

Wonder Doctor

Chapter 811

As the morning sun slowly rose, the square in Fengling Town was full of people, but many of them had an anxious look on their faces, only a few had excitement on their faces, and of course some had worry on their faces.

The time for the opening of the Ten Thousand Treasure Formation is coming up soon, but there are still a lot of people who have not yet come out.

This is not because they haven't found their treasures yet, but because of greed.

The Ten Thousand Treasure Formation only opens once every three years, and the number of people who can enter each time is only two hundred, and a hundred of them are attendants.

So this led to many people going in and having to find the most suitable item before they would come out, which was why every time the Ten Thousand Treasures Spell Formation was opened, the most people would always come out at the last minute.

"Hasn't Lin Ran come out yet?"

Li Sheng opened his eyes and taking a slight rest he asked the fat man beside him.

"No! Wasn't it when you and Ranzi separated did he say where he was going? Why isn't he out now!"

Wang Yifeng had an anxious look on his face.

"Didn't say, but the Ten Thousand Treasure Manifestation Engagement Area Inheritance went we all went, the remaining two places did he have to go too?"

Li Sheng frowned and said.

"Don't worry, the boss will definitely be able to return safely!"

Leng Zhan on the side relieved.

"Damn it! That old woman from the Plum Blossom School didn't have the means to probe inside the Ten Thousand Treasure Spell Formation either, but just now he sent someone to say that he had seen Ranzi inside! It seems to be in the herb area!"

Wang Yifeng said.

"Then that's it, he should be safe, maybe there's still something left to finish!"

Li Sheng said, following which he closed his eyes again.

Outside, a group of relatives waited anxiously.

And inside the Ten Thousand Treasures Spell Formation, Lin Ran was finally satisfied that he had obtained the Fire Spirit Pearl.

"It's time to leave!"

Lin Ran walked out of the temple and looked at the crumbling buildings outside, he had gotten what he wanted on this journey, and also unexpectedly learned that he had a senior sister.

“Brother Lin Ran! Looks like you had a good trip!”

Soon, Li Mu Di and Fire One Sword also walked out, both of them also had smiles on their faces, obviously both having found something they were happy with.

“Alright! What nonsense, I have things to do! Let’s go first!”

Fire One Sword said impatiently, following which he directly took out the letter talisman and crushed it to leave.

“Don’t take it to heart, he’s a guy who’s cold on the outside but hot on the inside, when you get an audience with your mentor later, we’ll have plenty of time to get along!”

Li Mu Di laughed and patted Lin Ran on the shoulder, followed by crushing the amulet and leaving.

Looking at the foreign object area, which had once again become empty, Lin Ran felt a sense of disappointment.

“A mentor? What kind of existence is it?”

Lin Ran’s heart was filled with anticipation, but at the same time, he was also worried.

Counting the time, it was only fifteen minutes until the end, and I was afraid that many people were already preparing to leave one after another.

“Fifteen minutes! Let’s wait a little longer!”

Lin Ran said to himself, there was still no news from Ling Sa, and he was always a little uneasy in his heart.

“What fifteen minutes?”

Suddenly, a familiar voice rang out, followed by Xiao Jiu appearing beside Lin Ran.

“Why have you come out?”

Seeing Xiao Jiu, Lin Ran couldn’t help but be stunned.

“My home is in you, why can’t I come out, this lady can come out whenever she wants!”

Xiao Jiu asked with a smug look on her face at the same time.

“Come on, what’s fifteen minutes left, did you do something bad?”

“What’s on your mind?”

Lin Ran was helpless.

“Fifteen more minutes and we’re going out, you’ll get to see a whole new world too, go on in and admire your home! I’m afraid I won’t have the chance to come back later!”

Lin Ran laughed, while pulling Xiao Jiu around the foreign object area.

He had met the three from the Plum Blossom Sect in the herb zone before, and they said that the most likely place for Ling Sa to come to was the foreign object zone, so Lin Ran also wanted to take this last moment to look for it, in case he could find any trace of Ling Sa, naturally it would be best.

“What kind of place is this? Why is it so dilapidated!”

Looking at the collapsed buildings around them, Xiao Jiu couldn't help but frown.

“This used to be a battlefield, and you were born in the middle of it!”

Lin Ran laughed.

“You're nonsense, who's child was born on a battlefield, don't say if you can't lie!”

Xiao Jiu retorted, Lin Ran was stunned to hear this, but had no words to refute it.

You couldn't say to people's faces that you weren't born, you came out of a rock?

“Hey! What is this?”

Suddenly, as if she had discovered a new continent, Xiao Jiu ran towards a building ruin in front of her and followed, actually pulling out a piece of cloth from it.

“It's so soft!”

Little Nine seemed to like it very much, and picked up the piece of cloth and ran back.

“When we get out, I want clothes made of this material too!”

“Huh?”

Lin Ran was stunned, his heart was a little speechless, earlier this ninny was screaming about killing herself, how could she turn around and ask for clothes from herself again.

“Hm?”

Suddenly, when Lin Ran's gaze landed on the strip of cloth in Xiao Jiu's hand, his entire body froze.

He hurriedly took the strip of cloth and clutched it in his hand, the more he looked at it the more shocked he became, the material and pattern of the clothes were exactly that of a disciple of the Meihua School.

“Could it be Ling Sa, did she really come here? This is how the clothes are torn?”

Lin Ran thought to himself in his heart, while vaguely worried.

He was busy running towards the place where Xiao Jiu had found the cloth, but there were no signs of a fight around, there were only ruined walls.

“Lin Ran! Help!”

Suddenly, a clear voice came from the distance, Lin Ran was busy turning his head to look and found that the voice seemed to be coming from the depths of the foreign object area.

“Lin Ran! Quickly help me, I can't hold on much longer!”

The voice rang out again.

“Who’s talking?”

Little Nine was stunned and immediately ran towards the source of the voice.

“Little Nine don’t run around!”

Lin Ran greeted busily and followed after him.

Xiao Jiu ran fast, after all, her body was the same demon stone, her physical strength and speed were not comparable to ordinary people, under her full speed, Lin Ran could only barely keep up.

“Why is this Tongdeng Shi so fast!”

Lin Ran said secretly in his heart.

“Kid, it’s already great that you can catch up with the Tongdemonic Stone, it’s the fastest Heaven and Earth wonder treasure to escape, otherwise it wouldn’t be worth so much!”

The Pillow Book laughed.

Lin Ran was helpless, he could actually only barely keep up with a little girl, if word of this got out I’m afraid he would really be ashamed of himself.

Not enough for Xiao Jiu to be fast, and incidentally for Lin Ran to be much faster, the two of them had already rushed deeper into the foreign matter area in just a few minutes.

There were still ruins here, but they were a little more preserved than the area outside.

“It’s there!”

Suddenly, Xiao Jiu shouted as he pointed at a building’s building tripod in the distance.

Lin Ran looked and indeed found that on top of which building there was a woman in a fiery red robe, none other than Ling Sa.

“Lin Ran help me!”

Lin Ran then heard a cry for help, which was also from Ling Sa.

But he always felt that something was not right there, something seemed too weird.

“Young miss! Little Nine to save you!”

Little Nine was too young to pay attention to this, and immediately jumped and ran towards Ling Sa.

Lin Ran wanted to stop him but it was already too late, so he hurriedly chased after him, and only halfway up the road did he suddenly realise that Ling Sa seemed to be shouting something at him, but this time she only had her mouth open and no sound came out at all.

Suddenly, Lin Ran’s heart was startled, he got a clear picture of Ling Sa’s mouth pattern, Ling Sa clearly said.

“Don’t come over! There’s an ambush!”

## Chapter 812

“Xiao Jiu!”

Lin Ran hurriedly shouted, but at that moment it was already too late, only to see Xiao Jiu’s body disappear the moment he rushed up to the top of the building.

And Lin Ran, who was originally there, had actually disappeared at the same time.

“Who! Come out!”

Lin Ran was completely anxious and shouted angrily at the front.

“Heh heh! Hey, hey, Lin Ran, you can get angry too?”

A sinister smile rang out, followed by a figure shrouded in black robes appearing on top of a distant building set.

“Who are you?”

Lin Ran frowned, at this moment, the time until the end of the Ten Thousand Treasure Spell Formation would not exceed ten minutes, yet the other party was making his move at this final moment, clearly coming to target himself specifically.

“Who am I? Who did you say I was! Have you forgotten me so soon?”

With anger in his sinister voice, he flung his palm and a halberd appeared in his hand, except that the place on the halberd only where something should have been set was empty.

“Compulsion Yang! It’s you!”

Seeing a halberd, Lin Ran already understood the identity of the other party, the only person who had such a great hatred with him and used a halberd was Compulsion Yang.

“That’s right! It’s me! Isn’t it surprising that old me has also entered this Ten Thousand Treasures Spell Formation!”

Compulsion Yang laughed coldly.

“There’s nothing to be surprised about, do you really think I don’t know that you’ve suppressed your strength?”

Lin Ran said in a cold voice, the Ten Thousand Treasures Spell Formation only allowed people with the strength of the Qi Watching Realm to enter, once there was someone who exceeded this strength, it would trigger an attack from the formation.

However, if the other party suppressed their strength and suppressed it to the Qi Watching Realm level, they could also enter, but many people wouldn’t take the risk.

After all, if they suppressed their strength, then everyone would be at the Qi Watching Realm, and inside this crisis-ridden Ten Thousand Treasures Spell Formation, it was likely that they would simply perish if they were not careful.

And after all, crossing into the Heaven Seizing Realm is already considered to be an entry point, so how many people would be willing to risk coming here to explore treasures that they don't really need?

I'm afraid that only a madman like Compass Yang would come in for revenge.

"You're a madman!"

Lin Ran said angrily.

