

Wonder Doctor

Chapter 821

Ten minutes later, outside of Fengling Town, Lin Ran said goodbye to Li Sheng.

“This is what Li Mu Di asked me to pass on to you, saying that it should be helpful to you!”

Lin Ran handed over his business card, the same one that Li Mudi had handed to him earlier at the Wanbao spell.

“This?”

Li Sheng was stunned, not understanding what this meant.

“He said that if you go to the Imperial Capital in the future, you can go and live in this place, it seems to be a property, but I don’t know why he would say it would be helpful to you, it would be good to go and have a look sometime!”

Lin Ran laughed.

“Hm!”

Li Sheng nodded, although he did not understand what Li Mu Di meant, but as a cousin of his own inner clan, he thought that he should not harm himself.

“Brother Lin Ran, I won’t say much more to thank you for this trip to the Ten Thousand Treasure Spell Formation, if you need me in the future, just ask!”

Li Sheng finally expressed his attitude at Lin Ran, and then left with an arch of his hand.

“Ranzi, what did you give him? I can’t believe I owe you such a huge favour!”

Wang Yifeng looked puzzled from the side.

“It’s not big to say, it’s not small to say, let’s go we should go back too!”

Lin Ran smiled and swirled as he led the crowd out of Fengling Town.

Although the Ten Thousand Treasures Spell Formation had only been opened for one day, the things experienced within the twenty-four hours were like yesterday’s world. I am afraid that other people did not have this feeling, but anyone who had entered the Ten Thousand Treasures Spell Formation would be able to experience what it meant to spend a day like a year.

An hour later, the Temperance City Expressway Lin Ran crowd is finally off the highway.

“Where to? The shop or the clinic?”

Wang Yifeng asked as he drove the car.

“Let’s go home first, I’m a bit tired too!”

Lin Ran said tiredly, after all he had been through he did want to take a good rest, besides the injury on his left hand was temporarily cured but he needed to recuperate, after all it was a broken tendon injury which could not be healed so quickly.

“Jingle bell!”

Lin Ran’s words had just fallen, and before Wang Yifeng could answer, suddenly Lin Ran’s mobile phone rang.

“Master Yu?”

When he saw the incoming call, Lin Ran couldn’t help but be stunned, he had gone out this day and all the people from the shop had followed him, only Master Yu was left, and he didn’t know how this guy was doing.

“Master Yu, looking for me for something?”

Picking up the phone, Lin Ran asked directly.

“Master, I’m in trouble, have you guys come back yet, if you don’t come back disciple I’ll be cold!”

On the phone, Master Yu was very eager, it seemed that the matter he had encountered was not small.

“Where are you?”

Lin Ran asked.

“Right in the shop, I’m too scared to go anywhere right now!”

Master Yu said in a panic.

“Good! We’ll go find you!”

Lin Ran said helplessly, as soon as he came back it was all a matter of business, he couldn’t even think of taking a good rest.

After saying that, Lin Ran hung up the phone, then told the situation and hurriedly asked Fatty to go to the shop instead.

.....

The shop is basically unchanged from before you left, after all, you’ve only been away for a day.

The only thing that has changed is Master Yu.

Before leaving this old man was still immortal and had plenty of essence, but this time when he saw it it was as if he had changed, his face was full of panic, as if he had committed some great crime.

“Master, you’re back!”

Seeing Lin Ran and the others, Master Yu burst into old tears of excitement.

“Tell me, what exactly happened?”

Lin Ran gestured for the crowd to sit down and asked directly.

“It’s not that little order from last time, someone was killed!”

Master Yu was full of tension and said busily.

“What? There’s been a death?”

Wang Yifeng was stunned to hear this, and Leng Zhan and the others were even more confused, how could such a small order cause a human life?

“What the hell is going on?”

Lin Ran frowned slightly, he had to be careful when it came to human lives.

“It’s like this!”

Master Yu gathered his thoughts for a moment before telling the story.

It turned out that the small order they had taken the day before yesterday was to help a family to read the feng shui of their house, and they had all gone there except Lin Ran, and the reading had gone quite well, but who knew that after only one day, a person had died inside.

The employer thought that there was something wrong with the feng shui, so he came to him and asked him to pay for it, or he would call the police!

“Call the police?”

Hearing these two words, Lin Ran couldn’t help but frown slightly.

Wang Yifeng, who was on the side, however, laughed.

“I say, Old Yu Tau, are you out of your mind? What do we do? Even if they go to the police, can the police say that you killed someone with Feng Shui? They wouldn’t even bother with him, would they? ”

“But have you thought about it? If word of this really gets out, the police may not be of much use, but it’s a slap in the face, and who will come to us for business in the whole of Tamagawa? If word gets out at this point, that reputation will be tarnished!”

Master Yu worried.

It is true that feng shui is all about reputation. As the saying goes, a mountain is not as high as an immortal, and water is not as deep as a dragon.

If you have a reputation, everyone will come to you for business, but if your reputation is notorious, I’m afraid you’ll have to close down.

“So, according to you, we are really the ones who are in the wrong this time?”

Wang Yifeng said unhappily.

“I can’t help it! That’s why I rushed to find a master, I’m too old, if they really call the police my old bones won’t be able to withstand this kind of torment!”

Master Yu said worriedly.

“When did the person die?”

Lin Ran finally spoke up and asked.

“I don’t know! It said it was found this morning!”

“In the morning! It’s not even noon yet, and it’s Monday and the road is jammed, and the nearest crematorium around the place you mentioned is a two-hour drive, so we’ll leave now and go straight to the place where the accident happened, and with a bit of luck we might even get to see the deceased!”

Lin Ran got up straight away and said.

“Meet the dead? It’s bad luck to meet the dead on this fine day!”

Wang Yifeng said.

“Bad luck, my ass, a lot of clues are on the deceased, we must go to see him to avoid it, don’t be silly, let’s go straight away!”

Lin Ran greeted, the crowd directly out of the shop.

Song Nuan’s business car squeezed just enough to sit six people, originally Lin Ran wanted to let Leng Zhan three people first go back to rest, but this matter they are also involved, all said they do not want to go back to rest at this time, Lin Ran had no choice but to take them with him.

The six of them drove, and with Wang Yifei’s racing skills, it only took them an hour to arrive at the place of the accident, which was an old villa in a busy part of the city.

Although it is said to be old, the location is very good, so it is exceptionally busy and there is a lot of traffic, and it is said that the villas in this district are each set at a sky-high price.

Under the guidance of Master Yu, the crowd entered the district without any problems and then arrived at their destination, a villa that had just been renovated.

At this moment, many people were gathered in front of the villa, and there was also a black nanny car parked with some signs on it, obviously a hearse to pull the dead.

“Hurry up!”

Lin Ran saw this and immediately led the men out of the car.

When six people appeared at once, the crowd that was busy couldn’t help but be stunned and all stopped what they were doing. Lin Ran’s six people walked up and coincidentally, they happened to see the corpse that had just been carried out, but it was covered with a white cloth.

“Arise!”

Lin Ran’s finger clicked, and at once no wind rose, a breeze blew the white cloth directly up, and the remains of a very beautiful young woman appeared in front of Lin Ran.

Chapter 822

The deceased's face was pale and there were obvious bruises on his mouth and nose, and his eyes were bulging out but not closed, obviously very unwilling.

Lin Ran transferred a stream of medical qi and quickly checked the deceased's condition, and it became clear in his mind that this man's cause of death had absolutely nothing to do with feng shui, and that he had clearly died of suffocation.

"I say you guys, can you walk a little slower, there are spirits of the dead here, don't you know how to respect them, no eyesight!"

Lin Ran came too fast, and the white cloth on the dead body was blown up by the wind, Qu Jiang immediately went forward to scold.

But when he saw that there was Master Yu among them, he froze, followed by his gaze sweeping through the crowd and finally landing on Master Yu, his face hard to see.

"Master Yu? What, are you bringing someone to fight?"

It was no wonder Qu Jiang thought so, after all, six people came down at once, and five of them were young men, this kind of formation could be misinterpreted as a fight by anyone who looked at it.

"Boss Qu Jiang Qu? I'm Lin Ran, Master Yu's boss, entrusted by him to settle this matter!"

Lin Ran stepped forward and smiled.

"You?"

Qu Jiang's gaze sized up Lin Ran for a moment and followed with a smile.

"You're here to solve the problem? Kid, you just graduated from university, what problems can you solve?"

Qu Jiang was full of disdain, for a brat like Lin Ran who had just graduated, he couldn't look at him the most, he didn't have experience, he didn't have experience, he couldn't handle anything big.

"There are many problems I can solve, I wonder what kind of solution Boss Qu would like to hear?"

Lin Ran was not angry and smiled blandly.

"O? You're very confident, so tell me what solutions you have prepared?"

Qu Jiang sneered, he had never seen any battles in business, and when facing a brat like Lin Ran, he was confident that he could play the other side around.

"It's very simple, Mr. Qu has already told my friend to call the police, I have already called the police, I believe the police's judicial methods should be able to bring the matter to light soon!"

Lin Ran laughed lightly.

The moment these words were spoken, Master Yu and the others all looked over, their faces filled with no doubt.

How could Lin Ran say that he had called the police, when he clearly

“Kid, it seems that you are toasting the wine and eating the punishment!”

