

Wonder Doctor

Chapter 831

“Hey! What are you talking about? This is our own house, how can we open the door and pick the lock!”

Wang Yifeng was most afraid of this and disliked him directly.

Lin Ran and the others looked over, only to see that not far away, a uniformed security guard certificate was holding a torch, his face full of disdain.

“Your house? You can afford to buy a house here just by wearing this look? Don’t pretend to be a big head in front of me, I can catch seven or eight thieves like you a year!”

The guard looked disdainful.

He was in his early thirties, with a wide waist and a wide body, and behind a pair of narrow-rimmed glasses, he had a pair of thieving eyes.

Just by looking at his face, Lin Ran knew that this guy was no good.

“Go! Come with me to the security team!”

The security guard chided in a cold voice.

“Hey I said you!”

Wang Yifeng still wanted to retort, but was indeed interrupted by Lin Ran.

“I don’t know what to call you?”

Lin Ran stepped forward and looked at the security guard and smiled.

“Wang Lei! Don’t get close to me, it’s no good knowing my name!”

Wang Lei, the security guard, said disdainfully.

He was joking, recently their security team was having a selection for the captain, what they were looking at was their usual ability and the number of times they handled things, this time they had easily caught a group of thieves, if this was reported to them he would still be sitting in the captain’s position, how could he miss this opportunity.

“You think too much, I am trying to talk to you, this house is indeed not ours, but”

Lin Ran just said half of his words, he was directly interrupted by Wang Lei.

“But what but! There is no but, just admit that the house is not yours, don’t talk nonsense! Follow me to the security team!”

“No, you’re not. Can you listen to the end of our explanation?”

Qin Bing was also a bit annoyed at the situation.

“Explain what? If you have any explanation, go talk to the police, explain to me? No explanation will work with me! Go!”

Wang Lei urged, his heart already bursting with joy, he even saw himself sitting in the security chief's position, laughing heartily at the scene.

"Boss!"

The two of them, Leng Zhan and Ah Zhan, walked over and asked Lin Ran what he meant.

"Ranzi, let me go beat him up, this guy is too wronged!"

Wang Yifeng couldn't help but say.

"Don't make a scene, don't forget we're here to talk business, we still have to meet my classmate tomorrow!"

Lin Ran said.

Old Fourth and the others had arrived in the Imperial Capital early and were going to rendezvous with them tomorrow, so naturally it wasn't too convenient to make a scene at this time.

"So what now?"

Li Sheng was also a bit confused, he was really at his wit's end when he ran into such an unreasonable security guard.

"Don't worry, the security team must have information, we can ask them to check the landlord's information when we get to the security team, as long as we can match up with Li Mudi, they shouldn't say anything!"

Lin Ran said, they had Li Mu Di's phone number and could call him at any time, but the key was to prove that the house was Li Mu Di's before they could do anything.

"We'll go with you, but let's say it again, we're not knocking on the door and unlocking it, this house was lent to us by a friend!"

Lin Ran said indifferently.

"A friend? Lend it to you? You really think I'm blind!"

Wang Lei laughed.

"You don't even look at what this place is, a villa area! Does the villa district understand? And it's a villa area in the imperial capital, just for this house, you guys together can't even afford a down payment with your lifetime salary!"

"And friends, with your outfits, you really think I can't tell you're from abroad, and friends! If you had friends who could buy a house in our villa area, would you dress like this? Still playing with me, don't even look at what I am for!"

Wang Lei was full of disdain, he had caught several thieves a year, and he had seen this kind of talk from Lin Ran a long time ago.

"Since you don't believe me, let's go to the security team!"

Lin Ran did not bother to explain more, with Li Mu Di's phone, they can prove innocence at any time, but it also depends on with whom to prove, obviously this faggot in front of him, and he collected is also in vain to say.

"That's more like it, quite understanding! Let's go!"

Wang Lei nodded in satisfaction and led the crowd towards the security team.

In his heart, he was already happy, as if he had become the head of the security team, and walked with a bit more authority.

"Look at his virtue, I can't help but go up and give him a kick!"

Wang Yifeng was furious as he watched.

Li Sheng was also sighing helplessly beside him again.

Lin Ran, on the other hand, felt amused.

He had just arrived in the imperial capital and had been treated like a thief before he had even landed.

.....

The security team, at this time, only two people on duty, plus the hurriedly returned Wang Lei is only three people, as for the others do not need to think about this point must be together in the community inside the duty.

"The other people must be on duty at this hour. Why are you back if you're not on duty?"

When he saw Wang Lei enter, the old captain Wu Hao frowned slightly.

As the old captain of the security team, he had already reached the age of retirement, and the Wang Lei in front of him was one of the candidates who was going to compete for the head of the security team after his retirement.

However, this person usually had a not-so-good reputation, greed for small bargains and a big rack were the stinky problems that everyone knew.

"Captain Wu, I caught a few thieves while on duty just now, and came back to report to you on purpose!"

Wang Lei looked smug, he was so happy to have done something big at this juncture, he was waiting for his promotion and pay rise.

"Thieves? How many more?"

Wu Hao's face sank, puzzled.

"Are you sure it was a few? And they're really thieves?"

Thieves come out in groups these days, this was too far-fetched.

"Captain Wu, don't worry, they are thieves, and there are seven of them!"

Wang Lei said smugly.

“What? Seven of them?”

Wu Lei was vaguely worried, he had been doing this security team for how many years, he had seen people and things that were not comparable to Wang Lei, seven people out in a group stealing things, this was too bullshit, there was no such possibility.

And to know, even if it really is a gang crime, at most one or two really do it, others are either to let off steam, or is the guard, that may a group of people all go to do it.

“The company’s main business is to provide a wide range of products and services to the public.

Wang Lei smiled smugly.

In his heart, he knew clearly that Wu Hao had an opinion about himself, so he didn’t bother to talk to him much at this time.

“You’d better be serious!”

Wu Hao glared at him and followed, then walked towards the interrogation room.

Inside the interrogation room, Lin Ran hung up the phone and laughed helplessly.

“What’s wrong?”

Wang Yifeng and the others were busy coming up to ask.

“Li Mu Di said that his keys were all in the hands of the security chief and that he had also said hello, so this time it’s our fault, we were too reckless!”

Lin Ran laughed.

After waiting here in the interrogation room and not seeing anyone come, Lin Ran only had to call Li Mudi.

“Hey! This kid doesn’t do things reliably!”

Wang Yifeng couldn’t help but spit out.

“The key is what happens now?”

Qin Bing was a little worried at the side, that Wang Lei was not a good fighter at first glance, if he had to toss and turn, although they weren’t afraid, it would just take too long.

It might even affect what happened to Lin Ran tomorrow.

“Don’t worry, as long as we can meet the head of security, things will be fine!”

Lin Ran laughed.

“Things will be fine if we meet the security chief? Do you think our captain is a villain who plays favorites?”

As soon as Lin Ran's words fell, a disdainful voice came in, followed by the door of the room being opened and Wang Lei instantly walking in, followed by Captain Wu.

Chapter 832

"What are you talking about!"

Wu Hao's face sank as he listened, Wang Lei's words even scolded himself, although it was a disguise to say that he was not playing favorites, but I'm afraid it was uncomfortable to anyone's ears.

"Captain, I'm cross with you!"

Wang Lei was busy defending himself, while pointing at Lin Ran and the others to divert the conversation.

"Captain, it's them, I caught them red-handed, it's impossible to deny them!"

Saying that, Wang Lei even pointed at Wang Yifeng and sneered.

"It's this dead fatty, I saw him push the door of the room open with my own eyes, this guy is definitely the perpetrator, and it's likely that others are his accomplices!"

"Put your damned ass! I'm a thief, fatty? You're blind! I'd be a thief if I pushed the door open, if it was unlocked at all!"

Wang Yifeng was very upset.

"Hey! You're still sophomoric, you fat bastard, I saw it with my own eyes!"

Wang Lei said busily.

"Really? Then it seems you're really blind!"

Lin Ran, however, laughed.

"How so?"

Wu Hao's face was gloomy as he looked at Lin Ran.

"Not much, I opened the door, he just pushed it open!"

Lin Ran laughed, while looking at Wang Lei at the side.

"You say that just his eyes, treating us like thieves, you believe that too?"

"I'll make my own judgment whether I believe it or not!"

Wu Hao swept his gaze over the crowd, before he could determine whether Lin Ran and the others were thieves or not, he didn't dare to jump to a conclusion.

"Which household did they steal from?"

Wu Hao turned his head and asked Wang Lei.

"It's the one in the southeast corner that no one lives in!"

Wang Lei laughed.

“That house in the southeast corner is uninhabited all year round, how come you’re on duty there?”

Wu Hao’s face sank.

The area of their villa district was large, and there were often a lot of green belts around a villa, with very sparse house divisions.

And the house in the southeast corner was almost always unoccupied, so only after obtaining the owner’s consent did they go all the way to patrol once every two days, after all, it still had to be a crowded area.

And last night, the patrol area arranged for Wang Lei was not that at all.

“This Captain! I last night I vaguely felt that something was wrong, so I went to patrol around there, besides the whole neighborhood is our range, it’s okay to go and take a look every now and then!”

