

Wonder Doctor

Chapter 911

“First come first served? People have already made an appointment with Xiao Zhang a few days earlier, when did you get an appointment, besides look at the strength of others, and then look at yours, do you have the nerve to be in front of them?”

Xiaolan said disdainfully.

Lin Ran smiled at his words, he could see what kind of person this Xiao Lan was, but the more the other party was like this, the more interested he was, immediately he also took a seat on the sofa at the side and said blandly.

“Queuing up is queuing up, what’s there to be ashamed of, and I’m really quite curious about what strength he is!”

“What strength he is is also something you are qualified to know, if you don’t get out I may call out for security!”

Xiao Lan said in a cold voice.

Lin Ran, however, turned his head to look at Xiao Zhang as if he hadn’t heard him, today was the day he had an appointment with the headmaster, and he wanted to see what this guy had to say.

“Get out!”

Xiao Zhang’s face was ugly as he chided in a cold voice.

“Hear that kid, I’m telling you to get out!”

Xiaolan laughed at the sight.

And Mr. Hu, who hadn’t spoken up, also spoke up.

“Young man, don’t give yourself a hard time, understand what you are, get out! Don’t waste my time here!”

Lin Ran’s expression didn’t change much at his words, he just looked at the two men.

“Are you deaf? I can’t hear Xiao Zhang telling you to get out!”

Xiao Lan saw this and didn’t even have the last trace of a good face.

“I am telling you both to get out!”

Xiao Zhang suddenly spoke up and scolded.

Xiaolan and Hu were both stunned and somewhat unresponsive.

“Xiao Zhang, do you know what you are saying?”

Xiao Lan had worry on her face, talking to Mr. Hu like this, the business being yellow was all secondary, knowing that this Mr. Hu knew the boss of their company as well, even one word from people could probably cost you your job.

“Kid, are you talking to me?”

Sure enough, Mr. Hu’s face was ugly and he stared at Xiao Zhang as if he was ready to explode at any moment.

“That’s right! Just talking to you, you and you! You two get out of here now! Or I’ll call security!”

Xiao Zhang looked at the two men and said in a cold voice.

“Kid! Do you know what you’re talking about? Kick me out? Do you still want to work or not!”

Chief Hu was furious.

“Little Zhang, you’re crazy!”

Xiaolan also said in a hurry.

“I’m not crazy, I just want to keep working, that’s why I’m letting you guys out!”

Xiao Zhang’s face was ugly, then he looked at General Hu.

“You’re not happy, you can go and call our leader and tell him, see if he helps you or me!”

“You!”

Mr. Hu’s face was completely ice-cold, and he immediately took out his mobile phone and called.

But the other party’s mobile phone was switched off after two consecutive calls, and could not be reached at all.

“Can you go out now!”

Xiao Zhang said in a cold voice.

“You!”

Mr. Hu’s face was ugly and he stared at Xiao Zhang and said in a cold voice.

“Kid, don’t you regret it, Laozi’s is a villa decoration!”

“Villa decoration?”

Xiao Zhang laughed.

“You’re just two sets of villa decoration, and I won’t take your order! Get out immediately!”

“Xiao Zhang, you’re crazy!”

Xiao Lan couldn’t bear to see this and was busy standing out to persuade.

“It’s not me who’s crazy, it’s you who’s crazy!”

Xiao Zhang said in a cold voice.

“Him? What kind of business can he have, and you’re actually going to kick out General Manager Hu for him?”

Xiao Lan was puzzled and pointed at Lin Ran with disdain in his eyes.

“What kind of business is he? Your Hu is a villa, but people are renovating a village, so who do you think is crazy!”

Xiao Zhang said in a cold voice.

“Me!”

Xiao Lan was dumbfounded, how could she not think that Lin Ran’s outfit was actually a renovation of a village, this was definitely more than a renovation order for four or five villas to hit.

“Besides, what kind of person is Hu always that I don’t know?”

Xiao Zhang laughed.

“Yesterday on the appointment to meet, directly cooled me a day, about the designer directly angry, if not for my good words this breach of contract you pay for him?”

Saying that, Xiao Zhang took out a business card from the drawer and handed it to Lin Ran.

“So, people got angry and didn’t take his order anymore, and it just so happened that they were introduced to Brother Lin Ran!”

“You!”

Hu was furious at his words, that designer was very famous, and he had no trouble getting an appointment, but he didn’t expect that he had been delayed by something yesterday and ended up being the designer of this kid in front of him, how could he accept this?

“You’d better think carefully, when I contact your leader, you’ll be finished!”

Mr Hu said in a cold voice.

“Really? Then you go and contact!”

Xiao Zhang had a disdainful face, then waved his hand in a gesture of sending off.

“Don’t you regret it!”

Mr Hu said angrily.

“I won’t regret it if I dare to do it!”

Xiao Zhang said blandly.

“General Hu, otherwise forget it, I’m taking you to another account manager!”

Xiaolan was busy going forward to persuade, while exerting her physical charm.

However, at this moment, Mr. Hu was in a fury, so he did not listen to her, and pushed her away, saying angrily.

“Get lost! Bitch!”

“You, Mr. Hu!”

Xiao Lan was so angry that her face turned blue, but she did not dare to retort, for it was not something she dared to do to offend such a big boss.

Mr. Hu glared at Xiaolan and turned around to leave.

Xiaolan’s face was full of embarrassment and she had no choice but to follow him out.

.....

“Brother Lin Ran, I’ve made you laugh!”

Xiao Zhang said awkwardly.

“It’s alright.”

Lin Ran laughed and instantly picked up the business card and read it.

Xiao Zhang, on the other hand, smiled and explained.

“Appointments for this large project of ours aren’t like home renovations where the designers are very famous, so this kind of broken appointment makes them very resentful, no way! I don’t like to offend Mr Hu either, but he has already broken his appointment and I almost have no way to explain it to the designer, so you can’t be breaking appointments this time no matter what!”

Xiao Zhang spoke bitterly.

“Don’t worry, I’m not him!”

Lin Ran laughed lightly, while putting down his business card, the contents of which he had already read.

“Then what do you think of this designer?”

Xiao Zhang asked busily.

“It’s not bad, I want to meet with her to have a chat!”

Lin Ran said indifferently.

“It’s easy to do, there is her phone number on it, you can talk to her directly, if you feel satisfied then we can meet and sign the contract!”

Xiao Zhang said with a smile.

“Mm!”

Lin Ran nodded his head, then got up and smiled.

“You’re a nice guy, I like you! I’ll give you a call when we’ve finished talking later!”

“Then, thank you for holding the show, brother Lin Ran!”

Xiao Zhang laughed.

“Mmm! By the way does that Mr Hu need my help?”

Lin Ran laughed, although General Hu was a bit of a no-good, he did have some strength after all, so if he wanted to trouble Xiao Zhang, it would still be a bit annoying.

“No, our leader knew about this a long time ago, and he was the one who instructed me to do so!”

Xiao Zhang laughed.

Lin Ran nodded at his words, and then after chatting with Xiao Zhang for a few minutes, he simply left.

Having gotten the designer’s contact information, Lin Ran was also ready to go directly to her.

However, at this time, Song Nuan should have finished her meeting as well, so he decided to send Song Nuan back first, and then go to find this designer.

“Hey! Honey, has the meeting finished?”

Walking out of the construction company, Lin Ran went straight to call Song Nuan.

“Finished the meeting, what about your side?”

Song Nuan asked.

“I’ve got an appointment with the designer, I’ll go find you and send you back first, then come back for her!”

Lin Ran laughed.

Song Nuan smiled and was silent for a moment before speaking.

“Or else you’ll be busy with your own, no change to make a special trip for me!”

“Then how will you go back?”

Lin Ran asked busily.

“There’s a village clerk from Baigou Village here, just down the road, I can take his car back!”

Song Nuan laughed.

Chapter 912

“The village clerk of Bai Gou Village?”

Lin Ran was stunned.

Song Nuan, on the other hand, was busy explaining.

“It’s a university village official sent by poverty alleviation to be the village branch secretary in Baigou Village, not a bad person, right!”

“Ao! That’s fine, but give me a call anytime there’s something wrong!”

Lin Ran reminded.

“Mm!”

Song Nuan’s heart warmed as she smiled and nodded her head.

.....

Hanging up the phone, Lin Ran went straight to the designer, Chen Xi, and called her.

Chen Xi, was considered one of the more famous designers in town, there were many big projects that she had been involved in designing, which was why Mr. Hu had asked for her before, the richer the person, the more they cared about the decoration of their home.

“Hello! Who is it?”

The phone was connected and a sweet voice came from inside, listening to the voice the other party should be about the same age as herself.

“Lin Ran!”

Lin Ran laughed.

“Ao! It’s you, Xiao Zhang and I said, come over, I’m at the gym!”

Chen Xi laughed.

“Good!”

Seeing that the other party was so direct, Lin Ran didn’t hesitate and hung up the phone and rushed straight towards the gymnasium.

Ten minutes later, at the town’s gymnasium, Lin Ran saw Chen Xi, there seemed to be a basketball tournament today, and Chen Xi was sitting in the crowd watching the game.

