hand Li said impatiently while looking at Lin Ran.

“What exactly do you want to say?”

“Senior, I have a gift I want to give you as a way to make a friend, how about that?”

Lin Ran laughed.

“A gift? Forget the forging hammer, I still prefer my own!”

Iron Hand Li rejected it outright.

“No harm, but the gift is definitely not a forging hammer, but something that senior needs very much!”

Lin Ran smiled blandly, went straight to the side took down a forging hammer from the shelf and handed it over!

“Ranzi, you engage in chicken hair!”

Wang Yifeng saw the situation immediately speechless, said not forging hammer, how to still take out, and still take people’s forging hammer.

“Then my things, give me, boy, you are playing me?”

Iron Hand Lee looked with a sunken face, a scorching coldness permeated his body.

That’s right, it’s a sizzling chill, the feeling is like a furnace about to explode.

“Senior, I don’t have the heart to joke with you, you try with this hammer, if you still think I’m lying to you, I Lin Ran immediately leave!”

Lin Ran solemnly said.

Iron Hand Li looked frown, some confusion Lin Ran gourd selling what medicine, even Wang Yifeng and Leng Zhan are looking a little confused.

“Just try it!”

Lin Ran stressed again.

“Good!”

Iron Hand Li nodded blandly and immediately walked over without even changing his clothes, and directly picked up the hammer and smashed it towards the forging table.

“Bang!”

Crisp sound again, and before there is no difference, but the iron hand Lee’s face is changed.

He could clearly feel that the feeling of swinging the hammer was completely different from before.

Silence, a long time of silence, silent enough to have an incense stick of time, suddenly iron hand Lee smiled.

“I’m used to that casting hammer, this one is almost unused, it does feel different, but this is the gift you said?”

“That’s right!”

Lin Ran smiled and nodded.

“Senior might as well try the original one on!”

“Hm?”

Iron Hands Li was even more confused about what Lin Ran meant, but after thinking about it, he did as he was told.

“Bang!”

Another crisp sound, followed by Iron Hands Lee was shaken, feeling as if he had caught something, but it seemed that he had not.

“Senior, change the other handle, that feeling do not you want to experience more?”

Lin Ran said with a smile.

This time, Iron Hand Li didn’t even say anything, he directly picked up another handle and smashed it down again.

“Bang!”

“Change again!”

Lin Ran continued.

Followed by a very rhythmic sound of a hammer ringing in the room.

But if you listen carefully, you can distinguish that the two hammer sounds that rang out each time were completely different, but were rapidly approaching.

“Seniors, feel that feeling carefully, lift your breath! Breathe! Feel it with your heart!”

Lin Ran laughed.

Iron Hand Li gradually closed his eyes, and the hammer in his hand no longer changed, he seemed to have caught something.

It was a wonderful feeling, as if the hammer was his arm and could be wielded by him, and the airflow brought out by each swing he seemed to be able to see clearly.

“Holy shit! What is that thing!”

Suddenly, Wang Yifeng exclaimed.

Leng Zhan on the side was also surprised to see that with each swing of the hammer by Iron Hand Li, a red breath actually appeared around the hammer, and this inverted breath was like a maggot that wrapped around the hammer, and with each fall of the hammer, it likewise impacted on the casting table.

In just a few strokes, the casting table actually dented.

“This feeling!”

Iron Hand Lee snapped to a halt and looked at the casting table that had been smashed into a dent, and his entire body was stunned.

“What is this?”

Iron Hand Li looked at Lin Ran with longing and confusion in his eyes, he longed for that feeling just now and at the same time was confused as to what power that was.

“This is the power of entering the dao!”

Lin Ran laughed.

“In this world, there are many people in the Dao, the Way of Feng Shui, the Way of Martial Arts, the Way of the Body, and so on, and what senior has perceived is this Way of Casting!”

“That power just now, is the power of breath, we call this level the lookout realm, if I’m not wrong, senior should have used that casting hammer before all his life, right!”

“That’s right! This casting hammer is cast with the addition of meteorite iron material, strong and durable, I have built two handles in my life, the result did not expect people are almost 60, the first handle is not used to break!

Iron Hand Li lamented.

Lin Ran smiled and nodded, followed by saying.

“Seniors of this status should know these secret peculiarities, I will not say more, well guess this power can make your casting level to a higher level!”

“But at the same time, seniors also need to understand a truth, the sin of carrying a jade! In this era there is a casting on the lookout realm, that is, the era’s fortune, but also senior’s misfortune!”

Iron Hand Li was silent, he understood Lin Ran’s meaning, if he really reached the legendary Foundry Watching Qi realm, I’m afraid that while his status was enhanced, he would also attract the covetousness of many people, empty fear that the danger would only be more than the honor.

Chapter 735

“Thanks for the reminder, I’ll take note of the kindness!”

Iron Hand Li rushed to Lin Ran and saluted respectfully, he understood that if it wasn’t for this reminder from Lin Ran, I’m afraid he would never have taken this step in his life, and it was because of this step that his casting level would be greatly improved.

“I will take care of it myself, I wonder what kind of dagger little friend wants?”

Iron Hand Li’s attitude also changed, looking at Lin Ran with gratitude in his eyes.

“The best!”

Lin Ran laughed.

“Good!”

Iron Hands Li immediately smiled, the fact that Lin Ran could nudge him already showed that Lin Ran was extraordinary, how could mundane items be as good as his eyes.

“These three pieces, are my recent best three pieces, little friend also please look through!”

Iron Hand Li took out three brocade boxes from inside the office week, placed them in front of Lin Ran, and opened them with a smile.

At once three daggers of different colors appeared in front of everyone’s eyes.

These were black, white and red daggers, but the shape of each one was different, but no matter from the workmanship to the material, they all definitely belonged to the same level as the bayonet of Cold Cut.

“Is there a better one?”

Lin Ran shook his head and asked with a smile.

He had no magic weapon, and this change was so important, so naturally he didn’t want to speak easily.

“This”

Iron Hand Li was a little hesitant and thought about it and said.

“There are two more pieces, but one of them is a half-finished product!”

