

Wonder Doctor

Chapter 901

Everyone gradually dispersed, and Lin Ran Song Nuan as well as Da Long were ready to go back, but just then.

Instead, the three of them saw a figure from a great distance, who was taking advantage of the night to seemingly prepare to go to the back of the mountain.

“Old Yu?”

The three of them walked up and were stunned to find that it was actually Old Yu.

“What? Can’t go up the mountain!”

Old Yu looked at the three men with an embarrassed face.

“No, what are you doing up on the mountain now?”

Lin Ran wondered.

Song Nuan and Dalong were also bewildered, wondering what this guy was up to again.

“Nonsense, what else can I do up in the mountains! To make money!”

Old Yu said without a good mood, while glaring at Lin Ran and scolding him.

“I’ll say this up front, you’re the one who said you’d take herbs as long as they were available, and that anyone could!”

Looking at Old Yu, who was afraid that Lin Ran wouldn’t accept it, both Song Nuan and Dalong couldn’t help but laugh.

“Take it! Take whatever you collect yourself!”

Lin Ran laughed, and then went back home with Song Nuan and Dalong.

After tonight’s events, the villagers’ motivation had clearly increased, especially the next day when almost the entire village was out in force.

In the past, in the village, it was all about the old people with their children talking about the sky and the sun.

But now, almost no one was seen in the village during the day, and all of them ran up to the mountains to pick herbs. They all knew that picking herbs could make money, and the key was that the work could be done by the elderly and children, so who would have trouble with money.

Looking at the villagers’ enthusiasm, Lin Ran and Song Nuan were also very pleased, even Dalong sometimes went to the mountains to pick herbs, after all, he was the only one, how could he live without making some money?

For the next three days, Lin Ran and Song Nuan ran to the mountain, reminding everyone not to damage the roots when picking herbs, and also researching the situation in the back of the mountain, so that they could plan for future development.

On the third day, as promised, the herb market truck arrived, and after three days of accumulation, the herbs in Lin Ran's hands had already exceeded the first batch of deliveries as previously agreed.

Cao Delei also made it a point to explain to the driver that this time, no matter how many herbs Lin Ran had in his hands, he wanted them all, so it could be said that he had bought up the entire stock in Lin Ran's hands at once.

When the villagers saw that the herbs they had worked so hard to collect were selling so well, they were naturally even more motivated. Some of the labourers who had come back to visit their relatives and were working outside the home also took a few more days off to pick herbs at home.

Are you kidding? The most you can earn is 200 yuan a day, but for those who are rich in labor, they can earn nearly a thousand yuan a day, so it goes without saying where the money is.

"I've done some calculations, according to your plan, six months of herb picking period, the villagers can earn more than 100,000 yuan per capita, this per capita income is a direct ten times ah!"

Watching the truck leave, Song Nuan couldn't help but exclaim in admiration.

"Yes, but unfortunately it's only six months, so the herbs are only temporary, we have to think of a more long-term path of development."

Lin Ran laughed.

"What are you going to do then?"

Song Nuan asked busily.

Lin Ran, however, smiled and said.

"We can't rush for now, we have to take things one step at a time, there are still five or six months of herbs that the villagers can collect, so we still have plenty of time, the next step is up to you!"

"Look at me? What do you want to see?"

Song Nuan's pretty face flushed, not quite understanding Lin Ran's meaning.

"Naturally it's to see what you can do, otherwise what else can we see, you won't be given a chance to see the rest!"

Lin Ran laughed.

"You! Stinking rascal!"

Song Nuan's pretty face turned even redder.

"Be serious, what exactly do we do next?"

Song Nuan asked seriously.

“Wait for a few days, you go to a meeting in the town and find out about the new rural construction, when the villagers have some money in their hands, I’ll be ready to put the house modification on the agenda!”

Lin Ran said.

Song Nuan smiled but frowned.

“I’m afraid this matter is not easy to implement, most of the villagers only have one house, if they renovate it they won’t have a place to live!”

“That’s why I said we should plan slowly, this matter will have to be combined with the construction of the new countryside later, and then go and find a construction company to talk about it in detail!”

Lin Ran said.

The two of them were methodically working on the construction of the village, while at the same time, in Baigou Village, Boss Bai was not idle either.

“Boss, we’ve found out clearly that the village chief of Linjiawan is not Lin Ran, but the woman who came back with him, who seems to be named Song Nuan!”

Inside the smoke-filled office, a young villager said respectfully.

“What are they doing these days? How come there are big trucks going in every three days?”

Boss Bai asked, the feud between Bai Cai and Lin Ran had not yet been settled, so he naturally kept an eye on Lin Ran’s movements at all times.

“It seems that they are selling herbs!”

The youth said.

“Selling herbs?”

He had known that Lin Jiawan sold herbs before, but it was only a small business, the villagers went up to the mountains to pick some and occasionally went to the town to sell them, but how much money could they sell?

“Boss, it seems that they are doing quite a big business in herbal medicine, should we in Bai Gou Village have a hand in it?”

The youth asked.

“It’s just a raggedy herb business, I don’t see it yet!”

Boss Bai was full of disdain, but he still asked.

“How big is the business?”

“It seems to be a contract for tens of millions of dollars!”

The youth said busily.

“A contract of tens of millions of dollars? How is that possible!”

Bai Lao’s face sank, tens of millions to him that was definitely big money.

“A friend of mine works at the herb market, I asked him about it, he said that Lin Jia Wan is working with a factory in town to provide herbs, it’s very profitable!”

“Right, right! I went to Linjiawan these days and saw that the village was deserted during the day, they all ran off to the mountains to pick herbs!”

Another youth next to him said.

“Boss, that’s a contract of tens of millions of dollars, don’t we have a hand in it?”

The youth who reported was busy saying.

“Right dad, how can we let Lin Jiawan take such a large amount of money for himself, we’ll go up the mountain to pick medicine too!”

Next to him, Bai Cai heard what he said and also said, tens of millions of dollars really made him a bit red-eyed.

“Picking medicine? You’re going to do that?”

Boss Bai glared at him, immediately scaring Bai Cai into not daring to talk any more nonsense.

Bai Gou Village was relatively rich, and there was even a paper products processing factory near the village, and many people in the village worked in the factory. With such a stable job, who would want to run up the mountain to pick medicine and work themselves to death.

“Moreover, this Linjiawan is just halfway up the mountain, and our Bai Gou village is still some distance away from the back of the mountain, I’m afraid we also go to the herbs, which is not reasonable, the most important thing is that we have no marketing!”

Boss Bai frowned in contemplation.

“But father, we can’t just watch Linjiawan overtake our village, right?”

Bai Cai said busily.

“Shut up! Laozi doesn’t know!”

Boss Bai glared at him and followed, falling into deep thought, only after a moment did he snapped open his eyes, a few icy chills in his eyes.

“Since we can’t share this piece of cake, let’s destroy it. If the open way doesn’t work, we’ll come to the dark way and use underhanded tricks for him! What we can’t earn in Bai Gou Village, he can’t earn in Lin Jia Wan!”

With that, Boss Bai greeted a few youths and ordered something in a low voice.

Chapter 902

Peaceful days always pass quickly, a full half month after returning to the village.

Song Nuan and Lin Ran were planning the layout of the villagers' houses on the roof of the house, while at that moment, the former's mobile phone was ringing.

"My father!"

Song Nuan whispered, and then whirled around and picked up the phone.

"Xiao Nuan, I heard that you ran away to Lin Jiawan to become the village head?"

Song Yujiang's surprised voice came over the phone.

"Yes, I didn't have time to tell you about it!"

Song Nuan laughed.

"It's alright, finding something you like is most important, but you also have to understand one thing!"

Song Yujiang's tone suddenly turned serious.

"The fact that you were born into this family predestines you to be different from ordinary people, so if you really want to do well as the village head, you have to put in more effort than others and let everyone recognise your abilities, rather than talking up that you are my daughter!"

"Father, I understand! I have never mentioned your name!"

Song Nuan said solemnly.

"Mm! It's best if you can understand, since you've chosen to do well, father believes you have the ability!"

Song Yujiang said gratefully.

Song Nuan actually understood the meaning of Song Yujiang's words, although it appeared to be a bit too much of a concern, but in reality, it was a concern for her.

After all, this is Song Nuan's first real career after graduation, and I'm afraid it would be a bit unacceptable for Song Nuan if she still ended up with this halo under her father's care.

But again, Song Yujiang is a very good role model, if as a female Song Nuan did not do this job well, I am afraid that will also be crowned as a tiger father and dog daughter, so no matter what Song Nuan must do a good job as the village head.

"What uncle said is too serious, you don't have to stress!"

Lin Ran laughed.

"Don't worry, I won't!"

Song Nuan laughed, after these half months of fumbling around, she had actually vaguely liked the position of village chief, whenever she looked at the villagers finding themselves with expectant eyes, she could feel relieved.

"Ranzi, it's not good! Something's happened!"

The two were chatting when suddenly Dalong rushed in through the doorway, his face still taking up all this dirt and in a very sorry state.

“What’s wrong?”

Lin Ran asked as he saw this and jumped straight off the roof.

