

## Chapter: 31

The emperor package is on the third floor. It is one of the three most luxurious private rooms in Jade 36. There are only three private rooms on the third floor.

It is a private room rather than a small hall.

Needless to say, the decoration, brilliant lights, luxurious fabrics, unrestrained layout, tableware and facilities, are all dense and lively colors, similar to natural lines.

The long dining table is placed by the window and you can see the swimming pool downstairs.

Opposite the dining table is a one-meter-high performance platform, which is more gorgeous than ordinary stages.

The entire private room is luxurious and comfortable, giving people a supreme and noble feeling.

"Lu Shao, this private room is still satisfied, there is a top band, do you want them to perform now?" Qiu Jian said cautiously.

"The band won't need it, just prepare food for me in about half an hour." Chase Lu shook his head and sat down on the chair that Qiu Jian had pulled.

"Okay, then I'll let the kitchen prepare now." Qiu Jian said respectfully and stepped out, beside Chase Lu, he was under a lot of pressure.

As soon as Qiu Jian left, the waiter knocked on the door and walked in.

"Lu, Shao Lu, I'm sorry..." The waiter remembered what Manager Qiu called before.

"Okay, you go and do your job." Chase Lu waved his hand before the other party was finished.

He didn't bother to be honest with a waiter.

"Thank you, Shao Lu." Seeing that Chase Lu was not angry and didn't embarrass her, the service heaved a sigh of relief and didn't dare to stay longer.

Chase Lu ignored the waiter, but took out his mobile phone and sent Phil Du a message, telling Phil Du that they were in the Emperor's Bag.

"Brother Chen..." Josh Xu had a lot of doubts in his mind, hesitating to ask Chase Lu if he wanted to.

"You will know many things tomorrow, as long as you know that I am not an ordinary person. Of course, if you call me Brother Chen, I will not treat you badly. As for how far you can go in the future, it is your own business." Chase Lu knew what Josh Xu wanted to ask, and said with a smile.

Josh Xu shrugged and stopped asking more questions. Soon several waiters brought tea and fruit plates.

The two chatted while eating tea, and Phil Du walked in after a while.

Phil Du was 1.8 meters tall, about the same as Chase Lu, but much stronger than Chase Lu.

The most striking thing is that a knife scar runs through his entire left cheek, which looks very eye-catching and a bit scary.

The waitresses in the private room were a little afraid.

"Good guy, I got rich, and I came to eat in this kind of place." Phil Du walked over to Chase Lu and smiled.

"Forget it, so I came to pay you back today." Chase Lu smiled.

"Congratulations, I know that your kid is not in the pool, and sooner or later he will fly into the sky." Phil Du also smiled.

Chase Lu smiled without saying a word, and changed the subject: "This is my colleague Josh Xu. He called me Brother Chen, so let you two get to know you today."

"Josh Xu, his name is Phil Du, which is rare for me. One of my friends." Chase Lu introduced Phil Du to Josh Xu.

"The person Chase Lu approved is also a friend of my Phil Du. If the little brother doesn't mind, you can call me Brother Fei." Phil Du reached out in front of Josh Xu.

"Phoenix Yufei's Phil Du?" Josh Xu didn't shake hands with Phil Du, but looked at Phil Du's eyes in surprise.

Phil Du was startled, and then smiled: "Ten years, I didn't expect that there are young people who know me. Is this my honor?"

Josh Xu said, "Of course I know you. The people under his staff injured me. I swore at the time that one day, I will seek revenge on their boss."

Seeing Josh Xu's serious expression, Phil Du smiled: "Good job , I Also see if the person Chase Lu recognizes has a false name."

"Okay." Josh Xu said, reaching out and holding Phil Du's hand, and then the two of them held together tightly.

At the beginning, the expressions of the two of them did not change, even in the eyes of the waiters, they were no different from a normal handshake.

But soon everyone saw that the palms held together by the two began to turn from white to red.

After dozens of seconds, Phil Du's expression remained as usual, but Josh Xu's forehead had already begun to sweat.

"Not bad, with great potential. It is estimated that in ten years or so, I will not be your opponent." Phil Du said, letting go of his hand, and nodded appreciatively.

"Thank you Fei brother for being merciful, it seems that I can't avenge this grudge, at least there will be no chance in the past ten years." Josh Xu rubbed his hand and said.

"Young people, don't be presumptuous. Ten years ago, I was about the same as yours now." Phil Du smiled.

Josh Xu smiled and said nothing. He and Phil Du didn't have any holidays at all. The reason for saying this is just to try whether Phil Du, the leader of the underground forces that smashed Jol City ten years ago, is still as strong as before.

Of course, he was even more curious about why Chase Lu introduced him to Phil Du.

He remembered Phil Du ten years ago as if he was betrayed and killed by his most trusted person.

However, Phil Du is not dead. His reappearance indicates that he will be out of the world again?

Chase Lu took out a bank card and placed it in front of Phil Du. He looked at Phil Du's eyes and said, "A Fei, there is exactly 50,000 in it. Pay back your money, and the code is 6 9."

"Okay, since you are rich, then I You are welcome." Phil Du nodded and put the bank card away.

"How is the business recently?" Chase Lu asked again.

"My small shop, the location is just like that. It is impossible to make a lot of money. There is definitely no problem supporting the family." Phil Du smiled.

"Brother Fei opened a shop?" Josh Xu looked at Phil Du in amazement. This is a big man who used to be in Jol City, but he did not expect that he is now guarding a small shop to live his life. I am afraid not to let the underground forces. Those people laugh out loud.

"Yes, Brother Fei, I have never had any ambitions. There is no risk in doing a small business." Phil Du smiled.

"Okay." Josh Xu said nothing.

Chase Lu took out another bank card and placed it in front of Phil Du: "Here is 10 million. The password is the same as the previous one. It is enough for you to expand your store."

Phil Du looked at the bank card and then again. landward dust, smiled and said: "it seems that you made this fiscal is not generally a big ah"

Lu dust smiles: "okay, ten million pairs of me, are not really drop in the bucket"

drop in the bucket are Not counted?

Both Phil Du and Josh Xu opened their mouths in surprise, and the jaws of the waiters were even more shocked.

This guy seems to be in his twenties, does he really have that much money?

This is the inner doubt of several waiters.

But think about anyone who can take 10 million to give away, at least it is not the level they can imagine.

"I think my current scale is very good, and the scale is bigger, and the risk is also great." Phil Du did not hesitate, so he pushed the bank card directly in front of Chase Lu.

He knew what Chase Lu meant, and let him expand the scale, didn't he want him to come back out of the arena.

"Don't think about it anymore? You have to believe that since I found you, I have absolute certainty that you will exceed the height of ten years ago." Chase Lu said.

"You know the person in my family. She likes a peaceful life. Ten years ago, I made her suffer countless frights. I can only use the rest of my life to supplement her." Phil Du shook his head.

"Well, that's what I said." Chase Lu nodded. Although he was a little disappointed, he still respected Phil Du's choice.

Phil Du loves his wife very much and does not want to bring her wife into the world again. Is

he not?

He had told Jayne his identity. After Jayne didn't believe it, he didn't want to say more.

Because he was afraid that this sudden huge surprise would bring a mental shock to Jayne.

Jayne liked the sense of accomplishment gained through his own efforts, and he just helped her secretly.

Chapter: 32

"Brother Chen, are you going to make Brother Fei come out again?" Josh Xu asked Chase Lu after the meal, and he didn't quite understand what the two said before.

"It was before, but now I have changed my mind." Chase Lu smiled.

Phil Du made this choice for his own woman, and he supported Phil Du from the heart.

Because they are similar in many places.

It can also be said to be the same kind of people.

"Do you have anything else this afternoon? If it's okay, accompany me to buy a car. It is convenient to have a car to pick up my daughter every day." Chase Lu asked.

Before Shell's words also touched him a little, he planned to let Jayne understand his identity bit by bit.

Then buy a car, buy a house, and gradually lead a high-quality life. When Jayne gets used to it, he should be able to accept the fact that he is a super rich second generation.

"Okay, I will rest today." Josh Xu said.

Chase Lu nodded, and started blocking the car on the side of the road.

When Jayne returned to the company and told Milne Fan what she was talking about the project in the Jinglong Lake Villa District, Milne Fan's first reaction was not to believe it.

"Director Lin, I know this business is quite difficult, but didn't Mr. Lu talk about it yesterday? How can you know the result if you don't try it yourself? So, you should try it first and then come to me. Lying directly can only make everyone distrust your supervisor."

