

Wonder Doctor

Chapter 881

“You!”

“I didn’t see it wrong!”

When the four women saw Lin Ran, they all froze for a moment.

After worrying all night, seeing Lin Ran actually appear at this moment, it was as if they were dreaming, and for a moment, they couldn’t believe the scene in front of them.

“What are you looking at wrong? There’s no need to doubt, I’ve returned safely!”

Lin Ran laughed.

At the same time, he closed the door to the room and sat down on the sofa, the broken van was really hard to drive, the key was that the seats were simply butt-cracking.

“Come on!”

Lin Ran greeted the four women.

“Come what?”

“That’s right, come to what?”

The four women were all stunned, not understanding what Lin Ran meant.

“Didn’t you say you’d love me well? Why are you turning the other cheek and not recognising me!”

Lin Ran said discontentedly.

The four women’s pretty faces all flushed at his words, they had said this before because they were too worried about this guy, but at this moment, they really didn’t know what to do when they were really asked to hurt.

“Don’t know how to hurt? It’s okay I’ll say you guys do it!”

Lin Ran laughed heatedly and directly crossed his legs on the coffee table, laughing with a grandfatherly look.

“Here, little Kiki rub my leg for brother!”

“Little Nuanuan go and pour brother a cup of tea!”

“Little Bing Bing rub brother’s shoulders!”

“Mmm! Little Rou Rou give brother a dance!”

Lin Ran said one by one.

“You!”

The four girls were instantly furious and angry at the words.

Song Nuan glanced at the other three, who understood, and a bright smile leaked from their eyes.

“Yes sir!”

“Yes sir!”

The four women said in unison, and then surprisingly, they actually started doing what Lin Ran said one by one.

Lin Ran was stunned, ? I didn’t expect the four girls to be so obedient at this moment.

In particular, Qin Bing really gave herself a massage, and Su Rou also danced in front of herself.

Song Nuan ran to make tea, while Luo Qiqi rubbed her legs for herself.

In this instant, Lin Ran only felt that his life had reached its peak, it was simply too good to be true.

“Really not a university dance teacher, this dance is simply beautiful and moving!”

Looking at Su Rou’s graceful dance posture, even Lin Ran couldn’t help but get a little lost.

Su Rou was already beautiful, and with the subsequent bone exchange, a smile from this girl was like a river of autumn water, intoxicating people.

Not to mention that at this moment, there were four beautiful women waiting for him, and I was afraid that even if his life was reduced by ten years, someone would be willing to exchange it.

“Hey! What more could a man want in life than to have these four women!”

Lin Ran couldn’t help but lament.

“Are four enough? I thought I heard there was one more!”

Suddenly, Song Nuan’s voice rang out, supposedly returning from making tea.

Lin Ran leaned back on the sofa while watching Su Rou’s dance and laughed.

“Enough about that, has the tea been made yet?”

“Why not talk about that!”

Song Nuan asked with a smile, while placing the tea on the coffee table.

Lin Ran was stunned at the words and said with some embarrassment.

“It’s not good to talk about this!”

Anyways, he hadn’t seen Ling Sa for a while, since the last Ten Thousand Treasure Spell Formation, she had returned to the Plum Blossom Sect with Granny Plum Blossom, it couldn’t be helped, after all, people also had their own cultivation along the way, it was always impossible to stay with them all the time.

“What, do you miss your little five?”

Song Nuan suddenly asked with a smile.

“Don’t talk nonsense, I only have the four of you!”

Lin Ran said busily.

“And the four of us, hearts are not enough for snakes, eating from the bowl and looking at the pot!”

Song Nuan couldn’t help but say, while winking at the other three, who instantly understood and immediately stood up, lunging towards Lin Ran.

“Sisters do it!”

Song Nuan greeted Shao, and immediately the four of them surrounded Lin Ran.

“What are you guys doing? Didn’t you say you were going to hurt me?”

Lin Ran was stunned and was busy asking, but just as his words fell, the four women were already moving.

He only saw that a thumb-thick rope had appeared in the four women’s hands at some point, and followed without saying a word to directly tie himself up.

“Oi oi! Where is the promised pain for me? Why are you still tied up?”

“Hey! How can you tie yourself up so many times when you can’t even tie yourself up once!”

“Hey, it’s already five! If you keep tying it, someone will die!”

Lin Ran was completely helpless, only to see that at this time he was tied up with ropes, the whole person was like a dumpling, sitting on the chair and could not move.

“You ..... What the hell do you guys want?”

Lin Ran looked at the four women with aggression in his eyes.

He said he was going to hurt himself, but then he did this to himself after only two minutes of pain.

“Women are always like this, they don’t care about men’s feelings at all, they said they would hurt themselves, but they are so quick to deny it!”

Looking at Lin Ran’s aggrieved look, the four women couldn’t help but all laugh.

“Don’t pretend to be pitiful, who said we don’t hurt you, we are going to hurt you, but in a different way!”

Song Nuan laughed, and at the same time, with a clap of her hands, Qin Bing next to her brought a chicken feather duster from somewhere, and greeted the two of them with one in each hand.

“Oi oi! It hurts!”

“Ah! Don’t hit the buttocks!”

“My face!”

“Oi oi! Hit your thighs too! You have no humanity!”

“Stop it, stop it, you won’t be able to have a baby if you do! Do you want to be mothers or not!”

“Ah! I was wrong .....”

.....

After ten minutes of “whipping”, when the four women stopped, the four chicken hair dusters had turned into four bare wooden sticks.

The whole person lying on the sofa, head full of chicken feathers, he blew off a chicken feather on his nose, looking at the four women who were drinking tea because they were tired of beating, sighed.

“The most ruthless but a mother tiger, three women a drama, four women beat their own husbands, dashing life ah, handsome still but two minutes!”

“Beaten up in the head? What are you babbling about?”

Song Nuan put down her tea cup and asked with a smile.

“No .... No!”

Lin Ran said resentfully.

“That’s good if there’s none!”

Song Nuan smiled and nodded, then greeted.

“Kiki untie!”

“Okay!”

Luo Qiqi hurriedly went up and untied the rope.

However before Lin Ran could sit up straight, Song Nuan spoke up again.

“Little Ranzi, go buy some food, the four maidens are hungry!”

“Me!”

Lin Ran was instantly speechless.

This was to say that she was going to hurt herself? But it really hurt, his own body was still sore all over.

“What? Too little pain? Do you want to do it again?”

Song Nuan asked with a smile.

“Don’t ..... Don’t, Little Ranzi is just going to get breakfast!”

Lin Ran said busily, not caring about the pain all over his body, a slip of smoke had rushed out of the door and disappeared.

.....

“Hey hey! It’s Ranzi, Ranzi is back!”

In a rented house across the street, Wang Yifeng and Master Yu also saw Lin Ran, and their tightly hanging hearts couldn’t help but sigh with relief.

Although they hadn’t seen each other for a night, Lin Ran had really made a lot of noise this time, mainly because the words he had explained to them before were too serious.

At this time, they were both very excited to see Lin Ran back safely.

Chapter 882

“Ran-ja! How’s it going?”

The two finally caught up with Lin Ran at the entrance of the district, but when they saw that Lin Ran was covered in chicken feathers, they couldn’t help but both be stunned.

“What are you doing, Master?”

Master Yu was puzzled.

“Ranzi, did you go and fight a chicken demon last night? Why are there so many chicken feathers?”

Wang Yifeng smiled and teased.

“Fuck you, what chicken demon did you fight, you didn’t see that it was on a chicken feather duster!”

Lin Ran said helplessly.

“A chicken feather duster?”

Wang Yifeng laughed at his words.

“Holy shit, so many chicken feathers, that’s how many chicken feathers duster ah, dare to say you’re not living a good life either!”

“Cut the crap, it’s alright! Go find your Xiao Cui!”

Lin Ran said in an unpleasant voice.

“So is that person you mentioned still coming?”

Wang Yifeng suddenly asked.

“I don’t think so, that was sent by Yue Shan, he’s already been sent back by me, unless old Yue Shan doesn’t know how to behave, he should stop for a while!”

Lin Ran said.

“That’s good!”

Wang Yifeng nodded in satisfaction.

“Right! Don’t play disappear for me these few days, do whatever you want at night and stay honestly in the shop during the day, I might be looking for you at any time!”

Lin Ran said.

“Okay!”

Seeing that Lin Ran wasn't joking, Wang Yifeng also nodded solemnly.

“Right, Master Yu, how is your feng shui progressing? Have you finished learning all the booklets you were given before?”

Lin Ran turned his head to look at Grandmaster Yu.

“It's basically finished, but there are still a few areas that I haven't figured out!”

“Hmm! This is the second booklet, take it back and look at it first, when I'm done with the matter at hand I'll go to the shop and find you, prepare the questions you don't understand and we'll talk about them together then!”

Lin Ran said.

“Good! Thanks a lot, Master!”

Master Yu's eyes were full of light, and his heart was even more grateful.

Lin Ran said he was his master, but in reality he was only a named disciple, but Lin Ran still didn't have any hidden treasures and gave himself new ones when he learnt that he had finished learning them all.

This unstinting state of mind alone made him extremely impressed.

Imagine if everyone was like this, why would the feng shui and Chinese medicine paths have fallen so low by now?