“Something happened on the mountain, Old Yu was beaten up!”

Dalong said busily.

“Beaten up?”

Lin Ran frowned at his words, the back of the mountain was basically all people from Lin Jia Wan, who would beat him up?

“It’s someone from Bai Gou Village, I’ve seen them before! The leader is one of Boss Bai’s men, named Ah Hui!”

Big Dragon said busily.

“Go! Go and take a look!”

Lin Ran frowned slightly and immediately ran out with Dalong.

Seeing this, Song Nuan also hurriedly descended from the roof and followed out.

.....

On the back of the hill, a group of villagers surrounded Ah Hui and the others, each with anger on their faces.

“What’s the matter? Is there no one left in Linjiawan? You’re the only ones looking for trouble, and you’re sending the old and the sick here? I’ll beat you up like ants!”

Ah Hui was full of disdain.

The three or four brothers beside him were also full of disdain, not giving a damn about the crowd.

It couldn’t be helped, there seemed to be a lot of people on Lin Jia Wan’s side, but most of them were old people and children, and they really didn’t have any advantage against their four or five young and strong men.

“Little brat, you came to our Linjiawan to beat people up, you really think that our Linjiawan is easy to bully!”

The second eldest stood at the front and said angrily.

He was the most senior among these people, so naturally he was the one to take the lead at this moment.

“Old thing, who are you calling little brat?”

Ah Hui’s face instantly sank at his words.

“Is it wrong to call you a brat? When I was in Lin Jia Wan, your mother hadn’t even gotten married yet!”

The Second Master was not good-natured, and he was furious in the face of these landlubbers.

“Old thing, if you say one more word, believe it or not, I’ll kill you!”

Ah Hui was instantly furious.

“What do you want, after beating me you still want to beat up the people of our village, this is Lin Jia Wan!”

Old Yu covered his face and said angrily.

“Dog, try shouting again? If I dare to hit you once, I dare to hit you a second time!”

Ah Hui said disdainfully.

At this moment the other villagers around could not bear to look at him and blamed him.

“Why is this boy so unreasonable!”

“That’s right, you’re so arrogant even after hitting someone!”

“This is Lin Jia Wan!”

“Apologise!”

The Second Master looked at Ah Hui and said angrily.

“What did you say?”

Ah Hui smiled at his words and looked at the Second Master with a cold smile on his face.

“I told you to apologise!”

Second Master said in an angry voice.

“I pooh!”

Ah Hui spat directly and looked at the Second Master and said coldly.

“I won’t apologize today, what can you do to me?”

Looking at Ah Hui’s unreasonable attitude, the second grand master became furious and raised his hand and slapped Ah Hui directly on the face.

No one expected Master Er to do it just like that, and even the other villagers did not react.

Even more so, Ah Hui did not expect that an old man, who was over 60 years old, would dare to hit him.

And when he reacted at that moment, Ah Hui’s face instantly went icy cold, and he looked at the second grand master angrily and cursed.

“You fucking old thing, you dare to hit old me! I’ll kill you if I don’t!”

With that, Ah Hui raised his hand and slapped towards the Second Master.

Master Er was too old, he was over 60 years old, so naturally his slap was no match for Ah Hui's.

If this slap had hit him, I am afraid that he would have fallen to the ground in an instant.

Seeing this scene, the villagers could not help but cover their eyes, not daring to look, fearing that the result would be too much for them to accept.

Yet the second grand master was looking at Ah Hui with unblinking eyes, breaking with a backbone of a man who could be killed but not humiliated.

“Stop!”

Suddenly, just as the string in the crowd's heart was about to break, a rebuke sounded out, followed by a “whoosh” sound, and a black shadow directly hit Ah Hui's palm.

The palm, which had been raised high, was immediately knocked backwards, and Fai's whole body was carried to the ground on all fours.

“Who! Who the fuck is it!”

Ah Hui endured the sharp pain in his hand and hurriedly got up and cursed angrily.

Soon he saw that at the back of the crowd, Big Dragon was walking with a youth whom he also knew, none other than Lin Ran from Lin Jia Wan.

“Fine! Lin Ran, I was afraid that you wouldn't dare to come!”

Ah Hui laughed at once.

“What? Are you deliberately waiting for me?”

Lin Ran said indifferently.

“Waiting for you? What kind of a thing are you!”

Ah Hui was full of disdain.

“I don't know what kind of thing I am, but you're certainly not something, raising your hand to hit an old man.”

Lin Ran laughed.

“You! Sharp-tongued!”

Ah Hui's face was icy cold as he looked at Lin Ran in a deadly cold voice.

“Since you're here, then let's break up this matter today!”

Ah Hui said, directly pulling out an iron rod at his waist and sticking it into the ground.

“You just threw a stone at me, right? Now I'll give you two ways, either kneel down and call out to your grandfather, or I'll break your leg, your choice!”

“You!”

The Second Master was furious at his words.

“Shut up old thing, we’ll count your slap later!”

Ah Hui directly interrupted the Second Grand Master’s words in an angry voice.

Lin Ran, however, laughed at this.

“Like to count it piece by piece? Then fine, let’s count them one by one!”

Saying that, Lin Ran gently rolled up his sleeves and laughed.

“First piece, let’s do the math, I’ll throw a stone at you, and you threaten me about it! I won’t choose either of your two options!”

Chapter 903

“None of you will choose? That’s fine, I’ll take off one of your legs right now!”

Ah Hui said with a chilling look in his eyes, rushing towards Lin Ran and lunging at him.

He hadn’t been paying attention earlier and had been smashed to the ground by a stone from Lin Ran, in his opinion this kid was just sneaking in, if he had been prepared he definitely wouldn’t have been in such a mess.

“Be careful, Ranzi!”

“Lin Ran!”

“Brother Lin Ran!”

Seeing this scene in front of him? At once all the villagers couldn’t help but worry.

Ah Hui was quite famous in Bai Gou Village, and was a well-known henchman under Boss Bai, so at this moment, when they saw him charging towards Lin Ran, they all couldn’t help but be very worried.

“Lin Ran!”

Just then, Song Nuan also arrived, and she was equally very worried when she saw the scene in front of her.

“Is this the beautiful village chief of your village? Not bad looking, huh!”

Seeing Song Nuan, Ah Hui, however, stopped his own hand, and he looked at the former with greed in his eyes.

“I say, if you don’t want to be beaten up, you can lend me your village head for two days and I’ll pretend this never happened!”

Ah Hui laughed.

Lin Ran smiled but his eyes were cold and he took the initiative to rush towards Ah Hui.

“You’re still getting mad! When I kill you, I’ll take your woman away!”

Ah Hui laughed coldly, while also lunging towards Lin Ran.

“Ka-chow!”

A crisp sound rang out, and at that moment everyone covered their faces and didn't dare to look, except Song Nuan who looked straight ahead, she knew that Lin Ran would be fine, she was worried that Lin Ran would hit too hard and that the other party would not be fine.

“Ah!”

A miserable scream rang out violently, at the side Ah Hui's men were ready to clap and shout, but when they saw that the one who let out the miserable scream was actually their boss, they couldn't help but freeze in place one by one, somewhat dumbfounded.

“This How is this possible!”

“Brother Hui actually”

The villagers looked one after another at the sound of the words, and when empty saw the scene in front of them, they all couldn't help the excitement in their hearts and shouted out.

“Lin Ran is good!”

“Lin Ran is awesome!”

“It's really not bad for our Lin Jiawan!”

“Bastard!”

Brother Hui got up from the ground with difficulty, by now one of his arms was playing all immobile, drooping as if it was broken.

“This is the first account, let's settle the second one next!”

Lin Ran laughed, then looked at the second grand master next to him and laughed.

“Second Grand Master, he didn't do anything to you just now, did he!”

The Second Grand Master shook his head at his words, but then seemed to think of something and said busily.

“No, I'm glad you came in time, but I'm a very old man, he almost did it just now, and I'm still feeling a bit dizzy from the scare!”

“Old man, don't slander people, I didn't even touch you!”

Ah Hui became even more furious when he saw this, the Second Master was obviously blackmailing him.

“Young man, how old is the Second Master? I'm lucky I didn't fall to the ground in fear when you raised your hand to hit me! I'm dizzy and you're not happy about it!”

Second Grand Master said with a helpless look on his face.

Looking at this expression on Second Master's face, Ah Hui was simply angry and furious, how could he not have expected that even an old man in Lin Jia Wan would be so good at getting into trouble.

"You heard it all, almost scared our Second Grand Master out of his wits, this debt also needs to be settled!"

Lin Ran looked at Ah Hui and laughed.

"What do you want!"

Ah Hui was so angry that he was gnashing his teeth, before he dared to call Lin Ran's bluff, but just now he had his arm removed by Lin Ran in one move, now how could he dare to fight with Lin Ran.

"It's very simple, either pay for it or take your arm back, choose one!"

Lin Ran laughed.

"Pay for it? How How much money?"

Ah Hui's face was ugly, but he had no choice, did he really have to play with Lin Ran?

"Not much, fifty thousand!"

Lin Ran laughed.

