

## 20. Vengeance in the Flesh

"He saw fear in the eyes he loved, so he called on every beast, every dark thing inside him summoned them from the depths of hell and became the devil himself!" ~ Laughing Wolf

A blonde firefighter steps out of the shower at the firehouse. As he wraps a towel around his waist he feels fatigue pull at almost every muscle in his body

Things have been crazy busy for him for the past week. It happens like this something, for awhile nothing, not even a damn cat stuck in a tree but now he's been on the go almost nonstop with very little sleep.

Ever since one of the other fire station in the area had shut down the blondes firehouse has been picking up the slack and man is it showing.

He closes his eyes for a few minutes, the only minutes he might get as he leans back on his locker.

As soon as he does the thought of his green eyed boyfriend comes to mind along with visions of those gorgeous gems.

A smile forms as he sits there alone in the steamy shower room.

Things have been going great with Izuku. Once the two had confessed love a couple weeks ago they have been pretty much inseparable, one normally crashing at the others apartment even falling asleep at the firehouse together on the nights Katsuki had to work late.

A scowl forms because yes that's how it has been up until this last week when he's hardly gotten to see his medic at all since he's been working so damn much.

He did see Izuku on a call when the greenett had been the medic on the scene two nights ago. He smirks now at the thought because the two had spent more time kissing leaning on the back of the ambulance then actually getting checked out.

He sighs opening scarlet eyes because fuck he misses that nerd and he knows Izuku is missing him too.

Yeah they both know this is all part of the job, both of their jobs actually but that doesn't mean it doesn't suck when it happens.

Sure they've texted and called, face timed for a few minutes but it's not the same and all the blonde can do is hope shit settles down soon.

He reaches inside his locker to get his phone so he can place a quick call to his boyfriend while he has a minute.

It takes only half a ring before a green eyed medic picks up.

"Kacchan?"

Katsuki smiles at the tone and the nickname tho he hears a beat of worry in the greenetts voice.

"Yeah, hi baby. Got a few minutes to talk?"

The greenett lights up at the sound of the blonde even if it's just a few minutes, he'll take whatever he can get.

"Yes, things aren't too busy right now, I was actually taking a minute to eat, so you have perfect timing Mr Perfect", the greenett says with light laugh making the blonde chuckle.

"Good, and I'm glad you're eating. I just wanted to call you quick before shit goes crazy like it might later"

Izuku nods nodding at a French fry.

"I'm glad you did. I was gonna stop by the firehouse later a er my shi just in case you were there"

Katsuki grins tiredly.

"Great minds think alike, I was gonna stop by your place later tonight since it's right by the firehouse, even if it was just to tuck you in and give you a kiss goodnight before I gotta head back out for the night"

The greenett feels his heart ache. He's missed his boyfriend like crazy lately.

"I can't tell you how much I'd love that. I miss you Kacchan", he says so ly the tone making a large firefighter feel like jelly.

"Yeah? Missing me baby?"

The greenett sighs, emerald eyes looking out at the now darkening sky from inside a small take out joint.

"So much. And I'm worried about you, you sound exhausted"

The blonde smiles on the line at the concern over him and fuck he is tired.

"I'm Ok Deku, I'm beat Yeah but this is nothing new try not to worry to much. I do miss you tho, like fucking crazy. This shit blows. Hopefully it calms down soon, station 19 is supposed to start picking up some of the slack too so we can get a break"

"I hope so. You need some rest", the greenett says pushing his French fries around not all that into them now.

Katsuki smirks.

"I need some you is what I need, God damn I'm having withdrawals"

Izuku giggles with a blush.

"Yeah I feel the same. Weird sleeping alone lately"

Katsuki frowns with a sigh as he runs a hand through his damp hair.

"Yeah I know, it's shit lately. I'm sorry I haven't been around"

The greenett sits up a bit in his seat.

"Kacchan, you have nothing to be sorry for, you can't help this, it's part of the job, I know that"

The blonde grins with fatigue on his features.

"I'll make it up to you, don't worry and everyone knows make up shit is the hottest"

Izuku laughs shaking his head.

"I look forward to that Mr Perfect"

Katsuki smiles.

"Me too"

Suddenly the fire alarm goes o making the blonde mumble a string of curses as he stands up beginning to get dressed.

Izuku frowns hearing it.

"Sorry baby, I gotta run. But I love you and I'll try and swing by your place tonight before you go to sleep"

"I love you too and Kacchan please be careful"

The blonde smirks.