Wang Lei said awkwardly, he actually just wanted to go and be lazy, he just happened to run into Lin Ran and the others.

“I hope what you say is true!”

Wu Hao gave Wang Lei a blank look, his heart was like a clear mirror.

“What about you guys? How do you say? Wang Lei saw you guys open the door with his own eyes, and you also admitted it, what else do you have to say?”

Wu Hao turned his head to look at Lin Ran and the others.

“We’ve already said it, we’re not thieves! It’s the landlord’s friend! He was the one who lent us the house to live in!”

Qin Bing stood out and said.

“The landlord’s friend?”

Wu Hao frowned slightly at his words, and couldn’t help but remember the phone call from before.

“That’s right! The landlord is my cousin!”

Li Sheng also stood out and said.

“Excuse me, is it considered a thief to open your own friend’s house?”

Lin Ran asked with a smile.

“That depends on whether you’ve asked for their permission or not!”

Wu Hao frowned slightly and opened his mouth to ask.

“What is the name of the landlord of that house?”

“You really believe that, Captain Wu?”

On the side, Wang Lei saw this and was busy saying.

“The way a few of them are dressed, they are not local people at first glance, and what kind of rubbish they are wearing, how can they be friends with the landlord, if you you would have such friends who look like poor relatives?”

“What people wear is their business, your profession is a security guard, not a costume master!”

Wu Hao’s face was grim as he scolded.

“Also remember to me, we are only responsible for security, what others wear and whether they are from out of town has nothing to do with you half the time!”

“Yes! Remember!”

Wang Lei’s face was ugly and his heart was very upset, but since the other party was the captain, he had to suppress it.

“Answer me, who is the landlord?”

Wu Hao turned his head to look at Lin Ran.

“Li Mu Di!”

Lin Ran smiled lightly.

Hearing this name, Wu Hao’s face instantly sank as he said in his heart.

“Sure enough, it seems to be a few of them!”

“Captain Wu should know that by now!”

Lin Ran laughed, during that phone call with Li Mu Di earlier, Lin Ran already knew that the key was in this Captain Wu’s hands.

“Mm! Got it, I’ll give you the key later, but before that I have to say a few words about you guys!”

Captain Wu sighed and said.

“Although it’s a friend who lent you guys a place to live, you can’t cock someone’s lock without a key, so let’s leave it at that, don’t be confused next time!”

“Sure, sure!”

Lin Ran laughed, in the end they did have something wrong with this matter.

“Well!”

Wu Hao smiled, that was sort of it.

“No Captain Wu, that’s all right? They opened someone’s lock, they are thieves!”

Wang Lei was upset, this was related to his future future, so he could just say let it go.

“What else? Besides, the landlord had called before and explained the situation, what else do you want?”

Wu Hao said in a cold voice.

Before, Li Mu Di had already called the arc, just that he had forgotten about it, at this moment, Wang Lei was holding on to it, in fact, it also touched Wu Hao’s displeasure.

“At least it should be handed over to the police station ah!”

Wang Lei said busily.

“People and the landlord know each other, are you sick in the head, what about after sending it to the police station? The landlord explained it clearly with a phone call, so it’s clearly unclear!”

Wu Hao chided.

“The police are so busy in the whole capital, a matter that is clearly a misunderstanding, you have to bother the police, can’t you think for others, and taking public resources for no reason, this is against the law!”

Wu Hao looked at Wang Lei, with anger in his eyes.

The landlord, Li Mu Di, had called to inform him, but he had not received any notification from Wu Hao, so it was obvious that Wu Hao had forgotten about it.

Wang Lei followed Wu Hao with a black face and left.

And Lin Ran and the others also got the key to the room a few moments later, and then also left.

“Hey! What’s all this!”

Li Sheng sighed helplessly.

“Forget about it, let’s go see the house first!”

Lin Ran laughed and said comfortingly.

By now it was almost ten o’clock at night, and they were really a bit tired.

Taking the keys back to the front of the villa, they followed the crowd and entered the villa.

.....

The villa was three stories long, somewhat antique, and looked very charming from the outside.

The first thing you need to do is to get a good idea of what you are getting into.

The entire living room is simply as big as two living rooms in other people’s homes, even the TV is the size of a projector, the roof is only on a huge chandelier, hanging in mid-air, looks luxurious and not lose the classical atmosphere.

The furniture throughout the room was all mahogany furniture, and at a glance it had been carefully decorated.

“Holy shit! Come on, come on, this actually has functional guidance!”

To one side, Wang Yifeng exclaimed, and the crowd was busy padding over.

At a glance, they really found that there was actually an instruction sign hanging on the wall not far away.

Only to see that it read.

“First floor, hospitality area!”

“Second floor, rest area, nine houses in total!”

“Third floor, cultivation area, divided into a cultivation area and a bathing area!”

“Holy shit! This can’t be a place dedicated to cultivation!”

Wang Yifeng exclaimed in shock.

Lin Ran was also not sure and said.

“We still have to go up and take a look to find out.”

Chapter 833

It was obvious that there was nothing to see on this floor, except for the decoration, which was moderately functional.

The first floor is a lounge area, which is obviously not as attractive as the third floor.

The crowd went straight up to the third floor.

Once they reached the third floor and opened the door of one of the rooms, everyone was stunned.

It was a small gym, with treadmills, dumbbells, barbells, massage chairs, bicycles, and other fitness equipment.

And this is not the main thing, the main thing is that in the middle of the whole room, there is a small ring, which is obviously for people to use to compete in martial arts.

“What exactly does Li Mu Di mean?”

Wang Yifeng wondered, this is simply a holy place for fitness!

“Maybe it’s just for us to get fit?”

Li Sheng said awkwardly.

“No!”

Lin Ran shook his head.

“Gyms are plentiful on the roadside now, there’s no need to have to come here, and Li Mudi must have an intention for having such a house here!”

Lin Ran frowned, although what was in front of him wasn't too unusual, but after all, it was Li Mu Di who had guided them here, so there must be something extraordinary about it.

"Look! There's a book here!"

Suddenly, Wang Mao pointed to a nearby shelf and shouted.

It was a shelf for changing clothes, but at that moment the shelf was empty with only a yellowed book still on it.

"What is this?"

Li Sheng probed his hand and took it down, and immediately saw a few large, ancient words on the cover of the book.

"First Level of Martial Dao!"

"This is This is a martial arts technique to enter the Dao!"

Li Sheng was instantly stunned.

"What?"

Lin Ran was also shocked to hear this.

A martial arts-into-doctrine technique, this was simply the greatest treasure, even compared to the inheritance Li Sheng had received at the Ten Thousand Treasures Spell Formation.

"This should be the place where cousin cultivated before!"

Li Sheng already had a judgement in his mind.

"But I remember that he also entered the Dao with Feng Shui!"

Lin Ran frowned.

"No! You don't understand the Li family!"

Li Sheng shook his head.

"In fact, it's not just the Li family, many ancient families, such as the Qin family and the Fire family all started off with martial arts, only that later on there was a break in the martial arts path, causing no one to break through later on, so these families have turned to the Feng Shui path in order to seek a transformation!"

"As for our Li family, unless one has outstanding natural talent, they are not qualified to read this book, because this is already the only remaining martial art of our Li family that enters the Dao with martial arts!"

Li Sheng said and sighed.

"Unfortunately, there is only the first layer of this gong method, the later ones have all been lost, so cousin probably also wants to give me this chance to see if I can make a breakthrough!"

“If that’s the case, then this great gift, you have to watch out for it!”

Lin Ran laughed.

For Li Mu Di to help Li Sheng like this, it was obvious that he expected something from him, otherwise it was impossible to tell him about such a precious treasure.

“Brother Li Sheng, there is something I don’t know if I should tell you!”

Lin Ran suddenly smiled and said.

“Brother Lin Ran doesn’t need to say more than that, I know it clearly in my heart! This gong method is an untold secret of our Li family, and there is nothing I can do about it!”

“However, the inherited insights I obtained at the Ten Thousand Treasures Spell Formation, as well as all the facilities here, can be shared with Leng Zhan and the others completely, after all, they helped me at the Ten Thousand Treasures Spell Formation before!”

Li Sheng said.

“Good! In that case, thank you so much, Brother Li Sheng!”

Lin Ran smiled.

Leng Zhan and Ah Zhan were the ones who had already decided to take the path of using martial arts to enter the dao.

Previously, Lin Ran had no good methods and had told them to take one step at a time, but now with Li Sheng’s guidance and the facilities here, at least a lot of detours could be reduced.

“You guys follow Li Sheng and practice well, don’t miss this opportunity!”

Lin Ran said.

“Don’t worry boss!”

The three of them nodded solemnly, the fitness facilities were nothing, but that inherited insight from Li Sheng was very important, and they knew it well in their hearts, so they naturally wouldn’t refuse.

“Let’s go, I’ll accompany you to see the room!”

Lin Ran turned his head to look at Qin Bing.

It was indeed getting late at this time, and Qin Bing also had a tired look on her face.

The two of them went downstairs to the first floor and randomly chose a house and went inside.

The inside of the house was very simply decorated, and the bedding was also new, so it was obvious that although no one lived there, someone should have come over to clean it regularly.

