

My Ex-Wife and Kids Came In Like A Wrecking Ball

Chapter 1060

Chapter 1060 Don't Change Schools

Rosalie did not expect the man to agree so easily and was a little dazed for a moment.

It was not until Byron bent over to put the little girl on the ground, and she ran towards herself in tears, that she finally came back to her senses.

“Sob sniff...Auntie” The little girl hugged Rosalie’s thigh.

Rosalie touched the little girl’s head as her heart ached and looked up at the man in front of her.

Byron nodded to her indifferently, glanced at the three little kids inexplicably, then turned and got into the car.

After watching Byron’s car go away, Rosalie brought the little ones into the living room.

‘You take care of little sister first; Mommy is going to make a phone call.’ Rosalie said to the two little boys.

Lucian and Nox nodded quickly, and moved to Estie’s side, trying to console her.

Rosalie walked quickly to the corner and dialed Xander’s phone number.

The other end quickly picked up. “Miss Jacobs, what’s the matter?”

Rosalie was apologetic. “Sorry, I might need to take a raincheck.”

According to the schedule, they will go to a nursing home for a free clinic this afternoon.

However, Rosalie could not leave now that Estie was crying like this.

Xander smiled indifferently. “It’s okay, we can handle this. What about you, are you not feeling well?”

As soon as he finished asking, Xander vaguely heard crying on the other end of the phone.

‘Are the two little ones sick?’

Xander frowned in puzzlement.

Rosalie glanced at the tearful Estie. "I'm fine, but... I have some personal matters to deal with at the moment."

Xander did not think much about it, he just thought he guessed it right and agreed noncommittally. "Alright, you deal with your own affairs first."

Rosalie thanked him gratefully.

The two did not say anything more and hung up the phone.

Rosalie walked quickly to the little ones.

"Mommy, we can't console little sister well." Nox's little face was full of disappointment.

Rosalie patted the little guy's head reassuringly, leaned over and embraced Estie into her arms. "Estie darling, auntie and little brothers are here. We are here now."

It seemed that Estie felt more secure in her arms. The little girl reacted and opened her tearful eyes and glanced at her.

Noticing the change in the little one, Rosalie quickly patted her on the back comfortingly, worried that the little one would cry out again.

'Don't want to, don't change schools!' Estie said with a sob.

Hearing the little guy speak, Rosalie breathed a sigh of relief, but her heart soon became heavy again.

Of course, she knew that the little one does not want to change schools.

However, Rosalie could not do anything about that now.

The little guy's choking continued. "I want auntie... Estie wants auntie..."

Rosalie quickly agreed, "Auntie is here, auntie is with you."

The two little boys also climbed onto the sofa, and carefully tugged on Estie's clothes. "We're here too, little sister, don't cry."

Rosalie could not bear to watch her cry anymore, so she could only delude the little one just to distract her from crying. "Auntie...Auntie will talk it out with your Daddy."

Estie then said with tears in her eyes. "I want Auntie to be my Mommy..."

Rosalie choked and dared not promise again.

The girl's pitiful whimpering kept coming to her ear.

Every time the little girl choked; Rosalie's heart throbbed in pain.

After a while, Rosalie said slowly, "No matter what our relationship is, Auntie likes Estie just the same. If Auntie is not your mommy, Estie won't like me anymore?"
