

Chapter: 1

"The patient's family members, you already owe one hundred thousand medical expenses. If you don't make up and prepay the two hundred thousand yuan within today, the hospital will stop the

medicine for the patient." A nurse walked in and watched sitting in a general ward of a city hospital. Chase Lu beside the hospital bed had a trace of contempt in his eyes.

Chase Lu looked away from his daughter's face on the hospital bed, looked up at the nurse, nodded and said, "The money will be paid within today."

"You should call your wife soon . There will be no before 5 o'clock in the afternoon. The delivery is about to stop." The nurse sneered.

This is a trash man who even looks down on his own wife. She doesn't believe that he has collected hundreds of thousands of medical expenses.

The medical expenses for more than half a year have basically been shared by his wife. This kind of waste man, who marries him is destined to be unlucky for a lifetime.

This is a typical trash man.

Seeing the nurse going out, Chase Lu's eyes fell on his daughter Cassie's face again, and he subconsciously reached out and rubbed his temples.

Three hundred thousand, where to borrow?

In the past six months or so, my daughter has been hospitalized, and she has already used up all the livestock he and Jayne have.

And everyone who can borrow money has also borrowed it.

He squatted down and touched his daughter Cassie's pale cheeks. Apart from distress, he felt even more uncomfortable.

The daughter is only three years old. She was originally lively and lovely. She has been devastated by illness for the past six months, and she has become extremely thin.

If possible, he really hopes that it is him who is sick, not his lovely daughter.

"Did the hospital come to urge the medical expenses?"

Just then, Chase Lu's wife Jayne walked in.

Jayne is twenty-five years old, with exquisite features, and very beautiful. She is one meter tall and looks very tall.

She looked at Chase Lu with a little coldness in her eyes.

"Well, I'll go out and find a friend to borrow something." Chase Lu nodded, but his eyes were on the man behind Jayne.

This man is called Milne Fan, in his thirties, and he looks like a successful man.

Chase Lu knows him and is the director of Duncan Electronics's sales department.

Jayne is the sales supervisor under Milne Fan, and Chase Lu is a small security guard of the same company.

Seeing Jayne brought Milne Fan to the hospital, Chase Lu couldn't help frowning.

Milne Fan knew that Jayne was his wife, and he had other thoughts about Jayne. If Milne Fan didn't do too much, he would have beaten someone in the company before.

"Three hundred thousand, who are you looking for?" Jayne glanced at her sleeping daughter, sat down by the hospital bed, and said mockingly.

Before her daughter fell ill, Jayne always believed that the power of love is great.

But in the past six months or so, in order to heal her daughter, after she and Chase Lu were in debt, her attitude towards Chase Lu has changed dramatically.

Every time she thought of the huge medical expenses, she became more and more unhappy with Chase Lu.

In the face of reality, no matter how strong love is, it is also vulnerable.

Chase Lu was silent. He didn't have a few friends in this city, and they were all messed up. It was true that they couldn't find anyone else to borrow.

"Yijun, let me lend you first, 300,000 yuan is a trivial matter for me." Milne Fan said to Jayne.

He looked at Chase Lu, who also looked at him, and raised his eyebrows, creating a delicate charm.

"How can this be done?" Jayne shook her head. Although she was a little moved, she knew that Milne Fan must have other thoughts.

"I am also Cassie's uncle, and I don't want to see her stop the drug." Milne Fan smiled slightly.

"You don't need to worry about my daughter's medical expenses, and you won't have to come to the hospital again in the future." Chase Lu looked at Milne Fan indifferently, a flash of anger flashed in his eyes.

He knew exactly what Milne Fan had made.

"Don't bother me, can you get three hundred thousand?" Milne Fan looked at Chase Lu jokingly.

In his eyes, Chase Lu is nothing more than a small security guard at the company. What qualifications does Chase Lu have to steal a woman from him?

Jayne is one of the most beautiful women in the company. He has long thought of Jayne.

Although Jayne and Chase Lu have a daughter, what does that matter? Just let them divorce.

Moreover, he is also in a divorced family, and he himself has a daughter, so he has long wanted to start a new family with Jayne.

It's just that Jayne has never caught a cold with him.

But now that Jayne had a chance to leave Chase Lu completely, he certainly wouldn't let it go.

"That's my business, and you can leave." Chase Lu clenched his fists, feeling a little aggrieved .

money!

He needs a lot of money, not only to cure his daughter's illness, but also to make Milne Fan shut up and leave.

But at this time, let alone 300,000, he couldn't get it out.

A sense of powerlessness came to his mind, and Chase Lu felt that his life was really sad.

Milne Fan laughed abusively, then turned to look at Jayne: "Yijun, it seems that you really don't need my help, so I will

leave first." He expected that Chase Lu and Jayne would not be able to come up with 300,000 yuan. Therefore, he was full of confidence, as if he was sure of Chase Lu.

Jayne opened her mouth, quite conflicted in her heart.

Don't ask Milne Fan to borrow money. I don't know where to get the 300,000 medical expenses.

Ask Milne Fan to borrow money, it will definitely hurt Chase Lu's humble self-esteem.

Seeing Jayne biting his lip and not speaking, Milne Fan narrowed his eyes and made a plan, so he walked out.

Milne Fan found the nurse who was in charge of Cassie's daily inspection of the water supply, and quietly stuffed her a thousand dollars, and said: "Lu Cassie's parents can no longer borrow money, you can urge them to go through the discharge procedures."

See the nurse . There was a thousand tips for the patient's family members, and he nodded with a smile, ready to rush Chase Lu again.

"Chase Lu, Chase Lu, you are just a little security guard, how can you possess a woman like Jayne?" Looking at the nurse's back, Milne Fan had a sneer in his eyes.

...

"Is your self-esteem more important than Cassie's life? Wouldn't you die if you didn't bow to my parents and Director Fan?" Jayne finally broke out as Milne Fan left.

She can not borrow money from Milne Fan, but Chase Lu can. Although dignity is important, what is dignity compared to her daughter's life?

"Chase Lu, I warn you, if Cassie has something wrong, I won't let you go!"

Jayne stared at Chase Lu angrily, with an expression of indisputability. At this moment, she felt very concerned about Chase Lu. It was disappointing.

"I'm going to borrow money now." Chase Lu said.

"Where are you going to borrow money? Now, apart from my parents, who can still get 300,000 yuan to help us, can't you go and beg them?" Jayne said with an aversion to iron.

"I have my own way of borrowing money." Chase Lu shook his head. Since he failed to start his own business, Jayne's parents have not seen him as a person, so he will never see them again, let alone beg them. .

"You stop me... Chase Lu, if you don't ask my parents to pay Cassie's medical expenses today, I will divorce you!" Seeing Chase Lu leave directly, Jayne felt desperate.

This man, for the sake of his poor self-esteem, even ignored his daughter's life.

She really regrets now, regretting her original impulse, and regretting that she finally married him.

Walking out of the hospital, Chase Lu lit a low-quality cigarette and took a deep breath. The anger in his heart could not be calmed for a long time.

money! money! money!

All this is because of money!

Although money is not everything, but without money, sometimes it is really hard to move an inch.

He took out the phone and turned out a number, remarking Phil Du, he hesitated in his heart whether to dial out.

Phil Du is one of his few friends, but Phil Du's situation is not good, and he has already borrowed 50,000 from him.

The most important thing is that Phil Du couldn't use 300,000 to borrow him.

Three hundred thousand is not a small amount. Even if all his friends lent him all the net worth, it is estimated that he would not make up three hundred thousand.

Chase Lu leaned on the roadside railing, smoking a cigarette, and looking at the sky in the distance. Finally, he sighed, took out the phone and dialed an unfamiliar number.

"Uncle Zhong, are you still in Jol City?" Chase Lu asked.

"Oh, it's the young master. If you don't go back with me, how dare I go back alone. By the way, the young master, have you figured it out clearly?" an old man on the opposite side asked a little excitedly.

"Hehe, that, Uncle Zhong, can you lend me 300,000 yuan first, I'll use it urgently." Chase Lu said.

"Three hundred thousand, no problem, but you have to sign the inheritance contract first. After signing, the entire Lu family's assets are yours." The other side also laughed.

"We'll talk about the signing later. I really need 300,000 yuan now, or you can transfer it to me first." Chase Lu said.

"No, or you can call the master, if the master agrees, let alone 300,000, even if it is 3 billion, I can transfer it to you." The opposite said firmly.

"Okay, I promised to sign, where are you?" Chase Lu groaned, with a wry smile on his face, and finally decided to compromise.

"I'm in Junyue Building, where are you? Or I will send someone to pick you up." The opposite said.

"No, I'm going to look for you right away." Chase Lu said, hanging up the phone, feeling mixed.

I thought that because of the death of his mother, I broke with Terence Lu and left the family resolutely.

He didn't intend to forgive him, but the reality is so cruel.

Now the daughter has no money to treat the illness, but she is powerless and has to bow her head to Terence Lu.

What a fucking irony in this life!

"Well, Jayne, I have kept you from you for so many years, and let you spend a few years with me. Today I am preparing for a showdown. In fact, I am a top rich second generation. From now on, I will make you rich. Wife's life."

Chase Lu spit out his cigarette butt on the ground with a mouthful, and after a touch of firmness flashed in his eyes, he turned and stopped a taxi to go directly to the Grand Hyatt Building.