"Fifty thousand? You're fucking robbing me, not to mention that I didn't hit it, even if I did, I wouldn't need 50,000!"

Ah Hui simply wanted to flay Lin Ran alive, this was simply robbing while the fire was still hot.

"O? Do you think it's unreasonable?"

But Lin Ran laughed.

"Do you know how much he fucking pays a day? I've wasted almost an hour with so many villagers accompanying a few of you bastards here, do you know how much money they've been delayed from earning? Fifty thousand is too much, isn't it? Now it's gone up! One hundred thousand!"

"Take your pick!"

Lin Ran said indifferently, not putting Ah Hui in his sights at all.

"You just don't want me to leave, in that case, I'll fight with you!"

As soon as Ah Hui became ruthless, he immediately led his men towards Lin Ran.

"I have three or four other brothers with me, I dare not say I can definitely beat you, but I can at least fight to a draw!"

Ah Hui thought in his mind.

But as soon as this thought appeared, one of his men who was rushing in front of him suddenly flew out backwards.

They clearly saw that just now Lin Ran had only kicked him once, but it was this kick that had already ruined one of his men.

“Brother Hui!”

The three remaining men were all a little scared.

“What are you afraid of, we have Boss Bai to back us up, go!”

Ah Hui was furious and scolded.

Hearing Boss Bai, at once the group of men regained their morale and pounced towards Lin Ran once again.

However the result was not the least bit surprising.

“Bang Bang.”

With two kicks, the two famous hands flew straight backwards, while the remaining henchman, seeing this, immediately fainted on the ground in fear himself, and Hui, who was still dominant, suddenly became a bare-bones commander.

“Lin Lin Ran, I I’m one of Boss Bai’s men, you can’t touch me!”

At this point, Ah Hui finally wilted and understood that he was definitely no match for Lin Ran.

“The account hasn’t been settled yet, you’re sure you don’t want to pay, right?”

Lin Ran asked indifferently, while slowly stepping forward.

“You! One hundred thousand yuan, you’re robbing!”

Ah Hui was so anxious that he was about to cry, he had only saved 100,000 yuan after following Boss Bai for so many years, that was what he was going to use to get married, if he gave it all to Lin Ran at this moment, how would he live the rest of his life.

“Mmm! Quite good!”

Lin Ran smiled lightly, and with an arrow step, he stepped forward and removed Ah Hui’s other arm with a “click”.

“Ah! Lin Ran, I’m one of Boss Bai’s men, you really dare to touch me!”

Ah Hui’s face turned blue with pain and he was close to shouting his mother.

“One of Boss Bai’s men? Where’s he himself?”

Lin Ran laughed.

“Aren’t you still someone else’s lapdog, you don’t get to eat and drink, it’s all your business to take the blame and get beaten up!”

“You!”

Ah Hui was sweating profusely from the pain, and his body couldn’t stop trembling.

“Alright, the last account!”

Lin Ran smiled and waved his hand, pulling Old Yu over.

“This injury on his face, as usual, it’s either fifty thousand dollars or a leg! You choose!”

“You!”

Ah Hui was so angry this time that he almost lost his breath, after calculating so half a day, he had lost both of his arms and actually had an account.

“Lin Lin Ran, you have the ability to talk to our village chief, what kind of ability is it to bully a runner like me here!”

Ah Hui shouted.

Lin Ran, however, smiled blandly and said.

“Sooner or later you will go, now I’ll give you three seconds, you can choose!”

Saying this Lin Ran poked out three heeled fingers and began to count down.

Watching the fingers diminish one by one, Ah Hui was completely flustered and spoke with his mouth full.

“Give! I’ll give!”

“Transfer the money!”

Lin Ran said and took out his mobile phone.

Ah Hui was so angry that he was about to explode, but he had no choice but to honestly transfer the money.

“Now can we go!”

Ah Hui said angrily as he got up.

Chapter 904

“Leave? That won’t work, this will soon be over once the money is transferred, but you did beat someone up after all, so take a beating before you leave!”

Said Lin Ran as he looked at Old Yu who was on the side and laughed.

“How did he beat you up, go and fight back!”

“Huh?”

When he heard Lin Ran’s words, Old Yu froze, he was usually good at eating and lazy and had little guts, he dared to fight against Lin Ran before, purely because we were all from the same village, which was commonly known as a nest.

At this time, let him teach Ah Hui a lesson, how could he have the guts to do so.

“Lin Lin Ran, let’s just forget about this, and lose the money, it’s actually okay!”

Old Yu stammered.

Ah Hui was relieved to hear that the person in question had said it was okay, so I’m afraid this would be the end of the matter.

“No!”

But no one expected that Lin Ran would reject it outright.

“Although our village is small, the people of Lin Jia Wan must be united, otherwise how else can we gain a foothold in this area? If everyone could come and bully the villagers of Linjiawan, there would be no need to live this life!”

Lin Ran sneered.

“But”

Old Yu still wanted to say something else, but Lin Ran directly interrupted him.

“There is nothing but, go and fight back how you were beaten, tell others that the people of our Linjiawan are not to be messed with, and there is not a single coward among the men of our Linjiawan!”

Hearing Lin Ran’s words, Old Yu was instantly ignited, and immediately shouted.

“Right! We men of Lin Jia Wan, there are no cowards!”

With that, he turned his head and slapped Ah Hui directly on the face.

Five bright red fingerprints appeared on the latter’s face, and he looked at Old Yu with anger in his eyes, and if Lin Ran wasn’t here at the moment, I’m afraid he would have eaten someone.

“What are you looking at? If you’re not convinced, find Lin Ran!”

Old Yu chided, and at the same time, he pushed behind Lin Ran.

“Good! Good! Lin Ran, I’ll settle this score! Let’s not change our green shirts to green water”

Ah Hui was so angry that he gritted his teeth, and before he could finish his words, a voice suddenly but interrupted him.

“Green water still flows now, you Lin Jiawan is not a good bully, we Bai Gou village is a soft persimmon? Does our Baigou village look like a good bully or what?”

Hearing the voice, a group of villagers turned around and saw that it was the village chief of Bai Gou Village, Boss Bai, his son Bai Cai, and a dozen of his men.

At this moment, so many people were gathered together, but the strength of the two villages was very obvious.

The two villages are very obvious in terms of their strength. Boss Bai is all young and strong young men, while on the Linjiawan side, apart from Lin Ran and Dalong, I’m afraid there’s only an old Yu left.

“Village Chief Bai, long time no see!”

Seeing Boss Bai, Lin Ran instantly smiled.

“What? This precious son of yours is alright? Looks like he was fine even after falling into the river that day!”

“You!”

Bai Cai was so angry at his words that his old face turned red.

For his part, Boss Bai’s face was icy cold as he didn’t bother with Lin Ran and turned his head to look at Song Nuan.

“You’re the village chief, aren’t you!”

“It’s me!”

Song Nuan frowned slightly and stepped forward.

“Your villagers have injured my people, tell me how you are going to settle this!”

Boss Bai said in a cold voice, not looking at Song Nuan at all.

“Not much of a solution! It was your villagers who came to our village to spill the beans, and they deserved to be beaten up!”

Song Nuan said in a cold voice.

“O? This back mountain is also your Lin Jiawan’s territory?”

Bai Lao Da laughed.

“Don’t talk nonsense, I’ve beaten the man, what do you want? If you’re not convinced, just bring someone to try!”

Lin Ran sneered from the side, he still didn’t understand what was on Boss Bai’s mind, this was clearly prepared to cause trouble.

“Kid! Do you really think I wouldn’t dare?”

Boss Bai’s face was ugly and his hands were clenched into fists, obviously holding his anger.

“You dare? You wouldn’t dare!”

Song Nuan, however, laughed.

“According to the regulations, serving cadres, especially village cadres, who are involved in fights and brawls causing bad influence will be removed from their positions in one strand.

“I’m desperate, isn’t he desperate”

Before the white boss had finished speaking, he had already gap to where something was wrong.

His eyes narrowed slightly as he glanced at Lin Ran and then at Song Nuan and sneered.

“Great! What a tactic, the village head is you, the one fighting is him, neither of you are responsible right!”

“You’re not stupid!”

To the side, Lin Ran laughed.

Boss Bai snorted coldly and said.

“Lin Ran, don’t get too cocky, do you really think I can’t fix you?”

“Then why don’t you come?”

Lin Ran laughed, a Boss Bai he didn’t even put in his eyes.

“Chief Bai, we are supposed to be neighbouring villages, we should help each other, but isn’t this too much, is it appropriate for you to let someone come and cause trouble at the back of our Lin Jiawan?”

Song Nuan said in a cold voice.

After she had just arrived, she had already understood the reason for the incident, it was because Ah Hui and the others were about to set fire on the mountain, and Old Yu had bumped into them, which had caused the conflict.

And setting a fire on the mountain was undoubtedly cutting off Lin Jia Wan’s wealth, which was a huge grudge.

“How do I know what they are doing here? Does it mean that as long as it’s our village, the blame is on me?”

Boss Bai had said in a cold voice.

“Don’t you have any points in your heart whether you sent them or not?”

