

Wonder Doctor

Chapter 871

Finally, under Feng Qi's explanation, Lin Ran then understood the reason for it.

It turned out that every three years, the Ten Thousand Treasures Spell Formation appeared to be just a fluttering gathering of people vying for a chance, but in reality, there was a great deal of things involved within it.

The feng shui masters who usually stroll around the country would all gather in Fengling Town during this period.

The nearest place to Fengling Town is Tanjiang City, and after the end of the Ten Thousand Treasures Spell Formation, these people will all make a trip to Wanren Mountain, saying that they are going to see the scenery, but in fact many of them want to solve the mystery of Wanren Mountain.

After all, the dangerous terrain of Wan Ren Mountain and the legends that have been told for so many years have been an unsolved mystery in the feng shui world, so many people would take a trip up here after the end of the Wan Bao spell formation.

And this time, the vast majority of the people who went missing near the Wan Ren Mountain were Feng Shui masters.

"As for the poisoning phenomenon that appeared in Temperance City in the past two days, it was actually also related to those feng shui masters going missing!"

Feng Qi said.

"Clan Chief Feng, then what kind of power is the other party?"

Lin Ran asked with a frown.

To be able to take so many Feng Shui masters captive in one breath, the other party's strength definitely wouldn't be too weak.

"I can only tell you that it's a very evil force, they often take people away from our side, and once these people are taken away, they almost never reappear, whether they're dead or hidden away somewhere, no one knows! It's as if these people have evaporated!"

Fengqi said precious.

"Well! That's all I can say, think it over if you want to go or not, we'll move tomorrow night at twelve o'clock sharp, and if you don't show up, someone else will take your place!"

With that said, Feng Qi got up straight away, smiled at Lin Ran and left with a leap.

"Clan Chief Feng!"

Lin Ran still wanted to say something else, but the other party had already disappeared into the street.

"Tomorrow night, in such a hurry!"

Lin Ran sat down in his seat and picked up his tea in his heart, he couldn't help but feel some bitterness. He had only just returned from the imperial capital, and hadn't even had time to properly accompany the four daughters, before he ran into this kind of thing again.

After sitting alone on the roof for a long time, Lin Ran then got up and went downstairs.

At this time, the four women were already making arrangements for lunch. Since they hadn't eaten in the morning, they were very concerned about this lunch, and had even ordered takeaway and cleared the table early, just waiting for the meal to arrive.

"What's wrong with you?"

Seeing Lin Ran's gloomy face, Song Nuan went forward and asked.

"Nothing, just a little preoccupation!"

Lin Ran said with a bland smile.

"Something on your mind? How about sharing it with us?"

Luo Qiqi laughed.

"I've said it's a matter of the heart, how can I share it?"

Lin Ran said helplessly.

"It's because it's a matter of the heart that you have to say it, otherwise how can we help you!"

Qin Bing also said.

"That's right, just say it!"

Su Rou chimed in beside her again.

"Alright!"

Lin Ran said with a helpless show of hands.

"I'm going out tomorrow night, and as for what I'm going for, I can't tell you guys!"

Lin Ran said, sweeping his gaze over the four of them, and suddenly thought of something.

"Speaking of which, I do have to ask you guys!"

"What are you guys planning to do in the future?"

"Huh?"

Lin Ran asked suddenly, causing all four of them to be stunned, not understanding what Lin Ran meant.

Jingle Bells

Suddenly the door to the room rang, apparently the delivery guy had arrived.

"I'll go get the food first!"

Song Nuan laughed, while running to fetch the food back.

Lin Ran didn't say much, helping to set up the food together, and only after the group had eaten a few bites did he speak.

"I don't want to push you guys, but I really don't feel comfortable with you guys like this now!"

The four women all stopped their chopsticks at his words and looked at Lin Ran without speaking.

"There are some things that I don't want to say! But now I'm afraid the time has come when I have to say it."

Lin Ran sighed, put down his chopsticks, looked at the four women, and solemnly said.

"Originally, I thought that we could live our lives in an uneventful manner like we are now, but recently I have discovered that this is likely to be an extravagant hope, and after a short while, I will probably leave, and it will even be for a long time, and the only thing I can't worry about now is you guys!"

Lin Ran said.

"Why do you want to leave, no one is stopping you if you want to live such an uneventful life, you are perfectly fine!"

Luo Qiqi asked.

"No, he can't!"

Song Nuan, however, spoke up.

All three women looked at her.

"He always has one thing in his heart that he hasn't unlocked, so he won't stop!"

Song Nuan said.

"What is it?"

Qin Bing asked.

"The matter of Wang Kun!"

Lin Ran said indifferently.

"My parents' death is related to him, but he's disappeared now, so if I want to find him, I have to work hard to become stronger, and on this road to becoming stronger, I'll experience many things, and therein lies the difference!"

Lin Ran said, unable to resist rubbing his face as he continued.

"Moreover, the stronger I get, the more things I'll face, and the less time I'll have to spend with you guys!"

"I really feel so guilty!"

“No need to feel guilty, it’s our choice to like you, it’s your choice to track down the killer, you’re not wrong! We’re not wrong either!”

Su Rou spoke up.

“I just hope that if I do have to leave for a while one day, whether you guys wait for me or not is fine, but you must be safe and happy!”

Lin Ran said, letting out a long breath.

“I just can’t worry about you guys!”

Saying this, Lin Ran looked at the four women and concluded.

“You guys shouldn’t think that I’m too nosy, I’m actually doing this for your own good, you definitely want to help me on the path to becoming stronger, so I need to know your plans for the future now, and I’ll find the time to help you, at least until you’ve all settled down, I’ll be able to leave with peace of mind!”

“Plans for the future?”

All four women were stunned.

“That’s easy, you’ve said that before, and I’ve spoken to my father during the time you’ve been in the empire, I’m definitely going into business and starting from scratch!”

Luo Qiqi laughed, indeed she had rung a lot since she had been home this time.

It wasn’t just her, in fact all four women understood in their hearts that Lin Ran was getting stronger and stronger, and if they couldn’t get stronger too, I was afraid that they would eventually drift apart from each other.

“I don’t have any plans, I just want to do my job, teaching and educating people!”

Su Rou said with a bitter smile.

“I’m pretty much the same, healing the sick and saving people is the best job there is, I love it!”

Qin Bing also said.

“Teaching and healing are both quite good, you guys keep up the good work!”

Lin Ran laughed.

He didn’t know what to do about Qin Bing and Su Rou, after all, the promotion of their work all depended on them, and if Luo Qiqi was in business, he might be able to help out a bit, but of course it was insignificant compared to Luo Ming, I’m afraid.

“What about you?”

Lin Ran looked at Song Nuan.

Song Nuan was silent.

"I don't know!"

"Don't you like dancing?"

Su Rou asked busily.

"I like it, but in the end it's just my hobby, and what I really like about my job, even I don't know!"

Song Nuan laughed bitterly.

If she knew, she wouldn't feel so bad.

"Or else you'll go into business with me?"

Luo Qiqi laughed.

Song Nuan, however, shook her head.

"I can't, because of my father's relationship, I can't engage in business!"

"That's right!"

Luo Qiqi was helpless.

Lin Ran, on the other hand, was even more clueless.

"Forget about dinner, there's still a few days left, we'll think about it in the long run!"

Chapter 872

After lunch, the four women gathered together again to chat, and they had a good time when they had a rare free moment.

Lin Ran, on the other hand, stayed alone on the first floor and worked for a long time.

In the evening, after having dinner, Lin Ran went outside the district, and before most of a while, Wang Yifeng appeared, along with Master Yu who also followed him.

"Master!"

"What's wrong with Ranzi?"

When he saw Lin Ran, Wang Yifeng immediately asked.

Master Yu, on the other hand, looked a lot calmer, thinking that he had finished settling the matter from last time.

"I have something to say to you two!"

Lin Ran said, while greeting the two of them as they entered the district, walking around the district as they spoke.

"I'm going to a place tomorrow night, a place that I can only go to alone, because it's important so there are some things I have to arrange!"

Lin Ran said as he took out a white crystal stone, it was a naturally formed onyx, however it had a very large number of runes carved into it by Lin Ran, so it was clearly no longer a mundane object.

“Master Yu, this is a formation bead, I have placed formations in all corners of the district, once there is movement of the feng shui grass, this bead will sense it!”

Lin Ran said as he handed the bead to Master Yu.

“You and Fatty stay in the district from tomorrow night, opposite Song Nuan’s house, I’ve rented a house, you guys stay here for the night tomorrow night, once the bead reacts in any way, you guys go straight there, make sure the four of them are safe!”

“Ranzi, what’s going on?”

Wang Yifeng was busy asking, seeing how strict Lin Ran was, it was obviously not something simple.

“Last night, someone broke into Song Nuan’s house!”

Lin Ran said indifferently.

“You didn’t even catch up?”