Milne Fan's voice was deliberately increased a few points so that the salesmen who were still in the business department could hear it.

Sure enough, upon hearing Milne Fan's words, a salesperson immediately said: "Director Lin, we are still waiting for your good news. Take you as an example, don't let us down."

"Yes, yeah, you can win The one in Greentown Real Estate shows that your business ability is unmatched, and there is still a chance for this one."

Milne Fan smiled and said, "Look, everyone has a great deal of love for you." I hope that, as a supervisor, you are still a newly promoted supervisor, and you must not let everyone down."

Jayne was quite speechless, and handed the contract in her hand to Milne Fan, and said, "I really signed the Jinglonghu order, and the manager Wall Wang signed the contract. You can see for yourself."

"Really signed?" Milne Fan was shocked. He took Jayne's contract and looked at it. When he saw the official seal of the Josh Group's contract behind him, Milne Fan was shocked and his hands trembled a little while holding the contract.

He couldn't believe that Jayne had actually completed this impossible task, and it went so smoothly.

"Director Fan, Director Lin really won the Jinglong Lake villa area project?" The salesman next to him asked curiously.

Milne Fan's face was a little gloomy, but he quickly smiled and said, "Let me just say, Director Lin is very capable and will definitely be able to take this order. Director Lin, you are tired. Take a break first. I will take this for you. Tell Mr. Xia the good news."

He said, before Jayne could respond, he took the contract and went directly out of the office.

Jayne was very upset after reacting, and Milne Fan clearly wanted to take her credit.

But she was upset and unhappy. Milne Fan was her immediate boss. As long as Milne Fan didn't understand her commission, she had nothing to say.

"Ah, Director Lin, you really won the project in the Jinglong Lake Villa District. That is an impossible task." www.

"Yes, Director Lin is really amazing. The project should be around 20 million yuan. Director Lin is really going to make a fortune now."

"Director Lin, I hope you will help you more in the future."

Seeing Milne Fan took the contract to claim credit, everyone immediately understood that Jayne really won the Jinglong Lake. Single business.

Jayne completed this kind of impossible task in such a short period of time, which shows how outstanding her ability is.

So at this moment, most salesmen admire Jayne from their hearts.

If people have this ability, they should be promoted to supervisors and make a lot of money.

But there are also a few people who are quite unconvinced, and even very jealous.

"I'm afraid it wasn't because of the betrayal of the body again, the contract signed in exchange for it." Old salesman Igne Liu said strangely.

When she said this, everyone else closed their mouths.

Regardless of whether or not Jayne sold the body to sign the contract, Jayne is their immediate boss, and of course they dare not say this in front of Jayne.

Jayne's face changed, she turned to stare at Igne Liu, and said angrily: "Igne Liu, what do you mean, I didn't offend you?"

Igne Liu spread her hands and said, "I didn't say you offended me, I'm just stating It's just one fact."

She is an older salesperson, and has a lot of business orders every month. Even President Xia personally praised her in the company, so even if Jayne is the supervisor, she is not afraid of Jayne.

And in her opinion, she should be the person who should be promoted to the supervisor, but President Xia promoted Jayne, who was worse than her in every aspect, to supervisor. Of course she felt that Jayne was very upset.

Jayne wanted to vomit blood angrily, and said angrily: "Igne Liu, if you talk nonsense, believe it or not, I will sue you for slander?"

Igne Liu said indifferently: "If you want to sue, go and sue. Now who in the company doesn't know that your man is in the upper position," It's about sending you to Xia's bed. Since you can do this kind of thing, isn't it normal to accompany the client to bed?"

"You...you are stubborn!" Jayne shivered and threw the information bag on. On his desk, angrily left the company.

"Huh, you really have to be a bitch and you have to stand up, a complete bitch!"

Igne Liu sneered looking at Jayne's back.

Seeing that Jayne was directly lost by Igne Liu, other people started talking in low voices.

...

On the other hand, Milne Fan came to Joel Shawn's office with the contract and said excitedly: "Mr. Xia, we have taken down the project in the Jinglong Lake Villa District, and the contract has been signed."

He said and handed the contract to Joel Shawn.

"Yeah, I really won it." Joel Shawn took a look at the contract, and there was a hint of excitement in his eyes.

Twenty-seven million, for Duncan Electronics, this is the largest single business in history.

And he looked at the price, and it turned out to be the initial quotation, indicating that the Josh Group did not suppress their price, which would make them earn more than one million yuan.

But thinking of Chase Lu's identity, he felt nothing to be excited about.

"Yes, yes, your business department is doing very well. This month, you and Director Lin will have extra rewards, and all employees in your business department will be given a 1,000 bonus." Joel Shawn said.

"Thank you Mr. Xia. By the way, although Director Lin talked about this business, she has no experience after all. I am afraid that she will mess up the follow-up, so I want to personally take charge of the follow-up of this business." Milne Fan said.

"Are you sure you want to follow up yourself?" Joel Shawn narrowed his eyes and looked at Milne Fandao.

Milne Fan thought that if he was responsible for the follow-up, there would be another super customer of Josh Group, and then new shareholders would reuse him more, so he was not afraid to offend Joel Shawn at this time.

"Yes, this is our company's largest single business, and Josh Group will also be our company's largest customer. There can be no mistakes, so I'd better do it myself." Milne Fan said daintily.

"Well, now that you have decided, just do it." Joel Shawn said with a smile.

Milne Fan breathed a sigh of relief and went out.

Joel Shawn looked at Milne Fan's back and shook his head.

This is what Lu Shao deliberately helped his wife to show off. You don't know if you want to take away the credit of his wife. Aren't you looking for death by yourself?

Chapter: 33

Chase Lu and Josh Xu were blocking the car on the side of the road when suddenly a Passat stopped in front of them.

Then Hayes Hu got out of the car and looked at Chase Lu with scorching eyes.

Had it not been for Chase Lu forcing him to call his dad to confirm that, he wouldn't be able to expose it. Now Jeannie has directly blackened him, and even embarrassed him, completely hating him. Chase Lu.

"Chase Lu, let's make a deal." Hayes Hu said high up.

Chase Lurao looked at Hayes Hu with interest, and Hayes Hu came to him today, which was completely unexpected.

"Not interested." Chase Lu said lightly.

"I know you are very poor, and you still owe others hundreds of thousands. As long as you ask your wife to forgive me, I will give you 200,000. If you can persuade your wife to persuade Yi Jia to forgive me, I will then How about giving you two hundred thousand?" Hayes Hu heard that Chase Lu owed someone four or five hundred thousand, and he gave Chase Lu four hundred thousand. Chase Lu would definitely not refuse.

"Do you think I'm a few hundred thousand people short of it?" Chase Lu jokingly smiled. A taxi just came over and directly bypassed Hayes Hu to stop the taxi.

"I will give you a total of 500,000." Hayes Hu said hurriedly.

Chase Lu didn't bother to care about him, and got into a taxi directly with Josh Xu.

"Paralysis, 500,000 is no longer a small amount. Can you eat more if you give you?" Hayes Hu clenched his fists angrily, but when he saw that the taxi had started, he had to get in the car to follow up.

Today, he looked for Chase Lu for a long time before finding Chase Lu, and he would definitely not let Chase Lu leave like this.

No one would doubt the richest man Lu, if he does not obtain the forgiveness of Jayne and others as soon as possible, they will definitely bankrupt their supermarket.

This is not the most serious. When the time comes, their father and son may have to eat prison food. This is what Hayes Hu fears most.

The supermarket went bankrupt, and it was possible to make a comeback, but after eating prison food, their father and son had almost finished their lives.

Hayes Hu followed the taxi and saw that the taxi stopped at the Audi 4S store, which made him a little confused.

Is this poor to buy a car? Where did he get the money?

Although Hayes Hu was puzzled, he got out of the car and followed the two into the 4S shop.

"It should be the one next to him who wants to buy a car, but the kid next to him is wearing a security suit. Is he capable of buying a car? And it's an Audi?"

Hayes Hu became more confused.

"The two of them don't look like owners who can afford a car. Whoever is interested will come and receive it."

"The two of them are security guards at first sight . They bought a fart car, probably by looking at the car. I took a photo with a luxury car and sent it to the circle of friends. "

Yeah, there are too many people with strong vanity now. I met two women last month. They look like people who wear them. A few photos were posted to Moments. I said a lot at the time. It was really disgusting."

"If you are a handsome guy, you don't feel disgusting."

"Don't tell me, although these two people look a little bit distressed, But he looks pretty handsome, Zi Ran, or you can come and receive it."