Lin Ran said indifferently, his attitude freezing as he mentioned this.

“Boss Bai, I’m telling you, I’ll play with you all you want, but if you play with the back mountain of Lin Jia Wan, I’ll play with you to death!”

This time when he came back, Lin Ran was determined to lead the villagers to get rich, if the back mountain was burned by a fire, it would be strange for him not to be furious, that’s why he was so angry at this moment.

“Good! Good! You are really not afraid of a tiger!”

Boss Bai laughed coldly, ice cold in his eyes, and suddenly he thought of something and laughed coldly.

“Since that’s the case, then let’s play a game first!”

With that he turned his head to look at Song Nuan.

“Mayor Song, you just took office there are some things you don’t understand, according to the custom in previous years, every year in May and at the end of the year, we have a village basketball game between Baigou Village and Lin Jiawan!”

“Before, you Linjiawan had no one, so you always took the initiative to surrender, I see that your village is quite tough this time, do you dare to take this basketball game?”

“A basketball game?”

Song Nuan frowned slightly at his words and looked at Lin Ran next to him, who nodded his head that it was indeed true.

“How is the basketball game?”

Song Nuan asked with a frown.

“Three against three, five against five your choice! I’m afraid you guys won’t dare to take it!”

Boss Bai sneered.

Song Nuan frowned at this, where she didn’t know what Boss Bai was up to.

On the surface he couldn’t encourage the village people to fight, but if it came to the basketball court, it would be reasonable for any injuries to occur then.

But against Lin Ran, could they really get the upper hand?

“That’s three against three, time!”

Song Nuan laughed.

“Tomorrow!”

Boss White laughed too.

“Good! We’ll take it at Lin Jia Wan, but the venue has to be at our Lin Jia Wan!”

Song Nuan laughed.

“No problem!”

Boss Bai also laughed.

“In that case, then we’ll take our leave, I hope you won’t deny it tomorrow!”

With that, Boss Bai waved his hand, turned around with the crowd and left.

Chapter 905

“Ranzi, why did you return the promise?”

As soon as Boss Bai had left with his men, the old village headman ran over with a worried face, very anxious.

“What’s wrong?”

Lin Ran was a little puzzled at this, it was just a basketball game, why was he so nervous?

“Can’t you see? It’s said to be a basketball game, but it’s actually aimed at you, when we get to the court, he can make a move on you in name only!”

The old village chief said busily.

“I know this!”

Lin Ran laughed lightly.

“Know? Knowing that you still took it?”

The old village chief was instantly anxious.

“Old Village Chief, don’t worry, since I dare to let Xiao Nuan take this basketball game, I naturally have a way to deal with it, besides, our village hasn’t had any fun for so many years, so let everyone take the opportunity to have a good time!”

Lin Ran laughed.

“Yes old village chief, what Lin Ran said also makes sense, besides Lin Ran’s body is so good, a basketball game is just a basketball game, that boss Bai should not make any waves!

Song Nuan walked over and laughed.

“Can’t make waves? You guys are underestimating him too much!”

The old village chief said with a tight frown.

“Some years ago the town would hold a basketball tournament every year, back then only we in Linjiawan didn’t participate because we couldn’t get a team together, but these years Bai Gou Village doesn’t participate either, do you know why?”

“Why?”

The two men were puzzled.

“That’s because, their Bai Gou village was banned from the tournament!”

The old village chief pounded his chest.

“Two years ago, when their village went out to play basketball, their opponents were either crippled or seriously injured, that’s why the town decided to disqualify Bai Gou Village from the tournament... They were playing too tough, and we had no one at all! How can you fight this!”

“So fierce?”

Not only was Lin Ran not worried at his words, he was laughing instead.

“Can you do it?”

Song Nuan looked at Lin Ran, vaguely worried.

“Don’t worry, it’s a piece of cake to deal with them!”

Lin Ran laughed, this attitude not even taking it to heart at all.

“Then who are you going to have with you?”

Song Nuan asked busily.

She had promised to fight three to three, so naturally their Lin family village would have to put up three people as well.

“Just Big Dragon and Old Yu!”

Lin Ran laughed.

“Me?”

Dalong was stunned and wanted to refuse, but when he saw Lin Ran looking over, he still didn't have the heart to do so.

“Fine! Count me in!”

Big Dragon gritted his teeth and said.

Old Yu, on the other hand, was on the verge of tears.

“Lin Ran, don't make fun of me, Old Yu, I've never even touched a ball, and you're asking me to play in a basketball game?”

“I might as well pick more herbs and sell them for money!”

Old Yu hurriedly waved his hand.

Lin Ran saw this and raised his phone and laughed.

“It's fine if you don't play, then I'm not giving you the 50,000 yuan medical fee that Ah Hui paid!”

“What? For me?”

Hearing Lin Ran's words, Old Yu instantly came to life.

“I was going to give it to you, but you said you”

“What did I say? I have to be in the basketball game tomorrow, I'm also a member of Lin Jia Wan, how can I back out!”

Lao Yu changed his tune at once.

“That's more like it, when the game is over tomorrow, go buy a phone and I'll transfer it to you!”

Lin Ran laughed.

“Good! Good!”

Old Yu was so excited he was on the verge of tears, that was fifty thousand yuan, for people from Lin Jia Wan, this was more than enough money to renovate the house all over again, so much money Old Yu had never seen before in his life.

“Old Yu, this doesn't bother you anymore about the mobile phone money?”

A villager next to him immediately laughed.

“When the 50,000 yuan arrives, I’ll be the village tycoon and let you all marry your daughters to me!”

Old Yu said proudly.

“Just you, even if you add 50,000 to the price, you won’t get it!”

The villagers laughed and for a while the atmosphere eased up again.

The basketball tournament was tomorrow, so the villagers spent the afternoon working in the hills again.

After these days of busy work, the villagers have more or less some money in their hands, and this heart is also a bit more solid, and the usually dull and uninteresting Linjiawan is gradually becoming full of laughter.

.....

The next morning, there was no more talk.

The next morning, Linjiawan was buzzing with activity because today was the basketball match between Linjiawan and Baigou Village.

Although those in the know know that this is in fact a deliberate attempt by Boss Bai to teach Lin a lesson, those who don’t think it’s just an ordinary basketball game.

And it was just a basketball game, but it made everyone in Linjiawan very happy, after all, the village hadn’t had such a big event for years.

“I say, this is your village’s field? Is it a joke?”

Standing on the playground of Linjiawan Primary School, referee He Guang almost didn’t faint.

I’m afraid the whole playground was inadequate except for its size, and even the white lines of the field were temporarily drawn on last night, and they were crooked.

And the basketball frame, not to mention the basketball frame, was merely two wooden boards set up, and the baskets on it were all made by smashing the family’s iron pot low.

“I say, Mayor Song? You don’t have the conditions to go to our village, this whole thing is not too shabby ah!”

The boss of white again next to laugh, and white Cai is even with people laughing are almost broken.

It was a shame to have such a shabby venue for such a big basketball game.

However, Song Nuan was laughing like nobody’s business.

“What’s the matter, Chief Bai is afraid? If your village can’t even win on this kind of field, do you think it’s still necessary to go to your village and make you lose face again?”

“We can’t win?”

Boss Bai laughed completely this time, pointing at the three Lin Ran who were warming up in the distance and laughing.

“You don’t even look at what kind of people this is in your village that we would lose?”

With that, Boss Bai waved his hand, and three sturdy men immediately jumped out next to him, the leader of which was none other than Ah Hui.

A Hui and the two youths next to him, the three of them were sturdy and young, and they could fight and jump at a glance.

On the contrary, when looking at Lin Ran, these three men, Lin Ran, not to mention his thin body, looked a bit weak, while Lao Yu and Dalong were covered in fat, usually not visible, but at this time changed into basketball jerseys that is really obvious.

“Just you two flying pigs, a piglet still want to win us? You’ve taken the wrong medicine!”

Old man Bai laughed his head off.

“O? Looks like Village Chief Bai is very confident!”

Song Nuan didn’t care.

“It’s hard to not be confident with this line-up comparison!”

Old Master Bai laughed, while pointing ahead and saying.

“Village Chief Song, in previous years, we always had a lottery for this basketball tournament, with the winning side paying nearly 10,000, paid by the losing village, I see that you have just taken office, so why not make it 5,000 this year?”

“Ha ha! Five thousand, father, you’re looking down on the village head of Song, at least I have five thousand a month to spend on pocket money!”

Next to him, Bai Cai laughed even more, he was naturally very happy to see Lin Ran make a fool of himself today.

“Five thousand is too little!”

Song Nuan also laughed.

“Since it hasn’t been held for so many years, let’s add it all up, this year’s jackpot is one hundred thousand, the rules will be given by the losing party as usual, how about that?”

“What? One hundred thousand? Do you have that much money, Mayor Song, don’t pay in meat then, old man I can’t afford it!”

Old man Bai laughed out loud.

Song Nuan’s eyes narrowed slightly and he said in a cold voice.

“Just say whether you dare or not, why is it that Bai Gou Village doesn’t even have 100,000 yuan? Is it strong on the outside?”

“Good!”