Qu Jiang’s face sank as he said in a cold voice.

“If this really goes to the police station, do you really think everything will be fine?”

“I’m telling you, it’s for your own good to let your friend pay for the damages, don’t threaten me without knowing what’s good for you, I’ve seen a lot of storms!”

Lin Ran laughed at this.

“Boss Qu, why do you have a ghost in your heart?”

“I ... What ghosts do I have in my heart!”

Qu Jiang’s face changed and he looked unnatural.

“If you don’t have a ghost in your heart, why don’t you just call the police? How come you are still the good boss? It’s not easy to feel sorry for those of us in the business of feng shui metaphysics?”

Lin Ran laughed.

From the moment he could tell that the deceased had died of asphyxiation, he knew that there must be something fishy about the matter, and that asking Master Yu to pay for the damages was probably a means to achieve his Qu Jiang’s own ends.

Businessmen, none of them were stupid, otherwise there wouldn’t be the saying that there was no such thing as a crooked businessman.

“Kid, don’t know what’s good for you, this friend of yours is a big old man, if you really call the police he can carry this body? I am also mindful of his age beaten do not want to pursue, you do not get ahead of yourself with the old man!”

Qu Jiang’s eyebrows were furrowed and his eyes were twinkling.

“Yes! Then I have to thank Boss Qu more, in that case, let’s talk about the solution of not calling the police!”

Lin Ran smiled as he turned around and prepared to enter the villa.

“Stop right there! Who told you to go in?”

Qu Jiang’s face sank as he chided in a cold voice.

“What? Boss Qu is prepared to stand here in front of a large crowd to settle this?”

Lin Ran laughed.

“You!”

Qu Jiang’s face sank and he didn’t speak.

At this moment, there were still people from the crematorium around, so it was indeed inappropriate to speak here.

“Walk in!”

Lin Ran saw this and smiled blandly, then led the crowd and entered the villa.

Inside the villa, a depressing atmosphere filled the air, a man and a woman, two middle-aged people were sitting on the sofa in the living room, the woman’s eyes were slightly swollen wiping tears from time to time, it seemed that she was not close to the deceased, while the man was not persuaded, the same expression was painful.

“These two are?”

Lin Ran stopped and turned his head to look at Qu Jiang who had followed him in.

“The parents of the deceased, the person your friend is most sorry for! It was because of him that the two lost their most precious daughter!”

Qu Jiang gave Master Yu an angry look.

The two people who were originally sitting on the sofa also looked over when they heard this, and when they saw Master Yu, the grief in their eyes was completely filled with anger.

“It’s you! You are the one who killed my daughter, you give back my daughter’s life!”

The middle-aged woman was almost frantic, pointing at Master Yu in a fury.

Master Yu bowed his head, looking helpless.

“Alright! Stop it, since people are here to solve the problem, it’s not good to dislike anyone if you continue!”

Qu Jiang spoke up.

“Solve what problem, my daughter is dead, what’s the use of paying for it!”

The woman said angrily.

The man on the side was rushing to comfort her.

“Just take it easy, wife, your daughter is gone, do you want her to go in peace?”

“Speak up! How exactly do you want to settle this?”

Qu Jiang said impatiently, all he wanted at this point was for Master Yu to hurry up and pay the money and get it over with.

“Since Boss Qu doesn’t want to call the police, we’ll just have to have a private chat!”

Lin Ran said blandly.

Hearing Lin Ran’s words, a flash of joy but crossed Qu Jiang’s eyes, but his face was slightly saddened as he said.

“That’s right! It is private chat, we are all adults, how can we not beat around the bush, private chat is nothing more than apologizing and paying for it!”

“Apology is no problem, how much money to pay?”

Lin Ran asked.

Hearing Lin Ran’s words, Qu Jiang was even happier, obviously Lin Ran was on board.

“According to the current situation, two million! The person’s daughter is very good, so she’s lost like this, two million is not too much!”

“Not too much! Three million is not even too much, after all, that’s a human life!”

Lin Ran replied directly.

“That’s fine! Then give the money!”

Qu Jiang was busy urging.

Lin Ran, however, shook his head and said.

“It’s not too much to ask for any amount of money, but you also have to make me pay out of my heart, and before that, I want to go and have a look at the room where the deceased had his accident!”

“What’s there to see in the room where the accident happened?”

Qu Jiang frowned slightly, looking a little displeased.

“Boss Qu, you can’t make me pay for so much money with a single word, is it too much for me to go to the deceased’s room to take a look at the feng shui?”

“You!”

Qu Jiang’s face was ugly and he said darkly in his heart.

“Look at feng shui? What feng shui can you tell about a person killed by feng shui? Even if there is no problem with feng shui, the person is already dead, this is something that you have been stumped for, and if you are stumped, don’t try to get away with it!”

“Fine! But go by yourselves!”

Thinking about it, Qu Jiang agreed.

“Many thanks! We’ll be right out!”

Lin Ran said indifferently, and then, with Master Yu leading the way, the group went straight up to the first floor.

They had come to see only one house for feng shui, not the feng shui as a whole, so Master Yu knew where it was too.

The six people went straight upstairs, but as they entered the room, a figure suddenly appeared next to Lin Ran, it was none other than Xiao Jiu.

“Master you Next to you”

Master Yu looked startled and thought it was haunted.

Wang Yifeng and the others were relieved with a slight bewilderment, after all, Lin Ran also appeared out of thin air like this before.

“She is Xiao Jiu, my younger sister!”

Lin Ran explained indifferently and said no more.

“Sister? Xiao Jiu?”

Master Yu and the others were stunned to hear this, not understanding when Lin Ran had a sister.

Chapter 823

“Big brother, who are they?”

Little Nine looked at Wang Yifeng and the others curiously, her childish pretty face full of doubts.

“They’re all big brother’s friends, why has Little Nine suddenly come out?”

Lin Ran asked with a smile, while checking the situation in the room.

“I woke up from my nap and came out! Where is this, the house is so beautiful!”

Little Nine had no idea what was going on, and seeing the layout and furniture in the room looked very fond of it, and ran straight around the room looking at it.

“Just take a look, don’t touch anything!”

Lin Ran reminded, and then focused on the entire room.

The curtains of the room were already drawn and the sunlight shone in through the windows, illuminating the room brightly.

“The lighting in this room is really good!”

Wang Yifeng couldn’t help but exclaim.

“Yes! The life of the rich is not something we can imagine!”

Leng Zhan laughed.

Lin Ran’s gaze suddenly landed on the bed, and he noticed that there was something wrong with the positive bed.

“What’s wrong?”

Wang Yifeng saw Lin Ran’s frown and was busy coming over.

“The bedding and even the wrapped sheets on this bed all seem to be new!”

Lin Ran frowned.

With his current strength, he was very sensitive to scents, and the corpse the woman had found in the morning was enough to indicate that she had spent the night in the room, yet the bedding on the bed was now folded very neatly.

If it was because the deceased was hygienic and had folded the bedding when he got up, that would make sense.

But what was strange was that there was no trace of the deceased's breath on the bed, not even the bedding was stained.

"Wang Mao!"

Lin Ran suddenly spoke.

"Boss, you say!"

Wang Mao frowned tightly, knowing that Lin Ran had something to arrange for him to do.

"Go look in the washrooms, especially in the washing machine, you might be able to find a change of bed sheets, bring them over!"

"Okay!"

Wang Mao turned his head straight away and left the room, coming from a scout background, it was as easy as pie for him to find these things.

"Ranzi, is this bed sheet critical?"

Wang Yifeng wondered.

"It's crucial, we must find out the whole story, it's not just a simple matter of losing money, it's a matter of human lives, something must be clarified!"

Said Lin Ran, looking towards Wang Yifeng.

"You go down there and stall Qu Jiang, tell him I'm already getting the money together, hold him steady, don't let him come up, I want the whole thing investigated clearly!"

"Good!"

Wang Yifeng nodded and immediately went downstairs.

"Boss what about us?"

Leng Zhan and Ah Zhan asked busily.

"Ah Zhan go guard the door, don't let any uncontrolled people in, and Leng Zhan you look inside the room for any signs of a fight!"

Lin Ran said.

"Yes!"

The two did as they were told, at this point it was only Master Yu who was standing in place with nothing to do and some guilt in his heart.

"Master Yu, tell me about the specifics of the last time you came over!"

Lin Ran turned his head to look at Master Yu.

“Good!”

Master Yu recalled for a moment and spoke.

“The last time we came over, our employer was also Qu Jiang, but the one who received us seemed to be his son, named Qu Guang! And I seem to remember that the layout of this room is different from last time too!”

Master Yu said, slowly coming to the bedside tables, and after a moment of contemplation pointed at one of them.

“It seems to be here, I remember that last time I came here, there was a photo frame with a photo of none other than Qu Guang and that deceased person, the relationship between the two seemed unusual, very much like boyfriend and girlfriend!”

“Male and female friends?”

Lin Ran frowned at his words.

“Boss! I found it!”

Just as he was thinking, Wang Mao had already run in from outside and was holding a large ball of somewhat wet bed sheets and bedding in his hands.

“I found it in the washing machine, the washing machine was on or not, I think I just threw it in, I haven’t had time to wash it yet!”

Wang Mao said.