The most important thing was that before, Master Yu had even done something wrong with Lin Ran, but now, not only did he not care about it, he even helped himself up, and this alone was enough to make him follow Lin Ran with all his heart.

After that, Wang Yifeng and Master Yu left.

There was nothing much going on here, so the two went off to do their own thing, one was busy picking up girls, while the other was preoccupied with studying feng shui.

.....

Lin Ran crossed the road and arrived at a snack street opposite the district. The four women weren't picky about their food, and breakfast was relatively well taken care of.

“Hm?”

Lin Ran strolled around the snack street for a while, when he suddenly noticed that something didn't seem right in front of a stall selling doughnuts.

“Why does this grandpa have two wives to help?”

Lin Ran was stunned and walked over with a smile.

“Grandpa, have ten pieces of doughnuts and then five cups of congee to take away!”

It was still early and there weren't many customers, so Lin Ran shouted directly.

“Good!”

The grandfather responded and immediately came over to serve Lin Ran the congee, while laughing.

“Young man, there are quite a lot of people at home, buying so much food!”

Said the grandfather, who had already served a cup, and only when he handed it over did he see the chicken feathers all over Lin Ran's body.

“It's alright, plus me for now five mouths!”

Lin Ran laughed.

“Five mouthfuls?”

The grandfather smiled at that but laughed.

“Young man, you have to be moderate at a young age, four beautiful women be careful of your body!”

“Huh?”

Lin Ran was stunned at his words and couldn't help but be curious, how did this grandfather know that he had four daughters in his family.

“Why are you curious?”

The grandfather saw what Lin Ran was thinking and laughed.

“There's nothing strange about it, I've been here before, this chicken feather on your body looks like a chicken feather duster, this number can't reach at all without three or four!”

“Awesome! You are really powerful!”

Lin Ran couldn't help but give a thumbs up to the moncler outlet store.

The big man handed Lin Ran a second cup of porridge while laughing.

“Young man, it's not that I'm bragging to you, if it weren't for my poor health, there would be at least two more big mothers helping out here, believe it or not!”

“Ah? Dare I say that these two are both your ....”

Lin Ran looked astonished.

“Only just seen ah! Such a hot day, still afford to cook early in the morning, if not that relationship, who help you ah!”

moncler outlet online A smug look.

“Awesome! Awesome!”

Lin Ran couldn't help but give a thumbs up to the grandfather.

The grandfather handed the third cup of congee to Lin Ran, while laughing.

"Young man, you are still young, there is still a long way to go, you must remember, long flow of water is the way to go, don't cut off the flow at a young age, otherwise ah you will have a big grassland on top of your head sooner or later!"

"Yes, yes! Yes!"

Lin Ran said, laughing.

I didn't expect to meet such a chatty grandpa when I came out to buy a breakfast.

The fourth cup of congee was also given to Lin Ran, and only then did the grandfather go to fill the doughnuts.

"I'm not like the old days, when I was in charge, they didn't dare to go west if I said so!

"But not you, you come out covered in chicken feathers, those who know are that you have been domestic violence, those who do not know will think you came out of the chicken nest!"

moncler outlet online laughed.

"Hey! You can even see that, Grandpa!"

Lin Ran also looked impatient, said good pain himself, but the result of a severe beating, but also let himself out to buy breakfast, this is really a snotty nose and a tear.

"Just your chicken feathers I can't tell?"

moncler outlet online The big man laughed.

"Then, Grand Master, how did you train back then?"

Lin Ran was busy asking small questions.

The grandfather smiled happily.

"That's the right question.

Saying that, the grandfather raised the cooking guy in his hand and said proudly.

"See, just use this!"

"Cooking, huh?"

Lin Ran looked confused.

"What cooking! Family law!"

The grandfather had a smug look on his face.

"In my place, disobedience means beating, more beatings and you'll be obedient, disciplined and submissive that's what makes a man!"

“Awesome! Awesome!”

Lin Ran gave a thumbs up at the grandfather.

“Learn well, young man!”

The grandfather smiled smugly and handed the doughnut to Lin Ran, his face full of triumph.

Lin Ran picked up the stuff, said goodbye, and turned his head to head.

But this was just two steps away when suddenly there was a greeting from behind.

“What’s the dead old man doing! You’re still stealing doughnuts, I’ll give you three hundred a month, but if you steal from me every day, believe it or not, I’ll break your legs!”

“Huh?”

Lin Ran was stunned and stood still to look up.

Only to see two older women pointing at the old man where he was saying.

“You dead old man, you’re paid month after month for your work and you’re still stealing food! Believe it or not, I’ll fire you now!”

“Big sister forget it, after all, it’s your own man, just eat!”

An old lady beside her said.

“Your own man? If I had known that he was a dou, I wouldn’t have married him back then!”

The grandfather looked resentful and did not say a word, and Lin Ran next to him could feel the hot feeling on the grandfather’s face at that moment.

The grandfather also noticed Lin Ran, surprisingly not half embarrassed, and even waved at Lin Ran and smiled.

“Have you learned, young man? Being submissive is the only way to be a man!”

“Huh?”

Lin Ran was stunned, daring to say all that, what the grandfather meant was that he was being controlled by his wife in a submissive manner.

“Grandpa! You are my own grandfather!”

Lin Ran dropped a sentence and ran back to the district in a huff.

Chapter 883

Returning with their breakfast, the four girls immediately got together and ate.

Having waited all night, this was simply torture for the four girls, especially the beauty-loving ones.

You know, the consequences of staying up all night are not something that a few hundred or a few thousand cosmetics can make up for.

No, just after breakfast, the four girls neatly went back to their rooms and started to catch up on their sleep.

“Really!”

Lin Ran shook his head helplessly and went to the first floor balcony alone, sitting under the sun and drinking tea.

He hadn’t rested all night either, but the events of last night were what had lifted his spirits to this day, and he was still on the arrival of Fengqi.

“Who exactly will the mentor be?”

Lin Ran had some vague anticipation in his heart, although he suspected to a large extent in his mind that this mentor he should have never seen before, but even so it still did not affect the anticipation in his heart.

Finally, around noon, a figure jumped in from outside the balcony, and Lin Ran didn’t even open his eyes to know that Feng Qi had finally arrived.

“Little friend Lin Ran, how was your rest? I’ve been waiting all morning to come here!”

Feng Qi laughed, while not being polite and sitting directly opposite Lin Ran.

“Then you are really bad, making me wait all morning!”

Lin Ran opened his eyes and laughed.

“Haha!”

Feng Qi also laughed, while he took out a wooden box, which was very exquisite, with a dark brown colour throughout, and very many exquisite flower patterns carved on it, it was not a mundane item at first glance.

“Clan Chief Feng, what are you doing?”

Lin Ran was a little puzzled, shouldn’t he be taking himself to see his mentor? Why did he suddenly give himself such an item?

“The tutor cannot come to see you!”

Feng Qi suddenly said seriously.

Lin Ran’s brow furrowed slightly at his words, and he looked at Feng Qi with a deadly gaze, not speaking.

He had risked almost being killed by the Blood Demon to complete his mission last night, and if he hadn’t succeeded in making a breakthrough at the last moment, I’m afraid that he would have to accompany the Blood Demon now.

But now Feng Qi was actually saying that his mentor couldn’t come to see him, was he tossing himself around before and after this?

Lin Ran suppressed the bewilderment and anger in his heart without exploding, and just looked at Feng Qi quietly.

“Pfft!”

Feng Qi’s face suddenly changed and he actually laughed.

“I’m joking with you, why are you so nervous!”

Lin Ran’s head was suddenly filled with black crows at his words, and if the other party wasn’t Feng Qi, he was afraid he would have cursed out.

“A joke? What kind of joke is that? It’s lucky it was me who ran into this, if I had run into an irrational person, I would have been dismantled by now!”

“Okay, I’m not going to tease you! It’s true that the mentor won’t come to see you personally, you need to go see him!”

Feng Qi thought for a moment and continued.

“Speaking of this mentor, you’ve actually met him, and more than once or twice!”

“I’ve met him?”

Lin Ran was stunned at his words, he had already been a little puzzled when Feng Qi said that he should go see him, but at this point, the other party also said that he knew him, which couldn’t help but make him start to recall.

It was true that he had met quite a few people in the past two years, but there really weren’t many that looked like mentors.

“No!”

Suddenly, Lin Ran remembered someone that he had only met the other person four times until now, and each time had been rewarding.

“Could it be that you’re talking about?”

Lin Ran asked, frowning.

“That’s right, I’m talking about him!”

Feng Qi laughed.

Lin Ran frowned slightly at his words and said blandly.

“Then I’m afraid I won’t be able to cut back! He said he could only see me once every three months, and it’s too early since the last time!”

“Haha! So I’m not here to deliver!”

Feng Qi laughed, while shoving the wooden box into Lin Ran’s hand and laughing.

“You open it and take a look!”

Lin Ran was stunned, but did as he was told and opened it up.

“Weng!”

As soon as the wooden box was opened, a vast, old aura spread out, followed by Lin Ran seeing that.

Inside the wooden box, there was actually a piece of turtle bone that had already jadeified somewhat, the turtle bone was brown with a bit of black, while on the outside there was a faint transparent film, clearly a turtle shell that had already started to jadeify.