Wang Yifeng wondered, he knew Lin Ran’s strength very well, but even he hadn’t caught him, so I’m afraid the other party had come with a lot of power!

“No! But he’s injured, and I’m afraid he’ll come back tomorrow night, so I need your help!”

Lin Ran said.

“Don’t worry, with Fat Master I’m here to keep watch, there’s absolutely no problem!”

Wang Yifeng patted his chest and said.

Master Yu also said solemnly.

“Master, please don’t worry, I will get this done!”

“Mm!”

Lin Ran nodded his head, then gave Fatty another look.

“Just say what you have to say, we have this relationship, and you’re still stammering!”

Wang Yifeng said without good humour.

“It’s nothing, I just want to advise you to read more!”

Lin Ran laughed.

“Screw you!”

Net Yifeng gave him a blank look without good grace, and then left with Master Yu.

He wouldn’t be coming over until tomorrow night, so he was definitely still going to look for Xiao Cui tonight, after all, he hadn’t seen her for so long, he really missed her too.

Master Yu was a bit lonely, but fortunately, this guy was so dedicated to feng shui that he could study the way of feng shui without worrying.

Lin Ran went home and spent a relaxing evening with the four girls.

The next day, Qin Bing went to work as usual, while Song Nuan went back home, after all, she had to go back to see her after graduation.

Su Rou went to school to pack her things, as she was going to move in for the summer holidays.

As for Luo Qiqi, she had gone to help out at the clinic with Qin Bing.

Lin Ran sat at home alone, remodelling all the feng shui in the house again, and only when everyone returned in the evening was he considered to have finished his work.

During this time, Lin Ran did not mention the topic of the people's future plans, he also knew that this could not be rushed and could only be done step by step.

"I'll leave after dinner, I've arranged for Fatty and Master Yu to be on the opposite side, if there's anything you can call out to them directly!"

Lin Ran said as he ate.

"Don't be like that, make it sound like you're parting from life and death!"

Qin Bing said with a frown.

"That's right, what can happen, we've been staying here for two days! It's all fine!"

Luo Qiqi also laughed .

Lin Ran smiled at that but laughed.

"You guys really think it's fine, in fact, I didn't go to your room the night before last to close the window!"

"Going to tell the truth now? We knew you were definitely scheming!"

Su Rou laughed.

Lin Ran listened but shook his head.

"You guys are thinking too much, a man in black broke into your room that night!"

Lin Ran said.

"What?"

Song Nuan's face immediately went white at the words, and the other three women's pretty faces also went white, and immediately the four of them's hearts lifted.

"There are many dangers lurking around, only none of you are aware of them, so you must be careful tonight when I'm not here!"

Lin Ran warned.

He had said all he could, the rest would only depend on whether the other side would come, and the two of them, Wang Yifeng.

“So you can’t not go tonight?”

Song Nuan asked.

“I can’t!”

Lin Ran shook his head.

As he spoke, he had already finished his meal and put the dishes away, immediately getting up and looking at the crowd again.

“I’m leaving first! See you in the morning!”

With that, Lin Ran turned around and picked up his luggage and left.

“Why do I get the feeling that he’s not sure of himself this time either!”

Looking at Lin Ran’s back as he left, Su Rou said with a worried face.

“Maybe he’s really not sure, that’s why he’s in such a hurry to get us set up!”

Song Nuan said softly.

“Aren’t we a bit too uncompetitive?”

Luo Qiqi asked with her head bowed.

“I don’t know, I just feel that if we don’t work harder, I’m afraid we won’t be able to help him at all in the future!”

Qin Bing whispered, a sense of urgency already in her heart.

“Let’s discuss it tonight, shall we!”

Song Nuan suggested.

“Mm!”

The four women all nodded at her words, Qin Bing’s words were to the point, if they didn’t work hard, they were afraid that they really wouldn’t be able to help Lin Ran in the future.

They were all proud at heart, and none of them wanted to have to watch Lin Ran leave on his own, without a single thing they could do.

.....

When he left home, Lin Ran went straight to a dilapidated van.

The van was one he had bought specially from the second-hand market for this mission.

Driving the broken van, Lin Ran left the neighborhood directly and headed towards Wan Ren Shan in the night.

Wang Yifeng stood at the window, watching Lin Ran's back as he left.

He and Lin Ran had been born and died for so many years that they were already like brothers, but as long as he mentioned Wan Ren Shan, he would never forget the incident that happened back then.

Lin Ran's parents, either directly or indirectly, had died at the hands of his own father, although Lin had never mentioned it.

But whenever he talked about the Ten Thousand Rengshan Mountains, he would always remember this incident.

"I have to work hard too!"

Wang Yifeng sighed, although he had a big grin on the surface, he actually knew in his heart that Lin Ran was getting stronger and stronger, if he continued to stagnate, one day he would also retire from the stage of history.

Under the night curtain, a broken van drove straight towards the direction of Wan Ren Mountain.

Because of the previous natural disaster, the tourism resources of Wan Ren Mountain were not as good as before tomorrow, and at this time of night, the whole scenic spot could be said to be in darkness, with not even a single light.

When the car stopped at the entrance of the scenic spot, Lin Ran got out of the car alone. He took out the bag of black liquid and poured it into his mouth with one gulp.

It was light and tasteless, but soon he realised that the scent of his entire body had changed, the scent was familiar to him, it was the same kind of venom he had felt when he was at the bottom of the Wanbao spell.

"Pillow Book, don't let Little Nine out tonight!"

Lin Ran instructed one last time, before stepping up to the Ten Thousand Refugees Mountain.

Chapter 873

Under the night, the entire Wan Ren Mountain was dead silent, and if one wasn't in this place, no one would have thought that there were actually a lot of people on the mountain at this time.

Lin Ran followed the location provided by Feng Qi and felt his way up the mountain, and his destination was in a ravine at the back of the mountain.

When he arrived at the top of the mountain, Lin Ran found no trace of anyone, but he knew that Feng Qi must be hiding somewhere with his men.

Looking at his watch, it was only ten o'clock at night, so Lin Ran was in no hurry and began to take stock of his belongings.

"Patriarch, the boy is here!"

On another hill, in the darkness, a young man dressed in night clothes arched his hand and said.

"Well! I see it!"

Feng Qi gazed far away, and on the hill opposite to him, a very dim light was flickering, exactly where Lin Ran was.

“Looks like this kid is still worth training!”

Suddenly, a youth’s voice came to mind next to him.

“It’s one thing to be worth training, it’s another thing to be able to train up!”

Another youth’s voice rang out.

Feng Qi turned his head to look at the two and said indifferently.

“What, you three know each other?”

“Don’t know each other!”

Fire One Sword said indifferently.

Next to him, Li Mu Di was laughing.

“Clan Chief Feng, don’t listen to the kid’s nonsense, the last time the Ten Thousand Treasures Spell Formation, Lin Ran stole something from him and the two of them had a bit of a falling out!”

“A falling out? Big girl?”

Feng Qi laughed, followed by a cold look in his eyes as he said.

“Don’t forget what I said to you guys back then, to shoulder this kind of responsibility, you have to be united, in our team, any distrust or conflict is not needed!”

“Understood!”

Fire Yijian nodded, although he still had a few dislikes towards Lin Ran, he also understood that if the time did come in the future for the two to fight side by side, he wouldn’t care about this point of conflict between them.

“However, Clan Chief Feng, do you think he will be able to complete his mission? After all, the opponent this time is a Blood Demon!”

Fire One Sword said with a frown.

“This was arranged by my mentor, and I think my mentor naturally has his intentions in arranging this!”

Feng Qi said indifferently.

“Hey, we can only say that the kid is unlucky, most of the people he has taken in recently are those with very low vitality, who knows that this kid’s mission is actually a Blood Demon, he can only blame himself!”

Li Mu Di said with a bitter smile.

“Luck is sometimes a part of strength!”

Feng Qi was bland, clearly not taking this to heart.

“Alright, it’s getting late, you guys should also go down and get ready, do your own thing, the rest is all up to him!”

“Mhmm!”

Li Mu Di and Fire One Sword nodded their heads and promptly disappeared into the dark night.

.....

Time passed by minute by minute, and soon the time came to eleven thirty, and at this time Lin Ran had already touched the entrance to the canyon in the back of the mountain.

The only thing left to do was to reach the appointed twelve o’clock, and he would enter the valley directly.

“Patriarch, it’s time!”

Soon, half an hour had passed, and in the other direction of the canyon, Feng Qi was also in place with all his men.

“Very well! Get everyone in position, once Lin Ran enters the core place, we’ll make an early move!”

Feng Qi commanded.

“Yes!”

His men nodded and immediately went to make arrangements.

Feng Qi did not tell Lin Ran that the stalk of liquid that concealed his scent actually also allowed him to grasp Lin Ran’s location, so he could clearly sense what position Lin Ran was in at the moment.

“Has it started?”

Suddenly, Feng Qi looked up ahead as he felt Lin Ran’s position begin to move.

.....

