

Wonder Doctor

Chapter 781

“Brother this matter is a long story, can you first save me out, I slowly all tell you!”

Aokiya said, he has been trapped here for a whole half year, he really does not want to stay here for a moment.

“No! Answer me first!”

Lin Ran directly refused, the people of the Clear Wind School, and still three years ago, he had more doubts in his heart, how could he rashly let him out before he could figure it out.

“Then promise me that as long as I tell you the reason, you will let me out!”

Aokiya gritted his teeth and said.

“That depends on whether you say it’s true or not!”

Lin Ran said.

“I’m in this situation, is it necessary to lie to you?”

Aokiya was a bit on fire.

“Speak first!”

Lin Ran said in a cold voice.

“Ai!”

Aokiya sighed, it had come to this point, what else could he do.

“I am a shunner, I came here three years ago, and like many shunners I was prepared to stay here, but a year ago there was a change in this Ten Thousand Treasures spell formation, many shunners died, I am afraid I am now the only shunner still alive!”

“World-avoider? What is a world shunner?”

Lin Ran frowned and asked, according to Qing Mu Ya, it seems that there are still quite a few shunners inside the Ten Thousand Treasure Spell Formation, what is this situation.

“A world shunner is someone who escapes the real world and is bent on seeking the path, like me!”

Aokiya said helplessly.

“Not only me, many people are the same as me, strength stuck in the Wang Qi realm can not break through, only thought there are distractions in the heart, so we entered this Wanbao spell formation after we decided not to go out, Wanbao spell formation can only take one thing out, but we stay here can get a lot of things, focus on using to improve strength!”

“It’s not right, this Ten Thousand Treasures Spell Formation only allows the strength of the Qi Watching Realm to enter, if you guys break through here, won’t the formation collapse, and the Wind Family doesn’t care?”

Lin Ran frowned and asked.

“If someone really breaks through to the Heaven Seizing Realm, the formation will directly destroy his messenger and he’ll just go out!”

Qing Mu Ya said.

“Brother, I’ve told you everything I know, shouldn’t you let me out now!”

“Not yet!”

Lin Ran shook his head.

“You said there was a change here a year ago, what change?”

Lin Ran continued to ask, he is going to barge in this Ten Thousand Treasures Formation next, so some things must be asked clearly good.

“The change, it seems that some places appeared blood fog, the blood fog is very scary, but any contact with human skin will be the whole body ulcer, true qi can not stop!”

Qingmua said.

“Originally, the ten thousand treasures spell formation of the avoider almost more than twenty people, but because of that change died only four or five left, I came here six months ago to avoid that blood fog, the result is trapped!”

“What about the blood fog? The blood fog did not come after me?”

Lin Ran continued to ask.

“I also wonder ah, that blood fog chase to a few hundred meters away from me suddenly disappeared, and then the earth turned dark red, before it was all earth-colored!”

Qingmua speechless.

Lin Ran but listened to the frown, this year, the Manifestation appeared this kind of change is really not a good thing.

But on second thought, even in charge of the wind family did not say anything, then it means that this Wanbao spell formation is still very safe, may really be their own thinking too much.

“Brother, when are you going to let me out ah, what to say I have said!”

Qing Mu Ya said helplessly.

“Immediately, you are answering me a question!”

Lin Ran continued.

“What do I need to pay attention to when searching for treasure inside this Ten Thousand Treasures Spell Formation?”

“This is simple!”

Qing Mu Ya laughed and said.

“This warring area of many treasures, but the warring places, so there are many dangers, such as my current situation, in addition to these there are many such as uninspired formations, residual killing gas, fierce sharp gas, etc., but all the warring places should be careful!”

“In addition is the herb area, that is not only all can eat, there are poisons, so be careful yourself!”

“Finally is the inheritance area, the inheritance area of many inheritance are lost, so want to find what you want, you can look around again, maybe some private arms, there is a hidden inheritance!”

“Foreign matter area nothing to say, basically not much people go!”

Aokiya said all that he knew in one breath.

“Brother, now you can let me out!”

Aokiya looked at Lin Ran with a bitter face like.

“What did you get here!”

Lin Ran continued to ask.

“Just this machete!”

Aokiya did not have the good grace to say, at the same time pulled out a machete, he knows all told, this guy should not also rob himself of this machete, right?

“Forget it, I can get out on the line, big deal, I don’t want it!”

Aokiya thought in his mind.

“You this big knife I’m not interested, make a vow to come out directly after leaving shall not make a move on me, I leave let you out!”

Lin Ran said.

“Good! No problem no problem!”

Qing Mu Ya finally saw hope, hurriedly made an oath, and Lin Ran also came to the side of the deep pit, carefully looked at the prohibition of the place.

“Kid no need to look, this is a puff trapping formation, the formation base in the southeast, northeast, southwest and northwest four directions, break the formation base, this formation is broken!”

The pillow book blandly said.

“Good!”

Lin Ran nodded his head and immediately rushed towards the first direction.

When he reached the place, Lin Ran was dumbfounded, the so-called southeast direction formation base, was simply a ruin, not to mention the formation base, there was not even a decent thing, who knows where the formation base actually is.

“Chaotic bombardment!”

Lin Ran heart emerged from this idea, since the formation base is here, can not find it, then bombing.

The surging medical dao true qi immediately blasted through the palm of his hand on the ground, the ground that was already in ruins was once again blasted to pieces.

After two times in a row, Qing Mu Ya within the formation couldn't sit still.

“What are you doing, brother? Don't hurt me, this formation who knows what other organs, you don't move!”

“Shut up!”

Lin Ran did not have the good grace to give him a white glance, he is saving you, you are still worried up.

“Bang!”

Suddenly, after another blast, a crisp rupture sounded, Lin Ran and Aokiya's hearts were stunned.

Followed by the formation that enveloped the outside of Aokiya really wavered and dissipated after that.

“Broken?”

Aokiya couldn't believe that the formation that had trapped him for half a year had actually broken just like that.

“Hey! Don't you have a messenger? Why didn't you just crush it and leave?”

Lin Ran reacted and asked in wonder.

“Which is not as simple as you think, this amulet is to sense the effect of the universal treasure spell formation, many places in this can not be used! For example, this engagement area within the formation, or herbal medicine area foreign matter area and heritage area, these three places are separate formation envelope, in which simply can not be used, only in the engagement area, and also can not have the formation envelope to use!”

Aokiya helplessly said.

“Er”

Lin Ran suddenly dawned, no wonder he was trapped here for half a year, then so even with the letter talisman is not all right, here a careless or will be killed.

Chapter 782

“Well, I have to go, after three years of being held here, I can't wait to get out!”

Qing Mu Ya said and directly took out the letter talisman and was ready to crush it.

“Brother, you really don’t want my magic weapon?”

Qing Mu Ya looked at Lin Ran and wondered.

This kid saved himself and actually didn’t want his stuff, is there really such a good person?

“No, your magic weapon is too lame for me to look at!”

Lin Ran said honestly.

“Shit!”

Qing Mu Ya couldn’t help but burst out a foul mouth, and followed it by crushing the letter talisman.

“Although it’s very unpleasant, but thank you, when out I’m free to find you for a drink!”

Aokiya dropped a sentence, followed by his body disappeared into thin air.

.....

“Let’s go!”

Lin Ran greeted, and took Wang Mao also left.

Time is tight only one day, they also can not waste too long in one place, but through this Qing Mu Ya Lin Ran also learned some hidden information inside the Ten Thousand Treasures spell formation, the action will also pay attention to many things.

But the main thing is still the pillow book, one has the direction, and the pillow can probe everything within a hundred miles, which is simply like bringing an electronic dog, unhindered.

Lin Ran led Wang Mao all the way through, two hours of time, has been close to the core of the war zone, but from the real core, still an hour away, during which Lin Ran also encountered other people, but everyone just looked from a distance, and then each busy with their own go.

“Boy, five hundred meters ahead, there are two corpses, there may be something good, go see!”

Suddenly, the pillow’s voice sounded again.

“Good!”

Lin Ran did not think much about it, and immediately led Wang Mao to rush over.

Five hundred meters is still a desolate place, but is more than half a mound, the key is that after Lin Ran two people came here, where to find what corpses, pressed nothing.

“Behind the mound!”

The pillow book helplessly said.

Lin Ran two people had to jump to the back of the mound again.

“Holy shit! There’s really something!”

As soon as they landed, the two of them saw two corpses leaning against the mound behind them, side by side, seemingly resting against the mound before they died.

“What is this?”

Suddenly, Wang Mao saw on the stomach of one of the corpses, there was a black thing that seemed to be a stick, and immediately reached out for it.

But when his palm just touched the black thing, he heard a “wow” sound, the original intact two corpses, but directly turned into pieces.

Two corpses in fact, only the skeleton, at this time by Wang Mao a touch, immediately because the weathering is too serious directly into powder, leaving nothing.

Even the black thing was turned into powder.

“Shit! Nothing is left!”

Wang Mao couldn't help but curse.

