

Wonder Doctor

Chapter 841

After all this fuss, instead of finding a suitable shop, they were given a good raving by Qin Bing, while wasting two hours of their time.

At 6pm, the two also returned to Li Sheng's location and met up with the crowd.

"Boss!"

The two Lin Ran had just returned when the three of them, Leng Zhan, also rushed back from outside, with a thick piece of information in their hands.

"Checked it out?"

Lin Ran asked with a smile.

"Mmm!"

Leng Xuan nodded, following which he handed the information to Lin Ran.

As the King of Soldiers, and with the cooperation of scouts Wang Mao and Ah Zhan, wanting to investigate a person's information was as easy as pie for the three of them.

"Well done, come with me tonight!"

Lin Ran laughed, while picking up the information and reading it.

"Well?"

A few moments later, Wang Yifeng also came over and asked curiously.

"Brother Mang didn't lie, this Yue San's real name is really Yue San, and he is the illegitimate son of Yue Qiu, a senior executive of the Yue family, only that this Yue Qiu has never admitted it!"

Lin Ran laughed.

"Holy shit! The Yue family are all so playful that their illegitimate son has come out!"

Wang Yifei laughed.

"It's normal, this kind of magnate family, not to mention illegitimate children, can make it to senior management, I'm afraid there are a ton of lovers!"

Liu Chen laughed at the side.

"Tsk! I feel a bit sorry for my family! We are a rich man, not to mention a rich family, but we are a rich man, but now? We don't even have a daughter-in-law, and we've been told that we're lovers!"

Wang Yifeng sighed bitterly.

"Don't talk nonsense there, don't you still have a Xiao Cui!"

Lin Ran teased.

“Hey! Speaking of Xiao Cui, I haven’t been to see her for so long, I’m sure I miss fat brother me!”

Wang Yifeng had a wistful face.

“Get the hell out of here! Pack up and get ready to go!”

Lin Ran said helplessly.

The crowd packed up their things and immediately got into the car, except that surprisingly, Wang Mao didn’t follow along, instead he got into a car alone.

According to the information the three Leng Zhan had obtained, it was indeed not a difficult task to get their deposit back.

.....

The car slowly drove out of the villa community, but Lin Ran and the others saw Wang Lei who was on duty and couldn’t help but all smile.

The company’s main business is to provide a wide range of products and services to the public.

A moment later, after Lin Ran and the others had driven out of the community, he heavily cursed.

“Bastard! Causing me to be directly disqualified from this security team leader’s election, you guys wait for me on this beam!”

With that, Wang Lei directly took out his phone and ran to an unoccupied place to call up.

“Hello! Lei Zi looking for me for something?”

An irritated voice of a youth came from the phone.

“Big brother, you remember what I told you this morning, right? That group of people are out now, and they will probably be back in a while, look!”

Wang Lei whispered, looking respectful.

“Is the money ready?”

The other party asked.

“Thirty thousand dollars and not a penny less!”

Wang Lei gritted his teeth, this was his full half year’s salary, and now he was willing to go out of his way in order to teach Lin Ran and the others a lesson.

“Good! Be there in half an hour!”

The other party said, following which he hung up the phone.

“Humph! Play with Laozi, I’ll make you blossom tonight!”

Looking outside the cell, Wang Lei’s face was filled with smugness.

.....

The Passion Club is one of the most famous clubs in this area of the suburbs of the imperial capital, which has not only bars but also KTV and private places, where you can have fun outside, and where you can't have fun.

At seven o'clock in the evening, when the clubhouse is gradually getting crowded, the entire entrance of the clubhouse is bustling with activity, and those who enter and leave here are all of noble status, or rich and powerful.

"Yo! If it isn't Brother Liu and Brother Zhang, why did they bring their friends along this time?"

As soon as the crowd arrived at the entrance of the club, a young man watching the door greeted them with a smile, and it was precisely Liu Chen and Zhang Xu who went for them.

"Yeah! Bring your friends along to have some fun! It's the same place as last time!"

Liu Chen laughed, while drawing out two hundred yuan bills and throwing them to the other party.

"Ranzi, don't mind, that's the kind of rule here, you have to have money if you don't have power!"

Zhang Xu explained beside him again.

Lin Ran, on the other hand, smiled blandly and didn't say anything more.

As he had said before, he had already given the money to Liu Yusong, how he spent it was his business, Lin Ran would not ask about it.

However, he did not approve of what Liu Chen and Zhang Xu were doing.

He understood that his roommates were ordinary people who had never seen so much money in their lives, and that they had probably gone crazy when they arrived.

Money is good for business, and soon the crowd was taken to a spacious private room, and the other party was very considerate in calling for a few beautiful women for the crowd to choose from.

"No need for that today, we have something to talk about!"

Zhang Xu stepped forward and dismissed the people, and the entire private room was then quiet.

"Ranzi!"

Liu Yu looked at Lin Ran with a loose mouth, feeling a little overwhelmed by the various services the other party had provided all the way over here, which had exposed what they had done before coming here.

"I know what you phase say!"

Lin Ran ground out a cigarette and electrified himself, taking a puff and looking at the three as he spoke.

"Boss, Two, Yusong, I, Lin Ran, will speak to you today from the bottom of my heart!"

"As I said before, the money is given to you, how you spend it is your business, but seeing what happened today, I do feel very heartbroken!"

“This money, it’s for you to rise again, not for you to use to spend your money, you guys haven’t seen enough of this much money, I can understand that, but this will not be the next time!”

At this point, Liu Chen and the others could feel the anger in Lin Ran’s heart, and one by one, they did not answer.

“In the end, I’m really busy, after helping you choose an address this time I’ll leave and go back to Temperance City, I won’t ask about how the business here will be in the future, it all depends on you guys!”

“I hope you guys can get back on the right path as soon as possible, because I can’t be there every time something happens to you, so be good to yourselves!”

After saying that, Lin Ran stopped talking and quietly leaned back on the sofa to smoke.

Liu Chen and the three of them all felt a little sour in their hearts as they listened.

They knew Lin Ran’s character very well, and this time it was obvious that he was really angry.

“Ranzi! Come and drink!”

Wang Yifeng picked up a glass of wine to change the subject, after all, they were all university classmates, and he didn’t want Lin Ran and the others to have too much of a strained relationship.

“Ranzi, what happened this time was our fault, we definitely won’t do it again!”

Liu Chen took the lead and spoke up, while punishing himself with a drink.

“I promise too!”

Zhang Xu also followed suit and doubled his penalty, while Liu Yusong didn’t say anything, and Lin Ran didn’t care.

After all, this time, Liu Yusong was actually all passive, mainly because Liu Chen and Zhang Xu were playing a bit too big.

“All right! Let’s stop this matter here and call Yue San!”

Lin Ran said.

“Mm!”

Liu Chen nodded his head and immediately went to give Yue San a call.

Soon after the call was answered, Liu Chen hung up with a smile.

“It’s done, we’ll be there in ten minutes!”

Lin Ran nodded at his words and immediately glanced at Fatty.

The latter understood and immediately went forward to turn on the KTV function in the box, then amplified the sound before turning around and smiling at the crowd.

“Brothers! Get high!”

“Pfft!”

Seeing this scene, Qin Bing couldn't help but laugh.

The others were also very cooperative in picking up their drinks and starting to party.

Only the two of them, Leng Zhan and Ah Zhan, stood behind the door, waiting for Yue San to arrive.

As for Wang Mao, he hadn't followed him since he left the district. As for where he had gone, no one knew.

## Chapter 842

The crowd didn't know where the old cat had gone, but no one would ask, because everyone was clear that this was Lin Ran's arrangement.

The sound inside the box resounded through the sky, and at that moment outside the box, a middle-aged man in his early thirties, his hair tousled and shiny, and holding a briefcase in his hand that looked as grand as a big boss.

“Hey! Ah Lian ah, didn't I tell you, third brother, to come over later! When I get this money, I'll bring you back to eat and drink spicy food, wait for me in bed haha!”

With greed in his eyes, Yue San smiled and hung up the phone, then pushed the door and walked in.

Once he saw so many people in the private room, he was first stunned, and only smiled when he saw Liu Chen and Zhang Xu greeting him with a smile.

“Long time no see for the two old brothers!”

Yue San walked over with a smile, but there was disdain deep in his eyes.

In his opinion, these two people were just green gourds, just out of school, their families had some money and they came out to start their own business, not to pit them against anyone.

“Third brother, you are really hard to find!”

Liu Chen said with a smile, while pulling Yue San to sit next to him.

“Who are these people?”

Yue San looked at the rest of the room and only then did he notice that there were actually two people standing behind the door while they were closing the door at the moment.

“These ones are my friends, this is the one you're talking business with today, he's the one who wants to rent two offices!”

Liu Chen smiled and pointed at Lin Ran.

“Hello!”

Lin Ran raised his glass in greeting.

“Hello brother, how would you like to rent!”

Yue San said with a smile.

Lin Ran then raised his glass and walked over, sat down next to Yue San and smiled.

“Brother Yue San, did my two friends rent their offices from you?”

“Yes! You guys can ask him how my lot is decorated, it’s definitely great value!”

Yue San laughed, while his eyes glanced at Lin Ran for a moment, feeling that the teenager in front of him was afraid that money was not easy to earn, but that was all.

Looking at Lin Ran, who was about the same age as the three Liu Chen, he was soon relieved.