Lin Ran took a look at her and found that this girl should be around twenty-five years old, but her clothes were very intellectual, which seemed to be related to her profession as a designer, and she was sitting in the audience watching the game down the court with a bright light in her eyes, as if her boyfriend was down there.

“Hello! Lin Ran!”

Lin Ran smiled and stepped forward.

“Chen Xi!”

Chen Xi smiled back.

Lin Ran wasn’t polite, he sat down directly next to her, and then took out the document and handed it over.

“This is the topographical map of our village, in the future our village will vigorously develop tourism projects, and the back mountain will also be developed, so I want to combine these two points to make the village a cultural village with a tourist holiday and herbal base!”

Lin Ran got straight to the point.

“You’re from Lin Jiawan?”

Seeing the name on top of the map, Chen Xi was stunned.

Lin Jiawan was known throughout the town, and it was unexpected that Lin Ran was actually here on behalf of Lin Jiawan.

“Right!”

Lin Ran nodded his head.

“The topography of your village isn’t bad, if it’s all renovated it has the potential to be a special village!”

Chen Xi laughed.

Lin Ran noticed that when she said this again, she was very sure and seemed to have a good idea.

“I wonder how long it will take to come up with an effect?”

Lin Ran asked.

“A month!”

Chen Xi laughed.

“That’s fine!”

Lin Ran nodded his head, a month to come up with the renderings was already satisfactory to him, after all, this was the design for the whole village, not a separate room, and a month was indeed not too long.

“I hope we work well together!”

Lin Ran smiled and extended his hand over.

“Good cooperation!”

Chen Xi smiled and shook Lin Ran’s hand, so this initial cooperation had already been reached.

“By the way, at the risk of asking, is the boyfriend playing down there?”

Lin Ran suddenly laughed.

“No, it’s the referee!”

Chen Xi laughed, while preparing to point to Lin Ran.

But after sweeping her eyes around this she realised that her boyfriend was no longer on the field at some point.

“Honey, this is?”

Just as Chen Xi was embarrassed by the game and thinking about how to explain, a familiar voice suddenly rang out from the side.

Lin Ran turned his head to look and froze, while Chen Xi’s boyfriend also froze.

“He Guang?”

Looking at the person in front of him, Lin Ran couldn’t help but smile.

“So you’re her boyfriend, it’s quite a small world!”

“It is quite small!”

He Guang’s face was ugly and his voice was not salty.

“You guys know each other?”

Chen Xi looked at the two in surprise, a little surprised.

“Knowing each other doesn’t count!”

He Guang said disdainfully.

“Right! Knowing doesn’t count, it can only barely be considered an attempted collaboration!”

Lin Ran laughed.

“Attempted cooperation? What kind of cooperation do you have?”

Chen Xi frowned slightly and busily asked.

He Guang was also known as a referee in the town, so what kind of cooperation could Lin Ran, a man from Linjiawan, have with his boyfriend?

“What, your boyfriend didn’t talk to you?”

Lin Ran laughed.

“Technically speaking, we’ve only just been dating for three days, so

Chen Xi said with some embarrassment.

Lin Ran smiled at this but said.

“That’s quite good, three days at least there’s nothing to cut off the relationship yet, and an early exit can still land you in the clear!”

“What did you say?”

Chen Xi smiled and her face suddenly turned ugly.

“Forget it, let’s go, don’t pay any attention to him!”

He Guang said, he was afraid that Lin Ran could shake out the matter of his black whistle receiving black money, then the job would be small, if Chen Xi ran away that would be his biggest loss, as a famous designer, Chen Xi's income was several times his, he was still waiting to marry the latter to eat soft rice.

"No way!"

However, Chen Xi was the one who directly shook off He Guang's hand and looked at Lin Ran angrily.

"You must make it clear today!"

"Say it clearly? Fine!"

Lin Ran laughed.

"Your boyfriend, He Guang, is, with all due respect, a scum!"

"Who are you to say that!"

Chen Xi retorted directly, while glancing at He Guang, surprised to find that the latter actually had no intention of defending himself.

"It's simple, a month ago when our village held a basketball tournament, he was the referee, blowing all sorts of black whistles, and even asking me for black money in public, what do you call him if he's not scum!"

Lin Ran laughed.

Chen Xi's head was suddenly confused, although she had only been dating He Guang for three days, the latter didn't look like that kind of person!

"Is this thing true!"

Chen Xi looked at He Guang.

He Guang hurriedly shook his head, jokingly admitting this? If he admitted it, he would really be a fool!

"You believe what he said? It's because they lost the basketball game, so they have a grudge against me, and I don't want to deal with him!"

He Guang said indifferently, as if that was really the case.

Hearing these words, the worry on Chen Xi's face clearly disappeared as she turned her head to look at Lin Ran and said blandly.

"Mr. Lin Ran, do you have any proof?"

"Evidence? Who would have thought he was that kind of person, no!"

Lin Ran laughed and shook his head, then thought for a moment and said.

"If the villagers at the scene can be counted as evidence, you can instead go to our village and ask around, after all, it's better to be careful in life!"

“No need, I believe in my boyfriend and my own vision, next time if there is no evidence, I hope you don’t take it at face value, as for the cooperation between us I’m afraid I have to think afresh!”

Chen Xi said in a cold voice.

Lin Ran laughed at the sight.

“I don’t need you to say that, I also think that with your vision I’ll have to consider a new person!”

Saying that, Lin Ran got up and looked at He Guang, and then rushed at Chen Xi.

“They say that women in love have zero IQ, and it’s true that it’s not just an empty saying, your level of design vision, and your level of vision in looking at people, is not on the same level, I’ve seen a lot of good intentions for donkey’s liver and lungs!”

“I’ve said what I should say, I’ve done what I should do, if you suffer a loss in the future, don’t blame others for not reminding you, it’s all your own doing!”

After saying that, Lin Ran turned around and left the place.

“You!”

Looking at Lin Ran’s back as he left, Chen Xi’s heart felt a little uncomfortable.

Chapter 913

Leaving the stadium, it was already noon, so Lin Ran didn’t rush to contact Xiao Zhang and first found a restaurant to have lunch before calling him.

“That’s a strange reason!”

Xiao Zhang said helplessly on the phone, he had received a call from Chen Xi earlier.

He had seen the termination of contract because the design was not satisfied, also seen the termination of contract because of a put requirements strange, but have not seen the termination of contract because of the designer’s boyfriend, this is a collaborative design and will not be a blind date, how there is still a boyfriend thing inside.

But things have come out, he can not do anything about it, can only let Lin Ran went to the company again, for the application process to replace the designer, at the same time agreed to find a kind-hearted designer within half a month.

When Lin Ran came out of the office, it was already 6pm. This set of procedures was really time-consuming and labour-intensive, so it was no wonder that many people preferred to find a lawyer with full representation.

The sun was already setting and the sky was getting darker.

Lin Ran was ready to go home, but at that moment, Song Nuan called.

“Why aren’t you back yet?”

“There was a problem with things, so I’m going back now!”

Lin Ran said helplessly.

“What kind of trouble? Is it serious?”

Song Nuan asked busily.

“It’s not serious, don’t worry!”

Lin Ran laughed.

“Ao, then you go to the supermarket for a trip to buy some household items, the ones at home are used up, in addition

Song Nuan said a little embarrassed.

“Is there still snacks to bring!”

Lin Ran laughed.

Every time I went to the supermarket before, this neezi was thinking about the food in the snack street next to her, and didn’t let herself bring less, and I’m afraid that this time is the same.

“You still understand me, bring more!”

Song Nuan laughed.

“Mm! Then I won’t go back for dinner, I’ll go back afterwards!”

Lin Ran laughed, he had decided to go and naturally he wanted to eat before he went back, and save his grandmother from cooking.

After hanging up the phone, Lin Ran went straight to the supermarket and bought the daily necessities, then rushed to the nearby snack street.

Arriving at the entrance of the shop that Song Nuan liked, Lin Ran ordered something to eat straight away, while asking the boss to make several copies to take back with him.

But just when he was eating, suddenly there was a commotion not far away.

Lin Ran was not interested in the commotion and continued to eat his meal.

But while he wasn’t interested, the commotion seemed to be interested in him, and it was surging towards him.

Soon he saw a group of people arrive near him and surround a nearby table of customers.

.....

“Who are you?”

Chen Xi and He Guang were eating and were a little alarmed to see that a group of people had suddenly surrounded them.

“Don’t be afraid, I’m here!”

He Guang, a hero at this moment, stood up directly and looked at these people and said angrily.

“You? What are you doing! Now it’s!”

“But your master!”

He Guang didn’t finish his sentence, at once the leading youth directly slapped He Guang on the head.

“A crisp slap resounded through the sky, while He Guang’s entire body directly fell to the ground, covering his face in pain and almost crying.

“Python, stop it!”

A strong voice rang out, followed by an obese youth who then walked out from behind the crowd.

The leading youth was respectful and said.

“Brother Hu, the man is right here!”

“Hmm!”

The youth was none other than General Manager Hu, whom Lin Ran had met only in the afternoon, he just didn’t expect all three to be gathered here at this moment.

“Who are you and what gives you the right to beat people up!”

Chen Xi busily stood up and looked at Chief Hu and questioned.

“You don’t know who I am, the one who beat him up is my man named Python! Why do you want to get to know him?”

