

Wonder Doctor

Chapter 951

On the ground floor, Lin Ran was surrounded by a group of security guards, but his face didn't change in the slightest, he still looked very bashful.

"Hey hey Xu Shao, look at that kid still pretending, he still has a calm face even at this time!"

The fat manager laughed.

Xu Shao, however, had disdain on his face and coldly snorted.

"It's normal, if you dare to come to a place like this and ask for food, how can you do it without a thick skin!"

"What young Xu said!"

The fat manager laughed.

The beautiful waitress was even more impatient at this point, urging repeatedly.

"What are you guys freezing for,? Is it hard to drive a smelly beggar away? How can other distinguished guests dine with him here! It's simply bringing down the class of our hotel!"

"Hey! Beauty, that's not right!"

Xu Shao smiled at his words and stood up, saying.

"Class is also to be accentuated, without this brother standing here? How to highlight the status of others do you think!"

The beautiful waitress was stunned at the words, thinking how the fuck are there still unenlightened out at this time to reply.

But when she saw that the other party was Xu Dong, a fawning smile immediately appeared on her face.

"So it's Xu Shao, rich people are different, they speak with such connotation!"

"Connotation?"

Lin Ran almost didn't laugh out loud at his words, was it people's speech that had connotation or their money that had connotation, this waitress was really licking the dog to the core.

"What are you looking at, do you think you're the same as Xu Shao? I'm afraid no one will pick up trash like you if you throw it in the rubbish!"

Seeing that Lin Ran still had the heart to listen somewhere, the beautiful waitress was instantly furious.

"I don't want to listen, it's just that your voice is too dry!"

Lin Ran said indifferently, but in his mind he was thinking about whether he should just rush over, Luo Qiqi was obviously a bit unstable, and if things dragged on like this, he was also afraid that Luo Qiqi would blame herself if she found out.

“What the hell are you! Blast him out at once, standing here is simply appalling!”

The beautiful waitress scolded.

And aside, indeed some of the customers who were originally dining frowned and looked over, such a high-class place mixed in a poor pussy, really makes people feel a bit down.

“This kind of person dares to come here, you really don’t know how to write the word “shame”!”

The pretty waitress did not relent.

Lin Ran didn’t bother to say much when he saw this and spoke directly.

“I’m here to find a friend, any more questions?”

“Looking for a friend? A loser like you can find? What kind of friend? You’re also worthy of knowing someone here as a friend?”

The beautiful waitress sneered.

Xu Shao, however, opened his mouth at just the right time to laugh.

“Hey! You can’t say that, maybe he’s here to find a female friend? Fresh meat is still very popular these days!”

“Huh? Haha being adopted? Which rich woman is blind enough to like him?”

The pretty waitress laughed disdainfully.

With Lin Ran’s kind of dress, I’m afraid that even women without money wouldn’t even look at him, and he was still being adopted? Just thinking about it was disgusting.

“I’m the woman who’s blind!”

Suddenly, just as everyone was laughing, a woman’s angry voice came from the stairway, followed by Luo Qiqi appearing at the stairway with Uncle Luo.

“Luo ..... Kiki Luo!”

“It’s really Kiki Luo, why is she here!”

“Holy shit, am I right, the Luo family’s thousandaire, she’s actually here!”

“Shit, I should have gone to say hello, maybe she’ll see me and I’ll get married into a rich family!”

“You’re just being a flirt!”

“I’d love to be a member of the family!”

The people around were suddenly abuzz.

Xu Dong even looked at Luo Qiqi, his face a little ugly, this ninny had finally given up and come out now.

The beautiful waitress heard her whole body shake and was a little confused, she thought she had heard wrong, Luo Qiqi was the princess of the Luo family, how could she like this poor loser in front of her, it was absolutely impossible!

“Luo ..... Miss Luo, why are you down here!”

The beautiful waitress was busy making up a smile, her face both envious and worried.

The envy was how people come from such a good background, being a luxurious little princess at birth, while she had to search for a man inside this hotel for the rest of her happiness.

The worry was about what Luo Qiqi had just said, was it meant for herself?

“Why am I coming down? If I don’t come down, my boyfriend will be kicked out by you guys!”

With a cold face, Luo Qiqi came straight to Lin Ran’s side and very intimately took Lin Ran’s arm directly.

“Weng!”

In an instant, everyone froze, and their brains even buzzed, they couldn’t believe the scene they were seeing, the Luo family’s thousand-year-old princess was actually holding Lin Ran’s arm, that guy was a total poor loser!

“Miss Luo, you’re kidding, how can this poor loser be your boyfriend!”

The pretty waitress was completely panicked, if this was true, wouldn’t her job be in jeopardy, with the influence of the Luo family in Tanjiang City, firing herself would be like drinking plain water.

The company’s main business is to provide a wide range of services and services to the public, including the provision of services to the public and the provision of services to the public.

What he wanted this time was to get both the money and the person, but now Luo Qiqi was actually holding someone else’s arm, and this person was a total poor loser, this was just too much bullshit.

“I bah! I didn’t expect Luo Qiqi to be one of those stinky bitches who likes to bag little white guys!”

Xu Dong was so angry that he gritted his teeth.

Luo Qiqi, however, was already snapping at the beautiful service eyes.

“You insulted my boyfriend in public, I need an explanation, or call your manager out!”

“I .... I’m here!”

Luo Qiqi’s words just fell, a young man was busy running out, full of sweat, although the boss behind the imperial tycoon also has some strength, but because of a waiter offended Luo family, obviously is aware of throwing impossible, at this time the hotel manager also panicked, busy said.

“Miss Luo please do not worry, this matter our hotel must thoroughly investigate, at the same time to say sorry to you, after washing you do not forget the heart!”

Said the manager directly turned his head at the beautiful service eyes scolded.

“Why are you still standing there? You are fired, get out immediately!”

“!”

The beautiful waitress felt her head buzzing, the whole person directly sat on the ground with a butt.

“Manager! It’s not very nice of you to do that, even though the pretty waitress has insulted Miss Luo’s man, right? But isn’t it not right to just resign in public like that!”

Xu Dong suddenly stood out and laughed.

“Ah?”

The beautiful waitress smiled and felt that her savior had come, did her conversation just now make this young master of the Xu family take a fancy to her, then wouldn’t she be flying up the ladder?

Just when the pretty waitress was feeling happy, Xu Dong spoke up again.

“I don’t mean anything else, I just want to say that there are some things you can settle in private, it’s not appropriate to do so in front of so many people!”

“Yes, Mr. Xu is right, we’ll have someone take her down now!”

The manager said, and a security guard immediately came forward and dragged the beautiful waitress down.

The pretty waitress was frozen, she thought Xu Dong was going to help her speak, after all, she was not the only one who had mocked Lin Ran before, but what happened?

People did not want to see themselves, and they even dropped stones, they were really stupid.

“Well Luo big beauty, do you want to talk about our affairs in front of so many people too?”

Xu Dong looked at Luo Qiqi with a cold smile on his face, from the moment he saw Luo Qiqi holding Lin Ran’s hand, he had already made up his mind that this time he would definitely rectify Luo Qiqi, daring to keep a little white boy, just by this she Luo Qiqi was no longer worthy of himself.

Chapter 952

“Humph!”

Luo Qiqi snorted coldly and immediately led Lin Ran upstairs first.

Lin Ran walked beside him without saying a word, the way Luo Qiqi behaved just now and her aura suddenly gave him a strange feeling in the middle.

“What’s wrong?”

Only when he reached the room did Luo Qiqi look like Lin Ran.

“Nothing!”

Lin Ran shook his head, he didn’t know what to say instead.

“Does it feel like my whole person has changed!”

Luo Qiqi said with a bitter smile.

Lin Ran nodded his head.

“It’s true that I’ve changed a lot in the past six months since you returned to the village, but no matter how much I’ve changed, I’m still your little Qiqi!”

Luo Qiqi said as she affectionately buried her head into Lin Ran’s shoulder, seemingly enjoying the feeling of having someone to lean on for a good while.

“These six months must have been hard!”

Lin Ran rubbed Luo Qiqi’s hair and said softly.

“It wasn’t hard! It was all worth it!”

Luo Qiqi laughed, but there were tears in her eyes.

A good family didn’t mean that everything was good, especially when Luo Qiqi absolutely went out on her own to start her own business, she realised that business was actually really hard.

“I’ve been through a lot these past six months, if it wasn’t for Uncle Luo and the others helping to hold things together, I probably wouldn’t have been able to keep it going!”

Luo Qiqi said softly, although she had inherited the Luo family’s talent for doing business, but shopping malls are like battlefields, it’s not just a matter of having talent, if it wasn’t for Uncle Luo and the others who were around to advise, I’m afraid Luo Qiqi would have lost everything.