Lin Ran, however, found that after the two corpses weathered, there seemed to be something buried underneath.

“Dig and see!”

Lin Ran said.

Wang Mao nodded, and immediately took out the tools he carried and started digging.

Sure enough, after just two shovels of digging, two soft seemingly silk-thin but metal-like things appeared.

Wang Mao picked up the two things, shaking off the sand above, and soon two gloves appeared in front of the two.

These two gloves are black and white in color, it seems like a combination of black silk and white silk thread made, the key is that this pair of gloves are metal throughout, at a glance is not ordinary gloves, more like a pair of gloves shaped magic weapon.

“Boss!”

Wang Mao looked a little excited, he was from a scouting background, if he could have a set of such gloves as a weapon, it was simply too suitable.

“Put them on and take a look!”

Lin Ran laughed, he had little interest in this style of magic weapon, Wang Mao liked it so it naturally belonged to him, it was also a chance for him.

“Very suitable!”

Wang Mao put it on and tried it out, and liked the gloves more and more, just arrived at this Wanbao spell formation and ran into a magic weapon suitable for himself, I have to say that this Wang Mao is really lucky too.

“Good! It’s yours!”

Lin Ran laughed.

Wang Mao was happy and was about to thank Lin Ran, but at that moment, a disdainful voice came from the side.

“It’s yours? Who promised? Have you asked me?”

“Hm?”

The two Lin Ran frowned and turned to look, and found that the person speaking was a sturdy youth, and they were a group of four people, three men and one woman.

“Who are you guys?”

Lin Ran frowned and asked, the four people in front of him he did not recognize at all.

“We don’t even know who we are, and still dare to run around here, I advise you to just hand over the stuff, save the old man’s hand, you still have to suffer this meal of broken flesh!”

The leading youth laughed.

“Thousand brother, do not talk nonsense with them, just kill it, that glove I really like it!”

On the side, the beautiful woman pulled the youth’s arm and pampered, and unconsciously rubbed twice on the youth’s arm when she spoke, causing the youth to compromise at once.

“Good! Ling sister don’t be anxious, brother I’ll get it for you right away!”

Yue Qian smiled and scraped on Yue Ling’s nose, his eyes were full of greed, this sister of his is really beautiful, otherwise he would not be able to bring such a dragging bottle.

“Listen up!”

Yue Qian fiercely turned his head to look at the two Lin Ran, his eyes were full of disdain.

“We are from the Yue family, my name is Yue Qian, this is my sister Yue Ling, if you are smart enough to hand over the stuff immediately, I will spare your lives, otherwise I will get you both killed now!”

“Yue’s family?”

Wang Mao heard a stunned, turned his head to look at Lin Ran, his own boss seems to be at odds with the Yue family ah.

But these two people in front of him seem to be unaware of Lin Ran’s strength, before even Yue Shan was abashed, how come these two people still stand out to find discomfort.

“You guys don’t seem to have a high status in the Yue family!”

Lin Ran looked at the two and smiled.

If the status was high, how could they not know who they were, yet these two people in front of them were completely and truly unaware.

“Bullshit! It’s none of your business if our status is high, it’s enough to know that we’re from the Yue family, hand over the stuff immediately, or else I’ll kill you right now!”

Yue Qian said with a frown.

He and Yue Ling’s status in the Yue family was really not high, otherwise they wouldn’t have even participated in the Ten Thousand Treasures Spell Formation on their own, not with the family.

As for Lin Ran’s matter, very few people in the Yue family actually knew about it, after all, it wasn’t something honorable, and the Yue family had kept the news blocked internally.

“Want it? Come up and grab it yourself! But I can say first, if you dare to do it, we do not mind robbing your things!”

Lin Ran looked at Yue Qian and laughed.

“Rob my stuff? Just by you?”

Yue Qian laughed, and with a flash of cold light in his hand, a white longsword appeared in his hand.

“I’ll show you guys today how powerful this willow sword I just got is! You two protect my sister!”

Yue Qian commanded, obviously ready to clean up the two Lin Ran by himself, not looking at the two at all.

“Wang Mao, play with him!”

Lin Ran laughed at this, dealing with this kind of trash, he really didn’t have any desire to fight at all!

Chapter 783

“Seeking death!”

Seeing that the one who did it was actually not Lin Ran, Yue Qian was instantly also on fire, this was clearly insulting himself and looking down on him ah.

“Against you, I am enough!”

Wang Mao laughed, hands at this time with gloves, his careful you are also unprecedentedly strong.

Although he did not enter the path, but the body is definitely one of the best, and this Yue Qian’s strength is honestly very general, I’m afraid that in this top 100, also belongs to the bottom of the existence.

“Bang Bang!”

Wang Mao with gloves, and Yue Qian’s willow sword constantly collide together, for a time the two sides can not help anyone, but Lin Ran can see that Wang Mao’s body is too much higher than Yue Qian, although for the time being Yue Qian can barely cope with it by virtue of Feng Shui True Qi.

But after a long time, he would always fall into the wind, so this fight was almost predetermined, Wang Mao would win.

“Bastard!”

Yue Qian quickly reacted and hastily retreated after a collision with Wang Mao, but at this point he couldn't even beat one of his men, which made his face a bit embarrassed.

“Thousand brother don't play with them, hurry up and kill them we'll leave, don't you want to go out earlier?”

On the side, Yue Ling pampered urged, Yue Qian has got the willow sword, but she did not get anything, if she can get the gloves then she will be satisfied.

This ten thousand treasure spell formation is dangerous, she is really not a moment to stay here.

“Go out?”

Yue Qian was stunned when he heard the words, followed by the memory of going out, the wide double bed, the comfortable fish tank, the beautiful silhouette, the blown skin.

Thinking of this, he couldn't help but glance at Yue Ling, and an evil fire sprang up from the small of his back.

“You two come with me!”

Yue Qian pointed at the two men next to Yue Ling and shouted.

“Yes!”

The two men neatly answered, followed by drawing their weapons and pounced towards Wang Mao together with Yue Qian.

“Boss, don't worry!”

Wang Mao casually shouted, followed by his eyes became sharp, and his gloved hands could not help but clench into fists.

“Really look up to me! In that case, let's have some fun!”

Wang Mao's eyes fiercely cold, his feet immediately launched, directly towards Yue Qian and lunged.

As the saying goes, capture the thief first, these two men look like cannon fodder, there is no need to deal with them, and this Yue Qian is not his opponent, he also does not believe that these two men can be strong to where.

As expected, Wang Mao, he just an arrow step, directly shake off the two, in the blink of an eye has arrived in front of Yue Qian.

“Two trash!”

Yue Qian saw the situation and was so angry that he cursed, but cursing is cursing at this time he can only rely on himself.

“Clang clang clang!”

Willow sword in the hand quickly and Wang Mao collided together, but he was the more he fought the more panic in his heart, did not expect to run into the strength of these two people so strong, just one of his men are more powerful than himself.

“Damn it can’t!”

Yue Qian’s heart moved, turned around to run, in such a fight they must be defeated, now run at most to spend some words and Yue Ling to explain some, if really defeated the other side to directly kill themselves, that can be nothing.

“Want to run?”

Wang Mao’s quick eyes and hands, see the right moment a fist smashed directly on the back of Yue Qian.

His strength is already very strong, and at this time with gloves, this punch down, Yue Qian the whole person directly a dog eat shit on the ground.

It was not a coincidence that there was a stone on the ground, only to hear a “click” sound, Yue Qian’s ribs broke.

“Ah!”

The pain caused Yue Qian to scream like a pig, and the willow sword in his hand fell aside.

Wang Mao didn’t bother with him and went straight up to pick up the willow sword, and it was only then that the two men behind him finally arrived in slow motion.

“Hmm?”

Wang Mao looked up at the two men, the coldness in his eyes immediately scared the two men to stand still and did not dare to move, even Yue Qian was defeated, where the two of them still dare to be reckless.

“Boss!”

Wang Mao took the Liu sword and came to Lin Ran, handing it to the latter.

“Hmm!”

Lin Ran picked up the willow sword and looked at it, found that it was a very good weapon, immediately put it away, although he could only carry the same, but this thing to give a Ling Sa is also good, just do not know if this niece like to use the sword.

Do not want so much for the time being put away, wait to see the Lin Sha ask is also good.

“My sword!”

Yue Qian was Yue Ling helped to stand up, looking at his just arrived willow sword was Lin Ran put away, the heart is dripping blood.

“It’s my sword now, I’m sorry, I made it very clear before you did it!”

Lin Ran looked at him and laughed.

“Let’s go!”

With a beckoning call, he turned around and prepared to leave.

“Wait!”

At this moment, Yue Ling, who hadn’t spoken, spoke up.

“There’s something else?”

Lin Ran turned his head to look at her and found that this ninny was a real bane, the Yue family actually had such a beautiful looking woman too.

“You can’t take our stuff!”

Yue Ling said through clenched teeth, her body was unconsciously trembling, clearly she was very scared.

“Ao?”