Mr. Hu laughed.

“Get to know me? I prefer to get to know each other together!”

Python laughed and licked his lips at the same time, scaring Chen Xi into hastily tightening her clothes.

Chen Xi was twenty-five years old, and although she had been in society for so many years, it was because of this that her clothes were more pleasing to these people like Mr. Hu.

She was pretty and dressed sensually with a touch of sexiness, I’m afraid there weren’t many men who didn’t like it.

“Who the hell are you guys?”

Chen Xi suppressed the fear in her heart and questioned.

“Who do you think I am? We were supposed to be friends, but just because of your arrogance, you made me eat such a big defeat, and you still ask me who I am? Who was it that made an appointment with you to design the villa the other day!”

Mr Hu said in a cold voice.

“You It’s you!”

Chen Xi instantly understood, it was because this General Manager Hu had missed his appointment before that she had gotten angry and switched to Lin Ran.

Unexpectedly, today she had just bucked Lin Ran off, but this Chief Hu was the one who had found the door again.

“That’s right, it’s me!”

Chief Hu laughed.

“What do you want!”

Chen Xi was a little worried, with this gesture from the other party, it was obvious that he wasn’t something to be messed with.

“What for? No, take you to design a villa for me, and don’t come back until you’ve finished designing it!”

Mr. Hu sneered.

“You!”

Chen Xi immediately felt a chill down her back, she had said that it was good to go and design a villa, but designing a villa was not a day or two thing, who knew if this guy would do something nasty to himself in the middle.

If you go there, I’m afraid your innocence will not be preserved.

“Chen Xi don’t be afraid, I’m here! With me won’t let them”

At this time He Guang got up from the ground again and was just about to say a couple of words to reflect his manhood.

But the words were only half spoken when the nearby He Anaconda instantly gave another kick, directly sending He Guang flying out.

“You guys!”

He Guang ran over with the severe pain in his body and before he could say anything, Hu was laughing.

“Aiyo, who did I think it was, isn’t this He Guang! Why this is your girlfriend!”

“Hu Mr. Hu!”

Seeing General Hu clearly, He Guang immediately smiled.

“Hu Mr. Hu, give me face, let’s discuss this matter, okay?”

“Give you face? What the fuck are you, a referee who blows a black whistle, and you want face from me?”

Mr Hu laughed.

And with his words, he immediately heard Chen Xi’s face change, she didn’t believe what Lin Ran said before, but now someone else actually said it too.

“What are you doing, Mr Hu!”

He Guang’s face was ugly and he didn’t know what to say.

“What for? Why do you dare not let others say it? Have you run out of money from the last time you were given a black whistle? If you run out of money, ask Mr. Hu, I’ll give you more!”

Chief Hu laughed to.

“He Guang you!”

Chen Xi listened to gnash her teeth, dare to say that in the end she was really blind, actually be He Guang cheated for so long, Lin Ran also said before but how did she get carried away at that time, actually did not listen to it.

“Mr. Hu, Xiao Xi is my girlfriend, can you please spare her?”

He Guang begged.

“Spare her? Just you? Try kneeling down for me and see if I will spare her!”

Mr. Hu sneered.

“Mr. Hu, you’re

He Guang hesitated.

“If you don’t want to be beaten up, get lost, or you will be beaten up together!”

Chief Hu said in a cold voice.

He Guang heard the whole body shudder, looked at Chen Xi and then look at Mr. Hu, finally a clenched teeth actually turned and ran.

“He Guang! You bastard!”

Chen Xi’s heart was completely cold, if she still had a trace of illusion about He Guang before, but now this last trace of hope was completely dashed.

“Chen Xi, don’t blame me, each of you will fly away when the disaster comes, take care of yourself!”

He Guang dropped a sentence, and immediately ran away without a trace.

At this time, Chen Xi’s heart had already regretted to the extreme, why didn’t she listen to Lin Ran’s words in the afternoon, if she had listened she wouldn’t be in such a situation now.

Chapter 914

“Little beauty, do you have any more helpers? If you don’t, then be a good boy and come back with me, don’t worry, I know how to pity a beautiful woman!”

Hu looked at Chen Xi and smiled, his eyes even more radiant.

Hu had a fat head and big ears, and at that moment he had his hands on his shoulders, a fat face poking out like a pig’s head, and just looking at it made her feel sick to her stomach.

“Get lost!”

Disgusted, Chen Xi hit Hu on the head with her bag and took the opportunity to turn around and run.

However, she ran so fast that she didn't even see what was behind her, and just as she turned around she tripped over a stool and fell straight to the ground with her whole body.

“Stinking bitch! You run, aren't you very capable of running?”

Hu laughed at this.

“Quite strong, but I like strong ones, haha!”

Hu said with a wave of his hand, and the python next to him immediately surrounded Chen Xi with a few of his minions.

“Help! Help!”

Chen Xi was so frightened that she cried out for help, but at this moment, no one dared to care, this python was not a good fighter at first glance.

Besides, if your boyfriend had left you alone, who would come out to get involved in this mess?

“Hmm?”

Suddenly, in her haste, Chen Xi seemed to see a familiar figure, she was busy fixing her eyes on it, and a glimmer of hope flooded her eyes.

“Lin Ran! Lin Ran help me!”

“Who is it? Who's shouting for me?”

Lin Ran was in the middle of eating, when he heard someone shouting for him, he immediately looked up, only to find Chen Xi sitting on the ground in front of him, with a terrified look on her face.

“Huh, if it isn't the great designer Chen, why are you sitting on the floor? Are you looking for design inspiration?”

Lin Ran was in a serious mood.

“What design inspiration are you looking for, help me!”

Chen Xi almost didn't die of anger and was busy shouting.

“Save you? Where's your boyfriend?”

Lin Ran laughed, while barfing into his mouth twice more, not having the slightest intention of getting up.

“Don't mention him, will you save or not!”

Chen Xi got anxious and shouted.

“Save?”

Lin Ran felt funny, didn't he say he wasn't a good person in the afternoon, how come he wanted to save himself in the evening.

When he looked up, he found that the leading python had already brought his men close, Lin Ran couldn't help but frown slightly and was just about to speak when Hu behind him saw Lin Ran as well.

"Kid! It's you! It's really an injustice!"

"O? Isn't this Mr. Hu? How come you're here to play, do you want me to treat you to dinner?"

Lin Ran laughed.

Chen Xi smiled but her heart was cold, people had already said that they were narrow-minded, this guy actually wanted to invite people to dinner, wasn't this an obvious admission of weakness.

"Invite me for dinner? There is no need for that, do you still want to care about my affairs?"

Hu said in a cold voice.

"Why should I care, it's not like it has anything to do with me!"

Lin Ran laughed.

"Lin Ran you! Are you still a man!"

Chen Xi almost didn't pass out from anger at her words, what was wrong with her today, first she was abandoned by her own boyfriend, now she could hardly find someone she knew, but it turned out that he was still unwilling to save her, was she that unpleasant to be around?

"My woman has to say whether I am a man or not, you are not my woman!"

Lin Ran said indifferently.

He was no saint, he had already reminded Chen Xi this afternoon, the key was that this ninny didn't believe it herself, so there was nothing he could do about it.

"You!"

Chen Xi was so angry that she gritted her teeth, her heart had completely cooled.

"Kid! Count your wits, sit honestly for me regardless, or I'll make you eat your words!"

Chief Hu said in a cold voice.

Lin Ran didn't bother to pay any attention to him and ate his meal by himself.

And Python, who was watching from the side, saw this and laughed.

"Brother Hu, what's there to say to a wimp like him, dare to interfere and I'll have my brothers scrap him!"

"Hm! Do it!"

Brother Hu said in a cold voice, Lin Ran always gave him a bad feeling, seeing him here at this moment, he couldn't help but feel a little worried in his heart, it was most important to take Chen Xi away in a quick battle.

"Brothers do it!"

Python greeted, and with a few of his men, he walked towards Chen Xi.

"You Don't you come any closer! What do you want!"

Chen Xi was so frightened at this point that her eyes were flooded with tears, and her entire body was terrified to the extreme.

"What for? You said what for! You are really miserable, your boyfriend left you behind, and you met an acquaintance who is still a loser, I see who else can save you this time!"

With that, Python had already reached the front and grabbed Chen Xi's body with his two salty hands.

"Ah!"

Chen Xi's whole body was already jumping to the extreme, I was afraid that if she continued like this, she wouldn't be able to carry herself before the python took her away.

However, at that moment, there was a "whoosh" sound, followed by a black shadow flashing past and hitting the back of the python's hand with a "pop".

"Ah!"

The python shrieked miserably and curled up in a heap, the pain on the back of his hand causing his face to turn pale.

"Who!"

Python said angrily as he endured the severe pain, the men next to him already looking at Lin Ran.

"Your grandfather me!"

Lin Ran slowly got up, holding another chopstick in his hand.

"Kid! You!"

Python was so angry that his face turned blue, he wanted to rush straight over and beat Lin Ran up violently.

"What does it have to do with me if you catch beautiful women, opening your mouth and shutting it up like a wimp, are you so hung up?"

Lin Ran looked at Python and sneered.

"I didn't want to get involved in this, but your words are upsetting me!"

"You're fucking looking for death!"