“Your previous tortoise shells were all disposable, while this one this time is the eternal one, with it you can go see each other whenever you see each other!”

Feng Qi laughed.

“So that’s how it is!”

Lin Ran was so surprised in his heart that he had even wanted to rush straight to Qinghe Bay at this point.

Before Feng Qi said that, he hadn’t really thought that the so-called mentor was Elder Feng, and he had treated Elder Feng as his secret weapon and his privacy, but he hadn’t thought that this old man he knew was actually the mentor.

It was all really fate, and at this moment Lin Ran couldn’t help but feel that the world was really small.

“Alright! As for the other doubts in your mind, you should wait until you meet your mentor!”

Feng Qi smiled and got up, while glancing at Lin Ran, patted him on the shoulder meaningfully, followed and left.

“Elder Feng! Feng Qi, the Feng family! Could it be that Elder Feng has a connection with this Feng family as well?”

Something suddenly occurred to Lin Ran’s mind.

It was already noon, but the four girls had no intention of waking up, so Lin Ran had no choice but to leave a note saying that he had to go out, then he left home alone and headed straight for Qinghe Bay.

In summer, Qinghe Bay was very busy, and Lin Ran knew that he would not be able to see Feng Lao even at this hour.

He had no choice but to hide in the car and sleep until late at night, when he got out of the car and went to the statue of Laozi Qingniu.

“Hey! I’m not afraid of Old Man Wind, but I’m afraid of that big woman!”

Standing next to the statue of Laozi Qingniu, Lin Ran was in a bit of a quandary.

Every time he came, he ran into that big mother, and even if he was hiding on top of the statue, he was already a bit scared, afraid that when he went to see Elder Feng this time, that big mother would catch him again.

“Kid! No need to go to all that trouble, just come straight in!”

Just as Lin Ran was having a hard time, suddenly, an old voice suddenly sounded in his ears, followed by Lin Ran only feeling a distortion of the space around him, and instantly his whole body had disappeared in the same place.

It was the same space and the same figure, but this time Lin Ran had come in with his physical body.

“Wind ..... Mentor!”

Lin Ran still wanted to address Elder Feng, but on second thought, he hurriedly changed his words.

“It’s better to call me Feng Lao, you’re not used to hearing me call me mentor!”

Elder Feng laughed, while turning around, his originally illusory figure becoming a few shades more blurred.

“What are you doing, Elder Feng?”

Lin Ran was a little worried when he saw this, this was a wisp of Wind Elder’s soul imprint, which he had known for a long time.

But at this moment, he was really worried about the state of the other party, afraid that while he was chatting, the other party would dissipate.

“Don’t worry, it won’t dissipate in eight or ten years!”

Elder Feng laughed, and at the same time, with a wave of his palm, the space around him immediately changed, and the two of them actually appeared in a valley.

Surrounded by sublime mountains, there was even a waterfall descending vertically, while next to it was a thatched hut, and a stone table with two stone benches.

“Come! Sit down and talk!”

Elder Feng greeted and took the lead to sit down.

“Many thanks!”

Lin Ran arched his hand and followed suit, only at this moment, his old face was suffocating red, clearly already trying desperately to hold back.

Elder Feng laughed at this.

“Alright, don’t hold it in, if you have any questions, just ask!”

Chapter 884

“Then ..... I’m not polite then!”

Lin Ran took a deep breath, followed by his mouth rising like a machine gun as he began to ask questions.

“Elder Feng, what exactly is that Blood Demon? Just how terrifying is the power he’s in? What exactly are those red venoms? What is this mentor of yours for? Fire One Sword Li Mu Di and the others are that strong at the Qi Watching Realm, is it because of themselves or the difference in their cultivation techniques? They said that you summoned me, what exactly is it that you want to do?”

“Haha!”

Elder Feng laughed at this as well.

“You really have quite a lot of questions!”

Elder Feng knocked his head in thought and said.

“Let’s do this, I’ll tell you a story, and these questions will basically be solved once you hear them.”

“Mm!”

Lin Ran nodded his head heavily.

Elder Feng then spoke up.

“Many years ago, there was a division between good and evil in the Feng Shui path, those who were bent on seeking the way to act out Feng Shui were the righteous path, while those who were bent on pursuing strength and might,? Those who persecute people’s lives by any means for this purpose are the evil path!”

In the beginning, the two paths of good and evil fought to the death, but it was not until the appearance of a person who completely turned the situation around.

“Do you know who this person is?”

Elder Feng suddenly asked Lin Ran.

“I don’t know!”

Lin Ran shook his head, how could he know who that person was.

“That person is called the Nine Heavenly Mystic Maiden!”

Elder Feng laughed.

“Legend has it that the Nine Heavenly Xuan Nui is a phoenix, hence many statue designs in later generations have the symbol of a phoenix on them, as for the truth or falsity we will leave it aside, let’s mainly talk about this Nine Heavenly Xuan Nui!”

In those days, the Nine Heavenly Maidens almost eliminated the evil feng shui masters with their own efforts.

But just when the Alliance of the Righteous Path was about to completely eliminate the Evil Feng Shui Master, the Nine Heavenly Mystical Maiden stopped everyone.

“Why?”

Lin Ran asked.

“Because of the cycle of heavenly justice, and the desires of man!”

Elder Feng said blandly.

“Many people did not understand this matter at first, but nowadays everyone has actually understood the Nine Heavenly Mystical Maiden’s intentions, but at that time no one knew about it!”

One of the reasons why the Nine Heavenly Mysterious Maidens did this was because all things were originally from the same root and the same race.

Although they were evil feng shui masters, they were also human beings and feng shui masters.

And what is the difference between themselves and evil Feng Shui masters when they are massacred?

“I think the Nine Heavenly Mystics did the right thing!”

Lin Ran nodded at his words, good and evil were originally seen in a single thought, and I’m afraid that the Nine Heavenly Maidens did so because they expected that even if they killed all the evil feng shui masters themselves, there would still be others who would come forward in future generations, after all, human desires were the hardest to control.

“You guessed right, but unfortunately no one understood at the time!”

Elder Feng said heartily.

So there were other righteous people who stood up, who split from the righteous alliance and killed those evil feng shui masters, even claiming that there would never be an evil dao in the world again.

But it was simply too ridiculous. Later on, some of these self-proclaimed righteous people who had split off read the cultivation techniques of the evil dao and could not resist the thirst for power in their hearts and began to cultivate.

A decade or so later, a second, even more powerful evil force emerged.

“What about the Nine Heavenly Mystics?”

Lin Ran asked busily.

“The Nine Heavenly Mysterious Maiden? It’s already gone!”

Elder Feng revealed a bitter smile.

“Back when those people split off and started the siege on the evil forces, hearts changed!”

The people praised everyone for those who had decimated the evil Feng Shui forces, but instead, they began to vilify those Feng Shui masters led by the Nine Heavenly Mystic Maidens who had saved them from the depths of the fire.

Eventually many were disillusioned and left, defecting to those who had defected, and the Nine Heavenly Maidens eventually left alone.

“Then where did he go?”

Lin Ran asked busily.

“No one knows!”

Elder Feng shook his head.

“She was gone for a whole five hundred years! There were only legends of her left in future generations! It wasn’t until a hundred years ago that a female feng shui master suddenly emerged, calling herself the Nine Mystical Maidens, the founding great disciple of the Nine Heavenly Mystical Maidens, that the bright reputation of the Nine Heavenly Mystical Maidens rose again!”

“And what happened after that? I saw the remains of the Nine Mystical Maiden, also known as my senior sister, at the Ten Thousand Treasures Spell Formation, what exactly happened after that?”

Lin Ran asked after him, knowing that what happened next was the most crucial.

“I can’t tell you what happened after that for now, unless you eat it!”

Elder Feng said as he actually took out an elixir and handed it to Lin Ran.

“What is this?”

Lin Ran asked busily.

“It’s a heart-locking pill! If you eat it, as soon as I move my mind you will immediately have your soul scattered, if you eat it I will tell you!”

Elder Feng said blandly.

“You!”

Lin Ran’s face turned pale, he didn’t expect that Elder Feng would actually eat such a thing himself.

“Surprised?”

Feng Lao, however, smiled.

“I’m telling you, everyone who is qualified to know the truth must eat it, even including Feng Qi! As well as the future Fire One Sword and Li Mu Di!”

“And there are merely three righteous people in this world who don’t need to eat it! One of them is me!”

“Why do you have to eat this!”

Lin Ran was a little angry, eating this was like handing over his life to Elder Feng, which was really a little unfair to him.

Feng Lao, however, did not care and said blandly.

“Because these are the rules! It is also the condition, the only condition, that you can come with me!”

“Eat it before I feel comfortable telling you the whole thing, or not! You can go immediately!”

Elder Wind said blandly.

“Elder Feng, do you still not understand my character?”

Lin Ran looked at Elder Feng with a questioning look in his eyes.

“Understand, but eat all the same!”

Elder Feng was the one who looked like he didn't care at all.

“Elder Feng! You still don't understand me!”

Lin Ran, however, suddenly laughed.

“Your story is indeed fascinating, but it's insignificant compared to life... You know many things about me, and you should understand that until I find Wang Kun, the murderer of my parents, there's no way I'll give my life to anyone else, not even you!”

“I know! But there is one thing that you don't know!”

Elder Feng said blandly.