Under the darkness, Lin Ran quickly felt his way towards the entrance of the canyon, the closer he got to the canyon, the more Lin Ran also felt a sense of unease, a psychological omen that naturally arose as he got stronger.

“Be careful, there’s a formation ahead!”

The pillow’s voice suddenly rang out.

“Felt it!”

Lin Ran nodded, he too felt the presence of the formation.

“This is it!”

As he reached the depths of the entrance to the canyon, Lin Ran suddenly stopped before gently probing out his hand and releasing a strand of Healing Dao True Qi at his fingertips.

Soon, in the mid-air in front of him, a vortex with Healing Dao True Qi forming appeared, not too big just enough for a person to pass through.

“Go!”

Lin Ran greeted in his heart and instantly dived into the vortex.

Using his Medical Dao True Qi to open the formation barriers was the safest means for him to pass through the formation, while not letting the other party notice.

“Into the formation!”

Not far away Feng Qi nodded in satisfaction.

.....

When he entered the formation, the original darkness around him became a little brighter at this point, and Lin Ran saw that there was actually a very large fortress not far away.

This is a very big fortress, which he had not discovered before.

“It’s really lively in here!”

Even Pillow Book couldn’t help but exclaim.

“This formation is really powerful, if we didn’t know the location in advance, I’m afraid no one would have thought that there was actually such a hidden place in the middle of this sublime mountain range.”

Lin Ran couldn’t help but say in his heart.

“Be careful of the guards at the entrance of the fortress before you!”

Pillow Book warned, this fortress was a little too bizarre, and Pillow Book didn’t dare to explore it extensively, for fear of being discovered.

“Go around!”

Lin Ran found a way with a little thought.

He saw that at the entrance of the fortress, there were many people who seemed to be patrolling in black robes, and where he appeared at this moment, he was not far from them, plus the clothes he was wearing were similar to them, and immediately a big idea appeared in Lin Ran’s mind.

He first went to a hidden corner and grabbed the one closest to him when the others weren’t looking, and then made the other person faint, then draped the other person’s black robe over himself, took the other person’s luggage, and then actually blended into the crowd.

With the help of the scent masking medicine, he was not worried at all about being discovered by others, and as many of the people here were wearing black robes, Lin Ran was not worried about being seen face to face.

“Kid! You’re quite the thief!”

Looking at Lin Ran blending in with the crowd and no one actually noticing, Pillow Book couldn't help but laugh as well.

"Alright cut the crap and go in and see what's going on!"

Lin Ran said helplessly, and followed the crowd and entered the fortress.

And as soon as he entered the fortress, Lin Ran felt another layer of formation sweep past his body, it should be a formation to probe the situation, but that formation obviously didn't notice Lin Ran's abnormality and passed away in a flash.

And the moment Lin Ran actually crossed into the town, he realised what it meant to be a purgatory on earth.

He saw that the entire fortress was dotted with many rooms, and in the middle of these rooms was a very wide and contoured road.

On both sides of the road, there were countless cages, and inside each cage was a person.

What was even more frightening was that the clothes on these people were in tatters, obviously beaten.

And those who were imprisoned in the cages were letting out miserable screams and angry curses from time to time, and the entire air of resentment inside the fortress was simply overwhelming.

"Look!"

Suddenly, the pillow book gestured for Lin Ran to look at the side.

Only then was Lin Ran surprised to find that underneath each cage, there was actually a section of culvert, and what flowed inside each culvert was actually that red poisonous liquid.

And these venom flowed light from underneath the cages, this design was obviously collecting something.

Chapter 874

"It seems that Feng Qi's words are true, these are all the missing Feng Shui masters!"

Lin Ran couldn't help but gulp, if Feng Qi hadn't come looking for him, I'm afraid he wouldn't have thought that such a human purgatory actually existed inside the Ten Thousand Rengshan Mountains.

"No! I have to find out what's going on!"

Lin Ran thought in his mind, while slowing down his foot speed, and as he walked and observed, he soon discovered a pattern.

Not every one of these cages had people inside, and when no one was there, there would be screams coming from the room behind the cages, as if that room was a place of torture.

"Go!"

As he was thinking in his mind, suddenly, Lin Ran saw a man in black robes in front of him pulling a man out of the cage and rushing towards the room next to it.

The man's entire body was already torn and almost finished, and his entire body was trembling where it stood, clearly on the verge of not being able to carry it anymore.

"Go and take a look!"

Lin Ran's mind moved and immediately followed him over, taking advantage of the moment when the door to the room closed to follow him in with a flash.

"Who?"

The black-robed man noticed that someone had entered and immediately opened his mouth to scold.

But just as the words spat out, a cold ray of light followed and sliced across his neck, immediately spurting blood all over the floor, and the whole man fell straight to the ground.

"Dead!"

Lin Ran first crouched down to check, confirming that the other party was dead before turning his head to look at the man who had come out of the cage on his back.

"Who are you? How come you're here?"

Lin Ran asked busily, the whole room was very dim, only a little bright light shone in, Lin Ran could not see the other person's appearance at all.

"I"

The other party did not seem to react, and it was only after a full two minutes that he suddenly said excitedly.

"I I'm a disciple of the Clear Wind Sect, dare I ask! Are you here to save us?"

"Sort of! What's going on here?"

Lin Ran asked busily.

"I don't know either!"

The other party's voice was tinged with tears, clearly the days he had spent these past few days had brought him to the brink of collapse.

It took a good few moments of reprieve before the youth spoke again.

"On the day I finished participating in the Ten Thousand Treasures Spell Formation with my other brothers, I wanted to come to Mount Wan Ren, after all, this is also a place favoured by the Feng Shui Sect, but who knew that I would be captured that night!"

"By the way, my name is Xu Qingfeng, I don't know what is your name, benefactor?"

The youth was busy asking.

"Xu Qingfeng?"

Lin Ran was stunned at his words, then a flame lit up in his hand, the flame hit Xu Qingfeng's face, his whole face was full of scars, Lin Ran saw that his eyes were full of fatigue, it seemed that if he came two more days later, he might not even make it through.

"You Lin Ran!"

Xu Qingfeng also saw Lin Ran, and he froze, how could he have ever thought that the person who appeared in front of him at this moment would actually be Lin Ran.

"It's me."

Lin Ran revealed a bitter smile.

"I was quite surprised too, I didn't expect you to appear here!"

"Hehe, yeah, I didn't expect it either, I thought I was going to die twice, but who knew I'd run into you both times!"

Xu Qingfeng laughed to himself.

Thinking about how he looked down on Lin Ran back then, he felt ridiculous even thinking about it himself.

"I'm here for something else, I'll send you back to the cage later, someone will come to rescue you soon!"

After a moment of silence, Lin Ran said.

"Someone is really coming to save us?"

Xu Qingfeng asked busily, there was no news more exciting to him now than someone coming to save them.

"That's right! You wait patiently, someone will come to save you in less than half an hour!"

Lin Ran said, while he paused and asked.

"Tell me, who is the leader here? Where is it?"

"I don't know where he is either, but it must be in the deepest part, I've only seen him once in all the time I've been captured here, and he's not a person!"

Xu Qingfeng said with his whole body trembling.

"How so?"

Lin Ran frowned.

"That guy is a monster, his whole body's skin is like highly burnt, there are scars everywhere, and he only has one eye, and it's in the very middle!"

Xu Qingfeng was horrified to.

"Then what exactly did they grab you guys over for?"

Lin Ran asked.

“I don’t know, ever since I was caught in by them, I haven’t done anything but get beaten up every day!”

Xu Qingfeng said angrily.

“Getting beaten up?”

Lin Ran was stunned, and was busy asking again.

“And what about the culvert under the cage?”

“I don’t know about that either, the stuff inside that culvert is just like blood, it smells fishy and unpleasant, but it flows to the far end, so if you’re going to find the mastermind behind this place, you should be able to find out!”

Xu Qingfeng said.

“Mhm!”

Lin Ran nodded his head.

It didn’t surprise him that Xu Qingfeng could know this, after all, they were captives, so naturally there wasn’t much they could learn about.

Lin Ran then chatted with Xu Qingfeng for a while more, and only after finding no other information did he move to escort him back into the cage again, and then continued deeper towards the inside.

Lin Ran changed into the clothes of the man he had just killed, and found that he still had a plaque on his chest with a series of numbers written on it, “zero zero three!” I don’t know what purpose it serves.

As he went deeper and deeper, Lin Ran found many people like Xu Qingfeng, some of them were from the Yue Clan and some from other forces, but he did not find any from the Meihua Sect, apparently after the end of the Ten Thousand Treasures Spell Formation, the Meihua Sect should have gone back directly and did not come to the Ten Thousand Ren Ren Mountains.

As he went deeper and deeper, Lin Ran gradually realized that there were fewer and fewer people here, and it was becoming very difficult for him to continue to blend in with the crowd, but for some reason no one was stopping him along the way, as if everyone had their own business to attend to.