“I heard you were not in the right mood when I called earlier, what exactly happened?”

Lin Ran asked indifferently.

“Nothing, I just know you’re back and want you to keep me company!”

Luo Qiqi said in a soft voice.

Lin Ran’s heart ached as he listened, he didn’t know exactly what Luo Qiqi had gone through in the past six months, but it was obvious that this experience had made her more mature as a whole.

“Miss, Xu Dong has brought someone here!”

Uncle Luo came through the door and said softly, his brow frowning slightly as if he was a little worried.

“Let him in!”

Luo Qiqi sat up straight and wiped away the tears from her eyes, once again regaining her previous coldness and blandness.

Lin Ran, on the other hand, looked even harder in his heart.

“Is this all because of myself?”

He was afraid that he would leave one day, so he had always wanted to let the four girls grow up quickly, but when they really started to grow up individually, he regretted it a little, he felt that he had been too selfish.

The four girls were each originally different personalities, and Luo Qiqi was also the kind of happy and carefree little sister, but in order to keep himself from worrying, he was now forced to enter adult society and play against these hobgoblins that ate people without spitting out bones, which made Lin Ran really heartbroken.

“Miss Luo, it’s really hard to see you, no wonder they say that those who owe money are masters nowadays!”

Xu Dong laughed as he walked in, while sneering.

“Xu Dong don’t talk sarcasm there, don’t think I don’t know that you are behind this!”

Luo Qiqi said coldly, how could she Luo Qiqi not know what Xu Dong had in mind for her, only now that she was currently in a very passive position, there was nothing she could do even if she knew.

“Haha! What an understanding person!”

Xu Dong laughed at once.

“Since that’s the case, then let’s open up and talk about it!”

Xu Dong said as he took out a pile of documents and placed them directly on the table.

“This is a debt contract, as long as you sign it the matter between the two of us is over!”

Luo Qiqi didn’t say anything and took it up directly, while Lin Ran who was at the side also looked over.

“A debt contract! Luo Qiqi owes Xu Dong a full thirty million dollars due to poor business, and has now decided to give out fifty percent of the company’s shares to the other party to pay off the debt, and at the same time is willing to be the other party’s three-month ..... mistress?”

Seeing these lines, Luo Qiqi’s face instantly changed, and Lin Ran’s eyes were even colder to the extreme.

“Ao! I forgot, the last one is not needed now, I have little interest in women who have been played with by other men, especially this kind of poor loser who has played with them, I recoil at the sight instead!”

Xu Dong made a gesture of vomiting and laughed.

“But I’m really curious, Miss Luo! Your family is so wealthy, even if you are looking for a white boy, there are so many fresh meat stars you are not looking for, but you are looking for a poor loser, you really have a heavy appetite!”

“You bastard!”

Luo Qiqi’s face turned red with anger, and she looked at Xu Dong with such anger that she wanted to jump up and slap this kid right away.

“Oh I’m an asshole? Call it what you want, it’s just your only way out, don’t sign the contract and I’ll call the police now!”

Xu Dong sneered.

“Xu Dong you don’t go too far!”

Luo Qiqi’s pink fists were clenched clearly on the verge of an outburst.

“What’s going on?”

Lin Ran asked indifferently as he watched with a slight frown.

“What? Comrade Little White Face, you still don’t know! This earthy young lady of yours is about to go bankrupt!”

Xu Dong sneered.

“Shut up!”

Luo Qiqi was so angry that her eyes were red and her body was trembling slightly.

“Miss, it’s time for you to rest!”

Uncle Luo reminded him that he was worried that Luo Qiqi might go into shock at any moment, as she had not had much rest recently and her spirit was at a high level of tension.

Li Ran saw clearly from the side and patted Luo Qiqi’s shoulder.

“You go and rest first, leave this to me!”

“No, this is my business can’t drag you down!”

Luo Qiqi said busily, her eyes full of emotion.

“Do as you’re told!”

Lin Ran smiled, spilling into Luo Qiqi’s heart as if he was masculine.

“Go to sleep!”

Said Lin Ran, gently nodding at Luo Qiqi’s neck, followed by Luo Qiqi actually lying in Lin Ran’s arms, motionless!

“Uncle Luo, bring a blanket over here!”

Lin Ran said indifferently.

“Okay!”

Seeing that Luo Qiqi had really fallen asleep, Uncle Luo was overjoyed and hurriedly ran to get a blanket over.

“Kid! What are you up to?”

Looking at the scene in front of him, Xu Dong’s face suddenly turned ugly, he had come to look for trouble with Luo Qiqi, but the result was that this ninny had actually fallen asleep in front of himself, this simply did not put him in his eyes.

“Nothing to do with you, you’re here to collect a debt!”

Lin Ran looked at him, his expression still bland.

“That’s right! I’m here to collect a debt, not enough for you to be qualified to know, just look at this poor little white boy, you’re also worthy of talking to me?”

Xu Dong said and got up to leave, Luo Qiqi slept this thing how to talk, but he also thought well today this thing is not finished, big deal I will wait downstairs, today this thing is not clear he really does not intend to the end.

“Whether you are qualified or not you don’t count, if you want money, just wait!”

Lin Ran said indifferently, a sentence directly said Xu Dong stopped.

“With just you? Oh, interesting, then I’d like to see how a poor dick like you can get money for Laozi!”

Said Xu Dong actually once again did down.

The fat manager on the other side was a little impatient and whispered.

“Boss, is there any need to waste time with this stupid bastard? I’m afraid we can’t afford to pay for our debt even if we sell all his organs in his body!”

“Hmm! Don’t say that, I really want to see how much his whole body’s organs can be sold for!”

Xu Dong sneered.

Lin Ran, however, simply ignored the other party, turned his head to look at Uncle Luo and asked.

“Uncle Luo, tell us what exactly happened?”

Chapter 953

“Mmm!”

Uncle Luo nodded his head, and then he talked about it.

It turned out that Luo Qiqi had opened a financial company with the 500 million yuan start-up capital given by her father, and the company was doing quite well.

But recently, Xu Dong approached Luo Qiqi and said he wanted to cooperate.

This Xu Dong’s family had also worked with the Luo family before, so Luo Qiqi agreed to cooperate without thinking much about the profits.

But who knew it was a trap?

Luo Qiqi just signed a contract with Xu Dong, followed by the upper family had a problem, immediately led to Luo Qiqi funds can not be returned, the account is no extra money.

When she was about to default on her contract with Xu Dong, she came to her senses and realized that Xu Dong had done everything to screw her up and get the hundreds of millions in start-up capital.

In fact, Uncle Luo didn’t know that Xu Dong had wanted to get his hands on Luo Qiqi as well, after all, who doesn’t miss the Luo family’s daughter?

But now there was a Lin Ran, so Xu Dong immediately lost interest in Luo Qiqi and chose to take the money and leave.

Lin Ran understood the context and had a plan in mind, looking at Xu Dong and saying blandly.

“How much does Kiki owe you?”

“Hm?”

Xu Dong smiled at his words.

“Not much! Thirty million!”

Hearing this figure, Lin Ran was instantly relieved, thirty million wasn't too much.

“Kid! Does it seem like thirty million is an astronomical figure that you've never seen before!”

Xu Dong laughed coldly, in his opinion, not to mention 30 million, even 3 million, I'm afraid Lin Ran had never seen it before, even a poor loser like him would be lucky to have 30,000.

“Indeed, I've never seen it, it's too little!”

Lin Ran laughed indifferently, and had a plan in his mind.

The business battlefield was like this, sometimes it was such a small order that overwhelmed you, but there was nothing you could do about it.

“I think that top is your company too!” |

Lin Ran looked at Xu Dong and said blandly.

The company's main business is the company that owns the company. That parent is my company!”

“You!”

The company's main business is the company's business.

Lin Ran also roughly guessed, it must be that this Xu Dong had gotten two companies, the upper company signed a large contract with Luo Qiqi, dragging down Luo Qiqi's capital chain, while Xu Dong got another small company to act as the lower one.

The compensation was only \$30 million, but this \$30 million was too much for Luo Qiqi to take out.

This was the last straw that broke the camel's back, as the saying goes.

“Kid, have you enjoyed listening to all this? Where's the money?”

Xu Dong looked at Lin Ran with disdain on his face.

Lin Ran smiled blandly at this and fished out his bank card from his pocket and placed it directly on the table.

“Yo! You're pretending to be something you're not, but with your outfit you still have 30 million? I'm afraid you don't even have three thousand in this card!”

Xu Dong instantly laughed.

“Uncle Luo!”

Lin Ran shouted without any nonsense.

Uncle Luo next to him immediately took the card and ran to the side to complete the transfer.

“Ding!”

