

My Ex-Wife and Kids Came In Like A Wrecking Ball Chapter 754

Meanwhile, Rosalie was at home with three little kids.

Since she entered the door, Estie had been in a low mood. No matter how Rosalie and the two boys tried to talk to her, the little girl was gloomy.

“Estie, why are you so unhappy? Can you tell me?” Rosalie got the kids to stop their game and took Estie to sit down on the carpet.

Lucian and Nox also followed behind them worriedly.

Hearing their mother ask, the boys stared at Little Estie eagerly, waiting for her answer.

Little Estie pursed her lips as she thought of Wendy at home, then looked at Beautiful Auntie in front of her.

‘If Beautiful Auntie knows that Mean Auntie is now staying in our house, Beautiful Auntie will definitely be unhappy.’

‘Daddy is still pursuing Auntie. It would be bad if Auntie misunderstood...’

Thinking of this, the little girl’s eyes were full of hesitation.

Rosalie noticed that the little girl seemed to have some concerns and frowned worriedly. “No matter what, you can tell me. I’ll definitely stand by you.”

The two brothers on the side also echoed, “And US too! We’ll all help you! Little Estie, don’t be unhappy!”

The three people’s comforting words contrasted Mean Auntie’s malicious face this morning. Estie’s little face was aggrieved by that thought.

‘Why did Daddy let Mean Auntie live in the house, but he can’t find a way to let Auntie and the brothers stay with US?’

‘I want Auntie Rosalie and the brothers...’

“If you don’t say anything, Mommy and we will all be very worried.” Lucian looked into the little girl’s eyes deeply, and his tone was also serious.

Hearing this, Estie frowned slightly and glanced anxiously at Rosalie beside her.

Rosalie echoed the same sentiment with a sad expression.

“Auntie...” Little Estie was a little anxious when she saw Beautiful Auntie worrying about herself. She was also worried that Auntie would misunderstand the situation.

Seeing that the little one was still hesitant, Rosalie decided to be ruthless. She stood up from the carpet, her tone showing her upset mood. "If you don't want to tell me, I won't ask anymore. I'll go prepare lunch for you."

After speaking, she stood up to leave.

As soon as she turned around, the little one caught her by the trouser leg.

"Auntie, please don't go. I'll tell you," the little one said pitifully.

Hearing this, Rosalie raised her eyebrows with her back toward Estie. She turned her head sideways and smiled at Lucian and Nox from an angle that the little girl could not see.

When the two little boys saw that Mommy's plan was successful, they also breathed a sigh of relief. They waited for Little Estie to express her distress.

As Rosalie sat next to her again, the little girl's expression was cautious. "Auntie, you have to promise me first that you won't be angry with Daddy."

The little girl stammered as her sentences were not cohesive. Rosalie's eyebrows furrowed slightly again, and she secretly guessed why the little one was unhappy.

Being asked to not be angry with Byron meant that this matter must have something to do with that man.

Speaking of Byron, Rosalie inevitably thought of the man's attitude every time he spoke to the little girl.

"Was Daddy fierce to you?" Rosalie could only think of this possibility.

The little girl shook her head vigorously.

Rosalie felt even more confused at the little girl's denial.

'Besides this, what else is there to be angry about? The little girl also specially warned me. 1

'And looking at her expression, things seem to be serious...'