When he arrived at the Junyue Building, Chase Lu just got out of the car and saw his mother-in-law Shell coming out of the building.

He subconsciously did not want to run into Shell, but found that Shell had already approached him.

"You don't take care of Cassie in the hospital, why did you come here?" Shell looked at Chase Lu with disgust. If her daughter had already had a child, she would have wanted her to divorce this trash.

Chapter: 2

Seeing that he couldn't avoid Shell, Chase Lu had to say, "I have something to do."

"You have something? What is more important than Cassie?" Shell snorted coldly.

She had just eaten closed doors at the Junyue Building, and she was in a bad mood, and she just took Chase Lu out of her anger.

"Brother-in-law, my sister has to go to work and take care of Cassie, but you come here to play, are you still a man?" Sister-in-law Jeannie looked at Chase Lu with disgust.

Chase Lu discovered Jeannie at this time, and there was a young man beside Jeannie.

This young man is called Hayes Hu, Jeannie's college classmate.

"Yi Jia, is this your trash brother-in-law? Your sister's eyesight is not good, this guy looks no different from a migrant worker." Hayes Hu looked at Chase Lu, with a joking in his eyes.

Shell is the deputy sales director of Xia Kang Pharmaceutical. She talked about a big business with the Josh Group, but there was no progress.

Hayes Hu said that he knew the general manager of the Josh Group, so he brought Shell to visit the general manager here, hoping to help Shell win this business.

It's just that the general manager doesn't give him face at all, which makes him very shameless.

At this moment, seeing Jeannie and her mother scolding Chase Lu, he was also ready to step on both feet.

"No, I don't know what is wrong with my sister. She is willing to marry such a waste. The most important thing is that this waste is not responsible at all." Jeannie sarcastically said.

"Men can have no money temporarily, but they must be responsible." Hayes Hu smiled.

Chase Lu glanced at the three of them, didn't say anything, turned around and walked towards the Junyue Building.

"What are you going to do? Why don't you go back and take care of Cassie?" Seeing Chase Lu walking inside, Shell frowned and scolded.

"I'm going to find John Lu a little troublesome." Chase Lu said back.

"What? Are you looking for the richest man in Lu? Are you going to be kicked out like a dog?" Shell was furious when she heard it, and she reached out and grabbed Chase Lu.

Chase Lu was no more than a little security guard. He was bombed out by others, but she lost the face of her mother-in-law.

"Mom, let go, I really have something to do with John Lu." Chase Lu frowned and said when Shell held him back.

"Are you going to laugh to death? John Lu is the richest man in Jol City. What qualifications do you have as a security guard to see others?" Jeannie sneered.

"You can't say that. Maybe your brother-in-law thinks that they are all surnamed Lu, maybe they were a family five hundred years ago." Hayes Hu laughed.

Chase Lu was a little angry, and said to his heart, did you eat gunpowder today, or are you all menopause?

But he didn't want to get angry with Shell, so he had to take out his mobile phone and prepare to call John Lu and let him come down to see him.

At this moment, a sexy woman with a graceful figure in uniform came over.

Seeing the beauty coming, Shellyan let go of Chase Lu, with a trace of doubt on her face.

"It's Mr. Lu's full-time secretary." Jeannie said.

"Maybe they changed their attitude, and they came to tell us to go back to talk again, Aunt Xue, congratulations on taking this big deal soon." Hayes Hu's eyes lit up and complimented.

"Is it really coming to talk to us?" Shell couldn't believe it, but there was a look of excitement on her face.

"It must be. There are only a few of us here, and we have just talked to them. It must have come to us." Hayes Hu nodded affirmatively.

"We didn't reach a conclusion with Manager Wang before, but Mr. Lu's full-time secretary came to find us back. Mr. Lu must have personally instructed him. Mom, it seems that your big cause is really going to be done." Jeannie also has some Excited, if this business is negotiated, her mother will divide more than 200,000 yuan.

Shell is right to think about it, President Lu's secretary must have come to them, it is impossible to come to Chase Lu, this trash.

Thinking of this, Shell greeted him with a smile.

"Hello, you are here..."

Before Shell finished speaking, her smile froze on her face.

I saw that the beautiful secretary ignored her, just walked past her and walked to Chase Lu.

She

saluted Chase Lu slightly and said sweetly: "Shao Lu, please come with me." Chase Lu nodded, his eyes swept across the faces of Jeannie and Hayes Hu, and followed the beautiful secretary into the building. .

The three of Shell stayed on the spot, with surprise and confusion.

...

Chase Lu and John Lu talked for a while. He still didn't want to inherit the family property. Ten years ago, because of his father Terence Lu's negligence, he indirectly killed his mother. It is still hard for him to let go, and he still cannot forgive him. His father.

But if he didn't sign the contract, John Lu would not lend him money or let Chase Lu call Terence Lu.

Chase Lu sighed helplessly, had to sign, and then asked John Lu to help him find the bone marrow that matched Cassie, and asked John Lu to give him 300,000 first, and then left the Junyue Building with the 300,000.

As for how John Lu told his father about it after he left, he no longer wanted to know.

Anyway, as long as he does not take the initiative to call his dad, he knows that his dad will not take the initiative to call him.

Even if he agreed to go back and inherit the family property, he didn't plan to forgive Terence Lu so soon.

When he returned to the hospital, Chase Lu saw that Milne Fan had returned. Not only that, he and Jayne sat on the bedside to chat with his daughter who woke up.

Milne Fan was very close to Jayne, and the two of them said something from time to time.

Chase Lu narrowed his eyes slightly and strode into the ward.

He just wanted to say that he had already got the money, and that he would not let Jayne have a hard time in the future, when he saw Jayne look at him with a cold look.

"Chase Lu, where did you go? Just now, the hospital came to urge the cost of the medicine again. If Director Fan hadn't paid it first, Cassie would have been kicked out!" Seeing Chase Lu came back, Jayne would not fight.

She looked at Chase Lu with disappointment in her eyes.

At this time, Chase Lu ran out for the poor self-esteem and angered her. He ignored his daughter. He fell in love with such a man at the beginning, and he was really blind.

"Mom, don't talk about Dad, Dad is also very hard." Seeing her parents are about to quarrel again, Xiao Cassie said in a grunt.

Chase Lu was a little angry at first, but when he heard his daughter's words, the anger in his eyes disappeared instantly. He squatted down and touched Cassie's head fondly, and said with a slight smile: "Cassie, good dad, dad won't work hard. You will find the bone marrow that matches you, and then our cute little Cassie will be able to recover and be discharged from the hospital."

"Dad, is what you said is true?" Cassie asked happily.

"Well, Dad never lied to you." Chase Lu nodded firmly.

"Great, Cassie can finally be discharged from the hospital, mom, look, I said that Dad is a capable person, I didn't lie to you." Cassie smiled happily and looked at Lin Yiyun.

Jayne also smiled. Although she knew that Chase Lu was coaxing her daughter to be happy, she wouldn't let her down.

Just looking at Chase Lu's peripheral vision was very unkind.

Cassie is very smart. After waiting for a few days, Chase Lu will not be able to fulfill his promise. Cassie must be very disappointed. That's something Jayne doesn't want to see.

"Yijun, don't worry about it, it may be that Chase Lu went out to borrow money and didn't borrow, and didn't want to disappoint Cassie." Milne Fan said deliberately.

Chase Lu stood up slowly after hearing the words, a cold light flashed in his eyes looking at Milne Fan.

"Don't worry, although you didn't borrow the money, I have already paid Cassie's medical expenses for you. After all, Cassie also called my uncle just now." Milne Fan looked at Chase Lu with a sneer and made no secret of his eyes. disdain.

"Chase Lu, what are you doing? If it weren't for Director Fan to hand over the 300,000 yuan for us, Cassie and I would be kicked out of the hospital. Don't hurry up and apologize to Director Fan!" Seeing Chase Lu stared coldly. Looking at Milne Fan, Jayne frowned and scolded.

"Why should I apologize to him? Isn't it 300,000? I have." Chase Lu snorted coldly.

"Do you have three hundred thousand?" Milne Fan laughed, his eyes becoming more ridiculous.

Chase Lu is just a small security guard at the company.

Jayne's face was frosty, and the gaze staring at Chase Lu became increasingly disgusted.

Chapter: 3

Facing Milne Fan's sarcasm, Chase Lu sneered, and without a word, opened the black suitcase in his hand and stepped on the red sun and immediately appeared in front of Milne Fan.

"Here is just 300,000 yuan, take the money and get it out of me." Chase Lu said coldly.

Milne Fan was stunned, his expression on his face solidified when he saw the suitcase full of money.

He never expected that Chase Lu, a small security guard, would borrow 300,000 yuan after going out for a while. Who is so generous and willing to borrow a few thousand yuan for a month's security 300,000?

Jayne was also a little surprised. Since Chase Lu borrowed 50,000 yuan last month, she has no longer been able to borrow money. She can hardly imagine where Chase Lu borrowed the 300,000 yuan.

Chase Lu is not a native of the city, and he only has one friend in the city. His friend is not much better than him. He only has a few thousand yuan a month's salary. The last time he was able to borrow 50,000 yuan was already the limit. Up.

"Where did you borrow this money? Did you borrow loan shark?" After Jayne was surprised, she stared at Chase Lu angrily.

