

28. Just Curious

" Ever since we met, I've known that we're special, that the way we talk and laugh around each other is different than everybody else. That I will never meet anyone I can trust as much as I trust you. And I think most people search their entire lives to find what we've already found" ~ Unknown

It's early evening the first week of November when Izuku walks out of work to see his handsome blonde firefighter waiting for him on the sidewalk with a grin.

Emerald eyes light up with surprise.

" Hi Kacchan!", the greenett says walking quickly to his boyfriend.

Katsuki reaches out and pulls him into a hug and a kiss right away.

" Hi Medic. I thought I'd meet you and walk you home since I got out before you. Oh and I thought we'd stop and grab some dinner on the way"

Izuku nods happily as he clings to the firefighters large hand while they begin to move down the sidewalk.

" Sounds great, I'm starving. How was work?"

The blonde shrugs beside him.

" It was ok, slow. How about you?"

The greenett smiles looking up at the blonde as they walk.

" Same really, which is good for both of us. But honestly I'm always anxious just to get back to you"

Katsuki smirks raising the medic's hand that's in his giving it a kiss on the knuckles.

" Yeah, that's my favorite part of the day too, when I get you back to me"

Izuku smiles feeling butterflies, a sensation he's sure he will always feel when it comes to the blonde next to him.

As they walk the greenett begins to chatter to his boyfriend about his day and other subjects but he notices that his firefighter seems a bit distracted.

He scrunches his face wondering what's on his mind but just as he's going to ask they reach the restaurant.

The blonde leads him inside then to their booth in the back of the restaurant.

He helps the greenett o with his coat then slides into the booth across from him.

They order their usual and make small talk while they wait.

Once the food is there Izuku keeps a steady eye on the blonde in front of him and he starts to worry.

He pushes his food around on his plate then ask Katsuki a question.

" Kacchan?"

Scarlet eyes look up.

" Yeah?"

The greenett nips at his bottom lip nervously.

" Is everything ok?"

The blonde studies him putting down his fork.

" Yeah baby, what makes you ask?"

" Well...it's just. You seem kinda distant tonight, like maybe something is bothering you or on your mind. I mean you aren't really the quiet type, but you are tonight", the greenett explains so ly.

Katsuki chuckles wiping his mouth with a napkin then smirking at his boyfriend.

" I do have a big mouth huh? So it probably is fucking weird when I'm quite"

Izuku smiles laughing lightly.

" You don't have a big mouth Kacchan, you just like to be heard. But um.. are you upset with me or anything?"

Katsuki shakes his head reaching across the table for the greenett's hand which he gives right away.

" Hell no I'm not upset with you Medic, I have no reason to be, shit you're damn near perfect in my eyes"

Izuku blushes slightly.

" Ok well, I'm glad you aren't upset with me but.. something is wrong?"

Katsuki shi s his eyes downward with a slight shrug.

" Nothing is wrong Deku, I've just been thinking about some shit so my thoughts are caught up that's all."

Izuku scrunches his face slightly nervous about what it could be.

" What have you been thinking about?"

Katsuki sighs with a chuckle as he leans back in his booth running a hand through his hair.

The greenett raises a brow because if he didn't know better he would actually think Katsuki was nervous?

" Ok look the other night, Halloween at the firehouse when I was watching you play with the brats, you were so good with them and shit, Icyhot was standing by me, saying how kids always loved you and you always loved them, which is easy to see, but anyway, he said something about wanting to be god father when we had our own and .. I mean ok guess.. since he said that I've just been picturing that kind of shit with you. If I'm honest I've been thinking about that stu even before he brought it up"

Izuku is completely quiet on the other side of the table with wide eyes and a beating heart so loud it's drowning out everything else in the room.

Katsuki looks up at him seeing a stunned looking greenett , he starts to panic slightly.

" Shit! Did I break you Medic?! Look Deku we don't have to talk about this shit, forget I said anything ok? It was crazy to bring up, we've only been together like four months. I didn't mean to freak you out baby , I'm sorr.."

" No wait !!", Izuku finally blurts out once he gets his mouth to function.

Katsuki looks surprised by the small outburst across the table.

Izuku tints with blush realizing how loud he probably just was.

He clears his throat sheepish.

" I.. I just mean, you don't have anything to be sorry for. I'm not freaked out Kacchan, just.. just surprised, but definitely not freaked out. Um you.. you really think about that with me?"

Katsuki raises a brow.

" Of course with you. I've never thought about that shit until you. I never saw myself as the settling down kind of guy but.. now that I'm with you and you moved in with me and stu , I can see it. I guess I was.. I dunno .. just uh curious as to how you feel about the idea of that type of thing", he says slightly trailing o at the end a definite blush on his cheeks.