“This bed is so big!”

When she saw the bed, Qin Bing couldn’t help herself and laid down on it directly, after a long day of exertion, she was really tired to the point of exhaustion.

“It’s quite big, it should be a double bed!”

Lin Ran casually returned, and then turned around in the put up room, checking the security situation, before finally coming to the bathroom.

As soon as he opened the door to the bathroom, Lin Ran froze in his tracks.

“What’s wrong?”

Seeing that Lin Ran didn’t look right, Qin Bing was busy getting up and walking over.

“Ah! It’s alright! Don’t look!”

Seeing this, Lin Ran was busy closing the bathroom door.

“What’s wrong?”

Seeing this, Qin Bing became even more puzzled and directly opened the door of the washroom.

However, there was nothing wrong with the bathroom.

“What the hell is going on?”

Qin Bing asked Lin Ran in wonder.

“You don’t see it?”

Lin Ran was stunned and pointed to the bathtub.

“What’s wrong with the bathtub?”

Qin Bing wondered, it was quite normal!

“Huh! Something’s not right!”

Suddenly, Qin Bing noticed something, she found that there were actually two reclining chairs inside the bathtub, which This is a mandarin duck bathtub!

“How can there be such a thing here!”

Qin Bing’s pretty face turned red with shame and indignation.

“It’s simply too evil, the bathtubs are all mandarin duck bathtubs, is this Li Mu Di instead cultivating here or is he here”

Qin Bing himself said not even wash go.

“You don’t think too much, people may just use it to entertain their couple friends!”

Lin Ran said awkwardly.

“I think too much?”

Qin Bing was stunned to hear this, and looked at Lin Ran’s reaction but laughed.

“You’re saying I’m overthinking it? Then why are you blushing?”

"I ... I didn't think anything of it!"

Lin Ran said awkwardly.

"That I'll go first, you'd better hurry up and take a shower and go to bed!"

Saying that, Lin Ran was about to go out.

Qin Bing, however, stopped him with one hand and said.

"You can't go, they haven't come down yet, you stay here and watch for me, what if they don't know I chose this room and rush in, you can leave when I've finished showering!"

"Huh? I don't think so! That's not good!"

Lin Ran screamed in his heart.

"What's not good about it, I let you keep watch in the room, I didn't ask you to wash with me, what are you thinking!"

Qin Bing said without good humour.

However, when Lin Ran heard this, an image of the last time he had changed the bones and washed the marrow for this nee-san already came to his mind, and he immediately felt his nose get hot and a nosebleed emerge.

"You!"

Qin Bing's pretty face instantly turned even redder when she saw this.

"Don't misunderstand don't misunderstand! I've been on fire too much lately!"

Lin Ran busily explained.

Chapter 834

"That or I'd better go outside and keep watch, it's not convenient for you to stay in the room and take a shower!"

Lin Ran said busily.

"No way!"

However Qin Bing gave an outright refusal.

"It's my first time staying at this place, in case I'm missing something in the shower, I'll have to ask you to help me get it, no going out!"

With that, Qin Bing went into the bathroom.

"That, it's really not that I don't want to stay here, didn't you notice that the glass in this bathroom is"

Lin Ran said with his head bowed, only before he could finish those words, the sound of water draining was already coming from inside.

“Ah? What do you mean? I don’t need a bath, just a shower, it’s quick!”

Qin Bing didn’t hear Lin Ran’s words at all, saying that the sound of the water inside had already increased a lot.

“This is the end!”

Lin Ran screamed in his heart.

Sure enough, following that the glass of the washroom began to change.

Only to see that the glass gradually started to become clear from the woolen glass, and soon the washroom was reflected.

“This woolen glass is like transparent when it meets water, how come this nee-san doesn’t know that!”

Lin Ran’s heart was bitter, when he was in the rental house, Song Nuan didn’t know, and as a result, he was misunderstood, and this time Qin Bing actually didn’t know either.

Time passed by minute by minute, Lin Ran stood against this wall, not daring to turn his head, afraid that if he turned away, he would fall completely.

“Hey! What are you doing? Why aren’t you moving at all!”

Qin Bing also noticed that outside Lin Ran hadn’t moved his position since he was standing in place, and couldn’t help but feel a little worried.

“Don’t mind me, you hurry up and wash!”

Lin Ran was busy urging, jokingly he dared to move? He himself moved in case he saw it, whether he could explain it clearly for the time being, whether he could control himself was a question.

“There’s no towel in that one, get me one!”

Soon, the sound of water inside disappeared, obviously this nee-san had finished washing.

“Good!”

Lin Ran smiled as if he was relieved and immediately picked up the towel and walked over, as long as this nee-san came out wrapped in a bath towel, things would be over and he would be able to leave in peace.

But who knew that Lin Ran had just reached the door with the bath towel when Qin Bing, the girl, turned around as well.

At once the hairy glass seemed to be transparent, and everything in front of him was so charming.

“I”

Lin Ran’s head suddenly buzzed and followed nothing.

He just mumbled and handed the bath towel over, his eyes full of beauty, while a nosebleed was already unconsciously flowing from his nose.

“Hey! Why are you having another nosebleed!”

Qin Bing was so worried when she saw this scene that she hurriedly wrapped the bath towel and ran out.

This guy had a nosebleed just now, why is it flowing again now, is it some kind of disease!

“Hey! How are you feeling?”

Qin Bing asked busily as she ran closer.

“It’s fine Just a little anemic!”

Lin Ran was still immersed in the beauty of what he had just seen and was a little unresponsive.

“Hm?”

Qin Bing also noticed that something was wrong with Lin Ran, and following the direction he was looking in, he turned around and instantly saw the glass of the bathroom behind him.

The glass was originally woolen glass, but at this moment it had become as transparent as transparent, and even Qin Bing could see the sink inside, and the fog that was still steaming.

“Lin Ran!”

Qin Bing’s pretty face instantly turned red.

“You’re a bit anemic aren’t you?”

Qin Bing suppressed the shame and anger in her head and turned her head to look at Lin Ran.

“Mmm!”

Lin Ran was still reminiscing about the charming moment earlier and completely missed Qin Bing’s expression.

“I’ll let you be more serious in your anaemia!”

Qin Bing was so angry that she raised her hand and twisted Lin Ran directly on his waist.

“Hey!”

At once Lin Ran woke up with pain.

“What’s the matter! Why did you do it when you were fine!”

“You say it! Stinking rascal, actually peeping at my bath!”

Qin Bing said as she chased after Lin Ran from behind.

“Can you blame me for that? I said I’d go out, you wouldn’t let me, and now you’re blaming me!”

Lin Ran had a bitter look on his face.

“I wouldn’t let you go out, so you peeked in! Did you already know there was something wrong with the glass!”

Qin Bing said in shame and anger.

“Yeah! I wanted to tell you, but you wouldn’t give it a chance!”

Lin Ran was also helpless.

“Bullshit, you’re just a little rascal, you’re pissing me off!”

Qin Bing said as she went straight up and locked the door of the room behind her.

“You’re not going to run away today, I have to clean up properly!”

Qin Bing said.

“Hey! What are you doing! You probably can’t mess around with a lone man and a woman, I’m still a virgin!”

Lin Ran was instantly flustered.

“A child’s body? Who isn’t! Bastard! Every time you take advantage of me, today I’ll fly to let you!”

Qin Bing guarded and rushed towards Lin Ran once again.

However, she didn’t notice that the bath towel behind her had actually gotten stuck in the doorway at some point.

When she ran, the bath towel was directly ripped off, and her entire body spun around and ran out, looking like she was about to crash into a table on the side.

“Hey!”

At this dangerous moment, Lin Ran was quick to see and rushed up with a single step to wrap Qin Bing in his arms.

But the softness that came from his arms was like water, which instantly made Lin Ran’s whole body loose, as if his strength was instantly drained, following which the two of them collapsed onto the bed in unison.

“Bastard!”

Qin Bing was so angry that her pretty face turned red, having just been given another look by this guy, making her already a little violent.

“Sister, can you put your clothes on first, don’t fight!”

Lin Ran had his hands covering his face, but these finger slits were wider than his eyes!

“You’re still looking!”

Qin Bing was so angry that her pretty face turned even redder, and she hurriedly pulled the quilt next to her over to wrap herself up.

But with this wrap, she had wrapped Lin Ran in it as well.

At once, Li Ran only felt as if his face had hit something very soft.

“Weng!”

The entire room was instantly silent.

“Gulp!”

Lin Ran couldn't help but gulp, his heart already in his throat.

“Lin Ran! I'll kill you!”

Qin Bing finally couldn't hold back any longer and went straight under the covers to start the ten major tortures on Lin Ran.

“Ah! Don't pinch, it hurts!”

Lin Ran screamed in agony, and his miserable screams were even more incessant.

.....

“Where's Ranzi?”

Wang Yifeng and others came down from upstairs, half a day did not find Lin Ran one had to go back to the room to sleep.

But this is just lying down, Lin Ran your miserable screams came over.

“Shit!”

Wang Yifeng smiled and his old face turned red with anger.

“This brat, can't you consider Master Fatty's feelings!”

With that, Wang Yifeng got up and threw two punches at the wall to express his displeasure.