The situation now is very difficult. If Chase Lu borrows loan shark again, then their family will really be destroyed in Chase Lu's hands.

"Hold the money and get out of here!" Chase Lu ignored Lin Yiyun, but looked at Milne Fan indifferently.

Milne Fan did not leave immediately. He looked at Chase Lu with a sneer on his face. To be honest, 300,000 was nothing to him. The reason why he had to wait for Chase Lu to return was to let Jayne see clearly how her man was a trash. , I'm so mocking Chase Lu.

Unexpectedly, Chase Lu actually borrowed 300,000 yuan, which made him a little surprised and unwilling.

This was his best chance to encourage Jayne and Chase Lu to divorce.

"Chase Lu, you go to borrow loan shark, how will you pay it back in the future? Don't you know that this will ruin your family and Yijun?" Milne Fan looked at Chase Lu with a smirk.

"That's a lot of nonsense." Chase Lu snorted coldly, and fistfully closed Milne Fan's collar and dragged him outside.

"You... let go!" Milne Fan was startled. He didn't expect that Chase Lu's strength would be so strong, and he immediately shouted.

Jayne was also taken aback by Chase Lu's actions, but when she reacted, Chase Lu had dragged Milne Fan out of the ward.

"When you come to the hospital in the future, I will let you stay and be hospitalized." Chase Lu hummed coldly, pushing Milne Fan to the ground, and at the same time threw the suitcase on him.

"Chase Lu, you are crazy, don't hurry up and apologize to Director Fan!" Jayne chased out, staring at Chase Lu with a frosty expression.

Milne Fan got up from the ground, looked at Chase Lu coldly, and said with a sneer: "Chase Lu, you are good, see you in our company tomorrow!"

He said that the suitcase turned around and left. Chase Lu was just a small security guard. , Back to the company, he has a hundred ways to play Chase Lu.

"Director Fan..." Jayne wanted to catch up and apologize for Chase Lu, but after thinking about it, she stayed.

She turned to look at Chase Lu with a cold expression: "Chase Lu, how can you be so rude? Director Fan helped us. You don't want to thank others for not telling me, and you are treated so rudely. Do you still have a sense of humanity?"

Chase Lu Chen also turned to look at Lin Yiyun, with a hint of anger in his eyes: "I said I won't let him help, because you have to borrow money from him. What does he think of you do not have points in your heart?"

Lin Yiyun stunned, and then angered. "Chase Lu, what do you mean? Do you think I'm willing to give him a chance? If I didn't pay the medical bills before, the hospital will let Cassie be discharged. If you can borrow the money earlier, will I borrow it from him? Don't you know, I'm very tired like this!"

Jayne was very angry. If it weren't for her daughter, or if Chase Lu was such a waste, she would borrow money from a man she already hated? Will she talk and laugh with him?

Chase Lu looked at Jayne, and then said, "You accompany Cassie first. I'll go out a bit beforehand. I'll figure out how to deal with money."

During this time, the two often quarreled, and he was a little annoyed.

He wanted to be alone.

Originally, he wanted to tell Jayne the truth, but looking at Jayne's attitude today, he suddenly became disappointed and didn't want to tell her.

"What are you going to do? And is your money borrowed from loan shark?" Jayne asked.

"No, I borrowed it from a friend." Chase Lu said, turning around, not wanting to say more.

Jayne was angry and wanted to curse.

...The

next day, Chase Lu planned to go to the company to resign as a security guard, and then take care of his daughter in the hospital with peace of mind.

He believed that if John Lu took the initiative, he would definitely find the bone marrow that matched Cassie soon.

Duncan Electronics is the largest electronics company in the city, which mainly produces and sells electronic visual peepholes on anti-theft doors.

After Chase Lu failed to start his own business, he originally came here with Jayne to apply for a salesman, but Milne Fan said that he was not good at eloquence, so he was recommended by Milne Fan to be a security guard.

Later, he realized that Milne Fan was interested in Jayne, so he didn't want him to be in the sales department.

Dongjia Building has ten floors and is equipped with a total of 20 security guards. The work scope mainly includes floor patrol, gate setting, command vehicle parking, and some chores.

"Brother Chen, how is your daughter?" As soon as Chase Lu arrived at the company, the security guard at the gate greeted him.

The security guard was called Josh Xu. He only returned from the army last year and did not find a suitable job, so he came to work as a security guard.

Josh Xu was originally a very crazy young man, especially when he returned from the army, his temperament was a bit irritable. When Chase Lu

first came to work, he had an argument with him, and he started to beat Chase Lu.

In the end, it was turned over by Chase Lu in two or two.

From then on, he couldn't admire Chase Lu, and the meeting was all for Brother Chen.

Although Chase Lu has never been a soldier, he has practiced Sanda since he was a child. When it comes to fighting, there is really no one in the security department who is his opponent.

"Just wait for the matching bone marrow to undergo surgery." Chase Lu said.

Josh Xu hummed, hesitated and said in a low voice, "Brother Chen, I saw Milne Fan approaching the supervisor today, as if I wanted to fire you."

Milne Fan?

Chase Lu thought of the threats made by Milne Fan in the hospital yesterday, and a sneer appeared at the corner of his mouth.

However, he came to resign, whether he can be fired or not is the same.

Chase Lu came to Hale Yu's office. Before he resigned, he heard Hale Yu first say: "Chase Lu, your three-day leave of absence has seriously disrupted the work plan of our security department. I asked Mr. Xia for instructions. , Mr. Xia meant to fire you."

"Oh, then just settle the salary for me." Chase Lu said calmly.

"You were fired, how could you still have wages? You can't even refund the deposit." Hale Yu smiled faintly. He thought that Chase Lu would make a big fuss. He didn't expect it to be so awkward, and his eyes showed even more disdain.

Boy, who is not good for you to offend? You have to offend Director Fan. Director Fan is the real power figure of the company. You don't need to go through any procedures if you want to fire a small security guard.

Chase Lu looked at Hale Yu with a faint smile, "Okay, then I'll go to Mr. Xia and ask."

He sneered and left the security room.

Although he inherited the family's property, he despised the money, but no one would dare to give him the money that belonged to Chase Lu.

Seeing Chase Lu's confident look, Hale Yu frowned, then picked up the phone and called Milne Fan.

"Director Fan, that kid Chase Lu went to see Mr. Xia, we didn't even return the deposit to him, it's a bit bad," Hale Yu said with some worry.

"Don't worry, I've already told him about Mr. Xia, it's just a little security guard, why would Mr. Xia take him to heart?"

Milne Fan hung up the phone as he said, he put away the phone, a sneer appeared at the corner of his mouth.

Chase Lu, Chase Lu, you are a trash, what do you use to snatch a woman from me?

The expulsion of you is just the beginning. When I find out where you borrowed the loan shark, you will die even worse.

Chapter: 4

"Who are you? What do you do?" Joel Shawn raised his head and looked at Chase Lu who suddenly broke into his office, frowned.

"Mr. Xia, he is Chase Lu, the security guard. He has to see you, I can't stop him." The secretary hurriedly chased Chase Lu in and explained.

She looked at Chase Lu angrily. She hadn't seen such a lackluster man before, and she pushed her away without letting him in.

"Chase Lu from the Security Department..." Joel Shawn nodded, remembering that Milne Fan seemed to have told him that Chase Lu would be fired in the morning.

"Yes, it's me." Chase Lu sat down on the chair opposite Joel Shawn's desk and looked at him calmly.

"You can fire me, but why don't you pay me the salary? You don't even refund the deposit? President Xia, please give me an explanation." Chase Lu said calmly.

Joel Shawn frowned and said:. "I heard it fire you up, you often absenteeism, I certainly can not afford you, do not give you what I mean wage settlement, but also the rules of the company"

since Milne Fan told him about this, he still wanted to show Milne Fan some face.

After all, Milne Fan is the company's business director, and his personal strength is also very strong. He brings a lot of business orders to the company every year.

And Chase Lu is nothing more than a little security guard, and of course he doesn't take Chase Lu seriously.

"Company regulations? Then why have I never heard of them? Isn't the company regulations used to regulate employees?" Chase Lu became a little angry. He has inherited the family property now, so he doesn't care about this salary, but it is a matter of principle.

The company clearly does not have this requirement, and he is not absent from work for no reason, and every time he asks for leave is approved.

Joel Shawn is going to help Milne Fan bully him, is he really just a little security guard?

"I am the boss of the company. I said that there is this rule. If you have the ability to be a boss, you can also make rules at will." Joel Shawn looked at Chase Lu jokingly. Since he decided to help Milne Fan, he would not care about Lu. Dust is a small role.

Such a small role, let him collapse, and he can't make any fart.

"Are you sure you want to eat my money?" Chase Lu said with a grin.

Before today, if he was bullied like this, he really couldn't help it.

But now it is different.

"You have to think so. If you don't agree, you can call the police and let them deal with it. Okay, you are no longer an employee of our company, and you can go now." Joel Shawn shrugged and ate Lu. Dusty appearance.

"President Xia is President Xia, arrogant enough." Chase Lu smiled, and he gave Joel Shawn a thumbs up. To be honest, he has never been insulted like this when he grows up so big.

Yes, in his opinion, Joel Shawn is insulting him.

The mud bodhisattva also has a three-point anger, and Chase Lu certainly wouldn't just let it go after receiving such insults. Not everyone can insult him and dare to eat his money.