Lin Ran nodded, and immediately opened the bedding, only to see that there were many folds on it, so it had obviously been used before.

And, crucially, Lin Ran found a lot of hair on it, yes hair, the long hair that only women have!

“And short hair?”

Lin Ran soon found some more short hair, which was obviously left by two very different people.

“Big brother, look what I’ve found!”

Suddenly, Little Nine, who was on the side, crawled out from under the bed, and was actually holding a wallet in her hand!

“Little Nine, why did you go under the bed?”

Lin Ran was startled and asked.

“I thought it was funny so I went down to have a look and ended up finding this!”

Xiao Jiu laughed.

Lin Ran took the wallet and opened it to find a few thousand dollars, and some bank cards inside, and most importantly, he saw a photo.

It was the photo of the deceased woman and a handsome young man kissing.

“That’s him! He is Qu Guang, Qu Jiang’s son!”

Seeing the photo, Master Yu also said hurriedly.

Lin Ran nodded and pulled the photo out in order to get a better look, but then he noticed that on the back of the photo was actually a string of numbers written, 1995, January 6th.

“That’s the year and month of birth!”

Master Yu exclaimed.

Lin Ran, however, did not say anything and raised his hand to pinch and said.

“If this string of numbers is the year, month and day of birth, the chances of a girl according to her birth date are very high!”

“Could it be the birth date of the deceased?”

Master Yu said.

Lin Ran, however, shook his head.

“I don’t know yet, but things seem to have become clear!”

Said Lin Ran, turning his head to look at Master Yu.

“Were there any problems with the feng shui of the layout of the house when you were here last time?”

“There was! The problem is not small!”

Master Yu said busily.

“I just took a cursory look, the design of the house was fine, but the furniture placement was a big problem, the other party just asked to see the feng shui of the house, so I changed the house’s, and basically left the rest of the house untouched!”

“Hmm! Go out and take a look!”

Lin Ran said, and immediately walked out of the room and turned around on the first floor.

He looked at many rooms and walked around a lot, and finally came to the stairway on the first floor and looked down on the ground floor, and indeed found that there were problems with the feng shui in the layout of the entire house, but they were all common some problems, to the point that they weren’t too big.

“Master, can you see what’s going on?”

Master Yu was busy asking, the matter concerned him after all, and he was very nervous at this time.

“Basically it’s already clear Lang, let’s go! Go down there and make sure of one thing before you show your hand!”

Lin Ran said indifferently, and then led the crowd downstairs.

“Lin Who is she?”

Seeing Lin Ran and the others come down, a hint of joy passed through Qu Jiang’s eyes, just now hearing Wang Yifeng speak kindly to himself and saying that Lin Ran was already raising money made him feel comfortable in his heart.

But at this moment, when he saw a little girl beside Lin Ran, he could not help but change his face.

“This is my sister, why did Boss Qu forget?”

Lin Ran laughed.

“Sister? Why didn’t I see it just now!”

Qu Jiang’s face was stony, certain that he hadn’t seen this person just now.

“Boss Qu is really noble, she followed me in right beside me just now!”

Lin Ran laughed, while turning his head to ask Wang Yifeng and the others.

“You all know about it!”

“Yes, it came with us!”

Wang Yifeng instantly laughed at the meeting.

“That’s right!”

Leng Zhan and the others echoed, clearly understanding Lin Ran’s meaning.

“Boss Qu, you are a nobleman who has forgotten things, you may not have noticed, this is all minor matters the next thing we need to solve is the big one!”

Wang Yifeng laughed, directly digressing from the topic.

“Yes, yes! The next thing is the big thing, I don’t know how little friend Lin Ran is going to pay for it, cash or swipe card!”

Hearing about money, Qu Jiang immediately stopped pursuing the matter of Xiao Jiu and looked towards Lin Ran and smiled.

“Both are fine, but before that I have a question to ask the mother of the deceased, what is your daughter’s name? How many years was she born?”

Lin Ran asked as he looked at the middle-aged woman.

Chapter 824

“Liu Lin, born in 1990!”

Liu’s mother forced down the grief in her heart and spoke.

“Then when did your daughter leave home and come here?”

Lin Ran continued to ask.

“Early this morning!”

Liu’s mother said.

“Early in the morning?”

Lin Ran was stunned at her words and looked a little surprised.

“That’s right, it’s the early hours of the morning, she said that she had an appointment with Qu Guang this morning to see the sunrise, so she came over in the early hours of the morning, but she didn’t expect”

Liu’s mother was full of grief.

“Good, I already know!”

Lin Ran nodded his head, the last trace of doubt in his heart lifted.

“Can I pay now?”

Qu Jiang urged, a little impatient as he waited on the side.

“Boss Qu still has to wait, after I’ve told Liu’s father and mother the truth about what happened, if they still feel like taking the money and getting it over with, I’ll pay directly without saying a word!”

Lin Ran laughed.

Qu Jiang’s face instantly sank at his words.

“What truth? The truth is already clear, it’s that he had feng shui problems that killed the girl, what else do you have to say!”

“No, this is the truth that comes out of your mouth, not the truth that I believe, besides what exactly happened, you shouldn’t have been there either, so it remains to be seen if the truth you say is convincing or not!”

Lin Ran said without haste.

“Kid! You’re playing with me!”

Qu Jiang’s face suddenly turned ugly and he slapped his hands twice, and a group of bodyguards in black suits rushed in from outside the room, obviously arranged for a long time ago, waiting for Lin Ran and the others to throw themselves into the net.

“What does Boss Qu mean by this? Is this a trick?”

Lin Ran laughed at this.

And the four of them, Leng Zhan, had already rolled up their sleeves, looking as if they were ready to make a move.

“Don’t fucking bite off more than you can chew with me, the story is clear enough, this Master Yu brought a few people to see the feng shui and then a day later something happened, and you’re still talking to me about the truth!”

Qu Jiang looked at Lin Ran with a ruthless look in his eyes.

“You talk about the truth, have you considered the feelings of Liu’s father and mother? They are dead girls! If you’re smart, just pay up, or I’ll make you pay for your lives today!”

“Feelings? You’re still considering her feelings?”

Lin Ran laughed at his words and turned his head to look at Liu’s mother.

“Auntie Mother, I do sympathise with you as an individual, but as a doctor, I still have to tell you accurately that your daughter didn’t die from feng shui at all, but from asphyxiation!”

“Ridiculous!”

Qu Jiang’s face turned even uglier at his words, pointing at Lin Ran and scolding him.

“What asphyxiation, we’ve seen how she died, there was clearly no external injuries, and there was no sign of a fight in the room, and she died of asphyxiation, have you ever seen someone suffocate to death without breathing?”

Qu Jiang’s face was ugly and he spoke with righteous indignation.

Liu’s mother looked at Lin Ran with hope in her eyes, as if she wanted Lin Ran to speak on.

“Mother Liu, first of all, I am a doctor, it is out of my hands what Qu Jiang says, but I can tell you responsibly that your daughter did die of asphyxiation!”

“If you don’t believe me, feel free to find a forensic doctor to identify her, I believe the result will be clear to you!”

Lin Ran said indifferently.

He then turned his head to look at Qu Jiang and sneered.

“Boss Qu, talking to me about the room, right? Your room was clearly cleaned up, the bedding on the bed was completely changed, the traces of a fight, it’s a ghost if you can find it!”

“You! Nonsense, full of shit, come on!”

Qu Jiang suddenly became furious and greeted the people around him and was about to clean up Lin Ran and the others.

“Fatty tell them to behave themselves!”

Lin Ran also spoke up.

“Got it!”

With a wave of his hand, Wang Yifeng instantly led the three of them, Leng Zhaoge, to charge straight up.

A group of bodyguards against the four of them seemed to be a huge disparity, but the moment they exchanged blows, the difference between the two was instant.

In less than a minute, all of the ten or so bodyguards were knocked to the ground, not daring to utter a single word.

“Old Jiang, just be honest with me, don’t think about anything until everything is clear, do you understand?”

Wang Yifeng wrapped his arms around Qu Jiang’s neck, scaring him into standing still and not daring to move.

His own bodyguards had all been knocked over, so he had nothing to fall back on.

“You guys! What the hell do you want!”

Qu Jiang’s face was blue and his heart was vaguely worried that things had gone completely out of his control.

“Don’t want anything! To reveal the truth and talk about whether this money should be paid by us or not!”

Lin Ran said indifferently, then looked at Liu’s mother.

“Auntie mother, before I say what happens next, I need to ask you a question!”

“Go ahead!”

Liu’s mother looked at Lin Ran, her heart vaguely worried.

“January 6th, 1995, what does this date have to do with you or your family or even your daughter, say whatever comes to mind!”

Lin Ran said.

“No It doesn’t matter, my daughter isn’t from 1995, and we both only have our daughter as a child!”

Liu mother said after a moment of contemplation, speaking with certainty.

“Good! Then you listen to me!”

Lin Ran’s mind was made up as he pointed to Qu Jiang and began.

“If I’m right, your daughter and his son should be boyfriend and girlfriend, right!”

“Yes!”

Mother Liu nodded her head.

“What’s so strange about that, you can tell if you pay attention! Is that what you’re going to say!”

Qu Jiang’s face was grim as he scoffed disdainfully.