“They’re all raw, messing with you is just a bit of work at most!”

“I’ve seen the place, it’s very nice! It’s just when can we sign the contract after this deposit is paid!”

Lin Ran asked with a smile.

“Anytime, you can give me the full payment today and tomorrow you can go for the renovation!”

Yue San laughed, full payment for two offices, that was more than a million, if he could get this amount of money, it would be a relief to his urgent needs.

As for being able to renovate, that was out of his hands, the shop was given to you anyway, the rest of the matter was out of his hands.

“So! That’s quite quick!”

Lin Ran laughed, while draining his cup of wine in one go, and looked at Yue San with a smile.

“Brother, you won’t lose out if you work with me, San, how about paying the full amount straight away and let’s not even delay?”

Yue San laughed, as long as Lin Ran paid the full amount, then his business today would be a done deal.

“Third brother is quick, just!”

“Just what?”

Yue San frowned slightly at his words, seeing that Lin Ran was about to pay, this just instantly made his heart pop up.

“It’s just that I’m afraid that some of the people I want to decorate won’t agree!”

Lin Ran laughed, while taking out two cigarettes, one handing it to Yue San, and one lighting it himself.

“Brother! You can absolutely rest assured about my place, who dares not let you renovate it, as long as you pay the full amount, then it’s still at your disposal!”

Yue San took a puff of his cigarette and made a promise.

“Is that so?”

Lin Ran laughed, leaning back against the sofa and taking a drag as he laughed.

“Then what if Brother Mang finds trouble?”

“Cough ..... Ahem!”

As soon as Lin Ran said this, immediately Yue San choked on his cigarette and then looked at Lin Ran in mock confusion.

“Brother Mang? What Brother Fierce? What is brother talking about?”

“Didn’t hear?”

Lin Ran laughed at this and at the same time waved his hand, next to him Wang Yifeng directly shut down the KTV, while Leng Zhan and Ah Zhan also walked over, the door to the room was already locked behind them at this time.

“Brother Mang! Heard of it? The gangsters near your office building, my brother went to look at the shop and got blocked! How come Brother San doesn’t recognise them?”

Lin Ran looked at Yue San and laughed.

“I .... How do I know, you’ve said it’s a gangster, how’s it going people are alright, this kind of thing you’d better just call the police!”

Yue San said with a bashful face, trying to look like he had nothing to do with this.

“Call the police, huh?”

Lin Ran hesitated at his words.

“I want to call the police too, but I’m afraid!”

“Afraid? You’ve committed crimes before, brother? Why are you still afraid of the police?”

Yue San smiled at his words, if Lin Ran had really committed a crime then it would be good, at least he wouldn’t be false to Lin Ran.

“No, no, no, naturally I have never committed any crime, I am afraid of you, Brother San, after all, you owe so many debts outside, and you are also a famous old scoundrel on the internet, if you are caught by the police, I am afraid that you will not be able to escape for the rest of your life!”

Lin Ran laughed.

However, Yue San’s face turned pale as he heard this, and he was busy defending himself.

“You ..... What are you talking about! Who is an old scoundrel, Third Brother I look like someone who is short of money?”

“Not like that!”

Lin Ran shook his head and said at the same time.

“With this word from Third Brother, I am relieved, since Third Brother is not a person who is short of money, then please also take the hundred thousand yuan deposit given by my brother and return it!”

“Deposit? Brother, you’re joking!”

Yue San felt more and more out of place, and even noticed that Lin Ran’s gaze had changed as he looked at himself.

“Yue San, don’t you understand yet? I came over here today to ask for a deposit, for fuck’s sake! You signed a load of foreign debts yourself, and you still dare to rent us an office? What are you looking for?”

Wang Yifeng couldn’t help but chastise.

“You! You guys!”

Yue San suddenly dawned on him and his face changed, he hurriedly got up and was about to leave, but before he could stand up, he was pressed down by one shoulder of Leng Zhan and Ah Zhan.

“Third Brother, don’t let what was said turn into fart, pay back the money and you can go!”

Lin Ran looked at Yue San with a bland expression.

“Kid! You don’t think so, you’ve heard that there’s still a point in asking for back the fixed eyes you’ve paid!”

Yue San’s face was grim as he chided in a cold voice.

“That’s the way it is in this business, if you rent the house, you pay the final payment, if you don’t, get out immediately! You want this deposit back? You don’t even ask around, who in the whole industry has ever returned a deposit!”

“I don’t care what your industry is like, but if it comes to me, you’ll have to refund it!”

Lin Ran put out the butt of his cigarette and leaned back on the sofa and said indifferently.

“I’m not a bad person, but I’m not a good person either, every cent of my Lin Ran’s money is transferred from me, you want to just screw me out of a hundred thousand dollars, not to mention the door, there’s no window!”

“Oh! You’re still tugging at me, you think you have a lot of people? I’m not going to pay you back today! If you have the guts, come and hit me here!”

Yue San pointed at his head, as if he would blackmail you if you touched me.

“Hey, me cao! You’re really a fucking bitch!”

Wang Yifeng, a violent temper, was about to make a move at once, but was stopped by Lin Ran.

“Do you think I’ll fall for it? To hit you, firstly, I’m afraid of getting my hands dirty, and secondly, I won’t fall for your trick!”

Lin Ran laughed.

“Fine! You’re quite clever, since that’s the case then get out of the way, are you still going to feed your third brother?”

Yue San sneered.

Lin Ran, however, smiled blandly and took out a thick pile of information from the side and threw it on the coffee table.

“Take a look for yourself, so much information is enough for a sentence of a few years?”

“A few years? Boss, you underestimate him too much, just the rape case three years ago is ten years to start with!”

On the side, Leng Zhan laughed, he was the one who found the information, he naturally knew best what this guy had committed.

Chapter 843

“You .... What are you babbling about!”

Yue San’s entire body trembled as he heard this, and looked at Leng Zhan with even more panic in his eyes.

“Am I talking nonsense? Just take a look for yourself and you’ll see!”

Leng Xuan laughed blandly.

“You!”

The first sentence that caught his eyes was “Yue San, his real name is Yue San, the illegitimate son of Yue Qiu, a senior executive of the Yue family .....”

“Where did you get that!”

Yue San suddenly became even more panicked and hurriedly looked back, one by one, all the events of his life from his birth to now were actually recorded in the book, it was as if he was transparent at this moment.

“Impossible! How could you have gotten it, where did you get it from, how could anyone else know!”

Yue San was completely dumbfounded and sat down on the ground with a thud, unable to regain his senses for half a day.

“It’s alright, I’m not in a hurry! Take your time to think about it!”

Looking at Yue San on the ground, Lin Ran laughed indifferently.

On the other hand, Wang Yifeng ran to the song ordering equipment and seemed ready to order a song.

Yue San’s gaze swept over the crowd, seeing that there were two Leng Zhan watching at the door, and in front of him were the four Lin Ran, it was simply impossible to escape, so his heart couldn’t help but panic even more.

“You ..... You ..... You can’t touch me!”

Suddenly, Yue San spoke up.

“Can not move you? You’re a tiger’s butt, you still can’t be touched!”

Wang Yifeng laughed at his words.

Yue San, however, listened with an ugly face and swept his gaze over the crowd, threateningly saying.

“You just can’t touch me, it’s clearly written on the information, I’m a Yue family member, a member of the Yue family in the imperial capital, the Yue family’s status in the imperial capital, you should know yourselves well, if you dare to touch me, the Yue family will definitely not let you go!”

“Aigoo, I go! Even now you’re still using the Yue family as an excuse!”

Wang Yifeng laughed as he listened, he shook his head and walked over, looking at Yue San disdainfully.

“Do you think your Yue family is very bullying? ”

“Of course!”

Yue San had a smug look on his face, not putting Wang Yifeng in his eyes at all, in his opinion these people in front of him were just relying on the number of people, but in the eyes of their Yue family they were simply bullshit.

“Of course you’re brain-dead!”

Wang Yifeng laughed.

“The Yue family! Have you heard of Yue Bu of the Yue family? Have you heard of Yue Feng? All folded in our hands, still the fucking Yue family, in my eyes, your Yue family is a piece of shit!”

“You!”

Yue San’s face was ugly, but then he laughed.

“You don’t have to blow me up here, what about Yue Bu Yue Feng, I’ve never even fucking heard of him, just make up someone and try to fool me, you really think I’m scared!”

Yue San said, with a smug look on his face, he expected Wang Yifeng to be bombing himself, pointing to his cheek and charging Wang Yifeng with disdain.

“Come on! Aren’t you mad! You’ve broken many of our Yue family members, come on, you fight! You hit one and I’ll see if you don’t fucking dare to hit our Yue family or get you killed!”

“Are you sure?”

Wang Yifeng looked at Yue San, as if he was looking at a fool.

“What? Don’t dare …..”

Yue San sneered, but before he could finish his sentence, he heard a “bang”, followed by Yue San’s whole body flying backwards.

He fell heavily on the wall behind him before landing on the ground with a thud.

When he lifted his head, the crowd looked at him and immediately drew in a breath of cold air, his mouth was full of blood and he had lost several teeth.

“Fatty!”

Lin Ran spoke, while slowly getting up and coming in front of Yue San.

“Does it hurt?”

Yue San looked embarrassed and covered his mouth without speaking, but his face was filled with shock.