"A madman? Haha I am a madman, here I can only hope for the Qi realm, but I am at the Heaven Seizing realm, I need ten minutes, ten minutes to kill you and I'll just escape, the spell formations here can't help me!"

He had been holding back since he entered the spell formation, waiting for this last ten minutes of opportunity.

"How did you know I would come here?"

Lin Ran asked, frowning.

"You're too young, the rules of the Ten Thousand Treasure Spell Formation, I knew them ten years earlier than you!"

Compass Yang laughed coldly.

Back then, he had also entered the Ten Thousand Treasures Spell Formation and knew the rules of the Feng Family, that the top three of this competition for treasures would definitely come to the Foreign Object Area, so he had arrived here early to keep watch, he just didn't expect to even run into Lin Ran.

"You're in a ruthless hurry, aren't you, wanting to see your little beauty?"

Compass Yang sneered, his dry palm poking out his black robe and waving it in the air.

At once two figures appeared not far away, none other than Ling Sa and Xiao Jiu.

At this moment, the two were tied together, the ropes on their bodies were pitch-black and unusual, and at a glance, they were extremely high grade magic weapon level.

"Lin Ran! Run!"

Seeing Lin Ran, Ling Sa shouted straight away, her face filled with tears.

"Bad egg! I haven't even killed you yet, who is he!"

Xiao Jiu looked at Lin Ran in the same way, with longing in her eyes.

"Let them go, this is a feud between the two of us!"

Lin Ran looked at Compass Yang with anger in his eyes.

"Let them go? Haha!"

Compass Yang laughed, with a wave of his palm at once the two of them, Ling Sa and Xiao Jiu, arrived beside him.

“You can! You kneel down for me and I’ll let them go!”

“You!”

Lin Ran’s face was ugly and he said angrily.

“That kind of thing was said to me by a man last time, and do you know what happened to him afterwards?”

“What happened?”

Compose Yang sneered.

“He died!”

Lin Ran’s fists were clenched and there was killing intent in his eyes.

“You’d better let them go, or you’ll die a horrible death!”

“You’re threatening me?”

Compose Yang’s face sank at his words, and a dagger appeared directly in his hand.

“You!”

Lin Ran was instantly shocked, that dagger was too familiar to him, when he was at Iron Hands Li’s place, it was Yue Feng who had bought this dagger away, and only then was he forced to choose to break the tip himself.

But now this dagger actually appeared in Compass Yang’s hand, thinking carefully.

“It’s the Yue family that’s helping you!”

Lin Ran’s teeth were bared and his cheeks were trembling, if he had known about today, he would never have let this old man escape during the battle with Yue Shan in the first place.

“That’s right! It’s the Yue family that’s helping me, an enemy’s enemy is a friend, you’re still too young!”

Compose Yang laughed, while directly placing the dagger across Ling Sa’s neck, laughing.

“Don’t talk nonsense to old me, do as I say or she’ll be the first to die!”

“Lin Ran! Don’t, my life isn’t important, you mustn’t fall for his trick!”

Linran shouted busily.

But following Compose Yang was a slap, directly hitting Ling Sa’s face.

“Bitch! If you keep talking nonsense, I’ll slash your face first!”

“Yuck! You’re just a scum!”

Ling Sa said angrily.

“Yes! You’re scum, sister, what’s scum? Can you eat it?”

Xiao Jiu echoed, but she didn't know what scum meant, instead she asked about Ling Sa.

"Little sister, scum is rubbish!"

Ling Sa laughed.

"Rubbish? Don't, trash can still be recycled, he's not even better than trash!"

Xiao Jiu said seriously.

"Fine, fine! Playing charades with me? I'll send you a big fucking flower face first!"

With that, Compose Yang slashed the dagger in his hand towards Ling Sa's cheek.

"Stop!"

In the nick of time, Lin Ran Kai spoke up.

What is most important to a woman? It was always the face, men might not feel that way, but to a woman the face was everything, Lin Ran could not stand by and watch Compulsion Yang really destroy Ling Sa.

"What do you really want?"

Lin Ran suppressed the endless anger in his heart and said in a low voice.

"Laozi said, kneel down for me!"

"You!"

Lin Ran was so angry that his eyes were filled with blood, but he really had no choice, even if Compulsion Yang and himself had a single move, he was confident that he could just kill him in seconds, but this guy was so cunning he didn't even give himself a chance, he came up and tackled Ling Sa and Xiao Jiu, he really had no choice.

"Pounce!"

Lin Ran did as he was told.

"Lin Ran!"

Ling Sa's eyes burst into tears when she saw this, and even Xiao Jiu was silent at this moment.

As she watched Lin Ran kneel this way, the barrier she had previously felt towards him in her heart seemed smaller.

"Big brother!"

Little Nine's eyes were flooded with elite tears and she didn't know what she was thinking.

"Let them go!"

Lin Ran looked at Compass Yang and said angrily.

Compose Yang, however, smiled and said with intent.

“Don’t be in a hurry! The fun has just begun, kneeling down is just the first step, the second step is to pick off the tendons of your own hands and feet! Don’t bullshit me, just do it!”

Compose Yang looked at Lin Ran and said in an angry voice.

“Don’t! If you pick it off you’ll really be ruined!”

Lin Ran shouted busily.

“Little brother don’t!”

Xiao Jiu also shouted out, the hand and foot tendons she certainly knew what they were.

“First you swear that I’ll let them go if I waste my own tendons, otherwise I, Lin Ran, will kill you today, even if I die!”

Lin Ran looked up at Compass Yang with endless anger in his eyes.

“Fine! You can make this oath!”

Unexpectedly, Compulsion Yang agreed and immediately made an oath that he would let Lin Ran and Xiao Jiu go on the spot as long as Lin Ran destroyed his hamstring.

“Lin Ran, wake up, he is targeting you, he can easily kill you if you break your own arm and leg, don’t fall for it!”

Ling Sa shouted busily.

But Lin Ran shook his head and laughed bitterly.

“If it was you instead, could you not fall for this?”

Chapter 813

Yes, it was a pawn, but it was basically a yang plot, Lin Ran either had to fight hard with Compulsion Yang regardless of Ling Sa and Xiao Jiu’s death.

Otherwise, he would have to break his own arms and legs, but once he did, he would be almost a wreck and he would basically be dead.

But you don’t have a choice, from the very beginning Compulsion Yang had a head start, Lin Ran’s character is not something he doesn’t understand, as long as the hostage is in hand he can absolutely take Lin Ran at will.

This is why many cultivators are lonely, because cultivation is too difficult and many do not want to have ties, but Lin Ran is different, he was born at the bottom of the pile and is destined to have a very bumpy road in his life.

And his family and friends would always be the ties that he couldn’t let go of.

“Hurry up! There’s a limit to my patience!”

Compose Yang urged, three minutes had passed and there were only seven minutes left before the end of the Ten Thousand Treasures Spell Formation, he had to ensure that he killed Lin Ran within seven minutes.

Otherwise, once the Ten Thousand Treasures Spell Formation closed, then he would have no possibility of escaping.

“Good!”

Lin Ran got up, with bemusement in his eyes as he slowly took out his dagger to break the tip, while raising his left hand and placing the dagger on his wrist.

“Lin Ran don’t!”

Lindsay’s face was full of tears, if she really broke her own arm and leg, then Lin Ran would really be ruined.

“Big brother don’t, Little Nine doesn’t hate you anymore! I won’t take revenge, don’t hurt yourself!”

Little Nine was busy shouting, all this way over, although she hadn’t had much contact with Lin Ran, she had stayed in the little world of the pillow book, and she had watched every move Lin Ran made outside.

Lin Ran had certainly made her angry by killing the Demon Lynx Ancestor, but to her, Lin Ran was at least not a bad person, he had saved so many people, but now.

“Xiao Jiu really doesn’t hate you anymore!”

Xiao Jiu cried to, her face full of tears that made people’s hearts ache.

“Little Jiu! It’s big brother’s fault for bringing you into this desperate situation!”

There was guilt in Lin Ran’s eyes, Xiao Jiu’s spiritual intelligence was only three years old, she had only been illusioned from the same demon stone for three years, yet she was about to face this kind of danger, which made him feel very remorseful in his heart.

“Don’t play the bitter fucking game in front of me! If you don’t do something, I’ll do it!”

The compulsion Yang said impatiently, as Lin Ran delayed for another two minutes, and the remaining time was only five minutes.

Lin Ran turned his head to look at Compulsion Yang, the anger and murderous intent in his eyes was undisguised, but he really had no choice but to pick up the dagger and slash down on his left wrist.

“Bang!”

A crisp sound rang out and both Ling Sa and Xiao Jiu shed tears, it was the sound of tendons breaking, Lin Ran’s left hand was ruined.

“Ah! Haha! Good good! Keep going faster!”

Compose Yang burst out laughing at the sight.

“Big brother!”

Little Nine’s eyes were filled with tears, and he looked at Lin Ran’s figure all blurred up.

“Little Nine doesn’t cry!”

Lin Ran endured the sharp pain in his wrist and slowly placed the dagger on his left heel.

At this moment, he thought about his experiences over the past year, how his life had changed drastically since he had obtained the Dazzling Pill Canon.

But all of this, most likely, would also have to come to a complete end today.

“Come on! The worse that can happen is to become an invalid again!”

Lin Ran gritted his teeth and was about to slash his left hamstring at once.

But at this moment, Little Nine completely couldn’t hold back.

“No!”

She shouted up to the sky, and a surging aura immediately filled out on her surroundings, gushing out from within the same demon stone on her chest.

The feared breath instantly broke the ropes on her body, rushing aside to compel Yang to fly straight backwards in an inattentive manner.

“What is this thing!”

Compose Yang was shocked, and only when he turned his head did he realize that a huge white devil lynx silhouette was staring at him angrily not far away.