“What about the other piece?”

Wang Yifei asked busily.

“The other piece

Iron Hand Li was a little torn to say.

“Old man, Ranzi can have a nod to you, you may not understand how difficult it is to enter the path, but in exchange for any person, this pointing into the path of grace, but a great favor, you are still hesitant? It’s not ethical ah!”

Wang Yifeng said dissatisfied.

“Fatty!”

Lin Ran busy speaking to stop Wang Yi life, although he has the kindness of nudging, the main thing is that people themselves to the casting of this obsession, always take the kindness of nudging to say things is a little too much.

“Little friend Lin Ran, not that I do not want to say, mainly because this dagger is customized by other customers!”

Iron Hand Li said, pointing to the one on the desk shelf, the one he was forging when Lin Ran and the others first came in.

“This dagger is the best one I have forged so far, both in terms of material and workmanship, but this one has already been reserved!”

Iron Hand Li wondered.

Lin Ran didn’t think much about it, picked it up and looked at it, the dagger had been cast, and it was just about ready to be fitted with a grip.

“Good dagger!”

Looking at the sharp edge of the dagger, as well as the moderate size, Lin Ran also can not help but some love.

“Bang!”

Suddenly, just then a muffled sound came from the door, it was someone who kicked the door open.

“Put it down for me! You dare to get your hands on my things!”

An arrogant voice came over, Lin Ran and others saw that a group of people came in from the door, there must be at least a dozen, and the one who spoke was a young man, about the same age as Lin Ran.

He was moderately built, with long hair hanging down on his shoulders, and a clear scratch on his cheek, from his forehead across his eyes to his face, which looked very hideous.

And the clothes he was wearing, Lin Ran recognized at a glance, it was the clothes of the Yue family in the imperial capital.

“Yue family people?”

Lin Ran frowned slightly and said to himself.

“Kid, you really have eyesight, if I’m not wrong, you’re that Lin Ran, right!”

The youth’s face was icy cold as he looked at Lin Ran and laughed blandly.

“Speaking of which, I still have you to thank, if you hadn’t killed Yue Bu, I wouldn’t have had the chance to take his position!”

“I go, you got to the top only after Yue Bu died, so what qualifications do you have to be arrogant, Yue Bu died in our hands, and you are still playing hard to get here, looking for death?”

Wang Yifeng said disdainfully.

“Huh!”

Yue Feng also laughed.

“Yue Bu? He’s just relying on Yue Shan’s connections, in my eyes, he’s just like you guys, he’s just a dirt chicken and a dog!”

Lin Ran put down his dagger and got up and laughed.

“I don’t know if he’s a chicken and a dog, you can come over if you want to try!”

“Arrogant!”

Yue Feng’s face suddenly turned cold and he actually lunged at Lin Ran.

“Boss!”

Leng Zhan’s face was chilled and he was about to make a move at once.

“Watch!”

Lin Ran reached out to stop him, and followed with an arrow step to meet him.

“Let me see, your ability to strike down Yue Bu!”

Yue Feng had a fierce look on his face, and with a flip of his palm a fist already smashed towards Lin Ran’s face.

Lin Ran didn’t say anything and followed the same fist to meet him.

“Bang!”

The two fists clashed, and the tremendous force immediately shook both of them back several steps.

“Not bad!”

Yue Feng looked at Lin Ran with a cold smile, but a trace of surprise passed under his eyes, and his hand, which had retracted under his robe, could not help but tremble.

Just now, this fist blast, he vaguely ate some secret loss.

“The peak of the Qi Watching Realm, not bad!”

Lin Ran laughed.

This Yue Feng was not a martial arts practitioner, but a Feng Shui practitioner, and the Feng Shui aura in his body had already been detected by Lin Ran during the fight just now.

“Still want to fight?”

Lin Ran asked with a smile.

“Humph! Old me doesn’t have time to waste with you here!”

Yue Feng’s face sank as he looked at Iron Hands Li next to him.

“My dagger can be delivered now!”

“Can Can!”

Iron Hand Li looked shocked in his heart and busily went forward to assemble the dagger.

Before he was not sure what kind of people these custom daggers were, but at this time, seeing the other party’s aura he completely understood that these people were not something he could mess with.

And now he must also hide his level of casting, the reasoning that the wistfulness is his crime he has seen too many times.

“Ranzi!”

Wang Yifeng looked anxious, if the dagger was really taken away by Yue Feng, then Lin Ran’s weapon

“No harm! That dagger doesn’t suit me!”

Lin Ran smiled and shook his head.

“Not suitable for you? So what if it’s suitable? That’s Laozi’s! You want it? Better wait for another life!”

Yue Feng sneered.

“Hey I go, you’re fucking looking for death!”

Wang Yifeng said with displeasure.

“Want to fight? You try!”

Yue Feng sneered, Lin Ran he did not dare to say that he could definitely win, but Wang Yifeng he really did not put in his eyes.

“Fatty!”

Lin Ran stopped Wang Yifeng, he was not Yue Feng's opponent, afraid that he would suffer a big loss on impulse.

"Good Okay!"

Soon, Iron Hand Li handed the assembled dagger to Yue Feng.

Yue Feng took it and tried it in his hand, was very satisfied, and laughed.

"More old man Li, O yes! These people should also be looking for you to buy daggers! Did you tell these people the price?"

Yue Feng had a teasing look on his face as he looked at Lin Ran and laughed.

"I heard that you run a clinic, how much money can a broken clinic make? Do you know how much this dagger in Laozi's hand costs?"

"Holy shit! You're still fucking pretentious!"

Wang Yifeng was furious.

"How much is it?"

Lin Ran was not angry or furious and asked with a smile.

"Come on! Tell him!"

Yue Feng looked at Iron Hands Li and laughed.

"Eight Eighty million!"

Iron Hand Li said helplessly.

"Heard the kid, sold your store enough for eighty million? Still buy a dagger, I think you buy a self-government knife is more like it! Haha!"

Yue Feng laughed triumphantly, then sneered as he disdainfully glanced at Lin Ran and the others.

"If I didn't have a few beautiful women to meet today, I would have played along with you to the end!"

