

Wonder Doctor

Chapter 941

After leaving the musical instrument shop, Lin Ran sent the two elders home directly, and only then returned to pick up Sending Nuan and took the musical instrument shop's car back to the village.

When the villagers saw that Lin Ran had bought so many musical instruments, they could not help but gather around them.

When they learnt that they were all bought by Lin Ran for the children, they were all overwhelmed with gratitude.

The next day, Zeng Xueru and his wife came to Lin Jiawan and became the two serving teachers of the primary school here.

As time passed, the village finally stabilised, with a new village chief and branch secretary soon being sent in, and the conflict between the two villages completely unravelled with the running away of the Bai boss and the taking away of Meng Yu for investigation.

Half a month later, the renovation of the houses in Linjiawan was completely finished and the villagers had moved into their new homes, so that the entire Linjiawan had a completely new look.

Ten days later, in the newly revised village council of Linjiawan, Song Nuan was sitting in the position of village head, Lin Ran and Dalong were sitting next to him, while below were the villagers of the whole village.

"Ranzi, is there another money-making project for today's meeting?"

The second eldest was the first to speak, and the smile on his face was overwhelming.

"What other money-making projects ah, I can't even make money here, after the New Year planted herbs can be harvested, I still want to rest for a month!"

Old Yu laughed next to him, now that life was better, he also wanted to take time off from his busy schedule to resume his old job and take a good rest.

"I say, Old Yu, there's no hurry to get a wife!"

To the side, Widow Liu couldn't help but laugh.

"I'm not a big dragon, no one wants me!"

Old Yu laughed.

"You damned old Yu!"

Widow Liu's pretty face reddened as she listened, and Big Dragon on the stage couldn't sit still and spoke up at once.

"Well don't talk about nonsense, listen to what Village Chief Song has to say!"

"Yes! Listen to Village Chief Song!"

The villagers immediately responded accordingly, not speaking and looking at Song Nuan one by one.

Song Nuan smiled, swept his gaze over the crowd and smiled.

“Villagers, today we have called everyone here for a meeting, there are two main things to announce to you!”

“The first one, our back mountain will be completely ours in Lin Jia Wan from now on!”

Song Nuan laughed.

“Thoroughly? Didn’t it used to be?”

“Yes, we’re right here in Lin Jia Wan, can anyone else come over and grab it from us?”

The villagers chattered.

Song Nuan smiled blandly and said.

“According to the system, the big mountain belongs to all the surrounding villages, but this is one ago, from today onwards our back mountain in Linjiawan only belongs to us in Linjiawan, because Lin Ran has spent 50 million to contract the back mountain! And in the name of our Linjiawan Cooperative!”

“What? Contracted out? Fifty million?”

“My goodness, that’s a lot of money to contract out a mountain, what is Lin Ran doing?”

“That’s right, I won’t be able to spend all that money in three lifetimes!”

The villagers were all so shocked that they didn’t know what expression to use to express their surprise.

“No, Chief Song, Lin Ran has taken so much money to contract the back mountain, but the cooperative is giving benefits to the villagers, so won’t Ranzi lose out!”

The second eldest was the first to react.

“Yes, wouldn’t that be a loss for Lin Ran himself!”

Old Yu was also busy asking.

“That’s not good, Ranzi is a great benefactor to our village, we can’t let him lose out!”

Widow Liu was also busy saying.

“Villagers, you’ve heard of me!”

Lin Ran’s heart warmed as he smiled.

“Fifty million is really not much for me, but the back mountain is our treasure mountain in Linjiawan, and our future development of Linjiawan cannot be separated from the back mountain!”

“I have already signed a contract with the construction company, in three days’ time they will start the tourism development of the back mountain, in future our village will form a back mountain medicine picking period, planting medicine picking period, as well as a year-round tourism market, everyone from

our village can apply to work on the mountain in the future! The people of our village will completely say goodbye to the situation of having no work and no money to earn!”

“At the same time, we can also form a variety of ways to earn money on a large scale, for example, the young people can pick and grow medicine, while the old people can go to the mountain for sanitation, or be responsible for other jobs!”

“Villagers, I, Lin Ran, have come back this time to let everyone live a good life and completely change our current living situation in Linjiawan!”

“Good!”

As soon as Lin Ran’s words fell, the villagers collectively applauded and shouted out, to be able to pay \$50 million out of their own pockets for the sake of the village, it could be said that no one else could have done it, I’m afraid.

“Ranzi, you’re a good man!”

The Second Grand Master gave a thumbs up at Lin Ran, and the other villagers followed suit, all giving a thumbs up at Lin Ran.

“Gentlemen! Now for the second announcement!”

A moment later, seeing that everyone’s emotions had stabilised, Song Nuan then continued.

“Today, I will officially announce the appointment of Dalong as our new village chief of Linjiawan, and I will also step down from my position as the village chief of Linjiawan!”

“What?”

As soon as Song Nuan said this, everyone stood up, and they all looked at Song Nuan and Lin Ran, with disbelief on their faces.

Even Dalong who was at the side was a little stunned, he didn’t even know anything about this matter before.

“Villagers, the contribution that Dalong has made to our village over the past six months is obvious to everyone, it’s true that Dalong used to be unprofessional, but I believe that his transformation is obvious to everyone, so I believe that there is no point in making him the village chief, right!”

Song Nuan laughed.

The villagers collectively fell silent, and no one spoke up.

For a while the whole meeting room was quiet inside and the atmosphere became very depressing.

Song Nuan looked at Lin Ran and then at Dalong, neither of them had expected the outcome to be like this.

“Folks!”

Suddenly, just as the crowd had fallen silent, the old village chief spoke up.

“Villagers, I know what everyone is thinking, our Linjiawan has experienced a sea change in the past six months under the leadership of Ranzi and Village Chief Song, and everyone trusts them, fearing that once Village Chief Song steps down completely, our village will go back to the kind of poverty it used to be!”

“But we all need to see that with Da Long’s efforts over the past six months, he is indeed qualified to become the spokesperson of our Linjiawan, but I am also clear that Village Chief Song and Lin Ran have an absolutely irreplaceable place in our hearts!”

“I propose that Dalong be the deputy village chief and Song Nuan remain the village chief. We all know that both Ranzi and Village Chief Song are people who do big things, and we can’t let them stay in our Linjiawan for the rest of their lives, so this is the best choice.

As soon as the village chief’s words fell, there was still silence around, but soon, that silence was broken.

“I agree!”

The second eldest was the first to speak.

“It’s easy for me too!”

Old Yu also nodded his head.

“We all have no problem with it!”

Followed by the other villagers all nodded.

“But this!”

Song Nuan somewhat didn’t expect how she still had to be this village chief.

“They just want to have something to hold on to in their hearts, so be it!”

Lin Ran laughed, in his heart he understood everyone’s concerns, the village had easily embarked on the road to prosperity, to completely replace the leader, no one’s heart would be too calm, so letting Song Nuan continue to serve as the village chief was not only to give Da Long a buffer its, but also to give the villagers a support in their hearts, even if Da Long really did not do well in the position of village chief, there was still Song Nuan to come back to save the day, the village would not go backwards.

Chapter 942

Starting the next day, Lin Ran and Song Nuan began the handover of work to Dalong, in fact, to say that it was a handover, there was nothing big, the main thing was two points.

“Firstly, the cultural construction of the villagers must be strengthened, this is something that was mentioned by Leader Yang at the beginning, and Lin Ran also felt it was right, so he has been preparing to do it!”

“Secondly, is the control of the village’s population!”

“Population control?”

Dalong was a bit confused and looked at Lin Ran.

“Population control is not family planning, our village naturally encourages more and better births, and by control I mean foreign population!”

Lin Ran said seriously.

“Our village has a cooperative, once the back mountain tourism development is completed in the future, the income will increase several times, so in order to avoid the occurrence of people deliberately transferring their household registration to take the cooperative’s share, so this population control must be done properly!”

“For example, apart from our village people, no matter if they marry over or join the family, they need to make contributions to the village before they can receive their annual dividends like the villagers, to avoid some people getting married under false pretenses just to cheat the cooperative’s dividends!”

“Is this necessary!”

Da Long looked at Lin Ran, always feeling that this was a little too calculating.

However, Lin Ran smiled blandly and said.

“It’s so necessary, if you were faced with annual dividends of upwards of a hundred thousand dollars, would you not be impressed?”

“A hundred A hundred thousand or so!”

Da Long gulped as he listened.

“Just remember that, you’ll understand in the future!”

Lin Ran laughed.

And the facts also proved how correct Lin Ran’s view was.

Not to mention the future, just three years later, Lin Jiawan had completely developed into an extremely famous village in the entire town, and even in the entire city of Tanjiang.

It is even renowned throughout the country.

What makes everyone envious of Linjiawan is not how rich it is, let alone the luxury cars parked in front of people’s homes in the village, but the fact that everyone goes out and proudly says, “I am from Linjiawan.