“You're only at the early stage of the Heaven Seizing Realm now, but when you reach the Creation Realm, you'll have no choice then, either join us or become our opponent, there's no middle ground! Even if we don't deal with you, our enemies won't let you go!”

“Why?”

Lin Ran frowned.

“Because they exist, there is only good and evil in the world, there is no neutrality! Either you're a teammate, or you're an enemy! You think I don't know what you're thinking? Cultivating on your own, yes you have the talent and the legacy of the Nine Heavenly Mystics, but so what, you have no idea what kind of existences you're facing, and you have no idea how strong they really are! Relying on yourself, you are bound to die!”

Feng Qi said indifferently, as if he was talking about something that had nothing to do with him.

Lin Ran was silent.

At that moment, however, Feng Qi spoke once more.

“If you've finished your words, then you're listening to my words!”

With that, Feng Qi handed the Heart Lock Pill to Lin Ran.

“It is a poison, but it is also a life-saving pill, an ordinary Heart Lock Pill is just a poison, but this one is not!”

With that, Feng Qi put the Heart Lock Pill back into the box and placed the box on the ground in front of him.

“Even in our entire power, we only have four of these pills, three have already been eaten, this is the last one, I expect a lot from you, so I am willing to give it to you!”

“Eat it, as long as you have thoughts of mutiny immediately your soul will fly apart, but if not, if you die it is your chance to start all over again, it will preserve your heart and veins from scattering, reunite your flesh in a thousand years and rise again!”

“Now make your choice, either go! Or take it and we’ll continue to talk!”

After saying this, Elder Wind directly closed his eyes and did not speak.

Chapter 885

Lin Ran was silent, a long silence.

He had not expected that his visit to see Elder Feng, his so-called mentor, would turn out to be such a difficult choice.

Elder Feng did not speak, just sitting quietly, as if waiting for Lin Ran’s answer.

“Elder Feng, can I ask a question!”

Suddenly, Lin Ran spoke up.

“Speak!”

Elder Feng’s eyes were closed and his expression was bland.

“If I eat it and you tell me the whole story, then what?”

Hearing this, Elder Feng opened his eyes, looked at Lin Ran blandly and said.

“I will take you away and go to Jade Qiong Mountain to cultivate for a year, and at the end of that year is the time for you to serve!”

“Serve?”

Lin Ran did not understand.

“A war with an existence like the Blood Demon!”

Elder Feng said blandly.

Lin Ran revealed a bitter smile at his words.

“I have to first take a pill that gives you your life, then I have to leave my hometown to cultivate, and finally I have to fight the enemy for the so-called righteousness, do you think it’s a good deal, Elder Feng?”

“And I’m now doubtful as to who is the righteous path, you or the Blood Demon!”

Elder Feng was stunned at his words and did not speak for half a day.

The silence lasted for a long time, but Elder Feng revealed a bitter smile.

“You don’t understand the truth of the matter, and I can’t explain it to you... Perhaps you’re right, our so-called righteous path has actually changed, but at least one thing hasn’t changed! Nor will it ever change!”

“And that is that without us, what you see would not be such a prosperous world, but a world in dire straits!”

“I don’t ask you to understand now what we are doing, what we are fighting for, but one day, when the great crisis comes, you will understand!”

“Each world level, has his own rules of the game, lock heart pills is the rules we set, this road fellow travelers even if there are not many, even if we will miss a good seedling like you, but we will not regret, rather miss, definitely not betray!”

“The former is just regret, while the latter is a cold heart!”

After saying that, Elder Feng stopped talking and closed his eyes, clearly having understood Lin Ran’s choice.

“Is it alright to give me a year?”

Lin Ran suddenly asked.

“After a year, I will come back and tell you my choice!”

“Yes!”

Elder Feng directly put away the Heart Lock Pill.

“Thank you!”

Without further ado, Lin Ran turned around and left.

He came and went in a hurry, and it wasn’t even light when he left.

Lin Ran parked his car at the junction of Qinghewan and Tanjiang City, on a very remote country lane, and sat alone at the head of the field, looking at the distant fields in a daze.

No one knew what he was thinking at the moment, and he didn’t want to share the helplessness in his heart with anyone, he just wanted to think about it on his own.

Time passed by minute by minute, his mobile phone was switched off so that Lin Ran was not disturbed in any way. He looked at the sun that was about to set in the west in the distance, and his heart was hard to bear.

“Kid! Haven’t you already analysed it thoroughly? And now this!”

Suddenly, the voice of the pillow came over.

“Thorough?”

Lin Ran, however, laughed.

“So what if it’s thorough? Have you forgotten a word? That word is called desire!”

“Desire? What else do you have desire for?”

The pillow was puzzled.

“What do you think?”

Lin Ran asked rhetorically.

Pillow Book was suddenly silent.

The thing Lin Ran craved most was held in his hands, where he didn't know that.

If Wang Kun were to stand in front of Lin Ran now and tell the truth about what happened back then, even if he were to return Lin Ran to his previous state of being a poor loser again, I'm afraid he wouldn't even hesitate!

The revenge of his parents was the thing he couldn't let go of in his heart, he didn't care about strength or pursuit.

He had analyzed it thoroughly before, taking the heart lock pill and following Feng Lao, but it was all a matter of desire, he wanted to become stronger, and only by becoming stronger could he find Wang Kun, find out what happened back then, and find his parents or take revenge.

“Kid! I don't believe that you can't get stronger if you don't go with that bullshit Wind Elder, you can still get stronger with me!”

Pillow Book suddenly said.

“I believe that, but can you guarantee me that in the future, when I really reach the Realm of Creation, if those terrifying forces that Old Man Feng mentioned strike at me, you will be able to protect me? Or will you be able to protect Xiao Nuan and the girls?”

Lin Ran asked rhetorically.

“Big deal, I'll move you all into my little world and we'll live in there!”

The pillow said.

“And then what? Come out again when you have enough power?”

Lin Ran laughed.

“Impractical, even if they and I both agree, what about their parents? What about their parents' parents? These are ties that the people of Earth can't sever!”

“Neither this nor that, do you really want to go and take that whatchamacallit heart lock pill!”

The pillow book was helpless too.

“I don't know!”

Lin Ran shook his head, he really didn't know, if he knew he wouldn't be so torn.

If he took the Heart Lock Pill, he could follow Elder Feng's strength and grow faster, but in the future there were still more powerful enemies to face, and his life was in the hands of others at all times.

But if he didn't take it, he wouldn't be able to increase his strength quickly, and he would have to be on guard against those terrifying existences at all times in the future.

The actual choice is in the end how to choose.

.....

The actual fact is that you will not be able to get a good idea of what to do.

The first thing you need to do is to get a good idea of what you want to do.

Feng Lao, however, appeared out of thin air, while the light in his eyes fiercely increased, and soon another Feng Lao reappeared in front of him, while this one clearly had an even more illusory body, seemingly just a wisp of a projection.

“Greetings to the projection of this daddy!”

The Wind Elder within the Green Bull immediately bowed respectfully.

“Soul body, I know all the news, one year is just the right amount of time, after one year do as I say and let him go!”

The illusory Wind Elder spoke.

“Understood! Just what is the intention of doing so?”

Qingniu Wind Elder asked with a frown.

“There must be a great secret hidden within him, and there is even a remnant of the spiritual wisdom of an ancient ancestor, this is a power we cannot afford to fight for, otherwise there is no hope of victory for the Righteous Way in the future!”

The illusory Wind Elder spoke up.

“But if there really is, there’s nothing we can do if people don’t want to get involved!”

The Green Bull Wind Elder frowned.

“No! If he sees that thing, he will definitely let Lin Ran join us, the temptation to go home is not something anyone can carry!”

Void Illusion Wind Elder said.

“I see! Perhaps this is Lin Ran’s destined choice!”

The Green Ox Wind Elder nodded respectfully, but a smile appeared at the corner of his mouth.

“Although that’s what it says, but Lin Ran and that thing, who exactly is dominating Lin Ran’s body, we are still unclear for now, if it’s just it that’s fine, as long as you see that thing, you will definitely be moved!”

“But if it’s Lin Ran, then we might be harming him!”

The Void Illusion Wind Elder frowned a little.

The Green Ox Wind Elder also fell into silence and spoke after a moment.

“My Lord, if it really is the second case, I implore you to let the things left inside him leave, this child Lin Ran is not bad-hearted, not to mention he has no thoughts of domination, if he can be handed over to me, the righteous path also needs such a talent!”

The Void Illusion Wind Elder sniffed at his words in a daze, and after a moment nodded his head in tacit approval.

“Many thanks!”

Elder Qingniu Wind bent his body in salute, a satisfied smile on the corner of his mouth.

He had watched Lin Ran grow up step by step, and if he really ruined Lin Ran because of this plan, he wouldn't be able to bear it in his heart.

But they didn't know that if the pillow book really saw what they were planning and told Lin Ran about it, I'm afraid that without them forcing him, Lin Ran would have come back and taken his medicine.

It's just that sometimes things are so convoluted. Feng Lao is also testing the Pillow Book inside Lin Ran, while Lin Ran is also trying to control his own destiny, they are like two forces that should be supporting each other, but because of their first collision, they are both incredibly careful and just miss it perfectly.

Chapter 886

“Forget it and go back!”