“Of course it’s not just this, don’t worry, I’ll retell you everything you know in its original form!”

Lin Ran sneered and followed.

“The room where your daughter had her accident was tidied up before you arrived, the bedding was replaced with new ones and the floor was mopped, so what you saw was actually still a second scene!”

“We found the bedding in the bathroom that we hadn’t had time to wash, there were obvious folds on it that had been pressed out, and we also found two types of hair on it, a man’s and a woman’s respectively.”

Saying this, Lin Ran glanced at Wang Mao, who met and went straight upstairs to bring the bedding down.

“I’ve sorted out these two kinds of hairs!”

Lin Ran handed the two bottles to Liu’s mother while saying.

“With me according to my judgment, plus what you just said, I can be sure! This hair of which the short one is none other than Boss Qu’s son Qu Guang’s, and this long one!”

“Is it my daughter’s?”

Mother Liu asked busily.

Lin Ran, however, shook his head.

“It’s not your daughter’s, it’s another woman’s, your daughter’s hair is different from hers in both colour and texture!”

Saying that, Lin Ran took out the wallet that Xiao Jiu had found.

“I saw your daughter through this photo, her hair was black, while the hair in this is brown!”

Saying that, Lin Ran also handed the wallet to Liu’s mother and continued.

“Finally I asked you, your daughter’s birthday, and this date of 1995, does not match at all, there is a string of numbers on the back of the photo, a birth year and month person, I have calculated according to the birth date, ninety percent is a girl’s!”

“So, you should be able to reason out the cause of the problem yourself!”

Lin Ran laughed.

He then turned his head to look at Qu Jiang.

“Of course, if some people still don’t want to admit it, I can tell the story from the beginning, so you can listen up!”

Chapter 825

“Two days ago, Qu Jiang approached our company to do a feng shui survey on his home, so Master Yu came with a few people!”

“He was received by none other than Qu Guang, the son of Boss Qu!”

“However, in the early hours of this morning, he was supposed to be in the room with another that person, only for your daughter to appear, a situation that was sure to lead to conflict, and by mistake,

your daughter was covered by Qu Guang and suffocated to death! This was evident from the marks on your daughter's remains!"

"Qu Jiang then learned of this and set about setting up a second scene to make you think it was our company's responsibility and make our company pay for it!"

"That's how the whole thing came about, of course there may be some discrepancies, but that's how it should mostly be!"

Saying that, Lin Ran turned his head to look at Qu Jiang.

"Boss Qu, did I say it wrong?"

"You!"

Qu Jiang's face was ugly and he was busy retorting.

"You're talking nonsense, for the time being, even if what you say is true, then what makes it my son who killed the person, not that second woman!"

"It's simple!"

Lin Ran laughed.

"Liu Lin, mother Liu's daughter, was your son's girlfriend, just ask if your son wasn't here, would she, an unmarried woman, appear in this house of yours alone?"

"Moreover, what is the explanation for the woman's hair on the bed in your son's room?"

"Finally, if it is true that they are boyfriend and girlfriend, do you think it is normal for a man to be missing for a whole day when something so serious has happened to his own girlfriend?"

"Me!"

Lin Ran's three questions directly asked Qu Jiang's mouth speechless at once.

"Qu Jiang! Is this true or not!"

Liu's father looked at Qu Jiang with indignation in his eyes.

"Don't listen to his nonsense, how is this possible, our family Xiaoguang and I both loved Liu Lin, how could we have killed her!"

"You can deny it, but that's the truth!"

Lin Ran said indifferently, then swept his gaze over the crowd and continued.

"You are a businessman, what do businessmen care most about, losing money and making profits, if I'm right, you should have known from the beginning that you would definitely lose money on this matter, that's why you found us to be the scapegoat and pay for this money for you, this way the responsibility is also carried by us and you don't have to pay for it, it's like killing two birds with one stone! I'm not wrong!"

"Qu Jiang!"

Liu's father listened with blue veins, his face full of anger.

"Is this what you said before, taking money and getting rid of the problem? You have a way to get rid of things!"

"No you listen to my explanation, things are not like this!"

Qu Jiang was also anxious, but for a moment he couldn't really find a single thing to say to refute Lin Ran.

"It's not like that, what else could it be? There's been a death, and you, as a prospective father-in-law, are thinking not of calling the police, but of putting things to rest, I don't know if you're short of this money, or if you really don't dare to call the police!"

When Lin Ran said this, both Liu's father and Liu's mother were silent, and at the same time both understood.

They had been deposited in the grief of their daughter leaving at first and had never been able to understand, but now they did.

They knew that Qu Jiang was very rich, and it was because he was so rich that the first thing he thought of when his son's girlfriend had an accident was to use money to solve it, which in itself was illogical.

Not to mention that from the time of the accident until now, Qu Guang hadn't even missed a single face, which was simply too much suspicion.

Lin Ran lit a cigarette, took a puff, directly threw the rest away, took a deep breath and spoke.

"Originally the matter involved human lives, I didn't want to say anything more, but the pain of losing a son as a parent is as great as the heavens, you have the right to know the truth."

"Two million is dispensable to me, but how exactly did your daughter die, don't you really want to know?"

Lin Ran looked at Liu's father and mother, turned around without saying more and left, only to say one last thing before leaving the villa.

"The rights and wrongs are clear enough, whether you want to call the police or not you decide for yourself, if need be! Master Yu can be summoned at any time to the police station to confess the facts! Feng shui used to be superstition, but existence is inevitable, in the new era we feng shui people, we definitely do not advocate superstition, but also definitely will not take the blame for people with ulterior motives, killing to pay for life has its own cycle of heavenly justice!"

After saying that, Lin Ran directly left the villa.

"I can go and record a testimony anytime!"

Master Yu said solemnly, then followed him out as well.

"Ranzi! Bully!"

As soon as he left the villa, Wang Yifeng couldn't help but give Lin Ran a thumbs up.

Lin Ran only smiled blandly as he swept his gaze over the crowd and solemnly said.

“What I just said is not only for them, but also for you guys, the Feng Shui path is too taboo, so you guys must remember not to bluff and tarnish this wealth passed down from the old ancestors.”

“Don’t worry, boss! We all understand!”

Leng Zhan and the others immediately took a stand.

Lin Ran was relieved in his heart.

Feng Shui had been branded as a bad practice since ancient times, but it was the same as a rat turd spoiling a pot of porridge, there were good people in Feng Shui.

Lin Ran believed that feng shui had its own justice, and that people’s hearts would be seen over time.

“Master! I have been taught!”

Master Yu bowed at Lin Ran, his face filled with admiration.

It was not the achievement in feng shui, it was Lin Ran’s righteousness that he aspired to.

To be in the mud, but also to be cleansed from the mud, this is the quality that every person, should have.

“Let’s go! Go back and rest!”

Lin Ran greeted with a smile, and then got into the car with the crowd.

In the car, Xiao Jiu looked at Lin Ran with a bewildered expression.

“What’s wrong?”

Li Ran laughed, this nee-san blinked her eyes and didn’t know what she was thinking about.

“Big brother, what’s a master?”

Little Nine suddenly asked.

Lin Ran smiled and it dawned on him, it must be because Master Yu had just called out for his master, so this nee-san was interested.

“A master is someone who teaches you things!”

“O! Then what is this feng shui you speak of?”

Xiao Jiu continued to ask.

“It’s hard to say this stuff, I can only say it’s a discipline!”

Lin Ran laughed.

“Then can Little Nine learn it?”

Little Nine blinked her big eyes and asked.

“Of course Little Nine can learn if she wants to!”

Lin Ran laughed.

“Then isn’t big brother also Little Nine’s master!”

Little Nine asked.

“Little Nine can naturally be if he wants to!”

Lin Ran laughed, while taking out a book and handing it to Little Nine.

“This is an explanation of a master’s apprentice, read it first!”

Lin Ran laughed.

Xiao Jiu, this ninny was too simple, she had been staying in the Manifestation since she was born, she knew too little about the human condition, Lin Ran also had the intention to make her adapt to the society in front of her, otherwise if something happened to her in the future, what would Xiao Jiu do instead.

“I don’t know what Wind Elder means, he told me to take the same demon stone and not come and take it away himself!”

Lin Ran wondered in his heart, he had just been to Qinghe Bay before, there was no hope of seeing Elder Feng for at least three months, he could only wait and see for the time being.

“Huh, Master’s bottom still has a generation difference!”

Xiao Jiu looked quickly as she raised her head and blinked at Master Yu.

“Old Master, what kind of disciple are you that Master is sitting down?”

“I Remembered disciple!”

Master Yu did not have the good grace to say, the matter of himself being a name-taking disciple was already embarrassing, this little ninny still mentions it now, do I, Master Yu, not want to lose face.

Chapter 826

And calling himself the oldest man, did he look old?

“Ao! In that case, then I’ll be the founding elder disciple, and you’ll have to call me senior sister from now on!”

Xiao Jiu said with a serious face.

“Me!”

Master Yu looked helpless, he was almost seventy-five years old, calling you a three-year-old little girl, senior sister? Is there still heavenly justice in this world?

“Three year old senior sister, show!”

Wang Yifeng couldn’t help but laugh.