The young girls around the village were proud of marrying into Linjiawan, and anyone who could move their household registration into Linjiawan could brag about it for years.

Later there was a jingle written specifically for Linjiawan.

“The household registration is a book, and when you enter the Lin family, you can sleep every day, and every month you can sleep. I slept every day and didn’t go out every month. My friends and family ask, “I am a member of the Lin family. I earn 10,000 a month and 200,000 a year. Don’t show off with me, the dividend is five million!”

Of course these are all afterthoughts, because at that time, Lin Ran also learned this news only after experiencing many brushes with death.

.....

The cold moon was high in the winter evening.

“Isn’t it cold on the roof?”

Song Nuan took a cotton jacket and came to the roof to drape it over Lin Ran.

Lin Ran gently pressed Song Nuan’s hands to his chest and laughed.

“If there was no Wang Kun, would you be willing to spend the rest of your life with me in Lin Jiawan?”

“Why are you suddenly asking that?”

Song Nuan was stunned, and her pretty face couldn’t help but blush.

“Because I really like it here!”

Lin Ran had a yearning in his eyes, Linjiawan was, after all, the place where he was born and raised, and his love for this land in the ravine was incomparably deep.

“I was born in the city, maybe I don’t have the countryside sentiment that you have, but I also love the place where I was born, women have always been at home, wherever you are willing to stay, I am willing to stay with!”

Song Nuan said softly.

Lin Ran smiled, there was satisfaction in his eyes, but there was also reluctance.

It had been half a year! It had been exactly half a year since he returned to the village, and these half a year had made him more and more unable to let go of his earthly feelings, how should he choose when he went to face Elder Feng in half a year?

Six months ago he didn’t know, and now the scales of choice seemed to tip in favour of rejection.

“Kid, on one side is your lover, on the other is your parents, I know it’s hard to choose, so some times you just need to follow your heart!”

Pillow’s voice suddenly rang out.

He, who hadn’t appeared for a whole six months, also popped up.

“Is Little Nine alright?”

Lin Ran asked.

“Fine as can be, this ninny is now incomparably happy in the small world!”

Pillowbook laughed.

“O? How so?”

Lin Ran asked.

“Er I forgot to tell you, we’ve sneaked up to the mountains twice in the past six months and got a bit of the mountain land and rabbits and pheasants and stuff into it, and this guy eats and drinks spicy food in it every day, tsk!”

“Shit!”

Lin Ran couldn’t help but curse, he had bought the mountain for fifty million dollars, only to have a piece stolen by these two heartless people.

“Let’s go back!”

Lin Ran suddenly looked at Song Nuan and smiled.

“Mm!”

Song Nuan nodded, she also knew that Lin Ran was already planning to leave.

Lin Jiawan was now completely on track, the next to things Da Long would take care of it, and even if it wasn’t handled well there was still Song Nuan’s guidance, so Lin Jiawan already had nothing to worry about completely.

“Right, you have not gone out for a full six months this time, I can vaguely feel something, I have one more thing to say to you before I go!”

Song Nuan pulled Lin Ran, looked him in the eyes and said seriously.

“What I like is the uninhibited, happy and humorous you, not the one who is preoccupied all day, I like you, but I don’t want to be a burden to you, a liability for you to give up your own chase, if one day you do decide to stop and live properly, I hope that is the you who already has no regrets at all, do you understand?”

Lin Ran smiled and fell silent, if it was just something trivial, he might be able to square down completely, but what if it involved his own parents?

Did he really have to leave Song Nuan once again in order to find out the truth?

“Thanks!”

Lin Ran still didn’t know how to choose, he gently kissed Song Nuan, perhaps at this moment just this kiss was the most telling thing of all.

.....

A week later, the two Lin Ran left amidst the villagers’ farewell.

The grandmother obviously had more white hair than when she returned, but her energy was instead better, and the six months of companionship also made this old man seem younger.

“Ranzi! Ranzi, let me show you a picture!”

The car was about to start when suddenly Old Yu ran over, holding the smartphone he had just bought and handed it to Lin Ran!

“What is it?”

Lin Ran was stunned as the two of them looked over, only to see that the phone was surprisingly Big Dragon.

Big Dragon was nowhere to be found, and beside him this was with two huge stones that had cut marks on them, though it was not yet possible to tell what was carved.

“Listen!”

Lao Yu clicked on the sound, followed by Da Long’s voice.

“Ranzi I know you are leaving, this is a gift I decided to give you after discussing with the villagers, these two large stones will be carved to look like you and will be placed in the back of our Lin Jia Wan in the future, you are the pride of our village!”

After Dalong’s words, Lin Ran and Song Nuan both couldn’t help but have red eyes.

The villagers were just so simple, you loved them and they loved you, now thinking about the situation when they first came back, one thing after another that had happened in the past six months, both of them couldn’t help but have red eyes.

“Well get going! If we don’t go Erron is going to go up again!”

To the side, Yingzi urged, and next to him, Erlong was watching the two Lin Ran, not barking or making a fuss, very quiet.

“Let’s go!”

Lin Ran laughed, while smiling at Erron as well.

Soon, the car drove out of Lin Jiawan and headed towards Tanjiang City.

Chapter 943

On the way to leave Linjiawan and return to Tanjiang City, the two of them were in different states of mind.

Lin Ran still remembered that when she first returned, Song Nuan had just graduated from university and had no direction in life, whereas now after six months of honing her skills as a village official, her entire temperament had changed.

“What are your plans after you return?”

Lin Ran asked with a smile.

“I want to walk on the road of poverty eradication from now on!”

Song Nuan said with a serious face.

“Looking at the villagers’ expectant eyes, it’s as if I’ve found the meaning of my struggle!”

“Well! The most important thing in life is to have a goal!”

Lin Ran smiled and nodded his head, he was doubly pleased that Song Nuan could think about this point.

“Going straight home later?”

Lin Ran asked with a smile, by now it wasn't far from Temperance City.

“No, you can take me straight back to my father's place, I have a lot of questions I want to talk to him about over the past six months!”

Song Nuan laughed.

“Good!”

Lin Ran nodded, he hadn't seen her for half a year, and thought that Song Yujiang also missed his daughter very much.

Lin Ran was too lazy to go in and exchange pleasantries with Song Yujiang, so he simply didn't go in and drove alone straight to the shop.

I hadn't seen Wang Yifeng and Master Yu for half a year, so I didn't know how they were doing now, especially Fatty Wang, who might have gained a lot of weight again.

After parking the car, Lin Ran soon arrived at the shop.

As soon as he entered the shop, he saw Master Yu pacing back and forth, and the old man was chanting with his eyes closed, not knowing what he was reciting.

Lin Ran took two steps closer, and only then did he hear clearly.

“Mountains and rivers, the terrain, the beginning and the end. Where the mountains are, the qi is hidden. The dao is hidden in the heart and can be condensed into a qi whirl”

Lin Ran was stunned as he listened, and soon it dawned on him that this guy was actually reciting the mantra of the feng shui booklet about the qi-watching realm.

Moreover, Lin Ran noticed through his observation that Master Yu's entire aura had also changed slightly compared to half a year ago, and seemed to have vaguely shown signs of breaking through to the Qi Watching Realm.

When he had first met Master Yu, he had been at the half-step Qi Watching Realm, but almost a year had passed and he still hadn't made any breakthroughs, so he might have improved a little now, but he had never crossed the Qi Watching Realm barrier.

Thinking about this, Lin Ran spoke up.

“Qi can contain the qi of heaven and earth, and it can also refer to the qi of all living beings such as humans and animals, so why not use the small to see the big, and use the small to see the vast!”

“Hm?”

Master Yu was stunned at the words,? His eyes snapped open, and when he saw that the person speaking was none other than Lin Ran, his entire body was visibly stunned as he hurriedly bent down and saluted.

“Master! You”

“There’s no need for that, I’ll speak to you now!”

Lin Ran waved his hand and said.

“Yes!”

Master Yu hurriedly got up, he knew that there weren’t many opportunities for Lin Ran to be willing to explain things to him personally, so he naturally had to seize the moment at this point.

“You have stayed in the Qi Watching Realm for so many years and have gained a lot of insight, but you have overlooked one thing, the ten thousand paths are actually one path, and one path leads to all the paths!”

With that, Lin Ran casually waved his hand, a fallen leaf outside the shop drifted in through the doorway in a smooth manner, swaying with the wind but never hitting the ground.

“This

Master Yu looked stunned, very envious.

Lin Ran, on the other hand, looked at him and said blandly.

“Pay attention!”

Saying this, he only saw Lin Ran’s palm wave gently while the leaf drifted back and forth around Lin Ran’s fingertips, not touching Lin Ran’s palm but not landing either, as if a force was holding the leaf up as it drifted.

“My hand didn’t touch it, but it couldn’t hit the ground, that’s what airflow does, airflow is also Qi, it’s just a type of breath!”

After saying that, Lin Ran waved his hand and put the leaf into the bin, and then turned around and pointed outside the shop.

At this moment, the street outside was bustling with people.