“Damn fatty, why are you hammering the wall?”

Soon, the voice of Leng Zhan came from next door.

“Shit! You didn't hear Ranzi's screams!”

Wang Yifeng said in discontent.

“There's no shouting, hurry up and go to sleep, what's the point of having sex in the middle of the night!”

Leng Chop scolded.

“!!”

Wang Yifeng was so angry that he gritted his teeth and took out his mobile phone to call Lin Ran.

Only at this moment, Lin Ran had no time to answer, he was already wrapped up in a blanket.

And beside him, Qin Bing was wrapped in a bath towel, her pretty face flushed red.

“Sister, I’ve really been wronged!”

Lin Ran wrapped himself in the blanket and jumped to the door, ready to open the door of his room to escape, but only when he opened this door did he realise that the door was actually locked behind him.

“Hmph! Want to run away? You’re not going anywhere tonight!”

Qin Bing was holding his belt and looked like he was going to eat someone.

“Why is my belt in your hand!”

Lin Ran couldn’t help but gag, he always felt like something was going to happen tonight.

Chapter 835

“You’ve seen enough, you’ve taken advantage, and now you want to run? Dream on!”

Qin Bing looked at Lin Ran, threw the belt aside, and as soon as she did, she directly pounced Lin Ran onto the bed with the blanket.

It was not until midnight that Lin Ran found the opportunity to open the door and run out of the room.

And at that moment, Qin Bing was lying on the bed, furious.

“That bastard! I even hinted so obviously, but he didn’t even budge, is he a man or not!”

.....

In the room, Lin Ran had managed to lie down on his bed and transferred his Medical Dao True Qi to finally suppress the restlessness in his body.

He remembered who had told him before that he must guard his virginity in the cultivation path, otherwise it would affect his achievements on this path again.

“The pillow book!”

Lin Ran suddenly asked in his mind.

“What’s wrong kid?”

Pillow Book asked as he spoke, while smiling and saying.

“Just now, you kid cut off my perception of the outside world, did you do something bad?”

With Lin Ran’s current ability, he could completely unilaterally cut off Pillowbook’s perception of the outside world, it was just that he hadn’t even done that before, and what happened just now was so aromatic that he had no choice but to cut it off.

“Think what!”

Lin Ran gave him a wonderful blank look, but followed it up with an awkward question.

“Is it true that you can’t even break your body in one line of cultivation!”

“Haha! And you said no!”

The pillow book leaned forward and back with laughter.

“Answer my question!”

Lin Ran said helplessly.

“No!”

Pillow Book said.

“The so-called broken body is only before the Qi Watching Realm, because this Qi is very difficult to gather, and once it’s broken, it will be very difficult to break through to the Qi Watching Realm!”

“But you’re already halfway to the Heaven Seizing Realm, there’s no such effect, instead Yin and Yang complement each other and will increase your cultivation speed!”

“Huh?”

Lin Ran was stunned at his words and couldn’t help but curse.

“Shit! It’s a big loss!”

“What? The duck in your hand has flown?”

Pillow Book laughed.

“Don’t talk nonsense, sleep!”

Lin Ran said without good humour.

.....

The night finally passed, and early the next morning, Lin Ran said goodbye to Li Sheng, Leng Zhan and the others and left.

The three of them, Leng Zhan, had to cultivate here with Li Sheng, so it was only Lin Ran, Qin Bing and Wang Yifeng who went to meet up with Lao Si.

“Stinky man!”

Qin Bing looked at Lin Ran, obviously still angry about last night.

“What? Still angry! How about meeting somewhere tonight?”

Lin Ran laughed at this, what was he afraid of if he had a pillow book.

“What a nice thought! The opportunity is fleeting, you’re the one who didn’t seize it!”

Qin Bing looked beautiful to you, obviously not ready to give another chance.

“Got it! There will be a long day ahead, next time it will be your turn to try and run away!”

Lin Ran laughed, with a glint in his eyes.

“You’re just a strong-mouthed king, I don’t believe you dare!”

Qin Bing laughed.

Lin Ran didn’t bother to explain, he laughed and didn’t say more.

.....

“Ranzi, why did you give this to Xiaojiu?”

At the back of the car, Wang Yifeng looked at the Buddha bead on Xiao Jiu’s wrist in bewilderment and was surprised.

This Buddha bead was something that Lin Ran had found from an herb at the Herbal Appreciation Conference back then.

It was precious, but it wasn’t of much use to Lin Ran, so Xiao Jiu gave it to her because she liked it.

“How can I say that Xiao Jiu is also my founding disciple, how can I do without a gift!”

Lin Ran laughed.

“Shit!”

Wang Yifeng was helpless, Xiao Jiu was still so young, even if she was the founding great disciple there was no need to give such an expensive gift.

You know, that Buddha bead was worth a fortune, but it turned out that this kid gave it away so easily.

“What a fucking loser!”

Wang Yifeng couldn’t help but curse.

Lin Ran didn’t answer, he just laughed.

Taking Xiao Jiu with him, a total of four people, they soon arrived at the agreed location, an office building that had just been built.

“It doesn’t look too bad!”

Looking at the beautiful office building in front of him, Qin Bing couldn’t help but praise it.

“Is the location good, or are the people good?”

Wang Yifeng asked with a smile beside him again.

“What’s the difference?”

Qin Bing was stunned.

“Yeah, what’s the difference?”

Xiao Jiu asked, following the same pattern.

“Then of course it’s different, the geographical location is dead, but people are alive, this future Ranzi will stay in the imperial capital, won’t a certain young lady be able to get the moon near the water!”

Wang Yifei laughed.

“Fatty, I’ve noticed that you’ve become more and more fluent in speaking this idiom lately too!”

Lin Ran laughed.

“That’s not a smashing drop, this is called keeping up with the times, Fat Master can’t be overwhelmed by the flood of the times!”

Wang Yifeng said proudly, patting his chest.

“Don’t be poor!”

Qin Bing gave him a blank look, then looked at Lin Ran.

“But speaking of which, this time you came to the imperial capital to open a company, do you really plan to stay in the imperial capital in the future?”

“No!”

Lin Ran shook his head and laughed.

“This time I’m opening a company to help a friend of mine, I’ll leave when the location is chosen, it’s all up to him how he develops in the future, I still prefer the pace of life in Tamagawa City!”

“Is it the pace of life in Tamagawa that you like, or the beauty of Tamagawa!”

On the side, Wang Yifeng smiled smugly.

“If you don’t speak the beauty takes you for a mute!”

Lin Ran said helplessly, this dead fatty could give you a digression wherever he said, he was simply a chatting ghost.

.....

The company’s main business is to provide a wide range of products and services to the market.

“Ranzi!”

The car door opened, followed by Liu Chen Zhang Xu as well as Liu Yusong then walked down from above, the one driving was none other than Zhang Xu.

“How about Old Six, is this car grand enough!”

Liu Chen laughed.

“That’s what I’m talking about, it’s a great car to drive out and talk business!”

Zhang Xu also laughed.

“Actually, I don’t want to buy it!”

Liu Yusong said helplessly from the side.

“It doesn’t matter, the money has been given to you, how you spend it is up to you, it’s up to you whether you can make a comeback or not!”

Lin Ran laughed, he wouldn’t say anything about it, but he wouldn’t give Liu Yusong any extra money either, after all, there were times when helping out was helping, but if the other party became addicted and took everything for granted, that would be too much.

“Hey, who’s this little girl? She’s really pretty!”

Zhang Xu was the first to notice Xiaojiu and liked it very much.

“Right! How come Lao Liu hasn’t seen it before!”

Liu Chen also wondered when there was a little girl beside Lin Ran.

Suddenly, the three of them all turned their heads to look at Qin Bing next to them, each gazing as if they were looking at a new continent.

“Why are you guys looking at me!”

Qin Bing was a little embarrassed by the look.

Liu Chen, on the other hand, scratched his chin in confusion.

“No! You don’t look like you’ve had a baby with that figure either!”

“Yuck! Who has had children, I’m not married yet!”

Qin Bing was busy arguing.

“Huh? Lao Liu then you guys are going a bit fast, not married and your child is already so big!”

Zhang Xu exclaimed before he could react.

“Pfft!”

Lin Ran almost spurted out a mouthful of old blood.

Next to him, Qin Bing was already blushing to the base of her neck.

“Who gave birth to his child!”

“Stop it, this is Xiao Jiu my sister!”

Lin Ran hurriedly explained.

“O so!”

Only then did the three of them dawn on them.

Following Liu Chen’s bright smile, he said.

“But Ranzi, you have to work hard, it’s not easy to find such a good kid these days!”

“Sure sure!”

Lin Ran laughed awkwardly.

Qin Bing on the side, however, heard her pretty face turn even redder as she gave Lin Ran a white glance, seemingly saying.

“Bastard! Definitely your head, who wants to give birth to your child!”

Chapter 836

“So what, is the place set?”

Lin Ran was busy turning his head plus pretending to ask the business.

“It’s already set, the deposit has been paid, we’re going to sign the contract today!”

Liu Chen laughed.

“Go, show you around!”

Liu Yusong laughed, while leading the way in front.

“Let’s go! The child’s mother!”