“Little Nine!”

Lin Ran saw this in his heart already, only to see Little Nine in the distance with bloodshot eyes, staring angrily at Compose Yang, while around her was already a huge white shadow forming to envelop her, that shadow was exactly the appearance of the Devil Lynx Old Ancestor.

“Holy shit! This is an illusion, this nee-san has stayed with the Devil Lynx Old Ancestor for a long time, she can actually illuminate into its appearance, you should go and help, that nee-san is too young, this illusion is only one tenth of the power of the Devil Lynx Old Ancestor, she is no match for Compulsion Yang!”

Pillow Book was busy reminding.

Before he could finish his words, Lin Ran rushed straight up and swept Xiao Jiu into his arms, a stream of one true qi had been sent into her body to suppress her anger.

“Report her away!”

Lin Ran shouted as he handed Xiao Jiu to Ling Sa.

“But you!”

Ling Sa pointed at Lin Ran's left hand, with this heartache in her eyes.

"It's only a ruined hand, it's not dead yet!"

Lin Ran urged.

"Big brother!"

Little Nine opened her eyes and looked at Lin Ran's left hand that was still dripping blood, she couldn't help but probe her little hand and touch it, lifting Lin Ran's left hand up.

"Little Jiu really isn't angry anymore!"

Xiao Jiu pressed her pretty face against Lin Ran's left hand, letting the blood at her wrist stain her neck red.

"Tick!"

The blood fell, without warning, onto the same demon stone on Xiao Jiu's chest.

At this moment, Lin Ran could clearly feel an inexplicable sense of connection between himself and the Same Demon Stone only.

"Big brother!"

Little Jiu looked at Lin Ran with confusion in her eyes, she did not know that her move was actually an insidious mistake, allowing Lin Ran to completely refine the Same Demon Stone.

"Little Jiu, don't worry, big brother will be fine, big brother will have to protect Little Jiu in the future!"

Lin Ran laughed, with tears in his eyes.

Good things came to pass, and he hadn't expected to refine the Same Demon Stone at this juncture.

"Bastard what the hell!"

On the side, Compulsion Yang had already killed back again, although Xiao Jiu and Ling Sa had gotten out of the trap, Lin Ran had already broken one of his own arms after all, and he was charging full of confidence in himself at this point.

"Go!"

Lin Ran shouted at Ling Sa.

"I'll wait for you outside!"

Ling Sa nodded as she held back her worry, picked up Xiao Jiu and ran towards the side, ready to take out the messenger and leave.

"Want to leave? You really think you've walked away?"

The compulsion Yang's eyes were cold, a black and a white stone in his hand collided with each other, only to hear a "boom" sound, at once a black and a white aura filled the air, directly enveloping the entire formation of the Ten Thousand Treasures Spell Formation.

“Yin Yang Lock Formation! You!”

Lin Ran’s heart chilled at the sight of this.

The Yin Yang Lock Formation was one of the most powerful of the blockade formations, not only was it extremely wide in scope and effective in blockading, it could even attach itself to other spell formations only.

For example, now, the Yin Yang Lock Formation was directly attached to the Ten Thousand Treasures Formation, so everyone who was still inside the formation could not get out at all even if they crushed the messenger!

“Ah? Why didn’t I get out!”

“Me too!”

“What’s going on?”

“It’s almost over, how come we haven’t gotten out yet!”

At this moment, a large group of people who were ready to leave were dumbfounded in various corners throughout the Wanbao spell formation.

Following that, they heard an icy voice.

“Everyone, you will all have to bury Lin Ran with you, remember! He’s the one who got you all killed!”

Compose Yang roared up to the sky, with icy coldness in his eyes.

“You!”

Lin Ran was so angry that he gritted his teeth, Compass Yang was not only trying to kill himself, he was also trying to create a large group of enemies for himself, the entire people inside the Ten Thousand Treasures Spell Formation were afraid that they had all treated themselves as enemies by now.

“Lin Ran! Who is he?”

“Who is Lin Ran, why should we be buried with him!”

“I don’t want to die!”

“If I die, our clan will definitely not spare you!”

“Who the hell is Lin Ran! I don’t want to die!”

The entire Ten Thousand Treasures Phalanx raged, and everyone knew the name Lin Ran at this moment.

At the same time, they were also filled with hostility and hatred towards the person represented by this name.

Chapter 814

“You’re really sinister!”

Lin Ran's face was ugly, compelling Yang to put out this hand, even if he really killed him, I'm afraid he didn't face the siege of so many people outside, this is simply not giving himself a chance to live.

"Oh, I've already made a plan to break my back for this plan, even if I can't kill you, I'll still make you lose your reputation!"

Compulsion Yang's face was filled with madness.

"Is that so? But before you achieve your goal, I will let you know what despair means!"

Lin Ran completely exploded.

The aura of his entire body was exceptionally rampant, all of it emanating out, and it was not even close to losing to the previous Fire One Sword.

"This power?"

Compose Yang looked startled, he knew very well what the power Lin Ran was displaying at this moment represented, it was the strength of a half-step Heaven Seizing Realm.

"It's only been so long! This kid has actually already crossed this step!"

Compose Yang's heart was greatly shocked, but at the same time, he was also a little glad that he hadn't dragged on, if he had played around for a while I'm afraid that Lin Ran would have already broken through to the Heaven Seizing Realm.

And by that time he would undoubtedly be eating his dreams if he wanted to take revenge.

"Compulsion Yang! Suffer death!"

Lin Ran roared in anger and already charged towards Compass Yang.

"Humph! Who are you trying to scare! If it wasn't for your sneak attack last time, wouldn't I have lost to you? Today, I'll let you understand how big the difference between the half-step Heaven Seizing Realm and the real Heaven Seizing Realm is!"

Compose Yang said disdainfully, his eyes full of fierceness.

As he raised his palm, the halberd in his hand flew straight up and shot straight towards Lin Ran, as if it was a sharp sword heading straight for Lin Ran's body.

There were still two minutes left before the closing of the Ten Thousand Treasure Spell Formation, and both Compass Yang and Lin Ran knew clearly in their hearts that they only had two minutes left.

Therefore, both of them did not hold back and came up with a killing move, a real fight.

"Get the hell out of here!"

Lin Ran roared in anger as he spun his body around and kicked the halberd directly onto it, which was instantly sent flying backwards.

"Hm?"

Compose Yang's brows furrowed as he watched, and his eyes grew even colder by a few degrees.

“That really surprised me, so let’s go straight to the final blow!”

Compass Yang’s face was gloomy as he folded his hands together and the halberd in front of him immediately changed, only to see a circle of red ripples begin to coalesce above the halberd, these ripples were like flowing water as they wrapped around the halberd.

“Bang! Bang Bang!”

Suddenly crisp cracking sounds rang out, followed by a piece of the halberd that had broken down actually separating once again, the originally intact halberd actually turned into a sky full of black scales with incomparable sharpness in a matter of moments.

“This halberd of mine, using the scales of the Underworld Dragon, can only be used in its original form once in its lifetime, to die by its hand is enough for you to be proud of yourself!”

Compulsion Yang’s face was filled with madness as he followed with a flip of his palm, and instantly countless black dragon scales burst straight at Lin Ran.

Each scale exuded an endless dragon might, and because they were dragon scales, their sharpness was also staggering.

“Kid! That’s not a low attack!”

The pillow was busy warning.

Lin Ran was furious at this moment, but he hadn’t lost his mind, and seeing this, he hurriedly stopped, his entire body’s Medical Dao True Qi converging in front of him, forming a large net.

“Defend? Dream on!”

A cold smile appeared on the corner of Compass Yang’s mouth, at the same time Dragon Scales had already rushed in front of Lin Ran.

“Bang bang bang.”

Only to see that the black dragon scales at the forefront actually shattered with a bang when they touched the great net of medical dao true qi, and the shock waves from one explosion kept blasting against the great net only.

At once, Lin Ran’s face turned ugly.

“This dog is trying to break my defences even at the expense of destroying the dragon scales!”

Lin Ran cursed angrily.

“I’ll see how long you can hold out!”

Compulsion Yang’s face was filled with madness as one dragon scale tilted all over Lin Ran’s defence only as if it didn’t want any money.

“Bang!”

Finally, after resisting the bombardment of dragon scales several times, a gaping hole was blown out of one of the areas of the Healing Dao True Qi.

At once, the dragon scales behind it shot towards Lin Ran, who dodged left and right but his entire body was still cut in several places by the dragon scales.

“Hm?”

Suddenly, Lin Ran felt a warmth on his cheek and understood that he was afraid that his face was also injured.

“Damn it!”

Looking at the large area of untouched dragon scales behind him, Lin Ran’s eyes were filled with chill.

If he continued to consume them like this, he would have to be sieved by these dragon scales sooner or later.

“Come on!”

Lin Ran’s face fiercely chilled as the medical dao defence in front of him directly withdrew away, while at the same time, his speed was so fast that he dodged towards the side.

“Trying to run? Dream on!”

Seeing Lin Ran take the initiative to rip off his defenses, Compulsion Yang instantly laughed as one dragon scale was blasted towards Lin Ran as if it didn’t want money.

“Hurry up! Faster!”

Lin Ran kept dodging, while behind him was followed by a large swathe of dragon scales, Lin Ran even saw almost all of the dragon scales beside Compulsion Yang shooting towards himself at this moment.

Just seeing a man running in front, followed by a dense swath of black scales, the scene couldn’t be more terrifying.

“Kid! Now kneel down and beg for mercy old man can still give you a whole body!”

Compulsion Yang looked smug.

“Is that so? If you surrender now, I can also leave you a whole corpse!”

Lin Ran sneered.

“Arrogant, old man, I see that you don’t know how to advance or retreat!”