"Cut, handsome, he can't be used as a meal. Hey, the one behind is the real brother, don't you and me Rob." The sales beauty named Ziran suddenly saw Hayes Hu who was not far behind Chase Lu, and greeted them excitedly.

As soon as Chase Lu and the two entered the 4S shop, they heard a few sales beauties talking.

Seeing no one came to receive him, he didn't care, and went straight to see the car.

He is going to buy an A6, hundreds of thousands, not high-profile, not too bad.

After having a car, it is convenient to pick up and drop off her daughter every day. Jayne can also drive to work at ordinary times. She often goes out to talk about business and is now promoted to a supervisor. With a car, the identity of the supervisor can be considered a style.

Chase Lu stopped in front of a new A6, and soon a salesperson came over. This salesperson looked a little bit young, he should have just come for an internship.

"We also have an entry-level A3 here. If you are interested, I can take you to see it." Although the salesperson looked a bit like interns, he also saw that Chase Lu couldn't afford an A6.

"That's it. When can I pick up the car if I pay the money today?" Chase Lu asked directly.

"Huh?" The salesperson was a little dazed. After all, the experienced old salespersons said that these two people were here for a look and couldn't afford it. She said that A3 was already mentioned casually.

"A problem?" Chase Lu looked at the sales beauty in confusion.

"Ah? No, no, just... Brother, have you seen the price? This is A6." The sales beauty stammered.

"470,000, isn't this written?" Chase Lu pointed to the price tag and smiled.

It's a bit embarrassing to sell beautiful women. She thought that Chase Lu was just talking casually, but she hadn't seen such a simple customer, and she was a little surprised.

"Are there any discounts?" Chase Lu asked again.

"Well, brother, our car is a new, top-matched hybrid version. Since it has just been launched, there is no preferential policy for the time being." The sales beauty shook her head, feeling that Chase Lu asked if there were any preferential treatments. It might be an excuse. Buy it.

Thinking of this, she didn't have much interest anymore.

After all, Chase Lu didn't look like someone who could afford an A6.

"That's fine, but I'm going to drive away today, is there any problem?" Chase Lu nodded.

"Big brother, are you really buying?" The sales beauty was a little confused again.

"Why do I come to the 4S store if I don't buy it? Does it hurt? Let's go, now go and sign the contract with the card." Chase Lu smiled.

The sales beauty turned red. Although she still couldn't believe it, she hurriedly took Chase Lu to pay the money and go through the formalities.

Chase Lu smiled, and she could see that this sales beauty was not only young in sales experience, but also young.

"Well, those two guys will look at the new A6 as soon as they come. They won't be scared by the price." When the sales beauty went to get the contract, other salespeople asked curiously.

"Where, they said they wanted to buy an A6. I didn't need to say anything. They just let me swipe the card to go through the formalities, and I drove away today." The sales beauty raised the bank card in her hand, feeling happy.

This was the first order she came to work, and she completed the first order alone, without any commission from the salesperson who brought her.

Her face changed, and she felt a little regretful.

Why did they look down on others just now.

This is a lot of commission.

Several old salespersons looked at the intern beauty with a hint of jealousy in their eyes. Especially the old salesperson who took her was even more depressed.

"Don't worry, he is just a security guard, he can't afford a car at all, let alone an A6, he can't afford an entry-level A3."

At this moment, Hayes Hu and another sales beauty came over and said.

Chase Lu still owes hundreds of thousands to others. He thinks that Chase Lu deliberately pretended to be in front of him today.

"Hu Shao, are you true?" the beauty who received Hayes Hu asked curiously.

"It must be true. If you don't believe me, look at it. Even if he really wants to buy it for a while, he will definitely ask me to pay for him." Hayes Hu said confidently.

He had given Chase Lu 500,000 yuan before, and he felt that when Chase Lu couldn't get off the stage in the end, he should agree to his terms.

Thinking of this, my heart became even more contemptuous.

"Shao Hu is the grandeur." The beauty named Zi Ran complimented.

"What's this? I'll pick up an A8 in a few days. If you don't believe me, just wait. He won't ask me to pay for him for a while. I bought all the cars in your store." Hayes Hu said proudly.

Hearing Hayes Hu's words, the other sales staff suddenly became active.

Hayes Hu said that it was a joke to buy them all in their store, but he said that he wanted to mention A8, which was a huge commission. Several beautiful women were thinking about how to bring such a young man over.

Chapter: 34

Chase Lu swiped the card directly, and the procedures were handled quickly. The sales beauties felt like they were still dreaming during the whole process.

When the formalities were completed and the test drive came out, the old salespersons were still a little unsure. They pulled the intern salesperson and asked:

"How about it, he can't afford it?"

"Who said that? People Lu directly brushed it. If you get stuck, I'm going to take Lu brother to test the car." The sales beauty smiled.

Watching the sales beauty take Chase Lu to the test drive, several old salespersons regretted that they had missed 100 million.

When such a relaxed order was delivered to them, they didn't even go to the reception because they looked down on people's clothes. This is especially because the legendary dog looks down on people.

"Impossible. He obviously has no money. He still owes hundreds of thousands of people. I don't believe it." Hayes Hu's expression was quite ugly, and he immediately caught up.

Several old salesmen were speechless when they saw Hayes Hu's appearance.

They didn't doubt Hayes Hu's strength, they just didn't like Hayes Hu who bragged and didn't draft.

"Chase Lu, where did you get the money to buy A6?" Hayes Hu walked to Chase Lu and asked.

Chase Lu turned to look at Hayes Hu with a weird look in his eyes. You the fuck are not my son, do you care where I got the money to buy a car?

"Who are you, are we familiar?" Chase Lu asked jokingly.

After Chase Lu's weird look, Hayes Hu also reacted, and his face suddenly became quite ugly.

"Chase Lu, I'll give you 600,000 yuan, how about that deal?" Hayes Hu took a deep breath and said.

There was a sneer at the corner of Chase Lu's mouth, and he pulled the door and sat in the cab.

"Seven hundred thousand!" Hayes Hu gritted his teeth and said.

"800,000, our supermarket will open a special counter for your mother-in-law alone!" Seeing Chase Lu started the car, Hayes Hu was a little anxious.

"Get me out of this fly, it's too noisy." Chase Lu said to Josh Xu who was about to get in the car.

"Good Brother Chen." Josh Xu said and turned to Hayes Hu.

"Are you going to roll yourself or do you want me to do it?" Josh Xu looked at Hayes Hu coldly.

"Chase Lu, 800,000 is a lot, no matter how much I give, can you eat it?" Hayes Hu patted Chase Lu's car window and shouted.

Without a word, Josh Xu lifted Hayes Hu up by closing Hayes Hu's collar.

"You fucking let me go, believe it or not, I will kill you!" Hayes Hu shouted angrily.

Josh Xu didn't kill him at all, so he lifted him up and threw him out with a whirr.

Seeing that Hayes Hu was thrown out by Josh Xu more than two meters away, the eyes of several sales beauties were widened, their eyes straightened when they looked at Josh Xu.

Josh Xuchang is not bad at all, and with his hand, he looks handsome in the eyes of these beauties.

Especially the intern, his heart was beating even more.

After Josh Xu got in the car, Chase Lu directly started the car and drove out of the 4S shop.

"Chase Lu, you fucking regret it!" Hayes Hu cursed, watching Chase Lu and the two walk away.

"Hu Shao, are you okay?" The beauty named Zi Ran was about to come up to help Hayes Hu.

"Get out!" Hayes Hu snorted coldly, got up and walked outside.

"What's the dick? Why was it just thrown on the ground like a dead dog? If you have the ability to avenge this revenge!" Zi Ran looked at Hayes Hu's back and mocked.

Other salespeople shook their heads, but they became more curious about Chase Lu.

No need for 800,000, who is this?

...

Jayne was very upset when she returned home. It can be said that she heard the company staff slander her again, so why not make her angry.

She still had a face tied up until Chase Lu drove back to pick up Cassie.

"What's wrong?" Chase Lu asked.

"You need to take care of it." Jayne said grimly, especially when she thought of others saying that Chase Lu sent her to Joel Shawn's bed in order to make way for her, she felt inexplicably upset with Chase Lu.

Chase Lu spread his hands and prepared to cook.

"Mom, Dad bought a new car, and the classmates were very envious of seeing Dad driving the new car to pick me up." Cassie ran to Jayne and said.

"Huh?" Jayne looked up at Chase Lu.

"Did you win the lottery ticket? You still have money to buy a car, what kind of car did you buy?" Jayne frowned and asked.

Won the lottery ticket?