Lin Ran turned his head and laughed lowly at Qin Bing.

“You!”

Qin Bing’s pretty face, which had just returned to normal at the sound of this, instantly turned red again.

“Shame on you!”

Cursing in a low voice, Qin Bing still followed.

.....

The office building had just been built, and advertisements for external rentals could be seen everywhere, but what surprised Lin Ran was that from the moment they entered the office building, it was cold and quiet inside, and they didn’t see anyone coming to inquire at all.

“It’s so cold here!”

Qin Bing also saw the problem and said.

“That’s right, it’s not officially for rent yet, we’re using internal relations!”

Liu Chen laughed.

“Ranzi, I have to tell you about this, we met him at the bar and the man said he owns the place, so we’re sort of going through internal channels!”

Liu Yusong said busily.

Lin Ran smiled but shook his head.

“Lao Si! Don’t you understand?”

Liu Yusong was stunned at his words.

Lin Ran continued.

“I’ve given you the money, how you spend it and how you use it is your business, you don’t need to report everything to me, this company will also be under your full control in the future!”

“But you didn’t hire me

Liu Yusong was a bit puzzled.

“That’s just a figure of speech, otherwise would you accept this money for no reason at all?”

Lin Ran laughed.

“This money is yours, I won’t care how you use it or manage the company, but you also remember this is your only chance, don’t be careless!”

“Mmm!”

Liu Yusong nodded his head, with gratitude in his heart.

“Alright! Let’s go to the place first, if there’s no problem sign the contract today, I still have things to do in Tanjiang City, I have to hurry back”!

Lin Ran said.

“What’s the matter? Or else you’ll be busy first?”

Liu Yusong asked.

But Lin Ran shook his head.

Qin Bing at the side looked at Lin Ran suspiciously, something was going on in Tanjiang City? How could she not know, this guy obviously wanted to hurry up and sneak back to Temperance City, lest he be twisted to meet his parents.

“Let’s go! Let’s go see the place first!”

Lin Ran digressed.

“Mm!”

Liu Yusong didn’t ask any more questions and immediately led the group to the third floor of the office building.

This office building was very well lit from the third floor onwards, and even though it was morning, the sunlight pouring in the whole place was very comfortable.

“This is it!”

Liu Yusong opened the door to one of the offices and led the group inside.

However, what they didn't know was that not long after they entered the office, a young man stood up in a corner not far away.

The youth, with dyed yellow hair, seemed to be sleeping here just now.

"Someone?"

With a slight hesitation, Yellow Hair immediately took out his mobile phone and called out.

"Brother Mang! Someone is here in the office building, and it seems to be a tenant!"

"Tenants? That bastard Yue San hasn't paid me back yet, how dare he invite rentals? Stop them, I'll be right there with my men!"

A young man's voice came over the phone.

"Good!"

Huang Mao responded and immediately hung up the phone and walked towards the office.

"This is a nice place! At least we can get through the first two years!"

Qin Bing exclaimed.

This place was very suitable for a company that had just been created in its start-up phase, and as the location was in the suburbs, the rent would not be too expensive either, I thought.

"Old Six, this place is definitely worth it, the rent is a full fifty percent lower compared to the city!"

Liu Chen said with a smile.

Lin Ran nodded, also very satisfied with the place.

But just as they were all looking satisfied, a voice came in in a very discordant manner.

"A few of you are looking at the house!"

"Hm?"

Lin Ran and the others turned their heads at the sound of the voice, and immediately saw a yellow-haired young man leaning against the doorway, lighting a cigarette for himself.

"You are?"

Liu Yu asked loosely, not recognising the youth in front of him either.

"You can call me Xiao Huang, I'm here to tell you that my big brother will be here soon, if you want to rent a house, you have to meet with my big brother!"

The yellow-haired young man laughed.

"Is your big brother's name Yue San?"

Liu Yusong asked, it was a man called Yue San who had rented the house to him.

“Yue San? Oh, he’s worthy too!”

The yellow-haired young man laughed.

“Then who is your elder brother?”

Liu Yusong’s face also turned ugly, it was Yue San who rented it to him, but now this yellow-haired man was asking them to meet his big brother.

What was going on here?

“I mean, you guys don’t know what’s going on, do you even dare to rent this? What a foolish man with a lot of money!”

“Big Yellow, how can you talk to your brothers? If you have a fart, just let it out!”

Wang Yifeng said with displeasure, the other party’s attitude was too arrogant.

“Damn fatty, you’re talking to me?”

Yellow Hair put out the cigarette in his mouth and looked at Wang Yifeng with disdain in his eyes.

“Bullshit! Who else but you can be called Big Yellow here!”

Wang Yifeng sneered.

“Damn fatty, I think you have itchy skin! Do you know who my big brother is?”

Huang Mao’s face suddenly turned ugly, Big Yellow was clearly a dog’s name, he was not stupid who could not hear it.

“I don’t care who your big brother is, do you know who my big brother is?”

Wang Yifeng laughed and pointed at Lin Ran, who was on the side, and said.

“See, this is my big brother, not convinced, right, believe it or not, I’ll sit on my butt and kill you!”

“Good! Good! You have the guts! You’ve got a lot of people, don’t you? Wait for me!”

Yellow Hair said and turned around to leave.

But what Lin Ran didn’t expect was that this guy actually locked the door of the room from the outside with his hand.

The key was on the lock, and he had taken it away by hand.

“Holy shit!”

Wang Yifeng was furious at the sight of this, and was just about to rush out and smash the glass, but Lin Ran stopped him.

“Don’t be in a hurry, look at the place first!”

“You’re not sick, are you? What time is it to look at the place? We can’t get out!”

Wang Yifeng said busily.

Lin Ran, however, with his face still bland, said.

“The other side will open the door, when their big brother arrives!”

“No how can that be?”

Wang Yifeng was helpless and looked at Liu Yusong who was on the side.

However Liu Yusong was also dumbfounded, completely unaware of what was happening.

“Old Six!”

For a moment, the crowd was left without a backbone and looked towards Lin Ran.

“Soldiers will come and go!”

Lin Ran said indifferently, following his gaze as he swept through the entire office and sighed.

“This place is really nice, but it’s a pity that it can’t be used!”

“Ranzi, what do you mean?”

Liu Yusong listened with a slight frown and a vague sense of bad foreboding in his heart.

“If I’m right, you should have been punked, that Yue San is likely to have a problem!”

“But him!”

Liu Yusong was stunned, somewhat incredulous.

“That’s not right, that Yue San clearly showed us the title deeds and other documents of the place!”

Liu Chen said busily, the three of them had met with Yue San, and naturally they had seen many of the documents.

“That’s not clear!”

Lin Ran shook his head and then arrived.

“What’s going on, we can only wait for the other side to arrive, so maybe we can figure it out!”

Chapter 837

As the crowd was talking, the sound of footsteps once again came from by the doorway, but this time there were obviously many more people on the other side and the footsteps were all dense.

“Ka-ching!”

Soon, the office door was opened and seven or eight youths came in, all of them carrying baseball bats, and they were all aggressive.

And one of the leading youths was wearing a vest with a fierce tiger tattooed on his arm.

“Brother Tiger! That’s them!”

The yellow-haired youth said, pointing at Lin Ran and the others.

“You’re his big brother?”

Lin Ran looked at the youth named Brother Tiger and asked with a smile.

“Also yes and no!”

The other man laughed.

“I’m his Brother Tiger, my brother is our big brother! But my big brother is still on his way, so I came here first!”

Brother Tiger laughed blandly, while also putting out a cigarette, and a junior next to him immediately came forward and lit the cigarette.

“Pfft!”

Brother Tiger exhaled a smoke ring and looked at Lin Ran and the others and typed carelessly.

“You guys want to rent the house you’re in, right?”

“The idea was there before!”

Lin Ran said indifferently.

“O! Before, then you can start after now, this house rents for one million a year! At least three years to start with, if you want to rent it, just pay up or just get out!”

Brother Tiger looked at Lin Ran and said disdainfully.

“Who are you to kick us out, we’ve paid a deposit!”

Liu Yusong said busily.

He had already given Yue San a deposit of 100,000 before, how could he do it now if they were told to leave.

“Deposit? How much did you pay?”

Brother Tiger smiled at that.

“One hundred thousand!”

Liu Yusong said.

Brother Tiger smiled at his words but laughed.

“One hundred thousand? Good! Now then, if you don’t give to take one hundred thousand, you guys don’t leave!”

“You!”

Liu Yusong was furious at his words.

“Brother, what is going on, you have to make it clear to us!”

Lin Ran looked at the other party and said without being condescending.

Brother Tiger smiled at his words.

“How dare you come and rent the shop here when things aren’t clear, you guys are really stupid and rich!”

Brother Tiger laughed.

“Come on, you want to know right, fine I’ll tell you!”

“It’s true that Yue San is the developer here, but that kid owed my brother tens of millions and ran away, and he hasn’t recovered the money yet!”

“Don’t you want to rent a house here, fine! Just take the money!”

“And what if we don’t rent it?”

Lin Ran asked indifferently.

“That’s fine too, take your deposit of one hundred thousand dollars and give me a share of it too, it’s considered a labor fee for old me to come over and rip you guys off for so much!”