"You know I will. Now tell me you love me again Medic so I can go do this shit"

Izuku chuckles.

"I love you. I love you so much"

"I love you most, think about me, bye for now baby"

With that the line is dead and Izuku is le with a heavy sigh missing Katsuki already.

He picks up his fry swirling in circles through his ketchup tho he has no intention of eating it.

The beeper on his belt buzzes to life letting him know he also has a call to go on.

When his eyes shi to the information on the small screen he's sees the address and what firehouse and police stations will also be there. A smile curves onto his lips because Katsuki's firehouse will be there and if this is the only way to see his fiery blonde, he'll take it, plus he gets to make sure Katsuki's ok and that's a huge plus.

Not long later the greenett is indeed busy looking over random firefighters and police that have been in and out of the large burnt out building.

Emerald eyes keep looking to see if Katsuki has made his way out yet. He hasn't but the greenett knows he's ok since Sero has had his way to the greenett to be looked over.

The blaze is mostly out, leaving only small fires and embers in its wake that Katsuki is in charge of putting out completely.

Izuku makes his way to another ambulance that's on the other side of the street where's there's less commotion when he asked to get a few extra supplies.

He agrees making his way to the vehicle. He rummages through collecting an arm full of bandages and a couple saline bags as he closes the doors he hears a voice behind him that makes him instantly pale and drop everything in his arms.

"Well look who it is, my ex little whore"

The voice of Raiden behind him brings instant vomit up the back of his throat as the greenett quickly turns around to see his ex with a dark smile that makes his skin crawl and his insides shake.

His mouth is dry and he feels nauseous, he needs to get to the other side of the street where everyone is not this darker corner where no one is paying attention.

"Get away from me. You...you aren't supposed to come near me and you know it", Izuku says with a shaky voice as he tries to move away quickly.

The other male grabs his arm, his voice laced with anger.

"Why? Because that blonde fuck o said so? Fuck him, I'll talk to you whenever I want. You fucking owe me for running o like a little bitch", the blonde sneers.

Izuku tries to pull his arm back but fails as the grip on him tightens.

"You must think you're hot stu now huh? Now that you're hooked up with that over sized goon.", Raiden says the greenett's arm getting squeezed to the point its cutting o his circulation.

Izuku hisses at pain as he desperately tries to free himself from the males angry grip.

"Let...let me go. You have no right to touch me.", the greenett whimpers with a shaky breath.

Raiden sco s.

"I'll touch you if I want. You fucking owe me for the way you just stepped out on me!"

There's tears down fair skin, a panicked mind racing as his fingers try and work free the males grip.

"I said..let me go Raident!!!!"

Across the street a large blonde firefighter just made his way out of the burnt out building.

He had just pulled his oxygen tank and helmet o when he thought he heard the sound of his boyfriend's voice.

Scarlet eyes scan the area, he knows Izuku is here he was told so but where is the question.

Soon his question is answered when crimson Scarlet lands across the street just in time to see his medic get slammed into the back of an ambulance by someone who he's already warned not to come close .

No fire Katsuki has ever fought has felt like the heat now on his skin. Those scarlet eyes are dark and deadly as the blonde rushes across the street with his insides shaking with unkempt rage.

He dodges a car or two not even stopping at the several cars that have honked horns as this demonic looking male moving with hatred burning steps.

Raiden looks up just in time to see Satan himself laying towards him, he tries to run, to make an escape but it's far to late for that.

Katsuki closes the gap still in his fire coat and pants , heavy boots on his feet, tho it did nothing to slow him down.

He reaches out and grabs the male trying to run from the back of his collar spinning him around and slamming him onto the side of the ambulance.

"You think you can run from me huh?! Think you can get away from me?! I told you your fucking prick, learn huh? You must really be as stupid as your fucking look to even step foot near him", the blonde growls from somewhere deep, his voice not sounding human.

"Fuck you! You can't stop me, I'll talk to that little whor...!", Raiden yells

He doesn't get to finish the sentence before a large fist with tightly balled knuckles connects with his face instantly drawing blood.

"You stupid fuck, if I ever hear you call him that again I'll reach down your fucking throat and rip your God damn lungs out while I make you watch."

Raiden doesn't get respond before Katsuki throws another punch this one direct to the males nose making it crack under the force.

Blood is pouring from his face almost making him choke on it as he tries to form words

"You...you broke my nose..!"

Katsuki laughs, devil dancing in his tone.