“Think about it, what you see in front of you is not pedestrians but a huge swimming pool, and all these people are swimming in the pool, then as each of them swims by, a ripple will be created, and this ripple is like the air currents in the air they are in right now!”

“And with so many people walking at the same time, each of their air currents are colliding and twisting around each other, but you can’t see it!”

“This is a human’s airflow!”

Lin Ran said, closing his eyes and saying blandly.

“You’re also a Feng Shui master, recall all the people you’ve seen since you were a child, did they give you the same feeling? Did some people feel like good people just by looking at them, while others didn’t look like good people from a great distance!”

“Likewise, some people can make you feel pressured even when they stand in front of you and don’t say anything, while others make you feel close!”

“This is everyone’s aura, whether it’s the breath airflow or the aura, they are all part of the Qi!”

“The reason why the Qi-watching realm is called Qi-watching realm is that it means that you can already see through the Qi in the world, distinguish the good and evil of a person from their breath and so on, and glimpse the whole eclipse thing associated with it from the Qi as well, this is the Qi-watching realm!”

“And when you have mastered this ability to look at Qi, only then can you know how to use Qi to perform some of the simplest imperial things, as if the fallen leaves do not return to their roots.”

After saying the last sentence, surprisingly, only then did he open his eyes and look at Grandmaster Yu.

And at this time, Master Yu’s eyes were already staring straight ahead at the fallen leaves outside the shop, his heart shocked beyond measure.

“Falling leaves don’t return to their roots, looking at the qi to enlarge them!”

“Thank you, Master, for your guidance!”

Master Yu said as he hurriedly sat down on his knees in place, seemingly having an epiphany and immediately began to cultivate.

Lin Ran smiled and nodded at this before he went up to the first floor alone.

After not returning for half a year, Lin Ran was very pleased to see that the furnishings on the first floor were the same as before he left, even the old and new ones were the same.

Sitting on the sofa, Lin Ran lit a cigarette for himself before taking out his mobile phone and calling Wang Yifeng.

“Holy shit! Ranzi, after half a year you’ve finally remembered Master Fatty!”

Wang Yifei’s familiar and excited voice came over the phone.

“You haven’t called me either, are you still taking care of yourself?”

Lin Ran didn’t have a good mood, he had returned to the village and this dead fatty was completely liberated, he was probably soaking in big health care every day.

“You say that, fat master I am working for the construction of socialism, to add bricks to the talent market!”

“O? Have you added bricks and tiles to the sky then?”

Lin Ran laughed, this dead fatty went to Xiao Cui and still had a lot of sophomoric reasons.

“It’s not that we haven’t progressed that far yet, hehehe! Where are you? I’m on my way over, let’s have a drink!”

Wang Yifeng laughed.

“In the shop!”

Lin Ran said.

“Good! You wait for me!”

Wang Yifei said and hung up straight away.

After waiting for almost half an hour, the sound of Wang Yifeng’s footsteps and his familiar loud voice came from the ground floor.

“Ranzi, your fat master, I’m back, the next dishes are all bought, hurry up and come out!”

Lin Ran smiled at his words and said helplessly.

“Second floor! Also keep your voice down, Master Yu is in seclusion!”

“Master, I’ve made a breakthrough! I’ve made a breakthrough!”

As soon as Lin Ran’s words fell, Master Yu’s excited voice came over.

“A breakthrough?”

Lin Ran was very relieved at his words, and at the same time, he was also very impressed that he, as a master, had finally not let others down.

Chapter 944

“Thank you, Master, for your guidance!”

As soon as Master Yu came upstairs, he rushed towards Lin Ran with a big salute, fortunately Lin Ran was quick with his eyes and hands which stopped him.

“No need for that, your achievement is also your own creation!”

“Without Master’s guidance, I’m afraid that even with ten years of discipleship, I wouldn’t have been able to break through!”

Master Yu said excitedly, being able to cross into the Qi Watching Realm in his lifetime could be said to have fulfilled a great regret in his heart.

“I say, old Yu, are you happy about the breakthrough?”

Wang Yifeng said, “He hadn’t made much progress since Lin Ran left, he was still at the late stage of the Qi Watching Realm, not to mention breaking through, he hadn’t even reached the peak of the Qi Watching Realm.

“Happy, naturally happy!”

Master Yu said excitedly.

“Happy then, drink, what a waste of words!”

Wang Yifeng guarded and directly pressed Master Yu into his seat, then he himself did the same and took out wine and downed dishes and poured them both full.

“Come on, let’s go one first!”

Wang Yiming greeted, and immediately the three of them began to drink.

After three rounds of wine and five rounds of conversation, when all three had drunk almost all of their wine, Lin Ran then put down the glass in his hand and asked with a smile.

“Has there been any big news in Temperance City in the past six months?”

“Big news? There’s really no big news, but there are a lot more big sisters!”

Wang Yifei laughed, his two red cheeks on his face looking as funny as they could be.

“Master, these six months have indeed been very peaceful!”

Master Yu also said busily at the side.

“But it’s also a bit too peaceful, isn’t it? Our shop hasn’t even received any business for half a year!”

Lin Ran was stunned at his words and shook his head with a smile.

“This is no problem, by the way! Has there been any news from Leng Xuan and the three of them?”

“Leng Zhan?”

Wang Yifeng smiled and thought for a moment, shaking his head.

“You don’t say, they did call some time ago, but it seems that they are making very slow progress in refining their bodies, so they didn’t have the heart to call you!”

“What about Li Sheng?”

Lin Ran continued to ask.

The three Leng Zhangs were following Li Sheng’s training in the imperial capital, the three Leng Zhangs were making slow progress, so what about Li Sheng?

“Li Sheng seems to be about the same!”

Wang Yifeng said, shaking his head, seemingly unable to think about the game.

“They seem to say that Li Mu Di went once and didn’t know what he said to Li Sheng, and then this guy was full of fighting spirit and cultivated like crazy at home every day!”

“It caused Leng Zhan and the three of them to be baffled as well, they could only follow and play along, otherwise they might have to be pulled further and further away from Li Sheng!”

“Hmm!”

Lin Ran nodded at his words, although he didn't know what exactly Li Sheng was up to, but after all, it was Li Mu Di who had approached him, so he shouldn't be able to screw him over, and the three of them, Leng Zhan, should also be able to improve by following Li Sheng.

"What about Qiqi and Qin Bing and Xiaorou, have you seen them recently?"

Lin Ran asked once again.

Wang Yifeng smiled but was stunned and said busily.

"Holy shit! Ranzi you're my brother, can I go see them alone without you? Fat Master I have someone I like!"

"Fuck off! What are you thinking, I'm asking about them!"

Lin Ran said without good humour.

"O! Situation ah, then I really know a bit!"

Wang Yifei laughed.

"Su Rou is still like that, but she seems to be working harder than before, and I haven't seen this girl Qi Qi for a long time, so I don't know what she's up to, and as for Qin Bing, well, she's at the Tamkang Hospital every day, so she can't leave now!"

"Tamkang Hospital? Why?"

Lin Ran frowned, even if there was a problem at the Tamkang Hospital that could not be solved, Qin Bing would just go to help, why did she say she could not leave her body at all?

"You just came back and still don't know, recently there are a lot of injured people coming to Tamagawa Hospital, Qin Bing has been helping out, it's been half a year!"

Wang Yifeng shook his head and said.

Lin Ran frowned slightly, knowing that he couldn't ask any more questions, so he didn't ask any more questions, and was going to call Qin Bing later to ask about the situation.

"Ranzi, you're not enough of a brother!"

Suddenly, Wang Yifeng said and actually cried, and also pounded his chest.

"Holy shit, what are you mad about again!"

Lin Ran said helplessly.

"You don't even ask what's happened to me lately, Fat Master!"

Wang Yifeng pretended to be sad and said.

Lin Ran saw this and helplessly took a sip of wine, saying without good grace.

"If you have a fart, just let it out, so pretentious!"

"I I"

Wang Yifeng stammered, unable to say anything for half a day.

“I’ll leave if you don’t say anything!”

Lin Ran laughed.

“You!”

Wang Yifeng was so angry that he slapped his thighs and instantly cried out.

“Master Fatty I’m about to lose my love!”

“Pfft!”

As soon as Wang Yifeng said this, even Master Yu, who was at the side, spat out a mouthful of old wine.

Lin Ran even laughed so hard that he pointed at Wang Yifeng and laughed.

“You’ve fallen out of love? Have you ever fallen in love, you kid?”

“Bah! Who are you looking down on? I’m really about to fall out of love, Fat Master!”

Wang Yifeng said and unzipped his shirt.

“Shit! If you’re falling out of love, why are you taking off your clothes? There are all men here, don’t be a jerk!”

Lin Ran saw this and shouted.

“Fuck you, I have no sexual orientation problem!”

Wang Yifeng said, and took out a pendant from his neck, which Lin Ran saw was a pocket watch.

“Holy shit, fatty is well mixed up, he’s even wearing a pocket watch!”