Soon Xu Dong’s phone rang, picking it up to see that it was really a text message that three thousand dollars had arrived.

“You!”

Xu Dong was instantly frozen, he didn’t expect Lin Ran to actually get the thirty million, this kid dressed like a bumpkin, but he actually had so much money?

“Little brat, you’re fucking pretending with me!”

Xu Dong felt he had been played, and immediately took out his mobile phone to call.

“You’re fucking playing with me, right? I’ll tell you the truth, there are a lot of partner companies that have signed up with her financial company, do you know how many of them are mine? If I want her to go bankrupt, she’ll go bankrupt!”

With that Xu Dong was ready to find another company and continue to make Luo Qiqi go under.

However, Lin Ran was smiling blandly and said.

“Uncle Luo, all the money on the card is charged into the company account!”

“Ah?”

Uncle Luo was stunned at his words, flushing all of it into the company account? This ..... Just now he could see clearly that there was at least three hundred million dollars on the card.

“Punch it in, mine is Kiki’s!”

Lin Ran said indifferently.

Three hundred million was all he had, but he didn’t care at all, with his current strength money was simply too easy to earn as long as he wanted.

“Good!”

Uncle Luo saw this and did not say anything more, immediately ran to put all the money into the company account.

Soon came the sound of Luo Qiqi’s mobile phone texting.

“Hello! Your xxxx bank card arrived at three zero zero zero ..... Yuan, balance three zero zero zero .....!”

The text message was read out directly from the phone.

And Xu Dong's entire body froze as he listened to the words that had eight zeros.

"Three hundred million ....."

Xu Dong's face was blue for a while, simply how ugly it was to that look.

"Do you still have questions!"

Lin Ran turned his head to look at Xu Dong and asked indifferently.

"You!"

"No questions, now let's settle the score for your insult to Qiqi!"

Lin Ran said in a cold voice, while placing Kiki on the sofa, straightening his clothes and standing up.

"What do you want!"

Seeing Lin Ran's move, Xu Dong instantly panicked a little, a man who could take out several hundred million with his hands, how could he dare to underestimate him at this moment.

"What are you doing! Back off!"

The fat manager saw this and directly blocked in front of Xu Dong, now was the time for him to perform, if he could make Xu Dong claim this favour of his, then wouldn't he still be able to soar a bit in the future.

"Get out of the way!"

Lin Ran looked at him and said blandly.

"What if I don't let you? You're rich, aren't you?"

The fat manager said disdainfully.

Lin Ran frowned slightly at this, turned his head to look at Uncle Luo, and then threw his palm directly at the back with a "brush".

"Pah!"

A crisp slap sounded out, and the fat manager immediately flew backwards and fell heavily to the ground, motionless.

"? You!"

Xu Dong couldn't help but gulp as he watched and said busily.

"You .... What do you want, I've got the money I'm leaving!"

"Go? Only now do you say you want to leave, don't you think it's too late?"

Lin Ran smiled lightly, then raised his hand and "slapped", directly hitting Xu Dong's entire body also flew backwards, the two people directly by Lin Ran a slap to the door of the suite.

"This slap is for Kiki, if you dare to plot against Kiki again in the future, you will be ruined!"

Lin Ran looked at Xu Dong in a cold voice, his icy eyes looked at Xu Dong's entire body like he had fallen into an ice cave.

"Get lost!"

Lin Ran chided in a cold voice.

The fat manager and Xu Dong rolled and crawled out of the room, only after rushing out, Xu Dong turned his head and gritted his teeth and said.

"Good! Good for you Lin Ran, I'll take this down, you wait for me!"

Lin Ran looked at him indifferently and didn't say anything, he had heard this kind of harsh words too many times and had long been used to it.

#### Chapter 954

After seeing Xu Dong leave, Lin Ran then carried Luo Qiqi back to her room and inputted his Healing Dao True Qi to let her rest properly.

Walking out of the room.

"Uncle Luo and I will tell you about what Kiki has experienced in these six months."

Lin Ran said as he sat on the sofa.

"Mm!"

Uncle Luo nodded and followed, telling the story, from the time Luo Qiqi decided to start her own business to the various trials and tribulations she had gone through in the full half year today.

Lin Ran's heart ached a little as he listened, especially when he heard that during that time Luo Qiqi had almost gotten drunk and had an accident, he was so angry that his fists were clenched and he felt a deep sense of remorse in his heart.

"It was all for myself, how could I be so selfish!"

Lin Ran couldn't help but give himself a slap,? If he had known that things would turn out the way they are now, he would never have let Luo Qiqi go down this path in the first place, no matter what.

This path had completely changed the innocent and naive Luo Qiqi, and although she had grown up quickly, was this really the outcome he wanted? Obviously not.

A few moments later Lin Ran left, explaining that Uncle Luo would take good care of Qiki and tell himself when she woke up.

"Ranzi! Where are you?"

Just as he walked out of the private room, Wang Yifeng called.

"Regal Hotel, something wrong?"

Lin Ran asked.

“Shit! What a coincidence I’m here too, looking for you for business, what floor are you on and I’ll come find you!”

Wang Yifeng laughed.

“Third floor!”

Lin Ran said.

Soon Wang Yifei came running up, but this guy had actually passed on a very formal suit today, looking human and dog-like, if it wasn’t for the fat that didn’t fit with the suit, one would really think this was a grandson of some family.

“Ranzi, come with me now!”

Seeing Lin Ran, Wang Yifeng was busy greeting him.

“Where to?”

Lin Ran wondered, why do I have to go with you just after meeting you?

“You still don’t know, huh?”

Wang Yifeng was surprised, while taking out his phone and showing it to Lin Ran.

“This?”

Lin Ran was stunned after reading it, on his phone was a text message from Su Rou, meaning that she had a dance rating final in an hour, so that everyone could go to the venue when they were free to see that the tickets had been booked.

“Su Rou is sending it in a group, didn’t you get it?”

Wang Yifeng wondered, he had been subjected to it Lin Ran did not make sense not to receive it ah.

“Let’s see! ”

Lin Ran was busy taking out his phone, and only when he looked at it did he realise that it was actually his own phone that had run out of battery.

“It’s out of battery!”

Lin Ran said awkwardly.

“Shit! All right cut the crap, come with me!”

Wang Yifei was busy greeting him, Lin Ran knew the news would be fine, there was nothing he could do if his phone ran out of battery.

The two of them had reached the ground floor as they spoke, but they had come from the accommodation area, so there was still a stretch of accommodation to go when they reached the ground floor.

But just as the two were about to go out quickly, suddenly there was a very stunning scene in the corridor ahead of them, only to see a man and a woman hugging and kissing each other, and the man even forgot to use his hand to give the other a fierce squeeze behind him.

She was wearing a pair of black leggings that outlined her curves beautifully, and her top was a low-necked black leotard, with her hair often falling over her shoulders, looking really sexy.

“Can you be a little bit of a man, never seen a woman before!”

Lin Ran said, but he himself also no one to stay more than two eyes, mainly because this woman whether the figure or temperament is really good.

“Shit you still say fat master, what are you doing with your own eyes? Believe it or not I tell big sister!”

Wang Yifeng said without good grace.

“All right, all right! Hurry up and go!”

Lin Ran was busy digressing, right now Song Nuan is probably at home, I don't know if Song Yujiang has gone back yet, so it's better for me not to disturb her reunion with her family.

“Don't be in a hurry, this scene doesn't happen once in a hundred years, next time you want to meet such a superb beauty, where to find it!”

Wang Yifeng was so fond of it that he actually took out his mobile phone and took a picture of the two.

“Holy shit! You're fucking snapping pictures!”

Lin Ran instantly cursed.

However, Wang Yifeng heatedly smiled and said.

“Don't worry, I won't upload it online, you'll never find it in a selfie sneak peek! This is the one that Fat Master myself is going to collect, the collector's edition!”

“I pooh! Hurry up and go!”

Lin Ran was busy urging, if people found out about this, they would still play with themselves.

“Hey, hey! Don't be in a hurry, you two are about to get even more explosive!”

Wang Yifeng laughed.

As expected, the man was probably also overwhelmed and could not help himself.

“You're crazy! This is a corridor, let's go to our room!”

The woman's pretty face flushed and she said.

Only then did the man regain some sense, nodded his head and turned around to get a room.

But as soon as he turned around, he saw Wang Yifeng pointing his mobile phone at him.

Seeing this, Wang Yifei suddenly had an embarrassed look on his face and was busy turning his head to look at Lin Ran.

“Ranzi, do you think this phone of mine is broken, why can’t I see anything clearly?”

“What the hell?”

Lin Ran didn’t notice that the other party had noticed, and was still a bit puzzled as to what tricks this dead fatty was up to again.

“Look, it looks like there are two things coming towards us here!”