Boss Bai saw this and slapped his thigh and laughed.

“A hundred thousand, then a hundred thousand, but let’s be clear, if you lose, then I can only make some people pay in flesh!”

Chapter 906

“Let’s talk about it after you win!”

Song Nuan glared at Boss Bai, not bothering to pay any attention to him, instead of fighting here, it would be better to just watch Bai Jia Gou being beaten to death.

“Gentlemen, our players are all ready, next I’ll introduce the judges this time!”

Soon, someone stepped forward and introduced them.

“Today’s referee is the town’s famous referee, Mr. He Guang He!”

He Guang was still very famous in the town, almost every basketball final was blown and punished by him, so his reputation was well known.

And today he was invited over by Boss Bai, obviously to show off his financial power and ability as well.

“Fame though,? Just don’t be one who wears the same trousers as Bai Gou Village!”

A villager next to him said.

“Don’t worry about that, so many people are watching, he can’t blow it off!”

Lin Ran laughed.

“That’s not necessarily true, people’s hearts are separated by their bellies, besides, this Mr. He Guang He’s belly is not generally thick!”

Da Long added next to him.

He immediately made everyone laugh, except for He Guang whose face was ugly and cloudy.

“In addition to the referee, the chief of Bai village has also hired two paramedics, the basketball doesn’t grow on you, if there is an injury later, these two paramedics can also help save the scene!”

“Kid! You’d better watch yourself later, or else you’ll be missing an arm or a leg before the ball is finished!”

Boss Bai looked at Lin Ran and sneered.

Lin Ran smiled lightly and returned.

“This is for you, Boss Bai, and let me remind you that I am a doctor, so if these two people you hired can’t see, they are welcome to see me at the same price!”

“Arrogant!”

Boss White snorted coldly.

“That’s arrogant, it’s not clear who will use it later!”

Lin Ran said in a cold voice, then stopped ignoring him and turned around to take Big Dragon and Old Yu into the field.

Soon after, Ah Hui also entered the court with his two companions, and the basketball game had reached the final hurdle of starting.

“To reflect the difference between home and away, and the three-on-three nature of the game, so we have the home team serving first!”

Referee He Guang said aloud, before tossing the ball to Lin Ran.

“Let the game begin!”

With the fall of He Guang’s whistle, the basketball match between Lin Jiawan and Bai Gou Village was immediately underway.

Lin Ran served the ball and sent it directly to Dalong, who did a double take and threw the ball to Lao Yu when he found someone in front of him.

At that moment, Ah Hui’s three men looked at each other, followed by all nodding gently, and then actually wrapped up together towards Lao Yu, the three of them actually completely ignored Lin Ran and Dalong.

“Pass the ball!”

Big Long saw this and was busy shouting, telling him to give the ball to Lin Ran.

But before Lao Yu could react, he was already surrounded by the trio.

This time no one on the outside could even see what was going on inside.

Old Yu was surrounded by the three men holding the ball, and there was a sudden scramble from inside.

“Shit! Who’s who!”

Suddenly, Lao Yu cursed, followed by the ball being grabbed by Ah Hui, who dribbled straight to the basket and scored.

And at that moment, Lin Ran and Da Long both ran over, and only then did they see that Lao Yu’s body was actually bruised and battered, and even had five clear finger marks on his face, which I’m afraid no one would believe if they didn’t get hit in the mouth.

“Ranzi, Da Long! The three of them beat me up!”

Old Yu was on the verge of tears. He had just been beaten up by Ah Hui yesterday, and although Lin Ran helped him out later, he had been beaten up again on the basketball court.

“I’ll go and talk to the referee!”

Lin Ran frowned and immediately walked towards the referee.

However at this point Ah Hui and the others had won the ball and had possession, and were not at all concerned with what Lin Ran and the others were doing, and kept pounding the basket, and in just a few moments they had scored three goals, making the score six to zero straight away.

“Referee, this you don’t even stop the game?”

Lin Ran was a little angered by the situation.

“Time out!”

The referee saw this and blew a timeout, while the people watching the game around them all looked over, they should indeed have taken a timeout earlier.

And as far as we can see, the referee did favour Bai Gou Village a bit, before three people surrounded one and there was a scramble, which was obviously going to blow a foul.

“What’s your business?”

The referee looked at Lin Ran, his gaze icy cold.

“What’s the matter? Just now the three of them surrounded Old Yu and even hit him you couldn’t see that?”

Lin Ran said in a cold voice.

“Beating someone? I really didn’t see that!”

He Guang laughed as he swept his gaze over the crowd and asked aloud.

“Did you guys see Ah Hui and the others hit Old Yu just now?”

“No!”

As soon as He Guang’s words fell, Bai Cai, who was next to him, spoke up.

“Right who saw that? There were three guys surrounding Qiang Ball, I didn’t see the beating anyway, I only saw the ball being robbed!”

The little brother next to Bai Cai shouted.

“Then how do you explain the injury on his face and arm!”

Lin Ran said in a cold voice, these people were obviously talking with their eyes open.

“Injury? What injury? Did you see any blood? You call it an injury even if you don’t see blood?”

Bai Cai laughed, and Boss Bai, who was on the side, also spoke up.

“That’s right, even if you don’t even see blood, you call it an injury? It’s normal to have a physical collision in a basketball game, it’s not good to admit defeat directly when you can’t afford to play!”

“Don’t you think so Song Village Chief!”

Boss Bai looked at Song Nuan, with greed in his eyes.

“So that’s what you think too?”

Lin Ran turned his head to look at He Guang.

He Guang smiled blandly, stretched his hands and laughed.

“That’s basketball, love it!”

“So you can’t see it and pretend it didn’t happen right!”

Lin Ran laughed.

“Exactly!”

He Guang smiled and nodded, while lowering his voice and laughing in a voice that only two people could hear.

“Of course, if you’re willing to pay two hundred thousand, I don’t mind blowing their foul!”

“Looks like Boss Bai didn’t give you much money!”

Lin Ran smiled at that, before he didn’t believe that Boss Bai was so shameless, but now it seemed that everything sat true, this He Guang was the one wearing the same trousers as Boss Bai.

But this was good, at least Lin Ran had seen through these people.

“Then it’s none of your business, either take the money or wait to lose the game!”

He Guang laughed.

Lin Ran also laughed as he suddenly turned his head to look at the surrounding onlooking villagers and said aloud.

“Gentlemen, you have all heard it, the referee has said that any foul he doesn’t see doesn’t count, so remember that, and testify for me later!”

Said Lin Ran, turning his head to ignore him and returned to his position.

“What about Ranzi?”

“Yes Lin Ran, what should we do, if we keep fighting I’ll be ruined!”

Lao Yu said busily.

“You two just stand on the serving line, leave the rest to me!”

Lin Ran said indifferently.

“Huh? How are you going to defend yourself with three people!”

Lao Yu asked busily.

Lin Ran, however, smiled blandly and said.

“I have my own way!”

With that said Lin Ran came alone inside the three-point line and just stood here not going anywhere.

“Keep playing!”

With a cold smile tackling the corners of his mouth, Kazuhiro continued to start the game.

And this time, Ah Hui took the ball and passed it to his companion next to him, who took the ball and went straight around Lin Ran to go up for a basket.

But in front of Lin Ran, all this was obviously in vain.

With a long leap, Lin Ran overtook his opponent and with a swipe of his palm, he took the ball into his arms.

“Cap! Big cap!”

“Oh my god, that’s a cap!”

“Amazing!”

The people around were going crazy, they would never have seen such a big cap normally.

Chapter 907

However, just as the crowd were all cheering and applauding, Wako, who was on the sidelines, blew his whistle.

“Foul!”

“Foul?”

Hearing He Guang’s words, the surrounding crowd was instantly confused, how was this a foul, they could see clearly that Lin Ran hadn’t touched his opponent at all, it was the opponent who covered the ball after it had been shot.

“How is this a foul?”

“That’s right, isn’t this nonsense? Where’s the foul?”

“What kind of bullshit referee, blowing a fake ball!”

The villagers around were not happy.

“Where was the foul?”

Lin Ran looked at He Guang, he knew that this guy was deliberately posing himself, but at this moment the people around were shouting, and he wanted to see how this He Guang was going to explain.

“Where was the foul? Can’t you see it yourself?”

He Guang said in a cold voice.

He was actually thinking about where the foul had been committed, he had just subconsciously blown Lin Ran, at this time the latter questioned him and he really didn’t think how to respond.

“Are you the referee or am I the referee?”

Lin Ran coldly questioned.

“You Isn’t it quite obvious, ball interference!”

He Guang said straight away as he turned his mind to it.

“Jamming the ball?”

Lin Ran laughed at this, if he really blew it was an interference ball, then Lin Ran really couldn’t do anything about it, after all, there was no monitoring in this place either, it was impossible to transfer it out and slowly watch the replay.

“Yes!”

Lin Ran smiled and nodded his head, not talking nonsense.

At this moment, the score in the field was still ten to zero.

But after such a mess, a full ten minutes had passed in a game that was only fifteen minutes long, leaving Lin Ran and the others with only five minutes left.