“Fuck you, this is a token of love given to me by Xiao Cui!”

Wang Yifei arrived lovingly, while opening the pocket watch, and a group photo appeared in front of Lin Ran at once.

It was a group photo that somewhat resembled a big head sticker, on the photo the fatty still had that pig-headed face, while next to him was a very innocent girl with long hair and delicate features, looking like the little sister next door.

“This is my Jade, I’m about to lose my love!”

Looking at the photo, Wang Yifeng couldn’t help but cry.

“What? Your little Cui is getting married?”

Lin Ran asked with a smile.

“No!”

Wang Yifeng shook his head.

“Then what kind of love did you lose!”

Lin Ran gave him a blank look.

“Xiao Cui she She’s leaving!”

Wang Yifeng said sadly.

“The big health care industry in Tanjiang City has been bad lately, and Xiao Cui’s parents are going to set up shop in the south, so Xiao Cui can only go with them!”

“Holy shit? Xiao Cui’s parents are running a big health care business?”

Lin Ran was instantly confused, and then even more so, he looked at Fatty and said speechlessly.

“When people go to big health care, they are all picking up the girls inside, you’re a bully, going to big health care to pick up someone’s boss’s daughter, holy shit!”

“You can’t be serious, I go to the regular health care!”

Wang Yifeng said in a good mood.

“Poor my Xiao Cui, we’ve only just reached the bottom of the hand-holding, and she’s going south with her parents!”

Wang Yifeng was full of sadness.

Lin Ran didn’t know how to persuade him instead, so he patted him on the shoulder and laughed.

“Forget it, there will always be a time to meet in the future, besides, you should have two less arches of this flower of others, it has to be arched by a pig like you, how sad it makes others!”

“Ranzi, we are sincere!”

Wang Yifeng said and became even sadder.

Lin Ran saw this and helplessly stretched out his hands and said.

“That’s fine, you can’t let go of Xiao Cui, then go with her, it’s good to be a brother and see you start a family!”

“Bullshit!”

Wang Yifeng glared at Lin Ran without good grace, bitterly to.

“Xiao Cui is only sixteen, she’s not old enough to get married!”

“Pfft!”

Lin Ran really couldn’t help himself this time, pointing at Wang Yifeng and cursing.

“Good for you, you dog, you don’t even spare children, are you still human!”

Wang Yifeng smiled and quit, busy retorting.

“Don’t spout blood, I didn’t do anything, I’ll propose when Xiao Cui grows up!”

Chapter 945

After drinking and chatting, it was already eleven o’clock in the evening, so Lin Ran and the three of them went home, but naturally Wang Yifeng ran off to find Xiao Cui again.

“I have to keep her company before Xiao Cui leaves!”

Wang Yifeng said before he left.

Lin Ran smiled helplessly and used his True Qi to drain all the alcohol from his body before driving back home.

Song Nuan went back to her own house, and Lin Ran went back alone this time, looking at the whole house without a bit of light, which was also a bit miserable.

Opening the door to his room, Lin Ran didn’t even turn on the light, and went straight to the bathroom to run a hot shower, before wrapping a bath towel around him and going back to his room.

“Hmm?”

Although he hadn’t come back for half a year, there was no one living in this room during the week, so how come he didn’t even leave the door open!

Although his heart was puzzled, Lin Ran didn’t think much about it, he closed the door with his backhand and went straight to bed.

There was a faint fragrance in the room, and Lin Ran smelled it, which was quite nice.

After a busy day, Lin Ran fell asleep thinking about it.

But in the middle of the night, Lin Ran suddenly woke up with a start, he found that he actually had an extra leg on his body at some point, and this leg was still hot and was resting on him, so comfortable.

“Holy shit! It’s not haunted in the middle of the night, is it!”

Lin Ran subconsciously touched this leg on his body, it was quite smooth, it seemed to be a female ghost.

With this in mind, Lin Ran gently pulled his body out, and then switched on the light next to him.

The light flickered, and suddenly the whole room was lit up.

Only then did Lin Ran see that next to where he had just slept, there was actually a large clump of hair, and the leg had disappeared.

“Gulp!”

Lin Ran couldn’t help but gulp and backed up towards the bed, his heart in his throat.

“Shit myself this is hardly a run-in with a zombie!”

Lin Ran cursed in his heart, ? This just came back how so unlucky.

In his mind, Lin Ran directly pulled the quilt, and after a violent tug, the whole quilt suddenly flew away.

“Where is the female ghost running!”

Lin Ran shouted.

But as soon as the words left his mouth, he froze, only to see that what was lying on the bed was not a female ghost, it was simply a woman.

“Ah!”

The woman was also instantly awakened, and looking at the man who suddenly appeared in front of her, she was so frightened that she immediately lost her face, but when she saw clearly that it was Lin Ran, she actually cried out in shock.

“Lin Ran! When did you come back?”

Lin Ran had no time to answer at this moment, as the other party suddenly did up.

“Lin Ran?”

Seeing that he didn't say anything, the woman spoke up again and asked.

“Er You are?”

Lin Ran couldn't move his eyes, but his mouth still casually answered back.

“I'm Su Rou!”

The woman was stunned, and only then did she notice that it was her hair that was blocking her face, and hurriedly lifted her hair back to reveal that familiar pretty face.

“Su Rou?”

Lin Ran was stunned at the words, but looking at the beautiful view in front of him, he was really a little unable to tell the difference.

“What's wrong with you?”

Seeing Lin Ran standing in place with a dull expression, Su Rou was worried and wanted to come over to take a look.

“Don't you move!”

Lin Ran was startled at the sight and shouted.

“What's wrong?”

Su Rou hadn't reacted yet.

Lin Ran suppressed the urge to have a nosebleed and said.

“Don't you move, if you move again I might have a nosebleed!”

“Nosebleed?”

Su Rou was even more puzzled, how was she about to get a nosebleed?

“Hmm?”

Suddenly, Su Rou seemed to think of something, she had danced all day during the day and got sweaty, and when she came back it was late, so she took a bath and came to bed wrapped in a bath towel.

“Right bath towel!”

Said Su Rou, feeling towards her body, but where was there any bath towel at this moment.

Feeling something wrong in her hands, Su Rou looked down, and her face turned red when she took a look, and at the same time she let out a cry of “ah”.

“Lin Ran, you bastard!”

Su Rou was busy pulling the blanket, but then she realised that there was no blanket on the bed at all.

“!!”

Lin Ran was so embarrassed that he hurriedly picked up the blanket and threw it back onto the bed, saying at the same time.

“I didn’t mean to, I didn’t know you were here!”

“You! Then you can’t come and sleep here? Ah!”

Su Rou’s pretty face turned red and she wanted to find a crack in the ground.

“I I didn’t see anything, don’t worry, I really didn’t see anything!”

Lin Ran didn’t know what to say instead.

“Didn’t see it? Didn’t see what you had a nosebleed for!”

Su Rou was so angry that her pretty face turned even redder, just look at it and you have to say you didn’t see it, lie to the devil!

“I I’m on fire, on fire!”

Lin Ran said and turned around to leave, joking if he stayed any longer he was afraid he really wouldn’t be able to control himself.

“Wait!”

Seeing that Lin Ran was about to leave, Su Rou was busy speaking.

“Huh?”

Lin Ran heard this and immediately screamed, this girl is not thinking No, it was his first time, how could he be so hasty?

“Turn off the lights!”

Su Rou said.

“That’s not good”

Lin Ran subconsciously returned, but just as the words were finished, he felt something was wrong.

“What’s not good?”

Su Rou smiled and frowned slightly.

“Nothing Nothing bad!”

Lin Ran reacted with a sweaty head, busy running to turn off the lights and ran out of the room in a flash.

“Shit! How did I get to the wrong room!”

Standing outside the door, Lin Ran was helpless, he hadn’t been back for half a year and he had even touched his room wrong.

With that in mind, Lin Ran walked towards the opposite room, but when he reached the door of the room, Lin Ran felt that something was not quite right.

“That’s right! This is their room, that seems to be my room just now! Who was in the wrong bed?”

Puzzled, Lin Ran walked back in and knocked on the door.

“What’s wrong again!”

Su Rou in the room asked busily.

Lin Ran gulped and spoke.

“I think you slept in my room! And why are you still naked in my room Sleeping!”

“You!”

Su Rou smiled and her pretty face turned even redder as she instantly retorted.

“I touched the wrong one alright, you go and sleep across the room first!”

Just kidding, could she tell Lin Ran that she had actually slept in Lin Ran’s room for the past six months when she was living by herself? Obviously she couldn’t, but she couldn’t help it, such a big house living by herself, she was also worried ah, only in Lin Ran’s room could she feel secure in her heart.

“Ao”

Lin Ran nodded, walked two steps seemed to think of something, turned back and smiled.

“Su Rou, actually next time you want to come sleep in my room you can just come, talk to me”

“Go to bed!”

Su Rou blushing groundlessly, busy shouting.

The matter was already embarrassing, this guy actually did not end, how can he be so unlucky.