Izuku can hardly believe he's having this conversation with who he is sure is the most perfect man on the face of this earth and this perfect man has been thinking about a future with him and he's blushing over it, this has to be a dream.

The greenett smiles pretty.

" How do I feel about what exactly?"

He has a pretty good idea, but he'd be lying if he said he wasn't enjoying a slightly flustered firefighter.

Crimson eyes meet emerald ones hanging on each word.

The blonde takes a breath.

" Well.. marriage and shit, maybe a couple brats later. I mean I know you've been through alot and that may have changed how you see that kind of thing and I would totally understand if you didn't like the idea of it. And it's probably really stupid of me to even bring it up this early and I'm probably scaring the fuck out of you right now and that's not something that I want to do so baby if I'm making you feel uncomfortable I can shut the fuck up and we don't ever have to bring this up again, because I mean things are going great and ..."

There's a giggling medic across from him suddenly, with bright eyes and a pretty smile.

" You're so cute when you're flustered and start to ramble", the greenett says reaching across the table squeezing the blonde hand.

Katsuki grins with a tint of blush.

" You must be loving this huh? Me, the loud mouth, shameless flirt who's always so cocky and sure of himself now sitting across from you all nervous and shit tripping over my words."

Izuku laughs so ly.

" I am. But somehow it just makes you seem more perfect to me. And um to answer your questions, Kacchan, I certainly don't hate the idea of marriage. I mean, I hated the thought of it with Raiden of course but.. when..when I think about a future I always see it with you. I can't imagine it any other way. And no we maybe haven't been together that long but.. I don't need years to figure out that you are the only one for me. I love kids, Sho is right, so.. kids, or brats as you like to call them with you someday sounds amazing. I mean, come on I'd be crazy not to want to marry and raise a family with the Perfect hot firefighter with the bad pickup lines someday" , he finishes with a grin that always lights Katsuki up inside.

The blonde gives his own grin back, a rapid heartbeat against his chest at words he's happy to be hearing.

" So what you're saying Medic is you can't live without my amazing line tossing skills"

Izuku laughs, his eyes lighting up.

" Yeah, definitely as long as I'm the only one you're tossing them at"

The blonde smiles reaching across the table holding onto both his boyfriend's hands in his larger ones.

" Oh don't worry about that. I could think of a million more to throw your way every morning for the rest of your life Medic"

The greenett smirks.

" Is that right?"

The blonde nods.

" Mmhum. Like, damn you got a map? Cause I keep getting lost in your eyes"

Izuku laughs throwing his head back making the firefighter grin.

" That one's actually true, the fuck you laughing at huh? Ooh how about this one, is your name Google? Cause you're everything I've been searching for", he grins standing up while his boyfriend continues to laugh.

He takes his hand pulling him from the booth a er paying, leading him outside walking home with his arm wrapped around his neck throwing a constant stream of bad lines.

" Did the sun just come out , or did you just smile at me? Again, that one's true as fuck"

" Oh my gosh Kacchan stop! My sides hurt from laughing so much. You really don't stop!"

Katsuki smirked looking down at him pulling his neck towards him planting a hard kiss on his cheek.

" Nope, won't stop either, every day you'll hear this shit from me, just to see you smile and laugh. Best shit in the world to me"

The greenett looks up at him with so eyes and a gentle smile.

" Well, you make those things come easy"

A devilish smirk takes over, while the blonde raises a brow and drops his voice to a level he knows makes his boyfriend react.

" Know what else I can make cum easy?"

He watches a bright blush take over freckled cheeks, but then he raises a brow seeing Izuku look up and smirk back.

" Me, when we get home?"

Katsuki Bakugo stops short as he stares down at his boyfriend, his heart almost stopping at the teasing words.

" Damn baby, fuck, that .. that was so good."

Izuku giggles wrapping his arms around the blondes shoulders staring up at the handsome firefighter.

" Yeah? Like it? I mean I've been learning from the best"

The blonde smirks pulling the greenett closer.

" Yeah, definitely like it, can't wait to act on it when we get home either. Know what my favorite one is tho?"

Izuku smiles playful.

" No what?"

The blonde smiles leaning down.

" Don't dodge baby"

The greenett's heart flutters instantly as he speaks so ly against his boyfriend's lips

" Ooo yeah, thats...that's my favorite too"

Katsuki grins.

" I know, it works too"

With that he kisses the greenett gently, but full of intensity, so much like the blonde himself.

Izuku sinks into it, getting lost letting the rest of the bustling streets around them fade away.

Once the blonde pulls back he looks into love drunk emerald eyes and runs his thumb over his bottom lip.

" Now, let's go home Medic, I got stu to do", he smirks.

Izuku grins.

" Am I stu ?"

Katsuki growls playfully with a deep chuckle.

" Oh hell yeah, you're definitely stu "