Chase Lu smiled and said, "Forget it, I bought a new A6."

"The new A6 costs about 500,000 yuan, right? How much have you gotten?" Jayne asked with a beating.

"Anyway, it's a lot." Chase Lu said pointedly.

Jayne stared at Chase Lu's eyes for ten seconds before saying, "Take me down to see the car you bought."

"Okay." Chase Lu nodded, bending over to hug Cassie and Jayne and went out. .

When they arrived at the parking lot of the community, there were not many wealthy people in their community, just over a dozen cars worth 200,000 yuan. Jayne saw Chase Lu's new A6 from a long distance.

"Let me drive this car first . , I'm paid next month, and I'll buy you another one." Jayne came to the A6 and looked at the newly cut body.

This month, she won two big orders in a row, and the total amount was more than 500,000 yuan. She was going to buy Chase Lu a domestically produced car worth 200,000 yuan.

"Okay." Chase Lu smiled and gave Jayne the car key.

He bought this car, thinking that Jayne would use it when he went out to discuss business.

Jayne took the key, her heart was warm, and her previous boredom was also less.

"I'm going up to cook, why don't you take Cassie out for a stroll?" Chase Lu said when he saw Jayne.

"Okay, then I'll take Cassie out for a walk." Jayne nodded, she really wanted to drive a new car now.

Two years ago, when Chase Lu hadn't failed to start his own business, they also bought a domestic car worth 150,000 yuan, and they had not driven an A6 yet.

"Yeah." Chase Lu said and turned upstairs.

After more than an hour, Jayne brought Cassie back, and Chase Lu brought out the dishes to prepare for dinner.

At this moment, Jayne's phone rang. After answering the call, Jayne angrily smashed the phone on the sofa.

"Who did it, what's the matter?" Chase Lu frowned and asked.

"Milne Fan, that shameless villain. Didn't I take the business from Jinglong Lake Villa District today? I didn't expect that he just called to follow up the project and he came in person for fear that I would mess things up. , He obviously took my credit on purpose!" Jayne said angrily.

"Milne Fan? Don't worry, no one except you can cooperate with Josh Group on this project. You don't want to go to work tomorrow. Milne Fan will definitely

come and beg you to follow up on this project." Chase Luyang said. Raised his eyebrows and said.

Jayne stared directly at Chase Lu, and asked for a long time: "Why are you so sure?"

Chase Lu spread his hands and said, "Because I know Wall Wang, I used to help him, as long as I give him Calling this phone, he will definitely only work with you."

Jayne asked with a smile when he heard the words: "So, the last Greentown real estate order, and the business between my mother and Josh Group, are also you. Did you ask Manager Wall Wang for help?"

Chapter: 35

"Forget it, you don't have to answer, and with my order today, Manager Wang must have been with me because of your face." Jayne said before Chase Lu could answer.

Chase Lu shrugged and admitted.

"I just don't understand. You have such a wide network of contacts. Why are you still willing to be a security guard at Duncan Electronics? You are not a person with no skills. Even if you are a salesman, you will definitely do better than me. Don't you worry about me?" Jayne said, but became a little angry.

"Why don't I believe you? Besides, who said I'm just a guard..." Before Chase Lu finished speaking, Jayne interrupted him directly.

"Okay, you don't need to say. If you really believe me, you can quit your job as a security guard and find another class. Also, didn't you win the prize? You can use the money to do more business. If the money is not enough, I will give you another 300,000 yuan after the salary next month." Jayne really doesn't want to hear others talk about her.

"Okay, I'll quit my job tomorrow." Chase Lu smiled bitterly.

The next day, after Jayne sent Cassie to kindergarten, she called Milne Fan and said that she was unwell today and asked for a day off.

Milne Fan simply agreed.

Although a little unwilling in her heart, Jayne chose to believe in Chase Lu and that Wall Wang would not cooperate with Milne Fan.

"Chase Lu, Chase Lu, how many things are you hiding from me?" Jayne leaned back on the back seat of the car and muttered.

Since Cassie was discharged from the hospital, she found that Chase Lu was a little different from before.

She felt that Chase Lu must have a lot of things to hide from her, but she would not chase Chase Lu to ask.

On the other side, Milne Fan hung up Jayne's phone, a smug smile appeared at the corner of his mouth.

Although the commission for this order belongs to Jayne, his super client, the Josh Group, belongs to him.

As long as this follow-up service keeps up and the Josh Group is satisfied, he believes that there will be more big orders in the future.

"Xiao Liu, accompany me to see Manager Wang of the Junyue Group Project Department." Milne Fan picked up the materials and said to Igne Liu on the side.

Although Igne Liu is not as glamorous as Jayne, she is also one of the few beauties in the business department. Moreover, Igne Liu is more relaxed. Milne Fan thinks it would be better to bring her.

"Good Director Fan." Igne Liu readily agreed.

Jayne was suddenly promoted to the supervisor, and she was still not convinced, so she just took this opportunity to curry favor with Milne Fan, and then see if she can be promoted to supervisor.

Seeing Milne Fan take Igne Liu to see Manager Wang of the Josh Group, the other salesmen were a little jealous.

"Director Lin suffered a big loss. With such a big contribution, Director Fan directly picked the peaches."

"Yes, I don't know where Director Lin offended Director Fan. He picked Director Lin's peaches, but he didn't. I took Director Lin to follow up with him. Instead, I brought Igne Liu, who is not compatible with Director Lin. Director Lin will definitely vomit blood when he knows it."

"It's not a good thing. Why do you bother with rats? There is this. It's better to go for a run, if you get a big deal, you can make a profit." An old salesman hummed and took out the information.

The others spread their hands and stopped discussing the matter.

Milne Fan drove his Volkswagen to the agreed hotel, and before getting out of the car, he arranged his clothes specially.

Although the contract has been signed, and yesterday afternoon, Josh Group also paid a deposit of 5 million yuan to the company's account, but today's meeting is the most important.

The most important thing is that he wants Wall Wang to accept the change of the person in charge.

He is confident to replace Jayne as a partner with Junyue Group, because he is the director himself, Jayne's direct supervisor, and he has the right to speak for many things. When the

two arrived at the private room of the hotel, Wall Wang had not arrived yet.

"Director Fan, you said that we suddenly changed the person in charge. Will Manager Wang have an idea and not even cooperate with us?" Igne Liu said suddenly.

As a veteran salesperson, Igne Liu knows that many customers are willing to sign contracts with salespersons, mainly because they have some ideas about the salespersons. Although Milne Fan has brought her here, she knows that at least she is still far from Jayne in appearance. of.

For this, she also had to be convinced.

Jayne is really beautiful.

Even if she got married and had children, few beautiful women could match her face and figure.

"Probably not. The contract is signed and the deposit is also paid. If Wall Wang breaks the contract, then they will lose five million in vain." Milne Fan said confidently.

"The most important thing is, if the Josh Group really breaks the contract, will the five million deposit company dare to eat it?" Igne Liu said worriedly.

Although she is not a manager, she knows the existence of horrors like the Josh Group. Few companies dare to eat their money, even if they break the contract first.

Milne Fan frowned. Igne Liu hadn't thought about what Igne Liu said, but he just thought that Junyue Group would not be like this.

"If Manager Wang really wants Jayne to come, it depends on your performance. If this matter is done, I will directly propose to Mr. Xia to be promoted to supervisor." Milne Fan looked straight at Igne Liu, and said that this was it. The reason why I brought you here.

"Okay, I won't let Director Fan down." Igne Liu nodded, a touch of pride rose in her heart.

She just waited for Milne Fan's words.

When Milne Fan asked her to come with her, she knew that Milne Fan was going to let her use her beauty tricks.

Of course, there is a reward for what you pay.

This is her character.

If Milne Fan doesn't give her any benefit, of course she will not try her best to help Milne Fan.

"Well, work hard, as long as I'm still in this position, I won't treat you badly." Milne Fan patted Igne Liu on the shoulder and said.

"I didn't treat me badly. I have been following you for more than four years. I have always worked hard and no complaints. I am still looking forward to being promoted to the supervisor last time. Unexpectedly, Jayne suddenly came out. She wants to have no qualifications and ability. I'm not capable, I'm not a supervisor yet." Igne Liu said bitterly.

"What happened last time was indeed an accident. Who knows that Jayne got lucky and actually took down the Greentown real estate list. It was

President Xia who promoted her personally, and I can't help it. But as long as we take Jinglong Lake The villa project is completed perfectly, and I will promote you to the new shareholders." Milne Fan comforted.

Igne Liu was overjoyed, just about to give Milne Fan some real benefits.