The compulsion Yang’s face sank as he raised his palm so violently that a piece of dragon scale closest to Lin Ran directly popped and shattered, and the huge shockwave directly tipped Lin Ran onto the ground.

With this fall, multiple places on Lin Ran’s body were cut by the dragon scales and blood flowed.

“Bastard!”

Lin Ran was completely mad, as he looked at the large swathes of dragon scales that were attacking him again from behind, and Compass Yang who was smiling smugly on the side, he suddenly gritted his teeth and charged towards Compass Yang.

“Since I can’t solve these dragon scales at once, I’ll kill you first!”

Lin Ran’s killing heart was suddenly aroused, his speed was fast, at least Compulsion Yang definitely couldn’t compare.

“Hm?”

Compulsion Yang also noticed that something was wrong and hurriedly retreated.

But only after this retreat did he realise that his speed was completely no match for Lin Ran.

“Bastard!”

In desperation, Compulsion Yang fiercely waved his hand, directly mobilizing a portion of the dragon scales towards Lin Ran’s front to surround him, so as to buy himself this sliver of time to escape.

“Keep coming if you have the guts!”

Compose Yang looked at Lin Ran and sneered.

The situation was very unfavourable for Lin Ran, if he continued to chase after Compose Yang, he would have to face the Dragon Scales in front of and behind him, but if he didn’t chase after him, it would be difficult for him to catch up if Compose Yang pulled away.

With so many dragon scales around, it was almost a fool’s errand to break through them to chase after Compulsion Yang.

“Come on!”

Lin Ran clenched his teeth, his face full of fierceness, and he actually pounced towards Compulsion Yang without stopping at all.

“Seeking death!”

Seeing this, Compulsion Yang’s face sank, and he no longer hesitated, a large dragon scale blasted towards Lin Ran.

“Bang bang accompany.”

As the dragon scales collided with each other, the shockwave from the huge explosion directly lifted Compass Yang out of the sky, and his black robe was torn apart.

Lin Ran was even directly submerged in the centre of the explosion, unable to see his figure.

“Haha! Fight with me! Die without even knowing how you died!”

Compulsion Yang rose from the ground, covered in blood, his ugly and dried black face filled with madness.

The dragon scale explosion just now was so powerful that even he had been affected, not to mention Lin Ran who was at the centre of the explosion, and I was afraid that even his corpse would have been gone by now.

Chapter 815

Counting the minutes, with only the last minute left, Compose Yang smiled!

Everything was perfect, his own revenge plan had finally worked.

“Not a single person here will leave, so that no one will know that I, Compulsion Yang, did it!”

Compulsion Yang calculated in his mind and suddenly looked up to the sky and roared.

“There is still one last minute left, you people enjoy yourselves, you can only blame Lin Ran, he is the one who dragged you ..... down with him.”

“I fuck you, you want to kill me and still blame me for dragging them down? Today I have to get you to death!”

Before Compose Yang finished his sentence, Lin Ran’s voice rang out, Compose Yang hurriedly turned off the formation’s amplification, but the dwelling words still got out.

“Hun Ran! I can’t believe he’s not dead!”

Looking at Lin Ran’s entire body with torn clothes and even more blood flowing out of his body in many places, Compose Yang’s heart was greatly shocked.

Even an explosion of that magnitude just now hadn’t been able to kill Lin Ran, just how strong was this guy.

“Want to kill me? You’re still far from it!”

Lin Ran’s eyes were bloodshot and his entire body emitted a dense killing aura.

“Is that so? Once isn’t enough then let’s do it again!”

Compulsion Yang waved his palm, ready to deal Lin Ran another blow as he had done.

However, his palm waved and waved, but this time none of the dragon scales were enough to come.

“Still want to come? Then you’ll have to see if you don’t have a halberd yet!”

Lin Ran sneered, while already lunging towards Compass Yang.

“Bastard!”

Only then did Compass Yang wake up, in order to blast Lin Ran just now, I’m afraid that the blow had directly destroyed all the dragon scales, such a big explosion of dragon scales could not be retained at all.

No wonder this kid was so crazy just now, it was simply a deliberate risk to break free from his own dragon scale means.

“You’ve finished fighting! It’s my turn!”

While thoughts were going through his mind, Lin Ran’s voice was already ringing out beside him.

“You!”

Compose Yang was so shocked that he wanted to retreat, but when he merely spat out a word, a casserole-sized fist smashed directly onto his face.

“A crisp sound of bones breaking rang out, and the entire man flew backwards, his cheekbone breaking.

“You like to play, don’t you!”

Lin Ran’s entire body was filled with rage as he charged up and punched Compose Yang in the head, punching him to the bone!

“You!”

Compose Yang wanted to speak, but every time he just opened his mouth, he was greeted with a furious punch.

“Bang Bang Bang!”

The punches landed on Compose Yang’s body, just like banging on a drum, without a single break.

“Stop! Stop hitting!”

Finally Compose Yang couldn’t take it anymore and opened his mouth to shout.

“Stop? Stop when you say so?”

Lin Ran was unmoved and continued to greet him with a punch.

Occasionally, they were interspersed with the sound of some bones breaking, which was frightening to hear.

“Stop! Let’s talk! Stop fighting!”

Compose Yang shouted busily, he was really a bit overwhelmed.

“Remove the Yin Yang Lock Formation!”

Lin Ran snarled as he grabbed Compose Yang’s neck.

“You don’t want to!”

Compose Yang’s face was filled with madness.

“Bang!”

Without saying a word, Lin Ran punched Compose Yang in the shoulder, directly breaking his bones.

“Withdraw or not!”

Lin Ran roared.

“No retreat!”

Compose Yang was still holding on.

“Talk about your paralysis! Bang!”

With another punch, one of Compose Yang’s legs broke straight away as well.

“Ah! You!”

Compulsion Yang’s entire body broke out in cold sweat from the pain, and his eyes were even filled with despair.

Previously, Lin Ran had broken the tendons of one of his arms, but now he had one arm and one leg all broken.

“For the last time withdraw or not!”

Lin Ran’s eyes were filled with killing intent, and the compelling Yang couldn’t help but be a little shaken by the look.

But things had come to a head, it was already a round of seconds before the end of the Ten Thousand Treasures Spell Formation, and there was no way for him to kill Lin Ran in return.

“Is it really going to fail?”

Compose Yang thought in his mind, he had held back for so long and paid so much to finally fail to take revenge?

“No! I still have a chance! I still have it!”

Compulsion Yang suddenly thought of something.

“Bang!”

Lin Ran punched the other leg of Compose Yang again, and at this point, only one of his hands and feet was left to move.

“Ah! I’ll withdraw! I’ll withdraw!”

Compulsion Yang finally compromised and hurriedly raised his hand to withdraw the Yin Yang Lock Formation.

“Go!”

Lin Ran turned his head and shouted at the distant Lingyang.

“Lin Ran!”

At this moment, Ling Sa’s face was filled with tears, her hands covering her mouth as she dared not say a word.

The battle between Lin Ran and Compulsion Yang just now had seen her entire body collapse, especially when Lin Ran was affected by the dragon scale explosion, she even wanted to rush up to him.

But looking at Xiao Jiu who was in a coma beside her, she still didn't go.

She wanted to speak, but reason told her she couldn't because every word she said would probably cause Lin Ran to be distracted, and a split second of distraction from such a battle could kill Lin Ran.

"Take care!"

Lin Ran finally spat out two words, followed by a bang as she took out the messenger and crushed it.

"Don't go yet!"

Although it could not reach the effect that every part of the Yin Yang Lock Formation could hear it, it could still cover almost nine tenths of the Ten Thousand Treasures Formation.

"The formation has been withdrawn? We can go now, go!"

"Move!"

A group of people panicked and took out the messenger, instantly crushing it and going.

"Weng weng weng weng."

A pillar of light descended from the sky, it was the Ten Thousand Treasures Spell Formation enveloping them to send them out.

"Lin Ran!"

Enclosed by the pillar of light, looking at Lin Ran outside, Ling Sa burst into tears.

Although she knew that Lin Ran would be able to come out soon, the helplessness of leaving him alone still caused her heart to ache, Lin Ran had done it for herself, although everything was a plan of Compulsion Yang, in the end, Lin Ran's ruined arm was still because of herself.

"Don't worry!"

Lin Ran looked at Ling Sa and Xiao Jiu within the light shield, and always then revealed a smile of relief.

"Go first? No one is allowed to leave!"

Suddenly, just as Lin Ran's spirit was relaxing, Compose Yang violently broke free of his only remaining arm, and a token had appeared in his hand at some point, and with a bang he directly crushed the token.

At that moment, Lin Ran only felt a shock in his heart, a terrible thing seemed to be about to happen.

"Haha! Lin Ran, do you really think that I have no tricks up my sleeve? In order to kill you, old me is well prepared!"

Compose Yang laughed crazily, while at this moment a vortex actually faintly appeared around him.

This vortex was white at first, but soon, Lin Ran noticed that a larger vortex had actually appeared above Compulsion Yang's head.

This vortex swept the entire dim sky into the music.

“Bang bang bang!”

A crisp sound rang out as Lin Ran discovered that the formation pillar of light that had enveloped Ling Sa had actually shattered in an instant.

And Ling Sa and Xiao Jiu actually reappeared in the same place.

“What’s going on? Why haven’t I gotten out yet?”

“Shit! Is there any end to this, who the hell is it!”

“Ah! Time is up, we’re all going to die!”

“I don’t want to die!”

“Bastards! Who the hell did this!”

Those who remained within the Ten Thousand Treasures Spell Formation were all frantic.

“Do you know what this is?”

Compass Yang looked at Lin Ran with a crazed smile on his face.

“You! This is the Condensed Zhen talisman!”

Lin Ran’s face trembled and his heart trembled.

“Haha! That’s right, you still have some eyesight, this is the Condensation Subdue Talisman, today you all have to die! Not a single one of you will live!”