“Why is this venom getting darker and darker!”

After going about two kilometres deep, Lin Ran noticed that the originally red venom inside the culverts under those cages had become black, as if there were a lot of impurities mixed into it.

“Hmm?”

Suddenly, Lin Ran was stunned as he saw that, not far ahead, the road was finally at the end.

And at the end was a gate made of cast iron, with two very majestic faucets on either side of the gate, facing the culverts on either side.

As the black venom inside the culvert flowed under the faucets, wisps of black gas rose from the venom and slowly drifted into the faucets.

And the venom, which was still black, turned into its original red colour after the black gas floated out.

“This venom is transporting things!”

Lin Ran was greatly alarmed in his heart, seeing this scene he seemed to have guessed something, if that red venom was the transport belt, then the black things were obviously the things that were going to be transported over.

And all of these things were obviously extracted from those who had been captured, from their bodies.

“But that black mist, what exactly is it?”

An even greater doubt appeared in Lin Ran’s mind.

What exactly were they doing this for.

With this in mind, Lin Ran wanted to walk up and take a look.

“Stand still!”

Suddenly, two cold shouts sounded out in front of Lin Ran.

Only then did he notice that there were actually two tall black-robed men in front of him, holding two black sticks in their hands and looking at him from afar, emitting this fierce aura all over their bodies.

Suddenly, one of the black-robed men spoke up.

“Zero Three, what are you doing here when Lord Blood Demon has not summoned you? Is it because the prisoner is dead?”

Chapter 875

“The prisoner is dead?”

Lin Ran sniffed as he quickly went through the other man’s words in his mind.

He was clearly surprised by this last question, seemingly taking the death of the prisoners here very seriously, and with a vague air of anger that clearly didn’t want to see this result.

And by asking this, he should have weekdays when no one could see Lord Blood Devil.

Thinking of this, Lin Ran was busy respectfully returning.

“Your Excellency, the prisoner is not dead, but it is no longer possible to extract what we need!”

Lin Ran did not say exactly what it was in this reply, but he could muddle through, too.

“Can’t extract something?”

The other party was stunned at his words, and then turned his head to look at the culvert, they all had a count in their minds of how much black substance could be brought in here every day, and at this moment, a quick check revealed that there was indeed one missing.

“Hmm! You wait!”

The other side pondered for a moment, and finally bowed their heads as if they were making some sort of connection with the Blood Demon.

“Rumble!”

Soon, the large iron door behind the two actually did open, and at the same time the man lifted his head and looked at Lin Ran.

“Lord Blood Demon is letting you in!”

“Yes!”

Lin Ran saluted respectfully and followed, then walked towards the gate, and soon entered behind the iron door.

“Rumble!”

There was another sound, and the large iron door then closed once more.

“You guard this place, Lord Blood Demon told me to check on the prisoners!”

The guard who had just let Lin Ran in said.

“Yes!”

The guard next to him answered, while the guard who spoke then walked in the direction Lin Ran had just come from.

.....

“Get ready! Do it in ten minutes!”

While outside the canyon at this time, Feng Qi had already made arrangements, he could sense that Lin Ran had already entered the core place, and in order to avoid Lin Ran being besieged, it was time for them to make their move.

“Yes!”

The men next to him immediately conveyed the order down, and the atmosphere at the entrance of the canyon, which was originally calm, immediately became tense.

.....

After the iron gate, what came into view was a dimness, with only a few scattered places where some crystals for illumination were placed, which should have been deliberately staged by Lord Blood Devil.

And as far as the sight could see, there was only a black seat, which was majestic and imposing all black, if not for the light shining on it, I’m afraid I wouldn’t really be able to see it.

“Clatter!”

Suddenly, there was a sound of water coming out of the dark room, and at the same time a raspy, almost hair-bursting voice rang out.

“Zero Three, what happened to the prisoner?”

Hearing this voice, Lin Ran’s whole body couldn’t help but tighten up, he knew this was the right person coming.

Lin Ran didn’t say anything and waited quietly, and sure enough, just a few moments later, a figure with wrinkled skin all over his body came out from behind the seat, he seemed to be taking a bath earlier and was now dripping wet, but even so his wrinkled skin was disgusting to look at.

“My lord!”

“My lord!”

Soon two more women came out from the side, black robes and a pair of gloves in their hands, which they respectfully put on for Lord Blood Devil.

“Come and sit down!”

Lord Blood Demon sat down on his own black chair while stopping the two women directly into his arms with one hand, not avoiding Lin Ran who was standing in front of him at the moment.

“My Lord!”

Lin Ran spoke up.

“The prisoners are no longer getting what we want!”

“What did you say?”

Lord Blood Demon’s face visibly turned ugly at his words, while his dry palm screamed out from the force of his grip on one of the women.

“My lord, you’re hurting me!”

“Shut up!”

The Blood Demon chided coldly, then looked at Lin Ran.

“Zero Three, do you know what you’re talking about? If I don’t get a grudge, I’ll kill you immediately!”

“Resentment?”

Lin Ran’s heart was startled, he had vaguely guessed something before, and the words that blew up at this moment indirectly proved this guess of his.

Everything here, whether it was the captured Feng Shui masters or those who ravaged them, seemed to be preparing for the venom inside those culverts.

And based on what Lin Ran had seen so far, he could roughly guess what this Blood Demon was actually doing.

“My lord, I implore in replacing a prisoner, and after all this time, hasn’t my lord’s business been completed?”

“Bang!”

As soon as Lin Ran’s words fell, the Blood Demon’s palm instantly slapped down on the black seat, his dry face was even more filled with killing intent, and his eyes, which only had one, were even colder at the moment.

“Say it again!”

“How dare you ask about my affairs!”

The Blood Demon was furious, he looked at Lin Ran icily, his heart already suspicious, how would any of his men dare to speak to him like that on a normal day.

“My lord it was I who was reckless, I implore Lord Blood Devil to replace my prisoner so that I can bring more resentment to my lord!”

Lin Ran said busily, in order to blow up some information, he could only go to desperate measures, otherwise he wouldn’t even bother with nonsense, he would just do it.

“Replace the prisoners? How can it be that easy, now outside are all the people tracing, see the last line to breakthrough straight away, can’t risk it at this time, go back and continue to press, if you can’t press, kill him!”

Blood Devil said angrily.

“Yes! My Lord!”

Lin Ran could only nod respectfully at his words, while turning around and about to leave.

“Wait!”

Suddenly, the Blood Demon, however, called out to Lin Ran.

“Where are your cards?”

“Cards?”

Lin Ran was stunned at his words, and only then did he remember that when he had killed that Zero Three, he had indeed obtained a small plaque from him.

“Since you’re here, claim the grudge and save yourself from bothering me next time!”

The Blood Demon said in a cold voice, taking the sign Lin Ran handed him and directly gushed in with a surge of black Qi, before handing it back to Lin Ran.

“Many thanks, my lord!”

Lin Ran said respectfully, and was about to leave.

But he had only just taken two steps out when suddenly the pillow’s voice rang out.

“Throw it away, there’s something wrong with that thing!”

“Huh?”

Lin Ran was stunned and turned sideways to look back, only to see that the Blood Demon sitting in the chair had stood up at this moment, his one eye all the time with an icy cold smile inside.

“Found out?”

Lin Ran’s heart was startled as he directly removed the wooden sign and threw it on the ground.

“Bang!”

As soon as the wooden token hit the ground, it instantly split apart and a black gas instantly filled out, heading straight for Lin Ran’s head.

“Scatter!”

Lin Ran blasted out with his fist carrying the true qi of the medical dao, instantly scattering the wisp of black qi.

.....

At this time, the guard had already arrived at the place where Xu Qingfeng was, he looked at Xu Qingfeng and found the latter lying motionless in the cage as if he was dead, followed by walking towards the room to the side.

As soon as he entered, he saw Zero Three lying on the floor, stripped naked, and was startled.

“No good! Someone has infiltrated, go and inform Lord Blood Devil!”

The guard said and ran out of the room, but before he could walk back, he heard the monstrous shouting and killing sounds already coming in from the direction of the entrance of the canyon not far away, and a large group of black-robed people rushed over as if they were fleeing for their lives right from the place near the entrance of the canyon.

“It’s over! They’ve been discovered!”

The guards’ hearts were half cold, so they didn’t bother to report back at this moment, and immediately started to flee after the crowd.

Chapter 876

In the room, Lin Ran had an icy cold face.

“I didn’t expect you to find out after all!”

“Haha! I found out from the moment you came in!”

The Blood Demon laughed, but the smile was tinged with a bit of disdain.

“How did you find out?”

Lin Ran was in no hurry at this point, according to his previous agreement with Feng Qi, they should have already made their move, and at this point, he only needed to face the Blood Demon alone.

“Very simple!”

The Blood Demon wasn't in a hurry either, in his opinion Lin Ran was already in his pocket, in his own territory, he wasn't really afraid.