Sleeping in his room and actually being found out by him, how could it be such a coincidence.

“Hey!”

Outside the room door, Lin Ran sighed helplessly and muttered to himself.

“I didn’t sleep in the wrong bed either, huh? Why does it feel like I’ve become a pervert!”

Saying that, Lin Ran helplessly went to the room of the four women across the room and fell back to sleep.

Chapter 946

The next morning, Su Rou went to school early, but when Lin Ran got up, he still saw the loving breakfast on the table.

“This nee-san!”

Lin Ran laughed and ate it straight away without being polite. It had to be said that Su Rou’s cooking skills had indeed grown recently and her breakfast was very delicious.

After breakfast, Lin Ran drove to the pharmacy. Unlike the usual lively scene, the pharmacy now seemed a bit cold, with only two nurses guarding the entrance.

After questioning, Lin Ran learnt that even Li Zheng and Liu Wenjuan had gone to the Tamkang Hospital with Qin Bing.

“Is the Temperance Hospital so busy now?”

Lin Ran frowned, he had only been away for half a year, why did he feel that there was a feeling of not having enough people at Temperance Hospital.

Thinking about this, Lin Ran also decided to go and take a look, mainly because he had to go and see what kind of situation Qin Bing was in, the parents had entrusted their daughter to themselves, so they had to be responsible for it.

A few moments later, at the Tamkang Hospital, Lin Ran parked his car and walked straight in.

The hospital was still the same as before, but as soon as Lin Ran walked in, he felt that something was wrong, the whole hospital seemed to be filled with a faint smell of blood, which was very unusual.

A place like a hospital usually smelled like sterile water, but now it was filled with the smell of blood, which made it very unpleasant.

“Hey, hey! What are you doing? Can’t you see that no one is allowed to enter?”

Lin Ran was just about to go to the Western Medicine Department to see if Qin Bing was there, but before he could enter, he was stopped by a scolding voice.

He looked up and saw that the other party was a young man of twenty-six or seven years old, not tall and a little dark-skinned, and he had the impression that there was no such person in the Western Medicine Department.

“Are you talking to me?”

Lin Ran looked at the other party and asked.

“Nonsense, there are only two of us here, not talking to you is talking to a ghost?”

Qu Liang said in a cold voice, as the nephew of the most senior chief physician of Temperance Hospital, he could be said to be able to walk around in Temperance Hospital, except for the dean who had to give himself some face.

“Something wrong?”

Lin Ran looked at the other party, this guy was talking so impulsively like he had eaten gunpowder, which made Lin Ran a little unhappy.

“Nonsense, naturally there is something wrong!”

The youth said disdainfully, while pointing to the four large letters hanging on the door behind him.

“No idlers allowed! Can’t read? Hurry up and leave!”

“I’m looking for Qin Bing!”

Lin Ran said indifferently.

“Qin Bing?”

The young man couldn’t help but be stunned at his words, who didn’t know Dr. Qin Bing in Tamkang Hospital, that was the flower of Tamkang Hospital, how many people wanted to have a look at Fang Ze, the queue could even be ten miles away.

Since Dr. Qin Bing returned to Tamkang Hospital, the male doctors of Tamkang Hospital are like hitting the chicken blood, each and every one of them will run to the Department of Western Medicine, he Qu Liang is the first to bear the brunt, known as Qin Bing one of the most favorable suitors.

No way,? The most important thing is that you can get your own uncle to be one of the most senior people in the Tamkang Hospital.

Qu Liang looked at Lin Ran in front of him, with disdain in his eyes.

“Kid! You want to see Dr. Qin too? You’ve had enough! Get lost, Dr. Qin is busy!”

This kid in front of him, with less than five hundred dollars in clothes, still wants to see Dr. Qin, can anyone see him?

The first time I saw him, I was very happy to see him.

“You’re new here, aren’t you?”

Looking at the other party’s attitude, Lin Ran was also somewhat lazy to talk nonsense and said directly.

“I don’t know me I don’t blame you, now open the door! This matter is over!”

Lin Ran looked at the other party, his face calm, but it was obvious that he was running out of patience.

“And you don’t blame me? What do you think you are, kid?”

“I’m new here, remember, I’m from the former city hospital and was temporarily transferred here to help! What are you pretending to be in front of me? At most, you’re a doctor like me at your age, so why pretend to be a leader?”

“Besides, it’s not sure if you’re a doctor or not!”

Qu Liang was full of disdain, although he had never been to Temperance Hospital before, there were only a few people who were famous at Temperance Hospital, most of them were old men, and he really hadn’t heard of anyone who was about Lin Ran’s age.

“Are you open?”

Finally, the last trace of Lin Ran’s patience had been worn out, and he looked at the other party with eyes that had become icy cold.

“I won’t open it, this is an important place in the hospital, if you don’t get lost, I’ll call security!”

Qu Liang said in a cold voice.

“Hey!”

Lin Ran saw the situation and shook his head helplessly, not paying attention to Qu Liang slowly walked towards the front.

“Huh? Toast to the wine!”

Qu Liang coldly snorted at this, and at the same time took out his mobile phone and called out.

In just a few moments, at the other end of the corridor, four or five security guards came running over with guys, this speed even Lin Ran looked dumbfounded, when did the security of Temperance Hospital become so tight.

“What’s going on?”

The leading security guard glanced at Qu Liang and asked in a cold voice.

“Someone is causing trouble and trying to trespass on the Western Medicine Department, that’s him!”

Qu Liang pointed at Lin Ran and sneered.

“Him?”

The leading security guard looked at Lin Ran and froze.

“What are you freezing for! Can you afford to disturb the doctors in the Western Medicine Department?”

Qu Liang saw this and said angrily, he was used to riding roughshod over the hospital on the strength of his uncle’s name, so he didn’t care about a few security guards.

“Are you saying that again?”

The leading security guard turned around at his words and looked at Qu Liang with a gloomy face.

“What’s the matter? Even you want to rebel? My uncle is”

“Slap!”

Before Qu Liang could finish his sentence, the leading security guard immediately slapped him, hitting Qu Liang’s eyes straight up with gold stars.

“You!”

Qu Liang covered his face, unable to believe that the security guard he had shouted to actually dared to lay hands on him.

The leading security guard turned his head straight away and rushed towards Lin Ran and bowed deeply, looking around as several other security guards who didn’t understand what was going on did the same.

“Doctor Lin Ran sorry, we’re late!”

“Dr. Lin Ran?”

Hearing this address, Qu Liang’s head was suddenly confused, he knew who this name was all too well, there was almost no one in Tanjiang City who was in the doctor profession who didn’t know this name, this was the little miracle doctor of Tanjiang Hospital.

“But how could it be him? He’s still so old, he’s about the same age as himself!”

Qu Liang couldn’t believe what was in front of him, this guy was obviously so young, how could he be the little miracle doctor?

“What’s wrong with the hospital? Even the security is so tight?”

Lin Ran asked with a frown as he didn’t pay any attention to Qu Liang.

“There have been a lot of patients coming to the hospital recently, it’s the director’s intention!”

The security guard in the lead said.

“Where’s Qin Bing?”

Lin Ran asked.

“Just inside the Western Medicine Department!”

“Got it!”

Lin Ran nodded and immediately walked towards the Western Medicine Department, and when he passed Qu Liang, he didn’t even glance at him as he pushed the door straight in.

The lead security guard turned around and looked at Qu Liang, and without saying a word, he directly led his men away.

If he offended Lin Ran, not to mention Qu Liang, even his own uncle would have to weigh in, for even the dean had to greet him with respect, let alone his uncle who was only a doctor with some qualifications.

Chapter 947

“Humph! I’d like to see what this Lin Ran has up his sleeve!”

Qu Liang was upset, and immediately followed him into the Western Medicine Department.

At this moment, in the intensive care unit of the Western Medicine Department, Qin Bing Li Zheng and Dean Yang and a host of other experts and scholars were all gathered here.

These people are almost all of the experts and scholars of Temperance Hospital, people who normally gather in Temperance City, but at this time here is a wordless, like a frosted aubergine.

“Each and every one of you, this is the first time, still can’t learn?”

Dean Yang looked at the crowd, his face had anger, he was already not young, his head had recently appeared gray hair, it can be seen how much pressure are.

“Dean, recently these patients we have not been exposed to in the hospital, no wonder everyone is at their wits’ end!”

Qin Bing said with a face full of exhaustion, in fact she hadn’t closed her eyes for three days.

“Dr. Qin, even though you say that, you can’t be the only one holding up the whole Tamkang Hospital, you haven’t slept for three days, you have to go and rest!”

On the side, Li Zheng was busy saying, he had been playing second fiddle to Qin Bing, looking at the latter who hadn’t slept for three days, he was also very distressed.

“I’m fine!”

Qin Bing said blandly, but it was still hard to hide the exhaustion in her eyes.

“Qin Bing, go and rest first, we’ll have a consultation on this patient!”

Dean Yang said.

“Dean, you mustn’t!”