He looked at Joel Shawn, then took out the phone and called John Lu.

"Uncle Zhong, how long will it take for Duncan Electronics to go bankrupt?" Chase Lu asked.

"That depends on the market value. If the market value is large, it may take longer. Of course, we will suffer a lot from bankruptcy of a normal company, but if the young master is sure to do it, there will be no problem." John Lu replied.

"The market value of Duncan Electronics is only one or two billion. How long will it take you personally?" Chase Lu didn't bother to explain, isn't Joel Shawn very good, just change the rules of the game at will, then he will help him to change it.

"It's only one or two billion. I thought it had a market value of tens of billions. Such a small company can bankrupt them in half a day." John Lu smiled.

"Okay, then I will see them go bankrupt within today." Chase Lu said and hung up the phone.

He looked at Joel Shawn and smiled faintly: "No one in this world dares to eat my money for no reason. If I am unwilling, even if I only eat a penny from me, I will make him vomit out his stomach."

He said Then he got up and walked outside.

Joel Shawn sneered, he would not care about Chase Lu's boring threat.

If Chase Lu had the strength to make his company go bankrupt, how could he come to his company as a security guard?

If Chase Lu knew what Joel Shawn was thinking, he would definitely sneer.

The reason why I came to work in your company was because I didn't want to go back and inherit the family property.

Now I have a showdown, let alone the city of Jol City, even in the entire China, few people dare to have more money than Laozi.

Chase Lu left Joel Shawn's office and was about to go back to the hospital to accompany her daughter. Jayne just clamored for him to accompany her daughter today. She wanted to talk about business and make money, so let her talk about it.

As soon as Chase Lu walked to the front desk on the first floor of the company, he saw Milne Fan and others at the front desk, seemingly waiting for him on purpose.

Yes, Milne Fan did deliberately wait here to humiliate Chase Lu.

Yesterday, Chase Lu didn't say anything to him, and even slapped him in the face. He is a must-see, so of course he will not miss this opportunity.

"Isn't this Chase Lu? I heard that you have asked Mr. Xia for an explanation. Mr. Xia should have satisfied your request." Milne Fan looked at Chase Lu sarcastically.

Hale Yu and several security guards also smiled jokingly.

They were all veterans, dignified veterans, and they couldn't fight a soldier who had never been a soldier, which made them feel a little unhappy with Chase Lu.

Hearing that not only was Chase Lu fired, but he also couldn't even get the salary deposit, these security guards felt a little gloating in their hearts.

Chase Lu calmly looked at Milne Fan with a sarcasm, then took out a cigarette, took a breath and smiled faintly: "Please continue your performance."

Let him dance now, he did. Yue Huan, when Duncan Electronics went bankrupt in the afternoon, Chase Lu really wanted to come and see if Milne Fan could not jump.

Hearing Chase Lu's sarcasm, Milne Fan's expression suddenly changed. What annoyed him most was that Chase Lu was clearly desperate and had to pretend to be dead in front of him.

"Chase Lu, you are just a trash, what are you pretending to be in front of me?" Milne Fan said in a deep voice.

"That's right, Chase Lu, you are just a little security guard. Director Fan wants money and money, power and rights. What qualifications do you have to offend Director Fan. Chase Lu, listen to my persuasion, and apologize to Director Fan. Otherwise, you might not find a job in Jol City." Although Hale Yu was trying to persuade Chase Lu, the truth was full of threats.

Chase Lu grinned and said, "A small sales director can also block me? Hale Yu, are you making me laugh?"

Hale Yu's expression changed slightly. Unexpectedly, Chase Lu was so unsure of what was good or bad, he snorted coldly, then Not saying anything.

"Huh, although I am just a small sales director, I fired you from the company in one sentence, and also made you unable to receive your salary and the deposit. Chase Lu, tell you the truth, fire you This is exactly what I meant. I really don't understand. What are you fighting with me? You are so awesome. Then you can get the salary deposit before you leave, or let President Xia take back and expel you." Milne Fan arrogantly smiled.

"Milne Fan, your tone is really big."

At this moment , a majestic voice sounded, and everyone looked back and saw Mr. Xia walking violently from the elevator entrance.

Seeing that President Xia's face was quite ugly, Milne Fan and the others suddenly had a bad feeling in their hearts.

"Mr. Xia, are you going out?" Milne Fan said with a shy smile.

"Huh!" Joel Shawn looked at Milne Fan with an angry expression, and said in a deep voice, "I ask you, Chase Lu has always performed well in the company, why did you fire him? And you are in the sales department, what's the matter? Qualified to fire people from the Security Department? Who gives you the right?"

"The bad use of authority fired good employees of the company for no reason, Milne Fan, unless you apologize to Chase Lu now and get Chase Lu's forgiveness, I will fire you immediately!" Joel Shawn shouted in a deep voice.

"Huh?" Milne Fan trembled, not knowing what was going on.

Seeing Mr. Xia, who was so angry, his feet trembled slightly.

Hale Yu and other security guards also looked dumbfounded. Didn't you say that Hao Xia would always fire Chase Lu?

What does this mean?

Chase Lu looked at Joel Shawn, who was tantrum at Milne Fan, and a sneer was drawn from the corner of his eyes.

Chapter: 5

The reversal was too fast, and Milne Fan and others couldn't recover at once.

"Ah what? Don't apologize to Chase Lu quickly!" Joel Shawn was anxious.

He never expected that the man behind Chase Lu turned out to be John Lu, the richest man in Jol City.

As soon as Chase Lu left his office, he received a call from Secretary John Lu.

Tell him directly that because he has offended their young master, in order to calm their young master's anger, he will bankrupt their company before 5 o'clock this afternoon, call him this call, but don't want to bully him secretly, and prepare him to deal with it.

This sounded too arrogant.

But the richest man in Lu has this arrogant capital.

The richest man Lu took the shot himself, and he still had to deal with it.

In front of the richest man Lu, he was just a small shrimp, and he could go bankrupt in minutes.

So he had to chase it out in a hurry.

No way, no one can save him except Chase Lu now.

Milne Fan trembled, looking at President Xia's majestic gaze, he still persuaded him.

"Lu, Chase Lu, I'm sorry, I was blind, and please forgive my ignorance!"
Milne Fan gritted his teeth and finally bowed his head to Chase Lu to admit his mistake.

Seeing what Mr. Xia meant, if he didn't apologize today, he might really be fired.

Basically, his customers buy visual electronic peepholes, and Jol City Duncan Electronics is an electronic peephole. After being expelled, unless he leaves Jol City, he will start all over again.

Besides, he is here for hundreds of thousands of commissions every month, and he is reluctant to leave.

Hale Yu and other security guards also lowered their heads and dared not look at Mr. Xia's eyes, fearing that Mr. Xia would force them to apologize to Chase Lu.

"Chase Lu, look..." Joel Shawn turned to look at Chase Lu, and immediately put on a smiling face.

Milne Fan and others also looked at Chase Lu.

Chase Lu squinted his eyes and thought for a while, "Let's do this for now."

He knew that Milne Fan must be dissatisfied in his heart because of this, and he apologized without any sincerity.

That being the case, let's play with him slowly.

"Hurry up and get off to work?" Joel Shawn breathed a sigh of relief. Chase Lu was willing to let go, then there is still a scene.

"Yes, yes, I'm going to work now!" Milne Fan was also relieved, as if a mouse saw a cat, he hurriedly flashed people.

Hale Yu also hurriedly left the front hall with a few security guards.

"Lu Shao, I'm really sorry. I heard Milne Fan's slander before and misunderstood your request for leave. Please give me another chance." After Milne Fan and others left, Joel Shawn turned to Lu with a bitter face. Chen pleaded.

His attitude is quite sincere, which is nothing to do.

The life and death of his company is entirely a matter of Chase Lu's word, let alone pleading, even if Chase Lu asks him to kneel down and apologize, he will do it without hesitation.

Chase Lu squinted at Joel Shawn for a long time, until Joel Shawn was very nervous, he smiled and said: "Okay, then go to your office and talk about it." www.Xia

Jun finally heaved a sigh of relief. Hastily brought Chase Lu back to the office.

...

"Director Fan, what do you mean by Mr. Xia? He obviously agreed to expel Chase Lu, so why did you help Chase Lu in a blink of an eye?" Hale Yu asked suspiciously in Milne Fan's office.

Milne Fan frowned and did not speak.

He didn't know what was going on.

Today, I was forced to apologize to Chase Lu. Although few people saw it, it made him quite aggrieved.

He also wanted to know what kind of ecstasy soup Chase Lu had poured into President Xia, so that President Xia could defend him in an instant.

"You said, could it be that Mr. Xia had something to do with Chase Lu's wife before he defended him? You know, Jayne is the number one beauty in the company, and there are many people who are greedy for her." Hale Yu's eyes lit up.

Milne Fan's mind was shocked, yes, why didn't I think about it?

He who was only in his early thirties was so obsessed with Jayne, President Xia would definitely be fascinated by Jayne.

Thinking about this, Milne Fan felt a little bit in his heart. He actually robbed Mr. Xia of women. Isn't this looking for death?

"It should be, but rest assured, since they are in this relationship, when President Xia is tired of Jayne, Chase Lu will be at the end of his company, and then we will slowly accommodate him." Milne Fan said in a deep voice. .