“Zero Zero Three doesn't have any autonomous spiritual intelligence at all, and from the moment you started raising doubts, you've already been exposed!”

“In that case, then you're quite the dog, erasing the spiritual wisdom of even your own men!”

Lin Ran sneered.

“What do you know, the most reliable ones are always the dead ones!”

The Blood Demon said in a cold voice.

“Hm?”

Suddenly, the Blood Demon's face changed, the entire formation was relevant to him, and at that moment he also sensed someone attacking from outside.

“There's someone else!”

The Blood Demon's face instantly turned cold and stern as he glared at Lin Ran and said in a cold voice.

“Looks like there's no time to talk nonsense to you, prepare to die!”

As soon as the words were finished, the Blood Demon's entire person actually poked his palm forward, following his figure instantly reaching Lin Ran, his speed simply staggering Lin Ran.

“Holy shit!”

Lin Ran cursed angrily and did not dare to be careless, his body turned and hastily dodged out of the way.

However, even so, the black robe on his body was still scratched out by the Blood Demon's grip, which made several holes.

“Hmm? Never seen that before, what! Did Feng Qi send you here to die?”

Looking at Lin Ran's unfamiliar face, the Blood Demon instantly laughed.

“That's right! But it will be you who dies!”

Lin Ran's eyes chilled as a dagger with a broken tip immediately appeared in his hand.

“A cold weapon? You're fucking kidding me!”

The Blood Demon laughed at the sight of this.

“He only saw his hand grasp and a black aura instantly lunged towards Lin Ran as if it was a sharp blade.”

“What a terrifying aura!”

Lin Ran’s heart was greatly alarmed, and he hurriedly held his dagger backwards, and his Medical Dao True Qi instantly filled out as he immediately met it.

“Bang!”

The two collided, and the Blood Demon’s attack instantly shattered, but Lin Ran was no better, his entire body directly flew backwards, and even the broken tip fell to the ground.

“Collect!”

Lin Ran busily steadied himself and collected the broken tip, he already understood that against an opponent of such strength, there was no room for the broken tip to be used.

Although it had been built by Iron Hand Li, it simply couldn’t get close enough in the face of such a raging aura from the Blood Demon.

“Suffer death!”

The Blood Demon’s eyes micronized as it lunged towards Lin Ran again with an arrow step.

Lin Ran didn’t have time for nonsense, his feet were at full speed as he dodged and fought the Blood Demon at the same time.

After just a few rounds, Lin Ran felt the gap between the two.

Although this Blood Demon was said to be in the middle stage of the Heaven Seizing Realm, his strength could no longer be measured at a superficial level, at least for the time being, Lin Ran could not find any chance at all.

It felt like facing a wall, there were no gaps for you to drill through.

“I’m bound to lose if this goes on, what should I do?”

Lin Ran’s heart was a little anxious, the Blood Demon was the most powerful enemy he had faced in the past year, even when he had faced Compulsion Yang and Yue Shan, he had never been in such a difficult situation.

But at this moment, when he faced Compulsion Yang, he knew what it meant to be stretched to the limit.

“Go!”

Not bothering to hide, Lin Ran directly mobilised the ninth-grade silver needles, and the ninth-grade silver needles inside his bracelet were shot out one after another, each time they entered the Blood Demon’s body, it slowed the latter down a little.

But it was only a slowdown, and once the ninth-order silver needles had entered the Blood Demon’s body, it had completely lost contact with it, so it could either kill it or else there was no possibility of retrieving it.

“Kid, your magic weapon is quite good, but it’s a pity that such a small thing can’t hurt me at all!”

The Blood Demon sneered as he waved his hands rapidly, and a sharp claw struck in the direction of Lin Ran as if he didn't want money.

And as he swung out with his claws, a terrifying aura came straight at him.

Lin Ran couldn't even shoot out a ninth-rank silver needle at this point, so he could only do his best to resist.

“Bang!”

Suddenly, a huge black shadow descended from the sky and slapped the entirety of the defence in front of Lin Ran.

At once, Lin Ran felt a sweetness in his throat, and a mouthful of fresh blood in his chest barely escaped his mouth.

And his entire body had by now flown backwards towards the back.

“Bang.”

He didn't know what he had hit, he just vaguely saw that he had flown over the top of the black seat.

“Lin Ran look!”

The pillow's voice rang out again.

Lin Ran was busy turning his head to look, and only then did he realise.

It turned out that behind the black seat, there was actually a black screen originally standing, which had been knocked over by Lin Ran.

Behind the screen, there was actually a huge pool, which was filled with black liquid, tumbling around like a magic pool, and the sound of water coming out that Lin Ran had heard earlier was probably coming from here.

“What the hell is this for!”

Lin Ran's doubts grew even greater in his heart.

“Kid can't you see, this monster is using these grievances to cultivate, if the prisoners outside don't have any more grievances, he won't be able to cultivate!”

The pillow said.

Lin Ran smiled and suddenly understood.

“No wonder he just needs to find some feng shui masters to capture over!”

Feng Shui masters had a more tenacious life force, and willpower compared to ordinary people, and Blood Devils couldn't go outside to capture people often, or they would easily be targeted, which was why they chose to capture Feng Shui masters directly.

“It's really evil, actually using resentment to cultivate!”

Lin Ran's heart sank, so it seemed that this Blood Demon was indeed from an evil force, just what kind of force could have such terrifying cultivation methods, and this Blood Demon was obviously no good, how strong would this force have to be to pull together such a group of guys with empty power.

"Kid! You know too much!"

At this moment, the Blood Demon also realised that his core secret had been discovered by Lin Ran, and the killing intent bursting out of his eyes became even more intense.

"So what if you know too much, you can kill me?"

Lin Ran was laughing at this point.

"Provocation? It won't work on me!"

The Blood Demon laughed coldly, followed by a wave of his palm, a black stick actually appeared in his hand, the stick was incomparably black, and there was a huge skull inlaid above it, it looked very ominous.

"Prepare to die!"

The Blood Devil's aura surged, clearly not prepared to continue to drag on.

And at this moment, seeing the Blood Demon in this state, Lin Ran couldn't help but curse his mother.

"Shit! Feng Qi is pitting me!"

This strength of the Blood Demon was the same as Fire One Sword Li Mu Di's at first glance, they were both of the kind of strength that was very strong, I'm afraid that he could rival Fire One Sword Li Mu Di when he was at the Qi-Realm.

He was in the middle stage of the Heaven Seizing Realm, Lin Ran was a big level away from him, and this Blood Devil was not an ordinary Heaven Seizing Realm, how could this battle be fought?

"Kid think carefully, what else did Feng Qi say, he shouldn't have to lie to you!"

The pillow was also a little anxious at this point, if Lin Ran died, wouldn't he have to find a new master again.

Although it made no difference to him, but after following Lin Ran for a long time, there was always some affection.

Chapter 877

"There really isn't any!"

Lin Ran said speechlessly, but gradually he was relieved.

"Forget it, since Feng Qi approached me and said it was the mentor's intention, then there must be their intention, they must believe I can fix this guy, it's just that I probably haven't found the problem yet!"

Lin Ran reassured himself.

“Kid, if your kind of thinking was put in my world, you’d have died a long time ago, there’s no such kind-hearted person!”

The pillow said helplessly.

Lin Ran, however, shook his head.

“No! I believe in them, this isn’t your world after all, there isn’t so much as a strong man for supremacy, Li Mu Di and Fire One Sword are the best proof of that!”

Lin Ran was convinced in his heart that Feng Qi wouldn’t lie to him no matter what, as he didn’t have any conflict with him at all, and he had no reason to harm him.

“Perhaps it’s true that I haven’t grasped the intent!”

Lin Ran thought to himself.

“Hey! Why are you kid such a tiger, you haven’t even grasped the intent and that thing has already killed over, do you still have time to grasp it?”

The pillow book was helpless.

“Let’s take a step and see what happens!”

Lin Ran was also helpless, and fought with a twelve-point spirit.

However, although he had adjusted his mind well, he couldn’t help that the other party was too strong, and the terrifying aura that was filling the Blood Devil’s body at this moment made Lin Ran’s scalp tingle just by looking at it, and he had been able to engage this guy in a roundabout way before.

But now this guy had gone completely crazy, it should be because the attack from Feng Qi and the others outside was too fierce, he wanted to have a quick battle.

He didn’t give himself a chance at all, and with a single glance, Lin Ran was directly knocked out with a stick.

He even heard the sound of bones breaking, apparently at least one of his ribs had been shattered by the tremendous force of that one encounter.

“Kid! Do something or you’re really going to fall back into place!”

Pillow Book hurriedly urged.

“I’m fucking thinking too, look at me idle!”

Lin Ran was speechless as he endured the severe pain all over his body and fled frantically while thinking of countermeasures.

But where could he think of any countermeasures now, just running for his life was already causing Lin Ran to be somewhat overwhelmed, and thinking of countermeasures, there was no time to quietly think.