Compulsion Yang’s face was filled with a crazed look.

## Chapter 816

It is a very cheap invention. I don’t know who invented it, but basically no one uses it because it is really useless.

The most important function of the Congealing Talisman is that it can mobilise all the power of a formation and send out an attack according to one’s mind, but only within the formation.

Moreover, the power mobilised is not as much as you want it to be, it depends on the power of the formation itself.

I don’t know what the inventor was thinking, but in practice, only madmen and fools would use such a charm.

It is a completely suicidal talisman seal.

Imagine if a formation is really powerful enough to trap you, and you use the Condensing Township Talisman to mobilise the power of the formation to blast it open, you may be able to succeed.

But before the formation is blown open, you would probably be dead because you would not be able to withstand the enormous power of the formation.

And vice versa, I'm afraid that the power of the formation that you can withstand will not be able to trap you at all, so who would use it?

However, at this moment, this Condensed Zhen talisman appeared in Compass Yang's hand, it was completely a big killing weapon, a madman's crazy strike.

Who among the people present could withstand the strike of the Ten Thousand Treasures Spell Formation? I'm afraid no one could at all.

"What the hell do you want!"

Lin Ran looked at Compass Yang with killing intent in his eyes, but there was nothing he could do at this point, the Condensation Submergence Talisman had already been turned on, the area around Compass Yang was the core of the entire formation, there was no way for him to get close.

"What? Of course I want you all to die, I have no way to leave the Ten Thousand Treasures Formation, so you can all be buried with me!"

Compass Yang's face was filled with madness.

From the moment the Ten Thousand Treasures Formation closed, he could no longer get out, and it was only because he had borrowed this Condensation Subduing Talisman to mobilize all the power of the formation that he was not attacked by the formation.

Otherwise, as soon as the power of the Condensation Submergence Talisman arrived, he would have been equally dead.

"Let them go and I can surrender!"

Lin Ran said as he looked at Compass Yang.

"Surrender? It's useless for you to kill yourself in front of old me now, I said! Everyone inside the Ten Thousand Treasures Spell Formation must die today!"

Compass Yang's face was filled with a crazy smile.

And at this moment, a fire-red ball of light had begun to coalesce in the sky above the entire Ten Thousand Treasures Spell Formation, and it rapidly expanded, and the moment it expanded to the extreme and exploded.

The moment it swelled to its limit and exploded was the moment the entire Ten Thousand Treasures Spell Formation was swept away, at that time, no matter if it was Lin Ran or whoever, they simply could not carry the blow of this self-destructive test of the Great Formation, everyone would have to die.

"Ling Sa!"

Lin Ran turned around and came to the side of Ling Sa, Compass Yang is already sure to die, only a matter of time, and his legs are broken, want to run at this time is also impossible.

On the contrary, I was afraid that he and the others did not have much time left.

"I'm sorry! I'm afraid I won't be able to protect you guys!"

Lin Ran looked at Ling Sa and Xiao Jiu, with guilt in his eyes.

“You’re already very good! Really!”

Ling Sa jumped into Lin Ran’s arms and shed tears.

Xiao Jiu also woke up at this moment, hugging Lin Ran with tears all over her small face.

.....

Fengling Town, at this time, the square above was abuzz with people, and everyone was surprisingly unanimous, shouting at the location of the formation.

“Feng family members come out to explain the situation!”

“Why are so many people not coming out!”

“Where are our disciples’ loved ones?”

A single voice shouted, full of resignation.

By now, the Wanbao spell formation had been closed for a few minutes, but their loved ones, their disciples, still hadn’t come out yet.

“Ranzi!”

Wang Yifei had tears on his face and cried out.

“How did you kid die in there, you have so many aunts, how can I take care of them alone, Fat Master!”

“Damn fatty you don’t cry and mourn, the boss is not dead yet!”

On the side, Leng Zhan scolded angrily.

In his hand, he was holding a sensing stone, the very one Li Sheng had given him in the first place, they could sense that Lin Ran was still alive at this moment, and many other people had sensed it too.

That was why they had delayed leaving, wanting a statement from the Feng family.

“Gentlemen!”

Suddenly, an old voice sounded out.

“There has been a change in the Ten Thousand Treasures Spell Formation, your loved ones’ disciples are still trapped inside, soon our Wind Family will give you an answer!”

A simple sentence, followed by no sound.

No matter how much the crowd above the square shouted, no one was answering.

In the ordinary courtyard, Feng Qi’s face was grave, on the stone table in front of him, there was a crystal clear bead, at this moment he was staring at the bead, his eyes not blinking.

“Patriarch! Can’t you still get in?”

Next to him, Feng Linglong asked nervously.

“The fluctuations in the formation of the Ten Thousand Treasures Spell Formation are too great, it’s impossible to get in! You tell the elders to keep an eye on the outside to avoid a riot, and as soon as the formation calms down, I will go in and bring the people out at the first opportunity!”

Feng Qi instructed.

“But if they all .....”

Feng Linglong was a little worried, they could all think of the worst.

“If that’s the case, I, Feng Qi, will be the sinner of the entire Feng Shui community!”

There was bewilderment in Feng Qi’s eyes, and he was also eager to know what had happened inside the Ten Thousand Treasure Spell Formation.

.....

“Quickly! Find somewhere to hide!”

“You really believe that nonsense!”

“You don’t believe it and wait to die, I don’t want to die!”

“Right! Let’s do what he says first, at least there’s a chance of survival!”

“Bastard! I have to see this Lin Ran when we get out, who the hell is he!”

“Right! We have to meet him too!”

Within the Ten Thousand Treasures Spell Formation, countless people who had been left behind were one by one looking for a place to hide, they were either burrowing into the ground, or looking for a refuge site, or many of them were gathered together, opening layers of defensive formations, all in response to the great disaster that would happen next.

And everyone was moving quickly away from the foreign object area, including Lin Ran and Ling Sa.

The three of them, with Lin Ran’s help, were frantically rushing towards the engagement zone, and although time was limited, they wouldn’t delay for a minute if they could get a little further away from the foreign object zone.

“Lin Ran! Where can you run to? The entire Ten Thousand Treasures spell formation is about to be blown through, you can’t run away! Haha!”

Compose Yang’s voice resounded throughout the entire Ten Thousand Treasures Spell Formation.

“Is that so? Then you come on!”

Lin Ran angrily returned, but the speed of his feet did not stop at all.

“Don’t be in a hurry! We’re almost there, ten seconds to go!”

“Nine seconds, eight seconds .....”

Compose Yang shouted in a loud voice, greeting his own death while also announcing to the entire Manifestation only on that the countdown to death had begun.

“This is it!”

Lin Ran managed to find a mountain stream, and immediately took Ling Sa and Xiao Jiu into hiding, taking out everything he could from his body and laying down a defensive formation.

“Three seconds, two seconds!”

“Gentlemen, I’ll see you inside hell!”

“Haha!”

Compose Yang’s voice resounded throughout the entire Ten Thousand Treasures spell formation, desperate in its madness.

“Don’t do anything yet!”

Lin Ran stood at the bottom of the mountain stream and said angrily.

“Hold your horses! Wait a moment!”

The pillow’s voice rang out faintly, following which everyone saw that the red mass of light above the sky had burst to its limit, it was squirming madly and would burst at any moment.

As long as they waited for it to burst, everyone would have to wait for death to come in that instant.

“Bang!”

Finally, it didn’t let the crowd just wait, it broke.

“Kid! Watch this, this is what you Master Book can do!”

Pillow Book’s voice snapped out.

Following this a golden light shot up into the sky and everyone saw that the ray of golden light shot directly on top of the exploding mass of light.

Chapter 817

At this moment, the terrifying force generated by the explosion of that light mass actually changed direction and smashed directly towards the foreign object area.

And, not coincidentally, it was exactly where Compass Yang was.

“How is this possible?”

Seeing this scene in front of him, Compulsion Yang was instantly baffled, his eyes filled with resignation and disbelief as to why this last killing move of his own had come at him.

“Who is it! Who the hell has ruined my plan, who?”

Compose Yang roared up to the sky, his voice seemed to be deafened by shouting, but no one answered him, all that awaited him was endless terrifying power.

In an instant, Compulsion Yang was blasted into powder, not even a drop of blood was left behind.

“Bang!”

There was a muffled sound, the entire earth trembled, and with the foreign object area as the core, the entire Ten Thousand Treasures Spell Formation was completely rippled.

The huge impact break was like the autumn wind sweeping away the falling leaves, sweeping like every part of the Ten Thousand Treasures Spell Formation starting from the Foreign Object Area.

But it was after all a purposeful explosion, and compared to exploding directly in the sky, such a power was already much less powerful, and the impact on Lin Ran and the others was also much less.

The whole world was quiet for a while, and countless people covered their heads not daring to look around them, they just wanted to get through it, to get through until this explosion was completely over.

.....

“It’s over!”

In the courtyard, feeling the tremendous fluctuations inside the Ten Thousand Treasures Spell Formation, Feng Qi’s entire face turned ugly, this was the most severe damage the Ten Thousand Treasures Spell Formation had received since its inception.

“Ai!”

Feng Qi couldn’t help but sigh, followed by a flash of his body had disappeared in the same place, now’s really didn’t know how to explain to those people waiting outside.

I don’t know how long had passed, but the entire Ten Thousand Treasures Spell Formation was in shambles, with the foreign object area taking the brunt of the destruction, except for that one divine temple that was still standing.

As for Compass Yang, he had long since died without even a crumb left.

“The source of the explosion was there!”

Feng Qi appeared out of thin air above the Ten Thousand Treasures Spell Formation and flew right over towards the foreign object area.

“Hm?”

Lin Ran opened his eyes just in time to see Feng Qi’s figure.