"That kid is ruthless enough, he didn't hesitate to send his wife out in order to climb the big tree of President Xia, it's so fucking cruel." Hale Yu laughed.

Milne Fan sneered, he turned around and looked out the window, and finally knew why Jayne had never lied to him.

"Jayne, Jayne, I thought you were really a good woman, but I didn't expect you to be just a fucking bitch!"

Milne Fan was very angry. He was only upset with Chase Lu before, but now he is even more upset with Jayne.

"Even if you are Mr. Xia's woman, as long as you don't leave the sales department, I still have ways to make things difficult for you!" A

smirk flashed in Milne Fan's eyes, since Joel Shawn didn't transfer Jayne to another department, which meant that Joel Shawn didn't want this matter to be known to outsiders. Then even if Joel Shawn knew about Jayne's affairs, Joel Shawn had nothing to say.

...

Chase Lu finally changed his mind about making Duncan Electronics bankrupt.

After He Joel Shawn returned to the office, he directly proposed the plan to acquire Duncan Electronics.

In the end, under Joel Shawn's plea, he did not directly kill Joel Shawn, but only acquired 70% of Duncan Electronics's shares and became the real boss of Duncan Electronics.

After everything was settled, Chase Lu returned to the hospital.

"It takes so long to resign?" Jayne looked at Chase Lu with a bad face.

Although they all need money now, they must have one to take care of their daughter.

If both of them take time off often, it will only delay work even more.

So after Chase Lu said he resigned today, Jayne didn't say anything.

After all, Chase Lu's fixed salary was useless.

But Chase Lu went there for the whole morning, and that was what made her angry.

"Something else was delayed." Chase Lu explained.

"What is more important than coming back to take care of Cassie?" Jayne snorted coldly.

Chase Lu wanted to say that he had acquired Duncan Electronics.

But seeing Jayne's disgusted expression, he smiled, too lazy to explain.

A look of expectation suddenly rose in his heart. After Jayne knew that he was now the real boss of Duncan Electronics, how would he react?

"Take good care of Cassie. If Cassie has something wrong, I will never forgive you." Jayne snorted at last, picked up her handbag and went to work.

Chase Lu ignored Jayne, squatted down and looked at her daughter's thin face. The sleeping daughter didn't know if she was having a nightmare or was suffering from an illness, and her expression was a bit painful.

Chase Lu kissed her daughter's forehead distressedly, but finally did not wake her up.

Seeing his daughter's expression slowly calmed down, Chase Lu called John Lu, urging him to search for bone marrow, and then changed his daughter's ward to the ViP VIP room.

Chase Lu asked the professional nurse he had just hired to look after Cassie, and he was about to go out to eat something. It was already one o'clock in the afternoon, and he hadn't eaten anything.

As soon as he walked out of the hospital, he saw his mother-in-law and sister-in-law walking towards him.

Chapter: 6

Seeing the two walking towards him, Chase Lu smiled bitterly, and pretended not to see them.

He was about to say hello, sister heard Linyi Jia questioned: "? Lu dust, confessed that you know are not high-level Josh Group's" & Jue

yesterday thought back For a long time, Jeannie and her daughter still doubted that Chase Lu, who had been despised by them, might really know the seniors of the Junyue Group, or Secretary Lu could not be so polite to Chase Lu.

If Chase Lu really knows the senior management of the Josh Group, then let Chase Lu come forward and say something nice, maybe Shell's business will really have a chance to be negotiated.

"Yes." Chase Lu nodded.

When Shell and Jeannie heard that, their eyes lit up, and they put on a pair of smiling faces.

"Oh, I didn't expect my son-in-law to be so prosperous. Tell mom, which senior do you know?" Shell stared at Chase Lu with excitement.

This moment was the most pleasing to her eyes for Chase Lu in recent years.

Sister-in-law Jeannie also looked at Chase Lu with excitement. In her eyes, for the first time in these few years, Chase Lu was her true brother-in-law.

"I only know John Lu." Chase Lu said truthfully.

In the entire Josh Group, he really only knew John Lu, as for all the executives in the Josh Group, he did not know any of them.

"You boy, how do you say it, you want to be called the richest man in Lu." Although Shell had an educated Chase Lu tone, there was a smile on her face.

My son-in-law actually knows the richest man Lu, so his chances of success in his big business are even greater.

Chase Lu shrugged, a little speechless.

"By the way, brother-in-law, what is the relationship between you and the richest man Lu?" Jayne asked curiously.

"John Lu is my housekeeper. By the way, mom, did you go to the Josh Group yesterday to discuss business? Did you talk smoothly? Would you like me to help?" Chase Lu was also very happy to see his mother-in-law changing her attitude. . www.

Even if they used to have a lot of criticisms about themselves, they were their mother-in-law after all, and he didn't want to care about them.

But when the two of Shell heard him, their entire faces went black in an instant.

The richest man in Jol City is your butler, why don't you go to heaven?

The mother and daughter agreed that Chase Lu made them happy.

"The richest man in Lu is your butler? Then I am still the world's richest man in Forbes!" Jeannie sneered, sarcastically.

"Okay, you Chase Lu, give you the courage, don't you? Even I dared to do it?" Shell was also angry. It may be that the hope that came when she came was shattered, making her hate Chase Lu like never before.

Chase Lu couldn't laugh or cry, why didn't anyone believe the truth?

"If you don't take good care of Cassie, where are you going to fool around?" Shell asked sharply.

"Cassie is asleep, I will come out to eat." Chase Lu said truthfully.

"Eat, eat, you know to eat, sooner or later, you will die to death!" Shell snorted coldly, and led Jeannie into the hospital.

She came over today, besides questioning Chase Lu, she also took a look at her granddaughter.

Looking at the backs of Shell and Jeannie, Chase Lu spread his hands, but still took out the phone and called John Lu.

"Uncle Zhong, is Xia Kang Pharmaceutical recently talking to you about a business? The person in charge is Shell, their deputy sales director?" Chase Lu asked.

"The temperature is a bit high recently. The company is planning to buy a batch of anti-heatstroke drugs and distribute two bottles to each employee. As for which pharmaceutical company to buy from, I don't know." John Lu said.

"Well, if it is Shell from Xia Kang Pharmaceutical, buy hers." Chase Lu said.

"Okay. By the way, Master, Master wants to see you. If you have time, Master can fly over on the same day." John Lu said.

Ji Chen was taken aback, and silently said, "I don't want to see him yet."

John Lu sighed and said: "The things that happened back then were not entirely to blame for the master, and the master was very guilty all these years. Do you know why the master has not remarried for ten years? Because the master feels sorry for you and his wife. And knows you are here. After Jol City, the master sent me to Jol City to establish the Josh Group. The reason why I have not been looking for you is because the master knows your temper and said that unless you are in desperation, let me not disturb your life."

Chase Lu's heart trembled. Since ran away from home ten years ago, he has not asked about his father again, nor has he received a call from his father.

Of course, even if he receives it, he will hang up.

The only thing that made his heart tremble was that when his mother died ten years ago, his father was only 36, and he has not remarried even now.

In the past ten years, has he really lived in guilt?

After being silent for a while, Chase Lu slowly said, "I'll talk about it when my daughter is cured."

After all, it is his father, and he wants to drive over the years. Mother's death is more accidental, father. It was just careless for a while.

"Okay, okay, I will tell the master right away, the master must be very happy after hearing it." John Lu said excitedly.

He came to Jol City for ten years and became the richest man in Jol City. In addition to helping his young master at the critical moment, he mainly waited for today's young master to change his mind.

After Chase Lu hung up the phone, he went to the small noodle shop outside the hospital and ordered a bowl of small noodles. As soon as he was about to eat, he saw his sister-in-law Jeannie calling.

"Chase Lu, Cassie is gone, come back soon!" Jeannie said anxiously.

Chase Lu smiled and said, "Cassie has moved to the ViP VIP area on the 19th floor, in room 2."

"What? You transferred Cassie to the VIP area? Where did you get the money?" Lin Yi Jia asked.

"Borrowed." Chase Lu said lightly.

Anyway, he didn't believe what he said, so there was no need to explain too much.

"Then what do you do when you find a bone marrow that matches Cassie?" Jeannie asked.

"Don't worry, I won't borrow from you, I have my own way." Thinking of the scene where he failed to borrow money from Shell a year ago and was directly bombarded by Shell, Chase Lu vowed that he would never do it again in his life. He spoke to the old man's family.

"Hmph, like you, a prodigal son, my old lady will not lend you." Shell's cold snort rang on the phone, and Chase Lu hung up.

"This rubbish, dare to hang up on my phone, it's really going against the sky!" Shell was very upset and returned the phone to her daughter, and took her to the 19th floor.

After finding the VIP area, seeing that Chase Lu had even hired a professional nurse to take care of Cassie, Shell scolded a few prodigal words in her heart.

After the two sat for a while, Cassie woke up. Although Shell and Jeannie didn't wait to see Chase Lu, they felt sorry for Cassie from the bottom of their hearts.

Nothing happened in the afternoon. The two were planning to accompany Cassie more, but before long, Shell's phone rang.

After she answered the phone, she kissed Cassie a few times with excitement.

"Mom, who did it?" Jeannie asked curiously.

"The manager of the Josh Group said that we should talk about cooperation in the afternoon." Shell said excitedly.

"Ah, that's great, congratulations mom, I finally won the big deal of Josh Group!" Jeannie also said excitedly.