"But right now, you'd better think about how to get the money together, haha!"

With that, Yue Feng proudly turned around and left the place.

Chapter 736

"This bastard, why are you stopping me? Or else fat master I will beat him now so that his own father does not know!"

Wang Yifeng was furious.

"You can't beat him!"

Lin Ran frowned, he could feel that this Yue Feng's strength was definitely a bit higher than Yue Bu's, most likely what he said was true, because of Yue Shan's relationship, Yue Bu had become the first

person of the Yue family's younger generation, and this Yue Feng had only gotten the top position because Yue Bu had died.

"How strong is this guy?"

Wang Yifeng asked in wonder.

"He is different from Yue Bu, his strength in Feng Shui is about the same as mine, after all, he is from the Yue family, if he chooses the Feng Shui line, with the skills of the Yue family still has the ability to train such people!"

Lin Ran said indifferently.

"So what now?"

Wang Yifeng asked busily.

"What to do? He has already left, we can only wait for the treasure competition to start, let's continue buying now!"

Lin Ran said indifferently.

"Buy something?"

Hearing these words, Wang Yifeng remembered and said busily.

"Still buy a fart ah, the best dagger are that guy got away, also do not know he a Feng Shui master buy dagger why, is also like you do not have magic weapon ah!"

Wang Yifeng said speechlessly.

"Then I don't know!"

Lin Ran helplessly shook his head, and then looked at Iron Hand Li.

"Little friend Li Ran, I really don't have anything better than that here!"

Iron Hand Li was also helpless, the low ones Lin Ran couldn't see, and the high ones were out of stock, which made it hard for him too.

"No! Didn't you say before that there was another semi-finished product? Bring it out and I'll take a look!"

Lin Ran laughed.

"Half-finished product?"

Iron Hand Li was stunned, seeing that Lin Ran did not seem to be joking, he immediately turned around and went to the inner room anyway.

.....

And at this time outside the office building, Yue Feng was holding his cell phone on the phone.

"Hey! The things you want are ready, but I see that it is still much worse than the magic weapon!"

Yue Feng said disdainfully, as a feng shui master the most suitable for himself is certainly the magic weapon, he naturally has his own handy magic weapon, this dagger is not at all what he prepared for himself.

“That’s good, this dagger works better for me than the magic weapon!”

A hoarse voice came over the phone, as if an old man who was dying was speaking.

“That’s fine, the stuff is also ready for you, you understand what you should do!”

Yue Feng said in a cold voice.

“Don’t worry, since you have approached me, you should know my grudge with him, when we enter the Ten Thousand Treasures Spell Formation, I will naturally kill him!”

The hoarse voice hung up the phone after saying that.

“Humph! Lin Ran is it, I will make you not even know how you died!”

Yue Feng put away his phone and sneered, he naturally had his reasons for not tangling with Lin Ran, as Lin Ran would naturally have someone to deal with.

.....

On the office building, Iron Hand Li inked in the inner room for half a day and finally came out holding a dusty box, but his face was a little cloudy.

“What is this thing?”

Looking at the dust on the box, Wang Yifeng could not help but frown slightly, and the cold chop next to him was also looking a little disappointed.

So much dust, obviously it has not been used for many years, and I am afraid that the things inside are also abandoned by Iron Hand Li.

“This is a few years ago my favorite dagger, but unfortunately a forging can not, I temporarily put away, today you asked me to remember!”

Iron Hand Lee said the box opened, a burst of dust filled the air, followed by revealing the contents.

That a handle through the body appears to be very thick home metal embryo, yes is the embryo, because that thing is not even called a dagger, not even an outline.

“Holy shit, it’s a pile of metal!”

Wang Yifeng couldn’t help but spit out.

“This material is meteorite iron, it’s hard to forge, I forged it for years before and after, but it’s only like this, it’s too hard to open the blade!”

Iron Hand Li said helplessly.

Wang Yifei and Lin Ran listened but looked at each other, could not help but think of the divine dragon axe.

When Wang Yifei hands of the divine dragon axe is meteorite iron forging, but that is not the conventional forging method, but to find people sacrifice forging, so to achieve the effect, but unfortunately later shattered.

For this reason they also searched for meteorite iron, but never found, did not expect to find today here actually found.

“This meteorite iron is indeed difficult to build, but that was before, now you try again?”

Lin Ran laughed.

Iron Hand Li was stunned at his words, and then remembered Lin Ran’s nod to himself before, and suddenly woke up.

“Good! You wait a moment!”

With some anticipation and excitement, Iron Hand Li busily ran to unlock the door to his room, followed by changing his clothes, copying the casting hammer, lighting the fire and starting to hammer away.

This time he knocked up obviously more comfortable than before, the light red breath lingered on the forging hammer, with each fall, it could splash a large sparks.

“Bang Bang Bang!”

A few hammers down, the original thick meteorite iron has been smashed out of a lot of magazines, the whole is also rapidly thinning.

“There is hope! Give me two hours!”

Iron Hand Lee was very excited, put down a sentence and no longer pay attention to Lin Ran and others, apparently has fallen into the world of casting.

“Bang Bang Bang.”

Hammer after hammer, the crowd watched with rapt attention, only to see that as the hammer fell, the meteorite iron more and more thin, in the end, even Wang Yifeng and Leng Zhan could not help but gag.

Because the meteorite iron has been too thin, even if cast into a dagger, I’m afraid there is no killing power.

But Iron Hand Li still has no intention to stop, he will be the rest of the meteorite iron burned red, and constantly knocking and then change position, and finally the palm wide meteorite iron is actually knocked again to double the narrow, but the thickness is up.

“His craft has refined a lot!”

Lin Ran smiled and nodded his head.

Time passed quickly, when two hours later, with the last “bang” hammer sound fell, iron hand Li finally stopped the action in his hands.

He quickly dipped the dagger into the water, and then took it out, after a series of polishing and opening the edge, and then picked a snakeskin grip, and assembled it, and when it was brought in front of Lin Ran, the meteorite iron appearance had all disappeared, and instead was a very fine finished dagger.