“Why is he here?”

Lin Ran frowned, but this was not the time to talk, the spell formation had already closed, and at this point it was impossible to leave with the help of a messenger, they would just have to wait patiently for help from the outside world.

But Feng Qi had already come, so I thought they would soon be rescued as well.

“Ling Sa!”

Lin Ran was busy coming to Ling Sa’s side, because the impact from the explosion just now was so ferocious that Xiao Jiu had already been retrieved by Lin Ran into the Pillow Book world, while Ling Sa had failed to resist and passed out.

Luckily, she was not injured, and Lin Ran then put his heart down.

“Rumble!”

Just when Lin Ran thought that everything was over, the entire mountain stream was violently cracked open with countless gaps, and all of a sudden the entire continent of the Ten Thousand Treasure Spell Formation was open listed.

“What’s that?”

Looking at the mountain stream reflected in red light, Lin Ran’s heart instantly lifted.

“Hurry up and collect the lingzhi!”

Lin Ran shouted busily.

Without saying a word, the pillow book directly took Ling Sa into the small world as well.

At this moment, the entire mountain stream had completely crumbled, with dense cracks splitting the entire mountain stream like a spider’s web.

This ground where Lin Ran was was also split into small floating stones, while the surroundings had been completely illuminated by a red glow.

“This smell?”

Lin Ran suddenly frowned slightly and hurriedly used his True Qi to protect his meridians as a rotten smell began to fill the air, it was unusually pungent and just a quick sniff made Lin Ran feel dizzy.

“Everyone! Protect your heart veins, crush the letter talisman, don’t bother with the red liquid, I’ll send you out!”

Finally, Feng Qi’s voice rang out inside the entire Ten Thousand Treasures Spell Formation.

“It’s the Feng family! We’re saved!”

“Help! I don’t want to die!”

“Hurry up and crush the messenger!”

“But my amulet is gone!”

All at once, the entire Ten Thousand Treasures Spell Formation was abuzz.

With or without the amulet, a pillar of light shone down one after another, sending all of them out one by one.

“Let’s go too!”

Lin Ran was also ready to leave.

But just as he took out the messenger, he was suddenly stunned.

He felt something in his body that seemed to resonate with the red light around him.

“Why is it there again!”

Lin Ran took out his dark red short sword, which at this moment was trembling violently, as if it was the same as those red lights.

“Let’s go and check it out!”

Lin Ran gritted his teeth and once again put away the letter talisman, wrapping his entire body in Medical Dao True Qi, he touched over towards one of the places where the red light shone out.

“Can you tell anything!”

On the way, Lin Ran asked.

“I can’t tell, there’s something strange about this place, it should be a small world, but how could there be this red stuff underground, this kind of artificially created small world, the depths of the ground should be full of spiritual qi!”

The pillow said.

“Didn’t you say you’ve seen this small world before? Don’t you know about it too?”

Lin Ran frowned.

“Kid! It’s different alright, this is your world, this Ten Thousand Treasures Spell Formation is a spell from my world, but when you come to your world you have to follow the customs after all, at least I’ve never heard of so many inexplicable things being made in the ground of your own little world.”

Lin Ran smiled and did not say a word, even the pillow book did not know, obviously there must still be secrets hidden beneath the ground of this small world.

Quickly arriving at the edge of the rift, Lin Ran climbed down the crack towards the bottom.

In just two minutes, the scene that appeared in front of him left him completely shocked.

The entire bottom of the fissure was actually all red liquid, and if it wasn’t so different from lava, Lin Ran was afraid that he would have really thought that the ground had been blown through.

“No! This is venom!”

Lin Ran snapped awake.

Wasn’t this red liquid down there the same toxin that had infected those herbs at the herbal exchange conference?

“My god how are there so many here!”

Lin Ran’s entire body was almost dumbfounded.

If so much venom flowed out, I'm afraid it would be enough to destroy hundreds of Fengling Towns, there was too much of this stuff.

"The key is what exactly does this short sword have to do with the Yue family?"

Lin Ran's heart was becoming increasingly puzzled.

What did all this venom represent? Was it man-made or naturally formed, and if it was man-made then who was behind it, what exactly was the relationship between the Yue Family and them, and why would this short sword of theirs have a connection to these venom.

If it was naturally formed, then it was even more fishy, being blocked inside the Ten Thousand Treasures Spell Formation, how did the Yue family manage to link their magic weapon with these venom.

"Kid! Come on up!"

Just as Lin Ran's heart was astonished, suddenly an old voice came down from above, without thinking Lin Ran knew that it was Feng Qi's voice.

"Go up first!"

Lin Ran suppressed the doubts and shock in his heart and busily climbed up.

Although he could conclude that there was definitely something wrong with the Yue family, Lin Ran didn't know exactly what problems they had, so he could only suppress it for now and look for other clues later.

When he returned to the ground, he really saw Feng Qi standing not far from him, looking at him with a stony face.

"Senior!"

Lin Ran bowed respectfully.

"Seen it all? What are your thoughts?"

Feng Qi put his hands behind his back and actually opened his mouth to ask.

Chapter 818

"What does senior mean by this?"

Lin Ran frowned slightly and asked rhetorically.

"I won't beat around the bush with you, there is something under this ground, whether you know what it is or not, you already know too much about it, it's not something you should know, at least for the time being it's better for you not to know than to know!"

Feng Qi said blandly.

"Senior, please be explicit!"

Lin Ran said with an arching hand.

“This thing is, in fact, a kind of blood, a kind of blood that cannot be erased, and the entire Ten Thousand Treasures Spell Formation was built to lock up this blood!”

Feng Qi spoke, then gazed into the distance.

“I’ve checked out the matter this time, your feud with Compass Yang originally had nothing to do with my Ten Thousand Treasures Spell Formation, but in the end it was because of your feud that almost led to a great calamity, fortunately in the end you mended your ways, if those who were implicated died, I wouldn’t be able to hold you!”

Feng Qi said, turned to Lin Ran and asked solemnly.

“Let me ask you, the moment the Condensed Zhen talisman finally exploded, was it you who directed the power of the explosion towards Compass Yang?”

“No!”

Lin Ran shook his head, but in his heart he was a little surprised that Feng Qi actually knew all these things.

And it really wasn’t him, he didn’t have the ability to do that, it was the Pillow Book that did it, he just couldn’t tell Feng Qi about the existence of the Pillow Book.

“Hmm!”

Feng Qi frowned and didn’t ask more questions, obviously he was also clear that Lin Ran definitely couldn’t do this.

“Alright I’ll see you out!”

Feng Qi spoke.

“Senior, what about the venom in the ground?”

Lin Ran asked, although Feng Qi had said that it was actually a kind of blood.

But Lin Ran preferred to call it venom, because who in a normal person would have this kind of blood in their body, then I’m afraid they would have died long ago.

“I will take care of it myself, don’t grow anything here to the outside world, do you know that?”

Feng Qi said.

“Understood!”

Lin Ran nodded, followed by a wave of Feng Qi’s hand, and was directly sent out of the Ten Thousand Treasures Spell Formation.

.....

Feng Ling Town, above the square.

A large group of people were gathered together, each different from the other as they were either relieved or sad.

Wang Yifeng's face was gloomy, standing in a corner with the divine Dragon Blade already taken out in his hand.

"Fatty, don't be a fool, you just look for the Feng family, what can you do, you can't beat them for now, even if you see the Feng family will you be able to find Ranzi?"

Li Sheng persuaded from the side, Lin Ran had never come out, which made Wang Yifeng sit up completely.

Just now the last group of people had all come out, but Lin Ran was never seen.

"I'm not like that old woman, she doesn't care about Lin Ran's death, but I can't care about Ranzi's death!"

There was murderous intent in Wang Yifeng's eyes, and the veins on his face exploded.

"That's Laozi's brother in life and death!"

Wang Yifeng said angrily.

Ever since the two of them had met, Wang Yifeng had been Lin Ran's life and death brother.

Lin Ran had risked his life more than once to save him, and this time it was his turn as well.

When Lin Ran learned that Wang Kun was Wang Yifeng's father, he was also shaken for a while, but then he was relieved that Fatty was Fatty and Wang Kun was Wang Kun.

"So what do you want?"

On the side, Leng Zhan asked in a cold voice.

"Kill the Feng family and demand people! Without us we'll enter the Ten Thousand Treasure Spell Formation once more!"

Wang Yifeng gritted his teeth and said.

"I'll go with you!"

Leng Xuan said directly without even thinking.

"And us!"

Wang Mao and Ah Zhan also echoed.

"You guys!"

Li Sheng was a little helpless at once.

"Hey! Alright I'll go with you guys!"

Li Sheng said.

"Where are you guys going?"

Suddenly, just as the crowd was killing themselves and preparing to find the Shangfeng family, a familiar voice actually came from the side.

Wang Yifeng and the others hurriedly turned their heads, and the moment they saw Lin Ran, everyone's eyes instantly turned red.

"Ranzi!"

Wang Yifei was the first to rush up and jumped into Lin Ran's arms as soon as he could.

"Where did you kid go to die, I almost couldn't even hold it together, Fat Master!"

Wang Yifeng said excitedly.

"You come down first, you're crushing someone!"

Lin Ran said.

"I'm just excited!"

Wang Yifeng laughed and got off Lin Ran's body, scratching his head awkwardly.

"I'm fine! Here you guys do me a favour first!"

Lin Ran laughed, while greeting the crowd and surrounding himself, forming a human-shaped wall.

"Shit! What are you doing? You're not going to take a piss, are you?"

Wang Yifeng wondered, "There's so much space inside the Manifestation Formation, you're not allowed to pee! Why did you run into someone's square to pee, what did this Feng family do to offend you.

"Shut up! You can't spit ivory out of a dog's mouth!"