At this moment, the private room door opened, and the two saw Wall Wang walking in.

Milne Fan greeted him without saying a word.

"Hello, Brother Wang, my name is Milne Fan. I am the business director of Duncan Electronics and the person in charge of the cooperation between Duncan Electronics and you this time." Milne Fan smiled and stretched out his hand and introduced himself.

"Hello." Wall Wang nodded and stretched out his hand.

Milne Fan was overjoyed. It seems that Wall Wang has accepted the change of the person in charge. Jayne really signed the order after being lucky. It doesn't matter whether she has her or not.

Thinking about this, Milne Fan was a little excited.

## Chapter: 36

Just when Milne Fan was full of excitement, Wall Wang asked suddenly, "Where is Director Lin?"

Milne Fan was startled, but he thought Wall Wang was just mentioning it casually, and hurriedly smiled: "Lin Yiyun is taking sick leave today. Now our company I am solely responsible for the cooperation with your company."

"Sick? Oh, let's talk about it when she gets better." Wall Wang said, turned and left.

Milne Fan and Igne Liu were both in a daze, and hurried to catch up and said, "Brother Wang, this is the same with Jayne or not, and I am her director, and my ability is definitely better than her. My assistant, Xiao Liu, is also outstanding. , Don't worry, with your company's cooperation, we will definitely be able to satisfy your company..."

"Hello, Manager Wang." Before Milne Fan's gesture, Igne Liu shouted weakly at Wall Wang.

Igne Liu's voice was glutinous, and Wall Wang's gaze was even more flattering, as if she wanted to refuse.

Wall Wang looked at Igne Liu, looked at Igne Liu's appearance, sneered in his heart, and nodded lightly.

"There are at least ten electronics companies competing with your company for this project, all of which are among the top 20 electronics companies in the country. I also cooperated with your company for the sake of supporting local companies. Since your company does not have this Sincerity, then forget it, I will reconsider cooperation with other companies." Wall Wang opened the private room door and left without giving Milne Fan any chance to speak.

Watching Wall Wang decisively leave, Milne Fan was stunned on the spot.

He originally thought that Wall Wang would not care about changing the person in charge, but he didn't expect Wall Wang to be so determined.

Reconsider company cooperation?

This is just about breaking the contract.

If this breaks the agreement, let alone Joel Shawn will not let him go, and the new shareholders will definitely not let him go.

Milne Fan's face was as sinking as water, and he was very unwilling.

"Director Fan, it seems that Manager Wang doesn't like me at all. Now he meant to terminate the contract with our company. What should I do?" Igne Liu said unwillingly.

Milne Fan didn't speak, it would be nice if he knew what to do.

"Director Fan, if they really want to break the contract, the company will definitely not dare to eat their deposit. I think whether it is President Xia or the new shareholder, it will definitely be angry and thunderous..." Igne Liu said.

"Then what do you think should be remedied?" Milne Fan was also panicked. If this matter is not good, it will ruin his future.

"Director Fan, Jayne must have paid for this business. Otherwise, Manager Wang would not have to ask Jayne to be in charge. So now only let Jayne come forward to talk to Manager Wang to have a chance to save it." Igne Liu was a little unwilling to save it. Said.

Milne Fan is not so much.

He just thought of letting Jayne continue to follow up, but he was not reconciled.

For such a large customer of the Josh Group, there must be a lot of business behind, so let go, he is reluctant, even less reconciled. ,

but this seems to be the only thing at this stage.

"Well, I'll call Jayne now and let him take care of this." Milne Fan gritted his teeth, and finally compromised.

He took out the phone and hesitated for a while before calling Jayne.

"Director Lin, are you feeling better?" Milne Fan took a deep breath and asked.

"What's the matter?" Jayne's voice sounded calm.

"It's like this. Manager Wang said that he wants you to be the person in charge. I just want to ask you if your health is better. You can call Manager Wang and have an appointment again." Milne Fan said through gritted teeth.

Jayne, who was idle at home watching TV, heard what Milne Fan said and no longer doubted what Chase Lu said last night.

She was just about to say something, when she suddenly thought of what Chase Lu said to her before leaving the house today, she changed her mind again.

"Ah? This, I just took the medicine just now and I am resting at home. It will take only two days to talk about it." Jayne pretended to be surprised.

"Where do you live? How about I go to your house and see you." Milne Fan said, but he cursed the slut for hypocritical.

"No, I'll just take a two-day rest. Besides, you know, my husband doesn't like you. I'm afraid he can't help throwing you out. That would be embarrassing." Jayne refused.

Milne Fan wanted to say something, but found that Jayne had hung up the phone.

"Mom bitch, she must have done it deliberately. Waiting two days, how could the Junyue Group still cooperate with our company?" Milne Fan said angrily.

"She must have pretended to be ill on purpose, and she was fine yesterday. How could she suddenly become ill today? Obviously you have robbed her of the credit. At this time, you have to retaliate against you. But if this single business If she is yellow, she will also lose hundreds of thousands of commissions, so you call her again and have a harder attitude. She must be more anxious than you." Igne Liu sneered.

"Well, it makes sense." Milne Fan nodded, and then hit Jayne again.

"Director Lin, let me tell you this. Manager Wang just said that he is not ready to cooperate with our company. If you don't find a way to remedy it quickly, your hundreds of thousands of commissions will definitely be gone. Do it." Milne Fan said solemnly after the call was connected.

Jayne frowned. After this incident, she believed that Chase Lu said this morning that it would be okay to drag it for a few days, but what if Manager Wang really regretted it?

Then, don't you want to lose hundreds of thousands?

After thinking about it, Jayne finally made a decision.

Obviously, the relationship between Chase Lu and Wall Wang is compared with her hundreds of thousands of commissions. Obviously, it is better to get commissions first.

"I see, I'll call Manager Wang to communicate." Jayne snorted.

After she finished speaking, she hung up the phone directly. Although she was still a little unhappy with Milne Fan, at least the project was returned to her, which was better than anything else.

Seeing Jayne hung up the phone again, Milne Fan snorted directly to the phone: "Bitch, don't be proud, one day, I will let you and your wife get out of the company like dead dogs!"

...

Chase Lu didn't go to the company the first time. The car he bought yesterday was asked by Jayne to go. He plans to buy another one today.

With a car, it's much more convenient to travel, at least you don't have to wait for a taxi often.

He took a taxi to the Audi 4S store, and suddenly five or six sales beauties surrounded him.

"Brother Lu, you came to see the car again today. Do you want to buy a car for your friends?"

"Successful people like Lu, it is not normal to buy a car for friends."

"Brother Lu, where are you going to buy today? One?"

Several beauties chatted around Chase Lu, all of them fascinated, as if they were familiar with Chase Lu.

Chase Lu looked at a few beauties, then pushed them away and walked over to the intern salesman who wanted to come up and strike up a conversation with him.

Chapter: 37

Seeing Chase Lu walking straight to the intern salesman yesterday, the beauties behind were a little unwilling, and their eyes were full of jealousy when they looked at the intern salesman.

"Brother Lu..." Han Yun was a little excited, she didn't know what to say later.

"Is there still an existing car for A6? I will take it away today." Chase Lu nodded and asked.

"Yes, there are others, do you still want to buy one?" Han Yun nodded hurriedly.

"Well, just go through the formalities, and the car will not be seen." Chase Lu said.

"Okay." Han Yun said excitedly, and took Chase Lu to go through the formalities.

Seeing the backs of the two leaving, the few salesmen behind all thumped their chests and their intestines were all regretful.

Yesterday, if they didn't wear tinted glasses to see people and took the initiative to receive them, they wouldn't lose such big customers.

"Zi Ran, I can't tell. The apprentice you brought is very lucky."

"Now the jealousy is useless. I only blame ourselves for not having eyes."

"Yes, this time is really a big lesson. The guests are here, but you must not look down on them casually. Brother Lu looks very ordinary, and there is nothing surprising about him except being handsome, but people are really low-key."

"Yes, maybe the real rich are all. Like to be low-key."

Swipe the card, sign the contract, and pick up the car.

The same person picked up two new A6s two days before and after, even the manager was a little surprised.

"Xiao Han, with these two orders, you can already get a regular correction in advance, and this is an opportunity, such a big customer must be seized." The manager said if he looked at Han Yun who was still excited.

Han Yun understood what the manager meant, and her pretty face blushed, but she just hesitated for two seconds before chasing it out.

"Brother Lu, my name is Han Yun, thank you for your care for these two days." Chase Lu just got into the cab when Han Yun came to the car window.