Lin Ran laughed.

“Only you are allowed to rob our things, we are not allowed to take your things, this place is run by your family?”

“You!”

Yue Ling was so angry that her pretty face turned red, her eyes twinkled and she said.

“You are very powerful, but we are Yue family people, you can not take our things, or when we go out and our elders know, certainly will not spare you! You should have heard of the reputation of our Imperial Yue family!”

Yue Ling directly brought out the Yue family.

If it was an ordinary person, they might have really compromised if they heard about the Yue family, a huge behemoth, but unfortunately, they ran into Lin Ran.

“Yue family? A good Yue family, you really see the majesty of your Yue family people everywhere you go!”

Lin Ran laughed.

Yue Qian also laughed at his words.

“Good to know, hurry up and hand over the stuff if you’re sensible, or else you’ll all be dead when you get out!”

“Hm?”

Lin Ran’s eyes chilled when he heard that and looked at Yue Qian.

“Do you really think your Yue family is a god?”

“You! You’re looking for death!”

Faced with Lin Ran’s sudden stiff reply, Yue Qian also put on a strong hard face, now moving out of the Yue family was the only chance he had to get his Liu Jian back, he didn’t want to give up.

“I’m looking for death?”

Lin Ran laughed, and with a flip of his palm the Willow Sword appeared directly in his hand.

“Right! Give it back to me and this matter will be treated as if it never happened, otherwise I will definitely not spare you when I get out!”

Seeing his willow sword, Yue Qian thought that Lin Ran had compromised and immediately laughed.

However, the next scene made him completely dumbfounded.

Only to see the corner of Lin Ran’s mouth reveal a cold smile, followed by a shake of the willow sword in his hand, and his entire person directly rushed towards Yue Qian.

“You dare to kill me!”

Yue Qian said in anger, but his legs were unconsciously trembling.

“Brush brush brush!”

Lin Ran held the Willow Sword and quickly slashed one side around Yue Qian’s body, followed by directly putting the Willow Sword away.

“Clatter!”

The willow sword was put away, followed by a series of sounds.

Only to see the clothes on Yue Qian’s body quickly fall off, in the blink of an eye all the clothes on his body have fallen to the ground, only a pair of pants left.

“You!”

Yue Qian angry old face red, hurried to pick up the clothes on the ground, but picked up a look only to find that the clothes are completely rotten, a piece of no piece of size is more than a palm.

Lin Ran blandly looked at him, turned to look at Yue Ling.

“For the sake of you are a woman, I do not bother with you, and then take your Yue family, I do not mind also send you a set of bikini!”

“You!”

Yue Ling smiled and suddenly her pretty face turned red, hastily body hand covered her private parts.

Chapter 784

“Go!”

Time is short, Lin Ran greeted the first to leave this place, only one day he still has a lot of things to do, it is impossible to continue to stay here.

“Thousand brother what do we do?”

Yue Ling looked at Yue Qian, her pretty face was full of reluctance and pretend pity.

But do not say, she this look really please the Yue Qian heartache.

“Follow them, this is not far from the core of the war zone, the family induction stone I can feel, Yue Feng brother is there, we go to him to help!”

Yue Qian gritted his teeth and said.

“But this place is so dangerous, can we not go to the core of the warring zone ah!”

Yue Ling was a little worried, although they also got the qualification, but in the end, they are all muddling through the water to come, to be able to move around in this periphery and find some suitable magic weapon is already a big surprise, going to the core of the warring zone, that is afraid that there will be a risk to life.

“What are you afraid of, we are the Yue family, that kid did not do to kill us, there are people who dare not? As long as we are careful absolutely no problem!”

Yue Qian insisted to, if his willow sword is still in certainly went out, after all, Yue Ling although good-looking, but has not hit the bottom to let him go to fight for his life, the key is now his willow sword was also snatched by Lin Ran, this is what made him have to think of a way.

After all, it's hard to come in once, if you go out empty-handed, then it's really a loss to home.

“Let's go don't think about it, in thinking they will run far away!”

Seeing Yue Ling still hesitating, Yue Qian was busy urging, while taking the lead in the direction Lin Ran and the others left to chase over.

“Thousand brother, I just remembered, it is said that there are also magical beasts inside this Wanbao spell formation, we”

Yue Ling was still a little worried.

“Magic beasts? Have not seen it for hundreds of years, that magical beast that terrifying if there really is, the wind family will certainly not let us in, rest assured!”

Yue Qian did not think so, before the magic formation of ten thousand treasures does have the magic beast, that is the residue of the previous war, but with ten thousand treasures of the magic formation by the wind family to pay, this inside the magic beast is also basically cleaned up, where there is what magic beast.

.....

Lin Ran two people all the way towards the core of the war zone, an hour later already very close to the core, at most another half an hour is not even close to be able to find the place.

“Boss, they are still following behind!”

Wang Mao frowned and said.

Yue Qian these people tracking up really can not, by Wang Mao have found not know how many times, is simply a blatant tailing.

“Don’t mind them!”

Lin Ran said indifferently, time is tight he is not interested in paying attention to these people.

“Boss be careful!”

Suddenly, just at this moment when Lin Ran was trying to desert, a bump above the ground in front of him came quickly, as if something was moving quickly under the ground.

“Get out of the way!”

Lin Ran busy Wang Mao pushed away, followed by a flip of the palm, broken tip dagger flashed a cold aura, directly towards the ground under the raised place stabbed in.

“Bang!”

A muffled sound, there was no movement under the ground immediately, Lin Ran palm wave will break the tip of the lift up, only to see the dagger only on a puddle of blood.

“Dead?”

Wang Mao was amazed, just a little dead? And scared he thought it was something terrifying, did not expect it to be solved so easily.

“Be careful!”

Lin Ran suddenly frowned, a hand pulled Wang Mao aside, followed by the two were surprised to see.

Before Wang Mao’s standing place, two pitch-black similar to beast claws like things, fiercely from under the ground poked out, but it grabbed an empty hurriedly retracted, followed by actually directly towards the two people behind the rushed over.

“Good trap!”

Wang Mao a burst of fear, if not just Lin Ran reminded in time, I’m afraid that at this time he has been that thing to the ground below the tear.

And to the ground below, I’m afraid life and death will all depend on the mood of the other party.

“Chase!”

Lin Ran frowned tightly, not even the slightest relaxation

“Yue Qian they are behind!”

While rushing out, Lin Ran reminded.

Wang Mao heard the words suddenly dawned, that thing is so fast, I'm afraid Yue Qian two people simply can not resist.

Sure enough, the two people's guess was completely correct, they just arrived at Yue Qian and others, the thing under the ground has rushed out, its two sharp claws like bayonets, fiercely probed out of the ground directly stabbed at Yue Qian two men.

"Stab la!"

Blowing hair, sharpness suffocating, the two sharp claws easily passed through the two men's bodies, and immediately blood stained the ground.

"This!"

Wang Mao was dumbfounded as he watched.

And Yue Qian and Yue Ling in the distance were even scared stiff in place, their whole bodies trembling violently from fear, unable to say a word for half a day.

"Boss!"

Wang Mao was busy looking at Lin Ran.

Lin Ran's eyes were slightly narrowed, the willow sword had already appeared in his hand, his whole body's breath was violently poured in, and immediately the willow sword came out of his hand.

"Shizi!"

The willow sword was extremely fast, causing a sonic boom that pierced the air.

At this time, the monster under the ground, after killing two of Yue Qian's men, actually turned towards Yue Qian and pounced on them.

The bulge under the ground is getting closer and closer, and the two even closed their eyes out of fear, not daring to think about what the outcome would be for them.

The fear of waiting for death in the darkness is suffocating, the two closed their eyes for a short time can not carry, and hastily opened up.

But it is this is an open eye, they saw two dark sharp claws just happened to poke out of the ground, towards their face on the stab.

At this moment, they can even see clearly the sharp claws only on each barbed fleece.

A cold air rose from their backs.

"Die!"

Suddenly, an explosive cry rang out, followed by only a cold flash, and the willow sword plunged directly into the ground, even the hilt of the sword was deeply submerged under the ground.

At the same time, Yue Qian and Yue Ling both froze, they found that the sharp claws that were approaching the two of them actually stopped, as if they were fixed forever.

“Arise!”

Lin Ran’s palm waved, the willow sword immediately broke out from under the ground, and this time with a black thing on it, at first glance it looked like an oversized mouse, but Lin Ran was clear that this thing was definitely not an ordinary animal.

“This is the magic lynx!”

The voice of the pillow book suddenly sounded.

“Holy shit, there is still this thing here, it seems that this small world was still very perfect back then!”

“What’s a devil lynx then?”

Lin Ran puzzled, he had not seen this thing at all.

“This is a magical beast, unique to my world, similar to the animals in your world, but this magical beast is very ferocious attack strong, just now you have seen!”

The pillow book said.

“Magic beast?”

Lin Ran frowned.

“You be careful, this magic lynx is living in groups, here appears one other places there must be, and you kill it if its companions smell your breath, will certainly fight with you!”