“Bang!”

Another loud bang, the earth cracked beneath Lin Ran's feet, and his entire body was directly thrown away by the terrifying force, landing heavily on the ground.

At this moment, the surrounding area was all filled with rubble and debris, and Lin Ran had already reached the corner of the wall, there was no place where he could continue to run away.

"Do something!"

The pillow book was already a little anxious, it also had power to use, but this was the power he had accumulated over thousands of years, if it was used, it would also fall into a complete slumber, and to wait until it woke up again, unless it came across a great opportunity, it would be almost impossible.

"I'm thinking, don't rush!"

Lin Ran came to be able to get blue veins on it, and was also in a hurry.

"Or else, or else Master Shu I'll take a shot!"

Pillow Book suddenly said, rather than watch Lin Ran die here, he would rather fall into a deep sleep himself.

"No way!"

Lin Ran refused straight away, he knew Pillow Book's situation very well, if he really used his power, it would be completely cold.

"What if I can't, watch you die?"

Pillowbook chided.

"I've followed the Immortal Emperor all my life, and followed you for another two years, to be honest I'm really a bit tired, in fact I've known for a long time that I'm afraid the Immortal Emperor is no longer alive, I'm just obsessed with still wanting to see him, even if it's just a corpse!"

"But now I'm really a bit tired, instead of wandering in this foreign country, it's better to be dead!"

"Shut up!"

Lin Ran interrupted his words.

"Do you think your life is your own? You haven't even led me to Wang Kun yet, who am I going to find if you die!"

Lin Ran said angrily.

"Even if I die, it will be me who dies first, not me who lives when you die, who will I find to take me to find Wang Kun!"

"You!"

The pillow was suddenly speechless.

"And don't you forget me, I'm your master now, I said you're not allowed to die before me!"

Lin Ran continued.

“Kid, what a fucking time it is, you’re still showing off your authority here!”

The pillow was completely helpless.

“I don’t care, you’re not allowed to die in front of me anyway!”

Lin Ran roared, not bothering with Pillowside Book, and directly cut off his contact with him, choosing to face the Blood Demon alone.

And without his consent, there was no way for Pillow Scribe to leak his power out, let alone explode into an attack of his own.

“Boy! Are you ready to die?”

The Blood Demon slowly stepped in front of Lin Ran, his tall figure looking straight at Lin Ran with disdain in his eyes.

“If you want to do it, just do it, where’s the nonsense, are you tired of playing with women?”

Lin Ran said angrily, he understood in his heart that this was the biggest disaster he had faced in so many years.

“Haha, getting pissed off? I love it when you people are furious, that’s my sustenance, my source of strength to grow, haha!”

“Want to use me to achieve you? Dream on!”

Lin Ran said in a cold voice.

“Don’t want to? That’s not up to you! When I pull out your soul and put it inside this enchanted vial, you won’t be able to die if you want to!”

The Blood Demon sneered and pointed to a small turquoise bottle in his hand, his eyes filled with excitement.

To him, Feng Shui masters were countless materials for his cultivation path, and powerful Feng Shui masters were even more fertile ground, and people like Lin Ran, who could go several rounds with himself at the Qi Watching Realm, were even his favourite captives.

This was because such people were all extremely strong in willpower and could provide themselves with a constant source of resentment.

“Enjoy your last moments!”

The Blood Demon sneered.

At the same time, he opened the cork of the bottle with a bang, and an eerie green light immediately filled out, instantly enveloping Lin Ran.

“Kid! Let me out now!”

The pillow shouted anxiously, but at this moment Lin Ran could not hear him at all.

“That bastard!”

Pillow Book was so angry that he gritted his teeth, but he could only do nothing.

At this moment, Lin Ran, who was wrapped in green light, was completely incapacitated at this moment.

He only felt as if his head was hazy, as if his entire body had sunk into a boundless pool of water, his surroundings were cold, and he was like a speck of dust in the endless waters.

“Ranzi!”

“Lin Ran!”

Suddenly, two voices came from afar, followed by a man and a woman, two youths who appeared in front of Lin Ran.

“Dad? Mum?”

Seeing the two men, Lin Ran’s heart couldn’t help but sink and tears flowed out of his eyes.

His own efforts over the past year or so had only been to find clues to his parents, he was convinced that his parents hadn’t died, but seeing as he had reached the present day, he was to die on this one test.

“Am I only destined to achieve so much?”

Lin Ran couldn’t help but feel some sorrow in his heart, and at the same time some hatred, since this was how it was destined to turn out, why did he have to meet the pillow book in the first place in order to still give his ancestor his heritage.

He thought that from the time he received his ancestor’s inheritance, he had been destined in the dark to leap up, but only now did he realise that he didn’t seem to be the main character, and that the poor boy who had staged the turnaround in the TV series was probably not himself.

“Mom and Dad, I’m sorry! I’ve let you guys down!”

Lin Ran said indifferently, but his tears were already wetting his cheeks.

Looking at the young faces of his parents in front of him, Lin Ran felt an overwhelming sense of aggravation in his heart.

Since he was young, he had no influence about his parents, the only thing he had was this photo, and the funny thing was that he only had this photo of his parents when they were young.

So much so that the parents he saw on his deathbed welcomed him, all this young.

Chapter 878

“Huh.”

Lin Ran suddenly laughed.

“It’s nice, at least as far as I can remember, that you’re still so young and pretty! It’s quite good!”

Lin Ran had self-satisfaction in his eyes.

“Ranzi, you can’t give up! Mum and Dad have always known you’ve worked hard, now you need to calm down, you need to take a moment to think about why Fengqi found you and not someone else!”

“You must have something special about you, why else would he have chosen you, why did the tutor see you as well?”

“Yes Lin Ran, think about it, not to mention the whole country, the entire population of Tanjiang City is so large, why did the ancestor choose you too, it’s not without reason, you still have a chance of survival in a desperate situation, sinking down you are destined to have no way out!”

The parents said in a long and earnest voice.

“But!”

Lin Ran wanted to say something, but he soon calmed down.

His parents were right, where was his own potency? Why could he no longer remember? Was it because he had changed this year? Forgotten his true heart?

“No! I never forgot, I love Chinese medicine, I studied hard to be an academic, I promised my ancestors to carry forward the way of Chinese medicine, I never net!”

Lin Ran said to himself in his heart, at the same time a spiritual light was like a lightning bolt in the dark night, making his whole body startled, why did he seem to forget that he had power from the moment he entered this place of blood devils, he just felt that his strength was not as strong as the other side, so he felt that he could not beat them?

“I’m a schoolmaster, I have a heaven-sent chance, my ancestor chose me, Feng Qi chose me, and my mentor even gave me a test, this is definitely not the end of me!”

The spiritual light gradually expanded, and then actually formed a wide continent that went straight ahead to an unknown destination.

Lin Ran stood on the continent, wiped away his tears, straightened his attire, and stepped forward.

“Since I can’t fight! Then I’ll break through!”

Lin Ran gritted his teeth the last trace of mist in his heart and finally comprehended it.

“Open!”

Lin Ran opened the connection with the pillow book, but at this point the pillow book was no longer speaking, just looking at him with dismay in his eyes.

“You?”

“I’m going to break through!”

Lin Ran said indifferently, and then returned his consciousness to his body, only to find that he had actually taken possession of it at some point, and all around him was a green glow.

The Blood Demon, on the other hand, was standing not far away with a cold smile on his face, and his one eye was looking at Lin Ran with a smirk the whole time.

“Hm!”

Suddenly, the Blood Demon saw Lin Ran open his eyes and look at himself as well.

“How is that possible? How is it possible to remain sane in my Vertigo Vase?”

The Blood Demon was a little surprised.

The Vertigo Vase was his most terrifying thing, bestowed by the king in his heart, and could absolutely disorientate even a strong person of the Heaven Seizing Realm, not to mention the Qi Watching Realm, but at this moment, Lin Ran was actually not disoriented.

“Disperse!”

Lin Ran gently waved his hand, and instantly the endless green light around him dissipated in an instant.

“This!”

The Blood Demon’s entire body trembled as he watched, his heart already in his throat.

“How is this possible! How did you do that!”

The Blood Demon questioned in an angry voice.

“Want to know?”

Lin Ran laughed.

“Speak! Or I’ll beat you to death right now!”

The Blood Demon raised the skeleton stick in his hand and pointed it at Lin Ran from afar, as if it would come down at any moment.

“Do you know why they sent me over when I’m clearly not as strong as you?”

Lin Ran suddenly laughed.

The Blood Demon was stunned at his words and laughed along with him.

“That’s because they’re stupid!”

“You’re wrong!”

Lin Ran waved his hand and looked at the Blood Demon.

“It’s not because they’re stupid, it’s precisely because they’re so smart and know how to tailor their teaching to their needs, unlike you who’s like a pig and only knows how to go around capturing people back and producing resentment for yourself!”

“What are you talking about!”