Brother Tiger laughed.

“On what grounds! It’s not like we asked you guys to come over, besides you don’t have the title to this place, why should I give you 100,000 yuan!”

Qin Bing frowned as he listened, this was simply blackmail.

“Yo! Didn’t notice, there’s actually a pretty girl!”

When he saw Qin Bing, Tiger’s eyes lit up and he laughed.

“It’s fine if you don’t want to pay, let this chick stay with me for one night and this will be over!”

“You bastard!”

Qin Bing’s face was ugly as he chided.

“Still a little pepper, brother I like it!”

Tiger rounded his chin, his gaze wandering recklessly over Qin Bing’s body, looking at her in exasperation.

“Holy cao! You’ve got itchy fucking skin!”

Wang Yifeng was furious at the sight and rolled up his sleeves to hit someone.

“Fatty!”

Lin Ran suddenly spoke.

“Ranzi, them!”

Thinking that Lin Ran was going to stop him, Wang Yifeng was a little angry.

However, Lin Ran’s next words made Wang Yifeng laugh.

Only to see Lin Ran’s eyes freezing cold as he blandly said.

“Help him loosen his mouth!”

“Got it!”

Wang Yifei laughed and instantly rushed towards Brother Tiger.

“Yo-ho, there’s really someone who’s not afraid of death, brothers copy!”

Brother Tiger laughed at this.

However, as soon as his words fell, Wang Yifeng already reached him with an arrow step, followed by a slap directly over.

“Copied? It’s more like copying your mother!”

As the words fell, he heard a “pop” sound, and a slap directly hit Brother Tiger’s mouth.

The two lips swelled up and seven out of ten teeth fell out of his mouth, and his whole body was directly lifted to the ground.

“Brother Tiger!”

Seeing this miserable appearance of Brother Tiger, the yellow-haired young man was also in a hurry and greeted.

“What are you waiting for? Hurry up!”

“Ah yes, yes!”

The group of people next to him reacted and immediately grabbed their baseball bats and lunged towards Wang Yifeng.

However, Wang Yifeng didn’t even bother with them and turned his head towards Huang Mao.

“Go!”

“I’ll let you go!”

“You like it, don’t you!”

“Stay up there and you don’t come down!”

Wang Yifei said, already hung the yellow-haired young man whole on the ventilation duct overhead, such a high distance to try to jump down without dying, but also must take off the skin.

“Goo dong!”

When the surrounding group of gangsters saw this, they were so scared that they didn't dare to go forward again, and they all looked at Wang Yifeng warily, just like looking at the plague god.

"Their a bunch of trash!"

Brother Tiger got up from the ground again, his mouth full of blood, and pointed at his men and cursed.

"Right, gotta help loosen your mouth!"

Wang Yifeng suddenly reacted and followed with an arrow step and rushed up again, this time without saying a word.

This time he didn't have to say a word. He raised his hand and slapped the youth with a series of blows to his mouth.

"Is this alright, Rangzi?"

After the beating, Wang Yifeng looked up at Lin Ran and asked with a smile.

"It's fine!"

Lin Ran smiled and led the way, dragons had a rebellious scale that would kill them if they touched it.

And Lin Ran's rebellious scales were the women around him, this was a principle that he felt he would not compromise on.

Lin Ran slowly stepped in front of Brother Tiger, squatted down and said.

"I'll give you a call, if you don't come in ten minutes, I'll leave!"

"You!"

Brother Tiger got up at his words, the other party was not only ready to teach himself a lesson, but also ready to beat his big brother together.

"Good! Good boy, you wait for me, when my big brother comes you have the guts to say it again!"

Brother Tiger was so angry that he took out his mobile phone and dialed out at once.

"Hello! Brother Mang!"

As soon as the call was answered, Brother Tiger said aggressively.

"Brother, you have to do something for me, I've been beaten up!"

"Fuck! Who beat him up!"

The angry voice of a youth came over the phone.

"It was the man who came to see the room!"

Tiger said accusingly.

"And he told me to tell you that he'd be gone before you were ten minutes away!"

“Holy crap! I’ll be there in a minute, tell him to wait for me if he has the guts! Fuck, you dare to beat up my brother, you want to die!”

Mang’s angry voice came over the phone.

“Kid! You heard everything, don’t leave if you have the guts!”

“Well! One minute can still wait!”

Lin Ran smiled lightly and whirled around to get up and not bother with Brother Tiger.

A minute passed by in the blink of an eye.

Soon a figure appeared at the entrance of the office building, yes it was a man.

The man was very fit, a practitioner at first glance, with two gloves on his hands that showed his fingers, and a hostile aura emanating from his body.

“Who beat up my brother!”

As soon as Brother Mang arrived, he rebuked directly, while sweeping his gaze over the people present, finally landing on Wang Yifeng.

“Did you beat him up?”

Brother Mang’s eyes were icy cold and his body was covered in a murderous aura of forest.

“Big brother, it was him! But there’s also that kid, he’s the one who instructed!”

Brother Tiger was busy stepping forward and said, while pointing at Lin Ran.

“Holy shit what the hell!”

Brother Mang was taken aback, looking at a man with a mouth full of blood and a face swollen like a pig’s head coming up to his side, and reflexively kicked him out.

Chapter 838

“Brother, I’m your brother!”

With a bitter look on his face, Tiger stuck up again.

“Brother?”

Brother Mang was stunned and stared at the other man for half a day before he recognised that it was really his own brother.

“How did you get beaten up like this?”

Brother Mang had a distressed look on his face.

“Big brother, it’s him! But there’s also that kid, he’s the one who instructed you!”

Brother Tiger pointed at Wang Yifeng and Lin Ran.

Only then did Brother Mang turn his head to look at the two men, and when he saw Lin Ran, he instantly laughed.

“Just your fucking body and you’re still out looking for trouble? I could kill you with a slap!”

With that, Brother Mang was about to make a move at once.

“Wait!”

Lin Ran suddenly spoke.

“What? Afraid?”

Brother Fierce laughed smugly, what was it if letting wait at this point wasn’t being afraid.

“Kid! If you knew that now, why did you do it in the first place, when you beat up my brother from time to time you were very dragging! And this fat bastard, wasn’t he arrogant? Now how come you’ve wilted?”

Brother Mang sneered.

“Brother, I can’t spare them, my face is broken, how can I find a daughter-in-law in the future, I must get this back today!”

Brother Tiger was also busy saying, after he finished he seemed to feel that he was still not relieved, he even shouted.

“Yes! We must get this back, even if you two kneel down and shout to your grandfather, it won’t work!”

“Just you? I’m not afraid that if I shout out, I’ll be scared to death straight away!”

Wang Yifeng sneered.

“And broken face, just your broken face looks better than not broken face!”

“You!”

Tiger was so angry that he gritted his teeth and pointed at the two men angrily.

“Good! Good! Sharp teeth, when you get beaten down later, I’ll see if you’re still so arrogant!”

“Kid! If you’re afraid, just say so, Brother Mang I’m not an unreasonable person, if you don’t want to get beaten up we can negotiate terms!”

Brother Mang looked at Lin Ran with a cold smile on the corner of his mouth.

This group of people in front of him were here to rent a house after all, they must have money in their pockets, so it would be good if they could knock a buck off.

“I asked you to wait just to ask a question, as soon as you came over you wanted to make a move, don’t you want to hear why we beat up your brother?”

Lin Ran said indifferently.

“O?”

Brother Mang was stunned at his words and was interested.

“A beating is a beating, and you have to say why, interesting! Come on you tell me! Give me a reason not to beat you up!”

Lin Ran smiled blandly at his words and spoke.

“Your brother spoke out of turn and molested my woman, say whether he should be beaten or not!”

“He should be beaten!”

Brother Mang nodded, a playful smile on his face.

“Is it appropriate for your brother to ask us for money in your financial dispute with Yue San?”

Lin Ran continued.

“Inappropriate!”

Brother Mang laughed.

“Then it is, with a bad mouth and making trouble out of nothing, do you think it’s appropriate to beat him up!”

Lin Ran laughed lightly.

“Should be beaten! But then!”

Brother Mang zoled his back teeth, pretending to be unable to do so.

“You said this Tiger that’s also my brother, you beat up my brother, it’s not too much for me to beat you up!”

“Huh!”

Lin Ran laughed.

“It seems that this reasoning does not make sense, really the crows under the world are generally black!”

“Whether or not reason makes sense, that depends on whose fist is hard, your reason definitely doesn’t make sense here, because this is my territory, and here, my fist is all they are!”

Brother Mang said and held out a hand at Lin Ran, gesturing a big five.

“Here are two ways for you, firstly today I will beat up your own father so that you can see properly how this reason of Laozi is written!”

“Second, five million dollars, this matter is considered to be over, my brother’s beating I am also not pursuing, you choose yourself!”

Said Mang, lit a cigarette and smoked himself.

“Big brother, can’t put”

The first thing you need to do is to get a good idea of what you're getting into.

"Shut up!"

Brother Mang glared at him, scaring him to stop talking nonsense.

"How are you thinking about it?"

Brother Mang turned his head to look at Lin Ran and the others, with teasing in his eyes.