Wang Yifeng tossed his phone to Lin Ran.

Li Ran took a look and sure enough there were two figures on the screen running towards him, but why were these two figures so familiar? Especially at the back, it was obviously a woman ah.

“Son of a bitch, dare to secretly film Laozi, stop right there!”

A tirade sounded out, followed by a jolt from Lin Ran.

Leaning on the two figures on this phone, weren’t they the two people who had been secretly filmed.

“Fatty?”

Lin Ran turned his head to warn him to hurry up and run, but it was only after this turn that he realised that Wang Yifeng was already running out of sight.

“Ranzi, run! Why are you still standing there!”

Wang Yifei still did not forget to turn around and shout.

“Fuck you!”

Lin Ran couldn’t help but curse, grabbed his phone and turned his head to run.

Just kidding, what speed was Lin Ran, in two or three steps he was already running out of sight.

Seeing that the other party was so fast, the man then gave up chasing and was so angry that he gritted his teeth.

“Director Luo forget it, there are all kinds of people these days, no need to get angry because of them!”

The woman ran over and persuaded.

“Angry? I’m afraid this will be known, don’t forget you have a competition later!”

Guide Luo frowned.

“Huh? No way, we deliberately drove half an hour to get here, no one should be following us!”

The woman was a little worried.

“Be careful, if someone finds out, not to mention the competition will be ruined, my position will be lost!”

Director Luo said in a cold voice, worried at this point in his heart.

But the worry was only for a second or two, and after seeing the woman's delicate figure, Director Luo forgot about it.

"Go! Back to the room! We still have half an hour!"

Said Director Luo, pulling the woman up and walking straight towards the room.

"Oops! What are you doing in such a hurry, Director Luo!"

The woman said shyly, a blush even appeared on her face, she was very shy.

Director Luo turned his head to look at the woman, a greedy smile on the corner of his mouth.

"Can the old man not be in a hurry? If it wasn't for those two bastards filming secretly, I would have pressed you into bed and loved you properly!"

"Aiya, Luo Guiding you bad! I'll just serve you well later!"

"That's more like it, hurry up, I can't wait to hear your little bitch bark!"

With that the two went straight into the private room.

Chapter 955

Leaving the hotel, the two of them went straight to the Xu Culture House.

Xu's Culture House is a comprehensive industry, which has all kinds of accommodation and hotels, but the main thing is culture, often holding various events, of which the dance competition is naturally the hottest, because every time they come to participate in each are beautiful women,? The finals in particular are the most beautiful of the beautiful.

So many people come here to watch with the intention of having their eyes filled, and there are even jokes that this cultural hall is actually a place for rich kids to pick their mistresses, as those who can compete here all have stunning faces.

"Why would Su Rou come to a place like this to compete?"

Looking around at the rich and powerful officials coming and going, Lin Ran couldn't help but frown slightly.

"Who knows, but what are you afraid of with us here!"

Wang Yifeng laughed.

Lin Ran shook his head and didn't say much.

The two of them soon arrived at the entrance and queued up. At this time, there were too many people at the entrance and the two of them queued up for half a day before they reached the ticket gate.

"Do the two of you have tickets? Or have pre ....."

The beautiful ticket inspector lowered her head and asked mechanically, but before she could finish her words, when she looked up and saw the costumes of Lin Ran's two people, the latter half of her sentence was swallowed straight back.

Reservation? Are you kidding? The way these two people were dressed in front of him, they were still booked? Unless they were crazy.

“Do you two have tickets?”

The beautiful ticket inspector asked, in her opinion these two people were just here to see the world, at most they would buy two standing tickets, I’m afraid they couldn’t even afford to buy a seat ticket.

“No tickets!”

Wang Yifeng said directly.

“No tickets?”

The beautiful ticket inspector froze for a moment, followed by a cold voice with a sullen face.

“Sorry two we are not a museum, you need to buy a ticket! No tickets please go!”

With that the pretty ticket inspector turned her head away from the two of them and rushed to the back.

“Next!”

“Holy shit!”

Wang Yifeng’s temper got hot right away.

“Hey, hey! If you don’t have a ticket, you can’t get in, didn’t the person in front of you also don’t have a ticket?”

“In front?”

The beautiful ticket inspector laughed at that.

“Do you know who that person is? He’s the son of the Xu family, and he has a reservation to float, can you two compare with him? Don’t take a piss and look in the mirror either!”

“Holy shit!”

It had been a long time since Wang Yifeng had been counted on like this, and he immediately lost his temper.

“Little girl, which one of your eyes can see that I am no match for him? I’m telling you, I’m still .... today.”

Seeing that Wang Yifeng was about to be a jerk again, Lin Ran was busy stopping him and smiled at the beautiful ticket inspector.

“Sorry, this friend of mine has a bad temper!”

“Bad temper? Go find trouble elsewhere if you have a bad temper, our Xu Culture Hall is also a place where you can be wild,? Get lost immediately!”

The beautiful ticket inspector scolded, this was the Xu family's territory, what kind of status is the Xu family, just you two losers can afford to mess with it?

"Beauty, you're quite pretty, why is your mouth so unqualified!"

Lin Ran couldn't help but frown slightly, he had never seen such a brainless person before, why did he bite down on the two of them as poor losers?

"Quality? You're talking to me about quality? The clothes you have on are not as expensive as a watch, and you're talking to me about quality?"

The beautiful ticket inspector laughed and pointed at Lin Ran and the two of them and scolded.

"Get lost immediately! Or I'll call out security!"

"You're going too far, we don't have tickets, but we have a reservation, why don't you let us in?"

Lin Ran said in a cold voice, he had read the text message from Su Rou earlier, saying that they had already made a reservation, so the two of them had come straight here, but they had never thought that they would run into this nonsensical ticket inspector.

"How can you make a reservation? Can you two afford to make a reservation? You can't even afford to make a reservation if you have your clothes off!"

The ticket inspector sneered with disdain.

Wang Yifeng was now completely furious and slapped the machine in the hands of the beautiful ticket inspector and scolded him.

"Call your manager over here, damn it! You think I'm a sick cat if the tiger doesn't show its strength!"

"You!"

The beautiful ticket inspector was so angry that she gritted her teeth,? At once, she took out her mobile phone and called, not forgetting to shout at the people behind her afterwards.

"As you all can see, it's these two people who are messing around here, so you'd better go to another ticket gate!"

"I say, are you two finished? If you can't stand it, just get lost!"

"That's right, you're wasting everyone's time, we're still waiting for our tickets to be checked!"

"Hey! What the hell is wrong with you? Why did we run into these two idiots?"

The people at the back of the room were discontented.

Wang Yifeng listened with a sullen face, turned around and glared at the crowd behind him and said aloud.

"Not happy, huh? Don't line up behind me if you're not happy, I'm begging you?"

"You!"

“How can you be like that? You’re the one who doesn’t have a ticket, so why waste our time?”

“Exactly!”

“I don’t have a ticket?”

Wang Yifeng instantly laughed, and immediately picked up the machine on the ground and pressed it several times, and a string of sounds came from the machine.

“Precious goods section, number thirty-three and thirty-four! Welcome to Xu’s Cultural Hall!”

The moment these words came out, immediately some people all shut up, especially the few people who had just screamed the most, at this time all oddly lowered their heads without saying a word, it was simply too humiliating, this smack in the face also came too quickly.

“You ..... You guys!”

The beautiful ticket inspector was even more confused.

She just heard clearly, people are VIP area, to know that VIP area generally few people go, even if there are going to be the rich or noble, but the two people in front of you dressed like following the dirt bag, but actually also have a VIP area seat, this is simply too bullshit.

“You must have made a mistake, or maybe there’s something wrong with our system, how can you two be in the VIP section!”

The beautiful ticket inspector still didn’t believe the scene in front of her even now, saying that she was about to take the machine back and check again.

Lin Ran also lost his patience at this point, as soon as he dodged the ticket checker and threw it into Wang Yifeng’s hand, he turned his head and said.

“No need to check, you can just call out to the manager!”

“You!”

Seeing that Lin Ran actually said the same thing, the beautiful woman on the ticket checker suddenly had some bottom in her heart, could it be that she had really offended some big shot?

But which big shot was sick and would dress like this? This was clearly a poor man!

Although she was puzzled, the pretty ticket inspector called the manager and soon a young man came over with a cigarette in his mouth and disdain on his face.

“Young Xu! It’s young Xu, how come you’ve come here personally!”

When she saw the visitor, the beautiful ticket inspector was overjoyed, jokingly she worked here in order to get close to Xu Shao and get the latter’s attention to marry into a rich family from now on, however, normally she did not have the chance to see Xu Shao at all, at this time, when she saw Xu Shao actually came over personally, her heart was quite grateful to Lin Ran and the two of them for causing trouble for that moment.