Looking at the already gradually darkening sky, Lin Ran sighed and prepared to get into his car to leave.

He had hidden himself here to clear the air, and I was afraid that Song Nuan's four daughters would be anxious.

But just as Lin Ran was about to get into his car and leave, suddenly two pillars of light struck from afar, and there was actually a dilapidated van driving by.

There was nothing strange about a car passing by, but Lin Ran looked at it with a frown on his face and stood directly in the middle of the road.

His current strength was such that he could detect the inside of the car if he wanted to, and naturally, he stopped them because of this.

“Drip!”

The driver who saw this directly honked his horn twice, but Lin Ran didn't move at all, as if he hadn't heard it.

“Kid! Get lost! You're fucking deaf!”

The car window rolled down and a young man with dyed yellow hair poked his head out and cursed angrily.

“Let the man go!”

Lin Ran's voice was bland as he looked at the other man.

The yellow-haired man's face changed at that and he said in a cold voice.

"Don't fucking meddle, or I'll get you killed!"

"Let the man go! I don't want to say it a third time!"

Lin Ran looked and said blandly to the other party.

"My God! What a fucking death wish!"

Yellow Hair's face sank as he directly opened the door and got out of the car,? Soon three more companions also got out of the car, and next to them was a woman.

The woman looked to be in her early twenties, her face was still tender, her hair was on her face at the moment, not to mention how messy she was.

"Help me!"

The woman hurriedly shouted when she saw Lin Ran.

"Shut the fuck up!"

Someone immediately covered her mouth next to her.

The yellow-haired youth in the lead even raised the steel pipe in his hand and said disdainfully.

"I'll give you one last chance, get lost immediately, or else ...."

"Or else how?"

Lin Ran laughed.

"Or else you'll choose a piece of land!"

The yellow-haired youth laughed, while pointing to the surrounding fields, the meaning very obvious.

"What if I don't choose?"

Lin Ran laughed, this yellow hair was quite easy to talk to, directly asking himself to choose a field, this was to bury him for himself.

"Then I'll choose it for you!"

Huang Hao's face suddenly turned cold, and the steel pipe in his hand violently swung towards Lin Ran.

This Huang Mao was a notoriously ruthless person in this area.

But the Lin Ran in front of him looked so skinny and weak that he didn't even take it into consideration. If this stick went down, even if Lin Ran didn't die, I was afraid he would be miserable.

"Ah!"

In the back, the woman was even so scared that she directly covered her eyes, not daring to look.

"Weng!"

But the moment that stick was about to land on Lin Ran, only a buzzing sound was heard violently, followed by the stick actually flying backwards in an instant.

And in looking at the yellow-haired young man, at this moment, his entire body was lifted up by Lin Ran by the neck.

“How can this be!”

The two companions of Yellow Hair at the back were dumbfounded, they knew very well what strength Yellow Hair had, not to say that he crushed his opponent every time he fought, but he won nine and a half times out of ten, but in the face of this youth in front of him, he hadn't even gone one round.

“What the hell is this kid's origin!”

The two companions looked frightened and did not dare to go forward.

“Get lost!”

Lin Ran let out a cold voice, and instantly threw Yellow Hair to the ground.

“You!”

Huang Mao was busy climbing up, looking at Lin Ran with anger and resentment in his eyes, after being out for a little over half a year, this was the first time he had suffered defeat at the hands of others.

“Come here, girl!”

Lin Ran greeted.

“Yes!”

Only then did the woman respond and hurriedly ran next to Lin Ran, her tense heart easing a little.

“Kid! You're going to fucking steal Laozi's woman?”

Yellow Hair looked at Lin Ran and said angrily.

“Your woman? Why wouldn't your woman want to go with you?”

Lin Ran laughed.

“I'm not his woman, I was captured by them!”

The woman said busily.

“Don't you fucking bullshit!”

Yellow Hair immediately retorted, while looking at Lin Ran.

“Kid, don't fucking mind your own business, this woman is Laozi's girlfriend, we just had a bit of a disagreement, if you keep stirring things up, I'll call the police!”

“Call the police? Go ahead and call the police!”

Lin Ran laughed, he was still threatening himself with the police, did he really think he couldn't see that?

“You!”

Yellow Hair was so angry that his face twitched, how could he dare to really call the police.

“Kid! What the hell do you want, it’s none of your business if I’m arguing with my girlfriend!”

“Girlfriend? Are you sure?”

Lin Ran laughed and shook his head, how could he possibly believe the other party’s words, which were simply nonsense.

“It’s my girlfriend how! She’s just being petulant don’t you see! Who the fuck are you to even bother with someone’s family affairs!”

Yellow Hair continued.

Lin Ran smiled at the trend and shook his head helplessly, saying blandly.

“I don’t care who’s girlfriend, I have a hand in all of Seasonal’s women, and you don’t need to talk nonsense, I’ll give you one minute to either drive yourself away or I’ll beat you until you do!”

“You!”

The yellow-haired young man’s face sank and he gritted his teeth.

And the woman behind him, seeing this, was busy saying.

“We can’t let him go, he’ll be looking for me again tomorrow if he leaves!”

“You can call the police!”

Lin Ran said indifferently, and then pointed to his car.

“Go on get in, I’ll take you home!”

“Much .... Thanks!”

The woman didn’t say anything and directly got into the car.

It was also the first time Lin Ran had met her, and being able to help her so much was already considered kind, and she really had nothing to say.

“You really don’t think I fucking exist!”

The yellow-haired young man was furious at the sight of this and pulled out the dagger on his belt and greeted him.

“Brothers, follow me up and kill him!”

“Yes!”

The two men beside him immediately responded.

The dagger in his hand flashed a cold ray of light and came straight for Lin Ran’s neck.

“Stop!”

Lin Ran snapped his head around and chided.

The yellow-haired youth really did stand still immediately, and did not dare to move, because the dagger in his hand had already appeared in Lin Ran’s hand at some point.

At this moment, the tip of the dagger was pointing at the tip of his nose, and I was afraid that if he took one step forward, his nose would become a cold one.

“You!”

Yellow Hair couldn’t help but gulp, his heart filled with shock.

“You’re still stupid enough to turn around and see for yourself!”

Lin Ran laughed helplessly.

Huang Mao froze, but still turned his head to look, and when he did so, he was furious, his two brothers had actually run away from him, so he was the only one who had just rushed up.

“Bang!”

Lin Ran kicked the yellow-haired youth in the buttocks, and immediately the latter fell to the ground with a dog’s shit.

“Bang!”

With a muffled sound, the dagger swept past the yellow-haired youth’s neck and plunged into the ground, scaring the yellow-haired youth so much that he immediately pissed his trousers.

“Coming out and bringing two of these? You’d better go back to raising pigs!”

Lin Ran dropped a sentence and instantly got into the car.

“Where is your home?”

After getting into the car, Lin Ran asked directly.

“It’s in the village not far away.”

The woman said softly, she thought Lin Ran would ask something else, but it turned out that Lin Ran didn’t even say a word, and drove her straight to the entrance of the village.

“Go back!”

Lin Ran said.

“Thank you!”

The woman got out of the car and immediately ran back to the village, thinking that she was also terrified.

Lin Ran didn’t ask much, in fact he knew without asking, looking at the yellow-haired young man’s dress, he should also be a gangster from the nearby village, he didn’t bother to care much.

But at this moment, looking at the village under the night, Lin Ran couldn't help but also think of his hometown, Linjiawan.

"It's been a long time since I've been back!"

Lin Ran sighed, remembering his hometown, and his tangled mood finally calmed down a bit.

"Gotta go home for a visit!"

A smile appeared on the corner of Lin Ran's mouth as he swirled and drove back to Tanjiang City.

## Chapter 887

It was already ten o'clock at night when he returned home.

Originally, Lin Ran thought that the four women would be sitting in the living room waiting for him to come back with great worry, but when he opened the door, it was only Su and Song Nuan, who were putting on their face masks without the slightest hint of nervousness.

"Back?"

When they saw Lin Ran come back, Song Nuan and Su Rou only greeted him very blandly, without any intention of asking him what he had gone to do at all.

"No, didn't you guys notice that my phone was switched off today?"

Lin Ran asked, in fact after he turned it on, he only saw one missed call from Song Nuan.

"I know! Didn't I call you?"

Song Nuan asked.

"No, so you guys aren't worried about me?"

Lin Ran looked puzzled, why did he feel that this was a bit odd today.

"Worried about what, aren't you usually like this? We got used to it a long time ago!"

Su Rou said blandly.

"Me!"

Lin Ran was speechless for a while and had to differ from Hua Tian Dao.

"Where are they both?"

"You mean Qiqi and Qin Bing, they went back!"

Su Rou said seriously.

"Didn't you see the news today? All the people who went missing in the Wan Ren Mountain before were found, but some of them were badly injured, Dean Yang asked Qin Bing to help out tomorrow, so she went back to rest!"

"Help?"

Lin Ran was stunned, only then did he remember that there were indeed many injured people inside the Ten Thousand Rengshan Mountain, and it seemed that they were all being treated in Temperance City this time.

“What about Qiqi?”

Lin Ran asked.

“Kiki said she wanted to learn how to do business, so she went home to get lessons from her old man, right! I’m going to start practicing my dance tomorrow, it’s about my promotion to professor after school starts!”