The pillow book reminded.

“My Cao, this can even see that I killed?”

Lin Ran was helpless.

“Nonsense, magical beast intelligence is very high, in my world belongs to the second largest power, the strongest magical beast even have the strength comparable to the Immortal Emperor!”

The pillow book did not have a good temper.

“My Cao!”

Lin Ran couldn’t help but burst out a foul mouth before looking at Yue Qian and the two others.

“You guys go! If you don’t leave next time I won’t save you!”

Lin Ran said and directly put away the Willow Sword.

Yue Qian saw the situation and swallowed back the words that came to his mouth.

Chapter 785

After saying that, Lin Ran turned around and left, at this time, he was getting closer and closer to the core place, he simply did not want to waste time.

“Thousand brother, let’s go!”

Yue Ling was so frightened that she lost her face, at this moment she only wanted to hurry up and leave this hellish place, if Lin Ran hadn't made a move just now, they would really have been finished.

"No!"

Yue Qian's eyes were cold as he said.

"I can feel that brother Yue Feng is getting closer and closer, we have come this far, can not give up! Otherwise, there will really be nothing left!"

"But look at them!"

Yue Ling pointed at the two men who died in vain on the side, their guts were scared.

"What are you afraid of, this kind of magical beasts throughout the entire Manifestation, we can run into one, I do not believe that we can run into a second, we two luck is so bad!"

Yue Qian did not want to give up and pulled Yue Ling towards the other side.

"Go! Let's go directly to Brother Yue Feng!"

At this point, he was already very close to Yue Feng, and there was no need for him to continue following Lin Ran, when he found Yue Feng, he believed that he could definitely retrieve the Liu Sword from the new.

Just how did he know that Yue Feng even his own magic weapon was broken one in Lin Ran's hand.

.....

"What do you want this devil lynx corpse for?"

Lin Ran asked in bewilderment, just now the pillow book by hand collected that devil lynx corpse, let him some puzzled.

"This you do not understand, the whole body of the magical beast are good things, for example, this magic lynx skin that is a top quality skin, you see!"

The pillow book laughed, followed by a flick of the finger, a piece of magic lynx skin was easily cut out, actually formed a fast cushion, was placed on the golden paper by the pillow book, himself fart to do up.

"Shit!"

Lin Ran saw the situation helpless, this guy how there is still a kind of to occupy the mountain as king.

"Remember my words, this thing is swarming, there must be more elsewhere!"

The pillow book did not have a good temper.

"Got it!"

Lin Ran impatiently returned a sentence, when continued to rush.

The half hour journey is not long, not short, without Yue Qian two people following, the two people hurry up a lot faster.

A few moments later Lin Ran finally arrived at the core of the war zone, once here, Lin Ran understood the true appearance of the Manifestation.

The entire core of the war zone is littered with corpses, some have weathered, some have not yet weathered, everywhere is a mess.

But this is such a barren place, can even be said to be a mass grave, but people are still many, at least eighty to ninety people are gathered here, they are in groups of three or two, rummaging through the pile of dead, apparently all looking for the right magic weapon.

There are a total of four areas of the Ten Thousand Treasures Spell Formation, and the people who came in were only a hundred, plus one attendant each, which is only two hundred, but this warring area alone occupied at least eighty or ninety people, enough to see the great attraction of this place.

“Is that? Li Sheng’s induction stone!”

Suddenly, Lin Ran sensed the presence of Li Sheng, just a short distance ahead.

“Go!”

Lin Ran greeted, and immediately led Wang Mao to rush over.

The more you go forward, Lin Ran realized that the front is even more lively, at this time a large group of people gathered together, rushing to the front pointing.

Lin Ran two people easily squeezed in, immediately found that there is a huge deep pit in front.

The middle of the deep pit actually stands a square, the square is very large almost occupies the entire bottom of the deep pit, and at this time in the square above, several to figures are fighting, it is simply a melee.

“Boss, that’s Brother Chop! And Ah war!”

Wang Mao took the lead and shouted, Lin Ran at this time also saw clearly the situation in the field.

Above the square, there were three forces.

The first is Leng Zhan Wang Yifeng as well as Li Sheng and Ah Zhan, and their opponents are no other than the Yue family led by Yue Feng, while the third party, but let Lin Ran look a little angry, that is the Qingfeng faction led by Xu Qingfeng.

Yue Feng and Xu Qingfeng add up to a number of at least a dozen, their two large clans sect seems to come in a lot more people, otherwise it would not be possible to mobilize so many people.

“Hey brother, why are they fighting?”

Wang Mao pretended not to recognize the people below and asked the people who had to eat next to him.

“New to the bar, here to fight must be found baby chanting!”

“Yes, but those four people are really tenacious, have lasted almost half an hour, but only fell into the wind!”

"I think at the end of the strong, but the opposite is Yue Feng and Xu Qingfeng team up, which is the encounter with the sky realm strong people can fight, not to mention that they only four people!"

"I think so, and who is not good to grab, and Yue family Qingfeng faction to grab, is simply to hit the stone with eggs!"

The crowd has said, obviously are not optimistic about Wang Yi life Li Sheng four people.

"Boss!"

Wang Mao looked at Lin Ran nervously, waiting for his order.

"Go down! Help!"

Lin Ran eyes a cold directly said, at this time he had no choice, he could not leave Wang Yifeng and others regardless.

"Good!"

Wang Mao waited for these words, Lin Ran just finished speaking, he jumped directly from the deep pit with a long jump.

"Hey hey! Quickly look at another person joining!"

"Only two people, is it to seek death?"

"Who knows drop it, maybe and the people below know each other!"

"Then it must be Yue Feng and Qingfeng faction, those two boys do not know who knows where to jump out!"

Crowd chatter, are not optimistic about Wang Yifeng and Lisheng.

Originally also, only one of the four of them into the road, the other three are practicing martial artists, if not physically strong reaction, I'm afraid that the face of so many people have long been defeated.

"What about Li Sheng?"

A war looked at Li Sheng asked.

"I don't know!"

Li Sheng to teeth, holding a lance in his hand, the lance silver light shining is very extraordinary, this is his special preparation for the Wanbao spell formation this time the very best weapons.

"Fatty, should we give up!"

On the side, Leng Chop holding a silver short sword in his hand asked with gritted teeth, he was also under a lot of pressure.

"Give up? You fucking give up on the old man!"

Wang Yifeng said without good grace.

"Me? The old man has died once, you compare with me? Then let's carry on!"

Leng Chop laughed madly.

“Haha, fat master I really haven’t been afraid of anyone, I’ll take this thing!”

The divine Dragon Blade in Wang Yifeng’s hand was unusually raw and fierce.

“Shit! Then let’s go crazy together!”

Ah Zhan also held a big sword in his hand, with madness on his face.

“Bastards! Hurry up and take them down!”

Yue Feng was so angry that his face was icy cold, time had dragged on for half an hour and he still hadn’t taken down four people, which made his face a bit unbearable.

“How come Yue Feng can’t hold back so soon?”

On the side, Xu Qingfeng laughed.

“The surname Xu and I pretend what calm, dragging on the change, you can not reap the benefits!”

Yue Feng sneered.

“Haha, there are so many things here I’m not in a hurry!”

Xu Qingfeng laughed.

“O? Not anxious, then you turn around and see who is coming, see if you are still anxious!”

Yue Feng sneered.

Xu Qingfeng turned his head to look at his words, and when he saw the two Lin Ran, he immediately frowned.

“Coming really fast!”

“You know how tight time is, hurry up and let’s join forces to kill that dead fatty first!”

Yue Feng greeted.

“Good!”

Xu Qingfeng also knew the seriousness of the matter, immediately did not hold back his hand, and Yue Feng together towards Wang Yifeng killed.

Chapter 786

“Holy shit! Play for real!”

Seeing Xu Qingfeng and Yue Feng kill over together, Wang Yifeng was completely confused.

His strength was weaker than Yue Feng’s, and he was able to barely resist Yue Feng’s attack by virtue of his guts.

But at this time the two joined forces, he was unable to resist in any way.

“Fatty! Quickly hide!”

On the side, Li Sheng shouted, Xu Qingfeng was originally his opponent, but at this time suddenly changed, he was also held back by four or five men, completely distracted from taking care of Wang Yifeng.

“Hiding? How to hide?”

Wang Yi life anxious brain are sweat, surrounded by people, the four of them is basically surrounded in the middle of the beating, how to hide him a dodge suffered an attack is certainly the back of the people, and behind him is exactly cold chop.

“Fuck I’ll fight with you guys!”

Can’t hide, Wang Yi life also completely fire, the hand of the divine dragon knife fierce swing towards the two people on the chopping over.

“Humph! Dying struggle!”

Yue Feng’s face was cold, there was disdain in his eyes, the dark red dagger in his hand shook, and immediately blocked the divine Dragon Blade.

“Bang!”

The two magic weapons that seem to be very different, but at this time in Yue Feng’s hands, the force is not inferior to Wang Yifeng, and also vaguely suppressed the effect.