Suddenly, a doctor next to him who was listed as a specialist director spoke up, he was about the same age as Dean Yang, and was none other than the hospital’s expert professor, Director Qu Jiang Qu.

“What’s the problem, Director Qu?”

Dean Yang questioned with an ugly look on his face.

“Dean, if Dr. Qin goes to rest, then this patient’s condition is not saved from delay, according to the current situation, I’m afraid that the next patient will be delivered in a while, if the backlog continues like this, I’m afraid that the best time for treatment will be delayed for all the people behind!”

Qu Jiang said busily.

“So what? You’re just going to let Qin Bing not rest for a moment?”

Dean Yang had anger on his face as he swept his gaze across the crowd and said in a cold voice.

“This is Temperance Hospital, not Qin Bing’s private clinic, what is the hospital keeping so many of you doctors experts professors for? How many times has Qin Bing demonstrated this, you all grew up eating shit, has one of you learned?”

Dean Yang was so furious that if he wasn’t the dean, I’m afraid he would have already beaten someone up by now.

The doctors around him all dared not speak, and all looked at Qu Jiang, who was the only one who dared to say something to Dean Yang at this moment.

“Dean Yang, we can all understand your feelings, but now is also an extraordinary time, everyone will not, Qin Bing she can’t rest!”

“You!”

Dean Yang was so angry that he gritted his teeth.

Seeing this, Qin Bing shook her head with a bitter smile and said.

“Dean Yang forget it, I can still carry it!”

“Can carry it? What can you resist with? And who are you to resist? Are you in the establishment of Tamkang Hospital? Did you get my permission? Just fight like that, who can afford to be responsible for anything but problems?”

As soon as Qin Bing’s words fell, a youthful and domineering voice sounded outside the door, followed by the familiar voice that followed in when the room door opened.

“Lin

Seeing Lin Ran, Qin Bing’s eyes instantly turned red, her words just now seemed like she was scolding herself, but she knew that there was deep worry in them.

“Give me your palm!”

Lin Ran’s face was cold, he didn’t even look at the others and walked straight up to Qin Bing.

“Huh?”

Qin Bing was stunned, but really handed out his palm.

After Lin Ran took Qin Bing’s pulse and saw that there was nothing seriously wrong with her body, he was relieved and at the same time sent a stream of medical dao true qi into her body.

But then he was a little surprised, he actually found a vague feeling of breath in Qin Bing’s body, as if Qin Bing was also showing some signs of entering the Dao with medicine.

“No wonder he could resist hard for three days and still be so sober!”

Lin Ran said in his heart, "Doctors are not like other professions, under normal circumstances a day and night of continuous intense work would be too much to bear, let alone three days of rotation!"

"Li Zheng, take her to rest, no one is allowed to disturb her! You must give me eight hours of sleep!"

Lin Ran turned his head to look at Li Zheng and said without argument.

"Yes!"

Li Zheng nodded, naturally he was very happy to see Lin Ran return.

"Eight hours is too long!"

Qin Bing said with a pout.

"Do as you're told!"

Lin Ran patted Qin Bing's shoulder, his eyes filled with heartache.

"Alright then!"

Qin Bing nodded gently, then followed Li Zheng out of the intensive care unit.

"Lin Ran you!"

Watching Qin Bing and Li Zheng leave, Qu Jiang suddenly looked a little ugly, before he had been insisting that Qin Bing could not leave, but now Lin Ran simply ignored himself and directly let Qin Bing leave.

"Me what me? Is Qin Bing one of your men?"

Lin Ran turned to look at Qu Jiang and questioned.

"No!"

Qu Liang's face was ugly and he didn't say a word.

"Then is Qin Bing your mother?"

Lin Ran continued to pursue the question.

"Lin Ran don't go too far with your words!"

Qu Jiang's face was ugly, and he was clearly also moved with anger.

"I'm going too far? Qin Bing is not your henchman, not your mother, who are you to demand that she can't go and rest, Laozi's woman you don't fucking care about Laozi!"

Lin Ran said in a cold voice, his eyes looking deadly at Qu Jiang.

"Tanjia hospital is good ah, such a big hospital can not cure the disease, let my woman three days without rest, how do you yourself not a year without rest to learn how to see a doctor ah!"

"Lin Ran this matter is my fault, if you want to blame it on me!"

On the side, Dean Yang was also red in the face as he listened, Qin Bing had not slept for three days, in the end he was also responsible for this matter.

“Forget it, Dean Yang you have been kind to me, this matter I do not want to be pursued, but Qin Bing she is my person, whether it is out of Daoist medicine or personal friendship, Temperance Hospital needs her help I will not stop it, even Li Zheng also came I did not say anything!”

“But they are also human beings, they also need to rest, don’t talk a lot when I lend them to you, but in the end it’s two patients who give them back to me, are you happy to put them aside?”

“It’s true that we did something wrong, but we really can’t do anything about this situation now!”

Dean Yang looked at Lin Ran with hope in his eyes, now that the latter had returned, the problem at hand might really be solved.

Lin Ran did not say anything, but turned his head to look at the patient lying on the bed not far from the monitoring room, and after just a moment, he turned his head to look at Dean Yang.

“I can cure this disease, but I have one condition!”

“What condition?”

Dean Yang asked busily.

Now, not to mention one condition, I am afraid that he would agree to all ten conditions.

“Very short answer, let this Professor Qu Jiang out! I don’t like this kind of person who doesn’t have a bit of motivation and expects all from others!”

Lin Ran said blandly.

“Lin Ran! Who are you to tell me to get out? I’m the patriarch of Temperance Hospital!”

Qu Jiang was instantly furious at his words.

“Yuan Lao? Oh good a patriarch, so you’re here to treat this illness?”

Lin Ran looked at Qu Jiang and laughed.

“You!”

Qu Jiang was so angry that his face turned blue but he was speechless.

“Who are you to let my uncle out, even if you are a little miracle doctor, you are too domineering, my uncle has given his whole life to the Temperance Hospital, who are you to let him out!”

Suddenly the door to the custody room was pushed open and Qu Liang ran in after him, pointing at Lin Ran in anger.

Chapter 948

The crowd turned their heads and couldn’t help but sweat, at this moment Dean Yang’s hopes were pinned on Lin Ran, and Qu Liang still dared to say that, he was simply asking for death.

Lin Ran turned his head to look at Qu Liang, and instantly laughed.

“I’m so overbearing? Am I as overbearing as your uncle? One word and you have to let my people continue to simmer, on what grounds?”

“She’s the only one who can heal here, what do you mean by what, shouldn’t a healer be kind?”

Qu Liang retorted, speaking with conviction.

Lin Ran sniffed but smiled even wider.

“A good healer’s kindness!”

Lin Ran said, pointing at Qu Jiang.

“The healer’s benevolence you speak of is using your uncle’s position to run roughshod over the hospital and stop me from coming in outside the door, is that it?”

“The kindness of a healer you speak of is to let others take the top and not come down even if they are exhausted, is that it?”

“Do you mean the kindness of a doctor is to let someone else take over when a patient comes in because you are older and have more seniority?”

“What a kind heart of a healer, you are healers, but do you have a kind heart?”

Lin Ran’s words left Qu Liang speechless, and Qu Jiang at the side was even redder in his old face, unable to spit out a word for half a day.

“As a medical practitioner, not knowing is not knowing, others who are better than you should humbly ask for advice, what about you guys? Just because you are the leader of the hospital, you can let others do whatever they want? Why? Qin Bing doesn’t belong to your Tamkang Hospital, she belongs to me, Lin Ran!”

“One last word, here today, this illness! Treat yourselves if you can, or shut up if you can’t! Follow my rules, if you want to learn, stand quietly, if you don’t want to learn, get out immediately!”

“Besides, my rules are that I don’t teach anyone I don’t like! Do you understand?”

After saying that, Lin Ran swept his gaze over the crowd,? The tone of his voice was cold and stern there was no half-meaning that he could negotiate.

“You!”

Qu Jiang was so angry that his body couldn’t help but tremble, he didn’t think he would one day be lectured by a junior like this.

But what he said was indeed the truth, this was a society where those who had the ability were respected, if someone knew how to do something, you had to do it the way they wanted, you obviously didn’t know how to act in front of them.

“Give you a minute, except for them to come, who is not convinced immediately go out, save your heart, I also hard! Those who are convinced and want to learn, watch and learn carefully! I won’t give you all a second chance!”

Lin Ran said indifferently.

He then looked at Dean Yang and said.

“Dean Yang, if no one else can cure it, I can start in a minute!”

“Good! Good!”

Dean Yang nodded, the patient didn’t wait for anyone, and in a patient’s critical situation, any position was a false one, being able to cure the patient was the hard truth.

“You all heard Lin Ran’s words, Qu Jiang Qu Liang you go out, who else wants to go out and grab the time!”

Said Dean Yang has taken out his mobile phone in looking at the time, Lin Ran said the words, the pressure did not return, since said the two of them must go out, then must go out.