The Blood Demon’s face was furious, and the palm of my skeletal stick was even more faintly ringing.

“Alright! I’ve said all that needs to be said, next you turn to see clearly why they let me come!”

Lin Ran laughed indifferently, while actually doing it on his knees in place.

“Pretending to be a god, I’ll knock you to death with a single blow right now!”

The Blood Demon said disdainfully, raising the skeleton stick in his hand and slashing down directly at Lin Ran’s head.

But at that moment, the originally solid iron house trembled violently, followed by a loud “rumble” that sounded like thunder rolling through the sky.

“What’s happening!”

The Blood Demon’s face changed dramatically, the heavenly thunder was an absolute disaster for him, their envelope was evil, and something as masculine as heavenly thunder was their natural demon.

“Don’t be nervous, this has only just begun!”

Lin Ran looked at the Blood Demon, a cold smile appearing at the corner of his mouth as he followed and closed his eyes.

“You go to hell first!”

The Blood Demon calmed his mind and raised his skeleton stick to strike again.

But then there was another loud bang, and the whole iron house trembled, and this time the Blood Demon heard it clearly, the sound was coming from above Lin Ran’s head.

“What the hell is that!”

The Blood Demon’s face was icy cold as he stood at the ready.

“Bang!”

This time the interval was shorter, and where Lin Ran was, the thick raw iron above his head had even been smashed directly into a dent, and I was afraid that it would have to break right through in the next moment.

“I’ll kill you first!”

The Blood Demon knew that he didn’t have much time left, if he didn’t leave and wait outside to be surrounded by all the enemies, I’m afraid it would be too late to leave.

“Go to hell!”

The Blood Demon broke through and struck Lin Ran directly with a sweeping blow from his skeleton stick.

However, Lin Ran’s tendency was still to sit in place, not moving.

At the same time, the iron above Lin Ran’s head instantly shattered with a bang, and a blinding light fell from the sky, illuminating the entire special room.

At this moment, Lin Ran's eyes were closed, if he opened his eyes to take a look, I'm afraid he would have died of fear or disgust, only to see that the entire iron room was surrounded by skeletons, and the black chair and the huge pool were placed in the middle of the iron room, and the darkness around them were all corpses.

"Bared and bared!"

As soon as the blinding light shone in, the Blood Devil's entire body was like a balloon exposed to the sun, and countless blood holes exploded all over his body, but his life force was so strong that he didn't die even so.

"It's the heavenly thunder! It's really too tiring, run away! Run away!"

The Blood Demon was completely panicked at this point.

And he finally understood what the hell this Lin Ran fellow was doing.

"Bastard, breaking through the Qi Watching Realm at this point, I'll throw your mother!"

Cursing, the Blood Devil turned around and was about to run!

But where would he have thought that at this very moment, an even more violent heavenly thunderbolt descended directly from the sky, blasting most of the roof of the iron house straight through.

The huge five-metre radius of heavenly thunder hit Lin Ran in an instant, and the Blood Demon was even halfway through his body.

"Bang Bang Bang!"

A series of explosions were like a square firecracker, and in an instant the Blood Demon's entire body became a bloody blur, and if his head hadn't dodged the blow, I'm afraid he would have been completely killed in an instant.

"Lin Ran stop, I beg you to stop, I don't want to die yet! Stop!"

Half of the Blood Demon's body was lying on the ground, looking at Lin Ran with longing in his eyes.

"Stop?"

Lin Ran slowly opened his eyes and looked at him with disdain in his eyes.

But when he saw the mountains of white bones around him, the only trace of disdain left turned to anger.

"You must die! They told me to come, and that's the reason!"

With so many white bones, who knows how many living beings he had mutilated, keeping him Lin Ran couldn't do it!

I'm afraid that any other person with a conscience would not be able to do it.

Chapter 879

"The final blow, are you ready for it?"

Lin Ran suddenly laughed as he looked up to the sky and laughed.

He could only see that at this moment, a white light could not even be seen to end in the sky, and the only thing that was falling was a bright purple light with a layer of purple in the midst of the white light.

“Heavenly thunder forges the body and achieves the dao body, what a mysterious realm of seizing the heavens! Taking the resources of heaven and earth to achieve one’s own realm, what a Heaven Seizing Realm!”

Lin Ran whispered softly to himself, and as the words fell, the heavenly thunder responded.

“No!”

The Blood Demon was completely desperate, and as far as the eye could see, all of them were filled with lightning, countless lightning directly drowned the entire iron house, along with Lin Ran and the Blood Demon, and the white bones that were piled up like mountains.

.....

“Will he be able to resist?”

Li Mu Di looked on with a worried face, while next to him, Fire One Sword laughed.

“To be honest I’m a little envious of him!”

“Envy him? Just don’t be happy, it’s the first time I’ve seen such a pitiful one!”

Li Mu Di said helplessly.

“You’re wrong!”

Fire One Sword but shook his head.

“Tutor so much can’t help but not pit him instead of helping him!”

“How so?”

Li Mu Di asked.

Fire One Sword smiled at his words but shook his head and looked at him.

“Just compare the two of us, we both have been stuck in the Qi Watching Realm for how many years and we haven’t broken through yet!”

“Me!”

Li Mu Di was dumbfounded.

Indeed, what Fire One Sword said was true, but this time Lin Ran was indeed somewhat pitied.

“Anyway, if he finds out about today’s incident later on, do you think he won’t be furious?”

Li Mu Di asked rhetorically.

“It’s hard to say, but if the tutor dares to do this, he must have his reasons!”

Fire One Sword said.

“Come on you two, stop talking there, this kid was already destined to come here from the moment he chose to, he won’t regret it later even if he finds out!”

On the side, Feng Qi stroked his beard and laughed.

“Why do you say that?”

Fire One Sword did not understand.

Li Mu Di likewise looked at Feng Qi.

“Because this kid, doesn’t value his life as much as you guys do, he has his own ideas and things to accomplish, this is something you guys can’t compare to him!”

Fire One Sword and Li Mu Di both fell silent at his words.

“He is halfway through the world, he doesn’t know a lot of things about the cultivation world, but because of this, he has been able to keep his sharpness and courage to move forward, and then look at you guys, do you dare to break through straight away in the next second?”

Feng Qi laughed.

Fire One Sword and Li Mu Di were completely silent and speechless.

“There are some things that are his secrets that you all don’t know, and I likewise don’t know, but you guys are both right and wrong when you say that he’s been pitied!”

“He came from halfway around the world, with the strength he has now, he could have reigned supreme in the world of ordinary people, but he didn’t and still chose to come over for the test, just that alone shows that he still has something to aspire to!”

“And he doesn’t have the foundation you have, so this breakthrough is imperative, without it, his achievements would have been just this high!”

Feng Qi laughed.

“But at the end of the day he’s still pitied! If the breakthrough fails, then he’s”

Li Mu Di retorted, but before he could finish his words, he was interrupted by Feng Qi.

“Yes! You’re also right, if the breakthrough fails he will be destroyed in form and spirit, but there are times when a person’s choice represents his will!”

“Let’s take an example, he desires something, if he doesn’t even have the courage to fight and die for it, do you think he will still be able to get it? That’s undeniable, and maybe the mentor is looking for that kind of heart in him!”

“Whatever, anyway, if this were to happen to me, I would definitely go crazy, after all, I would definitely not be able to bear the thought of rubbing shoulders with Hades without my knowledge!”

Li Mu Di said helplessly.

“That’s why you guys haven’t broken through yet!”

Feng Qi laughed.

“Aj!”

Li Mu Di sighed helplessly, he had already reached the half-step Heaven Seizing Realm long ago, but he had never dared to break through, just because he was afraid that if he failed he would lose all his previous achievements, and even his life would have to be lost.

“It’s best not to say these words, he should be coming out, in case he is heard”

To the side, Fire One Sword opened his mouth to remind, but before the words could be finished, a voice rang out.

“No need, I’ve already heard it!”

The voice sounded, and a figure also walked out from the light, his whole body was shrouded in a bit of white light, there was even lightning sweeping through his body without a thought, there was a sharpness between his eyebrows, like a sheathed sword, who else could it be if not Lin Ran!

“Brother Lin Ran, congratulations!”

Seeing Lin Ran come out, Li Mu Di immediately arched his hand and smiled.

“There’s nothing to congratulate!”

Lin Ran, however, did not look very good.

“Lin Ran!”

Feng Qi’s face was on one side when he saw this, saying so but he was also worried that Lin Ran would flip out.

“Clan Chief Feng doesn’t need to say much, I made my own choice, it has nothing to do with the next person, I chose what I wanted, naturally I had to take the risk, luckily I survived!”

Said Lin Ran as he swept his gaze over the crowd, finally glancing at Feng Qi again as he said indifferently.

“If there is a next time, I hope this is not an examination, so many people died tragically and innocently, if you had known earlier, you should have done it earlier, there are many kinds of examinations, I don’t want to see one that is so horrible, the bones in the room have been piled up into mountains, you wouldn’t understand!”