“Do not do it yet!”

Yue Feng looked at Xu Qingfeng.

“Here it comes!”

Xu Qingfeng’s face tightened, a white metal folding fan in his hand immediately came out, straight to Wang Yifeng’s neck, his fan is obviously not a mundane object, after all, is the young leader of the Qingfeng School, how could not have some good things to see.

“Cao!”

Wang Yifei was frightened, if the fan was scratched, he must be on the spot funny fart.

“Fatty, can you do it!”

Leng Zhan asked in the back, he could not see Wang Yifeng’s situation, only know that this guy is afraid of facing a very big pressure.

“No fucking way, you come here!”

Wang Yifeng said in a good mood.

“Hang in there! I can feel Lin Ran’s breath!”

Suddenly, Li Sheng on the side spoke up.

They all had their sensing stones with them, but at this moment, all four of them were caught up in the battle, and none of them had time to pay attention to the sensing stones, otherwise they would have sensed Lin Ran's arrival long ago, and they wouldn't have to wait until now, or Li Sheng sensed Lin Ran's aura.

"Ranzi? Damn it, this kid is finally here!"

Wang Yifeng cried out in excitement.

"If this kid doesn't come, today the fat master will really return to his place!"

Wang Yifeng said excitedly.

"Cut the crap, you'd better think of a way to block this blow, there are too many of them, Lin Ran is afraid that he can't rush in for a while!"

On the side, Li Sheng reminded.

"Cao! Why didn't you say so earlier!"

Wang Yifeng heard almost did not spit out a mouthful of old blood, heard Lin Ran rushed he was even ready to give up resistance to see the big show, the results of Li Sheng came out again such a sentence.

"Who knew that you guys heard Lin Ran, then quit!"

Li Sheng did not have a good temper said.

"All right, no more nonsense!"

Wang Yifeng lazy in nonsense, turned his head to look, only to see Xu Qingfeng's folding fan has arrived close, at this moment left him absolutely no more than two suction time.

"Fucking come on, let you see the power of the fat master!"

Wang Yifeng clenched his teeth, the divine Dragon Blade in his hand was suppressed by Yue Feng could not be drawn back, simply did not draw, one hand holding the divine Dragon Blade, the other hand fiercely probed out towards the folding fan on the face.

"Hm? Looking for death!"

Xu Qingfeng smiled coldly when he saw this.

This fan is very precious, not to mention the human hand, even a piece of iron can split instantly, Wang Yifeng use his hand to block is no different from suicide.

"Hm?"

But then he froze, only to see that Wang Yifeng's hand after approaching the folding fan, actually quickly backed up, a time is the same as the speed of the folding fan, forming a dynamic balance.

"Stab!"

Wang Yifeng twisted his fat old waist and finally dodged the folding fan, but the sharp fan blade of the folding fan still cut a big hole in his clothes.

“It’s now!”

Wang Yifeng did not care, finally at this moment saw the opportunity, palm fiercely, directly grabbed the handle of the folding fan, and captured Xu Qingfeng’s magic weapon.

“What?”

Xu Qingfeng looked shocked, he did not expect this dead fat actually bold, this time to play such a flower, at the same time he was also completely anxious, the folding fan is his life magic weapon if the back of the dead fat to destroy, then his feng shui road will end here.

“The surnamed Xu, you are really willing, at most another half a minute Lin Ran will be able to rush in, to fight or not depends on you!”

Yue Feng sneered.

At this time, Xu Qingfeng’s native magic weapon was captured, he naturally had of watching the show, someone will be anxious.

“Do not fucking talk windy, give me help, I immediately kill him!”

Xu Qingfeng said in annoyance, no matter what his own native magic weapon must be retrieved, otherwise he would really be finished.

“Good!”

Yue Feng also no nonsense, the hand of the dark red short sword a draw, immediately let go of Wang Yifeng’s divine dragon sword, followed by a fling, the dark red short sword directly issued a shock sound treasure rushed Wang Yifeng stabbed over.

“Benevolent magic weapon, spin!”

Xu Qingfeng also did not dare to delay, hastily formed a seal to control the native magic weapon began to struggle.

“Hm?”

Wang Yilian tackle of the magic weapon has not been happy two seconds, the two people’s attack arrived.

“Into the hands of the old me you still want?”

Wang Yifei laughed, followed by directly blocking the fan in front of his body, mobilizing a third of the power in his body to firmly fix it, so that it simply can not break free, followed by Wang Yifei and put away the divine Dragon Axe.

Faced with Yue Feng and Xu Qingfeng’s desperate attack, he simply did not have the confidence to take it hard, so he was prepared to come here to die.

“What are you doing!”

Seeing that the folding fan blocked the way of his short sword, Yue Feng was busy shouting.

“That guy’s power is all on the folding fan, I can’t break free, you just kill him!”

Xu Qingfeng said.

“Rubbish!”

Yue Feng was annoyed at his words, kill him? How to kill him? That guy is hiding behind the fan, to kill him you have to destroy the fan!

“Destroyed then destroyed!”

Yue Feng clenched his teeth, eyes fiercely cold, dark red dagger directly towards the folding fan and stabbed over.

“Yue Feng what are you doing!”

Xu Qingfeng immediately anxious, that is his original magic weapon, but now Yue Feng actually ready to destroy it.

“It’s just a magic weapon, Lin Ran will be here soon, if we don’t kill him none of us will be able to leave!”

Yue Feng’s face sank, completely ignoring Xu Qingfeng who was running towards him in a frenzy, he controlled the short sword and stabbed the folding fan.

“Bang!”

A crisp muffled sound, the short sword directly passed through the folding fan, only a slight pause, then continued to stab towards Wang Yifeng.

“My magic weapon!”

Xu Qingfeng looked immediately fell to his knees, a clear gash in the middle of the folding fan, as if it opened in his heart, causing him to despair at once.

“Useless waste!”

Yue Feng gave him an icy glance and instantly ignored it, manipulating the dark red dagger straight to Wang Yifeng’s chest.

“Cao! This wasn’t even blocked! What a waste!”

Wang Yifei also could not help but curse, at this time the dark red short sword has reached the front, he has no time to consider what to do, reflexively took out a head-sized black stone blocked in front of.

Followed by a “bang” muffled sound, the dark red short sword will directly hit the black stone flew backwards, but unfortunately, the black stone directly hit the Wang Yi life chest, immediately hit him a mouthful of blood spit out.

At the same time “click” a few sounds, apparently his whole body of tendons and bones are broken several.

Chapter 787

“Fatty!”

Leng Zhan and the others couldn't help but watch with red eyes as they all stormed out.

"Bastard!"

Lin Ran, who was standing outside the crowd and watching this scene, also became violently angry, he had been down for at least two minutes since, but he hadn't been able to rush in.

Not because he was not strong enough, but because he didn't want to kill anyone, but now, he didn't want to kill anyone, but others were trying to kill his brother.

"Yue Feng! Xu Qingfeng, you guys brought this on yourselves!"

Lin Ran was completely furious, a cold aura flashed in his eyes, the broken tip of the dagger appeared at once, a true qi attached to it, and it immediately came out of his hand.

"Pfft! Poof! Pooh!"

The sharp dagger-breaking tip was unstoppable, the three Qingfeng Sect disciples who were previously in Lin Ran's way were instantly penetrated through their bodies, while a Yue family member who was waiting for an opportunity to move aside was simultaneously pierced through the chest with a single blow from the dagger.

"Lin Ran!"

Yue Feng's face sank as he turned his head to look.

And at this time, Xu Qingfeng had gone completely crazy, he knelt on the ground, looking at his own life magic weapon with despair in his eyes, but soon this despair turned into madness.

"Yue Feng! I will kill you!"

Xu Qingfeng came straight to Yue Feng, did not care about the cooperation, he only knew that this guy destroyed his magic weapon, broke his feng shui path, he wanted revenge!

Lin Ran glanced at the two, without stopping towards Wang Yifeng and rushed forward.

"Boss! I've got the stuff!"

In the distance, the black boulder that was knocked away by the dark red dagger was obtained by a Yue family member, and the other shouted at Yue Feng in surprise.

"Good"

Yue Feng saw this and just wanted to shout good, but then a cold mango swept by, instantly penetrating the man's body, followed by bringing the black stone next to Lin Ran.

"Want my brother's stuff, dream on!"

"Also, if my brother has a problem, I'll kill your entire Yue family!"

There was a crazy killing intent in Lin Ran's eyes as he turned his head and took the stone to the side of Wang Yifeng.

"Brother Lin Ran!"

“Boss!”

Li Sheng and Leng Zhan and other people have gathered around, at this time Xu Qingfeng and Yue Feng fight together, around the two families are also confused, do not know at this time to change how can do, one froze in place did not make a move.

“You You can’t fucking come earlier!”

Wang a lying on the ground, covering his chest, the corners of his mouth constantly have blood gushing out.

“Don’t talk!”