“What’s going on?”

Xu Dong questioned with an ugly look on his face.

“This is the case Xu young, the two of them make trouble and want to go towards see the manager!”

The pretty girl then the ticket inspector busily said, her eyes indeed never leaving Xu Shao’s body.

“A brand name, that watch I’m afraid of 100,000 to start with, Xu young family is really rich, if I could .....

The beautiful ticket inspector was thinking in her mind how to send an attack on Xu Shao, when she suddenly heard Xu Dong surprised.

“Cao! How is it you!”

Chapter 956

“Ranzi you know him?”

Wang Yifeng asked from the side.

The beautiful ticket inspector standing next to Xu Dong was even more frightened and her whole body shivered, Lin Ran actually knew Young Xu, if they were friends then wouldn’t she be doomed.

“Xu Shao I really didn’t know he was your friend, I .....

The beautiful ticket inspector just wanted to apologize, but Xu Dong directly interrupted him.

“Who told you that he is my friend!”

Said Xu Dong looking towards Lin Ran and sneering.

“Not only is he not my friend, but he’s also my enemy, you’re doing the right thing! Irrelevant people should never be let in!”

“Huh?”

The pretty ticket inspector was suddenly baffled, and then her face was filled with joy, daring to say that Lin Ran and Xu Dong did not deal with each other.

When she thought of this, the beautiful ticket inspector smiled even more brightly.

“Xu Dong, we made an appointment!”

Lin Ran said indifferently.

He had thought that Xu Dong was a rich kid, even if he had some problems with him, he should still have this measure, but now it seemed that Lin Ran had overestimated him.

“Appointment? Lin Ran, you’ve been kicked in the head by a donkey! This is my family’s fucking property, I’m in charge of my own territory, got it?”

Xu Dong looked at Lin Ran with a sneer in his eyes.

Didn’t you just say you were a cow? Now keep pretending with me, come in if you have the guts!

“Haha!”

Thinking of this, Xu Dong couldn't help but laugh out loud.

“Hey hey did you guys see that, that's young Xu Dong Xu, so handsome!”

“Yes! If I could marry him I could practically wake up in my dreams!”

“Just you, you don't even see what kind of status he has, he would look at you!”

“That's right, look at those two idiots who got young Xu kicked out straight away!”

“Yes, so what if you make an appointment, I'm afraid you won't be able to get along in Tamagawa City soon after offending Young Xu!”

The people around them were talking.

Wang Yifeng was so angry that he wanted to go up to this kid and take him to pieces, but Lin Ran kept pulling him along.

“Ranzi, is this just going to go away? Su Rou is still in there!”

Wang Yifeng was very reluctant.

Lin Ran shook his head helplessly.

“No way,? This is someone else's turf, forget it, give me your phone, I'll call Su Rou.”

Wang Yifeng smiled and gave his mobile phone to Lin Ran.

However, Lin Ran just picked up the phone before calling, suddenly there was a commotion inside, followed by a dozen people in black surrounded by a middle-aged man actually came out from inside, the battle was really scared of the crowd.

“Xu Jiangnan?”

Lin Ran recognized the middle-aged man inside at a glance, it was none other than Xu Jiangnan, the helmsman of Xu's enterprise, who was very recognizable with his big bald head.

He had met Xu Jiangnan once when he was at the Luo family party, but not enough of this man was very cunning, so Lin Ran did not make too much contact.

Xu Jiangnan quickly arrived next to Xu Dong amidst the crowd.

“Dad, why did you even bring someone here yourself, I can handle such a small matter!”

Xu Dong laughed, his own old man came out with this show, growing not only the face of the Xu family, but also his Xu Dong's.

This is not, the crowd has already exploded, some nymphomaniac girls even shouted in public.

“Do you have a girlfriend, young Xu?”

“Young Xu I want to give you a baby!”

“Dad, I’m your daughter-in-law!”

“Idiot!”

Hearing so many people shouting, Lin Ran couldn’t help but curse too.

“Xiao Dong, what happened just now? Why is there a commotion here?”

Xu Jiangnan asked with a cold face.

“Dad is fine, the two jumping clowns have been driven away by me!”

Xu Dong smiled smugly.

“Jumping clowns?”

Xu Jiangnan’s face sank as he said.

“You’d better get rid of them quickly, I’ve been informed that Mr. Song will be coming over later, we must protect the peace here today!”

“Mr. Song? Which Mr. Song?”

Xu Dong was stunned, what was the other party’s origin that actually made even his own old man so strict.

“Which Mr. Song could it be, Mr. Song Yujiang Song!”

Xu Jiangnan said helplessly, this son of his usually did not care about anything, he actually did not even know the biggest person in Tanjiang City.

“Huh?”

Xu Dong was stunned, hearing the name Song Yujiang how could he not know who the other party was, in the whole of Tanjiang City I am afraid that the only person who did not know Song Yujiang was a new born baby.

“Dad, don’t worry I’ll blow those two bastards out!”

Said Xu Dong and instantly led the men to prepare to go over and shout at them.

Xu Jiangnan looked at the direction his son was going and immediately saw Lin Ran in the crowd, and could not help but frown slightly, feeling that this person looked familiar, but for a while he could not remember how.

“I think I’ve seen this man somewhere before. How come I can’t remember all of a sudden!”

Xu Jiangnan frowned.

Besides, Xu Dong had already led his men to Lin Ran by now and sneered.

“Two, it looks like you don’t want to leave, then I can only ask you to go out!”

With that Xu Dong waved his hand and instantly six or seven bodyguards beside him surged over and directly surrounded the two men.

“What’s the matter? You want to fight, don’t you know who I’m afraid of? I even fought with Yue Shan’s son back then, what are you?”

Wang Yifeng said disdainfully, these security guards in front of him were ordinary people, although his current strength was not as strong as Lin Ran’s, it was just a matter of raising his hand to take down these people.

“Oh! You have a tough mouth, but I don’t know if your mouth is proportional to your figure when you really start fighting!”

Xu Dong sneered.

With a wave of his hand, six or seven bodyguards were ready to take action.

“Ranzi!”

Wang Yifeng looked at Lin Ran, obviously waiting for Lin Ran to say something.

“Stop it! What are you doing?”

Lin Ran was thinking, when suddenly a scolding sound came from behind, followed by everyone turning their heads to look.

They all had the word “public” on their stickers and were all from special units.

And the sharp-eyed people soon saw that the six or seven people who came over were surrounded by uniformed police officers, and this line-up was too powerful.

“Song ..... Song Yujiang, that’s Song Yujiang!”

I don’t know who shouted,? Only then did the crowd see that the one walking in the middle of the crowd was not exactly the grand master of Tamagawa City, Song Yujiang!

“What do so many people want in front of a large crowd? Is it a fight?”

Song Yujiang scolded in a stern voice, but he froze just as he walked into the crowd.

“Lin Ran, why are you here?”

“Uncle Song!”

Lin Ran smiled and arched his hand.

“What?”

Seeing this scene, everyone was immediately confused, that poor bastard actually knew Song Yujiang and called him uncle? This relationship .....

“Holy shit!”

Some of them who had just mocked Lin Ran you, instantly felt their heads sweating, people are poor bastards? They are not poor pussies? But he knew Song Yujiang, but he himself? They didn’t even know a small section chief.

“What are you doing here?”

Song Yujiang asked, frowning.

Lin Ran helplessly spread his hands and said.

“We were going to come to watch the show, and we had booked our tickets, but the Xu family wouldn’t let us in, and they were going to have these bodyguards coax us out!”

“Is that so?”

Song Yujiang’s face instantly turned ugly at his words, turning his head to scold.

“Director Qin, what are you doing with market supervision?”

“Song City, this must be a misunderstanding misunderstanding, I will immediately go to investigate!”

Director Qin immediately panicked, vicious glance at Xu Dong, towards the front has been dumbfounded Xu Jiangnan and ran over.

He went up and without saying a word gave a head-bashing reprimand.

Chapter 957

“Misunderstanding, Director Qin it’s all a misunderstanding!”

Xu Jiangnan had the heart to die at this point, especially when he saw Director Qin walking towards him, he had already guessed what would happen next.

But how could he have imagined that the person his son had messed with actually knew Song Yujiang, if he had known, he would have had to take hold of his son if he had been killed.

“By the way Lin Ran, where is Xiao Nuan now that you’re back?”

Song Yujiang suddenly asked, but he knew that his daughter had followed Lin Ran to the latter’s home, how come he was the only one fooling around now.

“Xiao Nuan went back two days ago, you didn’t know?”

Lin Ran was busy asking, Song Nuan had obviously gone back because she wanted to have a good chat with Song Yujiang, but it had been two days, how come it looked as if Song Yujiang still didn’t know that Xiao Nuan had returned.