When Python heard this, he became furious and grabbed the beer bottle on the table and lunged at Lin Ran.

Seeing this, his men also grabbed beer bottles and lunged at Lin Ran.

“This kid!”

Chief Hu frowned at Lin Ran, but did not say anything at this moment, he also wanted to see how much Lin Ran was capable of.

As for Chen Xi, a female was just a female, he really didn't believe that she could run away from his palm.

As he was thinking in his mind, the python in front of him had already led his men to surround Lin Ran.

There were seven or eight of them, while Lin Ran was only by himself.

“Go! Waste him for me!”

With a greeting from Python, seven or eight of his men immediately pounced towards Lin Ran, and the scene immediately became a chaotic mess.

On the other hand, Chen Xi hurriedly got up and hid in a corner, at the last moment Lin Ran really stepped in and made her very grateful, and at this moment she did not choose to leave straight away.

Both Chen Xi and Hu were watching from afar, but gradually both of their faces changed.

Chen Xi's was full of surprise, while Hu's was shock.

He only saw that among the seven or eight people surrounding Lin Ran in front of him, a miserable scream was actually emitted, followed by one of his men falling to the ground and rolling around in pain.

“Ah!”

Another miserable scream, and soon another henchman fell down.

Before and after, in absolutely no more than a minute's time, Python, who had brought along seven or eight of his men, was now left standing only by himself, while all of his men were already on the ground.

“Goo dong!”

Python couldn't help but gulp, looking at Lin Ran with some trepidation.

“Watch your mouth next time, cursing when you don't want to care? What capital do you have!”

Lin Ran said in a cold voice, followed by a slap directly on Python's face, and immediately the latter flew backwards and smashed heavily in front of Hu not far away.

“Mr. Hu, let's have a long day ahead of us!”

Lin Ran laughed, before picking up the meal he had packed and turning around to leave.

“That's so handsome!”

On the side, Chen Xi was already looking completely dumbfounded with peach blossoms in her eyes.

Suddenly Lin Ran disappeared from her sight, she woke up and looked at Hu and Python next to her. While running, she also shouted.

“Lin Ran wait for me, we can discuss our matters later!”

Chapter 915

“Hey, hey! Wait for me, why are you walking so fast!”

Chen Xi jogged all the way and finally caught up with Lin Ran outside the snack street.

Lin Ran put the meal he had packed for Song Nuan into the car and turned his head to look at Chen Xi.

“Is there anything else for big designer Chen?”

“Hey! Can you not put a sting in your words, I apologise to you still, I was too stupid this afternoon, plus thank you for saving me tonight!”

Chen Xi said embarrassed.

“Apology is not necessary,? And I didn’t mean to save you, I simply couldn’t stand seeing them scold me, that’s all!”

Lin Ran said indifferently.

Chen Xi stomped her foot at his words and said angrily.

“Hey! Are you a man or not, so small-minded, I’ve taken the initiative to apologize to you and you still want something else!”

“Besides, I didn’t know, if I knew He Guang was this kind of person, I wouldn’t have”

Chen Xi said here eyes also a little red, tonight He Guang is really hurt her heart, fortunately Lin Ran appeared, otherwise what will end up really dare not think.

“If you knew what He Guang was, I wouldn’t have said anything, anyway I told you, it’s you who don’t believe then I can’t help it!”

Lin Ran said indifferently, while opening the car door and preparing to go up.

“Hey hey! Where are you going!”

Chen Xi saw this and became anxious.

“I’m going home, it’s so late, why not?”

Lin Ran said helplessly.

“You can’t go!”

Chen Xi immediately panicked and hurriedly went forward to pull Lin Ran.

“Hey! What do you want? You can’t wreak havoc on other people’s youngsters when you’ve just fallen out of love!”

Lin Ran was busy taking two steps back, just like defending herself against a pervert.

“You!”

Chen Xi was so angry that her pretty face turned red and she whispered.

“I’m scared, you’re sending me home, they’re nearby, what if they come looking for me again after you’ve left!”

“Does it matter to me?”

Lin Ran said indifferently.

“You! How can you be like this!”

Chen Xi’s eyes turned red in anger and she directly let go of Lin Ran’s hand, huffing and puffing.

“You’re not really a man, huh! No need for you to care!”

With that, Chen Xi turned around and walked away, crying out as she did so, the scene was truly heartbreaking, knowing that Chen Xi was also very pretty.

“Ah! All right, all right, I’ll see you off!”

Lin Ran was completely helpless, he couldn’t see women crying, Chen Xi was completely cast to this cry.

“Really! Then let’s go!”

As soon as Lin Ran’s words fell, Chen Xi smiled and turned around and went straight to the car, where there were half tears on her face.

“I

Lin Ran wanted to cry, he had dared to fall for this again.

“Where is home?”

Lin Ran helpless, directly into the car asked.

“It’s near the stadium, it’s a fifteen minute drive!”

Chen Xi laughed, her tense heart only relaxed when she got into the car at this point.

“Hmm!”

Lin Ran helplessly returned a cry and followed, then drove off.

“Hey! Are you mute, you didn’t even say a word all the way!”

Seeing that Lin Ran was only driving and not speaking, Chen Xi said with some embarrassment.

“Say what?”

Lin Ran was stunned, he didn’t know you well enough to say anything, and he had enough women around him now, he didn’t want to attract others.

“Just a casual chat!”

Chen Xi said as she turned on the heating.

“Are you crazy? Turning on the heating on such a hot day?”

Lin Ran was speechless and instantly turned the heating off.

“Huh? I wanted to turn off the heating, don’t you think it’s hot in the car?”

Chen Xi wondered.

Lin Ran was stunned at his words and said.

“The heat wasn’t on in the car just now, not even the cold air!”

“Then I”

Chen Xi was also stunned, she was feeling particularly hot at the moment.

Lin Ran was busy turning his head to look, and with just one glance his heart lifted.

“Why is your face so red!”

“I don’t know, I just felt so hot that I wanted to take off my clothes! You don’t mind right!”

Chen Xi said as she had actually taken off her jacket.

She had a good figure, but her clothes were usually a bit sensual, but at this moment, once her jacket was off, her perfect figure was immediately revealed, and her originally sensual style suddenly became sexy.

Lin Ran only looked at it for a second.

“Hey Can you put it on, I can’t even concentrate on driving!”

Lin Ran was busy turning his head helplessly.

But this head was turned away, at this time it was all black night outside, the car window directly reflected Chen Xi inside the car, it was hard for him not to look.

“Hey hey! What are you doing!”

Lin Ran saw that Chen Xi was actually taking off her shoes, and was instantly anxious.

“I’m so hot!”

Chen Xi’s pretty face was flushed red at this point, and she was already slightly unable to open her eyes as she leaned back in the chair, her hands clutching about, already ripping off one of the straps of the dress on her body.

“Oh my god!”

Lin Ran was completely tensed up and hurriedly parked the car aside, pressing down the distractions in his mind and turning his head to check for Chen Xi, his entire body was dumbfounded at this check.

“You! How did you”

Lin Ran quickly sent a true qi into Chen Xi’s body, and only then did this ninny’s consciousness slightly clear up.

“I I’m so hot!”

Chen Xi said uncomfortably.

“It’s ghostly if you’re not hot, what kind of aphrodisiac are you taking for nothing!”

Lin Ran said helplessly.

“I’m sick of eating aphrodisiacs myself, yeah! How could I take aphrodisiacs!”

Chen Xi suddenly woke up, suddenly remembering that He Guang had given himself a drink he hadn’t seen before.

“It’s He Guang, it must be him! That bastard actually drugged me!”

Chen Xi’s eyes instantly turned red, she and He Guang had only been officially dating for three days and had only been pulling hands, where did she think that this guy would actually drug himself.

“I’ve temporarily suppressed the strength of the drug for you, now take you to the hospital!”

Lin Ran greeted.

It wasn’t that he couldn’t cure this drug, but he had to find a place to get acupuncture to do so, but this drug was too sensitive, one slip up would probably have to carry the reputation of being a rapist, so it would be better to take him to the hospital.

“A hospital? I’m not going to the hospital, if my friends and relatives find out about this, I might as well die!”

Chen Xi refused outright.

“You’ll die if you don’t go to the hospital!”

Lin Ran said helplessly.

“Can’t you cure it, you help me!”

Chen Xi looked at Lin Ran with a prayer in her eyes.

“I’m really convinced!”

Lin Ran was helpless and instantly started the car again, asking at the same time.

“Where is home!”

“Sancai neighborhood! If it’s in my pocket”

Chen Xi said in a daze, the medical dao true qi weakened at this time the effect of the medicine came back up.

And as the effect of the medicine became stronger and stronger, Chen Xi soon lost consciousness, the whole person became muddled, she only felt very hot constantly pulling the clothes on her body.

Soon, tugging at her clothes couldn't slow down the heat in her heart, and she began to grab towards Lin Ran.

"What kind of sin have I created!"

Lin Ran wanted to cry, it was so hard for him to drive seriously while still trying to avoid Chen Xi's salty hands as much as possible.

Five minutes later, when the car stopped at the entrance of the Sancai district, Chen Xi's whole body had almost fallen into Lin Ran's arms, fortunately this girl didn't wear lipstick, otherwise I'm afraid Lin Ran's body would have been covered in lip prints.