Lin Ran glared at him, followed by quickly pointing a few acupuncture points on his chest to restrain the guy from continuing to vomit blood, before inputting a true qi to check his body.

“Ranzi, I I must say!”

Wang Yifeng all but pointed at the black stone in Lin Ran’s hand and said.

“This is a real fucking meteorite iron Such a big piece! You You give it to Iron Hand Li Must give fat master my divine Dragon Blade from a new casting!”

“What the hell time is it still thinking about this!”

Lin Ran was so angry that he simply wanted to slap him to death.

“Waste Nonsense, a man’s weapon doesn’t work, that’s the biggest insult of all! I don’t want to be told by Xiao Cui that I can’t!”

Wang Yifeng insisted.

Lin Ran did not bother to pay attention to him, closed his eyes and concentrated on checking his body.

Wang Yifei this came no one to speak, he suddenly looked at Li Sheng a cold chop and other people.

“Brother Brothers, comrades in arms! I’ll be waiting for you up there, remember to bring your cards when you come, let’s continue to hoe the earth!”

Listening to Wang Yifeng’s nonsense, Lin Ran completely helpless, loosened his hand and looked at him without saying a word.

“Ranzi, why are you looking at me like that? Fat master I am dying, can not give the master a smile?”

“I laugh at you!”

Lin Ran cursed.

“You’re going to die and I’ll see? Just a few fucking broken ribs, you want to die, go ahead and die! When we get out of here, I’ll go find Xiao Cui and marry her directly!”

Lin Ran said.

“Shit! How dare you!”

Wang Yifeng came to his senses at once.

“What are you saying? I just broke a few ribs? That’s not like you don’t have to die?”

“What do you think?”

Lin Ran gave him an unpleasant look, followed by throwing the meteorite iron directly to him before getting up and looking at Leng Zhan and the others.

“You guys?”

Seeing the things in several people’s hands, Lin Ran was also completely confused.

“Boss! These are the ones we found, we were lucky to enter the Ten Thousand Treasures Spell Formation and appear directly near here, how about this, we have a handsome weapon, right!”

Leng Xie laughed, while raising the silver short sword in his hand.

“Boss now what?”

Ah Zhan asked, a large sword in his hand was also imposing.

“What should I do? If you have a grudge, you can repay it, it’s not illegal to kill people here!”

Lin Ran eyes raw ice cold, fortunately Wang Yi life is fine, if he had half an accident, Lin Ran is afraid that he will directly chase and kill Yue Feng and Xu Qingfeng, even if they run directly back to the family and sect.

“Good!”

Leng Xuan three people are waiting for these words, immediately one of their eyes born sharp, killing heart has risen.

“Brother Li Sheng, you see for yourself, whether you want to make a move or not is your business!”

Lin Ran said indifferently, followed by turning around and rushing towards Yue Feng.

Li Sheng, after all, there is still a Li family behind, so there are more concerns, at this time Lin Ran naturally will not force him to make a choice.

“Still have to do it, otherwise really think that my Li family is easy to bully?”

Li Sheng laughed, the silver lance in his hand flung, and immediately also followed.

Wang Yifeng was lying on the ground resting, Wang Mao was guarding the side, and all the others rushed up.

Lin Ran naturally went directly to Yue Feng and Xu Qingfeng, while Leng Zhan and others went directly towards the Yue family and the Qingfeng faction, and killed them.

The situation in the field was in chaos for a while, and the number of people watching around was increasing.

“Bastards! Give me death! Give me death!”

Xu Qingfeng acted as if he was crazy, completely not caring about the injuries he had sustained, and was determined to kill Yue Feng.

But the more he did so, the bigger his break was, Yue Feng dodged while returning the attack, not only was he not injured, but he was hitting Xu Qingfeng shakily, blood was coming out from many places on his body.

“Crazy! Since you want to die, then I’ll make it happen for you!”

Yue Feng’s eyes were cold, and the dark red short sword in his hand shot out explosively, rushing towards Xu Qingfeng’s head and stabbing him.

Xu Qingfeng has been completely crazy, completely disregarded, tan hand to clang.

But the dark red dagger is after all a magic weapon, with Yue Feng true Qi support, only to hear the “poof” sound, directly in Xu Qingfeng’s hand cut a mouth, blood flowing.

But Xu Qingfeng did not even notice, directly towards Yue Feng and killed.

“Looking for death!”

Yue Feng’s eyes were cold, and the dark red short sword went directly behind Xu Qingfeng and stabbed him in the back of the heart.

“Eh?”

Lin Ran just arrived, saw this scene, immediately grabbed a hand on Xu Qingfeng’s feet, forcing him to pull a few centimeters cheaper.

At the same time, the dark red short sword directly went through Xu Qingfeng’s chest with a “poof”, and a large pool of blood spurted out, staining the entire sky red.

“How ruthless!”

Lin Ran has a cold aura in his eyes, quickly pulling the dying Xu Qingfeng down beside him, using his true qi to block his meridians, which barely managed to hold on to his breath and not die on the spot.

If he hadn’t just pulled Xu Qingfeng at the last minute, the short sword pierced his heart, it would have been impossible for the Da Luo Golden Immortal to save him.

Chapter 788

“It’s you!”

Seeing Lin Ran, Xu Qingfeng helplessly revealed a bitter smile, he did not expect that the one who saved him at the last moment would be Lin Ran.

“Don’t think too much, it’s just a coincidence!”

Lin Ran blandly said, followed by a hand to throw him toward the ground, temporarily can not die Lin Ran did enough, the rest is not his business.

“Where is Ling Sa?”

Xu Qingfeng asked while falling.

“Did not see!”

Lin Ran returned, from the time he entered the Ten Thousand Treasure Spell Formation until now, he indeed hadn't seen Ling Sa.

“Lin Ran, you're really a shadowy soul!”

Yue Feng turned his head to look at Lin Ran, not being able to directly kill Xu Qingfeng just now made him feel uneasy in his heart.

This guy after all is the Qingfeng faction, if dead also forget it, after all for a dead person Qingfeng faction is not to fall out with their own family, but now is the person did not die, then they Yue family long to say something, after all, the Qingfeng faction also have to give their own sect of people to see, can not be dead people do not say a word.

“You are not bad ah, here can meet you!”

Lin Ran looked at Yue Feng with a bland expression.

“Cut the crap, since we ran into each other here, it just so happens that you can return my magic weapon to me, and our grudge will be settled, or else!”

Yue Feng said in a cold voice.

“How else? Can you beat me?”

Lin Ran laughed.

“You!”

Yue Feng was stunned to hear this, indeed he really couldn't beat Lin Ran.

“Humph! Do you really think you're invincible?”

Yue Feng's eyes were cold, and with his backhand, he actually took out a black bottle, in which he didn't know what kind of liquid was in it, and he directly poured it all into his mouth.

“High on drugs?”

Lin Ran looked stunned, this fucking there is still high on drugs.

“Now what? You try again!”

Yue Feng's whole body breath soared, before he was weaker than Lin Ran, but now knocked don't know what medicine, the whole body breath is actually soaring, a time is more than Lin Ran, vaguely have a half-step to seize the heaven realm level.

“Now even if you return the old man's magic weapon, I still want you to die!”

Yue Feng's eyes narrowed slightly, killing intent bursting from his eyes.

“Really? It's just a drug, do you really think I'm afraid of you!”

Lin Ran eyes cold, palm dagger broken tip has taken out, without saying a word foot fierce power rushed Yue Feng on the past.

“Looking for death!”

Yue Feng saw this, hands fiercely, towards Lin Ran slapped in the past.

At this time, his surrounding breath soared, and his palm only carried a gust of bitter wind, and where it led was simply destroyed.

“The breath is quite strong!”

Lin Ran only felt that the breath around him was getting stronger and stronger, and had to dodge it with a flash.

“Haha! Why did you run? Didn’t you want to fight?”

Yue Feng laughed in triumph, before in the train station hotel, he spelled his magic weapon was robbed did not take this medicine, waiting for this time, now the result makes him very satisfied.

“This guy’s medicine is quite strong, but as long as you find a way to get close to him, he’s out of luck!”

Lin Ran quickly analyzed in his mind.

Yue Feng this medicine is just like a balloon, strong on the outside, the surface looks very powerful, but the medicine three points of poison to forcefully enhance the strength, wait for the effect of the medicine to pass to bring the after-effects is the most terrible.

And what Lin Ran wants to do is to break through Yue Feng’s defense, directly let the after-effects of the medicine come early, as long as a day, he can not be here and Yue Feng slowly spend time waiting for the medicine to pass.

Thinking of countermeasures, Lin Ran also did not delay, the foot made full force, will be his speed to the extreme.

You Yue Feng’s breath is strong and powerful, so let’s play with speed!

“Hm?”

Sure enough, when Lin Ran’s speed was mentioned, Yue Feng was immediately out of tricks, his breath had skyrocketed too much, resulting in his body speed not being able to keep up, and for a while, he couldn’t catch up with Lin Ran at all.

“Is running all you can do? Rubbish!”