This slap from Wang Yifeng just now had completely woken him up, not to mention anything else, at least this guy really dared to do it ah, the Yue family was not good here.

“You ..... What do you want!”

Yue San looked at Lin Ran warily, fearing that he would give himself a go as well.

“Pay back the money.”

Lin Ran said blandly.

“You!”

He had never refunded a deposit in all the years he had been in this business, but this guy in front of him clearly had the attitude that he wouldn't finish the job until he refunded the deposit.

“You can see, this brother of mine is not light or heavy handed, if you are not sure if he will do it again, of course you better think about it yourself, can you still resist it!

Lin Ran said indifferently, as if he was just talking about a very ordinary matter.

“!!”

Yue San was so angry that he was speechless, two more blows? I'm afraid I'd have to go to sleep if I got one more blow.

Silence, Yue San was silent, he was thinking quickly about his countermeasures, while Wang Yifeng, who was waiting a bit impatiently, got up and ran to order a song.

Suddenly, Yue San remembered something and looked at Lin Ran and sneered.

“What if I'm determined not to give it? Can you still kill me?”

Killing someone was a big crime, and Yue San didn't believe that Lin Ran and the others would do that for 100,000 fast.

“That's not so much, but there is always a place for you at the police station, either pay back the money now or you can go to the police station and explain to the police, I'm sure they are interested in your crimes over the years!”

Lin Ran laughed blandly, while taking out his mobile phone and pressing out the police number, just waiting to dial out.

“You!”

Yue San was so angry that he was completely dumbfounded, calling the police! Calling the police again, with his poor track record, let alone getting out, it was questionable whether he could live in jail until he died of natural causes, after all, there were just too many problems with him.

“Come on! I’ll give you a song from Master Fatty!”

Suddenly, just when Yue San was hesitating and didn’t know what to do, Wang Yifeng’s voice was the one that rang out, followed by the music.

“I’m in a good mood today, so I’ll send you a song about tears at the iron window, don’t worry! When you go in you practice it slowly, see if the lyrics have written your heart.”

With that, Wang Yi started to sing.

“Iron doors, iron windows, iron chains”

“Holding my hand on the barred window and looking out”

“How beautiful is life outside”

“When will I return to my home ……”

“You!”

Yue San was furious and angry, but when he thought about it, it was true, if he really went in, I was afraid he would never get out.

“Fine! I’ll give it back!”

Finally, Yue San gave in.

“Very good!”

Lin Ran smiled in satisfaction, and then turned his head to Liu Yusong, who understood and immediately went up to Yue San, and soon the 100,000 yuan was in the account.

“Now I can go!”

Yue San looked at the crowd, with an unconcealed anger in his eyes.

“Of course!”

Lin Ran laughed.

“Humph!”

Yue San snorted coldly and instantly got up and headed towards the door.

Only when he was about to open the door, Leng Zhan was the one who slashed a hand slash directly onto his neck, and immediately Yue San’s entire body passed out.

“Hey?”

Liu Yusong and the others looked stunned, not understanding what Leng Zhaoge meant by this.

“Let’s go!”

Without explaining, Lin Ran greeted them and took the lead out of the door.

“Old Six, what are you doing?”

Liu Yusong’s three men were uncomprehending and busy chasing after him.

Leng Roll and Ah Zhan, on the other hand, stayed behind at the end, leaving Yue San behind in the private room while locking the door to the room from the inside.

“Old Six, are you not planning to let him go!”

On the side, Liu Chen saw the end and was busy asking.

Lin Ran smiled blandly at his words and nodded after him.

To the side, Wang Yifeng laughed.

“You guys still don’t understand Ran Zi, with his character, how could he let this fucker go and let him continue to harm society, don’t forget he’s a rapist!”

Chapter 844

Lin Ran smiled and didn’t say much as he took out his mobile phone and called.

The call was soon answered, and Wang Mao’s voice came from inside.

“Boss!”

“Send the stuff in, we’re going home now!”

Lin Ran said indifferently.

“Understood boss!”

Wang Mao answered, and hung up after that.

“What the hell is going on?”

Liu Yusong and the three of them were dumbfounded, and so was Qin Bing, wondering what Lin Ran was up to.

But Leng Zhan A Zhan and Wang Yifeng were smiling, I’m afraid only the three of them understood what Lin Ran had done.

“Let’s go! You’ll know when we get to the car!”

Lin Ran laughed, while greeting the crowd and leaving the clubhouse.

Returning to the residence from the Excitement Club, Lin Ran switched the car radio on as he was about to reach the residence.

Then an excited voice came from inside.

“According to the latest news from our station, a few minutes ago, the city police received an anonymous report that the actual owner of the new district commercial office building, Yue San, was present at a clubhouse and was caught on the spot, and according to the report, Yue San is afraid that he will face several charges, including rape, indecent assault and kidnapping, etc.!”

“This ....”

Qin Bing was stunned as he listened and seemed to have some understanding.

“It was the Wang Mao brothers who went to report this?”

Liu Yusong and the others also understood.

Only now did they know why Wang Mao hadn't shown up, and why Leng Zhan had finally knocked Yue San unconscious and left him at the clubhouse.

It was because from the very beginning, Lin Ran had no intention of letting him go, such a scum continued to stay in society was also a scourge to others, so it was naturally better to send him in.

“Alright! We're at the place, get out of the car!”

The crowd woke up, and the car had already arrived at the news, Lin Ran greeted them, and whirled out of the car.

“Boss!”

Wang Mao rushed back almost simultaneously, looking at Lin Ran and smiling.

“Well done!”

Lin Ran laughed.

“It was a pleasure!”

Wang Mao laughed.

Following the others, they also got out of the car one by one, but just as they were about to go straight home.

Suddenly next to them was a voice that hated discord.

“Hey! You few! Come with me!”

“Hm?”

Lin Ran and the others turned their heads and found that the one who spoke was actually Wang Lei, so they were all stunned.

“Aiya, if it isn't Comrade Wang, the security guard, why is something wrong?”

Wang Yifei laughed, looking at this Wang Lei he felt funny, last time he caught them as thieves to take credit, but in the end he didn't expect to hitch his own future along with it, simply the more he thought about it, the funnier he felt.

"What are you laughing at! I want to talk to you guys about something, come with me!"

Wang Lei said without good humour.

"What is it? And we have to go together?"

Lin Ran asked, frowning.

"Why are you so full of nonsense, come over when I tell you to!"

Wang Lei said in a cold voice.

"Hey I go! How come you're working in the villa area, you're very draggy!"

Wang Yifeng was instantly offended.

"You!"

Wang Lei was so angry that his face turned blue, and suppressed the anger in his heart and said in a cold voice.

"Go and learn the district's security management regulations, every new owner who moves in has to learn them!"

"Where is the need to go to all of them? Can't we send one person to come back and convey it?"

Lin Ran said blandly.

"Fine, but one person I'm afraid you won't be able to learn, how about this, you and that fatty come along, the others don't need to come!"

Wang Lei suddenly became very open-minded, which made the crowd's hearts flutter, feeling that something was not right.

"Okay!"

Lin Ran agreed straight away as he looked towards Qin Bing.

"You go back first! We'll be back soon!"

"Then you take care!"

Qin Bing nodded her head, understanding that Lin Ran was not wanting her to get into this mess, so naturally she would not be nosy.

"Mhmm!"

Lin Ran nodded his head, and immediately glanced at the three Leng Zhan before he and Wang Yifeng followed Wang Lei.

"We're just going back?"

Liu Chen looked at Zhang Xu and Liu Yusong, somewhat reluctantly.

“You guys go back! There are still three of us!”

Leng Zhan blandly glanced at the three before touching down with Ah Zhan Wang Mao.

“Let’s go! Let’s go back, the people around Old Six are not ordinary people, we’d better not give him too much trouble!”

Liu Yu loosened his mouth and said, he had understood this after this contact with Lin Ran, although they had once been university classmates.

But in this year of graduation, many things had changed drastically, at least nowadays, they were all a bit impervious to Lin Ran.

.....

The two of them followed Wang Lei in the neighborhood, turning left and circling, walking for nearly ten minutes, but farther and farther away from the security team, finally Wang Yifeng could not help but speak up.

“I say, you’re not lost, are you, is this the way to the security team?”

“Who said we were going to the security team?”

Wang Lei turned around and sneered.

“Not going to the security team? Why do you want to learn in this shitty place?”

Wang Yifei laughed.

The place where they were at the moment was three hundred metres away from the nearest household, and the nearest street light was tens of metres away, and the surrounding area was as dark as anything, so if they were going to learn the management regulations, they couldn’t do it in this dark place, right?

“What do you want to do? Tell us directly, don’t waste our time, we’re all busy!”

Lin Ran lit a cigarette and spoke.

“Haha! Kid, you’re still smart, alright! Then I won’t beat around the bush with you!”

Wang Lei laughed coldly, followed by a clap of his hands, and at once there were sounds of hiccups all around, followed by a group of youths with baseball bats, who scurried out from the side, all of whom had hidden in the surrounding green belt beforehand.

“Oops, what is this? An ambush?”

Wang Yifei laughed at the sight.

“Wang Lei! This is inside the community, you’re a security guard bringing people to attack the owners, do you not want your job anymore?”

Lin Ran looked at Wang Lei and said in a cold voice.

“Work? If it wasn’t for you guys, I would have been the fucking head of security, but now what? I’ve lost everything and I still have a job, I don’t want to fucking do it anymore!”