"Big sister, stop it!"

Lin Ran was so helpless that he pulled Chen Xi out of the car and picked her up and ran towards home.

Just as he entered the neighborhood, he saw the strange glances from the security guards, Lin Ran was blushing, helplessly shouted at the other party.

"What are you looking at, you've never seen a girl before!"

Chapter 916

Under the strange gaze of the security guard, Lin Ran finally carried Chen Xi to her place.

But when he reached the door, touching the key made Lin Ran a little embarrassed.

Chen Xi was wearing a dress, with a jacket on top of the dress, and the jacket was pinned underneath her, so she had to move Chen Xi out of the way if she wanted to touch the keys.

Lin Ran had no choice but to grit his teeth and fumble with the keys, but he was also red in the face and could not hold on to them any longer.

I was afraid that even a man would not be able to hold on to a beautiful woman in the middle of the night, at the doorstep of someone else's house, and she was so active.

The door opened and Lin Ran ran in carrying Chen Xi, then turned on the lights and threw Chen Xi onto the bed.

This is a community somewhat similar to a villa, but in fact is not a villa, but the earliest planning and construction of a group of communities, but also an exclusive single courtyard looks somewhat like a villa, but in fact is the earliest old community.

But Chen Xi's house was quite well decorated, it should have been installed in the last few years, and it looked like she was the only one living here on weekdays, as there was not even a bit of spices and other household items in the kitchen.

"Sister, don't creep up on me, you're not becoming a new seducer of virtuous young men!"

Lin Ran had a bitter look on his face as he pressed Chen Xi onto the bed, as soon as he let go of his hand, this nee-san would burrow into his arms.

“Go!”

Lin Ran quickly sent a stream of True Qi into Chen Xi’s body, barely suppressing the effects of the medicine in her body, but the Medical Dao True Qi couldn’t last for long.

Having no choice, Lin Ran had to quickly take out the silver needles, turn this nee-san’s back upwards and pray with her hands together.

“Heavenly spirits, earthly spirits, God is above, today I can do it for her, I can’t really be blamed for this!”

With that said, Lin Ran directly untied Chen Xi’s dress, revealing her back.

“Pfft!”

He was already about to hold on to his limit after this journey.

He hurriedly fished out toilet paper and stuffed his nose, before Lin Ran quickly took out the silver needles and started to drop them on Chen Xi.

At first, Chen Xi was still a bit resistant, but gradually, as the acupuncture started to take effect, she gradually quieted down and stopped fussing around.

Lin Ran let all the silver needles fall, and then started to withdraw them again. The effect of this medicine was already being discharged at the same time as the needles were dropped, so if he didn’t start withdrawing the needles directly, Chen Xi would definitely wake up in pain when the medicine had worn off.

Drop the needle once, collect the needle once, when all this is done,? It was already half an hour later.

Lin Ran was tired and sweaty, mainly because he was tired even if he was.

“I’m so hard!”

Put away the silver needles, Lin Ran directly a roll over also lay down on the bed, this way over to now he is also tired half dead.

Closing his eyes and taking a few deep breaths, Lin Jean that adjusted his mind and prepared to get up and leave.

But at that moment, he suddenly felt a gust of wind blowing past him, followed by the sensation of someone pressing against him.

He was just about to open his eyes when suddenly a soft sensation came over his mouth and he He was actually being kissed by someone.

Lin Ran was so frightened that he jerked open his eyes, and as expected, what appeared in front of him was none other than Chen Xi’s pretty, pretty face, who was now kissing deeply with her eyes closed.

“Big sister, what are you doing!”

The two of them were so frightened that they hurriedly pushed Chen Xi away, but Chen Xi was reporting very tightly, opening her eyes to look at Lin Ran and saying with affection.

“This way over, although my body is not under control, but I have seen it all, you are a good person, I like you! If it’s hard for you I’ll do it! No need to restrain yourself!”

With these words of Chen Xi’s, Lin Ran was about to tense up.

He was young, bloodthirsty, and suppressed for half a day, only to have the other party come up with the phrase I’m willing, who could stand it!

“I actually

Lin Ran just wanted to explain, but before he could finish his words, he was interrupted by Chen Xi.

“Stop it, kiss me!”

With that, Chen Xi kissed again, and this time Lin Ran was not at all defensive and was directly attacked.

Luckily he kept his wits about him and hurriedly pushed Chen Xi away, rolled over and jumped off the bed, enlightening this chest saying.

“Don’t Don’t do this, I have a girlfriend, grab the effect, goodbye!”

Hastily finished, Lin Ran turned his head and ran out.

“Bang.”

Hearing the sound of Lin Ran locking the door, Chen Xi suddenly felt an empty nagging feeling in her heart, she was like this, this guy actually

“Humph! Stinky man, mouth says no, just now also bite my tongue!”

“If I had known, I wouldn’t have let him help me with the poison, I would have just done him while the medicine was strong!”

Chen Xi had some regrets in her heart.

Although she was only twenty-five years old, she longed to have a relationship, and for so many years she had been afraid to roll around longing to start a family.

But a good man is not easy to find, the first time she tried to make friends, originally thought she had found true love, but who knew that He Guang was that kind of person, this time plucked up the courage to take the initiative, did not expect to still be Lin Ran to run away.

“Forget it, when the effect is done this guy still has to come over, there are plenty of opportunities later!”

Chen Xi stopped dwelling on it after she phased it out and went straight to sleep.

Lin Ran, on the other hand, went back to his car, wearing rough air all the way.

“Luckily! Luckily it was under control in the end, otherwise I’d really be sorry for Xiao Nuan and the girls!”

Looking at the meal sitting on the passenger side, Lin Ran felt a little sorry for Song Nuan, he already had enough women around him, he really didn't want to be attracting others, the reputation of being a philandering carrot was something he really didn't like.

Moreover, in the end he really didn't have any feelings for Chen Xi either, right now he only wanted to focus on improving his strength and finding Wang Kun as soon as possible.

"I hope she doesn't misunderstand what just happened, she was the one who first , I was trying to get out of it Oops forget it!"

Lin Ran shook his head and immediately drove back towards the village.

After such a fuss, it was already ten o'clock in the evening when he returned to the village, his grandmother couldn't wait for himself and had already cooked and eaten, only Song Nuan was still waiting for him.

"Hey! What the hell, you're back at ten o'clock, you want to starve me to death!"

Seeing that Lin Ran had finally returned, Song Nuan said in no good humour.

"I was delayed by something, hurry up and eat!"

Lin Ran awkwardly handed the food to Song Nuan and then ran back to his room.

"What's with this guy?"

Song Nuan was stunned, and then smelled a strange aroma.

"This guy wouldn't have gone to cheat on his wife, would he!"

Song Nuan frowned, but it was obvious that she couldn't ask anything at this point, so she pretended that she didn't know and ate her meal first, then went back to her room.

Only at eleven o'clock at night, after she felt that Lin Ran had already gone to bed, did she cautiously get up and feel her way to Lin Ran's room.

The two of them lived next to each other, and Lin Ran used to leave his room unlocked at night so that he could come out at the first opportunity if something unexpected happened.

And Song Nuan just wanted to take advantage of this guy's sleep to see if she could get some words.

However, this was simply impossible for Lin Ran, right? With Lin Ran's keen sixth sense, the moment Song Nuan opened the door to his room and entered, Lin Ran was already awake.

"What does this ninny want? Touching my room in the middle of the night, could it be that she wants to open it too?"

Lin Ran's heart twitched and he couldn't help but feel some anticipation.

Chapter 917

Song Nuan quickly felt her way into the room and closed the door with her hand, but followed it with no movement at all.

She then sat on the stool next to Lin Ran's bed, seemingly waiting for something.

"Why isn't this guy talking in his sleep yet!"

Song Nuan was a little helpless, she was reading a book that said when a person was talking in his sleep, if someone picked him up he could keep talking, but if Lin Ran didn't talk, then how could she pick up.

"What's this ninny doing?"

Lin Ran, who was lying on the bed, was also puzzled, he thought Song Nuan couldn't resist looking for him for that, but then this nee-san sat on the edge of the bed and didn't move, what was she doing? What was she doing? Keeping watch for herself?

Thinking of this, Lin Ran suddenly thought of something and pretended to be sleeping and hysterical, muttering to himself.

"Hmm! You're here!"

"Huh?"

Song Nuan was startled at the words, thinking that Lin Ran had woken up and seen herself, but when she saw that Lin Ran had only turned around without looking in her direction, she was relieved.

"Finally, he's talking!"

Song Nuan's heart twitched, knowing that the opportunity had come, and immediately whispered.

"Who did you spend time with tonight?"

"Hmm?"

Lin Ran was stunned at his words, daring to think that this nee-san was really here to set his words.

Thinking of this, Lin Ran instantly came to attention, he didn't want to lie to Song Nuan, so he just told the truth.

"Designer Chen Xi, she was given an aphrodisiac by her boyfriend and I went to help detoxify her!"

"Aphrodisiacs? Detoxification? Did something happen to you?"

Song Nuan asked, her hands already clasped together, if Lin Ran had really happened with that so-called designer, how would she change to face Lin Ran ah.