Seeing the shame on Han Yun's face, Chase Lu smiled and said, "You were willing to come to receive us yesterday. It is normal to take care of your business today."

Han Yun only felt that she was extremely lucky, biting her lip and said : "Brother Lu, can I leave your number? Wechat is also okay."

"Isn't there my number on the contract? You can find out if you go and see." Chase Lu knew what Han Yun was thinking, and said with a smile .

Seeing that Chase Lu didn't want to give it, Han Yun felt disappointed, so she had to take out a normal business card and hand it to Chase Lu. www.

"Brother Lu, this is my business card. If you want to buy an Audi next time, call me and I will go out to meet you."

Chase Lu took the business card and glanced at it, nodded and started the car and left.

Han Yun didn't get Chase Lu's number and went back to the manager's office.

"Manager, I asked Brother Lu for the number, and Brother Lu said let me see the contract, can you give me his number?" Han Yun asked weakly.

"The contract just hasn't been put in the cabinet, you can see for yourself." The manager smiled, and said that he didn't give you the number because he didn't have any interest in you. Even if you get the number, it is probably useless.

However, as long as Han Yun is willing to follow up, he is also very happy, after all, there are not many big customers as simple and direct as Chase Lu.

"Thank you, manager." Han Yun was overjoyed, and picked up the contract on the table to turn over Chase Lu's number.

After Chase Lu left the 4S shop, he went directly to the company.

Seeing the new A6, Josh Xu on duty recognized Chase Lu's car at first sight.

"Brother Chen, let me stop." Josh Xu walked over and said.

Chase Lu nodded, opened the door and walked down.

"By the way, I'll go to the head office of Xia in a while." Chase Lu walked into the company's door as he said.

The other security guards were a little surprised to see Chase Lu driving a new A6 to work. One of the security guards notified Hale Yu on the walkie-talkie the first time.

When Hale Yu heard it, he was very unpleasant. He was the head of the security department. He used to ride a small electric donkey when he came to work. He didn't expect that one of the security guards below him would drive A6. This is really more maddening than others.

He ran out to see Josh Xugang just parked the car and helped land the dust down, and angrily shouted: "Xu was, do not you post a good value, but running to help stop land dust, you do not want to go to work yet?"

"Help stop Isn't it also one of our security tasks?" Josh Xu asked Hale Yu calmly.

"That is for company managers or visitors to stop. Chase Lu, a security guard, can enjoy this treatment?" Hale Yu scolded.

Josh Xu glanced at Hale Yu contemptuously, then turned and walked towards the company building.

"Where are you not worthy of your post?" Hale Yuqi's body trembled, and Chase Lu could not bear it. Who put Chase Lu on the list of President Xia.

But if you Josh Xu, a little security guard, don't look at my supervisor, you are afraid that you will turn against the sky.

"Go to the General Office of Xia." Josh Xu said nonchalantly.

"You turned against you, very good, I will also propose to Mr. Xia to fire you!" Hale Yu said angrily, and then walked towards the building.

At this moment, his phone rang, and he took it out to see that it was Secretary Xia's call.

"Director Yu, Mr. Xia wants you to come to his office." The secretary said and hung up the phone.

Hale Yu frowned slightly, Josh Xu was going to General Xia's office, and General Xia asked himself to go, what's the matter?

Is it because President Xia also feels that Josh Xu is not doing his job properly and wants to expel him?

Thinking wildly in his heart, Hale Yu went up to the second floor and saw Milne Fanzheng coming out of his office.

"Director Fan, you are going out." Hale Yu asked.

"No, Mr. Xia asked me to go to his office." Milne Fan shook his head.

"Ah? Did his secretary call you just now?" Hale Yu asked in surprise.

"Ms. Xia also asked you to go to his office?" Milne Fan was startled and asked.

"Yeah, I don't know what President Xia told us to do. By the way, there is a security guard who just went up to the office of President Xia." Hale Yu nodded.

Milne Fan narrowed his eyes and asked, "What happened to your security department?"

"No." Hale Yu shook his head, suddenly thought of something, his face changed, and said, "Yes, there were two yesterday. The security was taken away by the police, and I still don't know what they did."

Milne Fan thoughtfully, Hale Yu said again: "Director Fan, could it be that they lost one hundred thousand yuan yesterday? "Have

they checked the surveillance?" Milne Fan asked with a frown. They had deliberately framed Chase Lu for that matter yesterday. If they were found out, he would not be able to escape.

"No, and I deleted the surveillance video the first time yesterday." Hale Yu shook his head.

"Well, let's go check it out first." Milne Fan nodded.

"By the way, Director Fan, Chase Lu actually drove an Audi A6 to work today. It was still a new one. It should have just been bought." Hale Yu said suddenly.

"Huh, Audi A6, four to five million cars, it seems that the kid has reached a deal with Joel Shawn." Milne Fan sneered.

"That kid is so high-profile with the money he bought from his wife, he's really a scumbag." Hale Yu sarcastically.

"Let him be rampant for a while, and it won't be long before I climb into the new shareholders, and I will let them get out of the company like dead dogs."

Milne Fan sneered and strode towards Joel Shawn's office.

Chapter: 38

When he came to Joel Shawn's office, Hale Yushun closed the door, and saw Joel Shawn standing aside talking to Josh Xu.

"Manager Xia."

"Manager Xia."

Milne Fan and Hale Yu greeted Joel Shawn one after another.

Joel Shawn looked up at the two, and then fell silent.

"I wonder what Mr. Xia asked us to do?" Milne Fan asked.

"It's not that I'm looking for you, it's Mr. Lu looking for you." Joel Shawn said lightly.

"Mr. Lu? New shareholder?" Milne Fan asked in surprise. He has been trying to get close to the new shareholder, Mr. Lu, but Mr. Lu has not reappeared since the management meeting that day. This made Milne Fan a little too late to wait. Up.

Unexpectedly, Mr. Lu, the new shareholder, will finally meet him today, so why not excite him.

Hale Yu was also overjoyed. He didn't expect the new shareholders to see him too, and his mind immediately became active.

Is the new shareholder trying to promote my position?

Hale Yu thinks it is very possible that all departments have managers or directors, but the security department is the only one in charge, which seems to be very difficult to get on the stage.

It seems that the new shareholders really want to make the company bigger. If that happens, the security will have to expand the recruitment. It really requires a manager and a supervisor to be more formal.

Seeing Joel Shawn nodded, Milne Fan and Hale Yu looked at each other, and they could see the excitement in each other's heart.

After a few people waited long, the door of Joel Shawn's office opened.

Both Hale Yu and Milne Fan greeted them immediately.

But after seeing Chase Lu coming in, both of them frowned deeply.

"Chase Lu, why don't you go to General Xia's office if you don't go off duty?" Hale Yu scolded with a calm face.

Milne Fan glanced at Chase Lu contemptuously, then turned to Joel Shawn and said, "Mr. Xia, I think an employee like Chase Lu who doesn't pay attention to company discipline at all, it's better to get rid of him. It's also good to show the company's discipline in front of other employees."

A sneer appeared at the corner of Joel Shawn's mouth. Today, Milne Fan and Hale Yu were called to come because the police had investigated clearly. The people who slandered Jayne were Milne Fan and Hale Yu.

After Chase Lu heard that the two of them were maliciously slandering his wife, he was furious on the spot, and asked Joel Shawn to call them up.

Joel Shawn is just a little brother in front of Chase Lu, but Milne Fan wants him to expel Chase Lu. Isn't that funny?

Whether he can stay in the company and keep 30% of Duncan Electronics' shares depends entirely on Chase Lu's expression, and what Milne Fan is.

"Yes, President Xia, I also suggest that Chase Lu be expelled. The new shareholder, President Lu, is coming. If he ignores the company's discipline in this way, it will definitely cause Lu President's dissatisfaction." Hale Yu also agreed.

"Are you finished? Shut up when you are finished." Chase Lu looked at the two faintly, then turned and walked towards Joel Shawn's position.

Hale Yu and Milne Fan were ignored by Chase Lu again, and their angry faces were a little distorted, but Joel Shawn was unmoved, and they couldn't go on.

"Brother Chen." Josh Xu greeted Chase Lu.

"Yeah." Chase Lu nodded, and Da Ma Jindao sat down in Joel Shawn's usual position.

Seeing this scene, Milne Fan instantly became angry: "Chase Lu, what kind of thing do you dare to sit in the position of President Xia, are you going against the sky?"

Chase Lu grabbed the ashtray on the table. He smashed at Milne Fan and said angrily: "What the hell are you?"