“Back for two days?”

Song Yujiang was stunned, followed by a slap on the head.

“Hey! Look at this brain of mine, Xiao Nuan did call me two days ago, but at that time I was away at a meeting and only just came back today, I’ll make a trip home later!”

“Mmm!”

Lin Ran smiled and nodded.

While the two were talking on their side, the group of onlookers next to them all exploded.

“Holy shit! Did you guys hear that, just now Song Yujiang said that his daughter was with this poor loser!”

“I heard it, my god, how is this possible!”

“Yeah, this kid is dressed in shit and he’s actually with Song Yujiang’s daughter!”

“This kid went out and stepped on shit, right? He’s so lucky!”

“Right! I think it’s stepping on dog shit!”

“Not only does he know Song Yujiang, but he’s also on such good terms with his daughter, his fucking luck is too explosive!”

Lin Ran naturally didn’t take these people’s comments around him to heart, he had long since gotten used to it.

As he spoke, Director Qin had already brought Xu Jiangnan over and laughed.

“Song City has checked it all out, it was a misunderstanding!”

“Yes, yes, yes! It was a misunderstanding, the machine was broken just now, we have checked that little friend Lin Ran does have an appointment and can enter!”

Xu Jiangnan on the side also said busily.

“Holy shit! That’s all?”

Wang Yifeng frowned as he watched, this was fucking over when the machine broke down at the end? This made him upset in his heart.

“Fatty forget it!”

Lin Ran smiled and shook his head, where he didn’t understand that this was Director Qin’s intention to help him.

However, he could not say anything about this kind of thing, after all, Xu Jiangnan was also a star entrepreneur in Tanjiang City, and it was not good to make too much of a stalemate, in the end, the city’s development and construction as well as GDP people were also a big help.

“Well! This time forget it, if the next time I hear of bullying consumers, will be severely punished!”

Song Yujiang said in a cold voice, then looked at Xu Jiangnan and said indifferently.

“Now, little friend Lin Ran can come in with me!”

“Yes, yes! Naturally you can!”

Xu Jiangnan was busy saying, Song Yujiang’s last sentence of severe punishment was obviously addressed to himself, if he offended Lin Ran without opening his eyes, I’m afraid he would really have to go from the Temperance Market Gude to worship.

“Lin Ran little friend together!”

Song Yujiang turned his head and smiled.

Lin Ran nodded, and immediately followed Song Yujiang into the venue together.

The venue was very large, somewhat similar to a stage theatre, Lin Ran swept a glance to see that there must be at least four to five hundred seats, and at the very front of the audience stage at that moment, there were three seats placed above all of them with the judges' signs.

"Song City this way please!"

As soon as they entered, a beautiful waitress came forward and led the crowd to take their seats.

Song Yujiang and the others had special seats, so Lin Ran was too embarrassed to follow, and after saying a few words, he and Wang Yifeng returned to their seats, which were not bad for the first few rows.

The whole venue was soon filled with people. The competition had not yet started, but everyone was already enthusiastic, but more so because Song Yujiang was here today, which made many people very excited.

Song Yujiang is definitely very popular in the hearts of the citizens of Tamagawa City.

"Hey, hey! Ranzi, Su Rou is here!"

Wang Yifei suddenly pointed to the side and said.

Lin Ran looked and saw Su Rou and another woman walking in together, both wearing dance costumes and makeup, so if they didn't look closely they almost didn't recognise them.

"What are those three old men behind you doing?"

Seeing Su Rou and the two of them followed by three men, Wang Yifeng was instantly upset.

It was simply unfair that he had to sit here while walking so close to Su Rou and the girls.

"It should be the judges!"

Lin Ran said, so far it was only the judges' table that was empty.

"Judges? Just this dang thing?"

Wang Yifei instantly felt that everything was bad, the beauty contest judges were actually three such lewd old men, it was really disgusting.

"Luckily, the clothes that big sister Su is wearing are ancient typical, otherwise I wouldn't be able to look at them!"

Wang Yifeng said without good grace.

"Watch the game properly!"

Lin Ran said indifferently.

The difference between Su Rou's and the other party's outfits was indeed quite big, Su Rou's was very retro with some classical woman's taste, while the other party was very fashionable with short trousers and tight body shirts, seemingly wanting to expose her good figure completely, which just came out and drew gasps from the audience.

"Something's not right!"

Suddenly, Wang Yifei seemed to think of something and turned his head to ask Lin Ran.

"Ranzi, do you have a feeling that there is a person who looks familiar inside those three judges just now!"

"Did he? I didn't notice it from so far away!"

Lin Ran shook his head.

At this moment, his eyes were on Su Rou, who had also seen him, and the two of them were making eye contact, so they didn't care about the three old man judges.

"Alright everyone, our competition will start soon, the competition is based on a voting system, the audience will have one vote each, the judges will have ten votes each, each person's vote will be lost, so the one with the highest number of votes in the end will be our winner!"

The MC soon took to the stage to talk about the rules and the competition soon began.

The first to take to the stage was Su Rou, wearing a white classical costume and very simple make-up, so her whole body looked as fairy-like as a classical woman, causing many people to hold their breath.

The dance, which was only three minutes long, was performed by Su Rou in such a way that many people were moved, and some even shed tears.

"This is clearly an ancient love story, watching the fat master I can't help but cry!"

Wang Yifeng pulled at the corner of Lin Ran's coat and was ready to wipe his tears, when he was pushed over with a slap.

"Go away, I'm not your Xiao Cui!"

"You say that again!"

Wang Yifeng was instantly even sadder, mentioning Xiao Cui made him feel like his skies had gone grey as it was getting close to the time when Xiao Cui would leave again.

"Thanks!"

When the dance was finished, Su Rou bowed to the audience and then walked on, from beginning to end she had that airy online demeanour that made the crowd look at her and wonder if there were actually such beautiful girls in the world.

"Ranzi! I think Big Sister Su might be losing!"

Suddenly, Wang Yifeng but frowned and said.

“How so?”

Lin Ran asked, how come Su Rou was going to lose only halfway through this match.

“Have you ever heard of a saying?”

Wang Yifeng said with a straight face.

“What saying?”

Lin Ran shook his head.

Wang Yifeng shook his head helplessly and said.

“In front of sexiness, cuteness and temperament are worthless, look at the other party’s outfit, it’s obviously meant to tempt people to death, I’m afraid all the men present today will have to vote for this woman!”

Chapter 958

“I don’t think so, I feel that people’s quality education is okay now!”

Lin Ran shook his head, although he was also a man, but he always felt that if this would happen, it would be too much.

“All right everyone, next up is our number two contestant!”

As the MC’s voice fell, the number two contestant soon took to the stage.

She wore a very hot outfit, leather shorts and a deep V-shirt, her figure was outlined to the fullest.

Most importantly, she wore very sultry make-up, and with this outfit, she danced like a soul-stirring goblin, immediately attracting the attention of many men in the audience.

“Holy shit! Holy crap!”

The already very tense competition venue was completely set ablaze as contestant number two did a few moves.

Countless male spectators shouted, this was simply a man’s welfare, it was simply too good to watch.

“Song City!”

In the front, Song Yujiang watched with a slight frown, obviously a little displeased, and the booster next to him sensed it and asked busily.

“It’s okay, let’s finish watching!”

Song Yujiang blandly said, people have not yet finished the game, now interrupting is obviously a bit inappropriate.

“Damn it Ranzi look! This is the last wave of benefits!”

Wang Yifei's eyes were puking out as he watched, if it wasn't for the few rows of seats in front of him, he was sure that this dead fatty could definitely rush to the stage and interact cordially with that beautiful woman.

"Thank you!"

With a thank you, contestant number two also finally finished his performance.

"Gentlemen, next is our voting session, the voting lane will start in three seconds, please get ready!"

As the MC's voice rang out, all eyes were instantly on the voting machines in front of their seats.

"1 start!"

Suddenly the host shouted out the last word and at once the two avatars of Su Rou appeared on the big screen along with the number of votes of support below.

In just a few seconds, both of their support votes passed one hundred, and soon both passed two hundred again, but followed at a rate that was clearly full down.

"Shit! I really guessed it right!"

Looking at the final score which settled at two hundred and three to two hundred and twelve for Su Rou, Wang Yifeng sighed helplessly.

Lin Ran, however, shook his head, he still remembered that the three judges still had votes.

"Don't be in a hurry, wait and see!"

Lin Ran said indifferently.

"What are you waiting for? It's all over!"

Wang Yifeng said helplessly, although he was looking at contestant number two with great interest, he still voted for Su Rou, this was his good buddy's woman, so naturally he had to support her.