The village basketball game, naturally, could not also be played for four quarters, not even the second half, that is, it was over in fifteen minutes.

“Village Chief Song, aren’t you in a hurry, it will be over in another five minutes!”

Boss Bai held his cigarette upside down and looked at Song Nuan with smugness in his eyes.

“You said there are still five minutes left, why are you in such a hurry!”

Song Nuan said coldly, she could tell that the referee was deliberately blowing Lin Ran, but she couldn’t go on the field after all, so she could only be anxious at this point.

“This guy must have something up his sleeve!”

Song Nuan prayed in her heart.

She still had great faith in Lin Ran.

“Five minutes I’ll see how you flip, 100,000 quickly, if you can’t get it out, I’m still waiting for you to warm the nest!”

The more Boss Bai looked at his heart, the more excited he became and couldn’t help but lick his lips.

On the pitch, He Guang had already blown the whistle to start the game again.

The ball was still in Ah Hui’s hands, and this time he chose to lay it up himself.

Lin Ran had learnt his lesson and this time was a certain distance away from Ah Hui, giving He Guang no way to blow.

Ah Hui laughed at the sight of this scene.

“How else are you going to play with me if you play like this, score!”

Ah Hui thought of already taking three big steps to the basket, he was very tall, plus he had barely exerted his strength before, this three big steps would definitely lead to a successful layup.

But at the moment the ball came out of his hand, he suddenly felt a force slapping his wrist.

The force of his wrist was immediately transmitted to the ball.

The basketball hit the rim with a bang and then bounced directly into Lin Ran’s hand.

Seeing this scene, Boss Bai next to him suddenly looked ugly and cursed angrily.

“Hui Zi what are you kid doing!”

“Boss I don’t want to either!”

Ah Hui made a helpless gesture and instantly lunged towards Lin Ran, ready to use the manoeuvre at the degree.

Lin Ran, on the other hand, took the ball out of the three-point line and turned his head to look at He Guang, at which point the villagers around him also looked at He Guang to see what other fouls he could blow.

Being watched by so many people,? He Guang had no choice but to look at the stare and dare not blow the whistle, and if this blows again I’m afraid that what awaits him is a group beating.

“Kid! Don’t even think about going to the basket!”

Ah Hui led three people directly in front of Lin Ran, as long as he dared to take a step forward, he would certainly be surrounded by three people.

And as long as the ball was not in Lin Ran’s hands, Da Long and Lao Yu, they were still at their mercy.

“A lay-up? I’m not that stupid, do you guys really think it’s hard to win against you?”

With that, Lin Ran turned around directly, his back to the basket, followed by a flip of his palm, and instantly the ball flew out.

The surrounding crowd was dumbfounded by this scene, what kind of shot was this? Was it a lucky shot?

The crowd watched dumbfounded, only to see the basketball cutting a beautiful arc in the sky, followed by actually dunking into the basket with unparalleled accuracy.

“A three-point shot!”

“Holy shit! That’s a lot of luck!”

“A three-pointer, how can it go in like that!”

The crowd was stunned as they looked at each other.

“Blow the whistle! No whistle for a goal!”

“What are you doing, can’t you blow!”

The villagers saw He Guang frozen in place and could not help but chide him.

“Er

He Guang reacted, and only then did he hastily blow the whistle.

Lin Ran smiled blandly at this and glanced at He Guang, followed by giving the ball to Lao Yu and asking him to serve it.

“Ranzi!”

Lao Yu greeted and threw the ball to Lin Ran again, while Da Long and Lao Yu were standing together, at this point the crowd could see that this was letting Lin Ran fight three by himself, the two of them were completely human sentries not involved in the battle!

“Kid! You’re too arrogant, one person still wants to fight three of us!”

Ah Hui’s face was icy cold, his eyes full of disdain.

“Not to mention the three of you, even if three more came, they wouldn’t be my opponents!”

Lin Ran laughed, followed by a toss of his palm, and the basketball flew straight over.

“Bang!”

It instantly dunked into the basket, another three-point shot.

“Holy shit! Bull shit!”

“Another lucky shot, Lin Ran is awesome!”

“Good job Lin Ran!”

The villagers of Lin’s Bay were going crazy watching, two lucky shots had chased six points straight away, just short of the last four.

“What are you three doing!”

Next to him, Boss Bai looked furious, being just four points short made him very anxious.

“Village Chief Bai, so sullen!”

Song Nuan laughed, not forgetting to taunt Boss Bai.

“Humph! You get complacent first, I’ll see what you do in the last three minutes!”

Boss Bai snorted coldly.

While the two were talking, on the court Lin Ran got the ball again.

And this time he wasn’t choosing to shoot a three, but was preparing to break through.

Ah Hui was in front of him and there were two others behind him.

Lin Ran took the ball and changed direction twice, both of which Ah Hui tried to follow, but he didn't react with his feet, and suddenly he felt his foot being kicked in the neck, and suddenly his whole body fell straight to the ground, even smashing his two companions behind him.

At that moment, Lin Ran directly crossed the three people for a three-step lay-up and got two points.

"And the last two points!"

Song Nuan laughed.

Boss Bai, on the other hand, was looking even more nervous.

"One minute to go! One minute!"

Boss Bai looked at the field and said angrily.

"If you guys can't take this last shot, don't come back!"

"Boss! We don't want to either!"

Ah Hui's whole body was confused, twice in a row he felt he was being attacked, but he couldn't even see who it was, even when Lin Ran was clearly a long way away.

"Bastard this shot must be defended, it must be!"

Ah Hui greeted two of his men and surrounded Lin Ran directly so that he wouldn't be getting the ball.

Lin Ran, on the other hand, gave a wink to Lao Yu, who complied and threw the ball directly to Big Dragon.

Seeing Big Dragon with the ball, Lin Ran shouted directly.

"Throw it out!"

"Huh?"

Da Long was stunned at his words, he didn't play much either, and was standing in the half court tee at this point, there was no way he could score here by shooting.

"Listen to me and throw it out!"

Lin Ran shouted straight away.

Chapter 908

At this moment, Lin Ran was surrounded by Ah Hui's trio and could not get the ball at all, so he had to let Big Dragon throw it himself.

Looking at Lin Ran with such a determined look, Big Dragon stopped talking nonsense and smashed it directly towards the basket with a grit of his teeth.

"Go and grab it!"

A Hui saw the situation and hurriedly shouted, he also did not think the ball could be scored, the three people directly no longer take care of Lin Ran ran to grab the ball, as long as they can grab the ball, this last minute, slowly defending is also stable to win.

And at this time, the surrounding onlookers have also held their breath, this is almost Lin Ran three people's last shot,? If they hit it, they will overtake by one point, if they don't, they will lose completely!

The crowd watched as the basketball arced through mid-air and slammed towards the basket.

"Bang!"

The basketball hit the basket heavily, bounced up high and then smashed towards the basket again.

"It's not going in!"

Ah Hui's trio stood under the basket, praying and guarding at the same time, just waiting for the moment when the basketball would fall.

The basketball fell quickly, and this time it really did not touch the basket, but brushed the side of the basket and fell down in tears.

"Win! Win!"

Ah Hui's three hearts were overwhelmed with excitement.

"Haha! Winning Song Village Chief, have you thought about whether you want to take the money or the meat!"

Outside, Boss Bai also burst out laughing.

However, Song Nuan was unworried and said blandly.

"The match isn't over yet, it's still uncertain who will win and who will lose!"

"Hm?"

Boss Bai turned his head to look at his words, and he really found that Lin Ran on the court had moved at that moment.

Lin Ran reached behind Ah Hui with a single step, and jumped up with his feet fiercely.

When Ah Hui noticed it, it was already too late, only to see Lin Ran gently pick the ball and directly pick the ball into the basket, two points instantly.

"It's a tie! It's ten to ten!"

"It's a tie!"

"No, there's still the last half minute!"

The villagers around were watching nervously, there was still the last half minute left and the ball was in Lin Ran's hands.

"Serve!"

Lin Ran Chen A Hui and the three of them didn't react and hurriedly greeted Lao Yu.

"Yes!"

Lao Yu reacted and hurriedly threw the ball to Lin Ran.

This time Lin Ran stood quietly outside the three-point line with the ball in his hand, watching Ah Hui's trio lunge frantically towards him.

But all he had on his face was bemusement, and calmness.

He turned his head and looked at He Guang with a playful look in his eyes, as if to say.

"Don't you like to blow? You blow!"

"Blow him!"

Outside, Boss Bai finally couldn't help but shout.

But inside the arena, He Guang was staring at him, people hadn't even touched their bodies, so how could they blow!

Lin Ran looked at Boss Bai and then at He Guang, feeling that it was about time, then he threw the ball.

All at once, it was that perfect arc again, that familiar route again.

The basketball cut a perfect curve in the air and dunked into the rim with a "bang".

"Win!"

All at once, all the people of Lin Jia Wan jumped up, all the aggression and stifling for so many years seemed to have been released at this moment.

"How is this possible!"

Boss Bai sat down on his buttocks, his face dumbfounded.

The three men in the arena, Ah Hui, were no better, not even having the courage to look at Boss Bai at this moment.

