

My Ex-Wife and Kids Came In Like A Wrecking Ball Chapter 490

'Little brothers!'

As the boys approached, the little girl smiled for the first time in a while.

Lucian and Nox were also very excited to finally see their little sister.

The three little ones sat together, looking at each other as if they had just met each other.

After a while, Lucian frowned. "Didn't Uncle Byron take good care of you?"

You seem to have lost weight.'

The little girl's originally puffy cheeks had become visibly thinner.

Hearing this, Estie pinched her own face innocently, tilted her head and thought for a while, then said softly, "Well, maybe it's because I'm in a bad mood."

The boys looked at the little sister nervously. "Did Uncle Byron bully you?"

In front of the two little guys, Estie's mood improved significantly, and the smile on her face never stopped.

Hearing the little brothers' questions, she stuck out her tongue. "It's because I can't see Auntie and you guys."

'Daddy made me upset, so he wouldn't dare to provoke me again!'

The two little boys are relieved.

Nox could not help being concerned. "Miss Leigh Ann told US that Uncle Byron is going to transfer you..."

Estie nodded, then shook her head again. "I've already transferred, but I only went there for one day.

The little brothers were puzzled.

Estie puffed his cheeks and said aggrievedly, "I don't like it. I want to be with you guys."

Seeing the little sister's loss, the two little boys were very distressed. "We also want to be with you, little sister!"

Nox anxiously stretched out his hand as he tried to appease Estie.

Unexpectedly, as soon as he raised his arm, his sleeve slipped down, revealing the wound on his arm.

Estie saw the bloodied scab at a glance and frowned worriedly. "What happened to you?"

Nox grinned sheepishly. "I accidentally fell, Mommy has already dealt with it."

With that said, he silently adjusted his sleeves, and withdrew his little hands.

When Rosalie was mentioned, Estie's little face completely collapsed.

She has not seen Auntie for a long time...

Nox belatedly realized that he had misspoken and looked to his brother for help.

At that moment, Lucian was helpless too.

If Mommy does not want to see little sister herself, no matter how much they persuade her, it is useless.

Just when the two little boys were racking their brains on how to change the subject, Estie's eyes suddenly lit up.

"Brothers, take me with you, okay?"

Hearing this, the two boys did not react immediately.

But Estie had already come to them, grabbing their sleeves and acting coquettishly, "Estie wants to go home with little brothers, I want to see Auntie."

The two little boys have always had a soft spot for Estie.

Right now, Estie had pulled all the stops, batting her puppy eyes at them.

They had no choice but to agree. "Okay then, but you have to be a good girl! ■

Estie nodded obediently.

The little ones played around the room for a while.

Estie glanced at the time and urged in her impish voice. "Let's go quickly, Daddy is coming back!"

Hearing this, Lucian and Nox stood up quickly.

'If Daddy comes back, it's really hard for US to take our little sister away with us!'

The little ones sneak out of Estie's room.

Nox went downstairs to take the lead, diverting Mrs. Zora's attention.

'Grandma Zora, I want some water please.' The little boy looked up at Mrs. Zora with his big eyes.

Mrs. Zora's heart turned to mush. Without hesitation, she turned around to fetch water for the little boy.