Wang Lei said in a cold voice, looking at the two Lin Ran with his face full of open arrogance.

“Today, in front of my Brother Mang, Brother Tiger, I’ll see how you two can run! After I clean you guys up and get out of this, I’ll go quit right away!”

“Brother Mang, Brother Tiger are the two of them!”

Wang Lei sneered, but after he said this, no one responded to him.

“Hmm?”

He felt that something was not right, so he turned his head to look, only to see that he was indeed surrounded by many men, but there was no sign of Brother Mang and Brother Tiger.

“Where’s Brother Mang?”

Wang Lei was busy asking one of his men next to him.

“Brother Mang has said that they are not convenient to come out, it’s enough to have us!”

“That’s right!”

Wang Lei nodded his head and didn’t think much of it, turning his head to look at Lin Ran.

“Kid! Aren’t you crazy? You keep on being wild! I’d like to see if you can still be wild today!”

“You want to see?”

Lin Ran smiled at his words.

“Yes! I want to see, come on! Let’s see if you can do it again! Haha! Come on!”

Wang Lei laughed, with his own people all around him, his bottom was full of energy, how could he still be afraid of Lin Ran.

“So, okay!”

Lin Ran helplessly stretched out his hand, followed by a kick on the ground next to him, and immediately heard a “whoosh” sound.

In the darkness of the night, a black light flashed, and then a “bang” was heard, followed by a pig-like scream.

“Ah! My shoulder!”

Chapter 845

Soon, everyone was surprised to see that Wang Lei, who was not far away, had fallen straight to the ground, and in front of him, there was a small, insignificant black stone.

“You!”

Wang Lei was so angry that he gritted his teeth and got up, pointing at Lin Ran and cursing angrily.

“Bastard! Get rid of him for me! Get him to death!”

At once all the punks moved, grabbing baseball bats and lunging towards Lin Ran, the scene was a mess.

“Keep on fucking going crazy, even if you kneel down and beg for mercy later, it’s no fucking use!”

Wang Lei pointed at Lin Ran and Wang Yifeng, who were swamped by the crowd, and laughed disdainfully.

“Brother Chop, are we on or off!”

Not far away in the grass, the three men of Leng Chop crouched here, they had trailed all the way here and were in no hurry to appear.

“Didn’t you hear, that Fierce and Tiger didn’t come out, the boss should have told us to find the real culprit behind the scene, Battle you go help! Me and Old Cat but find someone!”

Leng Chop arranged.

“Good!”

The two of them nodded, and then they each divided up their work and set off!

“Seek death!”

A loud bellow followed by Ah Zhan rushed in from the outside, immediately drawing Wang Lei’s attention as well.

“Humph! One man rushing over here too, simply looking for death!”

“Beat him together!”

Wang Lei chided, and at once Ah Zhan’s figure was also drowned out by the mob.

.....

“Big brother, we’re just going to watch? What a great opportunity!”

In another grassy area, Mang and Tiger were crouched together, the latter’s face full of resignation.

This was the guy who had taught himself a lesson this morning, and now that he had run into it again, he really wanted to take a breath.

“Don’t be impulsive, those two boys are not ordinary, even I was no match for them this morning, I’m afraid these guys are not enough to beat them up!”

Brother Mang said calmly, he was obviously more aware of the situation in front of him than Brother Tiger.

“No way! Are they that strong?”

Brother Tiger was a little disbelieving, but no sooner had the words left his mouth than the melee in front of him changed.

The heads in the previous crowd were getting smaller and smaller, the number of people standing was rapidly decreasing, and soon the group of brothers he had brought with him were all taken down to the ground by others.

“Gulp!”

Tiger couldn't help but swallow his spittle, he had brought twenty brothers, but now he was finished being taken down by three people

“Big .... I don't know if I'm going to be able to get a job.

The three of them beat twenty people, one person almost beat seven or eight, but even this is not beaten, if you go one on one? Then he would still be killed.

“Run!”

Brother Mang was also clear about the situation in front of him, and was about to run at once.

Although Wang Lei had given money, there were some things they could not do, and anyway, the man was already out, and there was nothing they could do if they had not fought.

The two men made up their minds and were about to bolt at once.

But just at the moment when the two of them turned around, Cold Chop and Old Cat were directly in front of them.

“Why are you in a hurry to leave? Don't you want to see more?”

Leng Chop laughed.

“Who are you?”

Mang's face was grim, he was sure he didn't know these two people in front of him.

“It doesn't matter who I am, what matters is that Wang Lei is still waiting for you!”

Leng Zhan said, while a smile appeared at the corner of his mouth.

.....

In front of the crowd, Wang Yifeng clapped his hands and looked at Wang Lei, who was standing in place not far away in fear, and laughed.

“I say, brother, just this many people you also dare to come to take revenge?”

“!!”

Wang Lei cold sweat of outward, can't help but take a few steps back, look at Lin Ran and other people's gaze has changed.

“You ..... Don't get cocky, I still have people! My big brother hasn't come out yet!”

Thinking of Brother Mang and Brother Tiger, Wang Lei's bottom line couldn't help but be a little stronger.

“Brother Mang and Brother Tiger, you guys are coming out instead!”

Wang Lei shouted loudly, but there was silence around him and no one paid any attention to him.

“Brother Mang! Brother Tiger!”

Wang Lei continued to shout, only the more he shouted, the colder his heart became.

“Bastards! These two people didn’t run away, did they!”

Wang Lei cursed angrily in his heart.

“Brother! Looks like these two big brothers of yours ran away first without caring about you!”

Wang Yifeng couldn’t help but laugh.

“You .... Don’t you talk nonsense!”

Wang Lei forced down the panic in his heart and spoke.

“How can Brother Mang and Brother Tiger run, they must be watching around, as long as you rush over, they can definitely take your lives!”

Wang Lei made it up, at this point no matter what, he had to bluff Lin Ran and the two of them first, otherwise he would really be completely finished.

Seeing that Lin Ran and Wang Yifeng were really not coming forward, Wang Lei couldn’t help but breathe a sigh of relief.

Only this breath of relief did not last long when a voice came from the side.

“Is your saying that Brother Mang and Brother Tiger are them?”

The words fell, only to see two youths tied up in fives being thrown straight out of the bushes, followed by Cold Chop and Old, Old Cat.

“You, you guys!”

Seeing the two men, Wang Lei’s face immediately changed, especially when he saw Leng Zhaoge and Wang Mao, his heart immediately went cold, he knew these two men in front of him, they were Lin Ran’s men.

“You!”

Wang Lei turned his head to look at Lin Ran, his heart already completely in turmoil.

“Brother Mang, Brother Tiger! You guys!”

Wang Lei looked towards Brother Mang and Brother Tiger, his heart had been completely pulled out of his chest, the two big brothers he had invited had actually been tied up by someone else at this point.

“Do you still have little brothers?”

Wang Lei couldn’t help but say, at this point he was really out of options.

“Little brother, you dare to deal with Brother Ran! Looking for death!”

Brother Mang couldn't help but curse, if he was still unconvinced in the morning, he was really convinced at this point, not just how powerful the people around him were, just the fact that three people were fighting twenty people was enough to convince him completely.

“Two of you! Don't come unharmed!”

Lin Ran looked at the two men and smiled blandly.

“Ran .... Good day Brother Ran!”

“Good day Brother Ran!”

The two men laughed awkwardly, but their hearts were already in their throats.

“You guys were invited by him?”

Lin Ran asked the two, pointing at Wang Lei.

“How could that be!”

Brother Mang was busy explaining.

“We were just passing by, we don't even know who this man is, the misunderstanding is purely a misunderstanding!”

“Yes, misunderstanding! We came here to have fun with our friends, but we ended up being arrested by your men!”

Brother Tiger was also busy laughing with him.

“O? Is that so?”

Lin Ran smiled at his words.

Leng Zhan and the others on the side also understood, and smiled blandly without saying anything.

“In that case, then you guys can go!”

Lin Ran said with a smile.

“Yes! Yes! We're leaving right now!”

Brother Mang laughed awkwardly and turned around to leave.

Brother Tiger, however, was stunned, and was busy laughing.

“No, Brother Ran, look at this rope ..... on my body.”

“Why do you still want me to untie it for you?”

Lin Ran frowned and said blandly.

“No ..... Of course not!”

Tiger was so frightened that he hurriedly turned around and ran, whether he had a rope on him or not, he ran away first.

“Do you have anyone else?”

Lin Ran turned his head to look at Wang Lei and said blandly.

“You!”

Wang Lei was so angry that he sat down on his butt, his face ashen, he understood in his heart at this moment that everything was over.

“You guys send him to the security team and make things clear!”

Lin Ran rushed at Leng Zhan.

“Understood!”

The latter nodded, and in a whirl, the three of them escorted Wang Lei away.

“Let’s go!”

Lin Ran greeted, and in a whirlwind, he and Wang Yifeng took the first step back to their residence.

A person like Wang Lei, how could Lin Ran let him go, such a person as a security guard, not to mention protecting a side of the land, I’m afraid it would be good if he didn’t wreak havoc on the owners in the community.

#### Chapter 846

Not long after he returned to his residence, the three Leng Zhan also returned, and according to them, Wang Lei was considered completely cold and his job was gone straight away.

Lin Ran had little interest in this matter, and at this moment he was in Qin Bing’s room.

“It’s the middle of the night, what do you want?”