At this time Lin Ran also pinched a sweat, he just want to take this opportunity to make things clear, also avoid the embarrassment of saying it directly, also save Song Nuan later know he is also embarrassed.

"She wanted to, but I refused!"

Lin Ran said.

"You refused? You would refuse?"

Song Nuan was so angry that she gritted her teeth, she didn't believe that Lin Ran would refuse.

"I really refused, so I came back!"

Lin Ran continued.

“Then why did you refuse, was it because she wasn’t pretty?”

Song Nuan was undeterred and continued to ask.

“No. She’s beautiful!”

Lin Ran said.

“Then why did you refuse?”

Song Nuan’s heart sank as she pursued the question.

“Because I can’t have sex with her, so I must refuse!”

“What do you mean?”

Song Nuan didn’t understand.

Lin Ran was quiet for a moment and said.

“It’s Song Nuan I like, so I can’t do that with her, otherwise I’d be too sorry for Song Nuan and the others!”

“Hmm?”

Song Nuan was stunned at his words, then looked at Lin Ran, this answer was too seamless, if Lin Ran wasn’t still lying on his side on the bed at this moment, Song Nuan was afraid that she really thought that this guy had woken up and said that on purpose.

“Is that really what you think?”

Song Nuan asked, looking at Lin Ran.

“Of course!”

Lin Ran said firmly, while rolling over and turning towards Song Nuan, though his eyes were still closed.

Song Nuan’s heart warmed at the sight and she dared to move a little, this guy was so warm even talking in his sleep, I’m afraid he really cared about himself.

“Thanks!”

Song Nuan couldn’t help but smile, while getting up and preparing to leave.

At this moment, the moonlight from outside spilled in, shining on Lin Ran’s face, that clear face looked extraordinarily charming.

Song Nuan couldn’t help but look at the two of them more, and then actually bent down gently and gave Lin Ran a kiss on his forehead.

“Idiot, I like you too!”

After saying that, Song Nuan was about to leave.

But at that moment, Lin Ran suddenly stretched out his two arms and directly swept Song Nuan into his arms.

At that moment, all four eyes met, and the entire room fell silent.

“You!”

Seeing that Lin Ran had actually opened his eyes, Song Nuan’s pretty face instantly turned red, daring to think that Lin Ran was awake for all the conversation he had just had.

“You bastard! How dare you lie to me!”

Song Nuan’s pretty face turned red and she was about to struggle up at once.

“Don’t move!”

Lin Ran hugged Song Nuan tightly and said seriously.

“It’s true that I’m sober, but I didn’t lie to you with every word!”

“You!”

Song Nuan was stunned and a little embarrassed.

And Lin Ran slowly moved closer to send Nuan’s cheek, wanting to kiss it.

“You What do you want!”

Song Nuan’s pretty face flushed, a little embarrassed.

“You’ve kissed me, so of course I have to return it!”

Lin Ran was a serious man.

“Shame on you!”

Song Nuan’s pretty face turned even redder, how could she, a girl, stand being alone in the same room at this moment?

“Hey! It’s fine for you to kiss me, how come I’m shameless for kissing you!”

Lin Ran was helpless to.

“Just shameless!”

Song Nuan’s pretty face turned red and she struggled to get up.

However, Lin Ran was not afraid of boiling water, so he just hugged Song Nuan and played rascally.

“Then I don’t care, shameless is shameless, who told you to kiss me first, I must kiss you back!”

With that Lin Ran forced a kiss on Song Nuan’s forehead.

This caused Song Nuan’s pretty face to instantly turn even redder.

The two of them looked at each other for a while without speaking.

Lin Ran looked at Song Nuan with deep love in his eyes, and gradually he moved closer towards Song Nuan's cheek.

"Mmm!"

In an instant, the two kissed together, and the feeling made both of them a little intoxicated.

Perhaps it was only a pleasure to kiss the person you liked, and Lin Ran was enjoying it immensely at this moment.

Neither of them spoke, kissing quietly, as if they wanted to release all their love for each other.

Suddenly, Lin Ran lifted Song Nuan up and pulled her straight to the bed.

Song Nuan was startled and hurriedly broke away from Lin Ran, shyly saying.

"Don't do that, it won't work!"

"Why not?"

Lin Ran was stunned and said busily.

"I can!"

"I know, but not under these conditions now!"

Song Nuan said busily.

"Conditions?"

Lin Ran was stunned, did this nee-san dislike the conditions of her room?

"We can't just find a hotel now!"

Lin Ran said helplessly.

"What are you thinking, I mean grandma is right next door, she'll hear you!"

Song Nuan's pretty face reddened and she was a little unable to say anything else.

Lin Ran, however, laughed and whispered.

"Don't worry, she won't be able to hear us if we keep the noise down!"

"Don't, how embarrassing would it be if we were overheard!"

Song Nuan said and was about to get up.

Lin Ran had no choice but to hold Song Nuan tightly in his arms again and kissed her.

Song Nuan did not resist, and the two of them lingered for a while before Lin Ran was satisfied and let go of Song Nuan, saying helplessly.

"Alright, go back!"

"Mmm!"

Song Nuan's pretty face flushed red as she busily got up and prepared to leave.

But just as she reached the door, she felt that something was wrong, she had clearly come to question Lin Ran, how could she end up being taken advantage of by this guy instead, and she wasn't even angry at all.

He had been with another woman for half a day, and had given her an antidote to poison, and an aphrodisiac, shouldn't he be the one to admit his mistake?

Thinking in her mind, Song Nuan turned her head and looked at Lin Ran.

Seeing this, Lin Ran not only laughed.

"What? Don't want to leave?"

"You!"

Song Nuan's pretty face flushed and she immediately ran out of the room, while dropping a remark.

"Stinking rogue! Just taking advantage of me!"

Lin Ran sniffed helplessly, lying on the bed and muttering to himself.

"Say it as if you didn't take advantage of me, other women don't even give me a chance if they want to, so you just enjoy it through and through!"

After saying that, Lin Ran himself also laughed.

But thinking about the fact that he will be single for thirty years soon, he felt helpless when he thought about the fact that he was still an untouched man.

The more you think about it, the more bitter you feel in your heart, obviously surrounded by beautiful women.

Chapter 918

The next morning, Lin Ran called Xiao Zhang early, saying that he did not need to change the designer, and that the feud between him and Chen Xi was already understood.

Zhang was helpless, but he had also received a call from Chen Xi, and could only smile helplessly at this. Sometimes things are so ridiculous that the application form for replacing the designer was written yesterday, but the next day it was no longer needed.

But that was fine with him, they were both willing to do it anyway, so what could he say.

Everything is still as agreed, we'll see the design in a month's time and if we're happy with it, we'll sign the contract and start work.

Everything was going according to schedule here, and Lin Ran was beginning to plan to find a time to talk to the villagers about this matter.

After all, the renovation of the house was not something Lin Ran could decide alone. In the end, everyone's opinion had to be sought, and only when everyone was satisfied could the project be officially started.

After breakfast, the two discussed the policy on the roof of the house.

"According to what I have learned so far, the town has subsidies for all new rural renovations, which means that our village houses can be subsidized if they are modified according to the unified logo. I roughly calculated that according to the subsidies plus the income from our cooperative's herbs, we can cover at least eighty percent of the cost, while the villagers only need to pay twenty percent!"

Song Nuan said.

"Very good!"

Lin Ran nodded at his words.

If this was really the case, then it was undoubtedly good news, what the villagers feared the most was being poor.

It was hard to bring the villagers to turn the money for two months, the big guys had tens of thousands of dollars in their hands, but if it was spent in again because of the renovation of the house,? I am afraid that everyone will not be too happy.

And if with the policy and the cooperative's purple gold, the villagers only need to contribute twenty percent, then I'm afraid the big guys will be very happy.

"Let's call the big guys over for a meeting sometime!"

Lin Ran laughed.

"Mm!"

Song Nuan also nodded, this was indeed a good thing, but it was still necessary to talk to the villagers in advance.

The two of them were discussing the future of the village when suddenly there was a "bang" and the door to Lin Ran's house was pushed open by someone else, followed by Dalong who ran in anxiously and recklessly.

"Ranzi, it's not good! Something's happened!"

"What's wrong?"

Lin Ran frowned slightly, it had only been a month since he had easily stopped, but he didn't expect that something would happen again just after he got free today.

"It's from the White Family Village, they blocked the car sent by the herb market!"

Dalong said busily.

Lin Ran frowned slightly at his words, a little angry.

Last time, Boss Bai hit his own back mountain and tried to set it on fire when Old Yu ran into him, this time he actually started hitting the transport truck, this was really a case of not giving up until he reached the Yellow River.

“Let’s go!”

Lin Ran greeted, and immediately ran over with Dalong.

The village of Baigou was not far from Lin Jiawan, and as soon as they ran down the hill, they saw the car and a large group of people.

Lin Ran even heard Yingzi’s family Er Long’s shouts.

The two of them quickly rushed over, and Song Nuan didn’t stay idle either, running to the village and calling out to a group of villagers who then ran over.

As the saying goes, a father’s son is a soldier in a battle, and with this happening in the village, it was also a good opportunity to bring the villagers together, so naturally Song Nuan would not miss it.

“You balance not to let the car pass!”