“Good! Good!”

Qu Jiang was so angry that he gritted his teeth and instantly flung his sleeve robe and walked over.

“Hey!”

Qu Liang had no choice but to follow them out as well.

As for the others, at this moment, they all gazed at Lin Ran, jokingly who was willing to go out, this was an opportunity to improve themselves, they were willing to go out there.

“Since you don’t have one, then learn it well! This is your last chance!”

Dean Yang swept his gaze over the crowd and spoke at length.

And at this moment, at the patient’s bedside, Lin Ran had already changed into his white coat and took out his accompanying acupuncture cloth.

.....

On the bed was a young man in his early thirties who was wearing very strange clothing, somewhat similar to an ancient warrior, and even had a long knife next to him, looking somewhat out of place with modern people.

“Lin Ran, there have been very many patients like this recently, and we haven’t seen them at all, so it is indeed impossible to get into this disease!”

Dean Yang said from the side.

“How many are there in total?”

Lin Ran asked.

“There are ten in total, six have already left after Qin Bing cured them, three others were too badly injured and have died, this is the one that was just recently sent to us!”

Dean Yang introduced.

“Pull those three corpses over, I’ll finish at once!”

Lin Ran said.

“Yes!”

Dean Yang didn’t dare to hesitate and immediately sent someone to bring over the three corpses that hadn’t had time to be cremated as well.

“Alright! Let’s start with this one on the hospital bed!”

Lin Ran pointed at the patient on the hospital bed and began.

“The patient only has two stab wounds all over his body, but the wounds are rotten and unable to coalesce, this is the first problem you are facing, and it is also the more difficult one to solve!”

“Secondly, the patient’s body will suddenly burst from time to time, and even if the wounds are treated and stitched up, there will still be a sudden breakage of the internal organs, and this is the second problem!”

“You are unable to solve these two problems, not because you are not good at medicine, but because the situation that caused this kind of wound is very special and cannot be solved if you cannot find a corresponding solution!”

Lin Ran spoke one sentence at a time, and the surrounding doctors listened extremely carefully, especially when they heard Lin Ran say that it wasn’t their own level of medical skills, this undoubtedly made their hearts angry with hope again.

It was just the wrong approach, as long as they learned it properly, they would definitely be able to cure this unseen condition.

“Someone go to the door and get me some fine soil from the flower pots!”

Lin Ran suddenly spoke.

“Me!”

Someone soon ran to get the fine soil, and Lin Ran had it mixed with water to make a very thin muddy water before he took out his silver needles and began to drop them.

“Nine out of ten patients in this situation are all hit by the Feng Shui master’s moves, you may find it difficult to understand, so you don’t need to understand, just know that this is a type of wound where internal energy exists!”

“To deal with this kind of wound, first use acupuncture to lock the patient’s seven orifices, three stitches should be dropped on the head and neck as well as the chest, and after that, clean the wound and stitch it up, remember that the needle used for stitching must be dipped in this mud water!”

As Lin Ran said and did so, he quickly closed the three wounds on the patient's body.

Finally Lin Ran picked up the rest of the mud water and poured it straight down on the patient.

"This last step is to just pour the muddy water all the way down, that's all!"

At the same time as he finished speaking, Lin Ran had also stopped his hand movements and turned his head to look at the crowd.

And at this moment, the group of people were all dumbfounded, completely unaware of what exactly Lin Ran meant by saying so much.

"Lin Ran, look at this"

Dean Yang was somewhat helpless, these doctors obviously didn't understand very well what they were looking at, and he himself was also dumbfounded by what he heard.

Lin Ran laughed at the situation and said.

"No harm in me saying it again from the beginning, there are three other corpses to explain, take notes if you don't understand, I won't say it a third time!"

Saying that, Lin Ran took off his white coat, pointed at the patient on the hospital bed and started talking.

"This patient, the stab wounds he received contained an internal energy, this internal energy is called breath on Feng Shui, it is something only a Feng Shui master can possess, obviously these patients should have been Feng Shui masters before!"

"These things you can't understand, you don't need to understand, like what is breath and what is internal energy, you just think of it as a very special substance!"

"And what can cure this substance is clay!"

Lin Ran said.

Chapter 949

Earth is the mother of the earth, and by nature it is tolerant of all forces, so earth can perfectly restrain the darkness in the patient's body.

Wounds decay and do not fit, because of the dark power, and the violence in the body is also due to the dark power.

So by allowing the formation to be dipped in mud and water and finally pouring down the mud and water, this dark energy in the patient's body can be completely eliminated, thus achieving a cure!

After saying that, Lin Ran looked at the crowd and said indifferently.

"That should make it clear!"

"Mm!"

The crowd shook their heads in unison, but all of them clearly had something strange in their hearts, how did this dark energy come about?

Lin Ran was also aware of this situation, and he had no way to explain it, and said after thinking about it.

"I can only tell you that you will probably never come across a few patients of this kind in your lifetime, but now that you have, it can only mean that it is God's will, I can't be very specific with you, but I can tell you one thing!"

Lin Ran said, pointing at the patients.

"These people, all of them are very rich, if you can master the technique of treating them, you will definitely earn much more than you do now!"

"Of course, if you can all learn, in the future, Temperance Hospital will also undertake the business of treating these people, and Temperance Hospital's performance will completely surpass that of the past!"

When Lin Ran said the last sentence, he was clearly looking at Dean Yang as he said it.

Dean Yang nodded secretly and didn't say much, it was obviously not very appropriate to talk about these matters now, it would be okay to talk about them later, the most urgent task was still to teach these doctors how to deal with this kind of patient situation.

"Alright, now about the three of them!"

Lin Ran pointed at the three corpses on the ground.

Two of these three corpses had injuries similar to the one on the hospital bed, while the other one was much more serious and had black, more specific wounds.

"These two have the same type of wounds as the one on the hospital bed, and the treatment is the same too!"

Lin Ran first pointed at the first two corpses before turning to point at the last one, which was quite serious.

"In this case, if you guys come across it, you can pretty much give up, because you can't treat this type of wound at all!"

"Why?"

Dean Yang was busy asking, this kind of injury could not be cured? As a doctor, what I dreaded the most was hearing the words "can't be cured".

"I can't explain this to you at the moment, you really can't cure it!"

Lin Ran shook his head, not wanting to say more.

This last patient had blackened wounds and was covered in wounds, and at first glance it was the work of an evil feng shui master, a condition that would be troublesome even for him to treat, let alone these ordinary doctors.

“Dean Yang, I’ve taught you everything I can, so I’ll leave now!”

Lin Ran said and arched his hand at Dean Yang, turning around and leaving.

“Lin Ran! You wait!”

Dean Yang busily followed him out, his face having a tired look on it.

“Come on, let’s go to the office and talk!”

Dean Yang greeted, ? took Lin Ran and went to the office.

“Ranzi, I’m so happy to see you back!”

In the office, Dean Yang personally made a cup of tea for Lin Ran and said in a serious tone.

“Dean, there’s been quite a lot going on in the hospital lately, right, I see you don’t look too good!”

Lin Ran said calmly.

“Yes, there are quite a lot of things, and I feel more and more overwhelmed!”

Dean Yang sighed with helplessness on his face.

“The patients sent in recently are either difficult to treat or difficult to treat, I often wonder if it’s really because our medical standard at Tamkang Hospital is lagging behind?”

Dean Yang laughed to himself.

Lin Ran listened but smiled bitterly.

These people were feng shui masters or cultivators, and most of their illnesses were formed from fighting and killing, and such injuries could not really be treated by ordinary doctors.

“Lin Ran, there is something that I actually wanted to talk to you about a long time ago, but I never had the chance.

Dean Yang took a deep breath, as if he had made some major decision.

“Lin Ran, are you interested in being the director of Temperance Hospital?”

“Ah?”

Lin Ran was stunned and said busily.

“Dean Yang, you are?”

“I’m old and want to retire early!”

Dean Yang said with a bitter smile.

Lin Ran listened to this but his heart felt a little uncomfortable, it had only been two years since he had graduated and entered Temperance Hospital, but Dean Yang looked at least four or five years older, which made his heart feel very uncomfortable.

“I’ve always wanted to find the right time to talk to you, but unfortunately I haven’t been able to find one, and I’m afraid you’re the only one I can trust in the entire Tamkang Hospital with high medical skills!

Dean Yang said in a serious tone.

“Dean!”

Lin Ran suddenly got up and bent down and gave a salute to Dean Yang, with a slight apology on his face.

“Dean, I’m afraid I can’t promise you this!”

“Why?”

Dean Yang was a little surprised, the president of Temperance Hospital, that was a position that many people would like to climb up to.

Sitting in this position, what you represent is not only the president of a hospital, but also the authority of the whole Temperance City. With this status, there will definitely be no one to refute you when you say that the water is poisonous.

Moreover, once sitting in this position, which of the dignitaries and nobles in the entire Tamagawa City would not have to smile and welcome you, and the future could be said to be a step to the sky.

“Dean!”