Lin Ran helplessly gave Wang Yifeng a blank look, followed by a wave of his palm, and Ling Sa appeared next to him.

"Holy shit!"

Wang Yifei looked shocked and pointed at the two of them, Lin Ran and Ling Sa, and immediately shouted.

"You kid, a golden house to hide a woman! I said that you didn't join us on this journey, dare I say you went in for a date for your honeymoon!"

"Shut up, fatty!"

Ling Sa gave Wang Yifei a white look without good grace, followed by busy pulling over Lin Ran's left hand, her face full of worry.

"Your hand?"

"It's fine!"

Lin Ran raised his left hand as if nothing was wrong.

“What’s wrong with your left hand?”

Wang Yifeng asked busily.

“It’s really fine, it’s already healed! I ran into Compulsion Yang inside and had a fight!”

Lin Ran laughed.

“Compulsion Yang? Where’s that old bastard? See if I don’t slash him with my sword!”

Wang Yifeng said indignantly, if he had known that Compulsion Yang was inside, he would not have come out even if he had been beaten to death.

“He’s already dead, don’t mind him!”

Lin Ran laughed, while smiling at Ling Sa.

“I’m really fine, you forget that I’m a doctor, and a very good kind at that!”

“Cut it out! Just know how to show off!”

Ringsa’s nose got sore and her glasses couldn’t help but turn a little red.

“Alright, hurry up and go back! Lest you make your master worry!”

Lin Ran laughed.

Ling Sa nodded, before she gathered her emotions and prepared to return to the Plum Blossom School.

However, before she could even take a step, a shout of surprise actually rang out from around her.

“Lin Ran! It’s Lin Ran, he’s come out too!”

“Lin Ran? Where is it?”

“Who is Lin Ran? Come here and show me!”

“Where’s Lin Ran?”

The name was like a magic spell, causing everyone around to shout out, and Li Mu Di and Fire Sword, who were originally ready to leave straight away, couldn’t help but be drawn over at this moment.

“He’s Lin Ran! I know him!”

Soon, a group of people surrounded Lin Ran and the others, and one of them, a youth with zero head, even looked at Lin Ran with his face suffocating red.

“Something wrong, gentlemen?”

Lin Ran looked at these people and frowned slightly, what he feared was still hair saving, this was the last of the trouble that Compulsion Yang had caused him, shouting his name out to make these innocent people who were implicated think somewhat of themselves.

“Something wrong? It’s because of you we almost got killed!”

“That’s right, we almost got killed because of you!”

“So it’s because of you, fucking hell!”

“Yeah! Fuck you!”

At once, a group of people all cursed.

On the other hand, Yue Shan also came over with his men, his face was as gloomy as water, this time almost all of the Yue family’s people who went in were wiped out, while Lin Ran walked out intact, this made him very unhappy in his heart.

“Where’s Yue Feng?”

As soon as Yue Shan came out, he directly asked in a cold voice.

“Yue Feng?”

Lin Ran smiled at his words.

Wang Yifeng, who had been holding his breath for a long time, directly laughed coldly at the situation.

“Old man Yue Shan, we, Ran Zi, are your father, your family asked my brother how he couldn’t find it himself to come to your father for help!”

Chapter 819

“Sharp teeth, believe it or not, I’ll tear your dog’s mouth apart!”

Yue Shan’s face was ugly, obviously suppressing the anger in his heart.

“Isn’t your mouth the same as his?”

Lin Ran looked at Yue Shan and said indifferently, blocking him back with a single sentence.

“Lin Ran, cut the bullshit with me! Where the hell is Yue Feng? There was someone from our Yue family who came out earlier and saw you go after Yue Feng with your own eyes, where is he?”

Yue Shan’s face was gloomy, Yue Bu had already died at Lin Ran’s hands, if Yue Feng also died, then their Yue family’s face would be disgraced this time.

“He’s dead!”

Lin Ran said indifferently.

“What did you say!”

Yue Shan’s entire body’s aura burst into a frenzy when he heard that, sure enough the worst thing had happened.

“He was eaten by a magical beast, a matter that many people can corroborate!”

Lin Ran said indifferently.

“A magical beast? That’s a magical beast?”

“Holy shit! There’s actually a magical beast inside the Ten Thousand Treasure Spell Formation?”

“My god, why didn’t anyone tell us beforehand!”

At once the people around felt a palpitation, a magical beast was not something they could deal with, and it was too dangerous to know about this only now.

“This can’t be! How many years has it been, I’ve never heard of a magical beast inside the Ten Thousand Treasure Spell Formation, did you kill Yue Feng or not!”

Yue Shan looked at Lin Ran with a deadly look, anger in his eyes.

“This Yue family is really unreasonable!”

From afar, Li Mu Di frowned at the sight and was about to go up to help Lin Ran speak, after all, this was likely to be his comrade in arms in the future.

“Don’t move!”

However, Fire One Sword on the side was stopping him.

“If he can’t even settle this little matter, then he doesn’t deserve to be our comrade in arms!”

“You!”

Li Mu Di sighed, somewhat heartbroken for Lin Ran.

Without a big power as a backer, there were times when one was just so passive, and even when one was wronged, one could only carry on, with no one to stand up for them.

“I told you, he was eaten by a magical beast, if you Yue Shan or your Yue family doesn’t believe me, feel free to do it! If I, Lin Ran, say one word of fear, I am not the one with the handle!”

Lin Ran was too lazy to break it up with Yue Shan and directly put down his fierce words.

“Right! And Fat Master me, what’s wrong with your Yue family being so bullying, come on if you want to fight!”

“And us!”

The three Leng Zhan also accounted for out, Li Sheng did not say anything but also followed behind.

“Do you really think I’m afraid of you?”

Yue Shan’s face was ugly, before the Ten Thousand Treasures Spell Formation started, he had started a conflict with Lin Ran and almost fought, and now the Ten Thousand Treasures Spell Formation had only just ended, and they were actually going to fight again.

“Then you try it!”

Lin Ran said icily, while sweeping his gaze over the crowd and saying in a cold voice.

“Also tell all of you, the reason why you are all implicated this time is not just me, Lin Ran, but also the Compass Pavilion’s Pavilion Master, Compass Yang, who is responsible for that Condensed Zhen

talisman, but you should all know that this Compass Yang's strength is at the Heaven Seizing Realm, and the case says that he is not qualified to go in at all!"

"But he went in, and he went in with Yue Feng. Even if Compulsion Yang went in against me, but at the last moment you all know that he was the one who didn't want to let you guys out and wanted to kill you!"

"So if you guys want to settle scores, this Yue family at least has a score to settle!"

Lin Ran's words instantly made Yue Shan's face look even more ugly.

"That! That's also true!"

"Right! This Yue family also has a part to play, they must give us an explanation!"

"Yes, Lin Ran is right!"

"Gentlemen!"

Yue Shan spoke with a gloomy face.

"Yue Feng is already dead, and whatever Lin Ran says here, our Yue family can't refute it, after all, Yue Feng is already dead, but think about it, our Yue family and the Compulsion Pavilion have never had any dealings, so why should we help them?"

"No dealings? Old man Yue Shan, if I remember correctly, back when I had a grudge against Compulsion Yang, you were the helper he hired!"

Lin Ran laughed.

"That's right! Old man can testify to this, old man Yue Shan, how can you still deny it in front of old man!"

Qin Jie also stood out, and the situation flipped straight away.

"That's enough!"

Yue Shan's face sank and he said in a cold voice.

"No matter what, because of you Lin Ran put so many people in danger and even killed our Yue family members, you must give us an explanation for this debt!"

Yue Shan grasped onto this matter, clearly not wanting to give up in peace.

"Have you had enough noise!"

Suddenly, just as the entire square was stagnant and a great battle might break out at any moment, an old voice rang out again, followed by Feng Qi appearing in mid-air out of thin air, then landing in the middle of the square.

"This matter is indeed not Lin Ran's responsibility, it was Compass Yang who mixed into the Ten Thousand Treasure Spell Formation in order to take revenge, for this our Feng Clan is also responsible, but you all blame Lin Ran that is not right!"

“Clan Chief Feng, why are you speaking for this brat too?”

Yue Shan looked at Feng Qi, his face twitching.

“Why am I speaking for him? Yue Shan! If Compass Yang can mix into the Ten Thousand Treasures Spell Formation, can you guarantee that it has nothing to do with your Yue Clan?”

Feng Qi looked at Yue Shan, his face icy cold.

Yue Shan’s face was gloomy and he didn’t say anything, he just looked at Feng Qi with a deadly gaze, not knowing what he was thinking.

“This time around, we have certainly been careless in the splitting of the family, but we all know the rights and wrongs involved, so why do we need to speak so grandly!”

After saying this, Feng Qi swept his gaze over the crowd and spoke.

“What happened before may have put you all in a desperate situation because of Lin Ran, but you should not forget that it was also Lin Ran who saved you all, if it wasn’t for him directing the power of the Condensed Zhen talisman to where Compulsion Yang was at the last moment, I’m afraid you would all be dead!”

“This .....

At once, everyone was silent.

However, there were some others whose faces changed.

This included Qin Ji, Yue Shan and not far away, Fire One Sword as well as Li Mu Di.

“Directing the power of the Condensed Zhen talisman elsewhere? He did that?”

Li Mudi’s eyes were filled with surprise.

“That’s unlikely!”

Fire One Sword shook his head.

“Clan Chief Feng, you’re joking! With just him? That Ten Thousand Treasures Spell Formation is capable of obliterating even Heaven-Realm powerhouses, just by virtue of him being a kid of the Qi-Realm, he can channel the power of the Ten Thousand Treasures Spell Formation?”

Yue Shan had a disdainful face, clearly not believing it at all!

“About this, I asked Lin Ran, and he said it wasn’t himself, but who else in there at the time could have done it besides him?”