Yingzi stood next to the stone and looked at Ah Hui and the others in front of him and asked in a cold voice.

“Are you blind yourself? Look at what the road has been crushed into under your feet!”

Ah Hui said in a cold voice, and Bai Cai next to him said even more disdainfully.

“You Linjiawan don’t care about the road for the sake of development, but don’t drag us down in Baigou Village either, will you? Our village still wants to make this road last for a few more years!”

“Nonsense, how many times has this truck run? How many times has this truck run? It’s obvious that you’ve done this on purpose!”

Stone said in a cold voice.

“We made it up? Do you have any proof?”

Bai Cai laughed.

“You!”

Shi was at a loss for words, if yo had evidence they wouldn’t be here to wrangle with each other, it would be more real to just call the police.

“If you don’t have evidence, don’t talk nonsense there, although we are neighboring villages, but if you talk nonsense, I will also sue you for slander!”

Bai Cai sneered.

“Woof woof!”

To the side, Er Long seemed to have heard Bai Cai’s words, and was so angry that he barked at him twice, with the intention of pouncing on him at any moment.

“Get lost! Where did that beast come from!”

Bai Cai was also startled and hurriedly took two steps backwards before he calmed down.

“Yes! Where did this beast come from that actually ploughed the road!”

Suddenly, a voice came over, and the crowd turned their heads to see who else it could be but Lin Ran.

“Lin Ran!”

“Ranzi!”

Yingzi and Shi both came over, and their hearts were put into their stomachs when they saw Lin Ran.

“You’re the driver?”

Lin Ran asked with a smile as he looked at a middle-aged man who was smoking on the side.

“Yes!”

The other man’s face was full of helplessness.

“Was this road like this when you came here?”

Lin Ran asked.

“No, it only became like this after the car passed!”

The other party said helplessly.

“Then! You all heard him, he himself said it was like this after the car had passed, it was obviously crushed by the car!”

Bai Cai said, laughing.

A Hui, who was at the side, also added.

“So from now on, no more cars will be allowed on this road, or we’ll be the first to say no!”

“This road belongs to you? What’s it to you? Stay where you are!”

Lin Ran said in a cold voice.

“You!”

Ah Hui was so angry that his face turned iron, he wanted to dislike him but didn’t dare, fighting they really couldn’t beat Lin Ran, so naturally they wouldn’t ask for trouble to fight him, as long as they could stop the development of their Lin Jiawan this time, their purpose would be achieved.

“You what you? I’ll find out about this matter, and until I do, you guys aren’t going anywhere!”

Lin Ran said indifferently.

“You’re restricting personal freedom, don’t forget that my father is the village head of Bai Gou Village!”

Bai Cai said in a cold voice, he really didn’t believe that Lin Ran dared to hold himself back from leaving.

“What’s wrong with the Bai Gou village chief? I’m still the village chief of Lin Jiawan eh!”

As soon as Bai Cai’s words fell, Song Nuan’s voice rang out from behind, while a large group of villagers directly came forward and surrounded Bai Cai and his men.

“If this matter is not clear today, it is useless even if your father comes!”

Song Nuan said in a cold voice.

First she had hit the back of the mountain, and now she was blocking the car from entering the village, this was obviously ready to block the development of Lin Jia Wan, how could she not be angry.

“You guys!”

Seeing so many villagers, Bai Cai and Ah Hui immediately panicked, they didn’t expect the people of Lin Jia Wan to be so united this time, they actually came with so many people, otherwise they wouldn’t have brought only seven or eight people over.

“Humph! Just investigate, who is afraid that you won’t be able to investigate!”

Bai Cai snorted coldly and didn’t bother with Lin Ran, but Ah Hui was vaguely nervous, biting his lips tightly.

Lin Ran gave the two of them a bland look before he set all his eyes on the damaged road and took a serious look at it.

This road was a freshly repaired tarmac road. When Lin Ran returned last time, it was still a gravel road, and the tarmac road should have been repaired after this year.

According to reason, a road that had just been repaired should not be broken so quickly, but at this moment, a gap did appear in the already not wide road.

It was just that the gaping break was obviously a little too neat, and there were still many marks on it from being bumped, which made people wonder a little.

Chapter 919

A few moments later, the two of them, Bai Cai Ah Hui, were a little impatient with waiting.

“Kid, have you found out after watching for half a day? We don’t have time to waste with you here!”

Bai Cai said disdainfully.

“That’s right, we are very busy in Baigou Village, just like you in Linjiawan, doing nothing every day?” Ah Hui echoed.

Lin Ran turned his head and gave the two a bland look and said, “The tools should be a hammer and a pry bar!”

“What hammer and crowbar?” Ah Hui’s face changed and he said in a cold voice.

“I don’t know, who knows what you’re talking about!” Bai Cai’s face was equally full of disdain.

“If I’m right, you guys used the hammer and crowbar to crack the road first, and then waited for the lorry to come over before crushing the road, am I right?”

Lin Ran looked at the two men with a bemused smile on his face.

“Ridiculous to the extreme, do you have any proof?” Bai Cai sneered.

“It’s you who has the proof?” Ah Hui also laughed.

In the current generation, everything was about evidence, it was useless to say more without it.

“You want evidence, right, fine!”

Lin Ran laughed, while turning his head towards the van on the side.

He had just noticed that there was a very shallow white mark on the ground, leading to the van next to it.

“Hey! What are you doing!”

Seeing Lin Ran walking towards his van, Bai Cai and Ah Hui immediately panicked, especially Bai Cai, this was the van he had just bought, if it was destroyed by Lin Ran again, then his old man would have to beat him to death.

“The tools are in the car, don’t you want to prove that it has nothing to do with you, open the door!”

Lin Ran said blandly.

“Bullshit, you can open it if you want, if I listen to you it will look like I’m weak-minded, I won’t open it!”

Bai Cai refused straight away.

“Don’t open it? Then you’re acquiescing?”

Lin Ran laughed.

“Bullshit, what does this have to do with me! Who are you to suspect that the stuff is in my car!”

Bai Cai said in a cold voice, starting to deny it to death.

“The stuff is in your car!”

Lin Ran said indifferently, while pointing to a not-so-obvious white mark under his foot and laughing.

“You used a crowbar and a hammer to crack the road, in the process there was white ash smashed out, you went back to put your tools and left footprints, in order to destroy the footprints so you rubbed this white mark all the way, am I right!”

“Besides, the fact that you’ve been refusing to open the van now is enough to show that you have a ghost in your heart!”

“You!”

Bai Cai’s face instantly changed, although what Lin Ran said was a bit off from the matter, it basically kind of matched.

“I just won’t open the car, if you don’t have any other evidence, I won’t accompany you!”

Bai Cai’s old face was crossed and he refused to admit his guilt, while turning around to leave.

“Stop! If you don’t open the van today, I’ll see where you can go!”

Song Nuan directly scolded beside him, and a group of villagers surrounded the van and Bai Cai directly.

“You guys!”

Bai Cai was so angry that he gritted his teeth, while Lin Ran, who was on the side, looked at him and turned his head to walk towards the van on his own.

“Humph! I won’t give the keys, let’s see what you do!”

Bai Cai thought to himself, as long as he didn’t give the keys, he wouldn’t be able to get any evidence, everything would be fine, but if he opened the van, I’m afraid he would really have nothing to say today.

Lin Ran came straight to the front of the van, looked at the car, the corners of his mouth showed a cold smile, this kind of car, without giving the key to try to stop him? It was simply a fool’s dream.

“Go!”

With Lin Ran’s current use of medical qi, it was easy to open a van.

“What are you doing? What are you doing?”

Suddenly, just as Lin Ran was about to open the door of the van, a familiar scolding sound suddenly came over, and when he turned his head to look, it was none other than Bai Gou Village’s Boss Bai who had come with him.

“Village Chief Song, you have surrounded my son and the villagers with so many people, what is the meaning of this? Do you want to blatantly stir up conflict between the two villages?”

Boss Bai looked at Song Nuan and scolded, then turned his head to look at Lin Ran and said in a cold voice.

“And you, what! Still want to forcibly take over other people’s finances in broad daylight?”

“Village Chief Bai, don’t talk so grandly, be careful of the nasty things your people below you do!”

Song Nuan said in a cold voice, while pointing to the damaged road to the side, and said in a cold voice.

“We suspect that this road was damaged by your son and his men, that’s why we didn’t let them go, as for the tools of the crime were in the van, don’t be so righteous where you are!”

“Suspect my son? And the tools of the crime?”

Boss White laughed at once.

“The road was obviously crushed by the big car, you don’t want to ask him for an explanation, but you still suspect my son, you are really stupid!”

With that, Boss Bai turned his head to the van and looked at Lin Ran with disdain in his eyes.

“Kid! I said you were a university student, did you open your head? It’s against the law to open someone’s things without their consent!”

“Boss Bai, do you know then? If the tools of the crime were really inside, your son would have broken a more serious law than me.

Lin Ran laughed.

“You!”

Boss Bai’s face sank and he said in a cold voice.

“Unknown, Bai Cai let’s go!”

He said he was going to take people away, he also worried, Lin Ran really special just bitten the tools in the car, if reported to the police pour time I’m afraid it’s not good to get out, the first priority or have to drive back first to hide the tools.

