Katsuki hasn't really let his Medic out of his arms since he climbed into them the first night when the blonde insisted and the always

unapologetic, mouthy, brash firefighter has been sure to let anyone know that tried to make his husband move from his arms and into his own bed that it wasn't happening and they could fuck right o if they thought otherwise.

Even though Katsuki is still sore from his injuries, Izuku being out of his reach right now would be worse then the discomfort he feels from the lingering e ects from the fire.

The two have streamed movies and music on their phones, talked for

hours, and Izuku has let every cheezy line his husband could throw at him hit each and every time without one single complaint, not that there was ever a real one to begin with. Secretly and not so secretly those cheezy lines hit the target every single time and Izuku is fairy sure his ever cocky husband knows that.

Currently the greenett is leaning against his husband propt up in his hospital bed watching some corny predictable romance movie that Izuku stumbled across and was now invested in.

Katsuki watches smirking with one arm resting behind his head the other locked around his husband.

"All this guy has to do to win this chick over is toss a few pick up lines

He feels Izuku laugh so ly against his chest.

" Just because it worked for you Mr Perfect doesn't mean it would for every one, besides it was more than just those nonstop lines that won me over"

The blonde looks down at his husband that is now looking up at him.

"Oh I know, it was my smokin' hot body and sexy hard to resist charm", he says teasing.

The greenett laughs then gives his own playful smirk.

"Well duh, that's definitely part of it but it was something even more

Katsuki smiles.

"Yeah?"

"Mmmhmm...tacos. It was totally the tacos", Izuku grins with a giggle.

Katsuki breaks into a laugh tho it makes his ribs ache.

Once the giggling paramedic calmed down his laughter he looked into crimson eyes and gave a warm love filled smile.

"Actually it was everything about you. You were everything I have

ever wanted in a boyfriend, a husband. You were everything I thought

A redheaded firefighter laughs walking in taking a seat.

Izu was ok, I knew you would be you beast", Touya smirks sitting on the end of the bed.

Katsuki grins giving the male a shove with his foot.

"Hey I tried! Midoriya is fast and when I went to grab him I got held back cause of my injuries that's why I sent Touya in!"

Emerald eyes shi back and forth between the two.

me, no one could have and I would do it again, I will do it again if it

Katsuki knows he lost this one and chances are he always will when it comes to the greenett at his side.

He smiles finally.

" Tch. Sassy medic. Yeah ok, maybe you're right but I still don't like it. You got hurt, that will always bother me."

" It's ok Kacchan, would have been worse if Touya didn't come in with

The scarred cop smirks as soon as crimson eyes meet his own. He

flips Katsuki o immediately sticking his tongue out.

"Hear that? I'm the one who saved the day beast boy"

Katsuki chuckles giving his signature finger right back.

"Bullshit, my baby saved the day but yeah thanks for taking care of him in there you shit, and Soy Sauce, I appreciate the help"

They smile with chuckles.

"Yeah no problem, but man good thing we got outta there when we did, whole building came down about twenty minutes later"

Katsuki and Izuku exchange surprised looks.

"Damn", the blonde mumbles, thoughts heavy on how tragic things

"Hey, what's wrong Medic?", he whispers as green eyes meet his.

I'm also really sad for everyone who lost their home, and that poor

"What little boy baby?"

"There was a mother and son I took care of. He couldn't have been anymore than five or six. He looked so scared and his arm was slightly burned. He said a big firefighter broke his door down and saved him, I knew it was you right away", he smiles through emotion.

" I'm sure he was, there was so many that night, I wish I remember

"You would have liked him, he was talking about how cool it was that

I was married to a firefighter and that you were really cool and really

"Anyway, I told him I would pass it on to you and his mother was really grateful you saved them."

The blonde nods.

"I wish we could have done more. Sucks that the whole building

"Yeah man, sucks for sure but we gotta look at the bright side, no one

lost their lives including you guys and even tho that mom and son

have to start over at least they made it out ok", the redhead

"Yes. You are absolutely right Kiri and I'm grateful we're all ok"

" Another day or two doc said this morning. Just mostly making sure

my lungs and shit are clear. Can't wait to get outta here tho", Katsuki

" So when you guys getting outta here?", Denki questions.

Touya laughs suddenly.

"Yeah I bet, probably hard to play grab ass with my little brother there with nurses and shit walking in"

Katsuki can't help but laugh at the comment because it's fucking true.

Izuku flushes with blush.

Shoto raises a brow.

"Yes that's true. We'll have more of that a er we get out cause you are not going back to work for awhile Mr Perfect, till I'm sure you've completely recovered."

The blonde grins.

"I'm down for that. Hot as fuck medic giving me full time medical

attention, and sponge baths, don't forget that part"

The greenett giggles leaning closer to his blonde.

"How could I forget, you wouldn't let me if I tried"

"Bet your ass. Now, don't dodge Medic"

"Yeah I guess, but I'll always want you all to myself and even tho