"Manager Wang said that he didn't want our medicines originally, but there was a noble person who helped us talk. The richest man Lu directly decided, but I don't know who helped us with this so much. I have to thank the people." Shell said.

"Could it be..." A figure appeared in Jeannie's mind, a little confused.

Chapter: 7

"You mean Hayes Hu?" Shell asked.

Jeannie nodded, not quite sure.

"It should not be him. After all, Manager Wang didn't have much enthusiasm for Hayes Hu yesterday." Shell shook his head.

"Who would it be? The one who can speak for us in front of the richest man in Lu shows that his status is not low, and there is no such noble person in my impression." Jeannie was also puzzled.

The mother and daughter fell into conjecture for a while, but they didn't even think that they were Chase Lu's help.

In their hearts, Chase Lu is a useless waste, of course it is impossible to have anything to do with Lu Shou's wealth.

If there is something to be involved, then both of them are surnamed Lu.

"Well, no matter what, let's sign the contract first, and then ask Manager Wang about the identity of the other party." Shell said.

At this time, Chase Lu had a good meal. Seeing Shell and the two smiling faces, he knew that Jun Yue should have called them.

"Take good care of Cassie, we went to the Junyuedan contract." Shell was in a good mood, and her tone of voice was much better than before.

Chase Lu nodded. Just as Shell and the two were about to leave, Jeannie's phone rang. After she answered, she said, "Mom, wait a minute, Hayes Hu came to see Cassie. He has already arrived at the hospital."

Soon Hayes Hu He came in with a small basket of fruit. It was imported dragon fruit, and children liked it too.

Hayes Hu's gaze towards Chase Lu also changed a little today, instead of looking down on people like yesterday.

It's no wonder, why did they slumped in Junyue yesterday, but the secretary of the richest man, Lu, respected Chase Lu so much. Like Shell, he thought that Chase Lu's identity might be unusual yesterday.

But Hayes Hu didn't say anything, and Chase Lu didn't say anything.

He knew that Hayes Hu didn't come to see his daughter specially, and there was no need to thank him.

"By the way, Hayes Hu, did you ask your dad to come forward? Manager Wang of the Josh Group just called my mother and said that we should go over the contract and buy my mother's medicines." Jeannie suddenly Asked, she still felt that only Hayes Hu could help her mother.

"Huh?" Hayes Hu was slightly startled, and said to his heart that my dad didn't have such a big face, and even if he personally invited my dad to come forward, he would not fuck me.

"I said yesterday that Manager Wang didn't give Xiao Hu face, it should be someone else who helped us." Seeing Hayes Hu's reaction, Shell said.

Jeannie also nodded, looking at Hayes Hu with a little disappointment.

"Aunt Xue, has Manager Wang called you? It seems that my dad's actions are still quite fast. I just told him this morning and asked him to do this for me. He said he would find a time today. When I went to see Manager Wang, I thought he was sending me." Hayes Hu just entangled in his heart and admitted frankly.

Anyway, he was not afraid of being exposed in the end, even if he would be exposed in the future, he had already taken Jeannie at that time and didn't care anymore.

The most important thing is that he suspects that the Josh Group should be optimistic about the cooperation with Shell, so he called her today. In this way, it will basically not be exposed.

It just so happened that Jeannie suspected that it was him, and by the way gave this merit to greed, one step closer to taking Jeannie.

"Oh, you really asked your dad to intercede, thank you so much!" Jeannie looked at Hayes Hu with a little excitement, and she said that apart from Hayes Hu, no one could help her mother.

"Xiao Hu, thank you so much." Shell was also a little excited, but it was really Hayes Hu.

Chase Lu looked at Hayes Hu in surprise. He didn't expect this kid to be shameless to this point.

"Are you sure that your father really helped my mother?" Chase Lu looked at Hayes Hu with a smile.

Hayes Hu was shocked, and his eyes were a little flustered.

"It's not Hayes Hu's help, is it you? Do you have this ability?" Jeannie stared at Chase Lu with an unhappy expression, her eyes full of contempt.

"Don't pay attention to him, let's sign the contract first." Shell also gave Chase Lu a contemptuous look, and then took Jeannie and Hayes Hu out.

Chase Lu sneered in his heart, shook his head, too lazy to worry about whether Hayes Hu's character is good or not, and he has nothing to do with him.

"Dad, why are both my aunt and grandmother so fierce to you?" Xiao Cassie looked at Chase Lu suspiciously.

Chase Lu smiled, not knowing how to answer for a while.

Of course he can't say that it is because they feel that they are very useless. In front of their daughters, they still have to pass positive energy.

The next day, John Lu finally found the bone marrow that matched Cassie, and the hospital immediately performed an operation on Cassie.

The operation was very successful, and Cassie was recovering well, so that Jayne was so happy that he forgot to ask the follow-up operation fee and Chase Lu's cost of changing Cassie to the VIP area.

In the past two days after Cassie recovered and was discharged from the hospital, Jayne specially asked for two days off to accompany her daughter.

"Cassie is now over three years old, and she can be sent to kindergarten. Also, what are your plans?" Jayne asked Chase Lu before turning off the lights.

"What's your plan?" Chase Lu was thinking about other questions, but didn't pay attention to Jayne's words.

"If you owe so much money, don't you think of ways to make money and pay it back?" Jayne frowned.

"I owe Phil Du fifty thousand, and I will pay him back in two days." Chase Lu said.

"Okay, Chase Lu, do you mean that you have to pay for all the hundreds of thousands of expenses behind Cassie?" Jayne turned and looked at Chase Lu who was smoking on the pillow, with a cold face.

She didn't expect Chase Lu to be so unfulfilled. Is this still her man?

"What are you excited about? When did I say I want you to pay it back? All the expenses behind are my money. I only owe Phil Du the fifty thousand." Chase Lu cried and laughed.

"Your money? The following expenses are at least more than 500,000 yuan, right? Do you treat me as a fool?" Jayne said angrily.

"My wife, let me tell you the truth. Actually, I'm the rich second generation..."

Chase Lu put out the cigarette butt, turned around and put his arms around Jayne's shoulder, ready to tell her his identity, and wanted to make up for the hardship Jayne had suffered for him over the past few years.

"Go away, don't touch me!" Jayne furiously pushed Chase Lu away, angrily said.

"Chase Lu, you really disappointed me. In order not to go to work to make money, you came up with such a ridiculous excuse. Are you still a man? I'll leave it here tonight. You are not going to work. I don't care about you. Anyway, as long as someone comes to

collect debts, I will divorce you immediately." Jayne opened the quilt and got out of bed. She was really angry. When she married Love, even Chase Lu started a business. Failure, even though her daughter experienced a lot of despair during the hospitalization period, she just complained to Chase Lu.

But now, in order not to go to work to make money, Chase Lu even found out such a ridiculous excuse, which made her extremely disappointed.

"What are you doing?" Chase Lu asked silently.

"Sleep in separate rooms!" Jayne snorted and opened the door and went out.

Seeing Jayne closing the door with a bang, Chase Lu really couldn't laugh or cry.

Why does no one believe it every time I tell the truth?

Chapter: 8

Jayne went to work normally the next day, maybe she was still angry with Chase Lu, she went out without even cooking breakfast.

Chase Lu got up to make breakfast, and after eating with Cassie, he took Cassie to the kindergarten.

The principal wanted to make things difficult when he switched in halfway.

But Chase Lu directly stuffed him with a bank card, saying that there were one hundred thousand in it. The director of the park didn't check it, so he readily agreed.

"Cassie, Dad will take you to buy two new clothes first, and then I will come here to study tomorrow." Chase Lu walked towards the mall holding Cassie's hand.

"Okay, I want to buy the most beautiful one. The set that grandma bought me last time is not good at all." Cassie said happily.

"Well, today Dad will buy you the most beautiful one." Chase Lu smiled slightly.

"Dad, I have to pick it myself." Cassie said.

"Well, which one our little princess likes, dad will buy you which one." Chase Lu said and picked up Cassie. Cassie had only been discharged from the hospital for a few days, and Chase Lu couldn't bear to let her walk too much.

Soon after arriving at Xintianze Commercial Building, Chase Lu took Cassie directly to the children's clothing store.

Xintianze Commercial Building has three floors selling clothing, all imported goods such as luxury goods, as well as food, cinema and entertainment centers, which are very lively.

"Dad, auntie." Cassie suddenly pointed to a women's clothing store nearby.

Chase Lu turned his head and looked around and saw Jeannie and her classmates coming out of the women's clothing store.

"Auntie, auntie." Cassie shouted to Jeannie.

Jeannie heard Cassie's voice and walked over with a smile.

"Cassie, come and hug Auntie." Jeannie held Cassie in her arms.

"Auntie, are you here to buy new clothes? Dad also brought me to buy new clothes." Cassie said.

"Yes, my aunt will also buy you a new dress." Jeannie said.

"Wow, Yi Jia, is this your sister's child? So pretty."

A few of Jeannie's classmates gathered around, and a girl smiled and touched Cassie's face. Cassie gave in with a disgusting expression, making the girls laugh.

"Auntie, I want my father to hug." Cassie watched as some strangers were making fun of her, and suddenly she didn't want to be in Jeannie's arms.

"Cassie, my aunt will take you to buy new clothes and ignore your dad." Jeannie coaxed.

