There's a slow satisfying smirk on a blonde firefighter as he watches anger flash in the prisoners eyes at the last comment. Raiden tries to break free again and he thinks he's done it when Katsuki let's him go only to reach out and quickly grab his arm pulling it through the bars harshly bending it back hearing the bone crack. Raiden howls in pain. " Ahhhh! You broke my arm! " á Crimson eyes are dark with the devil in full control. "God damn right. Wow you really are pathetic. I'm beating your

Katsuki leans in his breath ragged with anger as he growls his words through gritted teeth. "I hate you, do you know that bastard? I fucking hate the air you breathe. I've had anger issues my whole life but I don't think I've ever felt this kind of rage before. My God damn skin burns because I hate you so fucking much. If you ever are stupid enough, next time I will kill you, and that's not a threat, that's a god damn promise" With those last words growled Raiden goes limp blacking out from lack of oxygen. Katsuki steps back. His chest still heaving from the anger running rampt in his system.

Touya grins. " Drag his dumb ass into a cell and say an inmate got to him since they heard he was abusive. These guys maybe prisoners but they have a code and they don't like that shit, so it won't be hard to believe, and even if he trys to say it was you, who's gonna believe it?