The three Leng Rollers also laughed, fortunately Lin Ran had asked them to think of them as brothers in the first place, if he had also taken them as disciples, I'm afraid he would have had to call Xiao Jiu a senior sister too.

"Show what show, dead fatty you need to stop gloating!"

Master Yu said in no good humour.

"Hey old Yu, how am I gloating, this is your good fortune!"

Wang Yifeng laughed.

"Right! My blessing, I am happy to be three years old senior sister!"

Master Yu said in no good humour.

The group soon returned to the shop, however, just as they arrived at the shop, the police car followed.

"Who is Master Yu, someone just called the police, we're here to take a statement!"

The police officer said.

"I am!"

Master Yu wasn't worried this time and was very cooperative.

Soon Master Yu was taken away, and Lin Ran was not worried, believing that justice was in the heart.

Afterwards, Wang Yifeng also left, the guy was alive and well, and took his meteorite iron and ran to Iron Hand Li to get his divine dragon axe in a boost.

On the other hand, Lin Ran, the three men of Leng Zhan, told them to go back and rest, after all, they had been busy for so many days, they also had to take a good rest.

Looking at the empty shop, Lin Ran finally had time to rest for a while.

"Master, where are we going now?"

Xiao Jiu looked bewildered, no one she was really a bit uncomfortable with.

"Let's take a rest, in the evening big brother will take you to meet some young ladies, remember to call me brother in the future, don't call me master master, it shows old age!"

Lin Ran laughed.

"Okay brother!"

Little Nine laughed.

Lin Ran scratched Xiao Jiu's nose and laughed.

"Remember, your surname is Lin Jiu and your nickname is Xiao Jiu!"

"Got it brother!"

Xiao Jiu laughed, following which he turned around and went back to his home in the little world of the pillow book.

.....

All afternoon, Lin Ran was on the first floor of the shop, sitting on a reclining chair to rest, his busy life was never finished, and the rare rest was always so pleasant.

“I wonder how Lin Ran is doing now!”

Lin Ran had a smile on the corner of his mouth as he moved his left hand, feeling almost recovered, before taking out the Five Spirit Stone.

At this moment, on top of the Five Spirit Stone, five different coloured spirit beads had been completely set into place, each of the five spirit beads had a story to tell.

“Finally, we can replace Xiao Nuan’s bones and cleanse her marrow!”

Lin Ran breathed a sigh of relief and then sent a text message to the four women, crossing the line to meet at the clinic in the evening.

This trip to the Wanbao spell formation, walked between life and death too many times, he also finally understood the meaning of living should be cherished, living every day is beautiful, he also wanted to cherish the time he spent with the four daughters.

.....

At 6pm, Lin Ran took Xiao Jiu to the clinic on time.

But to Lin Ran’s surprise, the clinic usually closed at six o’clock, but today the number of people queuing up for treatment had increased rather than decreased.

“Xiao Jiu, go play by the sofa, brother will help!”

Lin Ran said with a smile.

“Mmm!”

Little Nine was obedient and ran over on his own.

Lin Ran went to change into his white coat, greeted Qin Bing and the others, and without saying too many words, he too threw himself into seeing the doctor.

“Grandpa, it’s just an ordinary fever, prescribe some western medicine to take and you’ll be fine soon!”

“Grandma, this illness of yours is just a relapse, you must pay attention to rest, also go according to the last medicine to prescribe two and you will be fine!”

“.....”

With the addition of Lin Ran, the efficiency of seeing the doctor naturally increased, and the queue of people at the entrance to see the doctor only gradually decreased.

Finally, two hours later, at 8pm, the people at the entrance were finally completely finished seeing the patients.

“What’s going on today? So many patients!”

Lin Ran let out a long sigh of relief and leaned back in his chair, unable to help but feel a little tired as well.

“Hey, you don’t know, Brother Ran, there’s been a massive food poisoning in this area recently, causing our clinic to be like this for days!”

Li Zheng also had a tired look on his face.

“Come and have some hot water!”

Qin Bing and a few female nurses brought in hot water, which in turn made Li Zheng and Lin Ran startled.

“I won’t drink it, I have an appointment tonight, I have to go first!”

Li Zheng got up and greeted them with a smile, and left.

And Liu Wenjuan and some other female nurses, after packing up a bit, also left.

At that moment, the entire clinic was left with only Qin Bing and Lin Ran and Xiao Jiu.

Lin Ran leaned back in his chair and looked at Qin Bing, not saying a word, not knowing what he was thinking.

“Do I have something on my face? Looking at me like that?”

Lin Ran said in surprise.

“I have two questions!”

Lin Ran laughed.

“I so thought I heard you prescribing Chinese medicine just now, when did you start using Chinese medicine too?”

“You’re a busy man, how would you know!”

Qin Bing gave Lin Ran a blank look before saying.

“I only recently started reading it, I found that my memory has become very good, the way of Chinese medicine is difficult, but after reading that pharmacopoeia booklet you gave to Li Zheng, I feel like I know a little bit more on top of Chinese medicine!”

“So that’s how it is.”

Lin Ran dawned on him, the four women of Qin Bing, apart from Song Nuan, the three of them had all had their bones replaced and their marrow cleansed, not to mention their memory, their entire temperament and all aspects of their physical qualities were much higher than normal people.

Although Chinese medicine is difficult, but Qin Bing's current physical quality, if he really wants to learn, it is not a difficult task.

"Second question, have you ever wanted to go to work in a hospital?"

Lin Ran suddenly asked.

"A hospital? What do you have in mind?"

Qin Bing asked with a frown, although her current job at the clinic was not considered very rich, at least she was happy, and wondered what Lin Ran's thoughts were when he suddenly asked this question.

"I just think that someone like you working at the clinic is a bit too big for you!"

Lin Ran laughed.

"I don't think so!"

Qin Bing, however, didn't care.

Lin Ran laughed and shook his head, saying.

"It's not just a matter of feeling or not feeling, as you can see today, so many patients are waiting to be seen, we have to help more people if we can, I'm afraid the clinic is already a bit inadequate!"

"You want to open a hospital?"

Qin Bing asked busily.

"I haven't thought about it yet, after all, we have a cooperation with Temperance Hospital, we just want to expand the scale for the time being, but we haven't thought about it yet, let's talk about it later!"

Lin Ran guffawed, finished the hot water and got up.

"I ordered takeaway, besides Xiao Nuan and the others should be here later, let's get together tonight!"

"Get together? Didn't we just have a get-together a few days ago?"

Qin Bing was a little surprised.

Lin Ran, however, smiled.

"It was a few days ago for you guys, but it's like a lifetime ago for me!"

With that, Lin Ran waved his hand and Xiao Jiu, who was next to him, ran over.

"Let me introduce to you, this is Lin Jiu, my sister! Her nickname is Xiao Jiu!"

"Your sister? When did you get a sister? How come I've never heard of it before? It can't be"

Qin Bing said in amazement.

"Shouldn't what?"

Lin Ran looked confused, not understanding what Qin Bing meant.

And at that moment, a voice suddenly came from outside the door.

“Sir the takeaway you ordered has arrived, eh! This is your daughter, isn’t it? She’s pretty!”

Chapter 827

“Grandpa, you’ve mistaken me for someone else, I’m just his sister!”

Xiao Jiu sniffed and directly disliked back, this neezi was quaint and strange, a grandpa directly called the delivery boy was helpless at once.

“Brother, do I look like I’m a father?”

Lin Ran was also helpless.

“Sorry sorry sorry! It’s mainly because this little girl is too cute!”

The delivery boy said awkwardly, while quickly putting the rice down and then leaving.

“Is that what you’re talking about?”

Lin Ran turned his head to look at Qin Bing.

“Yeah, believe it or not, if you don’t explain later, the three of them will definitely feel the same way!”

Qin Bing placed the food on the table while betting with Lin Ran.

“I don’t believe it, although I, Lin Ran, am not a decent person, I’m not a nonsense person either, they definitely won’t believe something like an illegitimate daughter!”

Lin Ran didn’t think so.

“Fine, then let’s make a bet, if they think so later, you’ll be punished for dancing for us tonight!”

Qin Bing suddenly laughed.

“Dance? Don’t be ridiculous, I can’t do it at all!”

Lin Ran was busy saying, there were only two dances he had seen since he was a child, the first one was the one Song Nuan danced at the opening ceremony, it was indeed as beautiful as a fairy!

And the second one was the square dance that could be seen everywhere in the park, and he himself had never learnt to dance at all.

“Then I don’t care, dare I bet!”

Qin Bing had a bright smile at the corners of her eyes, seemingly looking forward to Lin Ran’s embarrassed appearance when he danced.

“Fine! Let’s bet!”

It was rare for Lin Ran to see Qin Bing so interested, so he agreed without further ado.

Soon, after ten minutes, the sound of a car engine came from the entrance of the shop, followed by Song Nuan Su Rou and Luo Qiqi running in through the door.

They all had smiles tacked onto their faces, obviously excited about Lin Ran's sudden summons.

"Brother Lin Ran!"

Luo Qiqi was the most enthusiastic, jumping straight into Lin Ran's arms as soon as he entered, not caring in the slightest about the other three women's feelings.

"There are so many people here, mind your image!"

Lin Ran laughed and let go of Luo Qiqi.

The other few women were attracted to the well-behaved Xiao Jiu on the side.