Chase Lu Ren Milne Fan has been for a long time, he openly snatched Jayne's credit, Chase Lu endured, the design was framed, and Chase Lu endured too.

But Milne Fan maliciously slandered his wife behind his back, which was beyond his tolerance.

"You, you dare to be presumptuous in front of President Xia!" Milne Fan was smashed into his chest by the ashtray, and his tears almost flowed out of pain.

Hale Yu shouted angrily and slammed Chase Lu forward with a punch.

New shareholders are coming. Milne Fan will definitely be reused by the new shareholders. He will also rely on Milne Fan to help him. This is of course the best time to make a move.

Seeing Hale Yu's move, Chase Lu was even more furious. He stood up instantly, hitting Hai's face after an uppercut.

Hale Yu shook his body. Before he recovered, he saw Chase Lu jump onto the desk and kicked him directly with a kick.

During this time, Chase Lu had endured enough.

This stupid dog thing has repeatedly provoked him, and it was designed to defile him yesterday.

He originally wanted to play with Milne Fan slowly, but he didn't expect them to maliciously slander Jayne behind his back.

I don't have to bear this tone anymore, I must finish it today.

Milne Fan was dumbfounded when he saw Chase Lu beating so fiercely on Qi Jihai.

"Mr. Xia, Mr. Lu is coming, do you just let him behave in your office like this?" Milne Fan said calmly. www.Xia

Jun didn't speak, but just smiled faintly, because there was no place for him to speak.

"Mr. Xia, I didn't expect that the second largest shareholder of your company would be manipulated by a security guard. You really disappointed me!" Seeing Joel Shawn unmoved, Milne Fan said sadly.

Joel Shawn raised his eyebrows, and heard Milne Fan say: "Mr. Xia, you were bribed by a security guard and you were controlled by him. You must give me an explanation for today's affairs, otherwise Soon after Mr. Lu comes, I will resign in person!"

Joel Shawn sneered in his heart, but he didn't expect Milne Fan to be such an idiot.

Does he think the company can't run without him?

Besides, your only advantage is that you have customer information of many companies in your hand, but you don't know that your customer information companies also have records?

Chase Lu finally vented enough, got up, clapped his hands, and returned to the position of chairman.

Milne Fan will be supported by the sea. At this time, Hale Yu's face is full of fist marks, and it is even more swollen. It can be seen how much Chase Lu started.

"Chase Lu, you will regret it!" Hale Yu wiped the bloodshot from the corner of his mouth, staring at Chase Lu firmly.

Being so humiliated by Chase Lu today, the hatred would be great, and if he didn't avenge him, he would never be able to lift his head in the company.

"Really, I look forward to you making me regret it." Chase Lu said with a playful smile.

"Chase Lu, you deliberately hurt people, so you are not afraid that I will sue you and make you walk around after eating?" Milne Fan said angrily.

"Please, I am waiting for your court summons at the company." Chase Lu spread his hands and laughed.

"You... Chase Lu, you are fine. When the new shareholders are coming, I see if you can be so rampant!" Milne Fan wanted to vomit blood and said angrily.

"Yes, yes, you have the ability to stay in this position while you fucking wait, let the new shareholders stand by and watch you perform." Hale Yu sarcastically said.

Chase Lu couldn't help smiling when he heard the words of the two.

He leaned on the chair, put his feet on the desk, and said jokingly: "It is the biggest mistake of my life to use you two dogs as opponents. I knew you two were such idiots. You are abandoned."

He said and looked at Milne Fan: "You just wanted Mr. Xia to give you an explanation, right? Then listen up, I will give you an explanation now."

"My fucking is what you say. New shareholder, Mr. Lu!"

Chapter: 39

"What? You said you are a new shareholder? Chase Lu, do you want to laugh at it?"

Milne Fan couldn't help laughing when he heard Chase Lu's words, as if he heard the biggest joke in the world.

In the company, Chase Lu knew better than anyone else.

At the beginning, people who asked grandpa to tell grandma to borrow money for 300,000 medical expenses, and later sent his wife to Joel Shawn's bed, in exchange for his rights in the company, and Jayne's position.

He actually said arrogantly that he is a new shareholder, which is not an idiot.

"Chase Lu, you are going to be shameless. If you are the fucking new shareholder, I will be the richest man in Lu." Hale Yu also sarcastically said.

"He is indeed our company's new shareholder. Lu Shao bought 70% of our company's shares by paying 100 million. The reason why Lu Shao didn't take the position of chairman is because he didn't want to sit." Joel Shawn said timely.

This sentence caused Milne Fan and Hale Yuru to be shocked by the electric shock.

"Mr. Xia, what are you kidding about, this poor man, he still owes hundreds of thousands of medical expenses to others to treat his daughter's illness.

How could he be a new shareholder of the company." Milne Fan didn't want to believe this fact at all. .

He couldn't accept it at all, the little dick he had been aiming at, changed and became the thigh he wanted to hold for a long time.

If that's the case, it will drive him crazy.

"Lu Shao is not only our company's new shareholder, but also the true controller of the Josh Group. The richest man in Lu is just Lu Shao's butler. Or do you think that Director Lin will win the Jinglong Lake villa project? You are shameless After taking the credit of Director Lin, do you know why Manager Wall Wang would not kill you?

Because Director Lin is the youngest grandmother of Manager Wang.

You are a fart."

Joel Shawn said jokingly.

what?

There was thunder in Milne Fan and Hale Yu's mind, and they looked at Chase Lu with his legs on the desk in disbelief.

He, he turned out to be the controller of the Junyue Group, the richest man in Lu is just his steward!

Oh my god, how could this be?

How could there be such a bizarre thing in the world!

Josh Xu also opened his mouth in surprise.

He knew that Chase Lu's identity was not simple yesterday.

But never expected.

Chase Lu is so big, he is still the controller of the Josh Group.

This is a man who is even more powerful than Lu's richest man!

"Okay, now it's time for me to find you two dogs to force things to settle the bill."

Chase Lu took out a cigarette and said slowly: "You two provoke me repeatedly before, and I treat you as weak chickens. , I don't want to pay attention to you, and yesterday you even designed to frame me. I can bear this first. Even Milne Fan, you openly snatched the credit of my wife yesterday, I don't have to care about you. www.but

you he Mom even maliciously slandered my wife behind her back, I can't bear this!"

Chase Lu couldn't help but smashed the cigarette butt at Milne Fan again.

Milne Fan trembled and didn't dare to avoid him, letting his cigarette butt hit his face.

"Lu, President Lu, I'm sorry. These things are not my business. Milne Fan asked me to do it behind his back. It was he who asked me to design and frame you. He also asked me to spread the slander of Director Lin. , Blame him if you want to blame, I am innocent too!" Hale Yu trembled his feet and hurriedly defended himself.

Even the richest man in Lu is just Chase Lu's housekeeper. How dare he offend Chase Lu. Chase Lu's such a strong identity offends him. Not only will he have no way to survive in the company, but even in Jol City as a whole, there is no way for him to survive.

So he had to shamelessly betray Milne Fan.

It's just a director, not even a fart in front of Chase Lu.

Chase Lu is the real king.

"Huh, what if you are a new shareholder? What if your status is so powerful that you can kill me?" Milne Fan snorted coldly.

Anyway, things are like this, everyone is considered torn, there is no possibility of reconciliation, Milne Fan also let go.

The big deal is to resign and leave today.

"I'm not so good, but you must pay the price for your malicious slander on my wife. And I have two ways to make you better than dead.

One is to let you sit in prison.

Second, I just brought it up. A few people, I will let them take action. The

Three Heroes of the Marsh have heard of it, the boss of the underground forces in the sand area, they have several murders in their hands." Chase Lu said jokingly.

Three Heroes of the Water Margin!

These words directly made Hale Yuxue's legs soft, and he almost knelt down.

That's a big man who can really kill people!

These three people control the underground forces in the sand area, and they can be described as ruthless characters who are not afraid of the sky. If they fall into their hands, even if they can survive, they will at least become useless.

"Chase Lu, Brother Lu, President Lu, I'm sorry, I was wrong! Milne Fan really ordered me to do everything, it really has nothing to do with me, please let me go!" Hale Yu trembled and begged for mercy. Even if he was a security guard, he is now a supervisor, but in front of a ruthless character like Water Margin, he can only kneel down and beg for mercy.

He is really scared now.

Annoyed such a powerful character as Chase Lu, even if he didn't leave his salary deposit, he couldn't be safe.

Milne Fan's face turned pale, and the two methods Chase Lu said, no matter which one they were, they could kill him.