Yue Feng couldn’t help but curse.

“O? Then you should come and chase!”

Lin Ran laughed.

“Chase? Do you really think I’m stupid?”

Yue Feng revealed a cold smile and turned to actually lunge towards Wang Yifeng, this guy was lying on the ground at this moment watching a good show, but as a result, when he saw Yue Feng lunge towards himself, he immediately cursed.

“Cao! I am like this and you still come, you bastard!”

“Your opponent is me!”

Lin Ran saw a dodge directly behind Yue Feng, and the dagger in his hand directly burst out.

“Bang!”

Yue Feng waved his hand and directly sent the dagger flying backwards, his eyes full of disdain.

“Your strength is too weak!”

“O? What about this?”

A cold smile appeared at the corner of Lin Ran’s mouth as he followed and charged directly towards Yue Feng.

His speed was so fast that he hadn’t wanted to take a chance, but now that this guy had aimed his target at Wang Yifeng, he was forced to take a chance and try.

“Seeking death!”

Seeing Lin Ran rushing in, Yue Feng instantly laughed as he formed a seal with both hands towards Lin Ran and directly met him.

“Flash!”

In the nick of time, Lin Ran directly dodged with a dodge, followed by a foot on Yue Feng’s chest and jumped directly on top of his head.

“High on drugs, right! I’ll let you off the gas now!”

The dagger in Lin Ran’s hand was stuck in Yue Feng’s shoulder with a “poof”.

After that, he even took out a dozen silver needles and inserted them all into Yue Feng’s head.

“Bare!”

When the dagger and silver needles fell, a wisp of white fog came out from Yue Feng’s head, those white fogs were the power of the medicine, which was released by Lin Ran at this time, and the true qi in Yue Feng’s body was rapidly passing.

“Bastard!”

Yue Feng was completely on fire, his whole body shook violently, shaking the dagger and silver needles to the ground, but at this time, his medicine effect also basically ran out almost.

“Do you still have medicine?”

Lin Ran looked at Yue Feng and laughed.

“Bastard! Bastard!”

Yue Feng cursed in anxiety.

He still had a copy of the medicine, but the side effects of this medicine were too great, just the bottle he just took, he would need a year to recover later, but if he took another bottle, I’m afraid he wouldn’t be able to recover without three to five years.

“Brother Yue Feng!”

Suddenly, just when Yue Feng’s heart was uncertain, a familiar voice actually came from the side.

Lin Ran also turned his head to look, and immediately frowned slightly.

The person who spoke was actually Yue Qian and Yue Ling.

“Why are you guys here?”

Yue Feng’s face looked ugly.

“Brother Yue Feng, that kid stole our magic weapon, you have to take revenge for us!”

Yue Qian shouted busily.

“Yes, Brother Yue Feng, you must kill him!”

On the side, Yue Ling was also busy saying.

“My Cao, so beautiful, how can she still be a snake scorpion heart!”

Wang Yifeng couldn’t help but curse as he listened.

“What a white-eyed wolf!”

Wang Mao couldn’t help but say, at the same time told Wang Yifeng about Lin Ran saving them, listening to Wang Yifeng pounding his chest in anger.

“Got it!”

Seeing Yue Qian and Yue Ling, Yue Feng was finally calm, and his mind was quickly analyzing the pros and cons.

Yue family young one, once Yue Bu died, he Yue Feng when the first person, a year of time behind the juniors absolutely can not surpass himself, but if he is taking a bottle of medicine, three to five years I’m afraid that the Yue family’s sky has changed, then he can still have the current position?

“No! Can not eat, absolutely can not eat! If I eat it, even if I get out of here alive, I’ll be a wreck!”

Yue Feng thought in his heart.

“But now I have to find an opportunity to rush out, otherwise I’m afraid there will be no future!”

Yue Feng calculated in his mind.

Suddenly, he looked at Xu Qingfeng on the ground next to him and an idea popped up in his mind.

“Xu Qingfeng! Luckily you didn’t die, when I get out of this trap this time, I really have to burn an incense pillar for you!”

Yue Feng laughed!

Chapter 789

With a decision in mind, Yue Feng’s face of tension also gradually dissipated, replaced by how to implement their ideas out.

At this time the whole square around a chaotic battle, Yue family people and the Qingfeng faction entangled together, and next to the cold chop and other people jumped out from time to time to intervene two, chaos simply make people headache.

But the same, at this time in the deep pit outside, the crowd is also more and more people.

After all, three forces at the same time mixed battle, this situation is really not rare.

“Why is the Qingfeng Sect fighting with the Yue Family?”

“Who knows, just now they joined forces!”

“It must be because of interest, this kind of cooperation is because of interest!”

“Who cares, we will wait for the opportunity to act later, we can get some benefits!”

The crowd is talking, but they do not know, at this time Yue Feng has already set eyes on them.

“How dare you be distracted?”

Lin Ran frowned slightly, fighting with himself this guy actually has time to look elsewhere, this is simply looking for death.

“Humph! You get complacent first!”

Yue Feng coldly snorted, simply not fit Lin Ran hard, turned and ran, their own medicine are eaten did not beat him, let alone at this time no medicine effect.

“Hmm?”

Lin Ran can’t help but frown, this guy obviously can’t beat himself, but also keep fleeing, so you can not run far, just dodging back and forth around, this is what’s going on?

There are more and more people around, even some see Yue Feng showed signs of defeat, being chased by Lin Ran are stupidly ready to come down at any time to take advantage of the chaos to grab some good things.

You know, although only one thing can be brought in the treasure array, but if it is brought in by others? Then there is no limit, as long as you can grab someone else’s things, then it is yours.

The crowd was getting bigger and bigger, Lin Ran felt that everyone who was active in this area was afraid that they were all attracted to him, which wasn’t good for him.

“Go to hell!”

In order to avoid a long night, Lin Ran's eyes were cold, directly down to kill, the Linglong broken tip dagger in his hand was immediately flung out, straight to the location where Yue Feng was about to flee, while he himself continued to chase behind, at this time, the dagger and the person directly forced Yue Feng to a dead end.

"It's now!"

The dark red short sword in Yue Feng's hand crossed over his chest and used all of his strength in defense, leaving only to little, and struck towards Xu Qingfeng who was very close to him.

"Bang!"

A sound, Xu Qingfeng is already very heavy in his hands, this time there is no strength to resist, immediately by Yue Feng this blow to shock the body flew up.

"Gentlemen!"

Suddenly, Yue Feng actually shouted at the crowd that was already very close around.

"That Xu Qingfeng is one of the top three, he has a token on him, if you get the token you can take one more thing out, what are you guys waiting for!"

"Eh?"

Lin Ran's face changed at the sound of his words.

He remembered that Li Sheng had warned himself that these top three weren't as cheap as he thought, and that arriving here was likely to be a siege situation, and now that he was being pushed by Yue Feng, it was likely that it was really going to happen.

"The token!"

"Holy shit it's really a token, grab!"

"Bring one more thing, then you can bring two!"

"Quickly grab!"

At once the onlookers in also couldn't tense up, one by one, as if crazy, rushed towards Xu Qingfeng.

"Looking for death!"

Lin Ran was completely furious, Yue Feng's move was simply to screw Xu Qingfeng to death, so many people came to grab, how could Xu Qingfeng stop it, not to mention he was now dying.

"Bang!"

In anger the dagger hit the dark red short sword only heavily, Yue Feng's defense was immediately broken, the huge impact directly lifted his entire body over, while a mouthful of blood spat out.

"Haha! Lin Ran, want to kill me! You're still too young!"

Yue Feng covered his chest and got up from the ground, his face filled with a hideous smile.

“He! Lin Ran! There’s a token on him too! Quickly go grab it!”

Yue Feng pointed at Lin Ran and shouted.

By now those people had gone crazy, the first batch had rushed to Xu Qingfeng and swamped him, those who hadn’t grabbed it immediately turned their attention to Lin Ran.

“Come and try if you’re not afraid to die!”

Lin Ran’s gaze swept over the crowd, his eyes full of killing intent.

“I don’t believe it!”

The first one is really not afraid of death, a big man in the crowd a few dashes out of the crowd, straight to Lin Ran came, he thought that as long as he was the first to go, there will be someone to follow, after all, many people still can not beat one?

But he obviously thought too much, Lin Ran’s fight just now they all saw in the eyes, no one has the confidence to dare to go forward and Lin Ran fight a fight.

“You think you have a hard life, don’t you?”

Lin Ran’s eyes were cold, and the dagger in his hand flew out, cutting a sharp stream of light that immediately passed through the neck of that big, strong man.

“Bang!”

The big, strong man fell to the ground, completely lifeless.

One blow killed him!

“This!”

“How is this possible!”

“It’s horrible! This is a demon!”

The others who were still a bit itchy all sobered up and once again turned their gazes towards Xu Qingfeng.

Lin Ran went back to Yue Feng at this time, only to find that this guy had taken advantage of the confusion and ran away with Yue Qian and Yue Ling, while he wanted to go after them at this time but found that it was completely impossible.