"Referee He, can you announce the result now?"

Lin Ran looked at He Guang with teasing in his eyes.

"Win The winner is Lin Jiawan!"

He Guang had no choice but to say it with a sigh.

"Bastard!"

Boss Bai was instantly on fire and rushed towards He Guang.

However, Song Nuan was in front of him.

"Village Chief Bai, what are you doing there? Did you forget about our lottery?"

“The lottery? What’s the prize?”

Only then did the surrounding villagers finally look over, and especially when they heard the word “lottery”, they couldn’t help but be a little more curious.

“Villagers, before the competition started, the chief of Bai Village said that there would be a 100,000 prize for the competition, now that their village has lost, should we not thank them?”

Song Nuan laughed aloud and said.

Hearing these words, the villagers were immediately boiling over.

“You’re really generous, Village Chief Bai!”

“Then thanks a lot, in the future our Lin family will have a brick and mortar from you!”

“Haha! Right!”

The villagers laughed one after another.

Said Boss Bai, who was red in the face, immediately took out his bank card and greeted his son to withdraw the money.

“Village Chief Bai this is too much trouble, just transfer the money directly! In case your son runs away with the card, who are we going to find!”

Lin Ran saw this and stepped forward and laughed.

“You!”

Old Bai was so angry that his face turned blue and glared at Lin Ran before he got up and transferred the money over.

“Thank you, Village Chief Bai, for your financial support!”

Lin Ran received the money and smiled archly at Elder Bai, before saying.

“Is there anything else for you all? Please go back if there’s nothing!”

“You!”

Boss Bai’s face became even uglier this time.

He had even invited a judge to come over and placed such a big prize, but in the end, he had come to give money to someone?

“What? What’s wrong with you? Why don’t we fight again? A lottery of two hundred thousand?”

Lin Ran laughed.

He couldn’t wait for Boss Bai to agree, so wouldn’t a one-day ball game give the villagers all the money they needed for their house renovations.

“Let’s go!”

Old Bai greeted him with a big smile and was the first to walk towards the outside of the village.

“Wait for me!”

Bai Cai looked at Lin Ran and said in an angry voice.

“Eh?”

Lin Ran, jerked his hand up, scaring Bai Cai so much that his whole nearly fell to the ground and hurriedly chased after him towards his old man.

“Well?”

Song Nuan quickly ran over and asked with a smile.

“How was what?”

Lin Ran wondered, puzzled.

“My ability to do things, ah, I’ve earned you a hundred thousand dollars in this one day eh!”

Song Nuan smiled smugly.

“Hmmm not bad! It’s a good daughter-in-law!”

Lin Ran laughed, while giving Song Nuan a scratch on the nose.

“You! Who’s your daughter-in-law!”

Song Nuan’s pretty face instantly turned red.

“Stop it! Daughter-in-law go home for dinner!”

Lin Ran laughed.

Song Nuan, however, heard her pretty face turn even redder.

“You!”

“Hey! Brother Ran you guys are going back?”

Dalong ran over after changing his clothes and laughed.

“Dalong, who’s this?”

Lin Ran suddenly pointed at Song Nuan and asked.

“Ah? Isn’t this sister-in-law? You’re not forgetful, are you!”

Dalong was stunned.

Lin Ran, however, laughed and turned his head to look at Song Nuan.

“Look, it’s not just me who thinks that, the villagers all think so now, the eyes of the masses are discerning aren’t they!”

“You! Shame on you!”

Song Nuan was so angry that she gave Lin Ran a white glance, turned her head and left first by herself.

“Brother Ran, what’s wrong?”

Dalong said with an embarrassed look, thinking that he had said something wrong.

“Nothing, your sister-in-law is a bit shy, she’s a girl from the city after all, she’ll get used to it slowly!”

Lin Ran laughed.

“O! That’s good!”

Da Long laughed, then but his face was solemn as he said.

“Brother Ran, I’m afraid that Boss Bai won’t be willing to rest after eating such a big dumb loss this time!”

“I know!”

Lin Ran nodded, but was not the least bit nervous.

“As long as he doesn’t stand in the way of us getting rich, do whatever he wants!”

“Then this mountain!”

Big Dragon was still a little worried that Boss White was looking for someone to go up the mountain for fire prevention.

“Don’t worry!”

Lin Ran, however, smiled and shook his head.

In order to guard against this, he had already laid a formation on the necessary path up the mountain, so as long as it wasn’t someone from Lin Jia Wan going up the mountain, it would touch this formation and he would be able to know about it first.

Chapter 909

After the basketball tournament, Boss Bai had stopped for a few days, but anyone with a discerning eye could see that.

He was just waiting for his chance. He had suffered defeat at the hands of Lin Ran one after another, so how could he let go of his anger?

However, Lin Ran had seen this kind of thing too many times, so he didn’t give it a second thought.

Under his arrangement, the villagers continued to collect medicine as usual, and the matter of handing out money was all handed over to Dalong.

After the recent events, this boy had completely transformed, and even had a vague feeling of being able to take the lead.

Of course, this kid had a lot of bad marks before, so if he wanted to really be able to take the lead, he still needed to go through the refinement of time before he could get the villagers' approval.

Time passed day by day, and Boss Bai was also out of action for the time being, and it seemed that everything was moving in a good direction.

A month after Lin Ran's return to the village, the whole atmosphere of Linjiawan has completely changed, the originally very cold Linjiawan is now quite lively.

In the past month, the per capita income of the village had reached close to 20,000, which was a monthly income, and this income was much more than that of working outside the village.

Even though this winter, some of the people who work outside the village have taken advantage of the break to come back to pick medicine, and some of them have stayed behind.

Looking at the villagers' young and strong labourers who had the intention to return to their hometowns, Lin Ran and the three of them were also very pleased.

A month later in the morning, Dalong took the villagers to the mountains to pick medicine as usual. Although he was responsible for paying the villagers, he himself was not idle and went to pick medicine during the day to earn money, after all, who would have a problem with money!

"You're coming to town with me?"

Looking at Lin Ran, who had already packed his things, Song Nuan asked busily.

"Right! Made an appointment to meet the designer today!"

Lin Ran laughed.

He had already chosen the construction company a month ago, but this construction company was different from other companies, plus the project Lin Ran wanted to talk about could be a whole village, so this designer waited half a month before he got an appointment.

"That's good, I just happened to go to a meeting to learn about the policy of new rural construction!"

Song Nuan laughed.

In response to Lin Ran's development plan, she was also gradually improving herself, and she had already learned a very large amount about the policies for the next house renovation alone, as well as some subsidy policies.

"Mmm! Go for it!"

Lin Ran smiled and made a cheering gesture at Song Nuan.

"Got it!"

Song Nuan smiled and was also very happy, although it was her first time as a village chief, but after being a village chief for a long time she also found that it seemed to be quite good to be a village chief.

And I'm afraid that benefiting one side of the people is something that many people would be happy to do.

“By the way, this is a letter that the Second Grand Master brought with him when he delivered the eggs yesterday, saying that it was for you!”

As the two of them got into the car, Song Nuan took out a letter and handed it to Lin Ran.

“Second Grand Master?”

Lin Ran was stunned for a moment, and quickly made sense of it.

The villagers now had a high income and were grateful to Song Nuan and Lin Ran, and would send some eggs and other specialties from time to time, but this was the first time they brought a letter like this.

“You read it, I’m driving!”

Lin Ran said, at this time he drove the car was indeed a bit inconvenient to read.

“Okay!”

Song Nuan didn’t think much of it, and immediately took out the letter and read it.

“Lin Ran kid, I am your second grandfather!”

“Second Grand Master is really straightforward!”

Song Nuan just read the sentence and laughed.

“It’s normal for our villagers to be simple!”

Lin Ran laughed.

“This letter is mainly to express my gratitude to you and Village Chief Song, Second Grand Master I’ve lived most of my life, and I’m really happy to see our Lin Jiawan come to life before I go into the ground!”

“Well, enough talk, old man, I have to go pick some medicine!”

“One last word, you have a good eye, you have found such a capable daughter-in-law as Village Chief Song, in the future, with you two leading our Linjiawan, you will definitely make a fortune!”

“It’s quite well written!”

After hearing Song Nuan read it out, Lin Ran nodded his head and said.

“Where is it quite good?”

Song Nuan turned her head at this and asked with a raised eyebrow.

“It’s all quite good!”

Lin Ran laughed.

“Especially the part about me finding a daughter-in-law, definitely discerning!”

“I bah! Shame on you, who’s your daughter-in-law!”

Song Nuanqiao blushed red and gave Lin Ran a blank look.

“Isn’t it just a matter of time, when I’m free later on I’ll go and ask Uncle Song for a marriage!”

Lin Ran laughed.

“You! Don’t joke around like that!”

Song Nuan instantly got a little nervous, proposing was no small matter, if Lin Ran came up with a real one, she would definitely be shy.

“I’m looking for Uncle Song to propose, why are you so nervous?”

Lin Ran laughed at this.

“You!”

Song Nuan gave Lin Ran a blank look and her pretty face turned even redder.