Feng Qi swept his gaze over the crowd, and at once everyone fell silent.

“Then it couldn’t have been him either, it’s absolutely impossible!”

Yue Shan still insisted to.

Feng Qi, however, laughed.

“If you can’t do something can’t someone else do it? What if someone else is a genius? It’s simply ridiculous!”

Feng Qi said as he swept his gaze over the crowd and said in a cold voice.

“Who is right and who is wrong the reason for which I have explained very clearly, in order to make up for the carelessness of the rule this time, the next Ten Thousand Treasures Spell Formation each person can bring out two treasures, this is our Feng family’s attitude, as for whether to come or not you are at liberty!”

After saying that, Feng Qi directly flung his sleeve and turned around and left.

The Manifestation of Ten Thousand Treasures was something that could be used to fly to the heavens, and the next time you could bring out two treasures, only a fool would not come.

“Humph!”

Watching Feng Qi sail away, Yue Shan’s face was gloomy, and his appearance directly put off Yue Shan’s thoughts of making a move.

“One last warning, this is Fengling Town, not the Imperial Capital! You want to make a move! Then weigh your strength enough!”

Suddenly Feng Qi’s voice came from afar, and at once Yue Shan’s face became even more ugly, as it was obvious that the words were directed at him.

Chapter 820

“Patriarch, I’m afraid that if you tell this out, it will be detrimental to Lin Ran!”

On the mountainside, Feng Linglong looked at Feng Qi and was a little worried.

“Don’t worry, this kid is hiding so deep that even I didn’t say anything, I’m just blowing him up to see what other tricks he has up his sleeve!”

Feng Qi blandly said.

“But then, isn’t that putting him in a dangerous situation? I’m afraid that the Yue family and the Qin family and other similar families will all be watching him?”

Feng Linglong worried.

“Don’t worry, heroes are born with many trials and tribulations, if the person the old ancestor looks at is so unbearable, then I’m afraid the old ancestor won’t pay attention to it!”

Feng Qi said confidently.

Only in his heart was a great deal of doubt.

“I don’t know what secrets are hidden in this kid, even the power of the Ten Thousand Treasures Spell Formation can be used, it’s really a surprise!”

“Yes!”

Feng Linglong also chimed in from the side.

“The power of the Ten Thousand Treasures Spell Formation is very peculiar, and my mentor also once said that that spell formation can only draw one ten thousandth of the power inside the small world, and it is very difficult for outsiders to mobilize it, even Feng Qi can only use the power drawn from the spell formation itself!”

Li Mu Di frowned.

“That Compass Yang should have used the Condensed Zhen talisman to mobilise these powers, but from what they said, that Lin Ran didn’t have the Condensed Zhen talisman at all, yet he was able to mobilise the power of the Ten Thousand Treasures Spell Formation, this is really something incredible!”

Fire One Sword was also frowning.

“The key is that you understand that condensing the Zhen talisman to mobilise and mobilising with your own power are two completely different concepts!”

Li Mu Di was busy saying.

Just like a river of spring water, using a pump and with your own power this is simply qualitatively different.

.....

Just when everyone was puzzled, the pillow book was laughing.

“Kid see, all said Master Book out you will certainly be suspected!”

“So what can be done, we can’t just sit around and wait for death!”

Lin Ran said helplessly.

Before the huge mass of light that Compose Yang mobilised was about to explode, Pillow Book told Lin Ran something.

“Ranzi! I can direct this power towards a certain place to detonate!”

“Why didn’t you say so earlier!”

“You didn’t ask either!”

“You can really mobilise this power?”

“Of course!”

“This Ten Thousand Treasures Spell Formation is actually a small world, and it is a spell from my world, so I can mobilize all the power within it, not to mention this mere spell formation?”

This was the conversation between the two at that time, and it was because of the pillow’s ability that Lin Ran chose to let everyone find a place to defend and hide, allowing everyone to survive.

Relatively speaking, though, this brought him a series of troubles.

“Gentlemen!”

Finally, Lin Ran spoke, his gaze sweeping over the crowd as he said in a cold voice.

“I know some of you are confused as to why I can mobilise the power of the Ten Thousand Treasures Spell Formation, I can only say that it was a coincidence that I won the first three places in the Treasure Competition and exchanged a magic weapon at the Ten Thousand Treasures Spell Formation, this magic weapon can direct any power elsewhere, so we all took advantage of which magic weapon! That’s how we survived!”

“What magic weapon is that?”

Yue Shan was the first to speak up and questioned.

“Yes, what magic weapon is it? Show us!”

“That’s right!”

A group of people echoed.

“Sorry, that magic weapon was destroyed after being used once!”

Lin Ran huffed up and said.

“Nonsense!”

Yue Shan’s face was ugly.

Lin Ran looked at him but smiled.

“That’s all I can say, it’s up to you to believe it or not!”

After saying that, Lin Ran turned around and was about to leave.

“This kid is really capable of bullshitting, it seems that nothing can be blown out of the system!”

Feng Qi laughed helplessly, turned around and went back to his place.

“I’m afraid this guy is still in trouble!”

Feng Linglong stood in the same place without leaving, still watching, if chaos really broke out in Fengling Town, she still had her hand to suppress it.

In addition she was really a bit curious about Lin Ran, what secrets were hidden in this kid.

.....

“Who told you to leave! Stop!”

Suddenly, Yue Shan’s voice rang out again.

Lin Ran was also a little impatient this time and stood still, without even turning his head back, and said in a cold voice.

“If you have a fart, let it out, I don’t have time to rub it in with you here!”

“You!”

Yue Shan was so angry that his face turned blue and he said angrily.

“Yue Feng is dead, where is his magic weapon? Hand it over! Don’t push people too far!”

“Yue Shan! Am I your father? You ask me for everything, do you really think I’m your father?”

Lin Ran finally couldn’t stand it anymore and turned his head to look at Yue Shan.

“Before the Ten Thousand Treasures Spell Formation started, then come and ask for spells, that’s what I snatched from Yue Feng, what the fuck does it have to do with you?”

“It’s over I came out, Yue Feng died and you fucking asked me for someone, now you know Yue Feng died at the hands of a magical beast and you’re asking me for a magic weapon, do you really think I’m your father? Asking me for everything!”

Lin Ran said in a cold voice, at once the surrounding onlookers couldn’t help but laugh, Lin Ran was simply saying this as if it was really so.

“Kid you seek death!”

Yue Shan was so angry that his face turned blue, and his fists were clenched so hard that he was afraid that if this wasn’t Fengling Town, he would have just taken action.

“I’m looking for death? Can you beat me? Leaving aside the fact that this is Fengling Town, even if I were to leave Fengling Town, would you be able to beat me?”

Lin Ran laughed.

“Or is it that your Yue family is so big that they are prepared to come together to deal with me?”

“Haha! Ranzi, that’s not right!”

On the side, Wang Yifeng was busy jumping out and laughing.

“Other people’s Yue family, at least, is a big and prestigious noble family in the imperial capital, the whole family against you alone, people’s Yue family is shameless?”

“Fatty, that’s not right, before inside the Ten Thousand Treasure Spell Formation, didn’t that Yue Feng lead a group of Yue family members to besiege us? Why didn’t you think about being shameless then!”

On the side, Leng Zhan also stood out.

“You saw it all!”

Lin Ran laughed.

“It’s not that I’m guessing blindly, the whole world is owned by the Yue family, and it’s not as if they can deal with whoever they want, those of us without power are not qualified to be their opponents!”

Lin Ran used all the sarcasm and irony he could muster.

“Kid! No more than sophistry, I won’t pursue Yue Feng’s death, but the magic weapon must be returned!”

Yue Shan’s face was ugly.

Those two magic weapons were very important to him, and if he didn’t get them back, I was afraid that it would trigger very serious consequences.

“I just don’t understand, a magic weapon that you value so much, how is it that this magic weapon is hiding some secret?”

Lin Ran asked with a raised eyebrow and a smile, he had already discovered that there was something wrong with this magic artifact, the Yue family was afraid that there was also something wrong, he just didn’t know exactly what it was yet.

“What secrets could there be!”

Yue Shan’s face turned pale as he said in a cold voice.

“Don’t think I don’t know just because you’ve hidden it on your body, those two magic weapons were given to Yue Feng by me, I can sense their location!”

“O? Is that so? Then sense one and I’ll take a look, if it’s on me, I’ll give it to you straight away without saying a word!”

Lin Ran smiled back.

“Good! That’s what you said!”

Yue Shan was instantly delighted, and without saying a word, he directly closed his eyes and began to sense it.

What Yue Shan didn’t know was that Lin Ran had already given that and magic weapon to the pillow side book and had it brought into the small world, sensing, you can still sense the pillow side book’s small world? It is simply delusional.

“Weng!”

Suddenly, a light shot up into the sky, only the direction was not Lin Ran’s place, instead it was halfway up the mountain.

“The Ten Thousand Treasures Spell Formation! That’s the direction of the Ten Thousand Treasures Spell Formation!”

“Looks like that magic weapon was really left inside the Ten Thousand Treasures Spell Formation!”

“It’s true that Lin Ran doesn’t have it on him!”

Lin Ran laughed at this, I’m afraid that what Yue Shan sensed was the very same magic weapon that Yue Feng had left behind after being eaten by the Demon Lynx Ancestor.

“Yue Shan, do you still want to ask me for it? Your father I really don’t have any!”

Lin Ran smiled lightly, followed by turning around and leaving.

“Lin Ran!”

Yue Shan was so angry that he gritted his teeth, but he also understood that he wouldn't be able to ask for his two magic weapons this time, no matter what.

“You better be honest with me, or else I will definitely not let you go!”

Looking at Lin Ran's distant back, Yue Shan was so angry that his face drew out, and his eyes even contained a strong killing intent.