"No need to think about it!"

Lin Ran said indifferently.

"O? Then you choose the same thing!"

Brother Fierce held a cigarette in his mouth and took out a lift of pos machine from his pocket, gesturing at Lin Ran, fist in one hand and pos machine in the other, the meaning was clearly obvious.

"The second one then!"

Lin Ran smiled lightly as he swept his gaze over the crowd and laughed.

"I also want to see how hard your reasoning is, Brother Mang!"

"Fatty, go check it out for me!"

Lin Ran laughed.

"Got it!"

Wang Yifeng had been waiting for a long time, and when he heard this, he rushed straight towards Brother Mang.

"Enough balls!"

Brother Mang instantly laughed as well, looking at Wang Yifeng who had already rushed forward, he raised his foot and kicked over.

"Baby! That's not how you fight!"

Wang Yifeng laughed at this, and with a faster speed of his leg, he kicked Brother Mang directly on his calf, instantly kicking his raised leg back.

"Hmm?"

Brother Mang's face sank and he easily stood still, seeing that Wang Yifeng had already impelled to approach, he raised his hand and threw a punch.

"Come on! Let me check whether your reasoning is hard or not!"

Wang Yifeng laughed and followed with a punch that came straight over.

The two fists met and really clashed hard.

At this moment, the surrounding gangsters even had a happy look on their faces, as it was obvious that Brother Mang had a better chance of winning this fist clash.

“Big brother is awesome! Big brother bully! Big brother you are my”

The tiger on the side even cheered up directly.

But before he could finish shouting these words, his own face changed, and the faces of the group of punks next to him changed at the same time.

“Big brother, What’s wrong with you?”

Tiger couldn’t believe the scene in front of him.

Only to see that the moment the two of them clashed, Brother Mang’s whole person actually flew backwards directly and fell heavily on the wall behind him.

And a crisp sound of bones breaking even echoed throughout the office.

“Tsk! You’re afraid this reason isn’t hard enough, is there another one you want to do again?”

Wang Yifeng looked at Mang and laughed, while pointing at the other party’s other hand.

“You!”

Brother Mang’s face was grim at this moment, his forehead was covered with beads of sweat, with that punch just now, his arm was directly fractured, only the other hand was left intact, if this came again, he would not be completely ruined.

“Can we go now?”

Lin Ran asked indifferently as he slowly stepped forward and looked at Brother Mang, who had easily gotten up.

“I’m unlucky to have fallen into your hands today, you guys go!”

Brother Mang said through clenched teeth.

“Big brother, just let them go?”

On the side, Brother Tiger was upset.

“Or what? You go and fight!”

Brother Mang chided, instantly scaring Brother Tiger, who turned his head to look at Lin Ran and Wang Yifeng and couldn’t help but gag.

Just kidding, his own big brother was miserable with one punch, if he went himself, I’m afraid half of his life would have to be lost.

Thinking of this, Brother Tiger couldn’t help but get chills down his spine and was busy squeezing out an ugly smile on his face.

“So what, my little brother has eyes that are not aware of Mount Tai, a few grandfathers you guys please put!”

Lin Ran and the others looked at each other at his words and shook their heads all laughing.

“It’s definitely time to go, but before we go, I have a few more questions for you.”

Lin Ran looked at Brother Mang and said indifferently.

“What questions?”

Brother Mang was stunned, his brows furrowed as he wondered what medicine Lin Ran was selling in his gourd.

Chapter 839

“Details of Yue San!”

Lin Ran said indifferently.

“What are you asking him for?”

Brother Mang was stunned at his words and frowned slightly.

“There’s no need for you to know that!”

Lin Ran said indifferently.

Brother Mang looked at Lin Ran, thought for a moment, and then finally said.

“The Yue trio gave the nickname Third Brother, a complete bastard, he invested in this office building in the first place, and borrowed a lot of money from me and the others, but after it was completed he never mentioned paying it back, that’s why I brought people here to block it!”

“Is there anything else?”

Lin Ran continued to ask.

“What do you want to know?”

Brother Mang looked at Lin Ran and frowned.

“Family, origin, and where to find him!”

Lin Ran said blandly.

“He’s an orphan, no parents, he’s basically impossible to find now, he won’t show his face unless he has money to earn, as for his origins, I think he said that his name wasn’t actually Yue San, but Yue San, which is the same as Yue Mountain, but no one cares about this, so I don’t know if it’s true or not!”

Brother Mang said, looking towards Lin Ran.

“I’ve told you everything I know, now you can go!”

“Mm!”

Lin Ran nodded, then looked at Brother Fierce and smiled.

“I hope you’re not lying, or I’ll come back for you!”

“You!”

Brother Mang’s heart chilled as he heard this, and the corners of his mouth couldn’t help but twitch twice.

“Go!”

Lin Ran smiled lightly, then greeted the crowd and led them away.

.....

“Ranzi, you shouldn’t?”

Just after leaving the office building, Liu Yusong came over and said suspiciously.

“That’s right! Get the deposit back!”

Lin Ran said blandly.

“But I’m afraid it’s not easy to ask for the money, if that Yue San is really a bastard, I’m afraid he won’t show his face again!”

Liu Chen worried.

“You don’t understand, how treacherous Ranzi is, if that Yue San wants to stop showing up, it depends on whether Ranzi agrees or not!”

Wang Yifeng laughed.

“Fuck you!”

Lin Ran gave him a blank look, and then looked at Liu Yusong.

“Which one of you contacted him before?”

“It was me!”

Liu Chen said.

“Good! You call him now and ask him to go to the place where you talked about business last time in the evening, and say that you are going to rent two more offices and are in a hurry to get a deposit today!”

Lin Ran said.

“Huh?”

Liu Chen was stunned at his words, he hadn’t asked for the first deposit back yet, how could he have to pay it again.

But then he understood, Lin Ran was trying to lure a snake out of a hole!

“Understood! It’s all on me!”

Liu Chen smiled, and immediately took out his phone and ran to call up.

Sure enough, not two minutes later, he came back with a smile.

“It’s done, the guy was very quick to agree when he heard that he had to give a deposit again!”

Liu Chen laughed.

“Hmm!”

Lin Ran nodded his head and spoke after a moment of ringing.

“This way, Fatty, you take them to Li Sheng’s place, tell Leng Zhan and the three of them to check out this Yue San, the more details the better! We need to give the results before we go to the appointment tonight, Qin Bing and I will go to other office buildings to see if there is a suitable place!”

“Good!”

Wang Yifeng nodded, and immediately led Liu Chen and the three of them away.

“Let’s go!”

After the four people left, Lin Ran greeted Qin Bing.

“That or else, I’ll help you find a place?”

Qin Bing smiled.

Looking at her smile, Lin Ran however felt how there was something in the words.

“Are you going to help find it, or are you going to let your family help you find it!”

Lin Ran asked with a smile.

“Of course I’ll help find it!”

Qin Bing straightened her back and said.

“In the past, when I first graduated, several of my friends started their own businesses and I helped them find places, so you can rest assured!”

“Alright then! Let’s go take a look!”

Lin Ran laughed, and immediately got into the car with Qin Bing.

According to Qin Bing, although she was in Tanjiang City, she would also watch the news of the Imperial City from time to time, so she was also very clear about where there were office buildings in the new area of the Imperial City.

Sure enough, under Qin Bing’s guidance, the two of them soon arrived at a very busy area, where there were actually several office buildings.

“The rent here?”

Lin Ran was a little worried, after all, he had given Liu Yusong limited funds, if he put too much money into the rent upfront, it would inevitably affect the company's development.

"Don't worry, the price here is more expensive than the one before, but it won't be too much, they can definitely accept it!"

Qin Bing smiled and then led Lin Ran into the office building.

The office building was very busy, with many companies of all sizes. The two of them were not in a hurry to go to the reception desk for advice, instead they went around the office building to see the environment and atmosphere.

"Earth Industries! This company looks pretty big!"

"Liang Liang Trading Company! This one looks pretty formal too!"

"Not bad this place!"

Lin Ran was very satisfied.

The two of them had strolled around for an hour before they knew it, and had also strolled from the ground floor to the twentieth floor, almost to the top floor.

"Let's take a break and go ask the front desk later!"

Lin Ran laughed.

Looking at his watch, it should be 3pm at this point, not many hours before the agreed 7pm.

"Mm!"

Qin Bing answered, and immediately the two of them made their way down in front of a company in the office building, which was not bad, with seats placed at the entrance for people to rest.

"Love you Yo?"

Lin Ran looked at the sign hanging on the door of the company next to him and smiled.

"Huh?"

Qin Bing didn't react and suddenly her pretty face flushed, her gaze looked around and only when she saw no one around did she sigh with relief and pouted.

"Why are you talking about this at this time! Nasty!"

"Huh?"

Lin Ran was stunned and a little confused.

"Say what? Just love you yo!"

"You! You're still saying that! I know!"

Qin Bing blushed with shame, not daring to look at Lin Ran.

“You know? If you know, you know, what’s with this reaction?”

Lin Ran wondered, knowing the name of a company didn’t warrant this reaction!

“You’re annoying, I’m shy!”

Qin Bing pouted, while directly fluttering into Lin Ran’s arms, the little bird clinging to her.