Lin Ran stood alertly at the door of the room, not daring to go in, although he already knew the situation, broken or not to break the body does not have much impact on cultivation, but this is after all the first time, more or less he still somehow can not let go.

“The actual fact is that you’ll be able to get a lot more than just a few of these.

Qin Bing gave Lin Ran a white look, followed by raising the phone in his hand.

“Elder Qin Jie has called, he already knows you’ve arrived in the Imperial Capital!”

“So eh?”

Lin Ran asked, this was the imperial capital after all, it wasn’t a surprise that Qin Ji had gotten the news of his arrival.

“So you’re invited to be a guest!”

Qin Bing laughed.

“This .... isn’t a bit too early, after all, this shop hasn’t been found yet!”

Lin Ran was busy pushing back.

In fact, he just didn’t want to go, saying that it was Qin Ji’s invitation, I’m afraid that Qin Bing’s parents would also go, after all, his own daughter had followed him and the news was hidden from him.

“You don’t have to come, I don’t know you yet! This invitation is not just for you, there are many others who will be there, and most of them are dignitaries in the empire! It only happens once every three years!”

Qin Bing said solemnly.

“Only once every three years? And a lot of people will go?”

Lin Ran was stunned, how was it the same as the Ten Thousand Treasures Spell Formation, it was also once every three years.

“What about the Yue family?”

Lin Ran suddenly asked.

Qin Bing was stunned for a moment, then said.

“I don’t know, according to the usual practice in previous years, the Yue family would definitely be there as well, but Elder Qin Jie didn’t say anything, so I guess the Yue family shouldn’t be going to any important people this time!”

“Moreover, don’t think that this is a simple banquet, you want a good shop, then you really have to go there, there are many people inside who run real estate, when the time comes, I will help you find a good partner for sure!”

“Hmm! Let me think about it!”

Lin Ran frowned, he didn’t really want to go, but if he could help solve Liu Yusong’s problem of choosing a location, it would be worth considering.

Although the company was just getting ready to open, the location was very important, and there was another reason why it might be good for Liu Yusong’s future development if he could befriend a lot of big names.

“Good! I’ll go!”

Lin Ran said, since he had decided to help Liu Yusong, he would simply help the man to a low level, and it would be entirely up to him how far he could grow in the end.

“Good!”

Qin Bing nodded his head in satisfaction.

Lin Ran, however, turned his words around and smiled.

“But Liu Yusong and the others have to go as well, so you’d better say something in advance to Elder Qin Jie, so that nothing very busy goes wrong then!”

“A small matter!”

Qin Bing smiled instantly.

“I’ll go first then!”

Lin Ran saw this and got up to leave, but just after taking two steps, a fragrant breeze came from behind him, followed by a hot breath that was pressed to his ear.

“My parents will also be there, so you can take care of the gift yourself!”

“I .....

Lin Ran was suddenly helpless.

.....

Leaving the room, Lin Ran immediately shouted the three Liu Yusong over and told them what had happened.

“This is an opportunity, if you can befriend those people as much as possible, you don’t need me to say much about your future development!”

Lin Ran looked at the three men and solemnly said.

“Understood!”

The three of them nodded solemnly, all knowing that the time had come to change their fate.

“Tomorrow you will go alone, not with me!”

Lin Ran said seriously.

“Why is that?”

The three men were puzzled.

“I have enemies who will also be there, so if you guys join me, I’m afraid you’ll be dragged into it, so it’s best to just pretend that you don’t know me!”

Lin Ran said.

“Old Six, who is it!”

“Holy shit! That’s who!”

Liu Chen and Zhang Xu were both stunned and a little angry, Ran Zi’s enemies, weren’t they their enemies.

“Don’t ask too many questions, the other party is very big, or at least not something you guys can deal with, behave yourselves! Your purpose this time is the human connection!”

Lin Ran looked at the three of them and said solemnly.

“Good!”

Liu Yusong nodded, although it was a little hard to help Lin Ran, they were also clear that since Lin Ran dared to go, he naturally had his own methods.

After sending the three away, Lin Ran called the three Leng Zhan over again.

“Boss!”

When the three saw Lin Ran, they were all a little puzzled, wondering what was going on so late at night.

“It’s been two days since we’ve been here, there are some things I want to talk to you about!”

Lin Ran said.

“Boss, please speak!”

Leng Zhan was the first to speak.

Wang Mao and Ah Zhan also nodded their heads with serious faces.

“I want you guys to stay here for a long time!”

Lin Ran suddenly spoke.

“Live here for a long time?”

All three of Leng Zhan were stunned and somewhat puzzled.

“How long is it long term?”

Leng Chop asked busily.

“Less than a year, more than three to five years, until you can sense into the Dao!”

Lin Ran said solemnly.

“This .... So long!”

Leng Xuan couldn’t help but frown as well.

“It’s a long time, but look at Li Sheng, he has fully intended to stay here for a long time this time!”

Lin Ran sighed and looked at the three people.

“As a leader, I’m actually really unqualified, I don’t even know as much as Li Sheng about using martial arts to enter the path, so I hope you three can stay here, at least he can still very much share with you, it will definitely help you more than following me!”

“But is this time!”

Leng Chop was a little resistant, I’m afraid he would have to go crazy to live here for a year, let alone three or five years.

“It’s not that I want you all to be here every day, I just want you to work hard on your training for your future path! If you can all understand all the insights Li Sheng has gained inside the Ten Thousand Treasures Spell Formation within a short period of time, you can leave early!”

Lin Ran said solemnly.

“Understood!”

Leng Xuan nodded, with these words from Lin Ran, the three of them also had a low in their hearts, at least they would also work hard to cultivate in order to be able to return as soon as possible.

“If there is a chance, I will also help you guys find suitable gong methods and insights!”

Lin Ran added, then gave the three a solemn look and said in a serious tone.

“The path you have chosen is not destined to be a straight path, so some loneliness and isolation will need to be endured, but you should know that entering the path with martial arts is definitely not a small path, and if you can come out of it like this, your future achievements will definitely not be lower than mine!”

“And!”

Lin Ran paused for a moment, and then said.

“Moreover, after the Ten Thousand Treasure Spell Formation, I always feel like I might leave, so whether you guys can keep up with me and how far you can follow will all depend on your own strength!”

“Boss! We understand!”

Leng Xuan nodded his head.

There were some things that they didn’t need Lin Ran to say so much about, they all knew clearly in their hearts that although they were very good at their hands, if they didn’t enter the Dao, they were afraid that they wouldn’t have the strength to fight against the strongest people in the Heaven Seizing Realm, so using martial arts to enter the Dao was the most important thing for martial practitioners after all.

“Don’t be nervous! Maybe I’ll find a supreme technique that will allow you to enter the Dao with martial arts directly!”

Lin Ran joked, prompting the three to laugh as well.

As the night passed, Lin Ran thought a lot, there were some people and some things that really couldn’t be forced, he was walking on a road with an unknown future, if these people who were following him couldn’t improve their strength, it would be quite dangerous for them as well.

“I hope I can really find the technique to enter the dao with martial arts!”

Lin Ran sighed and got up at that moment, in fact, he was a little puzzled, the Feng Shui world was full of talents, could it be that the Martial Entry Dao had really been broken off for so many years without any new talents appearing?

Or was it that entering the path with martial arts was just artificially blocked by someone?

## Chapter 847

The doubts in his heart were always growing as his strength grew, and Lin Ran understood that all these doubts were perhaps due to the fact that he had no backstage.

Therefore, he had absolutely no understanding of the history of the entire cultivation world over thousands of years, nor did he even have anywhere to learn about it.

Whereas the great families and powers were different, they had a strong accumulation and knew more about the entire Feng Shui world, perhaps this was a gap.

“It’s better to rely on others than myself, that legendary mentor might be able to lead me to understand the entire cultivation world, or even take a completely different path!”

Lin Ran thought to himself, remembering Li Mu Di and Fire One Sword, he could always feel the importance of a mentor.

And if he followed what the two had said, I was afraid that if his mentor did come to him one day in the future, then he would really have no choice and would follow him.

But this again went against Lin Ran’s original intention, and this point made him torn. The life he wanted was never how exciting, he just wanted to live happily with the people he liked.

.....

At eight o’clock in the morning, the three Liu Yusongs set off on time. Zhang Xu and Liu Chen had adapted to their roles this time, and as Liu Yusong’s two helpers, they went together to the location of the banquet.

Lin Ran, on the other hand, talked a lot with Li Sheng until ten o’clock, which was when he and Qin Bing Wang Yifeng left the residence with Xiao Jiu.

“Brother where are we going!”

Xiao Jiu sat in the car, looking at the so-called cars in front of her excited, all these things were something she had definitely never seen before.

“To a party!”

Lin Ran laughed.

“A party? Is that the kind of place where there are lots of people?” 1

Little Nine was excited, playing with the Buddha beads on her wrist.

“Yes!”

Lin Ran laughed, after Lin Ran and the others' constant explanations these days, Xiao Jiu had a preliminary understanding of some things in this world, but she was only three years old after all, so she didn't understand things very comprehensively.

"Good! Little Nine likes places with lots of people the most!"

Little Nine said excitedly.

The crowd talked and laughed and soon arrived at the place of the banquet, one of the most luxurious hotels in the whole of the empire, the Imperial Capital Golden Gate Hotel.