“No seriously, the current me isn’t stable yet, so it’s really not quite right for me to get married!”

Lin Ran suddenly said seriously, and Song Nuan couldn’t help but have a hint of disappointment swept across her face at his words.

“But I promise!”

Suddenly, Lin Ran spoke again.

“As soon as I’m stable, I’ll definitely look for Uncle Song to propose in the first place!”

“You You’re serious?”

When Song Nuan heard this, she couldn’t help but have her pretty face redden again.

“Of course!”

Lin Ran said seriously.

Song Nuan’s pretty face reddened at that and she said sheepishly.

“Then when will you settle down?”

“Er This!” Lin Ran scratched his head, then said “This, I think it’ll be a while yet!”

“How long is that!” Song Nuan asked.

“It’s really hard to say, at least not until I find Wang Kun!” Lin Ran said.

When Song Nuan heard that, she was disappointed again “What if you can’t find it!”

“If I can’t find it in one year, then two years, if I can’t find it in two years, then three years! If you still can’t find it in three years

“Then what?” Song Nuan looked at her blearily, afraid that if she said that then she would be looking for a lifetime.

After all, one couldn't possibly wait for him for the rest of one's life, right?

Lin Ran saw this and smiled, saying "Then get married first, have a fat doll and continue looking, if I can't find it in my lifetime, then let the fat doll continue looking!"

"You!" Song Nuan's pretty face reddened again, glaring at Lin Ran and pouting, "Shame on you, you want to have a baby when you get married, are you so immodest!"

"I How am I being immodest? Marriage is not about having a baby!"

Lin Ran said with a helpless face "Besides, in case a gun goes off in the heat of passion, then wouldn't you have to get pregnant too!"

"You Rascal!"

Song Nuan was so angry that her pretty face turned red and she turned her head away from him, she found that following the guy couldn't talk for two sentences, it came to that, she was a girl who was simply ashamed.

"Okay, okay, let's not talk about it, we'll be in town soon, if you go to the meeting with this red face, people will think I've done something to you!"

Lin Ran was busy changing the subject.

"You think good, what do you want, I'm not even happy about it!"

Song Nuan pouted, hating to go up and scratch Lin Ran twice to relieve her anger.

The car soon arrived in town, and Lin Ran took Song Nuan directly to the meeting place, and only after she got off the car did he drive to the construction company alone.

He agreed to come and pick her up when he was done.

Chapter 910

Brilliant Construction Company, one of the more famous construction companies in town, was chosen by Lin Ran to design the style of the new house for Lin Jiawan because the company was large and had also undertaken many new rural construction jobs.

When he arrived at the entrance of the company, looking at the decoration of the company's entrance, Lin Ran realised why he had to hand over Brilliant Construction Company; just the decoration of a doorway alone was definitely described as brilliant.

Moreover, Lin Ran found that the people who came in and out of this place were all dressed very formally, and in contrast, looking at himself, he looked a bit crotchety.

No way,? Back in the village for a month, his clothes had long since become similar to the villagers, and at this moment, getting out of the Porsche car, it was really a bit out of place.

"Please, sir!"

The doorman, with his ruthless eyes, saw Lin Ran's ride and greeted it with a smile without stopping it.

But some of the people around him who were unaware of the situation were casting strange glances when they saw Lin Ran at this moment.

“Do you have an appointment, sir?”

The doorman asked with a smile as he waited for Lin Ran to enter.

“Yes, an appointment for an engineering type design!”

Lin Ran laughed.

“Then it’s on the third floor, you can just go straight up! Someone up there will receive you!”

The doorman said and pressed the lift for Lin Ran, then led him onto the lift before leaving with a smile.

“You, what are you doing?”

The doorman had just turned to prepare to leave when a pretty young figure appeared in front of him, none other than the reception beauty on the third floor, Alain!

“No why aren’t you up there now? A guest just went up!”

The doorman was busy saying, they were a big company and all they cared about was service, but now this was the situation.

“What’s the panic! I’ve seen it all, that kid is dressed poorly, how much business can he talk about, let him wait, I’m going to have a drink of water before I go up!”

Alain said and actually turned around and walked towards the lounge.

“Hey! This isn’t appropriate!”

The doorman was just about to say that Lin Ran had come in a Porsche, but before he could start his sentence, A Lan had already entered the lounge.

.....

On the third floor, Lin Ran frowned when he arrived here! Because he found that there was no one here to receive him at all.

But fortunately, there was a guide sign aside, and he followed the nature of his appointment and found the door to the so-called large engineering office.

However, he was a little early at the moment and the door to this office was not yet open, so he had no choice but to wait in line at the door.

Soon, one by one, other guests came, but they were all lined up in front of other offices, except for Lin Ran, who was always the only one here.

Half an hour later, Alain finally arrived slowly on the third floor. She caught a glimpse of Lin Ran, who was conspicuous in the crowd, and couldn’t help but smile disdainfully, shaking her head.

“With that kind of dress you still want me to receive you, daydreaming!”

Alain sneered and turned around, ready to go wait at the lift entrance.

In their line of work, it was easy to tell what people had status and what didn't with just a glance, obviously in her eyes, Lin Ran belonged to the latter and wasn't worth her time at all.

Lin Ran naturally didn't know this, he was still standing at the entrance and queuing up honestly.

Soon, when the time reached nine o'clock, staff members arrived one after another, and the doors of several other offices soon opened, while Lin Ran's side was still empty.

"Ding!"

Suddenly, the door of the lift opened and a young man who was still quite handsome walked out, when he saw the person standing in front of his office, his face suddenly changed and he was busy running over.

"You are Mr. Lin Ran Lin?"

The youth was busy asking.

"You are?"

Lin Ran asked with a frown.

"I'm Xiao Zhang, your account manager!"

The youth was busy smiling.

"O! It's you!"

Only then did Lin Ran remember that this Xiao Zhang was the account manager he had been in contact with before.

"I'm really sorry, there's a traffic jam here, I didn't expect you to come so early!"

Xiao Zhang said as he opened the door to his office, but sweat was already on his forehead.

Although Lin Ran was dressed in an unattractive outfit, he knew that this was the man he was talking to about a big construction deal for a village, which might not be a big deal for the entire Brilliant Construction Company, but was definitely a big deal for their branch in this town.

As for what Lin Ran wore, it didn't matter to him, after all, the richer a person was, the more they liked to keep a low profile.

"Come on! Please come inside!"

Xiao Zhang said and invited Lin Ran in.

But the two of them had just entered the office with their front feet.

There was another sound at the lift entrance, followed by an obese youth coming out.

Seeing this youth, Alain, who was waiting on the sidelines, instantly lit up her eyes and twisted her slender waist to greet him at once.

“Aigoo, if it isn’t Mr. Hu! What brings you here!”

As she spoke, Xiaolan did not forget to move a few points closer to the other party, rubbing the other party’s face immediately filled with a smile, naturally stopping Xiaolan’s waist.

“Little beauty, you really make brother I can not stop ah, why is free tonight? Brother take you out to have some fun?”

Mr. Hu laughed, but his palm was not honestly touching Xiaolan’s waist twice.

“You’re bad, Mr. Hu! I have to be on duty tonight!”

Xiaolan said with some regret.

“Duty? You can only earn a few dollars, you can tell your leader that you’ve gone to talk about big business, Mr. Hu will count this order for you later, then the money will be big, moreover, if you serve Mr. Hu well tonight, the money will still be less for you?”

Mr. Hu laughed.

“You’re so joking, Mr. Hu, who are you looking for? I’ll take you there!”

If she could climb this high branch of Mr. Hu, she would have at least 30 to 40 years less to work for, so she would not need to be a receptionist in this construction company.

“The company’s little Zhang is too unreliable, causing me to make another trip here today!”

Hu’s face was hard to see.

“So, I’ll take you there then!”

Xiao Lan said with a smile, there was nothing she could do about it, she could only smile.

The two of them soon arrived at the office door, Mr. Hu didn’t even have the intention to knock, he just pushed the door and walked in, Xiaolan, who was also busy following him.

“Hm?”

Inside the room, Lin Ran was just about to sit down and talk to Xiao Zhang in detail, but at that moment, the door was suddenly pushed open.

“General Manager Hu?”

Seeing the visitor, Xiao Zhang couldn’t help but frown slightly.

“Xiao Zhang, you still remember General Hu, it’s not easy!”

General Hu said in a cold voice, while unceremoniously sitting on his butt in Lin Ran’s place, completely ignoring Lin Ran the entire time.

“Why are you still standing there? Can’t you see it’s an honoured guest? Come out with me!”

Seeing this, Xiaolan on the side was busy scolding.

Lin Ran watched as Mr. Hu didn't notice that Xiao Lan was talking to himself and stood in place without moving.

"Hey! Are you deaf or dumb, I'm talking to you!"

Xiaolan scolded in a stern voice when she saw this.

Only then did Lin Ran look back at her.

"You're talking to me?"

"Nonsense! Who else can I talk to but you, can't see people talking about big business again, follow me out!"

Xiaolan scolded.

Lin Ran smiled but frowned slightly and said in a cold voice.

"How loud is it, there has to be a first come first served!"