"Hm? Who's this little girl? So cute!"

Song Nuan and Su Rou immediately walked over towards Xiao Jiu, their eyes full of fondness.

"This little girl's name is Lin Jiu, she was brought back by Lin Ran!"

Qin Bing coughed dryly and said, while his expression looked very grave as he said this.

"Lin Jiu?"

Song Nuan and Su Rou were stunned at the words, followed by a hint of bad premonition popping up in their hearts, especially when they saw Qin Bing's face.

"What's wrong?"

Luo Qiqi was still a little unresponsive.

"Brother Lin Ran, she"

Luo Qiqi still wanted to ask Lin Ran, but when the words just came out of her mouth, she suddenly froze herself.

"Lin Ran! Lin Jiu!"

"Brother Lin Ran, she wouldn't be your private"

"One up!"

Before Luo Qiqi's words had even fallen, Qin Bing extended a finger.

Next to her, Song Nuan and Su Rou looked surprised, what one?

"What are you guys talking about? What exactly is this little girl's relationship with you? The not back is really private"

Su Rou also busy asking.

"Two up!"

Qin Bing laughed now, looking at Song Nuan now just short of her.

"Sister Qin Bing what exactly are you guys talking about?"

Luo Qiqi asked in amazement, with a confused look on her face.

“It’s this, do you guys think Xiao Jiu looks like Lin Ran’s illegitimate daughter?”

Qin Bing asked with a straightforward smile.

“That’s not right, you’re deliberately leading them to look the other way by preconceptions!”

Lin Ran did not do it, and was busy standing up and saying.

“What preconceptions, we don’t even understand, I just want to know if you felt that way at first glance just now, Xiao Nuan!”

Qin Bing looked at Song Nuan and asked with a smile.

“No!”

Song Nuan laughed.

“Why?”

Qin Bing was puzzled, Luo Qiqi and Su Rou had both thought so just now.

“Obviously it’s not possible!”

Song Nuan said blandly.

“See, there are still people who believe in my character!”

Lin Ran smiled smugly, but the smile wasn’t even smug for a minute before it was doused by Song Nuan.

“You’re thinking too much, it has nothing to do with your character!”

“It’s a matter of age, Xiao Jiu should only be three years old, four years ago you were in your first year of university, not to mention having children, you didn’t even have a girlfriend at that time!”

Song Nuan laughed.

The moment these words came out, the four girls all laughed.

“No, are you guys happy that I don’t have a girlfriend?”

Lin Ran was helpless.

“Besides, what makes you guys think so, Xiao Jiu is really my sister, just recognized!”

Said Lin Ran, when he saw that the other three of the four girls, except Song Nuan, still didn’t believe him, he became even more helpless and was busy saying.

“Hey! You guys can’t be like this, Xiao Jiu is really my sister, besides you all know that I’m still a up to now”

When he said this, Lin Ran was obviously a little embarrassed, his old face was a little red.

“What do we know?”

The four women looked at Lin Ran in amazement, not understanding what he was talking about!

“Just that!”

Lin Ran said awkwardly.

“Which one?”

The four women said in unison.

“A virgin! I’m still a virgin to this day!”

Lin Ran was completely helpless.

“Pfft!”

Hearing Lin Ran’s words, the four women almost didn’t spurt out a mouthful of old blood.

Each of them had their pretty faces blushing with shame and anger.

“How do we know if you are or not, stinking rascal!”

“No, how do you not know if I am or not?”

Lin Ran was in a hurry to defend himself and said it straight out without thinking much.

After saying it he also felt that something was wrong and his face became even more embarrassed.

“Alright, alright! Let’s not talk about that! We all know Xiao Jiu’s identity, now it’s your turn to dance!”

Qin Bing was busy coming out and interrupting, pointing at Lin Ran and laughing.

“No way! Really dance!”

Lin Ran had a impatient look on his face.

“Nonsense! Who has nothing better to do than joke with you! Hurry up and jump!”

Qin Bing urged.

“Alright!”

Lin Ran had no choice, knowing that he couldn’t get away with it, so he just had to dance hard.

“Square dance, that’s all there is to it if it’s any good!”

Said Lin Ran, and danced.

This dance immediately amused the four girls and Xiao Jiu who couldn’t help but laugh out loud.

“Wei Wei! Don’t dance stiffly, relax and unwind!”

“Move more flirtatiously!”

“Sexy! Sexy understand? In sexy!”

The four women were having a great time watching you and me.

Lin Ran, however, had a bitter face or two as he secretly said in his heart.

“Shame! What a shame! To actually be molested by four women late at night, this is simply a disgrace!”

“What are you thinking about? Hurry up and dance, do it again!”

Seeing that Lin Ran even dared to be distracted, Qin Bing instantly shouted.

“What? One more time?”

Lin Ran was completely baffled and pointed at the four women.

“You guys! You guys are molesting, four women molesting me in the middle of the night, is there any justice left, I’m the man!”

“What’s wrong with a man? Jump or not!”

Qin Bing disliked back.

Lin Ran completely quit this time.

“What’s wrong with men? Today I’ll show you what a man is! Little baby here I come!”

A smile appeared on the corner of Lin Ran’s mouth as he followed and pounced towards the four women, but only just before he took a step, his feet guessed who had thrown the banana peel and he fell to the ground in a dog pile.

“Who! Who did this!”

Lin Ran was practically in tears.

Chapter 828

After half a day of tossing and turning, Lin Ran finally gave up, and everyone settled down to start eating.

Although the food was not as tasty as that of a big hotel, the atmosphere was very comfortable for everyone.

The food was not as tasty as a big hotel, but the atmosphere was very comfortable.

“Have you guys been feeling anything lately?”

Lin Ran put his chopsticks down and asked with a smile as he looked at the four women, by now Jiu’er had already gone back to rest due to exhaustion.

“What feeling?”

Song Nuan asked in wonder.

“Nothing feels right!”

Luo Qiqi also looked confused.

“I don’t feel anything either, it just feels like my period doesn’t hurt as much!”

Su Rou laughed, having spent more time with the three girls, she had gradually opened up.

“What are you thinking about! Who asked that!”

Lin Ran’s old face flushed and he was busy changing the subject.

“I mean the physical changes!”

“Bah! Isn’t that still this!”

Qin Bing gave Lin Ran a blank look, with contempt in her eyes.

“It’s really not what you’re thinking of, I mean things like memory reflexes or premonitions!”

Lin Ran said helplessly.

“I’ve already told you about mine, it feels like my memory is getting better and better!”

Qin Bing spoke first.

“To say this, I feel like I’m getting more and more sensitive to numbers!”

Luo Qiqi said busily.

“I didn’t even pay much attention to the business at home before, but now when I have nothing to do I go and look at the company’s statements, it feels quite interesting and I can read them too! ”

“I feel like my body’s flexibility and coordination is better!”

Su Rou also said.

Song Nuan, on the other hand, didn’t say anything, she really didn’t feel any change.

“It’s normal for Xiao Nuan not to have one, after all, she’s still the only one of the four of you who hasn’t changed her bones and washed her marrow!”

Lin Ran said with some slight apology.

“But don’t worry, I’ve already found all the materials, I’ll be able to replace your bones and cleanse your marrow later!”

Lin Ran laughed.

“Thank you!”

Song Nuan smiled at the corner of her mouth, to be honest she had been waiting for this day too, after all the three women had all had their bones replaced and their marrow cleansed but only she hadn’t, it was always a little hard to feel bad in her heart.

“What are you asking this for?”

Qin Bing asked.

Lin Ran swept his gaze across the four women and spoke.

"I hope that you can change the current status quo, although the current life is comfortable, it's never something that will last a lifetime, just like Qi Qiqi!"

Lin Ran looked towards Luo Qiqi.

"Kiki's family has a big business and has been carefree all their lives, but you can't live under your parents' blessing forever, I want you to grow up and make a career for yourself!"

"This Can I do it?"

Luo Qiqi was a little hesitant, before opening a company with Wang Yifeng was all just a small fuss and a joke, if she was really allowed to open a company, the things she needed to consider were not something she could learn overnight at all.

"That's why I said you need to change and work hard!"

"And say Qin Bing!"

Lin Ran looked at Qin Bing.

"Your memory is getting better and better, you can totally make developments in the way of Chinese medicine as well and make yourself even better!"

"And Su Rou, you're a dance teacher, you can totally consider using your physical qualities to take your dancing to the next level!"

Saying this, Lin Ran swept his gaze over the crowd and said.

"Actually, speaking of which, I'm sorry! It was also because of me in the beginning that you all got caught up in this whirlwind of constant strife."

"At first, having you all change your bones and wash your marrow was just a hope that you would have good health, so that in the future, even if I am no longer around, you can learn Feng Shui on your own to protect yourselves!"

"But now I find that it seems that this idea is very immature, instead of letting you take a path that you don't like, I would rather hope that you can use your current physical qualities that are higher than normal to develop yourselves properly and make yourselves good enough!"

As he said this, a sigh flashed in Lin Ran's eyes.

"My previous experiences good life you all know, perhaps you can't understand my thoughts for the time being, but I just want to tell you that only when you are strong, the things you want, the life you want to live, and your own safety, can be guaranteed!"

"There's one more thing!"

Song Nuan suddenly spoke up.