When the crowd saw this just-cast dagger, they couldn't help but be dumbfounded, especially Wang Yifeng looking at it could simply say that only harrumphs fell.

"Holy shit! Ranzi, Ranzi! Or else let's swap, this divine Dragon Blade for you to use?"

Wang Yifeng said with a greedy face.

"Swap my ass, don't you think the picture is ugly with a small dagger in your big body?"

Lin Ran did not have a good temper, at the same time took the dagger, and his eyes were instantly attracted.

The dagger in his hand is very light and thin, compared to the ordinary dagger is simply twice as thin, but the sharpness that comes out is also horrifying, than the cold cut in the hands of the bayonet to bring the impact of people do not know how many times stronger.

Lin Ran busy pulling out the daggers he used, holding one in each hand, without saying a word directly clashed together.

"Clang!"

A crisp metal clash sounded, followed by everyone was stunned, only to see Lin Ran's own that dagger, was actually instantly broken, picked up a look at the cut, completely was cut off.

But in looking at the meteorite iron this handle, the blade did not even leave a trace, simply can be said to be sharpening iron like mud.

"That's it! Exquisite and transparent, broken tip invincible! From now on it will be called broken tip!"

Lin Ran laughed and was satisfied, immediately put the dagger away and looked at Iron Hand Li and laughed.

"How much is it?"

Chapter 737

A few minutes later, outside the office building.

"Ranzi, you kid is really fucking good at business, you only gave two million at the end!"

Wang Yifeng was speechless.

"I don't want to, he just wants meteorite money, I can't help it!"

Lin Ran is also very helpless, originally he was going to also give 80 million, but the results of the iron hand Li said nothing, just this two million meteorite iron money, or Lin Ran forced to give, only to stay.

"Well, things are basically ready, next wait for the start of the treasure competition!"

Lin Ran laughed.

“Ding Ding Ring!”

Suddenly, Lin Ran’s cell phone rang, picked it up and saw that it was Song Nuan calling, which could not help but he was a little surprised.

“What’s wrong with looking for me?”

“I can’t find you if there’s nothing!”

Song Nuan said in a good-natured way.

“No, you are in class, I am afraid to disturb your study!”

Lin Ran laughed awkwardly.

“What time is it now, school is over early, okay? You come to the pedestrian street, accompany me to buy something!”

Song Nuan said directly.

“Okay!”

Lin Ran returned and hung up the phone right away.

“You guys go back first, I’m going out!”

Lin Ran said helplessly.

“Ah, there is the opposite sex without humanity, let’s go chop chop, let’s go back to the landlord!”

Wang Yifeng said helplessly.

Leng Chop, on the other hand, was a bit puzzled, not knowing what was happening.

“Your boss is going to pick up girls, we still idle people to avoid, or definitely let you dog food to eat to support!”

Wang Yifei laughed.

Leng Zhan smiled and suddenly woke up, helplessly smiled, followed Wang Yifeng then got into the car.

“You’d better go to Wang Mao and play with them, this dead fat night usually go to look for Xiao Cui, careful to lose their bodies!”

Lin Ran shouted at Leng Zhan.

“Ranzi, you kid with a bad stomach, and here to slander your fat master!”

Wang Yifeng said dissatisfied, but Lin Ran has already run away to nowhere in a flash.

....

At 7 p.m., Lin Ran appeared in the pedestrian street on time.

“How come you’re only here now, grumbling!”

Seeing Lin Ran, Song Nuan was very dissatisfied.

“Sorry, the distance is a bit far!”

Lin Ran said helplessly, coming from the office building, he was in a tight rush or took an hour.

“By the way, why do you want to get up and go shopping today?”

“Something naturally came to stroll!”

Song Nuan said.

“Did not call Su Rou together ah!”

Lin Ran asked with a smile.

“What, do you miss her?”

Song Nuan looked like she was jealous.

“No, stop it!”

Lin Ran was so scared that his cold sweat came down instantly.

“Okay, no more teasing you! Sister Su Rou has class tonight, I don’t have class tonight, it just so happens that all the relatives at home are here, and I’m going to a dinner party later, so I wanted to come and buy two sets of clothes!”

Song Nuan laughed.

“O, so! Let’s go then!”

Lin Ran smiled and nodded, followed by entering the pedestrian street with Song Nuan.

The pedestrian street was divided into two main areas, the downtown area and the luxury area, the luxury area was located at the uppermost level of the pedestrian street, and few people generally went there, because the people who went there were all rich or noble, and the average person really couldn’t afford to spend.

“Since it’s a party for the guests at home, naturally we should dress decently, otherwise your seven aunts and uncles will think you’ve suffered with me!”

Lin Ran laughed.

“Bah! Who is with you, the eight words have not yet begun!”

Song Nuan’s pretty face was slightly red and she said in shame.

“It’s almost there already!”

Lin Ran laughed, while already leading Song Nuan into a store.

The waiters at the luxury store had excellent eyesight, and when they saw Song Nuan come in and look very beautiful, they instantly knew that this was a guest.

But when the waiter saw Lin Ran beside him, he was stunned, followed by an expression of disgust.

“Miss, what would you like to buy?”

The waiter was not going to look at Lin Ran, turned his head to look at Song Nuan and asked with a smile.

“Let’s take a casual look first!”

Song Nuan said with a smile.

The waiter smiled back, but he turned his head and left as if he didn’t see Lin Ran.

“Are the waiters here this realistic?”

Lin Ran laughed helplessly.

“Who told you to dress so unpretentious every day!”

Song Nuan said without good humor.

“It’s too busy!”

Lin Ran was helpless.

“I’ll pick one for you too!”

Song Nuan laughed, Lin Ran also did not refuse, smiled and came to a sofa, ready to sit down to rest, and women buying clothes is hated to consume physical strength, he must be restored.

But this butt just sat down, not even warmed up, a voice came from the side.

“Hey hey! Who let you sit here, this sofa can be high-grade fabrics, you do dirty how to do?”

Lin Ran frowned, already saw the waiter who just received himself running over, and holding a chicken feather duster in his hand and patted at the position he had done, as if he was dirty.