“I ...”

Lin Ran was helpless, how come he shouted a company name and this nee-san even took the initiative to throw herself into the arms, was this God’s eyes opening?

“The two of you can come in now!”

Suddenly, just when Lin Ran was being beautiful, the company door in front of him suddenly opened, followed by a beautiful woman who poked her head out and looked at the two of them and smiled.

“Go in? What for?”

Lin Ran was surprised, why did this person let himself two people in, what did he mean?

“It’s already your turn!”

The beautiful woman laughed.

When Lin Ran heard this, he was stunned and said, “Could it be that Qin Bing had already made an appointment? This Love You Yo company is the management office of this office building?”

“Okay, I’ll be right in!”

With this in mind, Lin Ran got up and greeted him. Qin Bing also reacted at this moment, turned around and smiled, followed Lin Ran inside.

But when she passed by the entrance of the company, she saw the sign hanging on the entrance of the company, “Love you!”

“Love you? Love you!”

Qin Bing’s head was suddenly confused and she realized that Lin Ran had not just said love words to herself.

When she thought about how she looked just now, Qin Bing just wanted to find a crack in the ground and burrow into it.

“What a shame!”

“No!”

Suddenly, Qin Bing felt that she had missed something, she hurriedly recalled, and only then did she remember that there was a line of kid written underneath that Love You Yo company sign.

“Mother and Baby Training Limited!”

Chapter 840

“What’s this kid doing bringing me here?”

Qin Bing’s pretty face instantly turned even redder.

Could it be that this brat already had plans to have a child?

Qin Bing thought in her mind, her pretty face already so red that water could drip out of it.

“Two of you, this way please!”

The beautiful woman who was receiving him smiled and led the way in front, but Lin Ran was looking a little puzzled.

The entire interior of this Aiyou company was decorated in pink, and it looked too cozy.

The key was that the receptionist was actually wearing a nurse’s uniform, what did this mean? Uniform temptation?

“That’s not beautiful, does your company all require nurses’ uniforms?”

Lin Ran asked awkwardly.

“Yeah! We’re a regular company here, we require nurse’s outfits to be worn!”

The pretty girl turned her head and smiled, a serious one.

“Eh!”

Lin Ran was a little envious, what kind of company was this, female employees were required to wear nurse’s outfits, did they still have the heart to work properly at work?

“You’re annoying, what would I wear if I didn’t wear a nurse’s outfit!”

On the side, Qin Bingqiao blushed red, the mother and baby training company must all be in nurse’s outfits ah.

“Sorry sorry sorry! It’s my ignorance, I didn’t think that all the companies in the empire were so ‘formal’.”

Lin Ran laughed awkwardly.

The beautiful receptionist smiled and didn’t say anything, but in her heart she laughed.

“What’s wrong with wearing a nurse’s outfit? Is this kid sick? It’s not normal to not wear a nurse’s outfit for mother and baby training, right!”

“Two, this is the place, but sir please wait outside, only ladies can go in!”

The beautiful receptionist laughed.

Lin Ran was stunned and looked at the office door in front of him, the words “Training Room” were written on it, so he was a bit helpless.

“It’s not beautiful, you still have to train to do this?”

“Or what?”

The beautiful receptionist looked at Lin Ran as if he was a fool.

“Then why won’t you let me in!”

Lin Ran was even more puzzled, shouldn’t he talk to himself about renting an office? Did he look a lot like Qin Bing’s secret art?

“You’re so full of crap, what are you doing in there! You don’t know how to give birth!”

Qin Bing said in shame, why was this guy so unenlightened this time.

“No, give birth to what? We’re not here to rent

Lin Ran wondered, just before he could finish these words, the beautiful receptionist was stunned and busy speaking.

“Sir sir, don’t worry! No matter if you are renting or how you came, our company keeps it a secret, just give birth!”

The beautiful receptionist was very experienced and looked at Qin Bing and then at Lin Ran already understood, Lin Ran’s dress and Qin Bing were simply not in the same class, obviously these two should be in a cooperative relationship.

“No! What childbirth, what are you guys talking about? We’re here to rent an office!”

Lin Ran said in confusion.

The beautiful receptionist was dumbfounded at his words, and so was Qin Bing.

However, Qin Bing quickly reacted and hurriedly interrupted.

“That, my husband is rather busy and will have to rent an office later, so go in first and I’ll talk to him and go in right away!”

“Alright then!”

The beautiful receptionist looked at Lin Ran like he was a fool, and followed before going into the training room first.

“No what’s going on here?”

Lin Ran asked awkwardly, he had absolutely no idea what was going on.

“What do you mean what’s going on, you brought me to a place like this and you’re asking me what’s going on?”

Qin Bing looked at Lin Ran, her pretty face flushed red.

“I brought you here? Didn’t you make the reservation?”

Lin Ran was dumbfounded and was busy asking.

“What kind of place is this?”

“What do you think?”

Qin Bing gave him a white glance without good humour, followed by pointing to a few paintings on the wall next to him, all of which were images of mother and baby training, and Lin Ran was instantly stunned to see them.

“I thought it was you who made the appointment to rent the house, why did you come here!”

Lin Ran’s old face was instantly filled with embarrassment.

“You!”

Qin Bing was so angry that her pretty face turned even redder, she thought it was Lin Ran who had brought herself here on purpose.

“What now?”

Qin Bing couldn’t hold up a bit either, the two of them didn’t even have a certificate, let alone being said to have made a man, but now they had run away to this place, it was simply as awkward as it could be.

“What do we do! Run!”

Lin Ran said helplessly.

But just as he was about to bolt, the door to the room behind him opened again.

“Have you two discussed this? Our new round of midwifery exercises will start soon, when are you coming in?”

The beautiful receptionist poked her head out and smiled.

“Right away right away!”

Qin Bing said awkwardly.

“Then come in, I’ll choose a good seat for you!”

The beautiful receptionist said.

“Then what, or I’ll go out and wait for you? Men aren’t allowed in anyway!”

Lin Ran saw that he couldn’t get away today, so he was ready to bolt on his own, after all, I’m afraid that this training room was full of women, so it would be too embarrassing for him to go in as a man.

“Yes, yes, otherwise let my husband go out and wait!”

Qin Bing was also busy saying, she was also embarrassed and uncomfortable with Lin Ran here, if Lin Ran could go out and wait, she would at least relax a little and find a way to get out in a hurry.

“Right, right! I’ll go out first then!”

Lin Ran said and was about to leave, yet who knew that the beautiful receptionist would actually smile and say.

“No, next is the gymnastics for couples to complete together, you can come in together!”

“Huh?”

Lin Ran listened with sudden despair.

“Then it’s over!”

Qin Bing was even more speechless, did she really have to go in with this guy to do the health exercises for mother and baby care? The key was that the two of them hadn’t even had that!

“Go in! What else can we do!”

Lin Ran said with an embarrassed look on his face, he couldn’t just say in public that he had gone to the wrong place?

If it were any other place, it would be fine, but this was a mother and baby training, so people might think they were peeping toms, and I’m afraid they’d get a bad reputation.

“Okay!”

Qin Bing also understood, and had no choice but to walk towards the training room with Lin Ran.

Just as the two reached the door, the beautiful woman received a question.

“Two, how many months pregnant are you now?”

“Huh?”

“Huh?”

The two Lin Ran were stunned to hear this, and their faces instantly turned red.

How many months pregnant? Not pregnant at all, let alone not pregnant at all

“Two months! Two months!”

Lin Ran said awkwardly.

Qin Bing heard even more embarrassed than Lin Ran, couldn’t help but raise her hand and twist on his waist, said she was pregnant two, at this point Qin Bing was simply about to freak out.

“O! That’s crucial, until three months is the most dangerous stage for miscarriage, you must take good care of it!”

The beautiful receptionist laughed.

“Yes, yes definitely, I will take good care of it!”

Lin Ran said helplessly.

The two then followed the beautiful receptionist into the training room.

As for what happened next, it was simply embarrassing as hell.

Lin Ran only remembered that the entire time down Qin Bing was looking at herself with a murderous intent, as if whenever she almost again, that slender as sheep’s jade palm would give herself a slap.

The key to bringing a woman to this kind of place is that the two of them even slapped The two of them did not even have a chance to have sex, this is simply to find excitement.

Finally, after an hour, Lin Ran two people finally walked out, and at this time, both of their faces were red and puffy, as if they had put on powder.

“Lin Ran, do you know what I’m thinking right now?”

Qin Bing turned her head to look at Lin Ran, mumbling to.

“Thinking about what?”

Lin Ran was equally mute, with a raw look on his face.

“I’m thinking about how I should beat you!”

Qin Bing’s words suddenly changed as he raised his hand and struck at Lin Ran’s body, adding as he did so.

“Bastard! Saying I’m two months pregnant, why don’t you go to hell, just you running back to your room in the middle of the night, I’m two months pregnant with a ghost!”

“Hey, hey! Listen to my explanation, I didn’t know either!”

Lin Ran said as he ran, however Qin Bing didn’t listen to him at all.

“Stop chasing, the invoice slip is for you!”

Lin Ran hurriedly threw the invoice slip to Qin Bing and turned around to continue running.