With an identity like Chase Lu, he fully believes that Chase Lu can do the two methods he said.

He still has a son and a daughter in his family, both of whom are only in elementary school. If something happens to him, his son and daughter may be over.

boom!

Milne Fan's legs softened and he knelt down.

"Lu... President, I was wrong. I shouldn't have provoke you all the time, and even maliciously slandered Director Lin. Please give me another chance."

Milne Fan lowered his head, until this moment, he didn't understand.

From beginning to end, Chase Lu never regarded him as an opponent.

Even if he hadn't been close enough to provoke Chase Lu, and even maliciously slander Jayne, Chase Lu would not put him in his eyes.

It will not be irritated by him.

Seeing Milne Fan knelt down, Hale Yu also knelt down with a bang: "Brother Lu, I was really wrong. Please give me another chance!"

Chase Lu looked at Milne Fan and Hale Yu coldly, just about to speak, call it rang.

Seeing that it was John Lu, Chase Lu took it first.

"Uncle Zhong, what's the matter?" Chase Lu asked.

"Master, come to the Grand Hyatt Hotel. I have something important to tell you." John Lu said.

"Okay, I'll go there later." Chase Lu nodded, but he was a little confused.

From John Lu's tone, he felt that something was about to happen.

Chase Lu put away his mobile phone, looked at Milne Fan and the two again, and said coldly: "If you want me to spare your life, you can hang a dog tag and kneel at the company gate for two days. The content on the dog tag is yours. Think about it. If you can do it, this thing will be revealed."

He said and looked at Joel Shawn: "From today onwards, the security department will have a new manager position, Josh Xu will be the manager, and the sales department will be promoted to Jayne. Sales Director. As for Milne Fan and Hale Yu, if their performance in these two days is okay, Hale Yu will start as a security guard again and Milne Fan will be reduced to deputy director. Of course, if they don't want to, let them go."

Chase Lu said. He left Joel Shawn's office directly.

There was a hint of helpless anxiety in John Lu's tone, and he had to go there and see what was going on.

Chapter: 40

Josh Xu was a little surprised and moved.

He didn't expect Brother Chen to set him up as a manager alone.

This made him have the urge to die for the confidant.

Jayne, who had just returned from talking with Wall Wang, saw Milne Fan and Hale Yu kneeling at the gate of the company, and there was a dog tag hanging on their necks. She was surprised and hurriedly reached out and realized her mouth. The car almost hit a security guard without knowing it.

"Why are you in a daze? Why don't you help Director Lin park the car?" Josh Xu said to the security guard who was almost hit by Jayne. The

security reacted and hurried to Jayne's car window and said respectfully: "Director Lin, let me stop for you."

"Ah? What do you call me "Lin Yiyun was a little confused, she was just a small supervisor, when did she become a director?"

"Director Lin." The security guard said affirmatively.

Jayne was even more puzzled.

"Director Lin, you don't know yet, just half an hour ago, the new shareholder Mr. Lu promoted you to the director of the sales department." Josh Xu walked over and laughed.

Joel Shawn said before that he should not tell Jayne that Chase Lu is a new shareholder. Although Josh Xu was a little puzzled, after Joel Shawn said that this was what Chase Lu meant, he didn't dare to say Chase Lu's identity casually. In front of Jayne, he did not dare to talk nonsense.

"This... why don't I know?" Jayne got out of the car and looked at Josh Xu suspiciously.

"Director Lin, it's true. Manager Xu has also been promoted to the manager of the security department by the new shareholder. If you don't believe me, ask them both." The security guard pointed to Milne Fan and Hale Yu who were kneeling next to him, and then sat on Lin Yiyun's. In the car. www.

Jayne walked to Milne Fan suspiciously, and saw that the sign hanging on their necks also read a line:

I am a beast, I am not a human, I should not maliciously slander Director Lin Yiyun, and ask Director Lin for forgiveness .

Jayne saw the content on the sign and immediately became angry:  
"Director Fan, are you really maliciously slandering me behind your back?"

Milne Fan knelt on the ground and trembled. He was quite unwilling, but he still begged and said, "Director Lin, I'm sorry, I was overwhelmed by the lard at the time. Please also look at our colleagues for the sake of this. Forgive me. One time."

Jayne took a deep breath and turned to Hale Yu: "Director Yu, what about you? I don't remember what I have offended you, why did you slander me so viciously?"

Hale Yu trembled: "Lin Director, I... I'm sorry, I was wrong. We kneel here today to confess to you. Please forgive us this time, please!"

Thinking of Chase Lu's terrifying identity, thinking of not getting After forgiving, the empress Hale Yu almost cried.

"Who made you do this?" Jayne took a breath again, suppressing the anger in her heart and asked.

"It's Lu... President Lu, the new shareholder." Thinking of what Joel Shawn had said before, Hale Yu hurriedly changed Chase Lu to President Lu.

"Hmph, just kneel down first." Jayne gave a cold snort, turned and walked towards the company building.

She has been slandered by rumors these days, and her anger has not been so well calmed down.

After Jayne left, Milne Fan and Hale Yu breathed a sigh of relief.

Anyway, Chase Lu just let them kneel for two days, and Jayne's anger almost disappeared after these two days.

Jayne returned to the business department and saw General Secretary Xia waiting for her next to his desk.

"Director Lin, you're back, how is the Jinglong Lake project." The secretary greeted with a slight smile.

"Very smoothly, the delivery will begin next month, and the delivery will be completed in two installments," Jayne said.

"Director Lin is really outstanding. By the way, President Lu, that is, when the new shares heard that you won the Jinglong Lake villa area project, you will directly promote you to the director of the business department. This is the appointment letter." The secretary said from the folder. Take out the appointment letter and hand it to Jayne.

"Thank you Mr. Lu for your appreciation." Jayne said with excitement in her heart.

The secretary smiled and said to his heart that Mr. Lu is your husband, and he doesn't know what Mr. Lu thinks. He bought the company without telling his wife.

Igne Liu and others looked at Jayne. Although they were very jealous and unwilling, they were all behaved.

Even Milne Fan and Hale Yu went directly to the company gate and knelt down to apologize. Who would dare to chew their tongues in front of Jayne?

Isn't that looking for death?

And they can see it.

The so-called Jayne has a leg with Joel Shawn is really a matter of Ziwuxu.

Now that Jayne has a leg with the new shareholders, no one will doubt it. ,

Or why would the new shareholders be furious? Not only did Milne Fan and Hale Yu kneel at the door to confess, they also directly promoted Jayne to director?

"Congratulations Director Lin, Director He Xilin."

The salesmen who did not go out all stepped forward to congratulate them.

"Thank you. In the future, everyone will work together to do more business and make more money." Jayne nodded and said.

Although Igne Liu was very unwilling in her heart, she still stepped forward and said, "Director Lin, I'm sorry, I shouldn't have said to you that way yesterday."

Jayne looked at Igne Liu, and although she was still resentful towards her, she shook her head after thinking about it: "Forget it, don't talk about the past, and work hard in the future."

Anyway, Milne Fan and Hale Yu knelt and confessed, and the anger in her heart almost disappeared, so she wouldn't be staring at Igne Liu.

"Thank you Director Lin. By the way, Director Lin, in order to celebrate your promotion to the position of Director today, how about I invite you and everyone in our department to go to the Royal KTV to sing after get off work." Igne Liu suggested.

Now Milne Fan is unreliable. I heard that even if he stays, he can only be a deputy director.

Although Igne Liu was still a little unwilling to let Jayne climb onto her head, in order to be promoted to a supervisor, her mentality also changed a little.

She wanted to take this opportunity to resolve the knot in her heart with Jayne, and even to befriend her sincerely.

She can see the reality clearly, and if she wants to improve in the company, she still has to favor Jayne.

Jayne was promoted to two levels in just a few days, and directly squeezed Milne Fan down and took the position of director.

It can be seen how strong Jayne's backstage is.

"It's a good idea, but I'll treat you. Let's go to dinner first, and then sing." Jayne nodded. When she was promoted to the supervisor, she wanted to invite everyone to dinner, but Milne Fan asked her to follow up on the Jinglong Lake project. No time.

Today is a good opportunity.

Hearing Jayne's treat, everyone cheered.

At this time, Chase Lu came to the Grand Hyatt Hotel and sat opposite John Lu.

"Master, the master sold all the capital in Beijing, and all the money is stored in this international bank card. From now on, the Lu family in Beijing will no longer exist." John Lu said as he took out a diamond card and handed it to Chase Lu.

"What are you talking about?"

Chase Lu was shocked, staring at John Lu firmly.