The Imperial Capital Golden Gate Hotel, was said to be opened by the cooperation of several imperial business giants, and although there were not many guests coming here every year, each one of them could provide the hotel with a generous income, it was completely a place for rich people to travel and stay.

"Fatty, go straight to the second basement car park!"

As soon as the car pulled into the garage, Qin Bing reminded.

"Why should we go to the first floor?"

Wang Yifeng wondered, this ground floor was quite close, why do we have to go far away from here.

"You don't understand, every time ....."

Qin Bing was just about to explain, when suddenly Wang Yifeng jerked the steering wheel and cursed.

"I fuck you, can't drive!"

Lin Ran noticed, it turned out that Wang Yifeng was about to turn into the second basement level when suddenly a car behind him on the right rushed past and the two cars almost collided.

If Wang Yifei hadn't braked at a critical moment just now, if he had really loaded up, I'm afraid Lin Ran's car would have lost its balance instantly and been knocked over.

"Fuck him!"

Wang Yifeng was left with a stomach full of anger.

When he saw the other party roll down the window, he did the same, but before he could say anything, the young man driving the car spoke up first.

"You fat bastard! You can't even afford to pay for the damage you've done to our boss's Bentley!"

The other party shouted, followed by starting the throttle and leaving, not giving Wang Yifeng time to speak at all.

"My God!"

Wang Yifeng was so angry that he was about to unbuckle his seat belt, but fortunately he was stopped by Lin Ran.

"Don't be impulsive, let's stop the car first!"

“Damn it!”

Wang Yifeng couldn't help but curse and followed as he drove towards the underground car park.

“Ice Beauty, why are you going to the second underground level!”

Wang Yifeng took over the conversation and continued to ask.

“That's because at this time of year, the underground garage here is full, there are absolutely no parking spaces on the ground floor, only the first floor can be found!”

Qin Bing said confidently.

“O?”

Wang Yifeng smiled at his words.

The car quickly drove into the second underground level.

Sure enough, the entire second underground level was almost full, and seeing this situation, I was afraid that there was no parking space on the ground floor at all.

“It's really God's help, Ranzi! You might not stop me this time, I have to get out of this one!”

Wang Yifeng smiled and started to look for a parking space, and soon found a spot at a corner, but this guy didn't park in, instead he stopped and turned his car around and waited patiently.

“Why didn't you go in?”

Qin Bing wondered.

Lin Ran, however, laughed.

“You've given him the chance, how can he honestly park, just wait!”

“It's still you kid who understands Master Fatty!”

Wang Yifeng laughed.

Qin Bing wondered, but then it dawned on her as she followed.

Ahead of them, in the direction of the ground floor, a car or two was coming, who else could it be if not the Bentley from earlier?

“Xiao Ma, just park here!”

In the Bentley, a middle-aged man sat in the back row and said blandly.

“Yes boss!”

The driver, Xiao Ma, nodded obediently and followed, about to reverse into the garage.

But at this moment, suddenly two lights came directly over, the bright headlights hit the two people inside the car and they were suddenly white in front of their eyes, unable to see anything else.

“Drip.”

Then two horns sounded, followed by the sound of the engine, and then the sound of the brakes.

When the lights cleared and the pony went to look at the parking space again, he found a broken commercial vehicle already parked on top.

“Shit!”

Xiao Ma couldn't help but curse, and immediately rolled down the window to prepare to argue with the other party.

Wang Yifei had already gotten out of the car by now, and as soon as the other party rolled down the window, he immediately seized the opportunity to speak.

“I say kid, standing for half a day without stopping, what do you want?”

Saying that, Wang Yifei looked behind the back and instantly laughed.

“It's not right either! Two men can't shake ah!”

Said Wang a life reached out, Xiao Ma still want to dodge, but was directly by Wang a life caught the wrist, and then from its chest pocket pulled out a good cigarette, self-conscious light, said.

“If you don't know how to drive, go and learn it properly, overtaking a car from the right side?”

“If it wasn't for my quick reflexes, I would have fucking hit you!”

“Damn fatty, who says you don't know how to drive? I'm driving a Bentley, can you afford to pay for a collision with your broken down car? Your shitty car is only worth a few bucks!”

Xiao Ma would scold.

Wang Yifeng smiled and just wanted to make a move, but Lin Ran's voice came from the side.

“If you just crashed, you are the one driving the plane, you are also fully responsible, you are the one who violated the traffic rules first, and you drove inside the car to play the car video, which is also a violation, if you are caught you also have to accept the punishment!”

Lin Ran said his eyes also looked at the passengers in the back row, this look he could not help but be stunned, the middle-aged man sitting in the back was very well-dressed, but this face was very similar to a person, just for a while Lin Ran somehow could not remember who it was.

“Sir, am I right!”

Lin Ran laughed.

“That's right!”

The other person smiled, but it was a faint smile as he spoke.

“It was my driver who drove irregularly, but if it really was an accident on the road, I guarantee that it would be you who would be arrested!”

“Holy shit! How come there’s someone up there?”

Wang Yifeng sniffed disdainfully.

Lin Ran also laughed.

“Yeah! Then I have to thank you more, luckily the accident wasn’t on the road!”

Saying that, Lin Ran reached out and turned off the other party’s in-car video, before looking at the middle-aged man and laughing.

“Uncle, don’t watch such revealing music videos in the car, it’s not safe to drive! Besides, you’re so old, sit less in the car! It’s easy to suffer from kidney deficiency!”

After saying that, Lin Ran didn’t even wait for the other party to reply, he turned around and left with the crowd.

Chapter 848

“Pony! That woman outside just now, did you see her?”

The middle-aged man sitting in the back row suddenly spoke up and asked.

“I saw it boss, what’s wrong?”

Xiao Ma asked in confusion, this boss of his didn’t mention those two bastards, instead he said that woman, what does this mean? Could it be that he really had a crush on someone?

“Do you know who she is?”

The middle-aged man asked, but with a cold smile at the corner of his mouth.

“I don’t know!”

Xiao Ma said in wonder.

“Her name is Qin Bing, and she is the jewel of the Qin family!”

The middle-aged man said.

“Ah? Qin .... The pearl of the Qin family!”

Xiao Ma immediately gulped, the Qin family that was not part of the Yue family’s existence, in front of him these two families could be gigantic existences.

“Do you like it?”

The middle-aged man asked with a smile.

“Mmm!”

Xiao Ma nodded, who wouldn’t like such a beautiful beauty!

“No no .... Boss wouldn’t dare!”

Xiao Ma came back to his senses and shook his head busily, what kind of status he was, I'm afraid saying he liked it all seemed a bit unqualified.

"There's half a million in this card!"

Suddenly, the middle-aged man handed over a bank card.

"Go buy a suit, buy a nice gift, and go up and propose to her in public later!"

The middle-aged man said.

"Huh?"

Xiao Ma was instantly baffled, what did his boss mean by this? He was asking himself to propose to Qin Bing, that was like making a fool of himself!

"Boss, I ...."

The first time I saw a woman, I was afraid that the whole Qin family would be unkind to him, and that was their jewel in the crown.

"Don't worry, I didn't let you really succeed in proposing, go and disgust that kid for me, and by the way, give a warning to the Qin family, my Yue family is not yet in decline!"

The middle-aged man sneered.

"But boss, what does my going to propose have to do with that brat?"

Xiao Ma was puzzled.

Instead, the middle-aged man sneered.

"Just do as I say!"

"O!"

Xiao Ma didn't understand, but he didn't dare to ask more questions.

Looking at the back of Lin Ran and the others leaving, the middle-aged man was laughing.

"Lin Ran! You've actually come to the Imperial Capital!"

With that, the middle-aged man took out his phone and sent a text message.

"Lin Ran has come to the Imperial Capital, Golden Gate Hotel!"

A few moments after the text message was sent, a reply was received.

"You and Yue Ding hold him steady, I'll be there soon!"

.....

Naturally, Lin Ran and the four of them had no idea about this, and at this moment, they had already arrived at the hotel's lobby.

“Wow! It’s so beautiful here!”

As soon as they arrived at the lobby, Xiao Jiu was immediately attracted by the exquisite decorations and gorgeous coloured lights, which she hadn’t usually seen before.

“Ranzi, you still don’t say it, this big hotel in the imperial capital is just damn better looking than the one in Tanjiang City!”

Wang Yifei couldn’t help but praise it too.

“This Golden Gate Hotel was opened in cooperation with several big companies, so it’s normal!”

Qin Bing laughed.

“What floor is the location on?”

Lin Ran then asked.

“It’s up there!”

Qin Bing laughed, not saying exactly how many floors.

The four of them got on the lift, and only then did Lin Ran see this ninny press the last button, which was the top floor.

“It’s noon, and there’s not much of a view, why is it still on the top floor?”

Lin Ran asked in surprise, usually placed on the top floor to see the night view, but this noon on the top floor, not afraid of the sun?

“The location is on the top floor, it’s not the roof, what are you thinking!”

Qin Bing gave Lin Ran a blank look, and then explained.

“The top floor of this Golden Gate Hotel is never open to the public, only once every three years during the banquet period!”

“Holy shit, it’s dedicated to hosting a banquet once every three years, that’s a really high specification!”

Wang Yifei couldn’t help but say.

“Fatty, haven’t you noticed that this banquet is very similar to the time when Wanbao is developing?”

Lin Ran laughed at the side.