"I'm about to break more than that you fuck"

Another blow is thrown to the males ribs making him double over and howl in pain as the bones audibly crack under a large fist.

Izuku is wide eyed, scared but not for Raiden, he's terrified Katsuki will go to jail.

Jade eyes snap across the street where he sees his best friend. He waste no time racing to him.

Shoto loses his footing when his bestfriend slams into him from behind.

"Midoriya!! What's wrong?"

Izuku is shaking crying as he tries to get the words out.

"R-Raiden..Kacchan..they're..fighting! I..I didn't think Kacchan will...will stop. Shoi Please come help! I don't want Kacchan to go to jail!"

Bicolored eyes snap up across the street seeing that Katsuki now has Raiden pinned to the ground while he throws punches that land every time.

Shoto races across the street hearing a seething blonde who grows between gritted teeth and blows to the face.

"You... will stay the fuck away from him! He's god damn perfect you fuck! You tortured him, hurt him, abused him! You tired to break him! But I... I picked up all his pieces and I'll love that Medic so damn hard each one will fall back into place. I'm his God.. damn.. glue!!!!"

Each word at the end was breathed breathless, a punch connecting with a broken breathless face.

Shoto knows he won't be able to stop Katsuki. But he might be able to save him from jail.

"Midoriya stay right here I'll be right back"

Katsuki is in a zone, something else taking over. Each blow that hits is vengeance, vengeance for every time Izuku was hurt, every time he didn't have a voice, every time he was called a name or belittled, every time he was scared.

Suddenly there's a voice, one of Shoto's brother Touya, who is a cop with the city and a friend of the blondes.

"Bakugo, stop. He's not even conscious anymore. I get it man but you have to stop. Izuku's terrified, look at him"

Deadly crimson eyes seem to snap to reality. Punches stop as the male turns quickly to see Izuku trembling in Shotos hold.

The sight is the only thing to stop hate fueled rage.

He wipes a splatter of blood from his cheek as he quickly stands pulling his fire coat o and tossing it to the ground as he closes the distance. He doesn't get to even reach for Izuku before the greenett lunges into his arms.

"K-Kacchan! Please don't fight anymore, I..I don't know what I'll do if they take you to jail!"

Shoto eyes Raiden who is laying on the ground whimpering in pain. Slipping in and out of consciousness. He glances at his brother who shrugs.

"I didn't see shit. As far as I'm concerned he got mugged or some shit for moutching o , found him in an ally", Touya smirks his eyes landing on Katsuki who is holding Izuku closely trying to soothe him.

Izuku is clung to Katsuki like he'll die if he doesn't and it feels like he will at the moment.

The blonde kisses green locks.

"Shit baby, calm down. It's ok..I got you. Are you hurt?! Did he hurt you?"

Tearny emerald eyes look up into scarlet fire.

"M-my arm is sore ..but ..thats it.."

Katsuki feels lava again cause maybe it's just his arm but to the blonde that's more than enough.

"You sure? Anything else??"

The blonde questions as he scans his boyfriend's carefully.

The greenett shakes his head no.

"I'm Ok Kacchan are you? D-did he hit you?! Let me see your knuckles"

The blonde hands his hand over to his medic who sees swollen bloodied hands.

A tear falls as he sni les moving to the open ambulance to get supplies to clean his boyfriend's wounds.

Katsuki stares at him feeling his heart ache.

"Deku, you don't have to do this right now baby I'm fine."

Izuku shakes his head no as he cleans the blondes large hand.

"No we do have to do this now, or you'll get infection. And I.. I love you too much for even that "

Katsuki looks at him, seeing not only a green eyed medic, he looks at him seeing everything. Everything that abusive fuck could never see because he was too fucking selfish to.

There's a crash of love against his chest and an action that can't wait.

"Medic"

Izuku meets his boyfriend's eye.

"Yes?"

"Don't dodge"

Katsuki takes that busted up hand, the one that could break a million bones for the male in front of him and puts it on a fair cheek pulling Izuku into a kiss.

It's deep, filled with love and passion need to just feel each other.

Katsuki feels wetness on his lips and knows it emerald tears. He pulls Izuku closer.

The moment is broken by Touyas voice.

"Hey, I really hate to break this up but, I have a couple questions"

The two now direct their attention to the o icer they both know well.

"Number one. Izuku are you ok?"

The greenett nods still being held by Katsuki.

"Y-yes. Bruised I'm sure and a bit shook up but I'm ok"

Touya shi s bright blue eyes to the blonde with a smirk.