"No, I want Dad." Cassie twisted her body, wanting Jeannie to let her down.

Jeannie had no choice but to pass Cassie to Chase Lu, and when her gaze swept across Chase Lu's face, a flash of contempt flashed.

Chase Lu didn't want to talk to Jeannie, so he hugged Cassie and walked to the children's clothing store.

"Chase Lu, the children's clothes in this store are all brand-name clothes imported from Italy. The cheapest ones cost several thousand yuan. Can you afford it?" Jeannie frowned and shouted from behind.

She knew that Chase Lu hadn't gone to work anymore, and all the money she used was from her.

The most important thing was that Chase Lu had already borrowed hundreds of thousands to treat Cassie's illness. It was a little annoyed to see that Chase Lu was so wasteful of buying children's clothing.

"I can afford it." Chase Lu said lightly.

"You can afford it?" Jeannie chased after Chase Lu and said sarcastically, "You bought such expensive clothes for Cassie, have you told my

sister ?" Chase Lu didn't bother to care about her and walked directly into the children's clothing. shop.

"Yijia, your brother-in-law is very rich. I heard that the minimum number of children's clothes in this children's clothing store is several thousand pieces." A girl said.

"He has a ghost's money." Hayes Hu sneered and said sarcastically, "I heard that he now owes hundreds of thousands of debts, and he didn't go to work. All he eats is Sister Yi Jia's salary."

"Ah. Men don't go to work and let women earn money to support him?" The girl who just reached out to touch Cassie's face was surprised.

"There is such a man, it's really useless." The others also contemptuously, watching Chase Lu's back secretly shook their heads.

Especially those two girls thought in their hearts: If my future husband was so useless, he would have kicked him away.

Chase Lu was a little annoyed when he heard that, turning around to look at Jeannie's face was quite bad.

Jeannie usually satirizes a few words when there is no one. As a brother-in-law, Chase Lu usually doesn't bother to care about her, but in public, it is a matter of character to slander him like this.

"Dad, I want that dress." Just as Chase Lu was about to say something to Jeannie, Cassie suddenly pointed to a set of snow-white children's clothing.

"Yeah." Chase Lu nodded, turned and walked towards the children's clothing Cassie pointed to.

"Sir, this is the Xiamen clothing imported from Italy. It arrived the day before yesterday. Do you want to try it for your daughter first." The shopping guide beauty smiled and introduced it.

Chase Lu nodded. When the shopping guide took off the children's clothes and was about to take Cassie to try them on, he saw a couple walking over with a three or four-year-old girl.

"Mom, I want this dress too." The little girl pointed to the white children's clothes in the hands of the guide and said.

"Waiter, wrap me up this dress." The rich woman said directly to the shopping guide. www.shopping

guide looked at Chase Lu, a little embarrassed.

After all, Chase Lu saw this dress first, and he was ready to try it on.

"Dad, I want this one too." Seeing someone rob her, Cassie immediately pulled Chase Lu's hand and shook it.

"Sorry, my daughter has chosen this dress, and she is about to try it on. You can choose another one." Chase Lu said to the woman.

"Try it on? It's you poor people who can't afford it. You often come to try on. Many of the clothes are dirty." The woman snorted and looked at Chase Lu contemptuously.

Chase Lu dressed ordinary, and the woman felt that people like Chase Lu couldn't afford thousands of children's clothes.

"How can I know if it fits if I don't try it on?" Jeannie who followed up said uncomfortably.

Although she doesn't like Chase Lu, she can't just watch Cassie being bullied.

"Throw it out if it doesn't fit. What's the big deal. You have to put up a correct view of money for your children since you were young. I'm sorry, you shouldn't understand the life of the rich either." The woman looked at Jeannie with contempt. people.

This is called cultivating children's correct outlook on money?

Everyone's eyes widened, this woman's concept is really unique.

I'm afraid that you have to cultivate a prodigal son from an early age.

"You take my daughter to try it on." Chase Lu didn't bother to talk with women, like this kind of unreasonable woman, you can't tell her at all.

"Do you ask if she wants to sell it to you or to me?" The woman sneered and looked at Chase Lu contemptuously.

Then he turned to the guide and said: "Just now we have wrapped up five sets of clothes, which add up to nearly 40,000 yuan. If you dare to sell this clothes to him, we won't want the five sets."

"Also, we will return it. I have to complain to your manager to see if your manager wants to protect you or to flatter me." The woman said arrogantly and turned to Chase Lu, her eyes full of provocation.

Chase Lu's expression was calm, but Jeannie and the others were looking at the guide to buy, to see what she said.

Chapter: 9

Shopping guide start was a bit hesitant, but when you see his face rich woman, she eventually turned to dust Lu pointed against one rich woman's daughter, said: "The little sister is on the look, you choose one or another of it,"

"obviously It was our Cassie who saw it first. How could you open your eyes and talk nonsense? Don't you think that if they have more money, they are the guests, so we are not?" Jeannie was impatient and stopped doing it.

The corner of the shopping guide's mouth rose, and he sneered: "Customers also have to be divided into different levels. People buy six sets in one go. If you can buy six sets in one go, of course I will be on your side."

Anyway, it's already against my intentions. Let go.

At first glance, Jeannie has no purchasing power. How can he compare with a rich woman?

On the rich woman's side, she can get a lot of commissions.

The rich woman smiled triumphantly and said sarcastically: "I heard that, I can buy six sets at once, can you? Don't make so many demands if you don't have money. If you want more services, please check your wallet first. "With

a group of dicks, I just couldn't afford it, so I came to try it on purposely." The middle-aged man who had not spoken at this time looked at Chase Lu and the others disdainfully.

"Waiter, if you hear it, they simply can't afford it. Like this kind of deliberately trying on designer clothes to satisfy vanity dick, you shouldn't let them in to affect the emotions of real consumers." The rich woman sneered again.

"You!"

Jeannie vomited blood.

Although her family is not rich, it is not so poor that you can't afford a piece of clothing for thousands of dollars.

How could she bear this rich woman so badly looking at people.

But thinking of trying to overwhelm the other party's limelight, she has to buy at least six sets of clothes for Cassie, one or two sets are no problem.

More than six sets?

She really can't afford it.

Hayes Hu could afford it, but he wanted to see Chase Lu jokes, so he stood silently on the side and didn't speak.

As for the other girls, they are almost the same as Jeannie, one or two sets are no problem.

The most important thing is that they are mainly aimed at Chase Lu and have nothing to do with them.

"I don't have the ability, so I have to bring Cassie to this place. It's okay now, shame on it." Seeing the shopping guide preparing to pack the clothes that Cassie liked, Lin Yi sent his anger directly to Lu. Dust body.

In her impression, her brother-in-law was completely useless, just to vent her anger.

"Did I ask you to pack it? My daughter hasn't tried it on yet, what are you packing?" Chase Lu ignored Jeannie and said instead looking at the guide.

Regardless of the rich woman's behavior, but the attitude of the shopping guide made him feel sick.

Besides, Cassie liked this dress at first glance. As a father, and there is a father who can meet his daughter's requirements, he can't disappoint his daughter.

"Try it on? You won't really be able to afford it like this elder sister said. In order to satisfy your vanity, did you come to try it on purposely? Handsome guy, I didn't mean you. You are not afraid of causing bad children. Does it affect?" The shopping guide looked back at Chase Lu with a look of contempt.

"Which one of your eyes sees that I can't afford it? Isn't it just that they bought six sets at once? You are so powerful?" Chase Lu was a little angry, fearing that it would have a bad influence on the child? The young master still doesn't know how to teach children, so I want you to educate them?

"Why, young man, do you want to play with me?" The middle-aged looked at Chase Lu jokingly.

Seeing Chase Lu's angry look there, he had a sense of accomplishment of being superior.

Chase Lu looked back at the middle-aged, his eyes narrowed slightly: "Oh, how do you want to play?"

Jeannie took Cassie's hand and said: "Cassie, go, my aunt will take you to other places to buy , Let's buy two sets."

Chase Lu wants to stay and get slapped, so let him get slapped.

Don't you have any abilities in mind?

This couple looks like a rich man. Do you still want to play with others?

What do you use to play with others?

Isn't this showy.

"Auntie, really?" Cassie looked at Jeannie happily.

Jeannie nodded, and Cassie took Chase Lu's hand again and said, "Dad, let's go and buy it with my aunt."

Although she could not understand the conversation between adults, she could still feel it. The other party was arguing with Dad.

"Brother-in-law, do you want Cassie to see that you were slapped in the face? You can be shameless, but you don't want Cassie to see these shameful things, okay?" Jeannie saw that Chase Lu didn't give up. Suddenly, anger came again.

"Cassie just likes this dress. If I can't even satisfy her, how can I be a father?" Chase Lu took Cassie's hand and looked at Jeannie and said.

"Then you also want to learn from others to buy five or six sets? The meaning of their shopping guide is so obvious, don't you understand?" Jeannie looked like she hated iron and steel.

If Chase Lu was not her brother-in-law, she wouldn't care about it.

She had always looked down on her own brother-in-law and felt that Chase Lu had no ambition, but anyway, her sister liked him, and Cassie was three years old, so of course she would not watch him get beaten in the face by outsiders.

"Boy, you still listen to your sister-in-law. I feel a little compelling. If I take a slap, there will be no place for your face." Looking at Jeannie's scared look, the middle-aged man was very proud .