“Huh! It’s really true, it’s both every three years, and the Wanbao spell has only just ended not today!”

Wang Yifeng instantly thought of something too.

“What are you guys saying again? What Ten Thousand Treasures Spell Formation?”

Qin Bing was stunned, completely unaware of what the two Lin Ran were talking about.

“Sister Bing, they’re talking about my home, and my home is inside the Ten Thousand Treasures Spell Formation!”

On the side, Little Nine said seriously.

As the crowd spoke, they had already reached the top floor where the banquet hall was located, and as soon as they entered the banquet hall, all three of them, except for Qin Bing, froze.

They only saw that the banquet hall was very large, visually measuring past it was at least half the size of a football field, apparently it was a whole floor used for a separate hall.

“Holy shit! This hall is grand enough!”

Looking at the hall, apart from the magnificent decorations, there was actually a small swimming pool and a square that seemed to be a stage, Wang Yifeng couldn't help but exclaim in admiration.

“Damn fatty, don't take any notice of that swimming pool, I'm telling you! The beautiful women playing there are all owned!”

Qin Bing was busy reminding him, afraid that Wang Yifeng would go and cause some kind of trouble.

“Look at you, I'm a human being, I'm a human being! And also hit the pool attention, I have a disease ah like the pool, fat master I custom is also like the pool next to the beautiful women!”

Wang Yifeng hehe smiled, gestured at Lin Ran, followed by bugging out.

“You do not care to control him!”

Qin Bing said busily when she saw this.

“It's alright, if something really goes wrong, we'll just add that we don't know him!”

Lin Ran laughed.

“You're mean enough!”

Qin Bing couldn't help but laugh too.

The three of them made themselves at an empty seat, Qin Bing ran to get a lot of fruits, and the three of them ate while waiting.

At this time, not many people had come, after all, their status was there, and those who could come here for the banquet were all rich and famous, which of these people did not wait until the last minute.

During the waiting period, Lin Ran also saw Liu Yusong and the three of them, but he only smiled and did not go up to greet them.

Everything was going on as it should.

When the time came to twelve, the crowd appeared one by one, and Wang Yifeng finally came running back from the pool, only this guy was drenched in water, as if he had just taken a bath.

“Damn, those little bitches are too fierce, luckily I ran fast, otherwise I would have been killed there today!”

“What? Letting people pickpocket you?”

Lin Ran pointed at Wang Yifei's trouser door zip and laughed.

"Hey! Don't mention it, I almost couldn't hold back!"

Wang Yifeng said helplessly.

Lin Ran and Qin Bing laughed and didn't say anything, at this moment everyone's attention was on the door.

At this moment, everyone's attention was focused on the entrance. They saw people in designer suits coming in, and every time they came in, they drew the crowd around them, and Qin Bing introduced them to Lin Ran one by one.

However, Lin Ran did not know any of them.

Of course, he did recognise Qin Ji when he appeared with someone, after all, it was the Qin family.

And in the crowd of the Qin family, Lin Ran's eyes were drawn to two middle-aged men and a woman.

The man was dignified, with a righteous brow, except that this brow was slightly furrowed, and both eyebrows were only seen close together, seemingly in a condensed state, which simply meant that this person had more on his mind and was under a lot of pressure.

The woman, on the other hand, is very temperamental, although already middle-aged, but regardless of skin maintenance, or talk and mannerisms are very temperamental, a look is a lady out of the house.

"Those two must be your parents!"

Lin Ran turned his head and asked Qin Bing.

Qin Bing nodded, her pretty face flushed a little.

Chapter 849

Lin Ran was stunned and said helplessly.

"Not Missy, meeting your parents, it seems like I'm the one who should be shy and embarrassed, what are you blushing about!"

"I want you to care!"

Qin Bing gave Lin Ran a blank look, followed by pulling up Xiao Jiu who was on the side and ran towards her parents.

"Ai!"

Lin Ran sighed helplessly, and then whirled and Wang Yifeng also followed.

And in just as they turned around, Yue Qiu of the Yue family walked in with someone as well.

"Hm?"

Yue Qiu swept his gaze over the crowd and saw Lin Ran in the crowd, and immediately a cold smile appeared on the corner of his mouth as he said.

He looked at the brightly dressed driver Xiao Ma next to him, who instantly understood, holding a large handful of flowers in his hands, and headed straight for where the Qin family was.

“We’re in for a treat!”

Yue Qiu laughed at a middle-aged man beside him.

The latter was stunned at his words and couldn’t help but look ahead, he was the current outer clan chief of the Yue family, Yue Ding!

The Yue family was also divided into two rents, only that their inner and outer clans were not as strict as the Li family at all, and the inner and outer clans crossed paths on a regular basis, only their work was separated, the outer clan in charge of business and the inner clan in charge of cultivation, this was very similar to the Li family.

“Mom and Dad!”

Qin Bing hurriedly shouted, followed by jumping into the arms of the two, so long without coming back, this meeting really made her look forward to it.

“Why are your eyes still red!”

Qin Bing’s mother looked at her daughter, her eyes full of love.

And Qin Bing’s father also revealed a pleased smile as his gaze swept over Lin Ran and the others behind him, finally his eyes rode on Lin Ran.

“This young man, that’s your boyfriend, right!”

“Dad!”

Qin Bing was shy and turned to introduce himself to Lin Ran.

“This is my parents, Qin Mingtian, Lin Lu!”

“Hello uncle, hello auntie!”

Lin Ran said humbly, although he didn’t want to meet his parents, but this was a meeting where the proper etiquette couldn’t be missing.

“Good! Good!”

Qin Mingtian and Lin Lu looked at Lin Ran with a look of satisfaction in their eyes.

“Your surname is also Lin, so we are still from the same family!”

Lin Lu laughed.

Lin Ran also smiled and nodded.

“By the way, I heard from Xiao Bing that you are also a doctor, that’s quite good at least work wise you and Xiao Bing also have a common language!”

Qin Mingtian laughed.

“Dad, what are you talking about! By the way, you all probably don’t know that Lin Ran is a little miracle doctor in Tanjiang City, and his reputation in Tanjiang City is definitely higher than mum’s!”

Qin Bing smiled smugly.

“Is that so?”

Lin Lu couldn’t help but give Lin Ran an extra glance at her words.

It was natural for her to observe Lin Ran more as well as her own daughter’s lifelong matter.

As the crowd spoke, Qin Ji also walked over from the side, he seemed to have just finished his business, and when he saw Lin Ran he smiled and said.

“Little friend Lin Ran, I haven’t seen you for a few days, I’ve really missed you!”

“Elder Jie, goodbye!”

Lin Ran smiled and saluted.

However, Qin Jie hastily stopped Lin Ran and said in a serious manner.

“Little friend Lin Ran, this is unacceptable, how can I accept such a salute from you now!”

Qin Mingtian and Lin Lu were both stunned at this, Qin Ji’s position in the Qin family was absolutely central, even they had to bow when they met him, but at this moment he said he didn’t dare to accept Lin Ran’s gift, this was too .....

“Elder Qin Jie is joking, as a junior I should do this, besides, according to the seniority, you are Xiao Bing’s grandfather, this gift is accepted!”

Lin Ran laughed.

“Haha! Good!”

Qin Ji laughed in satisfaction.

Just kidding, Qin Mingtian and his wife still knew little about Lin Ran, but he, Qin Ji, had watched Lin Ran grow up step by step, nowadays Lin Ran’s strength was definitely higher than his, this achievement would definitely not be ordinary in the future, for his Qin family to sit with Lin Ran, that was definitely something he could wake up laughing about in his dreams!

“Hey! Where’s my brother? Why isn’t he here?”

Qin Bing suddenly asked.

“Your brother he had some business, he’ll be there soon now he’s already on his way!”

Lin Lu said.

“O! Then let’s take our seats first!”

Qin Bing greeted, she could tell that her parents seemed to have a lot to say to Lin Ran.

“Good!”

Qin Ji nodded with a smile and was about to lead the crowd over to do so, but just then.

“Qin Bing! I like you! Will you marry me?”

A very abrupt voice rang out.

Following this, almost everyone’s eyes looked over, only to see that not far away from the Qin family, a young man was kneeling on one knee, holding flowers in his hand, and was looking at Qin Bing with affection.

The appearance of this scene immediately caused Qin Bing’s entire body to be confused, proposing! Proposing to herself, but the other party was not Lin Ran, but someone she had never seen at all.

Lin Ran also looked at this moment with a slight frown, he and Wang Yifeng recognised the other person at first, although he had changed his clothes, both of them were not ordinary people, where they could not recognise who he was.

“Holy shit! You’ve come to fucking disgust people, haven’t you!”

Today was the day that Lin Ran and Qin Bing met their parents, although they hadn’t finalised their marriage, but at this time such a person appeared, definitely disgusting the Qin family and hard on Lin Ran.

Although this matter had nothing to do with Lin Ran, as the saying goes, a son-in-law is half a child, and this was the right time for them to observe Lin Ran’s ability to deal with people in the world.

“Fatty!”

Lin Ran opened his mouth and called out to Wang Yifeng, before stepping forward and blocking in front of Qin Bing.

“Driver Xiao Ma?”

Lin Ran looked at the other party and smiled.

“Right! I’m Driver Xiao Ma, what! A driver doesn’t have the full power to pursue love? I just like Qin Bing, what can you do to me!”