Su Rou said seriously.

“Why are you all working so hard all of a sudden!”

Lin Ran was stunned, they were definitely not like this before, he didn’t expect that even Su Rou was working so hard now.

“It can’t be helped, no one wants to be left behind by the stage!”

Su Rou stretched out her hand, but Lin Ran understood what she meant by this.

“What about you?”

Lin Ran turned his head to look at Song Nuan.

“Me? I don’t know yet, can’t you give a freshly graduated college student a little cushion of time?”

Song Nuan said helplessly.

“Of course you can, but I’m going to say one thing!”

Lin Ran laughed.

“What is it?”

The two women were stunned and were busy looking at Lin Ran.

“I’ve decided to go back to my hometown for a while, so do you guys want to join me?”

“Good thinking!”

The two women both gave Lin Ran a blank look at his words.

“You still want to take two back, beautiful you!”

Song Nuan even glared at Lin Ran.

“I’m also doing it for your own good!”

Lin Ran said with a straight face.

“Think about it, you just graduated and haven’t found a goal in life, just so you can go to the village to take a break, as for Su Rou in the village thinking about dancing isn’t it more ethereal?”

“You come less, anyway, I would not dare to dance in your village!”

Su Rou was busy refusing, mentioning this she couldn't help but remember the last time she followed the guy back to the village and was almost molested by hooligans.

“Er ..... Our village is actually quite nice!”

Lin Ran was helpless.

“Then I won't go either, when I've choreographed and directed my own dance, I can go and see you guys, but right now I'm definitely not going!”

Su Rou refused outright.

“I'm fine with that, the point is if I go to your village and still don't think of a life path in the end? Wouldn't that be a waste of time?”

Song Nuan asked.

“How could it be!”

Lin Ran suddenly had a bright flash in his eyes and laughed.

“At least you've gained the heart of a young man, no good life path, just stay home and be a full-time wife!”

“Bah! Who wants to be a full time daily for you!”

Song Nuan gave Lin Ran a disdainful white glance, then asked.

“When are you going back?”

“First thing tomorrow morning!”

Lin Ran said.

“Ah? Such a rush?”

Song Nuan was stunned to hear this.

“That's right, it's so urgent that we haven't even prepared a gift yet!”

Su Rou also said from the side.

“What gifts to prepare? Don't you know what my grandmother likes?”

Lin Ran had a helpless look on his face.

“Of course I know, that's why I need time to prepare, let's do it tomorrow afternoon!”

Song Nuan said busily.

Lin Ran smiled and shook his head, sighing.

“Ai! It seems you still don't understand what my grandmother likes!”

“I know, I wrote it all down last time!”

Song Nuan raised the small book in her hand, it was exactly what she had written down as her grandmother’s favourite things when she went to Lin Ran’s house last time.

“That’s not what I’m talking about!”

Lin Ran was helpless.

“Then what is it?”

Song Nuan looked bewildered.

“My grandmother’s favourite thing is of course hugging her grandchildren, you just don’t bring anything with you and hug a grandson back, she’ll be so happy!”

Lin Ran said in a serious manner.

“A grandson?”

Su Rou was stunned.

Song Nuan’s pretty face even turned red.

“Lin Ran! You stinking rascal, who wants to hold a grandson back, if you want to hold one, you can have one yourself!”

“How can I have a baby by myself!”

Lin Ran said helplessly.

“You still say that!”

Song Nuan’s pretty face turned even redder as she copied a chicken feather duster and chased after him.

The night went by with a lot of fighting, and in the end Lin Ran compromised and went back in the afternoon instead.

Early in the morning, Song Nuan and Su Rou went to choose a gift, while Lin Ran went to the shop.

The Feng Shui business is like this, much like antiques, three years without opening and eating three years, just the last Meng family’s list, if you were an ordinary person you could eat for a long time.

It was a rare day for this guy, Wang Yifeng, to be in the sun in his shop, a lazy look on his face made Lin Ran want to laugh.

“How come Comrade Wang has the leisure to sunbathe here today too! Is he not feeling well, or is he overly tired?”

Lin Ran laughed.

“Don’t you dare damage Fat Master, I’ve been seriously overstretched in the last two days, so I’m just about to buy some medicine to make up for it!”

Wang Yifeng didn't even open his eyes.

"I went to see Xiao Cui again last night! I came back in the early hours of the morning with two dark circles under my eyes!"

To the side, Master Yu closed his feng shui booklet and walked over with a smile.

"Hey! Eating, drinking, whoring and gambling, this dead fatty has taken up three adoptions, if there was one more, I'd have to contact the slaughterhouse to sell him!"

Lin Ran shook his head helplessly.

"You can't spit ivory out of your dog's mouth! Xiao Cui and I are in true love!"

Wang Yifeng was furious.

"True love, you get married!"

Lin Ran laughed.

"I'm still young, so I'll have to be chic for two more years. If I get married and have a child and wash nappies every day, I'll go crazy!"

Wang Yifeng laughed.

Lin Ran smiled and shook his head helplessly, then looked at Master Yu.

"You said there were a few things you didn't understand last time,? Tell me about it, I have to leave at noon!"

"Good!"

Master Yu hurriedly greeted Lin Ran and sat down, and then the two of them discussed it.

For Feng Shui, Master Yu had a foundation after all, so he learned quickly. According to Lin Ran's observation, nowadays, Master Yu was at least close to feeling through the barrier of the Qi Watching Realm, and could cross over to the Qi Watching Realm at any time.

As for the Heaven Seizing Realm, I'm afraid it would be a bit difficult, but it would depend on his own destiny to achieve it in the end.

It was already noon when he finished explaining a few questions, so Lin Ran got up and told the two of them that he had to go back to the village for a while.

Rarely, Wang Yifeng actually did not want to go along, but said.

"That's fine, you go back to your holiday, leave the shop to me and Old Yu Tau, Fat Master I've been hitting it off with Xiao Cui lately, I can't give up on my previous work at this time!"

"When I come back, I'll be lucky if you don't turn from fat to skinny!"

Lin Ran laughed helplessly, then said goodbye to the two and left the shop.

Chapter 888

At noon, Lin Ran received Song Nuan at the entrance of the shopping mall, and after saying goodbye to Su Rou, the two of them set off on their journey back to the village.

And this time, the two also chose to drive back.

Because the last time they went back they knew that the village had been planned as a village for poverty alleviation, so the road had already been repaired, they just didn't know whether the village had changed much after they went back this time.

"I really hope that the villagers can also live a well-off life!"

Lin Ran's heart was filled with anticipation, that was after all the place where he was born and raised.

In his quest for truth and to become stronger, it would be nice to go back once in a while to take a look.

After an hour of driving down the road, the two of them had arrived in the town.

The town has developed much better than the last time they came back, and in just half a year's time, there are more tall buildings in the town.

And when that time comes, the traffic to the town in Temagami City is bound to be even more developed and convenient.

"Let's go, it's time to go home!"

Lin Ran smiled and drove on, from the town to Linjiawan, there was no access road before, it would take at least a day to walk, but now that the road was repaired, it took only twenty minutes to drive.

"What a big change!"

Looking at the new houses modified in some of the villages along the way, Song Nuan couldn't help but exclaim.

"Yes, I hope our Linjiawan will also get better and better!"

Lin Ran's heart was filled with anticipation.

The car drove for ten minutes, seeing that it had already reached the foot of the mountain where Linjiawan was located, but suddenly there was a group of people blocking the way ahead, looking as if there was some kind of conflict.

"What's going on?"

Song Nuan asked, puzzled.

"Nothing, I'll go down and take a look!"

Lin Ran greeted, and whirled himself out of the car.

.....

"Brother Bai, we were all brothers before, and I've already paid the protection fee this month, what do you mean by that?"

In the crowd, a cloth-clad youth looked at the group of people in front of him with anger on his face.

“Protection fee? Big Dragon, didn’t you know Brother Bai when you first started hanging out with me? I can charge you whatever the fuck I want, you paid it a few days ago, but I’m in a bad mood today, so I’m going to charge you, will you pay it?”

A young man in a leather jacket said with a face full of disdain.

“Brother Bai, you know what kind of situation my brother is in now, let’s be merciful, I don’t earn much money in a month!”

Big Dragon frowned, while beside him, two youths even younger than him couldn’t help but tug at his clothes, looking scared.

“Don’t be afraid! Don’t forget that our village is also covered by someone!”

Dalong advised.

In front of him, Bai smiled at his words.

“Someone is covering? How? People in Tanjiang City to get a verbal cover for your village, huh? It’s simply laughable!”

“Haha!”

A group of people around them all laughed.

“Brother Bai, if you want face, I’ll give you face too, just go away after you’ve had your fill of words, it’s not easy for anyone to live, why do you have to be like this!”

Big Dragon patiently persuaded.

However, Bai did not listen to him at all and said disdainfully.

“You’re wrong, it’s your life that’s not easy, but my life is very good, don’t forget that my father is the village chief, what the fuck are you!”

“Brother Bai, you’re not making sense, your village of Bai Gou and our Lin Jia Wan are right next to each other, you’re blocking every day so that the other villagers know how to talk about you and your father behind your back?”

Dalong blandly said.

“Saying my father? Just fucking your village people also dare, let me know who it is, in this life he will never want to get out of Lin Jia Wan!”

