

My Ex-Wife and Kids Came In Like A Wrecking Ball Chapter 28 –

Chapter 28 The Only Chance

Yves chuckled. “I had considered this, but I gave up since you haven’t arrived, and I was not capable. In the end, I forgot about it. I just recalled it now and thought you might have a try. What do you think?” “Of course, there’s no problem!”

Rosalie suddenly got up and urged, “Please help me contact the Quirke family and ask when it’s a convenient time for me to go there.”

Seeing her worry about the research institute, Yves was moved. He smiled and said, “I’ll do it now. You wait for me here.” Then, he left the office to make a call. Rosalie waited in the office. Regardless of Old Master Quirke’s condition, she had to do everything she can to cure him, for the research institute.

Yves returned a little later.

Rosalie asked. Yves nodded. “Fortunately, the Quirkes has not yet found a doctor who managed to treat Old Master Quirke. When they heard that I would recommend someone to go there for a look, they agreed without hesitation.” “When shall we go?” asked Rosalie. “Tonight,” Yves replied. Rosalie immediately agreed. The time was just right for her, she for it to end the earlier the better. “Could I trouble you to tell me a bit about Old Master Quirke’s symptoms, I want to prepare in advance.” When it came to medical treatment, Rosalie’s expression turned serious. Yves obliged.