“Stand still! I said, if you don’t find out the truth today, don’t even think about leaving!”

Song Nuan said in a cold voice.

Bai Cai laughed when he saw this.

“I say you’re not so temperamental for a little girl, I’ll take my men away today, what can you do!”

“You try!”

Lin Ran, who was next to him, spoke up.

Boss Bai didn’t see Song Nuan in his eyes, how could Lin Ran see him in his eyes anymore.

“The evidence is in the car, do you think I can’t do anything if you don’t give me the key? God is watching, believe it or not the car door will open on its own with a thought from me?”

“Huh! Who the fuck do you think you are, the King of Heaven, and the car door will open by itself, not to mention that you can’t open yours, even if you open it there’s no evidence inside!”

Old man Bai laughed out loud.

“Father, I see the kid is a brain-damaged!”

Bai Cai also followed and laughed.

“And a thought and the car door opens, come on! You open it! You open it and show it to our Boss Bai! You’re such a stupid dick and you still have one thought, I think you have one thought”

Ah Hui sneered.

The back cover of the van opened up and a crowbar and hammer appeared in front of the crowd.

The boss and the others were stunned at the sight.

“Do you have anything to say now?”

Lin Ran looked at the three, his expression flat.

“You You actually dare to break into my car!”

Bai Cai instantly reacted, pointing at Lin Ran and cursing.

“Kid, talk about evidence, did you see me break into your car? Without evidence I’ll sue you for slander just the same, isn’t that what you said?”

Lin Ran laughed.

Bai Cai, however, was so angry that he gritted his teeth, not knowing how to argue.

Lin Ran pointed at the items of crime in the car and looked at Boss Bai.

“Man and stolen goods, do you still want to hold up for your son, Boss Bai?”

Chapter 920

“Don’t bullshit me here, how is it that people are caught with stolen goods just because there was a crowbar and a hammer in the car? Do you have any evidence to prove that my son did it?”

Boss Bai said disdainfully, he had seen a lot of big scenes, so naturally he couldn’t just admit to it just because Lin Ran had found the crowbar.

“No admission?”

Lin Ran laughed at this.

“The tools of the crime have been found, and you still don’t admit it!”

Song Nuan was furious, she had seen shameless people, but she had never seen such a shameless person.

“I still say, without direct proof that it’s my son, it’s useless!”

Boss Bai sneered.

The surrounding villagers all looked at Lin Ran, wondering what he would do.

Although he had found evidence, but the other party was dead set on denying it, then there was nothing he could do.

“Denying it, too good to be true!”

Lin Ran laughed, while smiling at Big Dragon who was at the side.

“Da Long, just call the police!”

“Call the police?”

Hearing Lin Ran’s words, not only Dalong, but even the villagers at the side were a bit puzzled, the police could solve it?

“It’s easy to find out who’s fingerprints are on this crowbar, besides

Lin Ran said, picking up one of the pry bars with the padding of his clothes and pointing to a white mark on it.

“There are even handprints on this, and the tip of the pry bar matches many of the gaping marks on the road, and now that these pry bars are on Bai Cai’s van, I think the police should be able to understand everything!”

Saying that, Lin Ran threw the crowbar back and took out his phone directly and handed it to Dalong.

“Since people won’t admit it, then call the police!”

“Good!”

Big Dragon nodded and was about to call the police at once.

“Wait!”

As expected, as soon as he saw that Big Dragon was ready to call the police, Boss White tensed up.

“What? Does Village Chief Bai still have a problem?”

Lin Ran looked at Elder Bai and smiled.

“Lin Ran, what exactly do you want!”

Boss Bai said in a cold voice.

“Is it what I want, or what you, Boss Bai, want?”

The two men laughed coldly.

“First you let people go up the mountain and set fires, and this time you let people destroy the road and cause trouble, does your Bai Gou Village have nothing better to do?”

“Humph!”

Boss Bai snorted coldly and didn’t say a word, knowing that he was in the wrong.

“Now you’re asking me what I want! That’s fine, then I’ll tell you!”

Lin Ran turned his head and pointed at the two of them, Bai Cai A Hui, on the side and said in a cold voice.

“It’s simple! Fix the road for me before it gets dark today, or else! You can just wait to go to the police station to fish for your son!”

“You!”

Bai Lao was so angry that he gritted his teeth, but there was nothing he could do, what else could he do when the police were involved.

He could still suppress it, but once the police were called, it would be out of his hands.

“Then we’ll build the road!”

Boss Bai gritted his teeth and said.

“Father! Are you kidding, how can I go and fix”

Bai Cai quit at once.

“Shut up!”

Boss Bai, however, glared at him and said in a cold voice.

“If you don’t want to repair the road then you can go and stay at the police station for two days, choose yourself!”

With that, Boss Bai turned around with his men and left, obviously not wanting to be in charge of things here anymore.

“Father! You can’t leave!”

Bai Cai was instantly anxious, but Bai Lao Lian didn’t even turn his head back, and went straight back to Bai Gou Village.

“I have to go too! I can’t stay either!”

Bai Cai was anxious and followed, also wanting to leave, however with a glance from Song Nuan, the villagers around them instantly surrounded the two of them directly.

“If you don’t fix the road today, then don’t even think about going!”

“You!”

Bai Cai was so angry that his face turned blue, but there was nothing he could do at all, even his own old man was not shutting himself down, what else could he do about this.

“Brother Bai, a good man won’t eat the loss in front of him, let’s fix it!”

Ah Hui said helplessly.

“Repair? How can we fix it? You know how to fix it!”

Bai Cai said helplessly, he was good at making him spend money, but making him fix the road, that was harder than killing him.

“I know a little bit, you can help me with it!”

Ah Hui said helplessly, things had come to this point, Boss Bai obviously didn’t care anymore, if he didn’t fix the road I’m afraid he would still be stuck here tomorrow.

“Dalong, take some villagers to guard here, pay the village out, the road must be repaired today!”

Lin Ran said.

“Don’t worry, leave it to me!”

Big Dragon assured.

Lin Ran then took a few villagers back to the village to fetch some tools, got the van out and went back to the village to load the herbs first.

On Lin Ran's side, everything went according to plan, while in Bai Gou village, Boss Bai went back to his office and lit a cigarette to smoke.

"Boss, is this just going to go away? Bai Cai is still in their hands!"

A man next to him said reluctantly.

"What can we do if it doesn't count, this guy is threatening to call the police!"

Boss Bai said angrily.

"This guy is really shameless, he can't handle it and still calls the police!"

His men cursed angrily.

"Forget it, there's nothing we can do about it, but that Lin Ran is no fool, just teach Bai Cai a lesson, if he dares to kill me, I'm not a vegetarian either!"

Boss Bai said coldly.

"Boss,? Do you want me to shoot someone to change Bai Cai back?"

The henchman was busy asking.

"No, consider it as an experience for him!"

Boss Bai said in a cold voice.

As the two were talking, suddenly a henchman walked in from the sect and whispered.

"Boss, Meng Yu is here!"

"What's he doing here? Blast him away! Can't you see the boss is getting annoyed!"

The henchman inside scolded.

"Yes!"

The henchman at the door nodded at once at his words, but before he could go out, he was stopped by Boss White.

"Forget it! He's at least the village chief sent from above, let him in!"

"But Boss, he's a village chief, he doesn't do anything and we still have to pay him every month, he's just a gold-plated fucking guy!"

He's just a fucking gold plater!" his subordinate said.

"So what if he's gold-plated, he's got connections, what do you care if you come here to be gold-plated?"

Boss Bai said without good humour.

As he spoke, Meng Yu had already been brought in.

He was just about the same age as Lin Ran, twenty-five or twenty-six, but his whole person looked somewhat old, especially the unshaven beard on his mouth, making his whole person look very unkempt.

Moreover, his eyes gave off an indescribably lewd look, as if he was staring at beautiful women all the time.

“Bai Village Chief Bai!”

Seeing Boss Bai, Meng Yu was busy smiling with him.

“Meng Yu, what do you want from me?”

Boss Bai said coldly.

“Hey, hey, it’s not much, Boss Bai it’s the end of the month today, I thought I’d come to see you!”

Meng Yu laughed.

The henchman next to him smiled, what end of the month to see him, in fact, it is the end of the month to ask for wages.

“Forget about seeing me, I’ll call you later for your salary, just stay in the company and don’t run around!”

Boss Bai said in a bad mood.

“Yes, yes! Don’t worry, I definitely won’t run around!”

Meng Yu said with a smile and turned around to leave.

Boss Bai suddenly remembered something and called out to Meng Yu, saying.

“By the way, the last time you went to the town for a meeting, who was it that went to Lin Jia Wan?”

“A meeting?”

Meng Yu was stunned, thought for a moment and said.

“It was a woman, called Song Nuan! What’s wrong?”

“Nothing!”

A ray of joy flashed in Boss Bai’s eyes, but his face was motionless as he said.

“Keep an eye on her for me, see what she said at the meeting, I want to see how they are planning to develop Lin Jia Wan!”

“So, ah, well leave it to me!”

Meng Yu didn’t think much about it and agreed straight away, it was nothing to just observe and watch, and he also had some good feelings for Song Nuan, so he could also have the chance to get in touch with her more.

Maybe his own lifelong matter could also be solved in the process.