Brother Bai said disdainfully.

“Brother Long! Why don’t we call!”

Suddenly, a youth standing behind Big Dragon spoke up, he was really scared.

“Can’t call! We can handle such trivial matters ourselves!”

Big Dragon refused.

“But it’s been several times this month, we’re fine, if this continues, you won’t even be able to afford to eat!”

Another youth next to him spoke up.

“It’s alright! I’m not so disgusting as Big Dragon!”

Big Dragon said through clenched teeth.

“What’s the matter? Bitter drama, huh? Are you done? Pay up when you’re done!”

Brother Bai looked at Big Dragon with a cold smile on his face, he just wanted to purposely fix the latter, not for any other reason, just because this kid followed him in the first place, and now he actually wants to quit, is that possible? Is it that easy to back out?

“Brother Bai, we’re not going out today!”

Big Dragon said, picking up the basket and preparing to go back, but at that moment, Brother Bai took a step forward and pulled the basket directly, immediately pulling Big Dragon and the basket to the ground.

The herbs in the basket were scattered all over the ground.

“Brother Bai! What do you mean by that!”

Big Dragon’s eyes turned red and he got up to look at the other man with anger in his eyes.

However, Brother Bai did not care at all and sneered.

“Nothing means anything, either take the money or leave something behind!”

“Brother Bai, don’t go too far, you ask for a thousand dollars a month for protection, I only earn sixteen dollars a month, cutting people off will get you struck by lightning!”

Big Dragon said angrily.

“O? Is that so? Am I being struck by lightning?”

Bai laughed, then he looked at Big Dragon disdainfully and said.

“You, on the other hand, listened to that kid and you want to quit, and you want to fucking live your life, you live it! You get a fucking life for me! ”

“What does he care about you now? You’re here getting beaten up and you’re afraid to give a shit, where is he? That’s fucking stupid!”

“You!”

Big Dragon gritted his teeth in anger, but was speechless.

“He’ll be back for sure!”

Big Dragon gritted his teeth and said this, followed by turning around to leave, it looked like the herbs would not be taken away today.

“Ha ha! That’s right! Remember, next time you come out without money, leave the goods behind, it’s fucking bad luck!”

Looking at Big Dragon, Bai then laughed in satisfaction.

“Hey! Don’t you want the herbs?”

Suddenly, just as Brother Bai’s voice fell, a young man’s voice rang out.

Hearing this voice, the others did not feel anything, but Big Dragon and Brother Bai suddenly stiffened, especially the latter felt a chill quickly permeate their bodies.

“Lin ....”

Big Dragon hurriedly turned around, and when he saw the figure in the crowd who was bending down to pick up herbs, his eyes instantly turned red.

“Lin Ran!”

“Big Dragon! It’s been a long time!”

Lin Ran smiled at him while putting the herbs he had picked up into his back basket and asked with a smile.

“He’s here to collect your protection money?”

Big Dragon’s eyes were red and he didn’t say anything for half a day, this was simply too stifling.

It took a few moments before he nodded with red eyes.

“Good, I know!”

Lin Ran patted Big Dragon’s shoulder and turned around towards Brother Bai.

“Lin .... Lin Ran ..... You ..... What do you want!”

Seeing Lin Ran, Bai Cai immediately panicked, he could still remember the way Lin Ran dealt with him last time, it almost didn’t scare him to death!

“What? You’ve brought so many people and you’re still afraid of me?”

Seeing Bai Cai’s reaction, Lin Ran couldn’t help but laugh.

This guy had brought almost a dozen people with him this time, and they all looked like they should be villagers from Bai Gou Village, there was no way Bai Gou Village was several times bigger than Lin Jiawan, so he didn’t have an advantage in numbers originally, so it was no wonder that they were so aggressive.

Chapter 889

Hearing Lin Ran’s words, Bai Cai then reacted.

“Yes, he has brought so many brothers with him, why should he be afraid of him alone!”

Thinking of this, Bai Cai immediately hardened up quite a bit, he turned his head to look at Lin Ran’s car and found that there was only a woman made inside, he immediately laughed.

“I say Lin Ran, you don’t have a brain either, you offended Laozi and came back with only a woman, so you deserve to be beaten up today!”

Saying that, Bai Cai even took two steps forward and moved his wrist, as if he was ready to strike.

“Is that so?”

Lin Ran laughed and looked at his watch, it was already five o’clock in the afternoon, and said helplessly.

“It’s not too early, get it done early and go home early!”

Saying that, Lin Ran also walked towards Bai Cai.

“Hm?”

Bai Cai’s heart tightened at the sight of this, but when he saw that his brothers around him had all gathered around him, the worry in his heart was relieved a little.

“Lin Ran, you continue to fucking pretend for me,? There are so many of us today, I’ll see how long you can pretend!”

“Brothers! Fuck him for me!”

Bai Cai roared in anger and was the first to rush up at once.

“Ai!”

Lin Ran sighed helplessly at this and followed with a kick to Bai Cai’s body.

“Bang!”

There was a muffled sound, and the group of people behind him were all dumbfounded, only to see Bai Cai’s entire body fly backwards and smash heavily into his van, luckily it was his ass that landed on the ground, otherwise if his head had landed on the ground, I’m afraid it would have opened up instantly.

“Fuck, give me a fight!”

Bai Cai said angrily.

At once, the other men lunged towards Lin Ran.

“Get lost!”

After Lin Ran saw this with a cry of rage, he kicked the first henchman who rushed over.

This kick was so powerful that it immediately sent him flying backwards, smashing a large number of his men behind him onto the ground.

Of the original dozen men, only seven or eight remained standing, while the others all fell to the ground, unable to even get up.

Bai Cai hid at the end, not daring to come over, and when he saw this, he greeted him directly.

“Copycat! Copy!”

Only then did the group of men react to this, and one by one they ran to the van, drew out their steel pipes, and were ready to kill back in.

But before they could move, Lin Ran had already arrived in front of them.

“Loose!”

Lin Ran let out a bashful cry, followed by one of his men’s steel pipe coming out of his hand directly into Lin Ran’s hand.

“Rub!”

Lin Ran pointed the steel pipe in his hand distantly and aimed it directly at Bai Cai’s head, which instantly arrived in front of him.

“You!”

Bai Cai had just turned his head when he saw a blackened hole pointing right at him, scaring him so much that his legs went weak and he almost fell to his knees.

And the few other men around him who were holding steel pipes suddenly didn’t dare to move either.

Lin Ran’s steel pipe was only a few millimeters away from Bai Cai, and I was afraid that if they dared to move, Bai Cai’s head would have to be blown open.

“You ..... What the hell do you want!”

Bai Cai was so scared that his legs were weak, his face was white, and his whole body was trembling uncontrollably.

“What are you doing?”

Lin Ran looked at Bai Cai and smiled blandly.

“I .....

Bai Cai was dumbfounded, could he say, could he say he was going to copy a steel pipe and beat you up? I’m afraid that before the words came out, his head would be blown off.

“Do not say? Then I can only do it!”

Lin Ran raised his steel pipe and prepared to do it.

“Don’t! We’re just .....

Bai Cai was so scared that he was about to piss himself.

“Just what for?”

Lin Ran asked with a smile.

“Just ..... Just want to pole dance!”

Bai Cai couldn't help but cover his old face when he finished speaking himself, this was too fucking humiliating.

“Pole dancing?”

Lin Ran smiled at his words.

“Yeah! I like it, let's dance!”

Lin Ran said and actually took two steps back, while greeting Big Dragon and the other two youths and watching carefully.

“Me!”

Bai Cai's old face was on fire, standing still and neither jumping nor not jumping.

“What are you standing there for? Jump or not!”

Lin Ran scolded at this.

“Jump! I'll jump!”

Bai Cai was so frightened that his soul was about to fly and he just had to jump around the steel pipe.

The scene made Big Dragon as well as Song Nuan inside the car unable to stop laughing, and the two youths who were with Big Dragon at the side even looked at Lin Ran with adoring eyes, in a very excited mood.

“What about you guys? What are you standing around for?”

Lin Ran suddenly pointed to the other people who were at a loss as to what to do with their steel pipes.

“Us?”

Those people were stunned, somewhat unsure of Lin Ran's meaning.

“Jump!”

Lin Ran scolded.

“I!”

Those people were helpless at once, but when they looked at the steel pipe that would smash over in Lin Ran's hand at any moment, they compromised.

“That ..... Big brother ..... I ..... I don't have a steel pipe!”

One of the youths couldn't help himself, his steel pipe was seized by Lin Ran.

“Jump!”

Lin Ran threw the steel pipe straight over and scolded.

“Yes! Yes!”

The other party hurriedly picked up the steel pipe and jumped as well.

The scene where there was still a fight to be fought and killed instantly turned into a dance performance.

“All right! Let’s go back first!”

Lin Ran smiled at Big Dragon.

Or nodded his head and instantly took his things and walked towards the village first.

Lin Ran, on the other hand, glanced at Bai Cai and the others and said in a cold voice.

“Get lost!”

“Yes! Yes!”

Bai Cai’s group of people were so scared that they immediately got into the van and prepared to run.

“I’m warning you one last time, don’t blame me for going after your father if you are unkind for the sake of wealth!”

At this moment Bai Cai sat in the car, the fear in his heart couldn’t help but be less, and he even hardened up when he heard the words.