Xiao Ma sneered, he understood what he was trying to do this time, so he had tried to disgust Lin Ran and the Qin family as much as possible from the start.

“A driver?”

“No way, a driver looking for Qin Bing to propose, how much does this have to disregard the Qin family!”

“That’s right!”

“I want to know whose driver he is!”

There was a lot of chatter from the surrounding crowd.

Lin Ran, on the other hand, frowned slightly, his face hardening.

“You have your rights, I have my bottom line, get lost immediately!”

Lin Jean said in a cold voice.

“Get lost? Who are you? Driving a broken business car and telling me to get lost? I’m afraid your car doesn’t even cost a hundred thousand! The Qin family would really be blind if they married Qin Bing to you!”

Xiao Ma sneered, this time was also a chance for him, if things were done well, Yue Qiu would definitely be reused in the future, himself how could he not fight for his life.

“Don’t be ridiculous, that’s not Lin Ran’s car!”

Qin Bing busily stepped forward and said.

“Xiao Bing, I really like you, marry me okay!”

Seeing Qin Bing, Xiao Ma shouted at once.

Lin Ran physically stopped Qin Bing and turned his head to look at her, then looked at Qin Bing’s parents and Qin Jie and smiled.

“Leave this to me today!”

“But!”

Qin Bing was a little worried, yet seeing Lin Ran’s smile, she still didn’t say anything.

However, she did secretly take out her phone and sent a text message to her brother.

Lin Ran turned his head and looked at Xiao Ma, his expression once again returning to calm as he blandly said.

“You have to be disgusting today, don’t you!”

“Disgusting? I’m disgusted by a marriage proposal, why should I be? Does I not even have the right to propose?”

Xiao Ma laughed.

“O? Then I’m telling you now that Qin Bing is my girlfriend, are you still proposing this marriage?”

Lin Ran looked at him, a cold aura swept through his eyes.

Chapter 850

Lin Ran’s voice was not loud, but it echoed clearly in everyone’s ears.

He didn’t want to be high-profile, but there were times when the situation forced him to be, so he couldn’t help but be high-profile!

“Hahaha! Hahahaha!”

The pony laughed.

“Everyone heard you, your girlfriend, is she your fiancée or your wife ah, neither is what you are dragging with Laozi, girlfriend! And just a girlfriend, not married to you, why can’t Laozi propose!”

“So what?”

Lin Ran looked at Xiao Ma, his expression still not fluctuating.

“So I’m proposing, I’m proposing! What can you do to me?”

Xiao Ma had a smug look on his face, not putting Lin Ran in his eyes at all.

“Well, good! It’s good that you’re sure!”

Lin Ran also smiled, only this smile was a very demonic one.

“Fatty!”

Lin Ran spoke.

“What’s up?”

Wang Yifeng had been holding his breath for a long time, waiting for Lin Ran to say something.

“Watch this! I’m teaching you a move today!”

Lin Ran laughed.

“O? Hurry up!”

Wang Yifeng was filled with anticipation.

He only saw Lin Ran slowly raise his palm, and then he slapped it violently across the air at Xiao Ma.

“Eh?”

Xiao Ma was stunned at first when he saw this, and then he burst out laughing.

“Haha! What the hell is this? Is this a monkey trick? How could the Qin family look at a brainiac like you!”

“Little Bing him?”

Qin Mingtian also looked stunned, not understanding what Lin Ran was doing.

Lin Lu was also full of confusion.

They all looked towards Qin Qi, after all, the difference between Qin Qi’s attitude towards Lin Ran before and the latter’s performance now was really a bit wide.

“A slap in the air, could it be that he has .....”

Qin Qi’s face was filled with surprise at this point, and something had already secretly occurred to him in his heart.

Heaven Seizing Realm! That was a very mysterious realm, at this realm, taking things from the air was completely at hand, and one could even briefly fly through the air, it was just that he had never expected Lin Ran to cross over into this realm.

He had to know that if he really crossed over to the Heaven Seizing Realm, that Yue Shan of the Yue Family was simply a school girl, and was no match for Lin Ran.

“What’s this kid doing?”

“Yes! Who knows?”

“I think it’s probably because he’s pissed off!”

“No no, I see that the kid is a brainiac, the Qin family has really looked the other way this time!”

The crowd around them murmured, basically in disdain.

Wang Yifeng, on the other hand, was looking at the pony with a deadly gaze, as if he was expecting something to happen.

“See?”

Lin Ran spoke up.

“It’s the use of breath, and with this slap out, I can control when he comes out, like now!”

Lin Ran said, switching to withdraw his palm, followed by an amazing scene.

A cyclone appeared in the air in front of Lin Ran, and it was like a vortex that reached the pony in the blink of an eye.

Then a crisp sound was heard, and the pony flew out with a scream of misery.

This slap was so powerful that the pony was sent flying backwards for more than ten metres and hit the ground heavily.

“Wow!”

The surrounding crowd was in an uproar as they looked at Lin Ran with disbelief in their eyes.

Qin Mingtian and Lin Lu were even more dumbfounded as they watched, unable to stop themselves from gagging.

“Little ..... Xiao Bing, he ..... Isn’t he a doctor?”

Qin Mingtian asked as he gulped his spit.

“Yes! Xiao Bing, this .... This tactic, can you carry the future domestic violence?”

Lin Lu was even more worried.

“Mom! What are you thinking! Lin Ran would never make a move on a woman, together it’s always me who bullies him!”

Qin Bing said smugly.

“As for work, he is indeed a doctor, can’t a doctor practice martial arts! Practicing martial arts is physically great and gives you a sense of security!”

Qin Bing laughed.

Qin Mingtian and Lin Lu, on the other hand, listened in bewilderment and were helpless.

“Are you still begging for this marriage?”

Lin Ran asked blandly as he took two steps forward and looked at the pony lying on the ground.

“I ...”

Xiao Ma opened his mouth to speak, but his mouth was full of blood and he couldn’t spit out a word at all.

Lin Ran gave him a bland look, then swept past the crowd and landed on Yue Qiu, who was not far away.

“I, Lin Ran, don’t want to cause trouble, but certain people shouldn’t give shame, today I’m putting my words out there, Qin Bing is mine! Whether you want to disgust the Qin family or really want to propose, feel free to come over and try, I, Lin Ran, said one word of fear, I am not the one with the handle!”

Lin Ran’s voice resounded in everyone’s ears.

He then looked in the direction of where the Yue family was and said blandly.

“Is there a problem with what I said? Mr. Yue Qiu!”

“Is there a problem, why are you asking me! I don’t seem to have offended you!”

Yue Qiu’s face was ugly, he knew this would happen, but as the core of the Yue family, he was not afraid.

“Is that so? Then tell me, who is Xiao Ma’s man?”

Lin Ran said indifferently.

At once everyone’s eyes fell on Yue Qiu, hearing Lin Ran’s words, how could they not understand.

This pony was obviously Yue Qiu’s man, the Yue family and the Qin family were already at odds on the cards, this banquet ran out to propose marriage to disgust the Qin family, they were already suspicious of the Yue family, Lin Ran’s words were a direct confirmation of many people’s suspicions.

“I don’t know what you’re talking about, what does the driver who ran out from nowhere have to do with me Yue Qiu!”

Yue Qiu said in a cold voice, if he admitted his relationship with Xiao Ma at this point, then I’m afraid he would really leave a handle on the Qin family.

“O? Is that so?”

Lin Ran laughed at this.

“Fatty! Go and get Xiao Ma La over here!”

Lin Ran turned his head and said, then removed a strip of cloth from his body and laughed.

“The Yue family are really forgetful, since you don’t remember, I’ll restore it for you!”

Lin Ran said as he took out his silver needles and began to treat Xiao Ma.

“He’s not badly injured, he’ll be able to speak in a moment, I hope you’ll still be able to do it then, Mr. Yue Qiu!”

“Before he can speak, let me talk!”

Lin Ran laughed as he gave Xiao Ma acupuncture.

“We ran into each other in the underground garage just now, isn’t this pony your driver? Now that he’s shifted and run here to propose, didn’t you authorize it?”

“Nonsense, what does what he does have to do with me! Don’t accuse people wrongly!”

Yue Qiu’s face was ugly as he retorted.

“O? Then how do you explain this outfit of his? Is it you Yue Qiu who is rich and powerful, or is he himself capable, an outfit that costs hundreds of thousands up and down, how much do you have to pay him!”

Lin Ran laughed.

The people around him also laughed at his words, they were all gifts from respectable people, how much they paid their drivers a month, they all knew it in their hearts like a mirror.

“That’s his business, you don’t have any evidence so don’t slander old man, old man isn’t easy to mess with either!”

Yue Qiu’s face looked that way.

Wang Yifeng smiled at his words but laughed.

“Ranzi! That person is not wrong in saying that, they are indeed not easy to mess with!”

“Hmph! Good to know!”

Yue Qiu smiled smugly and sneered, as a Yue family member he was still very proud of himself.

“How does that sound?”

Lin Ran asked with a smile.

“You don’t even understand this!”

Wang Yifeng was stunned and laughed.

“To be able to sit in a car and watch that kind of movie with a driver, is that something to mess with? I can’t afford to mess with Fat Master anyway, maybe one day I’ll get screwed and you won’t even know it!”

“You!”

Hearing Wang Yifeng’s words, Yue Qiu’s whole person almost didn’t die from anger, while the surrounding kind of people who were watching the scene all laughed at once.