"I know you're ok. You're a fucking beast"

Katsuki chuckles as he pulls the greenett tighter.

"God damn right"

Blue eyes grin then seriousness takes over as he looks at the greenett he's known for years.

"Midoriya, do you want to press charges?"

It's a question Touya has asked the greenett more than once in the three years he knew Izuku was in the hellish mess. One the greenett always said no to.

There's a beat of silence as Izuku looks up at his boyfriend who's looking right back.

Emerald eyes shi to where and he takes a determined breath.

"Yes. Yes I do, blame do I sign"

Katsuki feels a swell of love and pride slam into him, scarlet eyes are now glassy and he could give two fucks who sees.

"I'm so proud of you Deku, so fucking proud of you. I love you so damn much Izuku"

The greenett smiles up at him holding onto him again.

"I...I couldn't do it without you, without your support."

Katsuki smiles gentle as he kisses his forehead.

"You won't ever have to, I'm right here Medic. All day every day"

While Izuku sits on the back of the ambulance filling out paperwork with Katsuki right next to him Shoto ask his brother a question.

"Will Bakugo get in trouble for this?"

Touya looks at him with a grin.

"For what? Like I said, I didn't see Shit happen, neither did you. I'll make sure to remind him of that when I go to the hospital to arrest him."

Izuku smiles as Touya winks at him and the blonde squeezes his waist.

er everything was said and done Katsuki had informed his boss he was going the fuck home and taking a few days o because he has a medic to take care of.

The two just walked through the door of the blonde apartment when Katsuki feels the greenett crash right into his arms the minute he turns around.

"I was so scared, so scared you'd go to jail."

The blonde pulls him close.

"Shh Deku, I know. It's over now. I'm sorry I scared you baby, but fuck I couldn't control it. When I saw him near you! I lost my shit, when I saw him touch you I saw fucking red. Shit I think I almost blacked out I was so mad.. I really think I could have killed him and might have if Scars didn't step the fuck in"

The greenett looks up at him.

"I...I know, that's what I was scared of but.. but it worked out. Thank you Kacchan, thank you for protecting me."

Katsuki smiles moving a green lock of hair.

"I'll live to do it Medic. These fist and this big fucking mouth I have won't ever do anything happen to you. I keep telling you, I got you in, every way Deku, I got you"

Izuku stanes up with eyes full of gratitude and love as he stands on tip toes and kisses the blonde.

When they pull back Katsuki rest his forehead on his boyfriend's speaking so ly.

"Come on, let's shower so I can look over the bruises that the fuck caused, then I'll take you to bed and wrap you in me for the night, cause I really fucking need to hold you right now"

Izuku nods with a smile feeling love swim through his veins.

That sounds amazing.. I really need you to hold me, even standing right here with you I feel like you're too far away."

Katsuki grins with a wink

"Yeah I know the feeling baby. Let's get cleaned up.. We'll swing by your place tomorrow and get you some stu so you can stay here with me a few days", the blonde says as he takes zuku's hand walking him down the hall but suddenly there's words that make him stop in his tracks.

"W-what if it's more than a few days?"

Crimson eyes burn into emerald.

"What? Are you saying you want to stay here, permanently?"

Izuku eyes him sheepish nipping his own bottom lip.

"I...um.. Well..-yes? I mean not if you don't want that too. Is it too early? Probably huh? I'm sorry I just.."

A blonde firefighter crashes his mouth to the greenett's before he can finish.

"Fuck yes I want that. Hell very first time you stayed here I didn't want you to leave. That place of yours is full of bad memories and bullshit, this is your safe place. I'm your safe place and I want you close. In case you didn't notice Medic, I'm a little fucking in love with you"

Izuku feels a swarm of butterflies as he smiles wide.

"I'm in love with you too. I don't want to be away from you"

Katsuki smiles as he reaches down and li s the greenett o his feet.

He's tired, his fist ache, he's dirty from fire and fight, but none of that matters right now as he walks the greenett to the bathroom in his hold.

"You don't have to be. We'll start getting your shit tomorrow"

The shower is warm, love filled and just as promised Katsuki pulled Izuku into his arms and held him tightly while they talked about tonight's events and the greenett moving in.

The blonde doesn't fall asleep till he knows Izuku is content and feels safe once again as he feels him dri o in his arms.

When he finally let's sleep take him there's a smile because tonight may have been hell and he might have been the devil himself but with this medic on his arms, right now feels alot like heaven.