The crowd has blocked the front, seems to have gotten Xu Qingfeng’s token, the front is in chaos, it is impossible for him to rush over.

“Ai!”

Helplessly sighed, watching the Yue family quickly evacuated, Lin Ran only had to call Leng Zhan and others over, careful to watch out for those around them will strike at themselves.

The crowd came quickly scattered also fast, less than two minutes, in a crowd of people chased towards the side, because the people who got the token has begun to flee wildly.

Soon, the whole square was actually rare quiet, Lin Ran then led the people to Xu Qingfeng's side.

"This kid is really miserable!"

Looking at Xu Qingfeng, who was lying on the ground with only half a breath left, Wang Yifeng said helplessly.

At this time, Xu Qingfeng's body can be described as naked, those people are really ruthless, robbing the token on the token, even Xu Qingfeng's clothes are stripped, not even a small pants left for others.

Lin Ran casually took out a piece of clothing and draped it over him.

The corners of Xu Qingfeng's eyes twitched, as if he wanted to say something, but his mouth opened and never made a sound.

Lin Ran understands that his heart is already dead, just now in the scramble he also saw, there are many people from the Qingfeng faction also participated in it, I am afraid that if I were myself would also collapse.

The love of fellow disciples, but still can not withstand a token, if it were anyone else, I'm afraid they would go crazy.

"Fortunately, his token is still there!"

Wang Mao retrieved Xu Qingfeng's messenger from the side and handed it to Lin Ran.

"Send him out, he might still be able to save a life!"

Lin Ran said and crushed the letter talisman and placed it on Xu Qingfeng's body, soon a pillar of light fell and directly wrapped him and disappeared in the same place.

Watching Xu Qingfeng leave, Lin Ran also could not help but sigh.

"People leave tea cold ah!"

Seeing the once sect's leading figure fall, he immediately joined the crowd to strong token, this kind of sect Lin Ran really does not know what the value of existence is, which is why he never thought of joining a certain side of the power.

Their own strength is the most important, dependent on others, after all, is just a foreign object.

"Alright, you guys should go too!"

Lin Ran suddenly turned his head and looked at Wang Yifeng and the others.

Chapter 790

"Huh?"

Wang Yifeng and the others were stunned, not expecting Lin Ran to say this.

"Ranzi, are you okay, we're leaving too? What about you?"

Wang Yifeng asked busily.

“Don’t worry about me, I still have things to do!”

Lin Ran said blandly.

“But who will help you when we go out!”

Wang Yifeng wondered.

“Can you still help me in this situation? It’s good if you don’t hold me back!”

Lin Ran laughed.

“What you said, Fat Master, I really have no way to refute it yet!”

Wang Yifeng said awkwardly.

Lin Ran swept his gaze over the crowd and spoke.

“You should all have gotten something, it’s time to leave, after all, each person can only take one thing, it’s better for you to continue to stay here instead of going out!”

“But!”

Leng Xie wanted to say something, but was interrupted by Lin Ran waving his hand.

“Your strength is ultimately limited, if you want to go farther on this path, you must learn to hold back and work hard to improve your strength is the most important thing, learn to take what you can get!”

“I’ve looked at your magic weapons in general, they are all very good objects, and they are all very suitable for you, which means you have this chance, you must grasp it! Without further ado, let’s leave!”

Lin Ran looked at the crowd, there is no room for discussion.

“All right, you have said so fat master will not be pretentious!”

Wang Yifeng said and took the lead in taking out the letter talisman and crushed it to go.

“Boss! Take care!”

Leng Zhan also followed and crushed the messenger.

“Boss, we’ll wait for you outside!”

“Hm!”

Wang Mao and Ah Zhan also crushed the messenger and followed as several rays of light fell, instantly teleporting them all out.

“Brother Lin Ran, I can’t leave!”

Li Sheng looked at Lin Ran and said seriously.

“I know! I will accompany you on the next journey, but we have to go after Yue Feng first, not killing him is always a scourge!”

Lin Ran said.

“Good!”

Li Sheng also did not ask much, since Lin Ran said so he must have his way.

The two of them slightly repaired, immediately chased towards the direction Yue Feng left.

Li Sheng did not leave is very obvious, Lin Ran also clear what he wants, this ten thousand treasure spell formation inside if the most likely to attract him, it is definitely the inheritance area, he himself has a very high quality magic weapon, obviously not interested in these things.

And really let him hang, is to martial arts into the path of inheritance, although the treasure spell formation has been open for so many years, if there really is an inheritance I'm afraid it has long passed out, but until now there is no appearance, enough to show that the inheritance area has a martial arts into the path of inheritance hope is very small.

But this does not affect Li Sheng's purpose in any way, some times a person's thoughts are so simple.

He does not go to the inheritance area on a trip, I'm afraid it will always be a regret.

.....

On the desolate plain, Yue Feng finally stopped his wild running.

“You two, go straight out!”

Yue Feng turned his head to look at Yue Ling and Yue Qian and scolded.

“Brother Yue Feng, but our magic weapons are gone!”

“Yes brother Yue Feng, our magic weapons were all robbed by Lin Ran!”

Yue Qian and Yue Ling said reluctantly, if they wanted to go out they would have gone out a long time ago, they wouldn't have trailed all the way to follow them here.

“Magical weapons?”

Yue Feng smiled at his words.

“Life is important or magic weapon is important! His strength you all saw, want to grab back the magic weapon? Go to your father, I can't take it!”

“But!”

Yue Qian still wanted to say something, but was interrupted by Yue Feng directly waving his hand.

“Nothing but, immediately go, or I do not care about you!”

Just kidding, usually in the Yue family, who has control over him Yue Feng, at this time to the Manifestation let him control, why?

Looking around the remaining dozen Yue family, Yue Feng heart that bitter, this time did not kill Wang Yi life, but and the Qingfeng faction involved in the feud, if he can not find a sufficient to make the family's heart, I'm afraid that out of ten will have to be frozen.

After all, the Qingfeng faction is not a small sect, their Yue family always have to give a few face.

"Humph! Let's go!"

Yue Qian saw that Yue Feng was determined, his heart was also desperate, and immediately took out the letter talisman and crushed it to go.

"Yue Feng, I'm going to tell father, people like you don't deserve to be a Yue family member!"

Yue Ling said angrily, her father is exactly one of the senior management of Yue family.

"Humph!"

Yue Feng looked at the two without saying anything until after they left, then he cursed angrily.

"And tell your father? Usually it is your father who looks down on me, how the fuck did no one get you in the melee just now!"

After cursing, Yue Feng felt less fire in his heart, immediately counted the number of people, found that he brought in the Yue family from thirty people directly sharply reduced to thirteen people, more than half less.

"Must think of a way!"

Yue Feng calculated in his mind.

But God did not intend to give him time, only just stayed less than an incense stick, Lin Ran's voice came from behind.

"Yue Feng, can you run?"

"Hmm?"

Yue Feng was shocked, he didn't expect that he had run out so far, but as a result, Lin Ran still came after him.

"Go!"

Yue Feng busily greeted, and immediately led the Yue family to run wildly as if they were playing with their lives.

Before they besieged Wang Yifeng, now Lin Ran alone chased them, this beam is already made, want to solve peacefully not to mention Lin Ran, they themselves do not believe.

The vast desolate plains, two people chasing a dozen people, seemingly incredible, but when seeing the Lin behind then, some unknown people are clear.

"So keep chasing is not the way, have to find a chance to catch up with them!"

Li Sheng said with a frown, from the time they entered the Ten Thousand Treasure Spell Formation to now, at least seven or eight hours have passed, leaving them with little time.

“I’m also thinking of a way!”

Lin Ran said with a frown, Yue Feng and his group seemed to have a combined attack formation, set running speed is actually not worse than Lin Ran two, which caused them to have not really been able to catch up with each other.

“Rumble!”

Suddenly, just when Lin Ran was thinking about what to do in his mind, suddenly the whole desolate plain actually trembled violently.

Following that, Lin Ran and the two of them were surprised to see that the earth in front of them had actually cracked open a huge mouth directly.

“What’s going on?”

Yue Feng, who was at the front of the line, was dumbfounded, the plain that was endless had actually appeared a huge mouth, which was like a heavenly rift, stopping all of the Yue family.

“Rumble”

The sound continued, and the trembling of the ground became more and more violent, and soon the huge mouth ahead had reached an incredible bottom, and then there was actually a mass of red smoke floating out from the crack.

“This smoke?”

Lin Ran look already, can’t help but remember what Qing Mu Ya told himself before, said the Wanbao spell formation half a year ago there was a change, is this red fog, could it be that in time now they see these.

“Phew!”

Suddenly, just when Lin Ran’s heart was elusive, the red mist in front of him actually glanced violently towards the inside of the crack, as if someone was sucking the mist in.

“Back up! Quickly back up!”

Yue Feng said, at the same time, Lin Ran also felt a terrifying aura is rushing out from inside the crack.
