

My Ex-Wife and Kids Came In Like A Wrecking Ball Chapter 680

Fuller Household.

When Wendy saw the photos Andrea had sent in the afternoon, she was so angry that she even skipped dinner. She locked herself in her room, stewing in her anger.

Unexpectedly, she received several new photos from Andrea just when she was about to go to bed.

In the photos, the man she could not see despite her best efforts was putting a coat on Rosalie, buying her flowers, and holding her by the wrist...

No matter how one looked at the photos, both of them looked like an intimate couple!

Wendy was instantly enraged when she saw these photos.

Were they even respecting her, the fiancée, by behaving like this?!

If this were to spread out, she would lose all dignity, she would not be able to become Mrs. Lawrence as she wished either!

Thinking of this, Wendy's expression was grisly.

"B*tch! Why did you have to come back?!"

Wendy got up from her bed abruptly and threw everything on the table to the ground!

Downstairs, seeing that her daughter had not come downstairs to eat, nor was there any movement when she went upstairs to knock on the door, Magdalene had been worrying, when she heard movement from upstairs, she hurried back up to check on her daughter's condition.

"Wendy? What's wrong? Why are you so angry?"

Magdalene knocked on the door hurriedly.

This time, the door was quickly opened.

Looking at her daughter who was standing at the door with an ugly expression, Magdalene was concerned, "what's wrong? Would you like to talk to me about it?"

Wendy went back into the room without saying a word and sat down on the bed.

Magdalene followed her in quickly. The moment she walked to the bedside, she saw the mobile phone that was beside Wendy's hand. Its screen still on display.

There were obviously a few photos on the screen of the mobile phone. Thinking about it, this should be the source of her daughter's anger.

Thinking of this, Magdalene glanced at her daughter's face and carefully picked up the phone to take a look.

She saw a few photos in succession. They were all of Byron and Rosalie. Both of their actions were very intimate in the photos!

Magdalene's expression sank abruptly for a moment. "What's going on here?! Why did Byron and that Jacobs woman get together again?!"

Wendy was furious and did not say anything. She just hit her bed angrily.

Magdalene glanced at her daughter's expression, only to see that tears had appeared on Wendy's face at some point.

It was obvious that she was beyond mad at the two people in the photos.

"Why didn't you tell me about such a huge matter earlier?" Magdalene was distressed and also annoyed.

Hearing this, Wendy finally said, "What's the point of telling you guys? After coming up with so many solutions before, I still didn't manage to stop Byron from being with that wench!"

Thinking that all her previous efforts were in vain, Wendy felt even more aggrieved.

Seeing her daughter was furious, Magdalene was even more enraged. "That Jacobs woman is shameless! She rushed to Byron's side knowing that he already has a fiancée! Even if they had been married before, they're already divorced! she even left so simply back then. What is she trying to do now?!"

Wendy frowned and said in a sullen voice, "What's the use of talking about this now?! If this goes on, that b*tch will become Mrs. Lawrence again! r 11 be nothing by then. I'll even be a laughing stock!"

Thinking of this, Wendy was so annoyed that she burst into tears.

Anxiety filled Magdalene's expression. "No! she can't be allowed to join the family, otherwise, wouldn't our efforts over the years be in vain? We have to do something!"