“Beauty, you are going too far like this, the sofa in this store is supposed to be for the customers to rest, how can it be dirty?”

Lin Ran frowned slightly and said.

At this time Song Nuan went to try on clothes was not present, the waitress saw the situation and laughed.

“I said this gentleman, the sofa is for guests to sit, but definitely not for guests like you, see?”

The waitress pointed to the door.

“There are small benches outside the door, go there if you want to do it, this place is reserved for customers with status and position.”

The waitress had a disdainful face, not putting Lin Ran in her eyes at all.

“What do you mean, with status and position?”

Lin Ran laughed.

“What is status and position, you don’t even know and still dare to sit here?”

The waiter laughed, followed by a sneer full of disdain as he looked at Lin Ran.

“Don’t think I can’t see, what is your relationship with that lady, I’m really telling you, I can’t see how a person like you, eating soft food is justified, spending a woman’s money, you are also considered a man!”

“Huh!”

Lin Ran could not help but laugh.

“Which one of your eyes saw me spend a woman’s money?”

“It’s not understandable? You dress like this, people dress like that, you are clearly adopted, can come here to spend what level of quality of people I can not see? You are afraid that this all even two hundred, and here the card face is not seen, you still do not admit!”

The beautiful waitress pointed to the wrist place and sneered.

Lin Ran understood what she meant, a watch is a symbol of a successful man, but he didn’t have a watch at all.

“It’s wrong to not be used to wearing a watch?”

Lin Ran laughed helplessly.

“No money to buy, just admit it, and do not bring a watch, a dozen watches you bring, and not too shabby!”

The beautiful waitress said disdainfully, and at the same time gave Lin Ran a cold look.

“Don’t be looking for trouble, I said this is not where you sit!”

Lin Ran heard here also helpless, but he is this stubborn temper, you do not let sit, right, then I also sit today!

“I’ll sit down, what can you do to me?”

Lin Ran sat on the sofa with his butt, as if I would not get up, what can you do to me.

“You!”

The beautiful waitress froze and immediately opened her mouth to scold.

“Why are you so shameless, I said this is not a place for you to sit, if you don’t get up, I’ll call security!”

“Is that so? Then you shout!”

Lin Ran lit a cigarette by himself, not caring.

“How dare you smoke, this is a luxury area, no one is allowed to smoke here, get out!”

The beautiful waitress said and slapped at Lin Ran.

But apparently she couldn't hit at all, instead she was directly caught by Lin Ran's wrist.

"Poof!"

A mouthful of smoke was spat directly on the waitress's face, causing her eyes to tear up.

"I'm telling you, I'm smoking here today, I'm not going out, shout at the security guards, right? I want to see, what kind of person is worthy of sitting here!"

With that, Lin Ran let go of his hand, as if you are not going to shout, be my guest.

Chapter 738

"You! Good! You wait for me!"

The beautiful waitress immediately ran back to the front desk to make a call.

Lin Ran, on the other hand, didn't pay any attention to her.

Soon Song Nuan came out of the fitting room, she chose a red evening dress, wearing it on her body was just like a tailor-made one, very beautiful and atmospheric.

"Nice!"

Lin Ran laughed.

"To not count it, this dress is too expensive, I seem to have inadvertently picked to the most expensive clothes here!"

Song Nuan herself could not help but laugh, she did not look at the price at this time read the price tag only to find that this piece of clothing actually cost 300,000!

Although this is a luxury store, but looking at the scale I'm afraid that this 300,000 clothes, should be the most expensive in the store.

"Do you like it?"

Lin Ran just smiled and didn't ask much.

"It's okay, but it's too expensive! Forget it!"

Song Nuan said and was about to go change down.

And at this time, the beautiful waitress who had finished her phone call came over with a sneer.

"Miss, you have a good eye, this dress is indeed the most expensive one we have here, this year's global limited edition, only this one in the whole Temperance City, just buy such a dress, for such men to see, not worth it!"

The beautiful waitress looked at Lin Ran with a disdainful face, her eyes full of disgust.

"What did you say?"

Song Nuan's face sank, obviously a little angry.

"Miss, don't be angry either, this one beside you will be blown out immediately!"

The beautiful waitress said disdainfully.

"Why?"

Song Nuan didn't understand.

But the beautiful waitress laughed.

"Because he doesn't deserve to stay here!"

"Where is the person! Where is he? Dare to come to my store and make trouble, looking for death!"

A voice full of disdain came from the door, followed by a young man rushed in with four or five security guards, the young man's face with anger, his mouth still holding a cigarette, smoking the number not painful.

"Manager, that's him!"

The beautiful waitress immediately pointed at Lin Ran, with gloating in her eyes.

"You're the one who came to make trouble?"

The manager had a disdainful face, especially when he saw the clothes on Lin Ran, he became even more reckless.

Lin Ran's face was as usual, looking at the youth, and then at the beautiful waitress, and asked with a smile.

"Didn't you just say that you can't smoke here? How come you don't care about him?"

Lin Ran pointed at the manager.

"Him? He's the boss here, you can compare with others, huh?"

The beautiful waitress said disdainfully.

"O?"

Lin Ran smiled at that but laughed.

"Laugh? You still have the face to laugh, a soft food eaters also eat out of a sense of superiority, people just can smoke here, you can not!"

The beautiful service eyes disdainfully said.

And the manager on the side is listening to the frown, vaguely guessed what just happened, especially when he saw Song Nuan's dress, and the clothes being tried on, the heart can not help but shudder, feel this time their own waiter seems to have gotten into trouble.

"Manager, is that the reasoning?"

Lin Ran looked at the youth and asked with a smile.

“This It’s reasonable to say that you really can’t smoke here!”

The manager said and was busy putting out his cigarette.

The beautiful waitress on the side, however, sneered and said.

“The manager just can smoke, defiantly you buy this dress, you can also smoke, even this sofa you can do, the key is that you have money? Poor loser!”

The beautiful waitress disdainfully said.

“Enough!”

Song Nuan’s face sank as she listened, and was about to go change her clothes and leave.

Lin Ran, however, stopped her and laughed.