Lin Ran shook his head and said.

“You know my situation, I’m not at home for two and a half days out of three, this kind of sitting job is not for me!”

“But!”

Dean Yang still wanted to persuade, but Lin Ran waved his hand.

“There’s no need to say much about this, there’s no way I can be the dean, but if you really want to retire, Dean, Qin Bing thinks you can consider it!”

“Qin Bing?”

Dean Yang was stunned at his words, and then shook his head.

“I know Xiao Bing’s situation, in terms of medical skills she is indeed capable, but in terms of seniority and congregation, she is not as good as you, if you really choose her, I am afraid it will be difficult to convince the public!”

“I know.”

Lin Ran nodded, but there was no hint of nervousness on his face.

“This kind of thing would have gone against the wishes of many people, whether it was me or Qin Bing, as long as I jumped out and prepared to take over as dean, I’m afraid that those elderly people in the

hospital in Qujiang wouldn't be able to accept it, so whether it was her or me, the result would actually be similar!"

Indeed, President Yang is ready to retire, it is reasonable that his replacement is bound to be the oldest old people in this group in Qujiang, people with high seniority this can't be helped, so in fact whether it is Lin Ran or Qin Bing, the problems they face are actually similar.

"This"

The actual fact is that you can find a lot of people who are not able to get a good deal on this.

"Dean, I hope you are thinking about retirement, if you have really made up your mind, Qin Bing I think is a good candidate, as for the criticism from the side and the discontent, these things can be solved!"

Lin Ran said indifferently, this dean he would not do no matter what, after all, whether he would leave with Elder Feng after half a year was still a question, and how could he possibly take over this dean's position.

"Hmm! I'll think about it and wait until after this recent special period!"

Dean Yang said.

Recently the hospital had not only many patients but also special ones, so it was more or less inappropriate to step down at this time.

Lin Ran nodded, and then left the hospital.

Chapter 950

Under Li Zheng's arrangement, Qin Bing went back to the clinic to rest, and Lin Ran did not want to disturb her, after all, she had not slept for three whole days, so it was imperative that she rested.

Lin Ran returned to the clinic and personally gave Qin Bing some medicine to calm her mind and replenish her vital energy, and instructed the nurse to let her rest when she woke up.

Walking alone on the main road, Lin Ran didn't want to go anywhere, and while thinking about the recent events, he wandered around and unknowingly arrived at the entrance of Tamkang University.

It had been two years since he graduated, and his life had changed drastically, only now he was faced with a choice again.

"Ding Ding Ding!"

When he was thinking about it, Lin Ran's mobile phone suddenly rang, and when he looked at it, it was Luo Qiqi who hadn't seen him for a long time.

"Brother Lin Ran, I heard you're back?"

Luo Qiqi's voice came over the phone, but it sounded a bit tearful.

"What's wrong? Crying?"

Lin Ran asked with a smile, even if he had come back, this girl didn't need to be so excited that she was crying.

"Brother Lin Ran, I miss you! Can you come and keep me company?"

Luo Qiqi sobbed, which made Lin Ran's heart ache.

"Where are you? I'll be right there!"

"Imperial Regal!"

Luo Qiqi said.

Lin Ran immediately hung up the phone and headed straight for the Imperial Regal.

The Imperial Regal, a very famous hotel, could be ranked in the top three in the entire Temperance City, but this hotel was not a Luo family business, so Lin Ran had never been there either.

On the third floor of the Imperial Regal Hotel, Luo Qiqi stayed in her room with an icy coldness on her face.

"Miss, what now? General Manager Xu has already arrived at the door!"

A middle-aged man next to her asked respectfully, he was Luo Qiqi's personal bodyguard and butler!

"Uncle Luo, wait a little longer, let them in when Brother Lin Ran arrives!"

Luo Qiqi was hugging a cushion, her face had a sad expression.

"Alright!"

Uncle Luo also had heartache on his face.

Ever since Lin Ran came back to the village, Luo Qiqi's whole personality seemed to have changed, and Uncle Luo felt pain in his heart.

The innocent little princess had gone through a lot of hardships in the past six months and had opened her first company, "Luo Ran Finance Co.

From the name of the company, one can see how much she likes Lin Ran, but the company, which should have been thriving, has recently run into big trouble.

The sudden rebellion of one of her partners has caught Luo Qiqi off guard, and the company's accounts are at risk of breaking up at any time, which has kept her awake all night.

Although this company of Luo Qiqi's is not very big, Her father is fully capable of bringing the situation back, but in the end, this is the company that Luo Qiqi started on her own, and if she has to rely on her father for everything, she might as well go back to being a little princess to be real.

"Humph! This Luo Qiqi really thinks she's some kind of figurehead, how dare she fucking leave me out here for half a day!"

In the hotel lobby, Xu Dong cursed in a very unhappy manner.

Although his Xu family was no match for the Luo family in Tanjiang City, Luo Qiqi's current status was nothing in his eyes. If he had to face the Luo family, he might have to give in, but when facing a Luo Qiqi who had come out on her own, he really didn't put it in his eyes.

"Young Xu, let's just go! Why bother with her ninny, it was just a company for fun, do we need to play along with her like that?"

An obese youth next to him laughed, he was the most capable manager under Xu Dong was highly valued by Xu Dong.

"You are wrong, although this Luo Qiqi is out to start her own company, but you should not underestimate her strength, it is said that his father has given her five hundred million, if this money can be all out, then it will definitely be a big help to our Xu family!"

Xu Dong sneered.

"Five hundred million? Then this nee-san still owes us money?"

The fat manager was busy saying.

"Nonsense, you don't even look at what this nee-san has done, she is in the finance industry, five hundred million is really not much in this industry!"

Xu Dong sneered.

"Also, not enough to at least blow up a if our plan comes to fruition this time."

The fatty finished his sentence, Xu Dong glared over, immediately scared him hastily shut up and did not dare to talk any more nonsense.

But Lin Ran, after arriving at the hotel, was originally going to follow the address given by Luo Qiqi and go straight to the third floor.

But just as he reached the lobby, he was stopped by the waiter.

"Hello, sir, the dining is on the ground floor!"

The beautiful waitress blandly glanced at Lin Ran, with disdain on her face.

Everyone who came to the Imperial Regal Hotel was a dragon among men, but today it was bad luck that he had come across such a poor bastard at work.

I'm afraid that the clothes on Lin Ran's body didn't even add up to five hundred dollars, which made her feel very unhappy.

"Did I say I wanted to dine?"

Lin Ran glanced at her indifferently, not bothering to talk nonsense.

He had seen this kind of dog-eyed person a lot, he just didn't expect there to be any in this Imperial Regal Hotel.

"If you're not dining, then what are you here for? Visiting?"

The beautiful waitress laughed at once, while deliberately making her voice a few points louder and laughing.

“Sorry sir, we are not a museum, if you want to visit please also go to a museum! Thank you for your cooperation!”

With that, the beautiful waitress was about to greet the security guards to kick Lin Ran out.

This kind of poor loser she really didn't even have the interest to look at.

She had come to work here after graduating from university because she wanted to have the chance to get in touch with real tycoons, and perhaps be picked up by some big shot to marry into a rich family from then on, but now she had actually bumped into a poor punk, which made her heart sick.

The people around were all attracted to Lin Ran, one by one, they looked at him and pointed.

“Holy shit! Did you guys hear that, this guy is actually here for a visit!”

“I think he's here to be funny!”

“That's right, how dare he come to a place like this with such a frustrating outfit!”

“That's right, this guy isn't ashamed either!”

Lin Ran swept his gaze over these people, his face didn't change in expression, he had seen this kind of situation a lot and had long since become immune to it.

“Do you hear me going out, do I have to call out for security?”

Seeing Lin Ran standing still, the beautiful waitress was instantly furious.

“Get out of the way!”

Lin Ran looked at her blandly and spat out two words.

“What did you say?”

The pretty waitress was stunned, and the last shred of patience was gone as she shouted aloud.

“Security! Blast this stinking beggar out of here!”

As soon as he said these words, seven or eight security guards immediately surged over around him, directly surrounding Lin Ran.

“Friend, please put!”

One of the security guards opened his mouth and shouted.

However, Lin Ran glanced at them indifferently and did not say anything.

.....

However, on the third floor, Luo Qiqi, who was informed of the situation, instantly turned ugly and hurriedly got up and rushed out of the room.

“Miss!”

Uncle Luo hurriedly followed, while taking out the phone and calling out.

“Tell the brothers on the ground floor to keep an eye on it, if Lin Ran is half injured, I’ll take you all to task!”

“Yes boss!”

The voices of his men came over the phone, and at that moment Luo Qiqi had already rushed to the stairway, not even bothering to do the lift, she ran straight to the ground floor.

She was waiting for Lin Ran, but she didn’t think that the latter was blocked by the crowd on the ground floor, which made her feel self-condemned and heartbroken.

She knew a bit about Lin Ran’s past, but she didn’t expect that after all this time, this kind of thing would still happen.