"Yes, if you don't have any points in your heart, don't come out and pretend to be compelling. If there is a saying, if you have the ability to pretend to be compelling, then you will be awesome, if you don't have the strength to pretend to be compelling, then you'll be stupid." The rich woman also laughed jokingly. .

She turned to the guide to buy again: "For people like this kind of people who don't have a lot of information in their hearts, it's better to go out so as not to affect the buying mood of other customers." The

shopping guide nodded and said to Chase Lu, "You still Let's go quickly, don't affect our guests."

"Cassie, do you like the clothes here?" Chase Lu asked her daughter without reason to guide her shopping.

Cassie nodded, and Chase Lu smiled slightly and said, "Then father will buy it all for you, and you will get a new one one day later."

"Good, good," Cassie said excitedly.

Jeannie's mind was shocked. Is this trash brother-in-law crazy?

Buy it all?

Do you think you are getting rich?

"Brother-in-law, if you don't listen to advice, I'll call my sister right away!" Lin Yi was so angry that she had to take out her mobile phone and call her sister.

"Okay, young man, I will give you full marks for this pretense. By the way, if you can really buy all the clothes in the shop here, I will kneel down and apologize to you." The middle-aged man laughed.

"My old lady kneels down to lick your shoes." The rich woman also said jokingly.

Chase Lu's outfit was just a set of hundreds or thousands. He was just an ordinary salaryman. How could their husband and wife look at it.

"I'm afraid your husband and wife will cry next time." Chase Lu sneered, then turned to another shopping guide who had not spoken.

"Let me do the math. I bought all the children's clothing in your store," Chase Lu said.

"Ah? Really, really buy it all?" The shopping guide looked at Chase Lu in surprise, and couldn't believe it.

"I've done it a long time ago, plus the several sets selected by this elder sister, totaling 520,000. Do you pay in cash or swipe your card?" The previous shopping guide looked at Chase Lu with a joking expression.

Chase Lu looked at the other shopping guide: "520,000?" The

shopping guide nodded.

"Okay, swipe your card, it's all on your head." Chase Lu said as he walked to the revenue desk.

The shopping guide had come back, and followed in shock.

"I'll go, he won't really be able to afford it, right?" The middle-aged couple was a little dazed, and this kid didn't look like someone who could buy clothes with hundreds of thousands.

Jeannie and others also widened their eyes, and Chase Lu's firm expression made them not calm down. www.

"Sir, if you buy so much at once, I can give you a discount. You can pay 500,000 yuan." The shopping guide said, suppressing his excitement.

Chase Lu nodded, but when he took out his wallet, he suddenly found that his master card had been left at home and had forgotten to bring it with him.

Oh my day, won't be so unlucky.

Chapter: 10

"Why, pretending to be too much, are you swiping your card?" Seeing Chase Lu staring at his wallet, another shopping guide sarcastically asked.

She didn't believe that Chase Lu could really afford 500,000. Seeing that there was no bank card in Chase Lu's wallet, she immediately laughed.

The rich woman and husband finally breathed a sigh of relief.

To be honest, Chase Lu's confident eyes just now really shocked them.

They let out a word, as long as Chase Lu can buy all the clothes here, one knelt down to apologize, the other knelt down to lick his shoes.

Although they could not fulfill their promises in the end, they were also very embarrassed.

"Oh, the cowhide is getting bigger. You wouldn't use your ID card as a bank card. That would be really shameful." The middle-aged man said in a humiliating voice.

"I just reminded you that if you have the ability to pretend to be a force, it's a idiot now." The rich woman also sarcastically said with gloat.

"Cassie, let's go first." Jeannie was already unable to complain. She didn't want to see such a brother-in-law again, it was too embarrassing.

"I want to be with Dad." Cassie shook her head, pulling Chase Lu's clothes corner and refused to leave.

Jeannie really felt sorry for Cassie, so she glared at Chase Lu:
"Brother-in-law, how ashamed do you want to take Cassie away?"

"Oh, maybe your brother-in-law is a masochist who likes to be slapped in the face. Well." Hayes Hu, who had not spoken, also laughed.

He has been proud of the past two days.

The last time he pretended to be that he helped Shell win the big business, Jeannie's attitude towards him has changed a lot in recent days.

Although Jeannie has not formally agreed to be his girlfriend, she no longer refuses to date him.

It is no longer difficult for him to win Jeannie, at most it is just waiting for a short period of time.

"Yi Jia, let's go, your brother-in-law is really hopeless, but don't let more people think that we came in with him." A girl shook her head and said with contempt.

Jeannie's face was hot, she didn't care about Chase Lu being slapped in the face by others, but she cared about Cassie.

Although Chase Lu was a waste, their family liked Cassie very much. If Cassie didn't leave, she couldn't take Cassie away directly.

"Sir, did you forget to bring your card?" the shopping guide asked suspiciously.

"Yeah. Wait a while, I'll have someone send it to me." Chase Lu nodded, and took out the phone to let John Lu send someone to send him half a million.

If the daughter likes that suit, he is going to buy it. This is no longer a matter of slapped face.

"Chang Yan, are you stupid? Believe him at this time?" The first shopping guide laughed.

called Chang Yan's shopping guide wry smile. To be honest, she doesn't believe Chase Lu anymore.

But adhering to the spirit of professional ethics, even if Chase Lu didn't buy a single piece of clothing in the end, she wouldn't say anything.

"Sir, if you don't swipe your card yet, please leave immediately and don't affect our business." The first shopping guide said coldly.

"If you have no money to pretend to be struck by lightning, get out now, maybe you can save some face, don't wait a while to attract more people to watch, then you will have no place to show yourself." The rich woman shook her head contemptuously and saw Chase Lu showed her 'true face', and she also lost the interest in continuing to beat Chase Lu in the face.

Chase Lu looked at the rich woman, and when he found out John Lu's phone number about to dial out, he saw a bald middle-aged man approaching him.

"Chief Xing, it's you." Seeing the bald head, the middle-aged immediately greeted him with a smile.

Bald took a look at the middle-aged, without saying anything, and walked straight to Chase Lu.

The middle-aged man looked embarrassed, and he didn't know what to say.

"Husband, who is he?" The rich woman frowned and asked in a low voice. Her husband is also a well-connected person. She didn't expect that the bald head would not give her husband any face, which made her a little angry.

"Bill Sin, the general manager of this commercial building, behind the consortium is Junyue Group." The middle-aged said in a low voice.

The rich woman nodded. It turned out that she was such a big person. No wonder she didn't give her husband face.

Let alone the Josh Group, it was just in this commercial building. Back then, the couple had no way to rent a storefront.

"Does he also come to buy clothes for his children?" The rich woman saw Xingbing walking towards the cashier, wondering.

"It should be." The middle-aged nodded, and Bill Sin finally walked in front of Chase Lu.

"Shao Lu, it's really you. I thought I was wrong." The bald head looked at Chase Lu respectfully.

"You are..." Chase Lu looked at Bill Sin with some confusion on his face.

"My name is Bill Sin, the person in charge of Xintianze Commercial Building." Bill Sin replied respectfully.

A few days ago, John Lu convened all the senior executives of the Josh Group in Jol City for a high-level meeting. The main content of the meeting was to announce that Chase Lu had inherited the Lu family's fortune and showed various photos of Chase Lu. Let all high-level officials show respect when they encounter Chase Lu, and don't flood the Dragon King Temple at that time.

As the person in charge of Xintianze Commercial Building, of course Xing Zhong also attended that meeting.

So seeing Chase Lu coming to his commercial building to shop, he couldn't wait to come over and say hello first.

Jeannie and others didn't know Xingbing, so there was no response.

But when the middle-aged people saw that the boss of the dignified commercial building was even more respectful to the youth they had been laughing at, his face instantly turned pale.

Even the criminal soldiers have to bow and respect, what kind of status is that? Is it a big figure in the Junyue Group?

"Oh, I see." Chase Lu nodded. After inheriting the family property, of course he knew what properties the Junyue Group had, and it was not surprising that Xingbing knew him.

"Shao Lu, this is the only Supreme VIP card in the commercial building. You can use this card for shopping in the future. With this card, you can choose any item at will. The commercial building will settle the settlement with the owner of each merchant at the end of the month." Bill Sin took out a card made of pure purple gold. Pass it to Chase Ludao.

Chase Lu took the card and looked at it and asked, "Can I buy all the children's clothing in this store with this card?"

"Yes, as long as you show this card, you can take everything away." Bill Sin nodded hurriedly. This supreme card is a symbol of status. It was originally designed to be used today.

"Well, then pack all the girls' clothes for me here, and donate the boys' clothes to the orphanage." Chase Lu said.

The two shopping guides were completely shocked, and they didn't come back for a long time.

Chase Lu didn't bring a bank card, but his supreme card was recognized by all the staff in the entire commercial building. The video of this card was often played on the walls of the commercial building. The bosses of all shops also emphasized it. , As long as someone is holding this card to buy things, no matter what, they can't collect money.

"What are you still doing? Packing!" Bill Sin quietly rebuked when seeing the two shopping guides still there.

The two of them reacted and hurried to select the women's clothing to pack. Even the cashier, after taking down the bill, also joined the packaging work.

Bill Sin took out the phone to call someone to donate the men's clothing to the orphanage.

Chase Lu looked at the middle-aged couple slowly at this time.