“Looking for my father? Wait for me, I’ll let my father find you tomorrow!”

“We’re not done with this!”

After saying that, Bai Cai drove off in a huff and was about to run.

Lin Ran saw this but laughed.

“Hey! Why bother!”

After saying this, he saw Lin Ran kick a steel pipe.

With a “whoosh” sound, the steel pipe cut through an arc and plunged directly into the tyre of the van.

The van stumbled and fell directly into the ravine.

“The sound of falling water soon followed, along with Bai Cai’s cries for help.

In summer, the ravines on both sides of the road were full of water, so Lin Ran wasn’t worried that they would fall to their deaths, but the van was already ruined with this dip.

“Goo dong!”

In the distance, the three Big Dragons who had just walked out a few steps saw this scene and couldn’t help but all gulp.

“Brother Long, isn’t this too cruel of Lin Ran!”

“Yeah, directly destroying someone’s car, can this beam still be uncovered?”

The two youths debated.

Big Dragon, however, laughed.

“Sooner or later, you have to pay back what you came out for, this is Bai Cai’s fault, if I was so capable, I would be even more ruthless and just scrap that boy Bai Cai!”

“Remember, I won’t offend if people don’t offend me, but when people are riding on your head and shitting and pissing, then you need to think like a man!”

“Huh?”

The youth was stunned at the words, and remembering how Big Dragon had commiserated earlier he couldn’t help but be a little puzzled.

Big Dragon also understood what they were thinking and laughed helplessly.

“You are still young, you don’t understand how much cold eyes you have to carry some times in order to live adults, forget it! No more talk go back!”

“Mmm!”

The two nodded their heads, the previous incident had passed no matter what, at least during the time Lin Ran was back, he, Bai Cai, would not dare to come to Lin Jia Wan to cause trouble again.

Chapter 890

It was exactly half past five when they returned to the village.

But standing at the entrance of the village, looking at the village as it was before, not only made Lin Ran a little disappointed.

On this journey back, some of the surrounding villages had changed to a greater or lesser extent, but his own village, apart from building up a road, had not changed at all, which made him somewhat sad in his heart.

“What’s wrong?”

Song Nuan not only asked when he saw this.

“Nothing!”

Lin Ran smiled, still driving to the entrance of his house.

The people in the village, many of them were eating at five o’clock in the afternoon, they all liked to sit at the entrance to eat and chat, at this time, seeing a car coming in, not only were they all curious and gathered around.

You should know that the whole Lin Jiawan has no car, only the village chief’s family has a motorbike, or for his convenience to go to meetings, the city gave him a second-hand motorbike.

And now, Lin Ran directly drove a small car back, not only made the crowd all a little eye-opening.

“Ranzi, what kind of car are you driving, it looks quite nice!”

Aunt Li, a villager, asked.

Lin Ran parked the car and came down to laugh.

“Auntie Li, this is a Porsche!”

“What’s a Porsche? Can you eat it?”

Some other villagers next to him asked.

“It doesn’t look like much to me, I went to the city earlier in the year to visit relatives and saw other cars that looked better than this one, with three horns on them!”

Uncle Liu, a villager, laughed.

“Come on dad, you don’t know anything! Look, that’s a Mitsubishi, this is a Porsche, it’s over a million!”

Uncle Liu’s son, who was in high school in the town, couldn’t stand it.

“What? More than a million? I’m tired of being a good boy, your father only earns 20,000 yuan a year, and you’ve spent it all on school, and they have over a million dollars for a car!”

At once, the news of Lin Ran’s more than one million dollars for a car spread in the village, the villagers pristine except envy or envy.

Lin Ran was helpless, and after chatting with the crowd for a while, he took Song Nuan back home first, while Dalong followed suit.

“Grandma!”

When he opened the door to the house, Lin Ran immediately saw his grandmother who was busy in the yard. Seeing that she was still making a fire to cook, Lin Ran hurriedly went forward to give her a hand.

“Didn’t you buy an induction cooker, why are you still building a fire!”

Lin Ran said worriedly.

“I’m not used to using it, it’s still the old way!”

Grandma laughed, seeing Song Nuan again, her heart couldn’t be happier.

“Grandma! This is what we brought for you!”

Song Nuan smiled and brought all the gifts over.

The grandmother’s heart warmed at the sight, and she couldn’t help but have a little red in her eyes.

“Kid! You should hurry up, when will you let grandma let me hold my grandson!”

While Song Nuan went to put things away, the grandmother urged in a low voice.

“Grandma, there’s no hurry!”

Lin Ran smiled awkwardly, then let Grandma go and rest while he and Dalong busied themselves with cooking.

“Tell me, what’s going on?”

Lin Ran asked as he cooked.

Dalong sighed and said.

“I stopped working with him after you left last time, but he’s a small-minded person who doesn’t want to let me go, so he finds me in trouble every now and then!”

“So what do you do now?”

Lin Ran asked.

“What else can I do, I help the villagers deliver herbs, one thousand six hundred a month, the village chief arranged it for me!”

Dalong said with a bitter smile.

He hadn’t gone to school, and had only been out for a few years with some experience, so when the village chief saw that he really wanted to change his ways, he found him a job delivering herbs.

“Hm! Not bad!”

Lin Ran nodded his head.

“Not bad? One thousand sixteen light white wealth is going to go for a thousand!”

Big Dragon was full of helplessness.

“I mean, the return of the prodigal son is not bad!”

Lin Ran laughed, while sticking the pot up, handing a cigarette to Big Dragon and lighting one himself, laughing.

“You’ve seen the world outside, haven’t you ever thought you could help improve the current situation in the village?”

“Improve the current situation in the village?”

Da Long was stunned at the sound of this and laughed.

“You’re kidding, it’s all up to the village chief, what can I do as a hobo!”

“Big Dragon! You’re wrong!”

Lin Ran suddenly became solemn.

“Not many people in the village have gone out, they don’t know how many business opportunities there are out there, but you’ve been out there, and now that the roads are open, in the future all the other kids will have the chance to go out and see the outside world!”

“But we can’t forget the village, we must build it up to be worthy of the place that gave birth to us!”

When he said this, Lin Ran's eyes became firm as he looked at Da Long.

"This time when I come back, I will stay for a while, and I will also find a way to make the village grow, I will go and talk to the village chief and let you follow me!"

"Really?"

Da Long was overjoyed.

"Really, you've really changed a lot this time!"

Lin Ran smiled and nodded his head.

As the partner he grew up with, Lin Ran was really proud of Dalong for turning back, and it wasn't in vain that he had spared Dalong that one time in the first place.

"Ranzi, when you put it like that I think it's particularly good timing for you to come back!"

Big Dragon suddenly laughed.

"Why do you say that?"

Lin Ran was puzzled.

However, just as his words fell, the village's loudspeaker blared.

"Hey! Hey! That I say one thing, tonight the representatives of each household came over to vote ah, tomorrow the election results will be announced, and one last thing, the village head Lin Ran is back, those who want to see a doctor hurry up, the opportunity is too good to miss! Especially for those big daughters-in-law and little widows with stubborn gynaecological problems, hurry up, the little miracle doctor is not at home every day!"

"Pfft."

The tea that Lin Ran had just drank into his mouth spurted out.

Song Nuan also walked out of the house and looked at Lin Ran, covering her mouth and laughing.

"I didn't expect that you would be so popular with the little widows and big daughters-in-law in the village!"

"Don't talk nonsense, it's my medical skills that are popular with everyone!"

Lin Ran said helplessly.

"Is Lin Ran home?"

As soon as Lin Ran's words fell, a woman's voice rang out at the door, and it wasn't none other than Yingzi.

"Yingzi!"

Lin Ran laughed.

"Brother Lin Ran you're back!"

Said Yingzi, and she ran over, followed by Shi.

But before the two of them could get together, another group of people poured in behind them, led by none other than Widow Liu.

“What are you doing, Auntie Liu?”

“I’m seeing a doctor! Gynecological disease!”

“And me!”

“And me too!”

A large group of older daughters-in-law and younger widows all flocked over behind them.

Lin Ran was so confused that she blushed and was busy laughing.

“That my grandmother is at home, you guys look for her, gynaecology doesn’t look right to me!”

“There’s nothing inappropriate, I’m a widow who’s still afraid of people gossiping! I’ll let you see it!”

With that, Widow Liu pulled Lin Ran up and headed inside.

“Hey! I’ve really been wronged!”

Lin Ran looked at Song Nuan, but at that moment, Song Nuan was covering her stomach and couldn’t laugh anymore.

After an hour of seeing the doctor, when Lin Ran came out, Song Nuan and the others had even finished their meal.

Lin Ran had no choice but to eat some leftover food, and then after settling down Song Nuan, he went with Dalong to find the village chief.

The village chief’s house was just inside the village, and when Lin Ran and the two of them arrived, they coincided with the village chief preparing to go out for a walk, so the three of them went around the village together.

“Ranzi, how many days are you going to stay back this time?”

The village headman asked with a smile, at his age he looked quite old and a bit more tired!

“Will stay for a while!”

Lin Ran laughed, and then went straight to the point.

“Village Chief, you asked Dalong to deliver herbs to the villagers, and Bai Cai of Bai Gou Village has been looking for trouble, do you know about this?”