“Clothes are not guilty, I like this dress very much!”

“But they!”

Song Nuan was so angry that her eyes were red, if she hadn’t found Lin Ran to come over, the latter wouldn’t have had to suffer here.

“It’s okay!”

Lin Ran laughed, while his body hand yanked off the label on the back of the dress.

“You!”

Seeing this scene, the beautiful waitress almost fainted, the newspaper label was yanked off, how else could the clothes be sold.

“You’re finished! You actually tore the label, the clothes but 300,000, sold you, you can not afford to pay!”

The beautiful waitress looked at the manager anxiously, wanting to see how he would solve the problem.

The manager looked at Lin Ran and did not say a word for half a day, apparently also was subdued, and he did not speak, the security guards next to him did not dare to move, the scene was actually quiet for a while.

“This waiter beside you said I don’t deserve to sit here, I want to see today, do I deserve it or not!”

Lin Ran sat down on the sofa, and at the same time, with a “pop”, a bank card was slapped on the table.

“Swipe your card!”

“You!”

The beautiful waitress looked stunned, and a bad feeling came over her heart.

“Good! Good!”

Hearing the money, the manager had come back to his senses and was busy picking up his card and going to the checkout!

“It’s better if I give it!”

Song Nuan busy took out his own card and said.

“How can you have so much money for a student, stop it!”

Lin Ran laughed and stopped Song Nuan, who had no choice but to put her card back again.

“Spending money recklessly again!”

Song Nuan gave Lin Ran a white look, but there was an uncontrollable happiness under her eyes.

“For you, I’m willing!”

Lin Ran laughed.

“Greasy mouth!”

Song Nuan’s pretty face flushed, not knowing how to reply.

“Sir is ready!”

The manager quickly ran back with the card, his face full of smiles, and his entire attitude changed.

Just kidding, global limited edition, this kind of clothes don’t have much chance to sell out in a year, but now it was actually bought by Lin Ran, this was enough to show the strength of the other party, how could he not pay a smile.

“Can I sit here?”

Lin Ran looked at the beautiful waitress and asked.

“I

The beautiful waitress was full of embarrassment and didn’t know how to answer.

“Can I smoke here?”

Lin Ran continued to ask.

“I

“Do I have status?”

“Am I still a soft eater?”

“Do you still have a problem with me?”

Lin Ran's questions one after another, asked the beautiful waitress was immediately confused, but after all, she also worked here for many years, quickly came to her senses, hurriedly put away the embarrassment on her face accompanied by a smile and said.

"Sorry, sir, it is my eyes do not know the pearl, you are qualified to sit here, you can do whatever you want, even I you can take away together!"

"Sorry, I'm not interested!"

Lin Ran sneered, while getting up and glancing at the beautiful waitress, laughing.

"I've always heard that women change their faces faster than a book, today I've really seen it all!"

"Er Haha, you're joking, sir!"

The beautiful waiter smiled with embarrassment.

The heart is already regretted to the extreme, should have known they would be more careful, and not to end up in such an embarrassing situation now.

"He is also really, obviously so rich, pretend what poor, pretend to be poor is very funny?"

"All right, things are past, we have to buy some other ones!"

Lin Ran smiled lightly and said.

"Good! Okay, I'll find them for you!"

The beautiful waitress was relieved that Lin Ran was not pursuing the matter, and went about her business.

"Ding Ding Ring!"

Just at this time, Song Nuan's cell phone rang.

Picked up the phone Song Nuan chatted for a while, quickly hung up the phone and said to Lin Ran.

"My cousin is here!"

"Cousin?"

Lin Ran was stunned and couldn't help but think of a person.

"Yeah, you? You've met!"

Song Nuan said.

"It's the one who dragged you to the TCM exchange forum last time, Song Yuntian!"

Chapter 739

"Uh, he ah!"

Lin Ran smiled lightly, did not say anything more.

Before and Song Yuntian had a conflict, himself is nothing, the key is that this guy can put down in his heart he does not know.

“Don’t be like that, my cousin is not the kind of person who is careful, the last incident he already knows that he was wrong and has put it down!”

Song Nuan said busily.

As he spoke, Song Yuntian had already walked in from outside the store and saw Lin Ran indeed revealing a faint smile, seemingly having walked away from the last incident.

“Brother Lin Ran, long time no see!”

Song Yuntian stepped forward and took the initiative to shake hands.

“Farewell!”

Lin Ran reached out and shook his hand, as the saying goes, reaching out is not a laughing matter, since the other party had already put it down, then he naturally wouldn’t say anything more.

“I’ll go to the checkout first, you guys talk!”

Lin Ran laughed, he was still holding the clothes the waiter had picked out for him.

“Don’t you need to try them on?”

Song Nuan asked, Lin Ran hadn’t even tried it on yet.

“No, I can wear these clothes!”

Lin Ran laughed, while running to the checkout.

“Why don’t I do it, you’ve given me one, I’ll give you one in return!”

Song Nuan was busy following.

“This

Song Yuntian looked embarrassed, helplessly also followed.

“No need!”

Lin Ran stopped Song Nuan, smoothly after scraping the tip of the latter’s nose, laughing.

“You are all mine, what else to divide your my, you keep your money to spend yourself, I have!”

The waitress has smilingly handed back the swiped bank card, this day she is also considered to have had ups and downs, not enough results are always good, Lin Ran bought these two pieces of clothing is the most sales she has had in the past few years.

After all, the one from Song Nuan alone was worth 300,000.

“Okay!”

Song Nuan had no choice but to put the bank card she took out back into her bag.

But not coincidentally, this scene was seen by a young woman who walked in at the door.

“Cousin, cousin!”

The woman looked at the two Song Nuan and smiled.

Both of them were stunned at the sound of her words, followed by looking, and when they saw the visitor, they both froze.

“Song Lin, what brings you here?”

The one who spoke first was Song Yuntian, and as he spoke he also looked at Song Nuan and couldn't help but gulp.

This Song Lin is also Song family, but is followed by his parents to the empire, since childhood and Song Nuan not much friendship, just everyone knows are relatives.