“Of course, I also hope that you have just discovered this place too!”

With that, Lin Ran turned around and walked towards the exit.

“Clan Chief Wind, I’ll be waiting for your news!”

After saying the last sentence, Lin Ran had disappeared in the direction of the exit.

“This son has a great heart!”

Feng Qi couldn't help but sigh.

Having managed to break through and even knowing how hard it was to break through, yet he still felt sorry or even happy because of those corpses, what else could he say with such a heart!

"Clan Chief Wind, I'm leaving too! This time it's all over, I'm going back to close up too!"

Fire One Sword spoke up.

"Retreat? There are three more months before the final training session, and you're still going to go into seclusion?"

Li Mu Di couldn't help but ask.

"What else? Standing next to a Heaven-Realm powerhouse in three months' time? You can still be complacent?"

Fire One Sword said blandly.

"I."

Li Mu Di was speechless.

"Clan Chief Feng is right, none of us have the courage he possesses, I will also break through when I return, life and death are destined to be rich and powerful, I, Fire One Sword, am no worse than him!"

With that, Fire One Sword left in a flash as well.

"Ai!"

Li Mu Di couldn't help but sigh.

"Fire One Sword's nature is high and proud, and Lin Ran is secretly fighting against each other, but they are improving each other!"

Feng Qi laughed.

"Clan Chief Feng, if you keep saying that I'll just have to go back and break through, otherwise I won't even have the face to see anyone!"

Li Mu Di said helplessly.

"Kid, if you want to break through, you will suffer the chaos, your term has already opened up the time to compete for supremacy, if you are willing to fall behind, you should continue to endure!"

Feng Qi smiled heartily and followed, turning to leave as well.

Lin Ran had said he would wait for himself before he left, so it was time for him to prepare and go and meet with Lin Ran.

Chapter 880

Doubt! Lin Ran had a lot of doubts in his mind!

How did the Blood Demon come to be? And which power did he belong to? Why did he know how to use all that venom to provide himself with resentment again? Why was he even so powerful, yet so ugly in appearance? It simply didn't look like a human.

All of this cast a shadow over Lin Ran's heart.

Faintly, he seemed to sense something, why were Fire One Sword and Li Mu Di so strong at the Qi Watching Realm, could it be that the enemy they were facing was precisely someone like the Blood Demon?

Lin Ran did not dare to think about it, if this was really the case, then his own eyes were really short-sighted, it turned out that in this world he lived in, there were still so many hidden experts, and he was actually unaware of them before.

"Forget it, there will always be an answer to everything, it feels good now, at least we are getting closer to the core!"

Lin Ran reassured himself as he walked towards the bottom of the mountain.

It was just dawn, and it was only five in the morning when I looked at my watch.

It could not be helped that it was always early in the morning in summer.

Lin Ran saw his car a long way away.

"Hmm?"

But suddenly, Lin Ran frowned slightly and couldn't help but look at his car twice, it seemed to be a bit different from where it was before he came.

But then Lin Ran was relieved, it was just a broken van anyway, so if it was different, then it was different!

With this in mind, Lin Ran opened the door and got into the car.

He sat straight up and even closed his eyes to rest.

After nearly ten minutes, Lin Ran slowly opened his eyes.

"Still not making a move?"

Suddenly, Lin Ran looked at the rearview mirror in front of him and spoke.

"Scuff!"

A metal sheathing sound snapped out, followed by a cold, shiny dagger poking out directly from the shadows behind, following it to Lin Ran's neck.

"You still found out!"

A cold voice came from the shadows, followed by a man dressed entirely in night clothes peeking out from the shadows, his face was covered with a mask, so he couldn't see his face clearly at all.

The opponent held a dagger against Lin Ran's neck, yet the latter did not react in the slightest, still sitting like this.

"What's the matter, say it!"

"You!"

The other party was stunned at his words, clearly not too satisfied with this reaction from Lin Ran.

"Kid! Your life is in my hands right now!"

The other party said in a cold voice.

"O? Then do it!"

Lin Ran, however, laughed, not taking it to heart at all.

"Kid! Don't push me, answer a few questions and you can still live a little longer!"

The other party said in a cold voice, there was an anger in his words, it was obvious that he had the advantage, this guy was tugging as if he was the perpetrator.

"Ask away!"

Lin Ran laughed, looking at this person behind him, not only was he not nervous, but he wanted to laugh a little, perhaps this was the result of his increased strength.

Now he didn't see the other party in his eyes at all, at least as far as he was concerned, he could easily obliterate the other party with just a thought.

"What happened inside the mountain earlier? Why did a heavenly thunder fall?"

The other party asked directly.

The previous descent of heavenly thunder was so loud that even he had noticed it.

Moreover, this kind of heavenly thunder was almost invisible on a normal day, unless there was some great qi, or something great and evil that appeared, it was impossible for a heavenly thunder to fall.

Lin Ran smiled at his words and said blandly.

"It's because there's a dao friend crossing the tribulation inside!"

"A daoist friend crossing the tribulation?"

The other party was stunned at his words, and then became angry.

"You're fucking playing with me!"

"Stop it! That's definitely not true, I'm only interested in women, I'm really not interested in playing with you!"

Lin Ran said as he busily spoke, while looking outside to see that the sky was gradually becoming lighter.

"Any more questions? If not, I'll leave, it's getting late!"

“Go? Did I tell you to leave? You still want to leave after you’ve fallen into my hands? You’ve been struck by lightning!”

The other man said disdainfully, in his opinion, Lin Ran’s life was in his hands at this moment, and he could kill him in an instant with a thought.

“The lightning didn’t break, but I really have to go!”

Lin Ran smiled lightly, followed by a flick of his finger, and a force appeared out of thin air, instantly shaking the other party’s dagger off.

“Go you!”

Lin Ran picked up the dagger and threw it straight out of the window, then turned to look at the other party.

“You’re sent by Yue Shan, aren’t you!”

“No No!”

The other party’s face clearly changed, while his heart was greatly shocked, he didn’t expect Lin Ran’s strength to be so strong, he couldn’t even block just one move himself.

“Are you clear in your own heart, I’m not killing you! Go back and tell Yue Shan to be honest with me, if he engages in this sneaking around, I’ll go live at your Yue family’s doorstep! Let him never walk out of the Yue family’s front door for the rest of his life!”

Lin Ran said in a cold voice, while taking out a jade pendant and handing it to the other party.

“Give this to him and tell him that I, Lin Ran, am true to my word!”

After shoving the jade pendant to the other party, Lin Ran then turned around.

It was also at this moment when he turned around that the black shadow man behind him slammed directly towards the car door, which opened a moment before, and his entire body was directly transferred out of the car.

“He How did he do that!”

The black shadow man was shocked in his heart, Lin Ran didn’t even look at him, but the whole car was like his right and left hand, the coordination was simply staggering.

Where did he know that after Lin Ran had broken through the Heaven Seizing Realm, his imperial power had become more and more proficient, originally he had been able to mobilize some of it at the Qi Watching Realm, at this time his strength had reached the Heaven Seizing Realm, to him Yue Shan was already a thing of the past, if he was facing him, Lin Ran was confident that he could crush him with one finger.

And this truth, Yue Shan also understood.

Because a day later, when the black shadow man really found Yue Shan with this jade pendant.

The jade pendant shattered with a loud bang, and immediately an aura unique to the Heaven-Realm swept through Yue Shan, causing his entire body to freeze in place.

“Heaven Seizing Realm! That kid has actually reached the Heaven-Rapturing Realm!”

Yue Shan’s entire body sat down on a chair with his buttocks, his face ashen for half a day as he failed to react.

“What kind of existence have I, Yue Shan, invited, now a young Heaven Seizing Realm, and a halfway decent one at that, my Yue family is going to be in decline!”

Yue Shan was truly remorseful at that time.

At the beginning, he had the same opportunity as Qin Ji to draw Lin Ran in, but in a misadventure he ended up moving towards Lin Ran’s antagonism, and everything changed because of this antagonism.

Of course, all this is an afterthought, and Lin Ran naturally does not know the specifics, because at this moment he is driving his broken van, heading home.

.....

The four women were sitting on the sofa in unison, each with a worried look on their faces.

Because of Lin Ran’s previous words, they had barely slept tonight and were just waiting, as if they were afraid that Lin Ran would not return once he was in the area.

“If he can come back safely, I’ll never be mean to him again!”

Suddenly, Qin Bing spoke up.

“Me too, I want to love him properly!”

Luo Qiqi also nodded her head.

“Were we not too gentle before?”

Su Rou also asked.

Song Nuan, on the other hand, shook her head and laughed bitterly.

“It’s too late to say anything now, I just hope he can come back safely!”

“What are you guys saying? To hurt me properly? How do you want to hurt me? A massage and massage or a dance for me!”

As soon as Song Nuan’s words left her mouth, the door to the room was opened and the familiar figure appeared at the door.