"And only the better we are ourselves, the better we can catch up with you!"

As soon as these words were spoken, all four women fell silent.

None of them were fools, they all understood that Lin Ran was becoming stronger and stronger, but if they stopped short, they might just end up becoming a passing passenger in the latter's life force after all.

"I just hope that you can think about your future, it's really for your own good too!"

Lin Ran said, then got up and looked at Song Nuan.

"Let's go, let's change your bones and cleanse your marrow!"

"Mm!"

Song Nuan nodded and without saying much, got up and followed.

There was actually one thing Lin Ran hadn't said to the crowd.

That was that this trip to the Ten Thousand Treasures Spell Formation had given him a vague feeling that the closer he got to the core of the cultivation world, it seemed that he had also become more out of his depth.

For example, the mentor mentioned by Li Mu Di and Fire One Sword.

Who were the mentors? What exactly did they do? If they really looked at him, what would happen to him in the future? He didn't even know.

That was why he was eager to let the four daughters grow up, only then, in the future, if he did have to leave one day, the four daughters would be able to protect themselves.

Only then would he not be left with regrets.

.....

"The topic you just mentioned was a little too heavy!"

Coming to the bathroom, Song Nuan said with a sigh.

"I had to do it!"

Lin Ran also had some reluctance on his face.

"I have a vague feeling that it seems like I'll be leaving in the future, so I hope you can protect yourselves when the time comes!"

Lin Ran explained.

"Don't say that, if you really want to leave, at least I'll go with you!"

Song Nuan said with a serious face.

Lin Ran was moved by what he heard and reached out to scrape his hand on Song Nuan's pretty nose and said.

"Having you say that is enough!"

"Alright I'm going to drain the water and start the bone exchange and marrow cleansing!"

Lin Ran laughed and then went to put on the hot water, ready to change Song Nuan's bones and cleanse her marrow.

"To have to take off my clothes?"

Thinking of the previous times when the other three women had their bones exchanged and marrow cleansed, Song Nuan couldn't help but blush with a pretty face.

Although this guy Lin Ran had seen himself naked a long time ago, having to undress in front of him was still a little embarrassing to think about.

"To take off!"

Lin Ran scratched his head in embarrassment, but any way he could do it, he didn't want to do it himself, after all, the process was indeed a little embarrassing.

"Then you turn around!"

Song Nuan hesitated for a moment and spoke.

Lin Ran turned around honestly, and soon afterwards, a hiccupy voice came from behind him.

"Alright!"

Soon Song Nuan's voice rang out.

Lin Ran took out his five spirit stones, took a deep breath, and followed it before turning around.

However, when he saw Song Nuan's fair skin once again, his entire body still couldn't help but be stunned.

Forcing down the restlessness in his heart, Lin Ran spoke somewhat helplessly.

"Which You need to turn around!"

"Huh?"

The moment Song Nuan heard this, her pretty face suddenly "brushed" red and she stammered.

"No They all have their backs to you I saw all three of them!"

"You're different, you have to be on the front!"

Lin Ran said awkwardly.

"You!"

Song Nuan's pretty face turned even redder as she heard that, on the front, wouldn't they all have to look at

The more she thought about it, the redder Song Nuan's pretty face became, as if water could drip out of it, she couldn't help but pout.

"You rogue!"

Chapter 829

Although she cursed, Song Nuan quickly turned around, after all, she knew Lin Ran's character well, and knew that this guy was joking, but he would not lie to himself on such matters.

As soon as she turned around, Lin Ran's eyes went straight and he couldn't help but gag.

"No looking around!"

Song Nuan's pretty face turned red with shame and anger.

"Ao Ao!"

Lin Ran responded awkwardly and hurriedly moved his eyes away, but at this moment his was already was already red.

"That! This thing is rather troublesome, it might take a little longer, you bear with it!"

Lin Ran busily said, following which he brought over the Five Spiritual Pearls.

There were a total of six parts to the Five Spirit Beads, the book Five Spirit Beads itself, and five other Five Element Spirit Beads of Gold, Wood, Water, Fire and Earth.

Unlike Qin Bing Su Rou's and theirs, Song Nuan's bone replacement and marrow cleansing this time was indeed much more troublesome.

For example, Qin Bing and Su Rou's were both water attributes, while Luo Qiqi's was a wood attribute, while Song Nuan's was a combination of all five attributes, so naturally, the bone exchange and marrow cleansing was a bit more troublesome.

The advantage of the trouble was that in the future, Song Nuan would have the most comprehensive affinity for the five elements, which was why Lin Ran was unwilling to compromise even after seeing the fire marrow in front of the Ten Thousand Treasures Spell Formation.

"I'm going to start!"

Lin Ran reminded, following which he wrapped the Five Spirit Pearls with his Healing Dao True Qi.

The five spirit pearls were quickly melting under the wrapping of the True Qi of the Medical Dao, and the originally colourful five spirit pearls were quickly fused into one, but Lin Ran was clear that this was only a superficial fusion.

The real five spirit pearls were still inside, after all, this was the essence of the five attributes, so it was not something that could be refined so easily.

"Open your mouth!"

Lin Ran said.

Song Nuan didn't hesitate and immediately opened her mouth, and Lin Ran directly stuffed the entire five spirit pearl inside.

"Close your eyes and stare, don't think about anything!"

Lin Ran reminded, following which he quickly mobilised his Medical Dao True Qi and guided the Five Spirit Pearl to the position below Song Nuan's collarbone, in the middle of her chest.

The so-called bone exchange and marrow cleansing was nothing more than opening up the body's meridians and at the same time sending out all the impurities in the body.

Previously, Qin Bing and the others needed Lin Ran's help to manually open up their meridians.

This time, Song Nuan's did not need any help. The Five Spiritual Pearls were originally wonders of heaven and earth, and they came with five attributes, so they were naturally the best treasures for opening up the meridians, so the process hardly needed Lin Ran's help.

After the five spirit pearls were suspended in Song Nuan's chest, they began to rotate with the help of the true Qi of the medical dao.

And as it began to spin, a multicoloured aura quickly followed Song Nuan's bloodline into all of his limbs and bones, and everywhere it went, radiance flowed and impurities slowly all came to the fore.

"It's starting!"

Lin Ran adjusted his mind and followed the breath of the Five Spiritual Pearls as he began to open up the meridians on Song Nuan's body.

Although he didn't need to help throughout the whole process, he still had to observe the whole process just to make sure, so that nothing unexpected would happen.

Opening the meridians was extremely difficult for the previous three women, but for Song Nuan it was like a waterfall, everything seemed very easy.

After only an hour, all the meridians had been opened, and just when Lin Ran thought the whole process was about to end, he was surprised to find that Song Nuan's meridians had been opened.

He was surprised to find that the impurities in Song Nuan's body had not yet finished.

He withdrew his mind and found that Song Nuan's entire body was already wrapped in a thick layer of filth, and this layer of filth had hardened to form a shell, as if it was about to break through the cocoon and envelop Song Nuan.

"What's going on here?"

Lin Ran busily asked the pillow book.

"Kid! What's all the fuss about, you've never even seen this before?"

Pillow Book said blandly.

"As the saying goes, Heaven and Earth treasure materials are also divided into grades, and this Five Spirit Pearl can be said to be among the top Heaven and Earth treasure materials in your world, and the bone replacement and marrow cleansing it brings is also the most effective!"

"See this shell?"

The Pillow Book pointed at the filth on Song Nuan's body and laughed.

“According to my speculation, this shell needs to condense at least three layers before this bone replacement and marrow cleansing is considered complete this time.”

“That much?”

Lin Ran was stunned and couldn't help but think of a possibility.

“Could it be that there were already too many impurities in Song Nuan's body?”

“Less nonsense, Master Shu told you that the impurities in everyone's body are pretty much the same, and how much can be expelled from this bone replacement and marrow cleansing all depends on the choice of heaven and earth treasure materials!”

Pillow Book said thinking about it, and then spoke.

“If we were to give this thing a score, your little girlfriend's bone exchange marrow cleansing would be at least ninety-nine points, the other three would be a bit worse, at most eighty points! But this is only a bone replacement and marrow cleansing, just the foundation, if we want to wheel the future achievement, I am still optimistic about your little girlfriend Su Rou!”

“Why?”

Lin Ran didn't understand.

According to reason, Song Nuan's bone exchange and marrow cleansing should be the most effective, but why did Pillow Book think more highly of Su Rou?

“You kid don't forget, she can have a strong true qi in her body, and she is a heaven-destined person, she also has the best chance of achieving great things in the future, so the foundation is only the foundation, who can soar to the heavens in the future will depend on the chance of the day after tomorrow as well as other aspects!”

Lin Ran nodded his head in thought.

About two hours later, Song Nuan, who was sitting calmly, finally made a movement.

With a “click”, a crack opened in the filthy shell that had been wrapped around her, and a multicoloured light came out of it.

The multicoloured light was dazzling, and only gradually tapered off.

“Click!”

“Ka-cha-cha!”

Like a spider's web, the cracks spread to all parts of the body, and then a “bang” was heard.

All of a sudden, the filthy shell shattered and a figure wrapped in colourful light reappeared in front of Lin Ran, it was Song Nuan.