But originally, if this is just so it is okay, because Song Nuan is too good, from childhood is the object of comparison of other children, in addition to Song Lin is also a girl, so it has become and Song Nuan comparison of the most people.

But without exception, since childhood, whether it is learning, appearance, manners, and other aspects, she is not as good as Song Nuan.

The two people who had not even met each other a few times, because of these comparisons, there was already a gap in their hearts, especially Song Lin, who could be said to be defiant towards Song Nuan in every way.

“Cousin Song Lin, long time no see!”

Song Nuan smiled, as a sister she still had to take the initiative to be polite.

“Cousin Song Nuan, I just saw you take your bank card? Are you paying?”

Song Lin asked with a smile.

“Yes!”

Song Nuan didn't deny it.

“Then this one beside you is?”

Song Lin continued to ask.

“It's my boyfriend, Lin Ran!”

Song Nuan didn't deny it either.

“So!”

Song Lin, however, laughed.

“Cousin Song Nuan, as your cousin, I have to remind you, buying a dress and making you pay for it, such a man is not worthy of you!”

“No”

Song Nuan just wanted to retort, but Lin Ran stopped her.

“But then again, cousin Song Nuan, you have been excellent in everything since you were a child, right? How come you’ve found a loser boyfriend now? In the future, you’ll have to join your family and become a son-in-law!”

Song Lin laughed smugly, looking at Lin Ran with a gaze full of disdain.

“Cousin, this matter doesn’t seem to have anything to do with you!”

Song Nuan’s face looked ugly and said in a cold voice.

“How is it not related!”

Song Lin laughed.

“I am your cousin, you find a boyfriend I naturally have to keep an eye on you, besides, although our Song family is not a big family, but also not any cats and dogs can mix in, in addition ah, your cousin I also recently made a boyfriend, hey do you say coincidence!”

Song Lin’s face was full of complacency.

“What does it have to do with me!”

Song Nuan’s face was ugly.

“Of course it has something to do with me, tonight at the family dinner, I will bring my boyfriend with me, then I will show you what kind of man is worthy of our Song family, as for him!”

Song Lin laughed and pointed at Lin Ran, coldly snorting.

“As for him, you do good deeds and play for fun, but do not take it seriously, or let the aunts and uncles know, they will not be angry!”

“I said, that’s my business, it has nothing to do with you!”

Song Nuan no longer wants to take care of Song Lin, pulling Lin Ran turned around to leave.

“Xiao Lin, your words are a bit too much, we are all relatives, why bother!”

Song Yuntian opened his mouth to persuade.

“Relatives? To you it’s relatives, but to me it’s a comparison!”

Song Lin’s face was icy cold as she looked at Song Nuan’s back and sneered.

“Cousin Song Nuan, don’t forget, the banquet tonight! Bring him if you have the guts, I’ll see if you dare! In front of many clansmen, do you have the courage to bring him!”

“Haha!”

Song Lin said and turned around and also left, only this laughter was echoing in the store.

“Let’s go home!”

Song Nuan was so angry that her eyes were red and greeted.

“Don’t be like this!”

Lin Ran, however, hugged her tightly in his arms.

Song Nuan’s eyes brushed down with tears.

“I really don’t want to be like this!”

Song Nuan’s voice was trembling, she grew up with a mild personality and didn’t like these rivalries, it wasn’t her fault that her family was compared to Song Lin, but now it was obvious that the latter had moved to anger with her for this, which made her heart feel bad.

“You’re right! It’s her who is at fault!”

Lin Ran persuaded.

“How strong a person is inside, to destine her future how broad, if even this comparison to be calculating, then she is not worthy of being your opponent! All the more reason for you not to feel bad because of her words!”

“But she is my cousin after all!”

Song Nuan was a little hard to bear.

“The nine sons of the dragon are still different from each other, who can guarantee that everyone has the same worldview values as yourself?”

Lin Ran laughed.

“Okay! Hurry up and wipe away your tears, but there is still a banquet tonight!”

“Huh?”

Song Nuan was stunned and looked at Lin Ran.

“Don’t worry, I’ll go with you tonight, I haven’t seen Uncle Song for a long time, it’s time to pay a visit!”

Seeing the firmness of Lin Ran’s words, Song Nuan’s heart couldn’t help but settle down, I don’t know why, every time I’m with this guy, the biggest things in the sky can be made irrelevant by him, maybe this is his unique sense of security.

“So what do we do now?”

Song Nuan looked at Lin Ran and asked.

“Naturally, we are going to buy gifts! To meet the old man, can’t go empty-handed!”

Lin Ran scratched Song Nuan’s nose and laughed.

“Bah! Who you are the old husband, the eight words have not yet been written!”

Song Nuan's pretty face was red, and she said shyly.

"Sooner or later there will be a word, your daughter-in-law I will definitely accept!"

Seeing Song Nuan's mood improved, Lin Ran also smiled.

Chapter 740

"Still you have a way, no wonder you were able to steal my cousin's heart!"

On the side, Song Yuntian gave Lin Ran a thumbs up and laughed.

"What nonsense!"

Song Nuan's pretty face flushed and glared at Song Yuntian.

"By the way cousin, have you prepared your gift? We can't go to the banquet tonight empty-handed!"

Song Nuan asked busily.

"Don't worry, I'm all ready!"

Song Yuntian said smugly.

"Then let's go, come with us to buy gifts!"

Song Nuan was not polite, and directly called on Song Yuntian to join him, and the three of them went directly to the gift area with Lin Ran.

The dinner party is just to promote feelings, especially because we are all family, so the gifts are not really the focus.

But this time is different, because of Song Lin's provocation, so this time from the selection of gifts, Song Nuan is very attentive, led Lin Ran and Song Yuntian in the mall for a long time, finally stopped at a high-end gift store.

"Here it is, the pastries and accessories here, I remember that aunt and uncle like it very much, in addition to the tea here uncle also like to drink!"

Song Nuan laughed, so many years the family did not have few gatherings, so each elder's hobbies, she still remembered.

"Come on let's go buy!"

Lin Ran greeted with a smile and followed and walked in with the two.