"Okay audience, the competition is not over yet, next we ask the three teachers of the judges to vote!"

The host laughed.

At once all eyes fell on the three judges on the stage, two of them were old men in the dance world, and without so much as a word they directly cast the ten votes they had in their hands.

But it was as if these two had discussed the matter, and they each cast ten votes, and at once the score became, 213 to 222, the gap between the two was still nine votes.

"Shit! Now it's all up to the middle judge who wins!"

Wang Yifeng looked speechless, he still didn't know who was losing and who was winning at this point.

"Okay, according to the process, before the final results come out, let's welcome the last director Luo to give us all a review of the two contestants and his final voting decision."

As the host's voice fell, the middle-aged director Luo stood up straight away and picked up the microphone and spoke in a decent manner.

Nothing more than what the two had just danced brilliantly, one in Chinese style and the other in fashionable beauty ....

After a bunch of small talk, this finally got to the point.

"From the point of view of our director's selection criteria, in terms of the current film and television market, or the number two contestant has more advantages, after all, now is an opportunity to show yourself boldly, the number two contestant whether it is the degree of openness or physical quality body posture, are more suitable for the needs of our film and television company."

"So these last ten votes go to number two for me!"

"213 to 232! Okay our winner for today has been crowned, let's congratulate her and at the same time have our guest of honour Mr. Song Yujiang make a comment on this competition!"

The host laughed.

Song Yujiang picked up the microphone with a stern face and stood up, at this moment all eyes were on him, especially that director Luo, the final result was his final word, so Song Yujiang's attitude was also directly related to the accuracy of his commentary or not.

"First of all, it's still that both people's dances were wonderful!"

"However, I don't know why it was number two who won in the end!"

"Wow!"

As soon as those words were spoken, the entire pavilion erupted into a burst of chatter.

And that director Luo's face even turned ugly, Song Yujiang was clearly going to refute his decision.

"It's true that dance needs to be innovative and up to date, but wearing less is not a fashion, on the contrary it can be embarrassing and awkward!"

Said Song Yujiang, turning his head to look at a kind of spectators behind him and said aloud.

"I don't know what you guys think, but just now the whole process down, I am very embarrassed, why young to wear so little, why this dance can bring so much powerful popularity, is it because of wearing less?"

"Dance dance dance, look at the dance and body style, look at not who wears less, in addition Luo director's so-called film and television industry needs this kind of talent I disagree even more."

"Film and television needs hard power actors, acting what is what, not the face to look at, much less the body! and who wears less!"

"Throughout history of change, hard power has always had the last laugh, claptrap has always been a flash in the pan!"

"I won't comment on the results, but for this competition, I think the authorities need to have a good talk with the organisers! He Weimei? I think many people are not sure, but definitely not naked is beautiful!"

After saying that, Song Yujiang looked at the few people next to himself, meaning obviously, you guys are letting me watch this?

Those few people were also blushed by the look, and in their hearts they cursed Xu Jiangnan, knowing that Song Yujiang was coming and still arranged such an explosive dance, weren't they waiting to find a check.

"Mr. Song!"

Originally the crowd thought it was all going to be over, but who knew that at this time Director Luo was picking up the microphone and speaking up.

"Please forgive me for being presumptuous, Mr. Song in Tanjiang City is indeed for a gentleman is capable, but all walks of life are like mountains, Mr. misunderstanding my remarks is also normal, but I still want to say a word, catering to the market in order to promote the development of the industry, there is money to be made before anyone is willing to do it, society is like this!"

Faced with Luo's words, Song Yujiang did not open his mouth, some times society is like this, there is money to be made and people will do it, so no matter how others criticise or say, as long as there is profit to be made there will still be many people who are eager to do it.

"Ranzi, did you see that? Holy shit that guy is not ....."

Wang Yifei had already this time recognized who that judge's so-called director Luo really was.

"Recognized, looks like it's not just as simple as having money to earn!"

Lin Ran instantly laughed as well.

Chapter 959

"You go backstage and get ready!"

"Okay!"

Wang Yifeng immediately understood Lin Ran's intention, and immediately got up and ran to the backstage.

And at the same time Lin Ran also stood up, he didn't have a microphone, but his voice still came through clearly to everyone's ears.

"Gentlemen, as well as Director Luo, I see that this is not just money to be made, I'm afraid there's something else to be made as well!"

"What do you mean by that?"

Director Luo's face instantly sank as he looked at Lin Ran with a deadly gaze, always feeling that this kid in front of him looked somewhat familiar, but where exactly had he seen him before?

He couldn't remember for a moment.

The number two female contestant on the stage was also a little nervous, not to mention Su Rou, whose fists were clenched tightly at this moment, wondering what Lin Ran was up to.

"Even though he lost, there is no need for Lin Ran to stand up for himself like this, what the hell is he talking about?"

Su Rou said in her mind.

"What's this kid doing? He looks silly, is it possible that he has a crush on player number one?"

"I think it could very well be! After all, what this poor loser likes most seems to be a woman with a bit of fairy aura!"

"No way, he's such a loser and he still likes her, does he deserve it!"

The crowd around them were talking.

At this moment, Song Yujiang also became interested and turned his head to look at Lin Ran, and Director Qin next to him immediately got up and asked.

"Lin Ran, do you have any proof for saying this?"

"I dare say there is naturally!"

Lin Ran laughed.

The onlookers at the side, however, were a little bewildered.

What kind of person was Director Qin, he was an absolute leader, but he actually knew this poor loser Lin Ran? And he could even call out his name, this was simply too incredible.

"Humph! He must be too famous for being poor, otherwise how could someone that big of a leader know him!"

"That's right, I think this kid is deliberately coming here to clam up so that the leader will remember him!"

"Exactly! That must be the case!"

Some of the people around them mocked.

In their opinion, Lin Ran was dressed in such a way that he was fit to go begging for food on the street, and it was already unbelievable for him to appear here at this moment, not to mention that the big leaders knew him, so there was definitely something inside that they didn't know about.

"Lin Ran, where is the evidence?"

Song Yujiang blandly said, Lin Ran what character he knew very well, at this time the latter stood up, then it is estimated that there must be some kind of evidence stone hammer.

"Kid! I'm warning you, this is a live match, it's televised! You have to be responsible for what you say!"

Director Luo looked at Lin Ran with anger in his eyes, but at the same time, he was also a bit worried, he was worried that Lin Ran would produce any substantial evidence, after all, he had done quite a lot of things before, in case what he produced was really solid,? Then he would really have to hiccup.

“I’ll naturally be responsible for what I say, but Director Luo, are you going to be responsible for what you’ve done?”

Lin Ran looked at the other party with a smile.

“What do you mean!”

Director Luo’s face was gloomy and his fists were clenched.

“Nothing, I don’t think you will be responsible, how can an old pervert like you be responsible for another woman!”

Lin Ran laughed lightly, but Director Luo’s face turned pale as he listened, his heart faintly guessing something.

“Alright gentlemen, please look at the big screen!”

Lin Ran suddenly laughed, just now he had received a text message from Wang Yifeng.

“Everything’s done!”

The crowd turned their heads at his words to look at the big screen on the stage.

Soon, the originally black big screen lit up, while a video played straight out.

It only showed a man and a woman hitting it off in a corridor similar to a hotel, making people’s tides surge just by looking at it.

“Brother is interesting enough!”

One by one, the onlookers laughed, but their eyes never left the video.

Soon, the man and woman in the video realized that they were being filmed and ran towards the camera, with Luo, who was the first to be filmed, having his face clearly photographed, followed by the woman, who was also clearly visible.

“Holy shit! Isn’t that man the judge!”

“That woman is the number one contestant!”

“Holy crap! This is subterfuge!”

“That’s amazing! What a refreshing change of perspective!”

“The more I look at No.1, the more disgusting I am!”

The crowd completely exploded, while Director Luo and contestant No.1, on the other hand, were red-faced and could not wait to find a crack in the ground.

“Director Luo, you’re really old and strong, you’re in great shape!”

Lin Ran counted his thumbs up at Director Luo, but the latter was red in the face and didn't say a word.

"Bastard!"

Finally, contestant number one couldn't hold back any longer and turned around and ran away, how could she be in the mood to stay and wait for the award in this situation, and even if she did stay, I'm afraid that the award would no longer belong to her.

"Yes! What a wonderful show, a self-directed natural dance contest!"

Song Yujiang stood up and gave an icy glance at Director Luo, then turned his head and gave Director Qin a cold look, followed by turning his head and walking away.

"Song City, Song City!"

Director Qin's forehead instantly broke into cold sweat, and immediately rushed to Xu Jiangnan, pointing at the latter's nose and cursing.

"It's all your doing, if there's anything wrong with Laozi, you can't even fucking get involved!"