At this moment, Song Nuan's hair was dark and shiny, and her skin was as white as a baby's. Most importantly, she was sitting in the bath, but her entire body was filled with a peaceful aura.

This aura was like a sunshine on a winter day, making people's hearts warm.

"What a perfect physique!"

Lin Ran used his Medical Dao True Qi to conduct a brief investigation and realized that Song Nuan's current physique was probably not even comparable to his own.

When his ancestor had passed on the Xuan Yang Pill Canon to himself, he had also changed his bones and cleansed his marrow, but it was only about ninety points at most, whereas Song Nuan's physique had definitely reached the peak first level.

"It's really perfect!"

Lin Ran couldn't help but exclaim, at this moment his gaze was completely attracted by that blown-out skin, completely not noticing that Song Nuan's tightly closed eyes had slowly opened.

"What did you say about perfection?"

Song Nuan looked at Lin Ran and saw that this guy's eyes were staring straight at her, not even bothering to blink, and suddenly her pretty face brushed red.

"Of course you're perfect, what a superb product!"

Lin Ran couldn't help but say, this was the moment the words left his mouth before he reacted and hurriedly changed his tone to explain.

"No! It's not what you're thinking, I'm talking about your current physique being perfect! Don't misunderstand!"

"Misunderstand? Have you seen enough?"

Song Nuan's pretty face turned red and her hands brought the water from the pool and splashed it towards Lin Ran.

"Let you look! Stinking rascal! Shameless!"

"I"

Lin Ran wanted to cry and hurriedly turned around and ran towards the door.

"It's really an injustice, I'm really talking about the physique, but your body is also perfect!"

"Lin Ran I'll kill you!"

Song Nuan was so angry that she gritted her teeth and got up to chase, only when she got up did she realize that she was still undressed, and her pretty face suddenly turned even redder.

Chapter 830

When they came out of the room, it was already three or four in the morning, and by now everyone else in the whole living room had gone to rest except Qin Bing.

"It's over?"

Seeing Lin Ran come out, Qin Bing was busy going up to him and asked.

“It’s too late, the two of them went to bed first!”

“Hmm!”

Lin Ran nodded and was also ready to go back to his room first, so that he wouldn’t have to carry the hat of a pervert again when Song Nuan came out later.

But before he could even take a step, there was already the sound of Song Nuan opening the door behind him.

He only saw Song Nuan running out with only a bath towel wrapped around her.

“Bastard! Don’t you”

Before she could finish her words, she also saw Qin Bing, and her pretty face suddenly turned even redder.

“Xiao Nuan, look at you still laughing at us, yourself this time not also by this bastard look naked!”

Qin Bing laughed at this, the three of them had changed their bones and cleansed their marrow before, only Song Nuan hadn’t, but this time everyone was kind of the same.

“He’s just a bastard, I’m going to sleep first!”

Song Nuan’s pretty face was red and embarrassed, and she immediately wrapped her bath towel and went back to the bedroom.

“I’m going to bed too!”

Qin Bing laughed and followed, ready to go back as well.

However, Lin Ran suddenly spoke up.

“Wait a minute!”

“Hmm?”

Qin Bing turned around with a puzzled expression.

“I might have to go to the Imperial Capital tomorrow, do you need to go home for a visit?”

Lin Ran asked.

Because of Old Fourth, he did have to make a trip to the Imperial Capital, and since Qin Bing’s family was also from the Imperial Capital, he had to ask a question for good reason.

“Go to the imperial capital? What for?”

Qin Bing’s pretty face flushed, as if she thought of something.

“A friend of mine is opening a company in the capital, so we’re going to help choose a location!”

Lin Ran said truthfully.

Qin Bing was stunned at her words and looked at Lin Ran suspiciously without speaking.

“Hm?”

Lin Ran was stunned, looking at Qin Bing and wondering what this nee-san was doing.

“Is that all?”

Qin Bing saw this and said suspiciously.

“What else? What else could be going on?”

Lin Ran was also puzzled.

“Don’t you want to go sit at my house?”

Qin Bing wondered.

“This It’s not really appropriate, it’s like meeting the parents!”

Lin Ran scratched his head in embarrassment.

“Then I won’t go, I’ll join you, and you won’t be a guest at my house, Elder Qin Jie will definitely blame me if he finds out!”

Qin Bing said.

“That’s fine”

Lin Ran was just about to say, well then I won’t bring you along.

But before he could finish his words, Qin Bing spoke again.

“But if you go to the empire and I don’t even go along, Elder Qin Jie he still has to save, so that means I still have to go along, and you still have to be a guest at my house!”

“I I’m going on business, can I not go to your house?”

Lin Ran said awkwardly.

“Can’t!”

Qin Bing smiled heatedly and refused outright.

“It’s a deal, I’ll wait for you tomorrow morning!”

After saying that, Qin Bing smiled and went straight back to his room, not giving Lin Ran the chance to refuse at all.

“I’m really going on business, can I not see my parents?”

Lin Ran had a bitter look on his face, he was going on a business trip, how come he had to meet his parents, the eight words hadn’t even been written yet.

.....

The next morning.

Song Nuan and Su Rou went back to school early, in a week's time they would be graduating, and they were very busy.

Luo Qiqi, on the other hand, went home early in the morning, saying that she had to go back and think about what Lin Ran said last night and consider her future.

As for Qin Bing, she said hello to Li Zheng and went to the shop with Lin Ran.

Lin Ran had already sent a text message to the group in the morning, saying that he was going to the empire today.

When he arrived at the shop, Lin Ran was surprised to see that Li Sheng was also there.

"Brother Li Sheng, you?"

Lin Ran was astonished.

"I heard that you were going to the Imperial Capital, so it just so happens that you are going together!"

Li Sheng laughed, while taking out the business card that Li Mu Di had given him.

"I don't know exactly what the mystery of this place is, I still have to trouble Brother Lin Ran to make a trip with me!"

Li Sheng said with a wave of his palm, and immediately two of his men brought several wooden boxes next to him, and one look at the carving of the wooden boxes told him that the contents were definitely not mundane.

"Kid! Hurry up! Hurry up, I can smell good wine inside one of them!"

The pillow was busy urging.

"Have some sense!"

Lin Ran gave him a blank look without good grace and followed it up by looking at Li Sheng.

"Brother Li Sheng, what are you doing?"

"One is to thank you for helping me inside the Ten Thousand Treasures Spell Formation, and the second is also a gift for asking you to come with me this time!"

Li Sheng said with a smile.

Lin Ran was just about to open his mouth to say no, but Li Sheng spoke up again.

"Brother Lin Ran, you can't refuse anymore, otherwise I really have no place to put this old face!"

"That's right, Ranzi, people have brought it all the way here, so it's not appropriate to send it back again, don't you think so?"

Next to him, Wang Yifeng also came up.

Lin Ran saw that this fatty was helping to speak up, so he had obviously gotten a lot of benefits, so it would seem a bit pretentious for him to refuse.

At that moment, he nodded his head.

“In that case, then I’ll respectfully do as I’m told, let’s pack up and leave right away! :”

Lin Ran said, and at that moment, the group got busy.

An hour later, the group drove two cars and set off directly onto the Temperance City Highway.

Since there were three other people, there were seven people in the group, and with the addition of Xiao Jiu, who came out for a spin every now and then, there were eight people in total.

As for Master Yu, he could not go out yet, after all, the police were still investigating and he could not go out as a “suspect” for the time being.

It took twelve hours to travel from Tanjiang City to the Imperial City by highway.

At first, everyone was talking and laughing, but soon they all wilted, and almost everyone except the driver was sleeping.

Finally, they arrived in the capital at 8pm and were guided by Qin Bing to the location written on the business card.

Qinzheng Yuan District.

The key was that it was a villa area, and although the location was in the suburbs, the price was really not low.

“Shit! Your Li family is really rich, a random cousin is giving away a villa, is there a cousin, introduce one to Master Fatty too!”

Looking at the villa in front of him, Wang Yifeng couldn’t help but lick his lips.

“I say, why don’t we go through the front door?”

Qin Bing wondered, just now it was clear that there was a main door not to enter, they had to take the side door to come here, this really made her a bit puzzled.

“We don’t have a doorstop!”

Li Sheng said awkwardly.

“This cousin of yours, can’t do anything right, he gave the house away, not to mention the access control, he doesn’t even have a key, so it’s hard to let us pry the door to get in!”

Wang Yifeng said, his eyes looked around and said awkwardly.

“The door is nothing for the fat master, but as you can see, this community is heavily secured, if the security guards are watching, then the fat master I can’t even jump into the yellow river to wash.

“Boss! I’ll do it, it’ll take ten seconds!”

On the side, Wang Mao stepped forward and assured him.

“Mm!”

Lin Ran nodded, he couldn't help it, Li Mu Di had forgotten to give the key, so he couldn't really get in without prying the door.

Wang Mao went straight forward and heard two “clicks”, followed by the door opening, not even five seconds before and after.

“Holy shit! Old cat, if I didn't know what you did, I would have thought you were a thief!”

Wang Yifeng saw this and couldn't help but tease, following which he was ready to step forward and be the first to enter.

But just as he got close and opened the door to the room, a light immediately hit him, and at the same time a voice rang out.

“What the hell! You've got the nerve to open the door and pick the lock in our neighbourhood! Stay where you are!”