The so-called selection of gifts, is basically Song Nuan choose, Lin Ran pay the bill, after all, he does not understand the preferences of these relatives, so it is better to honestly pay the bill to the real.

"Hmm?"

Suddenly, after Song Nuan put a box of high-grade tea into the shopping cart, her eyes were attracted by a figure at the other end of the store.

"Why does this person look so familiar?"

Song Nuan frowned slightly, always felt that she had seen this person somewhere.

“Hey hey! Have you seen this person?”

Song Nuan couldn't remember, so she pulled Lin Ran and asked.

Lin Ran followed his gaze and followed with a frown.

“It's her!”

There was a hint of anger in Lin Ran's eyes.

“You know her?”

Song Nuan asked busily.

“How could you not know her, she is Lao Si's ex-girlfriend, Liu Qimeng!”

“Liu Qimeng?”

Song Nuan instantly remembered.

The oldest Liu Chen, the second Zhang Xu, the third Wang Yi, and this Liu Qimeng is the ex-girlfriend of the fourth Liu Yusong.

When she was in college, because of Song Nuan's grandfather, she and Lin Ran met a few times, and among them, she met the fourth Liu Yusong and his girlfriend, Liu Qimeng.

“When did they break up?”

Looking at the back of a man beside Liu Qimeng, Song Nuan asked in wonder.

“Just graduated from college!”

Lin Ran's face was ugly.

Right after graduating from college, Liu Qimeng had hitched a ride with a rich high roller and went to the imperial capital!

Liu Yusong, on the other hand, was going to study abroad because of his family's relationship, and he had wanted to take Liu Qimeng out as well, but who knew that what he got was a breakup.

Liu Yusong's family condition is also good, but it is still worse than the rich second generation, this matter is a big blow to him, since he left the country, also basically did not contact with Lin Ran and other people.

“Hmm?”

Liu Qimeng was accompanying her boyfriend to select a gift, suddenly she felt someone was staring at her, making her heart very uncomfortable, immediately turned her head to look.

At once, she saw Lin Ran.

“Lin Ran?”

Liu Qimeng opened her mouth and asked tentatively.

But as soon as the words left her mouth, a man behind her turned his head, and when Lin Ran saw him, he couldn't help but smile.

"Yue Feng."

"Lin Ran!"

Yue Feng also saw Lin Ran, he was first stunned, then he couldn't help but smile as well.

"Brother Feng you know him?"

Liu Qimeng was stunned at the sight and asked.

"I've met him once!"

Yue Feng said disdainfully, the conflict between him and Lin Ran, naturally it was impossible to tell Liu Qimeng.

Lin Ran's side is similar, but Yue Feng's identity he still told Song Nuan.

"Go, old classmates must not meet to say hello!"

Yue Feng with a teasing face, pulling Liu Qimeng towards Lin Ran.

"Lin Lin Ran, what a coincidence! I didn't expect I ran into you here!"

Liu Qimeng was a little embarrassed, after all, she dumped Liu Yusong back then, and this matter was not very honorable as she knew.

"Yes what a coincidence! The rich second generation back then was him?"

Lin Ran asked with a smile.

"Hmm? What rich second generation?"

Yue Feng asked with a slight frown.

"Looks like you don't know! This one beside you followed a rich second generation to the imperial capital back then, it doesn't seem to be you, so how many hands are you on?"

Lin Ran said, a serious finger counting.

"One, two, three Well, it seems like it should be the third hand!"

"Lin Ran!"

Liu Qimeng's face changed and he was busy saying.

"Old classmates meeting, do we have to make it so awkward? Liu Yusong and I are not suitable, what age is it now, is it wrong to fall in love freely?"

"Huh."

Lin Ran laughed.

“Free love is right, but you climb up the pole and use my brother as a springboard, I Lin Ran just can’t stand it!”

“How many things did Lao Si do for you back then, but what happened? The woman is really practical!”

“What’s wrong with me, he can’t give me the life I want, I did wrong?”

Liu Qimeng looked at Lin Ran, there was anger in his eyes.

“Can’t give you the life you want, you are only later know? What kind of conditions in his family, at the beginning you do not know or what? Why did you say you couldn’t give it until after you graduated? Why didn’t you look for a rich kid in the imperial capital when you were in college and take my brother as a free laborer and ATM?”

Lin Ran didn’t give her any good looks either.

“I am not a saint, you played with my brother, this beam has already been made!”

“Oh, so what if it’s tied up? I also just dumped him because of money, what can you do?”

Liu Qimeng also went out of his way, a face disdainful said.

“Women are really invincible when they are shameless!”

Lin Ran sneered, also lazy to take care of her, anyway, have been divided for so many years, the old four also abroad did not contact, he over the mouth addiction is also considered for the old four out of breath, as for the actual action, he really have nothing to do.

“Lin Ran, said so much, Qimeng seems to be not your girlfriend, your arms and legs are not too wide!”

On the side, Yue Feng heard clearly, at this time could not help but laugh.

“Ao?”

Lin Ran turned his head to look at him and laughed.

“The wide control is for your own good, be careful of catching AIDS!”

“You!”

Liu Qimeng’s pretty face turned red with anger and said in a cold voice.

“You’re still qualified to laugh at me? How about yourself? University poor like a fool, make a girlfriend was green by Wang Qiang, and have the face to say I, and I compared to you are a puddle of mud!”

“Holy shit! There is this thing? It’s simply a breaking news ah!”

Yue Feng laughed when he heard it.

Lin Ran, however, waved his hand and laughed blandly.

“It’s normal, Lao Si’s family is so well-off, they can meet a bad woman like you, not to mention a poor loser like me, who hasn’t met a few scum women in his life?”

“You say so, Yue family second!”

“What nonsense! I am now the number one in the Yue family!”

Yue Feng’s face changed when he heard that, and his gaze at Lin Ran went cold.

“O? If it wasn’t for me, wouldn’t you still be number two!”

Lin Ran laughed.

“That’s enough! Lin Ran! This is our grudge, don’t you pull it on Yue Feng!”

Liu Qimeng looked at Lin Ran and said in an angry voice.