Having said that, Director Qin then hurriedly turned his head towards Song Yujiang and chased after him.

"Me! I don't know either!"

He was just a venue provider, who knew that the judges and the contestants were engaging in subterfuge?

The whole venue was in turmoil, and the host on stage saw this and said.

"Please calm down, since contestant number one has withdrawn from the competition, the winner is our contestant number two!"

"No need!"

As soon as the host's words fell, Su Rou, who was on the side, spoke up.

"This kind of competition makes me feel sick, so you should keep this prize for yourselves!"

After saying that, Su Rou also left straight away.

"Let's go!"

Lin Ran greeted with a smile, and immediately chased out together with Wang Yifeng.

"It's really pissing me off! It's disgusting!"

In the car, Su Rou was so angry that she stomped her feet, thanks to the fact that she had prepared for this competition for quite some time before, but she had never expected that her opponent and the judges would actually have this kind of relationship.

"Forget it big sister, if you really like it I'll run a competition myself if you really like it, so you can have a good time!"

Wang Yifei drove on and laughed.

“No need! I’ll never participate in a race again!”

Su Rou huffed.

“Forget it, there’s no point getting angry over such people, and I’m afraid you won’t be able to see them in the future!”

Lin Ran laughed.

Su Rou nodded at his words.

After such a big incident today, I’m afraid that this director Luo has already been taken away for investigation, and there’s no way for him to mix in the film and television industry.

“By the way, why did you suddenly think of entering the competition?”

Lin Ran asked with a smile, Su Rou is a teacher and has a very good personality, she was not interested in this kind of competition before, but now why did she suddenly come to the competition again, this made Lin Ran very puzzled.

Chapter 960

“I know about this!”

Wang Yifeng smiled at his words.

“You know?”

Lin Ran was even more puzzled, he didn’t even know how you knew, could it be that he had only been away for half a year and this dead fatty had already dug his own corners?

“That’s how you know!”

Su Rou looked at Wang Yifeng, her pretty face slightly red.

“It’s not obvious!”

Wang Yifeng looked at the two and said speechlessly.

“Sister Luo is working hard to start her own business, Qin Bing is helping out at the Temperance Hospital again, Big Sister followed Lin Ran back home and even became the village head, the three of them are working so hard one by one, naturally Big Sister Su Rou can’t lag behind ah, isn’t this coming to the competition enough to explain everything.”

“Is that really the case?”

Lin Ran turned his head to look at Su Rou.

Su Rou’s pretty face instantly turned red.

Indeed!

She saw that all three of them were struggling so hard, and she was the only one who had nothing to do all day, so that's why ....

"You guys really are!"

Lin Ran didn't know what to say instead.

"Well I only know the error of my ways already, I'll never participate in such competitions again and focus on improving my teaching qualifications!"

Su Rou pouted.

Lin Ran was helpless and patted her and didn't say any more.

By now it was getting late, so Lin Ran went home with Su Rou, while Wang Yifeng ran off to the big health care again.

It could not be helped that Xiao Cui was said to be leaving in the next two days and Fatty wanted to spend more time with people.

The next day, Su Rou went to school early, the winter holidays were coming up and she wanted to work hard in these last few weeks to see if she could improve her teacher rating.

Lin Ran, on the other hand, received a call from Dean Yang early in the morning.

"Ranzi, after thinking about it yesterday I've already thought about it, why don't you come to the hospital!"

"Mm!"

Lin Ran didn't ask too many questions, and immediately drove to the hospital.

In the large conference room of the hospital, quite a few people had come at this time, just as Lin Ran arrived, he saw Qin Bing, who looked significantly better today.

"You're here!"

Seeing Lin Ran, Qin Bing smiled.

Now that she saw Lin Ran, she didn't have the excitement she used to have, but more of a blandness, as if she had gotten used to this man's godly ways and was more bland in the face of his appearance.

"Did Dean Yang say anything?"

Lin Ran asked.

"Didn't say, but many people guessed it was that he might be stepping down from his post!"

Qin Bing said.

"Do you want to be this dean?"

Lin Ran suddenly got serious.

"What are you talking about, I'm not in the Temperance Hospital system now, I'm one of yours!"

Qin Bingqiao said with a red face, especially the last sentence, she only felt a little awkward once she finished.

“My person? It doesn’t seem like it, I didn’t do anything to you!”

Lin Ran laughed.

“You’re nasty!”

Qin Bing gave Lin Ran a blank look, her face filled with shyness.

“Bastard!”

While the two of them were talking, in a corner not far away next to them, Qu Liang was looking at Lin Ran with clenched fists, looking at him viciously, wanting to rush straight up and skin him alive.

Qin Bing was the absolute flower of the hospital, and he, Qu Liang, had long coveted her, but he never thought that the girl he had in mind would actually be chatting with a poor loser.

If it wasn’t for the fact that all the leaders of the hospital were here, he would have wanted to go up and slap Lin Ran to death.

Unlike Qu Liang, Qu Jiang, who was sitting next to the main seat at the conference table, had a calm face and was looking at Lin Ran with a deadly gaze, not knowing what he was thinking.

Soon Dean Yang arrived, and compared to yesterday, he looked significantly better today, especially in terms of his energy.

“Alright gentlemen, let’s get straight to the point!”

Dean Yang quickly sat down and swept his gaze across the crowd and spoke.

“There are two things to announce today!”

“Firstly, the strange patients that have appeared during this period of time will basically not appear in the future, this has just been confirmed with the top! So everyone can breathe a sigh of relief!”

“I’m really scared!”

“Who isn’t? I don’t know where the patients are coming from!”

“Forget it, it’s better if there aren’t any in the future, otherwise it’ll look like we’re too incompetent!”

Each and every expert director couldn’t help but lament, if it wasn’t for Qin Bing and Lin Ran’s help in this incident, I’m afraid that the reputation of Temperance Hospital would really have been swept to the ground.

“Dean, what about the second matter?”

Qu Jiang asked directly, the first matter was of little interest to him at all.

Hearing Qu Jiang’s words, the crowd then dropped their gazes back onto Dean Yang.

“The second matter is not a big deal either, it’s that I’m ready to retire!”

Dean Yang said blandly.

However, as soon as these words were spoken, everyone froze, especially some expert professors who had been promoted by Dean Yang, and their eyes were filled with reluctance.

“Dean, why so suddenly, has the next dean been decided?”

Qu Jiang, however, was busy asking, this was the moment he was waiting for.

At this moment, all eyes fell on him. Looking at all the experts and scholars present, there were only two professors who could compare to Qu Jiang in terms of seniority, but these two were each responsible for their own specialties and were usually very amiable, lacking the necessary domineering aura of a leader.

On the contrary, Qu Jiang is strictly speaking the most suitable candidate among the three.

“The person has not been decided yet, but I already have a good candidate!”

Dean Yang laughed.

Temperance Hospital wasn't exactly a private hospital, so there were times when it wasn't up to President Yang alone to decide who would take the position of president.

But he was the dean now, after all, so when it came to choosing his retirement, there was a high chance that anyone he selected would become the next dean straight away.

“Dean, who is it?”

Qu Jiang looked at Dean Yang with a glint in his eyes, if there was no surprise, this dean would definitely be his Qu Jiang.

Even the other people present at this moment were casting envious glances, obviously everyone thought that this next dean would definitely be in Qu Jiang's pocket.

Qu Jiang had a look of unconcealed excitement on his face, as if he was the one who had been announced by Dean Yang.

Qu Liang stood at the back, his face even more ecstatic.

If his uncle became the dean of the hospital, he would still be able to walk around in the hospital, and he would be the first to kick Lin Ran out of the hospital.

As for Qin Bing, he had plenty of ways to get closer when the time came.

“As long as my uncle is the dean, can you still run away from me?”

Looking at Qin Bing Qu Liang's heart was full of excitement, as if he had already gotten the former.

“Well, since you all want to know so much, then I'll talk about it!”

Seeing everyone looking at himself, Dean Yang said with a helpless smile.

“The person I recommend is Qin Bing!”

“Haha! I knew it, it must be my uncle ....”

Qu Liang excitedly shouted out at once, but just as the words were halfway through? He froze himself.

“The person recommended is Qin Bing? Not your own uncle?”

“On what basis?”

Qu Liang wondered in his mind.

And Qu Jiang did the same, he looked at Dean Yang with puzzlement in his eyes, how could he have expected that the person Dean Yang had recommended was actually Qin Bing.

This girl was no match for him in terms of seniority, but Dean Yang had actually chosen her.

Qu Jiang was very upset in his heart and immediately questioned.

“Dean Yang, you chose Qin Bing, on what basis? She is not even a doctor in the establishment of our Temperance Hospital, what qualifications does she have to participate in the election for President!”
